

Peerless 3821

[Chapter 3821: problem](#)

But now it was returned by Chen Feng.

More importantly, he has no power to argue.

Because he was seriously injured and dying by Chen Feng, who was easily beaten like a chicken. He was only a breath away from death!

He looked at Chen Feng, suddenly laughed, clutching his chest, coughing up blood.

A voice echoed in my heart: "Diao Weiqi ah Diao Weiqi, you really have to blame yourself!"

"It turns out that this young man has such a terrifying strength, but you have said such blatant words, now you are reduced to a laughingstock! Really ridiculous! Really deserve it!"

Chen Feng walked slowly towards him, the face of the middle-aged man with sharp-mouthed monkey cheeks showed extreme fear, and he trembled: "You, you, what are you going to do?"

Chen Feng smiled: "What do I want to do? What do you say I want to do?"

His expression suddenly became cold and stern: "Now, it's time for you to pay for the things you just said and do those things!"

The eyes of the middle-aged sharp-mouthed monkey's cheeks were filled with extreme regret: "I was blinded by the dog's eyes, why did I provoke such a powerful existence?"

He was already extremely regretful now, regretting why he wanted to provoke Chen Feng.

Seeing Chen Feng getting closer and closer, he felt the turbulent killing intent, he trembled: "This young man, this uncle, please, don't kill me! Don't kill me!"

"I will give you whatever you want. You just came to the black market? I am familiar with everything here. If you spare me, I will do my best for you!"

"Oh?"

Chen Feng listened and moved in his heart. He looked at him and smiled and said, "Speaking of this, I really have a few questions to ask you."

"You can ask, the kid knows everything and can say nothing."

Hearing Chen Feng's words, the middle-aged man with sharp-mouthed monkey cheeks suddenly filled his heart with hope, and he hurriedly laughed and said flatly.

He looked at Chen Feng at this time, his face was full of frustration, where was the arrogant look just now?

Looking at Chen Feng, he said hopefully: "This uncle, I'm going to talk, can you spare me?"

Chen Feng looked at him with a sneer at the corner of his mouth: "You can't believe me."

"If you don't believe me, I will kill you now. If you answer, maybe I can spare you not to die."

The middle-aged sharp-mouthed monkey hurriedly smiled and echoed a few sentences, but did not dare to say anything more.

Chen Feng looked back.

After all, it was at the gate of the city, crowded with people coming and going, and speaking inconveniently, so I took him directly into the city.

After walking forward for a while, he came under a dead giant tree and sat down beside the slab-shaped root.

Throwing him away, watching him lightly said, "What's your name?"

The middle-aged pointed monkey cheeks quickly said: "The villain Diao Weiqi."

Chen Feng nodded slowly, then spoke and asked him many questions.

The questions Chen Feng asked were basically related to this valley of silence and the black market.

Naturally, Diao Weiqi knew everything, and he could not say enough, wishing to speak out about his ancestors of the eighteenth generation.

This question and answer lasted more than half an hour.

After more than half an hour, Chen Feng sighed softly and looked at the unknown in the mist.

Now, through Diao Weiqi's words, he has a deep understanding of the valley of dead silence and the black market here.

It turned out that this Diao Weiqi was also a matter of the people of the Dragon Vein Continent, but it was not from a well-known big family.

It was purely an accident that he was able to come to this desolate ancient ruin. There were more than a hundred people who came here with him.

But he was the only one who could survive, and the others died for various reasons.

For example, ancient Ming beasts, such as other human warriors, some even couldn't bear the environment here after they came here, and they were directly poisoned to death.

And this Diao Weiqi, regardless of being honest in front of Chen Feng at this time, is actually an extremely cruel and vicious character.

There are no fewer than a hundred lives that have died under his hands over the years.

Of course, Diao Weiqi himself would not say these words, but Chen Feng was able to guess it.

Diao Weiqi has been walking around the black market in recent years, specifically looking for newcomers who seem to be relatively low-powered and inexperienced, who have just arrived in the deserted ruins, to blackmail them.

And there are many people like him around the black market.

According to Diao Weiqi, the wall surrounding the black market is thousands of miles long, and there are hundreds of gaps on it.

There are at least thousands of them doing their job.

There are few people who work alone like him, and most of them are in groups.

Some even formed teams of dozens of people, controlling four, five or even ten entrances.

They can be said to live entirely on this black market.

As for the source of this black market, Diao Weiqi is not very clear.

This black market has not known how many years it has existed, but since Diao Weiqi has a memory, it has existed here.

It is said that there have been hundreds of thousands of years in this desolate ancient ruin.

As for who organized it for the first time, there is nowhere to test, and no one knows who is in control behind it.*novelusb.com*

However, what everyone knows is that this black market is getting bigger and bigger.

Originally, the black market only started once a year, but later it started once every three months.

But now, it exists every day, and a normal market has been formed.

In that bazaar, there were shops and stalls, surrounding the huge, dead giant tree, which is known as the largest dead tree in the entire desolate ancient ruins, and it has already formed the appearance of a nearly prosperous town.

The number of martial artists who are always there has reached nearly a thousand people, which is very bustling and lively.

Thousands of people, this number may seem small, but don't forget, this is a deserted ancient ruin!

Here is a deserted ancient ruin with perilous dangers, extremely high mortality, and everybody's strength!

Thousands of people means that there are at least a thousand warriors who are more powerful than the two-star Wudi.

How many warriors of the two-star Wudi on the Dragon Vein Continent are there in total?

I'm afraid this area already accounts for a considerable proportion!

And the business here is getting bigger and bigger, with more and more types.

All the treasures in the desolate ancient ruins will be brought here to sell or bought, and circulate here.

Even some treasures of the Dragon Vein Continent, which are not easy to sell in the Dragon Vein Continent, will be brought here and sold.

With such huge benefits, the various treasures that cross the water like gold mountains and silver seas every day, this black market will naturally attract the coveting of many people.

However, over the years, none of these coveting has become a reality.

There have been many people who have hit the idea of this black market, such as some self-reliant human warriors, robbing things on this black market, or not following the rules on the black market... etc.

[Chapter 3822: This is! black market!](#)

But these people ended up miserably.

And after more of these things happened, everyone in the deserted ruins knew one thing:

Although the black market does not know who is controlling it, behind this black market, there is a huge and powerful force second to none among the desolate ancient ruins.

And this huge force, on the black market, is equipped with fifty silver deacons.

These silver deacons are responsible for maintaining order on the black market, and no one dares to offend.

So far, from Diao Weiqi's mouth, Chen Feng has a deep understanding of this black market.

"It's worth the money to spare his life. I have learned so much news."

Chen Feng secretly said in his heart.

Chen Feng looked at Diao Weiqi, smiled and said, "Ask one last question."

Hope emerged in Diao Weiqi's heart, and he quickly said: "You say, you say."

Chen Feng whispered, "Do you know You Shaojun?"

"You Shaojun?"

After Diao Weiqi listened, he thought for a moment, then clapped his hands and said, "I don't know, but I have heard of him!"

"This You Shaojun is a famous bag in the black market."

"Although his strength is not very good, there is really not much he doesn't know in this black market."

"Many newcomers have to buy news from him!"

"What, sir, have you heard of his name before? Come here to buy news from him?"

Seeing his misunderstanding, Chen Feng did not explain, and smiled: "Yes, do you know where he is?"

"The villain knows, the villain knows."

Diao Weiqi nodded like smashing garlic: "He usually activities in the East Street of the black market, and you can find him by looking there."

Chen Feng nodded, took out a black robe and threw it to him, then put another one on himself, and said lightly: "Okay, wipe the blood off your face, put it on, and lead the way!"

Diao Weiqi's appearance now is quite noticeable.

Diao Weiqi nodded quickly, put on a black robe, and Chen Feng also put on one for himself.

The two walked forward one after another.

"correct....."

Chen Feng asked himself a question: "Why are the ancient Ming beasts that those people ride so tame?"

Diao Weiqi hurriedly said: "The son doesn't know anything about it. There is a mysterious organization called the Ancient Beast League in the deserted ruins."

"Ancient Beast League?"

Chen Feng frowned and said: "Specially taming ancient Ming beasts?"

"Say yes, so. Say no, no."

Diao Weiqi said: "This ancient beast alliance was not actually created by human warriors, but by a few extremely powerful ancient beasts."

Chen Feng raised his eyebrows, a little surprised: "It was created by Gu Ming Beast?"

"Yes."

Diao Weiqi nodded and said, "Many things of the ancient Ming beast are what we human warriors need, and many things of the human warriors are also needed by the ancient Ming beast."

"There are a few powerful and savvy ancient beasts who want to get those things from us, but don't want to take risks by themselves to grab them, so they founded this ancient beast league."

He smiled and said: "In fact, many of those ancient Ming beasts are subordinates of these powerful ancient Ming beast tribes. They are not sold to human warriors."nOre**lus**b.c**OM**

"It's just that you can rent these ancient Ming beast mounts from these powerful ancient beasts."

"That's it!"

Chen Feng suddenly realized it, and an extremely absurd feeling rose in his heart.

But shook his head, what is impossible in this world?

Chen Feng was not afraid of Diao Weiqi running, nor was he afraid of Diao Weiqi doing anything wrong.

With his current strength, he just raised his finger to kill Diao Weiqi.

What's more, Chen Feng now has the Celestial White Dragon Spear, a fourth-rank magic weapon, and he is very confident.

Have a sharp weapon in your heart and be brave!

Even if this black market is Longtan Tiger's Den, he is confident that he can make a breakthrough!

The two walked forward for about two hours, and Chen Feng saw that a pavilion appeared faintly not far in front, and there were noisy voices.

Chen Feng's heart was overjoyed: "It's here."

Soon, he came close.

Then, Chen Feng discovered that here, he had reached the underside of that huge dead tree!

Looking up, even faintly in the dense clouds, I can see a huge figure that looks like a huge pillar in the sky, supporting the sky!

Although I can't really see it, just from this shadow, just from this vague shadow, you can feel how huge this huge tree is.

Not to mention this giant tree, just the huge slab-shaped roots exposed below the ground are already tens of thousands of meters high.

It's like a huge wall.

And a small town was built on these huge slab-shaped roots.

At this time, what appeared in front of Chen Feng was a wild town.

When I arrived in this small town, it seemed that the fog was thinner, and I could see a little farther, and my sight reached a few hundred meters.

Chen Feng glanced at it, and within the range of several hundred meters, there were buildings everywhere.

These buildings are very rudimentary, and the tallest ones are only two or three stories high. They look very rough, as if they were built up with earth embryos and wood.

Some even excavated a cave directly above the slab-shaped roots, which served as a shop.

Others set up a stall directly on the side of the road.

The buildings here are weird and very simple.

The streets here are twisted and twisted.

The ground here is even a piece of dusty soil.

There are only two words that can describe this, that is: savage.

And here, all the people are hiding their faces, mostly wearing black robes.

In the mist, dangling like a ghost, sneaking around.

But at the same time, there is noisy and loud voices here, there are loud shouts, disputes, curses, anger, and even... screams!

More importantly, as soon as Chen Feng came here, he felt that the air and this space were filled with countless huge forces.

These forces fight each other, and even fight each other.

Colorful, magnificent light, light up from time to time, each with a strong and huge momentum.

Of course Chen Feng knew what this came from. It came from countless tyrannical treasures!

This small town in a savage land, like an abandoned land, reveals a savage and tenacious vitality like weeds!

It gives people a very weird, but thriving feeling!

Chen Feng sighed slightly, his eyes a little drunk!

He likes this atmosphere!

This is what it should be like in this deserted and ruined town!

The most important point is that as soon as he enters here, he feels that there are countless strange treasures here!

[Chapter 3823: Want to take me to Liwei?](#)

"The double puppet I want is also in it, isn't it!"

With Chen Feng's kick, he stepped on it.

Under his feet was a dusty ground, very simple, and even some pits and pits, it was trampled on by people and ancient Ming beasts.

Such a rudimentary town, who could have imagined that it contains such amazing wealth!

Chen Feng quietly looked at the figures in black robes.

Although these people cover their faces, their aura cannot be covered.

Looking around for a moment, Chen Feng was secretly shocked.

On this street, he saw that there were always hundreds of people.

Among these people, Emperor Wudi Erxing only accounts for about 20%.

Three-star Wudi is the mainstream, and even four-star Wudi is among them.

One or two more, at a glance, their strength has already approached the realm of the five-star Wudi.

Even Sirius, placed in this black market, is just a less visible figure!

Chen Feng sighed slightly, and his eyes suddenly lit up.

It turned out that in front of him, there was a man without a black robe.

Maybe it's not that it doesn't want to wear it, but this guy is too big to wear, it turns out that this is an ancient Ming beast. *NoVELUsB.cOm*

Chen Feng glanced at it, and only then discovered that there are many ancient Ming beasts, or half-human and half ancient Ming beasts.

More importantly, many of them walk upright!

Obviously, they did not come here as the mounts of human warriors, but came here as ancient Ming beasts to do business with human warriors.

Chen Feng was surprised, and then he suddenly said, "I want to come, these existences are those ancient Ming beasts with a higher level and an already open mind!"

Chen Feng glanced at Diao Weiqi and motioned for him to take him on.

Diao Weiqi nodded and led Chen Feng across the street to a crossroad.

Then, he turned to the right and walked forward along a huge slab-shaped root that was so high that there was no end in sight.

Chen Feng discovered that this small town took on a half-fan shape, and he was at the westernmost side of the fan shape.

This small town is really small, it only looks like four or five streets, and there are hundreds of shops.

However, the street turns and turns, which is very long.

But after this journey, Chen Feng was no longer surprised.

Because he saw a lot of ancient Ming beasts along the way, walking in this black market.

This means that these ancient Ming beasts are actually here to do business.

After Chen Feng learned about it from Diao Weiqi, he discovered that this was the case.

On this black market, not only human warriors are involved, but there are also numerous ancient beasts.

The ancient Ming beasts in the deserted ancient ruins are extremely large in number and extremely diverse in variety.

It is only known now, I am afraid there are hundreds of them.

Like the cloud **** bird, the purgatory fire **** ant, this is just the largest and most numerous race group.

There are many other ancient Ming beasts with a relatively small number.

And the small number does not mean they are weak.

On the contrary, some ancient Ming beasts have only a dozen or even dozens of them in the entire ethnic group, but just such a small number can be passed down in this barren ancient ruin, and it has not been cut off for hundreds of thousands of years and millions of years.

It can be seen how terrifying its strength is!

In fact, in the deserted ancient ruins, there has always been a rule, that is, the rarer the ancient Ming beasts, the rarer the ancient Ming beasts, the more difficult it is to provoke!

These ancient Ming beasts all have powerful strength, but also have extremely high IQ.

They came to this black market, in fact, the purpose of the human warrior is the same, that is, to do business.

Many materials on the ancient Ming beast are urgently needed by human warriors, such as life gems and so on.

However, the human warriors actually have many things that are very needed for the ancient Ming beasts, which can improve their cultivation and help them to live better.

Of course, the ancient Ming beasts who dare to come here are all ferocious and powerful.

Otherwise, if the general ancient Ming beast had come here, it would have been swarmed by countless human warriors, chop it, chop it, and divide it.

During the walk, Chen Feng was dizzy, and only felt that he was very knowledgeable.

This big world is really amazing!

And just as he passed by one of the particularly burly black-robed men, suddenly the black-robed man turned his head and stared at Chen Feng, sternly cursed:

"Little bunny, you don't have long eyes?"

Chen Feng raised his brows: "Is this scolding me?"

He turned sideways and looked at the man in the black robe.

This is a burly giant, about three meters tall. ,

The face under the black robe is not real, but can see two eyes as big as fists, the green light gleaming.

A group of ferocious and fierce, rushing toward the face, pressing down on Chen Feng fiercely!

However, Chen Feng was not afraid, just standing there faintly, looking at him without speaking.

Seeing Chen Feng's reaction in this way, the black-robed giant suddenly felt ashamed and said coldly, "Little bastard, what do you think?"

"You hit me just now! You know!"

He said in a commanding tone: "Now, don't you hurry down on your knees and give Lao Tzu a few beatings to apologize?"

A sneer was outlined at the corner of Chen Feng's mouth: "It's funny, I just came across these things as soon as I came in, it's really funny!"

At this moment, he was here, facing the black-robed giant man.

And Diao Weiqi aside long ago, his gaze swept across Chen Feng's face, and then fell on the black-robed giant man, his eyes flickered.

It seems possible to escape at any time.

And Chen Feng caught a bit of unspeakable bitterness and happiness from the depths of his eyes.

Even, there is still something to look forward to!

He seems to be looking forward to Chen Feng being here, being directly abused and killed by that black robe giant!

Chen Feng sneered in his heart: "I'm afraid it won't be what you want."

At this time, there was already a circle around Chen Feng and many people stood here watching.

Their eyes are full of scrutiny and scrutiny.

Chen Feng had a question in his mind: "What is this person doing to find me fault for no reason?"

However, when he saw other people's eyes, he understood it all at once.

"Here, although everyone can't see each other's faces due to the cover of the black robes, the aura is very easy to recognize and distinguish."

"Today, my aura and the aura of this black-robed giant man, I'm afraid they can remember clearly."

"Then, the reason why this black-robed giant provokes me for no reason is obvious!"

Chen Feng sneered in his heart: "It turns out that you want me to stand up!"

Obviously, this black robe giant is going to take Chen Feng and step on him to let everyone remember his reputation!

Also let others dare not provoke themselves in the future!

[Chapter 3824: You got the wrong guy!](#)

And Chen Feng understood: "If I retreat now, then under the eyes of everyone, I'm afraid that in just a moment, everyone here will know that I am a bully!"

"Then, when the time comes, I'm afraid these countless flies will come to me and take a breath of blood!"

Chen Feng was Chen Feng after all, and he sorted out these things in an instant.

Chen Feng looked at the black-robed giant man and sneered: "Do you take me to Liwei? Unfortunately, you found the wrong person!"

With Chen Feng's words, he directly broke the plan of the black-robed giant man, causing a fiery glow on his face.

And a question arose in his heart instantly: "Am I really looking for the wrong person? Is this kid actually good at strength?"

However, after carefully perceiving Chen Feng's strength, he immediately sneered with disdain.

He was already convinced that Chen Feng was the strength around the peak of Emperor Wudi, and his aura was not wrong.

"It seems that this kid has so much strength, but he knows a little bit more, so he is deliberately bluffing here."

He looked at Chen Feng and sneered disdainfully: "What about using you to stand up? What can you do with me?"

"Your two-star Emperor Wu, since you dare to come here, you must be prepared to be humiliated and killed by me!"

His voice was full of disdain, and there was a low voice of ridicule in the surrounding crowd.

"This kid is just a little two-star Wudi, who is still bluffing here?"

"Yes, two-star Wudi dare to come here, and it deserves to be bullied!"

Obviously, they also think that Chen Feng's strength is low and will only bluff here.

Hearing the voices of the people around him, the black-robed giant man became more courageous. He looked at Chen Feng and scolded: "Boy, don't you hurry down on your knees? I don't want to say it the third time!"

Chen Feng smiled slightly. He didn't say anything. At this time, everything was pale.

Chen Feng just made a move!

He just took a step forward and then blasted forward with a punch!

In his body, ten big bronze bones all lit up!

The mellow power of bronze color is faintly spread all over the body!

Behind him, the roar of eight golden dragons suddenly sounded, and 18 billion jin of power was fiercely poured into Chen Feng's fist, and then he was smashed fiercely!

This punch blasted everyone out of their favor!

"This punch is so strong!"

"Yes, this punch makes people feel, I'm afraid it exceeds 10 billion catties, right?"

"More than 10 billion catties, it seems that it has reached 20 billion catties!"

"Isn't this kid a two-star martial emperor? How could he make such a powerful punch?"

Their faces were full of horror.

Many people were forced to step back a few steps by this fist wind, and suddenly let go of a huge space.

And the people they watched have suffered so much pressure, let alone the black-robed giant who was directly enveloped!

After that punch, a disdainful smile flashed on the face of the black robe giant!

But the next moment, that disdain turned into shock!

In another instant, it became panic!

In panic, there was a deep regret: "This kid, why is the strength so strong? Why is this punch so powerful?"

"It feels like I can't resist it!"

"I feel that I will almost be killed by this punch!"

This black-robed giant man is a three-star martial emperor, so he admits himself, and is determined to eat Chen Feng!

However, the scene happening now has surpassed his imagination, making him extremely frightened!

But he has no time to think about it!

At this moment, Chen Feng's fist has completely enveloped him!

He can't escape, can't dodge, he can only block!

He let out a howl like a beast before he died, and suddenly his whole body turned into a blue color!

It's as if the waves hit the shore!

In an instant, that blue power poured into his body!

Then, within a few feet of him, he was dyed with a faint blue!

In the air, the sound of a rushing river suddenly sounded!

The next moment, he pushed his palms forward.

Suddenly, a phantom of blue waves appeared on the sky!

Like a big wave hitting the coast, it slammed into Chen Feng's fist!

Obviously, his offensive is quite impressive.

However, compared with Chen Feng, it is not enough!

In the next moment, the blue waves collided with Chen Feng's fist fiercely.

In an instant, the bronze light shines!

The bronze light, like a hot knife cutting through hot butter, with a soft piercing sound, it actually split the blue sea waves in half!

Then, blast it to pieces!

Then, Chen Feng's fist was severely printed on the chest of the black robe giant!

Everyone clearly saw that at this moment, the black robe giant's chest trembled violently, and his whole body was like chaff, shivering heavily.

Then, the whole body's muscles flowed like water. NovelUsb.com

The next moment, he let out a scream, flew out heavily and hit the ground.

He screamed sternly, spurted blood, and trembled violently.

In an instant, the robe on his body was soaked in blood.

Within three feet of a radius, the blood had turned into a small lake.

However, the blood that flowed out was a azure blue color, as if there were stars in it.

Obviously, the race of this person is definitely quite high, with a good background.

At this moment, everyone uttered a huge exclamation.

In fact, this exclamation was held in their hearts just now, but they had been witnessing Chen Feng's shocking punch, but it made them unwilling to even make the exclamation!

It seems that I am afraid to disturb this next scene!

At this time, I can finally breathe out this breath!

And with this sound of exclamation, there was a huge voice of discussion!

Everyone looked at Chen Feng, with a strong expression of shock on their faces: "This son is so strong?"

"Yes, he seems to have only the cultivation level of the second-star Emperor Wudi peak, but he hit the black-robed giant who has reached the peak of the three-star Emperor Wudi to death!"

"Yes, the black-robed giant man has no power to fight back at this time!"

"This son has a strength far beyond his realm. His true strength, I am afraid that he has reached the realm of the four-star Wudi!"

Someone categorically said: "It may even be higher!"

The person next to him slowly said in an old and indifferent voice: "This child may even deliberately suppress his own realm. Try to avoid entering too high a realm too early and growing too fast, which will affect his cultivation!"

[Chapter 3825: Some people, you can't afford it!](#)

His words immediately caused an uproar in the crowd.

In the uproar, with unspeakable emotion and envy.

"My generation of warriors, desperately improving their strength, want to improve the first level is not available!"

"And he, even deliberately suppressed his own strength, not let him improve too fast? What kind of talent is this? What kind of confidence is this?"

Someone sighed and said, "This son, he must be very talented, and he is backed by a big family. That's why he has such capital!"

"Yes, such a person is the most unprovoking. If you provoke him, I don't know what consequences it will bring!"

Everyone talked a lot, looking at Chen Feng, they were full of awe.

Obviously, Chen Feng has already been classified into the category of people who must not be easily provoked.

Chen Feng looked at the black-robed giant man, smiled and said, "I just said that you wanted to find me Liwei, but you found the wrong person."

"Why, is there a problem?"

At this moment, Chen Feng repeated what he said just now.

When he said this just now, the black-robed man was extremely disdainful and ridiculed.

The crowd around the audience also disagrees, thinking that Chen Feng is bluffing.

But at this time, when Chen Feng said these words again, they didn't think so.

The black-robed giant looked at Chen Feng with fear in his eyes, and his voice trembled, "Yes, yes, no problem, no problem, you are telling the truth!"

"I don't know how high the sky is, and I provoke you, you, you can spare me! Please spare me!"

The people around were even more silent, just looking at Chen Feng with shocked eyes.

Although they don't know who Chen Feng is, the aura of Chen Feng is already deeply imprinted in their hearts!

I warned myself that this person must not be offended!

Chen Feng knelt down and took off the hood of the black-robed giant man, revealing the face below.

His face was black, with fangs turned out and muscles knotted.

That head is the size of a millstone. Although it has a human profile, it is extremely ugly.

At this time, his originally fierce eyes had changed to only fear.

Chen Feng knelt down, patted his face, smiled and said, "In the next life, brighten your eyes, if you have another life..."

After hearing Chen Feng's words, suddenly, the black-robed giant man's eyes showed extreme fear.

He let out a stern cry: "Don't..."

Before the word 'ah' was said, he was choking in his throat.

His voice was cut off.

It turned out that Chen Feng was already holding its head with both hands, and then stuck it, twisting it aside!

With a crisp sound of breaking, the expression in his eyes dimmed, and his breath was already severed.

Chen Feng directly killed this black robe giant!

The black-robed giant's eyes dimmed, and in the end there was only a touch of regret that was so strong to the extreme.

He regrets!

I regret why I want to provoke Chen Feng and this powerful enemy!

Chen Feng stood up slowly, his eyes swept around.

And all the people who came into contact with him were in awe, bowed their heads, and did not dare to look at him.

Among them, even including several strengths not weaker than his existence.

A smile appeared at the corner of Chen Feng's mouth: "The strength of these people has reached the four-star Wudi or even higher. If you are against the enemy, you may not be sure of victory."

"But at this time, they don't even have the guts to look at me!"

"This is the deterrence! This is the benefit that I have just brought to kill the black-robed giant!"

This is also the reason why Chen Feng just wanted to kill the giant black robe in the shortest time!

It is to deter these people, so that they dare not do anything to themselves, dare not have any coveting heart, and let them realize that they are not easy to mess with!

Only in this way can you make as little trouble as possible in this black market and accomplish your goals as quickly as possible!

Chen Feng stared at them and slowly said, "My name is Feng Chen."

"Remember my breath, some people, you can't afford it!"

After all, with a cold smile, he turned and walked out.

Diao Weiqi was taken aback for a moment, and then hurriedly followed Chen Feng.

Although he is full of resentment towards Chen Feng in his heart, although he can't wait for Chen Feng to be killed here, but Chen Feng is not dead, he will act honestly for Chen Feng!

In the awe of everyone's eyes, Chen Feng and the two left.

But in just a short time, news of a young and powerful man named Feng Chen who seems to be not high in strength, but in fact, is really terrifying, has quietly circulated.

Of course, the speed of news here is not so fast.

The place where Chen Feng came over was West Street, so it only spread on West Street, and it has not spread to East Street.

And Chen Feng's destination is surprisingly East Street!

Soon, the two of Chen Feng bypassed a slab-shaped root with a height of ten thousand feet, like a high-strength mountain range, and came to East Street.

There is not much difference between East Street and West Street just now, except that there are not many self-built houses.

Because the location of this East Street is between the two slab-shaped roots, and the two slab-shaped roots are too close to each other, only a few tens of meters apart.

The two slab roots are about tens of thousands of meters high, squeezing the middle like a small canyon.

and so. Relying on these two slab-shaped roots, this East Street is formed.

All the shops on East Street are all excavated on the slab-shaped roots.

The tall one is about a hundred meters above the ground, with three floors above and below.

The short one was just two or three feet away from the ground, and you could step into it as soon as you lifted your foot, and the facade was just a small tree hole.

At this time, the sky had begun to darken slightly.

Although this deserted ancient ruin, the valley of dead silence, is shrouded in a mist, the rising and sunset outside also affect it.

For example, in the daytime, it will be brighter in the fog, and the visibility will be higher.

On East Street, many shops are already quietly lit up.

From a distance, it was spotty, ups and downs, and in this mist, there was a rather dreamy feeling.

Chen Feng sighed slightly, and suddenly excited in his heart: "This is why I want to be stronger!"

"I just want to explore the size of this universe, and I just want to understand this vast world!"

"If you don't have this kind of strength, if you don't come out and walk, where can you see such a scene?"

And just when Chen Feng and the two were about to step into the East Street, Chen Feng suddenly saw Diao Weiqi next to him, shaking violently, with a deep look of fear on his face!

Obviously, he was afraid of something!

[Chapter 3826: That's it?](#)

Chen Feng raised his brows: "What is he afraid of?"

At this moment, Chen Feng's heart suddenly jumped and he suddenly raised his head.

The next moment, I took a breath, took a step back abruptly, and a deep chill rose in my heart!

It turned out that at the moment Chen Feng raised his head, he saw that a figure was standing there by himself at a height of about fifty meters above the slab-shaped root on his left hand.

This figure is about two meters tall and is wearing a silver robe.

And his face is wearing a silver mask.

However, the shape of this silver mask is very peculiar, just like a huge beak.

The long, one-foot beak protrudes outside.

Although he couldn't see his face, he couldn't even see the outline of his head.

He just stood there obliquely, without any momentum on his body, and he felt like an ordinary person.

But there is no momentum on the body, but it is precisely the biggest problem!

Because Chen Feng didn't even feel how he arrived!

Chen Feng didn't even know how he got here, or how long he stayed here!

So that Diao Weiqi discovered this person's arrival before Chen Feng.

Chen Feng was shocked: "This person is much stronger than me, and it has formed a perceptual crush on me!"

"What the **** is this person?"

Before Chen Feng could ask, Diao Weiqi, who was next to him, had already plopped and fell to his knees, repeatedly kowtow.

While kowtow, he shouted loudly: "My lord deacon, my lord deacon, I'm just this person's attendant."

"What happened on West Street just now has nothing to do with me!"

"I don't know who he is, and I don't know who the dead person is. I was just forced to lead the way by him. Please be aware of the deacon!"

While shouting, kowtowing frantically.

Obviously, he was extremely afraid of the so-called deacon, for fear that the other party would punish him.

"deacon?"

After hearing these two words, Chen Feng frowned.

Before he came here, he had heard that there were a number of silver-clad deacons in this black market, patrolling here to maintain order.

They are the power of the masters behind the black market.

"It turns out that he is a deacon? His strength is so terrifying? No wonder he can control this black market!"

However, despite knowing the origin of this person, Chen Feng did not have any fear when facing him.

He even looked calm and calm.

Chen Feng believed that he came to him for the matter just now, but he didn't believe that this person would directly do it on himself.

Just now, he obviously had reason, and in this black market, he couldn't help but kill.

If you have to be punished for that incident just now, how can these deacons be so careless in their work, how can they maintain the stall of Nuo Da?

"not to mention....."

A cold light flashed in Chen Feng's eyes: "Even if he really wants to do something, I'm not afraid!"

He still has a hole card!

At this moment, the deacon also spoke slowly, with a voice like a flute, whimpering and slender: "Just now, you killed someone on West Street?"

"Yes."

Chen Feng nodded slowly: "I killed people."

The deacon said again: "He provoked?"

"Yes!" Chen Feng nodded again.

"it is good!"

The deacon nodded, then pointed to Chen Feng and said: "In this black market, don't take the initiative to cause trouble, or you will die miserably."

After all, without saying more, he turned around.

And Chen Feng hadn't seen it clearly, but felt a flower in front of him, and the deacon had disappeared.

Chen Feng was shocked again: "The light-weight exercise he cultivated is quite impressive, I'm afraid it's at least the level 4 and 5 of the wild level, so that I can't see it clearly."

However, he was also quite surprised.

"The way the deacon handles things is concise enough, so this is the end of the matter?"

"Sure enough, those who can control this promise are all desperadoes, and the black market of very powerful people, these deacons really have two brushes!"

Chen Feng secretly admired.

"That's it?"

At this time, not only Chen Feng but also Diao Weiqi had this idea in his mind.

He knelt on the ground blankly, his face full of disbelief.

"Okay, get up!"

Chen Feng smiled coldly, looked at him teasingly, and said lightly.

Diao Weiqi smiled and got up.

When Chen Feng looked at him, his heart was filled with greasiness.

This Diao Weiqi is really a villain, and in such a short time, he has been prepared to cheat him twice.

These two times, he put it plainly, because he wanted to be cleaned up by others, so he could take the opportunity to get away.

However, Chen Feng will not settle accounts with him now.

"It's not the time yet, but wait! Alright!"

A cold color flashed in Chen Feng's eyes.

Diao Weiqi smiled and got up, he naturally knew that Chen Feng had already seen his mind.

Chen Feng said lightly: "Okay, let's go!"

Diao Weiqi was overjoyed, thinking that Chen Feng would not hold him accountable.

However, he did not see Chen Feng looking at him with a cold look in his eyes.

Chen Feng has never committed a crime against me, and I have never committed a crime.

But Diao Weiqi is so sinister today. First, he wanted to kill him. He only let Diao Weiqi lead the way, which was magnanimous enough.

In this process, Diao Weiqi actually wanted to frame him twice, so how could Chen Feng spare him?

Diao Weiqi took Chen Feng all the way forward, and soon came to the depths of East Street.

Then, it stopped in one place.

Chen Feng looked around, and saw that at a height of about fifty meters above the ground, a shop about three to four meters high appeared there.

This shop is obviously not small, with a facade about four meters high and three meters wide.

And there are two layers of windows on the facade, obviously inside this huge slab root should be a three-story shop.

Next to the facade, three words were written: Teiyaozai!*nOVelUS&.cOm*

"Teiyao Zhai? Is it really a big tone, is it a magical medicine refined by the Emperor of Heaven?"

Chen Feng smiled.

Suddenly, there was a movement in his heart. Suddenly, his eyes became a little blurred and deep, but he suddenly thought of the vast South Wilderness! That sky-reaching building tree!

Also, the people up there!

The three words Emperor Yaozhai evoked his memories. At the top of the Jianmu that day, didn't it mean that there was a treasure house of the Emperor of Heaven!

"On that day, I didn't have the strength to open the Emperor Treasury. Later, after all the agencies were exhausted, I just opened the first floor."

"There are still several layers on top! I don't know what treasure is inside!"

[Chapter 3827: See You Shaojun again!](#)

"But since it can be called the treasure house of the Emperor of Heaven, it must be of extremely high level, I am afraid it is also extremely terrifying for me now!"

"I don't know now, how many floors can I open."

He sighed softly: "When these complicated things are over, I'm going to Southern Wilderness, not only for the treasure house of the Emperor, but more importantly..."

"I miss Sister Yellow Bird."

Chen Feng suppressed the sudden surging emotion in his heart and looked up at the shop in front of him.

Let's solve the immediate matter first.

The doors and windows didn't know what materials they were made of, and there was a slight black and white light in the hazy night.

Chen Feng knew that this kind of light was usually related to space, and that light would flash.

Diao Weiqi glanced at Chen Feng in awe, and whispered: "My lord, that You Shaojun, you have been here recently."

Chen Feng nodded, his figure flashed, and he came to the door.

Outside the door was a small platform. Chen Feng carried Diao Weiqi and stepped on it.

At this moment, suddenly, with a squeak, the door opened, and a person walked out of it, just in time to meet Chen Feng.

As soon as he looked up, he saw Chen Feng.

After seeing Chen Feng, he showed a deep surprised expression on his face, and shouted out of his voice: "It turned out to be you?"

Chen Feng also raised his brows, and then smiled faintly: "What a coincidence."

It turned out that it was You Shaojun that came out from the inside.

The two met just by coincidence.

However, You Shaojun is a deep man in the city after all. The surprise after seeing Chen Feng was only a moment, and he immediately returned to normal.

Looking at Chen Feng, a thick and flattering smile appeared on his face: "After I passed the book to the adults, I guessed that the adults should be here within a few days."

"Unexpectedly, you came so fast."

"Moreover, I am ready to pick you up at the city gate. I didn't expect you to find it by yourself! Really awesome!"

Chen Feng smiled and patted Diao Weiqi next to him, and said indifferently, "I must thank this man for his help."

"If it weren't for him, I wouldn't find it here."

You Shaojun's sharp gaze swept across Diao Weiqi's face, and he nodded slowly, and he already knew what was going on.

He didn't want to say more, he stretched out his hand and let out the half-open door, smiling:

"Master Feng, the seller of the substitute puppet is the owner of this shop."

"It's also a coincidence today. That adult happens to be in the shop, why don't we come in and talk?"

His face is full of smiles.

Chen Feng slowly nodded, took a deep breath, and suddenly stared at You Shaojun unblinkingly.

You Shaojun hurriedly turned away, lowered his head not to look at Chen Feng.

However, the bitter bitterness, pride, murder, and mixed look that had just been revealed in his eyes was caught by Chen Feng.

Chen Feng thoughtfully: "It seems that today's trip, Longtan Tiger Den, is extremely sinister!"

"but!"

A voice blasted in his heart: "So what? I, Chen Feng, what's the fear!"

He glanced at You Shaojun deeply, smiled and patted him on the shoulder, then carried Diao Weiqi and strode into it.

You Shaojun also followed in.

Then, in the next moment, with a click, the door was gently closed behind him.

When the door behind him closed, Chen Feng immediately felt that the room was quiet for an instant.

It's like a great virtue and monk, holding the copper bowl in his hand upside down, buckling this space inside.

In an instant, this space was completely isolated from the outside.

No matter how big the movement is inside, I'm afraid that it won't be heard outside.

Chen Feng's spiritual power came out and explored.

When I reached the door, I found it, as if it was blocked by a high wall, and could no longer detect it.

Chen Feng knew that although this tree house looked unremarkable, it actually had a strong isolation, sound effect, and even a function of partitioning space!

However, Chen Feng is not sure whether all the shops here are like this, or only this one.

Chen Feng calmly looked at the shop.

This shop does not look big on the outside, but the space inside is not small, with a radius of about 100 meters.

Chen Feng saw that there were rows of tall shelves in the shop near the walls.

All kinds of things are placed on the shelves.

Among them, most of them are box after box.

These boxes are big and small, the big one can stand up to one person, and the small one is only about one foot square.

And all the boxes are made of a special material.

This kind of special material, Chen Feng had known before, is a special product in this barren ancient ruin.

The whole body is purple with faint starlight shining. It is a kind of metal with excellent airtightness. It is generally used to store various medicinal materials to prevent the medicinal gas from leaking.

Chen Feng looked and raised his brow.

This kind of purple starlight metal is extremely precious, even in the deserted ancient ruins, it is quite rare.

And here, on the two shelves on both sides of the east and west, there are hundreds of such boxes.

Each one is cast in purple starlight metal.

It can be seen that the owner here is absolutely rich in money!

Moreover, when Chen Feng glanced over it, he could feel that even if it was sealed by a box cast in purple starlight metal, dozens of strong medicinal incense came out of it. In this shop Exudes among them!

Obviously, the medicinal materials here are extremely high.

Even this purple starlight metal box cannot be sealed.

It can be seen that the preciousness of this medicinal material is far better than this box!

Chen Feng sighed lowly: "This black market of barren ancient ruins is indeed Crouching Tiger, Hidden Dragon."

"Don't talk about anything else, just talk about this shop, if all these things are sold on the Dragon Vein Continent, they are probably equivalent to the value of a small seven-star auction house."

"And, this is only one of hundreds of shops in the black market! It is really shocking!"

There are three shelves in this shop.

On the shelves on the left and right are all kinds of purple starlight metal boxes, and the shelves on the wall facing Chen Feng, that is, on the side of the door, are exceptionally high.

It has been divided into thirty floors from the top of the ground channel.

It is divided into about hundreds of grids.

However, most of these hundreds of grids are empty.

There are only about a dozen grids.

Chen Feng glanced at these things and moved in his heart.

[Chapter 3828: There is a five-star Wudi!](#)

Each of these things is a little strange, and each one is extremely rare.

However, Chen Feng dared to be sure that this was definitely not a medicinal material.

Moreover, every feeling given to Chen Feng contained a thick and obscure, but huge aura.

There was something similar to a half of a tree root, and there was a thing that looked like a dead branch, but there was a gleam of light on the section.

There was even a huge phalanx that was two people tall, and I didn't know what creature it was.

On the finger bones, blue fluorescence shone, just like the finest jade mixed with blue metal casting.

Not only does it not give people a sense of gloom and terror, but there is a kind of noble and gorgeous atmosphere.

The entire shelf is similar to this.

After two glances, Chen Feng had a bottom.

"Presumably, this shop mainly sells all kinds of medicinal materials specializing in the deserted ancient ruins, as well as some strange and strange treasures."

"It's no wonder that only such a shop can find such a rare treasure as a substitute puppet!"

Chen Feng just glanced at it, and understood the situation in the shop.

And he just spent less than one and one second to scan the shop.

Soon, his gaze fell directly in front of him, completely attracted by the front.

Because, at this moment, ten meters away in front of Chen Feng, a figure is standing proudly!

The moment Chen Feng saw this figure, he suddenly felt that an overwhelming aura was severely suppressed!

This imposing manner is extremely domineering, extremely tyrannical, and there is almost a feeling that Chen Feng can't help but fall directly to the ground, unable to stand at all!

Chen Feng's heart jumped fiercely: "This person's strength is absolutely terrifying!"

This person just stood there with his hands behind, leaving Chen Feng's back.

And he seemed to be looking up at something.

However, just such a simple figure standing with one hand on one hand gives people a strong sense of oppression!

For a moment, Chen Feng couldn't help being confused.

But he didn't panic. In his mind, the golden mental power flowed, and an invisible golden light flashed on the surface in an instant.

Immediately, Chen Feng returned to normal.

And when he looked forward, he saw that that person was just an ordinary warrior, that is, a little stronger!

The previous oppressive feeling was a snap, which was directly punctured by Chen Feng like a blister.

He has completely returned to normal.

At this time, Chen Feng also saw his strength!

Five-star Emperor Wu!

Amazingly, another five-star Wudi!

A strong man who is not weaker than Sirius.

However, when Chen Feng looked at that figure, not only was he not afraid, but his expression instantly fell cold.

Obviously, when Chen Feng came in just now, this person used his mental power to influence Chen Feng, and used his powerful strength to suppress Chen Feng, only then did he feel the same way just now!

"This person has been ill-intentioned since I entered the door."

"If I don't have that golden mental power, if I'm completely suppressed by him, then what will happen next..."

Chen Feng didn't need to think about it, I was afraid that this group of people would swallow themselves even the belt and bones!

He turned his gaze to see, and there were two people standing beside him.

It's just that the person's light was too dazzling just now, so after Chen Feng came in, his attention was focused on him, and he didn't notice these two people.

At this time, only had time to look at it.

The one on the left was a burly giant, taller than what Chen Feng had killed on West Street before.

The height is about four meters, and he is extremely strong, his shoulder width is almost the same as his height.

It feels like a strong square.

He was wearing a heavy bronze armor and a bronze helmet. He even wore those bronze gloves on his hands and bronze boots on his feet.

Chen Feng saw that the edge of the armor was at least about two inches thick.

The weight of this body is probably extremely alarming.

And the weapon in this person's hand was a huge mace measuring five meters long, and he stood there like a huge cold bronze puppet.

Only a pair of eyes were exposed in the gap under the helmet, staring at Chen Feng firmly.

His eyes were full of looking down, arrogant, disdainful, and tyrannical murderous intent!

Seeing Chen Feng gaze at him, he shook the mace in his hand and nodded at Chen Feng!

The provocative meaning is very strong!

Chen Feng smiled faintly as if he hadn't seen it.

He could tell the strength of this person at a glance, and it was almost like the mid-stage of the Samsung Martial Emperor.

Chen Feng didn't care about this strength at all.

As for his provocation, Chen Feng directly ignored it.

Such a person's provocation, he would not care at all.

Chen Feng turned his gaze to the other side again, and on the other side was a guy who was flushed all over.

Yes, it can only be described by a guy, it is like a goldfish magnified many times.

However, this goldfish has two legs and two arms, and even the head is still the head of the fish.

Obviously, this thing is a foreign race, not a human being.

He stared at Chen Feng with dead eyes, which was full of insidious poison.

The weapon in his hand was a seven-foot golden harpoon.

At this moment, the person who had turned his back to Chen Feng before suddenly turned around.

After Chen Feng saw his looks, he raised his brows.

This person is quite tall and sturdy, with an unspeakable domineering.

However, one of his faces was already sparse, and a standard cross was drawn.

The skin and flesh rolled up and looked terrible.

He looked at Chen Feng, and his eyes flashed with surprise: "You little fellow, not bad, can you withstand my mental pressure?"

"It's kind of interesting, it's kind of interesting."

He looked at Chen Feng with a trace of scrutiny in his eyes.

However, when he saw Chen Feng's realm clearly, the examination turned into disdain.

The corner of his mouth was hooked, revealing a smile full of overlooking: "It turns out to be a little guy from Emperor Wudi."

"It seems that you were able to escape my spiritual coercion just now. Either you have treasures on your body, or you are lucky!"

"Otherwise, how could you be able to avoid it with your little bit of strength?"

He seemed to be muttering to himself, but his voice was so loud that everyone could hear him.

Obviously, he made no secret of his contempt for Chen Feng.

And the two attendants next to him also made a rough or shrill laugh.

You Shaojun walked forward with his waist down, first saluted the person extremely flatteringly, then stood up straight, looked at Chen Feng and said, "Feng Chen, I'll introduce you."

[Chapter 3829: Can you afford it?](#)

"this....."

He pointed to the one standing in the middle and said, "It is the master of this Emperor Yaozhai, Qin Zhesheng, Master Qin, and the master of the substitute puppet."

Then, he pointed to the giant bronze armored man: "This is Dongfang Yan."

Pointed to the guy who looked like a goldfish again: "This is Lord Xiang." "

At this moment, when he talked with Chen Feng, he no longer had the respect he had before, but instead brought a hint of arrogance.

And what he called Chen Feng has changed from the former Master Feng to Feng Chen now.

Chen Feng took a deep look at You Shaojun, and a smile appeared in his eyes: "You are not afraid of me now, are you? There is no fear of me now, right?"

"You think you have a new backer now, don't you?"

And after you came into contact with Chen Feng's eyes, You Shaojun shivered instantly, and a wave of fear surged in his heart.

He suddenly remembered what had happened between himself and Chen Feng, and remembered Chen Feng's methods.

Suddenly, there was an emotion called fear in my heart.

But then, this emotion was severely suppressed by him.

A voice in his heart was roaring: "I now have Qin Zhesheng as a backer, and Qin Zhesheng also told me that there is no problem in my body!"

"The so-called poison is definitely Feng Chen, a little **** who lied to me!"

"Damn, what am I afraid of him doing now? What am I afraid of him doing?"

"I am going to kill him here today!"

Thinking of this, the fear in my heart has disappeared.

He glared back at Chen Feng fiercely, his eyes showing the murderous intent like a wild wolf.

However, Chen Feng gave Yun Danfeng a light smile, ignoring him at all, his eyes were indifferent.

At this time, he was already determined in his heart, I'm afraid it won't be so smooth this time.

Now that I want to open this point, there is nothing to be afraid of.

The soldiers came to cover the water and earth!

"If there is any trick, I, Chen Feng, will continue!"

Qin Zhesheng looked at Chen Feng and spoke slowly.

His voice was very strong and powerful, with a condescending sense of control over everything: "Boy, you want to buy a double puppet, right?"

Chen Feng nodded slowly, without speaking.

"Stand-in puppet is an inexorable treasure from the deserted ancient ruins."

"It's a coincidence, I really have such a one here!"

"But, this thing is extremely rare even in the ancient ruins, at this price..."

He didn't smile and said, "But it's not low!"

He looked down at Chen Feng and said in a contemptuous tone with a strong sense of superiority: "You kid, a two-star Wudi, can you buy it?"

In those words, the contempt for Chen Feng made no secret.

An anger rose in Chen Feng's heart, his eyes getting cold.

However, he did not have an attack.

This time, Chen Feng's purpose is very simple, that is to quickly get the double puppet, and then quickly return to the Xuanyuan family.

He really didn't want to have extra branches.

Chen Feng looked at him with a calm voice: "Your Excellency might as well make a price."

"Come on, okay, you kid really has the courage."

Qin Zhesheng laughed, stretched out five fingers, and gestured: "This double puppet, I don't want you too much."

"Five hundred gems of life!"

"If you can take out five hundred life gems, I will ask you to take this double puppet away!"

Five hundred gems of life!

When Chen Feng heard this, his pupils suddenly shrank and he sneered in his heart.

These five hundred life gems have clearly exceeded the price of the substitute puppet.

Obviously, Qin Zhesheng was talking about the lion.

Before, Chen Feng, Diao Weiqi, and You Shaojun had all talked about this issue. Although the two have been mixed in the black market for so many years, although they have never seen a double puppet, they have heard of the legend about the double puppet.

When a substitute puppet appeared in the black market before, although it was quickly bought out, the price was only three hundred life gems.

You know, the gems of life are in this desolate ancient ruins, that is the hardest currency!

Not only is it extremely valuable, but also extremely precious, but more importantly, it is the greatest support for human warriors to survive in the deserted ancient ruins!

The gem of life is the most valuable treasure in this desolate ancient ruin, not one of them!

Three hundred life gems, is already a four-star martial emperor level warrior, all the wealth that can be obtained in two, three or even five years in the deserted ruins!

Not to mention five hundred gems of life!

Five hundred life gems, even the five-star Wudi, may not be able to get it!

This number is already extremely amazing!

After all, not everyone is like Chen Feng, who can kill so many misty birds and get so many life gems in a short time.

Qin Zhesheng's asking price has completely exceeded the original price of the substitute puppet!

Obviously, he just bullied Chen Feng's young and weak strength, and beat him into a bully!

Chen Feng's heart was burning with anger. At this time, he was already quite angry, and even more murderous!*novelusb.com*

"The second time, this is the second provocation!"

This is already the second time Qin Zhesheng has provoked him after he came here!

However, thinking of the big plan in his heart, Chen Feng took a deep breath and pressed the anger down.

He endured this tone!

He just wants to achieve his goal now, he just wants to leave with a substitute puppet, and doesn't want any accidents.

"The big things are important!"

Chen Feng said to himself countless times in his heart!

Finally, Jean let out a sigh of relief, suppressed the anger, and then said lightly: "I have to see the double puppet first, I have to see the real thing of the double puppet!"

Hearing Chen Feng's words, Qin Zhesheng's face suddenly showed a touch of surprise.

Dongfang Lin and Xianggu looked at each other, and the eyes of several people were full of surprise.

At the same time, a deep-seated greed arose!

A few people instantly understood what each other meant!

Qin Zhesheng secretly said in his heart: "Looking at this, this kid can actually get five hundred life gems?"

"Yes, if you can't get these five hundred life gems, I'm afraid he turns around and leaves at this time, and he won't ask to see it."

"It seems that he should be determined to win the double puppet. In that case..."

A smile flashed in Qin Zhesheng's eyes, staring at Chen Feng, his eyes were like wild beasts catching prey.

Then, Qin Zhesheng waved his hand.

Dongfang Lin snorted coldly, turned around and strode to the third shelf, and dragged a box from it.

This box is not too big, it is only about one foot in radius, but it is unimaginable to look at it.

This burly man, who has reached the level of the three-star martial emperor, was a little struggling to move in, panting heavily.

[Chapter 3830: This is the double puppet!](#)

Then, he threw the box severely in front of Chen Feng and opened the box.

As soon as the box was opened, Chen Feng suddenly felt that an extremely obscure and gloomy black light came out of the box.

This obscure light instantly permeated this shop.

At the same time, everyone in the shop felt a strange feeling.

They were like a flower in front of them, and they saw their past in an instant.

I instantly saw the years and pictures I have seen in the past few years!

Chen Feng is no exception.

He felt that the picture in front of him suddenly flowed.

At this moment, he saw the picture from a year ago, lifelike, just like yesterday.

Then two years ago, three years ago, four years ago...

Time has gone by constantly.

Chen Feng was shocked in his heart. He looked around, and then he saw Qin Zhesheng, Dongfang Wei and others, all of them standing there with confused faces and no focus.

Obviously, they are already obsessed with that memory.

"They have almost lost themselves, but I seem to be different from them."

"Although I am constantly reminiscing about the past, and my original memories are constantly flashing before my eyes, I have not lost my heart or lost my mind."

"Even, you can observe their situation as if it were a..."

"Bystander!"

Chen Feng quickly realized this.

And the next moment, he knew the reason.

At this time, in Chen Feng's spiritual world, the faint golden spiritual power permeated, protecting his spiritual world.

"That's the case, it turns out that because of this, I can read these memories like a bystander, instead of being immersed in them."

But the next moment, he was not only shocked, but surprised and happy.

"I start with the memory, but when I was six years old, I remember being adopted by the master."

"However, there is no memory of those before, so I don't know at all."

"If I could take this opportunity to find my previous memories, then it would be great!"

Chen Feng looked forward with expectation as the picture in front of him kept going and spreading bit by bit.

Eight years old...seven years old...six years old...

Finally, the picture came to the place where Chen Feng's memory began, and suddenly, in Chen Feng's expectant gaze, a beam of light suddenly appeared in front of him!

The vast white light instantly filled Chen Feng's sight.

Then, with a loud bang, Chen Feng only felt severe pain in his head.

He couldn't help but snorted, took a step backward, and shook his body heavily.

The picture before him has completely dissipated.

When Chen Feng opened his eyes again, he found that the black light that had come out from nowhere had disappeared without a trace.

And Qin Zhesheng, Dongfang Wei and others all recovered.

Chen Feng's gaze fell into the box, only to see that inside the box was a small statue about eight inches high.

I don't know what material the statue was made of. It was neither gold nor stone, nor jade nor wood. It was dull, but the surface was dimly lit with a black light.

The shape of this statue is strange and simple.

It can even be said to be rough.

It has a big head, slender body, and limbs.

But his limbs were twisted unnaturally, as if they were tied behind him by an invisible chain.

The expression on that head is also extremely weird.

As if feeling Chen Feng's gaze, the statue seemed to come alive, suddenly grinning at Chen Feng.

However, there was an unspeakable resentment in that smile.

Therefore, Chen Feng suddenly realized that this thing is a refined spiritual thing!

In essence, it is a top treasure.

But there is spirit!

In other words, there is a sense of resentment and hatred.

"No wonder, it will be resentful!"

Chen Feng whispered to himself: "From the moment it was refined, it probably realized its own destiny and knew its purpose."

"From the beginning of consciousness, I know my purpose and destiny is to replace some human warriors to block the death blow in their lives!"

"So, how can you not be resentful?"

While Chen Feng was observing closely, Qin Zhesheng sneered at him with disdain: "You kid, from the perspective of your performance, you thought you had any means, and you thought you had something strange."

"Unexpectedly, you can't even resist the impact of memories on this double puppet, it's just a waste!"

"Yes!"

Dongfang Yu laughed, his voice full of contempt:

"In that memory shock, we are safe and sound, and you will take a step backwards, and you are still a little unbearable!"

When Chen Feng heard this, he was taken aback.

Then, he shook his head and smiled.

"They think so? They think I can't resist it?"

Chen Feng was disdainful, and didn't bother to distinguish.

They are really ignorant, they don't know that in Chen Feng's mind, the seal of past memories is not known how powerful it is!

The strength of that great power has long surpassed their imagination, and it may even be out of the scope of the Dragon Vein Continent.

The power of this substitute puppet collided with it, and it collided with the power of the seal a little bit, and it was invincible, and was directly beaten back.

Chen Feng just took a step backward with a muffled groan because the two forces collided and his body couldn't bear it.

But they thought Chen Feng could not bear the power of reading past memories.

As everyone knows, Chen Feng can bear that power more than any of them.

When Chen Feng was able to escape from that memory and observe their reactions, they were still immersed in it, unable to extricate themselves!

Chen Feng is stronger than any of them, I don't know how much, but they are still here to laugh at Chen Feng.

Really ignorant is ridiculous!

Chen Fengli didn't bother to pay attention to them, but continued to look at the double puppet.

After a while, he discovered that above this thing was actually a trace of time and life.

Unspeakable, unpredictable.

So at this moment, Chen Feng was sure that this double puppet was absolutely real.

If it is not true, it is absolutely impossible to create such a feeling.

Qin Zhesheng's impatient voice sounded: "Little bastard, have you seen enough?"

"Now I have taken out the substitute puppet. Where are the five hundred life gems?"

"I tell you!"

He stared at Chen Feng and said provocatively: "If you can't get those five hundred gems of life, and dare to play with your grandpa, I will make you look good today!"
