

## Peerless 3931

### [Chapter 3931: Young Master Ling Bo](#)

Two of the three goals of this trip were achieved.

That high-level offensive martial arts was really not found, and Chen Feng had no time, so he had to give up temporarily.

Then, Chen Feng was driving the Qingluan Ruyi Boat, soaring into the sky among the seven-star chamber of commerce!

I came to a height of several thousand meters in an instant!

Then, he hurried to the southeast.

Suddenly, it was out of Chaoge Tianzi City.

At this time, countless people in Chaoge Tianzi City looked up at the huge Qingluan Ruyi Boat that turned into a green light and disappeared into the depths of the sky, with a color of envy that could not be concealed on his face.

"That is Qingluan Ruyizhou?"

"Yeah, I heard that it was Chen Feng's insignificant price, a treasure that Chen Feng really got!"

"I heard that this Qingluan Ruyi Boat is stronger than the Ruyi Boats on board by the powerhouses of the Nine Great Power Sovereigns."

"Chen Feng is truly an incomparable honor! Prominent! Envable!"

"Hey, if I can be like Chen Feng, even if it's only a day, it will be worth my whole life to change it!"

Countless young people have regarded Chen Feng as their idol and admired them.

And among the crowd, there were also people who were jealous and spiteful: "The wood is beautiful in the forest, the wind will destroy it!"

"He is just a disciple. The mere three-star Wudi dares to own a Ruyi boat of this level. I think this is a good way to die, I'm afraid I won't live long!"

Many people agreed with this passage.

At this time, almost everyone on the streets of Tianzi City looked up at the Qingluan Ruyizhou.

For a while, the street seemed to be still, and everyone seemed to be stunned.

And at this time, there was a car wheel built with countless precious materials that seemed ordinary but was actually extremely luxurious, slowly moving forward on this street.

At this time, the voice of people around here also reached the middle of the chariot.

In the chariot, a handsome young man sat cross-legged.

He was wearing a white robe with waves of water on it.

At a glance, it is a Lingbao.

The spiritual aura on it was immersed, and those auras automatically formed patterns one after another on his robe.

And this pattern is actually a huge sky-swallowing whale!

These huge whales were formed by condensation of water vapor, and then quietly broke apart.

Around him, an extremely rich, but very fresh water aura formed.

It makes people feel very comfortable.

After the handsome young man heard the words coming in from outside, a sneer appeared at the corner of his mouth:

"A group of ignorant people!"

"A mere Chen Feng is regarded as a genius by them?"

"What shit?"

However, there was an unstoppable color of envy in those eyes.

Beside him, a handsome young man with a small cap in Tsing Yi smiled and said, "What is Chen Feng? How can you compare with the son?"

"The prestige of Young Master Lingbo, who does not know, who does not know about the North Sea?"

"That is to say, these people on the Dragon Vein Continent have shallow knowledge, don't know your name?"

He paused, with a flattering smile on his face: "Look, I heard that you are here, son, didn't Chen Feng run away?"

"Chen Feng ran away today."

The son of Lingbo was very happy to be cheated by him, raised his eyebrows, and a hint of mockery appeared at the corner of his mouth: "If he is lucky, he runs fast."

"Otherwise, tomorrow, I will let him face the face of everyone in Chaoge Tianzi City!"

"Everyone will see him being humiliated severely by me and faceless!"

Next to Young Master Ling Bo, the handsome young man was full of flattery, and said with a smile: "It must be Chen Feng who heard that you are coming, so he hurriedly fled."

Lord Lingbo laughed.

After laughing, he waved his hand: "It's okay, he wants to return to Chaoge Tianzi City after all."

"Then I will make him proud for a moment and a half, and when he returns to the City of Heaven, that's when he is stepped under my feet and becomes my stepping stone!"

An hour later, the Dragon God auction house.

In a quiet and elegant room, the three of them are sitting and drinking tea.

It was Duanmu Hongyu, the eldest grandson Gaoe, and the young man in the chariot: Young Master Lingbo.

Young Master Ling Bo looked at Duanmu Hongyu and Changsun Gaoe, his gaze shifted across their faces, and then smiled and said:

"Big Brother Duanmu and Big Sun, you two are too conservative."

"To act like this, cowering, is it the way of our six hidden sects?"

Although he was talking to the two of them one by one, but the words were full of mockery, without any respect.

Duanmu Hongyu stared at Young Master Ling Bo, with a cold expression, and said, "I have been running for more than ten years, but I really don't know where I went wrong today."

"Now, I want to ask Ling Boxian brother for your advice."

There was already anger in his words.

Young Master Ling Bo didn't care, and smiled: "I want to ask you two, what are our six hidden sects, what are we going to do?"

"What are you going to do? Naturally, you are going to be born!"

"In order to appear in front of everyone in the Dragon Vein Continent, the so-called nine powers that are not true to the truth must be crushed down!"

"The overall situation of the Dragon Vein Continent must be controlled by the six hidden sects!"

Long Sun Gaoe said loudly.

Duanmu Hongyu nodded slowly beside him.

Young Master Ling Bo clapped his hands and said teasingly: "Even though the eldest brother of Longsun is not strong, he is quite familiar with these words."

The grandson Gaoe was furious!

And before he had a seizure, Master Lingbo changed the subject:

"That's why I said that what you two are doing at this time is not a king's way at all."

"Since we want to enter everyone's sight, and since we want to let the people of Longmai mainland know, can we achieve our goal by being so sneaky now?"

"It's just a joke!"

"Furthermore, being so sneaky and afraid to let go of our hands and feet, we are completely unable to exert our true strength!"

After he said this, Duanmu Hongyu was thoughtful, feeling that what he said also made sense.

At this time, Young Master Lingbo, with his chin open, his face showed a thick haughty color:

"Brother Duanmu, although my cultivation base is not as good as yours, this time after I arrived, I was able to reverse our disadvantages."

"In one fell swoop, in Chaoge Tianzi City, the reputation of the six hidden sects can be attracted, and many powerful people can come and run!"

Duanmu Hongyu said coldly: "What are you going to do?"

The Young Master Lingbo whispered, then raised his head and smiled:

"Then what is Chen Feng? It's just a fluke to get some bad names! How dare you be arrogant in front of us?"

"When the little brother makes this shot, he will definitely be everyone in front of everyone, and he will be completely suppressed!"

[Chapter 3932: The day of return, the time of humiliation!](#)

"And him!"

He slowly clenched his fists: "It just happens to be a stepping stone for my six hidden sects!"

Duanmu Hongyu sneered and said, "Is it the stepping stone to your son Lingbo's fame?"

Young Master Ling Bo raised his head and said, "That's all right!"

"I have the strength to humiliate Chen Feng, so what is wrong with my thinking?"

"I will completely suppress him from all aspects! Let him have no room to stand up!"

Duanmu Hongyu was silent for a moment, and said lightly: "You can do that."

"But remember that if we do this, it's easy to expose our true purpose."

"On the contrary!"

Young Master Ling Bo said flatly: "We are divided into two groups, I am in the light, and you two are in the dark!"

"I do these things on the bright side to attract everyone's attention, just not to attract others' attention!"

"On the contrary, it will make you truly ignored by others!"

Duanmu Hongyu pondered for a moment, then slowly nodded.

Long Sun Gaoge's face was gloomy and he wanted to speak, but Duanmu Hongyu patted him on the shoulder gently, motioning him to endure it.

Young Master Lingbo raised his voice and laughed, extremely arrogant, and turned away.

His confident voice came: "I will defeat Chen Feng thoroughly and humiliate him severely in front of everyone!"

"The day Chen Feng returns is the time of humiliation!"

"You two, you still have to thank me when the time comes to save your face!"

"This dog thing!"

Changsun Gaoe couldn't hold it anymore, gritted his teeth and shouted.

Duanmu Hongyu said coldly: "So what? Tolerate a moment!"

"After all, his foundation is deeper than both of us."

"Moreover, this time, he will definitely succeed."

The grandson Gaoe's heart trembled, his lips moved, but after all he dared not say anything.

The sky was azure blue, and suddenly, an emerald green light appeared on the side of the day, drawing a slender and elegant arc.

Just this arc, it gives people an indescribable feeling.

And if you get closer, you will find that just above this arc, there is a strong life energy.

The green light flashed across, passing by a floating mountain.

These floating mountains are not large, but they are distributed very widely, each of which is several hundred meters high, covering the area densely.

And the green light passed straight through.

When this green light passed over a floating mountain, little green light dots fell down and landed on the floating mountain.

That floating mountain was nothing but desolate.

But at this time, as the little green light fell, there was infinite vitality, bred out of the stone.

After a while, countless buds emerged from it, pushing the stone abruptly.

From that gap, among the gravel, struggled out, and then thrived.

Almost in a blink of an eye, this floating mountain with a radius of hundreds of meters has changed from the former desolate, like a dead place, into a lush green, full of various flowers, trees, and grasses. Ground.

Moreover, such a situation is never uncommon.

Where the green light passes, many places become lush!

It's just a green light passing by, and there is such a power.

It can be seen how vibrant is the vitality in this green light?

This emerald green light is naturally Chen Feng's Qingluan Ruyi Boat.

At this time, Qingluan Ruyi Boat cut through the sky and hurried to the northeast.

And Chen Feng was at the bow of Qingluan Ruyizhou, leaning on a railing and looking far away!

Qingluan Ruyizhou moved forward with great speed.

Chen Feng lowered his head and looked down, only to feel that the peaks, the mountains, and even the big rivers were swiftly passing by, constantly being left behind.

Chen Feng felt carefully for a long time, and then he smiled.

"Qingluan Ruyi Boat is indeed a high-level Ruyi Boat. It is really powerful. It is at least several times faster than the Nine Dragon Aotian Sword I rode before."

"Also, it's very stable here, and I can't feel the fluctuations outside."

"You can't even hear the whistling of the wind."

Chen Feng looked up.

At this time, around the Qingluan Ruyi Boat, with the edge of the deck as the limit and the center of the Ruyi Boat as the core, a semi-circular mask was raised.

This semi-circular light shield enveloped the entire Qingluan Ruyi Boat.

And it is this semi-circular emerald green mask that sturdily wraps the Qingluan Ruyi Boat, preventing it from being attacked by the wind outside.

Chen Feng stretched out his hand at this time, even just feeling the breeze blowing on his face.

Then, Chen Feng lowered his head, and he saw that as Qingluan Ruyi Boat flew forward, a piece of emerald green light fell down, making the bottom full of life.

Chen Feng lay lightly, his expression relaxed, his eyes filled with satisfaction.

"This Qingluan Ruyizhou can be so vibrant wherever he goes, let alone being in it."

"After Qingluan Ruyizhou flew, I realized that there is such a wonderful thing in it, but when I watched it before, I didn't find it at all."

"perhaps....."

If there is a clear understanding in Chen Feng's eyes: "This Qingluan Ruyizhou is such a characteristic, the more urged, the better the effect."

"If you stop there, it won't have this characteristic."

Then, Chen Feng turned around and entered the lobby.

At this time, the interior of Qingluan Ruyizhou has completely changed from before.

The previous floors, walls, etc. were all just tinged with a light green color, but now they have become a gleaming green.

It's like a piece of emerald.

Not only that, but there is just a vein emerging from above.

In these veins, it is as if there is melting jade flowing.

Infinite vitality and power came out from above.

The context is connected to each other to form a huge magic circle.

Chen Feng made a round in the Qingluan Ruyi Boat.

Mei Wuxian and the others were cultivating, paying attention, and Chen Feng didn't disturb them either, just sat down in that hall.

Chen Feng discovered that the source of all these powers came from the wooden heart that carved Qingluan Ruyizhou.

This Qingluan Ruyi Zhounan is carved with a wooden heart, and I don't know what the heart of the sacred tree is.

After Qingluan Ruyizhou flew, the heart of the tree began to slowly turn into emerald green, and there were lines of veins on it.

These veins are all lit up, forming a huge magic circle.

However, this formation was not artificially carved, it was generated naturally.

Chen Feng couldn't help being shocked when he saw this scene.

[Chapter 3933: Surprise! The mountain of sorghum!](#)

This formation was actually a battle of gathering spirits.

There are many kinds of Spirit Gathering Array, and Chen Feng has seen more than one before.

But this great gathering of spirits was completely different from those that Chen Feng had experienced before.

The previous great gatherings of spirits were forcibly grabbing the auras floating around.

But at this moment, Chen Feng felt that the aura in the void around him was very cheerful, cheering and rushing towards Qingluan Ruyizhou.

They seem to love coming here.

One is to grab it by force, and the other is to let it come by itself. The efficiency is not the same.

After discovering this scene, Mei Wuxian and the others were all practicing desperately.

Because the cultivation speed here is even several times faster than during the Xuanyuan family's Inner Sect!

Moreover, that gentle and vigorous power comforts them all the time, moisturizes their hearts, calms them down, and does not need to suppress the restless thoughts in their hearts.

Therefore, the speed of cultivation has invisibly increased several times.

Qingluan Ruyizhou headed northeast all the way.

In a blink of an eye, three days have passed.

Three days later, the big day was rising, and it shone into the curtains of Qingluan Ruyizhou, and it also shone on Chen Feng's face, making his face red as a cloud.

Chen Feng is practicing.

In fact, in the past three days, cultivation was the only thing he and Mei Wuxian and others did.

In Chen Feng's room, veins light up, and veins light up on the entire Qingluan Ruyi boat, shining with bright green light.

At this time, if you look down at a higher altitude than Qingluan Ruyizhou, you will find that a huge vortex appears on the sky.

Countless auras were swept in and moved toward the center of the vortex.

The vortex slowly rotated, and a huge amount of spiritual energy swept through it.

And the center of that vortex is Qingluan Ruyizhou.

At this time, the brilliance of Qingluan Ruyizhou became more and more brilliant.

After these huge amounts of spiritual energy were absorbed by the Spirit Gathering Array, they were absorbed by Chen Feng.

Chen Feng's breath was extremely long and steady.

After a while, he suddenly opened his eyes and exhaled a \*\*\*\* breath.

Then, an uplifting color appeared on his face:

"Now my realm has reached the extreme of Samsung Wudi's early stage!"

"Moreover, after these three days of training, the previously damaged body parts have been repaired, and the hidden dangers have been eliminated."

Chen Feng stood up, there was a burst of noise from the joints all over his body, and his power circulated in his body, only to feel refreshed and uncomfortable.

"My only flaw now is vitality, which is only 70% of the peak period."

At this moment, Chen Feng suddenly felt Qingluan Ruyizhou tremble violently.

In the next moment, in the great gathering of spirits, the huge amount of aura suddenly lost about 80%.

The green liquid flowing in those veins, like molten emerald, has also become intermittently from the incomparably abundant before.

Some even dries up directly.

The wall also changed from green like a jade carving to light green.

"What happened?" Chen Feng was shocked: "Could it be that Qingluan Ruyizhou was attacked? "

Not only him, Mei Wuxian was awakened by everyone.

Chen Feng's figure flashed before he came to the bow and looked out.

He found that Qingluan Ruyizhou's speed was 80% slower than before.

Moreover, the emerald green mask outside Qingluan Ruyizhou is now invisible.

There was even a huge amount of bitter wind pouring in, and Chen Feng's face was painful.

Chen Feng felt that a huge amount of cold air penetrated in, and even made him feel a little bit cold all over his body.

It can be seen how terrifying and bitter the cold here is.

When Chen Feng looked out, he was shocked.

At this time, they had already set off from Tianzi City for more than three days, and at the current speed of Qingluan Ruyizhou, these three days were enough for them to come to the mountain of sorghum.

Now it is reasonable to say that he has come to the northern ice and snow realm of the Dragon Vein Continent.

Outside, it stands to reason that it should be an endless glacial snow peak.

But at this time, what appeared in front of Chen Feng was scorched.

Yes, it was scorched.

All the snow, all the ice, all are gone.

Even the larger stones on the ground were gone, and everything was turned into black dust.

Moreover, this black dust also rose into the air at this time, as if a black mist sealed off and lived here.

What made Chen Feng look down is not so real. ~~noVelusB.com~~

Chen Feng has calmed down, but the shock in his heart is not diminished. Qingluan Ruyizhou's current height is at least a million meters in the sky. Can the black mist diffuse here?

It can be seen that the amount of smoke and dust is so great!

At this time, Mei Wuxiao and others also came here.

Everyone looked down and was immediately stunned by this scene.

Mei Wuxi took a breath and said:

"Although this mountain of sorghum is not well-known on the Dragon Vein Continent, when I was reading the ancient books left by my master, I have seen records about this place."

"Master had come here for an expedition."

"According to his record, the mountain of sorghum is a land of ice and snow. How could it become like this now?"

Chen Feng shook his head and said nothing.

Qingluan Ruyizhou continued to move forward.

The front is even more shocking.

It turns out that this kind of ground turning into scorched earth has not been alleviated, but has become more serious.

Before, the ice and snow melted and the land shattered, but what appeared in front of Chen Feng at this time was like a doomsday scene.

One after another, tens of thousands of meters high, the mountains were broken and turned into countless boulders.

One big river after another is directly cut off, and the ground is twisted and broken.

There is even magma rolling under some deep cracks.

It's as if this mountain and river was twisted like this by one or two big hands like twisting a twist or a towel!

"Such a scene, it is clear that it will only appear after an extremely fierce battle has taken place!"

"It's like there are two peerless powerful men fighting here, shattering the mountain peaks, letting the river dry up and breaking, and melting all the ice and snow!"

"What kind of strong fight is this? Can it cover such a wide range?"

Chen Feng was shocked.

Since Chen Feng's Qingluan Ruyizhou just entered here, it has been a distance of tens of thousands of miles, but the scorched earth is still continuing.

Chen Feng looked forward very closely, and it was still a dark scorched earth.

[Chapter 3934: Great secret!](#)

Broken mountain peaks, broken and dry rivers, and the sky that rises like a doomsday, obscures the sky, turning the sky into black smoke!

It is moving forward again.

At this time, Chen Feng found that the mountains and rivers were not broken, and even a whole mountain was turned into powder.

He has a detailed map here.

Chen Feng was very sure that the location itself was a big mountain, but now it has become a huge pit.

The further you go, the more serious this situation becomes.

"Impossible, it cannot be the battle of the strong!"

Chen Feng immediately overturned his previous speculation.

"Now, we have entered the range of about a million miles here, no strong, even no strong can cover such a large range in battle!"

"Even if it is a powerhouse of the Six-Star Martial Emperor level, the people at the first level of the supreme master of the nine major powers, the area where they can break is only a few hundred miles away!"

"Even the legendary Jiuxing Wudi can cut off the flow of mountains and rivers, break mountain peaks, freeze thousands of miles in ice, and shine thousands of miles in flames, but it is impossible to cause such a large scale within a radius of millions of miles. Destruction!"

"and so!"

A light flashed in Chen Feng's eyes, and suddenly he thought of something in his heart.

He clapped his hands and looked at everyone, and said loudly:

"Do you think it looks like a huge meteorite from outside the sky hits here, just making it a scorched earth?"

Mei had no time to remind him, first he was taken aback, then his eyes lit up and said, "This is the only thing possible!"

To say that the majesty of the heavens and the earth, in fact, the extremely huge one comes from the outside world.

On the Dragon Vein Continent, there are many meteorites from outside the sky that have fallen, turning a radius of thousands of miles into scorched earth.

Chen Feng said: "This meteorite from outside the sky came from nowhere, and it hit the Dragon Vein Continent with an immense force."

"Speaking of power, no warrior can compare with it."

"Even if it can be frozen for thousands of miles in the legend, the nine-star Wudi who has a thousand miles of Yan Zhao can't do it."

At this moment, two confronting peaks suddenly appeared in front of Chen Feng and others.

The height of these two peaks has reached millions of meters, and the volume is extremely huge.

Perhaps this is why they have not been destroyed.

But the surface is also broken.

There was even a huge crack in the middle of the mountain.

The two peaks are also very distinctive.

One is like a sword, and the other is like a sword.

After seeing these two peaks, Chen Feng sighed slightly: "The mountain of sorghum is here."

These two peaks are the symbol of the mountain of sorghum.

After flying between the two peaks, Chen Feng took the initiative to reduce the speed of Qingluan Ruyizhou and flew forward slowly.

The mountain of sorghum is not a name for a mountain range.

To be correct, that is the name of a region.

This area itself is a large plateau, and on this large plateau, there are at least seven or eight huge mountain ranges.

This is the mountain of sorghum!

After entering the range of the mountain of sorghum, Chen Feng and others discovered that although it was not as scorched as the outside, it was obviously more impacted.

There are upside-down mountains and broken rivers everywhere.

Even on the ground, there were cracks that were hundreds of thousands of meters wide. In some places, lava spewed directly, forming active volcanoes on the ground.

At first glance, there are erupting volcanoes and flowing lava everywhere.

There is no vitality, just like the doomsday scene.

The thick smoke even rose up, rushing straight into the sky.

Seeing the scene before him, Chen Feng showed a touch of excitement in his eyes.

He slapped his hands, looked at Chen Feng, and said, "The secret that the Lord of the City of Heaven and others came to search for may be the root cause of the scorched mountain of sorghum!"

"And it can turn this mountain of sorghum tens of millions of miles into a piece of scorched earth, and the mountains and rivers will collapse into chaos, so what a terrifying force?"

"How amazing is the secret behind this?"

Mei Wuxian and others breathed heavily, and there was excitement in their eyes!

Yes!

What an amazing secret, what a terrifying power this is!

Think about it, being able to be in it makes me feel excited!

"And this secret..."

A confident smile appeared at the corner of Chen Feng's mouth, and he slowly clenched his fists: "It must be ours!"

After coming here, if the Qingluan Ruyi Boat flies above the sky, it would be too dazzling.

As a result, Chen Feng got off the Qingluan Ruyi Boat, and then each changed his clothes, not so dazzling.

Then fly at low altitude.

With their current strength, low-altitude flight is no problem.

And the lower the flight, the easier it will be to discover various situations and not miss the target!

Soon, Chen Feng and the others went forward for more than three hours, and encountered various dangers from time to time.

Fortunately, with the strength of Chen Feng and others, these dangers are easily resolved.

Suddenly, Chen Feng frowned and looked behind a large stone in the distance.

And it was at the moment Chen Feng turned around, after the big stone, that a stern howl suddenly came.

A black shadow rushed towards Chen Feng and the others.

Chen Feng waved his hand, slapped, the dark shadow let out a scream, and fell directly to the ground, struggling frantically on the ground!

On its body, in its mouth and nose, there was a huge amount of blood pouring out.

If it were an ordinary monster beast, it would be completely dead in this way, but this monster beast continued to eject from the ground, struggling frantically, showing its amazing ability to survive.

Chen Feng and others gathered around.

When I saw it clearly, I was shocked.

It turned out that they knew this monster beast.

No, to be precise, this guy is not even a monster.

This is just an ordinary hare!

It is the most common hare that can be seen everywhere on the Dragon Vein Continent, preyed by carnivorous monsters.

However, this hare has completely changed its appearance at this time.

It was about the size of a large buffalo, and was nearly two meters in length. The hairs were as hard as steel needles.

Even Chen Feng saw that its hair fell off in some places and gave birth to hard scales.

The whole body was pitch black, the joints became extremely thick, and even changed from four legs to six legs.

The head is fierce, and the fangs are directly pierced out, where is there still half a hare?

Is clearly a fierce beast

Moreover, its survivability has obviously become extremely strong, and it is still struggling desperately now, moving towards Chen Feng, wishing to bite it into his belly.

Looks extremely fierce!

#### [Chapter 3935: Mutant monster](#)

Its eyes were flushed, but there was a hint of black air in the depths of the eyes.

Chen Feng estimated that its current combat effectiveness has even increased by dozens of levels.

Mei Wuxiao frowned and said, "How could this hare become like this?"

Chen Feng didn't say a word, but walked forward, first killed it with a palm, and then looked around it carefully.

Especially with the dazzling black air in its eyes, Chen Feng looked directly at him.

At the moment of staring at each other, Chen Feng suddenly felt a trance before him.

It seems that in an instant, there are stars falling! Sometimes it hangs upside down!

In an instant, Chen Feng felt his spirit almost falling into it!

Chen Feng was shocked, and suddenly broke free from the illusion.

And when he woke up again, he realized that in fact, time had only passed for a moment.

There was also a cold sweat on Chen Feng's back. When he went to look at the mutant hare again, he found that a strand of black in the hare's eyes had disappeared.

Mei Wuxie and others cared: "Brother Chen Feng, are you okay?"

Chen Feng slowly shook his head: "Don't worry."

At this time, Chen Feng was already clear.

He looked at the crowd and said in a deep voice, "This hare has mutated, and if no accident, it should have been mutated by the thing that hit the mountain of sorghum and was affected by the terrifying power."

"That's why it became like this."

"It seems that our previous guess is correct!"

Mei Wuxian said softly.

Chen Feng nodded: "There should be a great secret, terrifying power, and this terrifying power is also the goal of everyone in Tianzi City!"

His eyes became more excited: "What are you waiting for? This thing is ours!"

Chen Feng and others all laughed.

Then, Chen Feng and the others went all the way forward, and soon one day passed.

On this day, Chen Feng and others traveled for about millions of miles, and they were gradually approaching the center of the sorghum mountain.

And in this day, they also saw countless mutant monsters.

The general levels of these monsters have increased by dozens of small levels, three to five major levels.

Some upgrades are even more terrifying.

If it's a normal monster, it's fine, and Chen Feng won't be afraid no matter how strong it is.

But the problem is that some monsters have extremely high levels!

As a result, many existing Chen Feng can't afford it, such as this one...

At this time, Chen Feng and others hid behind a cliff.

And in front of the cliff, among the mountains not far away, was a huge black demon ape.

The black magic ape was about five kilometers in height.

There are several mountains around it that are not short, but they are all stepped on by it at this time.

The body is huge, and the whole body is pitch black.

But in the darkness it was shining like golden light.

Above its body, there are even more golden veins emerging.

The golden light circulates in it constantly, giving people the feeling of being extremely strong, tough, and violent!

The black magic ape uttered frantic roars at this time, and his huge fists kept hitting his chest and the surrounding mountains.

With every punch drop, a thousand-meter-high mountain is smashed into a piece of dust, with unparalleled power!

Suddenly, it turned its head back suddenly, its eyes widened, as if it felt the presence of Chen Feng and others, it let out a crazy roar, and its fists hit the ground fiercely!

Everyone felt that the ground was shaking violently.

Then, this thing strode towards everyone.

When Chen Feng saw it, he couldn't help being shocked secretly.

In fact, to be honest, this huge black demon ape is not very big, only about five or six kilometers.

Chen Feng had encountered something similar before, but the aura on it was terrifying.

The feeling for Chen Feng was at least not weaker than that of the five-star Wudi.

In fact, after Chen Feng increased his strength level later, he discovered that the more powerful the monster beast, the larger its size may not necessarily become.

It just becomes stronger, stronger, and more refined.

Even some extremely high-level monster beasts, like the divine bird of mist, have the strength to reach the level of four-star martial emperor and five-star martial emperor, but they are only the size of ordinary people.

It can be seen that when the monster beast reaches the level of the monster emperor, then its size and strength are not exactly proportional.

The black demon ape in front of him has the strength equivalent to the five-star Wudi, and is probably equivalent to the four-star demon emperor.

But by the way, Chen Feng recognizes this kind of monster!

This kind of monster is just a one-star monster emperor, and now it has been upgraded to a full three major levels!

Reached the four-star monster emperor!

The black demon ape had fiercely gleaming eyes, and a pair of eyes were as big as a small mountain bag. They were all red and shimmering with red light. They kept looking around, fierce!

Chen Feng made a decisive decision and said in a deep voice, "Let's go!"

After that, he turned around and hurried away, leading everyone to leave quickly.

Chen Feng wasn't afraid of this beast, no matter how strong it was, it was only at the level of a five-star Wudi.

It is not difficult for Chen Feng to kill it.

But it is completely unnecessary.

What Chen Feng has to do now is to observe what's happening in the sorghum mountain, instead of just being brave and fighting here.

Soon, everyone left.

But the black demon ape didn't find them, and left angrily, and it turned upside down again.

After a while, Chen Feng suddenly heard from a distance, in the direction where the demon ape had left, a painful and stern roar came.

This roar was surprisingly from the black magic ape.

The roar and scream, the sound of fighting, is endless.

After a while, it was completely silent again and fell silent.

The voice of the black magic ape had completely disappeared.

Chen Feng and the others looked at each other and realized that this shows a terrible thing, that is, the black magic ape is very likely to have been arrested!

Even the black magic ape equivalent to the five-star Wudi can fight, what kind of terrifying monster is that?

Mei Wuxie said softly, "The mountain of sorghum, although it is not an extremely dangerous place on this Dragon Vein Continent, it has a vast area with a radius of hundreds of millions of miles."

"Inside, there is a four-star demon emperor, and even a five-star demon emperor's terrifying existence."

"These terrifying existences, if they mutate again, how terrifying is their strength?"

Chen Feng said in a deep voice, "Let's come here this time, and we will do everything in a low-key manner and make a fortune in silence."

Everyone readily obeyed orders.

Fortunately, Chen Feng didn't see any monsters mutated beyond the level of the two-star monster emperor.

If a monster of this level mutated, it would be terrible!

Chen Feng and the others continued to move forward, bypassing the mountain in front, and got a little closer to the center position.

Just when they had just stepped into the valley, suddenly, in front and back of everyone, several auras rose up.

In an instant, more than a dozen people appeared in front of and behind Chen Feng and others.

Everyone has a strong breath.

They were all wearing blood-colored clothes, and on that clothes was embroidered with white skulls.

The skeleton's mouth was still dripping with blood, looking terrifying.

The headed person seems to be in his 40s or 50s.

He is tall and has white hair.

The blood-colored robe on his body, the embroidered skulls are golden lines, and his identity is obviously higher than the others.

[Chapter 3936: You guys, sure, you want to rob me?](#)

He walked out slowly among the crowd, looking at Chen Feng and others, and finally his eyes fell on Chen Feng.

Then he smiled and said, "Boy, you want to enter this mountain of sorghum, right? No problem!"

He smiled, stretched out his right hand, and made a gesture of asking for money: "Leave to buy road money!"

"Oh, you want to buy road money?"

When Chen Feng saw it, he couldn't help but laugh, feeling quite interesting.

He hasn't been blocked and robbed for many years.

Now, Chen Fenggui is one of the most outstanding talents of the young generation in the Dragon Vein Continent, the first disciple of the Xuanyuan family's inner sect, and is famous on the Dragon Vein Continent.

At this moment, I actually met a few people who had just entered the Martial Emperor Realm, blocking the road and robbing.

There was an extremely absurd feeling in his heart: "They are going to rob me?"

He looked at these people and asked seriously: "Are you sure, you want to rob me?"

The tall and middle-aged person in white was shocked, looking at Chen Feng, suddenly feeling a little guilty in his heart.

But then the meaning of contempt in his heart rose, and secretly said: "They are so young, what cultivation skills can they have?"

He shouted arrogantly: "Yes, I just want to rob you, how?"

Chen Feng shook his head, feeling very interesting: "Not so."

Not only is he not afraid, he even wants to laugh somehow.

Chen Feng does feel very interesting.

And Chen Feng also keenly discovered some other things from his words.

Chen Feng looked at him and said calmly, "Dare to ask this, how do you call it?"

The middle-aged white-haired man stared at Chen Feng and others unblinkingly, watching their expressions.

When he saw Chen Feng and others met his group, he didn't show any panic expressions, his heart was abrupt.

After listening to his questions, my heart is even more awe-inspiring.

Because he couldn't see the depth of these people, he didn't know where they came from.

He settled, and said in his heart: "Fuck, what can these little rascals come from?"

"I can't see the truth or falsehood, it must be because I am afraid that my level is too low and I will be underestimated, so I used a treasure similar to the confusion!"

How did he know that the reason why Chen Feng and others were invisible to reality was because his level was too low, and Chen Feng and others were too high!

That's why this happens!

He said impatiently, "I'm Dou Fei'ang!"

"Oh? Dou Fei'ang, right?"

Chen Feng smiled and said, "It seems that the time is not short for you to do this business here."

"Is it possible that people often enter the mountain of sorghum during this period?"

Dou Feiang said, "Aren't you talking nonsense? Do you think that only you are smart people and everyone else is stupid?"

"Sorghum Mountain has such a big movement, who can't feel it?"

"Maybe those from the south, east, and west still can't feel it, but we warriors from the north are all clear, and everyone will naturally come in."

He chuckled: "If you don't touch me, it's all right. If you do, you will have to be struck by Laozi."

Chen Feng nodded slowly, and said a few more words, everything was clear in his heart.

It turned out that the sect to which Dou Feiang and others belonged was called the Skull Gate.

Said it is the Skeleton Gate, in fact, it is better to say it is a gang, and it is a little famous in this Northland.

However, it is only a small force that does not enter the stream.

Dou Feiang, the highest level, was nothing more than Nine Star Martial Emperor.

"Okay, boy, stop chirping here."

Dou Fei'ang said impatiently: "Why is there so much nonsense?"

After speaking, he stared at Chen Feng unblinkingly to see his reaction.

This is actually a temptation for Chen Feng.

If Chen Feng is really strong enough, he will naturally be furious at this time.

Otherwise, his guess is correct.

Chen Feng and Mei had no time to look at each other, both of them showed interesting expressions on their faces, as if they were saying, "Play with them?"

"Okay, then play with them."

The two reached a tacit understanding in an instant.

So Chen Feng turned his head.

He raised his eyebrows, his face looked like a smile but he didn't smile: "Oh? Really? What do you want?"

When Chen Feng said this, Dou Fei'ang's originally nervous heart suddenly became firm.

Because in his opinion, Chen Feng is a weak compromise and intends to pay for the road.

So of course it is impossible to be strong?

"Hahaha..."

Dou Fei'ang laughed loudly, looked at Chen Feng and the others unscrupulously, and touched his chin and said: "Not much, not much, only 10 million dragon blood amethysts."

Not only him, but the people at the Skeleton Gate around him also thought the same, and suddenly relaxed, and every one of them looked unscrupulous.

One of them suddenly had a certain look in his eyes and saw something.

He quickly said a few words in Dou Fei'ang's ear.

Dou Fei'ang's spirit was lifted, and his eyes fell on the faces of Mei Wuxian!

If the expression in his eyes just now belonged to the normal looting eyes, then when he saw Mei Wuxian's stunning women, his eyes suddenly became extremely greedy and hot.

With a trace of licentiousness.

He suddenly smiled, looked at Chen Feng and said, "Hey, kid, I changed my mind."

"Even if you pay for the road, it's not enough."

"Not enough?" Chen Feng raised his eyebrows and looked at him with cold eyes.

Dou Fei'ang smiled, and pointed to Mei Wuxie: "They have to stay too!"

He looked around, hehe smirked and said, "My brothers, I haven't seen any fishes these days."

After that, there was a burst of laughter.

The people at the Skeleton Gate around him also laughed presumptuously, and did not pay attention to Chen Feng and others at all.

They didn't know how powerful Chen Feng and others were, but just looking at his age, they felt that he was not strong enough.

Before, Chen Feng was too lazy to be familiar with them, but they regarded them as concessions and weakness.

Hearing this, before Chen Feng had time to say anything, Wu Linghan's eyes became cold and murderous intent appeared.

With a sneer at the corner of her mouth, she wanted to step forward.

Obviously she didn't intend to control her mood anymore, she wanted to kill all these people.

But at this moment, Chen Feng smiled slightly, and stopped her when he stretched out his hand.

Wu Linghan immediately looked at Chen Feng with a murderous look between his eyebrows.

Chen Feng smiled bitterly: "You fellow, don't be so bad-tempered, and don't be so anxious."

"Relax, everything has me."

"With me, can you still do it?"

After that, he turned to look at Dou Fei'ang.

At this moment, the smile on Chen Feng's face has not disappeared, but his smile is particularly cold.

Dou Fei'ang somehow, after touching Chen Feng's gaze, he trembled severely in his heart.

Suddenly a very ominous premonition surged.

[Chapter 3937: However, it's just a snap!](#)

He swallowed and suppressed this emotion forcibly, then stared at Chen Feng, gritted his teeth and said, "Boy, what are you doing in a daze?"

"Don't hurry up and send ten million dragon blood amethysts plus these two girls!"

Chen Feng looked at him, sighed lightly, and suddenly said lightly: "Doo Fei'ang, do you know?"

"Actually, I didn't want to do it at first."

"I just want to ask you a few words, let you answer a few questions, and then we will be in peace."

"Even, as a reward for answering your questions, it doesn't matter if I really give you these ten million dragon blood amethysts."

"After all, I, Chen Feng, is a reasonable person, so I get what I need!"

"but!"

The smile at the corner of Chen Feng's mouth suddenly became stern: "You have let me down!"

Dou Fei'ang swallowed again, the ominous premonition in his heart getting stronger and stronger.

He turned and looked around, but felt that he could no longer lose face under his hands.

So he held on and looked at Chen Feng, and smiled disdainfully: "Boy, what are you?"

"It's just a few low-level juniors who dare to force it in front of me?"

"Think I didn't know? You have no strength at all! But you are here to help you face up!"

After he said this, he seemed to be able to embolden himself.

The more I say it, the more courage I get, I really feel that this is the case.

So the courage is even stronger.

He came to Chen Feng and looked at him provocatively, with his hands almost pointing to his nose, saying every word:

"What can you do with us?"

"You, is it possible to kill us?"

After all, there was another burst of disdain.

Everyone at the Skeleton Gate laughed out loud.

At this time, Chen Feng only slowly said one sentence: "Kill you, wait, just a finger!"

As soon as this statement was made, in an instant, seven minutes was frozen!

The next moment, Chen Feng stretched out two fingers.

He did nothing, he just flicked his fingers.

As Chen Feng flicked his fingers, all those in the Skeleton Gate felt that the world seemed to have changed!

They only felt that the world in front of them seemed to be revolving, and the stars were moving!

In the next moment, a huge and incomparable pressure squeezed towards them from all around!

At this moment, they felt as if there were countless mountains, thinking about pressing them down,

They felt that their dantian was in severe pain, as if they were about to be stretched alive.

They want to struggle, but they can't.

The whole body was on the verge of collapse in an instant.

With their strength, it is impossible to resist!

They all cause extreme fear and regret in their hearts.

Because at this time they have realized that this young man who they think is low in strength is actually terrifyingly powerful!

With just a single finger, they are all in a desperate situation!

At this moment, a thought flashed in their hearts at the same time: "I'm so regretful, why should I say that?"

Their eyes were filled with shock and despair, and they screamed.

Suddenly, a person from the Skeleton Gate trembled violently.

It was like being caught by a big hand, and then shaking fiercely.

Then, with a wow, a big mouthful of blood spewed out and fell heavily to the ground, his eyes dimmed for an instant.

Obviously dead.

And not just him, almost in this instant, all of these dozens of Skeleton Gate people were directly bounced from the ground, and then spewed blood in the air.

Then, land and die!

Just a snap!

Chen Feng just flicked his finger, and they all died clean!

At this time, Dou Feiang was the only one standing in place.

The expression on his face was still a little confused at this time, the look in his eyes was still a little confused, he didn't seem to come back to his senses, and he didn't realize what was happening before him.

But the next moment, he realized what had happened.

Suddenly, the confusion in his eyes turned into a terrifying shock!

He suddenly let out a scream like a chicken: "What? Are all dead? They are all dead?"

In the next moment, that fear was surging like a tide, and drowned him!

Because he suddenly realized that the young man opposite was just talking about his fingers!

These strong men under his own are all dead!

what does this mean?

This means that people like myself, in front of him, are not worth mentioning and vulnerable!

It can be killed at will!

He suddenly raised his head and looked at Chen Feng, with extreme fear flashing in his eyes!

At this moment, Chen Feng looked at him, suddenly smiled, and then raised his hand.

Suddenly, Dou Fei'ang felt that a huge and incomparable force had come!

Then, his body flew out fiercely and hit the ground.

He felt the bones all over his body broken, he fell there, couldn't stand up, trembling all over, blood spurted wildly.

Suddenly he realized something suddenly, and struggled to get up, knelt there, repeatedly kowtow.

Chen Feng looked at Dou Fei'ang. Dou Fei'ang was like a dog wagging his tail at this time, with unspeakable fear in his eyes.

The smile on Chen Feng's face was particularly cruel: "Dou Fei'ang, don't you want 10 million dragon blood amethyst?"

"Okay, I'll give it to you!"

In the next moment, a golden thread kit appeared on Dou Fei'ang's head, hanging there!

Then, the opening of the golden thread kit opened.

Suddenly, a huge amount of dragon blood amethyst poured out from it.

Dou Feiang was stunned for a moment, still didn't understand what was going on, but it felt like it must be bad.

Then, he instinctively raised his head and saw the countless dragon blood amethysts pouring down.

This kind of light is what he likes most in his daily life.

But now, as far as he is concerned, it is no less than the light that kills you!

The huge amount of dragon blood amethyst turned into a waterfall and poured down like a waterfall, smashing his bones, breaking his bones, and vomiting blood.

In the end, he could only lie on the ground, unable to maintain his figure anymore.

Lie on the ground, let the dragon blood amethyst smash down fiercely.

Ten million dragon blood amethysts, it will take some time to finish.

And when all the dragon blood amethyst flowed down. Dou Fei'ang was lying on the ground, with only the last breath left.

There were countless wounds on his body, blood in his eyes, ears, nose, and mouth. He looked miserable and could die at any time.

Chen Feng walked to him, looked down at her, and whispered:

"Do you know? If you just provoke me, then I will at most teach you a lesson, abolish the cultivation base, and drive you away, but I will never do that."

"You are at fault!"

His voice suddenly became cold and stern, as biting as the cold wind in the far north, the mountain of sorghum:

[Chapter 3938: Is someone in distress?](#)

"I shouldn't hit my friend with an idea!"

Looking at Chen Feng, Dou Fei'ang's eyes flashed with extreme regret.

He suddenly cried out with a crying voice: "I regret it, why should I say such a thing!"

Chen Feng smiled slightly: "It's too late to regret now."

"Since the mouth is cheap, if you dare to say that, you must be prepared to pay the price!"

Dou Fei'ang howled and cried, paralyzed there like a puddle of mud.

At this moment, if the people who had been killed by him before saw this scene of him, they would definitely feel surprised and relieved.

In front of them, Dou Fei'ang, who was extremely domineering and fierce, was a puddle of mud in front of Chen Feng.

However, Chen Feng did not intend to let him go.

He walked up to Dou Fei'ang, knelt down and looked at him, smiled and said, "Now, tell me all the news you know."

Dou Feiang looked at Chen Feng with a bitter expression on his face, and shouted sharply: "What if I don't tell?"

Chen Feng smiled faintly and shook his fingers: "You can try it."

In the next moment, a screaming scream sounded again, mixed with Dou Fei'ang's crazy begging for mercy:

"I said, I said, what do I tell you..."

After all, he just told all the news he knew, like pour out beans in a bamboo tube.

After listening to him, Chen Feng, Mei Wuxiao and the others looked at each other thoughtfully.

Although Dou Feiang is not strong, their Skeleton Gate has been here in the Sorghum Mountain for a long time.

Therefore, he knew a lot of news.

The reason why the mountain of sorghum has become like this is exactly what Chen Feng and Mei Wuxian expected before, because an extremely huge meteorite hit the mountain of sorghum.

Moreover, this meteorite hit the core position of the sorghum mountain.

This meteorite is extremely huge, it is said that it is even the size of a mountain range.

A meteorite with a radius of several hundred meters fell on the Dragon Vein Continent, and it was enough to turn thousands of kilometers into ruins, let alone a meteorite as huge as a mountain range.

After this meteorite fell, it instantly caused an abnormal change in the Sorghum Mountain.

In about a year or so, it became like this.

And these warriors, who are relatively close to the mountain of sorghum, also broke into it one after another, looking for opportunities and treasures.

Because with the abnormal changes brought about by this meteorite, the entire mountain of sorghum has become a boiling treasure house.

All kinds of rare and exotic treasures were born in shock, and many things that were not originally rare and exotic treasures were turned into rare and exotic treasures abruptly!

That is to say, their strength is limited, and they dare not go deep into the core part, but only dare to pick up points on the periphery.

But later, after the news spread, strong people from the Dragon Vein Continent continued to come here.

They are specifically looking for these weaker warriors to start.

Chen Feng asked what was on his meteorite, but he didn't know, after all, the level was too low.

Asked him about the news about the City Lord and his party, but he was also at a loss.

Obviously, there is no way to reach the strong at this level.

Chen Fengzai inquired carefully several times, and after making sure that there were no omissions, he nodded and stood up.

Now, although he still doesn't know many things, through Dou Fei'ang, he already has some understanding of the general situation, and it is quite rewarding.

Chen Feng then turned around and left, Dou Fei'ang, who didn't even care about it.

Although Dou Fei'ang was still breathing at this time, he was actually dead.

The mountain of sorghum is in danger at this time, and the \*\*\*\* smell here will soon attract those violent mutant monsters.

Seeing Chen Feng and others about to leave, thinking of his miserable end, Dou Fei'ang screamed: "Please, help me..."

Before Chen Feng spoke, Wu Linghan next to him turned around and smiled slightly: "Say one more word, I will kill you now."

Next, did Chen Feng and others head toward the depths of the sorghum mountain.

Soon, three days are over.

During these three days, Chen Feng and others encountered a lot of danger, but they also heard a lot of news.

Chen Feng felt that the truth seemed to be slowly coming to him.

However, it lingers like a layer of mist.

In three days, Chen Feng and others had slowly approached the outer edge of the core.

And the monster beast encountered here is also stronger.

At every turn is the existence of a three-star four-star demon emperor.

Looking at the sky, the huge monster beast that covered the sky and covered the sun slowly moved away, Chen Feng sighed softly.

"Now this mountain of sorghum has become a dangerous place above the Dragon Vein Continent, gathering countless extremely high-level powerhouses and monsters."

Like the giant monster beast that just flew past, its strength is almost comparable to the Six-Star Martial Emperor.

Even Chen Feng had to avoid his edge.

And just as Chen Feng was about to continue on his way, suddenly a beam of light burst into the sky far away.

When Chen Feng looked into the distance, he saw that a huge firework exploded above the sky.

And when the fireworks exploded, two huge ancient seals were formed, exactly the word 'Xuanyuan'!

Xuanyuan!

Chen Feng looked at it, and suddenly frowned.

It turns out that this firework pattern is exactly the distress signal released by the disciples of the Xuanyuan family's inner sect when they are in danger!

Although other members of the Xuanyuan family's inner sect are not very close to him, Chen Feng is a member of the Xuanyuan family after all.

The inner sect of Xuanyuan family has a deep affection for him.

Naturally, Chen Fengfeng wouldn't sit idly by when something happened to the Xuanyuan family disciple!

Before Chen Feng and the others had time to rush, suddenly in the direction where the fireworks rose, a force suddenly surged out.

Disperse the fireworks above the sky directly!

After seeing this, Chen Feng raised his eyebrows, and was a little eager in his heart: "The strength is quite high. It seems that this person who is doing hands has already reached the Martial Emperor Realm!"

His face was cold: "Dare to touch my Xuanyuan family members?"

"I want to see, who has the courage!"

After all, a group of people rushed towards there.

The place where the fireworks bloom is not far from here, but in a moment, Chen Feng and others have already arrived.

This is a valley, full of broken peaks, scattered boulders, and canine teeth, looking quite sinister.

In front of Chen Feng and the others, there was a low mountain.

Behind the mountain, the sound of shouting to kill was heard.

Chen Feng didn't act rashly. With a flash, he came to the top of the mountain, behind a large rock, and looked out.

After seeing what happened, Chen Feng frowned immediately.

[Chapter 3939: I just bully you!](#)

It turned out that the situation in the valley at this time was a little bit beyond Chen Feng's expectations.

There were a lot of people inside, and they were divided into several factions, each standing scattered.

Chen Feng's eyes swept away to see the situation clearly.

Standing in the nearest position where Chen Feng stood, there were about 20 or 30 people, most of whom were wearing white clothes.

And surrounded by them are several people in golden robes.

Each of them had embroidered patterns of one or several small medicine pots on their clothes.

Chen Feng couldn't be more familiar with this pattern.

Because he used to have it before!

This is actually the symbol of the Alchemist Association.

"There are actually a group of pharmacists here? Which force are they from the pharmacist association? Why are they here?"

Chen Feng raised his eyebrows, then looked aside.

When Chen Feng saw a group of people not far away, he was immediately happy.

It turned out that these people were actually his old acquaintances.

Most of these people, Chen Feng, knew each other, and they were all members of the Foundry Association.

Moreover, they had been to the Xuanyuan family's Inner Sect.

Chen Feng's heart is basically clear:

"These people belong to the major forces, and they certainly won't be agreed upon."

"Presumably, I didn't know where I learned about the change in this mountain of sorghum, so I came here."

"However, they definitely don't know the news I got from Tianzi City, nor how terrifying the secret behind it."

"These people are not a big threat to me."

Most of these people can be regarded as Chen Feng's competitors.

But after Chen Feng saw them appear, he was not surprised and delighted.

The presence of these people means that the real secret of the Sorghum Mountain has not yet been given.

Otherwise, they must have all separated now.

To the west of the crowd, the group of people standing, Chen Feng raised his eyebrows slightly after seeing it, his eyes were a little serious.

Not because of how strong these people are, but because these people give him a familiar feeling.

These people are all wearing cyan shirts, which are extremely simple and without embroidered patterns.

However, the material is very special, with a cyan brilliance lingering on it.

The cyan brilliance carries a trace of wood attributes and a trace of aquatic genus that resembles sea water.

The most important thing is that Chen Feng felt that the aura in them was very familiar to him.

Chen Feng glanced over them.

There are about a dozen of these people, and Chen Feng is sure that he has never seen any of them.

But the next moment, Chen Feng suddenly remembered: "I know why I feel so familiar, even a little close!"

"It turns out that the aura on their bodies is so similar to that of Ziyue!"

Chen Feng surprisingly discovered that although the auras of these people were different from Ying Ziyue, they were somewhat similar.

Then, their identities are ready to come out!

"The practice is similar to Ziyue, so they are the winners of the East!"

Chen Feng looked at these people in Tsing Yi.

At this time, they were also the most active, all shouting loudly and yelling, with an extremely arrogant attitude.

On the contrary, the Association of Founders and Alchemists were watching coldly.

Chen Feng looked in the field.

I saw three people surrounded by the crowd.

Chen Feng looked familiar with two of them.

Then I remembered that these two people had met before.

They are named Ji Yingbo and Xin Tianyu.

Among the inner sects of the Xuanyuan family, he can be regarded as quite an outstanding disciple. He has also met Chen Feng and honored him as Senior Brother Chen Feng.

Chen Feng is also quite respectful.

At this time, it was a middle-aged Tsing Yi who played against them.

From the appearance of his clothes, it seems that this person is the winner of the Eastern Wilderness.

The middle-aged Tsing Yi, with disdain on his face, looked at Ji Yingbo and Xin Tianyu with playful eyes.

And his hands are unambiguous.

Although it was Ji Yingbo and Xin Tianyu who were fighting against him, the two of them were completely under the wind, and he was overwhelmed with breath.

Chen Feng looked at it intently and found that the strength of this middle-aged Tsing Yi was probably around the early days of Emperor Wu of Samsung.

As for Ji Yingbo and Xin Tianyu, the strongest is nothing more than the peak of Emperor Wudi.

So naturally he was easily suppressed.

At this time, Ji Yingbo and Xin Tianyu already had multiple wounds on their bodies, all covered with blood, and their injuries were not light.

Suddenly, Tsing Yi's middle-aged figure flashed, and a palm was slapped on Xin Tianyu's shoulder.

There was a crisp sound of broken bones, Xin Tianyu snorted, and a mouthful of blood spurted out.

Then, the middle-aged Tsing Yi kicked Ji Yingbo away.

He stood in place, laughing, his laughter was full of disdain and arrogance:

"It turns out that the disciple of the Xuanyuan family's inner sect has this strength!"

"I also deserve to be called one of the nine powers with me as the winner of the Eastern Wilderness? What are you guys?"

After all, there was another burst of wild laughter.

Behind him, the many winners of the Eastern Wilderness also laughed wildly!

"The winner of the Eastern Wilderness actually did something with the Xuanyuan family?"

Chen Feng twisted his brows, and suddenly felt very troublesome in his heart.

He is a member of the Xuanyuan family, but the woman he cherishes, the girl Ziyue who has a deep affection for him, is the winner of the Eastern Wilderness!

Therefore, Chen Feng has always been unwilling to meet the winner of the Eastern Wilderness, and he does not want to embarrass Ziyue.

But now, it is such a situation.

Those who were the winners of the Eastern Wilderness screamed: "Old Yao, good job!"

"Hahaha, these Xuanyuan family members have always been arrogant, and I don't even think about it now. Even their great elder Xuanyuan Zixi is dead. Their Xuanyuan family's strength is now greatly damaged, where is there any arrogant capital?"

"That's it, so hard to teach these two dogs from the Xuanyuan family's inner sect, how dare you rob us of the Eastern Wilderness winner?"

It turned out that Tsing Yi's middle-aged name was Yao Xingjian, who was the guest of the Eastern Wilderness winner.

Yao Xingjian smiled grimly at this time, slowly pushing towards Ji Yingbo and Xin Tianyu who fell to the ground.

Ji Yingbo is a hard bone, and he is not afraid at this time, gritting his teeth, full of anger, and shouting loudly:

"What robbed you of the Eastern Wilderness winner?"

"This treasure was clearly discovered by Junior Brother and I!"

"It is you who are the winners of the Eastern Wilderness who want to \*\*\*\* the treasure after seeing the treasure, but also commit murder!"

"Do you winners of the Eastern Wilderness also deserve to be one of the nine powers?"

After what he said, the people of the Eastern Wilderness winners were very upset, with ugly faces.

Chen Feng was watching from the side, and his eyes suddenly became colder.

Obviously, what Ji Yingbo said was the truth.

Yao Xingjian said bitterly: "Yes, I just bullied your Xuanyuan family, how about it?"

[Chapter 3940: I, Chen Feng, give you this opportunity!](#)

"We just don't make sense, so what?"

He shook his fist: "I am stronger than you, so I can bully you! I can steal the treasures you like!"

Ji Yingbo did not show any weakness, and said with a sneer: "You are also bullying and bullying us both."

"The two of us are in the Xuanyuan family's inner sect. We are just ordinary disciples, with low strength."

"What is your ability to bully the two of us?"

He spit on the ground: "I tell you, if our Xuanyuan family's inner sect Brother Chen Feng is here!"

There was a look of admiration in his eyes, obviously admiring Chen Feng extremely.

"He can crush you with one hand!"

"is it?"

Yao Xingjian sneered and said: "Your Xuanyuan family's inner sect has a false name, but in fact it is a group of waste."

"Then Chen Feng, I don't think so!"

He raised his chin and his face was arrogant and disdainful: "Then Chen Feng is not here. If he is here, I will beat him to the ground and kowtow to me for mercy!"

"Do you think it?"

He turned around and laughed loudly at the winners of the Eastern Wilderness.

Everyone in the Eastern Wilderness winner laughed wildly: "Yes, it makes sense!"

"Hahaha, that is, Chen Feng is not here, otherwise she must know how powerful Yao Xingjian is!"

"That's right, then Chen Feng, which is just a false name, is it a thing?"

Everyone in the Eastern Wilderness winners swears at Chen Feng.

But at this time, behind the boulder, the voice came over.

Mei Wuxian and Wu Linghan looked at Chen Feng with a hint of worry in their eyes.

Chen Feng took a breath, and the hesitation on his face just disappeared.

On the contrary, with a trace of resoluteness and determination, it seems that some decision has already been made!

"okay!"

At this moment, one of the winners of the Eastern Wilderness suddenly spoke slowly.

After he spoke, everyone else in the Eastern Wilderness Winner immediately stopped talking.

Obviously, this person has the highest status as the winner of the Eastern Wilderness.

This is a burly young man, who looks quite calm, but his eyes are a bit strange and cruel.

He looked younger than Yao Xingjian, but Yao Xingjian was extremely respectful to him, and immediately leaned forward and said, "Master Jinglun, please give your instructions."

This burly young man, named Ying Jinglun, is a side branch of the winner, but he is powerful, and therefore has the highest status among these people.

He slowly said: "The Xuanyuan family is also one of the nine forces after all.

"However, if the two of them dare to \*\*\*\* the things of our Eastern Wilderness winners, then there is no need to forgive them."

"Abolish their cultivation base and throw them here to fend for themselves!"

"Yes, my lord!"

Yao Xingjian smiled grimly, and forced him towards Ji Yingbo and Xin Tianyu.

Chen Feng sighed slightly, but there was a firm look in his eyes, which suddenly became stronger.

Finally, it turned into a strong belief and indestructible will!

He slowly lowered his head, and whispered to Mei Wuxian and Wu Linghan:

"Xuanyuan Zixi is the elder of the Xuanyuan family."

"Although he has a private grudge with me, he will kill me. If I don't kill him, he will kill me, so I have to do it."

"But, after all, he is still the elder of the inner sect of the Xuanyuan family, the facade and support of the inner sect of the Xuanyuan family!"

"His death caused the son of the Xuanyuan family to be bullied outside. Since I killed him, then!"

Chen Feng's eyes sparkled with brilliance, and his fists slowly clenched: "I will hold it up, the facade of the Xuanyuan family's inner sect!"

"The Xuanyuan family's face lost because of the loss of him, that fighting power, that prestige that people are jealous of!"

Chen Feng said solemnly: "I will earn it all again!"

After all, Chen Feng stepped forward without hesitation.

At this time, Yao Xingjian was about to do it, but he heard a sneer: "The person who touched my Xuanyuan family, have you asked my opinion?"

As soon as this statement came out, everyone in the field was shocked, with a look of surprise on their faces.

Everyone looked in the direction of the sound.

Then, they saw that several people slowly walked out from behind the rock.

The first one is tall and handsome, quite extraordinary.

And a few people followed behind him.

After seeing them appear, everyone suddenly had different expressions.

People in the Alchemist Association are quite indifferent.

The winners of the Eastern Wilderness have a chill on their faces.

Especially Yao Xingjian glanced up and down at Chen Feng, then sneered disdainfully:

"Where is the little bastard? The hair hasn't grown, so he dare to learn from others and mess around?"

Obviously, they regarded Chen Feng as a warrior passing by here.

But Ji Yingbo and Xin Tianyu were excited at this time and shouted: "Brother Chen Feng, is it you?"

"Chen Feng?"

Everyone was shocked when they heard this name.

At this time, Chen Feng looked at Yao Xingjian, and smiled, "You are called Yao Xingjian, right?"

"Just now, didn't you say that you want to beat Chen to my knees and beg for mercy?"

"Now, Chen is here, I will give you this opportunity!"

The scene was quiet for a moment.

After all, Chen Feng has a big name, no one does not know these two words!

The next moment, there was a burst of low voice of discussion.

"He is Chen Feng? So he is so young?"

"I have long heard that Chen Feng's young Yingjie has extremely strong strength at a young age. I didn't expect him to look like only twenty people!"

"Nonsense, if you get older, can you still be called Young Hero?"

At this time, Yao Xingjian was also surprised.

He never thought that Chen Feng would be so young.

After all, in his opinion, Chen Feng has a great name, so he should have been practicing for many years.

But then, a touch of joy rose in his heart.

"Chen Feng, at such a young age, where can his cultivation be high?"

"Most of his reputation before was obtained by fluke, but today is a great opportunity for me!"

He looked at Chen Feng, his eyes became hot instantly, and the expression on his face became fierce.

"If I can defeat him today, then I must be famous!"

At this time, after hearing about Chen Feng's name, the person who practiced the Pharmacist Association and the Eastern Wilderness winner did not react too drastically.

Those from the Pharmacist Association just looked at Chen Feng coldly, only a few of them were surprised.

They had seen too many geniuses, and Chen Feng could not shock them.

Those who were the winners of the Eastern Wilderness all had cold expressions. Looking at Chen Feng, many people's eyes were full of provocation.
