

Peerless 3591

[Chapter 3591: Horror power!](#)

Gu Yunxin smiled and said, "As soon as I say it, you know why I value it so high!"

She looked at Chen Feng and said with a chuckle: "This bundle of immortal cords, like its name, is generally as long as you can drop your blood to recognize the Lord and become its owner."

"Then, when the time comes, just chant a few spells lightly, and the bundle of immortal cords will fly out automatically."

"Then, tie to anyone you want to be sleepy."

"It can be a person, a thing, or something else."

"As long as it's tied up, the opponent will lose all strength immediately and you are at your disposal."

"And the power of this bundle of immortal cords can't even withstand even the powerhouses of the Emperor Martial Realm."

She looked at Chen Feng and added softly: "Even if it is a powerful person at the level of the first person of the nine major forces, a powerful person who has reached the five-star or even the six-star martial emperor realm, this bundle of immortal cords can still easily Stuck!:

After Chen Feng listened, he was even more shocked, and his heart trembled severely.

The power of this bundle of immortals is really terrifying!

You know, the stronger the higher the level, the harder it is to capture them.

The stronger the higher the level, the more majestic it has.

Their fighting power is strong, their hearts are extremely proud, many, and they would rather die in battle than would let the opponent capture them!

What is obvious is that the benefits of capturing a strong man are definitely far greater than killing him.

Capturing him means that he can get his treasures, his inheritance, and even his cultivation!

But dead, that is dead.

Apart from being able to find a little bit of his treasure from the other party, nothing else can be obtained at all.

But it was too difficult to capture the opponent.

If it is said that the benefits of capturing a Martial Emperor Realm powerhouse are ten times the benefits of killing a Martial Emperor City powerhouse.

Then, the difficulty of capturing him is a hundred times the difficulty of killing him.

And this bundle of immortal cords can indeed easily capture the other party.

To recite a few spells, and to capture the opponent even before they react, what a horrible treasure!

This made Chen Feng's eyes immediately brightened, and his heart was full of expectations.

"If I can get this bundle of immortal cords, then I am afraid that no one can stop the world!"

Chen Feng's heart was full of scorching heat.

However, he was very human in the end, and soon recovered.

Chen Feng shook the golden rope in his hand and asked, "So, what kind of power does this bundle of immortal cords imitate?"

"What kind of treasure is it?"

After all, I still have to return to reality, and it is better to find out the bottom of the treasure in my hand.

Gu Yunxin smiled and said: "This bundle of immortal cords was in the Dragon Vessel Continent for a while. However, it didn't take long for this bundle of immortal cords to be lost, and there was no more news."

"Since it is so strange, but there is only one."

"When the world can't get it, naturally they want to imitate its power!"

"So, one hundred thousand years ago, there was a master refiner, Fu Chengxuan, who is also known as the first master refiner in the entire Dragon Vein Continent from ancient times to the present."

"This person has read a lot of books, turned over the classical books, through the past and present, and spent 33 years of work, he actually made nine bundles of gods and goddesses!"

Chen Feng touched his nose and gave a wry smile: "Nine imitations? Why bother?"

"I don't know what he thought."

Gu Yunxin shook his head and said, "Anyway, he did sacrifice so much."

"However, there is a rumor."

She looked at Chen Feng, pondered for a moment, and said softly: "It is said that among these nine bundles of immortal cords, the secret of the true bundle of immortal cords is hidden."

"If you get these nine fake immortal cords, you have a chance to get the real immortal cords."

"Really?"

After Chen Feng listened to it, he immediately became energetic, with a touch of excitement on his face.

Just now, when he learned of the strangeness of Tied Immortal Cable, Chen Feng was already in awe.

However, he also felt that it was almost impossible to obtain this bundle of immortals.

Therefore, for the time being, I have no intention of making this idea.

But now, I have listened to Gu Yunxin's words that it is possible to get a true **** of immortals!

How can he not get excited?

Although it was necessary to gather nine imitation celestial chains to get the real celestial chains, Chen Feng would never lose his confidence.

Gu Yunxin nodded and said, "But this is just a rumor."

"There are rumors that this Fu Chengxuan has actually obtained the true **** of immortals."

"And the reason why he later made these nine imitations of the immortal tie is just to conceal people's eyes and eyes, and people can't guess that he has already got the real tie of the gods!"

"after all....."

She has a faint voice: "This Fu Chengxuan, who has learned ancient and modern, is extremely powerful, and has reached the realm of the Seven-Star Martial Emperor!"

"It's possible that he really got the immortal rope!"

Chen Feng suddenly frowned, thoughtfully, looking at Gu Yunxin.

Before he could ask, Gu Yunxin smiled and said, "Do you think I know these things too well?"

Chen Feng thought this way, but did not expect that Gu Yunxin had already guessed what she wanted to ask.

There was something strange in his heart: "The two are really connected."

Gu Yunxin looked into the distance, his eyes were faint, his voice was gentle, and he whispered:

"Because that Fu Chengxuan is actually the creator of the God of War Palace!"

"What? Fu Chengxuan is the founder of God of War Palace?"

When Chen Feng heard this, he was shocked and dumbfounded: "However, the Marshal of the God of War is the Fu's surname Xiahou!"

"Fu Chengxuan is not a surname!"

"Who said it must be a surname?"

There was a hint of ridicule at the corner of Gu Yunxin's mouth, but it was not aimed at Chen Feng, and he didn't know what he was thinking of, so he sighed and said:

"That Fu Chengxuan has no children, only two daughters!"

"Later, the eldest daughter was betrothed to a young and promising teenager, who was the ancestor of God of War Palace!"

"That's it."

Chen Feng nodded slowly.

I did not expect to hear such a secret here today.

Chen Feng asked again: "Then, as soon as Jing Wan appeared, this bundle of imitations of the Immortal Cable would automatically fly up and tie her into it."

"So, does it mean that she has an unspeakable relationship with this bundle of immortal cords?"

"Yes, that's it!" Gu Yun said in a deep voice.

She looked at Bai Jingwan for a while, and then said in a deep voice: "Miss Bai must have a very long bloodline. Even, she may have some connection with Fu Chengxuan's youngest daughter."

When Chen Feng heard this, he was shocked: "Bai Jingwan has such a big background?"

[Chapter 3592: Chen Feng, you must die!](#)

After listening to Bai Jingwan, she was also stunned. She sat there blankly, unable to recover.

She didn't even think that there were so many secrets in her life experience.

Gu Yunxin smiled and said, "In short, as long as Bai Jingwan is here, he wants to find the remaining eight imitations of the immortal cord, or even the authentic piece of the immortal cord. It's much easier!"

Chen Feng nodded slowly: "It is true."

Chen Feng glanced across the faces of everyone in the hall, and then said in a deep voice: "Everyone, please keep it secret!"

"The bundle of immortal gods is an ancient treasure, let alone appearing, even if news related to it spreads out, it can cause countless waves in the entire Dragon Vein Continent!"

"If anyone knows about the relationship between the girl Bai Jingwan and the immortal cord, then I'm afraid her life..."

Everyone nodded.

In fact, they were still a little dazed at this time. No one thought that Bai Jingwan would have such a big background.

Chen Feng looked at Bai Jingwan and smiled slightly: "No matter who you are, no matter what your background is."

"The relationship between us will never change!"

"In my eyes, you are the strong and intelligent little girl!"

Talking. Gently squeezed her face.

Bai Jing smiled happily, smiling like a flower, and Zheng nodded her head.

She was worried that Chen Feng might think more, but now it has proved that her worry is unnecessary.

Seeing Chen Feng and Bai Jingwan so close, Gu Yun suddenly felt an unspeakable grief in her heart.

He shook his head quickly to suppress this emotion, and then smiled and said, "Now, I'll untie this thing from her for Miss Bai Jingwan!"

"Okay, do you have a way?" Chen Feng was overjoyed.

Gu Yunxin smiled slightly: "I have been in the War God Chamber of Commerce for so many years. If you don't even have this ability, then close the door as soon as possible and forget it."

After that, she bowed her head and ordered two words to Huai Feibai.

Huai Fei nodded, then turned and left.

About two hours later, she returned, took out a small jade box, and handed it to Gu Yunxin.

Gu Yunxin opened the jade box, and Chen Feng saw that there was something similar to powder in the jade box.

The whole body is silvery white, it looks a bit like pearl powder, but every piece of dust is extremely shiny.

Gu Yunxin took out a little Gentingxian tea and poured the powder into the tea soup.

Suddenly, the tea soup turned into a lustrous white, giving the impression that countless top-grade pearls were melted into it.

Then, she picked up a small brush, dipped it in the lustrous liquid, and brushed it on the golden rope.

It is strange to say that the imitation of the bundle of immortals, which is not to eat, is brushed on by this thing, but it seems to have encountered a nemesis.

It softened in an instant, and after brushing it once, she slipped softly from Bai Jingwan's body and landed on the ground.

Chen Feng only looked carefully at this time. This thing is about the thickness of a child's arm.

The length is about one foot, and it looks like a golden dragon tendon.

But who would have thought that there is such a tyrannical might?

He pointed to the imitation of immortal gods and said: "How do you use this thing?"

"I do not know either."

Gu Yunxin shook his head: "You must have a related spell, and no one knows this spell now."

"Before, the reason why Bai Jingwan was trapped was probably because she felt the aura on Bai Jingwan's body similar to that of its owner."

"To tie her up is to prevent her from running away. This is also a means to recognize the Lord."

"But then if you want to tie it to others, then you have to find the corresponding exercise!"

Chen Feng nodded, knowing that imitations of Tied Immortals should not be of much use for now, but the future potential is obviously endless, and there will be extremely powerful powers.

Bai Jingwan shook her body and sighed softly. The feeling of being **** was really uncomfortable!

Chen Feng laughed and said, "Take this thing!"

"it is good."

Bai Jingwan didn't turn away, she was also very curious about her origin.

After putting away the imitations of Tienxian Shensuo, Gu Yunxin left.

Before leaving, he was still a little reluctant, looking at Chen Feng, an indescribable melancholy was born in his heart.

Thinking of when I don't know when I can meet her, I can't help but sigh secretly.

But she was still sensible after all, after all, she was also a woman who had always been determined to kill her. She gritted her teeth and turned around and left without looking back.

Just as Chen Feng and others were talking and laughing in the purple bamboo forest, in the General's Mansion, on the high tower where Xiahou Yinghao was staying, there were bursts of crazy roars!

At the top of the tower, a violent voice echoed in the huge space.

"You **** messed up errands? Did you mess up?"

"boom!"

There was a sound of a heavy object being knocked into the air.

However, Xiahou Yinghao kicked Zhai Wenmin's heart fiercely.

This kick was so hard that he almost kicked Zhai Wenmin to death.

He wowed, a big mouthful of blood spurted out, feeling that his heart had broken.

Of course, this is just an illusion, even if Xiahou Yinghao loses his mind, it is impossible to kick his right-hand man to death.

Although the heart was never injured, the bones and flesh in Zhai Wenmin's chest were all broken.

Wow, squirting a few big mouthfuls of blood one after another, the figure was kicked out tens of meters, hit the wall, and slowly slipped down.

He is already seriously injured.

But he dared not say a word, resisting the pain, and walked back to Xiahou Yinghao.

With a plop, he knelt there again.

Just said: "Subordinates **** it."

Then he shut up and said no more.

"You know you deserve to die! Then why don't you die!"

Xiahou Yinghao kicked him out again.

Zhai Wenmin ran back again and knelt before him respectfully.

Xiahou Yinghao sat back on the chair, panting heavily.

After kicking both feet, it seemed that the evil fire in his heart had also been removed, and his eyes were flushed, staring at Zhai Wenmin.

After a long while, he waved his hand and said lightly: "Get up!"

Zhai Wenmin trembled violently, and there was an ecstasy in his heart.

He knew that his life was saved, so he squatted his head again and again: "Thank you for your grace!"

Then he dared to get up and stood trembling beside him.

After a long time, Xiahou Yinghao suddenly let out a strange laugh: "Chen Feng, okay, Chen Feng."

"Don't give me face, right? People who don't give me face, right?"

"Chen Feng, you must die!"

[Chapter 3593: Nan Dou Pei Yuan Jin Dan Fang Fang!](#)

There was a deep resentment and harshness on his face.

At this time, he had already slowed down, but the anger in his heart did not drop in the slightest.

For many years, no one dared to disobey him so much! ,

At this time, he hated Chen Feng to the extreme, even more murderous intent.

Beside, Zhai Wenmin's mouth showed a smug smile.

"Chen Feng, Chen Feng, the fourth son wants to deal with you, is it possible for you to live? This time you will definitely die!"

He was full of certainty in his heart. In his opinion, Xiahou Yinghao wanted to kill Chen Feng, like trampling an ant to death.

Chen Feng naturally didn't know what happened here. At this time, he was lost in thought:

"Many of the women I met along the way were people with special physiques."

"For example, Shen Yanbing, such as Bai Jingwan in front of me."

"Even the senior sister Han Yu'er, who came from Qianyuanzong with me, seemed inconspicuous at first, but in fact she has a very strong bloodline and very special abilities."

"Otherwise, how could the existence in the soul hall catch her and want to refine her into a pill?"

"Moreover, let's just talk about the most recent. Even the most inconspicuous-looking Shi Yebai actually has the ability to communicate with the **** deer. It feels like he has some kind of magical blood!"

Chen Feng was lost in thought.

But thinking about it left and right, after all, I didn't understand it so well, so I gave up.

Anyway, this kind of thing will always be known by then.

One night, leisurely!

On the second day, Chen Feng got up early and headed directly to the General Mansion of Sky Dragon City.

Today, the three-day time limit has expired, and it is time to retrieve the Shaoguang White Sun Spectrum!

After arriving at the General's Mansion, I soon saw Pu Xingzhou and the dazzling white sun spectrum placed by Pu Xingzhou.

Lan Zihan stood solemnly beside Pu Xingzhou.

After seeing Chen Feng coming, he immediately bowed deeply and said loudly, "Thank you Young Master Chen for his generosity and great kindness!"

Chen Feng smiled and looked at him.

It feels that although only three days have passed, the aura of Lan Zihan is quite different from before.

Not only is there vaguely a little more inexplicable tyrannical force, but Chen Feng feels that his overall strength has taken a leap.

Chen Feng was a little surprised: "Did Mr. Zhong break through?"

Lan Zihan laughed and said, "Thank you too, Master Chen Feng!"

"In the past few days, I have been studying the celestial spectrum of Shaking Light and White Sun. There is no day or night, but I still have no clue."

"But yesterday, I was watching the battle of Master Chen Feng in the Shen family in secret, but I realized it was a breakthrough that night."

"Not only did he break into the four-star Wudi realm overnight, but he also understood a little bit of the law!"

Chen Feng laughed: "That's really congratulations!"

"It's a pity that Chen came hastily and didn't have time to prepare a gift."

Lan Zihan smiled and said, "Brother Chen Feng, if you say this to me, you would look down on me too much!"

Several people laughed at each other.

Chen Feng knew that things were not as light as he said, but he was afraid that he had used many treasured pill and didn't know how much effort he spent to achieve today's work.

However, it can also be seen how profound the accumulation of Lan Zihan is on weekdays.

Several people talked about it, and then Chen Feng collected the secret book of Shaoguang Bairi Xianpu.

Since it's here, then naturally you can't leave in a hurry.

Chen Feng was left by Pu Xingzhou, and the lunch banquet was already ready.

At the banquet, the three of them kept silent about what happened yesterday.

It's as if the conflict between Chen Feng and Shen's family yesterday did not exist at all.

Obviously, the three of them all deliberately avoided this.

During the banquet, the cups were pushed and changed, and the scramble was staggered.

Suddenly, Pu Xingzhou looked at Chen Feng and asked: "Young Master Chen, I heard Lan Zihan say that you had inquired about Nan Doupei's Golden Pill before, right?"

"Nan Dou Pei Yuan Jin Dan!"

As soon as these six words hit Chen Feng's ears, Chen Feng immediately refreshed.

Although Chen Feng's Shenyuan battle was embodied in the second level and possessed two abilities, it was because he had swallowed the Golden Lion Shenyuan battle body before.

And, under the oppression of the giant hand that covers the sky, a coincidence.

Although for him now, it is no longer possible for the Nan Dou Pei Yuan Golden Pill to make his Shen Yuan battle body any breakthrough, after all, it has exceeded the ability of Nan Dou Pei Yuan Golden Pill.

However, Nandou Peiyuan Golden Pill is still a rare treasure.

Because this Nandou's ability to cultivate the primordial golden pill is really against the sky, and its effect is equivalent to thirty gods!

Thirty gods!

You don't need to work hard and endure all the dangers, go to the nine heavens to gather, and you don't need to look around. As long as it is refined and absorbed, it is equivalent to having absorbed thirty gods!

Even if with Chen Feng's ability, he wanted to collect thirty gods, he would have to wander above nine heavens for a year or two.

Moreover, there are many unknown dangers.

Therefore, Chen Feng is still extremely eager for the Nan Dou Pei Yuan Jin Dan.

When Chen Feng thought about it, his heart was burning.

He immediately whispered: "Is there any news?"

"At that time, the Nan Dou Pei Yuan Jin Dan was in the Song family, and I knew about it."

Pu Xingzhou sighed and said, "Unfortunately, when I sent someone to ask, I found that the Song family had already consumed this Nandou Peiyuan Golden Pill."

"It's consumed?" Chen Feng raised his eyebrows, disappointed in his heart.

But I also know that such things are also normal.

After all, this is Nan Dou Pei Yuan Jin Dan!

How many people can resist using it?

It is possible that this Nan Dou Pei Yuan Jin Dan was worthless in his own eyes, but in the eyes of the user, it may be able to change his fate.

So, there is nothing strange, but there are some regrets in my heart.

Seeing Chen Feng's look, Pu Xingzhou couldn't help but admire it secretly: "This son is really not a surprise."

"He wants a lot of things, but it's not that important!"

"Of course, all of this stems from his strong enough strength."

"But..."

Pu Xingzhou smiled and said: "I found out that the Song family did not lie, and after the Nan Dou Pei Yuan Jin Dan was indeed consumed, I did both soft and hard. After all, I got something from the Song family!"

After all, with a flick of his hand, a thin scroll flew into Chen Feng's hand.

Chen Feng took it and saw the scroll, with white jade as the scroll, a kind of paper similar to leaves, as silk and silk.

The shape is strange, and you can see the treasures handed down from ancient times.

But there is a smell of medicine and elegance in the ancient wilderness.

Chen Feng was stunned. There were a lot of wild things in ancient times, but they were rough and heavy.

This kind of elegant atmosphere is indeed rare.

He had probably guessed what it was, and his heart was shocked.

Then, unfolded, and then sighed slightly.

"Sure enough, I guessed right!"

Chen Feng guessed it right.

It turned out that the record on this scroll turned out to be an ancient pill.

Naturally, it is the pill of Nandou Peiyuan Jindan.

Pu Xingzhou laughed: "Teaching people to fish is worse than teaching people how to fish. Although they didn't give you the Nandou Peiyuan Golden Pill, they asked you to come."

[Chapter 3594: How dare he? !](#)

"In the future, Master Chen, if you want to use what you want, you can only work hard to refine it yourself!"

Chen Feng laughed, put the scroll away, and said, "Thank you, General."

"To me, this treasure is much more precious than the Nandou Peiyuan Golden Core!"

Pu Xingzhou smiled slightly, feeling even more grateful in his heart.

He knew that Chen Feng said this to comfort him.

After all, even with this pill, how difficult is it to refine it?

In fact, it is far better to get the Nandou Peiyuan Jin Dan directly.

Otherwise, the Song Family would not willingly hand over this pill.

However, for Chen Feng, this was a surprise after all, and it was a great surprise.

He had already had the heart to pick up his alchemy skills again. He was a very talented genius alchemist, but he was abandoned for various reasons.

Now, it happens to be an excellent opportunity.

With Nandou Peiyuan Golden Pill as the driving force for alchemy, Chen Feng's mind for alchemy became even more eager.

After three rounds of wine and five flavors of food, it is time to leave.

Chen Feng was leaving, but Pu Xingzhou insisted on sending him out of the house, but Chen Feng refused to leave, so he had to agree.

At this moment, it is beside the main tower in the center.

On the tower where Xiahou Yinghao stayed.

In that tall palace, by the window, a figure was standing there by itself, exuding an extremely cold aura.

His eyes were extremely cloudy and full of coldness.

The body exudes a breath like a prison like a sea, extremely powerful, it seems that it can tear everything around it to pieces.

Moreover, this breath is not only extremely large, but also very dark.

It makes people feel, at a glance, it seems that they have to be trapped in it.

Beside him, a person was also kneeling there, shivering, it was Zhai Wenmin!

And this figure is the fourth son of the Grand Marshal's Mansion: Xiahou Yinghao.

At this moment, he lowered his head and looked down.

At the end of his sight, a young man in white was standing there, talking and laughing with Pu Xingzhou.

It is Chen Feng.

His eyes fixed on Chen Feng fiercely!

At this moment, in his line of sight, the dragon and the tiger above Chen Feng's head, the huge luck formed by the two purple qi, was full of vitality.

Is constantly jumping and frolicking.

His eyes were full of jealousy and resentment, every word, gritted teeth, full of coldness:

"Chen Feng, you wait for me!"

"Will you not listen to my orders? You didn't want to be obedient! You actually embarrass me in front of everyone?"

"Chen Feng, don't worry, I will make you die miserably, and I will make you regret coming to this world."

He gritted his teeth and said these words coldly.

The resentment in it caused Zhai Wenmin next to him to shiver.

And at this moment, in front of the central tower, Chen Feng, who was chatting with Pu Xingzhou, suddenly felt something.

Suddenly, he raised his head and looked aside.

Then he met Xiahou Yinghao's eyes full of resentment and murder.

Chen Feng saw that look, saw that face, and saw the man by the window.

Chen Feng had never seen him before, but at this moment, Chen Feng knew in his heart and immediately knew who this person was.

"Xiahou Yinghao?"

A smile appeared at the corner of Chen Feng's mouth.

He raised his head and looked at Xiahou Yinghao without fear.

After Xiahou Yinghao met Chen Feng's gaze, he was struck by lightning.

He felt that when he faced Chen Feng's eyes, it was like facing two rounds of rising sun!

The dazzling brilliance actually burned him with severe pain, and couldn't help but move his eyes away.

At that moment, his heart was replaced by boundless rage!

"Damn, I'm Xiahou Yinghao!"

"I'm the fourth son of the Grand Marshal's Mansion. I'm so powerful! I was scared by him?"

"After we looked at each other, I actually avoided it?"

"Xiahou Yinghao, how can you be like this?"

Xiahou Yinghao screamed frantically in his heart and stared back fiercely, staring at Chen Feng's eyes.

But at this time, he saw a smile of disdain from the corner of Chen Feng's mouth, and suddenly stretched out his right hand, making a gesture of cutting his throat beside his neck.

Seeing this posture, Xiahou Yinghao stiffened all over.

There was an unbelievable look on his face, and he stood there blankly.

A voice in his heart yelled frantically: "Chen Feng, he, is he actually provoking me? He actually cut my throat?"

"How dare he? How can he?"

"Why does he have the guts?"

He roared in his heart one after another, and his heart was full of incomparable shock!

As a result, the whole person stayed here, completely shocked.

I don't know how many years, no one dared to make such a provocative action to him.

He was stupid as a whole, and it took a long time before he recovered.

But when he came back to his senses, he saw that the white-clothed youth had already turned around and left without looking back, without even looking at him!

At this moment, Xiahou Yinghao had a face and turned around slowly.

He looked at Zhai Wenmin next to him, and said with a shocked expression on his face: "He, did he make a gesture of cutting my throat? He actually provoked me?"

"Someone took the initiative to provoke me? I'm Xiahou Yinghao, he knows I am the fourth son of the Grand Marshal's mansion! He even provokes me?"

His voice grew louder and louder, and in the end it turned into an incredulous roar: "Why? How dare he! He dare to provoke me?"

He yelled frantically at Zhai Wenmin, furious.

Facing his anger, Zhai Wenmin shivered, just knelt there and kowtow, unable to say a word!

After a while, Xiahou Yinghao calmed down.

He giggled twice, and there was a penetrating smile in his eyes: "Okay, okay!"

His voice was as sharp as a night owl, and it seemed that it was not a human voice!

"Chen Feng, I was thinking about killing you quickly."

"But, now I found out that just killing you like this is too cheap for you!"

"I can't kill you like this, I still want to keep you alive!"

"I will be on the Kongsang Lunjian, the entire Dragon Vein Continent will pay attention to the Kongsang Lunjian, where all the young talents gathered, and will be completely defeated under the eyes of everyone!"

"Totally humiliate, and kill at the end!"

"Only to make you lose face in front of everyone, only to make you faceless in front of the young talents of all continents, lying at my feet like a dead dog, only in front of all, I will put your face in my boots Step on the dust to vent my hatred!"

He let out a violent roar: "I can vent my hatred!"

[Chapter 3595: so what?](#)

His roar was spread far away, and not only the entire tower, but even the distance could be heard!

At this time, Chen Feng and Pu Xingzhou, who were standing at the gate of the mansion, naturally heard them.

Pu Xingzhou looked at Chen Feng and said with a wry smile: "The action you made just now completely angered him."

Chen Feng smiled slightly: "So what?"

Pu Xingzhou looked at Chen Feng and laughed blankly, then laughed loudly, clicked on him, and said, "Yes, so what!"

"You are Chen Feng? What are you afraid of!"

However, Chen Feng will not leave Sky Dragon City yet, because he still has a place to go.

He has one more person to see, and he has a few more questions to ask.

In the evening of the same day, Chen Feng went directly to a mansion in Zhongcheng District.

It fell directly to the door of the hall, sighed softly, and slowly said, "Can Aunt Su be here?"

It turned out that Chen Feng came from Qi Wenxia's home.

But after a cup of tea time, Chen Feng was already sitting in Qi Wenxia's house.

This is the second time Chen Feng has come to Qi Wenxia's house, but the situation is completely different from the last time.

Last time, Qi Wenxia and Qi Junhao both ignored Chen Feng's love, and it could even be said to be full of contempt.

But this time, Chen Feng was led to the main seat, and Qi Wenxia and Qi Junhao were beside them, but they didn't even dare to sit while standing.

There was a stern look on his face.

Seeing this scene, Su Manqing sighed inwardly.

She naturally knew what had happened in Tianlong City these days, and naturally also knew very well what the true identity of the young man named Feng Chen in front of her was.

It is even more clear how powerful he is.

She can know from her husband, can wait from the rumors, not to mention that she still has some rather secret channels of her own.

"It turns out that his name is Chen Feng, not Feng Chen. It turns out that he is a strong man who has moved the world."

She gave a wry smile and shook her head like self-deprecating, but her expression remained unchanged, still with a trace of indifference.

However, the closeness has disappeared.

She calmly ordered people to take the medicated diet, and then sat down beside her and glanced at her husband and daughter.

He sighed in his heart, looked at Chen Feng, and whispered softly, "Master Chen, I don't know why you came here this time?"

Chen Feng organized the language, and then said in a deep voice: "Aunt Su, this time I came to see you, I want to ask a question."

"It's about my mother."

"Your mother?"

Su Manqing was stunned for a moment, and then said: "Do I know him?"

Chen Feng smiled and said, "You should have known each other."

Su Manqing looked at Chen Feng and shook her head slowly, with a hint of sarcasm in the corners of her mouth, and said, "Chen Feng, you are Chen Feng, not Feng Chen."

"The one who has friendship with me is the mother of Shi Yebai and his family, not your mother."

"Are you here to amuse me?"

There was a look of anger in her eyes, obviously thinking that what Chen Feng was doing at this time was obviously amusing herself.

This woman was really arrogant. When Chen Feng was down, she was not arrogant and treated him very close.

But at this time, after knowing Chen Feng's true identity and knowing how tyrannical his strength was, he was not restrained in front of Chen Feng, let alone the third or fourth.

Even because he thought Chen Feng was entertaining himself, he was furious and his face was cold.

Seeing her reaction, Qi Junhao and Qi Wenxia were shocked.

They stood there blankly, especially Qi Junhao, with a deep look of fear on his face, and even trembling like a sieve.

He naturally knew Chen Fengfeng's strength, and he knew how harsh Chen Feng's methods were.

At this moment, he wailed in his heart: "Madam, madam, how dare you offend Chen Feng so much?"

"When he gets angry, our whole family will be finished!"

He looked at Chen Feng, his legs softened and he almost knelt down.

Quickly wiped the sweat from her forehead, and said with a trembling, "Master Chen, don't get me wrong, this lady in my family can't speak."

Chen Feng waved his hand faintly, and Qi Junhao quickly closed his mouth.

Chen Feng was stunned for a moment, and then he came back to his senses. After trying to understand this, he knocked on his head, looked at her, smiled and said: "Aunt Su, don't get angry, I'm not entertaining you!"

"Actually, I do have something to ask you this time."

"I didn't make it clear just now."

"It is not because of the relationship between Shi Yebai's mother and you, but the relationship between my mother and you."

"Your mother?" Su Manqing said with a surprised expression on her face, "I shouldn't know your mother!"

Chen Feng smiled faintly, but did not answer his question. Instead, he took out something from his arms and shook it in front of her.

After seeing this thing, Su Manqing's face changed drastically in an instant, with an expression of indescribable shock on his face.

Amidst this shock, there was intense panic, anxiety, and even fear.

It was like a great secret that was discovered and uncovered on the spot, and this secret was she did not want to mention it, or even recall it, and it was a great threat to her.

If not, she could not have reacted like this.

In an instant, Chen Feng made the above judgment in his heart.

A playful smile appeared at the corner of his mouth: "Sure enough, I didn't expect it to be bad!"

"Since she and Shi Yebai's mother have such a deep relationship, the identities of the two are quite unequal, and there should be no possibility of intersection."

"But they have such a relationship, so there is only one explanation, that is, they are all related to this thing."

Chen Feng lowered his eyelids and looked at the palm of his hand.

The thing was lying quietly on the palm of his hand.

It turned out that this was actually a bronze plum.

It is extremely exquisite, but it has a trace of ancient clumsiness, just like something passed down from ancient times.

After the brief shock on Su Manqing's face, it suddenly returned to normal.

She smiled slightly, her expression was indifferent, she tucked her hair, and whispered: "Chen Feng, what is this?"

Seeing her look like this, Chen Feng felt even more determined.

Looking at her, he asked, "Aunt Su, haven't you seen this thing?"

"I haven't seen it, but this thing looks beautiful."

Su Manqing's face was as usual, and he laughed softly.

Chen Feng didn't expose her, just sighed softly and said, "My mother, who was born in the Xuanyuan family, is also a genius of the Xuanyuan family."

"It's just that when I was very young, she left me. I don't know why."

[Chapter 3596: Chana Villa!](#)

He paused, Qi Junhao asked Xia, and Su Manqing looked at him, not knowing what he meant by saying this.

It's just that Su Manqing's expression is a little uneasy.

Then, Chen Feng smiled slightly and continued: "Later, my mother reunited with me, but just a few years ago, she suddenly disappeared."

"I don't know where she went, but I just saw her play with a bronze plum many times."

Chen Feng's slender and white fingers gently twisted the bronze plum blossoms, smiled and said, "It's the bronze plum blossoms exactly like this one."

"The difference is that my mother's bronze plum has golden buds."

"And the bud of this bronze plum blossom is the color of bronze!"

Chen Feng keenly noticed that when he finished saying these words, the expression on Su Manqing's face moved again.

There seemed to be a flash of extreme horror and fear in her eyes.

Chen Feng said leisurely: "I know, I'm afraid my mother's secret is hidden here."

"So, I always looked around, but I couldn't find it."

"It's just that when I was passing by Baishi Town, I saw this thing at Shi Yebai's house."

"It is said that this is the relic of Shi Yebai's mother, and Shi Yebai's mother has made friends with Aunt Su again."

Chen Feng smiled slightly and looked at her and said: "Don't tell me, you don't know the origin of this thing."

"Don't tell me, you don't know what it means behind it!"

Su Manqing looked at Chen Feng, smiled and said, "A good story, of course, is a good story, it is touching!"

"However, Master Chen, you really misunderstood. This matter has nothing to do with me."

"Shi Yebai's mother and I only met by chance back then, and we ransacked together, and then we separated and didn't have much contact."

"I really don't know anything about her. You have found the wrong person."

But Qi Junhao and Qi Wenxia looked at Chen Feng with a little horror.

Chen Feng sighed softly, looked at Aunt Su, and suddenly whispered: "As a son of man, if he can't find his mother's trace, and even his mother can't protect him, then he is ashamed of him!"

"Aunt Su, I will leave Sky Dragon City soon, I don't have much time to stay here."

"So, I don't want to go in circles with you either."

"I don't believe what you say, and I don't bother to verify it."

"Then there is only one way."

Chen Feng slowly clenched his fists, and suddenly, that tyrannical aura was severely suppressed.

All three of them felt like they were vomiting blood!

That terrifying strength almost crushed them.

The next moment, the pressure suddenly disappeared without a trace, and the three of them were panting heavily, looking at Chen Feng with horror on their faces.

Chen Feng looked at Su Manqing at this time, and the indifferent look on her face had disappeared.

Instead, it was a touch of coldness.

But in the cold and severe, there is even more murderous indescribable.

He tapped his hand gently on the table and smiled and said: "Aunt Su, my mother has been missing for a long time."

"I searched everywhere but couldn't find the answer, let alone find her trace."

"This thing is the only clue A left me."

"and so!"

He stared at Aunt Su, and said word by word: "I must know what this thing means! I must also find out the truth about this matter!"

"Now, it is possible to get that clue. If I give up now, I don't know how long it will be before I can get such a clue again!"

He smiled faintly, like a spring breeze.

But in the laughter, there is endless murderous intent: "Aunt Su, you have to talk today, and you have to talk if you don't talk!"

When Chen Feng said these words, with a plop, Qi Junhao's legs softened and he knelt on the ground, sweating on his forehead.

His lips trembled and he couldn't say a word.

Qi Wenxia was also directly frightened, and stood there blankly.

Qi Junhao swallowed, and said loudly: "Madam, please speak up, speak up on you!"

Chen Feng looked at Su Manqing, smiled and said, "Master Qi is right."

"Aunt Su, I will give you ten more breaths. If not, I will have to..."

The reason why Chen Feng was polite to Su Manqing was because he felt that Su Manqing had something to do with his mother.

It was because of the intimacy he felt from Su Manqing.

However, this by no means meant that Chen Feng would be too patient with her.

Chen Feng has his own bottom line, if it doesn't touch my bottom line, everything is easy to say.

If touched, then, sorry!

Without asking Chen Feng to wait ten breaths, Su Manqing is obviously a person who knows the current affairs well.

After recognizing the situation here, he immediately whispered: "Okay, okay, tell you!"

When Chen Feng heard this, he couldn't help but sighed, and his heart was full of expectations.

Su Manqing sighed quietly, he finally decided not to hide any more, and finally decided to talk.

She looked at Chen Feng, and suddenly a wry smile appeared at the corner of her mouth: "You know what? Chen Feng, I hate you!"

"You buried me in my heart for decades, and almost thought that you had forgotten the hatred and memory, you have re-excavated!"

"You made me miserable and fell back into that whole day of fear!"

"It's all because of you!"

Chen Feng sighed: "Aunt Su, I'm sorry."

"However, I can give you a promise, as long as you say it, then you will get a token of my Chen Feng."

"Who dares to move you, I will kill him with a single blow!"

Chen Feng's words were cold, but decisive and full of decisiveness.

Su Manqing sighed slightly, feeling a little at ease.

She also knew that Chen Feng's current strength and influence, and also knew that Chen Feng's words were not empty words.

She pondered for a moment, then whispered: "Chen Feng, you are right, your mother, Shi Yebai's mother, and me."

"The three of us really belong to the same organization."

"What organization?" Chen Feng asked immediately.

"Zhana Villa!" Su Manqing slowly spit out four words.

"Cana Mountain Villa?"

Chen Feng raised his eyebrows, he had never heard of the name.

He frowned and said, "What kind of school is this? Is it a villa? Where?"

"It's not a school, or you can understand it as a school."

"But in fact, it is an extremely secret organization."

Su Manqing said softly: "This organization is extremely mysterious, and ordinary people don't even know it."

"Even, even among the nine major forces, only a few people know it."

"When talking about how many years this organization has existed in Longmai Continent, no one can tell, but knows that he has also appeared no later than 30,000 years ago at the latest."

[Chapter 3597: Killer, intelligence](#)

"Although it is inconspicuous, although he is not well-known, his power is extremely terrifying."

"You don't know how many people are in this force, and you don't know what kind of identity his people are living!"

"Maybe an inconspicuous chaser in the hotel, maybe a subordinate of your family, or even a good friend who gets along with you day and night, wife, husband, they may all be the people they organize!"

"what?"

Chen Feng's heart jumped after listening.

He has already guessed what this organization does!

He stared at Su Manqing and said coldly, "What kind of organization is this?"

Su Manqing stared at Chen Feng, spit out a word like a shocking stone: "Killer!"

"Killer organization?" Chen Feng trembled after hearing this.

"Yes, strictly speaking, it should not only be a killer, but also intelligence."

She whispered: "I've been in contact with killers since I was a kid, and killers who train them."

"I heard that the assassin training base I was in with a scale of thousands of people was just a humble one among countless assassin bases."

Chen Feng nodded and motioned for him to continue.

"However, besides the line of these killers, there is another line at Chana Villa, which is intelligence."

"The people of Chana Mountain Villa walk around the mainland to collect information. They are everywhere."

Chen Feng frowned and said, "How far is the ubiquity?" *noVeLUsb.cOm*

Su Manqing smiled and said: "Any dynasty, country, state, county, city, and even some larger towns and villages have their branches!"

"What?" Chen Feng heard this, and his heart jumped fiercely.

Su Manqing smiled and said: "Don't be surprised. In fact, Young Master Chen, if there were no surprises, I'm afraid you would have been searched for countless information by the people in the villa."

"I'm afraid that you have dealt with them countless times before you know it!"

Chen Feng listened and took a breath, and his heart trembled bitterly.

"This Zona Villa is too terrible, covering the entire Dragon Vein Continent? Everywhere?"

Su Manqing continued: "They will collect any information."

"For example, some young powerhouses who have recently emerged in a certain place, where some treasures have appeared, even including who fought with whom, who assassinated who, who was in retreat and practiced, died in a certain place... etc. Wait."

"All this, they will collect all the news about the warriors of the Dragon Vein Mainland."

"Moreover, from the top to the ordinary warriors, all news will not be let go."

"It's just that it will be divided into different levels, sold at different prices, and sold to warriors of different levels."

Su Manqing spoke for a long time.

Chen Feng nodded, feeling clear.

It turns out that there are two main things in this Chana Villa.

The first is the killer.

The second is intelligence.

They collected intelligence on the entire Dragon Vein Continent, sorted out and classified them, and then sold them at various locations to obtain great benefits.

At the same time, they are also the most mysterious, but the largest and most powerful assassin organization on this Dragon Vein Continent.

Their killers are countless, and their strengths vary greatly.

There are the top martial emperor level assassins, and there are also the most common ones, even only those at the level of Tianhe Realm.

They can take on all kinds of tasks, because they can find other people to do what kind of tasks!

Chen Feng was incomparably shocked: "This organization is so huge, I didn't even notice it."

"I have been in the Dragon Vessel Continent for so many years, and I have never heard of it. It can be seen how well they hide!"

"Only speaking of strength, this Zona Villa is not inferior to any of the nine forces at all!"

"Even beyond!"

Hearing these words, Qi Junhao and Qi Wenxia who were next to him were stupid and completely stunned.

They didn't expect that Su Manqing, who had been with them day and night and was a good wife and mother in their eyes, would come from such a background.

"She actually came from a killer organization!"

"What about you? What do you do?" Chen Feng asked this question for them.

"its me?"

Su Manqing sighed slightly, looked far away, with a touch of recollection in his eyes.

"I'm an orphan like everyone else."

"Later, I was adopted by Chana Mountain Villa. Since I was a child, I was taught martial arts, various assassination techniques, and intelligence gathering techniques.

"Even, teach me some techniques to betray hue and seduce men."

She seemed to not shy away from her husband and daughter, just talking softly there.

"Later, when I was nineteen, I became a qualified killer."

"After performing a few tasks, they sent me to Sky Dragon City and arranged for me to marry him."

Having said that, looking at Qi Junhao next to him, his eyes were complicated.

But after Qi Junhao came into contact with her gaze, he shivered as if he saw a snake and scorpion. He stepped back and sat down on the ground.

Looking at her, there is no closeness before, full of fear.

Even Qi Wenxia is the same.

This is also human nature. After all, they only learned today that the person who accompanies them day and night is actually a poisonous snake!

Seeing their reaction like this, Su Manqing's face showed a touch of misery.

Chen Feng said softly: "So, what is your mission?"

In fact, when he heard that this Zana Villa was a killer organization, Chen Feng probably guessed the origin of Su Manqing.

"my task?"

Su Manqing showed a touch of extreme anger and resentment on her face, and suddenly a strange smile: "If I have a task, it would be okay!"

"If you assign me tasks, that's all!"

"If they tell me, let me kill someone, I'm too happy to be too late!"

"Even if that person is hard to kill, even if I die on the way to kill that person, it's better than now!"

It seems that the pressure accumulated over the years, the cover-up in front of her husband and daughter, and the reaction of her husband and daughter just now made her feel almost collapsed.

She suddenly burst out and shouted loudly: "However, no one has sent me a task at all!"

"They just let me come here, find a chance to marry Qi Junhao, and then stay next to him."

"then....."

Chen Feng said slowly, "Then, there is no more, right?"

"That's right!" Su Manqing shouted loudly like a collapse.

At this time, Chen Feng flashed a bit of fear in his heart.

He shuddered slightly, and even his body was trembling, as if a shadow was engulfed in his heart.

"This is exactly the terrible thing about this Chana Villa!"

[Chapter 3598: Leave](#)

"He can lay down many chess pieces in the whole dragon vein continent. He can do it. Let a woman like Su Manqing stay here for 30 years!"

"Nothing, just wait so honestly!"

"Thirty years! I'm afraid that Su Manqing will almost forget his identity. Only when he dreams back at midnight, when he wakes up from the horrible dream, will he think of his origin and the purpose of coming here."

What Chen Feng can imagine is that if there is something to start at Chana Mountain Villa and Su Manqing is notified, then Su Manqing will definitely be moved.

Su Manqing is not very strong, and her influence is not very big, but she can affect her husband and daughter.

I don't know how many people are affected through her husband and daughter.

And what shocked Chen Feng the most was that he shuddered slightly when he thought of it.

On the Dragon Vein Continent, there are people like Su Manqing, I don't know how many!

"This Chana Villa is really terrible!"

Chen Feng whispered softly.

At the same time, his mind was running fast, thinking: "So, what kind of role does my mother play in Chana Villa?"

"What kind of identity is she?"

He looked at Su Manqing and asked this question.

Su Manqing showed a bitter smile and said, "I am just the most lowly and humble female killer in this mountain villa."

"From entering Chana Mountain Villa to leaving, there is only one place to stay, which is our killer training ground."

"The one with the highest status I saw was one of the stewards there. He was in charge of our five hundred male killers, five hundred female killers, and a thousand people."

"It can be said that in our eyes, it is the master and God, who can decide our destiny at will."

"But, even if it's him..."

He smiled and said, "The buds in the middle of the bronze plum blossoms are nothing but brass. I heard that above the brass is silver."

"On top of silver is gold."

"And your mother, the bronze plum buds are actually golden, which means that your mother is absolutely in a very high position in this villa."

"That's it!"

Chen Feng sighed slightly, his heart suddenly felt a little relieved.

If the mother was really because of this Zana Mountain Villa, then she shouldn't be in danger now.

He asked some other things, and Su Manqing answered with all his heart.

As a result, Chen Feng's understanding of Zona Villa gradually became clearer.

Seeing that he could never ask any more questions, he sighed slightly, and then left.

As for what will happen in this Qi family after he leaves, this is beyond Chen Feng's control.

But he believed that with Su Manqing's skill, he would never suffer.

However, before leaving, Chen Feng left a token for Su Manqing.

If she is in danger, just crush this token to let Chen Feng know that Chen Feng will naturally save her life.

This is Chen Feng's promise to her, and it is also what Chen Feng did for her in the face of his mother.

Chen Feng returned to the Zhulin Medicinal Food Studio, said to Lin Ran, and then was about to leave.

Zhong Lingzhu stood there, staring at him blankly.

At this moment, the look on Zhong Lingzhu's face was with a trace of confusion and a trace of perseverance.

Chen Feng looked at her, smiled and said, "I want to leave the place where you have lived for a long time, are you willing?"

Zhong Lingzhu's voice is crisp and tender: "I feel a little reluctant, but I feel that my future must not belong here."

"My future is the infinite starry sky of the future, at least in the Dragon Vein Continent."

She looked into the distance, her eyes gradually changed from confusion to clear: "I can feel the memory in my mind and my awakening talent."

"Furthermore, the sustenance of my ancestors is also telling, drove me to leave here and revive the Zhong family!"

Chen Feng smiled slightly, and reached out to touch his head: "Okay, the big brother will take you out of here."

Beside, Lin Ran stared blankly.

She was smiling at first, and the smile on the corner of her mouth grew thicker, and finally, tears suddenly flowed from her eyes.

Chen Feng looked at her and sighed softly.

She knew what kind of emotion Lin Ran was at this time, and obviously, he had no way to resolve it.

He just walked to Lin Ran, pulled a small stool and sat down, and said softly, "Don't worry, Sister Lin Ran, I will come back often when I have the opportunity."

Lin Ran nodded, wiped away tears, wanted to speak, but choked for a while.

Zhong Lingzhu walked up to her, holding the corner of her clothes, with a trace of guilt and nostalgia in his eyes.

She was brought up by Lin Ran, and the two have a very good relationship.

Lin Ran knelt down, holding Zhong Lingzhu's small face, sniffing, and whispering, "I'm fine, don't worry."

Zhong Lingzhu nodded, hugged her vigorously, rubbing her small face against her face.

If it were her before, I'm afraid that she would cry and cry at this time, and she won't go away.

However, after awakening his talents and awakening a part of Thunder's blood, his mind seems to have matured a lot at this time, and he is completely different from the little children before.

Chen Feng packed up and stopped, and Xianyu Gaozhuo followed him.

In the future, wherever Chen Feng goes, he will always take Xianyu Gaozhuo with him.

After all, such a strong man with experience and strength, and still has a different mind, he can only be most assured if he is by his side.

Chen Feng looked at Lin Ran with deep eyes and sighed softly.

Lin Ran turned her back and looked at him, but didn't look at him again, but waved her hand with her back to him, motioning him to leave quickly.

She was afraid that she could hardly restrain herself.

Chen Feng took a deep breath, nodded, held Zhong Lingzhu in his arms, winked at Xian Yu Gaozhuo, and the three of them went out.

After leaving the Zhulin Medicinal Food Studio, Chen Feng turned around and sighed, his eyes full of nostalgia.

He has spent this time here, not long, but the impression is extremely deep.

Moreover, there have been so many things that he can't forget, and he knows so many people that he will never forget. This place has extremely special meaning for Chen Feng.

He took a deep look, as if he wanted to remember the whole picture of the Zhulin Medicinal Food Studio in his mind.

Then, he turned around and strode outward.

At this moment, Chen Feng suddenly heard a voice: "Chen Feng."

After hearing this voice, Chen Feng was stunned.

It turned out to be Shi Yebai's voice.

Chen Feng had previously told Bai Jingwan, Gu Yunxin, Shi Yebai and the others that he would leave today, but he had told them specifically that he would not come and give it away today.

So as not to cry bitterly again, but did not expect Shi Yebai to come.

[Chapter 3599: Is that task?](#)

He turned his head to look, and saw Shi Yebai, Shi Hongbo and Bai Jingwan, walking over here quickly.

Bai Jingwan looked at Chen Feng, her expression still a little twisted, she stood there with her head down, pinching the corner of her clothes and not speaking.

It seems a little afraid that Chen Feng would say that he himself, after all, Chen Feng had said before that they would not come.

Chen Feng sighed lightly, looked at them, and said without a face: "Go ahead, what's the matter?"

Shi Yebai smiled and said in a low voice, "Chen Feng, we can leave here together."

"Oh? Leaving together? What do you mean?" Chen Feng asked with astonishment.

Shi Yebai chuckled: "We took a mission in the sect yesterday. It was a coincidence that the location of this mission was actually the Baishi Mountain Range behind our Baishi Town."

"Oh, what happened?"

Chen Feng raised his eyebrows, and suddenly realized in his heart.

What kind of tasks are they going to take over here? Clearly, they want to stay with them just to walk with them!

"You said it was a coincidence!"

Shi Yebai laughed and patted Chen Feng on the shoulder like a buddy.

"Baishi Town happens to be somewhere between the Xuanyuan Family and Tianlong City. This time, the Xuanyuan Family will pass by Baishi Town."

"So, Chen Feng, how about we walk together?"

Chen Feng looked at them, looked at the expectant eyes of Bai Jingwan, Shi Hongbo and others, smiled slightly, and his heart was suddenly filled with emotion.

He knew that in order to walk with him, in order to be able to stay with him for a while, they didn't know how long they had chosen among the missions like mountains and seas of the Beidou Sword Sect before finally finding this mission.

I can walk with myself in the name of the task.

And Chen Feng could also think of the ecstasy in their hearts when they found this mission.

Chen Feng smiled slightly: "Okay, just right, I will send you three to the Baishi Mountain Range."

"So you agree?" Shi Yebai looked at Chen Feng.

Chen Feng nodded.

"Okay, great!" Shi Ye Baishi Hongbo laughed, almost jumping up happy.

Bai Jingwan was beside her and couldn't help but smile.

When a few people walked together, it suddenly became lively.

Everyone was talking while heading out of Tianlong City, and didn't think time flies too fast.

It didn't take long before he came to the city gate.

This is where Chen Feng entered the city.

Chen Feng stopped outside the south gate, turned around and took a deep look at this huge and powerful city like a giant beast.

Then, he sighed softly, turned and left.

What he didn't know was that at the moment he turned around, a person slowly appeared from behind the window among the towering towers.

Looking at his back, his eyes were full of complexity, and there was a trace of unbearable loss and nostalgia.

It is Gu Yunxin.

She tapped her finger on the window lattice, tapping unconsciously.

Beside her, Huai Feibai stood quietly.

She endured it for a long time, but finally couldn't help it, and said softly: "Miss, I think you seem to be wrong during this time."

"It's really not right."

Gu Yunxin admitted this problem frankly, and she has always been able to face her heart.

"but....."

Huai Feibai hesitated for a long time.

She felt that these words did not seem to be what she should say as a maid, but after all she did not control her, she still said: "But, Master Chen, it seems that she is not a good match!"

"Yes, Chen Feng is too good, and he also has many women, definitely not only me!"

Gujun Xin faintly sighed, "I'm late!"

Huai Feibai was stunned. She looked at Gu Yunxin, and with Gu Yunxin's strong temperament, she should either be angry or sneer at this time.

And she has some regrets?

After Chen Feng left the Sky Dragon City, with a light tap, the Nine Dragon Proud Sky Sword flew out in the Nine Dragon Sword Pouch!

Chen Feng said softly in his heart.

Suddenly, on the Nine Dragon Aotian Sword, an infinite and powerful aura surged.

The aura and size of the Nine Dragons Aotian Sword swelled at an extremely fast speed, and in a blink of an eye, it was hundreds of meters long and stretched across the sky.

Then, Chen Feng leaped up with everyone, laughing: "Nine Dragon Aotian Sword, go!"

Suddenly, with a stroke of the Nine Dragon Aotian Sword, it hurried forward.

It is like a shining rainbow across the sky, extremely fast and extremely stable.

It's faster than everyone before, I don't know how many times!

Chen Feng knew that this was indeed a bit dazzling, but he didn't care.

This is no longer the time to be cautious when coming to Sky Dragon City. It's time to be afraid of being discovered.

It just so happens that it can also deter some of the crumbs who have a bad plan!

Bai Jingwan and others were all riding this kind of magic weapon for the first time, and they moved forward quickly, all of them extremely excited.

However, they soon lost their excitement.

Nine Dragons Aotian Sword, the speed is too fast!

The fierce wind blowing in the sky almost tore them to pieces, making them miserable!

Chen Feng gave a soft drink, and the power of the dragon descending arhat surged in his body, immediately forming a gas mask, enclosing everyone in it.

Xian Yu Gaozhuo looked at the Nine Dragon Aotian Sword beneath him, with a complex expression on his face.

But in the end, it just turned into a sigh!

The Nine Dragons Aotian Sword used to be his own magic weapon, but now it fell into the hands of others, but he was still on it, which made him sigh that the world is really impermanent!

When Chen Feng looked at the Nine Dragon Aotian Sword under him, he couldn't help showing a pensive look on his face.

"Now, for a long journey, obviously the Nine Dragon Aotian Sword is better."

"It's faster and more stable."

"Moreover, the most important thing is that I hardly need to consume my own strength."

"However, if it is a close-range battle or a short escape, the effect is still not as good as the day-to-day Golden Crow footwork, which changes flexibly."

"However, my daily Golden Crow footwork, now gradually can't keep up with my strength."

"Compared to my strength, it's a bit slower, and it's time to choose a powerful footwork again!"

"but....."

He looked down and shook his head slowly: "Although this Nine Dragon Aotian Sword is fast enough, it is still not as good as that Ruyizhou."

"Moreover, regardless of the people it can carry or the level of comfort, it is because Yizhou is too far behind. The only thing that can be better is that Yizhou is more eye-catching!"

While thinking, while moving forward, everyone was chatting.

Chen Feng also asked about the details of this mission.

After Bai Jingwan and the others said something, Chen Feng suddenly thought of something like: "Which mission to perform at Baishishan?"

At this moment, Chen Feng's mind flashed, and suddenly he remembered something.

[Chapter 3600: Helpless](#)

He seemed to have seen this task when he was reading the classics. After thinking about the details of this task, he was shocked.

Chen Feng looked at them and said, "I remember that this task is considered the top and most difficult task among the entire Beidou Sword Sect. How did you take this task?"

Chen Feng remembered very clearly that this task was considered to be extremely high-level and the most difficult for the entire Beidou Sword Sect.

Chen Feng is reading those classics. If he remembers well, many people have mentioned in his autobiography and have performed this task.

However, without exception, no one succeeded.

Moreover, there are not many people who can get back alive.

Some people are even stuck in it, without even having the opportunity to leave this record.

Thinking of this, Chen Feng looked at them and said in a deep voice: "Are you going to die? You are going to perform this task?"

"Even if it is to accompany me on a journey, it should not be so risky."

He was really a little angry. Seeing Chen Feng's anger, the few people were all there with their heads down, but Noo said nothing.

After a long while, Bai Jingwan just stepped forward, reached out and took Chen Feng's sleeve, and said softly, "Brother Chen Feng, don't you be angry!"

"We specially invited grace from the headmaster."

"Oh? What grace?" Chen Feng remained cold.

"The head knows our relationship with you, so we also know that we are taking this task to accompany you on a journey!"

"So, he gave a special order, we don't need to complete this task."

"If we fail, there is no punishment!"

"That's it."

Chen Feng nodded: "Then you are in Baishi Town. After you get there, go back, understand?"

When he said so, everyone's faces showed a trace of reluctance.

Shi Yebai twisted and said, "Uh, uh, we, we still want to see what kind of task it is."

"Not allowed to go!"

Chen Feng said coldly!

"Oh, let us see and see! Brother Chen Feng..."

Bai Jingwan shook his sleeves and stretched her voice, acting like a baby.

She has always been cold and frosty, and she is quite reserved. It was the first time that Chen Feng saw her showing such a childlike appearance, and couldn't help being stunned.

"Okay, then when you agree!"

Bai Jingwan immediately said loudly.

Chen Feng glanced at them, sighed, and said nothing.

It was the first time that he experienced this kind of helplessness.

Chen Feng has always been accustomed to coming and going all alone, and met Shen Yanbing, Han Yuer and others before.

They are similar to him in age, or older than him, and they don't have to worry too much about Chen Feng, they are all very independent.

At this time, Shi Yebai and the others were more like his younger generations and nephews than Chen Feng.

It needs his care.

He actually has a feeling of being a father.

It seems that these people in front of them are their own naughty children.

"Fine, nothing!"

Chen Feng sighed and ignored them.

Suddenly, the atmosphere became awkward.

Everyone was afraid that Chen Feng would be angry, so they dare not speak there.

Xian Yu Gaozhuo looked aside and smiled low.

Soon, a day is passing by.

The speed of the Nine Dragon Aotian Sword has slowed down.

At this moment, everyone looked down and could see that a small town appeared on the ground.

At the same time, I saw the huge mountain range behind the town.

It was in the evening, and the sky was already dark.

In the dim light, the huge mountain range lay there like a giant beast.

Everyone looked at Chen Feng and felt a little nervous!

Chen Feng has been silent here this day.

Finally, Bai Jingwan stepped forward, pulled Chen Feng's sleeve, and pleaded with her face: "Brother Chen Feng, don't be angry, can't we not go anymore? We won't perform this task!"

Seeing her grievances and her small mouth deflated, Chen Feng couldn't help shaking his head and sighing.

Reached out and clicked on them: "You guys!"

He stood up, looked at the White Rock Mountain Range, and said, "There is the White Rock Mountain Range, where you are going to perform your task."

The three of them looked there with deep longing in their eyes.

Seeing their expressions, Chen Feng suddenly trembled violently.

He knows what they think, he knows what they think.

They are also martial artists, they also have an upward heart, and they also want to improve themselves.

And there is no doubt that for them now, this task is an excellent opportunity.

Chen Feng asked himself: "What right do I have to deprive them of this opportunity?"

Chen Feng sighed, looked at them and said, "I have been carefully studying the method of blood infusion in the past few days."

"Originally, I wanted to instill a strong blood in each of you, but now there is no way."

"If you have been instilled with that powerful bloodline and your strength has increased crazily, this task will naturally be a matter of course."

"And now, I am really worried about your strength."

"However, since you want to go, then I won't stop it!"

Chen Feng pondered for a moment and took out a small jade slip from his arms.

It is about one foot long and **** wide. It has an emerald red color, just like the finest ruby.

Chen Feng looked at Bai Jingwan, handed the jade slip to him, and said softly: "This jade slip is a kind of treasure I got when I was on my adventure!"

"In the jade slip, there is a small thing sealed."

After all, pointed.

Bai Jingwan and the others looked in the jade slip, and as expected, there was a small silver white bead inside the jade slip.

The whole body is round and lovely.

There was a vaguely inexplicable force radiating inside, which made people feel, and a strangeness could not help but grow in their heart.

It seems that I want to detect this power, but I can't detect it.

Bai Jingwan and others looked at Chen Feng, obviously not knowing what this object was for.

Chen Feng took another jade slip from his arms and let everyone look at it.

This jade slip was the same size as the jade slip just now, and it was red all over, and a small bead was also sealed in this jade slip.

It's just that this bead is a bit bigger than the one just now, and the auras of the two are very similar.

It feels like these two beads are mother and child.

Among Chen Feng's jade slips are mother beads.

The jade slip in Bai Jingwan's hand contains Zizhu inside.

Chen Feng said softly: "These two jade slips are the strange treasures I got in the adventure before."

"There are four jade slips in total, all of which are the same, but the beads inside are different."
