[Chapter 3841: Reincarnation jade card!](#)

"At this moment, this group of clear light is a hub and a hole connecting time and space!"

"Could it be that?"

The thought in Chen Feng's heart just flashed past, and suddenly, the cyan light exploded directly.

Then, something fell out of the blue light.

Chen Feng was extremely quick, and when he reached out, he held it in his hand.

Then, the cyan light disappeared directly.

It turned out that Qin Zhesheng's body disappeared out of thin air!

It was as if his body had turned into the thing in Chen Feng's hand!

At this time, Xian Gu and others looked at the things in Chen Feng's hands with extremely hot eyes.

They are not stupid, they naturally know that the cyan light that Qin Zhesheng's body turns into is so weird, then the things that fall out of it are also very promising, and they are definitely treasures.

Chen Feng's icy gaze swept across, as if a basin of cold water poured down, all the scorching heat in their hearts was poured out.

Chen Feng looked down. He was extremely curious about this thing!

But I saw that in his hand, there was actually a jade card.

It is about five inches long and three inches wide, the size of a palm, extremely gentle and smooth, and the whole body is blue with cyan glow.

And in that blue light, there are still many fine mottles.

However, this mottled not only did not eclipse the jade card, but also gave it an indescribable sense of mystery, just like a sky full of stars falling into it.

When Chen Feng glanced at it, there was an illusion that the soul would be absorbed!

When Chen Feng turned it over, he saw two large characters written on the back.

These two big characters are extremely complicated, as if they have thousands of strokes, and each gesture is like a snake and a worm, full of deliberateness.

It is even more grotesque!

He didn't know these two words, but he suddenly knew what they were called: reincarnation!

Reincarnation!

Reincarnation jade card!

When Chen Feng felt his head exploded, he immediately knew the name of the jade medal.

He didn't know why, but this information seemed to hit his mind directly.

Chen Feng's heart throbbed instantly, put it away, not daring to look again.

Now is not the time to watch.

However, at the moment when he put it away, Chen Feng's heart suddenly burned, and he immediately realized that, I was afraid that this jade medal had a deep connection with the ultimate secret about the deserted ancient ruins that Qin Zhesheng just said.

Then, Chen Feng stopped staying, turned around and left.

Naturally, Xianggu and others did not dare to stop.

As soon as he left the door, two short screams came from the door.

Needless to say, You Shaojun and Diao Weiqi were naturally killed.

The one who killed them was naturally Xianggu.

Chen Feng smiled faintly. He had expected this result a long time ago.

Xianggu can be regarded as a person of some identity in this black market.

Before he kowtowed his head in front of him begging for mercy, that kind of ugliness was seen by You Shaojun and Diao Weiqi. He did not dare to kill Qin Zhesheng himself, and was seen by both of them.

If the two of them do not die, it would be extremely embarrassing for him to spread the news today.

How could he allow the two to leave alive?

If Chen Feng hadn't guessed this, he would have killed You Shaojun and Diao Weiqi himself.

These two, **** it!

At this moment, in the shop, after Xian Gu killed two people, he immediately jumped up like crazy.

Then searched frantically in this shop.

He flipped through the boxes and cabinets, put away some of the things that were scattered when Chen Feng filled the medicinal materials just now, and then quickly put them in a box, with a distressed expression on his face.

"Feng Chen just now seems to be from a big family. Not only does he know the goods very well, but it is also wasteful enough."

"With so many treasures, he sprinkled so many debris and debris, it really hurts me!"

"However, I have collected it now, but it is a small profit."

Not to mention what he thought in his heart here, at this time, Chen Feng didn't stay any longer, he still maintained the way he was just now, slowly drifting down.

Then, wearing that black robe, walked slowly towards the entrance of the black market.

His steps are not fast or slow, full of calmness and calmness, and his breath is as if nothing.

However, he was slightly sharper than when he first entered this place.

Because Chen Feng now can't guarantee that there will be people who don't have long eyes to make his own ideas, there are so many treasures in him!

And if someone who doesn't have eyesight comes over, relying on his current strength, it really can't handle it at all!

So he deliberately put a little breath out.

At this time, the sky was already dimmed.

Obviously, the dark night of this black market is coming.

Some shops are already shining brightly outside, but most shops are still silent.

Chen Feng knew from Diao Weiqi's mouth that in this black market, although it was lively during the day, there was still something lacking.

The busiest time is at night.

At night, there are bright lights everywhere, people coming and going, one after another, and it is many times more lively than during the day.

But this time is precisely when the day has come to an end and the night has not risen.

It was the time when the number of people was the least, of course, for Chen Feng, this was also the most desirable.

The fewer people, the smaller the chance of encountering right and wrong.

In this gray mist, Chen Feng, a black shadow, slowly drifted past.

Finally, Chen Feng came to the door of the black market without any surprises.

But what Chen Feng didn't know at this time was actually the moment he left the shop, on the huge slab-shaped roots above the shop, a figure flashed.

A deacon in silver suddenly appeared there, silent and silent.

As if he had grown on this slab-shaped root, it was natural.

Even when Chen Feng's strength was not damaged, he could not perceive the silver-clothed deacon coming to him, let alone this time.

He was naturally unaware.

And after Chen Feng left the shop, the silver-clad deacon's figure was erratic, like a silver bird in the clouds, following Chen Feng.

He entered this cloud of Zhizhou, if he saw it with his naked eyes, he might still see a figure vaguely.

However, if you perceive it carefully, then you will not perceive his existence at all.

Because he and this cloud are like one.

It seems that the cloud has been integrated into oneself.

He followed Chen Feng all the way, out of the scope of this small town.

But Chen Feng still didn't know anything. Finally, when Chen Feng left the town and entered the mist, the silver-clothed deacon stopped.

Then, with a brush, his figure entered the clouds.

This time it disappeared directly.

When he appeared again, he was already in a small space.

This space has a radius of about tens of meters, the ground is curved, and the roof is also curved.

[Chapter 3842: Chen Feng, don't let me down!](#)

Moreover, the wall feels like wood, as if this is not a room, but a tree hole dug in a tree.

At this moment, at the end of the room, a man in a golden robe was standing there.

The man in the golden robe was dressed exactly the same as the silver deacon.

It is still a robe, and a mask is still on his head, with a long beak in front of the mask.

The only difference is that the silver deacon wore a silver robe.

And his clothes are all golden.

The temperament on his body is also quite the same as that of the silver-clothed deacon, but it is different. The silver-clothed deacon's aura is just ordinary, and he can't see any powerful appearance, just like an ordinary person.

And this person wearing a golden robe is no longer just ordinary, but nothingness!

He feels like a black hole, exuding a huge and powerful suction, absorbing other powers all the time.

This feeling is extremely terrifying!

Obviously, his strength and status are higher than this silver-clad deacon.

At this moment, he was standing with his hands behind him, his back facing the silver-clothed deacon, and the silver-clothed deacon was whispering something behind him.

After a while, his voice slightly increased: "My lord, do you want to do something to Chen Feng?"

"Although he is a member of the Xuanyuan family's inner sect, we are not afraid."

The man in the golden robe slowly spoke:

"I'm not afraid of it, but since I have to do it, there must be a reason."

"Do it, you can't do it in vain, you can't kill in vain, you can't waste material resources, you can't even cause this cause and effect in vain!"

His voice was very flat, even a little feminine, with an indescribable meaning.

There was a hint of greed in the silver-clothed deacon's voice: "Chen Feng is now very weak. I can feel that he is already seriously injured."*NOVELUSB.COM*

"Besides, before he came out of that shop, there was a strong fluctuation of power in the shop, but it was blocked by me, so no one else knew."

"However, I am very sure that everyone else in the Tianshou Pavilion might be killed by Chen Feng!"

"And in the castle tower, the treasures that have been accumulated for many years may have been taken away by him!"

His voice was low: "My lord, this is a weak and fat big sheep!"

The man in the golden robe immediately changed his words, and there was a clear meaning in his voice: "Then do it!"

"Since you can get such a big benefit, why not do it?"

"Yes! My lord, the little one understands!"

Deacon Yinyi immediately nodded in excitement, then turned around and prepared to leave.

"Clean your hands and feet, and wait for him to get out of the city wall before doing it."

The man in the golden robe said solemnly.

"Subordinates understand!" Deacon Yinyi said loudly.

He walked to the door, and after pushing the door open, there was a huge platform outside.

The platform is thousands of meters long and more than ten meters wide. The entire surface is curved.

And if you look closely, you will find what platform this is, it is clearly a huge branch that grows diagonally!

Of course, this branch, just picked up to see, is huge, as large as several thousand meters.

But if you look at it, this is actually a very tiny branch, not even a branch, just a wooden thorn.

It turned out that their location turned out to be on the giant tree that reached the sky.

Although the tree hole is not small, it is not even a tree hole on this giant tree, at best it is a small depression.

He stepped out, ready to close the door and leave, and went to hunt Chen Feng.

At this moment, a voice suddenly came: "Hold on!"

The sound comes first before the person arrives.

After hearing this voice, both the person in the golden robe and the deacon in silver shook slightly.

Although they couldn't see their expressions clearly because of wearing that mask, they could also guess that the two of them should be surprised and awed at this moment.

The next moment, a fiery red figure rushed out of the cloud.

With a flash, it was extremely swift, like a red light shining into this room.

Then, the red light stopped.

You can see that what came in at this time was a huge red bird.

This red divine bird is described as huge, which may not be appropriate, because its length is only two or three meters.

The wingspan is only five or six meters.

Suspended in the air at this time, the whole body was a bright red color.

And in that red, there is still a strong and bright golden light.

The head is shaped like a giant eagle, the body is like a red bird, and the whole body is like a ruby eagle.

His body is also extremely powerful.

On it, there is a woman in red. The woman in red is covered by a red robe and a red mask on her head.

You can only see the long hair as ink, and the small and pointed chin that is exposed, as white as jade.

A pair of eyes are like stars.

Seeing her arrival, the silver deacon and the person in the golden robe knelt down together and said loudly: "I have seen the lady!"

It turns out that this person's identity is so high.

It turned out to be the eldest lady who controls the black market behind the scenes!

"Chen Feng, you can't kill!"

This eldest lady said straight to the point without any muddle-headedness.

After listening to her, the man in the golden robe and the deacon in silver were obviously very surprised.

But obviously, this young lady should be extremely prestigious among the forces behind the black market.

Therefore, after hearing this sentence, the two of them nodded without hesitation: "Subordinates obey."

"Just do it."

Missy smiled slightly and clapped her hands.

The red giant bird under him let out a clear chirp, turned around, and disappeared into the clouds.

It soars in this cloudy ocean, giving people the feeling of being extremely comfortable, just like a fish returning to the sea.

Seeing this, it turned out to be a divine object born out of this cloud.

And the eldest lady was very relaxed in this cloud and mist. She lay flat here, raised her arms, and looked over her head.

Although there was a cloud and mist in front of her eyes, she seemed to see thousands of miles away.

Those eyes are like stars.

There was a smile on his face: "Chen Feng, when you just came, I felt a very familiar breath in you!"

"Sure enough, you got the jade medal of reincarnation!"

"I'll just say, this jade card of reincarnation is destined to be yours!"

"Since we have won the Jade Medal of Reincarnation, we can be regarded as our own!"

A look of expectation flashed in her eyes: "You will definitely go there! I'm there, waiting for you!"

"When the time comes, don't let me down!"

[Chapter 3843: Leave!](#)

The moment Chen Feng stepped out of the black market and came outside, his body suddenly softened, and a violent pain invaded her body fiercely, and he felt pain in every place.

But he still resisted, exhausted his last bit of strength, did not let himself fall!

Suddenly, after feeling the threat of thorns on his back disappeared, Chen Feng suddenly relaxed.

He couldn't help but bend over and cough loudly, and gulps of blood poured out of his mouth.

He even fell directly to the ground and lay there for a long time before relieving himself.

A wry smile appeared at the corner of Chen Feng's mouth: "This time, the injury is even worse than when he confronted Sirius the last time!"

The fact is also true.

Chen Feng's injury was extremely serious this time, and it was actually similar to that time, but he held on for too long.

Not only did he fail to heal his injuries in time, but he kept holding on, which made his injury worse.

By now, I almost have a breath away from death

"And this time, it's more dangerous than last time, because..."

Chen Feng's eyes were cold: "Behind, there are even chasing soldiers!"

"Just now, as soon as I left the shop, someone followed me. He wanted to kill me!"

In Chen Feng's heart, he was filled with incomparable happiness in his doubts!

"I feel a strong murderous intention!"

"But when I got here, the murderous intent was gone again! Moreover, it was Deacon Yinyi who followed me!"

In fact, when Chen Feng saw Deacon Yinyi for the first time, he did not feel the presence of the other person.

But what kind of person Chen Feng is. After thinking about it a little bit, he knows that the other party looks like a hideaway, but he actually has the ability to break it!

Golden spiritual power!

Therefore, as soon as he came out, he released the golden spiritual power far away!

Sure enough, Chen Feng immediately found the trace of the silver deacon.

But Chen Feng pretended not to know, and just came out.

Because he was not sure, if he let the other party know that he could perceive him, what would be the consequences!

And now, the breath of the silver-clad deacon disappeared!

"The deacon in silver, why did you follow me with murderous intentions?" Chen Feng was extremely suspicious: "Could it be that this black market man wants to move me?"

"It should not be. If the person behind the black market wants to touch me, I won't just send one person!"

Chen Feng sighed softly and calmed down.

"No matter why you follow me, you want to kill, and finally give up!"

Chen Feng's expression was cold: "Since you dare to follow me and have murderous intent on me, then you have to pay the price! In the days to come, you must avenge today!"

Then, Chen Fengqiang stood up.

Then, staggering, rushing toward the depths of the mist.

He has no direction, nor does he want to make a clear direction.

He himself is aimless, so naturally no one can find out his whereabouts, find out his route.

Finally, without knowing how long he ran, Chen Feng finally exhausted!

In the chest and lungs, I felt a fire burning, painful to death.

His head was dizzy and his eyes were staring!

Finally, his body tilted and he fell directly to the ground!

However, he spread his hands and legs into a big font, lying there.

Then, looking at the sky, he let out a silent laugh: "Five-star Wudi! I killed another five-star Wudi!"

"Not only did he kill him, but in such a dangerous situation, he could retreat all over!"

"Haha, Chen Feng, today, you are so good!"

He was extremely happy.

What happened just now was extremely thrilling, but at the same time it was also extremely exciting.

Let Chen Feng almost couldn't help his heart beating!

With a snap, Chen Feng crushed a gem of life.

In an instant, the Immortal King Kong was activated.

Then, crazy and greedy absorbed the power of the gem of life.

Feeling that Chen Feng's body is extremely weak at this time, and about to collapse, the Diamond Immortal Body poured all the power of life gems into his body.

This time, Chen Feng was extremely fast.

It only took less than a cup of tea to absorb the gem of life.

A refreshing, refreshing, vital force, quietly circulating in his body.

Suddenly, it brought Chen Feng incomparable comfort.

He couldn't help groaning.

At the same time, that strength was slightly restored.

So Chen Feng propped up and walked out quickly.

This place is a place of nonsense and should not stay for long.

Three days later, on the edge of the valley of dead silence, on a cliff.

This cliff is more than hundreds of thousands of meters high, and presumably, many years ago, a huge waterfall crashed down on this cliff.

However, at this time the waterfall has disappeared.

But the extremely clean stone wall that was washed by the waterfall still remained there.

The stone wall is smooth, like a huge mirror.

At its edge, there are countless densely packed, honeycomb-like holes.

These caves look small on the outside, but when you get closer, you will find that in fact, each cave has a height of several meters, and the depth reaches tens of meters.

It is naturally very convenient to hide here.

Suddenly, a roar like a dragon's roar came from somewhere in the cave!

The entire cliff was shaken to hum.

After a while, a figure walked out of it, dressed in a blue shirt, with long hair scattered like ink.

His face was handsome, but his face was a little pale and looked a little weak.

It is Chen Feng!

He sighed lightly, a slight smile appeared at the corner of his mouth, and said in a low voice: "In three days, I probably only recovered less than 20% of my strength, thanks to the King Kong Immortal Body!"

He looked into the distance, his eyes melodious: "This time I came to this desolate ancient ruin. I have experienced a lot and gained a lot."

"But the most important purpose is to get..."

Chen Feng held up the box in his hand, looked down, and a smile appeared at the corner of his mouth: "The substitute puppet, finally got it!"

"Now, I should return to the Xuanyuan family."

That's right, now Chen Feng plans to return to the Xuanyuan family's inner sect.

His strength has not fully recovered, he has recovered nearly 20%, and he can already resist the physical damage caused by the shuttle at that time.

And when it comes to recuperating and healing speed, this desolate ancient ruin is naturally far inferior to the aura and wealthy land of Xuanyuan Family's Nei Sect.

Chen Feng had decided not to stay longer at this time, and quickly returned to the Xuanyuan family's inner sect.

After all, he has too many things.

"and....."

The fierce murderous intent in Chen Feng's eyes suddenly flashed, and his face instantly became cold: "Sang Xingteng, you dare to move my people, and you dare to act recklessly in Mirror Valley!"

"Do you dare to insult my friends, do you still want to make them a pill?"

[Chapter 3844: Chen Feng, get out!](#)

"Now, it's time to go back and collect this debt!"

"You wait for me, I will let you taste these pains one by one!"

Murderous in his eyes.

There is a way to come, and naturally there is a way to go back.

Chen Feng took out an object from his arms, but it was something like a compass, about three inches in diameter, and engraved with various texture scales.

A stream of golden light penetrated from it.

This golden light is not that delicate and smooth, but as if there are countless golden sands spilling out.

It is as if the sand of light was flowing gently at that time,

Between the rotations, countless gray and white lines are constantly flowing, just like Chen Feng has ever seen, the most original power of time and space!

This compass was what Xuanyuan Xiaoyue gave him that day, and told him that he could only use it when he wanted to go back.

However, this thing cannot be used for life-saving purposes, because it takes at least a cup of tea time to activate.

This cup of tea is enough for the enemy to kill it. I don't know how many times.

Therefore, this thing is actually not as precious as imagined, many people in the ancient ruins have such one.

The next moment, Chen Feng returned to the cave, sat cross-legged, and put the compass on his lap.

Then, his hands were pressed on it.

A force was immediately instilled and directly entered the compass.

And as this force poured into it, the golden fine sand on the compass suddenly became countless times more than before.

The light was much brighter than before.

In the end, the light fell on Chen Feng, directly forming a beam of light.

With the continuous input of Chen Feng's power, the beam of light became thicker, and Chen Feng's figure in it became weaker and weaker.

Finally, Chen Feng felt that there was an extra layer of gas mask around his body.

This gas mask isolates oneself from this world.

An unspeakable sense of alienation suddenly formed!

Chen Feng's figure faded away.

Finally, half an hour later, with a soft click, Chen Feng's phantom in the golden beam of light was broken into countless pieces like a crystal!

Then the next moment, the golden beam of light disappeared directly.

The compass also snapped, exploded into countless powder, and passed away with the wind, and Chen Feng had disappeared directly into this world.

Xuanyuan family, in the inner sect, Xuanyuan Xiaoyue's residence.

He is sitting cross-legged in a hall.

Suddenly, he opened his eyes and felt a violent hum from his left hand.

Xuanyuan Xiaoyue's face immediately showed a touch of shock, and after the shock, it was ecstasy, a smile appeared on the corner of her mouth, and she whispered softly, "Are you coming back?"

"He probably only spent a month or so. Doesn't this mean that not only is Chen Feng alive, but everything is progressing smoothly?"

At this time, Xuanyuan Xiaoyue was almost unable to stabilize her posture.

He suddenly got up and walked towards the apse.

In the apse, inside the formation where Chen Feng left that day.

Red rays of light are intertwined. In this red light, there are countless things like the sand of time and space, ups and downs!

A figure was reflected vaguely, and then it began to become condensed.

Although the figure was vague, Xuanyuan Xiaoyue could tell at a glance that it was Chen Feng!

A smile appeared at the corner of his mouth, stroked his beard, and said softly: "I knew you could do it!"

Although he had always been extremely confident in Chen Feng and knew Chen Feng's strength, this time Chen Feng came back in a month, which brought him quite a surprise.

According to his calculations. It would take Chen Feng at least two months for the Dragon Vein Continent, which is equivalent to half a year in the desolate ancient ruins to find that thing.

Or even longer.

After all, the dragon sees its head and ends, even if it is in the deserted ancient ruins, it only appeared once or twice.

In the imperceptibility, even Xuanyuan Xiaoyue himself did not realize that his confidence in Chen Feng was already extremely sufficient, and he even thought that nothing could be done without Chen Feng.

The phantom began to slowly become condensed.

Finally, after three full hours, with a crisp sound, all the red light shattered like a red crystal!

And those sands of time boiled all at once, running through the sky and earth, forming a beam of light!

In an instant, the beam of light shattered, revealing a figure inside.

It is Chen Feng!

Chen Feng's figure suddenly appeared here, and he had just experienced the journey of light at that time, and he was still a little dazed.

The journey of time was also quite devastating to the body. Chen Feng suddenly turned red, and his body shook heavily. A mouthful of blood was sprayed out and he almost fell to the ground!

Chen Feng quickly staggered and walked out of the formation.

Then she smiled apologetically to Xuanyuan Xiaoyue and sat cross-legged.

With a slap, crushed the gem of life.

This time, when the gem of life was crushed, suddenly, the green light was released.

The same as before, the same green light, but if the previous green light is like a firefly, then this time the green light is like a candle!

It is several times brighter than before!

And the green color is several times thicker.

It feels like a piece of extremely fine jade, crystal clear and green.

It even carried a hint of substance, like colored glaze.

And then, the mask formed by the gem of life was about three times thicker than before.

Chen Feng was taken aback for a moment, and then he understood: "I understand!"

"The desolate ancient ruins are too sinister, the eerie and evil power, the power harmful to the martial artist is too much and too strong."

"Therefore, 70% of the life gems' power is consumed to counter those negative forces, and the remaining 30% can be used by human warriors."

"And now, in the Dragon Vein Continent, there is no such evil power, and naturally it can fully exert its effects."

Chen Feng was even more overjoyed: "Does this mean that whether it is a life gem or a half-moon lapis lazuli, the efficiency of using it here can be tripled?"

"This is equivalent to these two treasures that I got three times more out of thin air!"

Chen Feng was happy in his heart, but instantly suppressed the distracting thoughts and began to practice hard.

At this moment, suddenly, outside the palace, an arrogant voice suddenly exploded: "Chen Feng, get out!"

Another voice also sounded: "Chen Feng, my brothers have been away for ten years. I didn't expect you to appear in the sect! I heard that you claim to be the first disciple of the inner sect? Bah! You deserve it?"

"Get out, let you see and see, who is the real powerhouse in the inner sect!"

The sound came like a rolling thunder!

[Chapter 3845: backing!](#)

Obviously, the speaker is not weak, and if you dare to say such things outside the Canglang Xiaoyue Peak and do such things, you can't be an unknown junior.

It's full of provocation and arrogance!

Even more disdainful of Chen Feng!

When Chen Feng heard this, he was taken aback for a moment, then his brows wrinkled, and a cold color flashed in his eyes.

This voice, he is very strange, but this does not mean that he will not be angry!

In fact, the two of them dared to say such things, and Chen Feng would never spare them!

Xuanyuan Xiaoyue abruptly got up and said coldly, "That one who doesn't have eyesight! I'll clean them up!"

He was extremely angry too.

The two of them even dared to play sideways outside the Canglang Xiaoyue Peak, that is, not putting him in their eyes.

At this time, Chen Feng smiled slightly and said: "Elder, I am named by my name and I want to clean up. How can I bother your old man?"

"Don't worry, let's ignore him for now!"

After all, Chen Feng smiled slightly, and he actually started to enter the concentration again.

It seemed that such things could not distract him at all.

Xuanyuan Xiaoyue was stunned for a moment, and then he laughed, and didn't say more, but just stood by Chen Feng to protect him.

Soon, a faint bronze light on the surface of Chen Feng's body slowly revealed.

After feeling this bronze light, Xuanyuan Xiaoyue's pupils shrank instantly and suddenly took a step backward.

Because, he actually felt that in this bronze light, there was an unspeakable power that was unspeakable and originated from the ancient wilderness!

Although this force is weak now, the future is unlimited!

Even he didn't dare to stand up against him!

But at this time, Chen Feng was surprised to find that after returning to the Xuanyuan Family Inner Sect, his whole body seemed to come alive and became extremely excited.

The speed of absorption is also three times faster than that of the ancient ruins, so although the effect of this life gem is three times as large as the original, it has been absorbed in half an hour!

After about an hour or so, Chen Feng absorbed three life gems!

At this time, outside the Canglang Xiaoyue Peak, in the void, two people were standing proudly there.

These two people actually have that strong cloud under their bodies, which turned into two things like Rui Cai Xiangyun, supporting them.

If you look closely, you will find that the core of these clouds that support them is basically a strand of power that is like golden threads radiating from their bodies!

Obviously, these two people are very strong.

The two stood in tandem.

The person in front is tall and fat, with a fair face.

It's just that the triangular eyes carry indescribable hostility and viciousness.

And he was only wearing a simple gray cloth robe, holding a huge one-legged bronze man in his hand, and his weapon was very sideways.

At this moment, he squinted his eyes and looked at the palace of Xuanyuan Xiaoyue above the Canglang Xiaoyue Peak.

The person standing behind him is just the opposite, black, short and thin, and his face is like a dry tree bark, with countless wrinkles.

His hair was sparsely white, and he was wearing a black robe, and he didn't know how old he was.

This person has a frowning face, with empty hands, only a pair of palms.

He looked up at the magnificent palace in the distance, a touch of anxiety flashed in his eyes, and whispered to the tall and fat man in front:

"Brother, let's say such things outside this Canglang Xiaoyue Peak, but it hit Xuanyuan Xiaoyue in the face! Can he spare us?"

He seemed to be much older than the tall and obese man, but he didn't expect to call him senior.

The tall, fat man glanced back at him, with a touch of disdain on his face, then sneered and said, "The third child, the more you live, the more you fall back."

"Our two masters, speaking of it, Xuanyuan Xiaoyue has to be called Master Uncle."

"The two of us, although they are disciples of the Xuanyuan family's Inner Sect, our generation is on the same level as Xuanyuan Xiaoyue."

"Afraid of what he does?"

"Moreover....."

As soon as he changed the conversation, he smiled and said in a low voice: "You forgot? Qi Xingwen and Yuchi Binbai, the two guys, but they are very clear to us!"

"Then Chen Feng is very disgusted by the great elder. If the great elder knows what we are doing now, he must feel that we have sinned for him."

"So..."

He smiled happily, "If Xuanyuan Xiaoyue doesn't do anything for us, the Great Elder will not appear."

"But if Xuanyuan Xiaoyue dares to attack us, then the elder will definitely come forward to help us, so you don't need to worry."

When the short and thin old man heard this, he nodded repeatedly, and exclaimed, "It's still brother, you can understand."

"It turns out that for these two people, the tall and obese man is named Guang Hongzhuang, and the short and thin old man is named Sha Yushu."

Both of these two were once outstanding among the disciples of the Xuanyuan family's inner sect.

Later, he left the Xuanyuan family's inner sect, and his whereabouts were unknown. It was ten years since he left.

These few days have just come back.

After they came back, they came directly to the door to provoke Chen Feng!

At this time, the disturbances from their side had already attracted many disciples of the Xuanyuan family.

Many people gathered around.

They didn't dare to get too close to Canglang Xiaoyue Peak, they only dared to look from a distance.

Someone was surprised: "Who are these two people? But they are fresh faces, I haven't seen them!"

As soon as the voice fell, there was a middle-aged blue robe next to him with a disdainful sneer, and said: "At first glance, you know that it is a new disciple who has just entered the Nei Sect in the past few years, and I have never heard of these two!"

There is a lot of irony in this person's words.

And the disciple who was ridiculed had a good temper, and he was not angry. He just smiled and arched his hands and said, "Please also enlighten me."

The middle-aged Lan Pao snorted coldly and said, "The two of them are the two brothers."

"They have a long history, and they belong to the same generation as Elder Xiaoyue. The two were not from the inner sect of the Xuanyuan family, but were strong outsiders."

"Does a lot of evil and has a reputation for being evil."

"Later, I once provoke a strong man in our family, but was subdued by that strong man and accepted as a disciple. He was taken to the Xuanyuan family's inner sect, and kept by his side for a hundred years to dispel the hostility of the two."

"That's it!"

Many people who don't know what's in it, all nodded suddenly.

"But..."

Brother Lan Pao sneered: "These two people are easy to change, but their natures are hard to change. After their master died, they began to do evil again."

"But at any rate, the Great Elder and Xuanyuan Xiaoyue can still hold them down."

"The two of them are in the Xuanyuan family. Although they have a fierce reputation and have done a lot of bad things, they did not cause a big disaster."

[Chapter 3846: Take Chen Feng Liwei!](#)

Someone next to him said: "I just don't know why. Ten years after they left, they just came back here and they found Chen Feng."

"These two people are really ugly and wanton humiliation. They just don't know what Chen Feng will do."

"Yes, let's see if Chen Feng can respond! He must at least come out first!"

Seeing so many people around, Sha Yushu was a little uneasy, and said in a low voice, "Brother, are we making a lot of trouble."

"It's a big trouble? I'm afraid it's not a big trouble!"

Guang Hongzhuang smiled lowly: "What I want is to make this a big deal! It's best if everyone comes out!"

Sha Yushu worried: "What if Chen Feng is super real?"

"A mere two-star Wudi, how strong can the strength be? Let's talk about it!"

Guang Hongzhuang sneered, his eyes flashed slyly: "Do you think I'm stupid?"

"Let me tell you, now that we are provoking here, Chen Feng is afraid to come out in all likelihood."

"Why?" Sha Yushu asked in surprise.

Guang Hongzhuang slapped his head and said in a low voice: "Qi Xingwen just sensed the violent fluctuations of time and space power, so he estimated that Chen Feng had returned from the desolate ruins."

"Didn't he tell them before, then Chen Feng is going to the deserted ancient ruins!"

"Do you think, what is the place of the barren ancient ruins? He went as a two-star martial emperor. It would be nice to be able to come back alive. It is estimated that he was seriously injured, and he may only have a breath!"

"After I come back, don't you have to raise it for a few months to get back?"

"How could he dare to come out and face us now?"

When Sha Yushu heard this, his eyes lit up and he clapped his hands: "Brother is brilliant, it's no wonder that you rushed over as soon as you heard the news!"

"Haha, then Chen Feng is so prestigious in Nei Zong now, the two of us are blocking him here and cursing him, but we dare not even come out!"

"Then, his fame will fulfill us!"

Guang Hongzhuang gritted his teeth and grinned and said, "Today, Lao Tzu is going to step on Chen Feng and put up the names of both of us again, making everyone scared!"

The two waited for a while, and as expected, there was no movement at Canglang Xiaoyue Peak.

No one came out of the palace.

Guang Hongzhuang laughed triumphantly: "Sure enough, Chen Feng dare not come out!"

He suddenly raised his voice and shouted loudly: "Chen Feng, are you a **** turtle? Get out of me!"

After all, there was another burst of arrogant laughter.

The disciples who were onlookers didn't know the inside story. Seeing them cursing here, Chen Feng never showed up. Suddenly, all his faces were filled with surprise, and they started talking in low voices.

"Guanghongzhuang, Sha Yushu is here to provoke and humiliate. It is so ugly, but Chen Feng has not appeared?"

"Is it possible that Chen Feng is really afraid of the two of them?"

"It's very possible! After all, this magnificent, Sha Yushu, Nei Zong was a very powerful person ten years ago. After ten years, who knows what state they have reached?"

"Yes, it is normal for Chen Feng not to show up!"

Everyone nodded, all feeling that this speculation made sense.

Among the crowd, there was only one woman, clenched her fists, her eyes full of anger.

She murmured: "My eldest brother will not be afraid of you, my eldest brother Chen Feng must have had a lasting trouble to not appear!"

"How can my brother Chen Feng be afraid of these two clowns?"

She was full of anger.

At this time, what she said was also heard by the disciples nearby, and the faces of several people showed mockery.

"Sister Mei, I know you are facing Chen Feng, you have a good relationship with Chen Feng, but now the facts are clear!"

"Yes!"

A tall and thin man gloated and said, "Then Chen Feng just admits it. This time he is a tortoise with a shrunken head, hahaha..."

They are all extremely jealous of Chen Feng, and at this time they have the opportunity to fall into trouble, so naturally they will not let it go.

Mei Wuxia stared at them coldly, but didn't say a word!

Hearing everyone's discussion, Guang Hongzhuang and Sha Yushu, the two were even more excited, yelling and cursing wantonly there, doing everything they could to insult.

At this moment, in a secret place under the mountain, Qi Xingwen and Yuchi Binbai were hiding there.

Yuchi Binbai looked at Qi Xingwen with a face full of wonder: "Brother, you said that they are two, why were we fooled by a few words to provoke Chen Feng?"

Qi Xingwen sneered:

"These two people have stayed outside for ten years. They haven't returned to the Xuanyuan Family's Inner Sect for ten years. They don't know anything about this Inner Sect, and they don't know how strong Chen Feng is!"

"As soon as I heard that Chen Feng is now very famous, and the strength is less than the three-star Wudi, they immediately killed it."

Yuchi Binbai smiled and said: "Brothers are really clever, we really didn't lie to them, what we are telling is really the truth!"

Qi Xingwen laughed triumphantly, and then the laughter faded, turning into a touch of insidiousness:

"When these two people were in the Xuanyuan family's inner clan, they were domineering."

"I just came back now, what I fear most is that others have forgotten myself, so after I come back, I came to ask me who is the most popular person in Nei Zong now!"

"When I heard that it was Chen Feng, and heard that Chen Feng's realm was not high, he immediately killed it."

He smiled hesitantly: "Think I didn't know their plans? I just wanted to step on Chen Fengliwei! So that others would be afraid of them again!"

Yuchibin said coldly, "They found the wrong person."

Qi Xingwen said lightly: "What if you find it right? Wouldn't it be better if they could use them to test out Chen Feng's true strength?"

At this time, Canglang Xiaoyue Peak, in the apse.

After absorbing three whole life gems, Chen Feng was also much more comfortable.

He got up, looked at Xuanyuan Xiaoyue and smiled slightly: "Elder Xiaoyue, thank you!"

The word thank you, he said, seems a bit inexplicable.

But Xuanyuan Xiaoyue did understand what he meant, and didn't say much, just reached out and patted him on the shoulder: "It's fine if everything goes well."

"Since everything goes well!"

Chen Feng sighed softly: "Leaving this Dragon Vein Continent for the first time and going to other worlds, I know the miraculousness of these three thousand worlds, I know my insignificance, and I know the infinite opportunities outside!"

Xuanyuan Xiaoyue laughed loudly and looked at Chen Feng, with a flash of splendor in her eyes:

"You were the first to say this after coming back."

"There were other people who went to the deserted ancient ruins before. After they came back, they were lucky enough to be extremely lucky. Fortunately, they came back alive. They swore that they would never go to that ghost place again."

"Either it's crying and running down, and there are so few people like you."

Chen Feng laughed: "I want to go a few more times!"

[Chapter 3847: Are you two scolding enough?](#)

"Even this time, if it weren't for a change, I don't want to come back."

"A change? What change?" Xuanyuan Xiaoyue raised her brows.

He was keenly aware that there was something in Chen Feng's words.

Chen Feng sighed lightly and said lightly: "A few days ago, my Jinggu was raided by Sang Xingteng."

"Wu Linghan and Chuci were both captured, and my two children, Qing Mu and Wu Ling, were also captured, and they were even going to be refined into medicinal materials by Sang Xingteng!"

"what?"

After hearing this, Xuanyuan Xiaoyue was stunned for a moment, and then her body exploded frantically. In an instant, her whole spirit rose, like a furious lion!

However, he has lived for several hundred years, and Qi Qigong is also extraordinary, but he lost his temper for a moment.

He looked at Chen Feng and his voice was cold: "Chen Feng, you tell me the cause and effect of this incident."

Chen Feng nodded and said what he saw.

Although he only saw a few pictures of breathing, it did not prevent him from seeing the front and back of the incident.

After listening to him, Xuanyuan Xiaoyue's face was already gloomy and almost dripping with water.

He stood there, after a long time, gritted his teeth, and slowly popped out a sentence from that tooth: "Sang Xingteng, you are so brave!"

His fists were clenched, and Chen Feng saw that his knuckles were all white.

Obviously, Xuanyuan Xiaoyue was already extremely angry at this time.

And Xuanyuan Xiaoyue, who can make his happiness and anger invisible, shows how deep the anger in his heart is!

In fact, Xuanyuan Xiaoyue was not only angry at this time, but even a little nervous and flustered!

For him, to say something selfish, the most important thing for him is not that Chen Feng's relatives and friends were arrested, but that he actually pressed it from beginning to end, and didn't even know it. !

Right under his nose!

Not far from him, someone did such a big thing!

And he didn't even know!

Moreover, during this process, he never left the Xuanyuan family's inner sect.

After a while, he calmed down, staring at Chen Feng, with a trace of shame in his eyes, and said softly, "Chen Feng, I really can't help it."

This is indeed what he said in his heart.

Before Chen Feng left, he personally said that he would take care of the people around Chen Feng.

As a result, I didn't expect that such a big problem would happen in just a few months.

He didn't know, Chen Feng told him.

This made him a little shameless to face Chen Feng.

Xuanyuan Xiaoyue's voice solemnly said, "Chen Feng, don't worry, I will definitely give you an explanation for this matter!"

He did not ask how Chen Feng knew. In fact, he has no face to ask now.

He had only one thought at this time, and that was to go to Sang Xingteng, and ask carefully what Sang Xingteng meant!

He was about to get up, but Chen Feng slowly shook his head.

Xuanyuan Xiaoyue was taken aback for a moment.

However, Chen Feng's voice was slow, saying every word: "Elder Xiaoyue, I hope you don't do it, I want it!"

He took a deep breath and slowly exhaled a sentence: "Keep him personally!"

After hearing this, Xuanyuan Xiaoyue was stunned.

Then the next moment, he blurted out instinctively: "Chen Feng, you want to deal with Sang Xingteng yourself? Are you going to kill him yourself?"

"But, do you know that Sang Xingteng is a magnificent five-star Wudi master!"

"You deal with Sang Xingteng? Are you sure?"

Chen Feng smiled and said, "Elder Xiaoyue, don't look down on disciples too much!"

"This time, the disciple went to the desolate ancient ruins and gained quite a bit, and he has some confidence in dealing with Sang Xingteng."

After listening to Chen Feng's words, Xuanyuan Xiaoyue immediately took a breath and looked at Chen Feng with a look of monsters, his eyes full of shock.

He always knew what kind of person Chen Feng was, and he would never brag about it.

He said that he is sure to deal with Sang Xingteng, that is, he is sure to deal with Sang Xingteng!

"God, Chen Feng is still a young man in his twenties!"

"He has only been on the path of cultivation for more than ten years. He is actually sure to deal with Sang Xingteng? Deal with a five-star martial emperor? How is it possible?"

"So scary!"

He only felt ridiculous. The level of improvement in Chen Feng's strength completely subverted his imagination.

But by the way, that reason told him clearly: This is the fact!

After a long time, Xuanyuan Xiaoyue only recovered. He looked at Chen Feng and smiled bitterly: "Chen Feng, Chen Feng, you really make us ashamed!"

Chen Feng laughed and said, "Elder Xiaoyue, there are wild dogs barking outside, I will tell them to shut up first."

Xuanyuan Xiaoyue smiled and nodded.

"and also....."

Xuanyuan Xiaoyue looked at Chen Feng, but stopped talking.

As soon as he looked at his expression, Chen Feng knew what he wanted to express without listening.

Xuanyuan Xiaoyue hesitated, then suddenly patted him on the shoulder, and said in a deep voice, "Everything, proceed with care!"

"Elder don't worry, Chen Feng understands!"

He lowered his voice and said, "Elder, don't worry, the disciples are still a little bit well-balanced when they act."

"The day when Sang Xingteng opened the furnace for cultivation, it was the Double Ninth Day!"

"Master of Wu Linghan and Chuci, he didn't dare to provoke them. There is not much danger between them in Sang Xingteng."

"As for Qingmu Wuling, there is still more than a month before the Ninth-Ninth Double Ninth Festival. Within these few days, Qingmu and Wuling will not be in any danger."

"So, I will deal with Sang Xingteng again after today, I will stare at him first!"

Chen Feng said word by word: "The most important thing now is that important event!"

After hearing this sentence from him, Xuanyuan Xiaoyue felt relieved for no reason.

The heart that had been hanging, a little worried, suddenly calmed down.

Then, Xuanyuan Xiaoyue looked at Chen Feng, smiled and said, "Okay."

He didn't say much, just said a good word, and everything was silent.

Chen Feng then said goodbye.

While turning around, there was a flash of light in his eyes.

That major event was naturally something that Chen Feng had planned for a long time to assassinate Xuanyuan Zixi!

He has been preparing for this matter for several months, even more than half a year!

This matter is about life and death!

Kill Xuanyuan Zixi, Chen Feng can live!

Can't kill, Chen Feng is the one who died!

Outside the palace, waves of arrogant shouts continued.

But at this moment, suddenly in the palace, a cold voice came: "You two, are you scolding enough?"

When this sentence was said, the scene was quiet for a moment!

Those Nei Zong disciples who were talking about it all stopped in an instant and looked in the direction of the voice.

[Chapter 3848: I want to break through!](#)

Then, they saw in the distance, above the Blue Wolf Howling Peak, in the hall, a figure slowly walked out!

He is tall, dressed in white, and handsome, who is it if it is not Chen Feng?

After seeing him appear, everyone had a look of awe on their faces, and they all subconsciously stopped.

Even though they dared to say that, dared to mock Chen Feng, and dared to gloat.

But that was because Chen Feng was not there!

And at this time, when Chen Feng appeared, they thought of Chen Feng's past achievements, of his prestigious fame, and of his near invincible and undefeated dazzling in this Xuanyuan family, they still trembled in their hearts!

Many people couldn't help but bow their heads.

Seeing Chen Feng's appearance, Mei Wuxia was so happy that she almost jumped up.

"He is Chen Feng?"

Guang Hongzhuang squinted at Chen Feng, with a trace of scrutiny in his eyes.

The appearance of Chen Feng caught the two of them off guard.

They thought that Chen Feng would not show up, and both of them were a little frightened.

However, when the two of them saw Chen Feng's situation clearly, they smiled at each other.

Guanghongzhuang said: "Sure enough, Qi Xingwen didn't lie to us, this Chen Feng is just a mere two-star Wudi!"

"Yes!"

Sha Yushu also rubbed his hands: "He is the best out now, just so I can clean him up!"

At this time, the two of them thought they had clearly seen Chen Feng's strength, and they were determined in their hearts. They believed that it would be easy to clean Chen Feng with their own strength.

Guang Hongzhuang looked at Chen Feng, raised his eyebrows, and said with disdain: "Boy, I'm not willing to come out finally, and finally I don't want to be that turtle?"

"Come on, let me see how strong you are, dare to claim to be the first disciple of the Nei Sect?"

Sha Yushu smiled happily, "Brother, where do you need to take action?"

"You are a dignified four-star Martial Emperor. You dealt with a little Chen Feng, don't you use a sledgehammer?"

He rubbed his fists: "I'm also the top master of the Samsung Martial Emperor. Wouldn't it be easy to clean up this Chen Feng?"

The two of them spoke out their realm, seemingly intentionally or unintentionally.

The purpose of this is also very simple, is to scare others.

Obviously their goal has been achieved.

The people around were all exclaimed: "Guang Hongzhuang is actually the four-star Wudi, and Sha Yushu is also the cultivation base of the three-star Wudi peak?"

"Fight against either of them, I'm afraid Chen Feng is not an opponent!"

"Yes, after all, Chen Feng only has the realm of Emperor Wudi, no matter how strong he is, where can he be strong?"

Everyone is quite disinterested in Chen Feng.

And Chen Feng also listened to their words, and was even more clear about their two purposes to show off their strength.

He smiled faintly, shook his head, and slowly spit out four words: "You are also worthy?"

He didn't take the two of them at all, nor did he feel that they were a threat to him.

Upon hearing this, everyone was upset!

"A good show is coming!" *nOvelusb.Com*

"Chen Feng faced them without fear, even disdain!"

However, some people are very disdainful: "Chen Feng is not as strong as human beings, what's the use of being good?"

The expressions of Guang Hongzhuang and Sha Yushu also sank instantly.

Chen Feng didn't even bother to pay attention to them, but stood on the steps in front of the temple and looked into the distance.

Suddenly, his eyes lit up!

In the distance is endless green hills!

The mountains are as far away as the mountains, with thick ink and color, and a thick green pavement spread out, almost exploding into people's eyes!

In the distance, there are dark clouds hanging down on the horizon, as if a heavy rain is about to fall.

The scenery fell flat in the eyes of others, but what did Chen Feng see in the deserted ancient ruins these days?

The jet-black mountains, jet-black ground, lifeless, deadly still, full of murderous intent.

At this moment he looked at it, and only felt that everything in front of him was extremely cute.

Then, Chen Feng opened his arms and took a deep breath.

This breath was like a long whale swallowing water, so that his belly was swollen!

Chen Feng even felt a little faint: "Too fresh, too sweet!"

Chen Feng only felt that in his chest and lungs, every little bit was singing, and every part of his body was full of joy.

"Longmai Continent is better!"

Chen Feng sighed from the bottom of his heart, and then he roared, blasting out all the foul air from the barren ruins in his chest and lungs.

Seeing that Chen Feng ignored the provocations of the two of them at all, Guang Hongzhuang's expression became more and more gloomy.

He stared at Chen Feng and said coldly: "Chen Feng, don't think you can escape today without talking!"

"I tell you, today you have to fight if you want to fight with me, and you have to fight if you don't want to fight!"

"Or..."

He changed his conversation, looked at Chen Feng, and said with a smile: "Today you don't want to fight, you just have to kneel here and give my brothers a hundred beeps!"

"Then, give the name of your first disciple of the Xuanyuan Family Inner Sect with both hands to my brothers!"

"My brothers will naturally spare you!"

He lit Chen Feng with his hand, in a commanding tone, extremely arrogant, he didn't even look at Chen Feng.

Chen Feng was about to speak, and suddenly felt something in his heart!

It turned out that at this moment, the meridians all over Chen Feng's body suddenly moved.

All Chen Feng's power is flowing crazily.

Even, at this time, there is a huge sound like a big river rushing from the body, like the waves crashing on the shore!

Chen Feng felt even more that all the big bronze bones in his body were shining brightly!

Chen Feng's heart was startled at first, and then joyous: "Are you going to make a breakthrough at this time?"

It turned out that Chen Feng had reached the critical point of breaking through at this time, and his heart was full of the feeling of wanting to break through!

Even here and now!

Chen Feng was unwilling to break through here, but at this time, the clamor and disdainful laughter came.

Chen Feng listened, and a smile was drawn at the corner of his mouth: "Okay, then, at this time, here, breakthrough!"

However, Chen Feng did not speak at this time, and others naturally did not know that he was breaking through.

I just thought he was showing weakness!

Therefore, another whisper rang.

At this time, in the face of everyone's doubts, Chen Feng strode forward.

Everyone was startled, their eyes fell on him one after another.

Chen Feng strode to the edge of the platform.

At this time, there is an abyss below!

The wind is coming, the wind is strong, blowing his clothes!

Chen Feng raised his sleeves and sat down freely!

In the next moment, an aura that everyone is familiar with came from him.

Seeing Chen Feng sitting cross-legged, everyone was taken aback.

After feeling that breath, I was even more surprised!

This, this is to break through the previous breath!

[Chapter 3849: breakthrough!](#)

Sha Yushu frowned and said, "Chen Feng, are you crazy? Why are you playing?"

Guang Hongzhuang burst into laughter at this time. He laughed and said: "Junior brother, you are optimistic, this Chen Feng, he also knows his own strength and status, and his realm is unbearable, so he wants to make a breakthrough at this moment! "

He burst into a burst of violent laughter: "Hahaha, I really laughed at me. The first time I saw this, I tried to break through before the battle?"

He looked at Chen Feng with extreme contempt on his face: "Chen Feng, stop struggling, there will be no more struggling!"

"Yes!"

Sha Yushu also shook his head: "Furthermore, even if you really break through, you are just three-star Martial Emperor, haven't you been crushed by me?"

The disciples surrounding the audience also thought so, and suddenly, the whispering became louder.

"Chen Feng chose to break through at this time? It's incredible!"

Someone said with disdain, "I will break through when something is imminent? Crazy!"

"Besides, what's the use of breaking through? Isn't it crushed?"

Many people are quite disdainful of this move.

Chen Feng's heart was calm at this time, but his body was still as motionless as a mountain in the wind.

In a blink of an eye, he has already entered the deep level of concentration.

Chen Feng didn't stay for a while when he entered the fixed state!

His accumulation has reached a terrible level!

Therefore, the idea of breaking through at this time can break through in a lifetime!

The next moment, Chen Feng opened his eyes suddenly, and his eyes were full of vigor, but they were abnormally calm.

It gave people the feeling as if the abyss and the sea were all melted into his eyes.

Chen Feng flicked his right hand!

As a result, his body seemed to have become a giant funnel, a huge suction force, centered on his body, radiating everywhere!

In an instant, around Chen Feng's body, a huge vortex with a diameter of three meters and a height of five meters formed!

Inside the vortex, there is a faint white air current, spinning like crazy!

And the huge suction power is constantly coming.

This vortex is getting bigger and bigger. In a blink of an eye, the size of the vortex has become hundreds of meters high, and its diameter has reached four to five hundred meters!

A large area of the surrounding area was enveloped in the past, and the entire square was trembling violently!

The vortex was still growing crazily, spinning crazily, looking from a distance, it seemed like a huge tornado in blue and black!

This vortex with a radius of several hundred meters can drive the breath of several tens of miles!

And the endless white air current is absorbed into this vortex!

The vortex is getting bigger and bigger, its diameter begins to stop, but its height is constantly increasing!

In a blink of an eye, it has reached a height of tens of thousands of meters!

Even the end of the vortex, the top, is already higher than the Blue Wolf Xiaoyue Peak!

Moreover, it is still expanding rapidly!

Chen Feng hadn't heard of all this, but just sat cross-legged there quietly.

But at this time, there was a crazy noise around his body, a huge noise!

It was the sound of waves crashing, it was the blood in Chen Feng's body, surging crazily, the sound of blood rushing crazily!

Like a big river, like a big wave hitting the shore!

Suddenly, Chen Feng opened his eyes!

The look in those eyes is extremely bright and brilliant.

At the moment when he opened his eyes, suddenly, the huge vortex was shaking crazily!

The next moment, it was a sudden contraction!

After shrinking this one, it was as if a person retracted his fist in order to strike out better!

After this contraction, there was silence for a thousandth of an instant, and then the next moment, there was a loud noise like the earth shaking, the vortex was expanded tenfold, and it became a full 100,000 meters high!

The diameter has reached a giant of five kilometers!

One after another!

This time it was really a succession!

At this time, not to mention the mountain peaks around Canglang Xiaoyue Peak, even the smaller half of the Xuanyuan Family Inner Sect, they can see the tornado pillars that are like huge sky pillars!

At this moment, I don't know how many people are all shocked, awakened from the cultivation, walked outside their cave, outside their residence, and looked up at the huge Tianzhu!

Their faces are full of shock!

And at this time, on the square, those Nei Zong disciples were all stupid!

They all froze there, their eyes dull and their mouths wide open!

But the next moment, they shouted in exclamation: "Chen Feng, the movement of Chen Feng's breakthrough is too big, right?"

"This is a breakthrough into the Samsung Martial Emperor? What a lie!"

"Why is there such a huge vision? How terrifying is Chen Feng's strength?"

They all realized one thing: Chen Feng's strength may be beyond their imagination!

These people were whispering and talking.

Looking at Chen Feng, there was a trace of contempt and gloat in his expression.

They all thought that this time Chen Feng was about to plant.

But at this moment, the expressions on their faces turned into shock!

Looking at Chen Feng's gaze, it also became extremely complicated!

Even Guang Hongzhuang and Sha Yushu, who were just so arrogant, were shocked at this time, stopped clamoring, and stared at Chen Feng blankly.

And in Guang Hongzhuang's heart, an ominous premonition rose instantly.

Mei Wuxia looked at the huge pillars in succession, a smile was raised at the corner of his mouth:

"Brother Chen Feng, you are back! And the strength is stronger than before!"

In the main hall, Xuanyuan Xiaoyue stood with her hands in her arms, and her figure was magnificent.

He stood outside the hall, looking at the huge pillars one after another, with a smile on the corners of his mouth, and he was more confident in Chen Feng.

At this time, even though Qi Xingwen and Yuchi Binbai were far away from Chen Feng, the huge tornado column, in their eyes, was also extremely huge! Extraordinary shock!

After seeing this scene, Qi Xingwen couldn't stop shaking, and the pride on his face solidified.

Even the hatred in the eyes gradually dissipated, and replaced by the extreme fear!

He was trembling all over, and he felt that his body was shivering!

He was really afraid of Chen Feng to the extreme!

Just hiding in the dark to calculate Chen Feng's pride, was crushed by the strength that Chen Feng suddenly showed at this time!

Seeing his performance like this, Yuchi Binbai couldn't help but feel stagnant, and then slowly backed up two steps, as if he wanted to leave Qi Xingwen.

He suddenly felt regretful: "I did these things with Qi Xingwen, did these things that calculated Chen Feng, is it right or wrong? Will it push me into the abyss?"

[Chapter 3850: Do you think this is over?](#)

But after taking two steps back, I thought that it would be useless to retreat now.

If you do those things yourself, you can't escape.

A wry smile appeared at the corner of his mouth, and he stood back again.

On a mountain peak far away from Chen Feng.

This mountain is covered with poisonous insects, poisonous flowers, poisonous snakes, poisonous beasts, and so on. It is the mountain where Sang Xingteng lives.

At the top of the mountain, there is a tall tower.

It's just that this tall tower is not built of wood or stone, and it feels like it was twisted and grown from dozens of incomparably thick rattans!

And these rattans, each one was glowing with blue and black, with huge poisonous spines growing on them.

Those poisonous thorns, one by one, form the stairs of the tower.

At the top of the tower, surrounded by dozens of vines, is a huge flower.

The color of this flower is extremely bright, but the bright one seems to be a bit too much, and it feels a bit weird.

And even if you get a little closer, you can smell the smell of this strange flower.

The smell, at first smell, is very sweet.

But when I smelled it for the second time, it felt bad smell.

When I smell the third bite...

There is no chance to smell the third bite. If it is a warrior below the realm of Emperor Wu, within two breaths of the smell of this flower, it will be directly poisoned!

Moreover, the death was extremely miserable.

At this time, the flower is already in full bloom, and between the petals, a figure is sitting cross-legged.

It is Sang Xingteng!

He is cultivating with his eyes closed, and his body is filled with black energy, like poisonous snakes.

At this moment, the huge movement in the distance suddenly came.

Sang Xingteng closed his eyes and ignored it, as if he hadn't seen it.

After a while, he snorted coldly: "It must be that little doll named Chen Feng, who is going to break through again?"

"Is there a fart to make such a big noise?"

"If you break through again, isn't it just a waste of Samsung Wudi?"

Obviously, he knew exactly what happened to Chen Feng, but he didn't even bother to look at it.

At this time, almost all Nei Zong disciples stared at the huge and shocking wonder of the world without blinking.

Among the Nei Zong, there are actually quite a few who surpassed Emperor Wu of Samsung.

Even more breakthroughs are unknown.

It stands to reason that they are used to this scene and should not be surprised.

But the fact is just the opposite!

There are many people who have made breakthroughs, and there are also many people with high levels.

But at the time of the breakthrough, there were very few people who had such a movement!

At this time, on the square, Chen Feng also opened his eyes.

He looked up at the scene that seemed to destroy the world, but there was a hint of unspeakable meaning in his heart.

Just like, there is a flame burning in my heart,

It's as if a person eats and drinks well every day, replenishes energy, and has no activity for more than ten days, wishing to run and jump immediately and exercise wanton!

At this time, there was an unspeakable depression and unfinished feeling in his heart!

This feeling is getting stronger and deeper!

Finally, it broke out to an extreme!

Chen Feng yelled, "Do you think this is over?"

"Tell you, it's not enough!"

In the next moment, as the huge tornado column swept out, there were countless black flowing clouds above the sky, converging here!

These black flowing clouds condense over the square!

In a blink of an eye, it turned into a huge black cloud with a radius of three hundred miles!

However, there was no thunder and lightning brewing in it.

Everyone watched this scene blankly, not knowing what would happen next.

The next moment, with Karala, a huge thunder exploded!

Suddenly, the thunderous thunder crashed down.

Countless huge thunders, one after another, fell from the sky and connected to the ground, like a forest of thunder hell!

Then, the heavy rain fell!

This can no longer be called heavy rain, it can almost be said to be a huge water column, which is smashed down!

The entire sky, for a moment, was gloomy as dark night!

Then, there were waves of Devil May Cry, which kept coming!

Seeing this scene, everyone was stunned, and their faces gradually showed disbelief!

Then, their huge exclamations rang one after another.

"Heaven descending from the sky, it is actually a heaven descending from the sky!"

Everyone was shocked: "Just breaking through to the three-star martial emperor, can he stir up this world and earth? So how terrifying is his strength? It is equivalent to a four-star martial emperor? or a five-star martial emperor?"

"Is this Chen Feng's realm, quietly, already so high?"

"This is a talent! God-level talent!"

"When my master broke through to enter the five-star Wudi, I didn't feel so tyrannical!"

Suddenly someone sighed: "It turns out that Chen Feng's strength has already surpassed our imagination, and it is simply not what we can match!"

"Yes, we are really ridiculous. Just now we thought that Chen Feng was just a second-star Wudi, and would not be an opponent of Guanghongzhuang and Sha Yushu!"

"As everyone knows, now it seems that he breaks into the three-star martial emperor, I am afraid that he has the strength equivalent to other five-star martial emperors!"

"Terror, really terrifying!"

Someone glanced at Sha Yushu and Guang Hongzhuang: "Five-star Emperor Wu, crush them, but there is no problem!"

"Chen Feng's strength before the breakthrough, I'm afraid it is almost equivalent to the four-star Wudi, in fact, he can easily crush Guanghongzhuang and Sha Yushu without a breakthrough!"

"Yes, after the breakthrough, Guang Hongzhuang and Sha Yushu are nothing but ants in front of Chen Feng!"

Someone suddenly yelled: "If Chen Feng broke into the three-star martial emperor, it would be such a movement, then when he broke into the four-star and five-star martial emperor, what a shock the world would be!"

Everyone was silent.

At this time, they were even shocked and speechless.

Even at this moment, even Sang Xingteng suddenly opened his eyes.

He looked at the direction of Canglang Xiaoyue Peak in the distance, his gaze dispersed, he was already a bit solemn.

After a while, his eyes were sullen and whispered: "I can't wait any longer, I will find a chance to get rid of this little **** in these few days!"

"His growth rate is so fast!"

Mei Wuxie's crisp voice sounded, with a hint of joking and mockery: "You laughed at Brother Chen Feng just now? Are you worthy? Are you afraid now? Let's laugh now?"

Her eyes swept across the faces of the people nearby: "Where are your guts?"

The few people around all blushed and bowed their heads, no one dared to talk.

They felt like they were slapped in the face.
