

Peerless 3601

[Chapter 3601: Have to work hard!](#)

"Of these four jade slips, one seal is mother beads, and the other three seals are all sub beads."

"And once the child beads are broken, the mother beads will be sensed immediately."

"No matter how far away, as long as you are in the Dragon Vein Continent, you can feel it."

When Bai Jingwan heard this, she exclaimed: "There is such a strange treasure in the world?"

And when they heard it, they probably understood what it was for.

Bai Jing said, "Brother Chen Feng, what do you mean?"

Chen Feng said: "If you are in danger, you must be sure. Remember, you must crush this jade slip and crush the pearl in the first place."

"Then I will feel the danger on your side, and I will come to help."

"But, so far!"

Bai Jingwan's face showed hesitation.

She, Shi Yebai, and Shi Hongbo have the same ideas.

That would be too much trouble for Chen Feng, after all, it was too far apart.

Chen Feng Su Rong said: "What's afraid of far away? No matter how far away, I can come over."

"But, if your lives are in danger, I will regret it forever, understand?"

The three people showed gratitude on their faces and said one after another: "Understood!"

Chen Feng looked at the deep Baishi Mountain Range in the distance.

At this time, he knew how big the Baishi Mountain Range was!

It turned out that there was only a small branch next to Baishi Town.

At the end of the small branch, the real Baishi Mountain stretches for tens of millions of miles, and it is also a large mountain range that is counted in the God of War Palace.

And this time, their target for the mission was somewhere deep in the White Rock Mountains.

I'm afraid that it will take them a month or two to get there!

The White Rock Mountains lay down on the ground, like a sleeping behemoth.

Chen Feng could vaguely feel the endless danger inside.

Chen Feng had an ominous premonition in his heart. He took a deep breath and forced the feeling down.

Then he stared at them and said: "Remember, you must ask me for help, understand?"

Seeing Chen Feng's behavior, the three of them knew what he wanted, and nodded solemnly, "Don't worry!"

"Okay!" Chen Feng sighed softly, "Then I will be relieved."

He looked at the three people full of joy, and suddenly felt something.

"At that time, when I was in Qian Yuanzong, when I was in Ziyang Sword Field, when I took a challenging mission, I would look like this!"

"Just like them!"

Chen Feng smiled slightly and patted several people on the shoulders.

Then, the Nine Dragons Aotian Sword sank and soon came to Baishi Town.

Seeing this scene, the people in Baishi Town exclaimed, as if they saw a god, and even many people worshipped here!

Then, Chen Feng took them into the Shi family and met with Shi family and others.

Talk and laugh, it goes without saying.

Early in the morning of the second day, at the gate of Shijia.

Chen Feng looked at the people standing at the door, smiled slightly, and said, "Everyone, don't pass by, I'll see you in the future."

After that, he took a deep look at them, then turned and left.

Looking at his back, Bai Jingwan's faces were filled with melancholy.

Especially Bai Jingwan's eyes were red.

It was Shi Yebai, who let go of the emotional fetters with Chen Feng and only regarded him as a good friend, but he was much more free and easy.

She laughed and put her arms around Bai Jingwan's shoulders, looking like she was hooked on her shoulders: "You, what are you doing here to hurt the spring and sad autumn? Really!"

"Let's go! We still have the sect mission important!"

"I'll be able to meet soon anyway."

Shi Hongbo sighed: "You said it is light, and I don't know how long it will be!"

"Then work hard!"

Shi Yebai looked at him, and slapped his hatred of iron and steel on his shoulder: "If we have the same strength as Chen Feng, then we can accompany him in the Dragon Vessel Continent now!"

"You're right?"

"We want to be with Chen Feng, so we have to improve our strength, understand?"

Both Bai Jingwan and Shi Hongbo nodded.

In particular, Bai Jingwan suddenly realized something. She looked at Shi Yebai and said gratefully: "Thank you! Sister Shi, your words awakened the dreamer."

Since he was with Chen Feng, he has always been in trouble.

He often complains and cannot be with Chen Feng.

But at this time, she suddenly understood that there was only one way to stay together with Chen Feng for a long time.

That is: improve yourself!

The three laughed, and then strode into the White Rock Mountain Range.

It's just that the three of them don't know what is waiting for them on this trip.

Almost at the same time when Chen Feng left the Shi family, on the mighty West Sea with boundless waves, seven or eight streams of light flashed across the sky, leaving a splendid trail in the sky.

Some of these streamers are cyan, some are black, some are emerald green, and some are crimson.

The colors are different, and they have one thing in common, that is, they are all weapons.

These weapons are also different, some are swords, some are knives, and some are spears.

However, all of them have one thing in common, that is, they are very huge.

The shortest sword is more than 30 meters long.

The longest spear is more than 130 meters long.

Brilliant and brilliant!

The foremost is a cyan long sword, with a bright streamer, tearing through the sky, giving people a very powerful feeling.

This sword is no more than 30 meters long, the shortest among these weapons, but in terms of momentum, it can rank in the top three!

At this time, if someone from the Foundry Association is here, they will definitely be able to recognize it.

This sword is one of the weapons at the highest point on the mountain where the Association of Founders is located.

This sword is called: Liuli Qinghuojian!

At this moment, on this long sword, a figure is standing proudly, looking into the distance.

This was a young man in a purple robe, tall and handsome, standing there with a thick arrogance on his face.

It seems that everything is looking down and disdainful.

He looked into the distance.

Feijian tore through the sky and hurried away towards the distance, faster and faster.

Finally, a huge cyclone suddenly appeared before his eyes.

The cyclone lay between the sky and the sea, covering an area of unknown size.

It gives people the feeling that it is filled with the world, not knowing how huge it is, and even more so, how powerful it is to create such a vision!

The bottom of the cyclone sucked the water of the West Sea.

The water of the West Sea spreads through the sky and the earth, and is drawn up like a huge pillar.

Even in the huge water column, you can see the figure of a huge water monster from time to time.

[Chapter 3602: Come on!](#)

He sighed softly, and slowly uttered a word: "Xuanyuan Family, here it is!"

Seeing this huge cyclone, one knew that the Xuanyuan family was not far away.

There was an indescribable complex color in his eyes, containing hatred and expectation, but also with a hint of excitement.

He clenched his fists, and even his body trembled slightly!

He whispered softly: "Chen Feng, I'm here to kill you!"

"Chen Feng, Chen Feng, you don't know my existence, you don't even know my arrival."

"However, my arrival will bring you a nightmare-like situation, and you are about to die at my hands!"

Having said this, he couldn't help but let out a triumphant chuckle.

Licking the corner of his mouth, his face was full of bloodthirsty expressions.

Next to him, there was a middle-aged man who was about fifty years old.

He glanced at the young man and cast aside his eyes, with a slight sneer in his eyes.

Secretly laughed in his heart: "The first time I saw being used as a gunman, I was so happy."

He smiled and said: "Ran Mingxu, we are just about to reach the Xuanyuan family. I wonder if you have any good ideas?"

It turned out that this young man was Ran Mingxu.

A genius of the Foundry Association, Ran Mingxu!

As for them, the Association of Founders came to the Xuanyuan Family Inner Sect to seek revenge.

Ran Mingxu glanced at the middle-aged man next to him, a faint smile was outlined at the corner of his mouth, and he secretly said: "Don't think I don't know what you think."

"You think you are using me as a gun, right?"

"As everyone knows, if I am not willing, how can you make me move?"

"If it weren't for my willingness, how could I use it as a gun for you?"

"This time, I am a gun because I am willing! At the same time, it is also a great thing for me!"

"Your format is too small!"

He glanced at Ning Cheng, frowned, and said, "What can be done wrong? Let's just kill the door and ask for him. Could the Xuanyuan family dare not give it?"

After Ning Cheng listened, he raised his brows.

He didn't expect Ran Mingxu's so-called method to be so simple and rude.

He frowned, then shook his head and opened his mouth as if he wanted to say something.

But in the end, he didn't say anything, just lowered his head slowly, but a trace of pride flashed in his eyes.

"Then I, just wait to see the joke."

Ran Mingxu glanced at him and knew what he was thinking.

The two of them came this way, let alone face and heart disharmony, in many cases they don't even bother to do superficial effort, and even lack the peace of face.

Along the way, I don't know how many disputes and conflicts have occurred.

Ran Mingxu was very clear about Ning Cheng's thoughts.

He knew that Ning Cheng wanted to take advantage of his strength and at the same time was extremely wary of himself, wishing to make a joke to fulfill his wish.

A sneer appeared at the corner of Ran Mingxu's mouth: "Want to see my joke? Sorry, I let you down!"

The next moment, he waved his hand.

Suddenly, with the glazed blue light sword brushed, it stopped in the void.

"Why do you stop?" Ning Cheng asked somewhat differently.

It was still quite a distance from the Xuanyuan family.

Ran Mingxu looked at him and smiled slightly: "Ning Cheng, this time is mine or you?"

"If you want to be the master, you can! I don't mind now = I will leave this errand to you, but if you do a good job or a bad job, you can do it yourself!"

Upon hearing this, Ning Cheng's face immediately flushed, as if he had been slapped in the face.

If he is sure about it, how can he want to use Ran Mingxu as a gun?

So, Ran Mingxu gave Ran Mingxu a fierce look, said nothing, and stepped aside.

And Ran Mingxu, at this moment, stretched out his right hand high and shouted: "Everyone, stop."

"Yes!"

Above those weapons, there were people shouting.

After that, the huge divine soldiers that pierced the sky stopped and surrounded his glass cyan light sword.

Everyone looked at him in surprise.

Ran Mingxu looked at everyone, smiled and said, "Everyone, stop here first and wait for me for a day."

"No one is allowed to act rashly, just stop here, understand?"

"Without my permission, no one is allowed to make any changes, otherwise..."

A cold smile was drawn at the corner of his mouth: "Kill without mercy!"

"Yes!" Everyone clasped their fists.

Obviously, in this group, Ran Mingxu's identity is the highest.

But there are two exceptions!

On the longest flaming red, like a huge spear made of the brightest ruby, a man and a woman were standing by themselves.

Take the woman, it seems that she is only seventeen or eighteen years old, but her face has toughness and maturity that does not match her age.

There was already the color of wind and frost on the immature face.

Her eyes are even more desolate, tenacious, and indifferent!

It seems that he is not very concerned about anything.

Next to her, there is a man who looks older than her.

She was quite thin, and her expression was quite similar to her, all in the silence of her face, with a trace of coldness that was thousands of miles away.

It's just that although he is older, he is obviously respected by this woman.

When everyone respectfully thought of Ran Mingxu's salute, the woman stood there unmoved, but nodded slightly, which was considered a salute.

And seeing him like this, that man is like this too.

Obviously, their actions were quite arrogant and rude compared to the others.

However, their faces did not reveal the slightest hint of arrogance.

It's as if they did this action, their actions like this, nothing more natural.

Even others didn't feel so surprised, and didn't express shock.

Even Ran Mingxu noticed their movements, his eyes shrank slightly, and a sharp flash in his eyes, but he didn't say much.

However, when he turned around, the sharpness in his eyes had turned into a touch of coldness and viciousness:

"Two little things, relying on your status as a master, your status in the association is also quite detached, you dare to be powerless against me?"

"Wait for me, after the old thing is gone, I will kill you two!"

"Don't you two have good talents, and the affinity for weapons is exceptionally high? Hahaha, that just happens to train you and Chen Feng into my magic weapon!"

However, he should also be quite jealous of these two people, so he did not dare to say these words directly, but only dared to be ruthless in his heart.

[Chapter 3603: Seems to be an old friend](#)

Then, Ran Mingxu's figure flashed, turned into a streamer, and then went straight forward.

Soon, it disappeared.

And everyone is also waiting here.

This time, it took about half a day, but no one felt impatient.

They are all strong people who have been cultivating for so many years, so they still have some patience.

What's more, Ran Mingxu led them to the Xuanyuan Clan this time, whether it was reasonable or revenge, but for everyone, it was a matter of the same enemy.

Of course, no one would admit that the reason they didn't say anything was because they didn't dare to say.

After all, Ran Mingxu is a man who must report to him, and he is narrow-minded.

If something he doesn't like to hear at this time is said to his ears, then it will be unlucky.

Another half day passed.

Soon, it was already night.

Above the West Sea, at night, the wind and waves seemed to be particularly strong.

The stars seemed to be brighter than those above the Dragon Vein Continent.

The sound of countless waves clashed, and the sky full of stars was so bright that it seemed to be straight down.

For a while, it seemed extremely quiet here.

Everyone didn't speak, they just sat or lay on their weapons, looking at the starry sky faintly.

At this moment, on the fiery red spear, the woman in white sighed gently.

Looking at the sky full of stars, he whispered softly: "Dou Zhuan Xing Yi, so fast, a few years have passed!"

She seemed to be questioning, and she seemed to be talking to herself.

At this time, under her clear and calm eyes, there was actually a strong irritability brewing.

She seemed very anxious, in sharp contrast with others.

The others seemed to be indifferent, but she was very anxious and urgent.

At this moment, above the flaming red spear, the gentle young man looked at the white-clothed woman next to him, and whispered, "Seven Princess..."

"How many times have I told you, don't call me a princess!"

"The country is dead, my home is broken, what kind of princess am I? Have you ever seen a princess like me?"

"There is no me in this world! Call my name! Understand?"

The woman in white shouted impatiently.

"Yes." The thin man sighed softly.

Looking at her, he slowly said, "Wu Linghan."

"What's wrong? Chu Ci?" Wu Linghan glanced at him, with a trace of indifference in his eyes.

She seemed a little uninterested in everything, and seemed rather indifferent to everything.

However, if you look carefully, you will find that in her eyes, the deepest part of the eyes, the lowest level of emotion, seems to be burning.

She is not ruthless, not indifferent.

In fact, she had extremely hot emotions in her heart, but it was deeply hidden by her.

I don't know what kind of emotion he is thinking about, maintaining, and never forgetting.

Chu Ci whispered: "Along this road, I heard Ran Mingxu and others say, it seems that Ran Mingxu has something to do with the Xuanyuan family."

"Even, with an extremely powerful figure in the Xuanyuan family, he has already secretly connected with him..."novelSb.com

Having said that, he paused, as if trying to name a certain name.

But in the end, he shook his head and slowly said: "This time, he is so bad and lucky!"

When he said his word, he obviously trembled slightly, and his eyes showed an extremely complicated look!

"What if there is more fortune? How about if there is more fortune?"

The white-clothed girl Wu Linghan sketched a sneer at the corner of her mouth: "What's the matter with me?"

When she said this, her tone was indifferent, as if she didn't care.

But Chu Ci looked at her, his eyes deep, and he whispered: "If you really think so, how can you be so upset just now? How can you be so anxious?"

Wu Linghan's figure froze there, slowly turned his head, looked at him, and whispered:

"Do you think that you understand? Only you are sensible, right? Only you can see everything clearly, right?"

"These years, when can your problem be corrected?"

At this time, her voice was already very unceremonious, questioning with a strong grumpy.

When Chu Ci faced him, he only smiled.

He didn't say anything, just spit out seven words: "Because he is Chen Feng?"

Chen Feng!

This moment when Chen Feng finally spit out the words of Chuci, this moment!

Wu Linghan suddenly trembled violently.

At this moment, the corners of her eyes jumped wildly, and the muscles on her face twitched uncontrollably, and her whole body shivered violently!

At this time, Chuci even heard the sound of a big river running by.

Wow...

The sound was loud, but he knew that it was not the sound of a big river, but it was not his illusion.

Because this was the sound of the blood in Wu Linghan being crazily squeezed out of her heart, flowing crazily in her body.

It's just because her vitality is too strong, and her talent is too strong!

That's why it is so!

But at this moment, a huge light burst out of Wu Linghan's eyes for an instant, and the originally indifferent and pale eyes looked like flames burning.

The emotions buried in the deepest part of her eyes and the most secret corners of her heart finally burst out.

Suddenly he grabbed Chuci's collar and stared at him, with an unspeakable violent look on his face:

"I forbid you to mention him! I forbid you to mention this name! Understand?"

"I never want to hear this name again!"

Her face can only be described as ferocious at this time.

But Chuci was treated like this, but she didn't feel any anger, but was just unspeakably calm.

And, the sadness in the eyes.

He just let Wu Linghan lift himself up like this, just looked at him and said softly:

"His Royal Highness, can you forget it without mentioning it?"

"If you don't mention it, won't you be buried in your heart?"

"If you don't mention this name, can those things in the past be treated as if they haven't happened?"

This return directly stunned Wu Linghan.

She was stunned there, her expression stunned, she didn't know what to say, her whole body was ashamed.

Chuci's voice came faintly: "If your Royal Highness really let go, then why did you hear that Chen Feng is involved in this matter, so you can't wait to take the initiative to invite you to join this time?"

"Why do you have to come here?"

"If you really feel relieved and forget Chen Feng, then everything about him will have nothing to do with you."

He paused, the sadness in his eyes could hardly be concealed:

[Chapter 3604: Internal response](#)

"You and I have now joined the Foundry Masters Association, have worshipped new masters, awakened new talents, broke new realms, and have already had a new life."

"Even if you go back with your current strength and rebuild a state of Chu, it's just a matter of snapping a finger."

"If you really forget Chen Feng, why do you always miss it?"

"How many midnight dreams, the light in front of your window is always on, and your people are sitting at the table, staring blankly?"

"Do you think I don't know what you are doing?"

"Furthermore! Just when we entered the Alchemist Association, and just gained a little strength, when walking on this continent, you went crazy and went to Chen Feng!"

"You tell others that it is to perform the task, you tell the master that it is for experience, and you tell everyone that it is to improve your own strength!"

"But, only I know!"

His voice became extremely high-pitched, staring at Wu Linghan, and loudly said: "You are for Chen Feng! You are for Chen Feng!"

His voice has become extremely high-pitched, and his tone is even more questionable: "Do you think I don't know your feelings for him?"

"It's just that you understand your feelings for him, are you clear?"

"This time, you will see Chen Feng soon! Don't you understand?"

"Then how do you face him later? What can you do after you meet Chen Feng? What do you want to do?"

In the end, his voice had turned into an irritable roar, and the whole person was emotionally about to collapse.

Wu Linghan was stunned, without a word, even his emotions did not change.

However, at this time, countless voices echoed in her heart: "Yes, what am I going to do? I still can't forget Chen Feng!"

"But, what will I do if I find Chen Feng?"

"Do I challenge him? Did I kill him? Do I consider him an enemy?"

"After all, we are enemies. It seems that I should have done this, but are the past still meaningful?"

She just stayed there.

And this conversation between the two obviously shocked others, and everyone looked at them blankly, not knowing what happened.

"Wu Linghan and Chu Ci actually quarreled?"

"Yeah, I can't believe it. Who doesn't know that Chuci is Wu Linghan's little follower, everything depends on her, and the two have a very good relationship."

"Yes, even many people say that Chu Ci is to Wu Linghan the same relationship as a servant to the master. How could the two of them quarrel?"

"Who knows about this? It's probably related to some of their original secrets!"

The crowd whispered.

And Wu Linghan was silent for a long time, a long time.

Finally, with a hand, Chuci fell on the spear.

But Wu Linghan also softened and sat cross-legged on the ground.

After a while, he sighed softly, his face sullen: "Let's talk about it, let's talk about it then!"

She didn't want to do anything at this time, she didn't think about anything, all she wanted was escape.

And after Chu Ci had just vented that emotion, it seemed to have some relief.

He looked at Wu Linghan, his eyes were filled with distress, and he couldn't bear to force her anymore.

Nodded, hid away and stopped talking.

However, after all this, a crack seemed to have appeared quietly between the two!

The strange thing is that the two of them quarreled so loudly just now, but they didn't attract the attention of others.

And everyone didn't even hear the voice of their discussion.

Because just when the two were talking, Wu Linghan already waved his hand, and a formation quietly appeared beside them, isolating the voice.

This kind of formation is very easy, even some beginners can do it, but want to hide from so many strong people, and sadden so many strong people at such a close distance, and it is such an understatement. Layout and down, then it can be very difficult.

From this it can be seen that the white-clothed girl Wu Linghan's ability to deploy formations is very powerful.

If Chen Feng was here at this time, he would be extremely shocked and overjoyed when he heard this conversation.

Emotions are bound to be very complicated.

Because, they turned out to be Chen Feng's friends when he was still slaying the Thirty-Seven Kingdoms!

It's in the sword-forging furnace, in that little cottage, the friends you made!

This woman is the seventh princess of Chu, the old seventh, and her real name is Wu Linghan!

The two of them left when Chu State was destroyed.

Unexpectedly, they actually joined the Foundry Association and came here.

But it's not very surprising, after all, the old Qi's hobby was casting things.

Seems to be an old friend!

This night, it became more peaceful, and even many people could start to close their eyes, breathe out slowly, and start practicing.

And when everyone was silent, suddenly, a stream of light in the distance came to this side at an extremely fast speed, and soon came close.

Everyone got up because they were very familiar with the breath.

Sure enough, soon, the streamer showed a figure, it was Ran Mingxu.

He is back.

When Ran Mingxu came back, everyone bowed and saluted.

Ran Mingxu's eyebrows were full of joy. He looked at the crowd, raised his arms, and laughed:
"Everyone, I have done everything."

"This outpost is ready."

"Let's take a rest tonight, and tomorrow morning, we will kill the Xuanyuan family!"

He paused, then squinted his eyes, his eyes filled with triumphant expressions: "Among the Xuanyuan family, a powerful man with extremely high status and strong strength has already agreed with me."

"As long as we are in the past, hahaha, this matter will be handled smoothly!"

Hearing what he said, everyone cheered.

They have been here from the Foundry Association for a long time, and everyone is quite bored.

They all want to end it quickly and go back quickly.

"Great, this matter is finally over."

"Yeah, I said, Master Ran is strong, has countless friends, and his power is also tyrannical. He must be sure to ask Ying to bring people over this time."

"That's right, not only that, and he probably had an agreement with that powerful figure in the Xuanyuan family."

"Haha, is it possible that the Xuanyuan family just sold their genius Chen Feng?"

"Then who knows? Maybe it's because Chen Feng doesn't have eyesight. Who is to blame for offending someone and being sold?"

But after hearing Ran Mingxu's words, especially after hearing the people's comments, Wu Linghan trembled violently.

Her fist slowly clenched.

[Chapter 3605: Enter the Xuanyuan family](#)

When I opened it again, the nail on the right hand was already stained with blood.

It was actually too hard just now, and he broke his palm.

And at this time, what they didn't know was that just far away, a crimson light was also coming quickly toward the Xuanyuan Family.

It is Chen Feng and his Nine Dragon Aotian Sword!

Soon, these people from the Foundry Masters Association came to the edge of the Xuanyuan Family, and came to the huge cyclone.

The majestic and majestic power faintly transmitted from that cyclone made these people with extremely powerful realm strengths also couldn't help but be shocked.

You know, among them, the one with the lowest strength has also reached the peak of the One-Star Martial Emperor.

Ran Mingxu, the most powerful, has surpassed the mid-term of Samsung Wudi and almost touched the edge of the peak of Samsung Wudi!

However, the power in this cyclone is definitely not something human can contend.

Such a huge and powerful formation has brought together the hard work of the Xuanyuan Family for so many years, as well as the strength of the Xuanyuan Family's predecessors.

This formation is not the manpower used at all, but the mighty force of the heaven and earth!

Moreover, this formation is extremely closed, all of that power is firmly locked in it, and it cannot be leaked at all.

The huge power used is large enough, and it is closed enough not to leak, but this is the only way, so the power in this formation is exceptionally tyrannical.

If you want to go in, you don't know what kind of brutal suppression.

Even if the team of Founders Association is elite, they can't bear it at all, and it is impossible to compete with it inside.

Everyone looked at Ran Mingxu, not knowing how to get in.

Ran Mingxu smiled slightly, shaking his hand, and a small token appeared in his palm.

This token is about the size of a slap. If a child of the Xuanyuan family sends it here, they will find that this token is exactly the same as the token issued when they first entered the Xuanyuan family.

It's just that the material of this token is very special, different from the color of ordinary disciples, but it is filled with purple.

Even, its material is a little bit unlike entity, just like a cloud of purple mist being dragged in Ran Mingxu's hands.

Obviously, this is some kind of token.

Then, Ran Mingxu muttered something.

With a bang, the purple mist plunged into the cloud group, and the cloud group shook violently.

Then, in the cloud cyclone, countless white mists gathered, actually slowly squeezing toward both sides.

After a while, a narrow passage was formed in the middle, allowing only two or three people to enter.

But after all, there is such a channel.

Seeing this scene, everyone thought about it.

"It seems that the person Ran Mingxu got from the Xuanyuan family is quite powerful, and he can break through this big formation with his token."

Then, Ran Mingxu walked into it first without looking back.

Everyone filed in.

At this time, the inner sect of the Xuanyuan family was still as usual, very calm, and nothing happened.

In fact, the Xuanyuan family's Inner Sect was like this most of the time.

Everyone is a strong person with a high level, and it is not easy to be able to cultivate until now. When there is nothing to do, that is to hide in their own place to practice, and they will not run around.

To the southwest of the Xuanyuan family's Nei Zong, there is a high altar.

That altar was the first place outsiders arrived after they came to the Xuanyuan family's Inner Sect, and it could probably be regarded as a gate.

Naturally, not many people in this place are willing to practice here, after all, they have been disturbed a bit too much.

However, it's not that you can cultivate where you want to.

Those beautiful mountains and rivers, the good fortune of Zhong Tiandi, and the places with the strongest aura are all occupied by the strong.

Therefore, naturally there are some warriors who are slightly weaker and have to occupy this place.

After all, although every time someone enters and exits, it will cause some disturbances in Nuo Da, but every time this pass formation is opened, a lot of spiritual energy will actually leak.

If you are used to the noise here, practicing here is not a bad thing.

Near here, there are several disciples who are practicing.

And suddenly, they heard a rumbling thunder resounding over the platform.

Everyone cursed in their hearts: "Someone has come in again."

They are so used to it that they don't even bother to take a look at them.

But soon, they found that something was wrong this time, because this time the movement seemed to be extremely large and the time was extremely long.

Everyone was shocked, suddenly got up and looked out.

In the next moment, they saw that as the cloud layer split, from above, there were a dozen figures slowly falling down.

"So many people are here? Among the sects, there have been no such large-scale visitors for a long time!"

"Yes, judging by their extraordinary aura, some powerful people from outside have entered our Xuanyuan family."

Everyone became excited: "I have been in the Xuanyuan Family for 30 years, and I have never seen so many powerful people from other forces come here to visit!"

"Don't say you are thirty years old, I have been here for fifty years, and I have never seen it!"

"This is a rare thing!"

Everyone looked there.

But after a while, there was a sudden burst of laughter in the distance.

The laughter was old, but thick and powerful, with supreme authority.

Hearing this laughter, these disciples all trembled in their hearts, their legs softened quickly, they knelt down, and shouted: "I have seen the Great Elder!"

Above the sky, a figure passed by.

Then, slowly fell on that platform.

It was Xuanyuan Zixi.

Xuanyuan Zixi didn't even look at the Xuanyuan family disciples who were kneeling on the ground. He just looked at the opposite side Ran Mingxu, smiled slightly, and said, "Elder Ran, I came here very quickly."

Where did Ran Mingxu dare to put on airs in front of Xuanyuan Zixi at this time?

Hurry up and said respectfully: "The younger generation dare not be unhappy, if you delay the important affairs of Senior Xuanyuan, that is the sin worthy of death!"

Xuanyuan Zixi was praised by him, proud in his heart, laughed loudly: "Let's go, let's go over."

Then the figure flashed directly.

Ran Mingxu followed closely behind.

But behind Ran Mingxu, everyone was thoughtful after watching this scene.

"It seems that things are not that simple yet!"

"Yes, maybe this time, coming to the Xuanyuan Family Inner Sect was not accidental at all, but something that certain people would inevitably push behind."

Especially Ning Cheng, whose face was pale at this time, whispered, "Fuck, it was calculated by Ran Mingxu."

[Chapter 3606: Be fair!](#)

"I thought he rushed back by accident that time, seeing Lie Xinxi, only then took the initiative to come."

"But I didn't expect that he had colluded with Xuanyuan Zixi this old thing a long time ago."

"When I went back this time, even if I didn't mention it, he would definitely promote the matter, but I was taken advantage of by him."

And the disciples of the Xuanyuan family stood there in a daze at this time, and hadn't recovered for a long time.

It was not until Xuanyuan Zixi and the others left that they dared to stand up, their hearts filled with speculation and trembling.

However, their moods soon calmed down, and they went back to their respective places to practice.

After all, they all knew that even Xuanyuan Zixi was involved in such fights with gods, and it had nothing to do with them, and they couldn't reach that high level.

However, their silence was interrupted again within a short while.

Before they waited for long to cultivate, suddenly, a strong and majestic voice came from the sky: "All the disciples of the Xuanyuan family, all come to the discussion hall!"

Everyone got up, all in awe.

They looked at each other, and then without a word, they flew towards the hall.

Not only them, in fact, all the disciples of the Xuanyuan family in the Nei Zong heard these words at this time.

Their faces are full of solemn expressions, because everyone knows that this is the authority that only the elder can have, and this is the call of the elder.

So no matter what they are up to.

Alchemy reached a critical juncture, cultivation reached a breakthrough, and they were trading with people in the black market, and even the two were fighting for life and death. They all stopped, and then gathered in the direction of the hall.

But in about a quarter of an hour, all the disciples had already arrived.

They were naturally not qualified to enter the main hall, but they all stood on the square in front of the main hall, a large area covered in black.

And from this, you can also see the scene in the hall.

Everyone was a bit surprised, and they found people who had a good relationship with them, and they whispered there.

"This time, who knows what happened? Why did you suddenly call us here?"

The sharp-eyed person raised his eyebrows when he saw a dozen strange figures standing above the hall.

"I want to come, this matter has something to do with those outsiders."

"Yes, that's probably the case."

His Highness stood with many disciples.

And all the elders above the hall have also come together.

No, it should be said, one person is still missing.

That is Xuanyuan Xiaoyue.

Many elders were also quite surprised, not knowing what happened.

But they knew a lot more than those disciples, and when their eyes swept over the strange and powerful people in the temple, they became more concerned.

After a while, Xuanyuan Xiaoyue only arrived here.

With a trace of uncontrollable anger on his face, he first glanced at Xuanyuanzi above the seat, his eyes cold.

He really didn't know about such major events, and Xuanyuan Zixi hadn't spoken with him in advance, which was already a great offense to his majesty.

He still had a bit of inspiring questions.

However, when he glanced over the faces of the few people below, his heart suddenly sank.

The whole person is as if being soaked in ice water, cold from head to tail.

At this moment, seeing Xuanyuan Xiaoyue's gaze swept towards her, Ran Mingxu's mouth was slightly drawn with a smile. Nodding slowly to him.

It's just that there is a trace of ridicule and coldness in the eyes.

However, after Xuanyuan Xiaoyue's brief gaffe, he immediately recovered.

She lowered her head and glanced over these people, seeing the exquisite clothes on them, but also the holes in the clothes and the logo.

"These are people from the Foundry Association!"

He took a deep breath and let out a sigh like a dream.

He can naturally see the origin of these people.

Moreover, he and Ran Mingxu had a fate, so they knew their origins even more.

And he also remembered what Chen Feng told him after returning from the depths of the endless sea.

Therefore, he immediately knew what the purpose of these people from the Foundry Association came here.

"They came here to seek revenge!"

Thinking about this, he no longer had the thought of questioning, but his heart was spinning rapidly, thinking about countermeasures.

"This time, Chen Feng is not here, and Xuanyuan Zixi wants to summon everyone here, what exactly does he want to do?"

"What does he want to do?"

Originally, Xuanyuan Xiaoyue was not too worried about how Xuanyuan Zixi would deal with Chen Feng, because Chen Feng is now strong enough, realm high enough, and talented.

Anyone who wants to deal with him has to weigh in.

And Xuanyuan Zixi couldn't do her own way.*nOvelUs&.com*

But this time, he found that he seemed to underestimate Xuanyuan Zixi's determination.

Seeing Xuanyuan Xiaoyue's arrival, he saw an expression of anger on his face first, then fell silent, and slowly sat down beside him without saying a word.

A smile appeared at the corner of Xuanyuan Zixi's mouth, as if he had understood something: "Are you okay?"

Then he cleared his throat.

Suddenly, everyone's attention was focused on his face.

He looked at the elder below, and then fell on the many disciples below, and said in a deep voice:

"Everyone, I have always been a cheerful person, so I will not hide it."

"You must have seen these faces above the hall."

"I will tell you who they are."

Everyone pricked their ears to listen.

They are also very curious about this!

Xuanyuan Zixi smiled and said: "They are from the mainland, one of the nine major forces of the Foundry Association, this is Ran Mingxu."

He pointed to Ran Mingxu: "He is one of the youngest and most promising elders of the Foundry Association."

Everyone's eyes fell on Ran Mingxu.

A persistent smile appeared on Ran Mingxu's face, and he was obviously very satisfied with Xuanyuan Zixi's face to him in front of everyone.

Everyone made a low comment.

"This is Ran Mingxu? I have heard of his fame."

"I have also heard about it. It is said that this person is not only extremely powerful, he is already an elder of the Foundry Masters Association at a young age, but also has harsh methods, moody, and often murder."

"Yeah, most of his reputation is notorious."

"However, the strength is also real."

Everyone talked a lot.

Then, Xuanyuan Zixi said in a deep voice, "Elder Ran Mingxu, let's talk about it now, why are you here in our Xuanyuan family this time?"

"It is good!"

Ran Mingxu took a step forward, walked to the center of the hall, and glanced around everyone's faces.

[Chapter 3607: Drive out of the Xuanyuan family!](#)

Then, every word, his voice calmly said: "This time, my Foundry Association sent us here to ask for justice!"

"Ask for justice!"

Everyone was in an uproar: "What is the purpose?"

"In these words, there is already a hint of unkindness."

"Yes, can it be said that you are going to fight our Xuanyuan family?"

Ran Mingxu paused, and then his voice turned into an icy cold, like the biting cold wind.

"Ten days ago, dozens of disciples from the Association of Founders went to explore a secret realm called the Endless Sea."

"As a result, I ran into Chen Feng in that secret realm. He called me Senior Brother Ningcheng..."

He said, pointing to Ning Cheng next to him: "The most proud disciple was killed, and the other two disciples of our Foundry Master Association were also beheaded."

A painful look appeared on his face: "These three disciples are the three most outstanding disciples among our younger generation!"

"The talent is extremely high, the strength is strong, and it will definitely grow into a great power in the future, and may even be the pillar of our Foundry Association!"

"As a result, you just died in the hands of Chen Feng of your Xuanyuan family!"

His voice was full of anger: "I am coming today!"

His voice suddenly became extremely high-pitched and fierce, and the spiteful meaning inside seemed to be able to spray out: "To Chen Feng, ask for justice!"

After saying this, immediately, the whole hall was quiet for a moment.

Then, the next moment, there was a huge exclamation.

"It turns out that the Foundry Association is here to seek revenge!"

"Then Chen Feng, he was too ruthless to kill three core disciples with extremely high talents from the Foundry Master Association?"

"Don't you know what Chen Feng is? It's always fierce and fierce. If they dare to offend Chen Feng, then it's not surprising that Chen Feng killed them!"

And above the main hall, there are many elders with expressions of horror on their faces.

But soon, this horror became a little clear, and many people had guessed something vaguely, and cast their eyes on Xuanyuan Zixi.

At this time, Xuanyuan Xiaoyue's fist suddenly clenched: "Sure enough, it really is for Chen Feng!"

"If there is no one behind me, I don't believe it if I was killed."

Ran Mingxu turned around at this moment, looked at Xuanyuan Zixi, clasped fists in both hands, suddenly bowed deeply, and said loudly:

"Please call the master elder! Please call the master elder for those disciples who died in vain from my Foundry Master Association!"

Behind him, everyone in the Foundry Association held their fists and saluted together, saying so loudly.

Their voices were loud, shaking the whole hall.

Above the hall, there was no sound, everyone's eyes fell on them, and then moved from them to Xuanyuan Zixi.

Because, at this time, there is only one person who can determine this matter.

That is Xuanyuan Zixi.

The corner of Xuanyuan Xiaoyue's mouth was faintly taunting.

At this moment, Xuanyuanzixi sat there steadily, his expression unchanged, no change, as if he was thinking about something.

After a long time, he slowly stood up, looked at Ran Mingxu and others, and said in a deep voice:

"Elder Ran, and everyone from the Foundry Association, don't worry."

"On this matter today, my Xuanyuan family will definitely give you an explanation from the Foundry Association!"

Xuanyuan Xiaoyue sneered in her heart: "Isn't we going to do all the acting? I just thought for a while, but just to pretend."

Sure enough, as he expected.

At the next moment, Xuanyuan Zixi's face suddenly changed, becoming extremely cold, full of bitter murderous intent, and said coldly:

"Chen Feng, that dog thing, I knew he was rebellious, but because of his excellent talent, it opened up to him."

"Unexpectedly, today, he would actually do such things! Won such a disaster!"

"The Foundry Masters Association is one of the nine major forces. It is comparable to my Xuanyuan family. Is he doing this to provoke a battle between my Xuanyuan Family and the Foundry Association?"

"Is it going to make our two powers irresistible? This son, really sinister intentions!"

His voice was cold and he was speaking loudly here.

In his mouth, Chen Feng's super talent has also become quite outstanding.

The charges against Chen Feng'an were also more serious. In the end, he was directly accused of wanting to overthrow the two forces.

When everyone heard it, they all felt ridiculous.

It's just the mutual vendetta between the disciples, it's just two or three people, is it so serious?

But many elders knew in their hearts that Xuanyuan Zixi was going to pave the way for what he said next.

The more Xuanyuan Zixi said, the more serious it became, and the more people listened, the more dumbfounded they were, all feeling a little baffling.

Suddenly, Xuanyuan Zixi's conversation turned around and shouted: "Today, I, Xuanyuan Zixi, is here. I hereby announce that Chen Feng will be removed from the Xuanyuan family!"

His voice is categorical: "From then on, Chen Feng has nothing to do with my Xuanyuan family anymore! Everyone has it!"

"So!"

Ran Mingxu said loudly at this time: "If someone from the Foundry Association sees Chen Feng outside and kills him, your Xuanyuan family will naturally not care, right?"

"That's natural!"

Xuanyuan Zixi said loudly, "You guys kill it!"

"From then on, that evil barrier has nothing to do with my Xuanyuan family!"

"it is good!"

Ran Mingxu laughed.

Hearing these words, Ran Mingxu showed a smile at the corner of his mouth, and all he wanted for coming over this time was just this sentence.

Because he knows very well that, as the nine major forces, as the nine major forces that have been maintained for so many years, no matter what, you must do enough to save face.

No matter how he had a good relationship with Xuanyuan Zixi before, if he dared to kill Chen Feng outrageously, then Xuanyuan family would definitely die with him.

Even if Xuanyuan Zixi didn't want to, he couldn't control the other elders, the Xuanyuan family would definitely settle accounts with him.

Because they killed the most talented disciple of the Xuanyuan family, it was equivalent to a slap in the face, slapped fiercely on the face of the Xuanyuan family.

Now, it is completely different.

At this moment, Chen Feng was as fragile as he was peeled.

The Xuanyuan family will no longer care about him, and there will be no consequences if you kill him.

A smug smile was drawn at the corner of Ran Mingxu's mouth. He looked into the distance and said in a low voice, "Chen Feng, now I see what you have to rely on!"

"Without the Xuanyuan family, I can trample you unscrupulously!"

"Want to kill, to smash, to squash and round, isn't it just a matter of my sentence?"

[Chapter 3608: Who do you think you are?](#)

His voice was full of disdain and arrogance, and it seemed that the only thing he was afraid of was the Xuanyuan family.

However, Chen Feng was not in his eyes at all, in his eyes, it was not worth mentioning.

At this time, Xuanyuan Xiaoyue suddenly clenched her fists, and a flash of anger flashed in her eyes.

Xuanyuan Zixi's move to draw a salary from the bottom of the tank is really vicious!

It seems that Chen Feng didn't do any harm, and it did not hurt him at all, but this did mean that Chen Feng would no longer have any power backing in the future.

Even if the Founders Association exhausted hundreds of powerful people to besiege him, it would not violate morality.

There is no force that will be the master for him, this is equivalent to pushing Chen Feng into the abyss of immortality.

And Xuanyuan Xiaoyue could even imagine that the Founding Teachers' Association would definitely do this next.

At this time, His Highness was in an uproar!

"What? The Great Elder actually kicked Chen Feng out of the Xuanyuan family?"

"Can you commit it? As for? What a big deal? Why did you get out of it?"

"Everyone will be punishable in the future, what's the situation?"

"There must be a reason for this! Someone has a shocked look on their faces:" How can the great elder act so hastily? "

"Not to mention how Chen Feng clashed with them, and who did it first, even if Chen Feng is completely ignorant, he must defend his disciples at this time!"

"Yes!"

Many people around responded loudly.

After hearing the treatment of Chen Feng by the elder, they were shocked at first, and then they showed injustice.

There was a lot of discussion, but they only dared to talk in a low voice here, but no one dared to stand up.

Because everyone understands that speaking here and standing up are two completely different effects.

To express your dissatisfaction here, the great elder may not care too much, but if you stand up to provoke the majesty of the great elder, then it is right to die.

Even above the hall, the elders did not dare.

Suddenly, it fell silent.

A triumphant smile appeared at the corner of Xuanyuan Zixi's mouth, she had long expected this scene to happen today.

So he raised his chin and said solemnly: "Everyone, if no one has any opinions, then this matter is decided."

"From today, Chen Feng has been expelled from the Xuanyuan family!"

"I disagree!"

At this moment, a voice suddenly sounded.

Everyone jumped in their hearts and looked forward quickly.

Then I saw Xuanyuan Xiaoyue stand up slowly, staring at Xuanyuan Zixi, and said coldly: "This time, the matter between Chen Feng and the Foundry Masters Association has not been clarified yet."

"How the dispute started, who made the first move, I haven't figured out!"

"If it was their first move, would Chen Feng just fight back? Then would Chen Feng be convicted?"

"Furthermore, Chen Feng is not here at all. I have to listen to what he says, right?"

Xuanyuan Zixi smiled slightly: "Okay, then you call Chen Feng over now and let him confront the people of the Foundry Master Association!"

"you!"

Xuanyuan Xiaoyue pointed at Xuanyuan Zixi, too angry to speak.

Now everyone in the Xuanyuan family knew that Chen Feng was not here at this time. Xuanyuan Zixi did this, making it clear that he would not give Chen Feng a chance to speak.

"Look, if you can't call it out, then there is no way!"

Xuanyuanzi spread out his hands, looking helpless.

He was extremely proud, and was sure that Chen Feng would not be able to return at this time.

However, at this moment.

Suddenly, outside the hall, a leisurely voice came over:

"I want Chen Feng to confront? Okay, then confront!"

The voice was very flat, and the tone was calm, as if it was calmly stating something with a friend.

However, the content in the words was shocking and shocking.

Everyone's heart trembled fiercely.

Next, the voice sounded again: "Xuanyuan Zixi, what are you? You are also worthy to drive me out of the Xuanyuan family?"

Everyone was stunned, and even their expressions were dull, and some were silly there.

"God, he, how dare he say such a thing?"

"Not to mention that he is a member of the Xuanyuan family, even if he is not a member of the Xuanyuan family, even if he is looking at the entire Dragon Vein Continent, looking at all the powerful people of the nine major forces, how many people dare to talk to Xuanyuan Zixi like this?"

"He actually said Xuanyuanzixi, what are you? Did he eat the leopard gall? Is he crazy?"

After hearing this voice, Xuanyuan Zixi's eyes flashed a bit of bitter resentment.

But in an instant, this resentment disappeared and turned into calm, but the murderous intent in his eyes was intense to the extreme.

And Xuanyuan Xiaoyue was overjoyed: "Chen Feng is back!"

It's just that at this time, among the crowd, two people looked completely different from the others.

It is Wu Linghan and Chuci.

At this moment, after hearing this cold voice, Wu Linghan trembled violently.

An extremely complicated look flashed in her eyes, at first confused, and then seemingly reminiscent.

Then, it turned into a touch of joy, and the next moment was endless sadness.

She even stood there, her eyes were sore, tears fell.

Next to Chu Ci, he glanced at her, and his mood was extremely complicated.

He opened his mouth, as if he wanted to say something, but after all he held back, both of them fell silent!

Everyone, without exception, all looked towards the temple gate.

The next moment, they saw a stream of light coming from a distance, and in an instant, before everyone could see it clearly, it lightly fell on the door of the hall.

A tall and handsome man slowly appeared at the door of the hall.

He is tall, dressed in white, and his long black hair is so loosely draped. At this time, there is still a lazy smile on his mouth.

Just standing there, there is a sense of extraordinary.

What surprised everyone most was that he was still holding a little girl in his arms at this time.

That little girl, young, with two upturned braids, a round and tender pink face, is really cute.

At this time, I was looking around curiously, but I didn't see any timidity.

This person is naturally Chen Feng.

After seeing him, everyone exclaimed: "Chen Feng, Chen Feng turned out to be back?"

"Yes, I heard that he hasn't been seen in the past two months, but he didn't expect to be back today."

"It's a coincidence that he came back. Just now Xuanyuan Zixi said that he would let him confront someone from the Foundry Masters Association, but he came back!"

"Haha, there is a good show to watch now!"

Chen Feng didn't even look at other people, but fixed his gaze on Xuanyuan Zixi's face, with a sneer at the corner of his mouth.

[Chapter 3609: Come confront!](#)

"Elder, didn't you say that I asked Chen Feng to confront someone from the Foundry Association?"

"Okay, I'm Chen Feng, here comes now, let's start!"

After saying this, everyone burst into laughter.

But Xuanyuan Zixi's face flushed for an instant.

Those laughter came into his ears, making his look even more ugly.

He had just determined that Chen Feng would not be able to come back, and said that Chen Feng would confront someone from the Foundry Association, and Chen Feng returned.

It was nothing more than a slap in the face and slapped his face.

At this time, Wu Linghan's eyes rounded and stared at Chen Feng.

She stared blankly and stood there stupidly.

Looking at Chen Feng's face, countless memories seemed to flash in his eyes.

At that moment, complex emotions erupted, and she almost couldn't help kneeling to the ground, crying bitterly.

Before she could cry, she saw the little girl in Chen Feng's arms.

So, in the next moment, the extremely complex emotion in my heart turned into the simplest and purest emotion.

That is: I can't believe it!

But after I couldn't believe it, there was a trace of inexplicable sourness and jealousy.

That's right, it was so intense that it almost burst out of jealousy!

Her eyes fell blankly on Zhong Lingzhu in Chen Feng's arms. She was not blind, but she could see clearly that the relationship between this little girl and Chen Feng was extremely close.

The two are very close, and even have a strong affection among them.

And why does a little girl have such a strong affection with Chen Feng?

So naturally there is only one explanation!

In an instant, the emotion in her heart almost exploded.

This kind of uncomfortable, sour, complicated, this inexplicable feeling of wanting to cry is even ten times better than just now.

She almost really couldn't control it at this time, and she really wanted to squat on the ground and cry.

"Chen Feng, actually got married? And there is a daughter of this age?"

"Doesn't this mean that after he destroyed our country of Chu, he married soon after?"

"How is it possible? How is it possible?"

She murmured, and whispered to herself: "Chen Feng, how can you do this? How can you get married so early? How can you still give birth to a daughter?"

Beside, after hearing her muttering, Chu Ci smiled bitterly.

Compared with Wu Linghan's strange, complex and profound affection for Chen Feng, his affection for Chen Feng is much purer.

Therefore, he has already struggled out of shock and reminiscence.

Therefore, when he heard Wu Linghan talking to himself, he sighed in a low voice, "Wu Linghan, you still haven't forgotten him after all!"

"At this time, you have two emotions in your heart, one is sourness and jealousy, because he married another woman and has children."

"The other emotion is anger and killing intent, because he destroyed our country of Chu."

"But this feeling of sourness and jealousy is ten times better than anger and hatred!"

When Wu Linghan realized another emotion, even she herself couldn't believe it: "I'm jealous? Me, I'm actually jealous? Am I jealous of the person who gave birth to a daughter with Chen Feng?"

Wu Linghan suddenly raised his head suddenly, and finally, the expression in his eyes turned into a touch of determination.

"No matter what, no matter what emotions I am, no matter what Chen Feng you want, we are today!"

"All the grievances from the past!"

She slowly uttered four words: "I understand!"

At this moment, Chen Feng looked at Xuanyuan Zixi and sneered, "Elder Xuanyuan, why don't you speak now?"

"Come on! I, Chen Feng, has already come, and now I start confrontation!"

Xuanyuan Zixi took a deep breath and looked at Chen Feng with murderous intent in his eyes.

He finally recovered, and at this moment, he suddenly sneered: "Chen Feng, you are so evil."

"If you do this kind of thing, the foundry association that provokes will come to the door, and the two major forces of me will almost have a dispute!"

"The evidence is conclusive, how can you be sophistry? Where are you qualified to speak now?"

"Don't hurry down and obediently kneel down, self-defeating cultivation base, get out of my Xuanyuan family?"

Hearing this, everyone was in an uproar.

"The Great Elder is too shameless, and he doesn't give Chen Feng a chance to speak."

And some people who have always had antagonisms with Chen Feng, at this time, are screaming wildly and loudly applauding.

"Elder, you should do this!"

"Chen Feng, such a sinful dog thing, where is there to speak? He can't die 10,000 times!"

"Chen Feng has always been good at sophistry. Later, he will tell right and wrong and talk nonsense. I think it is better to just abolish his cultivation base and throw it out."

They clamored and vented!

The voices of these people were exceptionally loud. Hearing their support, Elder Xuanyuan Zixi laughed and stared at Chen Feng and said, "Chen Feng, have you seen it?"

"This is the opinion of everyone in the Xuanyuan Family!"

"Now you kneel down quickly and self-defeating cultivation!"

There was a strong command in his voice.

And Chen Feng didn't even glance at the clamoring people. In his eyes, these people were just clowns.

If you give him a face, they will dance more happily.

Chen Feng just looked at Xuanyuan Zixi with a sneer at the corner of his mouth:

"It's obviously the people from the Foundry Association who provoked and started, and the reasoning is all on my side!"

"Just now while I was away, I told me to confront someone from the Foundry Association."

"Now I have come to confront, but I won't let me speak at all."

"Elder, I haven't seen you for a while, you are really getting shameless."

Xuanyuan Zixi gritted his teeth and said cruelly, "You dog, do you dare to talk to me like this?"

Chen Feng smiled and said, "Why don't you dare?"

Xuanyuan Zixi stared at him with a cold face: "Okay, Chen Feng, just say it, soon, you won't even be able to cry!"

After that, he raised his voice: "Now, I will announce that Chen Feng will be officially expelled from the Xuanyuan family!"

"From then on, Chen Feng has nothing to do with my Xuanyuan family. Whoever kills him will not be held accountable by the Xuanyuan family."

Xuanyuan Xiaoyue said coldly: "I don't agree."

He stood up suddenly, staring at Xuanyuan Zixi, coldly said: "Xuanyuan Zixi, what kind of talent Chen Feng is, you don't know!"

"Is Chen Feng expelled from the Xuanyuan family just because of such a small matter?"

"You don't agree, do you?"

Xuanyuan Zixi looked at Xuanyuan Xiaoyue with a sneer at the corner of his mouth, and shook his head:

"Unfortunately, it's useless if you disagree."

"I want to drive him out today!"

Xuanyuan Xiaoyue shouted loudly, "Why is it useless?"

Xuanyuan Zixi stood up slowly, staring at Xuanyuan Xiaoyue, and said word by word: "Xuanyuan Xiaoyue, yes, you are the same elder with me."

[Chapter 3610: Have you asked me?](#)

"But don't forget, I am!"

He slowly uttered three words: "Great Elder!"

"You, I, and Bai Ruoxi, the three of us are equal, but when a dispute arises, unless you both have the same opinion, I will have the final say!"

"Understand?"

He repeated it again: "I am, Grand Elder!"

Many elders in the temple sighed after hearing this. **NO**velusb.com

They naturally also know this.

The Xuanyuan family's big and small affairs are determined by the three elders, and Xuanyuan Zixi is also the great elder, unless Bai Ruoxi and Xuanyuan Xiaoyue join forces to suppress him.

But how is it possible?

Although Bai Ruoxi has an aloof status and guards the Great Day Jinjing Pavilion, she has never cared about these vulgar objects, and hasn't appeared in front of everyone for decades.

How could he come over at this time?

Therefore, today Xuanyuan Xiaoyue has nothing to do.

"You don't sit down yet!"

Xuanyuan Zixi stared at Xuanyuan Xiaoyue, and said coldly: "What? Do you want to violate the order of the great elder like me?"

Xuanyuan Xiaoyue stared at him, his teeth clenched, his fists clenched, his veins violently jumping, he was already extremely angry.

But he dared not take any other actions, because Xuanyuan Zixi was the elder.

He had no other choice but to obey orders.

Otherwise, it was done with the entire Xuanyuan family, this is the style of the Xuanyuan family!

Finally, he sighed long, and sat down on the seat, hiding his face.

Xuanyuan Zixi laughed: "Today, I just want to expel Chen Feng from the Xuanyuan family. Who can compete with me?"

"Today, no one can save Chen Feng!"

And at this time, a cold voice suddenly came from outside: "Expelling Chen Feng from the Xuanyuan family, have you asked my opinion?"

After hearing this deep voice, the shock on everyone's faces was even more evident.

Even more shocked than before.

"What's going on today? Why do things that contradict the Great Elder happen one after another?"

"My God, the Great Elder will never be confronted once in decades, but today there are actually two people who confront him in front of all the elder disciples of the Xuanyuan Family?"

"Chen Feng first, who is this person?"

Everyone guessed and looked around, wanting to know the identity of this person.

And the next moment, a shocking rainbow fell towards this place from a far distance.

It was obviously a figure.

However, where he passed, the golden rainbow did not disperse, but maintained, just like an arch bridge.

The next moment, a figure wearing a golden robe fell in this hall!

After seeing this person appear, Xuanyuan Zixi's face instantly showed disbelief, and her pupils shrank sharply.

Staring at her, exclaimed: "You? It turned out to be you? Why are you here?"

At this time, Zhang Yan's color was fully revealed, and his whole person could hardly control his emotions.

This is very different from all the stable and super winning appearances he showed today.

This is a manifestation of his extreme agitation.

He was indeed in shock, he did not expect that Bai Ruoxi would appear at this time.

In the next moment, what Bai Ruoxi said made him even more shocked.

Bai Ruoxi stood there steadily, then raised her head.

There was a bit of bitterness on his face, sweeping Chen Feng, then Xuanyuan Xiaoyue, and those of the Foundry Master Association.

In the end, it fell on Xuanyuan Zixi's face and slowly said, "Elder Xuanyuan Zixi, I have retired to the Da Ni Jin Jing Pavilion over the years and ignore world affairs."

"However, it doesn't mean that my old man is just a trash or a dead thing!"

There was a look of anger in his eyes, staring at Xuanyuan Zixi, saying every word:

"Do you want to expel Chen Feng from the Xuanyuan family?"

"You want to let him be killed?"

"Do you want my Xuanyuan family to have an extremely talented disciple who can only produce one in tens of thousands of years?"

The more he talked, the more furious he became. At this time, his emotions had completely exploded, and he let out a violent roar: "Are you worthy of the Xuanyuan family's ancestors?"

"Are you worthy of the surname Xuanyuan?"

"You should die!"

In the end, he was already gritted his teeth and was extremely angry.

And what he said shocked everyone even more.

"This elder, dare to speak to Elder Xuanyuan Zixi like this?"

"Yes, I'm really not welcome to Xuanyuan Zixi!"

This is just like a reprimand!

There was also a well-informed person who sneered disdainfully, and said, "You idiots, tell you that this person is the guard elder of the Great Day Jinjing Pavilion, Bai Ruoxi!"

"What? He is Elder Bai Ruoxi? I heard that this guard elder never shows up and doesn't care much about various things, but in the Xuanyuan family, he has a very high status."

"Yeah, I only knew that his status was high before, but I didn't know how high he was."

"Didn't you all listen to it just now? The Great Elder personally said that he, Elder Xuanyuan Xiaoyue, and Elder Bai Ruoxi control the affairs of this family."

"Haha, this thing is interesting. Look at this, Elder Bai Ruoxi has also turned out for Chen Feng!"

At this moment, Ran Mingxu and others from the Alchemist Association were watching them coldly.

He frowned, and said in his heart: "It's probably in trouble now."

His eyes fell on Bai Ruoxi, and there was also a flash of surprise in his eyes.

When the elder first came in, he did not show any signs of the mountains or leaks, and his breath was very plain. In addition, his clothes were quite shabby, and he felt like a handyman.

But at this time, his beard swelled, his aura was fully revealed, and he burst into madness.

But all of a sudden, people were shocked to the extreme.

Ran Mingxu secretly said in his heart: "His strength is at least the level of the five-star Wudi and the six-star Wudi!"

"It turns out that there is such a hidden powerhouse in the Xuanyuan family. It is really terrifying. It seems that this matter is going to change suddenly."

His mind was running fast, and he was making calculations secretly.

However, Xuanyuan Zixi was reprimanded by Bai Ruoxi with such a stern expression, and his face instantly became ashen, obviously furious.

Then the iron blue turned into a blush.

Obviously, he has lost face greatly, and he feels that he has completely lost face in front of everyone.

First Chen Feng confronted him, and then this one came over and reprimanded himself like this.

He stared at Bai Ruoxi, wishing to kill him at this time, trembling all over, almost unable to suppress his anger.

But he was still suppressed.

Because he didn't dare, because he knew that he didn't have the ability to kill Bai Ruoxi at all.
