

Peerless 3541

[Chapter 3541: King Kong Arhat forging the body magic trick!](#)

The meaning of wisdom flashed in Chen Feng's eyes: "It turns out that I only now know that my Master of the Dragon-Dragon Arhat Sutra, after reaching the peak of cultivation, is actually just the beginning!"

It turned out that just now, all the handwritings and all the profound meanings of the general outline of the Jianglong Arhat Scriptures were all turned into countless golden origins.

Then, it merged into Chen Feng's mind and almost exploded his mind.

In his mind, a vast practice method was formed!

This vast cultivation method is actually the real mystery of the true general outline of the Arhat Sutra!

It is the general outline of the Arhat Sutra, the deepest cultivation method!

It can even be said that it is the essence of the entire Jianglong Arhat scriptures!

This method is called: Vajra Arhat forging Body God Technique!

The King Kong Arhat does not practice martial arts, does not practice mind, does not practice magic skills, only one!

That is: body!

That is an extremely powerful body!

Only by cultivating the general outline of the Jianglong Arhat Scripture to the deepest level, can you cultivate this Vajra Arhat forging God Art.

Because, the mystery of the Vajra Arhat forging the body is the twelve golden ancient dragons that have been cultivated from the general outline of the Dragon descending Arhat Scriptures and turned into these twelve golden ancient dragons. Into the body!

Disperse all their power into the body!

Absorb all their power!

From then on, there was no general outline of the arhat scriptures, and there was no power to drop the dragons.

Chen Feng's body is the strongest combat body in the world!

His body is the golden body of Jianglong Arhat!

One punch and one kick, one hand and one kick, is the power of the twelve ancient golden dragons!

12 billion catties of huge force!

Each ancient golden dragon has a power of one billion catties!

In this state, Chen Feng needed to work hard to use the power of the twelve ancient golden dragons, and it would not last long.

It can only maintain one face, one moment.

However, if this Vajra Arhat Body Forging Divine Art is successfully cultivated, the power of the twelve ancient golden dragons will be dispersed into the body.

Then, this physical body has its own strength of 12 billion catties!

Between every move, every attack can have this 12 billion catties of power!

What a terrifying tyrannical body!

"This is equivalent to, at any moment, maintaining a peak state that I could only achieve in the past when I broke out!"

Chen Feng murmured: "It turns out that you can only obtain this Diamond Arhat forging Divine Art by practicing the general outline of the Dragon-Dragon Arhat Scripture to the last level!

"And the Vajra Arhat forging Body Divine Art, which disperses all the power of descending the dragon and Arhat into the body, casting the strongest body, is actually not the ultimate goal of this practice!"

In Chen Feng's eyes, there was a flash of comprehension, as profound as the starry sky of the universe.

"The ultimate purpose of this exercise is to..."

When Chen Feng thought about this, his whole body shuddered.

"It's because the magical skills to be cultivated below require such a strong body!"

"At this time, building such a powerful physique is not the purpose, but just to prepare, just to cultivate the exercise below the general outline of the dragon-falling Arhat scripture, prepare!"

"And the following exercise is called..."

When Chen Feng thought of this, there was a chaos in his mind, but he couldn't remember the name anyway.

He tried his best, his head was in pain, but he still couldn't remember.

Chen Feng suddenly shivered violently and almost fell to the ground, so he finally gave up.

"Now, no matter what I think, I don't understand it. If that's the case, then I don't want to."

There was an unparalleled look of expectation in his eyes. Looking into the distance, he almost jumped with excitement, and his blood was burning:

"It's just that I know that that magical skill is extremely powerful."

"At the beginning, the Buddha just listened to a verse in that magical art, and he understood the general outline of the Jianglong Arhat Scriptures. From this we can see how powerful that peerless magical art is!"

He suddenly couldn't help shouting: "It turns out that what I want to get is such a powerful magic secret!"

"This is a magical technique that is far better than the general outline of the dragon descending Arhat scripture. I don't know how many times the magical technique is. After I get this peerless magical technique, let alone the realm of Emperor Wu, I'm afraid that I will be flat on the ground behind. , Can climb easily!"

"At that time, this Dragon Vein Continent will not even be able to confine me!"

Chen Feng raised his arms and shouted wildly, extremely excited.

At the same moment, in front of him, suddenly, the sapphire bodhi branch appeared.

This sapphire bodhi branch is verdant like jade, which is exactly the treasure that Chen Feng got before.

Seeing this sapphire bodhi branch appeared, seeing the emerald green light gleaming above, seeing it slantingly pointing upwards to the sky.

A smile appeared at the corner of Chen Feng's mouth, he held it in his hand, and said loudly, "You can take me to find that peerless magic, right?"

"You are looking for the key to that peerless magic, right?"

The sapphire bodhi branches are speechless.

It's just that crisp light, shimmering, as if answering Chen Feng's question!

Chen Feng saw that somehow, there was peace in his heart, and the excitement slowly receded.

"It turns out that I knew this peerless magic, but now, I know, the closer I am to it!"

Then, he smiled slightly and put the bodhi branch into his arms.

This smile was like a smile with a twist of flowers.

Chen Feng suddenly got up, looked into the distance and sighed slightly.

"Of course, it's still too early to think about this peerless magic."

"I'm going to play first, all, the biggest goal is to cultivate this Vajra Arhat Body Forging Divine Art."

"Practicing into a magic trick, forge the immortal body of the King Kong Arhat!"

It has 12 billion catties of physical power!*Novelusb.com*

Pure physical power!

No matter how tyrannical, it can break the mountains and level the rivers and seas, it has the power comparable to the ancient gods!

At this moment, Chen Feng suddenly saw a magnificent scene in his mind.

He just hovered in the void of the universe, and the countless stars continuously revolved around him.

He is so huge that even with a single breath, it seems to be able to wipe out countless stars and countless worlds!

Chen Feng trembled all over.

His eyes are full of endless passion and longing.

"At that time, many questions can be solved!"

"And now!"

Chen Feng chilled: "Now, it's time to solve the Shen family!"

Chen Feng's killing intent was awe-inspiring.

He wants to take Zhong Lingzhu with him, to kill his worth and collect blood debts for her.

Chen Feng left quickly, he planned to return to Zhulin Medicinal Food Studio first.

But when Chen Feng returned to Zhulin Medicinal Food Studio, he found that Lan Zihan had been waiting here for a long time.

[Chapter 3542: You turned out to be Chen Feng?](#)

Chen Feng froze for a moment: "Why did he come?"

Lan Zihan looked at Chen Feng, smiled and said, "Young Master Chen Feng, I came here under the order of the general!"

Chen Feng listened. A wry smile appeared at the corner of his mouth.

He had known for a long time, since Lan Zihan knew the news, he couldn't help but report to Pu Xingzhou.

Because he didn't know it was one thing, but he knew it but didn't tell the general, it was another thing.

Presumably, Pu Xingzhou had already known of his arrival, but he had been enduring not seeing himself.

But in the past few days, how could Pu Xingzhou still be able to bear so many major incidents in the Beidoujian faction?

Chen Feng smiled slightly: "Okay, let's go, I happen to have something to tell him!"

Chen Feng followed Lan Zihan and soon arrived at the General's Mansion in Sky Dragon City.

Although I have passed by this place countless times, and even several times, I entered here uninvited, but this is the first time I have officially visited.

At the center of the General's Mansion is the tall tower.

At this time, the tower gate opened.

On both sides, there are countless powerful warriors standing.

Each of them is a high-level general in the Tianlongwei army.

Lan Zihan chuckled in Chen Feng's ear: "In our Heavenly Dragon Guard, all the generals who can be numbered are here."

"Oh, is it so?"

Chen Feng raised his brows, smiled and said, "Is the specifications so high?"

Lan Zihan smiled lowly: "The general also wants to take this opportunity to let everyone know you, Master Chen Feng, so as not to have any misunderstandings later!"

Chen Feng smiled slightly and nodded slowly.

He naturally knew Pu Xingzhou's intention.

After he came to Sky Dragon City, because everyone didn't know his identity, he had already had many conflicts with him.

Obviously, Pu Xingzhou was already quite dissatisfied with this, and he did not want them to conflict again, which hurt their feelings.

Or maybe they have any other plans, so let them meet each other and get familiar.

After they knew Chen Feng's identity and strength, they naturally didn't dare to do it again.

In fact, Chen Feng doesn't care about this.

He has never been a man who likes troubles.

As long as others do not provoke him, he will not provoke him.

There are countless towering towers in the general's mansion.

In front of the towering giant tower at the center, there is a huge staircase that is thousands of meters long and a whole hundred meters wide.

From the entrance of the tower, there are a total of nine hundred and ninety-nine steps leading down.

At this time, there were countless strong men standing on both sides of the ladder.

At the entrance of the stairs, a colored gate was built, and a courtesy officer was waiting next to it.

Seeing the arrival of the two of Chen Feng, the ceremonial officer immediately raised his neck and shouted in a long and loud voice: "Master Chen Feng is here!"

As soon as these five words were spoken, it caused a huge commotion among those strong in the army.

Everyone looked eagerly here.

They learned early this morning that everyone would come to the General's Mansion to wait.

After coming here, I realized that the original purpose of letting them was to meet the famous Chen Feng.

When everyone heard it, they were naturally quite happy.

They had known Chen Feng's name for a long time, and they wanted to get to know the son of Chen Feng who was already famous in the mainland of the dragon.

You can also take care of anything in the future.

In addition, there are some people whose purpose is to:

They knew that some of their subordinates were used to being domineering and causing trouble in Sky Dragon City, so they also wanted to know what Chen Feng was like and what he looked like, and they could warn their subordinates not to provoke this young strong man in the future.

Therefore, they are waiting here today.

Soon, they saw Lan Zihan walking over with a young strong man.

And when the ceremonial officer sang those five words, they suddenly exploded into an uproar!

"Is this Chen Feng so young?"

"Yeah, I really didn't expect that he was only in his twenties. This is the true pride of heaven!"

They knew that Chen Feng was not old, but they didn't expect that he was so young.

It even feels like a young man, just a white-clothed boy.

At this time, there was one person among the crowd, and his reaction was different from everyone else.

When others looked at Chen Feng, they were all surprised and sighed, but after he was surprised, they were shocked.

After the shock, I couldn't believe it.

After I couldn't believe it, my eyes were full of fear and panic!

"This person is Chen Feng?"

There was a voice in his heart yelling frantically: "He turned out to be Chen Feng? God!"

"Isn't he called Feng Chen? Isn't he an ordinary disciple of the Beidou Sword Sect?"

"How could he become Chen Feng?"

"How come you have become that young generation of outstanding masters who are famous in the dragon vein continent? How come? How come!"

It turned out that this person was Qi Junhao.

He felt the countless thoughts in his head crashing crazily, making him almost spit out old blood.

However, after all, he also experienced a lot of things, and soon recovered.

But when he recovered, he suddenly realized something.

His face instantly turned pale, his hands and feet trembled!

"He is Chen Feng. I humiliated him like I did before. Treat him slowly. Will he hate me in his heart?"

At this moment, Chen Feng's gaze suddenly fell on the face of a person standing in the crowd.

That person stands at the front end of these two lines, which is the end closest to him.

This also means that his status and strength can be regarded as the lowest among all the generals.

Chen Feng raised his eyebrows: "I didn't expect to meet an acquaintance!"

Then, he walked in that direction.

Seeing his movements, everyone was stunned. They all looked there, wondering who Chen Feng was going to see and why?

And people in that direction also look at it in private.

Some people even showed surprise on their faces: "Is Young Master Chen Feng coming to find me?"

And soon, they discovered that Chen Feng stopped in front of a forty-year-old rough man.

Seeing him stop in front of this person, everyone was stunned.

"Who is this? It seems that the level is not high and the strength is not strong, so Young Master Chen Feng would know him?"

"Look at his grade, it's very low, but he just got the qualifications to enter this place. Could it be that he actually met Master Chen Feng?"

The faces of people who knew him showed a touch of envy.

Most of these people know this person.

"Okay, Lao Qi met Chen Feng quietly!"

At this moment, Chen Feng stopped in front of the middle-aged man, looked at him, and said nothing.

[Chapter 3543: Uncle Qi, long time no see!](#)

And the middle-aged man stared at Chen Feng blankly.

His look is different from the others.

Only after he came back to his senses and realized this, he had only one thought in his mind, that is:

"Chen Feng, don't find me, Chen Feng, don't see me."

As a result, he quickly lowered his head.

But I didn't expect that, despite this, Chen Feng saw him.

Not only saw him, but also walked towards him.

When I saw Chen Feng walking towards me.

Qi Junhao felt his head bang, and blood seemed to rush to his head.

His head was in a daze, the whole person shook, almost fainted.

Fortunately, he still has a trace of consciousness to maintain himself standing there after all.

But the body was already trembling slightly.

At this moment, Chen Feng walked up to him, looked down at him, did not speak, just looked at him like that.

The more Chen Feng didn't speak, but there was a tremendous pressure that directly enveloped Qi Junhao.

But in this way, the more fear in his heart.

He didn't know what Chen Feng would do or how Chen Feng would humiliate him in front of everyone.

He was full of fear and worry.

Chen Feng just stood there quietly, looking at him with a smile on the corner of his mouth.

At the same time, this scene surprised everyone around him.

Various voices are also constantly ringing:

"Why is Chen Feng standing there?"

"Why is he staring at Qi Junhao? Did Qi Junhao have a feast with him?"

"It is possible that if the two of them have a good relationship, it is impossible for him to just stare at Qi Junhao and not speak!"

"Yes, he is like this, he is clearly roasting Qi Junhao on the fire, is this Qi Junhao really having a holiday with him?"

"I think so."

The people around him talked a lot, and the look they looked at Qi Junhao changed from the surprise and envy just now to a hint of gloat.

They saw that Qi Junhao and Chen Feng might have a holiday, and saw that Qi Junhao might be unlucky. They were all quite gloating.

After all, Qi Junhao was not very popular among them.

Everyone looked at Qi Junhao with playful gazes, and these gazes, especially those whispering, passed into Qi Junhao's ears, causing a blast in his mind, like a thunder.

His face was extremely pale, his forehead was sweating profusely, his heart was beating wildly, and he was shaking.

He felt like he might burst his heart to death at any time!

His heart was full of panic and nervousness, and his brain was numb.

At this moment, he suddenly looked up and saw the expression of Lan Zihan next to Chen Feng.

Lan Zihan stared at the field with a touch of coldness in his face.

Qi Junhao's head banged, and there was only one voice in his heart: "It's over, I'm going to die! I'm going to die! I won't survive today!"

"After Chen Feng is gone, he will definitely kill me."

"Lang Zihan, General Lang, has already murdered me!"

"It's over, I'm over!"

He was full of regret.

Suddenly, he looked at Chen Feng in front of him, and he could no longer hold his breath.

All the thoughts of trying to maintain his dignity just now disappeared.

It is replaced by unspeakable fear.

When Chen Feng arrived, he was enveloped by the huge pressure, which directly crushed him.

Suddenly his legs softened with a plop, and he knelt directly on the ground, actually holding Chen Feng's legs and crying loudly.

While crying, he shouted sternly: "Chen Feng, please, forgive me!"

"Please look at your aunt's face, look at Wenxia's face, please forgive me!"

He cried very miserably, and his voice echoed above the square:

"Before my dog looked down on people, but I didn't know how good you were before. Please forgive me, don't kill me!"

At this time, the people around listened to it, and it was even more upset!

"It turns out he really had a holiday with Chen Feng."

"Yes, it seems that Qi Junhao has offended him before, haha, he looks down on others, no wonder he is in such a miserable situation at this time!"

Their voices are full of mockery.

At this time, Lan Zihan looked ugly.

Today, he was originally ordered by the general to invite Chen Feng to come here, but he didn't expect such a thing to happen. *NOVELS&.COM*

This is a huge loss of the general's face and his face!

With a cold expression on his face, he walked forward, waiting to pull Qi Junhao up.

At this moment, Chen Feng smiled slightly and stretched out his hand.

Lan Zihan nodded slowly, then retreated to the side.

After noticing this detail, everyone even took a breath.

"From this look, it is clear that in the relationship between the two, Chen Feng is dominant."

"Yes, Lan Zihan is quite respectful to him!"

Chen Feng stared at him, his face pale.

When he saw Qi Junhao, he didn't say a word. He just walked here, looked at him, and directly scared Qi Junhao to pee and cried.

Kneeling on the ground in shock, kowtow to him again and again to make amends.

After a while, Chen Feng's face became smooth, and suddenly looked down at Qi Junhao, and directly supported him with both hands.

Qi Junhao was stunned and stupid, looking at Chen Feng blankly, not knowing what he meant.

In the next moment, Chen Feng patted his clothes and brushed the dust away.

Then he smiled slightly: "Uncle Qi, haven't seen him for a long time, are you okay?"

This sentence directly exploded the crowd.

"Chen Feng and Qi Junhao really knew each other!"

"Yes, and it sounds like they might have been juniors and elders."

"I have to say, Qi Junhao is really stupid!"

Someone sighed: "From Chen Feng's attitude to him just now, you can see that Chen Feng is absolutely bored with him in his heart."

"And the seniority of the two is here, they could have a very good relationship."

"That's right, if Qi Junhao maintains an excellent relationship with Chen Feng, then, I'm afraid that it won't be a problem for us to stay here in the future."

"Haha, he just wants to destroy this relationship himself."

They are all human beings, who still can't see the doorway?

Qi Junhao was still standing stupidly, he was completely stupid!

But at this time, a touch of ecstasy suddenly surged in his heart.

Because, he may not be able to see anything else, but he can at least realize one thing, that is, his life is saved.

No one will kill him now, his life is saved!

Chen Feng smiled and said, "Uncle Qi, I'm going in first! Go back to visit the mansion again."

After that, he patted his shoulder slightly, then turned and left.

I didn't even look at him again.

Qi Junhao stood there blankly, looking at Chen Feng's back.

His legs were as soft as noodles, and he wanted to kneel down, but he did not kneel down.

[Chapter 3544: You know, don't you?](#)

At this time, the words of the people around him came into his ears, and he suddenly felt an extreme regret in his heart.

"Why did I get blind in the eyes of the dog and didn't see his extraordinary?"

"If I had a good relationship with him in the first place, then from the perspective of his face, the generals and generals in the future will take great care of me!"

"Qi Junhao, you are so stupid!"

Qi Junhao thought about this, slapped himself in the face with a snap. [η0VebLusb.c0m](#)

The people around him looked at him with mocking eyes, which made Qi Junhao feel uncomfortable.

Chen Feng did not want to report to him, after all, Chen Feng had a special affection for Su Manqing.

And the gaze that Chen Feng just now caused him to suffer.

With Chen Feng's current identity, status, and strength, if he wanted to retaliate against him, that would really be a loss.

Chen Feng even needs to stand here and look at him, the invisible pressure can make him embarrassed, extremely frightened, and kneel down to beg for mercy.

This is already the biggest revenge against him!

Soon, Chen Feng and Lan Zihan came to the entrance of the tower.

At this time, a figure appeared at the entrance of the tower, looking at Chen Feng, laughing loudly:

"Little friend Chen Feng, don't come here without a period of menstruation!"

Chen Feng smiled and arched his hands: "I have seen the general."

"Haha, don't be so polite to me! Go, let's go in and talk."

Pu Xingzhou grabbed Chen Feng's arm, and the two walked into the tower with their hands.

Seeing this scene, everyone was even more shocked!

General Pu Xingzhou called Chen Feng his little friend, which already put him on the same level as himself.

They even realized how much Pu Xingzhou attaches importance to Chen Feng.

Then, Lan Zihan said to everyone: "Okay, it's all gone!"

After letting everyone go, he also walked in.

At this time, Chen Feng and Pu Xingzhou were already seated separately.

After stepping back, Pu Xingzhou looked at Chen Feng and smiled: "Little friend Chen Feng, this time, you have been here for so long, but this is the first time you have been invited to visit. It's really rude!"

With a look of shame on Chen Feng's face, he suddenly got up and said apologetically to Pu Xingzhou, "General Pu, here, Chen Feng must apologize to you!"

"What Chen Feng has done in Tianlong City during this period is really a bit improper, and it has caused you a lot of trouble. I hope to forgive you!"

Chen Feng truly apologized to Pu Xingzhou.

Because he also knew that during his time in Sky Dragon City, he had really stabbed a lot of people!

Not to mention Pu Xingzhou, even if it is someone with a lower strength than him, I am afraid I can't bear it!

But Pu Xingzhou obviously didn't intervene too much because of his past feelings.

Especially in the battle between the Beidou Sword Sect and Chu Shaoyang, Chen Feng was very grateful.

Because at that time, Pu Xingzhou could come to take advantage of the fishermen's profit, but he did not.

Even, he deliberately suppressed the time Lan Zihan and the others go, and let them go later so that he could leave calmly.

Some things are not said, but it does not mean that they have not been done.

Chen Feng would not just treat others as fools, he would be grateful.

Pu Xingzhou was stunned for a moment, looked at Chen Feng's eyes, and saw that his eyes were full of sincerity.

Then, there was a smile at the corner of his mouth, he stood up gently, patted Chen Feng on the shoulder, and said:

"Little friend Chen Feng, I did not misunderstand you."

Seeing Chen Feng doing this, he was extremely happy.

This also shows that Chen Feng's disposition is correct.

After Chen Feng finished speaking, the two of them took their seats again, and the slightly embarrassing atmosphere just disappeared completely.

Pu Xingzhou looked at Chen Feng and asked, "I wonder if little friend Chen Feng came to Sky Dragon City this time for?"

He probably knew the purpose of Chen Feng's coming here, after all, he had received a lot of information.

You can probably guess what Chen Feng did during this time and the treasures he obtained.

But he still wanted to hear Chen Feng say it himself.

Chen Feng was silent for a moment, and then slowly said, "I came here this time for two main purposes."

"One purpose is for the Beidou Sword Sect's shining white fairy spectrum!"

Shake the white sun spectrum!

A smile appeared on Pu Xingzhou's face when Chen Feng said the name of this secret book without concealment.

Taking a look at Lan Zihan next to him, Lan Zihan's breathing became hurried.

After a while, he calmed down, and his admiration for Pu Xingzhou was even more immeasurable.

He remembered what Pu Xingzhou had said to himself before: "Your Dharma image should be about to break through!"

On that day, although he was excited and naturally believed in Pu Xingzhou, there was still a cloud in his heart.

But now, he understood everything, and couldn't help sighing: "The general really sees far, and he thought of the present day!"

Chen Feng continued: "The second purpose is for Zhong Lingzhu."

"Zhong Lingzhu? Is that the little girl?"

Chen Feng looked at Pu Xingzhou and said without blinking, "General, you know who she is, don't you?"

"You know who she is, don't you?"

"You know how their family was destroyed, don't you?"

When Chen Feng asked these three sharp sentences, Pu Xingzhou suddenly became stagnant and was silent for a moment.

After a while, he sighed slightly and looked far away, his eyes long.

As if reminiscing about the past years.

He nodded slowly, and said, "Yes, I know her origin."

"She is the daughter of the Zhong family, and I also know Ran's family, and I also know how her family fell!"

Chen Feng's heart shook fiercely: "Sure enough, he really knows."

"The Zhong family was indeed a prominent family back then, otherwise it would not have been possible to enter Pu Xingzhou's discernment."

"Furthermore, seeing Pu Xingzhou so close to an enemy, it seems that the Zhong family is more dazzling than I guessed wrong."

He looked at Pu Xingzhou and said, "General, I don't want you to be embarrassed. This must be your own business in Tianlong City!"

"In that case, I don't ask too much. I don't need you to be embarrassed. I don't need you to say more. I just ask one sentence!"

Pu Xingzhou said Shen Shen: "You ask!"

Chen Feng said in a deep voice, "Is it the Shen family?"

Pu Xingzhou trembled all over, and after a long time, he nodded gently.

He didn't say a word, but Chen Feng already understood everything!

He smiled slightly and said, "Thank you, General."

He has got the information he wants to know.

Pu Xingzhou nodded slowly, and then the two stopped talking about these things, just talking some gossip.

Just chat, the atmosphere is very harmonious.

Soon, it was time for lunch.

Pu Xingzhou ordered people to go to the banquet.

Above this banquet, there are the precious ingredients he ate before.

[Chapter 3545: After five days, do it again!](#)

Chen Feng was still the first to eat food of this kind, and he was also astonished.

Seeing him like this, Pu Xingzhou didn't think it was a pestle, but felt that this was true temperament.

The speculation between the two of them was also full of food and drink.

Soon, in the afternoon, Chen Feng was ready to leave.

At this time, Pu Xingzhou suddenly smiled and said, "Master Chen, you got the fragments of the dazzling white sun spectrum this time, I don't know..."

He paused, looked at Lan Zihan next to him, smiled and said, "Can you let us borrow it?"

"Ten years ago, Lan Zihan showed signs to condense the law, but because of the lack of such a secret book, it was difficult to make progress in ten years, and it was very difficult to get stuck!"

"If..."

Hearing this, Chen Feng did not hesitate, and he took out a fragment of the secret book from his arms and placed it on the table in front of him.

Smiled and said, "I will put this fragment of the Shaking White Sun Musical Score here."

"How about I pick it up in three days?"

"it is good!"

Pu Xingzhou laughed: "Chen Feng, refreshing! It's refreshing indeed!"

He looked at Chen Feng with more appreciation in his eyes.

It even surpassed the goodwill that Chen Feng's previous actions brought him.

At the side, Lan Zihan's eyes showed shock, excitement, and ecstasy.

He looked at Chen Feng with gratitude on his face.

You know, this is Shaking Bairi's spectrum!

This is the supreme treasure of forging techniques on the Dragon Vein Continent!

Above the Dragon Vein Continent, these powerhouses have reached the realm of Emperor Wu, especially when they are in the same realm, it is difficult to widen the gap in strength.

If you want to open a big gap, you must use two magical powers.

One is the Shenyuan combat body.

The other is this aspect.

With a powerful magic element, against another of the same level, but without a magic element, it can be said that it can easily crush the opponent.

It is self-evident how important the law is relative to the power above the Wudi realm.

And he, if he can improve his strength even after he has cultivated the Faxiang, he will become a veritable, the first person in the Sky Dragon City other than General Pu Xingzhou.

And for him, this cultivation has a deeper meaning.

That is, his hope of taking over as the general of Tianlongwei in the future has increased a bit.

Just such a secret treasure, if it flows into the Dragon Vein Continent, even the strongest Emperor Wu will fight desperately for it.

And Chen Feng just put it here and let him read it.

Three days, three days is enough!

Suddenly he got up and held his fists, bowed deeply to Chen Feng, and said loudly, "Lan Zihan, never forget the kindness of Chen Gongzi today."

"If there is anything in the future, please tell me, Lan Zihan, I will go through the fire and water, and I will not hesitate!"

Chen Feng smiled slightly and said, "Brother Lan, you are serious, we are friends, aren't we?"

"Okay, we are friends!"

Pu Xingzhou smiled even more.

After saying a few words, Chen Feng wanted to leave.

At this time, Pu Xingzhou suddenly looked at him and said, "Chen Feng, you said you will come to pick it up in three days."

"You plan to use these three days to settle the karma and grievances on Zhong Lingzhu's body?"

"Yes."

Chen Feng said, "That's what I planned. Three days should be enough!"

At this time, Pu Xingzhou suddenly appeared embarrassed.

Chen Feng raised his eyebrows and asked, "General, what's wrong? What's the matter, just talk."

Pu Xingzhou sighed: "I am ashamed to say! Chen Feng..."

He looked at Chen Feng with a rare pleading expression on his face: "Can you, after five days, take action again?"

"Why?"

Chen Feng was stunned.

His time is also quite precious, five days, for him, it is really a bit wasted.

He was actually quite anxious. After this incident, he had to return to the Xuanyuan family quickly.

Chen Feng has been wasting too much time!

Pu Xingzhou sighed, and said, "I wonder if you have seen an extraordinarily huge floating warship, surrounded by countless warships and entered into my Heavenly Dragon City?"

When Chen Feng remembered the conversation he had with Lin Ran yesterday, he nodded and said, "I saw one."

"I guessed at the time, I'm afraid that among the Sky Dragon Guards, you are the only one who has such a pomp!"

"Yes, I am the only one among Tianlong Guards who have such a pomp, but unfortunately the person above is not me."

"Furthermore, the opponent is not from Tianlongwei."

Pu Xingzhou smiled bitterly.

Chen Feng raised his eyebrows, and suddenly felt something in his heart, and said, "Could it be that a big figure from the God of War Mansion came here?"

"Chen Feng, you really are extremely clever!"

Pu Xingzhou sighed: "Yes! The person who came that day was the fourth son of the Grand Marshal of the God of War. We call it the Xiahou Yinghao of the Fourth Lord!"

"Four Lord, Yinghao Xiahou."

Chen Feng chewed these words slowly.

This name is very strange to him.

He only knew that the family of the Grand Marshal of the God of War Palace was the Xiahou family, but he didn't know who was inside.

Pu Xingzhou, with a look of distress on his face, said softly:

"When the Generalissimo was young, he was wise and martial. I admire him."

"However, the older you are now, the more suspicious you are."

"He often sent his sons to tour the God of War Mansion, to sit in each guard, take a look, and stay for a while."

"The name of patrolling for him is to stare at us old things and see if there is anything disobeying us old guys!"

"That's it."

Chen Feng nodded and said, "You are afraid that if I destroy the Shen family in the past few days, it will cause some trouble, right?"

"That's right." Pu Xingzhou nodded.

"Okay, then I agree." Chen Feng said readily: "Then I will wait for the guy to leave before doing it."

"it is good!"

Pu Xingzhou smiled: "Thank you very much, then."

The two looked at each other, everything was silent.

"By the way, Chen Feng, don't forget, Kongsang Lunjian, it is less than nine months before now."

"Do not worry!"

Chen Feng laughed and said, "Kong Sang Lunjian is regarded as the second most important thing in recent years. How could I forget?"

"Oh? The second most important thing?"

Looking at Chen Feng, Pu Xingzhou said in his heart: "I don't know what is the most important thing that can be regarded by him?"

"This Chen Feng is really amazing, and he only regards such major events as the second most important thing."

If you change to someone else, he will naturally think that the other person is bragging, but what Chen Feng said, he is convinced.

Then, Chen Feng said goodbye.

Pu Xingzhou sent him to the door.

As for Lan Zihan, he left with Chen Feng.

The two talked as they walked, chatting all the way.

[Chapter 3546: Good luck soaring!](#)

What Chen Feng didn't know was that at this moment, when he was walking out, on a tall tower next to him, there was also a person stretching himself and looking down.

This tall tower is located next to the tall tower in the center of the General's Mansion.

It's only a foot shorter than the central tower.

This is a symbolic point of being shorter, and its meaning is self-explanatory. It is the most prominent and noble place in the entire General's Mansion except for the main tower.

The nature who can live in it is also the most respected guest.

And this tower, at this time, has changed its appearance compared to the previous two days.

The whole body is inlaid with gold and jade, which is extremely luxurious. The whole body is covered with a layer of extremely rare metal, and it is embedded with countless jade stones and pearls, shining brightly under the sun.

It is like piled up countless treasures.

And above the spire of the tower, there was a huge four-winged giant tiger with wings spread out.

It is made of a kind of white metal, extremely cold and brilliant!

These things did not exist three days ago, but now they are more.

If you are the veterans who have been in the army for a long time in Sky Dragon City, well-informed people, seeing this scene will know that there must be a guest of the Grand Marshal's family staying here.

Because the symbol of this white four-winged giant tiger is the clan emblem of their family.

Therefore, in the entire territory of God of War, no one except their family is allowed to use the white four-winged giant tiger!

Wherever this white four-winged giant went, there must be a dear son of the Grand Marshal's family.

And the fact is exactly that!

At this time, Xiahou Yinghao, the fourth son of the Grand Marshal, lived in this high tower, who was called the Fourth Lord.

The shape of this tall tower is different from that of the main tower in the center of the mansion.

Being cut into many layers, Xiahou Yinghao naturally lives in the highest place.

And outside the highest point is a huge sky garden.

There are verdant trees everywhere, lush and lush.

From here, you can overlook the entire Tianlong City and the scenery is excellent.

At this time, a young man in his 30s wearing a white robe was walking slowly on top of the tower.

He is tall and handsome, and he is even too handsome.

A bit more feminine, and it feels a bit shameful.

In the eyes, there was also a gloomy cold, the whole breath was like a poisonous snake, as if to choose someone to eat.

When he looked at someone, his eyes were squinted, and his eyes were full of cold light.

The long robe on his body is woven with the most precious Tianlong silk, and it is embroidered with a large white four-winged giant tiger pattern, showing his noble identity.

This person is Xiahou Yinghao.

And beside him, there was someone who was bending over and bowing his head and saying something.

This person is more than forty years old, handsome and shrewd.

But now he bowed his head and bowed, with a flat face, talking to Xiahou Yinghao.

Xiahou Yinghao kept nodding.

And if it were, people from Sky Dragon City were here at this time, and they would be shocked to hear what they said.

It turned out that what the flattering middle-aged was reporting to Xiahou Yinghao was exactly the situation in Sky Dragon City.

This is nothing, the most important thing is that there is a lot of content related to Pu Xingzhou.

Including who Pu Xingzhou has a bad relationship with, who can be incited to oppose Pu Xingzhou, for example, which enemies Pu Xingzhou has, and these enemies can be united.

For example, what Pu Xingzhou has done that violates the God of War Palace, or if Pu Xingzhou is not in the position of the general, then who can top it.

The contents involved all involve Pu Xingzhou.

It can be said to be very cruel and vicious.

Finally, the flattering middle-aged man had finished speaking, and Xiahou Yinghao was waiting next to him.

Xiahou Yinghao glanced at him, nodded in satisfaction, and said softly: "Zhai Wenmin, you did a good job."

Zhai Wenmin was praised, and he was so happy that there was a flower on his face.

He hurriedly bent his waist lower, and said with a flattering smile: "Four Lord, you have cultivated it!"

"Thousands of spies under the little hands were thrown out. There is very little news in the God of War Palace that we don't know."

"It's too easy to find evidence for Pu Xingzhou."

"and....."

He smiled coldly and said, "Even if he has no evidence of crime, I can produce evidence for him!"

Xiahou Yinghao slowly nodded, showing a cold color on his face, and said coldly:

"I have been fighting for that seat with my eldest brother for a long time. I have hinted at Pu Xingzhou several times to let him support me."

"But he was rather ambiguous, and neither agreed nor opposed."

"Just talk to me, drag it around."

He walked to the edge of the tower, slammed his fist against the crenellation, sneered and said, "Old man, time is running out!"

"Who knows how long he can support?"

"Where do I have this time to drag around here with Pu Xingzhou?"

"This time, I will force him to make a choice!" *nOVelUsB.cOm*

"If he can choose, it is best, if he doesn't support me..."

A cold murderous intent flashed across his face: "I have no choice but to let him die without a burial place!"

Zhai Wenmin gritted his teeth next to him, with a look of extreme hatred: "Pu Xingzhou, a dog thing, dare to peruse you, Fourth Master, and you won't be wronged!"

Xiahou Yinghao smiled slightly, did not speak, just swept his eyes down.

However, his gaze was very scattered and wandering, obviously just looking at it casually, and did not deliberately pay attention to anyone.

But suddenly, his gaze condensed and fell somewhere.

Suddenly there was a look of extreme shock on his face, looking at the white-clothed youth in the distance, he let out an incredulous low growl: "How come? How come?"

"How could the luck in him be so strong?"

It turned out that in front of his eyes, there were countless purple auras!

Above the white-clothed young man's head, there were faintly a few giant dragons and a few giant tigers, constantly leaping and rushing.

Cheering happily, full of vitality!

These giant tigers and dragons are entirely composed of purple qi, which is by no means physical, but a faint existence.

And ordinary people can never see it.

It turns out that this is Chen Feng's luck!

This is the concrete manifestation of Chen Feng's incomparable luck!

This kind of luck fell in Xiahou Yinghao's eyes, feeling extremely strong.

Even, with that strong impact, he directly retreated several steps.

He felt the purple light flashing in front of him, and suddenly, a huge force came.

With a wow, he directly spouted a mouthful of blood, already slightly injured.

Beside him, Zhai Wenmin hurried over and said in a panic: "Four master, Fourth master, how is your fourth master?"

[Chapter 3547: Take your luck!](#)

His face was panicked, he didn't know what happened to the extremely noble and extremely powerful existence in his eyes that would suddenly fall.

And the fourth master didn't pay attention to him at all, and pushed him away.

He didn't care about his injury, and hurriedly stood up again, and looked at Chen Feng in the distance, holding the pit.

When he took a closer look at this time, the look on his face was even more shocked and panic.

He already lost his square inch, his hands trembled, and he tremblingly said to himself: "The luck has been formed, the brilliance has been introverted, extremely lively and extremely agile!"

"The luck of this kid is already extremely scary!"

"Not only is it huge, it is also shaped, and most importantly, it presents a very strong upward posture!"

"This indicates that his future achievements are limitless!"

"It also indicates that he will definitely be the overlord on this Dragon Vein Continent in the future, and he may even control the entire Dragon Vein Continent!"

"how come!"

There was a look of extreme shock in his eyes.

Suddenly, the purple brilliance and luck seemed to have discovered something, and suddenly, the purple light skyrocketed.

Before his eyes, there was a burst of purple light!

The purple light struck him fiercely, and suddenly, he felt black in front of him, as if he was hit hard.

There was another scream, and several mouthfuls of blood were spouted one after another, and he fell to the ground, as if he had been discounted, and couldn't get up!

After a long while, he just came back to his senses.

His eyes were lost, and he murmured: "Who is this person? Who is this person?"

"His luck is absolutely invisible to others, or even feels it."

"However, in my eyes, it is extremely obvious!"

"Because I can see it!"

It turned out that the Grand Marshal of the God of War and their family had a secret technique that was passed down from old age, which was the method of observing luck.

This method of observing air luck is not practical for ordinary warriors.

Because, how can ordinary people have any luck?

Even the strong below the ordinary Wudi realm will not have luck.

Usually, only those who have reached the martial emperor realm, are young, and have deep blessings, can they have such a trace of luck!

Because their destiny can affect the Dragon Vein Continent, at least one part of it!

Over the years, the fourth son of the Grand Marshal's mansion has traveled the world, and I don't know how many people have met.

There are also many people who are lucky, just like the general Pu Xingzhou of the God of War Mansion Tianlongcheng, there is also a trace of luck.

He also has a trace of luck in himself, and the luck above his father's head is the only strong one he has seen.

The luck above his father's head has already formed a tiger.

This means that you can sit on one side and achieve the status of one side's hegemony.

It is true that his father sits in the God of War Mansion and is one of the nine major forces in the Dragon Vessel Continent. He is worthy of the name of a hegemon, and he is also right with his purple luck that has condensed into a fierce tiger!

Other than that, he has never seen a stronger one.

And now, after seeing the luck of the white-clothed youth, there was a tremor and tremor in his voice.

"He has the luck of three dragons and three tigers!"

"What kind of existence is he? His luck completely crushed my father?"

"My father, but the Grand Marshal of God of War Palace! But the overlord of the Dragon Vein Continent!"

"how is this possible?"

He didn't want to believe it at all, preferring to be an illusion.

But he is very clear that this is definitely not an illusion!

He was very human after all, born in the Generalissimo's Mansion. He did not know how many things he had experienced, and soon calmed down.

Sitting there, the thoughts in my heart were flashing, thinking constantly.

Zhai Wenmin cautiously whispered beside him: "Four Lord, you, are you okay?"

Xiahou Yinghao glanced at him and said solemnly, "I'm fine!"

He suddenly got up slowly. *novel* **Sub**.com

At this time, Chen Feng had already gone far, leaving only one back.

He stared at the white figure, his eyes flickering, his eyes cold, and he whispered softly: "Please find out who that kid is."

"Yes!"

Zhai Wenmin nodded quickly, keeping that figure in his heart.

At this time, Xiahou Yinghao, who had completely recovered, showed a hint of greed and ecstasy on his face.

"Unexpectedly, I didn't expect that this time I came to Sky Dragon City, there would be this unexpected gain!"

"Moreover, it may be my biggest gain in these years! The best opportunity!"

He used a voice that only he could hear, saying word by word: "I don't care who you are, I don't care what you come from."

"However, since you have appeared to me, since you have been seen by me, since you have appeared on the territory of my God of War Palace."

"You are dead!"

A touch of extreme madness flashed in his eyes: "I will kill you, take your luck, and add your luck to me!"

Extreme excitement suddenly flashed in his eyes, his heart beating wildly, blood rushed wildly, his face flushed, and his whole body trembled slightly.

He even broke out in a sweat, and said with a trembling voice: "If I get your luck, I will be lucky!"

"Not only in the God of War Palace, but even looking at the entire Dragon Vein Continent, it is unique!"

"At that time, let alone the position of Grand Marshal that I have always been out of reach, the position of Grand Marshal must be mine, and I will even be the number one overlord of the Dragon Vein Continent by then!"

He slowly clenched his fists, his eyes were cold and terrifying, and he said word by word: "As long as it can take your luck!"

Chen Feng naturally didn't know what was happening here.

He just quickly returned to the Zhulin Medicinal Food Studio, and then rested in the Zhulin Medicinal Food Studio.

Now that he has agreed to Pu Xingzhou, he will not act rashly within five days and do not cause him anything, then he will naturally keep his promise!

So, afterwards, Chen Feng practiced daily in this bamboo forest medicated food studio.

And for those who don't understand, I go to ask Xian Yu Gaozhuo.

Xian Yu Gaozhuo will explain to Chen Feng at this time whether he wants it or not.

Although his cultivation level is not particularly high, he was once the head of the Beidou Sword Sect after all, he was knowledgeable, and he had experienced enough things, very profound.

Many problems can be solved for Chen Feng, and Chen Feng has gained a lot.

Suddenly, it seemed to be so silent, and he didn't do anything else.

Just stay in the Zhulin Medicinal Food Studio.

At this time, what Chen Feng didn't know was that although he was quiet here, it was because he had already stirred up a big storm.

Someone already has trouble sleeping and eating because of him!

At this time, in a huge house in Shangcheng District.

Here, it is the Shen family, the dignified Yipin family!

[Chapter 3548: Shenjia](#)

The mansion where the Shen family is located is huge and extremely luxurious, but in some places, it is already a little run-down, and it feels like a decline.

However, the courtyard at the very core has been renovated and even more luxurious than before.

It means that this family has moved from decline to ZTE again.

But it can be seen that there are not many people in this family, and it is far less prosperous, but it maintains the vitality of the core and the strength of the core.

Time goes back one day!

It was Chen Feng who taught Shenyang Xu a lesson at the private auction of the God of War Chamber of Commerce.

With a creak, a luxurious floating tank suddenly stopped at the gate of Shen's house.

Then, three or four servants came down from above in a panic.

He quickly pulled out a person from the carriage, who was Shenyang Xu.

At this moment, Shen Yang Xu was bloodstained, breathing weak, dying, where was the half-arrogant appearance before?

The guard at the gate of Shen's house was shocked to see this scene, and hurriedly shouted:

"Who beat Young Master Yang Xu like this?"

"God, what happened to Young Master Yang Xu?"

They swarmed up like a swarm, ready to help.

At this moment, a violent roar came from the door: "Get out of here!"

Everyone was taken aback, and hurriedly looked at the door, and then fell silent, bowing their heads and stepping aside.

I saw a person walking out of the gate.

He is about fifty years old, but his hair is still pitch black, his beard is very neatly trimmed and his clothes are quite luxurious.

The whole person feels calm and sophisticated.

It's just that the look in his eyes flickers from time to time, giving people a strange feeling.

He walked to the front quickly, and then when he saw Shen Yangxu's appearance, he trembled all over, and the circles under his eyes were red.

He hugged Shen Yangxu directly and shouted: "Sixth brother, sixth brother, what's wrong with you? Who hurt you like this?"

He suddenly raised his head, staring at the surrounding Shen family members with extremely cold eyes, and said sharply:

"Are you dogs dead?"

"Just watched others beat the sixth brother like this? Who did it?"

Those people were so frightened that their lips trembled, and they couldn't even say a word.

Looking at him, there was deep fear in his eyes.

They are all very clear, this big master, cold temper, very cruel.

One answer is wrong, it is really only a dead end.

At this moment, Shen Yang Xu in the arms of this person suddenly moved and woke up.

He opened his eyes and looked at him, his lips moved twice, and faintly uttered two words: "It's Chen Feng, it's Chen Feng, he's here for revenge!"

When he said this, his eyes were still confused and lacklustre.

"Chen Feng? That Chen Feng from the Xuanyuan family? Chen Feng from the Sky Dragon City recently?"

The middle-aged man suddenly showed shock on his face: "Why does he want to deal with you?"

Shen Yangxu's head was already tilted at this time, and he passed out again.

The middle-aged man wrinkled his brows and walked into Shen's house with Shen Yangxu in his arms, but coldly dropped a sentence: "Follow me!"

"It's forbidden to miss a sentence about today's matter!"

"Yes!"

Everyone shouted.

Then, they all followed him in.

Soon, this middle-aged man came to Shen's backyard with Shen Yangxu in his arms.

Then, he took out a treasured pill and fed it to him.

After swallowing the pill, Shen Yangxu instantly felt a refreshing feeling all over his body.

Suddenly, his eyes widened, he sat up, vomiting a few mouthfuls of black bruise, and a layer of black smelly sweat came out all over his body.

Suddenly, he woke up and felt much better.

Although he was still seriously injured, it was definitely not the way he might die at any time.

He looked at the middle-aged man with a worried face beside him, sighed slightly, smiled and said, "Big brother, I'm much better, thank you big brother!"

It turned out that this middle-aged man was the boss of the Shen family, Shen Qingyu.

Shen Qingyu glanced at him angrily, and said, "My brother, what are you doing?"

Shen Yang Xu was about to speak, but Shen Qingyu suddenly waved his hand to stop him.

He said solemnly: "Yang Xu, you should take a break, take a bath, and change your clothes."

"I'm waiting for you at the family hall, and our brothers are all here, then you can tell everyone about this matter."

"it is good."

Shen Yang Xu nodded.

Half an hour later, the Shen family was extremely luxurious, all in the family hall built with white boulders.

It was empty, with only about four or five people sitting.

These four or five people are between 20 and 50 years old.

Of course, it just seems that the real age does not know how old it is.

The oldest is Shen Qingyu, sitting in the first seat at this time.

There were two people sitting on his left and right.

All of them are quite strong in strength and look similar. They are obviously brothers of the Shen family.
noVELus&.coM

These few people are also the power that the Shen family can re-emerge!

Of the nine brothers of the Shen family, three of them have died or died due to various reasons.

These six people were left, and the strongest among the six people was Shen Qingyu, who had already reached the peak of the three-star martial emperor.

The weakest is Shenyang Xu.

Seeing Shen Yangxu coming in, everyone stood up and looked at him with concern.

The feelings between their brothers are quite deep.

Shen Yangxu slowly moved to the last seat and sat down, and then said with a wry smile: "Brothers, I'm sorry, this time I am embarrassed to our Shen family."

"Hey, sixth brother, where are you talking!"

"That is, what do we from the Shen family say to embarrass the Shen family? It's normal to be planted in the hands of others."

"Yes, who doesn't plant a few times? Just stay alive!"

Shen Qingyu said slowly: "Okay, don't say anything, let Yang Xu say it!"

Everyone turned their eyes to Shenyang Xu.

Shen Yangxu sorted out the language, and then recounted the course of the matter.

After listening, everyone was in an uproar.

"Chen Feng actually knew what happened to the Shen family that day, did he come to take revenge?"

Someone lost his voice: "He is coming to our Shen's house to avenge the descendants of Thunder?"

As soon as the words of the descendants of Thunder were mentioned, the hall immediately became quiet.

Everyone looked at him.

Knowing that he had made a mistake, he closed his mouth quickly.

It seems that these four words, descendants of Thunder, are taboos in their family.

Everyone was plunged into silence. In their eyes, there was fear, shock, and anxiety.

A low whisper sounded.

[Chapter 3549: Chen Feng, but so!](#)

"That's Chen Feng from the Xuanyuan family? I heard he was stirring up the wind and rain in our Sky Dragon City?"

"Yes, it is said that this person is a young handsome from the mainland, very powerful."

"Although I don't know why he should be nosy, but if he wants to seek revenge, our Shen family is in danger!"

At this moment, Shen Qingyu suddenly let out a low roar: "Shut up!"

Everyone trembled and looked at him quickly.

Shen Qingyu sneered and said, "I'm afraid that this will happen before the enemy comes? You deserve to be my Shen Jiaerlang?"

Everyone bowed their heads and their faces showed shame.

"Is Chen Feng? There is nothing to be afraid of."

Slowly chewing the name, Shen Qingyu said softly: "It just so happens that I also know something about Chen Feng."

"Oh!"

Everyone was stunned when they heard it, but they didn't expect that he still knew a lot, so they all turned their attention to Shen Qingyu.

Shen Qingyu slowly said, "Do you still remember the battle that took place in the Beidou Sword Sect two days ago?"

"of course I remember."

Someone said with lingering fear: "God! That giant hand that covers the sky is terrifying!"

"I live so big, let alone see it, I have never heard of such a terrifying attack!"

"Yeah, thousands of miles away from us, it all feels like being crushed to pieces!"

"Let's not talk about that attack. That attack has nothing to do with Chen Feng."

Shen Qingyu said coldly: "Do you know that Chen Feng was one of the protagonists in the battle of the Beidou Sword Sect that day?"

"What? Is this Chen Feng actually related to the battle at Beidou Sword Card that day?"

Upon hearing this, everyone was shocked.

Especially Shen Yang Xu, he stood up abruptly and said in a trembled voice: "Then, how strong is his strength?"

"Could it be that he is still merciful to me today?"

"Yes."

A fat man in Jinyi who was in his 30s also widened his eyes and said loudly: "If you say this, isn't Chen Feng's strength in our Tianlong City only General Pu Xingzhou alone?"

"That's horrible!"

There was a look of despair on his face: "We have no hope of blocking him, do we?"

"Just the two of you can't hold back!"

Shen Qingyu glared at them fiercely: "Shen Yangxu, Shen Jiantong, sit down for me!"

It turned out that this fat man in Jinyi was named Shen Jiantong.

Among their six brothers, their strength ranks second from the bottom, which is just a bit stronger than Shenyang Xu.

Moreover, the notoriously weak temperament could not hold up.

After pressing Shen Yangxu and Shen Jiantong, Shen Qingyu looked at them for a while before coldly said: "I only said that he is one of the protagonists. Have I ever said how terrifying his strength is?"

"On the contrary!"

A disdainful smile appeared on the corner of his mouth and said, "This Chen Feng is just a man of opportunism. The real strength is not high at all!"

"How do you say this?" everyone asked in surprise.

Shen Qingyu smiled and said, "I heard that Chen Feng didn't really join in the battle of the Beidou Sword Sect that day."

"He's just taking a profit."

"After that tyrannical legendary powerhouse Chu Shaoyang fought a battle with Xian Yu Gaozhuo, and both lost, only then did it appear to be cheap."

"And his true strength is just the second-star Emperor Wu."

He looked at Shen Yangxu and asked, "That's right?"

Shen Yangxu pondered for a moment, thought about it for a moment, then nodded fiercely and said, "Yes, I feel that his realm is also the realm of Emperor Wudi."

"It's just that, it seems that his divine origin battle body is stronger, so it can easily crush me."

"That's it!"

Shen Qingyu laughed, and said with a high-five, "This is consistent with the information I got."

"This Chen Feng's strength is not high, just relying on a divine essence battle body that doesn't know how to get it, flaunts his might, and doesn't have much real strength at all!"

He abruptly got up, looked at everyone and said, "Now, it can be judged that Chen Feng's realm is the realm of Emperor Wudi."

"We just need to restrain his Shenyuan combat body."

"By the way!"

A smug smile appeared at the corner of his mouth, clenched his fists and said: "My strength is the peak of the three-star martial emperor. In the realm, it completely crushes him!"

"My Shenyuan battle body has also ushered in the second evolution. It is not a problem to crush his Shenyuan battle body!"

That's right, everyone was excited and said loudly, "Big Brother, you can easily crush him whether you are in the realm of strength or the battle body of the gods!"

"You don't even need Big Brother, Tongguang can crush him!"

Everyone looked at one of them, who was quite young and profound, and also the most silent youth.

This person hadn't spoken a while ago, just looked at it deeply, and didn't know what was thinking.

Hearing what everyone said, he hurriedly waved his hand and said modestly: "Where am I qualified to be on the same level as Big Brother?"

"Hey! That said!"

Shen Qingyu laughed and said, "Although you are weaker than me, don't forget, you are thirty years younger than me. You are the future dignity of our Shen family."

"It is also our Shen family's biggest chance to return to the General's Mansion after decades."

"Although your current cultivation base is only the peak of the two-star Wudi, your Shenyuan battle body is the purest among our brothers."

"I see, you also have the power to fight against Chen Feng."

Shen Tongguang smiled slightly and didn't say much.

Just in his eyes, with a hint of arrogance and disdain, he said lightly: "Anyway, as long as Chen Feng dares to come, he will have no return and no place to bury him!"

Suddenly someone asked: "But, that Luo Honghua is a three-star Wudi, but after seeing Chen Feng, he was terrified? "

"That's different." Shen Qingyu sneered and said: "Luo Honghua was to flatter Lan Zihan, so he flattered Chen Feng in various ways."

"It does not mean that Chen Feng is stronger than him."

Everyone nodded, all at ease.

It turned out that although the Shen family was called the Yipin family, because the family had already declined before, it was said that in the eyes of many giants in Sky Dragon City, they could not be regarded as a top family.

Therefore, they didn't know the details of the battle between Chen Feng and Chu Shaoyang.

They didn't even know what leading role Chen Feng played in it.

Hazy!

Therefore, they now have a wrong judgment, believing that Chen Feng only has the strength of the two-star Wudi cultivation base.

I didn't even know that Chen Feng's strength had reached such a terrifying situation that he could suppress Chu Shaoyang and Gao Zhuo.

[Chapter 3550: As long as he dares to enter Shen's house!](#)

Even General Pu Xingzhou deliberately fabricated a lie in order to help Chen Feng cover up, and let Lan Zihan and others spread it out.

He made up this lie naturally to protect Chen Feng.

After all, next year will be Kong Sang Lunjian.

If someone knows Chen Feng's true strength, then I am afraid that all kinds of preparations for him will be sufficient, which is really not a good thing for Chen Feng.

This lie is true and false.

Really, Chen Feng is indeed involved.

As for the fake inside: in this rumor, Chu Shaoyang and Xian Yu Gaozhuo are both dying, and their strength is only just in the Martial Emperor realm.

At this time, Chen Feng came out and picked up a bargain.

This rumor, the real top giants, the real power, and well-informed people in Sky Dragon City naturally do not believe them.

They know the truth.

And some of the lower-level ones don't even have the qualifications to listen to this rumor, and this rumor will not reach them!

It was at the end of a first-class family like the Shen family that one bottle was dissatisfied and half a bottle swayed before hearing this rumor.

Moreover, I deeply believe that there is no doubt.

Shen Qingyu showed a reserved look on his face, and said, "My strength is always better than Chen Feng."

"Chen Feng is in front of me, absolutely nothing to ask for."

"Furthermore, don't forget, our six brothers can form our Qisha Lei Peng formation!"

"As soon as the seven evil Lei Peng formations are sent, even the four-star Emperor Wu is absolutely impossible to be our opponent, let alone Chen Feng!"

"He has only one end in our hands, and that is!"

His face suddenly became extremely hideous: "Death!"

"Yes, he must die!"

Everyone shouted loudly, their faces filled with excitement.

These words of Shen Qingyu completely regained their confidence.

Especially Shenyang Xu, his eyes seemed to burst into flames, extremely hideous.

"I must let Chen Feng die! I must let him die miserably! Only then can I vent my hatred!"

"He humiliated me severely in front of so many people, I want him to go to hell!"

"It's not difficult to let him go to hell! But, I'm afraid some people disagree."

Shen Qingyu leaned on the chair with a gloomy look, and said Shen Shen, "This Chen Feng has a very good relationship with Lan Zihan."

"The relationship with General Pu Xingzhou is also very good."

"Even now, it seems that the relationship with the God of War Chamber of Commerce is not bad."

"Therefore, we must not act rashly, and must not move him lightly!"

Shen Tongguang said, "Yes, what the older brother said."

"The general always thinks that we are not pleasing to the eye. We can't let him find an excuse to razing our Shen family just because Chen Feng is just a small one."

The meaning in his words was like Chen Feng and the others wanted to kill.

Shen Qingyu continued: "So, we must be famous."

"You can't kill him in the bamboo forest medicated food restaurant, otherwise, the general will definitely find a reason and clean us up."

"So, there is only one way."

Shen Tongguang said lightly: "That is, let Chen Feng kill our Shen family."

"Lure him into Shen's house!"

"As long as he enters the Shen family, let's kill him again, then no one can fault it!"

"Yes, that's what it means!"

Shen Qingyu laughed and said, "As long as Chen Feng dares to enter the Shen's house, he is already dead. Dare to enter, let him come back and forth!"

"Yes, yes!"

"As long as Chen Feng enters our Shen family, he will definitely die!" Everyone said flatly.

At this time, their confidence is bursting.

They are arrogant and don't know how terrifying Chen Feng's real strength is!

Chen Feng's strength is comparable to a four-star Wudi strong!

"But how can we let him enter our Shen's house?" someone asked.

At this time, Shen Tongguang suddenly smiled.

When he is not smiling, his expression is very calm, giving people a rather deep feeling.

At this time, with a smile, the entire face was distorted, and a look of jealousy flashed in his eyes.

It was like a poisonous snake laughing.

"Brothers, I have a way to make Chen Feng throw himself into the net and come to the door by himself."

Having said that, it was just talking about his plan lowly.

After hearing this sentence, everyone was stunned.

Then they laughed.

"Tongguang, your idea is really great."

"Yes, it can not only shed our hatred, but also make Chen Feng have to come to Shen's house."

Everyone laughed.

Shen Tongguang's face also showed a reserved look.

Afterwards, everyone rushed to perfect the plan.

Finally, Shen Qingyu settled down.

He stroked his palms and said, "Well, it's such a plan. Then wait for Chen Feng!" **nOvelUSB.com**

He clenched his fist: "I'm going to the Internet!"

At this time, Shen Tongguang suddenly whispered: "But, brother, don't forget, it's easy to kill Chen Feng."

At this point, he paused, and everyone looked calm.

Because in their opinion, killing Chen Fengchenfeng is indeed a very easy task now.

They didn't put Chen Feng in their eyes at all, thinking that Shen Qingyu, who was at the top of the three-star martial emperor, could easily kill Chen Feng.

You don't even need to use the strongest formation in their family.

Shen Tongguang continued: "It's easy to kill Chen Feng, but have you ever considered the general's reaction after killing Chen Feng?"

"Although the position of the general is a bit precarious now, it is more than enough to deal with our declining First-Class family."

"You? Have you considered the consequences?"

Shen Qingyu said solemnly: "Chen Feng enters my Shen's house and then kills him, can't he?"

"Is it possible that the general would still be arrogant? Does he make sense?"

Shen Tongguang whispered: "Most he can't make sense."

When these words were said, everyone was silent immediately.

Shen Tongguang is one of the few in their family who has a calm mind and is not arrogant.

In the past, many things in the family were actually made by Shen Tongguang and Shen Qingyu. Sometimes, Shen Tongguang's opinions were even more respected.

Everyone fell into silence.

At this time, Shen Qingyu took a deep breath, as if he had made some determination.

But he walked to the side of Shen Tongguang, smiled slightly, patted his shoulder and said:

"Tongguang, brothers, don't worry about this matter!"

Everyone looked up and was a little stunned.

"Don't forget!"

He glanced at the crowd coldly, smiled and said: "On that day, our family slaughtered the Zhong family, for whom!"

"Who is giving the order behind the scenes! Who can give the greatest benefit?"
