

## Peerless 3891

### [Chapter 3891: Bring it all!](#)

Chen Feng gave her a thumbs up: "His Royal Highness, the heroine won't let her beards, Chen Feng admires her."

"I bother!"

Wu Linghan spit on the ground: "You are hurting me here again."

Chen Feng grabbed Sang Xingteng's hair and moved forward.

First came to the green curtain, knelt him directly to the ground, smiled and said, "Since I have accepted the plant, and since I am convinced, then come, give me a few friends first, I will forgive you!"

Sang Xingteng was really a man who could bend and stretch. He did not hesitate to kneel on the ground and knocked his head three times.

Qing Mu looked at him with hatred in his eyes.

Obviously, a few noises can't make up for it.

They had been hunted down by Sang Xingteng for decades before, and they all lived in fear and fear!

Then, Chen Feng brought Sang Xingteng to Wuling and knocked his head a few times.

Then there was Wu Linghan and Chu Ci.

Then, Chen Feng put everyone down.

On the green screen, Wuling was safe and sound, and even both of them had gained a lot of weight.

Chen Feng was surprised when he saw it, and asked what was going on.

After the two said, Chen Feng couldn't help but laugh, shook his head and said: "This Sang Xingteng really lost his wife and broke down. He fed the two of you so well, and in the end he got himself in."

Wu Linghan, Chuci's expression was dizzy, and there were many injuries on his body.

Chen Feng quickly took the pill for the two of them, and both of them were much better.

Then, Chen Feng looked at Sang Xingteng and said calmly: "Come on, now let's talk about it, what do you use to buy your life?"

Of course Chen Feng would not just spare Sang Xingteng.

In fact, Chen Feng thought very clearly:

First, Sang Xingteng must get a lot of benefits here.

Second, Sang Xingteng's cultivation base must be abolished, and Chen Feng will spare him only if he is sure that there is no threat to him.

Even, if necessary, Chen Feng will behead it.

After all, Sang Xingteng is full of evil penalties and acts fiercely. If this person keeps it, it is really a big threat to himself!

Sang Xingteng smiled bitterly: "Master Chen, I have nothing."

"You have nothing at all?"

Chen Feng stared at him: "You have cultivated for a hundred years, and you are tyrannical. You have nothing? Who do you lie?"

Sang Xingteng said bitterly: "Master Chen, it's not that I am perfunctory, nor that I don't give it to you. Now my own life is hard to protect, how can I care about these extraneous things?"

"It's really because I have devoted all my energy to cultivating these poisons over the years, and now, these poisons have been trained into this Taiqing Dragon Bud Furnace."

He looked at the Taiqing Dragon Bud Furnace, with a strong nostalgia in his eyes: "To say that my most precious treasure here is this Taiqing Dragon Bud Furnace."

"And all my wealth is now in it."

He was frightened by Chen Feng, and his heart was extremely frightened. At this time, facing Chen Feng, he didn't hide the slightest from him, and explained everything.

Then, he elaborated on the process of preparing himself to cast this seventh-grade gold core.

After Chen Feng heard it, it was just a surprise.

"The belongings you mentioned are already in this Taiqing Dragon Bud Furnace?"

Chen Feng looked at the Taiqing Longyao furnace, suddenly his eyes lit up and his heart moved.

"I originally planned to restart alchemy in the next period of time. I have obtained a lot of elixir from the desolate ancient ruins, and the prescription for alchemy is also available."

"What is lacking now is an alchemy furnace powerful enough!"

At this moment, Sang Xingteng lowered his head, and a vicious smug flashed in his eyes suddenly.

It's just that everyone, including Chen Feng, didn't notice.

Chen Feng circled the Taiqing Longyao furnace, then nodded.

He could feel inside the Taiqing Dragon Bud Furnace, the breath that seemed to come from the ancient wild, and he could feel the extremely violent poisonous fire fumigating inside, and he could feel that there was indeed a breath in this extremely viciousness. An extremely bright and magnificent breath, slowly revealing!

It has a strong medicinal scent, which cannot be hidden!

Obviously, only in this extreme filth, in this extremely violent toxin, can we cast the seventh-grade golden core with the strongest medicinal effect!

Chen Feng patted Sang Xingteng's shoulder lightly, and said, "Go, let's go up and have a look."

"Below here, I can't see why, I can only see it when I reach the top of the furnace."

Sang Xingteng slowly lowered his head.

In those eyes, there was a slight invisible joy flashed.

Then, the two flew over the furnace.

Sang Xingteng chanted the spell and carefully opened the lid of the furnace.

Suddenly, a blue pillar of fire suddenly rose into the sky, flying up to a height of a thousand meters, like a pillar of sky.

The surroundings suddenly became extremely hot.

This pillar of fire violently jumped up, and then slowly fell.

The two of Chen Feng landed on the edge of the alchemy furnace and looked down. When Chen Feng looked at it, he felt a feeling of almost dizzy.

The blue flame below is as deep as the ocean abyss.

At first glance, almost everyone couldn't help falling into it.

Moreover, because there is such a violent poisonous fire burning underneath, there is a huge suction in that poisonous fire.

At the same time, this Taiqing Longyao furnace also has a strong suction force.

The two converge, forming a huge vortex.

Therefore, above the Taiqing Dragon Bud Furnace, it is impossible to fly at all, and it will be sucked in directly.

If anyone is on top of it, then there is really no way to avoid it, only to fall into it!

Chen Feng asked: "How to control this Taiqing Longyao furnace?"

"presumably....."

He smiled and said with a smile: "You have a knack for it!"

Sang Xingteng nodded: "Yes, there are indeed here."

Having said that, it is to say that mentality carefully.

After Chen Feng listened to it, he remembered it firmly.

With a little manipulation, it really felt like this Taiqing Dragon Bud Furnace and one's body were vaguely connected.

He knew that what Sang Xingteng said was absolutely correct and must be true.

However, there is still an extremely powerful force that restrains this Taiqing Dragon Bud Furnace, much stronger than his own.

Chen Feng knew that this was Sang Xingteng's power.

He nodded, and then reached out his hand again.

Sang Xingteng was taken aback for a moment.

Chen Feng said impatiently: "What are you still doing? Tell me how this Nine-turned Heaven Devil Golden Pill was refined!"

"Pills, there are refining methods, where to be careful, etc."

Sang Xingteng took a deep breath, resisting the incomparable humiliation in his heart, and took out the pill and handed it to Chen Feng.

Then, tell all the secrets.

Chen Feng is also a master of alchemy. After a little thought, he naturally judged that he did not conceal anything or deliberately made a mistake.

#### [Chapter 3892: Will count](#)

Chen Feng sighed lightly, a smile appeared at the corner of his mouth.

Just this Taiqing Dragon Bud Furnace and these Seven-Rank Golden Core Pills are extremely huge gains!

Chen Feng nodded and smiled and said, "Count you honestly."

"still have a question."

Sang Xingteng hurriedly said respectfully: "Just ask."

Chen Feng sighed softly: "You have just returned to the Xuanyuan family's Inner Sect. I think you don't know much about this inner Sect."

"I want to know, how do you know these news in my mirror valley."

"I even knew that Mirror Valley was sealed first, and then I went in to kill."

"Also, who helped you set up the formation that blocked the breath, which even Xuanyuan Xiaoyue can't perceive?"

"as far as I know!"

Chen Feng stared at him, saying word by word: "You are not good at formation!"

Without any hesitation, Sang Xingteng immediately sold his two allies.

"Qi Xingwen and Yuchi Binbai said, they told me everything."

He recounted the process.

Of course, the added fuel and vinegar pushed many things to Qi Xingwen and Yuchi Binbai.

Even when he was going to Jinggu, he said that he was bewitched by them.

Of course, Chen Feng didn't believe this.

Then, he turned around and stared at the blue flame, as if he wanted to find something in the flame.

At this moment, Sang Xingteng suddenly looked at Chen Feng.

To be precise, he should be staring at Chen Feng's back!

Suddenly burst out in the eyes, unparalleled fierce and vicious light!

In an instant, fierce light shone, like a fierce beast with gentle veins that has been pretending, suddenly tearing away all the gentleness!

Expose the vicious and ferocious fangs!

It turned out that Sang Xingteng never really wanted to surrender Chen Feng.

He never thought of giving up everything.

What kind of scenery hasn't been seen for a fierce man like him who has traversed the mainland for hundreds of years? What kind of danger has not been seen? How could you be so helpless?

So, at this moment, his eyes were fierce.

Suddenly, a fist hit Chen Feng's heart!

At the same time, a crazy and vicious howl came from his mouth: "Chen Feng, you die to Laozi!"

His punch was extremely quick and fierce!

His body was madly steaming, and the five-star Wudi's strength was revealed, fierce to the extreme, and burst to the extreme!

If this punch is dropped, even if Chen Feng will not be killed, he will be knocked down the fire!

And in the face of such a flame, even he could not resist it!

Will be burnt to fly ash directly!

Sang Xingteng did his best, and the reason why he did this was because he had quietly put away the extremely white dragon spear the day he saw Chen Feng!

Therefore, he dared to do it.

He seemed to have seen the scene where Chen Feng was killed by himself!

He watched his fist get closer and closer to Chen Feng, his eyes showed great pride: "Chen Feng, you didn't expect it?"

"Before I, so forbearance! All the reluctance to be complacent, all for the present!"

"It's just to smash you into it with a fist and make you fly into ashes!"

He didn't even have the idea of killing Chen Feng directly!

He hated Chen Feng extremely.

Now, all he thought about was smashing Chen Feng into the furnace and refining it!

"Chen Feng, you just behave..."

He hadn't said the following words, but it stopped abruptly.

His eyes widened suddenly, with extreme fear in his eyes, and he yelled in disbelief: "You!"

He found that his fist couldn't make an inch!

Just an inch from Chen Feng's heart, it was firmly held back!

It turned out that at this moment, at this moment, a bright silver white light suddenly pierced out of Chen Feng's armpit!

It was extremely precise and hit his fist!

It made him unable to advance with his fist at all, and he felt a violent pain all over his body!

That icy cold breath seemed to fall suddenly, tearing him to pieces directly.

Sang Xingteng was stupid.

But at this time, Chen Feng slowly turned his head, looking at him, with a smile on the corner of his mouth, and said with a smile:

"Sang Xingteng, I didn't expect you to endure it until this time!"

The corner of Chen Feng's mouth was smiling, as if everything was expected.

Sang Xingteng looked at Chen Feng and yelled in disbelief: "How could it be? How could it be possible?"

"How did you expect that I would sneak attack you?"

Chen Feng nodded and smiled: "Why didn't I expect it?"

He looked like he took it for granted.

"Impossible, this is impossible!"

Sang Xingteng trembled: "How can you know what I think? I didn't show anything just now! I didn't show any flaws!"

"Yes, you really didn't show any flaws."

Chen Feng smiled and said, "The reason why I am so wary of you and wary of you is not because you have exposed flaws."

"But because..."

Chen Feng looked at him and said softly: "I know what kind of person you are!"

In fact, Chen Feng did not expect Sang Xingteng to be honest and obedient at all!

In fact, he had already guessed that Sang Xingteng must have a back hand.

However, Chen Feng pretended not to know, and instead used the tricks.

He knew that in order to deal with himself, Sang Xingteng must paralyze himself.

And the method he used to paralyze himself was nothing more than knowing everything and talking endlessly, which made him lose his guard against him.

Therefore, Chen Feng asked everything, even how to manipulate the Taiqing Longyao furnace and the formula.

You know, this formula method, for Sang Xingteng, is only the ability to settle down and stand up for life, and it is his biggest secret now.

If Chen Feng expressed the idea of killing Sang Xingteng from the beginning, then Sang Xingteng would not confide in his death.

With Sang Xingteng's ability, Chen Feng couldn't ask if he didn't want to say it.

Now they all told Chen Feng.

He was calculating Chen Feng, as everyone knows, he was calculated by Chen Feng!

At this moment, Chen Feng laughed loudly, looking at Sang Xingteng, his voice was full of joy:

"Sang Xingteng, Sang Xingteng, do you think I didn't see it?"

"You were pretending to be respectful to me. What you did was just trying to trick me into Chen Feng!"

"Do you think I don't know what your plan is? You think you are incapable of dealing with me, so you want me to lie here and push me into this Taiqing Dragon Bud Furnace!"

"right?"

"Hahaha..."

Chen Feng laughed loudly. In the laughter, there is the confidence to understand everything and master everything!

"In the Taiqing Dragon Bud Furnace, this violent poisonous fire, even Chen Feng, I cannot bear."

"But, do you know that what I think is like you!"

[Chapter 3893: Blood sacrifice!](#)

"Because, I know what kind of person you are!"

Chen Feng's words slammed into Sang Xingteng's mind like a thunderbolt.

In an instant, his whole person was embarrassed.

And the next moment, an extremely strong sense of frustration suddenly surged in his heart.

He suddenly felt very ridiculous.

My self-confidence, those calculations, fell in Chen Feng's eyes, as transparent.

A voice suddenly sounded in his heart: "Sang Xingteng, you can't compare to Chen Feng in strength, and can't compare to calculations."

"When you were doing a play there just now, I was afraid that he was always laughing at you in his heart when he saw it in his eyes?"

Thinking of this, his whole body was burning like flames, and he was uncomfortable.

His face was flushed instantly.

Although Chen Feng didn't say anything, he felt that Chen Feng's behavior was to slap him most brutally.

Chen Feng sighed softly and looked at Sang Xingteng and said, "I didn't want to get this far."

"If you are obedient, then I won't kill you either."

"But it's a pity!"

He sighed softly: "You let me down!"

"So, I have to!"

Chen Feng exhaled and said loudly, "Take you for a blood sacrifice, this is a \*\*\*\* pill!"

The next moment, the Celestial White Dragon Spear suddenly fired!

At that moment, the feeling of that power was completely drained and completely depleted, enveloped Chen Feng's whole body.

For an instant, there seemed to be a breath of death.

It made Chen Feng feel that he was so close to death.

In fact, with Chen Feng's current strength, he could use the Celestial White Dragon Spear twice.

But the point is that he is now seriously injured and has just recovered.

Therefore, almost even the strength of this time can not bear.

In an instant, Chen Feng was seriously injured.

He felt that his body was almost crushed.

Of course, from the outside, Chen Feng did not have any abnormalities.

And after the Tianji White Dragon Spear was full of Chen Feng's vitality, it finally gave out a clear buzzing, extremely fierce, killing domineering breath, and smashed it fiercely!

Almost dispelled Sang Xingteng to the directly smashed soul.

He felt the horror coming from the extremely white dragon spear that day, and the breath that even his five-star martial emperor could kill, he trembled!

At this time, the Tianji White Dragon Spear approached straight ahead.

The Celestial White Dragon Spear was originally against his fist. At this time, the Celestial White Dragon Spear moved forward, and he had only one choice, and that was: Back!

He can only retire!

Because he felt that if he didn't retreat, he could only die!

Celestial White Dragon Spear is approaching fiercely!

And he is instinctively retreating several steps.

He knew that if he retreated like this, he would definitely be sucked in by the attraction of the blue flame!

However, he had to retire!

Come over the blue flame, you will die, but after all, it is not now.

If you don't retreat, you will die now!

Chen Feng laughed loudly.

This is his shame, naked shame!

Use force to see if you can't retreat!

Don't retreat, you will die now.

Retiring, I can live a few more seconds.

The Celestial White Dragon Spear pressed crazily, while Sang Xingteng retreated again and again.

Finally, he came to the edge of the furnace wall of the Taiqing Longyao furnace.

After that, I only felt that my feet were empty.

In fact, if it is an ordinary place, even if his feet are empty, he can still stay in the sky!

But, here is the top of the Taiqing Longyao furnace!

This Taiqing Dragon Bud Furnace is a treasure of heaven and earth!

Its blue flame swept everything, and the resulting suction was also extremely terrifying, at least Sang Xingteng could not resist it at all.

So, he only felt that he was enveloped by a huge suction!

Then, he fell madly towards the blue flame.

Sang Xingteng let out a stern and desperate scream, "I don't want it!"

Chen Feng stared at him, smiled slightly, and waved goodbye:

"Sang Xingteng, go well, don't give it away!"

For Sang Xingteng, Chen Feng did not have any pity.

If it is not that I am alert enough, I have the strength to press the bottom of the box.

So, at this time, it is me who fell into the fire!

In an instant, Sang Xingteng was submerged in the blue flame!

In an instant, he fell into the fierce raging fire.

Those poisonous fires swallow him directly!

It seems that Sang Xingteng has something they are extremely interested in.

They suddenly became violent several times, and directly wrapped Sang Xingteng in it, burning wildly and rushing up and down.

Just like the roar of the big wave, the sea of clouds is tumbling.

Then, Chen Feng's figure flashed and came under the Taiqing Longyao furnace.

Then, meditate on the mind.

I used the Taiqing Dragon Bud Furnace control method I just learned.

Chen Feng was really talented, and he was familiar with it in a short time.

With a bang, the lid of Taiqing Longyao furnace was closed fiercely, completely sealing Sang Xingteng inside.

It also sealed the possibility of his last escape.

Qing Mu and Wu Ling suddenly cried with a headache.

The cry was getting louder and louder, venting with unspeakable pain.

Of course, there is joy!

Weep with joy.

You know, the two of them had been hunted down by Sang Xingteng for many years.

And even after they met Chen Feng, the fear that shrouded them, that they might be caught back to practice medicine at any time, and the fascination was never dissipated from their hearts.

And at this moment, seeing this scene, they knew that the dark clouds that hung over their hearts, the all-pervasive Sang Xingteng, that always watched for the days of being chased, the fear and despair that had been every day and night, finally disappeared. !

After the two cried loudly, they suddenly walked up to Chen Feng and bowed solemnly.

"Brother Chen..."

Chen Feng raised his hand and blocked what they were about to say.

He walked up to the two of them, hugged them in his arms, smiled and said:

"I, Chen Feng, treat you like relatives and friends, so there is no need to say those polite words."

The two of them were taken aback, then nodded together and looked at Chen Feng with a smile in their eyes.

Chen Feng looked at the Taiqing Longyao furnace, his eyes full of expectation.

Chen Feng came here this time, naturally to save Qingmu and them.

But in fact, there is also an important purpose, that is, to win this seventh-grade golden core.

He had always known how strong Sang Xingteng's ability to refining medicine was, and he kept pace with Xuanyuan Xiaoyue in the Xuanyuan family.

Moreover, it was not long ago that Chen Feng knew that Sang Xingteng turned out to be one of the few seventh-grade golden robe alchemists on the Dragon Vein Continent!

The golden robe pharmacist is already extremely rare, and among the golden robe pharmacist, the rank reaches seventh rank, and it can be said that it is close to the pinnacle of the medicine refining technique in the Dragon Vein Continent!

#### [Chapter 3894: God pill out! Amazing!](#)

It took Sang Xingteng a whole hundred years to complete preparations for this seven-rank golden pill.

After completing his efforts in one battle, it can be said that this seven-rank golden pill is the result of Sang Xingteng, the top alchemy master of the Dragon Vein Continent, and his life's hard work!

Although Chen Feng didn't care about Sang Xingteng's character, he still recognized his alchemy ability.

From this, you can also imagine how powerful this seventh-grade golden core will be, and what a huge improvement to Chen Feng's strength!

For Chen Feng, with this seventh-ranked golden core, he will have an extra huge and powerful hole card!

The moment the stove lid was covered, the breath of Sang Xingteng disappeared into the air instantly, curling away.

His breath suddenly broke off.

His body disappeared directly, and his incomparable power flowed out like a mighty river!

All the power was absorbed by that poisonous fire.

And this poisonous fire was supplemented in this way, and the flame was ten times bigger in an instant.

All of a sudden, it completely reached the level of refining the pill!

From every hole of the Taiqing Dragon Bud Furnace, a faint blue poisonous flame burst out crazily.

It even covers a radius of thousands of meters!

The top of the entire mountain peak was burnt to black by this fierce poisonous flame.

Even in the scorched black, there are bright crystals flowing.

This stone ground was actually burned into a gem-like material.

It can be seen how high the temperature is!

And just at this moment, suddenly above the sky, there was the sound of fairy music, and it fell.

Numerous illusory golden lotus flowers appeared in the sky, hundreds of thousands.

The golden lotus fell from the sky, slowly bloomed, and then turned into a rain of golden flowers, dissipating invisible.

In the distance, there was a bright golden cloud on the horizon, which instantly spread and spread out thousands of miles!

Many children in the Xuanyuan family saw it and couldn't help but be surprised.

At this time, Chen Feng's heart jumped fiercely: "The \*\*\*\* pill was born, this is the seventh-rank golden pill about to be born!"

At the moment when this thought in Chen Feng's mind had just arisen, with a thud, Taiqing Longya Lu suddenly made a violent hum!

The entire giant bronze furnace trembled.

From the countless holes in it, there was a puddle of filthy and dirty, and at the same time a huge amount of foul air burst out fiercely.

It's like publishing all the magazines.

The next moment, the lid of the giant bronze furnace flew out by itself.

A touch of golden light flashed out of it suddenly.

With the appearance of such golden light, a strange fragrance fragrant in the sky.

The sound of Xianle is deafening and beautiful.

The clouds on the horizon were radiant and the golden lotus flowers were in full bloom.

Chen Feng's heart was shocked: "This seventh-rank golden core, its power is absolutely terrifying!"

Shen Dan was born, the world was shocked!

At this moment, after the golden core was born, it was spinning around in the air with extremely fast speed.

This thing was so fast that Chen Feng couldn't see its true content at all.

It's just a feeling, a very rich, indescribable smell, refreshing, mellow and refreshing sweet fragrance, exuding from it!

In an instant, it filled dozens of miles around.

At this moment, within a radius of tens of miles, on the barren land that had been cut into barren land by Sang Xingteng, there were patches of blue aura, spilling down.

Like the silent spring rain, it instantly penetrated into the soil.

And with the blue aura in the soil, like a spring breeze and rain seeping in, suddenly, there were countless sounds in the ground.

Then, the clod was pushed away.

This is a barren land for dozens of miles of hillsides, but countless young seedlings sprout all at once.

Then, these young seedlings headed and grew, budded and bloomed.

In almost a short time, this tens of miles has turned into a lush grassland.

No, it should be said that it is not grassland.

It turned out that Chen Feng took a glance and found out that all the things that grew out were all spirit medicines!

And they are all the rare elixir spirit grass.

These elixir Lingcao, tall, are already two or three people tall.

Even the short ones have a length of one foot, and many of them are already growing.

It gives people the feeling that they did not grow out in an instant, but they have grown here for a hundred years.

Mei Wuxia also exclaimed next to him: "Most of the medicinal materials in it have been used for a hundred years!"

The two looked at each other, and they all saw an incomparable shock from each other's eyes:

"What kind of golden core is this! It is so terrifying!"

"It's not swallowing it yet, it's just being born, but the medicinal power on it is exuding, and it has urged this barren land into a rich medicinal field that has grown for a hundred years!"

But the next moment, the Golden Core, which was still spinning around, stopped.

Chen Feng also saw its true face.

This is a golden pill about an inch and a half in diameter.

The whole body is a lustrous jade white color, but in that jade white color, there are extremely bright golden lines.

The power on the golden lines was urged, and a golden cloud was formed around him.

It looks extremely gorgeous and brilliant!

The most important thing is that there is a cunning meaning on this golden core.

It gives people the feeling that this thing has already opened up and is extremely intelligent.

Even Chen Feng looked at him, and even had an illusion in his heart: He seemed to be probing his head at this time, looking around, investigating the direction of escape!

"He wants to run away!"

Chen Feng suddenly recovered at this moment, and secretly said that it was not good!

And at the moment Chen Feng just thought of this level, suddenly the golden core stopped still.

It started to spin frantically again, jumping up and down.

"It's going to escape!"

Chen Feng shouted sharply!

He murmured in his heart: "I almost don't have much strength now, and I can't stop it with a serious injury."

"If this golden core escapes, then..."

Chen Feng realized that the consequences would be disastrous.

This golden pill will be cheaper for others, how can he be willing?

At this moment, Mei Wuxia seemed to see Chen Feng's difficulties, smiled slightly, and said:

"Brother Chen Feng, don't worry, I will help you.

The next moment, he took a photo with his right hand.

Suddenly, in the palm of his hand, a treasure appeared in black and white.

This kind of light gave Chen Feng a very familiar feeling, and it was the feeling that the power of time and space intersect on it.

Moreover, these lights are actually divided into things like small grids.

Chen Feng took a closer look and found that this treasure is not big, about the size of a palm.

That way, it was like a piece cut from a cassock.

There is a bead hanging around each.

[Chapter 3895: Seven-Rank Golden Core](#)

And the black and white light was uploaded from the beads to the little piece of robes.

Then, cover it out.

Mei Wuxia threw the treasure directly away.

Suddenly, the treasure instantly grew bigger in the air, becoming a full tens of meters in radius.

Mei Wuxia laughed like a silver bell: "Little guy, do you want to run? Did you run away?"

At the next moment, the treasure spun at extreme speed and went directly to the golden core package.

Only in an instant, the black and \*\*\*\* on it spread to the golden core.

It's like sticking to the golden core.

But Chen Feng felt that it was not like sticking to it, but like the force of time and space, pulling the golden core and this treasure into the same time and space.

The next moment, Jin Dan jumped out crazy.

But his speed was not affected in any way, he was still extremely fast, and he flew out tens of thousands of meters in a blink of an eye.

He seemed very proud, exuding a burst of extremely proud emotion.

But, suddenly, that emotion dissipated.

It turned out that the treasure appeared in that position along with the golden core, but it was tightened tighter.

Then, Jin Dan ran away again, and then the treasure followed to the same position.

Next, Jin Dan kept escaping, and the treasure was just like a shadow.

Wherever Jin Dan goes, it will follow wherever it goes.

Chen Feng already understood in his heart at this time.

The two should now be drawn into the same time and space, that's why this happens.

Moreover, every time Jin Dan escapes, the treasure will tighten even more.

By this time, the golden core was already completely wrapped in the treasure.

Jin Dan rushed from left to right, constantly hitting on the treasure.

And that treasure, seemingly soft as cloth, is actually extremely tough.

No matter how it deformed, Jin Dan couldn't break it open.

Finally, the treasure was tightened to the size of a fist, seeming to confine the golden core crazily.

As a result, the golden core didn't move anymore, as if it had been completely suppressed.

After waiting for a while, Mei Wuxia waved, and the treasure flew over.

Mei Wuxia glanced at Chen Feng triumphantly and raised his chin, which was very cute and lovely.

Chen Feng laughed and rubbed her head: "Not bad, good job."

He was a little curious: "What is this treasure called?"

"This thing, named Yunfeng Tianluosha, is made from a special material in the void outside of the Dragon Vein Continent."

"Extremely soft, yet extremely tough!"

"Water and fire don't invade, and it's difficult for the gods to cut in."

"Moreover, what's even better is that this thing is extremely soft and gentle, and it won't hurt anything, so it's the best choice for making medicine boxes for storing extremely precious pill."

"Of course, some powerful warriors also use it to make clothes."

"This kind of clothing is tyrannical and even better than many armors!"

"Some ancient monks and great virtues used it to make robes."

Mei Wuxia chuckled, her voice as crisp as a silver bell: "Brother Chen Feng, in our vein, for generations, we have always dealt with medicinal pills."

"After the pill reaches the level of the golden pill, when it is practiced, it is already born and intelligent, and naturally it is not willing to be swallowed by humans."

"So, after they are trained, the first thing they do is to escape."

"Master Patriarch knew their virtues hundreds of thousands of years ago, so he dedicated this treasure to sacrifice at that time."

She shook the Yunfeng Tian Luosha in her hand: "There is no other use, only these newly released golden pills."

"But for those of us, this is an extremely useful treasure."

Chen Feng flicked his palms and laughed: "Yes, it is really extremely useful, so Grandpa Master really has a long-term vision!"

Since he had already surrendered this golden core, Chen Feng didn't have time to look at it, so he took everyone away.

Of course, when he left, he naturally took away the Taiqing Dragon Yalu.

After training this golden core, it seems that the Taiqing Dragon Bud Furnace is like completing its mission.

The blue flame inside disappeared without a trace for an instant, and all the medicinal materials in it had disappeared.

Only a huge amount of medicine residue remained.

The amount of these medicine residues is so large that after Chen Feng dumped it, they covered a small hill.

Although it is medicine dregs, it also contains a lot of aura.

After being poured out, the medicinal materials on the mountain peaks suddenly swelled and became stronger.

Even though Chen Feng has learned how to manipulate the Taiqing Longya furnace, it is impossible for him to become perfect in an instant.

Moreover, this Taiqing Longya Lu could not be reduced at all.

Chen Feng had no choice but to control it and flew towards Jinggu, greeted everyone to stand up.

Everyone is novel.

It's the first time to fly in this alchemy furnace.

Thus, in this Nei Zong, I saw a scene of wonder.

An ancient shape, with mottled traces, was like a huge alchemy furnace from the ancient barbaric period, flying swayingly in the air.

There are a few people standing above.

Many disciples came to check it out of curiosity.

However, after seeing that the person in charge was Chen Feng, they all greeted them respectfully and quickly went away.

They might not have the desire to grab treasures in their hearts, but with Chen Feng here, who would dare to make a mistake?

Back in Mirror Valley, Chen Feng did not start to practice.

After he settled the Taiqing Dragon Bud Furnace, he ordered Pu Jingyi to cook a few dishes and set up a family banquet to suppress everyone's surprise.

Pu Jingyi's dishes are not only extremely delicious, but also delicious.

What's more rare is that the meat of the superior monster beasts in the Xuanyuan family is used.

Eating ordinary food now is a burden for Chen Feng and the others, and is of no use.

But the dishes made by eating these monsters and spirit rice are different.

Although there is no need for them to eat sometimes, but eating itself is a happy thing.

Everyone sat in a circle under the pine trees, eating meat, drinking, and feasting.

However, Qingmu Wuling is an exception. The two of them are the incarnations of Lingzhi and cannot touch these meats, otherwise it will greatly damage the cultivation base.

So just drank some dew.

The ambitions were staggered, and the atmosphere quickly became enthusiastic.

Chen Feng poured another large glass of wine, drank it in one gulp, and glanced across the crowd.

Green screen, misty spirit, quiet and quiet.

Wu Linghan and Chuci are reminiscing about the past.

Chen Feng looked at Wu Linghan, and suddenly he was in a trance.

He suddenly remembered the time spent in Qin State and in that sword house that day.

Back then, Wu Linghan was still called Lao Qi, and the others were still there.

#### [Chapter 3896: Practice shadow ghost steps!](#)

Everyone talks about every day.

At that time, it was far less powerful than it is now, and it was far less prominent than it is today, but it had an unspeakable joy.

"Many of my friends that day will never be found again."

"Therefore, the relatives and friends of the present must cherish even more!"

Chen Feng sighed softly, "Unfortunately, although everyone has come here today, they are not so complete."

"Senior Sister, Shen Yanbing, and Yaoguang, a few of them are still caught in that soul hall, waiting for me to save them."

"If you follow what I said before, then there is plenty of time now, but it can't be taken lightly."

"I need to get further information, so as not to create an eternal hate."

Thinking of this, Chen Feng suddenly looked to the side.

Pu Jingyi was also obedient, and immediately got up and said, "If you have anything, please let me know."

Chen Feng nodded and said, "I have some pills here, and I gave it back to you. You swallow it first to restore some of your skills."

"Then, practice the secrets I gave you, and you will be able to recover your strength within a few days."

"I need you....."

He stared at Pu Jingyi and said in a deep voice: "Within three days, he will leave here and go to the Soul Hall to find out."

"I need news from the elder sisters, do you understand?"

Pu Jingyi solemnly clasped his fist and said, "Sir, you can rest assured that your subordinates will send you the news as soon as possible."

Chen Feng nodded slowly.

After ordering this matter down, the dull feeling in Chen Feng's heart eased a little, but he still felt like he was stuck in his heart.

He sighed softly, accused the guilty, stood up, walked to the side alone, looked at the surging big family, and said softly:

"Senior Sister, I don't know how you are now."

"Don't worry, I will increase my strength as soon as possible to the point where I can break into the soul hall and rescue you."

"Don't worry, it won't take a few days, it won't take a few days!"

Chen Feng muttered softly, his eyes gradually became firm, as if there was a flame burning in his eyes.

Everyone drank too much this day.

Chen Feng could have used his strength to de-energize his alcohol, but Chen Feng did not do so, instead allowing himself to get drunk.

I slept all night and only got up the next morning.

On the top of the giant pine, the wind hits, and Chen Feng's robe is hunting.

"Now, I want it!"

He slowly uttered six words: "Practice the shadow ghost step!"

For Chen Feng, the practice of shadow ghost step this time is a very necessary, even extremely urgent matter.

Because he must go to the mountain of sorghum next time.

Chen Feng will not forget that in the mountain of sorghum, the many masters of the City Lord's Mansion of Chaoge Emperor City are looking for a big treasure under the leadership of their city owner.

If Chen Feng didn't know, it would be fine. Since Chen Feng knew the news, how could he sit back and watch?

He will definitely go there.

However, Chen Feng was not arrogant enough to contend with the city lord of the Emperor Chaoge and his many masters.

You know, Chaoge Tianzi City is one of the nine forces that can compete with the Xuanyuan family's inner sect.

Even if it was a bit worse than the Xuanyuan family's Inner Sect, it was not much worse.

The city lord of Chaoge Tianzi City is even a great master comparable to Xuanyuan Zixi and Xuanyuan Xiaoyue. His strength may have surpassed the Six-Star Martial Emperor and is infinitely close to the Seven-Star Martial Emperor realm!

What's more, he still has a large number of masters under his hand.

Pull out any one, I'm afraid there is a realm of five-star Wudi.

In front of such a group of masters, Chen Feng didn't dare to be careless.

However, head-on confrontation is not an opponent, so it doesn't mean that Chen Feng can't grab food.

He practiced Yin and Yang ghost steps just for this.

After practicing this shadow ghost step, even if the strength is not as good as that of humans, as long as the speed is fast enough and the steps are curious enough, then this piece of meat can still be taken from the tiger's mouth abruptly!

A light flashed in Chen Feng's palm.

The secret book of Shadow Ghost Step, obtained from Xuanyuan Zixi, appeared in his right hand.

Chen Feng bowed his head and smiled slightly: "Whether you can eat meat next, it depends on you."

Chen Feng pressed his hands on the jade piece.

With a snap, the jade piece was broken directly.

And a cloud-like mist also rose in an instant, covering Chen Feng in it.

The next moment, this mist penetrated directly into Chen Feng's body.

An extremely huge, extremely magnificent message was also directly poured into Chen Feng's mind.

However, Chen Feng had already practiced this high-level martial arts more than once.

So I got used to it quickly.

In the next moment, Chen Feng's mind sank into his spiritual world.

In that spiritual world filled with golden light everywhere, a large cloud above the sky is already taking shape.

Chen Feng could vaguely see that in that large cloud, there seemed to be countless mysterious runes, flying up and down, quietly moving.

Through the cover of the purple and black clouds, it seemed to be able to see that there was a huge and incomparable thing, like a mysterious cylinder, on which countless densely engraved and countless runes.

Each one is very subtle and profound.

It's just that Chen Feng couldn't see clearly anyway, covered by purple and black dark clouds.

A sneer appeared at the corner of Chen Feng's mouth: "It seems that this shadow ghost step, pretending to be a high-level martial art, is not willing to learn it for me at this time!"

"However, this is my spiritual world. Can you let you decide?"

The next moment, Chen Feng's eyes were cold and he shouted violently!

The golden spiritual power burst out!

With a bang, it hit the purple black clouds!

The purple and black clouds were filled with a feeling of contempt.

But when he perceives Chen Feng's golden mental power, it suddenly turns into a panic.

Before he could make any other reaction, he was directly crushed by the golden mental power.

Behind it, the dense and undulating runes are revealed.

Chen Fengmeng's whole body was shocked.

Suddenly, the golden spiritual power gushed out, swallowing all these runes Aowei.

After swallowing these runes, the entire spiritual world trembled violently, and seemed to be a little overwhelmed.

Chen Feng couldn't help but feel shocked: "It makes my huge spiritual world a little overwhelmed, and I can imagine how profound this martial skill is! What a grandiose!"

"It deserves to be the seventh-rank martial skill of the Wild Grade!"

The spiritual world slowly returned to normal, and all those runes were refined by it.

#### [Chapter 3897: The power of terror](#)

Then, the golden spiritual power filled the air and converged into large characters:

Shadow Ghost Step, Wild Grade Seven Martial Skill!

Shadow Ghost Step, the first level, if a person with extraordinary talents has worked hard for three years, it can be accomplished.

If you are called a peerless genius, you can practice hard for ten years.

If an ordinary young genius has painstakingly cultivated for 50 years, it can be accomplished.

If you have general qualifications, there is no hope for life.

Chen Feng looked at it, but his heart was calm, without any fluctuations.

However, the following line of words refreshed him.

The above is about the cost of the first level of the shadow ghost step and the power after training.

"The first level of the shadow ghost step, after training to Dacheng, you can move it at will within fifty miles."

"But where there is shadow, you can easily enter."

"It takes ten divine essence to cast it once."

After reading it carefully, Chen Fengzai sighed: "So, it turns out that when you cast a shadow ghost step, it actually consumes ten gods."

A wry smile appeared at the corner of Chen Feng's mouth:

"No wonder, it's no wonder that this shadow ghost step has been rated as a waste-level seventh martial skill, and its power is really big enough, but the threshold for this is really too high."

You know, there are not many warriors who can condense the gods.

And among all the warriors who condensed Shen Yuan, those who could gather Shen Yuan Zhan Zun were even rarer.

But even if it is condensed with the gods of the soul and cultivates the shadow ghost step, it will not be able to consume it at all.

A god-prime warlord is nothing but a hundred gods.

And now it takes ten divine essence to move once.

Chen Feng couldn't help but shook his head and smiled bitterly, but soon he became excited.

"The key is that this power is really big enough! This power is really terrifying!"

"Practice to the first level, and move it anywhere within fifty miles. Once there is a shadow, I can go anywhere!"

At this time, Chen Feng almost had the urge to laugh.

Once this is achieved, he will be within a hundred miles, anywhere in an instant.

It can be far and near, up and down, the enemy really has no way to guess his next move.

Whether it is to escape, sneak attack or attack, there are countless more options.

For almost an instant, many tactics flashed through Chen Feng's mind.

He secretly said in his heart: "After practicing Shadow Ghost Walk, it seems that there is no intuitive improvement to my realm."

"But in fact, it can more than double my combat effectiveness when facing the enemy! It can also deal with the siege of many masters!"

In the next moment, with excitement, Chen Feng began to accept the huge secret.

Chen Feng sat cross-legged there, his eyes lost.

That is being shocked by a huge amount of information.

Martial arts like this are directly infused into the mind in a way similar to inheriting the spirit of memory.

If it weren't for Chen Feng's extremely strong mental power, I'm afraid he would be beaten as a fool directly.

Beside, Mei Wuxia's figure quietly emerged, protecting Chen Feng.

After a full two or three hours, Chen Feng sighed softly, his eyes were full of clarity: "That's it."

"The profound meaning of this shadow ghost step has now been counted in my heart."

"I already understand, now I will start practicing."

At the next moment, Chen Feng calmed down.

The mysterious secrets of those shadow ghost steps slowly circulated in his heart.

And with the urging of Chen Feng's power, the profound meaning turned around, the dozens of divine essences previously absorbed in Chen Feng's body also began to swim quietly at this time.

These gods began to wander along mysterious routes.

It turned out that the mental method matched with this shadow ghost step was just different from other martial arts techniques.

Do not urge other powers, only urge one kind, that is: Shenyuan!

And as these gods continued to circulate in Chen Feng's body, a mysterious movement route quietly circulated in Chen Feng's body.

Chen Feng was filled with indescribable shock.

He thought that his body had been developed long ago, and all the exercise routes and all the acupuncture points should have been well understood.

But I didn't expect that in the body, there is actually a route that is so remote, difficult and mysterious, but at the same time has an extremely powerful force.

After these gods circulated along this route, Chen Feng felt that a huge force was quietly rising in his body.

Shenyuan circulates over and over again.

Finally, after running for a full three hundred and sixty weeks, Chen Feng is already very familiar with this line in his body.

And at this instant, Chen Feng suddenly had several acupuncture points in his body, which suddenly lit up!

Chen Feng looked at himself and felt shocked.

It turned out that he had never discovered these acupuncture points before, or even knew it at all.

These acupoints have different distribution points. Some are located in the eyes, some are located in the legs, and some are located near the dantian.

But each acupuncture point is extremely large, deep and dark, just like a sea abyss.

Chen Feng couldn't help sighing: "Sure enough, the human body is the greatest treasure in this world, the most mysterious thing!"

"I thought that what I understood was clear enough. Who knows, there is still infinite potential in this body!"

In the next moment, the gods in Chen Feng's body swam into these acupuncture points.

In an instant, it disappeared without a trace.

And these acupuncture points are obviously not activated too much.

They just shimmered for a moment!

However, just with this glimmer of light, Chen Feng suddenly felt an indescribable tingling and itching in his eyes.

The next moment, Chen Feng opened his eyes immediately.

But the moment he opened his eyes, he found that there was pitch black in front of him, as if he was blind.

Chen Feng panicked in an instant, but quickly settled down.

And his situation did not last long.

In the next instant, Chen Feng's ear sounded like a crackling, glass breaking sound.

It was like, the darkness in front of me was suddenly shattered!

In an instant, the darkness in front of Chen Feng disappeared without a trace, and he saw the world again!

Do not! To be precise, what Chen Feng saw was not the past world.

Chen Feng's eyes widened in shock and exclaimed, "What's the matter?"

It turned out that at this moment, Chen Feng had black, gray and white in his eyes.

Three extremely pure rays of light rose quietly.

With the three black, gray, and white lights rising up quietly, Chen Feng found that the world in his eyes had also changed.

He found that in the void in front of his eyes, one after another vortex appeared.

[Chapter 3898: Shuttle in the void!](#)

These vortices are not big, so they can only accommodate one person in and out.

And above each of these vortexes, three colors of black, gray and white light flashed.

Moreover, although the vortex is round or oval, it feels like it is a black, gray and white line.

Gorgeous and mysterious.

These faint traces clearly exude a very dangerous atmosphere.

However, Chen Feng felt that this danger was not aimed at him.

Moreover, this is not only not a dangerous way for me, but a shortcut!

"It's like... a door!"

He moved his gaze to a black and white vortex in front of him at this moment, this black and white vortex was extremely deep, as if it could swallow everything.

It seems that even time and space are frozen in it!

It is about two feet in diameter.

When Chen Feng leaned forward, he could just get in. The depth was so deep that he didn't know where to lead.

It is possible to step into it one step at a time, and when it reappears, it will be in the Xuanyuan Family's Inner Sect, which is thousands of miles away, or it may be in the wind and wind of the outside that day.

Even, it is directly possible to introduce it into the ground, into lava, into the inexplicable danger.

In short, this is a weird whirlpool that does not know where to lead, or it can be called...

Chen Feng's eyes flashed, and slowly uttered four words: "Space channel!"

He probably already had some enlightenment in his heart, but it was always like a cloud covering the moon, not so refreshing.

So, Chen Feng continued to concentrate and looked towards there.

Others can neither see this spatial channel nor know where this spatial channel leads.

However, when Chen Feng looked there, he felt that the next moment, his eyes suddenly turned into a beam of light composed of black, white and gray lines.

And after this beam of light irradiated into this space channel, Chen Feng instantly stung his eyes.

When the sting disappeared, he immediately widened his eyes and looked eighteen miles away.

Eighteen miles away, on a small hillside, there was a green pine.

Under the green pine, there is a huge rock.

The two shadows overlap together, forming a space with a radius of about two or three meters.

Chen Feng didn't know what was wrong. What was inexplicable was the feeling that after his vision entered the spatial passage in front of him, he seemed to have experienced an infinite cycle.

When it appeared again, it had already reached the shadow under the green pine.

"Could it be that?"

Chen Feng was shocked.

Then, it was a joy.

He looked there with great eyes, and as expected, a small spatial passage appeared in that shadow.

It's just that it was hidden in the shadows, and Chen Feng had to work hard to see it.

If you haven't practiced the Yin-Yang Ghost Steps, and the black, gray and white three-color lines form the light in your eyes, you will definitely not be able to see the space channels hidden there.

"That's it!"

Chen Feng sighed slightly, a smile appeared at the corner of his mouth: "I understand!"

Then, he slowly got up, looked at the spatial passage in front of him, and stepped into it!

By the side, Mei Wuxia was staring at him unblinkingly, for fear of what might happen to him.

At this moment, Mei Wuxia looked at Chen Feng with shock.

It turned out that she saw that at this time, Chen Feng's pupils were completely different from before.

It turned out that Chen Feng's eyes were clear and deep.

But now, it was as if it had been packed into a starry sky, it was indescribably dark, deep, and mysterious.

She looked at Chen Feng's eyes, eyes wide open, almost falling into them.

After a violent shiver, he just recovered, and was surprised in secret:

"Big Brother Chen Feng's eyes are as magical, and I almost fell into it just now."

And the next moment, she saw Chen Feng stand up and step out!

In Mei Wuxia's eyes, in front of Chen Feng, there was nothing at this time.

She was surprised: "What is Brother Chen Feng doing in the void?"

But she was not worried that Chen Feng would fall.

After all, standing in the air with Chen Feng's current cultivation base is also very easy.

But the next moment, a scene that made her even more incredulous appeared:

It turned out that after Chen Feng stepped into it, he disappeared!

It didn't fall, or where it went, it just disappeared out of thin air!

It was as if the space in front of him could swallow a person, just swallow him directly!

"How is it possible? How is it? How could Brother Chen Feng disappear like this? Where did he go?"

Mei Wuxia was stunned.

At this moment, he suddenly seemed to think of something, and immediately looked around, trying to find Chen Feng's trace.

At this moment, after Chen Feng stepped into the space channel, he felt an extreme dizziness before his eyes!

He has crossed the time tunnel more than once before.

However, none of the reactions were as strong as this time.

It was not just a feeling of extreme dizziness, Chen Feng felt that at this moment, he felt like he was being grasped by a few giant hands, spinning around and rubbing like crazy!

It's like a person's two hands rubbing a wick.

He felt that his body was about to be screwed off, the crazy, distorted, and terrifying spatial force was constantly tearing at him!

Almost every inch of his flesh and bones were torn to pieces!

"This feeling is terrible!"

Chen Feng had only this thought in his mind at this time.

He could only gritted his teeth and supported it hard.

Not only that, Chen Feng felt even more that some of his body's strength was madly losing.

The next moment, he knew in his heart.

"At this time, what is being lost, must be my divine power!"

Fortunately, this extreme pain did not last long.

In the next moment, Chen Feng suddenly felt a flower in front of him.

Then, it was another cold.

As a result, he returned to normal.

He found that he had returned to a normal world.

A familiar scene appeared in front of him again.

Chen Feng was a little bit godly, and immediately turned around and looked back without hesitation.

Then, he saw the green pine behind him, the big rock!

Chen Feng was stunned for a moment, and then laughed in ecstasy: "I succeeded, but I succeeded once! Directly from the pine branch just now, I moved 18 li and moved here!"

"I didn't fly here, but went straight through the empty tunnel at that time and teleported here!"

It turned out that Chen Feng came here directly from the last location just now, teleporting for eighteen miles.

At the moment when Chen Feng burst into laughter, suddenly, the black, gray and white lines in front of him suddenly disappeared.

[Chapter 3899: The shadow ghost step is just beginning!](#)

And that originally appeared in front of him, it seemed that it was just a faint trace of the space-time vortex, and it disappeared all at once.

Chen Feng sighed slightly, he knew why.

If I didn't concentrate on it for a while, then it would be so naturally!

At this time, Mei Wuxia also saw Chen Feng's trace.

All of a sudden, she was stupid: "Brother Chen Feng was here just now, why did he suddenly appear there? Could it be that..."

She also had some understanding of Chen Feng's practice of Shadow Ghost Walk, and she was immediately ecstatic and shouted:

"Brother Chen Feng, have you practiced?"

Chen Feng waved his hand at him.

Although I haven't practiced it, I have a good start.

Be regarded as the beginning.

At this time, Chen Feng also understood clearly in his heart, and sighed softly: "I understand, I understand everything!"

"No wonder, it's no wonder that this shadow ghost walk can be easily moved into the shadows dozens of miles, hundreds of miles, or even thousands of miles away after being trained!"

It turns out that someone who can make cultivators has a deeper understanding and understanding of the secrets of time and space!

And if you have a deeper understanding of time and space, then you can see that in this void, there are actually many existences like simultaneous empty tunnels!

Chen Feng sighed slightly, his eyes gleaming with Mingwu's light: *NovelSb.com*

"At this time, the space-time tunnel, to put it plainly, is like taking a shortcut and walking through the back door."

"For example, it may be possible to go from the Dragon Vein Continent to the barren ancient ruins. If you go there normally, it will take decades or even hundreds of years to fly past.

"But with this secret space-time tunnel, I can go there as soon as I step."

"Now, I can find the space-time tunnel between me and those shadows."

"One step is the past, instead of flying dozens of miles or hundreds of miles."

"Of course I can't create the kind of space-time tunnel that can travel between two worlds, but I can create these space-time tunnels that span dozens of miles and hundreds of miles!"

To put it bluntly, this teleportation actually allows Chen Feng to see the space-time vortexes that exist in this void.

And, the passage behind the empty vortex at that time.

So that Chen Feng can teleport freely in it.

And the stronger the strength, the higher the level of cultivation, the larger the range that can be seen, and the more time and space vortexes can be seen!

Now, Chen Feng has completely understood all this.

Suddenly, Chen Feng thought of something and immediately began to experience himself.

After a while, he nodded: "Sure enough, I didn't expect it."

Chen Feng found that the amount of Shen Yuan in his body was indeed low.

However, it is not as written in the secret book of the first layer, using it once will consume ten divine essences.

Chen Feng found that he had only consumed three Dao.

He immediately knew what this was because of.

"Presumably, it is because of my gods whose quality is far better than that of other warriors."

"So, other warriors may need ten gods to use it once, but I only use three."

"My current number of gods can only teleport less than ten times!"

Chen Feng settled down, immediately concentrated, concentrated, and continued to practice.

After a while, Chen Feng's eyes opened suddenly, and the black, white and gray lines appeared in front of him again, and the world changed again.

Chen Feng looked at one of them.

In the next moment, his figure appeared nine miles away, on the hillside, in the shadow next to the bushes.

Chen Feng laughed and continued to practice.

Next, Chen Feng desperately practiced this shadow ghost step, and in this mirror valley, he was extremely swift and shuttled like a ghost.

And seeing this scene of his cultivation, everyone was extremely shocked.

Chu Ci said in a low voice: "His Royal Highness, you said that if Chen Feng has practiced this shadow ghost step, wherever there is a shadow, there is no place where he can go, then our master is better than him..."

When he said this, he didn't say more.

But Wu Linghan already understood what he meant.

Wu Linghan nodded slowly and said, "Yes, although Master has already stepped into the realm of the Five-Star Martial Emperor, facing this group of ghost-like steps, I'm afraid it is impossible to resist!"

The two of them looked at each other, and suddenly there was an indescribable fear in their hearts.

Flying, no matter how fast you fly, people will see the traces!

No matter how fast, there is always a chance to react.

But this, disappeared, suddenly appeared, really like a ghost!

Can't resist it at all!

They suddenly thought that if they face an opponent with such martial skills, even if their level is one or two higher than the opponent, then they will still be silently killed by the opponent!

Today, above the West Sea, there are dense black clouds and heavy rain.

Above the sea, the turbulent waves are too high.

The inner sect of the Xuanyuan family was also overcast and rainy, and the sky was heavy.

In the Valley of Mirrors, Chen Feng stood on the giant pine, his eyes deep, looking into the distance, thinking about what to do next.

"It's been a few days since I returned to the inner sect of the Xuanyuan family, and now it's time to move."

Chen Feng came back this time and gained a lot.

Not only did he break through the three-star Wudi, but also rescued the green screen Wuling, etc., this time to Sang Xingteng, the harvest was the most abundant.

Not only did he get a Seventh-Rank Golden Core, he also got this Taiqing Dragon Bud Furnace!

The level of this thing, I am afraid that it has surpassed the Celestial White Dragon Spear, it is very likely to be a fifth-grade magic weapon, or even higher!

"In the future, I don't have to worry about no alchemy! Haha!"

"And the most precious thing is to get the pill of that seventh-grade golden core!"

"After all, it is better to teach people how to fish than to teach people how to fish."

Chen Feng looked into the distance, his eyes deep.

He knew that he was about to regain his alchemy.

"Now, my realm has broken through to Samsung Wudi."

"Under the five-star Emperor Wu, there is no other opponent."

"But the five-star Wudi, I am not an opponent. After all, after reaching this high level, the difference in strength is too big for every level of improvement. It is like a world of difference."

"To deal with the Five-Star Emperor Wu, now I can only use the Celestial White Dragon Spear."

"But the cost of using the Celestial White Dragon Spear is really too great. My current power can only be used twice in its heyday."

Thinking of this, Chen Feng couldn't help covering his chest again.

Yesterday, he used the celestial white dragon spear again with a badly wounded body.

Although Sang Xingteng was cleaned up, his injuries were aggravated again.

Even with the power of the Immortal Vajra, it is impossible to raise it within a month or two.

"However, this has basically met my expectations."

"I originally planned to increase my strength to this level before Kong Sang Lunjian, and it has already been achieved."

#### [Chapter 3900: The way forward!](#)

"The strength of a warrior is nothing more than offense, defense, physical fitness, weapons, four aspects."

"Now, in terms of weapons, I have the Celestial White Dragon Spear. I don't want anything else."

"Shenfa, there are shadows and ghost steps. I am also very satisfied with this, and there is no need to think about other things."

"Defense, my King Kong Immortal Body makes my body more and more powerful, and the number of large bronze bones is increasing."

"Now with a punch, there are 36 billion jin of power, and the defense is much stronger than others. Then there is only one problem to be solved, and that is..."

He slowly let out a foul breath: "A martial skill used to attack!"

"This martial art must be of a more conventional kind. It cannot be said that one or two moves will have no power, but it can be used frequently."

"Otherwise, with my strength of 36 billion catties, it would be a pity that I just played out so stupidly without using martial arts to improve it."

Chen Feng next, the goal is to lock: to find a high enough level, powerful enough attack martial arts.

Chen Feng was not sure where to find this type of martial arts, but now he has already set a destination:

Chaohe Tianzi City!

Because he has to find another treasure at the same time.

And this kind of treasure, looking at the entire Dragon Vein Continent, has the greatest chance of finding it from Chaohe Tianzi City.

none of them!

Better than any sect!

"You are going to Chaohe Tianzi City and buy a Ruyi Boat?"

After listening to Chen Feng's words, Wu Linghan's face showed a strong expression of surprise: "Why are you buying that stuff?"

Chen Feng looked at the crowd and smiled and said, "Of course it is for your safety."

He looked at everyone and said: "This time, I realized that there is danger in any place except my side, and no place is safe."

"This Mirror Valley is my cultivation place, and it's still in the Xuanyuan family's inner sect, and there are people who have come to kill you."

"And Sang Xingteng is also an enemy I have never thought of. I never thought that he would come suddenly, which means that the enemy is simply unpredictable and unpredictable."

A look of fear appeared on Chen Feng's face: "This time, fortunately, Flawless has served me as a message. Fortunately, there is not enough time. I have rescued you."

"Otherwise, it might be..."

Chen Feng stopped talking, but the faces of Qing Mu and Wu Ling also showed deep fear.

"So, I don't care where I go from now on, I will bring you by my side."

Chen Feng smiled slightly.

"and....."

He looked at Mei Wuxia and said, "Aren't you going to the deserted ancient ruins, then it's definitely not enough to stay in this Xuanyuan family's inner sect."

"Next, you will rush with me. I will make your strength increase rapidly. When the time comes, you will have some capital to go to the deserted ruins."

Mei has no time to nod her head.

"so now....."

Chen Feng said softly: "We need a Ruyi boat, a Ruyi boat that is big enough, fast enough, and safe enough!"

"Next, we are going to Chaoge Tianzi City."

"Go to the emperor city, three things."

"First, Ruyizhou. Second, offensive martial arts. Third, the pill to increase vitality."

"When the martial arts are obtained, after the Ruyizhou gets it, he will take Wu Linghan and the others to the Gaoliang Mountain, and then go to Kongsang to participate in Kongsang Lunjian.

"After Kong Sang discussing the sword, I will go to the Soul Palace after getting the treasure that is enough to increase my strength!"

Chen Feng took a deep breath: "Save the senior sisters!"

This is Chen Feng's way forward!

The road ahead is long and dangerous, but this boy in white has never flinched!

"Besides..."

He sighed softly: "I still need to find some pills to replenish vitality!"

He looked down and looked at the reflection reflected in the lake.

He was still handsome, but his face had a little more wrinkles, and there was also a little more old meaning, and even his hair was a little gray.

"Although my strength has recovered, my vitality has not been supplemented yet!"

But before going to Chaoge Tianzi City, Chen Feng still had several important things to do.

Chen Feng first visited Bai Ruoxi at the Da Ri Jinjing Pavilion.

Bai Ruoxi was also very happy to see Chen Feng coming over.

This old man, who is already close to twilight, had a lot of feelings in his heart, but for Chen Feng and Hua Lengshuang, he was somewhat close to his own children.

Chen Feng chatted with him for a long time before leaving.

In the meantime, Chen Feng asked where Hua Lengshuang had gone, but Bai Ruoxi didn't know.

Chen Feng was a little surprised, and some faintly worried: "When I came back this time, I just knew what task Hua Lengshuang was going to do, but no one knew where to go and what the specific task was."

"Is it so mysterious?"

Chen Feng has asked the elders who specially issue tasks.

As a result, the other party couldn't explain clearly, only that it was an extremely mysterious mission that had been here for many years.

That mission is a box that no one has opened for many years.

Open the box, even if you accept the task.

But for thousands of years, no one can open it.

As a result, as soon as Hua Lengshuang accepted the task and opened the box, her figure was shrouded in a stream of light, and then she disappeared.

No one knows where he went or what mission.

When Chen Feng heard this, he was full of worries.

But he didn't show it, now he doesn't know anything, and he can only temporarily suppress his emotions.

After coming out of the Da Ri Jin Jing Pavilion, Chen Feng rushed to the deepest point of the Xuanyuan family's inner sect, where Xuanyuan Zixi had practiced.

There, now it has changed to a new owner: Xuanyuan Xiaoyue.

Of course, Xuanyuan Xiaoyue's rhetoric was for the seriously injured Xuanyuanzi Xi to protect the law, so naturally no one doubted it.

On the way, Chen Feng looked at the wooden hairpin in his hand.

Wooden hairpin is very simple, even rudimentary.

It's like a child made of branches.

This was when he went to find Hua Lengshuang, and Hua Lengshuang's master gave it to him, saying that Hua Lengshuang had stayed here specially and let it be handed over to Chen Feng.

This thing has been accompanied by Hua Lengshuang for more than 20 years.

Somehow, when Chen Feng looked at Muchai, the ominous premonition in his heart became more serious.

After a long time, he sighed and held Muchai into his arms.

Chen Feng's voice was soft, but extremely firm: "Leng Shuang, don't worry, no matter what danger you are, I, Chen Feng, will go through fire and water, and I will never give up!"

Here, above the clouds.

It's very simple.

There is only one futon, and everything else has been removed.

Xuanyuan Xiaoyue was closing his eyes and practicing, and when he felt Chen Feng's breath, he suddenly opened his eyes!

In an instant, Thunder masterpiece!

And as a thunderbolt crashed down, Chen Feng suddenly felt it.
