

Peerless 3741

[Chapter 3741: Smelt!](#)

And the most dense is the space in front of Chen Feng, the most central position of that seemingly vast space.

The colors there are getting thicker and brighter.

Even the gold surrounding it was absorbed, and the silhouette of a human figure was gradually revealed.

Finally, after not knowing how long it took, Chen Feng felt a shock in his mind.

The outline became clearer in an instant.

This is actually the phantom of a King Kong Arhat!

But it's just a phantom, just an outline, it's probably able to see the hands, feet, torso and skull, and even the clothes on the body are not clear.

Not to mention the facial features.

But even such a phantom gave Chen Feng an extremely shocking feeling.

Because this King Kong Arhat phantom is really too big.

The height of the virtual shadow of the King Kong Arhat has reached a million meters, and it is just like a mountain!

Indomitable!

Chen Feng suddenly thought of this word.

He felt that apart from this word, there seemed to be no better word to describe this King Kong Arhat!

This shocking feeling comes from the huge extreme above it, and the strong sense of force that is like the sky will be suppressed.

Then, the next moment, Chen Feng suddenly saw that the phantom of the King Kong Arhat waved his hand.

As a result, a total of twelve golden dragon phantoms appeared in the sky.

Chen Feng knew that every golden dragon phantom represented a billion catties of power.

In the next moment, this King Kong Arhat phantom waved his hand gently.

Suddenly, four giant dragon ghosts rushed towards Chen Feng and slammed into Chen Feng.

This giant dragon is huge, and the impact is extremely shocking.

If it is an ordinary warrior, I am afraid that instinct will be scared back.

However, Chen Feng only smiled, but his heart was full of expectations.

Sure enough, the next moment, these four golden dragon phantoms slammed into Chen Feng's body fiercely.

Chen Feng suddenly felt a violent tremor all over.

And after these four golden dragon phantoms entered his body, Chen Feng felt that it was as if the four sky above the sky, in the universe, the inverted Tianhe, poured into his mind fiercely!

The four powerful and extremely powerful forces appeared in Chen Feng's body instantly, rushing wildly.

Chen Feng was caught off guard, and even snorted!

Suddenly, he straightened his body, raised his head, shaking violently all over!

The heart-piercing pain, the pain that seemed to tear every inch of his body apart, made Chen Feng a little intolerable for a while, almost screaming loudly!

However, Chen Feng still gritted his teeth and held back!

Chen Feng felt that this huge force seemed to explode his body alive!

Every inch of flesh and blood, every big bone, every inch of skin, every meridian, will be torn into countless pieces!

The severe pain spread all over his body in an instant!

At this time, what Chen Feng couldn't see was that his body in reality collapsed, and countless wounds burst forth!

Countless blood spewed out, and Chen Feng instantly became like a blood gourd.

But Chen Feng is Chen Feng after all. He not only gritted his teeth, held his head high, and with that incomparably determined mind, he abruptly endured the pain, and he felt clear in his heart.

The mental method of the Vajra Arhat forging the body and the magic trick flows in the heart.

And with the flow of mind, an inexplicable epiphany suddenly formed in Chen Feng's mind.

Then, Chen Feng's heart was bright.

He led the four warm currents to flow in his body.

This power is different from the power Chen Feng got when he was practicing!

It's not true qi, not martial arts gods, not gods, but real, pure, pure, tyrannical physical power!

A hint of wonder flashed in Chen Feng's heart!

He sighed softly and muttered to himself: "Is this pure physical power? Is it extremely powerful?" *NoVelusB.coM*

This feeling of physical strength made Chen Feng quite fascinated.

Because this kind of power does not belong to others, it is the simplest instinct of mankind!

That is the powerful power brought by the human body!

That is human beings, in that ancient place, when they were just civilized, fighting against the beasts of the heavens and the earth, in this vast world, when they forcibly earned a life, the only power they can rely on!

At that time, there was no exercise method, no martial skills, all you could rely on was this body and these fists!

This power gave Chen Feng a feeling of incomparable obsession.

"This is the true origin of life!"

But at this moment, suddenly, severe pain dragged Chen Feng out of contemplation abruptly.

Chen Feng gave a wry smile: "I don't want to think about this first, but first solve the pain in this body, and first refine these four powers."

Then Chen Feng dispelled these thoughts.

Then, in accordance with the King Kong Arhat Body-building Divine Art, began to carefully exercise and absorb this power.

In fact, it is extremely simple to temper and absorb this force.

Only one step is needed, and that is to disperse this force into the designated position of the body.

The spiritual and profound meanings of the Vajra Arhat forging the Body God Technique flowed continuously in his heart, and Chen Feng also began to gradually guide the four torrents of power like the Tianhe River to flow in his body.

However, Chen Feng was suddenly stunned.

It turned out that at this time, the four golden dragon phantoms, after being slightly guided by him, rushed forward in his body.

They seem to have a very clear purpose, without any hesitation, each rushing towards their own destination.

Chen Feng was stunned.

Then, there was a joy in his heart: "Could it be that this is the mystery of the Vajra Arhat Body-building Divine Art?"

"Without my guidance, can these four golden dragon phantoms absorb themselves?"

Chen Feng immediately began to look inside himself.

Then the next moment, he saw that these four torrents of power were actually rushing directly towards the two arms.

"Why run towards the arm? What are they going to do?"

Soon, Chen Feng saw the four torrents of power coming onto his arm.

And their purpose turned out to be the four big bones on Chen Feng's hands!

They are the first joint of his left thumb, the first joint of his right thumb, the carpal bone of his left wrist, and the carpal bone of his right wrist!

These four big bones!

Then at the next moment, Chen Feng was surprised to see that these four torrents of power as huge as the Tianhe turned into the phantoms of four golden dragons.

Then, every phantom of the golden dragon had spotted one of the big bones and smashed it fiercely.

[Chapter 3742: Diamond glazed bone!](#)

But Chen Feng didn't feel any pain. On the contrary, he felt that the pain in his body just disappeared!

The pain was as if it had finally found a hole and shed it out!

The four big bones suddenly changed from the previous color like beautiful jade to translucent and seemed to disappear.

It seems true and illusion, as if it exists in this world and may disappear at any time.

At the same moment, the pain on Chen Feng's body disappeared without a trace.

The whole person was so comfortable that he almost couldn't help groaning.

The whole body is transparent, with a touch of cold feeling, extremely comfortable.

However, he paid all his attention to these four big bones, because obviously, the reason why the pain will disappear is because the power overflowing in the body has disappeared.

And these four billion catties of power have all entered Chen Feng's four big bones!

"Could it be that these four golden dragon phantoms respectively mean that the four golden dragon phantoms with a strength of one billion catties have actually begun to fuse with my four big bones?"

Chen Feng stared at the four bones that had been integrated in without blinking.

At this time, the four big bones are all that translucent color.

However, Chen Feng clearly saw that above the four big bones, it was like a changing situation, with strong power gathering in them.

Then, these strong powers turned into a little bit of bronze light in it.

And these bronze lights began to solidify, begin to condense, and begin to become pure.

Therefore, the color of Chen Feng's big bones gradually deepened and gradually deepened.

From the translucent color, it gradually turned into a little bit of bronze!

And finally, after I don't know how long, the bronze light suddenly shined!

Even Chen Feng's body was illuminated completely.

At this moment, Chen Feng was suddenly shaken in his mind.

He knew that the condensing of these four big bones had been completed!

Chen Feng's big bones were naturally white, but after he succeeded in forging his body for the first time, he gained golden muscles and jade bones.

The flesh and blood are like golden, and his big bones are like the finest jade.

But now, his big bones have changed again.

No, to be precise, the four big bones have changed!

The four big bones of Chen Feng that were integrated into by the golden dragon phantom had turned into a bronze color at this time!

Thick, heavy, and condensed, it is like the bronze heavenly offerings made in the ancient barbaric period, with the traces of years.

However, the bronze color of Chen Feng's bones is as bright as new with the weight of the years!

At a glance, it is indestructible!

Chen Feng thought to himself.

Then, he focused his attention on the four big bronze bones!

At the next moment, he showed an expression that was unexpected!

Because, Chen Feng felt that these four roots had been completely turned into bronze-colored bones, and each root actually had a strength of one billion catties!

"It's no wonder that the four billion jin of power has disappeared. It turns out that this power has not disappeared, but has been integrated into my four big bones."

Chen Feng was shocked: "I've heard of this method of forging body before."

"The so-called forging is nothing more than forging muscles and bones, forging flesh and blood, forging skin!"

"It's just that this process is an extremely difficult and extremely long process."

"Let's take forging the bones and muscles, the big bones of human beings are the same from the beginning, even the big bones of warriors are not so strong."

"Because the cultivation techniques, internal strength, true qi, divine gang, etc., are cultivated, but they have no obvious function to strengthen the body."

"Maybe they are stronger, but they are not much stronger."

"And if you want to greatly strengthen your muscles and bones and temper your muscles and bones, then you need to disperse this strength little by little and temper it in!"

"This process is like casting a high-quality weapon, requiring countless exercises and a very long time."

"If you want this big bone to have a billion kilograms of power, I am afraid that it will not be possible to achieve it in a few decades or hundreds of years."

"Moreover, I'm afraid that ordinary four-star and five-star Wudi can't do it."

"I, it took less than an hour to make it! Forged such a terrifying big bone!"

"This Vajra Arhat forging body magic art can really only be described by the word terror!"

At this moment, Chen Feng suddenly opened his eyes and stood on the cliff. Then he suddenly yelled and hit forward with both fists.

The next moment, behind Chen Feng, a golden dragon phantom appeared.

However, there are only eight, instead of the previous twelve.

At the same time, Chen Feng suddenly felt his arms hot.

There seemed to be four points in his arms, which suddenly burst open, and Chen Feng instantly felt it. It turned out that these four points were actually his four big bronze bones.

Four billion catties of power rushed into Chen Feng's fist from the four big bones.

With a bang, Chen Feng's punch still has 12 billion jin of power!

Chen Feng tried a few more times, then slowly nodded and clenched his fists.

He whispered softly: "Now, these four billion kilograms of force are the power that I can play with every gesture."

"There is no limit on the number of uses, and there is no threshold."

"As long as I want, I can play these four billion catties."

"Because this already belongs to my body, the strength of my muscles and bones!"

At this time, Chen Feng's mind was shocked, and a piece of information suddenly poured in.

Chen Feng was silent for a long time.

After a while, he sighed softly and whispered to himself: "It turns out that these big bronze bones are named: Diamond Glass Bone!"

"Diamond glaze bone, one piece has a strength of one billion catties!"

"When you reach the peak, all the big bones in your body will be transformed into diamond glazed bones. Each one has a strength of one billion catties!"

"At that time, there will be 206 big bones on the whole body, with a power of 206 billion catties!"

"At this point, it is natural and the achievement is! King Kong Arhat is immortal!"

Chen Feng suddenly shuddered all over his body, and his heart was full of throbbing.

"God! Two thousand and six billion catties of force!"

When Chen Feng thought of this number, his whole body shuddered, and his body trembled slightly, his eyes showed extremely eager and hot light!

Those eyes seemed to be burning!

But soon, Chen Feng left this idea behind.

On top of each big bone, a billion jin of power is smelted, so I don't know how long it will take!

[Chapter 3743: Sirius, I have been waiting for you for a long time!](#)

I'm afraid it's not an exaggeration to describe it as remote.

A smile was drawn at the corner of Chen Feng's mouth, and his heart was clear: "I know, I know the true meaning of this King Kong Arhat forging Divine Art."

"It turns out that this King Kong Arhat Body Forging Magic Technique is extremely difficult to say, but easy to say, but extremely easy."

"Its foundation and essence are extremely simple."

"To put it bluntly, it is to infiltrate these powers throughout the body and strengthen every part of the body."

"Every tendon, every big bone, every muscle."

And the wise and powerful point of this Diamond Arhat Body-building Divine Art is that it does not need to be guided by Chen Feng at all.

Naturally, the power penetrated into Chen Feng's four big bones at an extremely fast speed.

If it is someone else, it is extremely difficult to do this.

It can even be said that there is almost no possibility of doing it. It would only take decades or even hundreds of years for them to put this power into the bones.

Slowly temper and instill little by little to finally complete it.

How could it be like Chen Feng that he smelted these four big bones in just one or two hours?

However, Chen Feng also had a trace of doubt in his mind.

"It seems that my gods cannot be transformed into this physical power, nor can they be used to smelt big bones."

"So, after all my twelve golden dragon phantoms are melted into the big bones, then how can I continue to practice? What kind of power should I absorb?"

Chen Feng's brows wrinkled, and the power required to cultivate this body-building magic art is completely different from the others!

Chen Feng shook his head and suppressed this emotion.

There will be a way in the future.

Theoretically speaking, as long as there is enough power, Chen Feng can even cultivate the Vajra Arhat to the third level of the highest realm within a few days, and he will also make the Vajra Arhat Immortal Body!

"Of course, where can so much power be absorbed?"

Chen Feng gave a wry smile.

This Vajra Arhat Body-building Divine Secret Art is worthy of the ultimate profound meaning of the Dragon-Dragon Arhat scripture, and it is worthy of a powerful technique from outside the sky.

I'm afraid that this body forging technique is one of the best in the entire Dragon Vein Continent!

Unparalleled promotion speed, unparalleled powerful force!

Any exercise method that can achieve one of these two points can become an exercise method above the Wild Grade 4th and 5th grade.

However, the King Kong Arhat Body Forging God Art can do both of these points!

Horror, it's too scary!

Chen Feng sighed slightly, his eyes were clear.

At this time, after this period of cultivation, not only had his realm improved, but his comprehension of the Vajra Arhat Body-building Divine Art was much stronger than before.

"It turns out that this Vajra Arhat body-building magic formula is not just a formula as I thought before, but a set of extremely complete body-building exercises."

"There are three levels!"

"If you practice halfway through the first layer, you can disperse all 12 billion jin of power into your body, smelting twelve large bronze bones."

"Between gestures, swings at will, with every punch and every kick, even without any martial arts techniques at all, it can produce 12 billion catties!"

"And if you use other martial arts techniques, then the power you get is even more terrifying!"

"If it is the first layer of masters, then the strength can even be increased to 24 billion catties, and 24 large bronze bones can be smelted!"

"In other words, it has doubled in 12 billion catties!"

"It's so terrifying, so domineering!"

"And now..."

Chen Feng gave a wry smile: "I just practiced one-fifth of the first layer!"

"And if the third layer is great!"

Chen Feng looked into the distance, and a smile was drawn at the corner of his mouth: "Then, the 206 large bones up and down my whole body will all turn into bronze-colored bones."

"At that time, as soon as I punch out, I will have a power of 206 billion catties!"

"At that time, it will really be able to cast the Immortal Vajra Arhat!"

Chen Feng's heart was surging, looking forward to the moment when the Immortal Vajra Arhat was truly made!

"Even, let alone my third-level training, as long as my first-level training, then I can easily kill the four-star martial emperor with every gesture."

"You can kill the four-star Wudi with just one punch or kick!"

"As for the third level, it is too terrifying to train with that level of strength, I am afraid that by then this Dragon Vein Continent will not be able to tolerate me!"

At this moment, Chen Feng suddenly felt something in his heart and looked far away.

Then he saw a little blue light, rushing towards this side.

The blue light didn't keep advancing in a straight line at an extremely fast speed, but shifted and flashed again and again.

At the same time, an aura of terror was constantly coming from here.

At this time, it was clear that the blue light spot had already seen Chen Feng.

Suddenly, a thick and hoarse voice with an unspeakable domineering voice suddenly sounded: "Little Chen Feng, you didn't expect me to catch up with you so soon, right?"

Chen Feng sighed softly: "Sirius, I have been waiting for you for a long time!"

But at this time, Chen Feng didn't feel any panic.

On the contrary, a smile appeared at the corner of his mouth: "Sirius, you seem to be a little bit late than I expected!"

Chen Feng didn't have any fear at this time, even his eyes seemed to be burning in flames.

That is an emotion called excitement and anticipation!

Yes, Chen Feng was very excited to see him coming!

Chen Feng was actually looking forward to his arrival!

However, although Chen Feng was calm and calm in his heart, he was not surprised at his arrival, and it could even be said that he had waited for a long time, but he would never let himself express this emotion.

On the contrary, Chen Feng showed a touch of panic and fear on his face, even with a look of despair.

And in this expression, there was a strong disbelief, as if he hadn't thought that Sirius could catch up so quickly.

It seemed that he didn't even think that his escape would have no effect at all, and that Sirius would directly overtake him!

His expression at this time is appropriate, like a prey, a prey that is hiding desperately, and thinks that it has escaped, the expression when the hunter caught it!

However, if someone who opposed Chen Feng before, seeing his expression at this time, he would definitely shiver.

Because if Chen Feng looks cold when facing the enemy, it means that he will fight the enemy normally.

No calculations yet.

However, when he showed such an expression, it meant that Chen Feng was already extremely prepared.

[Chapter 3744: The true secret of the four elephants!](#)

Moreover, with powerful calculation ability, the opponent's advantage will be weakened little by little.

Build up your own advantages bit by bit, and then let the other party die incomparably frustrated!

At this moment, the expression on his face was Chen Feng's first step.

Because he wanted to convince Sirius that he was afraid and desperate for him!

Moreover, he thought he was able to escape his pursuit.

This expression meant that Chen Feng didn't think he was an opponent of Sirius at all.

And this is obviously what Sirius thought.

Therefore, Chen Feng's strategy succeeded!

When Sirius saw Chen Feng's expression at this time, a smug smile appeared at the corner of his mouth.

His figure flickered one after another, and soon came not far in front of Chen Feng.

Then, the giant blue wolf stepped on the void, and Sirius let out a sneer of disdain: "Boy, run away! Then run away!"

Chen Feng stared at him, his face full of unwillingness.

The voice became extremely hoarse, and he said in anger, "Sirius, you, how on earth did you find me?"

Seeing Chen Feng's expression and hearing what he said, Sirius was even more proud.

Because in his opinion, Chen Feng's emotions are already on the verge of collapse.

As for himself, he only needs to add more energy to him, then he will be completely crazy!

He sneered and said, "Boy, don't think I can't see it."

"In the process of escaping, you changed seventeen directions and laid out twenty suspicious formations."

"Even, one of them appeared repeatedly in one place, and went elsewhere without leaving any trace."

"I don't know how you did it, but in my opinion, it's a trick of carving insects!"

He laughed: "Chen Feng, Chen Feng, you must think you have escaped my pursuit, right?"

"But it's a pity that this bit of your trick fell in my eyes, and it's not shit."

"I can find your trace easily!"

"You rat can't get away no matter how you run!"

After that, he let out a triumphant laugh.

At this moment, Chen Feng sneered in his heart.

In the process of escaping, he made a lot of suspicion and made a lot of mystery.

But Chen Feng had known for a long time that it was impossible for these things to have any influence on Sirius.

The reason why Chen Feng did this was just to deceive Sirius.

Just to make Sirius think he would think these things were effective.

In fact, Chen Feng has never put these hopes on this thing.

He was just to paralyze Sirius!

However, although he sneered in his heart, there was an expression of disbelief on his face, his stature was shaky, and he took a few steps back.

It seemed that the spirit shocked by the news was about to collapse.

He shouted in disbelief: "How is it possible? I don't believe it! I don't believe how you can do it?"

"I spent so much energy, and the doubts and traps I set up will definitely be able to hide you from it!"

Chen Feng's entire popularity has deteriorated!

Seeing his expression like this, Sirius was even more proud of him, and laughed loudly: "Boy, you don't have to struggle anymore!"

"You can't escape the palm of my hand!"

"For you, I am a supreme being that cannot be resisted at all!"

When Sirius said this, his voice was not high.

In fact, his tone has been declining instead.

Speaking of the end, it was like a soft whisper.

Just like the whisper of the devil, the soft temptation.

His eyes stared at Chen Feng unblinkingly, and suddenly, at this moment, his eyes suddenly burst into light!

At this moment, if you look closely, you can even find that countless vortices appeared in his eyes and pupils!

These small vortexes form a huge vortex again!

It's like the whole sea of the ocean is being stirred up!

That whirlpool, one glance, seems to be able to fall into it!

But after Chen Feng came into contact with this look, he felt his brain buzz, and his entire head was clouded.

It seemed that the emotions were all sluggish for an instant, and the whole body trembled a little, and his eyes were blank.

At this time, he also heard Sirius's triumphant laugh: "Haha, bastard, you have a mental breakdown now!"

"Then, accept my baptism of the Four Elephants' Soul Capture True Technique!"

It turned out that he had already launched an attack silently!

It turned out that at this time he came here with a strong and powerful force, thinking that his arrival had already made Chen Feng extremely frightened, panicked, and frustrated!

This is the first blow to Chen Feng's soul!

The second blow was when he told Chen Feng that all his methods and tricks to escape in front of him were completely useless and extremely ridiculous.

This caused Chen Feng's confidence to suffer a great blow, almost losing confidence in himself.

This is the second blow.

He thought that under these two heavy blows, Chen Feng's line of defense had already collapsed, so he brazenly launched his most expert attack: the Four Elephants Soul Capture Technique!

This four-image soul-catching true tactic is an extremely vicious magical skill of spiritual power.

It was also a technique that Sirius had spent a great price to obtain.

The level is not high, but the Wilderness Grade 4, but Sirius has already practiced it to the extreme!

Therefore, its power is extremely overbearing!

This Four Elephant Soul Capture Real Technique is actually a secret to spy on the opponent.

It is not the secret of the opponent's martial arts, nor the secret of the opponent's strength, but the secret of the opponent's heart, in the deepest part of the soul, in the deepest place in the mind!

This person's practice can really be said to be extremely vicious!

Kill the heart!

Through the secrets analyzed from the enemy, he learned the greatest regret, the greatest regret, and the greatest trauma in his life.

Take this as an opportunity to create illusions directly in the heart of the enemy!

Make him unable to concentrate, lose his mind, and even break down directly!

Even some enemies with fragile spirits will be directly destroyed by this ability and their entire spirit will be transformed into a walking dead puppet, letting Sirius drive them!

If this is the case when facing the enemy, how much strength can be saved?

Sirius is so fierce in the ancient ruins, to a large extent relying on this powerful spiritual martial skill.

I have to say that his practice is indeed extremely powerful.

Even if it is a person who has cultivated to the peak of Emperor Martial Realm, how many have no regrets in his heart? Can there be no regrets in my heart?

As long as there are regrets or defects, they can be perceived by him, taken advantage of by him, and seen by him.

When the time comes, it can expose the other party to flaws, and at the worst, let the other party directly fall into that chaotic fantasy!

[Chapter 3745: This is exactly what I want!](#)

Inextricable!

Mental breakdown!

Win without a fight!

Sirius thought he had already seen Chen Feng's strength.

In his opinion, Chen Feng is sensitive and powerful, but he doesn't know how to use it.

At the same time, the strength is quite strong, with life-saving trump cards, and fierce killer moves.

In his opinion, this is the enemy he is most willing to deal with.

So as soon as he came up, he started directly, and his laughter resounded everywhere: "Chen Feng, do you know?"

"I don't need to do anything at all, I can directly make you howl and go crazy and die in pain and despair!"

He spread his arms, and his tyrannical mental power surged crazily, like a river rushing towards Chen Feng.

In an instant, Chen Feng was wrapped in it.

It has to be said that Sirius's true tactics of the Four Elephant Soul Capture are really powerful.

But unfortunately, he ran into Chen Feng!

In itself, Chen Feng is already

More importantly, Chen Feng is ready!

Facing this scene at this time, Chen Feng was full of panic, but his eyes were as cold as ice and snow.

Not only was there no panic, but a sly light appeared: "Do you want to use it? Do you want to use your powerful ability, the four-image soul-catching technique?"

"Because, this ability itself is what I want you to use!"

"Because, I even look forward to you using this ability on me!"

"The reason why I was so incapable of advancing and retreating just now, the reason why I showed such a flustered emotion just now, the reason why I gave you a feeling of mental breakdown just now is to induce you to use this ability!"

In Chen Feng's eyes, the light flickered, extremely bright!

"This ability of yours can break some of the hardships of the soul, and can break some of the seals of memory!"

"Even, can pry into the secret of my soul!"

"For others, this is of course a catastrophe. They will be spied for secrets, loopholes will be found, and even mental breakdown will occur!"

"But for me, it doesn't work at all!"

"The person who seals my memory, although I don't know who it is, it's powerful, beyond your Sirius's ability to compare!"

"Your Four Elephant Soul Capture Technique, which can break the tiny little shell of its seal, counts as I look down on you, so I won't be in any danger!"

"On the contrary, I also hope that your Four Elephant Soul Concentration Technique will be stronger! It can break a little bit more, and let me take a look at my sealed memory!"

It turned out that Chen Feng surprisingly induced Sirius to make this decision.

In fact, Chen Feng had already known his ability from the information provided by Dead Snake.

That's why he tempted Sirius to make this decision.

In his opinion, this is a once-in-a-lifetime opportunity. After all, it is not easy to find someone with such a strong mental power and at the same time possessing powerful mental power.

Why not take the initiative to help yourself break the seal?

In the process, it would be better if it could counteract Sirius and make Sirius suffer.

Sirius looked at Chen Feng with triumphant eyes.

Because in his opinion, Chen Feng was absolutely unlucky after his own four-image soul-catching tactic was activated.

He will be directly destroyed by his own blow into an idiot, become a walking dead, become his own slave, let himself be driven!

His eyes have even become indifferent, full of condescending overlooking:

"Chen Feng, Chen Feng, how about you even if you are a genius?" **novelusb.com**

"Even if you have a reputation on the Dragon Vein Continent, what about it?"

"In front of me, you will be completely destroyed by one move?"

What Sirius didn't know was that at this moment, a hidden ridicule flashed in Chen Feng's eyes.

"If I don't be so flustered, how can you use this ability?"

"Now you, I must think that my spirit is almost broken, and the resistance of my mind is almost nothing, so you can easily destroy my mind and turn me into your slave with this ability, right!"

At this time, the incomparable, tidal-like mental power had already poured into Chen Feng's spiritual world.

Chen Feng let go of his defenses, not resisting at all, and directly let those mental powers, like needles, plunge in.

He felt a burst of intense pain.

Of course, this scene fell in the eyes of Sirius, it was that Chen Feng faced his own attack and could not fight back.

He was even more proud and laughed arrogantly: "Boy, let me see now, what is in your spiritual world!"

"Wait, I will make you miserable!"

His whole mind sank into the spiritual world.

Chen Feng smiled coldly, and at this time, he also sank into the spiritual world.

Suddenly, Chen Feng frowned.

It turned out that in Chen Feng's mind, an extremely tough golden shield suddenly appeared.

That golden shield is composed entirely of spiritual power, full of vigorous and powerful power.

The power emanating from the golden shield is not exposed, but it is solid and firmly guarding Chen Feng's spiritual world.

As long as it is guarded here, no one can destroy it.

Let alone pry into Chen Feng's memory, even going there is a delusion!

This is exactly what Chen Feng's powerful mental power and the great power that sealed his memory protected his spiritual world.

But Chen Feng doesn't need this now.

With a movement in his heart, the golden shield suddenly dispersed.

Chen Feng took the initiative to give up his defense.

Since the huge golden spiritual shield in Chen Feng's mind appeared quickly, but he took the initiative to evacuate it faster, so Sirius did not even notice the existence of this huge golden shield of spiritual power.

In the next moment, Sirius' four-image soul-catching tactic, the blue-black mental power, was like a dark cloud, violently attacking from the horizon.

In an instant, it was sweeping Chen Feng's mind!

Then, in Chen Feng's spiritual world, the four elephant soul-catching true tactics suddenly turned into dozens of blue ghost giant wolves.

These cyan ghost giant wolves, completely transformed from spiritual power, are running madly forward.

They were ulcerated all over, revealing black teeth, hideous faces, and even that corrosive saliva dripping from the gaps between the teeth.

It looks hideous and ugly!

The ghostly giant wolves transformed by these spiritual powers have unparalleled terrifying lethality to the enemy's spiritual world!

They were biting frantically, and Chen Feng felt a sharp pain coming, and his head almost exploded.

This pain was very strong, but Chen Feng could bear it.

But he didn't look like Shinobu, but screamed while holding his head.

Hearing this scream, Sirius was even more proud, and urged the blue-black mental power giant wolves to bite forward frantically.

[Chapter 3746: The brain is a good thing, but unfortunately you didn't bring it!](#)

And his will, along with this mental power wolf, drove straight into Chen Feng's mind.

And soon, a vast white mist appeared in front of him.

This white mist was so thick that I didn't know what was inside.

It also reveals a solid-like thickness and flexibility.

"What is this?" Sirius wondered in his heart: "I have invaded the spiritual world of so many people, I have never seen a person like this!"

However, it was not a time to hesitate at this time. He didn't put Chen Feng in his eyes at all, and sneered. The mental power giant wolves slammed on it.

However, it crashed.

It turned out that just when the mental power giant wolf was about to hit it, the clouds and mist suddenly separated.

At the next moment, suddenly, the boundless golden light shrouded the sight of Sirius!

Chen Feng's origins are indeed extremely unpredictable.

His origin is not even clear to him, but there is no doubt that it is a few points big, and his talent is extremely high.

So that at this time, Sirius only saw the boundless white golden sunlight!

Then the next moment, a scene that shocked him appeared!

He saw it, saw a huge figure!

That figure was just a glimpse, not so real.

But he still saw this figure standing proudly in the desolate and icy void of the universe, which looked like an eternal silence.

Around his body, entwined with stars.

It's huge and unimaginable.

With one finger, you can crush dozens of planets, and with one foot, you can crush hundreds of worlds!

This huge, bronze-colored huge existence filled his eyes with shocking shock!

And he even saw that a giant dragon was entwined at the tip of the finger of this existence!

A fiery red dragon!

However, in this scene, he just glanced at it, only for a moment.

Because with his strength, he didn't even have the qualification to see this scene.

It is hard to imagine that a dignified five-star martial emperor does not even have the qualifications to see this scene.

In an instant, the bronze figure disappeared, leaving only the fiery red dragon in place.

There are countless huge scales on the dragon, and on each scale, there are countless vortexes.

And in every whirlpool, there is actually a world!

This giant dragon has reached an unimaginable state, even beyond his imagination!

However, this giant dragon is even just that huge bronze existence, with a finger entwined, like a little pet!

The fiery red dragon did nothing, he just watched Sirius all night.

Just took a look with those bright red eyes.

In those eyes, there were countless worlds engraved in circles.

I just used those eyes to look through an unknown number of billions of years, through an unknown distance of hundreds of millions of miles.

As a result, those mental power giant wolves were silently annihilated!

Then, Sirius just felt a thud!

My mental power is exploded, my mind is exploded!

He felt a powerful force swept out, pierced directly into his eyes, pierced into his own practice, pierced into his body!

So the next moment, he suddenly uttered a terrible scream, staggering back.

He stepped back dozens of steps, spurted blood, and opened countless wounds on his body, instantly dyeing him into a blood man.

He sat down on the ground, screamed terribly, and covered his eyes.

When he moved his hand away, his eyes were already bloody. Although he was not blind, he was already severely injured.

At the same time, Chen Feng also felt a buzz in his mind, and the whole person seemed to be confused.

The next moment, when he wakes up again, he is already back to the real world.

It's like being kicked out of the spiritual world.

Chen Feng rubbed his head and felt it carefully, only to find that his seal, the boundless thick fog, was actually as solid as a rock!

At this time, Chen Feng gave a wry smile: "In the depths of my mind, the spiritual seal is so powerful."

"Instead of using Sirius' power to break it open, he was warned by him."

He rubbed his temples, and there was still a sharp pain.

"However, it can be regarded as some gain."

"One, I caught a glimpse of that huge figure."

"Secondly, it is..."

Chen Feng smiled slightly and looked at Sirius: "Sirius was hit hard!"

Chen Feng sneered, with a playful look on his face, looked at Sirius and said with a smile: "Sirius, are you just using this trick?"

"Are you planning to use this to kill me? Are you planning to use this to turn me into a zombie? Become your slave puppet?"

"But it looks like..."

Chen Feng touched his nose.

At this time, Sirius's face was full of blood, looking hideous and terrifying.

Chen Feng smiled and spit out a sentence: "Are you more injured?"

Sirius looked gloomy at this time, staring at Chen Feng without saying a word.

Chen Feng suddenly laughed loudly, pointed at Sirius, and said loudly: "Sirius, Sirius, I was the one who killed the dead snake anyway."

"From him, I knew a little bit about you."

"How is it possible that I don't know how powerful your Four Elephant Soul Capture Technique is? How can I not be wary of anything? How can I just let you hit my soul so casually?"

"Obviously, I am a trap!"

"This is what I asked you to do on purpose!"

Chen Feng laughed loudly: "It's ridiculous, you're still the captain of the Sirius team, you don't even think about this clearly?"

Sirius' face was even more gloomy at this time, his face was blue and red.

Chen Feng's remarks had already lost his face and made him even more upset.

And Chen Feng didn't mean to stop at all, but a more playful expression appeared on his face.

He nodded his head with his finger and said, "The brain is a good thing, but unfortunately, you seem to be in a hurry to go out today, so you didn't bring it!"

This sentence made Sirius completely angry!

He yelled crazy, stared at Chen Feng, and screamed: "Boy, you're looking for death! How dare you taunt me?"

"I swear, I will let you die miserably! I will definitely let you die in pain!"

Chen Feng smiled slightly: "Oh? Really? That's what you said just now?"

"But, look at your ghostly look now, tusk."

His words made Sirius jump into a rage.

In fact, Sirius would not have been so easily angry.

He was also a deep man in the city, but the psychological gap before and after him was too great.

[Chapter 3747: The real power of Wudi Wuxing!](#)

Just now, I thought that Chen Feng could be killed easily.

But I didn't expect that, in the end, he was hit hard, and it was him who was embarrassed.

He has never regarded Chen Feng in his eyes and treated him extremely contemptuously. He was beaten like this by someone who had never looked down upon him. Of course, his psychological trauma and psychological gap were far greater than being beaten like this by a well-matched opponent. child.

And seeing his expression, Chen Feng showed a smile.

In that gaze, there was even a hint of cunning.

This is exactly his purpose.

The power gap between him and Sirius is too great, so he must do everything possible to weaken his opponent, close the huge gap between the two sides, and smooth the gap between the two sides.

It is also a very important method to anger the opponent and make the opponent no longer calm!

The effect may even be better than weakening the opponent in strength.

"How about it, in my spiritual world, isn't it a good experience?"

Chen Feng said again.

He hadn't planned to use this attitude to deal with Sirius.

Because, if you use this attitude to deal with Sirius, then your calm and self-assured attitude, and even leisurely taunting him, naturally means that you actually have a hole card.

If Sirius was an extremely cautious person, he would definitely be able to see clues from his behavior.

But at this time, Chen Feng changed his mind.

He ridiculed, and the mocking was extremely pungent.

Like a slap in the face, he slapped Sirius' face fiercely.

Because at this time, Chen Feng suddenly had an idea: "If I continued to look like I was terrified just now, then Sirius would be suspicious instead!"

"In any case, no matter who it is, a person in desperate situation has encountered such a good thing as the opponent's ship capsized in the gutter, then he will not be indifferent!"

"Furthermore, I can also be considered by Sirius as a heartless city."

Thus, Chen Feng said the above words and mocked Sirius without mercy.

In an instant, Sirius's face flushed.

He has rarely had such a look.

Most of the enemies he faced before were easily destroyed by him, without even a chance to speak.

Let alone make him blush.

But at this time, this Chen Feng made him feel this emotion after a long absence.

His face was flushed, and he felt as if he had been slapped on his face without mercy.

Lost in face, utterly annoyed!

But the next moment, his expression returned to normal, and he sneered: "Chen Feng, Chen Feng, it turns out that you are not only weak in strength, but you are also such a madman with aspirations, so you have no intentions!"

"Hahaha, since that's the case, how can I take you to my heart?"

Chen Feng laughed in his heart.

This reaction of Sirius fell completely in his heart.

Because this is exactly the reaction he wants Sirius to have!

I have to marvel that although Chen Feng's strength is far inferior to Sirius, he is really deep in the city and he is unparalleled.

At this time, completely play Sirius between the palms!

And at this moment, Sirius suddenly moved in his heart: "No, what did I see in Chen Feng's consciousness just now?"

"I saw a figure standing upright!"

"I saw that figure is huge, and I saw that it seems that the planet, the big world, in front of him, are all like a grain of fine sand, insignificant!"

"What a terrifying existence this is!"

His heart suddenly became extremely eager: "I don't know what it is, I don't know what kind of tyrannical existence this is!"

"However, I know that the strength of this existence is already terrifying to an unimaginable degree!"

"And he definitely has a great and deep relationship with Chen Feng."

"Great!"

At this moment, he was ecstatic.

"It turns out that Chen Feng's secrets are not just those before, he still has a deeper secret!"

"I want to capture this kid, I want to torture all his secrets!"

"In the depths of his consciousness, the figure in the depths of his heart, that extremely terrifying existence, if I can penetrate the secret, who else can I be against among the deserted ruins?"

"I am in the Dragon Vein Continent, who else can be against?"

His thoughts were extremely eager, and when he looked at Chen Feng at this time, Jie Jie suddenly laughed strangely: "Chen Feng, Chen Feng, I was not without gain just now."

"Hahaha, I am even more determined now, I must catch you, and I must torture all your secrets!"

"No, it should be my secret!"

In his opinion, Chen Feng's secret is already his own.

Chen Feng stared at Sirius, his eyes flickering: "Just now, his four-image soul-catching tactics wanted to pry into the secrets of my heart. Not only did he fail, he stole the chicken and failed to eclipse the rice, and suffered heavy losses."

"Now, because of this heavy damage, Sirius has lost at least about 20% of its strength, leaving only 80% of its peak period."

"And not only did I have no loss, but because of the impact of his four-image soul-catching tactics, the seal at the bottom of my soul deep in my mind opened up a trace of cracks."

"Instead it is a blessing in disguise!"

Chen Feng didn't have time to think about the scene deep in his mind. The most important thing was to deal with Sirius right now.

Sirius stared at Chen Feng, but he was a little careless.

He is experiencing his own situation.

After this whole observation, his brows suddenly frowned.

He was originally known for his spiritual power, which was extremely powerful, but at this time, that spiritual power was already exhausted.

Because of the backlash of the Four Elephant Soul Capture True Art just now, the mental power in his mind was twisted and twisted, which was not smooth at all.

I felt dizzy and dizzy, and I felt nauseated.

Even he felt that his body had become messy at this time.

He sighed softly: "Because of what I did just now, I lost 20% of my strength, and now only 80% is left!"

"But, so what?"

He gritted his teeth, and a fierce color flashed across his face: "As long as there are only 20% left, I will kill him 10,000 times!"

He suddenly rolled his eyes and said coldly, "Boy, were you very proud of it?"

"Don't worry, soon I will make you cry without crying, I am now!"

His voice suddenly became incomparably vast, as if resounding in the firmament of the universe: "Let you see and see, the true strength of my five-star martial emperor!"

Chen Feng's eyes were also awe-inspiring.

He knew that Sirius was about to use his true strength!

And waiting for oneself is bound to be a thunder blow!

The next moment, Sirius suddenly roared softly.

[Chapter 3748: Wuhun is everything!](#)

Under him, the ghost wolf suddenly disappeared.

Sirius' body slowly floated, and soon came into the air about 100 meters.

He just hovered there vainly, and his limbs were strange and gave people a strong sense of stiffness.

It's as if the whole person has become a metal casting.

His whole body felt stiff like a puppet.

At the next moment, Chen Feng suddenly saw that his eyes had turned white.

It's not that pale, it's not that icy white color, but extremely sharp, extremely cold, extremely sharp, the kind of white that belongs to metal!

In the next instant, above his head, a huge metal giant hand appeared.

This giant metal hand is fifty meters in radius and reflects silvery white light.

Cold and tough, extremely tough!

As for Chen Feng, he clearly felt the aura of the battle body from above.

It turned out that this was the Heavenly Wolf's Divine Origin Battle Body, which was actually like this!

However, Chen Feng was not surprised, the Shenyuan combat body, in various poses, it is not surprising what it looks like.

But there was still a touch of shock in his eyes!

"Sirius's Shenyuan battle body, unexpectedly reached the size of fifty meters, about twice the size of my Tiantian Shenxiang battle body, it is indeed a five-star Wudi, extremely terrifying!"

"His Divine Origin Battle Body should have been promoted to the level of Divine Origin Battle Venerable!"

Sirius laughed triumphantly: "Did you see that, this is my God-Essence Zhan Zun! There are a hundred and twenty divine-element condensed!"

"The power of metal control is unparalleled in the world!"

Chen Feng smiled faintly, but the scene that appeared in the next moment gave him a look of surprise.

It turned out that in the next instant, behind Sirius, a light appeared!

Yes, it's just a piece of light!

This thing feels as if there is no entity, it is a piece of emptiness, splattered, white gold light!

This white-golden light spread out like a peacock's wings, bright and gorgeous.

Above, there is a very cold metal atmosphere.

And Chen Feng clearly felt the unique breath belonging to Wuhun from above.

"This, is this Martial Soul?"

"What kind of spirit is this? Golden light spirit?"

"This is just a piece of light?"

Then, Sirius roared fiercely, and the golden light martial arts soul directly covered his Divine Origin War Venerable.

And with this golden light covering the **** Yuan Zhan Zun, this metal giant hand, God Yuan Zhan Zun, was unexpectedly imposing and doubled!

Its body size has changed from about 50 meters in size to about 100 meters in size!

The momentum has doubled, and its strength has also doubled!

More terrifying than before!

Chen Feng was shocked, and was blankly there: "This? What is going on?"

Chen Feng was shocked: "Could it be your martial soul that just appeared? Can your martial soul be combined with your divine essence combat body?"

"Furthermore, can you increase the strength of your Shenyuan combat body?"

Chen Feng was shocked not by how strong his power was, but by this brand-new way of using power that he had never touched before!

Chen Feng's face was full of consternation.

After stepping into the Emperor Martial Realm, the power of that Martial Soul gradually faded and gradually decreased.

Even many times, Martial Soul is not needed at all.

At this time, the actions of Sirius suddenly moved Chen Feng's heart.

It's as if something wakes up all of a sudden, but it never wakes up.

Although there is not a sudden enlightenment in front of you, the bud has already emerged!

Chen Feng knew that he would definitely be able to awaken that thought.

That thought is like a little seedling under the soil block in spring time.

Although weak and unable to push the huge clod on it for the time being, it will sooner or later break through the ground!

He was thoughtful.

At this time, when he heard what he said, Sirius laughed loudly: "Boy, you are half right."

"However, the biggest mistake is turning the cart before the horse!"

"Do you know that it is not the spirit of my spirit that increases the strength of my spirit, but that of my spirit that can maximize the power of my spirit!"

"Even, my Shen Yuan battle body was created to match the abilities of my spirit!"

"Wuhun is everything to me! It's my root!"

"What? Wuhun is everything that is fundamental?"

When Chen Feng heard this, his heart was shaken.

The next moment, Sirius let out a sneer, his voice full of contempt.

His voice was as hard as a metal impact, harsh on the ears, but what he said made Chen Feng shocked.

"You young people, especially those with strong talents, fast cultivation speed, and strong luck!"

"Along the way, go ahead!"

"There are too many abilities, too many martial arts, too many exercises, too many methods!"

"So that you have overlooked the most important thing of my generation of warriors!"

"That is!"

His voice suddenly rose up and turned into a violent roar: "Wuhun!"

Wuhun!

Hearing these two words, Chen Feng trembled heavily.

At this time, Sirius' layout has been completed, and he thinks he has a chance to win.

In a good mood, he would also like to say a few more words.

In other words, give Chen Feng a few more lessons.

He looked down at Chen Feng, like a cat grabbing a mouse, not eager to kill, but playing there.

For him, it doesn't matter if he delays a little time now. The more he delays, the slower he will watch Chen Feng die, but the more he enjoys it.

"My generation of warriors, Wuhun is the root! Everything else is foreign objects!"

"The spirit of martial arts is the **** of heaven, the sky of eternity, the vastness of the universe, the most precious treasure bestowed by our generation of warriors! The most powerful force!"

"Everything can be unearthed from it! Not fake!"

"If you can temper your martial soul to the extreme and combine it with other abilities a little bit, then you will be invincible!"

"such a pity!"

He looked at Chen Feng and sneered disdainfully: "You young people often ignore this truth."

"Use your energy on other things, but don't care about Wuhun."

"It can be seen that in this way, there is no hope for survival, and there is a way to die!"

After hearing what he said, Chen Feng was stunned.

He stood there blankly, looking at Sirius, but there was only one sentence in his mind, which echoed continuously:

"Wuhun is the biggest treasure house! Wuhun is the treasure that this eternal sky bestows on us! Wuhun is..."

This voice became louder and louder in Chen Feng's mind!

[Chapter 3749: Shattered!](#)

In the end, it almost turned into a huge sound like Huang Zhongda Lu!

It was stuffed in Chen Feng's mind, there was no room for anything else!

At this moment, Chen Feng shivered suddenly, and suddenly his mind was cold and clear, and he was uncomfortable!

Suddenly, there is a lot of unspeakable enlightenment!

At this time, seeing Chen Feng's reaction like this, Sirius couldn't help but be shocked: "This son is really very intelligent, and his talent is incredible."

"I just said a few words, he actually got something?"

His eyes showed extreme jealousy, and he said coldly: "Boy, I just understand this now, it's too late!"

"just now!"

He screamed: "You can go to death!"

The next moment, all of a sudden, the giant metal hand above his head suddenly opened.

And as his giant metal hand opened, Chen Feng suddenly felt that his body was shaking rapidly.

All of a sudden, he was awakened from the enlightenment just now.

Chen Feng felt quite regretful.

He had actually gained quite a bit from the enlightenment just now.

However, think about these later.

The most important thing now is the enemy in front of you.

At the next moment, Chen Feng discovered that it was not his body that was shaking, but the Nine Dragon Swordsman on his body!

"Nine Dragons Swordsmen? How can Nine Dragons Swords tremble?"

Chen Feng was shocked.

He immediately moved his mind to control the Nine Dragon Swordsman, which was connected to his soul.

However, Chen Feng was surprised to find that the Nine Dragon Swordsmen was out of control!

Not only are you out of control, you even lose contact with yourself!

But Chen Feng's horror hadn't passed yet, the next moment, there seemed to be a crisp sound in his ear.

But Chen Feng knew that this sound did not really exist, but directly acted on his mind and on his mental power.

With this snapping sound like silk breaking, Chen Feng trembled heavily.

Because he was shocked to discover that at this moment, the feeling of connecting between himself and Nine Dragon Swordsmen disappeared suddenly!

The next moment, all of a sudden, the Nine Dragon Swordsman suddenly floated, instantly became extremely large in the air, and restored its body.

And the location of the Nine Dragon Swordsmen was between Sirius and Chen Feng.

Even a little bit more towards Sirius!

After Chen Feng saw this scene, he was thoughtful and understood something.

He did not panic, but looked at all this coldly.

It's just that, all over the body, the strength is spreading, and the heavenly idol combat body appears at any time, which is already extremely alert.

At this time, Sirius' giant metal hand was a bit bigger than before.

So, with a bang, the Nine Dragon Swordsmen actually exploded directly.

Then, the two swords in the Nine Dragon Swordsman, a knife and a spear, all appeared, restored their bodies, and lay above the sky.

Xuanhe is extremely dazzling, exuding a hot light.

Seeing this scene, Sirius also raised his brows slightly, and looked at Chen Feng with a look of surprise at the corner of his mouth:

"Unexpectedly, your kid was not built with weapons, but as a result, you have so many magic weapons in your hand."

"More, well..."

He looked at the extremely white dragon spear that day: "This weapon seems to have reached the realm of the second-grade magic weapon, and even I can't see its depth."

"But..."

He looked at Chen Feng and smiled: "Boy, the more magical soldiers you have, the faster you will die!"

Chen Feng was stunned for a moment, some of which didn't understand.

But in the next moment, he knew what Sirius meant.

I saw that in the next moment, the giant metal hand of Sirius, which had been stretched to the extreme, suddenly squeezed!

Suddenly, it clenched into a huge fist shining with metal light!

With his grip, the three swords, including the Dragon Dragon Sword and Nine Dragon Aotian Sword, all trembled slightly.

There were whimpers and buzzes on it, as if suffering great pain.

It's like the cry of human suffering.

There was only the Tianji White Dragon Spear, but it was safe and sound beside him, showing a contemptuous mood, looking at the other three weapons.

And as Sirius' fist clenched tighter and tighter, finally, the trembling of these three swords reached an extreme.

Then, the next moment, bang bang bang, there were three phantoms on these three weapons, which were suddenly squeezed out!

The appearance of these three phantoms is exactly the same as the three swords shrunk dozens of times.

They are not big, but only about one or two meters long, which is really cute.

Obviously these are these three phantoms, and obviously this is the spirit of the three swords such as the Longyang Sword!

Chen Feng clearly heard that above the three spirits, he let out a sigh.

Chen Feng's heart beat fiercely: "These three weapons are ruined!"

At this moment, Chen Feng felt a sharp pain in his heart.

Among the three swords, the Supreme Longyang Sword and the Nine Dragon Aotian Sword have been with him for a long time, like old friends.

But now, it was suddenly destroyed, and the weapon and the weapon were separated.

But Chen Feng knew that he could not be anxious or angry at this time!

Especially, don't move rashly!

The disparity in strength between himself and Sirius is really too great, and only by watching the changes and planning secretly can he have a chance of winning.

The bodies of these three weapons suddenly seemed to have lost their lustrous lives.

The three souls were suspended there, panicked and helpless, as if they had nowhere to go.

And at this time, suddenly, on the extremely white dragon spear that day, there was a great aura.

In this breath, there is also this unspeakable majesty.

After feeling this breath, the three instrument souls floated outwards in fear, as if to avoid them.

But the Tianji White Dragon Spear shook, and the aura that came from it suddenly became stronger, and instantly stunned the three spirits.

As a result, these three instrument souls all flew toward the celestial pole white dragon spear obediently.

Soon, he was submerged in the body of the Tianji White Dragon Spear.

Chen Feng looked dumbfounded: "What's going on?"

A strong greed flashed in Sirius' eyes: "Boy, your spear is really powerful. Not only is it a high-level spear, but the soul inside is also amazing!"

"It can suppress other souls and absorb them!"

"But hehe..."

He licked his lips: "This treasure will soon be mine!"

After all, a move.

Suddenly, the bodies of those three weapons all flew towards Sirius.

In an instant, he came to the top of Sirius' head.

Then, above Sirius' head, a finger was bent on the metal fist.

As the finger bent, the three weapons slammed together.

Then, it was all ruined!

The three weapons were destroyed in an instant, leaving only the powerful and rare metals.

[Chapter 3750: Going desperately?](#)

These three swords were squeezed together, and above the sky, it was like a big hand rubbing them, and in a blink of an eye, they were actually squeezed into a ball.

In the sky, a huge silver-white sphere with a diameter of more than 100 meters formed.

The appearance of these three swords can still be seen vaguely inside.

Then, in the next moment, Sirius smiled coldly, and suddenly his right index finger pointed at Chen Feng.

Suddenly, among the huge spheres, a big piece was separated with a sigh.

It turned into a huge metal spear with a length of about 100 meters and a diameter of one meter, and then slammed it towards Chen Feng!

The sound of breaking through the sky is extremely harsh, just like tearing the sky apart, extremely tyrannical!

The power of this blow actually reached the level of a four-star Wudi!

Seeing this scene, Chen Feng sighed lightly, his face was amazed.

And in that astonishment, there was a trace of understanding:

"It turns out that this is the ability of Sirius: Metal Control!"

"Powerful metal control!"

"So that, all three of my weapons that surpass the rank of the Ninth Stage Emperor's soldiers can be controlled by him, kneaded into raw materials, and then turned into giant metal spears, attacking me!"

"And the most terrifying thing is the bonus of his martial soul and his god-based warlord."

"If the battle body of the gods is in the first form, and the battle master of the gods is in the second form, now after the bonuses, it has even become the third form!"

"And mine is still in the first form!"

"At this time, this giant metal hand, I'm afraid it has been solidified from the equivalent of more than one hundred and fifty gods!"

Chen Feng didn't have time to think about it, because a bigger crisis, a crisis of life, had already come to him.

As the first metal spear shot at him fiercely, the next giant metal hand snapped its fingers one after another.

And every time he flicked his finger, in the huge ball above the sky, a huge metal spear was separated and shot fiercely towards Chen Feng.

Suddenly, the sky was full of silver light, and the sound of screaming and breaking through the sky continued to sound!

That offensive, extremely tyrannical, gave Chen Feng a feeling that he could not resist at all!

In fact, he also knows that this trick is hard to resist!

In other words, if you resist, you will have to pay a great price!

However, Chen Feng still stood proudly in the local area and did not evade!

In his eyes, there was a flame burning, without the slightest fear, but full of expectations!

"Come on, I know your trick, very strong!"

"Let me see how powerful it is!"

"Let me see if I can kill Chen Feng directly in seconds!"

"As long as you can't kill me, it will only make me stronger!"

The next moment, Chen Feng roared, and the strength of the dragon and Arhat inside his body surged.

At the same time, behind him, eight golden dragons appeared suddenly!

Then, Chen Feng slammed forward with a fist!

Above both arms, four large bronze bones uttered a clear and vigorous clank.

This punch combines the strength of 12 billion catties, and it also incorporates the power of the dragon descending Arhat!

With a punch, the world suddenly changed!

In the air, a burst of rapid explosion sounded!

This scene made Sirius a little shocked: "This son is indeed extremely powerful."

He was even more fortunate: "Fortunately, I chose to kill him now, otherwise, I will become a big trouble in the future!"

The next moment, Chen Feng's fist slammed into the metal spear!

There is no imaginary heaven and earth breaking!

On the contrary, the whole process is as if time has frozen.

Just stop there.

Chen Feng stood there, maintaining his punching posture without moving.

The metal spear also hovered in the air.

It was just that suddenly, a little light suddenly lit up on Chen Feng's fist and the tip of the metal spear!

Then, the light spread countless in an instant, and it was blown into a brilliant ball of light.

The next moment, there was a clang, an extremely fierce impact, and it suddenly rang out, shaking the earth!

If there are others around at this time, the eardrum will be shattered directly!

In the sound of this earth-shaking sound, the metal spear slammed, twisted and bent, and fell to the side!

However, Chen Feng let out a muffled hum, and his figure was directly smashed out for several hundred meters.

He staggered, trying to stand still, but he couldn't stand at all.

His feet were firmly rooted on the ground, but they were still moved backwards crazy by that force, so that both feet plowed two deep marks on the ground!

Chen Feng wowed, a mouthful of blood spurted out, his face pale!

Then, another violent squirt of blood, just stopped!

At this time, he was already seriously injured!

After blocking the first metal spear, Chen Feng took a deep breath.

He knew immediately that he was definitely not an opponent, absolutely impossible to be an opponent!

"This attack is equivalent to a four-star Wudi level offensive, equivalent to a four-star Wudi's full blow!"

"And above the sky, there are a total of fifteen such offensives at this time!"

"Not to mention, this is not the strongest strength of Sirius at all!"

"I'm afraid that at this time, he, who is so contemptuous to me, just shows a little bit of strength!"

Now, Chen Feng's goal has also been achieved. He has tested out a hole card of Sirius and knows what his normal attack looks like. This has given him some understanding of Sirius' strength!

The next moment, Sirius sneered, looked at Chen Feng, and said with a disdainful face: "Boy, you are really strong."

"However, in my eyes, it is no different from ants!"

"It's so difficult to pick me up, don't forget that I still have fourteen metal spears here!"

As he said, he laughed wildly!

At the next moment, the fourteen metal spears were all smashed towards Chen Feng!

This is equivalent to that fourteen four-star martial emperor powerhouses have launched a full blow together!

The strength of this Sirius is really terrifying!

This move, whether it is dealing with multiple enemies or one enemy, is a terrifying killer move!

Facing these fourteen metal spears, Chen Feng's eyes seemed to have flames burning!

The next moment, he let out a crazy roar, his eyes were like wild beasts, full of madness and despair.

It's like a beast driven to desperation by hunters!

And seeing Chen Feng's expression, Sirius was even more proud, haha laughed and said: "Little bastard, are you going to work hard now?"

"Unfortunately, you don't even have the capital to work hard!"

Obviously, from Sirius's point of view, Chen Feng was desperate.
