

Peerless 3721

[Chapter 3721: Want to devour me?](#)

"Wait when the time comes, and then open those hole cards one by one!"

"Sirius, wait, I have prepared many surprises for you!"

Thinking of this, Chen Feng was determined in his heart, and no longer panicked, but started to proceed in an orderly manner according to his own ideas.

Chen Feng estimated that from now until Sirius really catches up with him, I am afraid that he will be able to give him a buffer time of at least ten days.

And how to use the time of these ten days or so will have a lot of rules.

Now, what he has to do is to improve his strength, increase his strength crazily, and do everything he can!

At the same time, if possible, a lot of physical power will be improved!

Chen Feng vaguely felt that this time was a great crisis for him, but it was a great opportunity.

For one's future cultivation, it is definitely beneficial.

Soon, Chen Feng found a towering mountain. Although the height was not as high as the one with the giant bronze gate, it was still about 700,000 meters high.

Soon, Chen Feng came to the top of the mountain, on a boulder.

At this time, Chen Feng felt that he was already very close to the firmament of the universe.

It seems that raising your hand can touch the starry sky that day.

This barren ancient ruin has no atmosphere. Standing at such a high place, Chen Feng could see that there were countless gods floating in the sky.

These gods are like patches of clouds.

Moreover, these gods are different.

The color is different, the size is also different, and the breath it shows is also different.

There is a network of lightning, with a radius of several kilometers.

One has a diameter of more than 100 meters and a length of 10,000 meters. The whole body is golden and white.

And its body is made of countless blue and white lightning, like a giant python-like lightning god.

There is also a sea of fire above the sky, just like the sun setting sun, the fire element of the sky at sunset.

There is also that dark and gloomy, insidious Yin Ming **** that is hard to describe.

There is a large area of blackness, a radius of hundreds of miles, and inside is a large area of ice core, full of ice spirit.

And this Shen Yuan was not far from Chen Feng.

But after Chen Feng watched it, he gave a wry smile, and didn't dare to hit the idea of the gods.

The energy contained in this divine essence is extremely violent, and it is not what he can covet now.

If you want to absorb this divine essence, then the only end is to be supported by a living explosion!

Seeing so many gods, Chen Feng couldn't help being very excited.

These gods are within reach here, but when you are in the Dragon Vein Continent, let alone absorb the gods, even to find the gods, you will have to work hard and experience countless dangers!

Now Chen Feng had a sense of excitement of entering the treasure house of countless treasures, and he was almost dizzy.

After calming down, Chen Feng quickly turned his thoughts in his mind:

"These gods have their own attributes, but to put it bluntly, they are all huge and chaotic pure forces."

"Therefore, in theory, it doesn't matter what kind of spiritual energy is absorbed."

"However, it's better to be able to fit in with my Shenyuan combat body, so that's the best."

Chen Feng thought for a moment, and had a plan in mind.

Then, the figure floated slowly and continued to float upward.

He tried to get closer to those gods.

However, just as Chen Feng flew towards the gods, those gods felt nothing.

Then, with a bang, they spread out.

It was like the pheasant and hare in the mountain, seeing the hunters coming, they fled.

Chen Feng was dumbfounded when he saw this scene.

Then, he shook his head and smiled bitterly.

"These gods are quite thief one by one!"

And what surprised Chen Feng didn't stop there.

Many gods fled one after another, but there were also three or four gods approaching Chen Feng.

That feeling, with a trace of gloom and unkindness.

Chen Feng was even more shocked immediately: "Could it be that these gods, they actually want to..."

Chen Feng quickly realized a fact:

"These gods actually want to hunt me! Devour me!"

"Want to swallow me to strengthen myself!"

Chen Feng shook his head: "Awesome, really amazing, these gods have spirituality!"

Before Chen Feng could take any action, the next moment, a huge spirit suddenly rushed towards Chen Feng!

This divine essence, the whole body shape, is like a giant swallowing python.

Singing for 10,000 meters, with a diameter of 100 meters, it is the thunder and lightning **** element condensed by countless huge blue and white plasma!

On the surface of his body, there are countless blue and white lightnings constantly coming and going, making a burst of sneer, and even the space seems to be distorted!

And his head suddenly split apart, condensing into the head of a giant snake.

Then, the snake's mouth opened and let out a stern roar!

That tongue is made of blue plasma.

And the fangs in the snake were formed by the violent thunder and lightning of countless platinum.

As for those eyes, they were condensed from the pitch black, as if violent thunder that could tear everything apart!

A vicious light flashed in his eyes, and his mouth opened from a terrifying angle, as if he was about to swallow Chen Feng directly down!

Chen Feng first shook his head and smiled bitterly: "I wanted to choose a **** to devour it, but I didn't expect them to come directly."

"In that case, then!"

Chen Feng's eyes suddenly flashed sharply: "I'll take your surgery first!"

At the next moment, Chen Feng let out an angry roar in the face of the huge violent thunder and lightning spirit that was swallowed!

In his heart, the idols stepped on the innocent vitality mental method and suddenly flowed past.

After that, Chen Feng played countless mysterious puppet techniques one after another, and the idol stepping in heaven's true vitality was already suddenly activated.

And at the moment when Chen Feng activated the idol to step on the innocent vitality, he suddenly felt that everything in this world seemed to be different.

Originally, the situation at this time was that Chen Feng stood standing in the void, and the mad thunder and lightning gods came to swallow him.

The other gods were staring at them, like a few beasts.

And as soon as the idol stepped on its innocent vitality, the sky changed drastically.

As the idols stepped on their innocent vitality, their momentum became stronger and stronger, and finally reached the peak. In the depths of the sky, it was like a giant beast waking up.

A huge breath fluctuated suddenly

At this time, these gods had already made a commotion in an instant.

And the extremely overbearing violent thunder and lightning gods also hesitated.

Because, at this moment, he discovered that this human martial artist actually had an aura that made him extremely frightened!

[Chapter 3722: Catch the mad thunder and blue electric god!](#)

He has some hesitations, should he continue to attack?

But the next moment, the violent and arrogant mood enveloped him.

He screamed frantically, and continued to kill Chen Feng without stopping.

And at this moment, suddenly, in the depths of the sky, there was a roar!

An angry and grand roar!

Chen Feng knew that that was the ultimate meaning of his idol stepping on innocent vitality, the roar of stepping on the sky idol!

Chen Feng's current Shenyuan combat body is far from reaching this level.

But he can think of the ultimate meaning and ultimate form of this idol, how terrifying it is!

And with the roar of this extremely powerful and suppressing idol, the gods in front of Chen Feng were stupid!

They seemed to be stunned.

Then, they showed extremely fearful expressions.

Then, there was a sharp and panic wave of breath.

Afterwards, all these eye-catching surrounding Chen Feng wanted to hunt his gods, they fled out.

After Chen Feng used the idol to step on his innocent vitality, the profound meaning of the idol he visualized actually scared them all away.

At this time, the one closest to Chen Feng was also facing the idol and stepping on the power of the innocent vitality, it was the violent thunder and lightning god!

At this time, this Kuang Lei Blue Lightning Shen Yuan faced a frontal attack from the idol.

The roar of the idol's power has basically been fully endured by him!

This mad thunder and blue lightning soul was completely sluggish there.

He was directly screamed by this roar and stood there, his whole body solidified, and he couldn't move!

There was indescribable fear in his dark eyes condensed by violent thunder.

I want to move, but I can't move at all.

As for those gods who ran far away, this time they ran farther.

Chen Feng was also stunned when he saw this scene.

Then, a touch of joy appeared on his face.

He didn't expect the roar of this idol to have such a great effect!

But Chen Feng immediately came back to his senses: "Why are you still hesitating at this time?"

His figure flashed away, and in an instant, he came to the side of the mad thunder blue electric god.

Compared with the 10,000-meter-long body of this mad thunder blue electric god, Chen Feng's body is basically like a small bug next to a giant.

But at this time, above this little bug, there was an extremely tyrannical threat.

Chen Feng's idol stepped on his innocent vitality all over his body, running to the extreme.

Then, his hands fiercely stuck on the mad thunder blue electric god.

The power of the idol stepping on the innocent essence has been accumulated in Chen Feng for a long time, and at this time, as soon as he came into contact with this powerful god, he immediately became extremely excited.

In an instant, it was pouring from Chen Feng's body, madly pouring into the body of the crazy thunder blue electric divine essence.

With a bang, Kuang Lei Lan Electric Shen Yuan, his body did not appear to have any injuries, but his whole body trembled violently.

Then, Chen Feng saw that in his own hands, a white light flashed out and penetrated into the body of this mad thunder blue electric god.

Then, this white light, like a rapidly spreading spider web, almost snapped, spreading out several hundred meters in the body of the Kuang Lei Lan Electric Divine Yuan.

There are countless white lines, white nodes, and white networks.

It was like a huge fishing net, which immediately violently restrained the mad thunder and blue lightning spirit.

Moreover, the speed of spread is incredible.

Almost a few moments of time, it was all over the body of the Kuang Lei Blue Lightning Shen Yuan.

It seems that this fishing net has caught a fish, and then shrank fiercely, and the lines are all strangled into its flesh!

At this moment, Kuanglei Landian Shenyuan had already struggled out of the frozen state just now, madly trying to resist, but he couldn't resist at all.*noVelus&.com*

Chen Feng was also far away at this time.

However, in the palm of his hand, the white light is still condensed, and it has become thicker and more condensed.

It was already as thick as a thread just now, and it became as thick as Chen Feng's arm.

In Chen Feng's body, the idol's innocent vitality was swiftly running, and the **** continued to flow into the fishing nets, constantly accumulating on the body of the mad thundering blue electric god!

Kuang Lei Lan Dian Shen Yuan struggled crazily, just like the fish in the fishing net.

But it's useless!

The more he struggles, the tighter the fishing net is!

The power of the idol's innocent vitality became stronger and stronger, and more and more white rays of light passed onto it!

This mad thunder blue electric god, uttered a crazy roar!

The roar was full of anger, pain, and at the same time it was full of fear, and a kind of despair and hesitation at the end.

Because he seems to have felt his fate today!

I already feel that I have nowhere to escape!

But Chen Feng didn't move at all, without even looking at him!

On the road of cultivation, there is no one but me. If you don't swallow it today, you will be swallowed by it instead!

This is a life and death situation!

That being the case, then, you die! Let me live!

The power of the idol's innocent vitality is getting stronger and stronger, the fishing net is getting tighter, and the white light gradually shrinking.

The surface of the Kuang Lei Blue Lightning Spiritual Yuan was already strangled with countless huge wounds, and lightning pierced.

On the wound, countless blue plasma flowed crazily, and the original power in it also penetrated.

Chen Feng had just touched a bit, and he felt a burst of unspeakable comfort, a powerful force, wandering out of it, and entering his body, making him shiver violently.

"This is the breath of power!"

Chen Feng murmured.

But Chen Feng did not stop, but slowly sank, and slowly descended, wanting to drag this mad thunder and blue lightning spirit into this desolate ancient ruin.

Kuanglei Landian Shenyuan was naturally unwilling, and struggled frantically.

But where does the struggle move?

Chen Feng slowly, but steadfastly dragged it downward!

Finally, after three full hours, the power of the idol's innocent vitality has reached a peak.

But at this time, the giant net that was already holding back the violent thunder and blue lightning gods, suddenly trembled.

At this moment, the Kuang Lei Lan Dian Shen Yuan was already motionless, and he seemed to have accepted his fate.

Or perhaps in this fierce struggle, his strength has been exhausted.

But at this time, it was shaking violently and struggling, as if it were doing a desperate fight.

Because it feels that, this time, it can kill itself!

However, it is still useless!

[Chapter 3723: Sixteen Gods!](#)

His struggle is of no use. The next moment, in his body, the fishing net, the idol stepping on the big net made by the power of innocent vitality, every line, every node, emits a hot white Shine!

It was as if countless suns were added to him at once!

In an instant, those white rays of light crazily absorbed the power in it.

Kuang Lei Lan Dian Shen Yuan issued a stern and painful anger.

But there is no way to prevent the power in his body from being continuously absorbed out, into those nodes, into the fishing net.

Then, as the idol stepped on the power of innocent vitality, it finally returned to Chen Feng's body.

Chen Feng trembled fiercely, his eyes lightened.

He immediately realized that it was time to absorb.

So, Chen Feng sat cross-legged, holding his breath.

In his body, the idol's innocent vitality was instantly reversed.

If it is said that the idol's stepping innocent vitality just now radiates power outwards, then the current idol's stepping innocent vitality is absorbing power crazily inward.

Chen Feng suddenly felt that the violent power of the gods was pouring into his body.

Behind Chen Feng's body, the battle body of the stepping idol suddenly appeared.

Then, it disintegrated in an instant, turning into thirteen powers like shining clouds.

These thirteen powers are extremely pure, and they are Chen Feng's thirteen gods.

At this time, on the side of the thirteen gods, another light spot is slowly forming, becoming bigger and condensing!

It is Chen Feng's fourteenth god!

Huge power from the Kuanglei Blue Lightning Spiritual Essence continued to flow into the idol Tingtian Zhenzheng Qi, and into Chen Feng's body.

Then, condensed into the fourteenth gods.

Chen Feng's exercise took two full hours.

Finally, two hours later, with a loud bang, the fourteenth divine essence suddenly formed.

Chen Feng now has a total of fourteen gods!

Chen Feng's heart was overjoyed: "The fourteenth divine essence, I have condensed it!"

He felt relieved and was about to end.

Suddenly, when he opened his eyes, looked up to the sky, he was dumbfounded: "How come there are? How come there are so many?"

It turned out that at this time, the mad thunder and blue lightning spirit above the sky had already disappeared by one third.

However, only one-third disappeared, and most of the body was still there.

"In other words, this mad thunder blue electric divine essence can not only provide me with a divine essence power!"

Thinking of this, Chen Feng was even more ecstatic.

Where can the power delivered to the door not be absorbed?

Therefore, even though Chen Feng's power was almost exhausted due to long-term cultivation, he was still absorbing it frantically and greedily.

Two hours later, with a bang, the fifteenth gods were condensed!

Then, two hours later, the sky was even brighter.

It has been a whole day for Chen Feng from capturing the violent thunder and blue lightning spirit to absorbing it.

Finally, when the first ray of sunlight on that day came down, Chen Feng's sixteenth gods were finally condensed!

And at this time, above the sky, the violent thunder and blue electric gods made a crisp sound.

Just like a crystal vessel was broken, it shattered and disappeared invisible.

The idol stepped on the big net formed by the innocent vitality, and all of it collapsed in an instant, turning into dots of white light.

In the end, it disappeared with the wind.

The idol in Chen Feng's body fell silent for a moment with his innocent vitality.

The cold wind and the clear moon, the clouds are brilliant, and it is quiet.

There is no fluctuation, no sound, no trace after the battle, as if nothing had happened.

But Chen Feng knows that everything is different from today.

After reaching the powerful Wudi realm, it is extremely difficult to rely on traditional methods to increase strength.

Unless the skill level in your hand is extremely high, and you want to improve your realm, then the only way to go is to continuously absorb the gods! Refine the gods!

This is the avenue!

This is also the most important reason why people who have not condensed the battle body of the gods stop here.

There is no way to condense the battle body of the gods, and there is no way to absorb the gods, so the strength is only there, how can it be improved?

How can you achieve that supreme power?

Chen Feng slowly opened his eyes, his eyes flashing with excitement that was still not dissipated.

He shook his sleeves, a smile appeared at the corner of his mouth, and chuckled softly: "I absorb this violent thunder and blue electric divine essence, and I can absorb three or four divine essences on the Dragon Vein Continent."

"Now, after absorbing it, the number of my gods has changed directly from the previous 13 to the current sixteen!"

"There are three more ways!"

After the absorption of the three divine essences, Chen Feng only felt refreshed, and the power in his body was constantly pulsing.

And he even felt that the opportunity for breakthrough after another was like awakening in his body.

At this moment, suddenly, a piece of information in his mind came directly.

And this amount of information is not large, and there are not many memories of Chen Feng, but more of it is related to Chen Feng's cultivation.

So soon, Chen Feng absorbed it.

As a result, there was a little more clarity in his gaze, and he whispered to himself: "It turns out that after I have cultivated the thirty-three gods, I can break through to the three-star Wudi!"

"Thirty-three gods!"

Chen Feng couldn't help but shook his head and smiled bitterly: "The ordinary three-star Wudi doesn't even have a divine essence."

"And some of the three-star martial emperors with better talents only possess one or two gods."

"Those who can have three or five gods at the time of the three-star Wudi realm, and have just condensed the gods battle body, can be called geniuses."

"Only people with extremely talented people, when the Emperor Wu is three stars, can they have about ten gods!"

"And I actually need a full thirty-three gods to be able to break through to the three-star martial emperor!"

"Moreover, each of my divine essence is more than three times stronger than others' divine essence, which is equivalent to a hundred divine essence of others!"

Chen Feng shook his head and smiled bitterly.

But in that gaze, it was full of pride.

"The reason for this is that I have a god-level talent!"

"My talent is so powerful that I need to surpass others dozens of times to be able to advance!"

"However, once you are promoted, the power you get is unparalleled!"

"Once I break through to the three-star Wudi, the other three-star Wudi will be like ants in front of me!"

"Even a four-star martial emperor like the dead snake, I can easily kill it!"

"Even, facing a mighty five-star Wudi like Sirius, I also have the power to fight!"

[Chapter 3724: Reunion with Mu Jianhong](#)

"Samsung Wudi, I am looking forward to that day!"

Chen Feng was full of expectations.

Chen Feng also knows that time does not wait for me, so he took a short rest, and then began to cultivate the idol to step on the natural vitality, run its breath, and let it out.

Originally, those gods floating in the sky had witnessed Chen Feng stepping on the innocent essence with an extremely powerful idol, and after he had captured and killed an extremely powerful god, they had already escaped far.

Treat it as the worst enemy.

But at this time, after the idol's innocent vitality aura radiated, they seemed to have seen some unbearable temptation.

It was like seeing the thing that attracted them the most in fate.

So they all ran back.

Chen Feng floated in the void, and those divine essences were far away from him at the beginning, and gradually approached gradually.

Later, they got closer and closer, and some were even close to Chen Feng.

The aura of the idol's innocent vitality radiated out, covering an area of about several thousand meters.

And Chen Feng keenly discovered that as soon as these divine essences entered this area, they immediately trembled.

It feels like the whole thing is relaxed.

It was like turning into a cloud, and even its structure became a little scattered, floating lazily there.

It seems unspeakable and comfortable.

Chen Feng was clear in his heart: "It turns out that this idol's innocent vitality is really powerful here."

"You can make this Shen Yuan feel very cordial and comfortable, and you are willing to let this Shen Yuan come here!"

At this moment, if the scene in front of Chen Feng was seen by everyone in the deserted ancient ruins, he would definitely be dumbfounded, yelling, and his face full of disbelief.

Because in this desolate ancient ruins, although there are so many gods, they float on the sky.

However, once there are not many who have the ability to capture the gods.

Even fewer have the courage to reach this level.

And there are very few who have both the ability and the courage to come here, while also being able to capture the soul.

You know, these gods are not stupid.

They have grown in the firmament of the universe for so many years, and they have huge energy and sufficient spiritual energy, and most of them have even brought a touch of spirituality.

But whoever wants to be caught by others who have spirits?**novelusb.com**

Who doesn't want to live in this world with ease?

So many times, these gods will flee when they feel the human warriors come to capture them.

Some are extraordinarily tyrannical, extraordinarily overbearing in strength, and have a fierce temperament. They will even directly attack human warriors in a fierce manner!

There are not a few human powers who fall due to this every year!

If this human martial artist is strong enough to kill the gods who came to hunt him, then he will carry a trace of death gods, and it will be more difficult to absorb the gods in the future.

Because these gods will be extremely afraid of him!

And now, after Chen Feng used this idol to step on his innocent vitality, he actually attracted so many gods directly.

And these gods, as if to please Chen Feng, flooded towards Chen Feng, wanting to be absorbed by him and become part of his gods battle body.

This is simply something they can't even imagine!

Chen Feng sighed lightly, his eyes deep.

"It seems that this idol's innocent vitality is far beyond my imagination!"

"For the absorption of gods, this is really a supreme magic!"

Chen Feng was about to continue to absorb, and at this moment, there were two emerald green rays in the distance, coming quickly toward this side.

Obviously, two people came here.

And one of the green rays is extremely fast, obviously not weak.

The other light is going to be much slower, so that the faster light will often stop and wait.

Soon, the light came close, and Chen Feng heard a middle-aged man's very impatient scolding voice:

"Next time you are so slow and drag me down, then don't follow in."

"What a waste!"

The person he scolded was a woman, her voice low and low, with a hint of flattery in it: "Yes, I understand."

The direction the two came to was indeed exactly where Chen Feng was.

Chen Feng stopped and looked at these two people.

It didn't take long before the two came to Chen Feng.

After seeing them, Chen Feng suddenly raised his brows.

These two people, one after another.

Walking in front is a middle-aged man with a very burly figure, wearing a set of heavy bronze armor, and shaved hair.

The muscles are very well developed.

From the outside, he is an extremely powerful warrior in close combat.

And the aura on his body is also quite strong, transpiring.

Even behind him, there is a huge phantom that is constantly flashing and extinguishing.

His eyes were also fierce and domineering, sweeping across Chen Feng unscrupulously, with a trace of scrutiny.

Chen Feng's expression was faint and fell on the person behind.

The person behind this is a woman, about twenty years old, with a pretty appearance, and a look even more cold.

However, her eyes were still cold, but there was still a trace of numbness.

More importantly, after seeing her, Chen Feng raised his brows, and a flash of surprise flashed in his heart.

It turned out that he actually knew this woman.

Actually...

Before Chen Feng had time to speak, the woman on the opposite side had already lit her eyes, and her eyes flashed with great consternation.

Then, looking at him, he shouted out: "Chen Feng, it turned out to be you? Are you here?"

Chen Feng smiled slightly, looked at her, and slowly said, "Miss Mu, I haven't seen you for a long time, don't come here without problems."

It turned out that this woman was actually Mu Jianhong!

It was Mu Jianhong, the Mu family who had a marriage contract with Chen Feng.

But he didn't expect that the two would meet here again.

Things of fate are really mysterious.

Chen Feng didn't know if he was an illusion. When he first saw Mu Jianhong, Mu Jianhong was lifeless and completely numb, like a walking dead.

Although the face is as beautiful as before, but the momentum is completely different from before.

In the past, the domineering and confident Mu family eldest lady seemed to be completely dead.

After seeing him, Mu Jianhong seemed to be alive again, and she smiled all of a sudden, and her entire eyebrows were much more vivid.

She looked at the middle-aged man next to him and smiled excitedly: "Master Lei, this is the genius of the Xuanyuan family I mentioned to you, Chen Feng!"

[Chapter 3725: Arrogant!](#)

"Oh? You are Chen Feng?"

Lei Xinglan's eyes swept across Chen Feng's face.

In his eyes, there was a dignified look at first.

Obviously, Chen Feng's name was outside, and he did not dare to take it lightly.

Then, his gaze swept across Chen Feng's face unscrupulously, and his gaze was very rude.

It's no longer a test or a scrutiny, even as if to see Chen Feng through, it is full of scrutiny.

But when he looked at Chen Feng for a while, the dignity on his face immediately receded, and the corners of his mouth curled up with a smile.

The expression in his eyes was full of disdain, and he said coldly in his heart: "It turned out to be just a mere two-star Wudi."

"Even the three-star Wudi hasn't arrived, so he's a genius? What a **** genius!"

"That is to say, he was born in the Xuanyuan family. If he was not born in the Xuanyuan family, and if he had the advantage of the nine major forces, who would advocate for him?"

"His so-called genius name? He must be bragged by those people!"

At the same time, a ray of jealousy flashed in his eyes like a flame.

He was very jealous: "Isn't it just relying on the prestige of the nine powers? Isn't it just relying on so many people to flatter you and advocating for you, so you have the current reputation?"

"A genius? A **** genius!"

"In my eyes, it's just a waste!"

"If I came from the nine powers, I don't know how many times I am more famous than this little **** with my talent strength!"

Obviously, in his opinion, Chen Feng, who only has the strength of the second-star Wudi, is not qualified to be compared with him.

He looked down on Chen Feng at all.

And Mu Jianhong did not notice the abnormality of Lei Xinglan, but said to Chen Feng excitedly:

"Master Chen, this is Lei Xinglan, from Lei's family in the Eastern Wilderness."

Donghuang Lei's house?

Chen Feng raised his brow when he heard it.

The biggest power in the East Famine is undoubtedly the winner of the East Famine, one of the nine powers.

And it is said that above the extremely distant East China Sea, there are some incomparably powerful existences, mysterious and unpredictable. They have not been included in the category of the nine powers of the Dragon Vein Continent, so they cannot be regarded as one of the nine powers.

But in terms of strength, it is not inferior to the nine major forces, and some are even more terrifying than the nine major forces.

On the East Wasteland, apart from the winner, the most powerful is the Lei family.

The Lei Family is only one step away from the nine major forces, and it is also very famous.

It has been passed down for hundreds of thousands of years and has a long history.

Where they live is the Thunder God Daze.

According to rumors, this place was once the location of Thor's Cave.

There used to be an extremely powerful warrior here, whose strength had even surpassed the Emperor Martial Realm, and was called the Thunder God.

The Lei Family inherited a little bit of Thor's heritage.

Therefore, the level of the cultivation technique of the Lei Family is also extremely high, and the strength is also extremely strong.

However, as a whole, they are quite low-key and seldom walk on the Dragon Vein Continent, so their reputation is not so prominent.

At least a lot worse than the nine major forces.

But I didn't expect to meet the Lei family here.

A smile appeared at the corner of Chen Feng's mouth. He looked at Lei Xinglan and said with a smile: "Chen Feng, I am lucky to meet."

After all, hand in hand as a courtesy.

Chen Feng did this, because in this desolate ancient ruin, seeing the people of the Dragon Vein Continent, he naturally felt close.

Secondly, it is also normal etiquette.

Three come, it is to give Mu Jianhong a face.

However, he did not expect that Chen Feng was so polite and fell on Lei Xinglan, and his eyes became an expression of his weakness.

There was a sneer in his heart: "So respectful, isn't it just to flatter me?"

It turned out that in his opinion, Chen Feng did this to flatter him and show his favor.

This person is really arrogant and knows nothing.

What is he? Also match Chen Feng's favor? How could Chen Feng take him to heart?

Lei Xinglan didn't even look at Chen Feng, but with his hands behind him, he looked up at the sky, his face full of arrogance, and even ignored Chen Feng.

Seeing this scene, Chen Feng raised his eyebrows first, and then his eyes gradually cooled.

He probably guessed Lei Xinglan's thoughts, and a sneer appeared at the corner of his mouth: "Don't you dismiss me?"

After a while, Lei Xinglan gave a sneer and said lightly: "Looking up to the name for a long time."

"Young Master Chen's name is above this Dragon Vein Continent, it is really thunderous!"

"Hahaha, I didn't expect it, I didn't expect it, a real person...but..."

Having said that, he didn't go on, just tut.

However, the disdain and contempt in the words were already overwhelming and could not be more obvious.

He looked at Chen Feng in his eyes, full of contempt.

At this time, no matter how slow Mu Jianhong was, he also found that Lei Xinglan was wrong.

She opened her mouth, as if trying to persuade something.

But Lei Xinglan glanced at her coldly. He just glanced at her and didn't say anything. Mu Jianhong's expression was already stagnant, and he shivered suddenly.

Obviously, he was quite afraid of Lei Xinglan, and he quickly made two noises, but he couldn't say a word.

When Chen Feng saw it, he sighed inwardly: "It seems that Mu Jianhong's life is not easy!"

"Looking like this, it's obviously under the fence."

In fact, Chen Feng's guess was correct.

Now Mu Jianhong's situation is indeed extremely difficult.

Chen Feng frowned slightly, but didn't say anything.

He and Mu Jianhong, after all, met an old friend, and gave Mu Jianhong a face, and he didn't want to tear his face here.

What's more, he still has more important things to do, and Chen Feng doesn't want to have extra branches.

Chen Feng didn't bother to pay attention to them, so he prepared to leave.

Mu Jianhong seemed to want to remedy it. By the way, he turned the subject away, looked at Chen Feng, smiled and said, "Master Chen, I think you are alone."

"Amidst this desolate ancient ruin, there are dangers everywhere, why don't you join us..."

She glanced at Lei Xinglan, with a trace of awe in her eyes, and said:

"Lei Xinglan's strength has reached the peak of the three-star martial emperor. It is extremely powerful, and if something happens, it can be taken care of."

Although she said that there was a reference, she meant that Lei Xinglan could protect Chen Feng by the way.

After Chen Feng heard what she said just now, he was taken aback for a moment, not knowing what she meant.

After listening to her, she knew that she was worried that she was not strong enough, so she wanted to let herself go with them, so that Lei Xinglan could protect herself.

When Chen Feng heard this, he couldn't help but laughed and said, "I need someone to protect my strength?"

"I'm afraid you want to protect you!"

But Mu Jianhong was also kind, and Chen Feng was not good at rejecting it directly.

[Chapter 3726: Sirius, come here!](#)

At this moment, the light in Lei Xinglan's eyes suddenly flickered.

A flash of impatient and disgust flashed in his eyes, as if he was about to refuse.

But suddenly, his eyes flickered, I don't know what was thinking.

Then, when the words came to the lips, they turned into a disdainful sneer.

Then, he looked at Mu Jianhong and said, "My strength is strong, but what is he? Why should I protect him?"

He smiled coldly and said with disdain: "I promised to bring you here and protect you along the way because I have taken the benefits of your Mu family."

"However, the Xuanyuan family did not give me any benefit!"

His nostrils were up to the sky, and he looked extremely arrogant: "If you want me to protect him, you have to show me what you can get from him!"

"Otherwise, how would I protect a waste?"

He seemed to have said this to Mu Jianhong, but in fact he was told to Chen Feng.

The implication of the words is that Chen Feng is a waste, and he needs to give him some benefits before he can help.

Chen Feng's eyes were colder.

Chen Feng smiled faintly, ignoring Lei Xinglan, just looked at Mu Jianhong, smiled lightly and said, "Good intentions, but I am used to being alone in Xia, so let's say goodbye!"

Chen Feng took a deep look at her, then turned around to leave.

Chen Feng is unwilling to be familiar with Lei Xinglan here. The main reason is that Chen Feng now wants to concentrate all his energy to deal with Sirius.

He wants to concentrate all his strength to increase his strength, so he is not willing to make extravagant branches.

What is Lei Xing Lan compared to Sirius?

But just a mere ant!

Chen Feng didn't want to waste energy on him at all.

However, what Chen Feng did at this time, fell in Lei Xinglan's eyes, and it became: he faced his own provocation, did not dare to answer at all, only dared to flee in a hurry!

As a result, he was even more contemptuous in his heart, laughed, and said disdainfully: "What kind of **** Xuanyuan family genius is just a cowardly trash!"

"Being so mocked by me, I didn't dare to put one more fart, but I was ready to flee desperately!"

Even Mu Jianhong's gaze at Chen Feng was full of complexity.

The impression that Chen Feng left on Mu Jianhong before was fierce and fierce, invincible, and nothing could make him afraid.

And now...

She sighed in her heart: "It turns out that Chen Feng was also scared when he was so afraid of Lei Xinglan!"

"Unexpectedly, I didn't dare to say more, after being ridiculed, I just chose to leave!"

Mu Jianhong also thought that Chen Feng would not dare to compete with Lei Xinglan, and then left.

At this moment, suddenly Lei Xinglan said coldly, "Did I let you go?"

Chen Feng paused, stopped, and turned to look at him.

His expression was indifferent, but in the depths of his gaze, there was a flash of fierce murderous intent.

Chen Feng was originally unwilling to see him in general, but this Lei Xinglan was endless.

Chen Feng sighed slightly, he was about to provoke Chen Feng's bottom line!

If you dare to make more troubles, Chen Feng doesn't mind destroying him, but he will spend more time!

Lei Xinglan walked up to Chen Feng and looked at her, his eyes full of looking down and disdain.

Then, his voice was indifferent, and he spoke slowly: "Before, I saw someone here is capturing the gods above the sky."

His eyes narrowed, and his eyes pierced Chen Feng's body like a needle: "Did you do it?"

There was some disbelief in his eyes, obviously he didn't think that Chen Feng's strength could make such a big movement.

Chen Feng shook his head and looked crooked: "It turned out to be for this."

He said lightly: "Yes, I did it."

"It turned out to be you? It seems that the Xuanyuan family has a secret method to capture the soul!"

"Even the trash of you, Emperor Wudi, can make such a big noise!"

"It seems that this secret method is very powerful!"

At this moment, a flash of greed flashed in Lei Xinglan's eyes, and he smiled.

Obviously, he didn't think it was Chen Feng's own ability to capture the gods.

Rather, he believed that this was because the Xuanyuan family had a powerful secret method, so Chen Feng was able to do this.

He looked at Chen Feng, suddenly raised his chin, and said arrogantly: "Boy, you want me to take you with you, so that you won't die in this dangerous deserted ruin, it's not impossible!"

"But well, you have to promise me a condition."

Chen Feng looked at him, his eyes light.

At this moment, he looked at Lei Xinglan like a fool, and he was a very arrogant fool.

"I wonder what conditions do you have?" Chen Feng said.

Lei Xinglan smiled coldly and stretched out a finger: "Catch me a hundred gods above the sky, and I will let you go with us."

He raised his chin and looked at Chen Feng, and said arrogantly, "Well, kid, this condition is not harsh, right? You are treated well, right?"

With that said, there was a trace of joking in his eyes.

Chen Feng was almost laughing angry.

This Lei Xinglan clearly regarded him as a fool!

Capture a hundred gods?

Even for a four-star martial emperor, it would take at least ten years to capture a hundred divine essence!

And he even asked Chen Feng to capture a hundred divine essence for him, which is obviously to treat Chen Feng as a fool!

What's more, what a look that he gave Chen Feng face, and what kind of favor he gave him!

Seeing Chen Feng's silence, he urged impatiently: "Boy, do you agree? Don't be shameless!"

A sharp light flashed in Chen Feng's eyes.

Seeing the next moment, Chen Feng will have an attack!

In the next moment, Chen Feng will let him know how terrifying Chen Feng's true strength is!

However, at this moment, he suddenly felt a tremor of breath.

That is from the breath of Sirius who doesn't know how far away!

Chen Feng was shocked for an instant: "Sirius, is this already about to officially start chasing me?"

Chen Feng felt that the line of mental power that had been implicated by killing so many members of the Sirius team before, quietly trembled.

In fact, Chen Feng's guess is correct.

At this time, it was on Tianlang Peak, a far away place.

The door of the palace suddenly opened!

Then, Sirius walked out slowly.

Outside, all the members of the Sirius team were kneeling respectfully, with their foreheads pressed to the ground, not daring to say a word, but respectfully sending him off.

Sirius smiled slightly and took a deep breath.

A few days ago, he had already passed the lines of mental power to lock Chen Feng's position.

However, he did not set out at the time, but cultivated in meditation!

The lion fights the rabbit and does his best. He has always acted like this!

[Chapter 3727: Why do I need you to give me face?](#)

After these few days of rest, his state has reached its peak!

The hand stretched out gently, and then a violent wave of air flashed across the sky instantly, as if an invisible creature was quietly passing by, causing a shock in space.

Then, a light blue magic wolf appeared under him.

The ghost demon wolf raised up to the sky and let out a howl, and the howl was silent, without any sound coming out.

However, the void is all shocked for it.

The surrounding members of the Sirius team were even shocked to make their faces pale, bleeding from their heads, and falling to the ground.

In the next moment, the ghost demon wolf flew directly with four claws, flying towards the sky.

With Sirius, he disappeared in no time.

Chen Feng took a breath and pressed down the anger just now.

Now that Sirius is moving, Chen Feng must also act and arrange carefully.

He is not willing to waste time here.

Killing Lei Xinglan is like killing an ant, but it definitely cannot affect oneself.

Therefore, Chen Feng didn't even glance at him. He just looked indifferent and said, "I'm not interested."

Then, turned around and left.

However, at the moment Chen Feng turned around, he suddenly felt a thorn in his back.

A fierce coercion suddenly appeared.

At the same time, Chen Feng heard Mu Jianhong scream.

Suddenly, Chen Feng's figure solidified.

Then, the corners of his mouth slightly raised, revealing a touch of murderous intent, and he sighed softly.

When he opened his eyes again, they were already cold.

Chen Feng whispered softly in his heart: "It's endless, isn't it? You have to continue to hunt for death, right?"

"Okay, then I will fulfill you!"

After that, Chen Feng turned around and looked at Lei Xinglan.

At this moment, Lei Xinglan's hands were already surrounded by blue and white lightning.

And above his head, there was even more lightning.

In his hands, a small ball of lightning suddenly appeared.

The blue plasma is extremely condensed!

He gently tossed the blue ball of light in his hand, without looking at Chen Feng directly, but slanting his eyes, looking at Chen Feng from the corner of his eye, and said lightly: "Today, if you don't want to do it, you have to do it! "

At this moment, Mu Jianhong hesitated for a moment, but also walked to Chen Feng, lowered his voice, and said softly:

"Master Chen, you, you, or you can tell Master Lei this method!"

"Or to capture a few divine essences for Lord Lei, he will naturally let you go, you can't offend him."

"He now has the strength of the three-star martial emperor pinnacle, extremely terrifying, you are not his opponent..."

After hearing this, Chen Feng's expression suddenly fell cold.

He was totally disgusted with Mu Jianhong. *novelusb.com*

But then, what happened in the real dragon Arhat Gate, Mu Jianhong was equivalent to indirectly helping him a lot.

Therefore, Chen Feng's impression of Mu Jianhong has changed, and he did not pay much attention to the things before Mu Family.

To put it bluntly, it was because his current strength was too terrifying, and people like the Mu Family didn't even have the qualifications to meet him.

Therefore, Chen Feng's emotion towards her now is just indifferent, with a hint of pity.

But there is no anger.

Can people be as knowledgeable as an ant?

But what Mu Jianhong said now made Chen Feng's expression cold, and the anger in his heart was already rising.

But when he saw Mu Jianhong's eyes, the anger disappeared all at once.

Mu Jianhong's expression was full of fear, hesitation, and hesitation.

Obviously, when she came to say these words to Chen Feng, she actually took a lot of risks.

Lei Xinglan might deal with her severely.

But she still came here to say this to Chen Feng, even if she took the risk for it.

Because in her eyes, Chen Feng's strength is far inferior to Lei Xinglan.

If Chen Feng had a conflict with Lei Xinglan, then Chen Feng would definitely suffer.

That's why she did it.

"I feel that I am weak, because I feel that I am not Lei Xinglan's opponent at all, do I?"

Chen Feng shook his head, feeling helpless in his heart.

At this time, Chen Feng looked at Lei Xinglan, who was holding his arms and looking up at the sky, as if he did not bother to look at Chen Feng.

Seeing his action expression, Chen Feng suddenly laughed.

He didn't know why he laughed, he just couldn't help it, he just thought this scene was very funny.

Lei Xinglan, really enough to pretend!

Lei Xinglan's face was cold for an instant: "Why are you smiling?"

Chen Feng laughed louder and louder, he almost couldn't stop it.

Looking at Lei Xinglan, he smiled and said, "Sorry, I just think your appearance is so funny."

Lei Xinglan's face was extremely cold: "Mu Jianhong, originally, it was for your sake that I gave this kid a face."

"Unexpectedly, he doesn't know how to promote, shamelessly!"

"Then don't blame me for being ruthless!"

At this time, Chen Feng had slowly stood up straight: "What are you? Why do I need you to give me face?"

Lei Xinglan shouted sharply: "Boy, toast and not eat fine wine! Then I will teach you a lesson!"

"First use my powerful thunder and lightning power to beat you half to death!"

After all, he held his right hand high, and the blue plasma thunderball suddenly flew into the sky!

Suddenly, a dark cloud appeared above his head.

In the dark clouds, thunder and lightning are everywhere.

Chen Feng frowned and looked at the dark cloud.

I saw that this dark cloud was not physical, and it was illusory, and it was closely related to Lei Xinglan.

This turned out to be the spirit of Lei Xinglan!

His martial soul turned out to be a dark cloud, which is rare.

"Thunder and lightning are brewing in the dark clouds, and the power is still passable."

Chen Feng watched with interest.

Lei Xinglan looked at Chen Feng and laughed arrogantly: "Boy, have you seen it? This is my powerful Leiyun Martial Spirit!"

"It is one of the most powerful spirits in my Lei family, enough to cut you into pieces!"

Chen Feng didn't say anything, just looked at him, and said lightly: "Oh."

Chen Feng's word 'oh' was full of incomparable contempt, and it made Lei Xinglan jump into a thunder.

He roared wildly, and suddenly in the thundercloud, a huge lightning as thick as a bucket slammed at Chen Feng!

Mu Jianhong was shocked, and screamed, "No!"

She had seen it with her own eyes that Lei Xinglan used this technique to directly smash the peak of a powerful one-star demon emperor into coke with this bucket of lightning!

That was the pinnacle of the one-star monster emperor, the strength even surpassed the pinnacle of the two-star martial emperor!

Is Chen Feng an opponent?

She still remained in the previous impression of Chen Feng's strength.

[Chapter 3728: wake! Thunder Blood Crystal!](#)

Chen Feng looked at Mu Jianhong and smiled slightly: "Don't worry."

Then, he turned his head to look at Lei Xinglan, and a smile appeared at the corner of his mouth: "You want to use thunder and lightning to deal with me? Are you sure?"

After Chen Feng's smiley expression fell into Lei Xinglan's eyes, he suddenly felt a sense of trepidation.

It seems that I missed something!

It seems that the enemy in front of you has extremely terrifying strength, so that you can't match it!

This feeling immediately made Lei Xinglan annoyed, and roared crazy in his heart: "How could I feel this way?"

"Why? Why should he make me afraid! Why should I be afraid of him?"

"My thunder and lightning are invincible, I can cleave him into coke alive!"

This kind of emotion made him furious, and he also yelled crazy, staring at Chen Feng and screaming: "I'm going to use magical electricity to deal with you! What's wrong! My thunder and lightning can chop you into coke!"

Seeing the thickness of the bucket, the huge distortion, and the lightning filled with violent blue plasma, Chen Feng chuckled and shook his head, not caring.

He is least afraid of lightning attacks.

Even Chen Feng was unwilling to defuse this lightning attack by himself.

Because, in his opinion, it is a waste.

It just so happens that Chen Feng has one thing that needs lightning!

In the next moment, the thunder and lightning had already fallen on top of Chen Feng's head.

Lei Xinglan smiled sternly.

But Mu Jianhong screamed, closing his eyes, and didn't even dare to look again.

In the eyes of both of them, Chen Feng could not be spared anyway this time.

However, at this moment, a small gem suddenly appeared in Chen Feng's right hand.

This spar, the size of a palm, is shining and shining, and inside, there is a drop of thunder blood!

The incomplete blood of a powerful monster with a lightning attribute!

Although it is incomplete, there is infinite thunder and lightning in it.

It seems that it is full of unparalleled fierce power!

It was the Thunder Essence and Blood Crystal that Chen Feng got that day.

As soon as this Thunder Essence Crystal was taken out, Lei Xinglan's eyes widened.

It turned out that he felt that in this brilliant gem, there was a powerful force that came from the same source as himself!

It's just that the purity of this power, the high level, is how many times stronger than I don't know!

In the next moment, Chen Feng lifted this Thunder Essence Crystal!

At this time, the huge lightning, thick as a bucket and full of blue plasma, had already reached Chen Feng's head.

However, after feeling this thunder blood crystal, this huge lightning suddenly stopped for a while, as if there was a sense of wisdom.

The next moment, in it, there was an emotion called joy.

It seems to be extremely happy!

In that joy, there was awe and surrender.

At the next moment, it directly changed its direction and surged toward the thunder blood crystal.

In another instant, a scene that shocked Lei Xinglan appeared:

The thunder and lightning slashed fiercely on the thunder blood crystal, but this gem was safe and sound.

And this lightning disappeared!

That's it, disappeared!

Very powerful, powerful lightning that would have turned a radius of hundreds of meters into a piece of scorched earth, that's it!

Lei Xinglan was full of disbelief, and exclaimed: "This, how is this possible?"

"Nothing is impossible."

Chen Feng smiled slightly and his eyes fell on the crystal.

At this time, with the influx of that tyrannical thunder and lightning, that drop of incomplete thunder blood inside seemed to be activated.

In the essence and blood, there is a subtle but incomparable thunder force rushing out, seeming to condense some pattern.

However, because the power is still too weak to be activated, it cannot be condensed.

Chen Feng smiled slightly: "Since I learned about the strangeness of this incomplete essence and blood at Xuanyuan Xiaoyue that day, I have deliberately deliberately wanted him to absorb some of the power of thunder and lightning in order to wake him up."

"Unexpectedly, today, here, by chance, it was a coincidence that brought him back to life."

Chen Feng shook the spar in his hand, looked at Lei Xinglan, smiled and said, "You plan to chop me into coke like this?"

"Are you tickling me? It's not as powerful as tickling!"

After all, a chuckle.

Seeing this scene, Mu Jianhong was stunned.

She covered her mouth, looked at Chen Feng in disbelief, and then at Lei Xinglan.

But Chen Feng's words, like a slap in the face, slapped Lei Xinglan's face fiercely.

He just uttered a big story to use this bolt of lightning to directly smash Chen Feng to death, but he did not expect it to be easily resolved by Chen Feng.

She had a savage face and screamed: "This is impossible! I don't believe it!"

After all, let out a crazy roar, shaking his hands one after another!

Suddenly, above the sky, among the thunderclouds, dozens of lightning bolts fell fiercely!

One after another, the thunder snake danced wildly, and the plasma shot in all directions, just like the thunder **** of the doomsday, it was frightening!

And Chen Feng smiled and raised the thunder blood crystal.

Suddenly, all of these thunders were absorbed by the thunder blood crystals, silently, without arousing any movement.

And among the thunder blood crystals, there have been countless tiny blue lightning,

Even that drop of incomplete Thunder Essence began to pulsate slowly.

In the thunder blood crystal, except for that drop of blood, the rest was blank.

And now, the blank space is already one-third full, and it has turned into a blue color, as if there are countless electric thunder snakes dancing in it.

Moreover, the lightning inside was actually a faint shadow condensed into a lofty cliff!

Lei Xinglan was already dumbfounded, standing there blankly, unable to say a word.

Mu Jianhong looked at Chen Feng with a stunned face, and his face was full of shock.

Chen Feng didn't even do anything, just stood in place lightly, and resolved all Lei Xinglan's offensive!

The two reached a verdict!

Chen Feng shrugged, sighed, and looked at Lei Xinglan and said: "I told you earlier, don't use thunder and lightning to deal with me, you don't listen, do you regret it now?"

Chen Feng looked helpless.

And his helpless expression fell in Lei Xinglan's eyes, and it almost made him vomit blood.

Chen Feng's expression of understatement seemed to be a little good for him, and it almost broke his spirit!

This means that the tyrannical killer move that he used his best to play is a sure-fire blow in his own eyes, and it is a joke in the eyes of the opponent!

[Chapter 3729: are you kidding me?](#)

But then, this emotion turned into a touch of anger and shame!

He stared at Chen Feng and screamed: "You bastard, don't you just rely on a magic weapon to absorb my lightning?"

"Don't rely on this magic weapon to absorb all my lightning as your own?"

"After going to this magic weapon, you are a trash!"

"You are still far inferior to me, and you are still not my opponent!"

"You just rely on a magic weapon!"

He screamed frantically, at this time the confidence in his heart had been broken, and his emotions were almost broken.

He urgently needs to find an excuse for himself, find a reason!

He suddenly stared at Chen Feng and yelled furiously: "You, dare you not use that magic weapon? Do you dare to fight me fairly without that magic weapon?"

If other warriors were here, they would laugh out loud when they heard this sentence!

joke!

The strength of the martial artist is composed of its own, magic weapons, weapons, and various things!

Chen Feng has a magic weapon, that is his ability, why should he not use it?

Why is Lei Xinglan taking such a big advantage?

At the side, Mu Jianhong was dumbfounded when he heard these words: "How shameless it is to say such a thing!"

Then, he touched his face with his hands, lowered his head, and didn't even dare to look at Chen Feng.

At this moment, she felt that it was a shame to know Lei Xinglan!

At this time, Chen Feng was taken aback for a moment, and then he laughed.

He laughed backwards, he just laughed, but couldn't say a word.

Lei Xinglan stood there, his face pale.

He naturally knew why Chen Feng laughed, but in fact, when he said this, he knew that his words were simply ridiculous!

Chen Feng finally stopped laughing and looked at Lei Xinglan and said, "Are you kidding me?"

"Let me give up my magic weapon to fight you? Why is your face so big?"

"Why? Why should I give you this face?"

"Isn't the magic weapon part of the strength?"

Lei Xinglan was blocked by Chen Feng and couldn't say a word, but his face was blue and red, which was extremely ugly.

Obviously, what he said just now made him lose face.

In addition, he had nothing to do with Chen Feng before, and he slapped him on his face like a big eared photon!

He knew in his heart that he was already ashamed!

He felt the anger in his heart, the shame, and crazily crashing, as if he needed a channel to get out!

At this moment, he caught a glimpse of Mu Jianhong next to him.

I caught a glimpse of her reaction.

Suddenly, with a gloomy face, he strode forward.

One was pulling Mu Jianhong's hair, and one slapped her face fiercely!

With great effort this time, he directly tilted the head of Mu Jianhong Fan, and immediately, a mouthful of blood came out!

And a huge red palm print appeared on her face.

Mu Jianhong was stupid, standing here blankly.

At this time, Lei Xinglan grabbed her hair again and slapped her face severely!

Mu Jianhong was stunned, covering his face.

She stared at Lei Xinglan blankly, and then the next moment, her eyes seemed to be burning like flames!

In an instant, the angry and fierce murderous intent suddenly burned!

The dull dullness on her face had disappeared, and she was angered to the extreme!

However, it was only a moment.

When she saw the disdain on Lei Xinglan's face and the threatening expression, her whole body trembled.

The anger in the eyes disappeared all at once, and became numb again, like a walking dead.

"Little bitch, do you dare to look at me with such a look?"

"Believe it or not, I only need one sentence to completely destroy you and your family!"

Lei Xinglan threatened viciously.

Mu Jianhong shivered violently, closing his eyes, his face full of pain.

She endured it!

In fact, Chen Feng's previous guess was good. Mu Jianhong entered the barren ancient ruins this time with Lei Xinglan, and it can be said that he relied on the power of Lei Xinglan.

It turned out that not long ago, a very declining family that had been suppressed by the Mu Family because of long-cherished hopes that year had suddenly risen like a comet.

In a short period of time, his strength rapidly expanded, and Mu Family was overwhelmed.

Moreover, the patriarch of that family has already released words to razing the Mu family to the ground within half a year!

In fact, this family already has the strength to razing the Mu Family to the ground.

The reason they didn't do this was just because they wanted the Mu family to suffer more.

It's like a cat catching a mouse. It doesn't rush to kill it, but to play with it to make it suffer, and then kill it.

The Mu Family may be destroyed at any time.

And Mu Jianhong, as the most talented person in the Mu family, the responsibility of rejuvenating the family rests on him.

This ray of vitality fell on Mu Jianhong's body.

The Mu Family spent a great price and finally caught up with the Lei Family line, and then let Mu Jianhong follow Lei Xinglan, the young master of the Lei Family, to the deserted ancient ruins.

I hope she will have adventures in the deserted ancient ruins, make great progress, or meet some powerful people, so that the family will not be destroyed.

It can be said that the hope of the entire Mu Family is all tied to Mu Jianhong.

And all the hope of Mu Jianhong fell on Lei Xinglan.

Therefore, she can't bear it, she can't bear it.

Seeing Mu Jianhong's expression, Lei Xinglan laughed triumphantly, tugging her hair and cursing, as if to vent all the anger he received from Chen Feng just now!

And at this time, suddenly, a cold voice came from behind him: "If you move him with any hand, I will break your hand!"

After hearing this voice, Mu Jianhong and Lei Xinglan, both of them stagnated, and at the same time turned to look at Chen Feng.

Chen Feng looked at Lei Xinglan and said lightly: "Mu Jianhong once offended me a lot. I have no good feelings about Mu Jianhong and the Mu family behind her."

"However, since Mu Jianhong had a marriage contract with Chen Feng, I, Chen Feng, can dispose of her at will, but if someone else dares to touch her!"

"So!"

Chen Feng stared at Lei Xinglan, saying word by word: "Whoever moves her, I will kill someone!"

After Chen Feng said these words, Lei Xinglan instinctively wanted to laugh loudly.

But somehow, when he saw Chen Feng's icy eyes, he couldn't laugh at all. He just shivered, and a deep fear flashed in his eyes.

He felt that Chen Feng was definitely not joking, he could really do what he said!

[Chapter 3730: To deal with you, why use magic weapons?](#)

Behind Chen Feng, Mu Jianhong shook his heart cruelly when he heard what he said.

The softest part of my heart was suddenly touched.

The whole body trembled violently, she was actually covering her face with her hands, and letting out a cry!

Chen Feng's remarks were extremely overbearing, even unreasonable, apparently in revenge for her resignation that day.

But these words fell in Mu Jianhong's ears at this time, but they were extremely sweet.

I just feel that a heart seems to have its support.

Because of Chen Feng's remarks, the overbearing is also full of protection for her!

She only felt that at this moment, Chen Feng's back was like a huge mountain, filling her with the feeling of wanting to rely on.

Chen Feng looked at Lei Xinglan, smiled slightly, and said, "You will pay a heavy price for what you do!"

At this time, Lei Xinglan was actually quite afraid of Chen Feng, but he was still stiff.

Staring at Chen Feng, he said sharply, "Chen Feng, if you have the ability, don't use that magic weapon, I can crush you!"

Chen Feng suddenly smiled.

There was a burst of loud laughter: "If you don't use a treasure, you can't use a treasure!"

After hearing these words, Lei Xinglan was ecstatic.

But the next sentence Chen Feng said made him look extremely ugly at once.

Chen Feng stared at him, saying word by word: "Why do you need a magic weapon to deal with your waste?"

Lei Xinglan said cruelly in his heart: "Chen Feng, you were so irritated by me, haha, you are really an idiot!"

"You don't have this magic weapon, I see what you can do with me! I can kill you easily!"

Chen Feng collected the thunder blood crystal and looked at Lei Xinglan.

He clenched his fists, his whole body rang out, and said lightly, "I haven't been active for a while, but someone came for me to practice."

The next moment, his figure flashed, and he rushed directly towards Lei Xinglan!

Lei Xinglan let out a frantic roar, above his head, his Leiyun Martial Spirit was spinning frantically.

Among the martial arts, a huge thunder and lightning of ninety-nine buckets of thickness suddenly appeared!

The power of this trick is ninety-nine times the power of the one he just issued!

It is also the strongest move he can play!

Ninety-nine thunder and lightning, condensed into a huge lightning giant net, slashed at Chen Feng fiercely!

Almost has the power to destroy the world!

The power of this trick is already close to the power of the four-star Wudi level!

He screamed frantically: "Chen Feng, without that magic weapon, you will definitely be smashed by my trick!"

Chen Feng laughed loudly, without stopping, he rushed directly into this giant lightning net!

Then, a punch came out!

Just a punch, behind Chen Feng, twelve golden dragons phantom suddenly flashed.

The roar of the golden dragon resounded throughout the world!

Chen Feng's punch violently collided with the giant lightning net!

boom!

With a loud noise, the giant thunder and lightning net was directly broken into pieces!

And Chen Feng's figure kept coming straight to Lei Xinglan!

The punch just now was not exhausted, and it hit Lei Xinglan's body again!

Lei Xinglan let out a miserable scream, an emerald green light flickered on his chest!

A cracking sound rang out. Obviously, one of his protective treasures has been abandoned.

But he was beaten and flew hundreds of meters away, hitting the nearby mountain wall heavily, sliding down, and vomiting blood again and again.

Has been seriously injured!

Punch!

Chen Feng only used one punch, and he was seriously injured!

And if it wasn't for the magic weapon on him to block this blow for him, then Chen Feng's punch just now could have directly killed him!

Dead!

A dead silence!

Mu Jianhong and Lei Xinglan were both stunned, looking at Chen Feng in disbelief.

Lei Xinglan yelled in disbelief: "You, you, you just punched..."

Chen Feng shook his fist, smiled and said, "Lei Xinglan, I just said, why use a magic weapon to deal with your trash?"

Lei Xinglan trembled violently as if struck by lightning, and he was stupid there.

A voice in his heart yelled frantically: "It turns out that I am the one who is really ridiculous!"

"It turns out that the real idiot is me!"

"It turns out that even if Chen Feng doesn't use that magic weapon, he can easily defeat me!"

"Lei Xinglan, Lei Xinglan, you are an out-and-out idiot!"

"How could Chen Feng be so stupid? He is just playing with you!"

Thinking of this, Lei Xinglan let out a wow, a mouthful of blood spurted out, his stature was shaky, and he fell directly to the ground.

Only then did he realize that both his strength and the city mansion had been completely crushed by Chen Feng, easily!

In front of Chen Feng, he is simply a waste!

At this time, Mu Jianhong looked at Chen Feng, the little thing in his heart just now was disapproving, it has completely disappeared, replaced by only shock!

"how is this possible?"

She looked at Chen Feng with a look in her eyes as if she was looking at a demon, and a stormy sea was set off in her heart: "How is it possible? How could Chen Feng's strength become so terrifying?"

"I haven't seen him in just a few months, his strength can easily crush the four-star Martial Emperor Lei Xinglan?"

"With just one punch, Lei Xinglan is already so miserable. Doesn't this mean that even the four-star Martial Emperor is like an ant in front of him!"

Here Mu Jianhong was still immersed in shock, and at this moment, Chen Feng looked at Lei Xinglan, his smile gradually dissipated, turning into a touch of coldness.

"You think you are very strong, don't you? You think I am a two-star martial emperor, and I am not your opponent at all, right? You think you can easily crush me, right?"

"You think you can mock me at will, right?"

"You see my disdain for you as a sign of my weakness, right?"

Chen Feng asked these words in a series, then suddenly smiled, looked at him, and said softly: "Now tell me, who is the joke?"

His voice was unusually flat, extremely slow, and seemed to contain no smoke.

But falling into Lei Xinglan's ears made him shiver hard!

The terrifying murderous intent behind Chen Feng's voice already shocked his heart!

Looking at Chen Feng, there was a deep sense of despair and fear in his eyes.

Suddenly, he fell to his knees and watched Chen Feng shouting sternly: "I am a trash, I am a trash, I am a joke!"

"Please, Chen Feng, don't kill me, I am a joke!"

"You spare me!"

Chen Feng slowly walked up to him and looked down at him.

He didn't say a word, but the pressure almost suffocated Lei Xinglan.
