

## Peerless 3581

### [Chapter 3581: He shouldn't provoke Chen Feng!](#)

Pu Xingzhou's expression remained unchanged, but his eyes were cold: "Originally, Chen Feng can now avoid conflict with the Shen family."

"Chen Feng will not trouble the Shen family, nor does he have the courage to trouble him."

"And in these two days, the Shen family did these things abnormally, so there is only one explanation..."

A smile appeared at the corner of his mouth: "I probably know what is going on, it seems..."

He sighed faintly: "Someone is behind Shen's house, supporting him!"

Lan Zihan's eyes flashed, and he also guessed what was going on.

There was a look of indignation in his eyes: "Ten years ago, it was not enough that the man drove the Shen family to do that kind of thing, and he came here today to stir the wind and rain?"

Pu Xingzhou sighed softly and said, "Do you know why I must stop Chen Feng?"

Lan Zihan was taken aback for a moment, and then said: "Isn't it afraid that Chen Feng will affect you?"

He dared not say more about the rest.

After all, if we go on, it is Pu Xingzhou's selfishness, and he is afraid that Chen Feng will affect his status.

Pu Xingzhou smiled slightly: "Do you really think I would do this? Do you really think that I care so much about the position of the Tianlongwei general?"

"even....."

He looked at the tall tower next to him, which was only a foot shorter than his tower, and smiled and said, "You really think. What can he do to me?"

When Lan Zihan heard this, he was shocked and said: "The general, what do you mean by that?"

Pu Xingzhou sighed softly: "The reason I did this was to prevent him from noticing Chen Feng."

"To prevent him from paying attention to Chen Feng, the real purpose is to prevent Chen Feng from paying attention to him!"

"Because I understand this person's temperament, as long as he notices Chen Feng, Tyrant Ma will probably get into conflict."

He looked at Lan Zihan: "I don't want him to have a dispute with Chen Feng, do you know why?"

"Are you afraid that he will be disadvantageous to Chen Feng?" Lan Zihan said.

Pu Xingzhou said: "The words are only half right. I am afraid that he will be disadvantageous to Chen Feng, and I am also afraid that Chen Feng will be disadvantageous to him."

"Chen Feng is against him?"

Lan Zihan said in surprise: "How is it possible? He is Fourth Master! He is..."

As he spoke, his voice suddenly dropped.

Pu Xingzhou smiled and said, "I thought of it, right? He didn't understand the terrible Chen Feng at all!"

Pu Xingzhou said word by word: "Everyone who looked down upon Chen Feng failed, and they all failed miserably."

"There are many people who even paid their lives for this."

"Chen Feng is the number one person in the Dragon Vessel Continent who cannot be underestimated! Whoever dares to underestimate her must pay an extremely heavy price!"

"Even if this person is Xiahou Yinghao!"

"As long as he dares to get involved in the dispute with Chen Feng, even if he can get the upper hand in the early stage, he will beat Chen Feng into a terrible and miserable way! But in the end..."

He didn't say any more, but Lan Zihan already knew what he meant.

Lan Zihan was horrified and shocked, looking at Pu Xingzhou, a look of wonder and admiration flashed in his eyes.

He whispered: "General, you really have nothing to say about your character!"

"Siye came here this time, and many people know his purpose."

"You have repeatedly confronted him and refused to work for him. He is afraid that he wants to trap you this time."

"But you still consider him so, for fear that he will provoke Chen Feng."

Pu Xingzhou shook his head and sighed: "What can I consider for him? Not only will he not know this love, but he will only blame me."

"It's wrong, it's not a question of being uncomfortable, it's that he doesn't think I'm thinking about him!"

"Now, it's not me and him, but him and Chen Feng."

"It's nothing to provoke me. I can kill him or not? He is the fourth son of the Grand Marshal after all."

"But if you mess with Chen Feng, that's not necessarily the case."

He sighed faintly, with a touch of bitterness on his face: "Even if the fourth master wants to stir up the wind and the rain, he will eventually be the fourth son of the Grand Marshal. The Grand Marshal is kind to me, and I have to report his kindness. ."

"That's why I worked so hard to calculate."

"But he still didn't expect to be involved in this vortex."

His eyes gradually became cold, his sleeves flicked, and he turned and walked under the tower!

"Since he insists on getting involved, then I don't care about that much!"

"At that time, life and death are up to him, and I won't interfere!"

Abandon this cold sentence and walk straight on!

Lan Zihan looked at his back, and suddenly felt that his tall and tall back was a little rickety and desolate at this time.

Push forward half an hour from now.

Not far from him, a foot shorter than the central tower, above the tower that was used by Yinghao Xiahou as the palace, there was also a conversation happening.

On the high tower, in the palace, Xiahou Yinghao was lying leisurely there.

At this moment he was leaning against a group of women, all of whom were quite beautiful.

Some sang and danced there, and some fed him some exquisite food there.

Some are rubbing his temples and pressing his shoulders, which is really a real treat.

And his gaze, through the curtain of the palace, looked towards the sky outside.

His eyes were out of focus and seemed a little absent-minded.

And the fact is exactly the same. Although he is here at this time, his full attention is on the Shen family in the Shangcheng District.

Looking at the distance, I thought to myself: "I don't know how it is now?"

"Shen Qingyu and the others, have they captured Chen Feng?"

At this moment, Shen Tongguang, who was standing next to him, seemed to be able to guess his thoughts, and said with a low smile, "Si Ye, don't worry!"

"According to the information I got here, Chen Feng had already entered Shen's house more than an hour ago, and it was a lot of trouble."

"Now that an hour has passed, the people of the Shen family should capture Chen Feng no matter what."

"I guess it won't take a while before it will be delivered to you."

Xiahou Yinghao nodded slowly, a cold smile appeared at the corner of his mouth!

"Shen Qingyu, if those people can't even handle these errands, then what is the use of raising their dog!"

As soon as his voice fell, he suddenly heard a loud bang from outside.

He couldn't help being surprised, and looked up.

Then I saw a huge and bright pattern exploded above the sky.

A look of anger suddenly appeared on his face, and he suddenly got up, startled the women, and quickly stepped aside.

He strode to the window, looked at the pattern stuck in the sky, and shouted, "How is it possible, his mother!"

#### [Chapter 3582: Six drops of thunder blood!](#)

"This is the letter-passing charm I prepared for the Shen family. How did they release this signal?"

"Impossible. I gave them this signal just in case. Could it be that they actually didn't take Chen Feng?"

"Not only did they not take Chen Feng, but they also forced them to ask me for help?"

He was obviously extremely excited, and his face had become gloomy after speaking these words in a series.

Zhai Wenmin was beside him, his face also showed a touch of shock.

He and Xiahou Yinghao thought exactly the same, that is, Chen Feng must be captured by the Shen family and others.

However, they did not expect that the Shen family and others would release this signal, which meant that they had suffered great difficulties.

Even the disaster of extinction!

Xiahou Yinghao was very human after all, and soon calmed down.

He pondered for a moment, then glanced at Zhai Wenmin.

Zhai Wenmin understood it and said loudly: "Four Lord, my subordinates are willing to check."

"it is good."

Xiahou Yinghao nodded slowly.

He urged: "However, don't act rashly, just look at the situation and talk about it, understand?"

"You are my most important assistant in Sky Dragon City! Nothing to lose!"

"Yes!"

Zhai Wenmin's face showed gratitude, and he responded loudly, and then left quickly.

Xiahou Yinghao looked into the distance, his eyes were deep, and a cold smile appeared at the corner of his mouth: "Unexpectedly, I didn't expect, Chen Feng, you can still come out of the storm!"

And as the Thunder Golden Wing Roc was shattered by Chen Feng, the Thunder Golden Wing Roc collapsed!

At the same time, all of a sudden, a huge force suddenly emerged between the sky and the earth.

Above the sky and among the thunderclouds, a huge thunderbolt suddenly slammed down and directly hit the six of them.

It even penetrated all six of them!

Seeing this scene, everyone exclaimed.

Chen Feng was also stunned: "What kind of attack is this? My attack doesn't include this!"

"Could it be that someone helps us?"

Chen Feng squinted at the thundercloud.

But soon he discovered that this was definitely not someone helping himself.

This is definitely not an attack by the warrior.

It's a power of heaven and earth!

This turned out to be an attack between heaven and earth!

Chen Feng frowned, "I feel that this power is more like a thunderous force between heaven and earth, repelling the six brothers of the Shen family."

"It gives people the feeling that they want to squeeze out something from the bodies of the six brothers of the Shen family!"

The facts are just as Chen Feng felt.

The power of thunder permeated the six brothers of the Shen family, squeezing their bodies severely.

All six screamed, their faces were painful, and their whole bodies twitched and trembled.

Their bodies are still shrinking, as if a big hand is holding their bodies, trying to squeeze something out of them!

And the next moment, suddenly, bang bang, on the bodies of the six of them, each was squeezed out by a drop of faint blue things.

Afterwards, these six drops of blue things, Duoduoduo, all flew out.

There was a burst of screaming,

As for the six members of the Shen family, the screams became more intense, and they fell to the ground and rolled back and forth.

There were countless wounds on their bodies, not only the injuries caused by the attack by Chen Feng just now, but also countless wounds in their blood.

It seems that in their bodies, all the blood veins have been opened and scraped clean, and the blood veins inside have been scraped out.

This caused them to be covered in blood, turning into blood gourds.

And their aura is extremely weakened.

It is not only the decline of strength that is seriously injured and dying, but also the decline of blood that has been deprived of blood, and the strength has dropped sharply, almost turned into the decline of ordinary warriors!

Even Shen Qingyu, who is relatively older, can't even maintain his appearance, is already described as withered and gray-haired.

When Chen Feng saw this scene, his brows suddenly raised: "What kind of power is the Thunder that just smashed down? Even the six of them were stripped of their blood?"

"They are already deprived of their bloodline power!"

At this time, the six drops of blue-black blood were floating in the air.

The thunder that fell from the sky was divided into six branches, and at the end of each branch was a drop of blue-black blood.

Chen Feng looked and saw that every drop of blue-black blood was about the size of a baby's fist.

The whole body is faintly blue, and among the faint blue and black is even more golden.

Pure and extremely beautiful.

Chen Feng breathed heavily in an instant: "Six drops of thunder blood!"

"This is six drops of extremely high-level, extremely pure Thunder blood! If I expected it, it should be the blood of Thunder Golden Wing Roc!"

At this moment, Chen Feng knew it in his heart.

"Six brothers of the Shen family, they must rely on these six drops of thunder blood to have this thunder bloodline!"

"Just now, I was able to achieve the Thunder Giant Bird Divine Yuan Battle Body!"

But what made Chen Feng most shocked was not this, but...

In the depths of this incident, that shocking truth!

Chen Feng's breathing was heavy: "After they destroyed the Zhong family, they not only got the thunder blood, but they should have obtained a way to infuse the thunder blood into the body and become their own blood!"

Chen Feng's heart suddenly jumped fiercely.

An idea suddenly flashed in his mind.

This idea was fleeting, but it was caught by Chen Feng.

But when he followed this thought carefully, suddenly, his heart beat wildly, and his heart became extremely eager.

Looking at the six drops of thunder blood, even his fingers trembled slightly.

The excitement in my heart cannot be added!

"Since, since they have six brothers, they can use the external force of these six drops of thunder blood to have a powerful thunder bloodline, turning the bloodline of the Shen family that had been completely fallen and not awakened into this thunder bloodline."

"So, if I get this method, can I also use external forces to distribute these powerful bloodlines to those around me?"

"Those people around who are weaker and have no blood awakened can awaken a certain kind of powerful blood in one fell swoop, turning them into martial emperor realm masters!"

"Continue to think about it. If there is such a way, then that drop of extraterritorial heavenly demon blood, that drop of terrifying to the extreme, that I dare not even touch, can it be used for me?"

Thinking of this, Chen Feng was shocked.

He knew how powerful the blood of that extraterritorial heavenly demon was.

Even he dare not touch it!

And before that, Chu Shaoyang was such a powerful master.

[Chapter 3583: Lightning body, awaken!](#)

At least, Chen Feng knew very well that the blood of the Heavenly Demon outside the Territory was much stronger than all the blood of the Dragon Vein Continent he could see!

And at this moment, suddenly behind Chen Feng, a cracked godlike battle body suddenly appeared.

Then, Yang Tian made a neigh!

Chen Feng was stunned for a moment: "Why did he appear?"

Unexpectedly, the battle body of the stepping idol flew directly next to the six drops of thunder blood.

Then, he opened his huge mouth and swallowed two drops of Thunder blood in one bite.

After swallowing these two drops of Thunder blood, he hiccuped.

The air was comfortable for a while, and the whole body trembled violently, seemingly satisfied!

The aura that had been exhausted in his body began to rise rapidly.

Those cracks are also the disappearance of large tracts.

Obviously, this is not only the supreme delicacy for him, but also repaired his injury!

Chen Feng looked at it and was stunned.

"This heavenly idol combat body actually swallowed two drops of thunder blood?"

And before he turned around, the next moment, the Tengtian Idol's battle body moved forward again, opened its huge mouth, and swallowed two drops of Thunder blood.

Chen Feng looked at it and couldn't help but shouted in shock: "Stop, stop, leave me two drops!"

Chen Feng also wanted to wonder what was going on with this thunder blood!

Hearing this, the Tatian Idol War Body just stopped, and then reluctantly returned to Chen Feng's body.

At this time, Chen Feng saw that the cracks that appeared on the body of the stepping idol had completely disappeared, and he had already recovered.

Even, for Chen Feng, his aura is stronger than before.

Obviously, these four drops of high-quality Thunder Essence blood are also quite good for the growth of the strength of the Tiantian Idol War Body.

A smile appeared at the corner of Chen Feng's mouth: "Treading the sky idol battle body, this devouring force is really powerful."

"Regardless of three seven twenty one, swallow everything."

"Before even the battle body of the gods could be swallowed, but now even the blood can be swallowed."

"However, without exception, it swallows extremely precious things, and he doesn't look at ordinary things!"

Chen Feng slowly flew to the remaining two drops of Thunder Essence Blood.

Then, the right hand made a move.

Suddenly, a huge suction came.

Those two drops of Thunder blood all flew into the palm of his right hand.

With the disappearance of the last two drops of thunder blood, the lightning above the sky also disappeared directly with a snap.

Then, the thunderclouds above the sky gradually dispersed, revealing the clear blue sky again.

Just when Chen Feng wanted to carefully examine these two drops of Thunder Essence Blood, suddenly, the Thunder Essence Blood flew out of his hand and flew to the side!

Chen Feng raised his brows and was taken aback.

Looking along the route, I saw that the direction where these two drops of blood flew turned out to be Zhong Lingzhu.

At this time, Zhong Lingzhu sat cross-legged there.

And after the two drops of blood came to her, they exuded a very respectful breath.

It is as if this Zhong Lingzhu is their master, and they are worshipping their master now!

At this time, Zhong Lingzhu's expression was unwavering, he just beckoned gently.

So, the next moment, those two drops of blood flew into her hands.

Chen Feng did not stop, because he could feel that this incident was not bad for Zhong Lingzhu.

These two drops of thunder blood circling her fingertips, Zhong Lingzhu's mouth showed a strange smile that was disfigured by evil charm, and whispered:

"These two drops of the blood of the Thunder Golden Wing Roc are quite pure."

The next moment, she clenched her hand.

Immediately, these two drops of blood were forced into her body by her abruptly.

And just as the two drops of thunder blood entered her body, there was a loud bang, as if there was a muffled thunder in Zhong Lingzhu's body.

Then, a cyan light flashed.

Chen Feng saw that her body was almost transparent.

Then, Chen Feng clearly saw that a magic talisman in the shape of thunder and lightning had formed in her body.

This magic talisman in the shape of thunder and lightning is constantly rotating.

In those two drops of essence and blood, there was an infinite amount of thunder and power pouring in.

In a blink of an eye, two drops of blood were absorbed completely.

At this time, the thunder and lightning magic talisman had grown many times larger than the original one.

Suddenly, there was a bang, and countless lightning penetrated from her body.

She suddenly walked several steps in the void, and between her gestures, there were countless thunder and lightning.

The next moment, she flicked her fingers, those thunder and lightning, with a snap, turned into a thunder and lightning dragon, circling up and down around her.

He squeezed his fingers again, and the lightning dragon disappeared, turning into tens of thousands of extremely small lightning.

And these thunder and lightning, in her hands, are also free to control, it seems that there is nothing that can stump her!

At this time, the crowd around the audience looked silly.

When Shen Qingyu saw this scene, he was even more horrified, and he screamed in disbelief, "Thunder and lightning, you are actually lightning!"

"You awakened the Thunder Body at such a young age? Why are you so talented?"

Surrounding the audience, all were eclipsed: "The body of thunder and lightning, the blood of thunder? Isn't this the rarest and most powerful physique among the legendary human warriors?"

"Yes, it is said that this kind of thunder and lightning body can naturally manipulate thunder and lightning, no matter how unruly thunder and lightning fall into his hands, it can be controlled."

"Yes, I heard that not only can he manipulate large lightning, but also tens of thousands of small lightning is in his hands. Every lightning can be controlled extremely delicately. It's terrifying!"

When Chen Feng saw this scene, he was stunned at first, and the next moment he was filled with relief.

His eyes were sore, he almost cried.

He has a feeling of his hard work and finally maturity.

At this moment, Zhong Lingzhu looked at Chen Feng, the red light in her eyes had disappeared, and the evil charm just now disappeared.

The next moment, she suddenly jumped directly into Chen Feng's arms and cried out with a wow.

She yelled: "Brother Chen Feng, Brother Chen Feng, I'm so scared, I feel that just now, I seem to be occupied."

Her voice also changed back to her original voice.

Obviously, she has returned to normal, and the ancestor of the Zhong family who occupied her body just now has disappeared.

Chen Feng was also relieved in his heart, holding her in his arms, and said softly: "Okay, stop crying."

He looked at Zhong Lingzhu, wiped Zhong Lingzhu's tears lightly, smiled and said: "A little girl who was so beautiful, she turned into a dirty cat after crying like this, not as good as she used to be!"

#### [Chapter 3584: It turned out to be him!](#)

With that, he pinched Zhong Lingzhu's nose and rubbed her ears.

Zhong Lingzhu chuckled and slapped Chen Feng lightly: "Brother Chen Feng, you will bully me."

Suddenly, her face changed, she turned around, looked at Shen Qingyu and others lying on the ground, her eyes instantly became cold.

As for Shen Qingyu and others, when they came into contact with her gaze that was as cold as a knife, they all shuddered.

Zhong Lingzhu didn't turn his head back, his expression was extremely cold, full of murderous intent, and he said word by word: "I will kill them!"

Her voice was like that ancient cold wind.

Chen Feng sighed slightly. If he changed to what he had done before, he would definitely stop him. He didn't want Zhong Lingzhu to be contaminated with these things at a young age.

However, what happened today told Chen Feng that it was too late to stop and Zhong Lingzhu was already infected with these things.

Especially when the ancestors of the Zhong family occupied Zhong Lingzhu's body just now, I don't know what consequences it brought to her!

Chen Feng knew that at this time, Zhong Lingzhu had countless negative emotions in his body. In this case, it would not be good to suppress it. It would be better to let her vent.

So, Chen Feng nodded and said: "Okay, don't worry, their lives will belong to you later."

"But now, Big Brother has a few questions to ask them."

"It is good."

Zhong Lingzhu obediently stepped aside.

Chen Feng slowly walked to Shen Qingyu and the others, looking down at them.

At this moment, all the arrogance on Shen Qingyu's previous face was gone.

Yes, only fear, panic, and despair!

Because, he knew that all his hole cards were all used up.

In front of Chen Feng, none of these hole cards were useful.

They are now lambs to be slaughtered in front of Chen Feng.

Chen Feng stared at them and said coldly: "Now, tell me, what happened that day?"

"On that day, who instructed you to destroy the Zhong family?"

Chen Feng knew that it was impossible to do this with the strength of the Shen family alone, so someone must have instructed and supported it!

Shen Qingyu closed his mouth tightly and shook his head silently.

"Don't tell me? Good!"

As soon as Chen Feng stretched out his hand, he dragged Shen Yang Xu from the side.

Then, with a click, he broke his neck.

Seeing this scene, Shen Qingyu's eyes were splitting, and he let out a stern cry: "No!"

It's not how deep the relationship between their brothers is, but that there are so many people left in their Shen family now.

If you die, you will lose one.

Shen Qingyu didn't want to see anyone die, but it was too late.

Shen Yang Xu even recovered, he was directly beheaded by Chen Feng.

His eyes widened, looking at Chen Feng, his eyes still filled with despair and shock, and he couldn't believe it.

But his breath is already cut off!

Then, Chen Feng stretched out his hand again and grabbed Shen Jiantong in his hand.

Shen Jiantong looked at Chen Feng and screamed bitterly: "Don't kill me, please, don't kill me!"

He begged frantically for mercy and burst into tears.

In Chen Feng's hands, it was already soft and muddy.

Chen Feng sneered and said, "Can you survive, not me, but your big brother!"

After that, look at Shen Qingyu.

There was a touch of despair on Shen Qingyu's face: "Okay, shall I say, I will say everything."

What's the point of concealing the matter?

"but....."

He stared at Chen Feng, a strange meaning suddenly appeared in his eyes, and said miserably: "Chen Feng, if you get this news, I'm afraid you will regret forcing me to say it."

"You don't know, you can pretend not to know."

"You know, but you can't pretend."

"At that time, it will be difficult for you to fool around!"

"The existence behind me will kill you! There will be no place to bury you!"

Chen Feng looked at him, but said coldly: "You don't need to worry about this, just say it!"

After all, the hand that squeezed Shen Jiantong's neck tightened again.

"I say!"

Shen Qingyu hurriedly lowered his voice and said, "That same day, we ordered the Shen family to kill the Zhong family, yes!"

He stared at Chen Feng and said word by word: "Grand Marshal's Mansion, Fourth Young Master, Xiahou Yinghao!"

His voice was extremely low, so except for Chen Feng, those onlookers didn't hear him, and didn't know who he was talking about.

But after Chen Feng heard this string of names, the corner of his eyes jumped!

"Xiahou Yinghao! It turned out to be him, supporting behind! It turned out that he was behind the scenes instructing the Shen family to destroy the Zhong family!"

Chen Feng's heart was full of unspeakable shock.

At this time, Shen Qingyu continued: "Do you think that with the power of my Shen family, the Zhong family could have been destroyed?"

"Tell you, it was Xiahou Yinghao who sent a master to help, and we did it."

"And he saw that our Shen family contributed a lot, and that we were obedient. He was his most loyal dog, so he rewarded us with the treasures he got from the Zhong family."

Chen Feng took a deep breath, calmed down, and said coldly, "Why would he do this?"  
"I know why."

At this time, behind Chen Feng, Zhong Lingzhu's voice came slowly.

Chen Feng turned his head in surprise, Zhong Lingzhu whispered: "He is a treasure of my Zhong family."  
"How did you know?"

Shen Qingyu stared at Zhong Lingzhu as if he had seen a ghost and shouted.

Zhong Lingzhu smiled and said: "How did I know? Naturally because..."

She knocked on her head: "All the secrets of that day were sealed in my mind."

"At the beginning, I was too young to bear it, so I had memory loss for several years."

"And now, after the awakening of the lightning body just now, I remember everything!"

Having said that, she stopped. She didn't say what it was, nor did Chen Feng ask.

Chen Feng knew that when she wanted to, she would say it after all.

Chen Feng sighed softly: "Well, since the whole story is understood, then I don't need to ask them again, but I can ask a little more about it."

Chen Feng stared at them and said coldly: "You six brothers from the Shen family, all have pure thunder blood."

"And all of your divine origin battle bodies are also Thunder Giant Bird divine origin battle bodies!"

He said coldly: "This is definitely not normal!"

"I have read countless classics and asked countless people. In the past tens of thousands of years and hundreds of generations in your Shen family, no one has awakened with thunder and blood."

"There is no one person's God-Essence Battle Body with Thunder attribute!"

"Later, your Shen family declined even more. As a result, when you were on the rise, all of you had the blood of Thunder, and you had the battle body of the Thunder Giant Bird."

"Then, there is only one explanation..."

[Chapter 3585: You are wrong, I will not let him go!](#)

He looked down at Shen Qingyu and others, and said coldly: "You not only killed the Shen family and got their thunder bloodline, but you also have a way to infuse your bloodline into your body, right?"

Chen Feng finally turned these three words into a roar!

Shen Qingyu and the others shivered fiercely.

"Tell me how you did it!"

Shen Qingyu didn't have any hesitation. Shaking through his arms, he fumbled out a secret book, handed it to Chen Feng, and said:

"It is in accordance with the method of this secret book that we have transformed our body into a bloodline of thunder."

"This method has been passed down from our Shen family."

"Our Shen family, the reason why we were able to rank among the first-class family in the past, was based on this method."

"Continuously transforming the powerful essence and blood into the blood of our Shen family, but later, the most suitable for our Shen family's system was used up."

"Since then, no suitable substitutes have been found."

"So it just declined."

"Until the Zhong family was destroyed, nine drops of thunder blood were obtained in the family."

"We discovered that these blood and blood are surprisingly compatible with our physique, so the transformation was successful!"

Chen Feng nodded slowly and looked through it roughly.

This ancient book has turned yellow. I don't know how many years it has passed, and it is still covered with blood.

There were even traces of being torn, obviously also weather-beaten.

After a brief look, Chen Feng found that the method inside was a different way, unthinkable, unheard of, and extremely strange.

But it happens to give people a rather vast, vast, effective and precise feeling.

Obviously. What he said was not a false statement.

Chen Feng concealed his scroll, sighed softly and sighed:

"It's really a great opportunity, I have to say, the hero of the world, no one looks down on it."

"Every big power that can last to this day actually has a very deep foundation."

"Maybe, there is something weird, but it is a peerless treasure with infinite power."

"Take the Shen family as an example. It's just a big family in Sky Dragon City. It's completely incomparable with the nine powers. However, even the nine powers can't get the secret method in their family."

"Even if the nine major forces know about it, they will do their best to seize it. This thing is really against the sky!"

"but....."

Shen Qingyu continued: "Although this method sounds amazing, it actually has hidden dangers."

"What hidden danger?" Chen Feng asked.

Shen Qingyu said, "That is, in fact, this bloodline is not real."

"It can be said that this is just an imitation bloodline."

"With the ability of real blood, you can produce a god-level battle body that can only be produced by real blood."

"However, there are only four hours of work in a day."

"Other times, he can't inspire, that is to say, this is actually a fake blood."

"Oh? Really?" Chen Feng slowly nodded and asked: "There must be a solution, but it's more difficult, isn't it?"

Shen Qingyu nodded: "Yes, it can be solved, that is, inhaling enough essence and blood, experiencing strong enough tempering, and integrating with this bloodline."

"It's just that it's easy to say, but how difficult to do it!"

Chen Feng took the secret book into his arms, and then looked at him and said, "For those nine drops of blood, you six have consumed six drops."

"What about the remaining three drops?"

"The remaining three essences and blood are all hidden in the secret room below this hall."

Shen Qingyu pointed to the ruins under everyone.

Then, Chen Feng hugged Bai Jingwan again, pointed at the golden rope on his body, and asked Shen Qingyu and the others: "How to untie this thing?"

A wry smile appeared on Shen Qingyu's face and said, "I don't know how to untie this thing."

"You don't know what's going on? Why don't you know? This is the treasure of your Shen family?"

Chen Feng said coldly.

Shen Qingyu smiled bitterly and said, "This golden rope. It is a treasure uploaded by our Shen Jiazu."

"It has been enshrined in the family hall, but everyone doesn't know how to use it."

"Everyone guessed that this should be tied to people, but they don't know how to drive it."

"We tried everything we could, it didn't move, and if tied to a person, it would fall off automatically."

"Then why is it so now?"

Chen Feng was a little curious at this time, raising an eyebrow and asked.

Shen Qingyu smiled bitterly: "I don't know either!"

"We just took this girl into captivity and put her on the hall. Suddenly, this golden rope flew over by ourselves and tied her here."

"What? There is such a thing?"

After Chen Feng listened, a look of surprise appeared on his face.

She cast her eyes on Bai Jingwan.

Bai Jing nodded slowly and smiled bitterly: "I don't know what's going on. As soon as I came here, it entangled me."

"That's it."

Chen Feng frowned, thinking about how to remove the golden rope from Bai Jingwan.

However, when he changed his mind, he laughed blankly.

"Chen Feng, Chen Feng, what are you worried about?"

"Isn't there Gu Yunxin here? Gu Yunxin's War God Chamber of Commerce, I don't know how many treasures there are, she must know this thing, and there must be a way."

Thinking of this, Chen Feng no longer worried.

He smiled slightly, looked at Shen Qingyu and said, "Okay, speak quickly."

"Since you are so simple, then I won't be daunting with you."

"Now, I'll give you a ride!"

Then, Chen Feng took a deep breath and looked at Shen Qingyu.

Shen Qingyu and the others seemed to know that their time for death had arrived.

Their faces were full of despair, and Shen Qingyu looked at Chen Feng and muttered: "Chen Feng, you can't kill me, you can't kill me."

"You killed us, he won't let you go."

"The Fourth Master will not let you go, you will definitely be killed by him."

Chen Feng walked to him, then lowered his head and whispered in his ear: "It's not that he won't let me go, but..."

He said word by word: "I won't let him go!"

What Chen Feng said is not half false.

He doesn't care who the other party is, regardless of his identity or origin.

But the other party dared to instruct the Shen family and others to kill the Zhong family, so Chen Feng would definitely not let this culprit go.

The next moment, Chen Feng turned around and hugged Zhong Lingzhu in front of him.

He pointed to Shen Qingyu and others, and said, "These are your enemies, now, kill them!"

"Hand blade your enemy!"

Zhong Lingzhu nodded slowly.

At this time, in her eyes, even the color of hatred had faded, replaced by a trace of extreme coldness and indifference.

#### [Chapter 3586: Your face is worthless to me!](#)

She walked forward slowly, obviously only a small child, but Shen Qingyu and others saw her as if they saw a \*\*\*\* of death.

They kept moving back.

Zhong Lingzhu suddenly grinned, then raised his arms.

The next moment, the boundless thunder spread between her arms.

She slowly pressed her hands down.

Seeing the next moment, Shen Qingyu and others will be swallowed by these thunders.

At this moment, a loud shout came: "You are merciful."

Everyone was stunned: "Who will come to intervene in this matter at this time?"

"Yeah, doesn't he know Chen Feng's strength? Doesn't he know Chen Feng's horror? He still has to be nosy at this time?"

Everyone looked in the direction of the sound.

Then I saw that a man in black came quickly toward this side.

The man in black probably didn't seem to be middle-aged, his figure was quite thin, with a somewhat refined style.

But, from time to time, a shrewd light flashed in his eyes.

Seeing him appear, everyone was stunned.

"No impression, there seems to be no such person in Sky Dragon City."

"Yes, I don't seem to have any impression of him either."

Everyone speculated about his origin.

Chen Feng also stood there, looking at this person quietly.

When this person came, Chen Feng felt that he had an extremely terrifying aura.

This breath is very strong, but it is looming, and with an indescribable coldness.

It feels very strange.

It seems that the strength of this person is uncertain, sometimes strong and sometimes weaker.

However, Chen Feng knew that this was not unpredictable, but his strength had reached the level that outsiders could hardly guess, and it was so dark and difficult to understand!

The middle-aged scribe came to Chen Feng, looked at him, suddenly smiled, and said, "Are you Chen Feng?"

Chen Feng said lightly: "If you didn't admit your mistakes, it would be me. I wonder what is your responsibility?"

He didn't answer Chen Feng's question, but said with a chuckle: "Yes, it's really good, worthy of being the young hero of the Xuanyuan family."

His voice was flat, but his tone seemed quite polite.

Even praising Chen Feng.

But in fact, it was condescending with a strong condescension.

It's as if the senior is complimenting the younger.

When Chen Feng listened, his eyes narrowed slightly.

At this time, the middle-aged scribe pointed to Shen Qingyu and others who were kneeling on the ground, smiled and said, "These people, give me face, let go!"

When he said this, he made an understatement.

It's like saying don't kill this chicken.

It seems to him that this is an extremely trivial matter.

And there was even a hint of command in his voice and tone.

It seems that after he said this sentence, Chen Feng must listen to it, he must abide by it, and there can be no resistance!

After saying this, Chen Feng's eyes immediately flashed a cold light.

After the middle-aged scribes finished speaking, he didn't care about Chen Feng's reaction at all and went straight to Shen Qingyu.

When Shen Qingyu and the others saw him coming, their eyes were filled with unspeakable ecstasy and excitement, and they shouted: "Master Zhai, you are here, you are finally here!"

"Haha, now we can live, now we don't have to die."

They all seem to see hope.

And this middle-aged scribe Zhai Wenmin also smiled and said, "Don't worry, you can't die with me."

His voice was very gentle, as if to state a fact.

It seemed that he could easily suppress Chen Fengfeng, and with him, Chen Feng did not dare to act rashly.

And at this moment, he suddenly heard a cold voice from behind him: "If you dare to touch them, I don't mind making you one of them."

After hearing this voice, Zhai Wenmin's body suddenly froze there.

The expression on his face was also relaxed from just now, not caring, and then it turned into a thick surprise and shock.

And the next moment, this thick surprise and shock turned into anger, and deep resentment!

He slowly stood up straight.

However, after all, he did not dare to reach out to pull Shen Qingyu up.

He turned around and looked at Chen Feng, with a strange look on his face. He smiled and said, "Chen Feng, you dare not give me this face?"

Chen Feng looked at him and smiled slightly: "Sorry, your face is worthless to me!"

Zhai Wenmin's eyes were cold: "Chen Feng, do you know who I am?"

At this time, the reserved and indifferent expression on Zhai Wenmin's face, with a hint of indescribable arrogance, has completely disappeared.

Instead, there was a hint of coldness, obviously, he was already angry.

Chen Feng paused and smiled slightly: "I don't know who you are, and I am not interested in knowing who you are!"

"I only know....."

Chen Feng's eyes grew colder: "They are the ones I want to kill, and if you want to save them, then I will kill you together!"

He stared at Zhai Wenmin, every word, his voice was like ice and iron, full of feelings of coldness.

After Zhai Wenmin heard it, he only felt ridiculous in his heart.

He grinned and wanted to laugh, because he thought it was funny.

He felt that Chen Feng was provoking himself like a man-armed car!

He felt that Chen Feng's words were extremely absurd.

"What is Chen Feng? I work for the Fourth Young Master!"

But by the way, he opened his mouth, but he couldn't smile.

Because, in Chen Feng's words, there was an indescribable bitter coldness that made his heart tremble, and he couldn't say a word!

Because, he felt, Chen Feng said that he would definitely be able to do it!

He turned around and looked at Chen Feng: "Do you know who I am?"

"Tell you, I am Zhai Wenmin!" Zhai Wenmin said coldly.

"What? Zhai Wenmin?"

After hearing this name, everyone exclaimed.

"I heard that this Zhai Wenmin, who lives in simple and simple, is quite mysterious, but his strength has reached the peak of the three-star martial emperor, and it is possible to enter the realm of the four-star martial emperor at any time!"

"Yeah! But this is not the most terrible!"

"I heard that the most terrifying thing about him is that he was working for a certain son of the Grand Marshal's Mansion!"

"Yeah, with this background, who dares to move him?"

"Yes, compared with his background power, his strength can be ignored."

Hearing this discussion, Zhai Wenmin was even more proud.

He glanced at Chen Feng, and then ignored him, just walked towards Shen Qingyu.

In his opinion, after knowing his name, Chen Feng must be scared!

He definitely wouldn't dare to stop himself anymore.

However, just as his hand was about to touch Shen Qingyu, a faint voice came: "Zhai Wenmin, what kind of green onion?"

[Chapter 3587: I dare to destroy him!](#)

The air freezes instantly.

This is the second time Chen Feng humiliated Zhai Wenmin severely!

He was furious for an instant!

He didn't believe that Chen Feng had never heard of him, so obviously, now Chen Feng deliberately humiliated himself.

In an instant, his heart became extremely angry, and he moved his right hand lightly, and he wanted to do it.

But the next moment, Shen Qingyu's painful groan brought him back to reality!

He lowered his eyes, his eyes swept across the faces of Shen Qingyu and others, and this thought flashed in his heart.

"My strength is about the same as Shen Qingyu."

"And Shen Qingyu and his six brothers combined, they were beaten so miserably by him, then I absolutely cannot be his opponent."

He suddenly came to a conclusion that he did not want to accept, but had to accept:

"If you use force, I am definitely not his opponent!"

He looked at Chen Feng's cold eyes, and his heart trembled fiercely, and the arrogance in his heart was suddenly broken.

Because he suddenly realized at this moment.

In front of Chen Feng, he has no capital to be proud of!

Chen Feng's strength is stronger than him!

His only hope was to bluff Chen Feng, but unfortunately, Chen Feng did not put himself in his eyes.

He doesn't care about himself at all.

For a moment, he actually felt very powerless.

As a result, he became angry immediately, staring at Chen Feng, lowering his voice, and sternly: "Chen Feng, do you know who the person behind me is? Do you know who my master is?"

Chen Feng smiled lightly: "I would like to hear the details."

"Tell you, my master is that one!"

With that said, he pointed to the direction of the General Mansion of Tianlong City, with a touch of triumph on his face: "The fourth son of the Generalissimo Mansion, Yinghao Xiahou!"

He stared at Chen Feng and said word by word: "Now, do you dare not give me this face?"

He was reluctant to move out of the Fourth Young Master just now, because he felt that with his prestige and ability, he could solve this matter.

But now, he discovered a sad fact, that is, his face, which is really worthless for Chen Feng.

Therefore, he had to move out of Xiahou Yinghao.

At the same time, his heart is triumphant.

Looking at Chen Feng, a joke flashed in his eyes: "Boy, now I know that Xiahou Yinghao is behind me, are you afraid? Are you afraid?"

"I want to see, what else can you say later!"

In his opinion, after Chen Feng heard that he was Xiahou Yinghao's person, he would be shocked, full of fear, and then put on a smiling face, treating him respectfully and daring not to offend any more.

He raised his chin and looked at Chen Feng pretentiously, waiting for Chen Feng's next move.

However, a scene that shocked him appeared!

After Chen Feng heard the name of Xiahou Yinghao, he just smiled, looked at him and said, "Oh, so what?"

His expression hasn't changed in any way, and he is still as plain as before with joking.

"So what? So what!"

"How dare you say such a thing? How dare you say such a thing!"

Zhai Wenmin looked at him in disbelief and shouted: "That's the Fourth Young Master, that's the Fourth Young Master of the God of War Palace! You dare not give him face?"

"You even said so what? You...you..."

He was dumbfounded, unable to speak at all for a while.

He really didn't make this exaggeration on purpose, he was really shocked.

Because in his cognition, on the territory of the God of War Palace, no one dares to despise the Fourth Young Master!

But Chen Feng is obviously an exception.

Chen Feng shrugged, spread his hands, smiled and said, "Your face is worthless to me. Sorry, your master's face is still worthless to me!"

Hearing these words, Zhai Wenmin was stunned.

He stood there blankly for a long while, unable to believe, shocked, surprised, and so on, and finally turned into indescribable embarrassment.

The voices of people around him also rang.

"Chen Feng didn't give Zhai Wenmin face at all?"

"It's not just that he didn't give Zhai Wenmin face, but Zhai Wenmin should have moved out of himself first, but Chen Feng didn't give him face at all, and then he moved out of Si Ye, but Chen Feng still didn't give face."

"Haha, this time Zhai Wenmin is a shame!"

"He is self-righteous, but he didn't expect that his face is not worth mentioning here in Chen Feng."

"Yes, he doesn't look at who Chen Feng is!"

"How can a person who is fierce, tough and invincible let the Shen family go because of his words?"

These words made Zhai Wenmin's face flushed even more.

He felt that he had lost face greatly, he had lost his face.

He nodded to Chen Feng and said, "Okay, Chen Feng, you are fine!"

"Chen Feng, you, you are so arrogant, you dare to compete with the fourth son! The fourth son will not let you go!"

Zhai Wenmin looked at Chen Feng and sternly threatened.

Chen Feng shook his head: "Just now, I said this to Shen Qingyu and the others, now I will give you this again!"

A smile suddenly appeared at the corner of Chen Feng's mouth, his gaze swept across the faces of Shen Qingyu and others, and finally fixed on Zhai Wenmin's face, saying, "You are wrong!"

"It's not that he didn't let me go, but I won't let him go!"

He stared at Zhai Wenmin, his voice as cold as Wanzai Hanbing: "Go back and tell you that master, if he dares to destroy the Zhong family, I dare!"

He paused, and said word by word: "Kill him!"

After hearing Chen Feng's words, Zhai Wenmin's heart beat fiercely.

A voice in his heart yelled frantically: "How dare he look down on Yinghao Xiahou so much? How dare he say that about Si Ye?"

"Who gave him the courage? He has such courage?"

"Why is he?"

The voice in his heart reverberated crazily. He couldn't wait to grab Chen Feng by the collar, staring at him and yelling loudly, forcing him to ask why.

However, he dare not.

Because Chen Feng has already shown enough toughness and unbridled strength.

Moreover, what frightened him the most was that when Chen Feng said this sentence, he had an inexplicable thought in his heart: "He must be able to do it. If he said so, then he must be able to do it. of!"

This thought frightened him directly.

He trembled in his heart: "I, how can I think this way? How can I think this way?"

"She's just a mere Chen Feng. What does he compare with the Fourth Master? What does he compare with the Fourth Young Master of the Generalissimo's Mansion?"

### [Chapter 3588: Revenge!](#)

Then, Chen Feng looked at Zhai Wenmin, smiled and said, "If there is nothing wrong..."

He pointed his finger outside, and coldly popped out two words: "Go away!"

Zhai Wenmin glanced at Chen Feng with a bitter expression on his face, didn't say a word, turned and left!

The spiteful look in his eyes before he left let Chen Feng know that this matter would never end there.

However, Chen Feng didn't care.

He always showed a deep expression: "Zhai Wenmin, is it? Xiahou Yinghao is standing behind, isn't it? The fourth son of the God of War Palace?"

"so what!"

"Will I fear you for it?"

At this time, a voice echoed in his heart: "Come on then!"

"If you are my enemy, you will definitely regret it!"

When Zhai Wenmin was leaving, Shen Qingyu and others were already full of despair.

They yelled frantically: "Master Zhai, don't go! Please, save our lives!"

"Please, don't go!"

They screamed madly.

But at this time, how can Zhai Wenmin control them?

So they could only watch Zhai Wenmin turn around and leave.

Shen Qingyu and the others were crying there with desperate faces, and Chen Feng smiled slightly:

"Okay, don't howl here, die early and live longer!"

After all, he took a look at Zhong Lingzhu.

Zhong Lingzhu smiled slightly, and suddenly stretched out his right hand.

Immediately, the thunder and lightning gathered in her hands.

Then, the lightning condensed into the appearance of a short sharp blade.

Holding the sharp blade in her hand, she walked to Shen Qingyu and slashed across it.

Suddenly, blood burst out.

There was a rapid scream in Shen Qingyu's throat, and the light in his eyes was extremely dimmed.

His eyes stared at Zhong Lingzhu stubbornly, and his eyes showed deep fear, despair, and unwillingness!

It seems that I did not expect that my arrogant life would eventually die in the hands of such a small child!

Finally, his eyes fell on Chen Feng.

There was a deep regret in the eyes: "Why should I provoke Chen Feng? Why didn't I run away when Chen Feng arrived?"

"Shen Qingyu, Shen Qingyu, if you compete with Chen Feng, then you are looking for a dead end!"

He finally understood this, but unfortunately, it was too late.

Then, Zhong Lingzhu walked towards Shen Jian and his peers.

When Shen Jian and others saw Shen Qingyu's tragic situation, they knelt on the ground, kowtowing to Chen Feng for mercy.

But how does Chen Feng care about them?

Zhong Lingzhu sneered and walked forward, killing them all with one knife.

In the end, the six brothers of the Shen family all died here.

Blood is flowing everywhere.

At the moment when Zhong Lingzhu beheaded the last of the six brothers of the Shen family, he suddenly shouted.

With a snap, the sharp knife formed by thunder and lightning in his hand shattered directly.

And she also trembled violently, the red light in her eyes disappeared.

The thunder and lightning around the body also disappeared, and the body shook, fell into Chen Feng's arms, and fainted!

Chen Feng was startled, and quickly stretched out his hand to probe his breath. He felt his breath steady before he breathed a sigh of relief.

He knew that Zhong Lingzhu should have suffered continuous changes and consumed a lot of money, so he passed out, but there was no danger of his life.

"Zhong Lingzhu's abnormal state today is finally over."

He was relieved.

At this time, as the six brothers of the Shen family were beheaded, finally, the matter was settled.

However, Chen Feng knew that this was not over.

In today's matter, I didn't give Zhai Wenmin a good face in front of everyone, let alone Xiahou Yinghao, and severely shaved their face and made them lose their face.

Xiahou Yinghao would never let him go, he would never let go.

But Chen Feng is absolutely not afraid.

He looked at the direction of the Tianlong City General's Mansion in the distance, a smile was drawn at the corner of his mouth, and he slowly said to himself: "Come on!"

"Come on! Xiahou Yinghao!"

"The fourth son of the Grand Marshal's Mansion, one of the first few people of the younger generation who is famous all over the world! How can I be afraid of you, Chen Feng?"

"I, Chen Feng, was born in Hanwei, and I have come all the way to the present. I don't know how many powerful opponents I have encountered, or how many dangers I have encountered!"

"I, Chen Feng, will never have any fear of you!"

"Come on, let me see how good you are!"

The thought of going against the Fourth Young Master of the Grand Marshal's Mansion, the number one figure above the Dragon Vein Continent, made Chen Feng more excited.

Then, Chen Feng turned around and looked at the onlooker.

At this time, there were already tens of thousands of people watching outside.

There were three floors inside and three floors outside, surrounding the ruins of the Shen family. Although there were many people, they were all extremely quiet, and no one dared to speak.

They were all shocked by Chen Feng's performance, and everyone looked at Chen Feng with awe and fear.

Some of the newcomers were full of shocked faces, and they were mixed with unconcealed fear, awe, ashamed and so on.

Someone said in a trembling voice: "It turns out that Chen Feng's strength is so terrifying! It turns out that Chen Feng is so courageous! It turns out that Chen Feng's methods are so cruel!"

There are even more people who are full of mockery, but the target of mockery is themselves.

"That day, we laughed at Chen Feng for being cowardly, and at Chen Feng for not daring to contend with the Shen family, dare not say a word."

"Unexpectedly, it is ridiculous that we are right!"

"Yeah, it turns out that Chen Feng didn't have the courage and courage to contend with the Shen family, he just didn't want to be as knowledgeable as the Shen family."

"Yes, once Chen Feng gets really angry, the Shen family will be crushed easily like an ant in his hands!"

They thought of the words they had said when they waited, and they all felt like they had been slapped a few times, and their faces ached.

Faced with everyone, Chen Feng said coldly: "I just said that the face I lost to Chen Feng, today, I will take it back one by one!"

"You guys, have you seen it?"

There was silence, silent!

Everyone looked at Chen Feng, with only awe in their eyes.

They will naturally no longer think as before.

At this time, Chen Feng had a great heart, and was uncomfortable!

Chen Feng said coldly: "Everyone, this matter is over, you still don't leave, stay here, and wait for someone Chen to invite you to dinner?"

After hearing this sentence, everyone laughed and left quickly.

If you don't leave at this time, it would be too ignorant.

Moreover, many of them are afraid that Chen Feng will ask them to settle accounts.

They didn't want to go before, but they didn't dare to go. Many people still kneel there!

Upon hearing Chen Feng's words, he squatted his heads to thank you one after another, then turned and left.

It doesn't take a while, there is no one left here.

Chen Feng knew that there were still many prying eyes in secret, but he didn't care at all.

#### [Chapter 3589: reward](#)

Next, he smiled at the corner of his mouth and looked at the position of the hall: "It's time to harvest! But not for myself, but..."

He lowered his head and looked at the sleeping little man in his arms.

At this time, Zhong Lingzhu looked calm, his eyes closed tightly, his slender eyelashes kept blinking slightly, and there was a sweet smile on his face.

Never see the trace of cruelty and cruelty just now.

It was just a simple and lovely little girl, but there were tears in the corner of her eyes, as if she was telling what happened just now.

Chen Feng sighed gently, looked at her, and wiped away the tears from her eyes with affection.

If we say that at the beginning, Chen Feng's relationship with Zhong Lingzhu was purely to complete the task and complete the entrusted relationship.

Now, it has completely changed.

After this period of getting along, the relationship between Zhong Lingzhu and Chen Feng has become extremely close.

In Chen Feng's eyes, she is already a part of her life, and a very important part.

Chen Feng now regards her as a relative.

Therefore, Chen Feng was willing to do these things for her.

Then, Chen Feng hugged her and went directly to the hall.

According to what Shen Qingyu said before, among the ruins of this hall, he soon found a mechanism.

Then, gently pull the mechanism.

Suddenly, with a click, a flower bed in the front left of the hall was completely moved away, revealing a black hole.

Without fear, Chen Feng jumped straight down.

With the strength of people like the Shen family, it is basically impossible for the institutions established to do anything to him!

Below is a deep tunnel, all the way down. *novelusb.com*

Sure enough, there are more than ten agencies along the way.

But Chen Feng didn't have any fear at all, and he cracked it between talking and laughing.

These extremely high-level Thunder Essences are regarded by the Shen family as the most precious treasures of the family, related to the inheritance of the Shen family and the continuation of the family.

Therefore, they do their best to set up agencies to protect them.

But in Chen Feng's view, this is nothing and is of no use.

Soon, he came to a secret room at the end!

In the middle of the secret room is a small stone platform.

Above the stone platform, it is magnificent.

A faint blue light spread out on it, and Chen Feng looked at it and sighed softly.

Then, a smile was drawn at the corner of his mouth: "Found it."

It turned out that the core of that faint blue light was the three drops of crystal that sealed the blood of Thunder.

It was the last three drops of the nine drops of blood that the Shen family got from the Zhong family.

These three crystals sealed with the essence of thunder and blood exude an endless blue meaning.

The blue light is like the ocean.

And after Chen Feng took a closer look, he discovered that these three drops of blood were purer than the six drops of blood that had escaped from the six brothers of the Shen family.

Its power is huge, at least about twice as big as those six drops of blood!

Chen Feng sighed softly: "Obviously, these three drops of blood are of higher level and more perfection."

"The people of the Shen family should have impure blood and insufficient strength, so there is no way to absorb it."

He stretched out his hand and took the three blood essences in his hand.

Then, he came to the edge of the stone platform and took a look, a smile appeared at the corner of his mouth.

He suddenly took a palm, but the strength was quite gentle.

Suddenly, the stone platform moved away suddenly.

Below, a small space was exposed, but inside was an iron box.

The iron box opened, revealing an ancient secret book inside.

There are a few big words written on it: "Seven evil Lei Peng formation!"

As soon as Chen Feng stretched out his hand, took it in his hand, and looked around, then nodded to make sure that the density was correct.

Seeing that there was nothing else, Chen Feng turned and left.

And when he left here, the underground chamber collapsed!

When Chen Feng returned to the ground with three drops of Thunder Essence Blood, the Thunder Essence and Blood in his hand suddenly flew directly next to Zhong Lingzhu.

Around her, spinning up and down.

Their emotions were extremely eager and intense, and looking at Zhong Lingzhu, they all conveyed elated emotions.

That kind of feeling seemed to want Zhong Lingzhu to absorb them.

I can't wait!

Chen Feng looked at it and raised his brows, a little amused.

"It's worthy of being a body of thunder and lightning, talent is unparalleled!"

"Zhong Lingzhu has an extremely powerful attraction to these Thunder Essence and Blood, and these Thunder Essence and Blood are all anxious to be actively absorbed by her."

However, these Thunder Essences could not be absorbed in the end.

Chen Feng estimated that Zhong Lingzhu had already absorbed too much today, so he had reached a limit.

The three drops of thunder blood flew onto Zhong Lingzhu's body, and then with a snap, all the sealed crystals outside were smashed.

All three drops of blood fell on her forehead, forming a small triangle pattern, slowly seeping into it.

Only three small lightning symbols were left, with great power.

Chen Feng knew that there was another thing in the treasure of the Zhong family, which was the Thunder Staff.

Even, this is the biggest reason why Yinghao Xia wanted to destroy the Zhong family.

Even Xiahou Yinghao, the fourth son of the Grand Marshal's mansion, wanted to get it, so it's so powerful!

But obviously, he still didn't get it in the end, and the secret of the Thunder Staff should have been sealed in Zhong Lingzhu's mind.

Chen Feng picked up Zhong Lingzhu in one hand, glanced at Bai Jingwan, laughed, and said, "Go, take you home!"

Bai Jingwan looked at Chen Feng, with a full smile on her face, an indescribable joy Anping.

Lin Ran looked at the side and smiled low.

Soon, Chen Feng returned to the Zizhu Forest.

And not long after he returned to Zizhu Forest, there were several deliberately heavy footsteps outside.

Obviously it was for Chen Feng to hear.

A smile appeared at the corner of Chen Feng's mouth, while Bai Jingwan next to him flashed a hint of unhappiness, but it was well covered up.

Both Chen Feng and Bai Jingwan were very familiar with this voice, and it was the voice of Gu Yunxin's master and servant.

Sure enough, soon, the curtain opened.

Gu Yunxin and Huai Feibai walked in. Gu Yun looked at Chen Feng and chuckled, "Master Chen, what happened today will cause a big disturbance in Sky Dragon City!"

"And Master Chen, your prestige will completely shock everyone in the entire Sky Dragon City."

She deliberately emphasized all these three words.

Chen Feng smiled slightly and understood what she meant.

Chen Feng beheaded the six brothers of the Shen family this time, and completely razed the first-class family of the Shen family, causing an immeasurable sensation in Sky Dragon City!

Before, although he was also very strong and famous, he also killed many powerful opponents.

[Chapter 3590: Imitation version](#)

But those, only the upper level of Sky Dragon City knows.

Even what happened in the Ares Chamber of Commerce was limited to a small group of people.

But this time, his opponent was a dignified first-grade family, a bottle family that was almost stronger than the Beidou Sword Sect, but it was directly destroyed under his hands!

More importantly, there are tens of thousands of warriors watching.

After they leave, they will bring Chen Feng's name to Tianlong City, and even every corner of the God of War Palace.

Chen Feng, these two words will be known to no one in Tianlong City from now on!

Chen Feng smiled slightly and said, "It's okay, anyway, I will leave Sky Dragon City soon!"

"When the time comes, it doesn't matter whether these false names are there or not."

"What? Are you leaving Sky Dragon City?"

After hearing Chen Feng's words, Bai Jingwan and Gu Yunxin both exclaimed.

After they exclaimed, they just felt something wrong. They looked at each other and looked a little embarrassed. They lowered their heads.

It is normal for Bai Jingwan to exclaim, after all, she has a very close relationship with Chen Feng now.

But Gu Yunxin exclaimed at this time, but she was very clear that she was a bit gaffe.

This also exposed some of his emotions.

Bai Jingwan and Gu Yunxin looked at Chen Feng, and both of them were a little hesitant.

Chen Feng's decision has not been told to anyone before.

Lin Ran glanced at both of them, and couldn't help feeling a little funny in her heart.

Seeing the expressions of the two of them, she knew that they both wanted to ask Chen Feng what was going on, but because the other side was here, they were a little bit silent.

So he smiled and said, "Why are you leaving here? So anxious?"

Chen Feng sighed softly: "I came to Sky Dragon City this time for two main purposes. Now that these goals have been achieved, and this matter is over, I should return to the Xuanyuan family."

"The Xuanyuan family still has many things waiting for me to deal with!"

Lin Ran nodded, did not speak any more, and glanced at Bai Jingwan and Gu Yunxin.

She didn't want to ask anything at all, so she clicked on this sentence just to make Bai Jingwan and Gu Yunxin able to talk.

Bai Jingwan sighed softly, looked at Chen Feng, and said softly: "Brother Chen Feng, I..."

Chen Feng smiled slightly and said, "You don't need to say, I know what you want."

"Don't worry, I will be back soon after I have settled the matter."

"At that time, there will be a big gift for you."

Upon hearing this, Bai Jingwan was extremely happy.

The reason she was happy was not that Chen Feng wanted to give her a big gift, but that Chen Feng's sentence would come back soon.

She doesn't care much about gifts.

All she wanted to see was Chen Feng.

She nodded heavily and looked at Chen Feng with a smile on the corners of her eyes.

Gu Yun looked at Chen Feng and opened his mouth, wanting to say something, but always felt that he was not qualified to say anything.

"I have only known her for a few days. What do I have to do with him?"

"Whether he is leaving or staying, what is he doing with me?"

Thinking of this, I felt a little sad and sighed softly.

Although reason told her this in her heart, she still couldn't say so. *novelUsB.com*

Chen Feng glanced at her and said softly, "Miss Gu, this time, you came here just right, and I happen to have one thing to ask you."

"Oh, what's the matter?" Gu Yunxin asked in surprise.

Chen Feng pointed to the golden rope on Bai Jingwan's body and said: 'When I found the white girl, she was already \*\*\*\* by the golden rope. "

"And I tried my best, but I couldn't untie the golden rope. On the contrary, the harder I tried, the tighter the golden rope tied. Can you see what's going on?"

Upon hearing this, Gu Yunxin looked towards Bai Jingwan.

When she saw the golden rope on Bai Jingwan's body, she was taken aback for a moment, and then her face showed disbelief.

I wiped my eyes and looked at it carefully, as if I was afraid I didn't see clearly!

Seeing her move, Chen Feng already had a foundation in his heart.

Presumably, this thing is an extremely rare and precious thing, otherwise, with Gu Yun's insight, it can't be so!

Gu Yunxin looked at Chen Feng in shock and said, "Where did this thing come from?"

Chen Feng said: "I asked Shen Qingyu and others about this thing. They said it was an ancestral treasure of the Shen family."

"They didn't even think about using this thing to tie up Bai Jingwan. They didn't even know how to use this thing."

"It's just that where they just caught Bai Jingwan, this thing was \*\*\*\* by themselves."

After hearing these words, Gu Yun's expression on her face became even more surprised.

He looked at the golden rope carefully for a moment, and then his face was already showing a certain look.

Then, he looked at Chen Feng, smiled and said, "Master Chen, congratulations."

Chen Feng was stunned for a moment: "He Xizhi?"

He had vaguely guessed something, but he still waited for Gu Yunxin to say.

Gu Yunxin smiled and said: "You know, this golden rope is actually a treasure!"

Gu Yunxin looked at Chen Feng and said softly: "This thing is a treasure, called the imitation version of the immortal cord!"

"Imitation of the immortal cord?"

Chen Feng frowned: "What is this again?"

From the meaning of these words, he could hear that this golden rope was obviously a fake of the immortal cord.

However, he had never heard of the bundle of immortals.

Gu Yunxin looked at Chen Feng and whispered: "Bound the immortal cord is an extremely rare treasure!"

"It is said that in the ancient barbaric times, the ancient people prayed to heaven day and night."

"Therefore, there is a supreme treasure given by a powerful person from the sky, across the sky!"

"This bundle of immortal cords has mysterious and unpredictable power!"

She looked at Chen Feng and said word by word: "It can even be said that the immortal cord is the number one treasure in the history of our Dragon Vein Continent! It is nothing too much!"

"what?"

After Chen Feng heard this, his heart trembled fiercely!

Gu Yun was very knowledgeable and presided over the Ares Chamber of Commerce. She didn't know how many treasures she had seen. What she said was extremely credible.

As for the immortal tie, he was hailed as the number one treasure in the Dragon Vessel Continent from ancient times to the present, so it is definitely an extremely rare and extremely precious treasure!

"These things in my hand, I'm afraid that only the drop of heavenly devil blood can be compared with them!"

"After all, the blood of the demon essence does not belong to the Dragon Vein Continent!"

Chen Feng was shocked and said, "What is so special about this bundle of immortal cords, so terrifying? Can you be praised so much?"
