

Peerless 3871

[Chapter 3871: Desolate Grade Seven! Shadow ghost step!](#)

However, he didn't expect that Xuanyuan Zixi actually had seventh-Rank Desolate Grade here.

How can you not be overjoyed?

I didn't plan to have any gains, but it turned out to have additional gains, which is really a surprise.

Xuanyuan Zixi looked at Chen Feng and said faintly, "Martial arts like marksmanship are very rare, I don't have one."

"However, here I do have a martial art skill of body type."

After all, a jade slip appeared in his hand.

Xuanyuan Zixi flicked on the jade slip twice.

Suddenly, in the void in front of Chen Feng, there were four big characters, which suddenly appeared!

After these four characters, there are still a few lights and shadows hovering there, and Chen Feng can see at a glance that these lights and shadows are actually nothing else, but some handwriting information patterns and so on.

In short, some very complicated pieces of information are rubbed into these light and shadows.

Presumably, if you get this jade slip and start practicing, these lights and shadows will automatically enter the mind of the cultivator.

Then, these information will also be branded in the hearts of cultivators.

Chen Feng shifted his gaze to the four characters!

It turned out to be: Shadow Ghost Step!

Shadow ghost step!

The moment he saw these four words, Chen Feng's heart was shocked: "It turned out to be this martial skill?"

Seeing Chen Feng's expression, Xuanyuan Zixi also raised her brows: "Have you heard of it?"

"I've heard about this martial skill when I was chatting with an expert before."

The expert that Chen Feng said was Xuanyuan Xiaoyue.

Unexpectedly, this shadow ghost step turned out to be here in Xuanyuan Zixi.

However, Xuanyuan Xiaoyue only mentioned one thing to Chen Feng.

It's just that the shadow ghost step is the three ranks of the sixth grade to the eighth grade. Among all martial arts, the most strange and evil one.

A ghost'word' can be seen.

Therefore, Chen Feng only knows an outline, but does not know the details.

He arched his hands and said, "Please also ask the great elder for advice."

Xuanyuan Zixi looked at Chen Feng, a flash of pity suddenly flashed in his eyes: "This guy is going to be killed by me? It's also very pitiful."

"It can be regarded as a generation of peerless arrogance, it is about to die."

"Forget it, just explain it to him!"

He said slowly: "The word 'ghost' refers to this footwork, which is extremely evil and weird."

"The word shadow means..."

He looked at Chen Feng and said faintly: "The profound meaning of this body technique is that after you practice it, you can move in instantly wherever you can see and in all the shadows!"

"After moving in, I am temporarily in a state of invisibility and won't show up in the shadow!"

"What? There is such a power?"

When Chen Feng heard this, his heart jumped fiercely: "This ability is too bad!"

An idea flashed in his mind: "Suppose I confront the enemy."

"The area where I am, with a radius of several thousand meters, is within my sight."

"In this area, the sun is shining at this time, and there are a lot of debris here, and there are hundreds of shadows."

"So doesn't it mean that I can move in these hundreds of shadows and be temporarily invisible, so that the enemy does not know where I am?"

"This ability is too bad!"

"It's no wonder it's a Wilderness Rank Seventh-Rank martial skill, no, according to this ability, the Wilderness Rank Seventh Rank is said to be low!"

Xuanyuan Zixi smiled slightly as if he could feel Chen Feng's shock.

"Of course, this line of sight is also the actual line of sight, not so exaggerated."

"For example, if you stand on a high place tens of thousands of miles high, you may be in your sight for thousands of miles, but you can't move it all at once, right?"

Chen Feng smiled and said, "The disciple is awake."

"Of course, the number of shifts and the distance of shifting are limited." He continued to say slowly.

Chen Feng nodded: "This is what it should be."

If there are a lot of moves, there is no limit to the distance, how far you want to hide, how many times you want to move, then isn't this world invincible?

Who can kill him again?

"The number of times you can move in a day is related to the realm of cultivation. The higher the level, the more times you can move, and the farther you can move!"

Chen Feng raised his eyebrows and asked, "But, what if there is no shadow?"

"There is no shadow, of course it can't be moved."

Xuanyuan Zixi looked at Chen Feng and said faintly, "As far as you can see, where there is a shadow, you can move it over."

"What a power against the sky is this? What a terrifying power is this?"

"If there is no such restriction, then there will be more than nine Desolate Ranks, how can it be only Desolate Rank Seven?"

Chen Feng nodded, what Xuanyuan Zixi said was very reasonable!

At this point, Chen Feng has fully understood.

He sighed softly: "This ability to move into the shadows and temporarily invisible is really too bad."

"So that after adding some restrictions, there are 7-Rank Desolate Ranks, which is terrible!"

"Little guy, isn't this business good?"

Xuanyuan Zixi said with a smile.

Chen Feng laughed: "The disciple made a lot of money, but..."

A sly flash flashed in his eyes: "The disciple must first give you the Red Sun Star Luo Divine Tree, and then you give me this jade slip, so I can tell you the address."

"Okay, whatever you want."

Xuanyuan Zixi smiled very tolerantly.

He has always been very tolerant of dying people.

Then, Chen Feng handed the Red Sun Star Luo Divine Tree to Xuanyuan Zixi.

Xuanyuan Zixi took it and put it aside: "Take it."

He directly threw this jade slip to Chen Feng.

He didn't think Chen Feng had the courage to break the contract, so it didn't hurt to throw it out first.

As for the thing taken by Chen Feng, can't it be taken back from his body after Chen Feng is killed?

At this time, Chen Feng also flashed his eyes: "What about giving him the Red Sun Star Luo Divine Tree? If you kill him then, won't you be able to get it back?"

The two people's thoughts are exactly the same.

"Well, Chen Feng, now, tell me the specific location."

Xuanyuan Zixi stared at Chen Feng, her eyes flickering, "Of course, don't fool me with anything like the swamp."

"I know this thing was produced in the Big Swamp, but the Big Swamp is so big that if you want to find it, even if hundreds of people go in and find it for a few hundred years, you may not have to find it again."

"So, what I need is a precise address, do you understand?"

He stared at Chen Feng and sneered.

Chen Feng said: "The disciple understands, don't worry, the disciple will tell this news now..."

But then, he turned his head and took a look at Mei Xingxiu, a hesitation flashed in his eyes.

[Chapter 3872: People have the intention to hurt the tiger, but the tiger is harmful!](#)

Xuanyuan Zixi immediately understood what he meant.

Of course, he just thought he understood what Chen Fengfeng meant.

As everyone knows, Chen Feng did this action just for the next move!

He beckoned: "Okay, come here and tell me!"

He also values this kind of news, and he doesn't want others to know it.

Chen Feng nodded: "Okay."

It just came to Xuanyuanzixi's ear.

At this point, the two are no longer close at hand to describe them, and they are even pasted together.

Chen Feng whispered in Xuanyuan Zixi's ear: "The origin of the Red Sun Star Luo Divine Tree is located on a small desert island 1.64 million miles east of the Big Swamp."

"The shape of the desert island is like a long snake."

"At the northern end of the desert island, there is another protrusion. Two forks, like a long snake sticking out its tongue."

"The southern end of the desert island is square and square, but there are five protrusions, like..."

The following words have not been said yet!

At this time, Xuanyuan Zixi was listening attentively to Chen Feng's words, for fear of missing a word!

After all, this is about whether he can get rid of the devilish breath in his body! It's about whether he can survive!

And at this moment, the extreme cold suddenly broke out in Chen Feng's eyes!

Chen Feng suddenly roared, his aura rose wildly!

He also yelled out the unspoken sentence: "It's like a disciple's fist!"

In the next moment, Chen Feng's fist was slammed out!

In another instant, it was directly printed on Xuanyuan Zixi's lower abdomen, on the dantian!

And at this moment, Mei Xingxiu, who was boring beside him, was looking around, suddenly felt that the heavens and the earth changed!

Suddenly I felt that the whole world was shaking and trembling!

He felt that there was an extremely terrifying aura, directly rising in front of him, raging wildly!

"what is this?"

Mei Xingxiu was stupid and stunned, looking straight ahead in disbelief!

Because, he suddenly discovered that the rising momentum came from Chen Feng not far in front of him!

His legs softened and he fell directly to the ground. It turned out that Chen Feng's aura was so terrifying that he couldn't stand still!

Chen Feng's body, surrounded by ancient tung-colored rays of light, his body was rising steadily, and he came directly...

Mei Xingxiu tremblingly uttered a sentence: "Five-star Wudi! Chen Feng has now reached the realm of Five-star Wudi!"

"And his aura is even better than the ordinary six-star Wudi!"

His shocking voice has become stammered!

And the fact is exactly that!

At this moment, Chen Feng brazenly punched!

In an instant, it was actually the aura that soared to the six-star Wudi. The power of the first layer of the Immortal Body of the King Kong Arhat was also fully displayed by him!

Chen Feng's fist, that bronze fist, was severely branded on Xuanyuan Zixi's dantian!

Although Xuanyuan Zixi was a six-star martial emperor, Chen Feng possessed a tremendous force that was infinitely close to 120 billion catties!

This is the immense power that his Donkey Kong Arhat's immortal body brought to him after one level of greatness!

Nearly 120 billion catties!

What kind of concept is this?

This tyrannical force directly flew Xuanyuan Zixi into the air, spurting blood!

And above his dantian, there was a huge wound directly on his lower abdomen, which suddenly appeared!

The blood drenched his clothes instantly, dripping dripping!

There was a gleam of light in this blood.

Obviously, the blood of the Six-Star Emperor Wu is extraordinary!

Chen Feng was poured down by the blood and poured his face all over!

And Xuanyuan Zixi was stupid. He flew in the air and never recovered. He just looked at Chen Feng with a dull look on his face: "You, what are you doing?"

"What am I doing? Elder, what do you want to do! What do I want to do!"

Chen Feng laughed loudly: "Elder Xuanyuan Zixi, it's not just you who want to kill me Chen Feng!"

"I, Chen Feng, want to kill you too!"

"Hahaha..."

His roar of laughter resounded through this space, shocking the four wilds.

In Mei Xingxiu's heart on the side, that extremely absurd feeling has grown stronger since today.

At this time, this ridiculous meaning, this unreal and illusory feeling, finally reached an extreme and burst out!

He couldn't help but let out a lamenting roar: "What did I see? What did I hear?"

"Chen Feng actually said that he wanted to kill the great elder? Chen Feng actually said that he wanted to kill the great elder?"

He almost couldn't help but wanted to ask Chen Feng: "Why are you? What are you relying on? What are you using to kill the elder?"

He felt ridiculous to the extreme!

Chen Feng did not put the great elder in his eyes, but the great elder was kind to Chen Feng!

The great elder has the heart to kill Chen Feng, and Chen Feng also intends to kill the great elder!

"How is it possible? You are just a little three-star Wudi!"

"You kill the elder? Are you dreaming?"

He felt that shock, surprise, and disbelief, almost driving him crazy!

But at this moment he was standing there, unable to say a word, just shaking all over!

Because, at this time, Chen Feng's offensive had already fallen on Xuanyuan Zixi's body!

In fact, not only does Mei Xingxiu feel extremely absurd at this time, anyone here will also find it extremely absurd.

Even Xuanyuan Zixi himself would think that this is really an extremely absurd thing!

"Chen Feng actually wanted to kill me, he actually wanted to kill me?"

"Why does he? What does he rely on? Is he worthy?"

He was shocked first, then furious!

But soon, the cold fact has dragged him from the anger and from the madness back to reality!

The violent and crazy pain in the abdomen and the raging craziness in the body were impacting, and the force of the impact reminded him that Chen Feng not only dared to do this, but actually did it!

Moreover, he really has the strength to do so!

He was thinking calmly for an instant. Although he didn't want to believe it, he still realized the fact that...

This disciple of the Xuanyuan family's Inner Sect, Chen Feng, who only had a three-star martial emperor, suddenly attacked himself at this time!

Moreover, he suffered heavy losses!

The next moment, his eyes stared at Chen Feng very bitterly: "Little boy, you are looking for death!"

"You are the one who is looking for death!"

As Chen Feng laughed wildly, his figure flashed into the air and came to Xuanyuan Zixi!

Xuanyuan Zixi was stunned for a while. At this time, he was preparing to make a killing move and use his strongest attack!

[Chapter 3873: Close fight!](#)

But at this moment, Chen Feng actually hugged him directly!

Then he hit his head with a punch!

This punch directly tilted Xuanyuanzi's smashed head, and another mouthful of blood mixed with a few teeth!

His head was all dumbfounded, then furious, frantically wanting to fight back!

But at this time, he discovered that he could not fight back!

Because he has been hugged by Chen Feng!

No, he has even been crushed to the ground by Chen Feng!

At this moment, the two of them smashed to the ground from the air, and then Chen Feng firmly fixed him with one hand, and with the other hand, punch after punch, punch after punch, slammed down!

Xuanyuan Zixi is going crazy now!

He found that, like this, he couldn't use his powerful moves at all. He could only counterattack passively, and could only hit Chen Feng with his fists and feet!

It turned out that Chen Feng was very aware of the strengths and weaknesses between himself and Xuanyuan Zixi.

Even if he was promoted to the realm of the five-star Wudi, when it comes to combat experience and the powerful martial arts he has mastered, he is far inferior to Xuanyuan Zixi!

Even if he is a six-star Wudi, wanting to deal with Xuanyuan Zixi is a foolish dream!

After all, my own five-star Emperor Wu is fake, and the other party is a real one, and he has already entered the six-star Emperor Wu's existence for many years!

Aside from other things, Xuanyuan Zixi has mastered at least a few of the martial arts of the seventh rank of Huang-level!

And myself, there is none!

Even if he has the strength of the Six-Star Wudi now, if he is allowed to fight calmly, he is definitely not his opponent!

Therefore, Chen Feng can only use his strongest advantage to suppress the opponent's advantage to the extreme!

"Body! A tyrannical body!"

"My biggest advantage is my body!"

"I'm already at the first level of the Immortal Body of Donkey Kong Arhat, my body is definitely much stronger than Xuanyuanzixi!"

Xuanyuan Zixi roared frantically, trying to use his powerful weapon to attack Chen Feng.

But he found that he couldn't do it at all!

He needs a little buffer time to perform any martial arts!

However, Chen Feng hit him with one punch after another, and he didn't give him this chance at all!

And Xuanyuan Zixi is also extremely fierce, being beaten by Chen Feng with anger, he is also frantically attacking Chen Feng!

He screamed frantically: "Chen Feng, right? More than the body, right? I can crush you too!"

He is full of confidence in himself.

He thought that he, the Six-Star Martial Emperor, could never be weaker than Chen Feng!

Chen Feng laughed loudly: "Really? Then you let me see and see, your fists, how powerful your body is!"

So the two are fighting each other!

At this time, Chen Feng and the two are not even fighting, and even the battle between them is not as calm, so elegant, and looks so powerful as between warriors!

They are like two ordinary men who don't know martial arts at all and have no cultivation skills, entangled together, and furiously fight each other! Fight!

They bit each other's ears, clamped each other's arms, and hit each other's head, head, stomach, waist and abdomen with one fist!

Hit all the crucial points!

At this time, they don't care about any decency, nor any elegance!

There is only one thing they think about at this time, and that is to kill the other party!

Beside, Mei Xingxiu was completely stunned. He watched the fight between the two dumbfoundedly. At this time, only four words flashed in his mind, that is:

Stalker!

But, by the way, although the two of them are stalking here, every movement, every punch, and every foot they make is with extremely terrifying power!

Mei Xingxiu even felt that if he was swept by them, no, as long as he was swept a little bit by their fist, he would be crushed into powder!

That was a terrifying power that he couldn't resist at all!

His heart trembled!

At this moment, all the disciples of the Xuanyuan family's inner sect suddenly heard a thunderous sound from the sky.

But then they realized that this was not a thunderous sound.

Because, in addition to the rumbling sound, there are also screams and the sound of crisp metal crashing!

Everyone was suppressed, not because of the screams or the sound of the metal crashing.

Because every day, I'm afraid that there are quite a lot of these kinds of voices in this Xuanyuan family's inner sect, and everyone is used to listening.

After all, in the inner sect, there are so many vendettas, battles and so on.

If they pay attention to every scene, then I am afraid that they have no intention of practicing.

What shocked them was: this sound is too loud!

Shocking the world in general!

It gives people the feeling that they are two giants as big as the world where the Xuanyuan family's inner sect is located, fighting!

It is possible to tear the Xuanyuan family to pieces at any time!

When they hesitated, they suddenly felt that the whole world seemed to shake.

It seems that even this world will be overthrown!

Everyone was shocked, and they left their place of practice one after another, went outside, and looked up to the sky.

Then, they saw a scene that shocked them so much!

At this time, above the sky of the inner sect of the Xuanyuan family, a certain place had become pitch black, just like a black spot on this huge white sky!

And in that black spot, there are two figures that are constantly fighting, fighting, and entangled!

These two figures seem to be as huge as the sky!

From time to time, there were roars and screams.

There are countless blood falling from the sky, splashing on the ground!

Someone stretched out his hand to receive a drop of blood, but he felt extremely hot, and instantly burned his palm to black, and even the flesh was burnt, revealing the bones inside.

The disciple let out a scream: "This blood, this blood is so terrifying? There is such a powerful force in it?"

But then, he was ecstatic.

This is the best refining material!

Even if he swallowed it directly, it would be of great benefit to him.

He collected it frantically.

Not just him, many disciples saw this situation, they started to collect, and even fought for the dripping blood.

And at this moment, and at the same moment, in Xuanyuan Xiaoyue's residence, he also suddenly opened his eyes, with a deep touch on his face, and slowly said, "Chen Feng, have you done it yet?"

Even at this moment, a tremor flashed in his heart. .

There is an emotion called nervousness that arises in my mind.

After all, this matter is also extremely important to him.

[Chapter 3874: Sorry, no if!](#)

If Xuanyuan Zixi cannot be killed this time, then he will die too!

He knew that after Xuanyuan Zixi's retreat, he would never tolerate herself anymore!

It's a matter of life, who can not be nervous?

He thought for a moment, his figure flashed, he left Canglang Xiaoyue Peak and stood in the air.

Then, he yelled: "This matter is not something you can intervene. Go back quickly!"

Xuanyuan Xiaoyue's voice spread from afar, everyone was still very afraid of what he said, and they nodded in response, returning to the cave.

However, he was still full of speculation about the situation outside.

After Xuanyuan Xiaoyue hesitated for a moment, her figure flashed, and she flew towards the place where Chen Feng and Xuanyuan Zixi were fighting.

He can't intervene in this matter, but he can prevent others from interfering.

At this time, the battle between Chen Feng and Xuanyuan Zixi had lasted for two hundred breaths!

It seems to be short-lived, but in fact it is extremely intense, with one punch and one kick, it will break the mountain and river!

But soon, Xuanyuan Zixi found that he was really inferior to Chen Feng, and he was actually at a disadvantage!

After all, Chen Feng had the upper hand!

At this time, Chen Feng's realm was lower than Xuanyuan Zixi, and his cultivation base was the same as Xuanyuan Zixi, but a key question was: Chen Feng cultivated the Immortal Body of the King Kong Arhat!

His body is already extremely strong.

Moreover, after his current cultivation base has climbed to the five-star Wudi in a short time, the King Kong Arhat Immortal has even reached the realm of the first level of Dacheng, making his body extremely powerful and hard, far beyond the six-star. The degree of Emperor Wu!

Even Xuanyuan Zixi was far behind.

Chen Feng felt that the enemy's strength in front of him was getting weaker and weaker.

Moreover, he was panting, his whole body was shaking, his strength seemed to have reached a limit!

But at this time, Xuanyuan Zixi didn't even notice it!

In fact, he was in this period, and his grasp of his body and strength was inherently weak.

He hit Chen Feng with a fist!

Just before, dozens of breaths ago, his punch was enough to smash Chen Feng's body crooked or forced to let go!

But this time, he hit with a punch, but Chen Feng blocked his left hand and grabbed his fist directly!

Seeing this scene, Xuanyuan Zixi was shocked, his face showing shock.

And before he recovered, Chen Feng smiled grimly!

At this moment, his head and face were full of blood, this smile was particularly fierce, and a mouthful of white teeth appeared, shining with cold light in the night!

It's actually a bit animalistic!

At this time, he had only one thought in his mind, and that was: kill him!

With a bang, Chen Feng slammed Xuanyuan Zixi's left cheek fiercely with a fist, and immediately slapped him into a wave of volatility like running water!

He was beaten up by Chen Feng and he was ten meters high, and a mouthful of blood spurted out.

In the next moment, Chen Feng flew away and came to him!

Then, the fist slammed out!

Then, bang bang bang, the sound of impact continued to sound, and Chen Feng hit a whole ninety-nine punches at this moment!

Every punch was branded on Xuanyuan Zixi's body, and the last punch sent Xuanyuan Zixi directly into the air!

With a bang, when Xuanyuan Zixi fell to the ground, he was already beaten like a torn cloth bag!

There were countless wounds all over the body, and blood poured out frantically!

In an instant, it dyed his surroundings into a lake of blood!

He didn't have an inch of good skin and flesh!

The whole body, all the bones, were shattered!

Even his neck was broken and his dantian was broken!

That is, the powerful vitality of the Six-Star Wudi still kept him okay. If he were to change himself, he would have died a long time ago.

This is the mighty and mighty one layer of Chen Feng's King Kong Arhat's immortal body!

This is a powerful force that is infinitely approaching 120 billion catties! Is it something anyone can afford?

Xuanyuan Zixi was lying on the ground. He looked at Chen Feng, his eyes still full of stunnedness.

It seems that he has not recovered from the huge shock.

After a while, the astonishment turned into incomparable resentment and fear, his voice was already hoarse and weak: "You, why are you so strong? How can you have such a high cultivation base?"

"Just now, you are obviously only three-star Wudi!"

Suddenly, there was a daze in his eyes, and he immediately laughed strangely.

There seemed to be an incomparable mockery in the smile: "I see, it must be! It must be the pill just now, right?"

"That pill is not a red copper pill for invigorating qi, it must stimulate your body, and it can increase your strength by several large levels one after another!" *nOvεlusb.com*

"So you have the patience to attack me!"

"But, your body can't bear such a powerful pill, and you won't be able to live long!"

A spiteful and smug smile appeared in his eyes: "Even if you kill me? You will die!"

Chen Feng smiled and said, "It's no need to worry about you, Elder."

After that, Chen Feng suddenly coughed violently.

He bent over, feeling extremely weak all over.

It seems that all the power has been drained.

Chen Feng sighed slightly. He knew that he could not last long in this state.

After a few seconds, Chen Feng straightened up, sighed, and walked to Xuanyuan Zixi.

Chen Feng really admired him, it was already this time, and he could still think of the heavy price he might have paid.

There was no pride in Chen Feng's eyes, not even a smile, just a solemn and solemn expression.

Those who have traveled a hundred miles are half ninety, the last step is now, and no mistakes can be made at all.

Xuanyuan Zixi stared at Chen Feng, and suddenly let out a terrible roar, his voice was full of incomparable resentment, and incomparable anger:

"I'm not reconciled! I'm not reconciled! I was wronged and defeated!"

"I have three days to end the period of weakness. If I am not in the period of weakness, if I have the power of the peak period, if I am not defending against you, if I am not being approached by you, if I am not being able to display The power of martial arts..."

"If, all of the above, as long as one of them does not happen, I will not be defeated by you!"

"Today, it is you who died here!"

He really felt that he was extremely aggrieved!

The aggrieved ones are going to explode!

Chen Feng looked at him and smiled slightly: "Sorry, there is no if."

With these words, directly Xuanyuanzi was struck by lightning!

"Yes! No if! No if!"

This sentence directly crushed him.

[Chapter 3875: I did it!](#)

He sat there blankly, his eyes sluggish, as if suddenly stupid.

At the next moment, Chen Feng laughed loudly: "Xuanyuan Zixi, I'll send you on the road!"

Hit hard with a punch!

Xuanyuan Zixi hadn't recovered yet, and beside him, Mei Xingxiu screamed like a chicken.

Until now, he still feels like he is in a dream!

"Chen Feng, Chen Feng dared to attack Xuanyuanzixi!"

"Not only did he dare to attack him, but he succeeded in the attack?"

"Not only did he succeed in the sneak attack, but he also got the upper hand?"

"Not only did he have the upper hand, he actually beat Xuanyuanzixi miserably?"

"Not only did he beat Xuanyuan Zixi miserably, he actually killed Xuanyuan Zixi?"

"He actually wants to kill Xuanyuan Zixi?"

He was almost crazy by this scene!

He covered his face and yelled frantically: "No, this is not true, this is not true!"

"I don't believe it, I don't believe it!"

Chen Feng would not hesitate to kill Xuanyuan Zixi!

He knew that with an enemy like Xuanyuan Zixi, given him a little bit of time, he might be overturned.

At that time, it will be yourself that will die.

Therefore, Chen Feng absolutely does not allow him, he has any chance of comeback!

Chen Feng hit Xuanyuan Zixi's chest with a punch, directly smashing his heart pulse!

Xuanyuan Zixi suddenly raised his head at this moment, his eyes widened to the extreme!

With the last trace of his strength, he let out a heart-piercing roar: "I am not reconciled!"

The color of unwillingness and resentment in his eyes has not yet dissipated, and his eyes have dimmed.

His body twitched crazy a few times, and he didn't move anymore!

The expression in his eyes has also become without any figure, obviously, he is completely dead!

This dignified six-star martial emperor master, the top powerhouse of one of the nine great powers and nine masters, this extremely terrifying existence!

Actually, just like that, Chen Feng's real chaotic fist smashed to death!

At this time, Chen Feng stood there blankly, and did not recover for a long time.

He seemed to froze.

After a while, he opened his arms and laughed up to the sky!

Smiling, Chen Feng fell directly to the ground and lay there!

With a smile, his eyes were already full of tears: "I killed Xuanyuan Zixi! I killed the magnificent Six-Star Martial Emperor! I killed the strongest elder in the Xuanyuan family's inner sect!"

"Is Chen Feng really doing this? Is this really what I did?"

"Did I do it?"

Chen Feng could hardly believe this was true.

However, after a while, Chen Feng's eyes became extremely determined.

He slowly stood up, clenched his fists, his eyes filled with joy.

Full of confidence and pride!

"I did it!"

"Yes, this is what I did!"

"This is what I, Chen Feng, did!"

"This is my Chen Feng's ability and strength!"

Mei Xingxiu was completely paralyzed there at this time.

Chen Feng stepped forward and ended him directly.

Except for him and Xuanyuan Xiaoyue, no third person could know what happened today.

But at this moment, suddenly, Chen Feng heard a heavy breathing.

He immediately turned around to look, but his expression was loose.

I saw that Xuanyuan Xiaoyue had already come close.

Xuanyuan Xiaoyue looked at Xuanyuan Zixi's body on the ground, and her whole person was also stiff there.

He looked at Xuanyuan Zixi and then at Chen Feng. After a while, he said loudly: "You, did you kill him? Did you really kill him?"

Chen Feng looked at him, smiled slightly, arched his hands and said, "Elder Xiaoyue, fortunately not insulting your life!"

Fortunately not insulting one's life!

As soon as these four words were spoken, Xuanyuan Xiaoyue's body suddenly became soft and collapsed to the ground!

He still feels like a dream.

Xuanyuan Zixi was really killed!

The incomparably powerful Xuanyuan family inner sect elder, Xuanyuan Zixi, who made him extremely afraid, was actually killed!

This turned out to be true!

His heart was filled with incomparable shock, looking at Chen Feng, the same was true in his eyes!

Although Chen Feng brought him too many surprises and shocks, the scene that happened before his eyes gave him a strong, unreal feeling.

But after all, he was also an outstanding person, and after a while, he recovered.

Before he could think about it, he immediately came to Xuanyuan Zixi and checked it carefully.

After confirming that he was finally dead, he took a long breath. *NOVELUSb.com*

As soon as he softened, he sat down beside Chen Feng.

Although he didn't do anything, he really suffered too much in one day.

The two looked at each other, both laughed, and felt extremely relaxed and happy in their hearts.

At this moment, Chen Feng suddenly felt an extremely weak feeling.

Not only is he extremely weak, but it seems that he feels that his strength is losing crazily.

Not only that, he felt that he was starting to feel sleepy, beginning to lose strength, and even felt that his life was constantly declining.

He felt that he was getting weaker and weaker, and soon he could no longer open his eyes.

Soon, it's going to die!

Xuanyuan Xiaoyue looked at Chen Feng with a look of surprise: "Chen Feng, what's the matter with you?"

It turned out that at this time, in Xuanyuan Xiaoyue's eyes, Chen Feng's complexion was defeated at an extremely fast speed!

His face turned dark for a while, and he was rapidly becoming old!

Even his hair has turned into a piece of shriveled gray, like frosty withered grass!

He is dying!

Of course Xuanyuan Xiaoyue knew what was going on. For their extremely high-level warriors, this situation would only happen when they were about to die!

"Elder Xiaoyue, don't worry."

Chen Feng smiled slightly, his voice was extremely weak, and said in a low voice: "Don't worry, I'm fine, I've been prepared!"

The next moment, in his right hand, a small statue appeared!

This statue has a hideous face, like an evil spirit, with its arms tied behind it like an invisible chain!

It is the double puppet!

Chen Feng exhausted the last bit of strength and slapped the double puppet directly to pieces!

And at the moment when the substitute puppet was crushed, an endless black light flashed out of Chen Feng's body!

This endless black light is like patches of black fog.

And in this black fog, there are countless ghosts roaring, and infinite death is brewing!

Like a rope, crazily twisted and entangled, wanting to wreak havoc in Chen Feng's body!

But at this time, while the black puppet was crushed, a huge vortex appeared on the spot!

Appeared out of thin air!

In this vortex, there is a huge and incomparable suction force bursting out.

[Chapter 3876: Above the nine heavens!](#)

This suction force does not absorb anything, not even the things scattered on the ground. What they absorb is only one point, that is, the black light from Chen Feng's body!

The black mist that came out, and the endless ghosts that came out, endless lifelessness!

Those ghosts, dead, struggling crazily, screaming crazily!

They didn't want to leave Chen Feng's body, but they were wrapped in the black mist and forced out of Chen Feng's body by the huge suction!

Then, inhaled into the black whirlpool, vanished invisible!

Inside Chen Feng's body, a huge amount of black mist appeared.

But in the end, they were absorbed one by one.

This process took a full half an hour.

In the process of this short half hour, Xuanyuan Xiaoyue has been by the side, staring at Chen Feng unblinking, full of concern, for fear of something wrong with him.

Finally, after half an hour, Xuanyuan Xiaoyue was relieved when there was no more black mist in Chen Feng's body.

At this time, Chen Feng was in a state of confusion.

But he also exhaled.

The feeling of extreme weakness and the possibility of death at any time is finally gone.

Chen Feng was completely relieved.

He knew that the vicious curse of the nine-turned heavenly devil golden core had finally disappeared.

This substitute puppet absorbed all the power for himself!

At this time, the whirlpool, snapped, disappeared!

The fragments of the substitute puppet were also extinguished invisible, and there seemed to be a cry of ghost in the air.

At this time, Chen Feng's pale hair and aging face returned to the same way they were just now.

However, he still felt extremely weak and extremely uncomfortable.

It seems that all power has been emptied.

Before Chen Feng fainted, he just dropped a sentence: "Elder Xiaoyue, I will beg you for everything else."

Xuanyuan Xiaoyue patted Chen Feng's hand, and said softly, "Don't worry, there is me for everything!"

On this day, Chen Feng beheaded the six-star Wudi, the inner sect elder of the Xuanyuan family:
Xuanyuan Zixi!

On this day, the inner sect of the Xuanyuan family, electric snakes dance wildly, dark clouds piled up!

The sky is raining blood, more than three days!

This is the highest point of the Dragon Vein Continent.

The veritable highest point, because here you can even overlook the sky dome.

Here is the so-called, above the Nine Heavens of the Dragon Vein Continent, and beyond the Nine Heavens!

Looking down from here, layer by layer, there is an extremely strong gust of wind, and the gust of wind is also mixed with white clouds.

In that piece of cloud, there are also a large number of gods.

That's right, the warriors of the Dragon Vein Continent must come here if they want to pick the gods.

For them, the height of picking the gods is already an extremely unattainable height, and it is extremely dangerous, but here, it is many times higher than the height of those gods!

The height of this place from the ground of Longmai Continent is at least tens of millions of miles!

What kind of concept is this for tens of millions of miles?

Even the Six-Star Martial Emperor and the Seven-Star Martial Emperor can hardly reach this height!

Here, it is almost out of the scope of the Dragon Vein Continent, and it is about to reach the cosmic starry sky!

Standing here and looking up, you can see the velvet-like starry universe.

There are countless stars shining brightly and brilliantly.

If Chen Feng came here, he would be very familiar with the scenery here.

Because, above the deserted ancient ruins, he saw this kind of scenery!

However, the desolate ancient ruins is a collapsed world.

The qi that had protected that world had long since disappeared without a trace.

And the world of Longmai Continent is obviously still very healthy.

However, what is equivalent to the desolate ruins here is that this place is also extremely dangerous.

There is an incomparably strong wind whizzing past here, this wind is not the wind in the actual sense, but a group of strong and powerful currents.

These currents of power originate from the depths of the universe and scrape across the outer layer of this dragon vein continent.

Their colors, colorful, and attributes are also different.

There is platinum, green wood, thick soil, and more!

But the common point is that they are all powerful!

Wherever he went, he was the five-star Emperor Wu, who would be scraped into pieces alive. Only the six-star Emperor Wu could barely survive, and the seven-star Emperor Wu could easily survive!

Now, above the head here, the place higher than here is a faint emptiness, like a golden cloud like a veil.

These golden clouds don't look strong or domineering.

Even if it gives people the feeling that there is something or not, it is as if it exists and it does not exist.

However, it reveals a great threat and danger.

Just like a fierce beast crouching there quietly, when it is still, it is like a stubborn stone, but when it rises, it can tear all enemies to pieces!

This golden cloud is almost a million miles away from here.

And here, one group after another group of strong winds whizzed past, weaving here into a colorful world.

Such a place cannot even be described as inaccessible.

I am afraid that in the history of Longmai Continent, few people have been able to come here.

However, there are exceptions after all.

At this time, here, above the Dragon Vein Continent, the forbidden area of powerful warriors, with a khaki, extremely huge wind, finally slowly passed, and a huge existence was revealed in the same place!

This is actually a giant bronze furnace!

A huge copper furnace with rusty marks on the surface, it looks extremely old and clumsy!

This is an alchemy furnace, but it is really terrifying!

The height is as large as tens of thousands of meters, just lying there, it seems like a world inside!

This huge bronze furnace gives people an extremely domineering feeling, as if you can suppress a world by putting it here!

And if you look closely, you will find that there are countless transparent ribbons solidified by strength on the huge bronze furnace.

These ribbons, if there are none, exude a powerful breath.

There is even an inexplicable power pulsating in it, not clear, but very mysterious.

These ribbons, through the wind, through the clouds of the nine days, all the way down, are buried everywhere in the Dragon Vessel Continent.

And below this huge and incomparable bronze furnace, there is a fire blazing.

This flame did not know where it came from or what it was burning.

It just appeared in the void, in the place where the endless wind blew.

The flame is about thousands of meters high, the diameter of the flame is more than 10,000 meters, and its whole body is green.

[Chapter 3877: The giant hand covering the sky reappears!](#)

It's not the cyan that is green like a wildfire, but the cyan that is pure to the extreme and only appears when it burns to a very high temperature.

After people read it, only one word will come to mind in their minds: Perfect!

In its vicinity, whenever there is a wind blowing, under the flame, there is a sudden flash of light!

Originally, below the flame, there was a void.

However, when the light flashed, countless lines appeared in the void.

These lines are constructed into a huge array.

And if the wind blowing is close to this formation, it will be directly absorbed by this formation.

Whenever a gang wind is absorbed by the formation, the temperature of that cluster of flames will become hot and violent when brushed, which can be more than twice as large as before.

It turned out that this huge cluster of cyan flames was born by means of formation.

It turned out to be made of the wind above the sky!

What was surprising was that although the flame was extremely huge, extremely powerful, and unimaginably powerful, it did not make a sound.

It's as if it doesn't exist at all, burning in this void.

Quiet to the extreme, but also weird to the extreme!

Time doesn't know how long it has passed, it's like here, time has frozen and stopped flowing.

Only the huge flame that is burning quietly is constantly flickering and extinguishing.

This huge bronze furnace seems to have stood here for hundreds of thousands of years.

It seems that this flame is an eternal existence.

And finally, I don't know when, the silence here is broken.

The huge bronze furnace suddenly made a violent hum, and the whole body trembled violently, shaking extremely severely.

Even the lid of the huge bronze furnace made a bang.

It's as if something is going to burst out of it.

Suddenly, an extremely hot and hot breath came out from the dozens of holes on the giant bronze furnace.

These breaths exudes a faint red color, but the red is still mixed with indescribable black.

The black has a strong sense of evil killing.

These air columns sprayed out, as if dyeing the sky red.

I could faintly hear the sound of ghost crying in the air column.

It seems that with the appearance of the air column, countless souls appear from that hole.

However, as soon as it appeared, it was blown to pieces by the gang wind, and disappeared without a trace.

As time went by, the huge bronze furnace trembled more and more severely.

Even the giant bronze furnace was a little uncontrollable, almost jumping up.

The flame also suddenly became very unstable, extremely violent.

And at this moment, suddenly, a giant hand covering the sky appeared quietly on the horizon.

This huge sky-shielding hand tore the sky and the sky, and directly stretched toward the bronze furnace!

At this time, if Chen Feng were here, he would definitely cry out in shock.

At the same time, it will be extremely angry and killing intent to the extreme!

Because, he has seen this giant hand covering the sky!

He has not only seen it, but also once clashed with this giant hand!

Even more so, being crushed by this big hand is like crushing a bug, destroying the living crushed soul!

If it weren't for that woman, if she had tried her best to save him, Chen Feng would have been completely dead at this time.

This one, howling, tears the sky, like a giant hand that can crush everything, how can Chen Feng forget?

How can you forget?

But at this time, this giant hand covering the sky unexpectedly appeared here again!

It's just that no one can see it at this time.

At this time, his goal was not Chen Feng, but the huge bronze furnace!

This bronze furnace is as huge as the sky, but it is nothing in front of the giant hand that covers the sky.

The giant hand that covered the sky seemed slow, but it was actually extremely fast, and suddenly it was held in the palm of his hand!

It feels like an ordinary person is holding a small wine glass.

Then, in the void, an unspeakable loud voice came slowly.

This sound made people feel like it could shatter the sky!

The content of the voice was surprisingly only two words: "Quiet!"

It was strange to say that as these two words were uttered, the huge bronze furnace suddenly became quiet.

There seemed to be a feeling of awe, and he was honestly pinched in his hand.

Then, the giant hand that covered the sky made an action like opening a cup.

With a light push with his thumb, he pushed down the cover of the bronze alchemy furnace.

Then, the slow voice sounded again: "Come out!"

With the sound of these two words, a white light loomed out of the bronze furnace.

This white light swept out like a beam of light, and there seemed to be something wrapped in it.

The white rays of light gleamed with extremely strong breath of life, but around the white rays of light, there were still nine black, light beams like a dragon of light.

These nine pillars of light are full of incomparable evil, insidious, cruel, cruel, filthy, dirty, etc.!

In short, all are extremely violent, extremely negative emotions and atmosphere!

One white and nine blacks, a total of ten beams of light, entangled, blooming here!

It's like a lotus in bloom.

However, this is a very dark black lotus.

Only the flower bud in the middle is pure white and flawless, making people look at it, and it makes me feel emotional.

Gives a very strange feeling.

It seems that only in this extreme evil and filth can true vitality be born!

In the next moment, this huge black lotus fell on the void.

To be precise, it should fall in the palm of that huge sky-covering hand. Even such a huge lotus, its size is not even as deep as a small palm print in the palm of the hand.

But the next moment, the lotus popped and broke apart!

Then, in the snow-white flower bud, what was wrapped in it suddenly fell out and fell on the palm of the hand!

After this thing fell there, I could tell that it turned out to be a person!

Or to be precise, this is actually a body!

This body is completely naked, without any strands!

Tall, strong muscles and fair skin!

Even the looks are very handsome, it can be called a perfect body!

And more importantly, the one that is most valued by the warriors on the Dragon Vein Continent is:

Above this body, faintly, the inner brilliance seems to have a precious light coming out of it!

[Chapter 3878: Chu Shaoyang, rebirth!](#)

Inside his body, above the bones, there seemed to be a golden air current flowing.

His joints are like white jade, and his skin is like gold. This is an excellent foundation and an excellent talent for cultivation!

It can be said that this body is extremely envious of all warriors!

But obviously, he now only has this excellent body, but he doesn't have any power.

The most important thing is that this body gives people a lifeless and extremely hollow feeling, as if there is no soul.

No, it should be said, not as if, but as it is, it is true, there is no soul!

This is just a walking dead!

The owner of the giant hand that covered the sky shook slightly at this time.

Then, the grand voice came again as if suppressing heaven and earth: "Soul!"

Following his words, above the nine heavens, countless fluorescent dots flickered and gathered here.

After a while, a ghost was formed.

It is also a human form, and this human form is generally the same as the body lying on the ground, without any difference.

At this moment, it hovered there, with a dull face and hollow eyes, as if unconscious.

Moreover, the power of the soul above his body is still constantly escaping.

If it weren't for a layer of golden light around his body, I'm afraid this soul power would have already dissipated without a trace.

The next moment, the thumb of the giant hand that covered the sky didn't move, but said: "Into the soul!"

As these two words were spit out, in the air, there seemed to be a flash of great power!

A little golden light penetrated into the phantom of the soul, and then the soul was suppressed directly into the body!

As if it had been far from this body for too long, the soul was already a little uncomfortable, and wanted to struggle out.

However, that little golden light led him to press down fiercely.

Suddenly, the soul was honest, ruthless, accurate, and steady, embedded in that body!

In the void, there seemed to be a soft pop!

Then, the two are precisely combined together!

The body is still there, but the giant hand that covers the sky is not in a hurry, just waiting.

This time, I don't know how long it took.

Finally, the huge voice sounded again: "Wake up!"

With the sound of these two words, it resounded like Huang Zhongda Lu's shock around the body.

And that body, finally struggling, slowly stood up.

It's just that he seems to be a little uncomfortable.

It took a long time just to stand upright.

Then, open your eyes.

The look in his eyes was lost.

Next, he looked around, then looked down at his hands and his legs.

The confusion in his eyes finally faded away.

The next moment, it turned into a loud shout of joy: "I'm not dead? I'm alive? I'm not dead?"

He actually yelled out, which means he has life, he is a real human being!

If this scene was seen by those strong on the Dragon Vein Continent, it would definitely be shocked and speechless!

What a means, what a terrifying means!

Cast the body first, then the soul!

This is almost the usual method of the creator!

This is to create a person abruptly!

Moreover, it is not as simple as being a stand-in puppet, but rather to create a warrior with flesh and blood, soul, thinking, cultivation, extremely talented, and powerful and incomparable strength!

God, what kind of method is this!

What a horror!

Moreover, the most terrifying thing is that the master of this terrifying giant hand did not do anything from beginning to end!

He just opened his mouth, uttered words, and then everything was done!

Speaking out the law, this is the terrifying state of speaking out the law!

And if Chen Feng is here, I am afraid it is not as simple as shock.

After he is shocked, he will be angry, extremely angry, and extremely hated!

The emotion of wanting to kill!

Because, at this time, Chen Feng knew the person who stood up!

Not only know, but also very familiar!

Because the two are enemies of life and death!

This person is indeed Chu Shaoyang!

That was already in Sky Dragon City, beheaded to death by Chen Feng, Chu Shaoyang, completely dead!

At this time, he actually came alive!

And if he can survive, the owner of the giant hand that covers the sky naturally has a great relationship.

After all, Chu Shaoyang's body was broken that day, it was him who brought back a strand of Chu Shaoyang's soul!

In the next moment, the joy on Chu Shaoyang's face turned into a touch of extreme resentment!

He looked up to the sky and let out a crazy roar: "Chen Feng, I must kill you! I must kill you!"

He gritted his teeth, his face was terrifying, and he hated Chen Feng to the extreme.

It is impossible for him not to hate Chen Feng.

After all, he was directly calculated to die by Chen Feng when he was in the upper hand and won the situation!

That's real, it's really dead!

If it were not for the mighty power in front of him to resurrect him, he would die completely.

Then, he knelt on the ground, kowtow to the owner of the giant hand covering the sky, grateful, and shouted:

"Master True Monarch, Master True Monarch, did you save me? Did you resurrect me?"

"Boy, I really have to go through fire and water, and only repay with death!"

At this time, the indifferent voice finally said a few more words: "If you die and I have spent so much effort, wouldn't it be a waste?"

There is no emotion in the voice.

Chu Shaoyang suddenly smiled.

This has always been extremely domineering, vicious and vicious, even Chen Feng didn't pay attention to it, and even Chen Feng was once stabilized.

At this time, in front of this existence, but humble like a cat and dog.

Hearing a word from him, he immediately dared not say a word.

Then, the indifferent voice paused.

Then, Chu Shaoyang flew up and fell to the void.

He didn't panic, just closed his eyes, he seemed to know what to do next.

The giant hand that covered the sky finally moved this time. He flicked his fingers and slowly spit out the words: "Strength, come!"

With this flick of his finger, a cloud of white light flew towards Chu Shaoyang.

This white light was about the size of a fist.

When people look at it, it will have an unspeakable feeling.

It seems that there are immense power, immense knowledge, and countless magical techniques!

Looking inside, I feel that there are so many things in it, so abundant, so precious, and all-encompassing!

It feels like this one ball of light is enough to create an extremely powerful master.

And the fact is exactly the same!

[Chapter 3879: That big event](#)

In the next moment, the ball of light went smoothly and without hindrance, and fell directly into Chu Shaoyang's Dantian.

All of a sudden it penetrated, and then, with a loud bang, the whole world seemed to tremble!

In Chu Shaoyang's dantian, there seemed to be a sun burst.

The next moment, Chu Shaoyang felt that at this moment, a rush of heat rushed to his limbs.

Every meridian, every muscle, every inch of skin, every bone!

At the same time, a huge, complex, and awe-inspiring force engulfed fragments of knowledge and burst into his mind.

Countless memories were smashed into his spiritual world. At this moment, Chu Shaoyang's spiritual world suffered severe pain, severe head pain, and severe pain all over his body!

All limbs are horrified, from head to toe, everything is painful to the extreme!

He felt that every part of himself seemed to be torn apart abruptly.

Chu Shaoyang has never been a person with great perseverance and able to endure great suffering, so he was not surprised and directly screamed out loud.

He shivered violently in pain, his body was red, like a cooked shrimp.

He was constantly catapulting frantically in the void, and it seemed that only in this way could his pain be relieved a little bit.

His pain did not know how long it lasted before it finally calmed down slowly.

The next moment, Chu Shaoyang's arms shook, and the whole momentum was crazy.

He has never been able to cultivate himself, and started to improve frantically!

In a blink of an eye, his aura was directly stabilized in the realm of the Four-Star Martial Emperor!

The realm of the four-star Wudi!

How many warriors can never reach the realm of their lives!

I really don't know how powerful the owner of this giant hand is, it is so terrifying!

Not only did he resurrect Chu Shaoyang abruptly, help him recast his body and instill his soul, but also let him recover from his rebirth and even improve, reaching the realm of the four-star Wudi!

How horrible?

"My strength is back, my strength is back!"

Chu Shaoyang looked at his hands for a moment, and then shouted in ecstasy!

He knelt on the ground, kowtow frantically at the owner of the giant hand: "Master Zhenjun, Master Zhenjun, thank you so much!"

"The kid is gracious in return!"

"Okay, don't say these false words, you know, and I know, what is the matter between you and me!"

The owner of the giant hand that covers the sky is still indifferent and gentle:

"Since I have chosen you, I will naturally give you these benefits."

"Although you are dead, in my eyes it is not impossible to save."

"So, I can resurrect for you."

"However, this matter is going against the sky after all. After this resurrection, my strength has also declined and I need to sleep for a while."

"Next, you have to do it yourself."

Chu Shaoyang said loudly: "Master Zhenjun, don't worry!"

"The last time I lost to Chen Feng, I was completely blind!"

"Then Chen Feng, in terms of strength, scheming, and background, nothing is my opponent!"

"Don't worry, after I am on guard this time, I will let him die without a place to bury him!"

The owner of the giant hand that covers the sky faintly responded, and then continued: "Go."

"Don't forget, what you have to do next!"

"Okay, don't worry!"

There seemed to be flames burning in Chu Shaoyang's eyes: "I will never forget the major event you gave me!"

"Besides, Chen Feng will also do this important event, and I will crush him in front of everyone!"

As soon as the voice fell, the giant hand that covered the sky suddenly flicked its fingers.

Suddenly, Chu Shaoyang felt a mighty force and enveloped himself.

Then, his body flew out frantically, and disappeared in a blink of an eye.

And after he left, for a long time, the owner of the giant hand sighed slightly: "I just hope, I didn't choose the wrong person!"

Chen Feng felt that he had had a long dream, very long.

He felt that his consciousness had been lost.

Everything about myself has been lost, whether it is physical or spiritual.

In a daze, he went back to the time when the chaos was first opened and the world was still unknown.

Even a touch of his own thoughts have never been born, this world is still chaos.

And he didn't know how long it had passed, as if it had been hundreds of millions of years and tens of millions of years, finally that touch of spiritual consciousness appeared quietly.

It was just a touch of inspiration, just a touch of Chen Feng's thoughts.

Then, he suddenly realized: "Oh, I am Chen Feng, my name is Chen Feng."

"Where am I now?"

"Why am I like this?"

After a while, that huge amount of information flooded into his mind!

Immediately, Chen Feng recovered his memory.

A surprise suddenly surged in Chen Feng's heart: "I'm not dead? I'm not dead! After serving the Nine-turned Heaven Devil Golden Pill, I still haven't died!"

"A substitute puppet, blocked the fatal curse for me! That terrible revenge!"

"I'm not dead yet, I'm recovering now too!"

"It's just, where am I now? What am I doing now? What about my body? How can I not feel my body anymore?"

There were endless questions in Chen Feng's heart.

But after all, he was Chen Feng, and he soon calmed down, carefully perceiving his surroundings.

But the surrounding area was still chaos, darkness, and dead gray.

Chen Feng couldn't perceive anything and didn't understand anything.

"Now it seems that only consciousness exists."

"But there should be nothing wrong. With Elder Xiaoyue, he will definitely not allow me to have an accident. No matter what, he is also the Six-Star Martial Emperor, and he must be able to rescue me."

Chen Feng's heart gradually settled, and he stopped thinking about it.

At this time, his thoughts seemed to be passing infinitely fast, but it seemed to be infinitely slow.

After not knowing how long it took, Chen Feng suddenly discovered that there was no longer the monotonous black and monotonous gray in front of him, but a touch of white.

Then, another bright gold appeared.

Next, Chen Feng found himself in a whole new world.

That world is all filled with golden brilliance and rippling.

And that golden color is unexpectedly rich and abundant, full of spiritual power.

Those mental powers suddenly became alive after sensing Chen Feng, hovering and cheering around Chen Feng's consciousness.

Chen Feng could clearly feel the joy in them.

And Chen Feng also felt that all the sights in front of him were familiar to him.

So the next moment, he suddenly realized: "I remember, this is my spiritual world!"

[Chapter 3880: See Yan Qingyu again](#)

But at this time, Chen Feng had obviously lost control of his spiritual world.

It's just that touch of divine consciousness, drifting forward like a firefly.

Wandering where he didn't know, suddenly, Chen Feng felt that an extremely high canyon appeared in front of him.

Chen Feng wondered: "Where is the canyon?"

But after a while, he recovered and couldn't help but laugh: "Where is the canyon? It is clearly the spiritual impact of Sirius before, which opened a gap in my spiritual world by the powerful seal!"

"Now, the canyon in front of you should be the gap."

Chen Feng remembered very clearly that after this gap appeared that day, a piece of memory inside flowed out.

Moreover, it was through the memory Yan Qingyu left him that Chen Feng found Yan Qingyu's legacy in this desolate ancient ruin.

But he hasn't been able to open it yet.

Later, Chen Feng wanted to enter this gap again, but he couldn't get in.

But this time, an extremely strong feeling suddenly rose in Chen Feng's heart: "I think I will definitely be able to go in now, and I will definitely be able to go in now!"

"This time, it will be successful!"

Chen Feng's divine sense, that little firefly-like light, floated into the crack.

At the moment when he entered the crack, Chen Feng was still very nervous.

But the moment he flew in, suddenly Chen Feng relaxed and became extremely relaxed and happy.

And as he flew forward, suddenly there was infinite enlightenment, which constantly flashed in his mind.

Those enlightenments are all about martial arts cultivation.

Four-star Wudi, five-star Wudi, and even six-star Wudi have many insights about martial arts cultivation.

These insights were all instilled into Chen Feng's mind at this time.

Therefore, Chen Feng suddenly realized: "I know why I can break through!"

"It turns out that if you want to enter this crack and want to enter this seal, you need to reach the strength of Six-Star Wudi."

"Of course I didn't reach the Six-Star Martial Emperor, but after I swallowed the Nine Ranked Heaven Devil Golden Core, it allowed me to temporarily reach the Six-Star Martial Emperor."

"Therefore, I have a clear understanding of the strength of this six-star Wudi."

"Although my strength has not reached the Six-Star Martial Emperor, my spiritual world, my understanding, and my spiritual realm have already reached the Six-Star Martial Emperor!"

"However, this gap, this seal, is in my spiritual world!"

"That's why it is assumed that I have reached the Six-Star Martial Emperor Realm, and I can naturally come in."

Chen Feng was filled with joy.

At this moment, if he can control his body, he will laugh out loud.

Because he has gained a lot of insights about martial arts, from the three-star Wudi to the six-star Wudi, there is nothing missing.

"After having these enlightenments, when I break through again, and truly break through to the Six-Star Martial Emperor, this journey will definitely be very smooth and much easier!"

Finally, flying all the way, don't know how long, Chen Feng finally came out of the crack.

When he came out, suddenly infinite blue light flashed in front of him.

In an instant, this clear light condensed into a figure in the air, forming a picture.

Chen Feng is very familiar with this picture.

It is Yan Qingyu!

However, this time Yan Qingyu was not like the last time in the memory segment, wearing a crown of sky, with the majesty of an emperor.

But in a white uniform, with big sleeves fluttering, and her hair hanging down, she was indescribably suave.

Yan Qingyu looked down at Chen Feng at this time, his face also showed a deep surprise: "Feng'er, you came in so soon?"

Chen Feng couldn't help but smile.

However, he can't even make a wry smile now.

Because he didn't even have condensed consciousness in his own spiritual world, his spiritual consciousness was just a little fluorescence!

But then, Yan Qingyu saw something.

He raised his eyebrows, his eyes showed interest: "This is the reason."

"Due to some inexplicable reasons, within a short time, your strength has risen to a very high level."

"However, this is with the help of external forces, and your strength then declined again, but therefore you can enter here."

"Yes, it's really good. Such opportunities are also rare."

Chen Feng was horrified: "How terrifying is Uncle's cultivation base?"

"This is just his remaining consciousness in my spiritual world, remaining in this seal! This is just a fragment of consciousness!"

"He doesn't know if he is alive or has fallen."

"You can see everything about me so clearly!"

Chen Feng felt even more that the strength of his uncle can only be described in four words that are unfathomable.

Then, Yan Qingyu said, "But that's fine."

"Since you have come into contact with this level, then you are qualified to know such things."

"Originally, I planned to tell you this after you entered this realm."

"Because I guess you will be able to take out the C'estbon that I left in the deserted ruins almost after you reach this state."

Chen Feng naturally did not react at this time.

Because he has no way to react.

Yan Qingyu waved his big sleeves, and it spread a piece of clear brilliance. He looked at Chen Feng and said with a smile: "Feng'er, now that you have such a realm and have experienced such things, you must be concerned about many things. I also understand everything."

"Do you want to know what is the root of the Dragon Vein Continent?"

"Do you want to know the deepest secret of Dragon Vein Continent?"

"Do you want to know the origin of this world, behind the layers of shadows, what is it like?"

Chen Feng instantly became excited!

This is exactly what he wants to know most!

He really wanted to!

Chen Feng really wants to live forever, he really wants to live forever, he really wants his strength to rise wildly, and he really wants to make himself invincible in the world!

And the reason for this idea is to protect the person who cares, the person who cherishes!

It's because you want to be at ease and free!

There is also a very important reason, that is, Chen Feng wants to go among the countless worlds and see!

He wanted to see what kind of beings existed in the void of the endless universe!

He wanted to know, did immortals really exist in that ancient time?

Chen Feng wants to see these three thousand worlds, and see this infinite universe!

What Yan Qingyu said, of course he really wanted to.

"The secrets of all these are..."

Yan Qingyu suddenly stretched out his hand and pointed to the void.

In front of Chen Feng, the stars suddenly shifted, and the picture condensed.
