

Peerless 3571

[Chapter 3571: Who said I have no spare power!](#)

Shen Yangxu's face was sullen, his fists were clenched, and his eyes were full of expectation.

And Shen Tongguang had already quietly arrived next to Bai Jingwan.

Beside her, her voice hissed like a poisonous snake, and said, "Do you think Chen Feng can come back?"

"Tell you, Chen Feng will be a dead person next moment."

His voice was very bitter: "He can't even keep the whole body, do you think he can come back?"

His voice was very bitter, and his eyes were full of hatred.

At this moment, Bai Jingwan glanced at him, but she was not afraid, just smiled softly.

The color of contempt is fully revealed.

But there were also people with a worried look on their faces, and said in a deep voice: "This time, I'm afraid Chen Feng is going to be in danger."

"Yeah, Chen Feng's punch just now blasted out, boundless power gushing out immensely. It was already possible to gain the upper hand, but this time Shen Qingyu used his Divine Essence Battle Sovereign prototype assault, but it was suspended. "

"Yes, Chen Feng's fist is old and can't be collected."

"Have you seen the point of Shen Qingyu's beak of the Thunder Giant Bird? That is the ability it has acquired after its evolution. It gathers all its power at that point and burst out suddenly, extremely powerful."

Shen Qingyu was actually extremely shameless, taking advantage of Chen Feng's fist exhaustion and unable to free his hands, he launched his prototype of Shen Yuan Zunzun, which turned out to be a sneak attack.

"Chen Feng is unable to react at all, I am afraid he will kill him immediately."

"What a pity! What a pity!"

Cheng Junai was extremely excited at this time and laughed wildly: "Chen Feng, you are going to die! You are finally going to die!"

Everyone in the field shouted in surprise.

However, whether it is a person who supports Chen Feng or a person who hopes that Chen Feng will die soon, at this time, they think that Chen Feng is undoubtedly dead, and it is impossible to survive.

He will definitely fall into this attack!

Those words from the surroundings reached Shen Qingyu's ears, making him flushed instantly, feeling that his face was hot as if he had been slapped in the face.

He just said that he would compete with Chen Feng in martial arts and crush Chen Feng.

As a result, he was instantly invincible, and had to sacrifice his own prototype of Shen Yuan Zhan Zun to carry out a sneak attack.

Extremely despicable.

But then, the look in his eyes was replaced by a stubborn and cruel look: "Fuck it!"

"As long as we can win today, who would dare to say anything?"

He stared at Chen Feng and laughed arrogantly: "Chen Feng, you will definitely die this time!"

"I think what else are you going to do? You have more..."

The word 'force' was interrupted by Chen Feng before it was spoken.

Chen Feng laughed loudly: "Do you see if I have more power!"

The next moment, the complacency on Shen Qingyu's face was frozen, turning into a touch of fear in the same substance.

He yelled in disbelief: "You, you actually..."

It turned out that Chen Feng's heart moved slightly at this time.

Above the head, the god-element battle body of the stepping **** image appeared.

Then, stepping on the god-like Shenyuan battle body, raised his nose, let out a long and leisurely howl, and stepped down with his right front hoof!

Chen Feng's laughter resounded everywhere: "Who said I have no more energy?"

The appearance of Chen Feng's Heavenly Stepping God's Shen Yuan combat body shocked everyone!

"Impossible, in this case, his Shenyuan battle body can still appear?"

"Yes, it takes a lot of mind to use the Shenyuan combat body. Shen Qingyu is because of his strong strength and high realm, and he has been prepared for a long time, so he can stimulate his Shenyuan battle. body!"

"Chen Feng, in such a rush, can also inspire the battle body of the gods, it is terrifying!"

Although everyone knew that Chen Feng possessed the God-Essence Fighting Body of the Treading God Statue, they did not expect that he would be able to arouse him at this moment.

And the next moment, the look on their faces became even more horrified!

It turned out that with the right front hoof of the stepping **** statue battle body, he stepped down fiercely!

Suddenly, a surging and tyrannical force rushed out in an instant, enshrouding the prototype of the Thunder Giant Bird Shen Yuan Zhan Venerable!

What kind of existence is Chen Feng's Treading God statue Shenyuan combat body?

That was the existence that could seriously hurt Xian Yu Gao Zhuo and kill Chu Shaoyang!

In front of it, what is the prototype of the Thunder Giant Bird God Yuan Zhan Zun?

What can Shen Qingyu do?

An extremely powerful force directly enveloped the embryonic form of the Thunder Giant Bird God Yuan Zhan Zun!

He suddenly realized that he could not move at all!

He rushed to the left there, but his body was confined to a small area and couldn't move at all.

His claws and iron mouth hit the barrier, igniting countless sparks, but they couldn't be broken at all.

Chen Feng looked at it, moved in his heart, and smiled knowingly.

"This is the ability gained after stepping on the sky **** statue **** essence battle body, swallowing that golden lion **** essence battle body!"

"The ability of the golden lion god-primary battle body is shock, but after being absorbed by the god-like battle body, it turns into imprisonment!"

"This is the brand-new ability he got after he evolved to the second level!"

Shen Qingyu exclaimed in disbelief: "How come? How come?"

"How high is your Shenyuan combat body? How strong is it?"

"I am the prototype of Shenyuan Zhanzun, I was blocked by you?"

He almost broke down.

His confident one-stroke trick was so easily blocked against Chen Feng.

This made him even doubt about his own cultivation and doubt about his life.

His voice has already screamed, and he shouted loudly with a hint of crying: "This is the prototype of Shenyuan Zhanzun!"

A faint voice came: "The prototype of Shenyuan Zhanzun, is it amazing?" *noVeiUsb.cOm*

This voice also awakened Shen Qingyu.

Shen Qingyu raised his head fiercely and saw that Chen Feng's fist had reached him.

The next moment, it hit his body fiercely!

Shen Qingyu let out a miserable scream, and a force of 12 billion catties slammed into his body.

In the face of 12 billion catties, almost invincible, he and Shen Tongguang are no different.

There is no difference between two-star Wudi, or three-star Wudi Peak.

The little difference that there will be, it's just that he persisted for that one percent of an instant!

In the next moment, the twelve golden ancient dragon phantoms burst into his body!

That tyrannical power raged wildly in his body.

Shen Qingyu let out a scream, vomiting blood again and again.

A dozen large holes suddenly cracked in his body, and twelve golden dragon phantoms emerged from them.

[Chapter 3572: one move!](#)

Then, a roar slowly dissipated, and Shen Qingyu's body fell heavily to the ground, blood gushing out frantically.

In an instant, all the ground was dyed red.

That is to say, he has reached the peak of the three-star martial emperor, and his body is tyrannical, otherwise he will be torn to pieces directly!

Seeing this scene, everyone exclaimed enormously.

There was no way to hide the fear and trembling in his eyes.

But at this time, they can at least exclaim!

But what happened next was that they didn't even exclaim, and some were just dead silence.

It turned out that the overbearing force of 12 billion catties in Chen Feng and the power of twelve golden ancient dragons severely wounded Shen Qingyu.

Above the sky, Chen Feng's sky-walking idol war body was also suddenly launched!

The battle body of the god-like figure let out a long and violent roar, and then it rushed straight up!

This is the first time Chen Feng has seen him perform actions other than stepping on his feet and raising his nose.

Suddenly, Chen Feng's heart jumped!

And the Heavenly Deity Shenyuan Battle Body did not live up to his more powerful action.

He came to the head of the prototype of the Thunder Giant Bird God Yuan Zhan Zun.

The prototype of the Thunder Giant Bird God Yuan Zhan Zun was still imprisoned there at this time.

Lifting his head, two blood-red eyes were staring at him, but there was a flash of uncontrollable fear in his eyes!

The next moment, stepping on the godlike battle body, the two front legs fell down fiercely.

The barrier that held the prototype of the Thunder Giant Bird God Yuan Zhan Zun seemed to him as if it did not exist!

His two front legs fell, and immediately shattered the barrier, and then slammed on the prototype body of the Thunder Giant Bird God Yuan Zhan Zun!

Suddenly, a majestic and incomparable force spread throughout the prototype of the Thunder Giant Bird God Yuan Zhan Zun!

He shivered violently, like sifting chaff, shaking from his head to his claws.

Every feather on the body, every inch of flesh bones, is trembling, just like running water.

This is the result of extremely powerful forces shaking in his body!

He opened the huge beak, as if he wanted to make a call.

However, nothing was heard, just a scream of terrible screams.

There was a bit of despair and madness in those eyes!

"what!"

There was a scream, and then a loud bang, and the whole body burst apart.

He was blown to pieces!

The prototype of this three-star martial emperor's pinnacle thunder bird, God Yuan Zhan Zun, directly exploded into countless fragments and disappeared instantly, without any trace!

The fall of his own Shenyuan battle body also caused Shen Qingyu to suffer another severe injury, and his body trembled heavily.*nOv***eUSb.com**

Lying on the ground, blood was dripping all over, and couldn't get up at all for a while!

The crows were silent, as quiet as a dead place, and the needles fell!

On the square of the main hall of the Shen family, the square surrounded by tens of thousands of people was silent.

Everyone stood there blankly, watching this scene, their faces were full of disbelief.

Their eyes were full of shock.

Even many people's eyes are dull!

At this time, the warrior who had just rushed over after receiving the news came here. Seeing this scene and seeing everyone like this, they all shouted in confusion:

"What's wrong? Why didn't you speak anymore?"

Then, when they followed everyone's gaze and looked towards the field and the **** body in the field, they were all like chickens with their necks choked, their voices stopped abruptly.

The expression still turned into shock, disbelief, fear, and even a slight sluggishness.

Because, they saw that that person was Shen Qingyu!

He is the number one powerhouse in the Shen family, who has reached the peak of the three-star Wudi, Shen Qingyu!

At this time, it was lying there like a dead dog.

His body twitched occasionally before telling others that he was not dead.

The needle fell and there was silence!

Chen Feng and Bai Jingwan should be the only ones who could maintain their composure at the scene.

Because Bai Jingwan knew this would happen a long time ago, because Bai Jingwan was full of confidence in Chen Feng.

Because Bai Jingwan knew that no one would be her brother Chen Feng's opponent!

At this moment, Bai Jing turned around, looked at Shen Tongguang next to him, chuckled and said, "Shen Tongguang, is this your incomparably powerful brother?"

"This is your Shen Qingyu who can easily kill Chen Feng with just a gesture?"

"Then can you explain to me why he is lying on the ground like a dead dog now?"

Shen Tongguang was there blankly, unable to say a word.

The next moment, after recovering, the shock turned into extreme fear.

He looked at Bai Jingwan blankly, and said in a trembled, "I, I..."

His lips trembled, and he didn't say a word, but a big mouthful of blood came out again.

The figure shook twice, and fell directly on the ground.

Bai Jingwan's eyes were full of ridicule: "Does it hurt to be hit?"

But at this time, the conversation between Bai Jingwan and Shen Tongguang finally made this silent square a lithe.

Everyone was awakened one after another and recovered.

So the next moment, a huge exclamation and shouting swept the square instantly!

"Shen Qingyu was seriously injured and dying by Chen Feng?"

"One move! Chen Feng only used one move!"

"My God, how could it be so terrifying? How terrifying is Chen Feng's strength? What kind of intrepidity is his Shenyuan combat body? What kind of pervert is he!"

At this moment, the square became extremely noisy!

Everyone was talking loudly in shock, and everyone's eyes were full of shock.

But finally, when their shock receded a little, their eyes fell on Chen Feng.

The rest is endless fear and awe!

They were completely overwhelmed by Chen Feng's incomparable strength. At this time, looking at him, no one dared to show the mocking and disdainful expression on his face, no one dared to say a word of nonsense. .

All they see is awe!

And these people who mocked Chen Feng just now, looking at Chen Feng, the extreme fear flashed in their eyes.

"Just now, I ridiculed Chen Feng so much, just now I disdain him so much, will he kill me?"

"After all, his methods are so fierce and fierce, will I also become like Shen Qingyu and Shen Tongguang?"

Even, many people trembled slightly, and they were shrinking back quietly, as if they wanted to shrink themselves into the crowd without being seen by Chen Feng.

[Chapter 3573: Does your face hurt?](#)

They were full of regrets, regrets should not offend Chen Feng.

The six brothers of the Shen family, except for Shen Qingyu and Shen Tongguang who were seriously injured and dying at this time, the triumphant smiles of those other people were completely frozen on their faces.

The loud clamor seems to be still echoing, and their expressions are already frozen there.

The triumphant color on his face had not dissipated before it had turned into a strong fear.

Shen Yangxu was most terrified at this time, because he had seen Chen Feng's greatness, and he was also dealt with fiercely by Chen Feng.

At this time, her body trembled violently.

He felt that every part of his body was aching.

The painful feeling of being beaten by Chen Feng that day rushed like a tide, and instantly swept her, making him even more terrified.

He fell from the chair and looked at Chen Feng with loud noises.

However, he couldn't say a word.

A bright smile appeared at the corner of Chen Feng's mouth, looking at the sky, and whispering to himself: "I feel that I don't need to practice other martial arts at all."

"If there is any enemy, just hit it with one punch."

"Under the huge force of 12 billion catties, everything is destroyed!"

Of course, Chen Feng knew that this was just a joke.

At this time, Chen Feng was also panting violently, his chest was up and down, and his face was pale.

At this time, the twelve ancient golden dragon shadows in his dantian had faded and were almost invisible.

Even his dantian was in pain.

The whole body meridians are almost broken every inch!

A wry smile appeared at the corner of Chen Feng's mouth: "This is the consequence of using twelve ancient golden dragons one after another, that 12 billion catties of force!"

"Now I can use it twice in a row at most."

"When I used it for the second time, I had already tried my best."

"For the third time, it is estimated that if I hit with this punch, my cultivation base will also be abolished, and the whole dantian will explode."

"Although I can use this 12 billion jin of power now, it is far from being able to volatilize at will!"

At this time, Chen Feng was full of expectations for casting his tyrannical supreme fighting body.

After the battle body is built, then you can hit 12 billion catties with every gesture!

Whatever you do, you have the power you have now!

At this moment, Chen Feng suddenly turned his head to look somewhere in the crowd.

And feeling his gaze, suddenly, with a sigh, the people there stepped aside to make a clearing.

It also made people see a person standing in the middle of the clearing.

It is Cheng Junai.

Cheng Junai stood there with a pale face and a sifting body. Seeing Chen Feng looking at him, he trembled and his eyes were filled with despair.

Chen Feng looked at him: "Your name is Cheng Junai, right?"

"just now....."

His hand vacantly waved twice in the air: "Does your face hurt?"

In an instant, Cheng Jun'ai's complexion changed from pale to flush, everyone's eyes fell on him, and a sound of mockery suddenly sounded.

"Cheng Junai was completely beaten this time."

"Yeah, he is still jumping up and down there, provoke Chen Feng, as everyone knows, in Chen Feng's eyes, he is a clown."

"Yes, Chen Feng doesn't even bother to be slapped in the face at all. He doesn't even bother to slap him in the face. He is not qualified to be slapped by Chen Feng."

"Yes, but he just wanted to get in there. If that's the case, then Chen Feng will make it difficult to slap him in the face!"

"Haha, I played several times in a row, one time is not enough, I have to get together and be beaten again!"

"This Cheng Junai is really a cheap bone!"

Cheng Junai stood there, bowed his head, trembling all over, and didn't know if he was angry or scared.

He felt that he had lost his face, and every word of these slapped his face like a slap in the face, making him want to find a place to sew in.

But now, obviously, the more important and more important thing to solve than the facial problem is his life.

Because, he saw that Chen Feng had slowly walked towards him.

Extreme fear flashed in his eyes, and he shrank back, trying to hide in the crowd.

At the same time, he lowered his head and kept looking forward in a low voice in his heart: "Don't see me, don't see me, don't come to me, don't come to me."

But where does he retreat?

Everyone retreated in other directions, always leaving him out, leaving him alone there.

Finally, he couldn't retreat.

Because at this time Chen Feng had already come to him.

Chen Feng looked at him with a cold smile on the corner of his mouth.

He just stood here and didn't speak, but he seemed to have infinite pressure and pressed against Cheng Junai.

The pressure was severely suppressed, causing Cheng Junai to tremble with fear.

He looked at Chen Feng, raised his head with fear in his eyes, and then quickly lowered his head.

Chen Feng still didn't speak, still looking at him like that.

Cheng Junai's forehead was sweating profusely, and he felt that his head was not clear, his eyes were blurred, and he seemed to have a mental breakdown.

Finally, he could no longer bear the huge pressure.

His heart was full of fear, and he knew that Chen Feng would kill him soon.

With a plop, his legs softened, and he fell directly to his knees, kowtowing and crying: "Chen Feng, please, please, please, don't kill me!" *NoVelusB.com*

Chen Feng looked at him, smiled and said, "Now I know to beg for mercy? Why was it so arrogant just now?"

"Just now, so arrogant, wasn't you?"

"I was wrong, I was wrong, I look down on people, please forgive me!"

"Don't be familiar with me, just let me as a fart!"

He was there, crying and begging, his posture was already low in the dust.

Chen Feng laughed loudly: "Take you as a fart?"

"Sorry, you are not as good as a fart in front of me!"

He knelt down and patted Cheng Junai's face lightly.

Smiled and said, "Does it hurt to be hit?"

"It hurts! It hurts to death." Cheng Junai trembled.

Chen Feng's voice was leisurely: "I wanted to hit you in the face once or twice, but I didn't expect it, but you have to take your own humiliation and send your face up again and again for me to hit."

"If I didn't fight, I would be too sorry for you. Are you right?"

Cheng Junai was already trembling with fright, his face was pale and sweat was like rain, but he couldn't say a word.

At this time, Chen Feng's expression became colder, and suddenly his palm slowly fell, and a palm was slapped on the top of his head.

Suddenly, Cheng Junai trembled violently, and the words of begging for mercy stopped abruptly.

He stared at Chen Feng blankly, with a look of disbelief on his face.

Then, the look in those eyes gradually disappeared.

[Chapter 3574: Have you served it?](#)

He didn't seem to know why he begged for mercy so much, but Chen Feng wanted to kill himself.

Chen Feng looked down at him, and a cold smile was drawn at the corner of his mouth: "You humiliated me, Chen Feng, and I can let it go by begging for mercy? Do you think you have this face?"

"Do you think I'm so easy to bully Chen Feng?"

After Chen Feng said this, Cheng Junai seemed to understand something.

The look in his eyes was completely dimmed, and his figure shook and fell directly to the ground.

At this time, Chen Feng slowly stood up straight, his eyes swept over the faces of the onlookers.

The crowd of onlookers has reached tens of thousands.

Many of them had ridiculed Chen Feng's words before. At this time, after meeting Chen Feng's gaze, they all trembled in their hearts and bowed their heads in a hurry, fearful.

His face was pale and trembling all over, for fear that Chen Feng would trouble him.

Suddenly, someone's legs softened, fell to his knees, and kowtow to Chen Feng.

Shouted: "Spare, spare."

With the first person doing this, many of the others knelt down, begging Chen Feng for mercy!

They are afraid that they are like Cheng Junai.

However, Chen Feng didn't even look at them, only a sneer of disdain appeared at the corner of his mouth.

For these people, even if he kills, he feels dirty!

Chen Feng turned around and looked at Shen Qingyu.

Shen Qingyu was shaking all over at this time.

He felt dizzy in front of his eyes, lost in his mind, and uncomfortable unspeakably.

Even the brain no longer has any thinking.

He was silly there for a while, and then he came back a little bit.

His heart was full of horror and unbelievable emotions, but the next moment these emotions turned into deep fear!

As the first person in the Shen family, he is used to seeing big scenes and has always responded extremely quickly.

Therefore, at this time, he immediately realized very clearly: "I, I was defeated by Chen Feng."

"I was defeated by Chen Feng with one stroke!"

"Not only was the rudimentary form of my Shenyuan Zhanzun shattered by him, my body was almost broken by him now, and I have no fighting power in front of him."

"He wants to kill me now, it's as simple as pinching an ant."

"He, he can easily pinch me to death now!"

Endless fear flashed in his heart.

And just when his thought came out, suddenly, he heard a footstep approaching here.

He opened his eyes and looked.

There was blood in his eyes, and his vision was bloody, but through the boundless blood, he could still see a pair of boots falling in front of him.

Shen Qingyu raised his head with difficulty and looked up along the boots.

I saw a white dress like snow.

Chen Feng lowered his head and looked at him, with a smile at the corner of his mouth, but his face was full of coldness!

He looked at Chen Feng, opened his mouth and trembled: "You..."

Chen Feng smiled and said, "Now, have you taken it?" *novelusb.com*

"Served! I took it!" Shen Qingyu shouted.

Of course he was convinced. At this time, facing Chen Feng, he had no fighting spirit, no arrogance and disdain before, and no calmness and calmness before, and he had no chance of winning.

Some are just shocked and afraid, not believable.

Chen Feng looked at Shen Qingyu, then smiled and said: "Shen Qingyu, I said you are just an ant, have you wronged you?"

Chen Feng's words, like a dull thunder, hit Shen Qingyu's body severely.

"Yeah, he said I was an ant, he didn't wrong me!"

"I am really just an ant in front of him!"

"Shen Qingyu, Shen Qingyu, you are really ridiculous."

"Compared with Chen Feng, your strength is far away, and you are not qualified to be compared with him at all!"

"You laughed at him like that before, as everyone knows, you are the one who should be laughed at!"

After recognizing this fact, he wowed twice, and another big mouthful of blood spurted out, and he was hit harder!

He even wanted to die now.

"If you die now, you don't have to suffer such humiliation anymore, if you die now, you don't have to worry about so much anymore!"

But suddenly, in his mind, he suddenly thought of the Shen family.

"The Shen family, in our generation, there are only six of our brothers left!"

"Shen Qingyu, Shen Qingyu, if you die, then the Shen family will be destroyed!"

"If you admit it now, then the Shen family will no longer exist!"

"The Four Masters may have all the cultivation of you disappeared. What do you say to revitalize the Shen family? What do you say to become a general of Tianlongwei in the future? It is a **** thing!"

"Shen Qingyu, how could you just retreat like this?"

"Are you still a man! You have to stand up! You have to hold on! You can also ask the Fourth Master for help!"

"As long as you support it for a while, the people sent by the Fourth Master will be able to arrive. By then, even if you are all seriously injured, even if you no longer have the slightest combat power, it doesn't matter!"

"The person sent by the Fourth Master will clean up Chen Feng, and for the sake of being a dog, the Fourth Master will not treat our Shen family wrongly!"

His thoughts gave him another glimmer of hope in that despair.

So, he trembled suddenly, reached into his arms, and took out a small crystal from his arms.

Chen Feng saw that it was a red crystal the size of a fist.

At this time, a drop of blue-black menstrual blood was being sealed in the red crystal.

In the blood, there are faintly intermingled with blue and golden thunder and lightning light **** constantly arising and disappearing!

Chen Feng raised his brows: "This is also a drop of thunder blood?"

However, this thunder blood, let alone compare with the incomplete drop of thunder blood he got in the God of War Chamber of Commerce, even if it was compared with the purity and strength of the thunder blood veins revealed by the brothers of the Shen family. It's all pretty far!

Obviously, this is just a thunder blood that is not so powerful and pure.

Then, Shen Qingyu slapped, crushing the well, and then directly dripped the drop of blood into his mouth.

During the whole process, Chen Feng had been watching so quietly, without stopping at all.

Because Chen Feng knew that things would never be out of his control.

He wanted to see how many hole cards this Shen family and Shen Qingyu could still play!

And after that drop of blue-black Thunder Essence blood dripped into the mouth, a surging force immediately radiated from Shen Qingyu.

Then, Shen Qingyu vomited a few mouthfuls of blood, all congested.

But his spirit has improved a lot, and the wounds on the surface of his body have slowly healed.

It seems that most of the injury healed in a blink of an eye!

Then he slowly stood up, his aura began to vibrate again!

[Chapter 3575: Rescue soldiers? Just move!](#)

He stared at Chen Feng and said in a deep voice, "Chen Feng, why don't you stop me?"

Chen Feng smiled and said: "Please do it yourself! Even if you open up your hole cards one by one."

A cold smile appeared at the corner of his mouth: "I will smash your hole cards one by one, and I will smash your ignited hopes one by one, which will make you painful!"

"An ant is an ant, and want to make waves?"

These words made Shen Qingyu's face flushed.

This was a huge and unparalleled humiliation to him, but he could not say a word.

Because this is the fact!

Chen Feng has this strength!

Suddenly, he stretched his hand into his arms again, then took out a small thing, snapped it, and crushed it.

Suddenly, a blue ray of light hit the sky directly, reaching a height of several kilometers, and then above the sky, those rays of light bloomed.

A huge white crane pattern condenses in the air.

I'm afraid that the upper city area of Sky Dragon City can be seen clearly.

After a long time, they dispersed.

A smile appeared at the corner of Chen Feng's mouth: "Is it necessary to move rescue soldiers? Okay, just move!"

Shen Qingyu looked at Chen Feng and took a deep breath: "Tell you, Chen Feng, I will definitely win today."

"Dead, it will definitely be you!"

"Do you know what a powerful rescuer will be when the signal I release? Do you know who is standing behind me?"

Having said that, he became extremely excited and proud again.

Thinking of the Fourth Master behind him, he immediately felt confident, and his expression on his face became arrogant and arrogant again.

"Chen Feng, you will definitely pay for what you do today!"

He laughed arrogantly: "You gave me this opportunity to find my way!"

Chen Feng laughed loudly: "You said the same just now. Just now you said that I can't beat you in anything."

"Compared to realm, strength, and spirit body, I can't match you, now? What about the facts?"

Chen Feng laughed loudly: "Fighting martial arts, fighting for cultivation, you can't fight me!"

"Fighting the Shenyuan combat body, you still can't fight me!"

He pointed to Shen Qingyu and said proudly, "What do you compare with me? How do you deserve to compare with me? What are you in front of me?"

Everyone was silent, and everyone looked at Chen Feng blankly.

The young man in white stood proudly in the void.

The wind is coming slowly, and the clothes are hunting.

His black hair was dancing in the air, his face was extremely clean, his expression resolute, and his face had an unrelenting determination.

He pursed his lips, his lines were cold, and he had an unspeakable confidence.

When the many female martial artists in the crowd watched, they couldn't help but feel like a deer, and their faces turned red.

Suddenly, this thought came into my mind at the same time: "This is the real man!"

After sending out the signal, Shen Qingyu felt much settled.

Then, he looked at his younger brothers.

At this moment, the few people were trembling all over, and their faces were even more confused, not knowing what to do next.

Seeing them like this, Shen Qingyu was so angry that he coldly shouted, "What are you doing all this stupidly? What's there to be afraid of?"

"Listen to my orders and form a big formation of Lei Peng Qisha!"

With his words, everyone seemed to have found the backbone, and all of them were cheered up.

Even Shen Tongguang, who was badly injured, braced himself.

After hearing him utter the six words of Qisha Lei Peng Great Formation, he even shouted: "Okay!"

Suddenly, these five people all stepped forward and surrounded Shen Qingyu in the middle.

Six people formed a strange position.

Chen Feng watched them moving with interest, without any stop, just smiled and walked to the side.

It was as if they had not seen the actions of the six brothers of the Shen family at all.

He completely ignored them, was naked disdain, and didn't put them in his eyes.

This scene made Shen Qingyu's expression even harder to see, but he couldn't say a word.

At this time, Chen Feng turned his attention to Bai Jingwan.

He walked in front of Bai Jingwan, Bai Jingwan looked at Chen Feng straight, his eyes filled with joy and excitement, and said softly: "Chen Feng, you are here."

"Yes, I'm here, I'm late, I've made you wronged!" Chen Feng said softly.

"Where can I be wronged?"

Bai Jingwan smiled and said, "With you, no matter how wronged, I am willing."

The voices of the two of them were plain and flat, but they were full of unspeakable emotions.

The golden rope bound Bai Jingwan firmly, and Chen Feng just touched it with his hand.

Suddenly, with a snap, a burst of light like thunder and lightning hit Chen Feng's hand directly from above, making Chen Feng's right hand numb!

Chen Feng raised his eyebrows: "This golden rope is really interesting!"

The power of the dragon descending Arhat rushed out of his body, and the thunder and lightning was instantly resolved.

Then he grabbed the golden rope directly, trying to untie it, but what surprised him was that he couldn't grasp the golden rope at all.

The rope didn't move, but with Chen Feng's grasp, it tightened inward.

Suddenly, Bai Jingwan let out a painful groan, there was a creak above her body, and her bones seemed to be strangled.

Chen Feng was startled: "What is this?"

"With my current cultivation base, I can't even pull the rope away? On the contrary, I tightened it tighter?"

However, Chen Feng didn't panic, just said softly: "I'll take care of a few of them first, ask the origin of this thing, and then save you."

"Let's take it easy and bear with it."

Bai Jing smiled gracefully: "Don't worry, don't worry about me, just go!"

Chen Feng hugged her and came to the edge of the square. Obviously, it was not easy to be affected by the fighting on the square, and it was considered a fairly safe place.

Then he turned around.

At this time, Shen Qingyu had already activated the seven evil Lei Peng formations.

The next moment, all six of them began to constantly change their positions, their feet constantly changing again and again.

At the same time, every time they stepped on it was extremely hard, and a wave of thunder force rushed out of their bodies and penetrated onto the ground.

With each stepping on them, there will be a small light spot full of thunder on the ground.

They stepped on extremely fast, and in a blink of an eye everyone had already taken hundreds of steps.

Thousands of thunder light spots appeared on the ground too, extremely dense, but no two overlapped.

The next moment, as Shen Qingyu shouted another violent roar, the Shenyuan battle body appeared.

As a result, all six people sacrificed their own souls.

[Chapter 3576: Thunder Golden Wing Roc!](#)

Even Shen Tongguang, who was seriously injured, was faltering and sacrificed his broken body of the gods!

Immediately, six giant thunder birds appeared in the sky.

These six divine origin battle bodies, all of them are Thunder Giant Birds, they look almost the same, but their power is quite different.

Only a small part of Shen Yang Xu, the weakest, became incorporeal, and Shen Qingyu, the strongest, was already the prototype of Thunder Giant Bird God Yuan Zhan.

Then, with the appearance of these six Thunder Giant Bird Divine Origin battle bodies, all the lightning spots above the ground were all lit up.

Then, suddenly, a ray of light began to appear above the outermost thunder spot, connecting to the next thunder spot.

Then, at a very fast speed, this light is to connect all the lightning points, bang bang bang, all together.

There are countless lines running horizontally and horizontally, forming a mysterious array.

In the next moment, countless waves rose in this magic circle.

A huge, extremely dull thunder blasted in the formation.

A bluish-black thunder and lightning pierced the sky, with countless golden colors during the period.

Then, all six of the six brothers of the Shen family actually floated.

The boundless thunder landed from this beam of light.

This is a huge beam of lightning, but the six of them are in it, unscathed.

Those beams of light passed through their bodies, and it seemed that their bodies had become blurred.

Even people who were seriously injured like Shen Tongguang's injuries have improved a bit!

This scene shocked the world. The entire upper city area of Sky Dragon City, and even the entire Sky Dragon City, can see that huge beam of light that leads directly to the sky!

And with the appearance of the beam of light, numerous dark clouds gathered in the sky and pressed down.

There are countless thunder and lightning, looming.

The surrounding audience exclaimed.

"Seven evil Lei Peng array! The Shen family actually used the Qi evil Lei Peng array!"

"This seven evil Lei Peng formation is the Shen family's most powerful formation, and it is also their family's ability to hold down the box!"

"Yes, I have heard of it before, but I have never seen the lineup of this formation."

"Don't say it's you, I'm afraid that no one in this Heavenly Dragon City has seen this formation. It has always existed in the legend before."

"They all know how strong they are, but they don't know how strong they are."

"This Seven-Evil Lei Peng formation has gathered the power of the six brothers of the Shen family. In this case, it is possible to fight Chen Feng!"

At this time, no one around dared to underestimate Chen Feng.

All those who underestimated Chen Feng were slapped in the face by the facts!

Everyone was looking forward to this scene, and Chen Feng was also looking forward to it.

Because he felt a familiar thunder breath in this big formation.

This breath actually made him feel a little close!

The next moment, suddenly above the sky, a huge thunder exploded, then another one, and then another third!

Boom boom boom, a total of nine huge thunders blew up, slashing fiercely below.

Nine lightnings, one after another, spread from above the sky to the middle of the formation, a full length of several kilometers.

These nine lightnings possess extremely powerful power.

They absorbed all the boundless thunder power gathered in this beam of light and in this formation.

Then, nine lightning bolts smashed into the bodies of these six people.

Among them, Shen Qingyu alone occupies four thunder and lightning, and the remaining five people, each occupying one thunder and lightning.

Then everyone exclaimed.

It turned out that they saw that as the nine thunder and lightning fell, the six brothers of the Shen family had begun to change.

Their bodies have actually become virtual, and finally turned into a virtual shadow.

Then, the boundless golden lightning filled it, and their phantoms were slowly changing.

In the end, these six phantoms were actually merged together!

Then, people saw that this phantom's body stretched out and expanded to both sides.

A bird's head grew out of his head.

Two bird claws grew under him.

On both sides of it, two bird wings grew.

These six people, six phantoms, and six divine essence battle bodies merged together, and they turned into a phantom of a giant bird!

"This formation can turn people into birds?"

"That's right, and it turns six people into a giant bird. This formation is too amazing, right?"

When Chen Feng saw this scene, he also narrowed his eyes: "This formation is really interesting!"

The next moment, there was a loud bang, and the lightning beam above the sky directly exploded. *NoVeLUsb.com*

Then, a crisp cry sounded.

A huge raptor monster appeared in front of everyone.

This raptor monster is more than 20 meters long and has a wingspan of forty meters. The whole body is blue, and it is actually a golden-winged roc.

Extremely graceful and luxurious, with a huge momentum.

On its lustrous feathers, there are countless **** of lightning and lightning constantly rolling.

However, the strange thing is that its feathers are obviously full, but there is some darkness in the bones.

It also feels a little weird, it seems something is wrong.

Everyone was shocked.

But before they could figure out what was wrong, suddenly this raptor monster flew up and came to the sky above everyone.

Then, a huge coercion was severely suppressed, and everyone exclaimed!

"The pressure of the four-star Emperor Wu, this turned out to be the pressure of the four-star Emperor Wu!"

The strength of this raptor monster has reached the four-star Wudi!

Many people with low cultivation bases fell directly to the ground under pressure, unable to even stand up.

Their eyes are full of fear!

In the next moment, the golden-winged roc made a human voice, hoarse like a metal crash.

He looked down at Chen Feng, his eyes full of pride.

"Chen Feng, you little bastard, you are so big, didn't you interfere with me just now?"

"Hahaha, now my formation has been completed, and the six of our brothers have turned into this Thunder Golden Winged Roc, you are sure to die!"

As he said, there was a jealous laugh.

"It turns out that this raptor monster, named Thunder Golden Wing Roc, is really a domineering and mighty name! It also matches his strength quite well!"

"Yes, his strength is also very strong, now he has four-star invincibility, and I feel that its aura is still rising!"

Chen Feng ignored the provocation of the Thunder Golden Wing Roc.

He just squinted his eyes and looked up, and quickly saw a bit of the doorway.

"This Lei Peng formation of seven evil spirits is not a simple formation, but a fusion of six people."

[Chapter 3577: Four-star Wudi peak!](#)

"The six of them, each of them turned into a certain part of the golden winged roc, and then the six people combined to form a complete golden winged roc."

"It turns out that this is the secret of this formation."

The crowd around the audience exclaimed.

"This formation is really amazing!"

"Yes, don't say I have seen it before, I have never heard of such a formation before, it turns out that there is such a mysterious formation in the world, and the power of six people is combined into one."

"Moreover, this is not as simple as the power of six people stacking up! This is to double the effect!"

An old man who was very old, with gray hair and beard, twisted his beard and said:

"If there are six one-star martial emperors, if they use this formation, then the strength can almost be comparable to the second-star martial emperor mid-term."

"You know, a two-star martial emperor's mid-term, it is more than enough to deal with six one-star martial emperors."

"A two-star Wudi is much rarer than six one-star Wudi!"

"Yes!"

A rough man next to him said in an interface: "We all know that only one out of a dozen or twenty one-star martial emperors can break through to a two-star martial emperor."

"Six one-star Wudi turns into a two-star Wudi, then this deal is really a bargain!"

"Yes, this formation can be called the ancient strange formation based on this effect alone. I don't know where the Shen family got it."

Everyone was amazed, and at the same time was shocked by the effect of this formation.

When Chen Feng looked at it, his eyes narrowed.

At this time, the golden winged big Peng fluttered up, and his body was madly steaming, bringing a tyrannical sense of oppression.

The strength of this golden winged roc has reached the early stage of the four-star Wudi, and it is still rising!

Shen Qingyu and Shen Tongguang, the two most powerful people turned into the two giant claws of this golden winged roc.

They are the strongest people, so naturally they should be placed in this place with the strongest attack power.

The other two were second in strength, and they turned into the wings of this golden winged roc.

Shenyang Xu and Shen Jiantong are the weakest.

So, one of them turned into the head of the golden-winged giant Peng, and the other turned into the chest and abdomen of the golden-winged giant!

"Military, the Golden Winged Roc is incomplete, and this Golden Winged Roc is by no means perfect!"

Chen Feng suddenly narrowed his eyes, and stared at a spot.

He actually saw the weakness of this golden winged roc!

It turned out that there was one thing missing from this Golden Wing Roc!

That is, its tail!

The fact is also true!

This formation was called the Qisha Lei Peng Great Formation, which was originally composed of seven people.

It takes seven people to perform.

But they only had six brothers, and six people combined the Golden Winged Roc, which was fine, but there was something missing.

There will always be one less part.

The six of them are also well aware of this weakness, but it is impossible to bring in another outsider to teach this secret method.

This is the magic weapon of their Shen family, and it is absolutely impossible for outsiders to obtain it.

Therefore, there are only six people.

Therefore, they sum up their experience during the exercise.

In the balance of the two evils, whichever is less, it is decided that even if one part is missing, it must not be passed on to outsiders.

After they measured the various parts of the Golden Wing Roc, they decided to omit the tail.

Because in their opinion, this tail is the most useless.

At this time, the momentum of the Golden Wing Roc continued to increase crazily, and continued to grow crazily.

The four-star Wudi early stage!

Four-star Wudi mid-term!

Finally, with a sharp and incomparable tweet, the realm of the Golden Winged Roc has directly risen to the pinnacle of the four-star Wudi!

This directly caused everyone to be in an uproar!

"Four-star martial emperor peak! Goodness, has already risen to this level? It's terrible!"

"Four-star martial emperor pinnacle master, he is even stronger than the Shen Qingyu just now!"

"At the peak of the four-star Wudi, in our Tianlong City, it is estimated that only the general can win steadily, and the generals dare not say that they can definitely win!"

"That's right! It's even possible that even if the general of our Tianlongwei came here, he would only be able to equal the four-star Martial Emperor's Golden Winged Dapeng!"

At this time, above the Golden Winged Roc, there was the sound of jealous laughter.

The sound is extremely sharp, like metal rubbing.

It was also very strange, as if the voices of six people were brought together.

The voice was full of pride: "Chen Feng, do you actually know? I regret it!"

"Just now, I shouldn't have released that signal to ask for reinforcements!"

"Just relying on me, just relying on my Shen family, just relying on our golden winged roc, it is enough to kill you!"

"Hahahaha..."

After that, there was a jealous laugh.

Chen Feng's gaze was indifferent, but his heart was already awe-inspiring.

Four-star Wudi peak!

Even if it is him, he is not an opponent now.

This state is terrible!

But Chen Feng didn't regret it at all. He didn't regret just letting them form the Golden Wing Roc.

Chen Feng didn't have the slightest fear in his heart. On the contrary, his heart was beating violently, blood was flowing rapidly, and his heart was full of bold fighting spirit!

Excited!

He looks forward to fighting such a strong man!

He looks forward to fighting a master of this realm!

"What a perfect opponent!"

Instead, Chen Feng's eyes showed a touch of obsession.

"Normally, four-star Wudi peak master, I am not an opponent."

"But this Golden Winged Roc has a fatal weakness, so his strength is a little lower than the normal four-star Wudi peak, and it happens to be in the kind of realm I can challenge."

Chen Feng is not a fool, and if the enemy is very different from him in strength, he will not rush to death.

Chen Feng's eyes flashed, and he was already on the belly of the Golden Wing Roc.

His eyes did not fall on the mutilated tail, but on the belly.

A smile appeared at the corner of Chen Feng's mouth: "Do you think I can't see through?"

"A tail is deliberately missing, thinking that people think it is a defect, but it's just a trap."

"The actual life gate is in the belly!"

At this moment, outside of Shen's house, there was already a woman who came over with a small child in her arms.

This woman is Lin Ran, and what she holds in her arms is Zhong Lingzhu.

Chen Feng originally wanted to bring Zhong Lingzhu here, but he was also afraid of something wrong, and if he didn't take care of it well, he would hate it forever.

Therefore, he entrusted Zhong Lingzhu to Lin Ran and told her to come after an hour.

Because Chen Feng knew that in another hour, he would definitely have destroyed the Shen family.

[Chapter 3578: I'll take revenge for you!](#)

Then, naturally there is no need to worry about anything else.

Lin Ran walked quickly to his side and said softly: "Chen Feng, I brought Lingzhu!"

At this time, Chen Feng's heart jumped when he looked at Zhong Lingzhu.

It turned out that after Zhong Lingzhu entered this place, his mood was very wrong.

The expression was gloomy and his face flushed.

At this time, her entire face turned into a crimson color, as if countless blood was pouring out.

And her eyes were even brighter.

Her pupil turned into a vertical pupil!

In that pupil, there are countless thunders rushing, as if ten thousand thunders are sealed in it!

Her murderous aura was exposed, and endless blood poured down fiercely, giving people the feeling that the whole person was cast by hatred.

She slowly raised her head, her eyes fixed on the golden winged roc!

Chen Feng was shocked. He immediately hugged Zhong Lingzhu into his arms and whispered, "Lingzhu, how are you? Tell me, if you have anything, tell me!"

In the past, if Chen Feng was so comforted, Zhong Lingzhu would soon calm down.

But today, it is an exception!

Today, after Chen Feng said these words, Zhong Lingzhu did not relax at all.

She just stared at the people in the Shen family, word by word, her voice was full of bitter resentment: "It's them, who killed my family that day."

"They killed, they killed everyone in the Zhong family!"

"They **** the women of the Zhong family one by one, and after the humiliation, they threw them into the fire and turned them into ashes!"

"It's their hands! It's them!"

When he said the last sentence, his voice suddenly became extremely high-pitched!

There was a shrill cry like tearing eardrums!

This sharp shout came from his mouth, but it shook out to the side in an instant, covering the entire square.

Chen Feng felt that his eardrum was in pain for an instant!

If he is so, let alone others!

Her scream, like the substance, spread out wildly.

Suddenly, all the people onlookers screamed, covering their ears, and shouting, "What is this sound?"

"This voice, how does it feel like tearing my soul apart, it hurts!"

"My brain hurts! My ears hurt!"

There is blood flowing out of their ears!

Seeing this scene, Chen Feng was shocked.

"This scream is not like a human cry, but rather like a bird's call."

"Its essence should be extremely crisp and melodious, but at this time, because Zhong Lingzhu's heart is full of hatred, so that this scream is like a demonic scream, with such a powerful kill."

"Lingzhu, what is the origin? What kind of blood does she have? She has such power!"

"You know, she is still young, and she hasn't undergone serious training. With her talent alone, she can utter a scream comparable to the full blow of the Samsung Wudi!"

"This can only show that her talent is extremely terrifying!"

Chen Feng hugged her in his arms and stared at Zhong Lingzhu's eyes, saying, "Lingzhu! I know that the Shen family destroyed your Zhong family and killed your people!"

"I will avenge you, don't worry!"

"today!"

Without turning his head back, he just turned around and pointed at the Thunder Golden Winged Dapeng above the sky: "People of the Shen family, I will kill them all!"

"As long as anyone with the blood of your Zhong family on their hands that day, none of them will stay! All will be killed by me!"

The Thunder Golden Wing Roc gave out a weird laugh, full of disdain.

"Chen Feng, Feng Da is not afraid of flashing his tongue, so he is saying such big words here? Can you kill it?"

Chen Feng ignored them, completely ignored them, full of contempt.

He just looked at Zhong Lingzhu and said word by word: "But I don't want you to fall into hatred."

"I just hope you are happy and grow up happily. I don't want you to be like this. Do you understand?"

Zhong Lingzhu stared at Chen Feng Zhengzheng, the red light in his eyes suddenly rose and died twice.

Then, it slowly became dim.

Then, she broke free from Chen Feng's arms, walked to the side, and sat down cross-legged.

The next moment, a red light supported her.

She just sat vainly in the void.

Seeing this scene, Chen Feng was stunned: "How can Zhong Lingzhu have such a cultivation level?"

The scene that happened at the next moment shocked him even more!

It turned out that Zhong Lingzhu suddenly spoke, but her voice didn't seem to be normal, but it seemed to come from her soul.

Very old, just like an old man said through Zhong Lingzhu's mouth.

He looked up, looked at the Thunder Golden Wing Roc in the sky, and sneered: "What kind of **** is this Thunder Golden Wing Roc, it's at best a counterfeit!"

"Even a feather of a real Thunder Golden Wing Roc can't be compared!"

"How powerful is the real Thunder Golden Wing Roc? Have you seen it?"

"The real Thunder Golden Winged Roc can stir up a wave of three thousand miles high with a single wave of its wings! The back of that Roc can be tens of thousands and hundreds of thousands of miles!"

"The Thunder Golden Wing Roc can fly for ninety thousand miles as soon as it spreads its wings!"

"That is to be able to cross the sky, cross the world, and soar in the universe!"

"Between the birth and death of wings, a small thousand world can be torn apart!"

"What are you guys? You are also worthy of calling yourself Thunder Golden Wing Roc?"

There was disdain in her voice.

Then, he leaned to Chen Feng's side, lowered his voice, and said, "The key point is in the belly."

Chen Feng was stunned for a moment, he took a deep look at Zhong Lingzhu, and then understood.

I'm afraid that the master in this clock Lingzhu should no longer be her own. It is estimated that Zhong Lingzhu's ancestors once left a trace of divine thought.

It should have been in danger before, and even awakening is useless, so it has been suppressed.

Now, it is awakened, and give yourself some guidance.

Chen Feng smiled slightly and said in a low voice: "Don't worry, I can see it!"

Zhong Lingzhu glanced at Chen Feng in surprise, and didn't say much.

Chen Feng patted Zhong Lingzhu on the head lightly, looked at her, and said word by word: "Whether you can know that I am talking to you now, I still want to tell you!"

"Zhong Lingzhu, I will avenge you!"

Having said that, he turned around and slowly rose into the air to meet the Thunder Golden Wing Roc in the sky!

Everyone's eyes fell on Chen Feng and the Golden Winged Roc, holding their breath, their eyes were awe-inspiring.

[Chapter 3579: Shake!](#)

They even felt more nervous than Chen Feng, and they all wanted to know whether Chen Feng could do it.

Can he defeat this monster that has reached the peak of the four-star Wudi!

Chen Feng looked at the Thunder Golden Wing Roc on the opposite side, smiled slightly, and said, "The six of you are dead! Come on!"

"Boy, arrogant!"

Thunder Golden Wing Dapeng let out a violent roar, and then directly hit Chen Feng fiercely.

This Thunder Golden Wing Roc has reached the pinnacle of the Four-Star Martial Emperor. He doesn't need to use anything else. His most powerful attack is his body, which is the body transformed by the six people!

Between the flapping of its wings, countless wind and thunder gathered in the sky!

Thunderclouds spread all over again, and countless thunder and lightning blasted towards Chen Feng!

Naturally, Chen Feng would not take this seriously.

When he stretched out his hand, he crushed it all.

In a blink of an eye, the Thunder Golden Wing Roc came to him!

At this moment, a smile was drawn at the corner of Chen Feng's mouth, and he also roared: "Take the sky idol combat body, come out!"

Behind him, the battle body of Tatian idol suddenly appeared.

Chen Feng said softly: "This time, take out all your power!"

He knew that Tatian Idol War Body had not tried his best before.

Behind Chen Feng, he stepped on the idol battle body, raised his nose and let out a long roar.

Then, it was directly rushing with four hoofs, stepping on the void, and slamming towards the opposite Thunder Golden Wing Roc.

He didn't have those thunder and lightning visions, and seemed unremarkable.

However, compared with the Thunder Golden Winged Roc on the opposite side, it is not in the slightest!

Chen Feng could feel that a deep and inexplicable force, like an abyss like a sea, oscillated in the body of the Tiantian idol war body!

In the next moment, the battle body of the stepping **** elephant collided fiercely with the golden winged roc!

There was a loud noise, and suddenly, a strong shock wave appeared.

Focusing on the Tengtian Idol battle body and the Thunder Golden Wing Roc, it blasted fiercely from all directions.

That huge and incomparable sound shook the entire upper city at this moment, and the sound was huge.

Everyone's ears were looted once again, and many people were screamed in pain, blood flowing out of their ears.

And that huge shock wave smashed them into flight!

Under this shock wave, the entire Wang family collapsed and turned into rubble with a bang.

Everyone was shocked, this time the impact was so powerful!

And following this impact, the Tatian idol battle body let out a muffled roar.

The Thunder Golden Wing Roc also issued a tweet, both of them retreated!

However, the Thunder Golden Wing Dapeng only retreated a few tens of meters, then turned over and stabilized his figure again.

The Tengtian Idol battle body staggered back 100 meters, let out a muffled roar, and staggered.

Obviously, it has fallen short, and it is not the opponent of Thunder Golden Wing Roc.

Seeing this situation, Thunder Golden Wing Roc was extremely proud and laughed wildly, "Chen Feng, is this your strongest move?"

"Do you have any hole cards?"

"I'm telling you, your strongest move is far from my opponent and will soon be scrapped by me!"

"At that time, I see what you do!"

Chen Feng was silent, but a glimmer of light flashed in his eyes!

Although the Tiantian Idol War Body is not the opponent of Thunder Golden Wing Roc, this scene is already enough to shock people.

"The two of them are on the same level!"

Everyone was stunned: "Four-star Wudi peak, Chen Feng's Shenyuan combat body can hardly shake the four-star Wudi peak! It's terrifying!"

They looked at Chen Feng's gaze like a demon.

Chen Feng sighed softly: "The quality of the Tengtian idol body is far higher than this Thunder Golden Wing Roc, but the quantity is too bad."

"Now stepping on the sky **** image battle body, it is only about ten gods."

"And this Thunder Golden Wing Roc is composed of six divine origin battle bodies, and Shen Qingyu's divine origin battle body alone has a total of ninety-nine gods!"

"Six together, at least two hundred divine gangs."

"A good tiger is no more than a pack of wolves!"

"But..."

A smile appeared at the corner of Chen Feng's mouth: "I guess it's true. This Thunder Golden Wing Roc hasn't reached the peak of the Four-Star Martial Emperor. It should be a little weaker."

"So my Heavenly Stepping Idol War Body can still contend with it, but probably only seven or eight times!"

"But this is enough!"

A sly smile appeared at the corner of his mouth: "Enough."

At the next moment, Chen Feng laughed loudly: "Go on!"

Then, he stepped on the battle body of the **** image and slammed forward.

The Thunder Golden Wing Roc did not show any weakness, but also slammed together.

Another huge shock wave spread out, and the two were equally divided.

There was another loud bang, but the Shen family was baptized again.

Chen Feng laughed again: "Come again!"

With a bang, they hit together for the third time!

Then, the fourth impact, the fifth impact...

Finally, with this collision again and again, the Thunder Golden Wing Roc began to dim and sway.

Chen Feng felt that if he hit another five or so, he should be broken.

However, at this time, the situation of the battle body of Tatian Idol was even worse.

Always invincible, the extremely tyrannical idol battle body, at this time there were countless cracks on the body, and the breath was also rapidly reduced.

At the same time, Chen Feng also felt an extremely dissatisfied emotion from the body of the stepping idol.

Chen Feng let out a sigh of relief, "Treading on the god-like battle body, it can support at most three times."

"Moreover, if I hit him again, he will most likely go back!"

Chen Feng was not willing to try the power of the backlash of the god-like battle body.

"Hold on!"

A smile appeared at the corner of his mouth: "Alright, almost!"

And Chen Feng's eyes glanced at the chest and abdomen of the Thunder Golden Wing Roc, and then moved away again.

The next moment, Chen Feng shouted: "Come again!"

the sixth time!

Stepping on the heavenly idol battle body, it crashed into the thunder golden-winged roc for the sixth time!

The Thunder Golden Wing Dapeng laughed triumphantly: "Chen Feng, you know it, and I know it too."

"You have the most battle body of the gods, and you can hold on three more times!"

"And I, after three times, I can launch at least two more attacks!"

"When the time comes, I will see how you die, I will see what you can do to contend with me!"

After that, he let out a ferocious roar, and greeted him with the combat body of Tatian idol.

This time, he completely faced the Tatian idol battle body, and didn't pay any attention to Chen Feng at all, and didn't think he could pose a threat to himself.

[Chapter 3580: One sword!](#)

At this moment, Chen Feng's gaze flashed by: "It's time! This is the impact!"

It turned out that Chen Feng just wanted to do it.

However, Shen Qingyu and others were extremely afraid of Chen Feng at this time, staring at Chen Feng all the time.

The few times just now, even with the impact, it still looked at Chen Feng with great fear, for fear that Chen Feng would do it.

However, after these five collisions, he thought that Chen Feng had no combat power anymore and could only count on the Tiantian idol battle body.

Therefore, at the time of the sixth impact, there was no defense against him at all!

He is big!

With a loud bang, the Tiantian idol battle body and the Thunder Golden Wing Roc collided once again.

This time, when stepping on the body of the heavenly idol's battle body, the countless cracks expanded wildly, almost from the beginning to the end.

It feels like another hit, he will be broken!

Those cracks expanded crazily, and the battle body of the Treading Heaven idol also let out a painful cry.

That Thunder Golden Wing Roc also dimmed for an instant.

His left and right wings almost flew out of the body, but he was stabilized again!

At this moment, Chen Feng suddenly let out a violent roar: "Kill!"

The next moment, behind him, the Nine Dragon sword pouch suddenly emerged.

Then, Chen Feng patted on the Nine Dragon Swordsman!

A wound was opened in his right hand, and the blood instantly stained the Nine Dragon Swordsmen!

At the same time, Chen Feng whispered a few spells in his mouth.

The next moment, the Nine Dragon Swordsman expanded wildly!

With a bang, from the inside, a huge long sword flew out.

It rises in the wind, and in a blink of an eye, it reaches a full length of 100 meters!

It is the treasure of the Beidou Sword School: the Nine Dragon Aotian Sword!

Then, Chen Feng laughed: "Nine Dragon Aotian Sword, go!"

The direction he is pointing is exactly the chest and abdomen of the Thunder Golden Wing Roc!

As Chen Feng's mind turned, the Nine Dragon Aotian Sword madly pierced the thunder and gold-winged Dapeng's chest and abdomen.

At this time, the Thunder Golden Wing Roc had even just recovered.

After all, Chen Feng is too fast!

Everything is done in a flash!

At the moment he collided with the battle body of Tatian Idol, Chen Feng completed this series of actions.

When he just came back to his senses, he discovered that the Nine Dragon Aotian Sword was already present!

And he, it is too late to hide!

There was a bit of dread in his eyes, and there was only time to let out a scream of horror.

The next moment, the sound stopped abruptly.

With a loud bang, the Nine Dragon Aotian Sword hit his chest and abdomen fiercely!

This is the Nine Dragon Aotian Sword!

This is the treasure of the Beidou Sword School!

This is a magic weapon even more terrifying than Chen Feng's supreme Longyang sword!

You can imagine how powerful such a weapon attack is!

With a loud bang, the Thunder Golden Wing Roc issued a miserable cry.

His chest and abdomen were directly sunken, and a huge amount of blood sprayed out on it.

Then, with a loud bang, the chest and abdomen disappeared.

Two people appeared on the spot, the two who turned into the thorax and abdomen of Thunder Golden Wing Roc.

The two of them were covered in blood at this time, vomiting blood crazily, and their bodies fell down!

And as the two of them showed their true shape, the Thunder Golden Wing Roc could no longer sustain.

There was another loud bang, and with a terrible cry, full of unwilling howls, the Thunder Golden Wing Roc directly exploded to pieces.

Golden Wing Roc, disappeared directly!

At this time, Chen Feng was also distressed to put away the stepping idol war body, for fear of something wrong with him!

Six figures appeared, smashed down crazy!

Among them, Shen Qingyu fell down while looking at Chen Feng, screaming: "You, you actually defeated our Thunder Golden Wing Roc!"

But at this moment, Chen Feng laughed with great pleasure.

His heart was extremely refreshed, and the block in his heart had been frustrated for a few days. At this moment, after the sword just now, it completely dissipated!

After the sword was struck just now, Chen Feng felt hearty!

He laughed: "Come again! Are you still coming?"

"You Shen family, do you compare with Chen Feng?"

"You compare with me? Are you qualified?"

At this time, the people onlookers around had only come back to their senses, and they all cried out.

They were not even surprised that Chen Feng could defeat the Thunder Golden Wing Roc.

Because of Chen Feng's strength, it was too terrifying.

They were shocked by Chen Feng's weapons.

"God, the Nine Dragon Aotian Sword, Chen Feng turned out to be the Nine Dragon Aotian Sword!"

"Yes, I can't believe it. Isn't this the treasure of the Beidou Sword Sect? How could it appear in Chen Fengfeng's hands?"

"It seems that the previous rumors are true. Chen Feng was really involved in the great change of the Beidou sword card, and it has also benefited greatly."

And that was the moment when the Thunder Golden Wing Roc suddenly dissipated, in the Dragon City that day, there were also several pairs of eyes that had been watching here.

However, there are different reactions!

At this time, in the General's Mansion, at the top of the tallest tower.

Pu Xingzhou was standing there by himself, his eyes swept over here.

He is the highest point of Sky Dragon City, and everything in Sky Dragon City is in full view.

And Chen Feng was in this mansion at this time, in the battle of the Shen family, although he was far away, even if he was in strength, it was not so refreshing.

But with his tyrannical strength, he can really feel it, and know what is happening now.

She sighed slightly, looked at Lan Zihan next to her, and said softly: "Unexpectedly, the conflict still occurred after all."

Lan Zihan sighed softly: "This matter is not yours."

"Even, it is not Chen Feng that he can call the shots!"

He paused, and then said: "A few hours ago, when I learned that Chen Feng had gone to Shen's house, I was very surprised!"

"Chen Feng is not the kind of person who is impatient, nor is it the kind of person who perfidces, so I sent someone to investigate."

"I just learned that it turned out that in the past two days, the Shen family provoke Chen Feng frantically."

"Not only did he openly rammed Chen Feng's chariot during the military parade outside the city yesterday, and provoke Chen Feng."

"Furthermore, this morning, Bai Jingwan was taken away!"

"Bai Jingwan is one of the people Chen Feng cares about the most. If Chen Feng doesn't respond at this time, then..."

He paused lightly, and then said flatly: "Even his subordinates look down on him!"

"I know."
