

Peerless 3771

[Chapter 3771: Finally found!](#)

There is war, there is killing, there is reproduction, and so on.

The more Chen Feng looked, the more shocked he became.

This means that the Purgatory Fire God Ant Clan is not an ordinary ancient Ming beast at all.

They have even produced civilization, which can be said to be on par with humans.

At this point, it is much more powerful than those misty birds.

At this time, the shouts of killing were still coming from outside.

Although it was far away, Chen Feng could hear a general idea.

Chen Feng was always sensing, sensing the number of times Sirius outside used the Psionic Storm.

Finally, when Chen Feng stepped onto the last step, he sighed softly and said slowly: "Seven times! Sirius has used Psionic Storm seven times!"

"The first three times, each time was better than the first time, and the fourth time it reached its peak."

"From the screams, from the dense screams, one can perceive that he killed more than fifty purgatory fire ants at least once for the fourth time."

"However, since the fourth time, it has become weaker and weaker."

"On the seventh time just now, only about ten were killed."

"Sirius, Sirius, I guess you are approaching a critical point now! You are almost reaching the limit!"

Chen Feng sneered: "Are you going to show your hole cards?"

"If you don't take it out, you will die here!"

He said leisurely: "Actually, Sirius, do you know?"

"If you have a hole card, that's good."

"In that case, you can contain more purgatory fire ants for me, and even help me a lot."

"But if you don't have a hole card, it doesn't matter."

"You have used your life to open a way for me. I would not have come here calmly without you attracting them."

"Without you, the defensive power in this huge black tower is at least about 80% higher than it is now!"

Chen Feng has already calculated Sirius to the extreme!

Sirius chased him and was brought here by him. Instead, he became the most important part of the defensive power of this place!

From this point of view, it was not that Sirius was chasing and killing him, it was Chen Feng's painstaking effort to lure him over!

It turned out that Chen Feng's calculations turned out to be so terrifying.

Although he was not beside Sirius at this time, even though he had already arrived in the huge black tower, he was still calculating Sirius.

Even, it was clear when Sirius took out his hole cards.

If Sirius knew Chen Feng's thoughts at this time, he would just turn his head and ran away if he wouldn't say a word.

After all, being with such an enemy is really desperate!

Finally, after Chen Feng stepped onto the last step, he was shocked and looked forward!

At this time, he had reached the top of the black tower.

And the top of the huge black tower was not sealed, but there was a small round hole.

At this time, it is the time when the moon is in transit.

A faint moonlight shed from the round hole, shining in the center of the square.

And the center of the square is an altar.

This altar is not big, no more than three feet high, and only three feet in diameter.

However, it gives people a totally natural feeling.

The whole body is a circle.

Round shape is not uncommon, but this one is too round.

It makes people feel, at a glance, as if this circle is perfect.

Because, in fact, any circle, even if it is drawn again, has errors, and it cannot be an absolute circle.

But at this time, this altar gave people the feeling that it was an absolutely perfect circle, and could not pick out any flaws!

This ultimate perfection, this inborn perfection, this miracle of nature's creation, when you look at it, you have a feeling of shaking the soul from the inside out.

The moment Chen Feng saw it, he felt a shock all over.

And what shocked Chen Feng the most was not the altar itself.

It was something floating above the altar at a height of about three feet.

That thing, the whole body was haunted by countless lightning rays.

These lightning rays formed a sphere with a radius of about one foot, and enveloped it.

These thunder and lightning rays are not very intense, and even seem quite mild.

It's not the fierce blue and black, even with a gentle and creamy color.

In the extreme violent thunder and lightning, it contains vigorous vitality and infinite warmth.

But Chen Feng knows very clearly that only this means that the level of these lightning is already high to a terrifying level.

If this thing attacks oneself, I am afraid that oneself will be beaten into coke directly!

Then, Chen Feng moved his eyes to the center of the thunder and lightning sphere.

Suddenly he held his breath.

In the center of the thunder and lightning sphere, there is a palm-sized story floating in the air.

This palm-sized thing is surprisingly a fragment.

And above the fragments, there was a green and golden light.

Chen Feng was very familiar with this light. In the image that Lei Xinglan showed him, wasn't that light flashing on the Thor's hammer in Thor's hand?

Chen Feng's heart stopped almost instantly, and he missed a beat fiercely!

Breathing almost stopped!

"This, this is what I'm looking for, what I dream of, this is the supreme treasure that can make me stand on top of the Dragon Vein Continent and even go to other worlds!"

"The fragments of the fallen Thor's hammer!"

The next moment, Chen Feng's heart was beating wildly.

The whole person almost shuddered, even his state of emptiness was somewhat difficult to maintain.

There was a wave of fluctuations on the surface of the body, almost showing signs.

And at this moment, Chen Feng felt that the intuition that he had always clearly felt existed, staring at him vaguely, suddenly became obvious!

It was as if there was something in the void that was looking for endlessly, and occasionally would look at him.

But now, that thing suddenly showed its fangs!

Staring at him with spiteful eyes!

Chen Feng quickly calmed down, his whole body resembling a stream of autumn water, and then quietly moved aside.

The bitter feeling of being stared at, it dissipated after a while.

Chen Feng took a deep breath: "Sure enough, as I expected, the spiritual power of the purgatory ant queen is terrifying!"

"She turned out to be staring at me!"

"I have done this, she can still vaguely feel my existence?"

"Horror, it's too scary!"

At this time, Chen Feng's mood also stabilized, but he did not rush to take the fragments, but watched carefully by the side.

After a while, there will be gains.

[Chapter 3772: Internal change](#)

Although these thunder and lightning were strong and high enough, Chen Feng did not feel any aggressiveness from above.

Obviously, these lightnings are only emitted from the fragment itself, but they will not prevent people from contacting the fragment.

And Chen Feng knew very clearly why the fragment was so non-aggressive.

"Why doesn't this fragment prevent people from contacting that fragment? It's because..." *NOVELSb.Com*

Chen Feng took a deep breath and slowly exhaled: "There are things more terrifying than these terrifying thunder and lightning!"

"There is an extremely fierce curse on the fragment!"

After observing for almost half an hour, Chen Feng has already figured out everything on the square.

There are no institutions on this square, nor are there any institutions around the altar, there is no danger.

In fact, being able to cross so many purgatory fire ants, across this terrifying ancient underworld beast that is almost a barren ancient ruin that makes people talk about, across the purgatory ant queen, come here, there is no need to do any protection The means too.

Being able to come here has already explained everything.

Now it seems that there is no danger.

But Chen Feng still didn't take the fragment, he still waited leisurely beside him.

Moreover, from time to time, I look down the stairs, as if waiting for someone.

And just as Chen Feng was fighting the Sirius in this desolate ancient ruin, and his life was hanging by a thread, in that Xuanyuan family, an accident had happened quietly.

This is the center of the inner sect of the Xuanyuan family.

A rather huge mountain, the peak is very high.

However, this mountain is different from other peaks. On top of the other peaks, most of them are located from the foot of the mountain to the top of the mountain. There are many pavilions in turn, and there are quite a lot of disciples in the courtyard.

This is not the case above this mountain.

On the hillside, there are no buildings, only a small cottage on the top of the hill.

The Caolu is extremely simple, with earth and stone as the wall and thatch as the top.

Very simple.

It's just that around this grassy cottage, the flowers and trees help to sparse, and the fragrance is surging, but it gives people a quite elegant and quiet feeling.

The layout of the flowers and trees looks messy, but in fact it is quite original.

Obviously, the owner here is also an elegant person.

Before this cottage, there was nothing but a deep pool.

The water is clear, although the water is deep, but the bottom is visible.

At this time, the sun was shining down, and you could see patches of light reflecting off the bottom of the pool.

If you look closely at this piece of light, you will find that it actually originated from the countless broken swords at the bottom of this deep pool!

The bottom of this pool is actually covered with broken swords!

The deep pool has a radius of a thousand meters, and its interrupting sword is actually infinite, almost covering the bottom of the lake, I am afraid there are tens of thousands or even tens of thousands!

With so many broken swords, it is no wonder that under the sun, there will be white spots of light reflected everywhere!

There are so many broken swords here, it can be seen that the master here is not only a good swordsman, but also has a certain temperament and toughness!

I don't know how many years of swordsmanship, there are already so many broken swords!

At this moment, beside this deep pool, above a big rock.

A young man was walking slowly there.

This young man is not tall and his appearance is not good, and he feels very inconspicuous.

However, he was dressed in white and looked upright.

Once you stop there, you will naturally have a masterful attitude.

It feels magnificent and grand!

Although this place is not one of the five core peaks, the one who lives on this peak is not an elder, but just a disciple.

The entire mountain peak can at least be ranked in the top ten in the Xuanyuan family.

And he alone can occupy such a huge mountain, which in itself means that this person is quite extraordinary.

The fact is also true.

This person, among all the disciples of the Xuanyuan family's inner sect, could rank among the top five in strength.

Of course, this is to get rid of the abnormalities of the Xuanyuan family's Inner Sect who entered the deserted ancient ruins.

He still can't compare with those perverts.

After all, some perverted disciples of the Xuanyuan family's Inner Sect who have entered the deserted ancient ruins, even Chen Feng now is no match!

However, even though he is not as good as those, even if he looks at the nine big families, he is quite outstanding.

This person is named Li Anyan.

In fact, Li Anyan still has a relationship with Chen Feng.

On that day, in the underground black market of the Xuanyuan family's inner sect, it was him who bought a piece of snake scale armor.

Suddenly, he sat down on the spot, motionless, his expression silent.

Sitting in this cross, a whole day and night passed.

When he opened his eyes again, there was already a dark feeling in his eyes.

The mentality has been calm to the extreme.

The whole person seems to be integrated with all things in this world.

This is a manifestation of the state of mind that has reached an extreme.

Then, he sighed lightly, then stretched out his hand, and a piece of scale armor appeared in front of him.

A piece of huge scale armor with a radius of several kilometers!

It was Chen Feng's snake scale armor that day!

The scales of the snake are so horizontally above the sky, and he is walking down, looking up, with an indescribable sense of wonder on his face!

He was actually looking at the lines on the scales of the snake!

original. This person bought this snake scale armor, not to smelt any treasure, nor to absorb it, but to comprehend the heaven and earth patterns on the snake scale armor!

It turns out that, like the Teng Snake, a prehistoric species that has lived for tens of millions of years, foreign objects in the world, when they were born, they inherited the power of the world.

It is the great power of the heaven and earth, condensed on its scales.

The lines that are born also contain the supreme and pure truth between heaven and earth.

Profound!

Its preciousness is even better than that of the snake scale armor itself.

Therefore, according to the old legend, there is a cultivation technique on the Dragon Vein Continent, and the level of this technique has even reached the peak of the wild class.

Looking at the entire Dragon Vein Continent, it is at the top.

Even, it can be said that it is the most powerful exercise method ranked first.

And this technique is that ancient power, after observing a giant turtle that was born at the same time as the dragon vein continent, lived the same time as the world, and supported the dragon vein continent with its body, and the lines on the turtle shell !

It can be seen that these gods are really invaluable!

And when the snake scale armor was just taken out, it was also in the Xuanyuan family's Inner Sect, and it was on a mountain about ten thousand miles away.

One person opened his eyes suddenly.

This mountain is somewhat out of place in the entire Xuanyuan family.

[Chapter 3773: Rob](#)

There are many flowers and trees growing on it, but these flowers and trees are all fascinating to the extreme.

The green ones are at their extremes, and the red ones seem to drip out of water.

It feels like extreme overgrowth.

Moreover, among the mountains and forests and trees, from time to time, you can see large colorful poisonous snakes, etc., crawling around.

This person is an old man, not tall, with an unusually big head, and withered hair, and a vicious light gleaming in his triangular eyes.

It turned out that this person was named Sang Xingteng!

He is the strongest person in the entire Xuanyuan Family Inner Sect, except for Xuanyuan Zixi and Xuanyuan Xiaoyue!

Its strength has already reached the five-star Wudi!

Before, Chen Feng and him were at the gate of the main hall.

He was cultivating, but at this moment he suddenly raised his head and his nose twitched twice.

At the next moment, a fascinating color appeared in his eyes: "This, what kind of breath is this?"

"I sensed that this seems to be some kind of aura of a wild relic!"

"Our Xuanyuan family, this thing unexpectedly appeared?"

He did not hesitate at all, his figure flashed, and he left directly.

After a while, he came to the mountain where Li Anyan was, and saw the huge snake scale armor.

After seeing this huge snake scale armor, his eyes lit up and he shouted loudly, "The snake scale armor! This is actually the snake scale armor?"

"Could it be that the scales of the snake that grow on the southern barren wood?"

"That brute is so powerful that someone could kill him? And the snake-scale armor flowed out?"

"God! This is the supreme treasure!"

With that said, he came directly to the side of the snake scale armor, with a face full of drunkenness, and stretched out his hand to stroke the snake scale armor.

Muttered to himself: "That Teng Snake, although terrifying and powerful, it can be regarded as a snake anyway."

"I am the most proficient in snakes and insects."

"If I can get a few more pieces of snake scale armor, it will definitely benefit my cultivation!"

He said loudly while touching.

After a while, he sighed loudly: "It's a pity, it's only one piece! Hateful!"

And his arrival directly interrupted Li Anyan who was meditating here.

Li Anyan finally calmed down and began to comprehend, and if he could get something.

Being interrupted by him in this way, this hard work was completely vanished in an instant.

That enlightenment was all gone all at once.

Suddenly, his heart was extremely angry, his expression cold!

But after seeing that the person who came was Sang Xingteng, he took a deep breath and suppressed his anger.

He recognized Sang Xingteng.

Sang Xingteng is the most notorious person in the Xuanyuan family's inner clan!

This person has a very high level of generation, even higher than Xuanyuan Xiaoyue and Xuanyuan Zixi.

The two of Xuanyuan Xiaoyue, when they saw this Sang Xingteng, they had to call Master Uncle.

His talent itself is not bad, but his temperament is extremely distorted and dark.

Therefore, hundreds of years ago, many terrifying things were done.

As the elder of the Xuanyuan family's inner sect, he was directly sealed in the Dark Abyss for three hundred years as punishment.

And three hundred years later, when he was released, most of his peers had already died.

Xuanyuan Zixi and Xuanyuan Xiaoyue were too embarrassed to take care of them because of their face, so this person became more and more aggressive.

And he was imprisoned in the dark, damp and cold abyss for three hundred years, unable to escape.

The most there are all kinds of venomous snakes and venomous insects. Therefore, in the past three hundred years, he has actually developed a very insidious and strange way of using poison.

It can be said to be without a trace, extremely ingenious, fusion with his martial arts and martial arts, it is even more difficult to resist.

Although his strength was much worse than those of the two nephews, he had reached the middle stage of the Five-Star Martial Emperor.

In addition, his poisonous methods, even Xuanyuan Xiaoyue and Xuanyuan Zixi, dare not say that it is better than him.

He was rampant in this Xuanyuan family, and no one dared to control it.

Fortunately, this person has changed drastically since he was imprisoned for three hundred years.

It seems that for him, that poisonous insect is much more cute than ordinary warriors, so he is not willing to deal with outsiders.

Anyway, as long as he doesn't harm the fellow students, Xuanyuan Zixi and Xuanyuan Xiaoyue will let him go.

However, Li Anyan is very clear about his foul name.

Seeing him at this time, the full of anger suddenly vanished.

Sang Xingteng rolled his eyes strangely, looked at him, and said coldly: "Why, little baby, what do you want to say?"

Li Anyan squeezed a smile on his face, shook his head and said: "Uncle Shi, disciple, disciple has nothing to say."

"That's good."

Sang Xingteng patted the snake-scaled armor miserably, and said with a smile: "This thing is for me, is it okay?"

When Li Anyan heard this, a hesitation appeared on his face.novELUsb.com

He bought this item from Chen Feng at a considerable price.

He is not a person who is good at accumulating money, so the price he paid is almost all his wealth.

Sang Xingteng opened his mouth and asked for it. How could he be willing to give it?

And at this moment of hesitation, Sang Xingteng's face suddenly became gloomy.

There was a fierce light like a snake in the eyes.

Seeing this, Li Anyan trembled all over, and hurriedly said loudly, "Where did the uncle master say?"

"Since Uncle Master likes this thing, just take it."

He has always been an extremely harsh and cruel person, but at this time, facing Sang Xingteng's fierce reputation, he was as docile as a little rabbit.

Sang Xingteng chuckled: "This is the truth!"

"but....."

He suddenly turned his eyes strangely, staring at Li Anyan with a sneer: "You dared to hesitate a little earlier, then the old man has to teach you a lesson."

Hearing his words, Li Anyan's expression suddenly changed, and he quickly drew back.

But suddenly, with a flower in front of him, he felt a pain in his abdomen, a scream, and a big mouthful of blood spurted out.

The figure flew hundreds of meters away and plunged into the deep pool.

In an instant, blood rushed out frantically.

The pool of water near it has been stained with a bright red color.

And in the red, there were even strands of black mist, in the lake water, drilling around like a poisonous snake, looking very insidious.

Obviously, he has been poisoned.

Li Anyan felt severe pain all over his body, numb and itchy, and he let out a scream!

Moreover, the poison caused him to become stiff all over his body, just like the zombie.

The muscular skin on the surface of his body has turned black, as hard as iron.

[Chapter 3774: Crisis that appears quietly](#)

It gives people the feeling that after a while, he will directly become a blue-black zombie!

He looked at Sang Xingteng with anger: "Uncle Master, I have already given it to you, but you still want to do it?"

"I just said the reason, you little baby..."

He grinned and said, "I don't know what to do! If I hadn't promised Xuanyuan Xiaoyue's little baby not to kill our sect, you are a dead person now, so dare to talk nonsense with me here?"

Li Anyan was suffocated at once, dare not say a word.

Sang Xingteng smiled, turned around and left.

Soon, when he was about to return to where he lived, he suddenly rolled his eyes and stared at a certain place, and said coldly, "Get out!"

"Otherwise, I will break the rule and kill you all! Forgive Xuanyuan Xiaoyue for not saying anything!"

His voice fell, and suddenly, two people walked out between the grass and trees on the roadside.

One was dressed in black and looked ordinary.

The other one is dressed in white, extremely handsome.

If it were some of the senior and senior disciples in the Xuanyuan family, they would definitely be able to recognize these two people here.

It turned out that these two people, the black-clothed youth, were the arbitrators of the underground black market in the famous Xuanyuan family.

And the white-clothed youth is the one who created that underground black market with one hand.

Being able to create this underground black market in the Xuanyuan family of Crouching Tiger, Hidden Dragon shows that these two are absolutely extraordinary!

The white-clothed youth was named Qi Xingwen, and the black-clothed youth was named Yuchi Binbai.

And the two of them once wanted to calculate Chen Feng!

However, Chen Feng's strength increased too fast, and their deaths were not fully arranged, and they found that Chen Feng's growth had reached a level that they could not handle at all.

Later, some changes occurred, so I had to give up.

"So it's you two little guys!"

There was a slight joking in Sang Xingteng's voice: "You two are not busy with your underground black market, why are you free to come to my old man?"

Qi Xingwen smiled and said, "Look at what your old man said, knowing that your old man is back, the two of us have always wanted to come and visit."

"It's just that there has been a mess of things and there is no time."

"In this case, first apologize to your old man, Uncle Master."

Both of them bowed their hands.

Sang Xingteng sneered disdainfully, waved his hand and said, "Okay, don't pretend to be here with me."

"What are your tricks, I don't know yet?"

"Whatever comes to visit is nothing more than coming to the door when something happens."

"Go ahead, what's the matter?"

Qi Xingwen smiled and said in a low voice: "Uncle Shi, we know who has more snake scale armors!"

At this moment, Chen Feng was already lying down beside the altar,

Right next to the altar, the fragments of the artifact on the altar were within reach, but he didn't get it.

Lie down here, the whole person is leisurely and leisurely. After idle, he suddenly discovered his mental power and became extremely sensitive at this moment.

Chen Feng raised his eyebrows: "What's the matter?"

The next moment, he sank into his spiritual world.

Chen Feng's spiritual world was originally a faint golden color.

But at this time, he was surprised to find that the color of the periphery of this spiritual world, especially the periphery of the cloud, had changed from the previous pale gold to the current thick gold.

Not only that, but the mental power inside has become much more viscous than before.

If it was said that there was a mist if there was no such thing before, then it is now thick and thick.

"How is this going?"

Chen Feng frowned, his mind drifting forward slowly.

Soon, he came to the thick thick fog.

And soon, Chen Feng discovered why this happened!

He found the reason!

It turned out that at this moment, above the thick fog, there was a small crack in the thick fog that was originally completely flawless.

This fissure is extremely small, not as wide as a fingertip, or even slightly invisible.

However, after all, it exists as a rift.

Therefore, there is also a faint golden light, floating out from the inside.

But wherever the golden light wafts out, and the place close to these golden light, the fog that the spiritual power here becomes thicker.

"That's it."

Chen Feng suddenly realized.

"It turns out that although Sirius' attack did not cause any damage to my spiritual world."

"But before, that extremely terrifying existence hidden in the depths of the clouds and mist took the initiative to withdraw from the defenses, reflecting the scene before, and after all, it loosened the seal."

"Therefore, there is also such a crack in this seal."

"And what's inside the seal seeps out, which greatly enhances my mental power."

After Chen Feng perceives it carefully, his face is even more shocked: "This is only one day, but only one day!"

"My mental power has actually tripled!"

Chen Feng was shocked: "What is the seal in this cloud? How terrifying?"

A smile appeared at the corner of Chen Feng's mouth, and a thought suddenly rose in his heart.

"Before, my mental power was quite strong."

"However, that is only relative to those low-level warriors."

"At that time, when my level was very low, I was considered extremely strong among all the warriors, but later as my strength increased, my mental power did not increase accordingly."

"Therefore, when facing a four-star and five-star Wudi enemy like Sirius, my mental power is not dominant."

"Later, my spiritual training also stopped."

"But now, there is such an opportunity to make my mental power continue to grow!"

"If you count it like this, my mental strength training will soon start again."

Chen Feng roughly estimated: "My mental power was less than one percent of Sirius before."

"But now, it has reached about 3% of his."

"And if I increase it tenfold on the existing basis, then I can restart my mental power training."

"Even so, my mental power is only 30% of Sirius's, but my purity is a hundred times better than him!"

"This spiritual power has penetrated from the seal of this ancient power of unknown origin. How pure is it that Sirius can compare?"

Chen Feng sighed softly, stepped back from the spiritual world, folded his arms behind his head, and stretched lazily.

Lie indecently on the ground, with a slight smile at the corner of his mouth.

[Chapter 3775: Aggrieved!](#)

He suddenly felt. Everything went smoothly, uncomfortably comfortable.

"I have now got that high-level profound fire, and I have also obtained the prescription of that sixth-grade golden core."

"According to Qing Mu and Wu Ling, it is possible to get a pill of 7-Rank Golden Core in the future."

"Now, the time for alchemy will come soon, and the spiritual power of cultivation will slowly return to the right track."

"Everything is so good!"

"However, the most important thing at the moment is of course..."

Chen Feng suddenly sat up straight and looked into the distance: "Now, capture this fallen Thor warhammer fragment!"

At this moment, he suddenly felt a strong wave of power coming from a distance!

"If this force fluctuates...:

With a long gaze, Chen Feng said softly in a dreamlike tone: "Sirius, presumably, you have already used your most powerful ability, and it is your last hole card!"

At the next moment, Chen Feng heard a loud roar from a distance.

This roar is like a billowing thunder that suddenly explodes!

It's like resounding in Chen Feng's ears!

Chen Feng's heart and soul was trembling for a while, and he was about to be shaken out of his current state!

Chen Feng took a deep breath, moving his feet to resist, just to stop this feeling abruptly.

Chen Feng was shocked: "If I were not in this state of nothingness at this time, then even this simple roar would be enough to make me beaten back from this state at this time! "

The corners of his mouth curled up slightly, revealing a smile: "It seems that Sirius, the trump card you opened this time is really powerful!"

"Don't let me down!"

At this time, the outside that Chen Feng could not see had already undergone shocking changes.

Sirius has become completely different from before.

At this time, he was seriously injured, with wounds all over his body.

And his strength, in the battle with these lava flying ants, berserk soldiers, and purgatory fire ants, has been exhausted.

Even less than 10% of the peak period.

At this time, there was blood all over his body, like a blood man.

His whole body was covered with wounds, his face was extremely gray, his body was shaky, his face was pale and scary, which was a symbol of excessive blood loss.

Even, he may fall to the ground at any time.

Using the words embarrassing, it is even beyond description.

It's really crumbling, life hanging by a thread!

And at this time, those lava flying ants, violent war ants, and purgatory fire ants were still attacking him frantically.

They are not proud, nor ridicule.

Even, they did not speak, but occasionally made a few unclear squeaks.

They have no emotional changes. For them, Sirius cannot be killed, and they cannot be angry.

If you can kill Sirius, you won't make them proud.

At this time, they will not ridicule.

They just threw forward silently.

Because killing Sirius is the most important thing in their hearts!

And only in this way, it makes people feel more and more scared!

This kind of indifferent, cold, murderous!

At this time, Sirius fought fiercely in this environment for so long, and finally broke out.

Suddenly, he let out a crazy and violent roar, his eyes were blood red!

Staring at them, he roared harshly: "You beasts!"

"You dogs! You just look for me, right?"

"You are going to kill me, right?"

"No matter how much you die, you will kill me, right?"

"No matter what price you have to pay, you will kill me, right?"

"You beasts!"

"Do you know that your real enemy is not me at all!"

"You fucking..."

When he said this, he suddenly stopped, frustrated and frustrated.

Because he felt that this matter today. My fierce battle here, even the situation I encountered at this time, is completely meaningless!

It could have been different!

And he was not their enemy in the first place!

He even hopes that if these guys are human warriors, then he can at least reason with them.

I can at least talk to them.

At least I can make them realize that what they are doing is meaningless!

"Fuck, the Lord has already run away!"

He felt aggrieved to death, his heart and lungs almost exploded!

He felt that if he died here today, he would be dead and not scornful, he would be alive and dead!

"Why is this? I'm really going to die of anger!"

And what made Sirius the most annoyed was not his own fate now.

But, his mother, myself, really wronged!

He smashed the ground frantically, wishing to vent the evil fire in his heart!

But how do you vent it?

And those purgatory fire **** ants still attacked him as if they hadn't heard.

And right now!

Sirius suddenly changed!

He stood there, motionless, silent!

But at this time, his breath has undergone earth-shaking changes!

If he was violent and full of killing intent before, then he is now full of coldness!

Just like the ice that has been frozen for many years in the abyss of hell, there is also an indescribable evil and viciousness!

The whole person seems to be silent all at once!

Even the power is not released, but all is retracted.

But only in this way, it makes people feel that his aura has become even cooler than before.

He suddenly became extremely restrained, but he felt extremely dangerous.

It's like the poisonous snake drinking and hiding in the grass, coiled up, and may explode a very powerful blow at any time!

If Chen Feng saw it at this time, he would definitely avoid it.

Because, this means that Sirius is about to open one of his hole cards!

However, these Purgatory Fire Ants didn't care about it, they still rushed towards the Sirius.

Silent, but full of cold murderous intent.

But when a lava flying ant, two violent ant soldiers, and more than ten purgatory fire ants arrived next to Sirius, the closed eyes of Sirius suddenly opened!

The next moment, his arms were raised high.

And above his head, the giant metal hand suddenly expanded to its limit!

In the next instant, the Martial Soul covering the giant metal hand actually came off directly!

Suddenly, the giant metal hand was about a hundred meters in size from its previous size, and it was back to its previous size of about fifty meters.

[Chapter 3776: Sirius's trump card!](#)

Although it still possesses the strength and might of Shen Yuan Zhan Zun, it is not the same as the previous martial soul combined with it.

About the power is only equivalent to about one-third of the time when there is a martial soul.

And the next moment, his martial soul, that white gold Po Poran, brilliant light, spilled out.

This light seems to be qualitative and intangible.

Floating in the air, it gives a very soothing feeling.

But in that relief, it brought out a bit of incomparable sharpness like a thorn!

At this time, even his martial soul exuded an emotion called anxiety.

Obviously, Wuhun psychic, he already felt the crisis of his master.

Sirius grinned, his face covered with blood, and looked quite hideous and weird: "I know, Wuhun, you love me!"

"Don't worry, I can do it!"

"I will live on today!"

"Furthermore, I will still achieve my goal, I will find Chen Feng that little bastard, and I can even get into the depths of this ant nest!"

"But, unfortunately, you..."

He murmured: "I want to bear this pain for me!"

The next moment, his heart moved, and immediately, that Martial Soul came directly above his head.

Since his martial spirit is a brilliant light, it is said that he can't see the specific size.

Because its size changes all the time.

This ray of light shining brightly around, and at this time, those purgatory fire **** ants are still endless, and they rush forward.

Above the sky, the metal giant hand God Yuan Zhanzun was still attacking with due diligence.

However, after losing the bonus of Martial Soul, his power suddenly remained only 30% of the original.

There is no way to stop these Purgatory Fire Ants.

Seeing that, at most, it can stop these purgatory fire **** ants for one or two breaths.

"Is it time for one or two breaths? Enough!"

Sirius smiled, and suddenly stretched out his hand, directly into his golden martial arts!

It is as if the essence of the martial soul was caught!

Suddenly, there was an extremely stern cry from above the martial soul.

Then, there was a very strong mood swing!

Amidst the fluctuations, there was fear, pain, anger, incomprehension, and a deep sadness!

I don't seem to know why my master would do this!

Sirius yelled frantically at this time: "I must let you do this!"

"If I don't do this, I will die here today!"

"If I die, you will dissipate too! You can't live either!"

"And if you fall apart, then I can survive, and I still have a way to resurrect you!"

When he said these words, it seemed that he was not trying to convince Wuhun, but to convince himself!

At the beginning, the voice was still a little fluttering, some hesitation, some panic, some guilt!

And the more it comes to the end, the more determined it is!

It seems that I have completely convinced myself!

In the end, his voice turned into an earth-shattering roar: "My martial soul, you can use your body to disintegrate in exchange for my lifeline!"

In the next moment, his hands yanked outwards fiercely!

It's like tearing something alive!

Above that sky, his brilliant golden martial arts spirit suddenly trembled violently!

The next moment, there was a painful and sharp neigh.

In the next instant, this roar disappeared without a trace!

The sky seemed to shake for it!

Then, with a loud bang, that martial soul was directly broken into countless light spots!

These light spots are like the afternoon sun, falling through the gaps in the leaves, and the light spots formed on the ground are changing all the time.

Still coming with the wind, trembling slightly.

These light spots just float in the sky.

The aura of that martial soul has completely disappeared, but even though it has dissipated, its overall aura is countless times larger than just now.

Above every spot of light, there is a very terrifying aura!

It gives people the feeling that if you touch it, you will be torn to pieces by these incomparable metal forces!

At this moment, Sirius was trembling all over, his face pale.

Suddenly it was wow wow wow, a few big mouthfuls of blood spurted out one after another!

Even the pupils are a little dilated!

Obviously, the disintegration of this martial soul, and his active disintegration, caused him great harm.

However, he couldn't manage that much anymore, and screamed coldly and excitedly: "You beasts! I want you to know how terrifying I really are!"

After all, push it with your hand!

A light spot smashed into the giant metal hand.

Suddenly, the giant metal hand trembled violently, his fingers spread out, and he shivered heavily, as if spreading out.

It went from about fifty meters in size to about fifty-five meters.

Next, Sirius pushed out with both hands one after another.

Suddenly, that spot of light was continuously thrown into the giant metal hand one after another.

And with the investment of these spots, the giant metal hand is getting bigger.

At this time, although Chen Feng was in the black tower and couldn't see the outside situation, he could hear clearly.

He also couldn't help but his brow jumped: "Sirius is really ruthless, and even his Martial Spirit was directly abolished and collapsed!"

"But what's the point of how nice you are?"

A mocking smile appeared at the corner of his mouth: "Speaking of which, it is not two words: selfishness!"

"However, the spirit of Sirius is his foundation. It can almost be said that he is the source of all the power of the five-star martial emperor. It is extremely powerful!"

"Now that Wuhun collapses, it means that his trump card is really unimaginable!"

At this time, the giant metal hand that was poured into it by the broken martial soul at this time, swelled crazily.

From the beginning, it was only about fifty meters in size, and it expanded to about a hundred meters in size!

One hundred and fifty meters! Two hundred meters!

In the end, it was fixed at a size of about three hundred meters!

You know, his previous Wuhun, when combined with Shenyuan Zhanzun, was about a hundred meters in size!

But now, it is about 300 meters in radius, which means that the volume of his giant metal hand at this time is already dozens of times larger than before!

At this time, if Chen Feng was here, he would be extremely shocked if he saw this scene!

The giant metal hand before him was already extremely tyrannical, but now that it has become dozens of times larger and its power has become dozens of times larger, how terrifying will it be?

[Chapter 3777: So tyrannical!](#)

Although Chen Feng was blocked by the thick black tower wall and could not see this scene, he could still feel the strong fluctuations in the air.

Chen Feng couldn't help being shaken by it, and there was a touch of shock in his eyes:

"This momentum gives me the feeling that it is far beyond the five-star Wudi, I am afraid it has reached the realm of the six-star Wudi!"

"Sirius's trump card can actually make his strength rise a whole step, surpassing a great realm!"

Chen Feng's eyes were full of expectation: "Sirius, what kind of waves can you make with your trump card?"

At this moment, outside, this giant metal hand covered the sky, giving people an extremely terrifying feeling.

In the next moment, the five fingers of this giant metal hand spread to the extreme.

It's as if a person stretched their fingers!

After stretching to the extreme, at that moment, there was a sudden click, and it was firmly tightened!

This action is full of unparalleled powerful sense of power!

With this violent clenching, with a bang, a loud noise like the earth shaking!

Above the air and in the void, countless black cracks were blown out.

That space was shattered by this loud noise!

Between his fingers, there are countless white rays of light, which burst out frantically.

It was like an extremely powerful force, squeezing out from the palms of the fingers.

And at this time, those Purgatory Fire Ants stopped in place in a panic.

They suddenly stopped their attack.

After all, although these purgatory fire **** ants are very strong, and the weakest have reached the strength of a one-star demon emperor, in fact their wisdom is completely unworthy of such a powerful strength.

Because they are hardly wise, they are just combat weapons.

But at this time, even if the wisdom is as low as them, even if the walking dead are like them, they even made a squeak of anxiety and screamed in fear.

Even, they started to retreat.

Because they felt an incomparably powerful threat on the giant white-gold metal hand that covered the sky and the sun!

That kind of threat, that kind of power, you can tear them to pieces easily!

They were scared, scared, they didn't even dare to attack forward.

At this moment, in the deepest part of the underground of the huge black tower, suddenly there was an extremely strong mental fluctuation!

This mental fluctuation is full of anger and irritability!

In an instant, all these purgatory fire ants were enveloped.

And as soon as this mental fluctuation appeared, all of these purgatory fire ants were like crazy, rushing forward madly, and attacked the cold weather again.

At this moment, Chen Feng also felt that the enveloping body, seeming to be spying on his mental power all the time, also disappeared all at once!

"It really is you!"

"And you should be due to that reason, so your mental power cannot be used for dual purposes now!"

"Staring at me, you can't order those purgatory fire ants."

"So, it just appeared just now, those Purgatory Fire Ants didn't listen to orders, but instinctively stopped this situation!"

"Now, after you forcibly order those purgatory fire ants, you have no time to stare at me!"

These Purgatory Fire Ants relaunched their attack.

Sirius suddenly let out a strange laugh, his figure flashed, and he floated directly on the giant metal hand: "Beast, are you so anxious to die?"

"Okay! I will fulfill you!"

The next moment, the giant metal hand stretched out his five fingers all at once!

He just made a simple move!

On the ground, the carapace of those dead Purgatory Fire Ants suddenly burst open!

This scene has happened countless times.

But this time the coverage area is extremely huge. If the previous coverage area was three kilometers in radius, then the coverage area this time has reached 10,000 meters in radius!

Moreover, if it is said that only one carapace of the three shrouded Purgatory Fire Ants is broken and can absorb a thousand catties of metal, then this time, all Purgatory Fire Ants, all the shells within the enveloped range broken!

The amount of refined metal in each purgatory fire **** ant is three times as much as before!

At this moment, dozens of times the metal was directly refined!

Above that sky, a hundred metal spears were formed at once!

A hundred metal spears, each of them has the power of the Four-Star Emperor Wu with a full blow!

This is already nearly ten times more powerful than the one he used when he killed Chen Feng!

This is his hole card!

This is the ultimate form of the combination of his martial soul and his Shenyuan Zhanzun!

With a flick of five fingers, all of a hundred metal spears suddenly shot forward crazy!

The screams of creak suddenly became denser than ever before!

It's crackling like rain hitting the eaves!

These one hundred spears instantly killed more than one hundred purgatory fire ants!

In an instant, these purgatory fire **** ants, corpses all over the field!

Within thirty miles around Sirius, there is no more alive Purgatory Fire Ant!

No matter it was the Purgatory Fire Ant, the Lava Flying Ant, or the Rage Ant, none of them were spared.

In an instant, a vacuum zone formed between him and these purgatory fire ants.

If it was just now, if there was such a chance to breathe, Sirius would just run away.

But now, he didn't run at all.

On the contrary, he gave out a terrifying, smug laugh!

The giant metal hand flew away at an extremely fast speed, with the goal of the giant black tower!

He unexpectedly wanted to use his own power to attack this huge black tower!

Attack this purgatory fire **** ant tribe with thousands of fire **** ants!

This is the strength of the five-star Wudi!

This is the horror after his invincible hole card is opened!

Wherever the giant metal hand passed, countless rare metals were absorbed and turned into metal spears to slaughter forward.

Sirius has very few offensive methods, only this metal giant hand, and only this metal spear.

Very few and simple, but simple but effective!

The lethality is unimaginable!

All of a sudden, I saw metal spears flying horizontally, wherever they passed, these purgatory fire ants were crushed.

Whether it is the Purgatory Fire Ant, the Lava Flying Ant, or the Berserker Ant, at this time, when the Sirius opened his trump card, it was basically the same to him!

These Purgatory Fire Ants couldn't stop him at all, and were killed frantically by Sirius.

Almost in an instant, Sirius rushed hundreds of miles into the black giant tower within a hundred miles!

[Chapter 3778: Sirius! bring it on!](#)

At this time, the mysterious existence in the black tower obviously felt an extremely huge threat.

As a result, in this huge black tower, there is a torrent of torrents, madly gushing out.

Suddenly, between the Sirius and the black giant tower, it was densely packed, like a thick black-red carpet, filled with countless purgatory fire ants.

Among them, there are a large number of lava flying ants and berserk ants.

Even Chen Feng could feel the tower, trembling slightly from time to time.

Obviously, all the defensive forces in the tower should have been sent out by this mysterious existence to resist Sirius.

Sirius looked at the large swaths of purgatory fire ants in front of him. They were so numerous that they would step on the backs of his companions, forming a high wall in front of him!

Sirius laughed frantically, and the giant metal hand suddenly squeezed!

Suddenly, those black purgatory fire **** ants in front of them lost control directly, and then numerous huge wounds exploded on their bodies.

Those metals flew out directly and fell into the giant metal hand, and they were naturally cut off.

It turned out that Sirius actually peeled off the metal in their bodies directly while they were still alive!

Naturally, it was his life!

Then, the stripped metal turned into metal spears again, killing their companions.

As a result, Sirius still pushed forward frantically.

However, the number of these purgatory fire **** ants is too much!

Can't kill!

Endless in general!

Finally, after swinging out hundreds of metal spears again, the giant metal hand suddenly shook.

It feels like a lot of emptiness suddenly.

Obviously, power is already a great loss.

Sirius looked cold at this moment.

His anger, his murderous intent, had already vented a lot during the killing just now.

Now that I have calmed down, I naturally know how stupid I am doing this now.

He smiled coldly: "Dogs, I am impatient now to play with you again!"

Then, his figure shook, and he fell into the palm of a giant metal hand.

Then, the giant metal hand actually grabbed him directly in the palm of his hand, with five fingers clenched into a fist.

In this way, the fist has formed a closed space.

Sirius was hiding inside, and his fist was like his armor.

The next moment, the metal fist no longer absorbs the force of the metal, but suddenly, the fist moves forward and slams away!

He actually ran into those purgatory fire ants!

Among these purgatory fire ants, the smallest purgatory fire ants are as big as about 500 meters!

In comparison, this metal fist is not that big at all!

However, its hardness is unparalleled, and these purgatory fire **** ants can't compete with him at all!

With a bang, the metal fist slammed a fierce purgatory ant, directly smashing him into powder.

Then, it hit the lava flying ant behind him again, and smashed the lava flying ant directly!

This metal giant fist is actually extremely domineering!

Any purgatory fire ant that stands in his way is directly smashed into powder, without any exception!

So, it was just a moment. It seemed that the moment the giant metal fist smashed out, the sonic boom that tore the air was still ringing in their ears, and these purgatory fire **** ants suddenly discovered that they had been A tunnel was forced out!

This metal giant fist actually smashed them directly, and then slammed them on the black giant tower!

Directly knocked this huge tower out of a big hole and smashed it into it!

At this time, those purgatory fire **** ants were all behind him, full of panic, and didn't know what to do.

In fact, they have no way to deal with this Sirius now.

Among the huge black towers, the terrain is narrow, and it is impossible for them to be able to use them.

And going up one by one, that would undoubtedly be a gift to Sirius.

After entering the black giant tower, the metal giant hand brushed it, disappearing without a trace, and Sirius slowly fell to the ground.

He began to look up, then down again.

In the position leading down, he saw a deep and huge passage like an abyss.

Obviously, this passage is where the Purgatory Fire Ants climbed up!

When he came to the abyss, he glanced down, and suddenly, an extremely large and angry spirit wave spread from below.

It's just that I don't know why, it's just a mental fluctuation, and no offensive will follow.

But it was this mental fluctuation that was enough to shake him!

After perceiving it carefully, his mental power is also very powerful, and he can naturally know something.

A smile appeared at the corner of Sirius' mouth: "Chen Feng will definitely not go down, seeking his own death. He should have fled to the top."

"There is no road above this huge black tower. I see where you can escape!"

The next moment, his figure flashed, and he madly chased in the direction of Chen Feng.

However, he did feel extremely uncomfortable. There were strong mental fluctuations everywhere. These mental fluctuations were like pine resin, which firmly stuck him.

It made him extremely uncomfortable, and his speed was greatly affected.

At this time, Chen Feng was leaning against the altar.

At this time, there were only ten breaths before his invisibility cloak and bile failed.

However, Chen Feng was not at all anxious. Instead, he smiled, looked at the top of the stairs, and whispered: "Sirius, you should be here too!"

"Come on, I'll count it for you!"

"I will prepare a great gift for you!"

"Ten! Nine!"

He actually still counts down here with Xianxin.

But Chen Feng is here, so he can count in his spare time.

"Eight....."

When he slowly spit out the number of 'eight', Chen Feng felt the tremor of the earth.

There seems to be a heavy object approaching here at a very fast speed.

"Seven....."

At this time, the sound of the heavy object approaching disappeared, but there was a sharp breaking through the air.

"Six....."

With a bang, there was the sound of the space being shattered.

A smile was drawn at the corner of Chen Feng's mouth.

Obviously, Sirius found that he wanted to quickly pass this spiral staircase at his own speed. Time was definitely too late, so he should have destroyed it directly and violently.

Because Chen Feng walked by himself, he knew how difficult this section of stairs was.

It is also very clear how long it took him to get here.

[Chapter 3779: It's now!](#)

Even if he was wiping bile and putting on a veil of emptiness, his body was in a state of emptiness, it was still very difficult, let alone Sirius.

"Fives....."

At this time, as Chen Feng had expected, Sirius once again summoned, the huge metal giant hand, clenched into a fist, and wrapped him in it.

Then, he slammed it upward.

Sirius became impatient: "Since you can't move, just destroy it!"

"four....."

At this time, the sound of bang bang bang smashed continuously.

"three....."

Chen Feng clearly heard a voice full of anger and killing from deep underground.

And he knew that this voice did not actually exist. In fact, this voice was more like a wave of mental power, which sounded directly in Chen Feng's spiritual world.

And this voice is very familiar to Chen Feng.

He has just come here and has heard countless times along the way.

It's just that, before, Chen Feng didn't hear it so real and couldn't tell.

But this time, the voice seemed to be ringing in his ears, very clearly.

Therefore, Chen Feng can also distinguish carefully.

But after carefully distinguishing, Chen Feng frowned.

This voice seemed to be male and non-male, female and non-female, and could not even tell the gender.

Moreover, there is no way to tell whether it is old or young.

And when I first listened, I felt that the emotions inside were furious and full of murderous intent.

But when I heard it, I found that the voice seemed to be full of majesty and ruling.

Just like the words! Do whatever you want!

As soon as you say something, it will be turned into a fact!

Chen Feng was shocked: "This, this, speak as you please, do whatever you want, isn't this the power of the legendary god?"

"It only belongs to the gods, the power of taboo!"

"Could it be that the existence that made this sound, that purgatory ant queen, already has some characteristics of a god?"

But Chen Feng has no time to think about this.

Because that bang bang bang, the sound of destruction, is constantly approaching.

Chen Feng slowly exhaled a suffocating breath. At this moment, his heart suddenly calmed down and became extremely quiet.

Finally, the last moment passed!

Chen Feng opened his lips lightly, and slowly spit out a number: "One!"

Just at the moment when he just vomited the number 'one'!

With a snap, the virgin and comfortable veil on Chen Feng's body was directly exploded into countless debris, turned into bright spots of light, and dispersed in the void!

Obviously, this treasure has completely dissipated, and Chen Feng has completely consumed it.

This treasure has an incomparably powerful effect, and even for Chen Feng, it can play a greater role than it is now in certain specific time periods.

However, Chen Feng has no choice at this time!

He can only use it now!

Moreover, Chen Feng is fully convinced that the decision he made at this time must be correct!

As the Qingxu free yarn dissipated, the next moment, the bile of the cyan flying ant king splashed on Chen Feng's body was also suddenly turned into gas and disappeared completely!

As a result, Chen Feng's body shape suddenly changed from Ruo to Ruo Nothing, imaginary and illusory, and became condensed.

Chen Feng suddenly showed his figure and appeared in the air!

So, at this moment, under the ground, the purgatory ant queen of the Purgatory Fire God Ant tribe suddenly felt Chen Feng clearly!

She immediately let out a sharp scream!

This time, Chen Feng clearly felt a deep anger in her roar!

At this time, she was indeed angry to the extreme, even ten times more angry than when Sirius broke in just now!

Because Sirius just broke in!

For the existence of the infinitely respectable powerhouse like the purgatory ant, Sirius breaking in, at least means that he has enough strength!

And Chen Feng?

Chen Feng, this little bug, sneaked in!

Moreover, he was not sure of his existence before, and this realization made the purgatory queen violent to the extreme.

She has a feeling of being played around.

But at this time, Chen Feng had no time to pay attention to his rage!

Because at this moment!

It's now!

At the moment Chen Feng had just revealed his figure, the wolf's figure that day was also put on directly from below!

With a bang, dirt and gravel splash!

This highest point, the floor above this square, was directly cut out a big hole!

Sirius flew out of it!

Seeing him flying out of it, Chen Feng made an action at this time, that is...

He suddenly got up, then stretched out his hand!

Towards the fragments of the fallen Thor's hammer on the altar, grabbed it!

Chen Feng stretched out his hand and grabbed it, and put on an impatient posture!

But if you look closely, you will find that Chen Feng's speed is actually not fast!

Of course, with Chen Feng's skill, even if he is seriously injured at this time, it is easy to get this fragment before Sirius can catch him!

But Chen Feng did not try his best!

Chen Feng just leaned forward and made a grasping motion.

However, only he himself knew that this was an imaginary move he made!

However, in anyone's eyes, that is, Chen Feng is going to catch this fragment at this time!

Just get this fragment!

When Sirius appeared here, the first scene he saw was this scene!

It was Chen Feng who couldn't wait and wanted to get this fragment!

After seeing Chen Feng, Sirius immediately showed a smug smile on his face: "Chen Feng, where do I see you running?"

Then, his pupils shrank, he already saw Chen Feng's action!

To be honest, Sirius didn't know what Chen Feng was going to do, and he didn't know what kind of treasure Chen Feng was going to take.

But, at this time, he is very clear!

Chen Feng, it's definitely not easy!

And before, he had been playing tricks on himself, even tempting himself into this place, attracting the attention of these purgatory fire ants!

And his purpose, of course, is this huge black tower, this altar, and the things above this altar!

"This is Chen Feng's real goal!"

A voice in Sirius's heart firmly remembered: "Since this is Chen Feng's true purpose, then I can't fulfill his wish!"

"This thing must be the supreme treasure, but now it belongs to me, this is mine!"

Sirius leaped forward quickly!

At the same time, a palm was shot remotely and directly blasted on Chen Feng.

Chen Feng let out a scream, was directly beaten out several dozen meters, and landed on the edge of the big hole that Sirius had just flew up.

And Sirius, already came to the side of the altar very fast, and when he stretched out his hand, he took the fragment in his hand!

[Chapter 3780: Congratulations, curse-ridden!](#)

And when he took the fragment into his hand, Chen Feng, who had fallen on the edge of the big pit, let out an unwilling roar!

As if he was about to burst out fire from his eyes, he stretched his hand forward, as if he wanted to hold the fragment in his hand!

But unfortunately, he will never get it!

Chen Feng slammed the ground frantically, shouting violently and desperately: "How can it be? How is it possible?"

"I have planned for so many years, worked hard, and put together such a big game!"

"How is it possible, how is it possible that you will fail in the end?"

"Ah! I don't believe it!"

Chen Feng beat the ground madly, his eyes full of despair and unwillingness!

There are even tears oozing from the corners of the eyes.

But in fact, Chen Feng's heart is full of joy at this time!

Because, he saw that Sirius had already held the fragment firmly in his hand!

A voice in Chen Feng's heart sneered: "Sirius, congratulations, you have been cursed."

Sirius hadn't noticed yet, but at this moment, Chen Feng looked on with cold eyes, but already saw that as the fragment was taken by Sirius, a gleam of gray light also rippled from the fragment.

This obscure and heavy light like a gray stone instantly enveloped Sirius, and then disappeared without a trace.

Obviously, that is the power of the curse that comes with this fragment!

Of course, the expression in his heart at this time, the emotion in his heart, will not show at all.

At this moment, Chen Feng crazily recalled the performance of his enemies after they fell into desperation, imitating their performance, and thumped his chest here.

And this scene fell into the eyes of Sirius, that is, Chen Feng has been desperate to the extreme, and the whole person is about to collapse!

Sirius looked at Chen Feng and laughed, his eyes full of triumph.

The depression and irritability in my heart, the negative emotions that Chen Feng has been playing with and playing between the palms of his hands since today have been wiped out!

At this moment, his heart was full of pride, and he laughed: "Chen Feng, Chen Feng, didn't you expect it?"

"Hahaha, you have planned for so long, spent so much thought, used so many treasures, and you count me among them!"

"As a result, I didn't expect that in the end, it would be cheaper for me, right?"

"Hahaha, you made a wedding dress for me!"

"Hahaha..."

His laughter filled this space.

Chen Feng screamed like a nervous breakdown, but a hint of invisible mockery flashed in his eyes.

At this time, Sirius was not anxious to kill Chen Feng.

He had already seen Chen Feng's strength very clearly. At this time, Chen Feng was already seriously injured and dying. From his point of view, he could not reveal any storm at all.

But now, treasures are important!

He looked down at the fragment of the fallen Thor's hammer in his hand.

Suddenly, his eyes narrowed.

He is also a person who knows the goods, and immediately from this fragment, he feels a huge but majestic atmosphere that seems to come from the ancient wilderness!

At the same time, there is infinite coercion in that breath!

"This thing, I think, is a fragment of an ancient powerful weapon."

"Moreover, his strength is definitely far higher than mine, and we can even say that he is not at the same level at all."

"This thing is definitely a treasure! Haha, all this is worth today!"

Sirius quickly judged the value of this thing.

Suddenly, his face changed.

At this moment, he and Chen Feng felt at the same time that a huge spiritual force suddenly rose!

And came here quickly.

This mental power is huge and indifferent, full of cold killing and majesty.

Obviously, this is the spiritual power of the purgatory queen!

"Is she going to kill? Isn't she in the abyss? She is going to kill now?"

Chen Feng frowned: "No, it stands to reason that she is absolutely impossible to leave the ground at this time."

The speed at which this mental power arrived was so fast that Sirius hadn't even had time to react.

For a sigh, he shook in front of him, and then he saw a figure that suddenly appeared on this square.

To say that it is a figure is actually a bit far-fetched.

Because this is a vortex.

That's right, what appeared in front of Chen Feng and Sirius at this time turned out to be a swirling existence.

The whole body of this swirling existence is a cyan.

Upon closer inspection, both of them were surprised.

It turned out that this cyan color turned out to be a thick spiritual force that has evolved into substance.

These spiritual forces hovered in the air, turning into a whirlpool.

This vortex is layered on top of each other. I don't know how many layers there are. It's like countless concentric circles combined together. It makes people look at it and feel that the eyes seem to be sucked in.

After taking a look, Chen Feng quickly looked away, not daring to look again.

The same is true of Sirius.

This vortex, about two meters in height, revolves around there.

Chen Feng couldn't help but feel shocked when he was watching.

"This mental power is already viscous and close to solid. It can be seen how thick it is!"

At this moment, the cyan vortex speed suddenly picked up, and immediately, that spiritual force flooded the sky, instantly permeating the entire space.

Chen Feng felt that when he was hit by this mental power, he almost vomited blood.

At this moment, the mental power vortex suddenly changed, and it suddenly became erect from the vortex shape.

Then, those concentric circles began to change, and the lines that were transformed into spiritual power began to become distorted, then merged and condensed together.

After a while, it turned into a human form.

Except for the whole body cyan, which is composed of mental power, it is no different from other people.

All facial features and limbs are present, and they are lifelike.

Chen Feng looked at it, and his heart jumped fiercely: "What kind of monster is this?"

"Not only is the mental power extremely huge, but the manipulation of the mental power is also extremely subtle and extremely refined."

Suddenly, Chen Feng suddenly felt clear.

He immediately knew what this thing was.

"Such a huge mental power, overwhelming the sky, and the control is so familiar, such an ability, even a warrior who specializes in spiritual power among humans, will definitely not be able to do it in a few hundred years."

"To achieve this, it requires not only talent, but also years of accumulation and continuous polishing."

"At this time, here, there is only one who can do this, and that is the purgatory queen ant hiding in the depths of the earth!"

"Could it be that this is the purgatory queen?"

Chen Feng stared at the cyan figure, and said suddenly, "No, absolutely impossible!"
