

Peerless 3851

[Chapter 3851: breakthrough! The realm of Samsung Wudi!](#)

His face hurts.

I was still laughing at Chen Feng just now, but Chen Feng immediately slapped him in the face with facts!

The most shocking at this time was Guang Hongzhuang and Sha Yushu.

They saw Chen Feng breaking through just now, and they laughed loudly there, making a temporary breakthrough and it was useless.

As a result, now, Chen Feng slapped them with the facts!

A voice in Guang Hongzhuang's heart reverberated crazily: "How can Chen Feng be so strong? Isn't he Samsung Wudi? How can he be so strong?"

The two looked at each other, and they all saw a shiver in each other's eyes!

Also, regret it!

They suddenly realized that they seemed to have provoked a terrific, unprovoked enemy!

Sha Yushu whispered bitterly: "Brother, this time we seem to have kicked the iron plate."

At this time, Chen Feng naturally didn't know their thoughts.

Even if I knew it, I wouldn't care.

Chen Feng just showed a slight smile at the corner of his mouth, like the smile of a flower, calm and indifferent.

He stretched out his hand, and the heavy rain fell on his palm, a biting cold.

Afterwards, it actually penetrated directly into his body, turning into a cold gleam, flowing in his body.

Chen Feng's action seemed to break some balance.

At the next moment, the huge tornado vortex that was no longer spinning, started to spin violently again, and the suction power passed crazy!

Then, all the raindrops on the sky were sucked into it, swept, and came into Chen Feng's body.

Surging aura, madly rushing!

Others still don't know why.

Only Xuanyuan Xiaoyue's mouth showed a wry smile.

Others didn't see it, but he saw it clearly.

These raindrops are clearly the aura of the inner sect of the Xuanyuan family, bit by bit, accumulated for countless years!

The reason why the aura concentration of the inner sect of the Xuanyuan family is far better than that of the outside is because the position of the inner sect of the Xuanyuan family is extremely high.

Secondly, the most important reason is that the large formation that surrounds the entire Xuanyuan family's inner sect is actually a great spirit gathering formation!

This great gathering of spirits is always extracting aura from outside and accumulating it.

But what horrified Xuanyuan Xiaoyue was that Chen Feng's horrific phenomenon that caused the formation of the pouring rain and thunder, all of a sudden, consumed almost one year of Xuanyuan family's inner sect accumulation!

The entire Xuanyuan family's Inner Sect, a whole year of accumulation!

How terrible?

How huge!

Chen Feng only felt countless icy glimmers penetrating into his body.

In a blink of an eye, those raindrops floated into his body.

And at this moment, as the last drop flew in, Chen Feng suddenly felt that his whole body trembled violently.

A huge amount of aura, exploded in his body!

Chen Feng's entire body swelled instantly, as if it was inflated.

But the next moment, it returned to normal.

Just silently, countless impurities, countless bruises, dark wounds, etc., all burst out of his pores.

As a result, a black-red blood mist formed around Chen Feng's body.

He suddenly got up and exhaled!

Following his exhalation, the entire Canglang Xiaoyue Peak was shocked! [ovelus.com](http://www.ovelus.com)

With a radius of three hundred miles, there was a thunderous roar!

Chen Feng laughed, all the blockages were swept away, smoothly!

The whole body shuddered.

He slowly said: "I have broken into the realm of the three-star martial emperor!"

And that was the moment when Chen Feng broke through and entered the Samsung Martial Emperor, suddenly he felt a hot in his arms, Chen Feng frowned and was a little surprised.

Then, Chen Feng saw that all the half-moon azure colored glazes that he had put away were all flying out.

There are hundreds of these half-month green glazes.

They circled Chen Feng, up and down.

This scene is extremely gorgeous.

They are scattered there, seemingly out of order, but in fact, the number of the week and the sky is implied in it, as if there is the most reasoning in it.

And if you look closely, you will find that the number of half-moon cyan colored glaze hovering around Chen Feng's body at this time is one hundred and eight.

There are three groups, each group is thirty-six.

Each group is hovering into a formation.

And among these thirty-six half-moon azure glazed glazes, there is a piece of azure gold and jade Ruyi the size of an arm, like a wishful look.

This green gold and jade Ruyi was similar in color to other half-moon green glaze, and it was all emerald green.

But the richness is more than tens of times stronger, and its shape is not half-moon-shaped, but like the same handle as wishful.

On the top of that Ruyi, there is a pattern like auspicious clouds, which looks very magical.

It's not an exaggeration to say that such a thing is so ingenious, it is hard to imagine that it is naturally generated in the organism.

But the fact is!

These three treasures were named by Chen Feng as the green gold and jade Ruyi, and these three green gold and jade Ruyi were found by Chen Feng from the bodies of the giant lava flying ants that were killed by Sirius that day.

Obviously, this green gold and jade Ruyi, in essence, is no different from these half-moon green gold colored glazes.

They are the essence of extremely powerful metal and defense forces.

But in terms of strength, thickness, and hugeness, it is more than dozens of times stronger than those half-moon cyan colored glaze?

How powerful is it?

Even Chen Feng is now afraid to absorb it directly!

If he absorbs this one, it will directly burst his body and die!

Therefore, Chen Feng just kept three of them.

However, he did not expect that at this time, these three azure jade Ruyi ran out with the one hundred and eight half-month azure glass.

One azure jade Ruyi, with thirty-six half-moon azure glazed glazes, formed an array that closely matched the number of the sky!

Chen Feng raised his brows: "What is this going to do?"

The next moment, he suddenly moved in his heart, stretched out his hand, extremely swift, and directly grabbed the green gold and jade Ruyi of the group in front of him, and grabbed it.

As soon as Chen Feng grabbed this azure gold jade Ruyi, those half-moon azure colored glazes, as if they had lost their leader, immediately scattered.

Don't form a tight formation like just now.

The formation was broken directly.

The next moment, the green gold jade Ruyi in Chen Feng's hand suddenly buzzed slightly.

After feeling the wishful buzzing of the green gold and jade, these half-moon green gold colored glazes seemed to be controlled.

Then the next moment, when I came to Chen Feng, almost at the same instant, it was bang bang bang, everything was blown to pieces!

[Chapter 3852: The power of moving mountains and reclaiming the sea!](#)

The thirty-six half-moon cyan colored glazes were all blown up!

Then, it was huge, extremely heavy, full of metal sharpness, and strong defensive power, which was directly filled near Chen Feng!

These powers were so strong that they formed a thick bronze mist with a radius of 100 meters around Chen Feng!

It's just that this mist is all made up of pure power!

The color of sharp platinum and heavy bronze!

Chen Feng was stunned for a moment, and then ecstatic!

Because, with the wishful buzzing of the green gold and jade in his hand, all those thick mists were instilled into his body.

A huge force was poured into Chen Feng's body and directly came to Chen Feng's right forearm.

Then, the forearm of Chen Feng's right hand began to slowly turn into that thick and pure bronze color.

Little by little, slow, subtle, but clear.

Chen Feng felt the process just like that.

He didn't wait long, it only took about a cup of tea, and one third of a big bone became bronze!

Chen Feng was extremely surprised: "It turns out that I need to crush this half-moon azure glass by myself to absorb its power."

"Furthermore, it takes several hours to absorb a piece of half-moon green glaze, and to turn one-third of this bone into bronze."

"Now, it only takes a cup of tea, and it has turned into a bronze color!"

"This efficiency is equivalent to an increase of dozens of times! It seems that it is also the credit of this green gold and jade wishful!"

He looked down at the green gold jade Ruyi in his hand.

The surface of the green gold and jade Ruyi was still buzzing softly, and a shallow light radiated from above, controlling the mist around it.

Chen Feng felt that these strong powers were continuously incorporated into his body.

Chen Feng didn't care too much, and didn't think too much. He closed his eyes and enjoyed quietly, feeling the rapid increase in his body strength and the crazy steaming of strength!

This feeling of becoming stronger and stronger made Chen Feng extremely obsessed!

His eyes even showed intoxication.

At this moment, seeing this scene made everyone around him dumbfounded.

"Chen Feng has broken through to enter the Samsung Martial Emperor, and he is still improving his strength?"

Someone glanced at Guang Hongzhuang and Sha Yushu, and laughed in a low voice: "Those two are still there, Chen Feng is so unscrupulously promoted! Tsk tsk..."

"Haha, really arrogant! Really domineering! Completely treat Guanghongzhuang and Sha Yushu as nothing, and break through in front of them! Improve!"

"Haha, in fact, it is Guanghongzhuang and Sha Yushu who are the best and the last chance at this time!"

"Yes, attacking Chen Feng at this time is the only chance for them to come back. When Chen Feng breaks through, they will only have a dead end!"

Someone sneered and said, "Actually, a sneak attack may be a dead end now!"

"Hahaha! That's right!"

There was a burst of laughter: "Look at Sha Yushu and Guang Hongzhuang, dare you!"

Everyone turned their attention to Guanghongzhuang and Sha Yushu.

At this time, the faces of both of them were extremely ugly.

Can they see the situation at this time?

Of course you can see it!

Do they dare to do it?

Of course not!

Just now, Chen Feng's incomparably shocking tyranny had already robbed them of their souls, and there was no idea of competing with Chen Feng at all.

Of course, if they are asked to shrink now, they also feel shameless.

Therefore, still frozen here.

Time passed, but no one left.

On the contrary, there are more and more people here.

Everyone wants to see where Chen Feng can go!

After an hour and a half, the mist around Chen Feng's body had disappeared without a trace, and all had been absorbed by Chen Feng.

At this time, Chen Feng already had twelve large bones in his body, all turned into bronze!

At this time, Chen Feng's body had 22 large bronze bones!

Chen Feng was extremely surprised and was about to cheer!

But at this time, he discovered that it was not over yet!

The azure golden jade Ruyi in his hand slid lightly again, and suddenly, another eighteen half-month azure glaze flew over!

It exploded again, and a thick mist enveloped Chen Feng!

Then, this power was crazily instilled into Chen Feng's body!

Chen Feng didn't have time to think about it, just absorbing it crazy!

After more than an hour, finally, the mist was absorbed again!

But at this time, Chen Feng suddenly got up, let out a frantic roar, arms raised!

He felt that he was almost exploded by the power in his body at this time!

That crazy power circulated in his body, and that feeling full of unparalleled power made Chen Feng almost unavoidable to go crazy!

He was so swollen and painful that he was about to be blown apart!

what!

Chen Feng's swollen eyes were red at this time, and his mind was a little chaotic. He let out a crazy roar, suddenly his figure flashed, and he directly punched the square under him and slammed it!

Chen Feng needs to vent, and the strength in his body also needs to vent!

With Chen Feng's fist hitting it, it was like a mountain hitting the square!

Suddenly, the entire square sank a hundred meters!

Then, on the square, there was a huge crack that was several kilometers long. The crack was extremely deep, from the mountainside to the foot of the mountain!

This crack even separates a piece of mountain from the main peak of the Canglang Xiaoyue Peak!

So the next moment, this piece is a huge mountain with a height of 10,000 meters and a radius of tens of miles!

Smashed down!

With a bang, he smashed into the abyss!

The entire Canglang Xiaoyue Peak shuddered violently. After a while, as the mountain fell into the cliff, even the entire Xuanyuan family's inner sect trembled!

"boom!"

Everyone was stunned and shocked!

Someone trembled: "I have long heard that martial arts has reached its limit. It's not a problem to move mountains and fill seas!"

"Finally see you today!"

"Is this the power of moving mountains and filling the sea?"

But Guang Hongzhuang and Sha Yushu both showed horror on their faces.

The two of them looked at each other, and both saw a look of regret in each other's eyes: "How can this kid's strength be so terrifying?"

The two quietly retreated, already preparing to leave quickly.

The two of them are scared!

Chen Feng stood on the swaying Canglang Xiaoyue Peak and roared to the sky!

After the fist fell, he felt that the painful pain in his body had disappeared a lot, and his sanity had also recovered a lot!

Then, a wry smile appeared at the corner of his mouth: "It seems that if the strength increases too fast, it is not a good thing!"

[Chapter 3853: Three hundred and six billion catties!](#)

But, despite saying that, Chen Feng was still extremely happy.

Because he looked inside himself and found that the number of large bronze bones in his body at this time had already become twenty-eight!

"Twenty-eight large bronze bones, plus the eight golden dragons, I already have it at this time..."

In an extremely shocking tone, Chen Feng slowly exhaled a number: "Thirty-six billion catties of power!"

"Three hundred and six billion catties! Hahaha! Hahaha!"

Chen Feng couldn't help laughing out loud!

What kind of concept is this?

"If the four-star Emperor Wudi is strong in the early days, I can kill him to scum with one punch!"

"In the middle of the four-star Emperor Wu, after a fierce battle, I can kill him!"

"If it is the peak of the four-star Wudi, I can at least retreat without falling into the wind! Even!"

Chen Feng carefully sensed the surging power in his body. At this time, all the injuries in his body had healed.

He felt that not only his strength had become stronger, his endurance, his recovery ability, his ability to resist pain, every bit, every part of his body had become stronger than before!

"This time, after my strength has been increased to 36 billion catties, there is another extremely huge benefit, that is!"

Chen Feng slowly clenched his fist, and in his hand, the Tianji White Dragon Spear suddenly appeared.

It is about four meters long, as thick as a goose egg, shining brightly, and the silver-white light on the top layer is extremely noble.

As if feeling the change in Chen Feng's power, the misty silver-white light stagnated for a while, as if a little surprised.

But then, the surprised emotion turned into a trace of contempt, not caring!

Obviously, Chen Feng's power is still the same as before, and he is dismissive of the hazy silver-white light.

It's all the same, that is: vulnerable!

Chen Feng only smiled bitterly.

Because he has such qualifications, because this guy is a fragment of that artifact!

He has seen the power of Thor, how can he care about his own strength?

"It's just that although I am far inferior to Thor, I am me and I am Chen Feng!"

"My strength is the result of my hard work and practice. I am proud of it, and one day I will be as strong as Thor!"

"No, even stronger!"

Chen Feng's eyes were full of determination: "Of course, the most important thing is that now my 36 billion power makes me force the Celestial White Dragon Spear once as before, and the price will be lower. !"

"It will still be seriously injured, but about 10% of the strength is left, at least it doesn't matter if you escape." *NovEusb.cOm*

"It won't be the same as before. After using it once, it's like a human knife. I am a fish and I will be slaughtered."

Chen Feng was extremely surprised.

He didn't expect that after he broke into the Samsung Martial Emperor, he actually got such a powerful force!

Three hundred and six billion catties!

Why is it 36 billion catties?

Chen Feng raised his eyebrows lightly, but then he realized something in his heart: "Three hundred and sixty, it coincides with the number of days in the week!"

It took Chen Feng a long time before he calmed down his excitement.

Then, suddenly he shook his head and smiled bitterly: "Even if I now have 36 billion catties of strength, I still haven't made the Immortal Vajra Arhat, let alone practiced."

"Even, the first layer of the Immortal Vajra has not been practiced!"

"Chen Feng, the long road is long, you still have to go!"

He is secretly vigilant in his heart, don't let himself get too smug!

"As for now, the breakthrough has been completed, and the strength improvement has also been completed. Some things..."

A sneer appeared at the corner of Chen Feng's mouth and suddenly turned around: "It's time to end it first!"

At this time, Guang Hongzhuang and Sha Yushu both moved back quietly, trying to escape!

At this moment, a cold voice suddenly sounded: "Did I let you go?"

"Did I let you go?"

After this sentence was said, it suddenly sounded like a thunder!

In everyone's ears, there is a stormy sea!

Everyone looked at Chen Feng blankly, and saw that Chen Feng was standing there, standing against the wind!

Wearing a white robe, blowing in the wind, black hair fluttering in the gale!

And his eyes fell on Guang Hongzhuang and Sha Yushu, and there was a trace of cold murder in that joke!

However, seeing Chen Feng's look like this, everyone suddenly had an idea, an idea, and that was: "Chen Feng, it's finally time to make a move!"

At this time, Guang Hongzhuang and Sha Yushu, the two of them had turned around to sneak out.

After hearing this sentence, the two of them stiffened at the same time and stopped there.

The two of them are naturally very clear, who is Chen Feng talking about, naturally it is the two of them!

Under this circumstance, it is naturally impossible for the two to move forward.

If you want to go further, then it would be too shameless to write, and it will be impossible to gain a foothold in this inner sect in the future!

The two turned around, Guang Hongzhuang looked at Chen Feng, and said without a smile: "Chen Feng, are you talking about the two of us?"

"Nonsense, who else is besides you two?" Chen Feng said lightly.

"You are so bold!"

Guang Hongzhuang suddenly shouted at this moment: "We two talked about seniority, but your uncle! How dare you talk to us in this tone?"

It turned out that until this time, Guang Hongzhuang was still unwilling to lose face and was still holding on here.

However, anyone can see the stern look on his face.

Everyone was stunned for a moment, and then they all let out a roar of laughter: "This magnificent grandeur is really shameless!"

"Yeah, that shameless bullying of Chen Feng just now, and now that Chen Feng is far stronger than him, he actually used his senior uncle's seniority to suppress Chen Feng? It's really shameless to the extreme!"

"Haha, he didn't want to think, is this trick useful for Chen Feng?"

At this moment, Chen Feng was stunned when he heard these words, and then shook his head.

This person is really shameless!

"Uncle Master? Are there uncles like you?"

A smile appeared at the corner of Chen Feng's mouth, but that smile gradually became colder:

"Kill the door, provoking wantonly!"

"In words, it is extremely humiliating!"

"Seeing invincible, generation pressure!"

"Dog things like you! It's the shame of the inner sect of my Xuanyuan family!"

Speaking of the last sentence, Chen Feng's voice is already high-pitched and fierce!

He raised his head and looked into the depths of the Nei Zong clouds, with a hint of sarcasm at the corners of his mouth: "Since the person in charge doesn't care, then, good!"

"I'll take care of it!"

After all, go forward slowly!

And Chen Feng's words just now, just like that Huang Zhongda Lu, shocked and shocked everyone!

[Chapter 3854: I didn't let you go, can you go?](#)

Many disciples looked at Chen Feng, with a look of shock on their faces, and there was deep admiration in the shock!

Guang Hongzhuang and Sha Yushu were also completely shocked by Chen Feng's words!

The two looked at each other, and their bodies trembled. At this moment, they suddenly thought of the sky above the Yuyu firmament, with the sound of rolling thunder, and a huge knife flashed past. , As if to take their lives!

Chen Feng's remarks actually caused them to have such an illusion!

The illusion is after all an illusion, but when they saw Chen Feng slowly coming here, the fear became real!

Guang Hongzhuang looked at Chen Feng and said with a trembling, "You, what are you going to do?"

"The two of us are your uncle, you, if you are rebellious and dare to commit a rebellion, the elder will not spare you!"

"He won't spare me? I won't spare him yet!"

A faint ridicule flashed in Chen Feng's heart.

But he didn't say a word, just pushed forward slowly.

Seeing this scene, Guang Hongzhuang and Sha Yushu were even more flustered.

They have realized that they are definitely not Chen Feng's opponent, and they can only move the Great Elder out just now.

But now it seems that the Great Elder is also useless in Chen Feng!

Chen Feng actually didn't pay attention to the great elder at all.

The expressions of the two changed, and they suddenly yelled in unison, fleeing wildly!

A mocking smile appeared at the corner of Chen Feng's mouth, and said faintly: "I didn't let you go, can you go?"

The next moment, Chen Feng let out a soft drink, and above his head, the Tianji White Dragon Spear suddenly appeared!

The long spear hung above Chen Feng's head, and the force did not fire!

But, this is a dignified Fourth Grade magic weapon!

This is a powerful artifact that can kill the five-star Wudi!

As soon as this thing appeared, there was a terrifying coercion, and it was overwhelmingly pressed down!

The children of the Xuanyuan family's inner sect all around them felt like they had a big mountain, pressing down from the sky like themselves!

Moreover, the mountain is still full of all kinds of magic weapons, murderous!

As long as you dare to move, you seem to crush yourself directly!

That kind of terrifying pressure made them dare not breathe in the air, their pupils spread instantly, their whole body stiffened, and they stood there without even daring to move!

At this time, none of the many Nei Zong disciples dared to move.

Everyone just screamed crazy and incredible in their hearts!

"Chen Feng took it out. What level of magic is this?"

"How terrifying is this magical soldier? It's so faint and silent, is it enough to suppress me?"

"Level 3 magic weapon or 4 stage magic weapon?"

"We knew that Chen Feng was strong enough before, but we didn't expect to underestimate him!"

Guanghongzhuang and Sha Yushu are all in despair.

Especially Guang Hongzhuang, standing there looked sluggish, almost stupid.

Because, at this time, the breath of Chen Feng's extremely white dragon spear that day covered the audience, but the key point was that it pressed against them both!

Therefore, for a moment, both of them felt as if they had returned to their childhood, as if they had returned to the weakest time when they had not practiced martial arts!

It was put on the neck by a knife!

The blade is so sharp that it can easily pierce their throats and kill them directly!

Both of them were standing up with their cold hairs, and goose bumps had formed.

Even the blood was frozen stiff, from the Tianling Gai to the sole of the foot!

The two did not dare to move, for fear that after they moved, they would be misunderstood by Chen Feng, then they would directly kill them!

They are full of fear and regret,

Only at this moment did the two really realize how powerful Chen Feng is, and only then did they realize how ridiculous they were just now!

Both of them were full of regrets: "Why are we trying to provoke Chen Feng? Why do we provoke him? Isn't this finding death by ourselves?"

Celestial White Dragon Spear suppressed the audience, shocking everyone!

Even Xuanyuan Xiaoyue in the hall raised her brows at this time, and a smile appeared at the corner of her mouth:

"With this thing, I'm afraid it's a bit more certain to do that big thing!"

At this time, Chen Feng's body was surrounded by the Celestial White Dragon Spear, and Shi Shiran walked in front of Guang Hongzhuang and Sha Yushu.

Guang Hongzhuang and Sha Yushu looked at him and were afraid to move.

Eyes swept across the Tianji White Dragon Spear behind him, and it was full of trembling.

For fear of an accident that would make Chen Feng unhappy, this terrifying magical soldier came over stupidly and directly killed both of them!

Looking at Guang Hongzhuang and Sha Yushu, Chen Feng suddenly stretched out his hands, smiled and patted their faces, and said, "Run, keep running, why don't you run?"

When he said this, the breath of the extremely white dragon spear was closed that day.

Suddenly, everyone was panting heavily, and finally healed.

When everyone saw this scene, they all felt unspeakable weird.

Guang Hongzhuang and Sha Yushu, a four-star martial emperor, a three-star martial emperor pinnacle, were so humiliated by Chen Feng here!

But, they didn't even dare to say anything hard!

Guang Hongzhuang forced a smile on his face. Where did he dare to play sideways with Chen Feng?

He laughed and said, "Major Nephew Chen Feng, Young Master Chen, Master Chen...I, we two have no eyes to know Mount Tai, so please raise your hand and let us go!"

"It seems that the two of us have stayed in Nei Zong for so many years!"

"Oh, is it so?"

Chen Feng looked at him and smiled: "Didn't you two say that just now, didn't you want to fight me just now?"

Guang Hongzhuang and Sha Yushu both blushed and smirked.

Chen Feng looked at the two of them, smiled and said: "I just said that I want to break through, not because of you two."

In an instant, both Guanghongzhuang and Sha Yushu's faces flushed red, as if they were slapped in the face.

This is the second time Chen Feng said this sentence.

When he said it for the first time, the two laughed loudly, and no one believed it.

They thought that Chen Feng temporarily broke through to Emperor Wu of Samsung in order to be able to compete with Guang Hongzhuang and Sha Yushu.

Now I know, what Chen Feng said is true!

He broke through to the Samsung Martial Emperor, not to contend with the two of them, because he can easily crush them both without breaking through!

He broke through, just because he wanted to break through.

"Actually, I really didn't want to bother you two."

Chen Feng looked at the two of them and said lightly: "How can I..."

Chen Feng stretched his waist, and his voice was lazy: "I wanted to lie down, but two wild dogs kept barking. It really made me Chen couldn't sleep."

[Chapter 3855: I won't give it to you, you can't grab it!](#)

After hearing this, everyone was taken aback for a moment, then Jinjie let out a laugh.

Guang Hongzhuang and Sha Yushu stood there, surrounded by the laughter.

They felt that every laughter slapped their faces like a slap in the face, completely making them faceless.

They knew in their hearts that today, after this incident, they no longer have any face in the Xuanyuan family's inner sect!

Their faces were already severely torn off by Chen Feng, stepped on their feet, and smashed into the mud!

No one would be afraid of them anymore. They wanted to use Chen Feng to raise his power today, but on the contrary, Chen Feng used him to raise his power.

Suddenly, behind Chen Feng, the Celestial White Dragon Spear slowly rose again.

Murderous, suddenly became extremely fierce!

Guang Hongzhuang was so scared that Liushen Wuzhu was already scared, and he trembled: "What are you doing?"

"What am I doing?"

Chen Feng smiled and said: "I have already said that since you two dare to say such things and dare to do such things, naturally you have to pay for it!"

"For example..."

Chen Feng smiled and tapped his Dantian position: "Abolish your two cultivation skills?"

When Guang Hongzhuang and Sha Yushu heard this, their expressions changed drastically.

They originally thought that Chen Feng would just clean them up, but they didn't expect Chen Feng to abolish their cultivation skills today.

The two of them were instantly terrified, and Sha Yushu knelt down as her legs softened.

He looked at Chen Feng and begged, "Master Chen, Grandpa Chen Feng! Please, don't waste my cultivation!"

"It depends on the face of the great elder, the face of the elder Xiaoyue, don't waste my cultivation!"

He actually knelt to Chen Feng directly.

Seeing this scene, many disciples were in an uproar!

"How could Sha Yushu be a person of the same generation as Xiaoyue's elders, she was so scared by Chen Feng!"

"Nonsense, you will be scared like this if you change yourself!" Some people disdain to say.

Guang Hongzhuang originally wanted to hold on, but Chen Feng's icy eyes looked at him, and there was a faint 'um' in his mouth.

Suddenly, all of Guanghongzhuang's courage disappeared.

He also plopped, fell to his knees, kowtow to Chen Feng repeatedly, begging loudly.

Seeing this scene, Chen Feng laughed, very happy in his heart.

"Just now, you said you want to clean up me, why do you kneel now? Why do you beg for mercy?"

Chen Feng stretched out his hand and patted the faces of the two of them: "Go on, you keep going crazy! Keep going!"

Chen Feng's hand slapped on their faces, and also slapped on their hearts!

The spirits of Guang Hongzhuang and Sha Yushu were almost collapsed, and they wished to find a place to drill in.

They even feel a little dizzy!

They know that they have been humiliated to the extreme today!

The two are just begging for mercy,

"okay....."

Chen Feng waved his hand and said lightly: "Today, I just came back, and I am in a good mood and I don't bother to do it."

"Well, you two, come in front of me and knock your heads a hundred times!"

"Today, I will spare you all!"

Hearing what Chen Feng said, everyone burst into laughter.

They naturally understood why Chen Feng was like this.

Just now, Guang Hongzhuang and Sha Yushu, the two of them were very arrogant and asked Chen Feng to give them a hundred bangs and give them the name of the first disciple.

Now, Chen Feng is obviously paying back.

This is humiliation!

Naked, unabashedly, humiliated!

But even if Guang Hongzhuang and Sha Yushu know that Chen Feng is only to humiliate themselves, what can they do?

How dare they disobey?

At this time, the two were even overjoyed.

Because, compared to abolishing the cultivation base, one hundred ringings is already a very, very light punishment.

The two looked at each other, without any hesitation, fell directly to the ground, kowtow again and again!

Soon, the two of them had already knocked a hundred times.

At this time, even though Qi Xingwen and Yuchi Binbai stood far away, they were also enveloped by this breath.

The two of them were frozen there just now and did not dare to move. At this time, Chen Feng's Tianji White Dragon Spear retracted and the breath withdrew, and the two of them returned to normal.

Qi Xingwen suddenly knelt down, gasping for breath.

His nose snorted and his eyes were red, like a mad bull.

It took him a long time before he was relieved, but the whole person was desperate, as if stupid.

Yuchi Binbai gave him a deep look.

Of course he knew why Qi Xingwen was like this.

Qi Xingwen was already completely stupid by Chen Feng's powerful strength.

"I'm afraid, he is also full of regret at this time!"

Yuchibin said secretly.

But then there was a wry smile: "How can I be better than him?"

"If Chen Feng knew what we were doing, he would not let Qi Xingwen go, nor would he let me go!"

A few moments later, a hundred bangs ended.

Guang Hongzhuang looked at Chen Feng flatly and said, "Master Chen, is it all right now?"

Chen Feng patted their faces and smiled and said, "Remember, in the Xuanyuan family, if you dare to do evil in the future, Chen Feng can't spare you!"

The two nodded repeatedly.

Having said that, Chen Feng laughed loudly, turned around and walked away with great pleasure in his heart.

Seeing this scene, Guang Hongzhuang and Sha Yushu both breathed a long sigh of relief, and felt extremely grateful:

After all, this self-cultivation was saved.

The reason why Chen Feng is like this is also because these two people have actually said that they didn't do anything good in the Xuanyuan family's inner clan over the years, but they still have no lives in their hands.

Second, they came over today, not killing Chen Feng, they wanted to step on Chen Feng's power.

That's why Chen Feng didn't kill them or abolish them.

Otherwise, the youngest of the two would be discarded by Chen Feng.

Moreover, the humiliation of today is more effective than killing them directly!

Starting today, they have no face to bully others in Nei Zong.

"correct....."

At this moment, Chen Feng suddenly turned around and looked at Guang Hongzhuang and Sha Yushu.

Guang Hongzhuang and Sha Yushu shivered with fright.

Both of them were already extremely terrified of Chen Feng. Seeing him turning around at this time, they thought he had to pack himself up.

So the two of them just stood up, with another plop, they knelt directly on the ground, looking at Chen Feng with fear.

"Don't be so scared, I won't do anything to you..."

Chen Feng laughed softly.

However, what he said, the two did not believe it.

Guanghongzhuang tremblingly said: "Chen, Master Chen, Brother Chen Feng, what advice do you have?"

His voice trembled with fright.

Chen Feng smiled and said: "What I want to tell you is that the so-called first disciple of the Xuanyuan family's Inner Sect is not my self-appointed Chen Feng!"

"I, Chen Feng, have never claimed to be so!"

"To be honest, this name is not rare for me!"

"But, who wants this title..."

Chen Feng smiled, showing white teeth!

In that smile, he was very cold, his eyes swept across everyone's faces, and then he slowly uttered a word:

"I won't give this title, you can't grab it!"

Silent!

In an instant, the audience was silent!

Everyone was shocked by Chen Feng's words!

Chen Feng's words are crazy! Very arrogant!

Did not put any of them in the eyes!

However, they know that Chen Feng is qualified to be crazy!

Chen Feng has this ability! Have this strength!

Therefore, no one dared to say a word, everyone looked at Chen Feng in awe.

[Chapter 3856: Return to Mirror Valley](#)

Many people even added a sentence for Chen Feng in their hearts: "We can't grab it if we want it!"

Today, Chen Feng is taking this opportunity to completely make himself in the Xuanyuan family Lixia name, so that everyone dare not provoke himself easily!

His body turned into a white light, and with a sigh, he moved in the direction of Jinggu.

Next to Jinggu, above the giant peak!

Chen Feng looked down.

In Mirror Valley, the vegetation is still there, no different from when he left.

The stone wall is still smooth as a mirror.

The big lake is still turbulent.

The green pine still stands proudly.

However, compared with before, it is exceptionally quiet, even deadly silent, and a bit less popular.

Chen Feng saw that under the green pine, the Jianlu was still there, but there was none.

By the big lake, the two little figures playing around have disappeared.

In just an instant, Chen Feng captured the entire situation of Mirror Valley.

He took a deep breath and slowly said, "Jinggu, I'm back!"

"I care about people. This time, I'm here to uphold justice for you!"

In the next moment, he fell on the green pine.

And Chen Feng had just fallen, and suddenly there was a low roar full of cheers next to him.

The next moment, a small figure slammed directly into Chen Feng's arms.

Chen Feng was surprised at first, and then after seeing it clearly, he was overjoyed and laughed loudly.

He said loudly to the little figure in his arms: "Bloodwind, you are fine, you are fine, great! Hahaha, great!"

Chen Feng couldn't help himself.

It turned out that the little figure that plunged into his arms at this time was exactly the blood wind.

At this time, the blood wind was rolling in Chen Feng's arms desperately, coquettishly and shamelessly.

The little face rubbed against Chen Feng's face, and the tongue was licked against Chen Feng's face.

There was a low whimper in his throat, which made people feel unspeakably happy.

Obviously, Chen Feng's return made him extremely happy.

Chen Feng played with him for a long time, before he hugged him with both hands, raised him high, and laughed: "Okay, okay, Bloodwind, let's stop playing, let's talk about business first!"

The blood wind stopped just now, looking at Chen Feng with ruby eyes.

Chen Feng felt infinite emotion in his heart.

In fact, when he first got the news from Mirror Valley, he was very worried.

And the most worrying one is blood wind.

Because since the last time the blood wind showed its strength, it quickly fell silent.

Especially recently, I didn't see any signs of his strength, but he felt very weak.

Moreover, he did not see the blood wind in that picture.

Sometimes, not seeing it is the most explanatory.

He didn't see the blood wind in it, so he didn't know what happened to the blood wind.

Even Chen Feng had a faint thought in his heart, but he didn't dare to say it, and he didn't even dare to think about it!

Now, it is relieved.

Bloodwind seemed to know what Chen Feng wanted to ask, and before he opened the door, a consciousness suddenly appeared in Chen Feng's mind.

After Chen Feng listened, he nodded slowly.

What the blood wind said was exactly what happened that day.

And all this is no different from what he speculated.

Chen Feng was about to speak, suddenly frowned, and looked to the side: "Who?"

"Master, it's me."

A gentle voice rang out.

Under the giant pine, among the trees, a person slowly walked out.

Chen Feng raised his brows: "Is it you?"

It turned out that the official Pu Jingyi appeared.

Then, Chen Feng's face became cold, his eyes were extremely sharp, and he slowly said, "Why are you?"

The phrase 'I'm you' just now and the phrase 'How are you' are two completely different meanings.

Just now, Chen Feng was purely surprised, but at this time, he was looking at it a bit and asking.

The meaning of that sentence, Pu Jingyi is naturally very clear: "Why are you not arrested? Why are you still here? Why are they all arrested?"

Pu Jingyi didn't panic, but bowed his head slightly.

Then, facing Chen Feng's gaze, without evading, he said frankly: "The subordinates were not strong enough, and they were killed when they appeared."

"Sang Xingteng may be jealous of others, but he will never show mercy to me, a lonely ghost."

"If it appeared that day, it is now a dead bone."

"So, I ran away that day, in order to be able to report this news to my master today."

He made no secrets, nor did he find any excuses, he directly stated his thoughts on that day.

Then, frankly, and looked at each other with Chen Feng.

After Chen Feng listened, he stared at him unblinkingly, but he couldn't see any guilty conscience.

After a while, Chen Feng smiled slightly, nodded and said, "You did a good job."

Pu Jingyi bowed slightly and did not speak.

He was about to retire, but Chen Feng smiled slightly and said, "Hold on."

Then, the sleeves flicked, and suddenly, a thin and yellowed old book floated towards Pu Jingyi.

Pu Jingyi's instinct was to take it, first he was taken aback, and then he was ecstatic.

Because, he already felt impressively the huge, distant, and mysterious power contained in that book!

He immediately realized that this book was probably a very high-level and extremely terrifying technique!

And the fact is exactly the same.

This yellowed book volume may seem inconspicuous, but in fact it is a terrifying technique that has reached the third rank of the barren rank!

This is what Chen Feng found on Qin Zhesheng after he killed him.

However, he didn't have time to take a closer look at the time, and he rolled his eyes slightly during the interval between healing.

However, compared to the five-star Wudi, this level is really not high.

Qin Zhesheng's talent is also quite terrifying and astonishing to be able to cultivate to the realm of a five-star martial emperor by relying on a barren level three-rank technique.

For Chen Fengfeng, this thing can be said to be tasteless and of little use.

The people around him also had their own chances, so Chen Feng left it, and originally wanted to sell it for a good price, but at this time, when he moved in his heart, he directly rewarded Pu Jingyi.

After all, Pu Jingyi's performance is remarkable.

Wouldn't it be chilling if there is no reward for merit?

After a moment of stunned, Pu Jingyi immediately picked up the scroll, and then fell to his knees with a plop.

He didn't say a word, just banged his head three times in a row, and everything was silent!

Chen Feng smiled slightly, waved his hand and said, "Good students practice! The better you practice, and do things for me, there will be more benefits waiting for you in the future."

After all, wave your hand.

Pu Jingyi left in a very wise manner.

Chen Feng played with Xuefeng for a while, and put him aside, teasing him with a smile: "Bloodwind, will you protect me? I want to practice."

[Chapter 3857: layout!](#)

The blood wind nodded fiercely and waved his two small paws, making a fierce look.

It seems to be saying: "You don't need to worry about cultivating. Anyone who comes will be beaten out directly by me and will be vulnerable!"

However, he is now like a puppy, waving two small paws with cute pink mats, and it looks like a kitten and puppy playing.

Naive, very cute, but without the slightest meaning of fierceness.

Chen Feng looked at it and couldn't help laughing.

The blood wind was a little embarrassed and turned into anger when he laughed, and he rushed forward to chew again.

The two laughed for a while, and Chen Feng sat cross-legged on the top of the giant pine, at the end of the horizontal branch.

There was a few kilometers high across here, and it swayed gently with the strong mountain wind.

It was this kind of slight shaking, the mountain breeze blowing on the face, and the surrounding big lake rushing environment that made Chen Feng the most familiar and reassuring.

This is something that you can't feel when you are outside, because here is his mirror valley.

It took Chen Feng three full days to settle down.

Three days later, when he woke up again, he was refreshed and comfortable.

And the slightly impetuous aura that suddenly grew in the body also settled down.

He looked to the side and vowed to protect him with the blood wind. At this time, Zheng Xiang, who was sleeping next to him, had her feet upright, showing her white and tender belly. His front paws covered his head, and he made a snoring sound. .

When Chen Feng saw it, his heart felt soft.

After a while, he looked into the distance, lost in thought.

His breakthrough has been completed, his strength has stabilized, and Chen Feng is also very happy.

But soon, that happy mood was forcibly suppressed by him.

"Now, it's not the time to be happy, we have to wait for that big event to be done!"

"If you can't do that great thing, any joy is useless!"

A hint of contemplation flashed in Chen Feng's eyes: "In a short period of time, my strength can't be improved much."

"The matter for dealing with Sang Xingteng has already been decided, as long as it is completed before the Chongyang Ninth Festival."

"Then, right now, we must do that big thing!"

"This major event must also be done before dealing with Sang Xingteng. Otherwise, it is difficult to deal with Sang Xingteng first, so that he can be prepared!"

This is also the most important event in his life in the past few years, and it will directly affect him in the future.

If things can be done, the ocean will be wide and the sky will be high, let the birds fly!

All the resources in the Xuanyuan family will be left to Chen Feng's choice, which will greatly benefit Chen Feng's cultivation.

If things fail, then Chen Feng will fall into the predicament of being hunted down!

Even, there is no escape, there is only a dead end! novelsb.com

After a long time, Chen Feng gritted his teeth and slowly spit out: "Xuanyuanzixi, you must die!"

Chen Feng's mood gradually became extremely peaceful, his thoughts also settled down, and a clear vein appeared quietly.

"If you want to assassinate Xuanyuan Zixi, then first of all, the most important thing is to get close to Xuanyuan Zixi, and to be close to Xuanyuan Zixi's true body."

"It's just that, based on the relationship between me and Xuanyuan Zixi, what would he think if I just visited him so hastily?"

"Ordinary people, I'm afraid they will have questions in their hearts?"

"What's more, Xuanyuan Zixi is a very suspicious person."

"If I go directly to see him, then he will be extremely wary of me, the most likely is not to see him, and if I can't see him and ask again and again, then his suspicion will only increase."

"Even if you barely meet, you will be wary of me, so I won't be able to sneak attack and succeed!"

"It is important to know that for my plan to succeed, the most important element is that he is unsuspecting me, then I have the possibility of success!"

"After all, the difference between our two strengths is too big!"

Chen Feng throbbed when he thought that the opponent was the Six-Star Wudi, and even surpassed the strength of the Six-Star Wudi.

He is just three-star Wudi now!

Six-star Wudi, three full levels higher than him, wanted to kill him, it was as easy as turning his palms, like crushing an ant to death.

Moreover, Xuanyuan Zixi's strength had not yet recovered.

When his strength recovers, he may even rise to the next level and step into the realm of the Seven-Star Martial Emperor!

At that time, it can even be said that Chen Feng can be killed with a single finger!

"Based on my early planning, as long as I can see him and he is not wary of me, then this plan is 90% successful!"

"So, this first step is more prudent!"

"If you accidentally lose everything, you lose!"

"I want to start the layout! A simple but very effective game!"

A smile appeared at the corner of Chen Feng's mouth: "Not only can I not take the initiative to find Xuanyuan Zixi, on the contrary, I still want Xuanyuan Zixi to come to me!"

"Even, when he took the initiative to come to me, I had to act reluctantly!"

"Then, I was invited by him!"

"In this way, he won't have any doubts!"

The corner of Chen Feng's mouth stretched out a sly smile: "Fortunately, I thought about this method a few months ago!"

"And, in the past few months, I have been preparing."

"I have already prepared everything before, and the harvest from this trip to the deserted ruins gives me greater assurance!"

It turned out that Chen Feng had already prepared something before that.

You can get close to Xuanyuanzixi by using such things.

And now, after going to the desolate ancient ruins, especially in the black market, he has gained a lot.

One of them is enough to increase the probability of Chen Feng's success by more than 30%!

"If it is said that the things I prepared before can't attract Xuanyuan Zixi to the bait, then such things must be possible!"

With that said, Chen Feng opened his golden thread kit.

And the moment this golden thread kit opened, suddenly, the colorful rays of light burst open, like a rainbow, shuttled through the air.

The medicinal fragrance is so strong that it is almost terrifying, it is filled in this valley!

This scene made Chen Feng very distressed.

These medicines are flowing out and rushing out, which is actually not a good thing.

It looks spectacular, but in fact it is a kind of damage to the power of the elixir!

Chen Feng hurriedly picked one item from the inside, and after taking it out, he clicked and sealed the golden thread kit.

What Chen Feng took out of it turned out to be a small tree.

This small tree is no more than three feet tall, and its trunk is as thick as an adult man's wrist.

The top is divided into three layers. These tree trunks are all green, just like the finest jade carvings.

[Chapter 3858: See if you are hooked!](#)

And its leaves are a golden color, but they are extremely square, like a great seal!

Even on the big seal, there are very clear veins like ginkgo biloba leaves, condensed into mysterious things like words.

Seventeen or eight colorful fruits grow on it, each of which has a different shape, size, and even color.

The whole tree looks like it was carved from countless precious and beautiful jade and pearls, brilliant and gorgeous.

"What kind of breath is this?"

Chen Feng squinted, perceiving it carefully, and then he judged that this kind of breath seems to be a strong life breath, but in fact it is completely different.

The biggest difference from the pure and rich life breath is the unspeakable aura of light.

It seemed that all the cold and evil demonic energy was invisible in front of him.

As soon as this small tree appeared, there were countless air currents bulging in the air, and a light and shadow like a bright starry sky was formed beside him.

Among them are even more dotted!

The little tree floats in it, just like the sacred tree.

When Chen Feng saw it, he couldn't help being surprised.

A chuckle appeared at the corner of his mouth: "This Red Sun Star Luo Divine Tree is specially designed to resist evil spirits!"

"Any evil spirit cannot survive and escape in front of him! It will be swept away directly!"

"This thing is extremely precious and useful to most warriors, but it may not be so scarce for them."

"After all, what this sacred tree can do, many other elixir can also do."

"However, for Xuanyuan Zixi, it is extremely precious."

"Because, it happens that I know some news about Xuanyuan Zixi!"

In Chen Feng's mind, he remembered what Xuanyuan Xiaoyue told him back then.

"Xuanyuan Zixi was a hundred and fifty years ago, when he was cultivating, he was so eager that he became mad and devastated, and demons grew!"

"It stands to reason that it is absolutely impossible for him to survive in that situation, but he doesn't know what method he used, he actually communicated with the Demon World!"

"The so-called heart demon is not the same thing as the demon heads of the demon world, but the big monsters of the demon world are naturally much better than our human warriors in dealing with the heart demon."

"Therefore, that time, the heart demon actually made him pass the test! Nothing was affected!"

"However, on his body, but due to his contact with the Demon Realm, his body is stained with a part of extremely strong demon energy!"

"He doesn't want these demon qi, because those demons don't want to occupy his body all the time through this devil qi in him!"

At that time, Xuanyuan Xiaoyue was full of solemn expression: "Even through him, using him as a bridge to come to Longmai Continent!"

Xuanyuan Xiaoyue looked at Chen Feng with a solemn expression: "This matter, the entire Xuanyuan family's inner sect, and even the entire Dragon Vessel Continent, are only known to the two of us."

"Now, I will tell you this news!"

"You can only be used against Xuanyuan Zixi! Never let it out!"

He said word by word: "This is a family ugly. If it leaks out, saying that the inner sect elder of the Xuanyuan family has an affair with the Demon Realm, then our Xuanyuan family will be destroyed!"

These words of Xuanyuan Xiaoyue sounded in Chen Feng's mind, and they were exactly the same.

"Elder Xiaoyue, don't worry, this secret, I only use it against Xuanyuan Zixi!"

A sneer appeared at the corner of his mouth: "Xuanyuan Zixi, presumably you should be extremely eager for me, the Red Sun Star Luo Divine Tree that can cleanse the devil!"

"Haha, all you want is your eagerness!"

"This is the bait I laid for you!"

"A very sweet bait!"

The thing Chen Feng had prepared before was also aimed at Xuanyuan Zixi's weakness.

After Chen Feng knew that Xuanyuan Zixi had a great demand for this type of medicine, he kept secretly searching for these things.

What he had prepared before was the same.

But obviously, that drug is far inferior to the 10,000-year Red Sun Star Luo God Tree in front of Chen Feng!

This Red Sun Star Luo Divine Tree was born in the deserted ancient ruins!

There is an extremely dark, filthy, wicked, filthy and dirty place.

However, it was only in the extreme darkness that the brightest light could bloom!

Only in that extreme filth can the most sweet and sweet flowers bloom!

Therefore, the elixir produced in the desolate ancient ruins itself is more than one level higher than those on the Dragon Vein Continent.

And this Red Sun Star Luo Divine Tree is even more outstanding.

According to the information left in the medicine box, this Red Sun Star Luo Divine Tree, which has reached the ten-thousand-year level, was born in a forbidden place among the desolate ruins: Purgatory Black Marsh!

The deserted ancient ruins are dirty and evil enough, and the black marsh of purgatory is even more evil than other places.

This place was once the largest ocean in the world that was in the deserted ancient ruins.

After that world was shattered, it has become a huge swamp, reaching a depth of millions of miles, and how many times more terrifying than the abyss!

There are countless dead monsters, ancient Ming beasts and other decaying bodies deposited inside.

The poisonous gas inside was so fierce and evil that even the Five-Star Wudi was struggling in it.

Entering below the five-star Emperor Wu is pure death.

One can imagine how precious the Wannian Lingbao produced in this forbidden land is!

In fact, according to Chen Feng's estimation, the level of this elixir is probably already similar to that of the third rank magic weapon.

"I use the elixir of this level to reach the third rank of magic weapon as bait, I don't believe you are not bait!"

There is a sneer at the corner of Chen Feng's mouth!

"Xuanyuan Zixi, at this time, you are my Chen Feng's prey!"

He slowly clenched his fists, as if to pinch the prey to death in his own hands.

At this time, in his eyes, the powerful six-star Wudi Xuanyuan Zixi was just a prey!

Xuanyuan family, Nei Zong black market.

The black market today is as usual.

No changes were brought about by the arrival of Chen Feng. For these disciples of the Xuanyuan family's inner sect, in fact, Chen Feng at this time was already completely different from them.

Chen Feng's height is beyond their reach, and Chen Feng will not have any impact on their lives.

They are still the cultivation that should be cultivated, they should complete the task and complete the task, and those who should come to the black market to do business, naturally they also come to the black market to do business.

However, the current black market is more prosperous than before.

Because, in these days, in the black market, several tasks have been quietly released.

[Chapter 3859: In the black market](#)

The rewards for these tasks are quite generous, and some are even very high-level and very rare martial arts techniques.

The source of these tasks is Sang Xingteng.

Sang Xingteng has now obtained the Green Screen and Wuling, and has begun to refine that extremely powerful golden core!

Then, refining this pill is naturally not the two elixir of Qingmu Wuling.

In fact, this pill, Qingmu Wuling is only the main ingredient, and there are more than 3,000 kinds of elixir as auxiliary ingredients.

Of these three thousand kinds of elixir, Sang Xingteng now has 2,700 kinds of them, and he has collected seven or eighty-eight kinds.

But still less.

Of course, the things he has collected are relatively rare, very precious, and difficult to collect.

The rest will be much more unusual.

And he really didn't have the energy to find these elixir, so he released it as a task.

The reward is the powerful martial arts and magic weapons he has obtained over the years for killing people and overstocking.

This time, he also paid a lot of money and took out all the things under the pressure box.

For him, these martial arts were of no use at all.

Qi Xingwen and Yuchi Binbai also released a series of missions.

Because that day they helped Sang Xingteng and sealed the Mirror Valley with a large formation. Although it was only a short time, it was so difficult to even cut off the gods of Xuanyuan Xiaoyue and other powerful people?

How high the level of the big formation is, and what a huge amount of various spelling materials it needs to consume, it has already exhausted their storage.

Now, of course, we have to restock through the black market.

Anyway, besides a market, the black market itself has the function of publishing tasks, and the tasks published are generally higher in rank than those published by the Xuanyuan family's inner sect, and the rewards are also higher.

This has also caused the black market to be quite prosperous in the past few days, with people coming and going.

Everyone was busy. Although everyone didn't know what was happening, they could feel it, and there was a breath of rain and rain everywhere.

That is, in the evening of the second day after Chen Feng came back, a figure in a black robe quietly stepped into the black market without making any waves.

This figure is naturally Chen Feng.**noVebLusB.cOM**

He stood in the black market and looked around, suddenly feeling a little bit emotional in his heart.

"In this black market, when I first came here, I was shocked. I felt that the level in it was too high, and the people in it were too strong."

"It feels like these treasures inside are really powerful and unimaginable, but this may be the last time I have come to the black market!"

"I am constantly growing at a very fast rate. Now for me, the level of this black market is already too low!"

"There are not even many things that fascinate me!"

"However, it must be so!"

"If that's not the case, I, Chen Feng, wouldn't my strength be improved?"

Chen Feng smiled and shook his head, dispelling the thought from his mind.

After that, he strode towards the dark city center.

At the beginning, no one noticed him.

Even when he walked to the dark city center, no one noticed.

In this black market, there are hundreds of people, everyone, but it's not surprising that such situations have long been commonplace.

But the next moment, they all exclaimed.

It turned out that at this moment, Chen Feng had slowly floated up and came to a place about tens of meters above the ground.

Although not very high, it was enough for everyone to look at him.

It's not anything else that everyone was shocked, but he was able to float in the black market!

In the black market, there are strong people who founded the black market, and the enchantment laid down!

Therefore, any person whose strength is lower than that of the founder of the black market will not be able to rise in the air!

At this moment, he can rise into the air, which means one thing, that is: his true strength is at least stronger than the creator of this black market!

Of course it is.

The creator of this black market is Qi Xingwen.

Chen Feng's strength, of course, is far better than him.

Everyone looked at him and all exclaimed: "Who is this person?"

"I don't know, are you stupid to ask this question? I don't know the true face of the other person here. Do you know who he is?"

"This person may be a newcomer, or it may be someone whose strength has improved by leaps and bounds!"

"Who is right about this? But this person is really strong!"

"Yes, he was able to rise in the air. Doesn't it mean that he is almost as powerful as the mysterious and powerful creator behind the black market?"

Someone said quietly: "I am more concerned about what he intends to do with this action!"

At this moment, Qi Xingwen and Yuchi Binbai in the mountain secret room that secretly monitored the entire black market were also carefully watching what happened in the black market.

Above the crystal ball in front of them, what flashed was the scene in the black market.

Originally, the two people would not care about it all the time, but this kind of abnormal situation has not happened once in the black market in decades, and they will naturally be surprised.

In the next moment, this surprise suddenly turned into fear.

The two looked at each other, and they saw extreme fear in each other's eyes!

Chen Feng, it's coming!

They were so familiar with Chen Feng, they recognized it at a glance!

Qi Xingwen even lost his voice: "Chen Feng, it must be Chen Feng!"

"Who can come to the black market and have such a powerful strength, who else besides Chen Feng?"

He was trembling all of a sudden, and his lips trembled: "Could it be that Chen Feng already knew what we were doing and came to kill us?"

His face was pale, almost limp to the ground.

He has become a frightened bird, and now seeing Chen Feng, I feel that he is only here to kill himself.

He was really afraid of Chen Feng to the extreme!

Suddenly turned around at this moment, and was about to flee!

He was shocked by Chen Feng, and at this time, he had to run straight away.

Yuchi Binbai glanced at him and sighed. At this moment, he was still steady, and said in a deep voice, "Wait! He didn't seem to be here for us?"

"what?"

Hearing this, Qi Xingwen, who had already rushed to the door of the secret room, rushed back again, staring at the scene unblinkingly.

The two saw that the black-robed man, after attracting everyone's attention, suddenly stretched out his hand and raised it high.

Suddenly, there was a bright light in the palm of his hand.

Everyone looked there one after another, and then let out a chilling voice: "What is that?"

"I don't know what it is, but I know it is definitely an incomparable treasure!"

"Yes, I feel that the aura from above is stronger than the last time I saw Elder Xuanyuan Xiaoyue!"

[Chapter 3860: What Chen Feng wants](#)

"I haven't seen Elder Xuanyuan Xiaoyue, but my master is a four-star Wudi peak master, but the aura exuding from this treasure is not weaker than him!"

"Doesn't it mean that the level of this treasure has surpassed the level of Four-Star Wudi?"

Some people looked at them, lowered their voices, and urged impatiently: "Stop your **** nonsense! Take this opportunity to breathe more!"

"After I took a breath, I felt that my cultivation base, which had been deposited for a long time, was loosened and there were signs of a breakthrough!"

"Yes, I think after a few breaths, my strength has improved a lot!"

After hearing what they were saying, many people suddenly realized, as if they were awake from a dream, they quickly breathed heavily.

So that at this moment, the black market was filled with the sound of inhalation!

On this treasure, the aura is huge, and it fills the entire black market in an instant.

Let everyone even smell it to feel that their cultivation has improved!

Chen Feng's loud laughter spread throughout the black market.

And at the moment he heard his laughter, Qi Xingwen, who was hiding in the mountain secret room, shivered all over, feeling that every hair of his own was standing up.

He let out a scream: "It's really Chen Feng!"

When Yuchi Binbai saw Qi Xingwen's reaction like this, there was a slight invisible contempt on his face.

Chen Feng didn't hide his voice. He came this time because he wanted to reveal his whereabouts deliberately, so how could he hide it?

His laughter resounded throughout the black market: "Everyone, you are all members of the Xuanyuan family's inner sect."

"If you go out, you will all be the pride of heaven, why are you so petty?"

"Why are you swallowing gas here? Do you drink northwest wind?"

"If you want, just come to me to get it! Just get something and come to me for exchange!"

"One breath can increase your strength. If you swallow it, what realm will your strength grow to?"

Chen Feng's words shocked many people.

Everyone's eyes widened and looked into Chen Feng's hand!

At this moment, everyone also saw the thing in Chen Feng's hand clearly, it turned out to be a small tree like a jade carving.

The branches, trunks, and leaves are all a green color, and there are many fruits on them.

Each fruit contains unparalleled power.

Chen Feng's voice rang in their ears: "This little tree is named Chiyang Star Luo God Tree."

"It is not produced by the Dragon Vein Continent, but is a treasure produced from outside the region."

"How good is the effect of this thing, you should have roughly felt it just now."

"I might as well tell you directly about the power of this thing."

Chen Feng pointed to the small tree in his left hand, and a certain fruit smiled and said: "Just this little fruit, if you swallow it in the early stage of Emperor Wudi, it will be enough to make you reach the peak of Emperor Wudi. "

"If it is the peak of the two-star Wudi, swallowing it will allow you to step into the realm of the three-star Wudi!"

After Chen Feng's remarks, everyone took a breath.*novelust.com*

They had already sensed the power of the fruit on this small tree just now!

But I didn't expect this benefit to be so terrifying.

For a while, everyone looked at Chen Feng with intense greed.

However, no one dared to move.

One is that there are rules in this black market, and the other is that they all know very well that this person should be able to come up with such a treasure. Is it a good thing?

I want to move him, I'm afraid I'm going to kill myself!

Indeed, Chen Feng did not exaggerate, but in fact, Chen Feng prepared this thing for himself in the future.

Chen Feng looked at the crowd and said in a deep voice, "There are a total of 21 fruits on this, as long as you take out things that satisfy me and complete my character."

"Then, you can take a fruit from me."

Hearing these words, everyone was in a commotion and whispered.

Many people's eyes became extremely eager!

Someone boldly said loudly: "My lord, since you have to pay such a high price, then what you want must be extremely precious, right?"

"You're talking about it, let's see if everyone can take it out!"

"it is good."

Chen Feng smiled and said loudly: "What I want is also very simple, something that can withstand the erosion of time and space!"

"Things that resist the erosion of time and space?"

Everyone heard a low commotion.

Just now, the person asked: "This thing is very precious at first, I'm afraid we can't get it out!"

"Who can get rewards from you?"

"Can't get it out? You look down on yourself too much!"

Chen Feng smiled indifferently: "Things that resist the power of time and space may not be of high level."

"Some small things are not high-level, but because the place where they appear is an area where space-time turbulence is extremely dense, it is said that they are born with the power to resist time and space."

"This thing may be very ordinary, it may be just a gem, a piece of iron, or even a piece of wood, a stone, can you say that this thing is very high?"

"As long as you bring something, it's no problem, you can take a fruit from me!"

"do you understand?"

Chen Feng's remarks suddenly made everyone realize.

In fact, Chen Feng did not lie to them.

Things that resist the power of time and space may not have to be extremely high-level.

The key to the formation of this thing still depends on chance and luck, some may be formed inexplicably.

So the quantity of this thing is actually very small and very rare!

If it can be practiced, then the quantity will never be small. As long as it can be practiced, people can do it in any way, but if it is formed purely by luck, then it really depends on luck!

At this moment, in the secret room, Yuchi Binbai looked at Qi Xingwen, his face was full of shock.

He looked dull and asked, "What is Chen Feng doing?"

"The treasure he took out is extremely precious. What does he want to resist the power of time and space for? What is the use of that thing?"

Qi Xingwen slowly shook his head, his eyes flickering.

He also couldn't figure out Chen Feng's intentions.

At this time, in the black market, a person suddenly walked out of the crowd.

His voice was a bit shrill and ethereal, obviously he had deliberately changed his voice.

This person looked at Chen Feng and said loudly: "It's a coincidence. I just have this treasure that resists the power of time and space. I don't know what I can get from you?"
