

## Peerless 3781

### [Chapter 3781: Spiritual power clone!](#)

"If the purgatory queen came here, her strength could not be so weak."

Although this mental power is overwhelmingly powerful, in Chen Feng's view, it definitely does not match the identity of the purgatory ant queen.

"not to mention....."

Chen Feng muttered in his heart: "I already knew before I came here that this season is when the purgatory queen ant reproduces."

"All the eggs of the Purgatory Fire Ants were laid by her during this time."

"Reproduction is a top-notch event of their race. She is absolutely impossible to leave the depths of the earth easily."

"Then the truth is about to come out..."

Chen Feng's eyes flashed: "This thing is actually a clone of the purgatory queen!"

To be correct, it is a clone of his mental power.

It turned out that Chen Feng dared to come here for a very important reason, because he had already received news from Lei's family.

That is, from five days ago to ten days later, these fifteen days are the time for the purgatory queen of the purgatory fire \*\*\*\* ant tribe to lay their eggs.

At this time, she would only stay in the deepest part of the abyss, accepting the offerings of these purgatory fire \*\*\*\* ants, but she would never leave there a step.

A step away will make her fail to lay eggs.

The number and quality of spawning are directly related to the prosperity of this group.

This is a big deal, she will never leave.

Not to mention, for this kind of creature, reproduction is written in the deepest part of her soul, but her instinct.

Therefore, Chen Feng has the guts to come here.

And this secret, even in the deserted ancient ruins, few people know.

Because this is the news that Lei's family has spent six generations, spent 547 years, came here twenty-nine times, and lost twenty-eight lives before bringing the family back!

To be honest, Chen Feng would not dare to do such a dangerous move if he did not know the news exactly.

After all, if it is normal that the purgatory queen can appear in real form, then let alone he and Sirius come, even if there are a few more Sirius, it is not the opponent of this purgatory ant.

The strength of this purgatory ant is extremely terrifying.

Even the Lei family didn't know her specific strength.

Just know that her strength will never be weaker than any of the nine strongest forces.

This also means that her strength has already surpassed the rank of Six-Star Martial Emperor!

Six-star Emperor Wu, how terrifying!

At this time, Sirius looked at the spiritual power clone of the purgatory ant, but his face showed a touch of uncertainty.

He can feel the extremely huge and terrifying mental power from the blue figure.

Can also feel that the strength of the opponent is superb!

However, because he didn't know that the purgatory ant could not leave the abyss at this time, he didn't know whether it was a clone of the purgatory ant or the body of the purgatory ant.

After all, few warriors in the deserted ancient ruins have actually seen the body of the purgatory ant queen!

At this moment, the cyan figure slowly spoke.

No, to be precise, she didn't speak, just a voice suddenly sounded in the hearts of Chen Feng and Sirius at the same time.

The spiritual power clone of the purgatory queen is already enough to communicate with spiritual power.

"Two humble humans dare to steal the treasure of my Blackrock tribe!"

"Now, put the treasure back, you two commit suicide, I can order my children and grandchildren to swallow the bodies of you two."

"Let your corpses turn into nutrients to strengthen our Blackrock tribe."

When she said this, her voice was indifferent, without the slightest emotion, let alone any arrogance and pride.

On the contrary, there was a bit of pity and charity in her voice.

It seems that when she said this, she was telling Chen Feng a fact.

After hearing this voice, Chen Feng and Sirius both felt an extremely absurd feeling in their hearts!

"What does she think she is? She actually said such things to me?"

"She actually let me commit suicide? Then let those \*\*\*\* purgatory fire ants swallow it up?"

"Besides, she still thinks this is a reward to me? Why is she? What is she?"

Both of them had such thoughts in their hearts at the same time.

Both of them are extremely proud people, and it is not surprising to have such thoughts.

But the next moment, this thought turned into a bit of chill.

Suddenly, great fear and panic surged in my heart.

"She said this in a very plain tone, without any fluctuations, without bragging. Obviously, she has absolute strength to do this!"

"Obviously, her strength is terrifying to the extreme, I can't match it at all!"

Even at this moment, Chen Feng's heart was full of an urge to obey the purgatory queen's order to commit suicide with a sword.

It seems that only by doing so can we avoid greater pain.

Because, at this moment, he suddenly realized that no matter how hard it is to fight, it is useless!

Today, all are dying!

At this moment, Chen Feng faintly felt that something was wrong, but something was wrong, but it didn't make sense.

Chen Feng only felt that his heart was full of fear, without any fighting spirit.

I almost want to die.

Even, his hand was already slowly patted towards his head, intending to kill his own life!

And at this moment, suddenly, in Chen Feng's mind, a huge golden shield suddenly appeared in that vast spiritual world!

Then, a bright golden light suddenly lit up!

As this brilliant golden light lit up, suddenly, a scream rang from the spiritual world.

A long line, like a black rope and a black poisonous snake, came from the outside world's mental power, and suddenly collapsed with a snap!

Disappeared invisible!

At the same moment, Chen Feng suddenly widened his eyes, shouted, and suddenly stood up straight!

As if suddenly awakened from a nightmare!

At this moment, Chen Feng was shocked to realize that at this moment, he was sweating profusely!

It's already sweaty!

He stared at the cyan figure with an indescribable horror on his face.

"The spiritual power clone of this purgatory ant, the strength has been terrifying to this level?"

"Her mental power, following the words just now, quietly eroded my thinking!"

"So much so that I had a deep fear in my heart just now, and there was no resistance at all, and it almost made me suicide!"

Chen Feng looked at the spiritual power clone of the purgatory ant, his eyes were full of shock.

He had already thought of the purgatory queen high enough, but now he realized that he still underestimated this existence!

[Chapter 3782: Great opportunity!](#)

"Terror, just a clone of his mental power, it has such power!"

"It's so scary, almost silently, it made me hit!"

"My mental power is definitely better than the average three-star martial emperor, even the four-star martial emperor, and with my spiritual power all hit the move, then..."

Chen Feng suddenly looked at Sirius.

I saw that at this moment, a look of unspeakable pain appeared on Sirius's face.

A face was crazily distorted, and the muscles on his face jumped!

Suddenly, he opened his eyes, and there was pitch black in them, with no pupils, let alone whites!

And he was gritting his teeth, trembling all over, and his teeth rattled!

His hand moved toward his Tianling Gai slowly!

Obviously, he has also been controlled by the spiritual power clone of this purgatory ant, and he wants to reach out and smash his own Tianlinggai to commit suicide!

"Even Sirius has been recruited. He is a five-star martial emperor, and a five-star martial emperor who is good at spiritual power!"

"Although he was seriously injured and dying at this time, it should not be underestimated!"

"And even he was recruited..."

Chen Feng was astonished: "The strength of this purgatory queen can only be described with unfathomable words!"

Chen Feng stared at Sirius without blinking, and a voice in his heart replied: "Sirius, Sirius, you must not die here at this time! I don't want you to die!"

It turned out that at this time, Chen Feng didn't expect Sirius to die at all.

There is no doubt that if Sirius died here, that treasure would be taken back by the queen of purgatory ants.

Chen Feng didn't have any certainty, and took the treasure back from the hand of a defensive and angry fierce queen!

To be honest, in that situation, it was an incredible thing that he could escape, let alone a treasure.

Therefore, he hoped that Sirius would not die at this time.

Sirius can only escape if he is alive, and only if he escapes can he attract the attention of the purgatory ant and allow himself to escape!

"Sirius will never die so easily..."

And Chen Feng felt right, just when Sirius' hand was about to press on his Heavenly Spirit cover.

Suddenly, behind him, a dark blue devilish energy suddenly spread out and enveloped his whole body.

Then, Chen Feng clearly heard the sound of something breaking in the air.

Obviously that is the mental power controlled by the purgatory queen.

The next moment, Sirius was sweating profusely, and suddenly opened his eyes.

Humph!

Take a few steps back!

Staring at the spirit power clone of the purgatory ant, her face was frightened.

But at the same moment, Chen Feng closed his eyes suddenly, and his body continued to fall softly on the edge of the big pit, as if he was already dead, without any aura fluctuations.

Chen Feng's movement caused the spirit power clone of the purgatory ant to be stunned.

It seems that I don't understand why this human being would do this.

However, she would be surprised, but Sirius would not be surprised.

Because Sirius just woke up, he didn't know how Chen Feng reacted just now.

Even, he glanced at the location of Chen Feng, thinking that Chen Feng had always been like this, lying there half dead.

He even felt that Chen Feng might be dead, and he didn't take Chen Feng to heart.

After all, his life and death enemy at this time is the spiritual power clone of this purgatory ant queen!

And as Sirius woke up, the mental power of the purgatory ant clone fluctuated violently, and her figure suddenly faded. Its intensity was only about 30% of what it was just now.

Obviously, he had definitely paid a great price to control Chen Feng and Sirius just now. After the failure, the consequences were quite serious.

His strength is probably only about 30% left.

"About 30%, right?"

Chen Feng squinted his eyes, and the thoughts in his heart were turning rapidly.

"This in itself is a clone of spirit. What does a clone of mental power mean? It means that his strength will not be particularly strong."

"Moreover, now his strength is only 30%, so it can even be described as weak."

"However, I know this fact, but Sirius doesn't know it."

"Because he doesn't know that the purgatory queen can't leave the underground abyss at this time, so he can't judge what this thing is."

"And I know that the spiritual power clone of the purgatory ant has limited strength and can only rely on the trick just now."

"Now, that move has failed. He is only 30% in strength, and he is not even an opponent of Sirius."

"At this time, if the two of us are going to leave, he absolutely can't stop him!"

"But Sirius, at this time, he won't go because he dare not go! He doesn't know the details of his opponent, so he dare not act rashly!"

"and so!"

A sharp light flashed in Chen Feng's eyes: "At this time, the asymmetry of the news is an excellent opportunity for me!"

At this moment, suddenly, both Chen Feng felt extremely violent mental power fluctuations in the air.

Chen Feng's heart moved, and his mental strength went down.

Then there was an eye jump!

It turned out that he actually felt that at this moment, in the big hole from bottom to top, there were dozens of threads of spiritual power coming here quickly.

These threads of spiritual power have all turned into a thick blue color, their strength is very large and powerful.

And if once this spiritual power thread is connected to the spiritual power clone, then the spiritual power clone of the purgatory ant will increase in strength.

"It's this moment!"

"If you don't run, it will be too late!"

At this time, those spiritual power threads have already spread from the abyss, and they will come here in the next instant.

Chen Feng's eyes lit up, and the next moment, he rushed directly towards the top of his head!

At this moment, at a height of about a hundred meters above the heads of the two, the top of the huge black tower was actually a gap!

There, a ray of sky light shone down!

Obviously, if you can get out from there, then the surrounding Purgatory Fire Ants, the Purgatory Queens below, etc., everything is no longer a threat.

Chen Feng's move gave people the feeling that he wanted to escape from there.

And Sirius, really fooled!

Sirius saw this scene, and his heart was awe-inspiring: "Chen Feng, this son, really has a clear mind."

"At this time, he found the best escape route, that is the gap above his head!"

"Yes, it is the best and only way to escape from there! But, do you think it will be that easy?"

It turned out that at this time the mental power clone naturally knew that if the two wanted to escape, they could only pass through here.

### [Chapter 3783: Failed calculations?](#)

Therefore, as soon as she came, she was blocking the air between the two of them, rightly blocking Chen Feng's forward path.

If Chen Feng wanted to escape from there, he would have to repel or even disperse this psychic power clone before he could escape.

Sirius sneered disdainfully: "Boy, really wishful thinking, do you think I didn't see that there is the only escape route?"

"But that is also a trap!"

"If you want to escape from there, you have to kill this monster!"

The monster in his mouth is naturally the clone of spiritual power.

Sirius sneered disdainfully, full of mockery at Chen Feng.

"wrong....."

At this time, Sirius suddenly flashed a sharp light in his eyes!

"Chen Feng, he is not a fool, how dare he rush forward at this time?"

"Chen Feng has a city mansion, and he knows how to measure, and the timing is even better. On the way, I don't know how many such things have been done, and is he going to die at this time?"

He instantly substituted himself into Chen Feng's state of mind, and immediately reached a conclusion:

"No, Chen Feng has such a strong desire to survive!"

"Under my pursuit and killing, he ran out abruptly several times, and how could he find his own way of death at this time?"

"Then there is only one explanation!"

He trembled heavily, and his eyes showed unspeakable horror: "That is, at this time, Chen Feng has actually seen through the reality of this cyan monster!"

"He must know this blue monster, there is absolutely no way he can do it, so he dared to run forward!"

After experiencing the events of the past few days, Sirius has not dared to look down upon Chen Feng at all.

Therefore, he immediately made a decision, that is: keep up!

However, after hesitating for a few minutes, Sirius also followed Chen Feng to kill.

And seeing this scene, Chen Feng's pupils shrank sharply, and he was shocked: "I thought that Sirius would hesitate at least a few seconds before he would follow me to kill him, but he didn't expect him to follow him right now."

"It seems..."

Chen Feng gritted his teeth: "Not only I am growing, Sirius is also constantly getting to know me, and he is also constantly growing!"

This move of Sirius frustrated Chen Feng's calculations just now.

However, his mentality was released for an instant, and then he returned to normal.

In fact, Chen Feng was prepared for this.

Sirius was not a fool. On the contrary, he was able to get to this point, indicating that this person was very shrewd, or he had died many times in the past.

This move by Sirius can be said to disrupt Chen Feng's plan in an instant.

But Chen Feng didn't turn into anger or panic. He was just in a trance for a moment, and the next moment he returned to normal.

Sirius stared at Chen Feng and laughed loudly: "Chen Feng, didn't you expect it? I actually followed!"

"Unexpectedly, I actually saw through your plan!"

When Chen Feng heard what he said, he didn't say much at all. He just smiled coldly, and a sneer appeared in his eyes: "Sirius, do you think this is enough?"

"The back hand I prepared for you is endless!"

At this moment, the actions of Sirius and Chen Feng made the spiritual power clone of the purgatory ant stunned for a moment.

But after such a dazed time, Chen Feng walked straight from her side and greeted the gap directly.

And she was too late to stop Chen Feng.

However, she had no time to block the spring breeze, but she had time to block Sirius!

She let Chen Feng escape from under her eyelids, and for a moment she became angry.

She could never let Sirius escape likewise!

She faced Sirius and let out a roar.

If it were before, Sirius would be very jealous of her, and would even dare not make a move.

Because he couldn't figure out the strength of this spiritual power clone, but at this time, he was determined in his heart, and he screamed: "Go away!"

A fist smashed past.

This mental power clone is very strong, but it is strong in mental power.

And just now, he even lost 70% of his mental strength. Now with a strength of less than 30%, how could he be Sirius' opponent?

His cyan arm directly turned into a long sword, facing Sirius, but was directly smashed by Sirius' punch.

Then, his fist slammed heavily on his body!

Suddenly, both Sirius and Chen Feng felt a scream in their hearts.

Then, the avatar of mental power shook violently, and then it shattered and disappeared into countless cyan light spots.

At the same time, the dozens of threads of spiritual power that spread from the abyss also came here.

They just want to connect to that spiritual power clone.

But at this time, the mental power clone was broken.

As a result, nearly dozens of silk threads hang down softly at the same time, as if they have lost their vitality.

Sirius looked at his fist in disbelief, and then laughed, staring at Chen Feng, and shouted: "Boy, you are really a ghost!"

"It turned out that you have really seen through the virtual reality of this spiritual power clone!"

At this moment, Chen Feng was only one step away from the gap.

Seeing the next moment, you will be able to break through the gap.

This is Chen Feng's dual plan.

If he could escape directly this time, that would be great.

If he can't escape, he is not afraid, he still has follow-up methods.

Will Sirius do what he wants?

After chasing him, he flew up and shouted: "Get down here!"

A fist smashed the past!

At this moment, Chen Feng already had only 10% of his strength left. He was a severely wounded body that had exhausted any defensive means, and could not resist his punch.

In desperation, Chen Feng had to evade.

When he hid, he lost the opportunity and was brought by that fist.

With a scream, his body fell heavily, and it happened to be on the edge of the big hole that Sirius had just hit!

Seeing Chen Feng landed, Sirius was extremely proud.

Staring at Chen Feng, he said with a sneer, "Chen Feng, you were already seriously injured."

"Later, although you used that weird thing to avoid my attack, your injury did not improve."**nOveLUsb.cOm**

"Haha, now the time for that thing has passed? I see how you can escape!"

That's right, the facts are as Sirius said, Chen Feng's current situation can be said to be embarrassing and extremely dangerous!

Before he used the bile of the lava flying ant and the jade suit, he was already seriously injured and dying.

After using these two, his body was temporarily blurred, between the essence and the emptiness, and the injury would naturally not have much effect on him.

[Chapter 3784: There is a big gap between our IQ!](#)

So, business as usual.

But now, after the effects of the two have been lost, the weakness has reached the extreme, the pain has reached the extreme, and even the illusion of feeling that he is dying, suddenly refilling Chen Feng's body.

Chen Feng felt that at this moment, the tremendous pain was covering himself.

Nowhere is painless!

All skin, all muscles, all bones, all internal organs are bathed in great pain like a fire!

My eyes turned black after a while, and even dizzy from time to time.

He was sore and weak, and even he shivered hard, feeling a bit cold.

"Is it bitterly cold?"

A wry smile appeared at the corner of Chen Feng's mouth: "Am I already weak to this level? How long have I not felt the cold?"

He knew that this was a manifestation of his extreme weakness!

He was seriously injured and was dying, and his strength was not one.

Sirius, an incomparably powerful enemy, was preparing to launch an attack on the side. It could be described as internal and external troubles, on the brink of desperation, death or death.

For anyone, it is impossible to turn around at this time.

But Chen Feng is Chen Feng after all!

Facing such a desperate situation, there was even a smile on his mouth, without any panic or fear, just sitting there, smiling faintly, looking at Sirius.

When Sirius saw his expression like this, his face was extremely cold, full of murderous intent.

What he hates most is the look in Chen Feng's eyes.

It's as if he is omnipotent!

It's like, I always fall into his calculations!

It's like being a trash in front of him!

And thinking of this, Sirius suddenly felt hot on his face, because he suddenly thought that his performance in the past two days, isn't it just a trash that he played between the palms of Chen Feng in front of Chen Feng?

At this time, he naturally knew deeply that everything that Chen Feng had in front of him before was pretended.

Thinking of this, his heart suddenly became calm from extreme rage.

He stared at Chen Feng and said word by word: "Chen Feng, I have to say, regardless of your scheming and strength, the city mansion is quite strong."

"Even, in the past few days, I seem to be chasing you, but this is all played by you."

"But now, I know, and I won't be careless!"

"So, you have no chance!"

He stared at Chen Feng with a serious expression: "Chen Feng, you don't have any chance, now you will definitely die!"

"Oh, is it so?"

At this moment, Chen Feng was looking at him and suddenly smiled.

At this moment, he was here, talking to Sirius, but the heart and the mental power were spreading out, and he felt quickly.

Especially toward the big hole, constantly digging.

He sensed the anomaly that occurred in the big hole.

At the same time, he whispered in his heart: "Thirty breaths have been taken, thirty breaths, shouldn't be enough!"

And just when Chen Feng counted to thirty, he suddenly felt that the mental power inside the big hole suddenly appeared abnormal!

An extremely strong and strong mental power, at an extremely fast speed, traveled upward from the big hole.

Moreover, this mental power is exactly the same as the spiritual power clone of the purgatory ant just now!

"Here, it's coming again!"

Chen Feng laughed in his heart: "The information of the Lei family is indeed correct."

"It turns out that this is the mental power clone of the purgatory ant queen. Although only one can be sent at a time, it continues to flow!"

"When one is killed, it takes about thirty breaths, and no more than forty-five breaths at the most, another spiritual power clone will be sent!"

"Hahaha, with this mental power clone, and it is the spiritual power clone in the heyday state, I am sure to get out!"

At this moment, Chen Feng looked at Sirius, the corner of his mouth moved slightly, and said softly: "Sirius, sorry, let you down."

Hearing Chen Feng's words, Sirius suddenly felt an extremely bad feeling.

He yelled and rushed directly towards Chen Feng.

But at this time, it was too late!

Chen Feng smiled slightly: "Sirius, I know that you have given up your previous contempt for me."

"You pay enough attention to me now!"

"But unfortunately, even so, you are still being played with by me!"

"no way....."

Chen Feng spread his hands, knocked on his temple, smiled slightly and said a sentence that made Sirius almost vomit blood: "The difference between our IQs is a bit big!"

At the next moment, Chen Feng just made one movement, an extremely light movement.

He just turned aside!

Chen Feng was originally on the edge of the big hole, but at this moment, he turned aside, so his figure immediately fell into the big hole!

Very fast!

Sirius roared in anger, "You!"

He didn't expect Chen Feng to escape in such a way, and he didn't expect Chen Feng to fall directly into the big hole.

But then, he gritted his teeth and said with a grin: "Boy, do you think you can escape like this?"

"The speed at which you fall is definitely not as fast as mine!"

After that, he rushed into the big hole, trying to catch Chen Feng back.

At this time, Chen Feng laughed loudly: "Of course I know that the speed at which I fall is far less than the speed at which you can catch me, but I don't even expect to escape by this!"

Chen Feng laughed: "You should pass her level first!"

When he said this, Chen Feng's voice was already incredibly relaxed and full of comfort.

Hearing these words, Sirius' expression changed suddenly, as if he had thought of something!

And as Chen Feng's words fell, suddenly there was a wave of extremely powerful mental power, rushing straight up!

Just now Chen Feng could only perceive it by deliberately perceiving, but now Sirius can feel it very clearly.

In the big hole, a cyan figure is already rushing up.

This cyan figure is surprisingly another spiritual power clone, but this spiritual power clone is much larger than the one just now, reaching a full height of about ten feet, and its momentum is even more powerful.

Moreover, Chen Feng vaguely felt from above that the part it strengthened seemed to specifically restrain himself and Sirius.

For example, it was covered with a layer of cyan spiritual armor. Obviously, this was to prevent the powerful blow of Sirius.

Chen Feng was shocked: "This purgatory ant queen is really powerful. It can change according to the characteristics of the enemy who killed her mental power clone, making the new spiritual power clone stronger."

[Chapter 3785: Everything, as I expected!](#)

Chen Feng fell sharply downward.

Sirius is catching up.

Soon, Chen Feng was distracted with that mental power.

As for that spiritual power clone, after seeing Chen Feng fall, he was obviously taken aback. Just as he was about to attack Chen Feng, Chen Feng suddenly yelled and pointed behind him: "Your enemy is there!"

The mental power clone was taken aback, and then he saw Sirius.

In the next moment, it exudes an extremely resentful emotion.

Then, it actually abandoned Chen Feng directly and killed it towards Sirius.

Obviously, he hates Sirius more than Chen Feng.

Sirius saw this scene inferior, and his heart was furious, and he roared like a nervous breakdown: "You bitch, what the \*\*\*\* are you doing to pester me?"

However, even though he was so angry, facing the attack of the mental power clone, he could only accept the move.

In a blink of an eye, it was fighting against this spiritual power clone.

This mental power clone already hated Sirius very much.

After all, Sirius had caused the heaviest damage to it before, and it also shattered its body with a punch.

Its hatred for Sirius can be said to far exceed that of Chen Feng.

At this time, Chen Feng looked at Sirius with a laid-back face and waved his hand leisurely. He smiled and said, "Sirius, goodbye!"

It turned out that Chen Feng's real escape route, his real purpose, was never the gap above his head, but this big hole, but under the black tower!

What he never thought was to escape from above.

The reason why he had to try his best to run away from the gap above, seemingly abandoning the distance and going farther, was to lure Sirius to chase and attack him.

Thus, he can fall here logically.

Falling on the edge of this big hole, he could go down once he turned over.

And so exhausting weeks is just to let himself have a way to drag Sirius dozens of breaths!

Only with this time can the spiritual power clone sent by the purgatory queen arrive in time!

Chen Feng's real purpose was not only to allow himself to escape, but also to keep Sirius!

If Chen Feng had just escaped like that, Sirius would have escaped with him!

In that case, Chen Feng still couldn't escape.

And in the process of pursuing, it is difficult to guarantee that Sirius would not discover the curse on his body.

Chen Feng finally tricked Sirius into taking the artifact fragment and taking the initiative to take the curse. How could things be allowed to change?

Only by letting the spirit power clone of the purgatory ant entangle Sirius, so that Sirius has no time to think, can he fully bear the curse power!

Now, obviously, Chen Feng has achieved his wish!

At this time, Chen Feng's body fell, but the spirit power clone of the purgatory ant came directly upwards and stopped the chasing Sirius!

His seemingly simple whereabouts, but he counted both Sirius and the Purgatory Ant Queen, it was really terrifying!

In fact, even just now, Sirius had a chance to escape. If he escaped directly from the gap, the Purgatory Ant Queen would not be able to catch up with him.

But Chen Feng is sure that he will not let go of hatred!

I will definitely come to hunt down myself!

Sure enough, everything was as Chen Feng expected.

In the next moment, his figure was submerged in the darkness.

Sirius roared frantically, and his whole body nearly collapsed, but he was helpless.

At this time, his heart seemed to fall directly from heaven to hell.

If it is said that what kind of pain can be greater than the constant play of a person whom he has always looked down upon, then when he finally finds that he is being completely teased by others, he finally begins to face the enemy squarely, puts the enemy in his heart, and thinks of himself. When he was able to kill the enemy, he found that he still underestimated the enemy and was still being teased.

In an instant, Chen Feng had already landed.

He staggered, and with a wow, another big mouthful of blood spurted out, his body was crumbling, almost falling to the ground, and he felt dizzy in his brain.

Chen Feng gave a wry smile: "The body under this severe injury is really weak enough."

But he knew that time is not waiting, there is no time to delay, and if he settles, he rushes out.

But it stopped abruptly.

After Qi Xingwen said these words, he lowered his head, but his eyes were secretly looking up, prying Sang Xingteng's reaction.

He thought that after Sang Xingteng heard the news, even if he was not ecstatic, he would at least be moved.

However, let him down.

After hearing the news, Sang Xingteng's eyes flashed a little.

Then, I swept through them both and it became clear.

Then, he smiled coldly and gave a soft 'oh'.

Then, without saying a word, he turned and left.

Both Qi Xingwen and Yuchi Binbai were stupid.

The two of them looked at each other, both at a loss: "It's just like this? It's over? What does it mean?"

"Don't care about this information given by the two of us at all? Don't you take it to heart?"

Sang Xingteng's reaction immediately caused all the back-ups and all plans they had thought of before to be invalidated.

Qi Xingwen quickly took two steps, caught up with Sang Xingteng, laughed beside him, and whispered: "Senior, um, what's your idea?"

"What am I thinking? I have no idea!"

Sang Xingteng smiled.

Then, looking at them jokingly, he said lightly: "You two little guys, don't have to play with me here."

"Do you think I don't know your plan?"

"Chen Feng has this thing, this thing, I'm afraid there are not many people in this inner sect who know about it, right?"

"It's very likely that only you two know, and everyone wants this good thing, and you should also know that this news falls into my hands, then nothing will happen to you."

He looked at the two of them: "You guys, why bother to come here to tell me the news?"

"Isn't it because?"

He stared at the two of them and said word by word: "You two, want to borrow my hand to deal with Chen Feng?"

"Chen Feng and you, what new hatred do you have?"

Both Qi Xingwen, Wei and Chi Binbai were all stuck at once, and they were blocked there and could not speak.

Sang Xingteng saw their abacus clearly in an instant.

There was a strong sense of frustration in both of them, and they secretly said in their hearts: "Is \*\*\*\* or old hot?"

"But the two of them didn't lose an inch, and they didn't immediately reveal their details and details.

Instead, he was silent there, thinking about rhetoric.

It was Sang Xingteng who broke the deadlock. He smiled happily, "I want to ask my old man to take action. It's not that I haven't discussed it."

[Chapter 3786: Want me to deal with Chen Feng?](#)

"It's just that I'm afraid that the price paid, you two can't afford it!"

Qi Xingwen and Yuchi Binbai glanced at each other, and then Qi Xingwen coughed and said in a low voice: "If the price you pay is for a snake-like scaled armor like just now, are you still satisfied with this reward?"

What he meant was to use Chen Feng's snake scale armor as a reward for Sang Xingteng.

Sang Xingteng sneered: "It turned out to be an idea that wanted me to do it, but he didn't want to pay any price."

"You abacus, but it's precise enough."

Qi Xingwen laughed dryly: "This is all seen by your old man. Uncle Shi is really aware of the details."

Sang Xingteng rolled his eyes strangely: "Tell me, how do you know about this? How many snake scales are there in Chen Feng?"

Hearing this, Qi Xingwen was immediately happy: "There is a door to this." *NoVelUsb.Com*

Originally, he wanted to sell this matter again in exchange for some benefits, but seeing Sang Xingteng like this, how dare he delay it any more?

He quickly explained the process of the matter in a deep voice, and then said flatly: "There are at least five pieces left in Chen Feng."

"Is it more than five?"

Sang Xingteng's eyes moved thoughtfully.

At this moment, he was actually tempted, but he wanted to pinch Qi Xingwen two more.

Qi Xingwen and Yuchi Binbai looked at each other, and both felt that they needed more medicine.

Originally, the two of them came here this time to calculate Chen Feng. They had a good idea. They first talked with Sang Xingteng about the bargaining chips, and then told him that Chen Feng had these snake scale armors. At the price of this, they even paid back. Ask him to divide the snake scale armor into one or two pieces for himself.

But now, I discovered that this idea simply doesn't work!

Even if he wanted to take the initiative to kill Chen Feng, it seemed not so easy.

Therefore, there is no need to keep another message!

Qi Xingwen lowered his voice and said: "Uncle Shi, maybe you don't know it. The two elixir you have been looking for, the two elixir you have been looking for for decades, are now hiding in Chen Feng's residence. Then enter the valley!"

"The two-flavored elixir was fooled by this kid!"

When he said this, he kept paying attention to Sang Xingteng's expression.

When talking about the latter, there was a bit of pride in his eyes.

After he wanted to come, Sang Xingteng must be surprised after hearing what he said.

Then, there will be anger.

Then, it will be full of greed and murder towards Chen Feng.

However, he was disappointed. After hearing this, Sang Xingteng's expression remained unchanged.

Instead, looking at him, there was a mocking smile in his eyes.

Seeing his expression like this, Qi Xingwen was stunned for a moment, then suddenly his face changed drastically, and suddenly he thought of something!

Sure enough, the next moment, Sang Xingteng spoke to verify his guess.

Sang Xingteng said mockingly: "Two little guys, don't think I don't know your thoughts."

"Doesn't you just want me to clean up Chen Feng? He also gave me this news specifically? Do you think I don't know this news?"

He laughed, and said coldly: "The breath of those two little guys, I just came back, I have already sensed them."

"I knew that they were right there with Chen Feng!"

Yuchibin asked instinctively: "Then why don't you do it?"

As soon as he said this, Qi Xingwen held his forehead with his hands and looked speechless: "How come you ask such a stupid question?"

People with such a temperament as Sang Xingteng could bear it. Naturally, it was because of moving Chen Feng and taking great risks!

Qi Xingwen opened his mouth and said again, Sang Xingteng interrupted him with a direct wave of his hand: "I know your plan."

"However, when I came back, I had promised Xuanyuan Xiaoyue's little baby not to kill our fellow students!"

Qi Xingwen and Yuchi Binbai glanced at each other, and there was a look of depression in their eyes.

They all feel that today this incident is probably a failure.

It is almost impossible to persuade Sang Xingteng to kill Chen Feng.

Both are in a bad mood, so they bowed their hands and wanted to leave.

At this moment, Sang Xingteng suddenly smiled strangely: "If you want me to do something, it may not be impossible."

The two were overjoyed, and quickly looked back at Sang Xingteng.

Sang Xingteng rolled his eyes, staring at Qi Xingwen and Wei Chi Binbai, hissing like a poisonous snake whispering:

"Don't think I don't know, most of you have a deep hatred with Chen Feng, so you want to borrow my hand to get rid of him."

"Now, let's talk about it, what the \*\*\*\* is it?"

Qi Xingwen said: "Uncle Shi is really observant, you are right."

"The two of us really have a deep hatred with Chen Feng!"

He said viciously: "Since the last group of disciples went to the deserted ancient ruins collectively, the two of us have been the most outstanding disciples among the Xuanyuan family's inner sect!"

"Originally, this group of places going to the deserted ancient ruins should be the two of us!"

"but!"

He gritted his teeth and said with a bitter expression on his face: "Then Chen Feng won the favor of Elder Xuanyuan Xiaoyue. Therefore, Elder Xuanyuan Xiaoyue sent him into the deserted ancient ruins in advance."

"Furthermore, since his strength is only two-star Wudi, it will cost a greater price to send such a lowly capable person into the deserted ancient ruins."

"The price he spent alone is enough to send the two of us who are new to the Four-Star Martial Emperor into the deserted ancient ruins!"

He paused, and then continued: "Although the deserted ruins are extremely dangerous, they are also full of opportunities!"

"Our two strengths have entered a bottleneck, and it's meaningless to stay in this Xuanyuan family."

"If you enter the desolate ancient ruins, you may die, but the greater possibility is a breakthrough!"

"After all, there are so many Xuanyuan family children who have already entered it who will take care of us."

"Chen Feng doesn't know how to find them, but the two of us know very well. Back then, before the big brother of our two entered there, he gave us two treasures to pass on!"

He gritted his teeth and smashed his fist to the ground: "After he enters this time, he will have to wait at least another year before the two of us can enter again!"

"A year, a whole year!"

"In this year, our two cultivation bases will have no progress!"

"Furthermore, due to the break of the mood, then the strength may even decline!"

"He blocked my path of cultivation, how can we not hate so much?"

It turned out that this person hated Chen Feng a lot for this reason.

And Chen Feng didn't even know the existence of the two of them, or when he provoked such two enemies.

#### [Chapter 3787: Reasons to kill Chen Feng!](#)

However, even if Chen Feng knew it, he would not care.

After listening to Sang Xingteng, he pondered for a moment, and then changed the gloomy cold with a little joking and disapproval, his expression also became solemn.

He looked at the two of them and said slowly: "Actually, as soon as I returned to the Xuanyuan family, I knew that the two essences of plants and trees that I had chased and killed for decades, which had turned into human forms, were in Chen Feng's mirror in the valley."

"And now, you told me too."

"Then, I will not spare Chen Feng's truth, but you know why I haven't moved him before, right?"

Qi Xingwen and Yuchi Binbai looked at each other, but did not speak.

Sang Xingteng smiled coldly: "Of course you know that this is the reason you dare not touch him."

"Of course, the reason why you dare not touch him now is to add one more thing, that is, you may not be his opponents!"

"But at the beginning, you didn't dare to move him when you were better than him. It should be because Xuanyuan Xiaoyue admires him extremely, right?"

Qi Xingwen nodded silently.

Sang Xingteng let out a sigh of relief, "Xuanyuan Xiaoyue, even though I'm talking about it, I have to call me Master Uncle."

"However, my teacher-nephew is much stronger than me, and his status is much higher than mine."

"If I really want to anger it, he will kill me if he kills it."

"The entire Xuanyuan family, I'm afraid no one dares to say anything."

"Now that Chen Feng enters the deserted ancient ruins, Xuanyuan Xiaoyue treats him so well, if Chen Feng stays here, he can't protect him, so what is his face?"

"So, Mirror Valley is easy to go, and the people in Mirror Valley are easy to catch, but!"

He paused: "Once Xuanyuan Xiaoyue perceives it, then I can't eat it!"

Qi Xingwen moved in his heart and asked, "What do you mean by old?"

"and so....."

He stared at Qi Xingwen and Yuchi Binbai, smiled coldly, and said, "You want me to touch Chen Feng."

"I wanted to \*\*\*\* those two little fairies turned into plants, but..."

At this point, he stopped.

A touch of unpredictability hung on the corner of his mouth.

The expression on Qi Xingwen's face became stiff, and he gave a dry smile: "Senior, what are you doing looking at me like this?"

Sang Xingteng stared at him like this until Qi Xingwen was sweating and fidgeting.

Sang Xingteng laughed suddenly and pointed to Qi Xingwen and said, "Little bastard, don't think I don't know your details!"

"You should have a treasure there. After this treasure is used, it can seal a range of dozens of miles around it."

"Let this range of tens of miles seem to be business as usual to outsiders. Unless you specifically come to check it, you won't find any abnormalities."

After hearing this, Qi Xingwen brushed his face and his face became pale.

He looked at Sang Xingteng in disbelief, and said in a trembled voice: "You, how did you know?"

His words are obviously acquiescence.

Sang Xingteng smiled: "Don't worry about how I know, I will ask you, this thing, you are not willing to use it!"

Qi Xingwen was silent.

At this moment of hesitation, Sang Xingteng turned around and left without saying a word.

Qi Xingwen said anxiously: "Senior Sang, what are you doing?"

Sang Xingteng sneered and said, "I'm going to work hard with Chen Feng, but you don't even want to take this thing out. What does Laozi still have to say to you?"

"I won't do this thing!"

Qi Xingwen hurriedly shouted: "Senior Sang, please calm down your anger, Senior Sang."

"I use this thing, can't I use it yet?"

"Do you use it?"

Sang Xingteng smiled sinisterly at this moment: "I changed my mind again. Just this thing as a price is too cheap for you, I still need you to pay a little more."

"What's the price?"

Qi Xingwen did not hesitate this time.

He knew that at this time he had completely seen what he wanted by this Sang Xingteng. It could be said that he was rounded and rounded by others, and there was really no room for bargaining.

Sang Xingteng smiled and said, "I don't want anything else."

"In this way, you can take out the treasure that your master gave you before he died as a price."

"What? What did my master give me before he died?"

When Qi Xingwen heard this, his face suddenly changed, and he said in shock: "That is the token of our branch, it is the treasure of our branch that has been passed down for 40,000 years!"

Sang Xingteng laughed and said, "That's right, I'm not rare to have other things!"

Qi Xingwen stared at him, and for a moment, the muscles on his forehead jumped sharply, and the muscles on his face bulged.

Obviously, he was extremely angry at this moment!

Sang Xingteng was confident, just standing there, looking at him coldly.

In the end, Qi Xingwen suddenly showed a smile at the corner of his mouth, looked at Sang Xingteng, and said softly: "Okay, since you like Master Sang, then I'll just agree."

"This is so refreshing!"

Sang Xingteng laughed and patted the shoulders of Qi Xingwen and Yuchi Binbai hard, and said, "Okay, let's settle this matter today."

"The old man will go back and be prepared."

"After three days, let's act!"

Having said that, he walked away without even looking at them.

After he left far away, Yuchi Binbai whispered to Qi Xingwen: "Are we blackmailed by him like this? His conditions are too harsh!"

"That's the treasure of your line that our master left you before he died! Our entire Xuanyuan family is one of the top three treasures!"

"Just give it to him?"

His face was unwilling!

It turned out that the branch that Qi Xingwen is in belongs to the extremely powerful kind in the Xuanyuan family.

There have been several great elders, but it has only begun to decline more than a thousand years ago. The talents of successive generations of disciples are not very good, and the strength is not very strong.

But that treasure is extremely rare.

At this moment, Qi Xingwen was full of clouds and wind, and said with a slight smile: "I have agreed, what can I do if I don't give it? Let's go!"

After that, turned around and went out.

At this moment, Sang Xingteng suddenly turned around and looked at the back of the two of them.

A sneer appeared at the corner of his mouth: "It's easy to touch the people who Chen Feng has left behind."

"However, after Chen Feng comes back, if he finds that the mirror valley becomes like that, will he not pursue it? Will he not trouble me?"

"This is the follow-up trouble!"

"However, just now, Qi Xingwen and Yuchi Binbai, the two little rascals, just like they didn't know the troubles brought by Chen Feng, they just avoided talking."

He smiled coldly: "Do you think I don't know what you two are planning?"

"You two, don't you just want me to deal with Chen Feng?"

"You two, don't you just look forward to Chen Feng's return and come to me to find a place?"

"You two, didn't you just expect me to have a conflict with Chen Feng and then kill Chen Feng?"

He sneered: "Then, I am as you wish!"

"However, not because of you, but because, I also have a reason to kill Chen Feng!"

"You are calculating me, as everyone knows, I am also calculating!"

He stared into the distance, with a bit of bitter resentment in his eyes, and suddenly let out a low-pitched roar:

"Chen Feng, you dare to kill my son?"

"Although he is an illegitimate child, although he is not seen!"

[Chapter 3788: Nowhere?](#)

"Although he has been in the Xuanyuan family for decades, I don't even know that he is my son. Our father and son have never even met in these years!"

"But, he is my blood after all!"

"My blood is flowing on his body, he is my only son!"

"And you dare to kill him!"

He yelled frantically: "I'm going to let you die!"

At this time, Chen Feng stood in the wide hall of the black giant tower.

Outside the gate, there are endless purgatory fire ants.

These purgatory fire ants are staring outside.

In fact, when Sirius fled in just now, these purgatory fire ants had already surrounded these black towers with three floors inside and three floors outside.

Even, there are many purgatory fire ants who are standing on their companions.

At this time, if you look outside, you will find that under this huge black tower, there is already a circle of black and red edges!

The black and red edges are made up of countless purgatory fire ants.

Even these purgatory fire \*\*\*\* ants have stacked several layers, but they dare not enter the black tower.

It turns out that this black tower is the sphere of influence of the purgatory ant queen. On weekdays, unless there is her order, they will definitely dare to enter a bit.

Otherwise, it will be torn to pieces by the angry purgatory queen.

Moreover, in their instincts and in their blood, they are also filled with awe for this black tower.

Therefore, they absolutely dare not enter.

But the order they got was to kill Sirius, and Sirius was inside the huge black tower, so this situation happened.

The purgatory ant queen is actually not incapable of letting these purgatory fire ants enter it now.

After all, with the extremely powerful mental power of the purgatory ant queen, she allocated a part of the mental power to order these purgatory fire \*\*\*\* ants, which is not a big burden or consumption for her.

But she did not give this order.

The reason is simple, that is, the size of these Purgatory Fire Ants is really too big.

The size of the purgatory fire \*\*\*\* ant is fine to enter the hall, but if you have to go up the stairs and go to the top, you can't turn around at all.

They couldn't even squeeze through the passage.

They wanted to enter the location where the altar was, there was only one way, and that was to break through a path forcibly.

And this is something the purgatory queen cannot tolerate!

The reason is also very simple. For the queen of purgatory ants, this black tower is like her home. Who would want a large group of rude guys in their home to make their own home in tatters?

Even for the Purgatory Ant Queen, it is better not to kill Sirius than to let these guys destroy their home!

For these Purgatory Fire Ants, the passage is too small compared to their size.

In fact, that altar was never opened for them.

For this entire group of Purgatory Fire God Ants, they are slaves, but they are not qualified to sacrifice.  
*noVeLus.b.CoM*

Only the purgatory queen has it!

At this moment, Chen Feng stood here, staring at them with big eyes.

Chen Feng can't get out now, and they can't get in either, but when they look at Chen Feng, their eyes are full of cold and indifferent murderous intent.

The face is clearly full of words: Nowhere!

Obviously, it's okay for Chen Feng to hide here, but if Chen Feng dared to go out, then he would inevitably face endless attacks from Purgatory Fire Ants.

With Chen Feng's current strength that is less than 10%, I'm afraid they will be torn apart by them in a few moments!

Of course, Chen Feng can choose not to go out, but if he chooses not to go out, it won't take a while. Not only will Sirius be chased down, but it is also very possible that the spirit power clone of the purgatory ant will also be chased down!

At that time, Chen Feng will have a wolf before and a tiger afterwards.

Even the last line of life is gone!

It seems that Chen Feng is now in desperation!

If I were to be an ordinary person, I was afraid of despair at this time.

Because he not only bears the horrible consequences, but also extremely huge psychological pressure.

There was a wolf in the front who dared not enter, but a tiger in the back kept approaching.

But at this time, a smile appeared at the corner of Chen Feng's mouth, and the whole person was very leisurely and seemed to be confident.

And he wasn't the kind that pretended to be forced, but he already had cares in his heart.

At the next moment, in the countless purgatory fire \*\*\*\* ants, indifferent and full of cruel and vicious eyes, Chen Feng's figure continued to recede.

Seeing Chen Feng's move, the purgatory fire ants made sharp and incomparable calls.

They have always been cold and cruel, but now this cry is full of incomparable fear and panic.

For these Purgatory Fire Ants, this kind of emotion should never appear in the first place.

There is only one explanation for this, and that is that something extremely important for them has happened, and it can even be said to be desperate for them!

Some Purgatory Fire Ants couldn't help but rushed forward and entered this hall, trying to stop Chen Feng!

However, some Purgatory Fire Ants just came to this entrance, but they retracted again.

That was the instinct of seal carving in their lives, which prevented them and prevented them from entering this place.

After Chen Feng saw their reaction, he was even more determined, and then smiled and walked back.

The speed may seem unsatisfactory, but in fact it is extremely fast.

At this time, seeing Chen Feng continue to retreat, finally, some Purgatory Fire Ants could no longer control it.

He let out a roar and rushed directly into this hall.

However, just as these purgatory fire ants just rushed into the hall, suddenly their bodies froze and floated in the air.

It was as if it was a small magnet, and it was set in the air after touching a large magnet that was exactly the opposite.

Then the next moment, the middle part of their abdomen actually exploded directly!

The carapace was exploded directly, and then a little cyan light flew out at a very fast speed with a swish, and it clung to the top of the cave tightly.

Chen Feng raised his eyebrows and looked up.

It turned out that the little cyan light just now turned out to be a cyan spar.

The cyan spar was full of cyan and faint gold, giving the impression that it resembled stone and not stone, or gold and not gold, with an extremely weird but noble texture.

It has the texture of a semi-transparent gemstone, but also resembles the sonorous and powerful metal.

It is about the size of a fist, and its shape is one and a half months.

At this time, Chen Feng glanced around and found that the top of the cave was densely packed with dozens of half-moon-shaped cyan-gold gemstones stuck there.

#### [Chapter 3789: Fall into the abyss](#)

But after the few Purgatory Fire Ants lost the green gold gemstone, they trembled violently.

Lie there, making a cry of pain.

As if it were the pain from the depths of the soul!

In fact, the exploded carapace was only about six feet in radius, and the things that flew out were also very small.

For them, this injury can be said to be small and insignificant.

It stands to reason that such a huge Purgatory Fire Ant, even if it has hundreds of injuries like this, will not have any major impact.

But at this time, these few purgatory fire ants let out a mournful cry, and then landed in various shapes.

After a few convulsions, he stopped moving.

Obviously, he was killed directly and his breath was cut off.

Chen Feng suddenly narrowed his eyes: "These blue-gold gems should be extremely important to these Purgatory Fire Ants."

"Before I saw that Sirius directly absorbed the metal elements in the shells of these purgatory fire \*\*\*\* ants, and extracted many metal spears."

"Each of these purgatory fire ants is extremely rich in metal elements, there are a lot of metal, but some have been absorbed a lot and have not died."

"And now, after such a small piece of cyan-gold gem appears, they are dead!"

Chen Feng's eyes lit up: "This means that this cyan-gold gemstone may even be their source of strength!"

His eyes immediately became hot: "These purgatory fire ants have a one-star demon emperor, which is equivalent to the cultivation base of a two-star martial emperor."

"The whole body's strength is concentrated on this cyan-gold gem!"

"This blue-gold gemstone must be extremely precious, and the power inside is also extremely large. It is definitely a rare treasure!"

"If I get it, it will be of great benefit to my practice!"

"Not to mention, this kind of purgatory fire \*\*\*\* ant has an extremely strong body, and its carapace is hard to imagine, and its defense power is superb!"

"I feel that their power should be a miraculous effect for me to cultivate the Vajra Arhat Body Forging Technique!"

Chen Feng became more excited the more he thought about it.

But now is not the time to think about this.

Chen Feng pressed this thought to the corner of his mouth, revealing a smile, then turned around and ran back.

The reason why these Purgatory Fire Ants had such a reaction is very simple.

It turned out that the destination Chen Feng had retreated at this time was the abyss!

In the deepest part of this space, there is an extremely deep abyss!

Above the abyss, blue-black gas was lingering, and bursts of red and black light were constantly looming from inside.

This abyss can't see the end at all, as if it leads directly to the Nine Nether Hell!

And the closer Chen Feng is to this abyss, the more intense the reaction of these purgatory fire ants!

As a result, even these few Purgatory Fire Ants could overcome their instinct and rushed in.

However, these few purgatory fire ants who rushed in directly died.

This also made other purgatory fire ants who were about to move around suddenly quieted down.

Although they are not afraid of death, and although they are almost indifferent to the execution of the purgatory queen's orders, they are also creatures.

They also have the survival instinct!

Especially, they were originally ordered not to enter here, and they would die if they entered here.

It was the purgatory queen who gave this order.

And they want to break in at this time, in fact, to help the purgatory queen.

These two commands created contradictions in their instincts.

As a result, many Purgatory Fire Ants are holding their heads and screaming in sharp pain!

They are even messed up, panicked!

However, no matter how they reacted, no purgatory fire ant dared to break in.

The lessons learned just now are there, and no one will die in vain. **NovelUsB.Com**

Therefore, Chen Feng came to the abyss without hindrance.

It turned out that Chen Feng was going to enter this abyss!

If Sirius were here at this time, he would be extremely shocked and scold Chen Feng.

Then he laughed at Chen Feng for not weighing himself, and seeking a dead end.

If anyone else is here, they dare not jump into this abyss.

Because everyone knows that there is an extremely terrifying existence hidden in this abyss!

The supreme master of the entire Purgatory Fire God Ant Tribe, the most powerful existence, the Purgatory Ant Queen!

Right at the bottom of this abyss!

But Chen Feng just smiled slightly, and then, without hesitation, he jumped and jumped directly into the abyss!

Chen Feng only felt that after this jump, there was no feeling of falling.

It's completely different from before.

Before he fell off the cliff, every time he felt the wind whistling beside him, as if there was a strong wind blowing.

But this time, Chen Feng felt that he was already turning into catkins, floating and swaying in the wind, but he could not hear any wind.

It was as if he was not falling, but floating in the air.

This feeling made Chen Feng very uncomfortable.

Because, his purpose is to go down.

However, Chen Feng did not panic, but took a closer look, and then a sneer appeared at the corner of his mouth: "The mental power of this purgatory ant queen is really amazing!"

"It turns out that as soon as I jumped into it, I was already affected by his mental power!"

"Now, in fact, I am declining, but I am wrapped in his mental power, so it makes me feel that there is no decline, which affects my judgment."

Chen Feng shook his head, the spiritual power of this purgatory ant queen is not only strong, but also extremely clever and ubiquitous.

It gave him a lot of insight.

And then, the next moment, Chen Feng's heart suddenly surged with an emotion of extreme fear.

This kind of fear has even reached the point of despair.

There was a burst of extreme fear and despair in Chen Feng's heart, which came from the bottom of his heart, and instantly enveloped him.

Even, making Chen Feng tremble all over, almost unable to control himself!

There was a voice in his heart telling him: "Then the danger below is extreme, and the terror is extreme!"

"After entering inside, there is only a dead end!"

"Then below, there is an extremely terrifying and desperate existence!"

From the bottom of Chen Feng's heart, this voice kept ringing, and its influence on him became stronger and stronger.

It even made him almost unable to control his body.

He almost wanted to escape upward!

Chen Feng's whole body was almost shrouded in such emotions, Chen Feng was trembling with fear, and even now he was about to have a nervous breakdown!

But suddenly, at this moment, a bright light flashed in Chen Feng's mind!

"No, how could I be afraid?"

"I just rushed to her. Before I went, I had already thought of all kinds of dangers! How could I be afraid? How could I be so afraid?"

[Chapter 3790: The true body of the purgatory queen!](#)

At the next moment, Chen Feng suddenly felt a buzz in his mind!

Then the next moment, he felt that he was different from before.

He didn't know exactly where it was different, but now he suddenly realized that he seemed to be unable to control his body.

"What's wrong with me? Am I unable to control my body now?"

Chen Feng did not panic, but observed carefully.

At this time, he discovered that his body was actually floating upward, as if he wanted to escape the abyss.

But the strange thing is that during the whole process, Chen Feng felt like a bystander.

He felt as if he had been separated from his body, and then that emotion controlled his body, controlled his body, and made such a reaction.

At this time, when Chen Feng discovered this, the horror in his heart was already unparalleled!

Horror, really horrible!

"The spiritual power of this purgatory ant is already so powerful? The skillful use of it is even impossible!"

"She actually no longer controlled my thoughts with the original infiltration as in the past, she turned into my body directly with her mental power, and forcibly took control of my body!"

"At this time, my body is already a walking dead, completely controlled by his mental power!"

"Unfortunately, at this time, my mental power didn't even notice it."

"Even, I just thought I was so scared, instead of thinking that I was actually controlled by him."

However, even if Chen Feng thought of this, his body floated upwards at the same time.

A move in Chen Feng's heart immediately urged the golden spiritual power in his spiritual world.

But the golden mental power didn't respond at all, and he didn't move lazily there.

Chen Feng was taken aback for a moment, and then understood in his heart.

"I understand what's going on!"

"Because, the mental power that belongs to the purgatory ant now controls my body, and what he created for me is an emotion of extreme fear and despair for the following."

"So, she took my body and flew upward, which is a favorable behavior for my instinct!"

"Because this actually saved me from danger!"

"So, the golden mental power in my mind thinks that I am not in danger at this time, so I don't care at all!"

"but!"

Chen Feng yelled angrily: "What I want is to go down!"

"What I want is to go deep into this abyss!"

Chen Feng let out an extreme roar deep in his heart!

At this time, the golden mental power could no longer be resolved, and it seemed that Chen Feng had reached a desperate situation.

But at this time, Chen Feng's heart calmed down instead, and his eyes were as indifferent as an ancient well.

On the contrary, a smile appeared at the corner of his mouth: "Is it ineffective? Even the golden mental power is ineffective, is it?"

"Okay, that!"

Chen Feng laughed: "Let me solve it myself!"

"Let me solve it with the heart of a brave, a heart of indomitability, and a heart not afraid!"

In the next moment, Chen Feng had a huge shock in his mind like Huang Zhongda Lu!

"I, Chen Feng, are fearless!"

"I would like to explore this abyss!"

"This fear, I can finally overcome!"

"This despair, I will completely flatten you!"

These few words of Chen Feng sounded in his mind!

At the same time, he thought so too! He did it too!

So, immediately, with the four ringing sounds like Huang Zhong Dalu, an invisible wave suddenly dissipated and shook everywhere!

And the next moment, Chen Feng clearly heard a scream from the depths of his body.

This scream of screams cannot distinguish between men and women, but it is exactly the same as the screams made when the spiritual power clone was broken.

In the next moment, Chen Feng discovered that the emotions of fear and despair, like tides, suddenly dispersed!

I regained control of my body.

A heart became clear and transparent again, and his body fell down again.

Even the mental power that restrained him was dissipated a lot, and he could perceive his body again.

Chen Feng laughed, his voice full of confidence!

"The brave is invincible! I, Chen Feng, have a brave heart, and any of your methods are useless!"

"All these negative emotions, as far as I am concerned, but floating clouds can be dispelled with a wave of hands!"

Chen Feng continued to fall down, and below, the mental power of the purgatory ant seemed to be very angry, and she madly attacked Chen Feng!

Countless negative emotions continue to hit, all kinds of fear and despair, etc.

But at this moment, Chen Feng's spirit is extremely strong, completely ignoring these attacks, falling rapidly, and laughing, "You can only attack like this!"

"It can be seen that you at this time have no more means!"

And he fell for about not more than a cup of tea, and finally vaguely saw the bottom of the abyss.

Chen Feng couldn't help but sigh that the depth of this abyss is really amazing.

Chen Feng saw that there was a fiery red color on the ground, with black textures in it, and it was even pulsating.

It's as if this ground is not a thing, but life is contained in it.

And when he looked up, he could only see the green mist above his head.

However, this does not mean that this piece of space is small.

On the contrary, there is at least a radius of tens of thousands of miles.

And the next moment, when Chen Feng raised his head and looked forward, he couldn't help taking a breath!

He saw a huge existence, a huge creature!

His face was shocked, and even his eyes were full of disbelief. He was stunned for a long time without regaining his senses.

After a while, he mumbled to himself and whispered softly: "I always thought that this purgatory ant queen is only suitable for the existence of one level of the supremacy of the nine powers, and is probably equivalent to the six-star martial emperor of humans."

"No matter how strong it is, it should not exceed the scope of Emperor Wudi Qixing!"

"In my impression, she and Huang Bird Teng Snake should be of the same level."

"But now, I found out that I was wrong!"

"I was so wrong!"

A wry smile appeared at the corner of Chen Feng's mouth.

It turned out that what appeared in front of Chen Feng at this time was actually a huge giant.

This giant is surprisingly the true body of the purgatory queen!

At this moment, Chen Feng finally saw what this purgatory queen's true body looked like.

The real body of the purgatory ant is like a big caterpillar magnified countless times, but the magnification is too much.
