

## Peerless 3621

### [Chapter 3621: Really an idiot](#)

He raised his head, raised his arms, and yelled frantically.

And above his head, a battle body of the gods appeared suddenly.

This is exactly his divine essence combat body.

However, his Shenyuan combat body was not outstanding, and he didn't feel very powerful.

Chen Feng nodded slowly: "Presumably, this is the reason that restricts him from further improving his strength."

This Shenyuan battle body was simply vulnerable to a single blow in front of the Tiantian Shenxiang battle body, and there was no way to fight back.

With the incomparable power of the Tiantian Idol Battle Body surging, his Shenyuan Battle Body was directly crushed.

Then, the monstrous power of the stepping \*\*\*\* elephant battle body slammed on his body fiercely.

He let out a scream, feeling that his body was almost crushed.

With a loud bang, his body was directly smashed and flew out several hundred meters, and fell heavily on a huge pillar.

Then, he slid down the huge pillar, leaving a distinctive blood mark on it.

And there were countless wounds on his whole body, and his whole person was already like a blood man!

His figure is shaky, and if he is not leaning against the huge pillar, he will not be able to support himself.

He was already severely wounded and dying.

And he stood there, as if he hadn't freed himself from the huge shock, just murmured at Chen Feng and trembled:

"You, how can you be so strong? How can you be so strong?"

"Aren't you the second-star Wudi? How could you easily label me like this?"

Before he could say anything, his body trembled violently.

Cyan rays of light escaped from his body. Obviously, this was the cyan power that had been absorbed by him before. At this time, he could no longer suppress it and escaped.

As a result, his aura was even weaker, and he was almost a breath away from death!

At this time, everyone was not surprised.

After Chen Feng had resolved his three monstrous sword waves in three ways just now, they had already guessed this scene!

At this time, everyone finally knew. Just now, Chen Feng said that Ran Mingxu was an idiot.

"Ran Mingxu is really an idiot."

"Yeah, his strength is far inferior to Chen Feng, and in the end he still jumped up and down here and clamored for a long time."

"It's ridiculous to think of what he said and what he did just now!"

"That's right, in front of Chen Feng, he bounced around like a beam jumping clown. I don't know that the more you say, the more embarrassing."

Everyone was talking, looking at Ran Mingxu, his face was full of joking.

And these words were like a heavy hammer, hit Ran Mingxu's ears, making his face more and more red.

He knew that he lost face again.

Chen Feng's own face was trampled on him over and over again.

His face was getting greener and bluer, and finally, with a wow, a big mouthful of blood spurted out, his body was shaky and he was almost unsteady on his feet!

On the high platform, Xuanyuan Zixi was completely stupid.

He looked at Chen Feng blankly, his lips trembled, and a shocked expression appeared on his face.

There was a trace of disbelief in the shock.

Even, he still had a hint of panic.

He muttered to himself: "It's over? That's it?"

"Ran Mingxu, the youngest elder of the Foundry Association, one of the geniuses of the Foundry Association, was under Chen Feng's hand, and he was seriously injured and dying?"

"How is it possible, how is it possible?"

A voice in his heart was yelling frantically, full of disbelief.

However, I have to believe.

Because this is the truth, Chen Feng easily beat Ran Mingxu to death.

The next moment, Xuanyuan Zixi looked at Chen Feng, her pupils shrinking sharply.

There was a strong jealousy in his eyes.

His mood towards Chen Feng at this time has completely changed.

Previously, he was full of disgust and hatred for Chen Feng, but at the same time he was full of disdain, thinking that Chen Feng was nothing more than a little ant.

And now, he was already a little more jealous of Chen Feng.

"Second son, we must get rid of it as soon as possible!"

"Otherwise, ten years later, it will probably threaten me."

But he was only a little jealous of Chen Feng, and he didn't think Chen Feng would pose a threat to himself within a few years.

In his opinion, no matter how talented Chen Feng is, he wants to threaten him, it will be ten years later.

He suddenly shook his head, laughed at himself, and drove out his emotions.

Then he whispered to himself: "Xuanyuanzixi, Xuanyuanzixi, you are too cautious."

"Chen Feng has indeed become stronger, but it's just a stronger ant. In your eyes, he is still an ant."

"When you regain your strength, you can still stretch out your fingers and run him to death!"

Thinking of this, he calmed down, but his eyes became colder.

Slowly sat on the seat, looked at Chen Feng, and said nothing.

Next to him, Xuanyuan Xiaoyue and Bai Ruoxi were surprised at first and then overjoyed after seeing this scene.

However, the two held their own identities, and neither shouted aloud.

But the excitement and joy on their faces already showed their feelings.

The two smiled at each other, both very pleased.

At this time, Ran Mingxu shook his figure heavily, and finally couldn't hold it anymore, and sat down on the ground, panting heavily.

He felt as if he was going to die at this time, his heart was full of fear, and his whole body was trembling slightly.

Seeing this scene at this moment, all those in the Foundry Association moved their bodies and wanted to come forward to help him.

At this moment, Chen Feng suddenly turned around and glanced at them lightly.

Chen Feng didn't do anything, just glanced at them lightly, only that cold gaze crossed their faces.

So, in an instant, the people of the Foundry Association shuddered violently as if struck by lightning.

Frozen there, I dare not move.

Murderous intent was written in Chen Feng's eyes.

They believed that as long as they dared to move around, Chen Feng would definitely kill them with one move.

Then, with a faint smile on the corner of Chen Feng's mouth, he looked at Zhong Lingzhu next to him and said in a low voice: "Lingzhu, was my brother just now good, not prestigious?"

Zhong Lingzhu clapped his palms and giggled, his clear voice echoed in the hall: "Awesome!"

Chen Feng laughed and walked slowly towards Ran Mingxu.

Soon, he walked in front of Ran Mingxu.

Ran Mingxu suddenly realized that there was a pair of boots in his vague sight.

He followed the boots and looked up, and then he saw the tall and handsome young man dressed in white.

[Chapter 3622: I see who can take you back!](#)

He trembled violently, his lips trembled, he wanted to say something, but he didn't say it.

Chen Feng squatted down, looked at him, and smiled slightly: "I just said that I will call you until you do."

"I said before, let you be called father, now, is it called?"

His voice was very gentle, as if he was talking about homework with a friend he hadn't seen for a long time, but after Ran Mingxu heard it, he trembled violently.

Chen Feng's murderous intent has almost drowned him.

He believes that if he dares not call at this time, the next moment is his death.

So he quickly trembled: "Call, I call."

"Then you call it!" Chen Feng said lightly.

Ran Mingxu suddenly struggled, tried all his strength, stood up and knelt on the ground.

Bang, bang, banged his head at Chen Feng a few times and shouted: "Father!"

Chen Feng laughed loudly: "My dear son, it should have been this way."

"Yes, I was wrong, I was wrong, I should have knelt down and called Dad just now." Ran Mingxu repeatedly said.

Chen Feng smiled slightly and stretched out his hand to pat his face: "The genius of the Foundry Association, right?"

"Casting is the best young talent in the association, isn't it?"

"Do you know who the real genius is now? Do you know who the real young talent is now?"

Ran Mingxu nodded repeatedly: "I know, I know."

Chen Feng's voice was faint, but it spread throughout the hall.

It seems to be for Ran Mingxu, and it seems to be for everyone in the Xuanyuan family: "Remember, my name is Chen Feng."

"There are many people who provoke me, but few are still alive."

When hearing Chen Feng's words, Xuanyuan Zixi's face twitched violently, and a flash of resentment and hatred flashed in his eyes.

Then, Chen Feng directly threw Ran Mingxu directly to everyone in the Foundry Association.

Everyone in the Foundry Association was busy taking Ran Mingxu down, and looking at Chen Feng, there was a complex expression on his face.

Their expressions were also very embarrassing. They looked at each other and they all didn't know what to do next.

This time, they had come to the Xuanyuan family aggressively to seek revenge, but they did not expect that Chen Feng would easily defeat the two strongest people on their side.

They naturally have no face to stay here anymore.

Ran Mingxu yelled in a low voice, "Let's go, what are you doing here? Do you continue to be ashamed? Will you send your face up and be beaten?"

"Yes Yes."

Everyone in the Foundry Association nodded quickly.

Then one of them stood up and said with an embarrassed expression: "Elders..."

Then he took a look at Chen Feng respectfully: "If, if nothing happens, can we go now?"

Xuanyuan Zixi waved his hand impatiently, and coldly spit out a word: "Get out!"

"Yes Yes!"

Everyone in the Foundry Association nodded hurriedly.

Then he was about to carry Ran Mingxu away.

At this moment, a voice came: "Hold on."

After hearing this voice, everyone in the Foundry Association shivered.

Because they knew how terrifying the owner of this voice was, and they knew how easy it would be if this person wanted to keep them all behind.

They all turned around tremblingly and looked at Chen Feng.

I saw Chen Feng slowly approaching, and finally stopped in front of Wu Linghan and Chu Ci.

Wu Linghan looked indifferent and watched him silently.

But Chu Ci turned his head, seemingly reluctant to touch her gaze.

Both of them looked rather complicated.

Chen Feng sighed softly, and said softly, "Are you two, are you okay?"

After hearing this, everyone talked in a low voice.

"Sure enough, Chen Feng, Wu Linghan and Chuci are quite related."

"Yeah, haven't you seen it? Chen Feng was always a little absent-minded when Wu Linghan was fighting with him just now."

"I knew this before, and Ran Mingxu wouldn't be so miserable. Chen Feng obviously showed mercy to Wu Linghan. As a result, he thought that Chen Feng's strength was just that. Only after he went up did he know how strong Chen Feng is."

"Deserve it, who told this person to be blind and dare to provoke Chen Feng!"

"Okay? Are you asking the two of us?" After Wu Linghan heard Chen Feng's words, the whole emotion seemed to explode.

Staring at Chen Feng, almost bursting out of fire in his eyes, he shouted:

"Two little children with low strength, who have lost their country and their homes, are wandering around on the Dragon Vein Continent."

"I don't know how much I have suffered, I don't know how many people have been coveted because of aptitude."

"I don't know how many times, I almost died violently, and you are still here asking how we are doing?"

She stared at Chen Feng, with a hint of crying in her voice, and shouted angrily: "Did you say we had a good time?"

A look of guilt appeared on Chen Feng's face.

Regardless of the original reason, he did what he did, and it really made Wu Linghan and Chuci leave their homes, and it really made them sad.

Chen Feng didn't want to dispute this point.

He actually wanted to open it just now: "Why should I be too entangled in the hatred of the past? I am the current Chen Feng, and they are the current them."

"The past me, what I did is worthy of my heart!"

"They hate it, so just let them. I used to treat them as friends. Now, I don't compensate them, but I still treat them as friends."

"Even if they don't regard me as a friend, but I did everything I should do well, and I did my best, then I still have a clear conscience!"

Thinking of this, Chen Feng's voice suddenly became normal.

Looking at Wu Linghan and Chuci, they said: "Okay, you two don't go back, and live with me for a while!"

"Let's meet again after a long time, and we should relive the past."

Hearing Chen Feng's words, Wu Linghan and Chu Ci were stunned.

Then Wu Linghan yelled out in a bit angrily: "Who wants to spend some time with you here? Who has reunion with you after a long time?"

"The two of us are going back!"

"go back?"

A smile appeared at the corner of Chen Feng's mouth and said: "Look at me, Chen Feng, if you don't let you go back, who can take you back?"

After all, he looked at the others in the Foundry Association and said sharply, "Don't you hurry up?"

"Yes Yes."

Everyone from the Foundry Association nodded and bowed.

They glanced at Wu Linghan and Chuci, with a hint of hesitation on their faces.

But it was just a moment of hesitation. Then, without even looking at them, he turned and left.

Even some Founders Association members are full of gloat.

In a blink of an eye, these people from the Foundry Association walked cleanly.

[Chapter 3623: Who is this person?](#)

Only Wu Linghan and Chuci were left standing there.

Wu Ling stared at Chen Feng coldly, unable to say a word.

However, Chen Feng stepped forward and rubbed his head, and smiled and said, "Why does a little girl who was a pretty good-looking girl have to puff up her face?"

After all, squeeze with both hands.

Suddenly, Wu Ling shuddered, and the bulging appearance could no longer be maintained.

Staring at Chen Feng, he was short of breath.

And Chu Ci kept watching quietly by the side.

It seemed that he could feel Chen Feng's thoughts and Wu Linghan's thoughts, and after a while, he smiled slightly.

Chen Feng gave him a deep look.

In fact, in Chen Feng's eyes, there is no secret, he can understand all the thoughts of Chu Ci.

In general, Chu Ci had a crush on Wu Linghan, but for various reasons, he always felt that he could not be with Wu Linghan.

So when he saw Wu Linghan being happy, he was also happy.

However, he is always able to face these things calmly and rationally, unlike Wu Linghan who is too arrogant.

Perhaps, Wu Linghan didn't have much enthusiasm when facing others, only when facing Chen Feng, he would indulge his emotions!

Wu Linghan may not want to admit it, but the fact is that when Chen Feng faced the two of them with this kind of free and easy attitude that had completely let go of the past, she was actually quite happy in her heart.

This subjugated princess did not want to be immersed in that hatred.

She also wanted to get rid of it and forget those things.

But it's a pity that both Chuci and Chen Feng in front of her reminded her of the misery and past.

But now, when Chen Feng changed, she was actually extremely happy and willing to accept it.

Seeing everyone from the Foundry Association disappear at the entrance of the main hall, Xuanyuan Zixi's face was pale, she turned around and walked away without saying a word.

Xuanyuan Xiaoyue smiled at the crowd and said, "Okay, this matter is over, everyone, please leave!"

Everyone nodded as they should, and then left.

Chen Feng glanced at Bai Ruoxi and Xuanyuan Xiaoyue, nodded slowly, and said nothing.

There are some things that are not suitable to say here, and Chen Feng will naturally go to them in private.

Then, Chen Feng looked at Wu Linghan and Chu Ci: "Let's go."

"Since you are here as a guest, I have to take you to see where we are going to stay."

Wu Linghan snorted in his nose, with an arrogant look, but he followed Chen Feng honestly.

Chu Ci touched his nose and shook his head.

Chen Feng took the two to leave the main hall, and he had just walked out of the hall door when he saw that on the steps, one person was climbing up the stairs, slowly walking towards this side.

This person is an old man who seems to be extremely old.

The hair and beard are all gray, but the age is not visible.

And he was thin and dry, with a crouched waist, looking rather inconspicuous.

The clothes on her body are also a bit dirty.

Even the long hair and beard are condensed into a lock.

However, after Chen Feng saw him, he was momentarily stagnant, his pupils contracted violently, and his heart even felt like he had stopped beating for a while.

It turned out that at this moment, when Chen Feng saw him, he felt as if what he saw was not a person, a warrior, but an ancient beast!

Full of incomparable strength and breath!

Chen Feng was shocked: "Even when facing Xuanyuan Xiaoyue and Bai Ruoxi, or even Xuanyuan Zixi, I didn't feel that way."

"Could it be that this person's cultivation is stronger than theirs?"

But after perceiving it carefully, Chen Feng knew it in his heart.

This person's strength should be inferior to Xuanyuan Zixi and the others, one block lower than them, probably at the level of the Five-Star Emperor Wudi.

However, he was far less restrained than Xuanyuan Zixi and the others.

All the aura on him is crazy, without any reservation.

As a result, it seemed to be stronger than Xuanyuan Zixi and the others.

Moreover, the nature of his breath is different from others, it is domineering, and full of extremely obvious viciousness.

Obviously, this person's practice is definitely not good.

He lowered his head and turned his eyes strangely when he walked past Chen Feng.

With the eyes closed, Chen Feng swept across.

The corner of Chen Feng's eyes jumped, and in his triangular eyes, the pupils were actually erect, not like human eyes, but like the eyes of a viper.

Chen Feng could even hear the slightest noise.

And Chen Feng could even smell a sweet smell from his body, like venom.

Chen Feng was shocked: "Is this person a member of the sect? Why have I never seen it before? When are there such masters in the sect?"

And this person just glanced at Chen Feng, then lowered his head and walked into the hall.

Chen Feng sighed softly: "This person must be a master in the sect. He has returned from nowhere, but it has nothing to do with me." *n0Velusb.com*

What Chen Feng didn't know was when the two of them passed by, when the old man with triangular eyes wanted to enter the hall.

Suddenly, his eyes closed, and then he licked his lips lightly.

There was an extremely bloodthirsty and cold expression on that face, and the voice was faint, like a poisonous snake vomiting: "What a sweet smell!"

"From him, I seem to feel the breath of those two little guys!"

"Unexpectedly, these two little things, you have avoided me for so long, it turns out that you have followed others!"

"How can this work?"

His eyes were abnormal, and he whispered like a dream, "You belong to me!"

Chen Feng naturally didn't know what was happening here.

Soon, he returned to his valley with Wu Linghan and Chu Ci.

As soon as he came back, Green Screen and Wuling jumped out and appeared directly in front of him.

The two cheered together: "Brother Chen Feng, are you back?"

After all, he just rushed forward.

Chen Feng hugged them directly and laughed.

At the same time, he is happier with the transformation of the green screen.

Qing Mu's aura at this time seemed to be more cheerful than before. Originally, when she was with Chen Feng, she was always a little nervous.

Said it is prudent, but it is too prudent, so that it is a little cautious.

But now, I don't know if it was brought by Wuling or Chen Feng said it several times. She was obviously much more cheerful and lively than before.

If not, with her temperament, she would definitely not be able to make such a move.

As soon as the two of them rushed over and were held in Chen Feng's arms, they suddenly saw Wu Linghan and Chu Ci behind Chen Feng.

Suddenly, Qing Mu broke out a little shyly, standing by and watching.

#### [Chapter 3624: There are still three months](#)

Wu Ling's voice was crisp and sweet: "Brother Chen Feng, who are they?"

But at this time, Wu Linghan sneered: "Chen Feng, how many evil fate have you provoked? How many women do you have?"

She looked up and down the green scene, and said coldly: "This woman is a thousand-year-old spirit planted into an essence, and I don't know how old she has lived. It is our ancestors."

"You can do it all? It's amazing!"

There was a hint of sarcasm in her voice.

Chen Feng snapped, and a brain collapse was flicked on her head.

Suddenly, Wu Linghan was in pain and screamed in pain, clutching his head and looking at Chen Feng, yelling, "What are you doing?"

Chen Feng laughed, "Who told you to talk nonsense here?"

Qing Mu clearly felt the hostility in Wu Linghan's body, and his eyes were a little timid.

Chen Feng looked at her and smiled: "Don't be afraid, she is a very good person, but she has a bad temperament recently."

After that, he was pulling Wu Linghan and Chu Ci and came over.

Brought four people to the lake, and then said to the two of them: "I would like to introduce them to you."

"That's the Green Screen and Wuling Spirits. They are all planted into essence by the Millennium Spirit. They are my very good friends, do you understand?"

He emphasized the words very well.

Wu Linghan naturally understood what he meant, and snorted coldly, "I know, just get along with them in the future."

When she said that, she herself was shocked.

"When did I become so talkative? Does this mean I have forgiven Chen Feng?"

Then, Chen Feng introduced them to Qing Mu and Wu Ling.

Qingmu and Wuling were very gracious and performed two ancient rituals.

Wu Linghan looked at Chen Feng, his eyes hesitated for a while, seeming to be a little uncertain.

Chen Feng smiled and said, "What's the matter? Just say what you have."

Wu Linghan suddenly looked at Chen Feng and said softly: "Is she your child? Are you married? Who are you married? When did you have children?"

She asked these questions in a series, and Chen Feng was stunned.

He thought Wu Linghan would ask a lot, but he didn't expect that she would actually ask this question.

Chu Ci hid his face and sighed: "His Royal Highness, why are you so unbelievable!"

Chen Feng was stunned at first, and then there was a smile on the corner of his mouth.

He looked at Zhong Lingzhu in his arms, Zhong Lingzhu also looked at Wu Linghan blankly.

Before Chen Feng could speak, she suddenly said in a clear voice: "Sister, didn't you hear? I called him Brother Chen Feng, but I didn't call him Daddy Chen Feng."

After hearing this, Wu Linghan was stunned.

Chen Feng laughed loudly: "Old Qi, what do you think?"

"I haven't been married, so how could I have children? This is an orphan I adopted from outside."

"Her history, I will tell you later."

After Wu Linghan heard this, he was taken aback first, and then he smiled, very happy.

It seems that after hearing the news, he was also very happy.

Chen Feng probably knew what he was thinking, and shook his head.

Several people chatted, and at this time, Pu Jingyi also slowly walked over from the mountain.

Chen Feng introduced Pu Jingyi to everyone.

Pu Jingyi smiled and said, "Since the son has a friend, I have already prepared a banquet, let's talk about it after the banquet!"

"Good." Chen Feng nodded.

Pu Jingyi was already Chen Feng's servant at this time.

The place of the banquet was actually on the old pine tree.

At the height of the ancient pine, thousands of meters above, there are a few tables of banquets at the end of the horizontal branch.

The people were seated separately. This banquet was arranged by Pu Jingyi. Although it was arranged in a hurry, it was not hasty.

Although there are not many dishes, the better is the large quantity, and each one is prepared with excellent taste.

Everyone was full of praise.

And the wine is also extremely delicious, with a strong medicinal aroma inside, but it doesn't have the taste of old wine. I think it should have just been brewed.

Seeing Chen Feng's probing gaze, Pu Jingyi smiled and said: "It is good for the son to learn that this wine was only brewed in the second half of the year."

He looked at the valley and whispered: "Sir, in this valley, there are countless kinds of high-quality medicinal materials. I collected more than 100 kinds of them from below, and took the mountain springs to make this wine."

"I also hope you don't dislike it."

Chen Feng laughed and said, "Where can I dislike it? This wine can be called a peerless wine."

Three rounds of wine, five flavors of food.

Chen Feng built several houses in the distance, which were regarded as the residences of Wu Linghan and Chuci.

Wu Linghan and Chuci didn't care much about where they lived either, but both of them looked a bit complicated, and obviously they hadn't figured out how to get along with Chen Feng.

Chen Feng didn't care about them either. This was a knot in his heart and could only be mediated by himself.

He smiled slightly and said, "Everyone, I have something else to do, so stay here for now!"

Then he turned around and left, and went to the Great Day Golden Jingge Pavilion.

Soon, Chen Feng saw Bai Ruoxi.

Bai Ruoxi didn't seem surprised by Chen Feng's arrival.

He raised his eyelids and said solemnly: "I know you will definitely come, but it's a bit slower than I thought."

Chen Feng smiled and said, "It took some time to entertain those two friends who hadn't seen him for a long time."

Bai Ruoxi nodded, did not speak, and took Chen Feng to the tea room where she had been before.

Then, made two cups of fragrant tea.

Chen Feng sighed lightly, leaning back, his whole body relaxed.

During this time, Chen Feng was too tired, there were too many things, and his nerves were completely tense.

And this time. He was finally able to relax a little bit.

It is absolutely safe here.

After relaxing in this way, Chen Feng almost fell asleep.

Bai Ruoxi smiled and scolded: "You little slipper, did you come to sleep with me? Let's talk about business first."

Chen Feng laughed and straightened up: "Okay, let's talk about business!"

His eyes suddenly became extremely sharp, looking at Bai Ruoxi, and whispered: "Elder Bai, I don't know, how long can Xuanyuan Zixi stay in this state now?"

His voice is deep.

Bai Ruoxi was also very clear about the meaning of his words.

He sighed lightly, looked at Chen Feng and said, "The idea in your heart, you still haven't given up."

Chen Feng said word by word: "With me and without him, the two of us can only survive one!"

"If I give up, I give up my life!"

Bai Ruoxi sighed and said softly: "This state should be maintained for three months."

"Three months?"

When Chen Feng heard this, he was overjoyed: "Can it last so long?"

He breathed a long sigh of relief.

In fact, when he came back, Chen Feng was always very upset.

He was afraid that he would come back late, for fear that Xuanyuan Zixi had already recovered his strength.

### [Chapter 3625: Puppet stone ghost!](#)

After seeing Xuanyuan Zixi, he only felt relieved, but still didn't know how long Xuanyuan Zixi's state would last.

At this moment, hearing Bai Ruoxi say this, he was completely relieved.

In three months, many things can be done!

At this time, Bai Ruoxi looked at Chen Feng and said softly: "Chen Feng, this is your last three months."

"If before today, I'm not sure if Bai Ruoxi will kill you, but after seeing Xuanyuan Zixi today, I would dare to make the determination!"

"In three months, he will kill you!"

"Oh?"

Chen Feng looked at Bai Ruoxi, smiled and said, "If, three months later, how about you two protecting me like today?"

"So, what will happen to Xuanyuan Zixi?"

Chen Feng was only joking.

But next, Bai Ruoxi's answer caused him to jump fiercely.

Bai Ruoxi looked at Chen Fengfeng, with a calm expression: "He will kill the two of us together!"

"what?"

Chen Feng trembled in his heart and quickly said: "Elder, I will naturally find a way during these three months, but you don't need to scare me about this."

"How could he kill the two of you together?"

"Don't believe it?"

Bai Ruoxi smiled and said, "But unfortunately, this is the truth.

"because....."

He sighed softly and looked at Chen Feng and said: "This time, I was surprised why he stayed so long, and why his cultivation base was so low."

"Now, I finally know the answer."

"Instead of the previous words, at this time, he has recovered his strength, but this time he did not, because..."

He stared at Chen Feng and said word by word: "This time, he has reached the final state of that exercise."

"After going through this crisis, his practice will be completely consummated, without any flaws."

"From then on, not only will he not greatly reduce his strength every few years, but his strength will increase by a leap!"

"Even if you can't raise it by a large level, you can raise it to the point where Xuanyuan Xiaoyue and I can't stand it at all. Then..."

He looked at Chen Feng and smiled: "Do you think he can accommodate the two old men who often go against him?"

Chen Feng listened and couldn't help being silent.

He naturally knew that Xuanyuan Zixi had been quite tolerant to the two of them during this period.

Naturally, it wasn't because of how friendly he was, the only reason was that he was also quite jealous of Bai Ruoxi and Xuanyuan Xiaoyue combined.

And when he has the general advantage of crushing, then...

Chen Feng shuddered when he thought about the ending.

Bai Ruoxi continued: "Moreover, he didn't move us before because the Xuanyuan family needs our two masters to contend with the other nine forces."

"However, after waiting for three months, his strength is advancing by leaps and bounds. Among the nine major forces, not to mention the strongest, he will sit back and forth!

"At that time, he will be alone, no worse than the three of us now!"

Chen Feng immediately gritted his teeth and said coldly: "Then I, let him live less than three months later!"

"it is good!"

Bai Ruoxi looked at Chen Feng and smiled and said, "Chen Feng, the old man can still trust you."

Chen Feng nodded, and then said softly: "In fact, I have gained a lot from going out this time. I have already obtained a very powerful treasure."

"This extremely powerful treasure can even help me kill Bai Ruoxi."

"However, I need another treasure to match it."

Bai Ruoxi raised her eyebrows: "What treasure?"

Chen Feng whispered: "Is there something that can replace me and bear the huge damage that I should have done?"

"Or, is it the kind of pill that pulled me back from the ghost gate in a flash?"

When Chen Feng said so, Bai Ruoxi understood.

He thought for a moment, then sighed softly, and said, "Old man, I really can't think of it."

"Elder Xuanyuan Xiaoyue has read a lot of books and knows these things very well. You should go find him!"

"Ask him, there will be rewards."

Chen Feng nodded and said goodbye without thinking.

He didn't even have time to say polite remarks, after all, it was only three months, time is too tight!

"correct."

When Chen Feng was leaving, Bai Ruoxi suddenly stopped him.

Chen Feng was surprised: "What's wrong?"

Bai Ruoxi seemed embarrassed, but she still said softly, "Well, Chen Feng, the little girl you are holding in your arms today, can you hold me again and let me have a look?"

When Chen Feng heard this, he was taken aback for a moment, and then he was filled with ecstasy.

When he saw Bai Ruoxi's expression, he couldn't guess it, it must be Zhong Lingzhu's talent that attracted Bai Ruoxi's attention.

That's why he said this!

Chen Feng was overjoyed, and Bai Ruoxi was a dignified six-star Wudi, a strong figure in the Xuanyuan family.

To be able to be favored by him, that is Zhong Lingzhu's magnificent way.

He immediately said: "Okay, after I return from Elder Xiaoyue, I will hug her over."

Soon, Chen Feng went to Xuanyuan Xiaoyue.

Xuanyuan Xiaoyue was not surprised by Chen Feng's visit.

He just smiled and said, "Go to Elder Bai first, right?"

Chen Feng nodded.

Then, I will talk to him about the general conversation with Elder Bai Ruoxi.

Xuanyuan Xiaoyue nodded, looked into the distance, a touch of melancholy appeared in her eyes:

"Yes, it will be the end of our two old men in about three months."

Chen Feng walked up to Xuanyuan Xiaoyue, looked into his eyes, and said word by word: "Elder Xiaoyue, trust me."

"I, Chen Feng, will never sit back and watch!"

"it is good."

Xuanyuan Xiaoyue smiled and said, "Chen Feng, you are a conscientious person."

Then, Chen Feng told him about the treasure he wanted to find again.

Xuanyuan Xiaoyue knocked on the table in front of him and said softly, "I seem to have some impression of what you said."

"However, I should have only heard of it accidentally, but I didn't take it to heart."

He said, frowning, thinking quickly.

"Puppet stone ghost!"

After Xuanyuan Xiaoyue was silent for a long time, she suddenly uttered four words.

He looked at Chen Feng with his eyes, his face was full of unconsciousness, as if what he was thinking about had already surpassed his memory.

His eyes were blank, not searching for his own memory, but searching for some things he had encountered in the past years and those years he experienced.

He had encountered many things and didn't want to remember at all, but they were automatically stored in his mind.

Finally, after a long while, he slowly spit out four words.

"What? Puppet stone ghost?"

[Chapter 3626: Desolate ancient ruins!](#)

After Chen Feng heard these four words, his heart jumped.

From the literal meaning of these four words, he can probably think of the purpose of this thing.

Xuanyuan Xiaoyue still didn't look at him at this time, and was still talking unconsciously.

Finally, he nodded slowly, his eyes finally regained his energy, staring at Chen Feng, and emphasized his tone: "Yes, it's a puppet stone ghost!"

"What is this again?"

Chen Feng asked.

Xuanyuan Xiaoyue whispered, "This puppet stone ghost is a very strange item."

"Listening to this name, it seems that it was smelted and cast, but it is not the case. This is a product of Zhong Tiandi's spiritual beauty."

"It can even be understood that this is a creature!"

"Living creature, right?" Chen Feng asked.

"That's right." Xuanyuan Xiaoyue nodded: "It's just that this kind of living thing is not a body of flesh, but a body of gold and stone."

"A body of gold and stone? A body made of gold and stone?"

Xuanyuan Xiaoyue nodded.

Chen Feng probably imagined what this thing was like.

"This kind of puppet stone ghost is extremely rare. It is born of Zhong Tiandi's spiritual energy."

"But it's also a contradiction. On the contrary, it cannot be born in a place where heaven and earth are extremely spiritual."

"It is in certain poor mountains and rivers, extremely sinister, extremely dangerous, extremely fierce, and also extremely wild and primitive places that can produce this thing."

Chen Feng hurriedly asked: "Then, Elder Xiaoyue, do you know where this puppet stone ghost is produced?"

At this time, Chen Feng's heart was pounding, extremely excited.

He finally found this kind of thing, finally found it!

As long as this kind of thing is available, then Chen Feng is extremely confident that he can kill Xuanyuan Zixi.

"On this Dragon Vein Continent, where will such things be produced, I really don't know. You may need to find yourself in the poor mountains and rivers, but it is said..."

When Xuanyuan Xiaoyue said this, she suddenly stopped and did not continue the topic.

Instead, he looked at Chen Feng and asked softly: "Chen Feng, do you know the ancient ruins?"

"Desolate ancient ruins? What place is that?"

Chen Feng raised his brows.

These four words are extremely strange to him.

Xuanyuan Xiaoyue looked at Chen Feng and said Shen Shen, "Chen Feng, after you have gone out this time, after this time of experience, I think your strength has greatly increased and you have reached a completely new realm."

"Although there is only a two-star Wudi realm, it is comparable to a mid-level master of the three-star Wudi!"

"In this case, I can tell you a secret about our Xuanyuan family!"

"Oh? Secret?" After Chen Feng heard this, he immediately lifted his spirits and his heart was pounding.

Since he entered the Xuanyuan family, he has vaguely felt that there are many secrets buried in the Xuanyuan family, and there are many unknown things.

He always felt that there was a special existence in this Xuanyuan family.

It's just this special existence that Chen Feng couldn't see, touch, or handle clearly.

Even, he can only feel its existence, but he is completely uncertain.

But now, Xuanyuan Xiaoyue is telling him that there is a secret to be revealed!

Chen Feng's heart was throbbing.

"Will that be the inner existence that I have always felt?"

"Could it be that my guess is correct?"

He took a deep breath, suppressed the excitement in his heart, looked at Xuanyuan Xiaoyue, and said, "Elder, I would like to hear more!"

Xuanyuan Xiaoyue looked at Chen Feng, and suddenly smiled: "Our Xuanyuan family is divided into inner sect and outer sect. You know this."

"Outer sect disciples are generally weaker, but inner sect disciples will be stronger!"

Chen Feng nodded: "Yes!"

He waited for Xuanyuan Xiaoyue to continue.

Xuanyuan Xiaoyue said: "However, no matter how powerful the inner sect disciple is, his strength is only about the second-star Wudi."

"Your level of strength, the realm of the two-star martial emperor, is comparable to other three-star martial emperor peak powers, and it is already considered the strongest among all the inner sect disciples.

Chen Feng continued to nod.

Xuanyuan Xiaoyue looked at him, and suddenly smiled: "And I, Bai Ruoxi and Xuanyuan Zixi."

"Our strength has already reached the five-star Wudi, even the six-star Wudi, then..."

He looked at Chen Feng, paused, suddenly smiled, and asked word by word: "So, where are the people in the middle?"

After hearing this, Chen Feng felt that Karala felt like a flash of lightning crashed in his mind.

All of a sudden, his mind was very clear!

"Yes, this is the truth!"

Chen Feng clapped his hands fiercely: "Why have I always felt something wrong after entering the Xuanyuan family? It's here!"

Chen Feng suddenly understood the key!

Suddenly, there was a sense of enlightenment, and the feeling of turning the clouds and seeing the sun, I only felt that the blockage in my heart seemed to be opened up, which was extremely comfortable.

Such things are really very wrong.

The difference between the two-star Wudi and the six-star Wudi is too far, and there are several great realms in the middle.

It stands to reason that there should not be so many vacancies in a sect.

Among a sect, the most normal thing is that there are two or three six-star Wudi and five-star Wudi at the top, and there are slightly more four-star Wudi and three-star Wudi below.

Below, there are more two-star three-star Wudi.

Chen Feng clapped his hands and walked around here, and said loudly as he walked: "Yes, that's the truth!"

"Since I entered the Xuanyuan family, I have always felt something is wrong. It turned out to be here."

Xuanyuan Xiaoyue and Xuanyuan Zixi, under Bai Ruoxi, the masters of the Xuanyuan family were too few, almost directly from the six-star Wudi to the two-star Wudi, this is too miserable!

It is completely incomparable with other families.

"Especially this time, after I went to Sky Dragon City, this feeling became stronger."

"Take Tianlongwei as an example, the general has the strength of the four-star Wudi in the mid-term or even close to the five-star Wudi, and the Zhonglang below him will have the strength close to the four-star Wudi."

"The other people are also very densely arranged. There are not a few three-star Wudi, and the two-star Wudi is extremely large, but the Xuanyuan family is much weaker in this respect." **NOVELusb.com**

"This is totally unreasonable, so now there is only one problem!"

Chen Feng suddenly raised his head, staring at Xuanyuan Xiaoyue word by word, and said: "Where did those three-star martial emperors mid-stage five-star martial emperors go?"

Xuanyuan Xiaoyue looked at Chen Feng and laughed loudly: "You can teach you, and you can teach! You finally think of this level!"

Chen Feng looked at Xuanyuan Xiaoyue expectantly.

He vaguely felt that a big secret would be revealed in front of him!

Xuanyuan Xiaoyue looked at Chen Feng, suddenly laughed, and said every word:

"Those three-star, four-star, and five-star Wudi, the reason you can't see them now is because they have all gone to one place."

He slowly uttered four words: "Desolate ancient ruins!"

This is the second time Chen Feng has heard the four words of deserted ancient ruins!

But at this moment, his whole body trembled, as if the same electric current flowed through his body, causing Chen Feng to shiver violently, and his whole body was erected.

In his mind, suddenly, the sky revolves around the world, and the stars move!

[Chapter 3627: I must go there!](#)

It seemed that there was an immense sight:

In the endless void of the universe, a huge world is constantly turning slowly.

And that world was actually an abandoned world.

There, there is no sky, no water, no plants!

Yes, just endless violent storms!

Yes, it's just boundless sand!

Bare endless mountains, countless violent mutant monsters, countless demons constantly fighting!

And, the human warrior in the middle!

Black space cracks are densely scattered all around, and above the space cracks, black flames are burning, and there is an extremely cruel and vicious killing devil qi from them!

At this moment, Chen Feng seemed to see a world!

At the next moment, Chen Feng felt that he seemed to be falling into this endless illusion.

At this time, a huge and desolate voice came: "Return!"

These two words directly shook Chen Feng's whole body, opened his eyes suddenly, and woke up!

Chen Feng yelled and sat up straight.

At this moment, he found himself sitting on the ground, sweating profusely all over, and his face extremely pale.

Chen Feng panted heavily and looked at Xuanyuan Xiaoyue in front of him. It was a long time before he recovered.

He gratefully said: "Thank you Elder Xiaoyue."

Chen Feng knew what happened just now.

Just those four words!

Only those four words had caused Chen Feng to give birth to great illusions, and almost fell into that illusion!

Chen Feng was shocked in his heart: "How powerful is the four words of deserted ancient ruins!"

Xuanyuan Xiaoyue looked at Chen Feng with deep eyes, and suddenly said, "Chen Feng, do you know?"

"When most people hear these four words, they will never react as much as you. They will be surprised at most, or shocked at most."

"However, it is absolutely impossible for you to have an illusion in front of you, and almost fall into this illusion!"

A look of doubt appeared on Chen Feng's face.

He also felt that his reaction just now seemed too extreme.

He looked at Xuanyuan Xiaoyue, and slowly said, "Then, Elder Xiaoyue, what is this for me? Is there any underlying reason why I am doing this?"

Xuanyuan Xiaoyue said word by word: "The reason why you have this situation, judging from my experience, there is only one explanation, that is!"

He stared at Chen Feng, his eyes deep: "In your memory, there is this place!"

"You and this place have an absolutely inextricable fate!"

"And even, it is possible, that this place has a certain secret, a certain item, even a certain character, has a deep relationship with you!"

"He sealed some of his memories of this place into your mind!"

Chen Feng suddenly realized, and said loudly: "So, after I heard these four words just now, it suddenly inspired the memory that was already sealed in my mind."

"That's why there was such a big reaction, right?"

"Yes."

Xuanyuan Xiaoyue nodded and said.

At this moment, Chen Feng's heart suddenly pounded.

There was a flash of light in my mind, and my heart was suddenly very excited!

Because, Chen Feng suddenly thought: "Who is the one who can leave a memory in my mind? Who can seal his memory in my mind?"

"Who is in my mind?"

"But there are only one or two, but no matter who it is, it has a great relationship with me."

"I can even vaguely feel that the deserted ancient ruins have a great relationship with me, and there are things I want in them!"

"Even, it can unlock the secrets of my life experience, let me know my past and present, and let me know the news of the person I most worry about!"

At this moment, Chen Feng's heart was extremely hot, and his eyes burst out with extremely anticipated light.

He could feel that this barren ancient ruin definitely has a lot to do with him!

Chen Feng looked at Xuanyuan Xiaoyue with a look of expectation and eagerness on his face, and said:

"Elder Xuanyuan, I want to go there."

"I know you want to go there, in fact, you can only go there."

Looking at Chen Feng, Xuanyuan Xiaoyue's expression was complicated, she sighed softly, and said, "I know what you want to do, and who your goal is, I also know."

"Xuanyuan Zixi must be killed, and with your current strength, you can't kill him at all!"

"You have to raise at least one big level to be able to kill him!"

"Only in that place can you improve your strength! Moreover, only in that place can you have the hope of getting that puppet stone ghost."

Xuanyuan Xiaoyue said solemnly, "Chen Feng, I also need to let you know that there is also extremely dangerous."

"There are many powerful people recruited from outside the family, and they didn't even directly enter the Xuanyuan family's inner sect."

"They only stayed in the Xuanyuan family for a short time. After a little rectification, they entered the deserted ancient ruins."

"because....."

Xuanyuan Xiaoyue grinned at the corner of her mouth, but there was a deep sarcasm in that smile:

"They entered our Xuanyuan family, and they themselves were not at ease."

"The purpose is to strengthen one's own strength, but I don't want to give anything."noVelusb.cOm

"Like every vampire, attaching to our Xuanyuan family to \*\*\*\* blood."

"And we naturally don't have to be polite to them."

He paused, and laughed unpredictably: "Throwing them into the deserted ancient ruins is tantamount to raising Gu."

"They fight each other so that the strongest group can stand out."

"And the seniors of our family have left all sorts of organ calculations in the deserted ancient ruins, which can ensure that even those who are strong who survive to the end will not get out of control."

"That's it!"

Chen Feng nodded slowly.

There seemed to be a \*\*\*\* scroll in front of his eyes, slowly unfolding.

The desolate ancient ruins in the memory were stained with a thick layer of blood and killing.

There is actually a big Colosseum!

And I will definitely get what I want in it!

"This place, I must go!"

Chen Feng spit out these words almost instinctively, and clenched his fists.

Xuanyuan Xiaoyue did not continue this topic, he looked at Chen Feng and said softly:

"Seven thousand years ago, a strong family man who came back from the deserted ancient ruins once brought back a puppet stone ghost."

"This is my only memory of this thing."

Chen Feng nodded, he was ready to leave.

He has a plan in his mind, so he won't say anything.

When Chen Feng was about to leave, suddenly at this moment, Xuanyuan Xiaoyue's voice came from behind him.

Xuanyuan Xiaoyue asked softly: "Chen Feng, isn't it? Elder Bai Ruoxibai told you, let you come to me and ask about the puppet stone ghost?"

#### [Chapter 3628: cause and effect](#)

"No?"

Chen Feng said: "Elder Bai Ruoxi didn't even mention the puppet stone ghost..."

When he said this, his voice suddenly stopped and he could not continue.

Because, Chen Feng suddenly realized why when he came out of Elder Bai Ruoxi, he felt that something was wrong.

He clearly remembered the original words of Elder Bai Ruoxi:

"I don't know much about these weird things, and I don't know much. You should ask Elder Xuanyuan Xiaoyue!"

At that time, Chen Feng vaguely felt something was wrong.

But I didn't think much.

But now, he suddenly remembered something was wrong.

"It shouldn't be!"

"Although Elder Bai Ruoxi sticks to the Great Day Golden Jing Pavilion, he is very clear about what happened on the mainland and the rare treasures on the mainland."

"Otherwise, he wouldn't be able to provide me with clues about the real Thunder person, and it would be impossible to find out where the descendants of Real Thunder are so quickly."

This is why Chen Feng asked Bai Ruoxi for advice.

Because he felt that Bai Ruoxi was more likely to know.

Of course, Chen Feng believed in Bai Ruoxi, since he said he didn't know, then Chen Feng naturally believed it.

So he came to Xuanyuan Xiaoyue.

But now I think about it, how strange to say it.

Obviously, Bai Ruoxi should know this matter better than Xuanyuan Xiaoyue.

At this time, Chen Feng looked at Xuanyuan Xiaoyue, only to see a strange expression on Xuanyuan Xiaoyue's face.

Seeing his look like this, Chen Feng suddenly jumped in his heart, and suddenly seemed to understand something.

"Elder Bai Ruoxi didn't mention the words puppet stone ghost at all, but he clearly asked me to come here to ask about the words Xuanyuan Xiaoyue."

"It is clear that I came here to ask him about this!"

Chen Feng's unspeakable taste.

"Looking at the look in Xuanyuan Xiaoyue's eyes at this time, you can think that Elder Bai Ruoxi must know it, so why didn't he tell me?"

Chen Feng had a feeling of being cheated and betrayed, and he felt very uncomfortable.

But after all, Chen Feng was Chen Feng. He soon felt something was wrong and whispered to himself:

"No, what kind of person is Elder Bai Ruoxi?"

"Does it just want me to run around a bit more? How could he do such a boring thing?"

"Since I can learn from Xuanyuan Xiaoyue, why doesn't he tell me directly?"

"He can't hide me at all!"

Chen Feng looked into Xuanyuan Xiaoyue's gaze.

Xuanyuan Xiaoyue smiled and said, "Chen Feng, you are really smart, you think of this level."

"I will tell you why Bai Ruoxi didn't tell you about the puppet stone ghost!"

"It's because he has told you too much about Xuanyuan Zixi."

Chen Feng was silent, listening to him continue to speak.

"He told you part of Xuanyuan Zixi's affairs, and if the puppet stone ghost still tells you, then you don't need to ask me about Xuanyuan Zixi's affairs."

"So, if you kill Xuanyuan Zixi at that time, then you will bear the consequences of killing Xuanyuan Zixi, and he will also be involved."

"Involved in this person who provided you with all the information."

Chen Feng's mind flashed like a thunderbolt, suddenly realized, loudly:

"But if you tell me the four words puppet stone ghost, then not only him will be implicated by me, but you will also be involved!"

"Both of you will be implicated by me, right?"

"Yes."

Xuanyuan Xiaoyue smiled and nodded.

Chen Feng wondered: "How could it involve you? Who will avenge Xuanyuan Zixi?"

"Could it be that there is actually a stronger force behind the Xuanyuan family?"

"Could it be that you still have an extremely powerful person on your head. After learning that you two have revealed to me that you have killed Xuanyuan Zixi, will you beheaded?"

Xuanyuan Xiaoyue smiled and said, "No."

Chen Feng was completely puzzled: "Why is that?"

Xuanyuan Xiaoyue looked at Chen Feng, her eyes suddenly became extremely solemn, and then slowly exhaled two words: "Cause and effect!"

When he said these two words, he trembled violently.

It seemed that he was under great pressure, and his face also showed pain.

When these two words were spoken, Chen Feng felt even more that there seemed to be a muffled thunder flashing above the sky.

In the sky, faintly, as if a huge thunder and lightning flashed by.

Then Chen Feng felt that the sky seemed to be falling down.

Then, above the sky, an extremely strange power descended.

This power is very unobvious, and even invisible.

If it's an ordinary warrior, you can't even touch or feel it at all.

However, the higher the level of warrior, the more obvious the feeling.

As for Chen Feng, he felt that this power was irresistible and seemed to be able to shred himself directly!

This force turned into countless invisible threads, trapping Chen Feng.

Some came from outside the Dragon Vein Continent, and some came from within the Dragon Vein Continent.

Of course, those from the Dragon Vein Continent accounted for more than 90%.

This thread is not tied to Chen Feng's body, but Chen Feng's heart.

Obviously it is invisible and only works on the spirit, but Chen Feng feels that his whole person is terribly uncomfortable, and it seems that the whole person is bound.

Chen Feng was horrified: "What is this?"

"This is cause and effect, your cause and effect."

Xuanyuan Xiaoyue said softly.

And when Chen Feng muttered these two words, suddenly there seemed to be countless memories awakened in his mind.

So Chen Feng clutched his head and let out a painful scream.

He felt that his mind was about to be torn apart for a long time.

After a long time, Chen Feng stopped the screaming.

At this moment, his face was pale, he was sweating profusely, and his clothes were already soaked.

His eyes were blank, and it took a long while before he had the focus.

Then, he muttered to himself: "That's it, that's how it is, I understand."

It turned out that just now, Chen Feng had awakened a lot of news about cause and effect in his mind.

This cause and effect, to put it plainly, are the consequences of all the things that a person has done, and the people involved in these consequences, the fetters to his future, and the effects of those consequences.

Everything that has a cause has an effect.

The more causes you plant, the more effects you have.

The future will become more and more unpredictable.

Chen Feng sat on the spot, thinking quietly for a long time.

Then he looked at Xuanyuan Xiaoyue, and whispered softly, "I went to Sky Dragon City to find the real person Thunder, it should be cause and effect!"

[Chapter 3629: I slapped myself and cut the road of life and death!](#)

"Yes."

Xuanyuan Xiaoyue nodded and said, "This is an obvious cause and effect."

"You got the inheritance of the real Thunder, and you got the benefits. That's why."

"And since you are involved in his cause and effect, when his descendants encounter these troubles, you can't solve them, then you will be fettered by this cause and effect. This is why you could not cultivate in the first place. the reason."

Chen Feng sighed slightly, and a look of horror appeared in his eyes: "Causal matters are really obscure, but they are acting with great power."

"Of course."

Xuanyuan Xiaoyue smiled and said, "In fact, most of the top people in the Dragon Vein Continent have some involvement in cause and effect."

"Because, when we reach our level, if we act casually, the cause and effect will be too great, and the consequences may be somewhat unaffordable."

"So, when many of us want to deal with someone, we don't do it directly, but calculate through causation."

"It is often invisible, and people are counted as dead, but oneself will not be contaminated with cause and effect."

Chen Feng couldn't help sighing, but at the same time there was a burning color in his eyes.

Although this cause and effect is extremely powerful, ordinary people are afraid to avoid it, but to Chen Feng, it is like opening a new world!

He is full of interest in this cause and effect!

But he also knew that now is not the time to think about that, he should solve the immediate problem.

Chen Feng looked at Xuanyuan Xiaoyue and said softly: "Xuanyuan Zixi is one of the nine powers, the strongest of the Xuanyuan family, and one of the strongest on the Dragon Vein Continent."

"It's even more in control of the Xuanyuan family. If he dies, then I don't know how much impact it will cause. It will affect the Xuanyuan family invisibly, and even affect the entire Dragon Vein Continent."

"The cause and effect is very huge, and it is difficult to get out of it if it is involved."

"You two can bear this cause and effect for me, Chen Feng, kid!"

He took a deep breath, held his fist solemnly, and bowed deeply: "Engrave in the heart!"

Chen Feng's voice was very solemn and from the heart.

He finally understood why Bai Ruoxi and Xuanyuan Xiaoyue had to give themselves part of the information.

Because the cause and effect are so great that they cannot bear it!

He looked at Chen Feng and sighed softly: "The cause and effect you have to bear is too big!"

At this moment, Chen Feng suddenly got up and laughed loudly: "If you don't kill him, I will die!"

"I don't know anything else, I know this one!"

"I knew, Chen Feng, I want to survive!"

"No matter what the cause and effect, I will kill myself!"

He took a long breath and shouted loudly: "Cut the way to life and death!"

After clarifying the key points, Chen Feng felt more comfortable.

Moreover, at this time he had a goal to fight for, he had a place he wanted to go, and the confusion in his heart disappeared suddenly.

What Chen Feng was most afraid of was never on the road ahead, how powerful enemies were waiting for him.

What Chen Feng fears most is the confusion!

"correct."

Xuanyuan Xiaoyue stopped Chen Feng again.

He looked at Chen Feng, with a sly smile drawn at the corner of his mouth, and said softly: "Chen Feng, I know, you have that great bronze cauldron, you can refine some martial arts fragments into martial arts crystals, right? "

Chen Feng nodded: "That's right."

He didn't even think about hiding Xuanyuan Xiaoyue about this matter.

Xuanyuan Xiaoyue said mysteriously: "You can accumulate more martial arts crystals during this time."

"Why?" Chen Feng asked in surprise.

Xuanyuan Xiaoyue waved her hand: "Don't worry about why, just tell you one sentence, it's definitely useful."

"it is good!"

Chen Feng laughed and said, "Then I will listen to Elder Xuanyuan."

Chen Feng knew that Xuanyuan Xiaoyue would definitely not harm him. Since he said it was of great use, then it would definitely be there.

Therefore, Chen Feng also secretly wrote down the matter in his heart.

After returning to Mirror Valley, Chen Feng picked up Zhong Lingzhu and said with a smile: "Lingzhu, remember that you told me when you were in Tianlongcheng that your future is at the peak of this Dragon Vein Continent."

"Even beyond the Dragon Vein Continent, can you feel anything?"

Zhong Lingzhu frowned, thought for a moment, then rubbed his nose, and said with a lovely face:

"I don't feel very clearly, but I can always vaguely feel that the power of the ancestors seems to be calling, telling me something."

Chen Feng nodded, sighed softly, and said:

"That's it, Lingzhu, I originally brought you out of Sky Dragon City, I wanted to teach you personally."

"And I, Chen Feng, dare not say anything else, but at least I still have the qualifications to teach you."

"But now, there is another chance."

He looked at Zhong Lingzhu and said, "Elder Bai Ruoxi can feel your talent, and at the same time he has no disciples. He also wants to find a disciple to put his mantle on him."

"I don't know, do you want to worship him as a teacher?"

When Zhong Lingzhu heard this, he was stunned.

If it were ordinary children, Chen Feng might not ask them these questions so seriously.

Because at this time they have no ability to choose.

If they let them choose by themselves, it would actually be quite irresponsible.

But not for Zhong Lingzhu.

Chen Feng knew that Zhong Lingzhu was very smart.

At the same time, she was already very mature after awakening certain memories.

Therefore, Chen Feng thinks it is better to ask Zhong Lingzhu's opinion first.

Zhong Lingzhu tilted his head for a moment, and then said in a crisp voice: "Brother Chen Feng, I would like to worship Elder Bai as a teacher."

Chen Feng raised his brows, not surprised by this result.

Zhong Lingzhu then said softly: "Brother Chen Feng, you are too busy after all, I guess you rarely have time to stay here."

"If you stay here for a little time, then naturally there is no way to teach me."

"And if you ask me to take it when you go out, then you will be in danger."

"Then, don't let Elder Bai teach me, he has a lot of time."

Her eyes were clear, and what he said was very sensible, even too sensible, so that he was a little ruthless and indifferent.

But Chen Feng knew: "This is the real Zhong Lingzhu!"

Zhong Lingzhu, perhaps very simple, perhaps once relied on himself.

But that was only once.

Since the memory in Zhong Lingzhu's mind awakened, and the things that ancestors instilled in him suddenly awakened, she was no longer simply her.

She was influenced too much by their ancestors of the Zhong family.

At this time, she can actually be said to have a very mature soul.

[Chapter 3630: Causality, finally, is over!](#)

Moreover, she apparently promoted her strength rapidly, rising herself up, and at the same time regarded her rejuvenating family as the most important.

Everything else is secondary.

Including the friendship with Chen Feng.

Chen Feng sighed softly, feeling very complicated, unable to tell whether it was happy or sad, or angry.

He just sighed lightly, and said in his heart: "Never mind, nothing."

"Anyway, when I found Zhong Lingzhu and brought her to Elder Bai to apprentice, I have completely ended this period of cause and effect."

Chen Feng nodded, hugged Zhong Lingzhu, and walked out of the valley.

At this time, Zhong Lingzhu suddenly turned around and waved to the green curtain and Wuling: "I, I have time to come back and see you."

Qing Mu and Wu Ling waved their hands again and again, with expressions of dismay.

Although Qingmu and Wuling have passed thousands of years.

But it's still a child's heart, the green screen is better and more stable, and Wuling is just a little boy.

However, in just a few hours of work, I have played very well with Zhong Lingzhu. At this time, his face is full of reluctance.

But at this time, Zhong Lingzhu's expression was full of loneliness.

It seems that she is not saying goodbye to these two people, but to her own past, her childhood that no longer exists, farewell!

Soon, Chen Feng took Zhong Lingzhu to the Da Ri Jinjing Pavilion and saw Bai Ruoxi.

After Bai Ruoxi saw Zhong Lingzhu, her face was even more stunning.

Just a short glance before, he could already feel the power of Zhong Lingzhu's talent.

And now that Zhong Lingzhu stood in front of him like this, it gave him a strong shock.

He muttered to himself: "Extremely high Thunder talent, very strong, extremely high-level Thunder bloodline, and a natural affinity for Thunder."

"This little girl is really amazing!"

He looked at Zhong Lingzhu, smiled and said, "Little girl, are you willing to worship me as a teacher?"

There was unspeakable expectations in his eyes, and even some anxiety.

He knows his own family affairs, he is no longer young, and his strength wants to break through, it seems that there is no hope.

And he feels that he has not many years to live.

So his only hope now is to pass on his own mantle and not let his inheritance be cut off before his death.

Zhong Lingzhu nodded slightly, his voice was crisp: "Elder Bai, I am willing."

"It is good!"

Bai Ruoxi nodded, and then returned to the inner room.

After a while, a memorial tablet was invited. The whole body of the memorial tablet was made of spirit wood, and several names were written on it.

Chen Feng looked at it again, and felt like a torrent of weather, like a mountain, pressing down fiercely towards him.

He dared not look at each other, and quickly lowered his head.

Set the tablet position, and then Bai Ruoxi looked at Zhong Lingzhu, and said solemnly: "We have no rules for this one."

"Since you are willing to worship me as a teacher, then come over and kowtow three times and call out Master, and you will be officially included in my door wall."

"Yes."

Zhong Lingzhu nodded, then walked forward without hesitation, knocked three beeps towards the tablet, and then knocked three beeps towards Bai Ruoxi, and shouted clearly, "Master."

Bai Ruoxi laughed, overjoyed, and quickly pulled her up: "Good apprentice, good apprentice."

Then, he turned around and bowed to the memorial tablet again, and said loudly: "The ancestors and sects are here, and the disciple Bai Ruoxi is here."

"Bai Ruoxi's life is 317 years. He has not accepted any disciples and failed to spread the branches and leaves for our branch. He is really ashamed in his heart, and he deserves ten thousand deaths."

"But fortunately, when I met this little girl, Tianzong wizard, soon after my birthday, I will definitely be able to carry forward this one!"

And it was at this moment, the moment when Zhong Lingzhu knelt down in front of Bai Ruoxi to apprentice.

Chen Feng suddenly felt that in his mind, there seemed to be a rolling thunder flashing by, and it burst directly with a boom.

Then, in his mind, there were several loud noises.

It was as if the string broke.

After these things, after these noises, Chen Feng felt uncomfortable from the bottom of his heart.

The whole person is much more relaxed, much more comfortable, and even feels as light as a swallow.

And Chen Feng knew that this was not his own illusion.

In fact, it is not your body that really relaxes, but your soul, your soul!

At the same time, those who are unbound also include their own luck.

Chen Feng sighed softly, feeling clear in his heart:

"I will send Zhong Lingzhu here now and let him worship Bai Ruoxi as his teacher. If there is no accident in the future, he will be carefully cultivated by the elder Bai Ruoxi as a strong generation and revive their Zhong family."

"Moreover, he won't be in any danger anymore. I'm completely worthy of the real Thunder, and worthy of the benefits I got from the real Thunder."

"Therefore, the cause and effect of me and Zhong Lingzhu, the cause and effect of the Zhong family, and the cause and effect of Real Lei Ting, have been completely relieved."

Chen Feng sighed lightly, his expression relaxed.

In any case, it is always a good thing to be able to remove this cause and effect, let one's luck break free, and restore freedom.

During this period, he was always affected by this cause and effect, unable to cultivate, and was extremely uncomfortable.*noVeUS.COM*

This period of cause and effect is finally over!

The feeling of being bound by cause and effect and unable to practice, finally disappeared!

Chen Feng has a great heart.

Chen Feng smiled and clenched his fists: "Next, I can finally practice well."

He felt that he was like a flood that had been accumulated for a long time, and it was about to explode in full!

At this time, Chen Feng suddenly felt that the blood of thunder in Zhong Lingzhu's body was boiling.

Countless thunder and lightning appeared and died on the surface of her body.

And at this moment, a strange and inexplicable fluctuation suddenly appeared in Zhong Lingzhu's body.

This wave of fluctuations was very desolate and vigorous, giving Chen Feng the feeling that it shouldn't have appeared in the little girl Zhong Lingzhu at all.

Suddenly, Chen Feng frowned and said softly:

"This breath gives me the feeling that a strong person who has cultivated for many years, has a deep cultivation base, has a strange situation, and is extremely scheming."

"Could it be that this is the breath of her ancestor hidden in Zhong Lingzhu's body?"

And as this breath appeared, Zhong Lingzhu's eyes closed tightly, a black air appeared on his face, and the corners of his mouth twitched, as if he was also suffering from great pain.

Chen Feng exclaimed: "Elder Bai, what's the matter?"

Bai Ruoxi's face also showed a touch of anger: "Sure enough, it's just as I expected."
