

Peerless 3921

[Chapter 3921: Floating horrible corpse!](#)

"it is good!"

Long Sun Gaoge gritted his teeth.

He was really miserable by Chen Feng.

After this episode, the auction continued, and many things were shot in succession. Chen Feng didn't care much about it, and he didn't make a single shot.

But he has been paying attention to Duanmu Hongyu and Changsun Gaoge.

He discovered that these two people bought three of the dozens of lots.

And of these three, one is a one-time magic weapon, with great power.

The other is an extraordinarily huge and hard ancient metal rope.

Chen Feng looked at it, thinking more and more in his heart.

He vaguely seemed to have caught some clue.

He is not very interested in these lots.

But suddenly, when the twenty-fifth lot was photographed, Chen Feng's eyes lit up.

This twenty-fifth lot is a thin brochure.

The surface has turned yellow, revealing an ancient meaning. Obviously, I don't know how old it is.

What caught Chen Feng's most attention was that there was a breath of breath from it.

He was quite familiar with this breath, and it turned out to be the breath of ancient ruins.

"Is it something that flows out of a desolate ancient ruin?"

Chen Feng raised his eyebrows: "That should be a look."

However, Chen Feng would naturally not make a move.

He had already arranged himself in the auction room. Therefore, after some bidding, this thing was successfully bought and soon delivered to Chen Feng's desk.

Duanmu Hongyu and Changsun Gaoge didn't know that this was what Chen Feng wanted, so naturally they didn't make a move.*novelupdates.com*

Chen Feng looked down at the yellowed book in his hand. The cover of the book had two crooked texts. These two crooked texts crawled like dragons and snakes, but in the ancient vicissitudes of life there was a bit of indescribable weirdness.

This text, if it is an ordinary person, I really don't recognize it.

However, Chen Feng has had the experience of traveling through deserted ancient ruins.

And he recognized that this text was a kind of text that was once widely circulated in the barren ruins, but later lost as the world of barren ruins collapsed.

The two words are surprisingly: The Wizard!

"Xianzong? What does it mean? Is it related to the trail of the fairy?"

Thinking of this, Chen Feng's heart suddenly scorched.

After opening the book, Chen Feng's expression suddenly became very strange.

It turned out that this book seemed to be about a finger thick, and all the pages in it were torn off and all missing.

Chen Feng looked at it and couldn't help but look very strange.

"I have sold so many things in this auction house, bought so many things, and picked up so many leaks. Is it possible that someone put one out today?"

"There is obviously nothing in this book!"

Chen Feng couldn't help smiling wryly, and didn't get angry.

At this moment, his eyes lit up suddenly.

It turned out that when he turned to the end, he found that there was not nothing in the book, but a letter.

A letter!

Chen Feng shook the letter paper open, and it was densely packed with more than a hundred words written on it. It was a short text, and it was also written in the kind of ancient ruins.

When Chen Feng saw it, he saw blood stains on it, dark red, shocking!

Obviously, this was written before he died!

Chen Feng didn't hold any hope at all, but looked down curiously.

But when he saw it, his expression immediately became solemn.

Then, it was no longer solemn, but a shock!

It turns out that the content of this letter, as expected by Chen Feng, is related to the traces of immortals that have appeared repeatedly on the Dragon Vein Continent.

It turned out that the recipient of this letter, as well as the person who wrote it, both had traveled among the deserted ancient ruins.

Therefore, the two agreed that all letters should be written in such desolate ruins.

In this case, it is also possible to prevent the secret from being known by others.

Both of these are two strong men who survived 90,000 years ago, and their strength is not low.

At least when the letter was written, the strength of the person who wrote the letter had reached the peak of the five-star Emperor Wu, and the strength of the person who received the letter was also in the middle of the five-star Emperor Wudi.

Both of them are considered first-class powerhouses on the Dragon Vessel Continent, but their interests are not in fighting for power, so that on the Dragon Vessel Continent, there are not many people who know that they are both famous.

The two of them are most interested in the traces of immortals that have often appeared on the Dragon Vessel Continent during the past millions to hundreds of thousands of years.

The two got acquainted.

Even, in order to find the trace of the fairy, they spent decades in the deserted ancient ruins, and the two of them have gained a lot!

The person who wrote the letter, before writing this letter, had obtained a series of clues about the traces of the immortals, re-entered the depths of the deserted ancient ruins, and went to search.

Seeing what appeared above, Chen Feng seemed to fall into that thrilling night 90,000 years ago.

The place name that appeared above also made him nod slowly.

He has heard of many place names.

The writer, in the deserted ancient ruins, followed the clue all the way down, and finally stepped into a secret realm!

And in that secret realm, there was a huge one floating unexpectedly!

Seeing this, Chen Feng's eyes exploded with a radiant brilliance, and his voice was trembling: "There is a floating in the void that has not decayed for thousands of years! Huge! God's corpse!"

God corpse!

The corpse of a god-level powerhouse!

Seeing this, Chen Feng's heart trembled fiercely, and in an instant, he was extremely excited!

God's corpse, this is not a vain finger!

God!

It may be the Valkyrie, or it may be a stronger one surpassing the Valkyrie!

But definitely not weaker than Valkyrie!

The Martial God Mirror is far beyond the peak of the Nine Star Martial Emperor!

The entire Dragon Vein Continent, and now, there is not even a Martial God!

Not to mention the Valkyrie, even Chen Feng has never heard of the nine-star Wudi who can match the Valkyrie!

Like the master of the nine powers, Xuanyuan Zixi's level powerhouse, he just had the opportunity to break through and enter the Seven-Star Martial Emperor!

Any existence that can be regarded as a god, at least at the level of the ancient Thor!

God, this is a corpse!

Among the ancient Thor's weapons, a spare warhammer with countdown power and fragments can give Chen Feng a qualitative increase in strength!

It is hard to imagine how much benefit this ancient **** corpse can bring to Chen Feng!

This means infinite benefits, infinite treasures, and even... the possibility of breaking the limit in the future!

The value of a corpse is inestimable! It can even be said that all the treasures of the nine powers, all the backgrounds, and the treasures for hundreds of thousands of years are not as precious as this **** corpse!

After calming the excitement, Chen Feng continued to look down.

[Chapter 3922: This thing is absolutely extraordinary!](#)

After reading it, he was completely stunned and fell into a trance.

After a while, he exhaled a suffocating breath, and felt a little bored in his heart.

It turned out that the person who wrote the letter was ecstatic after entering the secret realm.

But I didn't expect that another group of people were also looking for this treasure.

He was besieged by the crowd, outnumbered, and about to die.

This person is also a ruthless character, he used his own trick to press the bottom of the box directly, using his own cultivation as a flame and his own vitality as a firewood, and he made a decisive blow!

This blow killed all enemies.

At the same time, the secret realm was completely re-sealed!

People outside cannot get in, and he is trapped inside, unable to get out.

He took advantage of the breath still left, wrote this letter and passed it to his old friends, lest this very important message would be annihilated in time.

And the address of the secret realm is at the end of the letter.

Seeing this, Chen Feng sighed softly and sighed.

"Sure enough, it's correct as I guessed before, but the mysterious yellow reincarnation order is related to the traces of the immortals that once appeared and then disappeared, and the traces of the immortals must involve extremely deep secrets and great benefits!"

"These two seniors only searched for their own interests, but the people they met were only looking for some great interests!"

"It can be seen that the stakes are definitely not trivial!"

Chen Feng thought about it for a long time before opening the letter and continuing to read it.

The last few lines are already very scribbled and covered by dark brown blood stains.

Obviously, the senior who wrote the letter was already about to die, and hurriedly wrote down this last secret.

Chen Feng kept the specific location in mind.

After that, I read the letter over and over again, and saw that there was no other content, so I gave up.

Chen Feng looked thoughtful.

Although the original intention of the writer was not to annihilate this message, according to Chen Feng's inference, this letter never reached his old friends in all likelihood.

Moreover, even if it arrives, I am afraid that there will be no more text.

Later, his old friend may also die.

This letter was also lost in time.

If not, such a big news cannot be kept silent.

Chen Feng placed this letter on the desk.

Then, respectfully clasped his fists and saluted, and said in a deep voice: "Two, I, Chen Feng, salute today. I don't respect your cultivation, but only respect your persistence and persistence!"

"Even more to you, waiting for future generations for me, leaving infinite possibilities!"

Chen Feng stood up straight and sighed softly.

"Since this secret realm has not been opened since then, since this letter is a coincidence, it has fallen into my hands!"

"So!"

Between Chen Feng's eyebrows and his eyebrows, there is boundless pride brewing: "Just let me open it up by myself!"

"Let me explore this ultimate secret!"

Then, a sharp color flashed in his eyes suddenly, his hands were put together, and with a snap, the suicide note was crushed to pieces!

"Now, I have neither the strength nor the qualifications, nor enough information to go there, so don't think about it at all!"

"I know it in my heart, but there is no need for this thing to stay!"

Chen Feng buried this matter in his heart, and then turned his attention to the auction house in front of him.

At this time, the auction items have changed a few times.

The atmosphere in the auction room is also quite warm, but now the thing being bid on on the stage is a spear.

This spear is about four meters long and its shape is quite ancient.

The tip of the spear is about one and a half meters long, and under the tip of the spear is inlaid with a gem the size of a fist.

The jewel, the halo flowing, the whole body was fiery red, and there seemed to be clouds lingering around it, and there was an incomparably bright red light shining through.

At this time, the temperature in the entire auction hall was much higher than before, making people feel very hot, and even felt like being in the stove.

And all of this originated from the fiery red gem on the spear.

Obviously, this is an extremely rare and high-grade flame gem.

It is estimated that most of the value of this spear is above this flame gem.

Chen Feng also read the introduction and knew that it was a first-class magic weapon.

"Is it a first-class magic weapon? It's not bad."

Chen Feng glanced, but didn't take it seriously.

For him now, the first-grade magic weapon would not be taken seriously.

Chen Feng leaned back lazily, planning to wait for the appearance of the final lot.

He is also looking forward to the price of this final lot!

This directly determines what level of Ruyi Boat Chen Feng can buy next!

However, at this moment, Chen Feng's eyes suddenly condensed, staring straight at the huge ruby.

At this moment, Chen Feng actually felt an extremely vast force of space and time in this flame gem.

"How can there be such a mighty power?"

"This kind of power is exactly the same as when I traveled through time and space!"

"When I felt the power just now, it was like when I was using the shadow ghost walk!"

"this means....."

Chen Feng's heart trembled suddenly.

The next moment, ecstasy was in my heart: "This shows that the ruby on this weapon is just a representation!"

"Among that ruby, there is definitely a treasure related to the power of time and space sealed!"

"Moreover, the level of this treasure is definitely not low."

Chen Feng swept his eyes around the auction house, and he basically saw everyone's expressions in their eyes.

In the auction room, most people lack interest.

Many people are even yawning, they are a little sleepy, only a few people are shining in their eyes, ready to fight.

Obviously, most warriors are not interested in this treasure.

In the eyes of others, it is just an ordinary lot at this big auction.

There is no difference from dozens of other lots.

However, only Chen Feng knew that this might be the biggest legacy of this auction!

The most precious item!

As for Changsun Gao and Duanmu Hongyu, they didn't even look at the long spear, which was obviously out of interest.

Chen Feng suddenly smiled at this moment and looked at Mei Wuxia and said, "Wuxia, you said, if I want to buy this treasure at this time, they..."

He pointed at Changsun Gao and Duanmu Hongyu: "How would you react?"

Mei Wuxia was taken aback for a moment.

But after all, she was also a very intelligent person, and immediately thought, I was afraid that there was a mystery in that spear.

[Chapter 3923: Chen Feng, but so!](#)

She smiled humorously: "Brother Chen Feng, if you want to buy it, they naturally know that this item is extraordinary, and most of it will also be offered."

"But, Brother Chen Feng, you don't have to make a move at all. You can let others make a purchase without attracting their attention."

Chen Feng laughed: "What I want is to get their attention!"

The smile on the corner of his mouth gradually became cold:

"The eldest Sun Gao and Duanmu Hongyu, although I was slapped in the face, but I think it is not enough!"

"Now, I have to beat them in the face again!"

Mei Wuxia giggled: "I understand!"

Chen Feng laughed.

At this time, the bidding for this first-grade magic weapon has begun.

The starting price is only 100 million Dragon Blood Amethyst.

Chen Feng estimated that the final transaction price would not exceed 350 million Dragon Blood Amethyst.

The price of each increase is not less than 10 million Dragon Blood Amethyst.

At this time, there were already several people bidding, and the price was only 150 million Dragon Blood Amethyst.

At this moment, the gate of Chen Feng's pavilion suddenly opened.

Then, a clear voice came: "200 million dragon blood amethyst!"

It is Chen Feng's voice!

And as soon as this voice sounded, in an instant, everyone in the entire auction floor was in an uproar.

They naturally heard Chen Feng's voice, and all of them were suddenly surprised: "What's the situation?"

"Yeah, why did Chen Feng suddenly raise the price and increase it from 150 million to 200 million?"

"Is it possible that this spear has another source?"

"No matter how I look at it, I think this is an ordinary first-grade magic weapon!"

"I really don't know why Chen Feng suddenly exported this item?"

In the eyes of people at their level, this first-grade magic weapon is no longer particularly precious.

So everyone guessed.

At this time, Duanmu Hongyu and Changsun Gaoe looked at each other.

Long Sun Gaoe lowered his voice and said, "Chen Feng, this person, has never been aimless."

"Since he speaks, then there must be something mysterious in this first-grade magic weapon!"

"Yes!"

A smug flashed across Duanmu Hongyu's mouth, and said with a sneer: "Didn't Chen Feng deliberately be against us just now? Didn't you let your cousin not come to stage?"

"Now, the opportunity is here!"

"Exactly!"

The grandson Gaoge laughed loudly: "No matter what mystery is in it, anyway, what Chen Feng wants, we must not let him get it!"

After that, he got up and said loudly: "210 million dragon blood amethyst!"

He was always paying attention to Chen Feng's expression when he quoted.

And he saw that the moment Chen Feng heard his quotation, his face immediately sank and became ugly.

Suddenly, the grandson Gaoge was even more proud.

In his opinion, he had already hit Chen Feng's pain point this time.

Long Sun Gaoge laughed triumphantly: "Chen Feng, hahaha, Feng Shui takes turns!"

"Just now you kept raising the price with me, which made me spend so much dragon blood amethyst to get the treasure in my hands!"

"Now, your turn is unlucky!"

After he quoted the price, Chen Feng immediately turned pale and coldly quoted a price: "230 million dragon blood amethyst!"

Seeing this scene, Duanmu Hongyu and Changsun Gaoge were completely relieved.

"Haha, Chen Feng definitely wants this thing!"

"It's time for revenge!"

Without hesitation, he also quoted the price: "240 million dragon blood amethyst!"

Chen Feng brushed his sleeves, turned around and walked into the pavilion, only a cold voice came over: "250 million dragon blood amethyst!"

Obviously, he was really angry.

Of course, Chen Feng's so-called anger is only in the eyes of others.

In fact, as soon as he entered the pavilion, the corner of his mouth raised a chuckle, looked at Mei Wuxia, and said in a low voice, "Wait for a good show!"

Mei Wuxia smiled slightly.

But at this time, everyone in the auction room was excited.

"There is a good show to watch!"

"Yes, just now Chen Feng deliberately raised the price with Duanmu Hongyu, but now Duanmu Hongyu is blocking Chen Feng's way again! Today's auction is really exciting!"

"It seems that Chen Feng really wants this treasure, but Duanmu Hongyu will definitely not let him do it!"

Next, the battle for this first-grade magic weapon became a matter of Chen Feng and Changsun Gaoge.

The two kept quoting, you competed and the price continued to rise.

In fact, Chen Feng would not bid for what he really wanted.

There are too many people staring at her in this auction hall.

If he makes a move, Changsun Gaoge and Duanmu Hongyu will inevitably raise the price, and even some enemies can guess his way through the things he bought.

Therefore, Chen Feng would not export the price by himself, but this thing is different.

"The fish is hooked!"

Looking at the proud grandson Gaoge, Chen Feng showed a smile on his mouth: "Longsun Gaoge, Duanmu Hongyu, aren't you trying to slap me in the face? Are you trying to make me face sweeping?"

"Okay, I give you this opportunity!"

Although Chen Feng's face was not visible, everyone could hear the sound of smashing things in the pavilion where Chen Feng was.

Obviously, Chen Feng was already furious.

Suddenly, Chen Feng walked out, his face pale, staring at the grandson Gaoge.

Long Sun Gaoge was even more proud to see this scene.

He looked at Chen Feng and said with a haha: "Chen Feng, I just tell you clearly now!"

"I will raise the price with you for this thing!"

"I tell you!"

He lit Chen Feng with his hand, arrogant and domineering to the extreme: "Now, this thing, I originally wanted it!"

"But now, even if I don't want it, I have to pay you a very high price!"

"I want to see how many dragon blood amethysts you can bring out! Hahaha..."

On the side, Duanmu Hongyu's face showed a touch of disdain.

Looking at Chen Feng, he looked down a bit in his eyes.

"Is Chen Feng? I have long heard of your prestige and that you are extremely talented!"

"Although he is young, he is strong, and the city is extremely deep, now it seems..."

He chuckled, his voice decisively, as if making a ruling: "That's all!"

Chen Feng looked at him with a faint expression, but did not speak.

When Duanmu Hongyu saw Chen Feng doing this, he thought that Chen Feng acquiesced that he had nothing to say, and his expression was even more proud.

He shook his sleeves and made a handsome and romantic appearance, and smiled lazily: "If I were you, since I want this thing so much, I will definitely not show it so obviously."

"Either let others ask for a price, or just act as if there is no interest at all!"

"Like you, everyone knows that you are determined to get this thing, so..."

[Chapter 3924: Who on earth is it, embarrassing!](#)

There was a sneer at the corner of his mouth: "But don't blame us for raising the price?"

The eldest grandson Gaoge laughed loudly: "The cousin said the most reasonable, that's the situation."

He looked at Chen Feng with a joking expression on his face.

In his opinion, he was finally able to win a city this time.

At this time, everyone in the auction room was also talking about it.

"Chen Feng's performance is indeed a bit misleading!"

"Yes, it is said that he has a deep mind in the city palace, and he acts aggressively and domineeringly, but he didn't expect to be a hairy boy who is not deep in the city palace!"

"Yes, I exposed my purpose so easily, let the other party catch the weakness, and desperately raise the price!"

"To be honest, I won't be so reckless if I change this kind of thing."

Everyone talked a lot, looking at Chen Feng, they all doubted his mind.

There was a bit of scrutiny in their eyes, and they obviously felt that Chen Feng was not worthy of the truth, but so!

As for Yan Yun's heart and Lu Yutang who were hiding in the dark, both their faces were worried.

They also felt that Chen Feng's performance today was too eager, for fear of bleeding.

Yan Yunxin regretted it secretly: "I knew it, I should first reveal to Brother Chen Feng what I was selling today!"

"If he is interested, this item will not appear in the auction directly. I can give it to him directly!"

Lu Yutang seemed to know what he was thinking, and said with a wry smile: "Miss, you must not blame yourself."

"After all, this is just a first-class magic weapon, no one thought that Brother Chen Feng would be attracted to it!"

Yan Jun could only nodded with a wry smile.

At this time, facing the words of everyone, Chen Feng calmed down instead.

He lazily leaned against the door of the pavilion, but his expression was faint, without even looking at them.

He just looked lazily at the grandson Gaoe and said, "Is there any increase in the price?"

The reactions of Changsun Gaoe and Duanmu Hongyu were all within his expectations.

At this time, Chen Feng didn't take such words to heart. Instead, there was a sneer in his heart: "Go on, go on, what I want is your response, what I want is that you keep increasing prices!"

"I want to see how much your face will be swollen in the end!"

The grandson Gaoe gritted his teeth and grinned: "Add, of course!"

"I will add it today until your bankruptcy!"

At this time, Duanmu Hongyu next to him, even more disdainfully mocked:

"Everyone can see that you are already in chaos at this time, but you are still hard-fixing here!"

"Chen Feng, you really made me look down on you!"

Obviously, he thought he had seen everything about Chen Feng, and thought that Chen Feng was just trying to save face.

At this time, the price of this flame spear had reached 550 million Dragon Blood Amethyst!

This is an uncompromising price!

Soon, the price has reached a full 1.5 billion Dragon Blood Amethyst!

The sky-high price of 1.5 billion Dragon Blood Amethyst!

Everyone was in an uproar!

Looking at the eyes of Chen Feng and Changsun Gaoe was like looking at a madman.

Yan Yunxin and Lu Yutang, who were in the dark at this time, had their faces depressed.

Yan Yun still regretted in her heart.

She looked at Chen Feng with concern in her eyes.

On the contrary, it was Chen Feng. At this time, facing everyone's discussion, facing everyone's strange eyes, facing the mocking and contemptuous expressions of Changsun Gaoe and Duanmu Hongyu, his expression was still extremely indifferent.

Just as if, everything was not taken care of by him.

It seemed to have a clear mind and other plans.

Duanmu Hongyu winked at Longsun Gaoe at this time.

The eldest grandson Gaoe understood, he laughed and said, "Chen Feng, I won't increase the price!"

His triumphant laughter resounded in this auction hall: "It took a whole 1.5 billion Dragon Blood Amethyst to buy such a waste, which is worth only 300 million Dragon Blood Amethyst at most!"

"You Chen Feng really are so shrewd, so scheming, and a good city mansion!"

"Chen Feng, you are really blind!"

He let out a loud laughter.

In his opinion, this time he slapped Chen Feng fiercely, which can be said to have greatly restored the face he lost before!

Duanmu Hongyu also folded his hands and smiled and said, "Congratulations, congratulations, Master Chen Feng, for getting this first-grade magic weapon."

"Young Master Chen is really talented, strong, and Scheming City Mansion deep!"

"I admire it!"

Although he said such words in his mouth, the irony and disdain in the words can be seen by everyone!

There was also a low laughter in the big auction.

"Chen Feng is planted today."

"Yes, he has always acted fiercely and has never suffered a loss, but this time he has been very planted."

"The eldest grandson Gao Ge was so miserable by Chen Feng before, but today he has recovered a city!"

"Today, the grandson Gao Ge said that Chen Feng was blinded by the dog's eyes, but he did not make a mistake. He spent more than five times the price to buy such a thing!"

"Chen Feng really lost his face!"

"This time, Chen Feng's face is lost!"

Duanmu Hongyu smiled and said, "Chen Feng, what I said, I will make you faceless!"

He stared at Chen Feng with a joking smile at the corner of his mouth: "Chen Feng, starting today, you will become a laughingstock in Chaoge Tianzi City!"

When he said this, everyone was in an uproar.

"Duanmu Hongyu really didn't brag!"

"Just now I thought that Duanmu Hongyu was talking empty words, but now it seems that he really has this strength. Chen Feng is over today, and he is really discredited and turned into a laughing stock in Tianzi City!"

"Oh?"

Chen Feng glanced at Duanmu Hongyu and smiled faintly: "That's not necessarily!"

Duanmu Hongyu sneered: "You still have a hardened mouth when things are up to this day?"

Chen Feng smiled and said, "Do you dare to make a bet?"

Duanmu Hongyu was about to respond without hesitation, when he suddenly saw Chen Feng's smile on his chest, his heart suddenly burst.

He suddenly thought of the painful lesson before, and immediately couldn't say what he said.

Chen Feng looked at him, smiled indifferently, his brows were full of disdain.

Although he didn't say a word, just like that, Duanmu Hongyu was even more annoyed.

He gritted his teeth and sneered fiercely: "Chen Feng, I really admire your face, you are so embarrassed today, it's still nothing!"

Long Sun Gao also laughed and said, "Chen Feng, if I were you, I would have no face to stay here now!"

Chen Feng ignored him, just looked at the white robe auctioneer.

At this time, the white robe auctioneer had dropped the hammer and said loudly, "This treasure has already belonged to Master Chen Feng!"

Chen Feng nodded slowly and beckoned.

Suddenly, the flame spear came into his hands.

Chen Feng raised the flame spear high, and suddenly faced everyone, with a long smile resounding in the big auction house: "Now, let you see, today, who is the shame!"

[Chapter 3925: The treasure of horror!](#)

Everyone was stunned.

And everyone's eyes fell on the flame spear!

At the next moment, Chen Feng squeezed his right hand and snapped, and the gem on the flame spear shattered directly!

Everyone exclaimed: "What is Chen Feng doing?"

Then, a misty emerald green light suddenly flew out of the huge jewel that had been broken.

This huge flame gem that has been broken is red all over and contains a huge fire attribute power inside.

After the explosion, the temperature in the auction hall seemed to rise several degrees.

But the emerald green light that floated out of it contained an indescribable breath of life.

After this breath dissipated, people felt that their breathing was much smoother, as if their strength was increasing.

Obviously, there is an extremely strong spirit wood attribute power inside.

Everyone exclaimed: "In this extremely hot fire attribute power, a treasure with such a strong wood attribute aura has been bred!"

Someone exclaimed: "Firewood was originally against each other, but in this powerful gemstone of fire attribute, a spirit treasure of wood attribute was deliberately placed as a means of nurturing, it is truly wonderful!"

"Moreover, this wood-attribute treasure bred like this is definitely not trivial!"

Everyone looked forward to the extremely clear green aura.

And the green aura rises in the air, getting higher and higher, and bigger and bigger.

In the end, it turned into a series of green light clusters hundreds of meters in size.

Suddenly, with a bang, the ball of light exploded directly, and then revealed the true face of the treasure inside.

Inside, it was a ship!

A ship hanging in the air!

The whole body is emerald green, with cracks and even the texture of some tree scars.

Even above the hull, there are several oblique branches growing out, with emerald green branches and leaves, full of vitality.

It feels like this ship is a single piece of tree sculpture!

There are ships in the Longmai Continent, and there are many big ships.

There are even tens of thousands of meters long, and there are huge ones like mountains.

This ship is not that big compared to it.

It's no more than a hundred meters long, but the aura displayed on it makes everyone dare not ignore it.

This breath is extremely terrifying!

The misty emerald green light, although it looks like the new green after the rain, is truly gratifying, but the momentum on it is terrifying.

When the head is depressed, many people are even excited, and they almost feel like vomiting blood!

This momentum seems to shatter the mountains and fill the rivers and seas!

Everyone exclaimed: "What kind of treasure is this, it's still so far away from us, and it's not deliberately suppressed, just floating there, can it shock me and other Martial Emperor realm experts to vomit blood?"

After Changsun Gao and Duanmu Hongyu saw this existence, the triumphant smiles on their faces had not yet dissipated, but they were frozen there.

The two yelled in disbelief: "How is it possible?" **noVELus8.COM**

"How is this possible?"

"It turned out to be... Ruyizhou!"

The two of them looked dull, but the three words they shouted made everyone hear clearly!

"What? A wishful boat? This turned out to be a wishful boat?"

Someone yelled in disbelief.

Everyone's faces showed horror: "Ruyizhou? It really is Ruyizhou?"

"This is the legendary treasure, Ruyizhou, a treasure that can be cultivated calmly, with a swift speed for thousands of miles, and a quiet inside?"

"It can only be this kind of magic weapon to exude such a tyrannical aura like a mountain shattering!"

Everyone showed horror.

Most of the people present here are all experts in the Wudi realm.

But most of them have only heard of Ruyizhou, but they have never seen it.

For a while, the hall fell into silence.

Everyone stared blankly at the huge wishful boat floating above their heads!

And their eyes are extremely hot.

Although few of you have seen Ruyizhou, almost everyone has heard of Ruyizhou.

Moreover, he is very familiar with the name of this Ruyizhou.

They all want to own a Wishful Boat in their dreams!

Because for Wudi realm martial artists, it takes a lot of resources!

The resources in one place are simply not enough for them to use.

Therefore, they are all traveling and searching everywhere on the Dragon Vein Continent.

It is also extremely painful to travel long distances.

With the Ruyizhou, not only the speed can be increased a lot, but within a few seconds, you can also use the time on it to practice.

For these martial emperor realm powerhouses traveling around, Ruyizhou is not just a car at all, but a cave mansion, a sufficiently safe home!

On the Ruyi Boat, there are various powerful spirit gathering formations, and the spiritual energy inside is extremely strong for cultivation.

Even, its practice effect is no less than the secret forbidden area of some families!

For the tens of thousands of people in this field, they all dream of owning a wishful boat!

Finally, after a while, someone exclaimed in a groaning tone:

"This wishful boat is a hundred meters long, with five floors of pavilions, and a height of more than 30 meters. I'm afraid it can accommodate more than a hundred people!"

His companion next to him was trembling: "Why, how can there be such a huge Ruyizhou!"

Someone beside him stammered and asked: "Dare to ask this Xiongtai, is this such a big Ruyi boat very rare?"

The person who had just spoken glanced at him with disdain: "How ignorant you are, have you seen such a big Ruyi boat?"

The man smiled and said: "I have never seen it before, and I have never heard of it."

"Then it's over?"

A middle-aged man in a black robe next to him laughed and said, "You guy, do you know how precious the materials for making Ruyi boats are?"

"My house is the business association, and I might as well tell you that the Ruyi Boat can withstand the powerful nine-day wind without being deformed, it can also make the interior warm like spring, and it can withstand powerful attacks. This material, Dragon Vein Continent Not much."

He sighed and said, "Back then, my chamber of commerce was regarded as a treasure when I got a big hand!"

The person who asked the question before asked: "What can you do with a big hand?"

"There are so many things to do!"

The middle-aged man in the black robe glared at him and said loudly, "If you refine a weapon, you can at least produce a second-tier magic weapon!"

"Smearing on the armor can at least make this armor withstand the full blow of the Samsung Wudi!"

Everyone was even more amazed.

A piece of material the size of a palm can be used as the treasure of the town meeting, how precious is such a huge wishful boat!

[Chapter 3926: Falling Snow Class Ruyi Boat!](#)

"With such a huge Ruyi boat, there are not many on the entire Dragon Vein Continent!"

The speaker was an old man with gray hair and beard, thin body and shabby clothes.

This person is the old man who came to Chaoge Tianzi City when he heard the news of Chen Feng.

After hearing what he said, everyone was even more shocked.

They knew that the wishful boat was very precious, but they didn't expect the wishful boat that appeared at this time to be so precious!

There aren't even a few ships in the entire Dragon Vein Continent?

At this time, a young man not far from the old man said loudly: "Dare to ask Mr. Zhuang, I don't know if this Ruyizhou is worth buying?"

The old Zhuang glanced at him disgustingly, and said with a cold snort, "This kind of thing is priceless!"

"In a sect, it is the car when the head of the sect is out, and it is also a magic weapon for their daily sacrifices!"

"It's a sign of identity, so precious, where can you buy it casually?"

The young man knew that he had nothing to say, he hurriedly said with a smile, "Old Zhuang misunderstood, the kid dare not say that."

"The kid is just assuming, if you have to sell, how much is this thing worth?"

Elder Zhuang stroked his beard, pondered for a moment, and said, "If the young man is not dim-eyed yet, then this should be a Luoxue-class wishful boat!"

"Luxue-level Ruyi Boat?"

When everyone heard it, they were a little ignorant, not knowing what this was.

This old man sighed slightly, his eyes a little triumphant.

Facing everyone, he said solemnly: "Everyone, I don't know anything!"

"This Ruyizhou is roughly divided into five levels according to its size and ability!"

"They are the first level, but also the lowest level: Shuiyun!"

"Level 2: Shuanghua!"

"Level Three: Luoxue!"

"Level 4: Chiri!"

"Level 5: Haotian!"

"Generally..."

He said in a deep voice: "The sect master, his car is only the second level, Shuanghua!"

"And Chen Feng's wishful boat has reached the level of third-level snowfall!"

"Such a big Ruyizhou, I am afraid that among the nine major forces, no sect leader has ever owned it!"

"As far as I know, the car of the Eastern Wilderness Winner Sect Master is only sixty meters long, with a three-story pavilion built on it, a big circle smaller than this!"

"And this treasure, it is said that when the Eastern Wilderness winner bought it, it was 6.6 billion dragon blood amethyst!"

Everyone was in an uproar!

"The Ruyi Boat, which is less than 60 meters long and has a three-story pavilion, has a price of 6.6 billion dragon blood amethysts?"

"Then Chen Feng, this huge Ruyi boat with a length of more than 100 meters and a five-story pavilion would cost at least tens of billions of Dragon Blood Amethyst?"

"Yeah, I'm afraid I have reached this terrifying level!"

"The Ruyi Boat is so expensive and so precious! This Chen Feng is simply too enviable. It is powerful, handsome in appearance, and talented, and even owns such a Ruyi Boat!"

A middle-aged monk was obsessed with his eyes and murmured: "I don't envy any of his other things, I envy her this wishful boat!"

The warrior beside him also laughed loudly: "Coincidentally, brother, I think so too."

It turns out that there are a large number of high-level warriors who are extremely obsessed with this kind of Ruyizhou as a status symbol of warriors.

Even Chen Feng himself raised his brows.

He knew that Ruyi Boats were extremely rare, like the Xuanyuan Family's Inner Sect, but in fact, there were few Ruyi Boats available.

Probably only Xuanyuan Xiaoyue, Xuanyuan Zixi and a few senior elders possessed the Ruyizhou.

But he still did not expect that this wishful boat could be so precious!

Especially this one, the price is so high!

Someone jokingly asked: "This treasure is roughly equivalent to how many geniuses?"

Old Monster Zhuang pondered for a moment, then slowly said: "This thing is analogous to a magic weapon, it's not easy to say."

"But if you insist on saying it, then its level is at least equal to or higher than the Fifth Grade God Soldier!"

Everyone gasped again!

Fifth rank magic weapon!

Who could have imagined that there is actually a fifth-grade magic weapon hidden in this mere first-grade magic weapon?*novelusb.com*

"This Chen Feng, luck is also too good! I thought that I took a first-grade magic weapon, but I didn't expect that there was a fifth-grade magic weapon hidden inside?" someone said loudly.

His face is full of envy!

Several people nearby sneered disdainfully.

One of them squinted at him and said coldly, "Do you think Chen Feng is lucky? Are you stupid?"

"If Chen Feng didn't see the treasure hidden inside, would he buy it at such a high price?"

"Yes!"

The person next to him said in an interface: "He just saw that there is a treasure inside, so he bought it at any cost!"

"Chen Feng is not lucky at all, but the wise eyes to see the truth, he has already seen through the truth and fiction!"

"Yes, yes!"

Everyone nodded and looked at Chen Feng, with admiration and admiration in their eyes.

At this moment they just came to a sudden!

"It turns out that Chen Feng has long known that there are treasures in it, so he bid so desperately!"

"Hey, we thought Chen Feng was mad just now, but we didn't expect that people are really confident and know the truth!"

"We are the ones who are mad!"

"Yeah, when I compare with Chen Feng, it's a bunch of idiots who are still questioning him? Really ridiculous!"

Many people who mocked Chen Feng just now were all ashamed.

They looked at Chen Feng's gaze, more in awe.

If Chen Feng is strong and talented, and just let them take it orally, then at this time, he is already convinced!

After being said by these people, the one who said Chen Feng was lucky, his face flushed with shame, his head was down, and he couldn't say a word.

At this moment, someone next to him laughed and said, "This Xiongtai, you are not alone in this auction hall."

"I'm afraid that Changsun Gaoge and Duanmu Hongyu think so too!"

After saying this, everyone was taken aback for a moment, and then all laughed, turning their eyes to Changsun Gaoge and Duanmu Hongyu.

At this time, Changsun Gaoge and Duanmu Hongyu were completely stupid standing there.

In fact, when Chen Feng crushed the ruby to pieces and released the Wishful Boat, he was already shocked and silent.

The two of them, with profound family learning and quite noble backgrounds, naturally recognized this Ruyizhou.

Even more, I know how terrifying and precious such a Ruyi boat is!

Therefore, the shock they received was far greater than the others!

Regarding the honorable identities of the grandson Gaoe and Duanmu Hongyu, and their distinguished origins, although both of them have a wishful boat, they are only 20 meters long.

[Chapter 3927: To vomit blood!](#)

Compared with Chen Feng's, it's nothing more than rice grains and pearls competing for glory!

Of course, at this time they no longer care about this.

Because at this time, everyone's eyes are on their two faces.

Suddenly, they realized their situation.

Everyone looked at Changsun Gaoe and Duanmu Hongyu, and they all laughed.

"This grandson Gaoe and Duanmu Hongyu are really ridiculous!"

"Yeah, they thought they had driven up the price and made Chen Feng pay so much more. As everyone knows, Chen Feng doesn't care at all."

"The two of them are so short-sighted that they can't be compared with Chen Feng at all!"

"Yes, they and Chen Feng are not even on the same level at all, and they consider different things!"

"Haha, they thought Chen Feng was losing a lot, but they didn't know that Chen Feng was making a lot of money."

Duanmu Hongyu's face was extremely ugly.

The mocking words around me kept coming.

And what made him hate the most was the sentence: "He and Chen Feng are not on the same level!"

He has a high regard for himself, thinking that he is much better than Chen Feng.

But now, in the eyes of others, he and Chen Feng are not at the same level at all, how can this not make him extremely angry?

And he was just resentful, and the grandson Gaoe had his face swelled like pig liver, standing there, trembling all over.

What everyone said, like slap after slap, slammed his face fiercely, slapped his face.

He knew that he had lost his adult today!

Chen Feng turned around, looked at Changsun Gaoe and Duanmu Hongyu, smiled and said:

"Secondly, how is my Chen Feng business doing? Is it a loss or a profit?"

This sentence, like the last straw, directly crushed Changsun Gaoe's psychological defense.

At this moment, Changsun Gaoe trembled violently!

A huge and incomparable feeling of being humiliated rushed over, almost making him faint directly.

No, his head was dizzy, his body tilted, and he fell directly to the ground!

He actually fainted!

The huge humiliation surrounded him. Before he fainted, there was only one thought in his mind: "It's over, this is a complete shame!"

He spurted blood violently, his body tilted, and he fainted directly.

Seeing this scene, everyone was first taken aback, and then laughed again.

"The grandson Gaoge, he vomited blood out of anger?"

"Just waiting for the city government's scheming, what else is the young master of the Dragon God Palace? Shit!"

"Hahaha, he also knows that he lost an adult today, so he deliberately pretended to be fainted? Somehow it can make himself less embarrassed."

Seeing this scene, Chen Feng's expression was faint, without any disturbance.

What he wants to clean up now is not the grandson Gaoge.

Changsun Gaoge is no longer worthy of his opponent.

Duanmu Hongyu is the one he has to deal with now, and the one who has to slap his face!

Chen Feng looked at Duanmu Hongyu, smiled and said, "Duanmu Hongyu, the two of us, who are they today?"

Duanmu Hongyu trembled heavily, his face ugly.

Just now, after he had slowed down, his heart was almost filled with that extreme shame!

He knew that he was severely slapped by Chen Feng in front of everyone today!

He couldn't say a word!

Chen Feng looked at him and said with a faint smile: "You two, you think you can do it, but you don't know it, but I played it between your hands!"

With that, Chen Feng stretched out his right hand and slowly clenched it.

There was a burst of laughter:

"Of course Duanmu Hongyu made a fool of myself!"

"It turns out that Chen Feng has seen through all this long ago!"

Someone said loudly: "Chen Feng was like that just now, but he seemed to be furious, but he was actually doing a show!"

"Yes!"

"Longsun Gao and Duanmu Hongyu thought they had caught Chen Feng's painful foot, but they didn't know that they were actually played by Chen Feng between their palms, hahahaha."

One person sighed: "Chen Feng is really amazing. Duanmu Hongyu and the two were really played around by him. They are just two puppets. They do what Chen Feng wants them to do."

"Is it angry?"

Looking at Duanmu Hongyu, Chen Feng slowly uttered four words: "Insult yourself!"

Chen Feng pointed to his head, then pointed to Duan Mu Hongyu, smiled and said, "This is called IQ suppression."

The angry Duanmu Hongyu almost vomited blood, directly following in Sun Gao's footsteps.

Everyone laughed.

These words directly changed Duanmu Hongyu's face from red to blue, which was extremely ugly.

But he was so blocked that he couldn't say a word, because everything Chen Feng said was true!

"Chen Feng's face slap is really hearty!"

Facing the crowd, Chen Feng said in a deep voice, "Actually, Chen can buy this thing quietly, it will not cost much, and it will not attract attention."

"But Chen Feng is bidding openly, one of which is naturally to teach these two wastes."

After all, he took a look at Duanmu Hongyu and Changsun Gao.

Everyone burst into laughter.

Duanmu Hongyu calmly said nothing.

Chen Feng continued: "Secondly, it is to compensate the seller."

"This seller, of course, did not see the mystery, but after knowing this, he must be extremely distressed."

"Chen took his treasure, but he would not treat him badly! These billion dragon blood amethysts are not too small!"

Everyone nodded and admired.

"Master Chen Gaoyi!"

"Chen Feng is really a particular person."

Duanmu Hongyu's face was pale, and he gave Chen Feng a fierce look.

He knew that he had already lost all his face here today.

"You wait for me!"

He threw down a sentence severely and shouted: "Let's go!"

After all, turning around is walking out.

At this time, Chen Feng laughed loudly: "Duanmu Hongyu, this time you spent billions of dragon blood amethyst to buy something, it belongs to Chen!"

"Thank you for taking care of the business, come next time! I'll give you a discount!"

When Duanmu Hongyu heard these words, he staggered and almost fell into a shit.

He turned around suddenly, staring at Chen Feng, the resentment inside seemed to be able to condense into substance!

But Chen Feng didn't care, just shrugged, smiled and said, "Okay, don't stare!"

"No matter how big your eyes are, you have to keep as many dragon blood amethysts as you should."

Duanmu Hongyu said nothing, just turned and left.

After they left, Chen Feng laughed loudly, extremely cheerful.

This time, he was miserable enough to clean up Duanmu Hongyu and Changsun Gaoge.

The next moment, his figure flew up and came to the wishful boat.

He just saw that a statue stood on the bow of the ship,

And this statue is surprisingly a phoenix spreading its wings,

He is lifelike, his eyes are full of energy, and even the traces of every feather on his body are extremely clear.

[Chapter 3928: Named, Qingluan](#)

Looking around there, there are even precious lights circling around.

It didn't look like it was carved out, but as if a living phoenix was sealed here.

Beside the phoenix, there is a huge flagpole with a huge flag.

This banner, I don't know what material it is.

Two large characters are written on it.

This font is an extremely rare type of ancient seal, and it is even more of a barren ancient ruin!

But Chen Feng recognizes this kind of text, and the two characters are surprisingly: Qingluan!

Qingluan!

Chen Feng picked it up: "It turns out that the name of this wishful boat is called Qingluan!"

"It's delicate!"

This wishful boat is obviously a thing of no one.

Therefore, although the above is huge and brilliant, it lacks a spirit.

As soon as Chen Feng stepped on it, countless green rays of light on it suddenly rushed directly onto Chen Feng's body.

In the end, all these green lights converged on Chen Feng's thumb.

After a while, on Chen Feng's thumb, there was a huge jade-like finger, with a small Ruyi boat pattern inside.

On the top is the seal inscription with two reduced ancient seals: Qingluan!

Chen Feng's spiritual consciousness turned first, and when he touched this finger, he immediately felt that he and this finger were connected as if he were in a heart.

And you can feel the existence of this wishful boat through this finger.

It can even be used to manipulate this wishful boat.

Chen Feng understood: "So far, this wishful boat has truly belonged to me!"

This Ruyizhou is actually very easy to recognize the lord, and it is also extremely easy to control it, and it does not require certain strong strength.

This is its preciousness!

Once you have it, you can use it, there is no threshold.

What is needed is actually strength and financial resources.

Therefore, there are often Dragon Vein Continents, some of which are not very strong, but the children of very noble families have quite high-level Ruyizhou.

Therefore, this thing will be a status symbol.

With Chen Feng's thoughts, the Qingluan Ruyizhou immediately disappeared.

Chen Feng saw the emerald green finger of his right thumb, and the Ruyizhou pattern on it suddenly became solid.

If it was just a pattern before, it now looks like a real thing.

Chen Feng knew that this Qingluan Ruyizhou had already been taken into that finger!

This is another point of Ruyizhou's preciousness. It can be carried with you, its size is free, and it occupies a space alone and does not occupy other positions.

When everyone saw it, they were even more surprised.

"This Qingluan Ruyi Boat, which is a hundred meters in size, can actually be fitted into that finger."

"How else? Why do you think this Qingluan Ruyizhou is so precious?"

The old man smiled and waited: "It's because whoever owns it can control it, and can put it in a personal object, which is extremely concealed."

"Plus the speed is so fast, there is a good cultivation environment inside."

"One of these four characteristics is extremely precious, let alone the integration of the four characteristics?"

Everyone nodded and looked at Chen Feng with envy in their eyes.

You know, this Ruyizhou is more than just a car for those strong at the peaks of the Dragon Vein Continent Pyramid, and for those who have stepped into the realm of Emperor Wu, it is not only a car, but a treasure that allows them to travel quickly. .

It's a status symbol!

The ruyi boat that the lord rides is tens of meters long and has several floors of pavilions.

The wishful boat made by the elders is much smaller.

And most of them, ordinary Wudi, did not have a wishful boat.

Occasionally, I get a chance to get one, but it is only one or two meters long and can only accommodate one person.

This thing is a symbol of the status of a warrior.

Obviously, he not only possesses great strength, but also strong strength and financial resources!

Chen Feng smiled slightly, and did not leave in a hurry, but returned to the pavilion again.

The auction will continue.

However, everyone is already absent-minded.

They were completely in a trance, shocked by Chen Feng.

In the next auction, Chen Feng did not waste his time.

His two things, one as the opening and the other as the finale, sold a total of six billion dragon blood amethysts at a sky-high price.

Of course, if it weren't for Changsun Gao and Duanmu Hongyu who were vomiting blood with anger and left the game midway, I'm afraid Chen Feng's things could sell even higher.

And these six billion dragon blood amethysts, in addition to the money used to buy the Qingluan Ruyi Boat, there are more than four billion dragon blood amethysts left.

Chen Feng spent half of these four billion dragon blood amethysts, and bought all the treasures that could make up for life force that appeared at this auction.

The treasure that can make up for vitality is actually quite embarrassing.

Say no more, say less, but you have to try your luck to catch up.

Chen Feng was lucky. There were ten items in this auction, and he bought them all.

Chen Feng estimated that after these ten treasures were bought, all refining and absorbing, the vitality could be restored at least about 70%.

For Chen Feng, this is extremely important.

Because the very white dragon spear absorbed his vitality that day!

Now, Chen Feng had no vitality, and the white dragon spear could not even be used.

He has lost one of his strongest assassins!

For this matter, Chen Feng can be said to be impatient.

The auction is finally over.

However, the turmoil set off at the auction will never dissipate so quickly.

But it will brew, spread wildly, and bring unspeakable consequences.

With the departure of these people who participated in the auction, what happened at today's auction was almost immediately passed on and around Tianzi City.

Everyone was very shocked.

They thought that the grandson Gao Ge was not Chen Feng's opponent.

But the new grandson Gao Ge, the backer Duanmu Hongyu behind him, was heard to be extremely mysterious and came from a very terrifying force.

His own strength is also very strong, and the city is also very deep.

Everyone thinks that he should always be Chen Feng's opponent, right?

As a result, he did not expect that they would be cleaned up by Chen Feng when they both went together.

Behind the Seven Star Auction, there is a hidden place.

Enchantments were placed around this hidden place, and the inside was not visible from the outside.

At this time, in this space, above a garden.

Inside, Chen Feng and others all looked up at the Qingluan Ruyi Boat floating overhead!

Then, Chen Feng and others all flew on the Qingluan Ruyi Boat.

This is the first time Chen Feng has officially entered.

[Chapter 3929: Vitality restoration](#)

Everyone's faces were obsessed, especially Qing Mu and Wu Ling.

The two of them are born with spiritual plants, and they feel the breath of aura especially.

Qing Mu took a deep breath, and then whispered: "Brother Chen Feng, the aura here is definitely not lower than the Xuanyuan family's inner sect, and even higher than that!"

Wu Ling also nodded: "Yes, I feel very comfortable practicing here."

"Furthermore, this Qingluan Ruyi Boat should be carved from the heart of a whole spiritual wood, which is of the same origin as ours."

"So, when we practice here, we can get extra gains."

Chen Feng nodded slowly, very satisfied.

Everyone stepped into this pavilion.

The entrance is a hall, and then there are delicate stairs leading to everywhere.

The rooms are not big, but they are all beautifully decorated.

At this time, with this wishful boat, Chen Feng and others finally got rid of the previous dilemma.

Before, although Chen Feng and others had weapons such as the Chiyang Fire Phoenix Spear, they could go everywhere very quickly.

However, there was no personal space on the Red Sun Fire Phoenix Spear.

Like Chen Feng, it is enough to practice every day, but it is very inconvenient for girls like Mei Wuxia and Qing Mu.

Now, they have all moved in.

Chen Feng's wishful boat is a hundred meters long and has five floors.

There are as many as dozens of rooms in various places, which can easily accommodate dozens of people.

In an emergency, accommodating more than a hundred people is not a big problem.

Moreover, all the interior is made of a very precious pale green wood core.

This kind of wooden heart is a kind of extremely high level, almost carved from the wooden heart of a tree that has reached the **** level material.

Not only is it extremely hard and extremely strong, it also emits a faint fragrance.

After smelling this faint fragrance, one can feel the soul is clear, and the cultivation will get twice the result with half the effort, and you can quickly enter the state of concentration.

This Wishful Boat has an extremely gorgeous appearance, and the inside is also carved with beams and paintings.

Although it is not extremely luxurious, you can see its originality everywhere.

Obviously, I don't know how much effort was spent.

Chen Feng was also curious, not knowing who originally belonged to this wishful boat, but now it is lost.

It's just that after Chen Feng turned around for a while, his face was a little weird, and the same was true for Mei Wuxia next to him, and there was a little uneasy smile on his face.

Chen Feng glared at him irritably, and said, "Laugh as you want!"

Mei Wuxia laughed out loud.

It turned out that Chen Feng and the two discovered that the previous owner of this wishful boat was actually a female Wudi!

A phoenix that was about to soar for nine days, standing on the bow of the Ruyizhou ship before, was a preliminary sign.

The furnishings in all the rooms in Ruyizhou are feminine and very feminine.

In the most spacious bedroom, there are even vanity mirrors and other things commonly used by women.

Everyone laughed for a while, and they were assigned rooms.

Somehow, Chen Feng didn't make the biggest one, but vacated it and chose a place with a wide view on the highest point on the fifth floor.

From there, you can overlook the entire Qingluan Ruyi Boat.

The night has not dissipated, there is already a red sun on the horizon, and suddenly jumped out in the darkness!

Spread the extremely bright red light throughout the entire Tianzi City.

Naturally, it was reflected on the Qingluan Ruyi Boat in the secret realm behind the Seven Star Auction Hall!

There is a room on the fifth floor of Qingluan Ruyizhou.

At this time, the window opened and sunlight penetrated into the room.

And Chen Feng is sitting cross-legged.

Around his body, about ten treasures were placed.

These treasures have different appearances and different auras.

But there is one thing in common, that is, it exudes this very strong breath of life.

At this time, a magic circle formed around Chen Feng's body.

In the circle, the lines are vertical and horizontal.

One by one, the light remained in it, and it had been running for a long time.

And on each node of the magic circle, there is a treasure filled with life breath.

In fact, this circle has been in operation for three full days.

This is already three days after the auction ended.

Right here, Chen Feng sat cross-legged, the development around him, and the power of aura became stronger and stronger.

At the beginning, there was only a slight breath.

And now, that aura is already exuding like a deep sea!

And at the same time when this momentum reached its peak, above the sky, the sun rose, and bright red light shone in!

At this moment, the magic circle seemed to be ignited.

With a bang, a burst of bright red flames rose above all the lines.

And the treasures full of vitality placed on each node were all broken at the same time!

The incomparable vitality suddenly appeared in this space.

If it was normal, these forces would have dissipated.

But at this moment, every line on the magic circle was lit up.

Above each line, there is light rising up, forming what was once like an outer wall.

The outer walls are connected together to form an existence like an inverted golden bell.

All these strong vitality are sealed in this golden bell.

The next moment, the law of that formation was extremely contracted.

The lines connected directly to Chen Feng's body.

So these vitality is directly poured into the body.

Chen Feng's vitality is increasing frantically!

Chen Feng's gray hair turned black at a speed visible to the naked eye.

And his face has also become a little old and haggard from before, becoming young and handsome again.

His skin has become particularly shiny and elastic.

Finally, after an hour, although Chen Feng looked a little haggard, it was no longer what it was before.

But it has changed back to that handsome young man!

All the vitality in this formation has also been absorbed.

Chen Feng stood up suddenly, with a smile on his lips:

"Now the vitality in my body has been restored to 70% of the peak period, and I can easily control the white dragon spear."

"If you try hard, you can even use the White Dragon Spear twice!"

The trump card returned to his hand, and Chen Feng's heart also became quiet.

This is his strongest attack power now.

After that, Chen Feng strolled around on the Qingluan Ruyi Boat and found that everyone was practising at ease, and the speed of cultivation was quite slow.

[Chapter 3930: Swordsman!](#)

A smile appeared at the corner of his mouth, and he left Qingluan Ruyizhou and went to find Yan Yunxin.

Just after leaving Qingluan Ruyizhou, he saw Yan Yun's heart rushing here.

Seeing Chen Feng, Yingying smiled and said: "Master Chen, it's a coincidence, I'm looking for you!"

"Oh? Looking for me?"

When Chen Feng heard this, he was taken aback for a moment, and then a hint of joy overflowed between his eyebrows, and hurriedly asked: "But what did you find?"

It's no wonder that Chen Feng doesn't have a city mansion, it is really the things he is looking for, which is related to the success of his next actions.

It's about his next big thing!

"Yes."

Yan Yun nodded solemnly, smiling.

Seeing Chen Feng happy, she was also very happy.

Being able to help Chen Feng is what he is most willing to do now.

Yan Yun said softly, "It's a coincidence. Just yesterday, the Broken Sword and Remnant Soldiers' Gate was lucky enough to have a batch of their newly-forged divine weapons."

"There are a total of seventeen, which are all the savings in their sect over the past ten years!"

"They came to sell with these things. After I learned the news, I hurried over and raised 30% of the price. They bought all these seventeen magic swords."

"What? Broken Sword and Remnant Soldier Gate? Divine Weapon Sword Gallant?"

After Chen Feng heard these two words, his face was startled first, and then he was overjoyed.

"Is that the broken sword remnant gate on the Dragon Vein Continent, who is good at refining all kinds of tyrannical consuming treasures at once?"

"Yes, it is." Yan Yunxin smiled.

Chen Feng clapped his hands and laughed: "With the treasure of the broken sword and the remnant soldier gate, great things can happen!"

Broken Sword Remnant Gate, on the Dragon Vein Continent, is also a very special existence.

Broken Sword Remnant Gate is not one of the nine powers, but it is only one line weaker than the nine powers.

However, their martial arts skills are not very good, and the strength of the people is generally average.

The reason for being able to stand among the ranks of the second-rate forces in the Dragon Vein Continent, which is second only to the nine major forces, is that they rely on refining secret techniques in their doors.

Even on the Dragon Vein Continent, there is a saying that if you want to talk about the skill of refining magic weapons, it must be that the Association of Founders is stronger.

But when it comes to refining all kinds of hidden weapons, the magic weapon that is consumed at one time, then it is definitely respected by the broken sword and remnant soldiers.

In the Broken Sword Remnant Gate, the cultivation techniques and martial arts in the gate are all metallic, and the refining methods passed down are mainly metallic.

It is quite different from others such as Tianleimen.

Among the Broken Sword Remnants Gate, the most powerful hidden weapon is this magic weapon!

It is said that this magic weapon is only the size of a pigeon egg, and no one finds it hidden in the hand.

With a flick of his sleeves, he can shake out dozens or hundreds of them.

However, after a magic weapon is used, it will explode, forming a dense array of hundreds of thousands of weapons in the air.

Knives, guns, swords, halberds, axes, hooks and forks.

Each weapon is extremely subtle, the size of a fine needle.

However, despite its small size, its power is definitely not weak.

Every weapon the size of a cow's capillary needle is infused with extremely large power, and it will explode when it comes into contact with all obstacles!

Whether it is a mountain, a sea, a river, or a powerful warrior, it will be swarmed up, causing a violent explosion, until it is completely annihilated!

The power can be said to be extremely terrifying.

The value of this thing has been clearly rated as a first-class magic weapon.

Moreover, you must know that this is a second-grade magic weapon that is consumed at one time, and its power is no less than that of a third-grade magic weapon!

Since he did not get that powerful offensive martial arts, Chen Feng must find a substitute!

The alternative he chose was this magic weapon!

The best scenario that Chen Feng had previously envisioned was only to buy one or two Divine Weapon Swords in this Chaoge Tianzi City, but now he didn't expect to buy a total of seventeen.

How can this not make him overjoyed?

Chen Feng smiled and said: "I remember that these guys regarded their magic swords as the most valuable thing in the door, and they were determined not to sell them."

"There are even many warriors who begged to go to the mountain gate to pay a lot of money to buy, but they flatly refused. Why this time, can they come up with seventeen magic swords?"

Yan Yunxin laughed and said, "Brother Chen Feng, don't you know."

"Broken Sword and Remnant Soldiers are in bad luck!"

"They have always been detached from things, they don't offend people, and they don't take care of people."

"As a result, this time, I was killed by a powerful enemy, wounded their old head, and then snatched a treasure of the town left by their ancestor, and left."

"Now, the Broken Sword Remnant Gate is so ruined, even the disciples are mostly dead, and the mountain gate is almost destroyed, how can you care about the others?"

"Now they are thinking about quickly taking out these magic weapons and replacing them with Dragon Blood Amethyst, so they can regain their reputation!"

"Oh I got it."

Chen Feng raised his eyebrows, a little surprised.

Although the Broken Sword Remnant Gate is not one of the nine major forces, the master of their sect has at least reached the five-star Wudi realm, and it is even possible to set foot in the six-star Wudi early stage.

Moreover, after so many years of cultivation, his strength should not be underestimated, only a tiny bit weaker than Xuanyuan Xiaoyue.

Was hurt by someone? Also stole the treasure in the door?

But this matter has nothing to do with Chen Feng, he didn't think much about it.

Soon, Chen Feng got all the seventeen divine weapons from Yan Yunxin.

With his hands spread out, a small bead about the size of a dove egg was rolling in his hand.

Unlike what Chen Feng had imagined before, the appearance of this magic weapon's guts was not with a strong platinum color.

On the contrary, it was like a round and jade night pearl, emitting a soft light.

However, this soft light made Chen Feng feel extremely dazzling at first touch.

This is definitely not what the light should be!

Chen Feng took a closer look and was suddenly shocked.

It turns out that this seemingly soft light actually has hundreds of thousands!

Extremely sharp, extremely dazzling!

Although it is as thin as a cow's hair, it is extremely sharp and brilliant!

After the original extreme sharpness is merged together, it will show the opposite effect, giving people a very soft and warm feeling!

"Long knowledge today."

Chen Feng couldn't help sighing!

So far, all his proceeds from the auction have been spent.

But Chen Feng didn't care at all.

These dragon blood amethysts are used to improve strength, what use is it to keep holding them in your hands?

Then, Chen Feng said farewell to Yan Jun.

Yan Yun knew that he had something important, and didn't stay too much!
