

Peerless 3951

[Chapter 3951: Break into the secret of Jiuxing Wudi!](#)

Their previous attention was focused on Chen Feng and Mei Wuxian, and they didn't notice at all. Only then did they discover Wu Linghan and Chu Ci behind Chen Feng!

Suddenly, the expressions on everyone's faces became extremely weird.

"I said, why didn't Wu Linghan come back? It turned out to be following Chen Feng!"

"What a shame! Being beaten by Chen Feng is a mess. Even the most talented and beautiful woman in our Foundry Association has followed him! What a shame!"

Many people were heartbroken, but no one dared to speak out.

The people of the Eastern Wilderness Winner also helped Yao Xingjian and Ying Jinglun up and prepared to leave.

Chen Feng did not stop them.

When the Donghuang winners were leaving, only Yao Xingjian and Ying Jinglun had a bitter expression on their faces, but the others did not.

They have been beaten by Chen Feng!

People from the Foundry Association also wanted to leave, but Chen Feng smiled slightly: "Everyone, wait a minute."

Suddenly, everyone in the Foundry Association changed their faces, and they didn't know what Chen Feng was going to do.

Chen Feng smiled and said, "Don't worry, you guys and I are a little bit incense. It won't be difficult for you."

"Leaving you all here, I just want to ask some questions about this mountain of sorghum."

Hearing what he said, everyone was relieved.

Then, Chen Feng asked them to tell all the news they knew.

After hearing it, I learned that it has been more than a month since the people from the Foundry Association came here.

These people originally went to the Xuanyuan Clan to inquire about their guilt, but Chen Feng had taken care of them, and all of them were disgraced.

After returning to the Foundry Association, they were also condemned, and they were sent directly to the North Branch of the Foundry Association.

But I didn't expect that they were here by coincidence.

It just so happened that the news of the change in the mountain of sorghum came, and the people in charge of the Northland Branch did not wait to see them who were sent over.

Knowing that this place is more dangerous, just send them here to have a look.

In this month, they have all mixed up here, but they also know a lot of things.

"How to say?"

Chen Feng raised his eyebrows and looked at the leader of the Foundry Association.

This calm middle-aged man in his forties thought for a moment, and then said carefully: "Master Chen, the news we got is in exchange for life."

"But, since you have spoken, then we should know that we are all talking, and we are all talking."

"I thought about it, the most useful news we got should be three!"

"it is good!"

Chen Feng was also very straightforward: "Tell me all three pieces of information, and I will let you go."

The calm middle-aged man nodded. Obviously he didn't want to let others know the news, so he took Chen Feng to the side and whispered, "Master Chen Feng, here is Yu Shaoyuan."

Chen Feng knew what he meant. He said his name and surname here at this time, obviously to let himself lead him, and it would be considered a favor.

Chen Feng looked at him and said lightly: "If you have anything in the future, raise it as soon as possible."

"If Chen Feng can help, at least I will do you a favor!"

Yu Shaoyuan was overjoyed and quickly thanked him, and naturally he did his best.

He said in a deep voice, "The first secret is that the meteorite that fell this time contains a great secret, even the secret of how to break through to the nine-star martial emperor, and even reach a higher realm than the nine-star martial emperor. what!"

"what?"

After hearing this, Chen Feng couldn't help but tremble fiercely, and an extremely inexplicable emotion surged in his heart.

That emotion contained shock, confusion, and a trace of unspeakable expectations!

"It's about how to break through the nine-star Wudi? Is it even the secret of surpassing the nine-star Wudi?"

As far as Chen Feng knows, even a powerhouse at the level of the supreme master of the nine major forces is only a six-star Wudi!

The highest, but only Qixing Wudi!

Jiuxing Wudi, he heard that there existed on the Dragon Vein Continent, but now Chen Feng didn't even know whether there was a Jiuxing Wudi!

It is possible that no one has broken through to Emperor Wudi in the Dragon Vein Continent!

It is said that after reaching the realm of the nine-star Wudi, the strength is completely different from the eight-star Wudi below.

It can even be said that breaking into the Nine Star Martial Emperor is a great leap!

Jiuxing Wudi can truly be called a peerless powerhouse who moved mountains and reclaimed the sea!

It can be frozen for thousands of miles, but the flames can be thousands of miles!

You can break the mountains with one punch!

One palm can cut off the river!

It is said that on the Dragon Vein Continent, the strongest person ever to appear is Jiuxing Wudi!

And there is no one who has surpassed Jiuxing Wudi!

As for the reason, Chen Feng didn't know, and no one knew.

So, how can this make Chen Feng not shocked?

Chen Feng didn't dare to surpass Jiuxing Wudi, but if he could reach Jiuxing Wudi, he could be called the first person in the Dragon Vessel Continent!

Chen Feng's breathing became heavy instantly!

On the contrary, Yu Shaoyuan remained as usual.

Because he also knew that he couldn't get this secret with his own ability.

With his qualifications, even if he had obtained this secret, he would not be able to break through to Emperor Wudi of Nine Stars.

After a while, Chen Feng's excitement calmed down.

He slowly clenched his fists, and the voice in his heart became extremely clear and strong: "This secret must be mine! It can only be mine!"

Chen Feng is Chen Feng after all. After a while, he regained his senses and said in a deep voice, "So, what about the second secret?"

"The second secret is..."

Yu Shaoyuan looked around and suddenly took a palm.

Chen Feng frowned, but did not move.

Yu Shaoyuan has no threat to him.

As expected, Yu Shaoyuan didn't dare to hit Chen Feng. He just shot it out with a palm, and shot a giant wolf that was tens of meters high, which seemed to be a wolf-like monster before it mutated.

Then came to the giant wolf.

After groping for a while on its corpse, it hit the third joint of the spine with a fierce blow.

After a while, a small bead was taken out of it.

The moment Chen Feng saw this bead, his brows wrinkled.

This bead is not small, it is about the size of a dove egg and has an oval shape.

And this bead is clearly a transparent purple, with brilliant brilliance, and the light can shine about a foot or so, but the existence of Piansheng is indeed sealed like a black air.

The black air rushed from left to right inside.

Chen Feng clearly saw that the black qi turned into countless demons inside, and it even made a stern devil cry.

When Chen Feng heard it, he couldn't help but feel a little trembling, his eardrums bulged, and his heart felt uncomfortable.

Chen Feng looked at it for a moment, and it became clear in his heart.

[Chapter 3952: Korean version](#)

Inside this bead, I thought it was to seal some tyrannical devilish energy from nowhere.

It was also this devilish energy that made this monster beast so powerful after it mutated.

His heart suddenly moved, as if thinking of something.

Yu Shaoyuan smiled and said, "Master Chen Feng is indeed a genius of heaven, you must have thought of it, the devilish energy sealed in this bead is the source of this monster's mutation."

"And, the source of his power!"

"The root of strength!" *novelUsb.com*

Chen Feng slowly spit out these four words.

"Yes!"

Yu Shaoyuan said: "It's all power is in this pearl."

Sure enough, Chen Feng looked at the corpse, and saw that the corpse had already decayed rapidly at this time, directly turning into a pool of withered bones, without any trace of strength.

Yu Shaoyuan turned the magic beads glowing with purple light in his hands: "When we first came here, we didn't know the existence of this kind of beads."

"Later, it was discovered that someone in this mountain of sorghum bought this kind of beads at a high price, so they left their minds."

"Our Association of Forgers, after all, is dealing with this thing, and soon discovered the power in it, very evil and weird."

"But, very powerful!"

"If it can be drawn out, then as long as it is poured into a weapon, the weapon will become a magic weapon!"

"Not only will the effect be much stronger, but also several very powerful and terrifying powers can be added!"

He paused, with indescribable drunkenness in his eyes:

"Moreover, if there is a special technique, you can even absorb this power directly!"

"The effect of absorption is no less than any kind of natural treasure!"

Chen Feng nodded: "That's it!"

"The stronger the mutant monster beast, the more likely it is to appear in the body!"

Yu Shaoyuan smiled and said, "This object is called the Purple Devil Bead. From now on, Master Chen, you will start to pay attention."

Chen Feng nodded.

Then asked: "What about the third secret?"

"The third secret is..."

Yu Shaoyuan smiled and said, "Master Chen, maybe he is not satisfied with the news from me."

"However, you may not be able to find someone who provides more information."

Chen Feng did not speak, but waited for him to continue.

Yu Shaoyuan said solemnly: "However, there is another person here who can provide almost all the information you want!"

"Oh?"

Chen Feng raised his brows with great interest.

Yu Shaoyuan arrived: "This person is named Xian Yu Gaowen."

"What is his background?" Chen Feng asked.

"This is rare in Gao Wen, and he is a strong man living in seclusion on the mountain of sorghum."

"He doesn't have a sect, and he doesn't have any family. He is just alone, but his strength is extremely strong. He should have reached the pinnacle of the four-star Martial Emperor."

Chen Feng slowly nodded: "Four-star Wudi peak, around this mountain of sorghum can really be the king and hegemony."

Yu Shaoyuan continued: "He is a four-star martial emperor, not only has a high realm and terrifying power, but he is also very good at tracking."

"So, before that, I used to sell all kinds of news."

"There is almost no news about the Northland that can escape his eyes."

"Later, after the mutation of the mountain of sorghum began to appear, a large number of people poured in, and he was able to resell all kinds of news."

Chen Feng nodded: "That's it."

He remembered the name.

These three secrets are now over.

Chen Feng suddenly looked at this calm middle-aged Yu Shaoyuan, and said word by word: "I have one last question for you."

Yu Shaoyuan took a deep breath. He knew that this should be the most critical question:

"Master Chen Feng, please say!"

Chen Feng stared at him and said solemnly: "The City Lord of Chaoge Tianzi City and others, as far as I know, have already come to this mountain of sorghum."

"Do you know where they are?"

It turned out that what Chen Feng cared most at this time was the traces of the lord of Chaoge Emperor City and his party.

One thing Chen Feng knows very well is that he can sit in the position of the city lord of Chaoge Tianzi City, become a powerhouse that can reach or exceed the six-star Wudi, and can dominate Chaoge Tianzi City for a hundred years!

The city lord of Chaoge Emperor City is definitely not a fool!

On the contrary, not only was he not stupid, but he was extremely powerful, and the city was extremely deep.

Not to mention, there are many top powers under his hand.

And the most important point is that they have been here for a long time!

Therefore, one thing Chen Feng knows very well is that the information they have and what they know is definitely countless times more than that of himself!

It is even possible that they have approached the mountain of sorghum, the core of the ultimate secret of the meteorite that day!

So Chen Feng knew that he didn't need to bother to find it, and he didn't need to try to explore those secrets ungraciously.

All you have to do is to grasp one thing: follow Zhun Chaoge's emperor city lord!

Then, the fisherman profited behind them!

Then, all the benefits belong to him.

Therefore, Chen Feng is extremely concerned about this issue.

After Yu Shaoyuan heard this, he frowned, then shook his head and smiled bitterly:

"Master Chen Feng, I will not cover up with you, the City Lord of Chaoge Tianzi City and others, I have indeed heard of them appearing in the Gaoliang Mountain."

"But you also know that this mountain of sorghum is vast, and all of us are slowly advancing from the edge to the core."

"And it is said that where we are now..."

He pointed to his feet and said: "The City Lord of Chaoge Emperor City has been here several months ago and left."

"So, I don't know where they are now."

Chen Feng nodded, feeling clear.

He knew that Yu Shaoyuan did not lie.

"Have you been away from this place for several months? Then, if you think about it, it should be close to the core of the mountain of sorghum!"

Yu Shaoyuan said, "Master Chen, don't worry. Although I don't know where they are, one person definitely knows."

Chen Feng immediately realized what he was saying: "Is that the person you told me about the third secret?"

"Yes!"

"Anyone who comes here can hardly escape his tracking!"

"Good!" Chen Feng said slowly: "Then I will go to him and ask."

Yu Shaoyuan smiled bitterly: "I'm afraid I can't ask, I have to buy it."

"Xian Yu Gaowen, who has always been unprofitable and can't afford it early, will never give you news for no reason."

Chen Feng nodded slowly, feeling clear.

As everyone left, Chen Feng was also ready to continue on his way.

At this time, Ji Yingbo and Xin Tianyu had already slowed down.

The two walked to Chen Feng and looked at him with admiration.

[Chapter 3953: Bronze shards](#)

They had known for a long time that Senior Brother Chen Feng was very strong, so powerful that the younger generation of the Xuanyuan family's inner sect was invincible, but they didn't expect him to be so powerful outside! So domineering!

So far, both of them are convinced of Chen Feng.

"Senior Brother Chen Feng is the one who can truly carry the Xuanyuan Family on his shoulders!"

They all sigh in their hearts!

Chen Feng looked at the two of them, and then took out two pills, and said softly: "These two pills can restore your two to about 40% of the strength."

"Although it will not be cured, self-protection should be enough."

"This mountain of sorghum is too dangerous, you two should go back earlier!"

Both of them were awe-inspiring, and thanked them again.

Chen Feng didn't want to waste too much time here, just to leave.

At this time, Ji Yingbo suddenly shouted: "Brother Chen Feng, wait a minute."

Chen Feng turned his head and looked at him with some doubts.

Ji Yingbo pondered for a moment, but finally made a decision. He gritted his teeth and said, "Brother Chen, are you not curious why we two were chased by them?"

Chen Feng raised his eyebrows.

Curious, he is naturally curious!

After all, being able to be used by this pharmacist association and the Eastern Wilderness winner to act on the children of the Xuanyuan family who are also one of the nine major forces, this treasure is definitely no small thing!

If you wait for idle items, you will never let them tear their faces.

However, Chen Feng has no greed.*noVeloSB.com*

This thing was obtained by others, and Chen Feng didn't bother to ask.

Before Chen Feng could speak, Ji Yingbo took a small thing out of his arms, held it in his hand, and handed it to Chen Feng.

After taking a look, Chen Feng raised his eyebrows.

This thing looks like a bronze fragment.

It's very small, with a radius of about an inch.

It is as big as a thumb, but it is very thick, and its edges are very irregular.

It seemed as if it had been knocked down abruptly from something.

On this bronze fragment, there is a fine and mysterious texture, which is extremely complicated.

At first glance, Chen Feng felt that this thing was a little plain and not very noticeable.

But when he glanced again, he felt an endless roar suddenly sounded in his ears, and the scenery in front of him changed instantly!

At this time, there was no such sky in front of him, without the mountain of sorghum, but a vast sky appeared!

Above the sky, clouds are dense!

Suddenly, the dark clouds dispersed, revealing a huge existence resembling a huge seal in the depths of the sky!

This thing is really the color of bronze!

The top is perfectly round, but the bottom is square, which coincides with the principle of the sky and the place!

And the texture on it was similar to the bronze shard that Chen Feng saw just now, but it was countless times more complicated and heavy.

At the next moment, suddenly there were countless huge roars!

Countless strong men are fighting frantically and doing their best. What they are fighting for is this huge and incomparable bronze seal!

The next moment, in their bombardment, this bronze seal was broken into countless pieces!

Falling like stars in the sky.

And every fragment that fell, directly blasted the ground into a sea of fire, causing a catastrophe.

Seeing this scene, Chen Feng was shocked, but it was not the sight in front of him that was shocked.

Because the moment he first came in, he realized that everything in front of him was nothing but fantasy.

Chen Feng has long experience.

He was shocked that this little fragment had absolutely extraordinary origin and extremely terrifying!

He was able to pull himself into the illusion directly at this level of strength!

At this moment, Chen Feng suddenly heard a scream in his ear.

So instantly, he was awakened from this illusion.

Chen Feng shouted, gritted his teeth and spouted a mouthful of blood, and broke free from this illusion.

He turned his head suddenly and saw that at this time, Wu Linghan, Mei Wuxiao and the others were holding their heads and making a painful cry.

Obviously, that fantasy just now caused them a lot of harm!

Chen Feng hurriedly flashed his figure and came behind them.

Then, with both hands pressed out, a thick and pure force poured into their bodies, instantly allowing several people to recover.

Looking at Chen Feng, Mei Wuxie said with lingering fear: "Brother Chen Feng, I just felt like I was torn apart in that world!"

"Then the fragments that were smashed from the sky were almost destroyed!"

"too frightening!"

When Chen Feng heard this, his heart jumped.

It turns out they saw this scene.

Then he understood: "Presumably, if the mental power is strong enough, and the resistance to that illusion is strong enough, you will see it like me."

"But they rarely experience this kind of thing, so that's why."

Chen Feng comforted a few words in a low voice, and everyone slowed down.

Then, his eyes fell on the little bronze shard again.

The surface of the bronze fragment was still gray, and it still looked ordinary, but no one dared to ignore it anymore.

This thing is absolutely magical!

Chen Feng took it in his hand and looked at it over and over again, but he didn't see why.

He looked at Ji Yingbo and Xin Tianyu, and asked softly, "Where did you get this thing?"

Ji Yingbo and Xin Tianyu looked at each other, then coughed lightly, smiled bitterly and said, "Brother Chen Feng, you may not believe it. We picked this thing up."

"I picked it up?"

Chen Feng raised his eyebrows.

Ji Yingbo said: "Yes, the place we picked up this thing is not far from here, but on a mountain peak."

"At that time, the two of us were passing by and felt a flash of light on the mountain peak. We went forward and found this thing."

"Although the two of us are weak, we can see that this thing is extraordinary. It's just that we don't know what it does."

"But it has also caused misfortune."

"After a while, it was blocked by the Ouyang family and asked us to take it out by name."

"That's the case!" Chen Feng slowly nodded, and there were several speculations in his heart.

Chen Feng could feel that this thing was definitely not trivial, maybe it had a lot to do with the secret of the Sorghum Mountain.

Ji Yingbo whispered: "Brother Chen Feng, we also understand now that this mountain of sorghum is not where we should be."

"We are leaving now, this thing is of no use to us."

"Senior brother saves me, and I have nothing to pay for, so let's take this thing with brother."

Chen Feng didn't pretend, and just accepted it.

He said solemnly: "This thing is really important to me, but I can't take you for nothing."

After all, it is to come up with a cheat book.

[Chapter 3954: Arrivals!](#)

Pass the cheat book to the two and say: "This cheat book is the third grade of the barren rank, you two take it for cultivation!"

Ji Yingbo and Xin Tianyu were overjoyed when they heard this.

Most of the Wild Grade 3 martial skills, even the inner disciples of the Xuanyuan family, are not accessible.

They didn't have a martial skill level at all, and they were able to reach this level. At this time, they were all overjoyed and quickly thanked them.

Then, he left.

Chen Feng took the bronze shard in his hand again, looked it over and over again, put it in his arms, and said solemnly, "Let's go!"

His next goal is to find Xian Yu Gaowen and inquire about the people in Chaoge Tianzi City from him.

In this way, there can also be a direction.

With a scream, there was a loud bang!

The whole earth seemed to tremble.

A panshan giant snake shaped like a dragon, suddenly fell from the sky.

This giant snake like a dragon is hundreds of meters in length, and the whole body shows an indigo blue that is almost black.

At first glance, it is obvious that it is highly toxic.

On its head, there is a long horn, and on its back, there is a row of bone spurs that are tens of meters long and several people hold together!

The bone spurs extend from its head to its tail, but they are not arranged neatly.

It grows sloppily.

It feels as if the evolution speed is so fast that the whole look is chaotic and collapsed!

But the aura on it was extremely terrifying, not weaker than the ordinary four-star Wudi.

After it hit the ground, it howled frantically, twisted indiscriminately, and slapped its head and tail.

The ground was smashed into pieces, and numerous cracks appeared.

There was even underground magma gushing from the depths of the earth, directly turning this place into a volcano.

The giant snake was twisting frantically, and its eyes were full of violence and viciousness, but there was still a trace of fear.

What kind of existence would make him terrified!

Its actions at this time, even just want to escape!

But you can't escape!

Because at this time, Chen Feng was already nailed to his body like a nail.

Punch after punch, hit his body fiercely, somewhere above the joint!

There seems to be an extremely powerful key trick for this giant snake.

The pain was extremely painful under the smash.

He shook it frantically, trying to throw Chen Feng off!

But it can't be done at all!

Punch after punch, suddenly Chen Feng's eyes lit up, and his hand stretched out, and a fist-sized purple and black bead fell into his hand!

It is the Purple Demon Bead.

This Purple Demon Orb was countless times stronger than the one Chen Feng and the others had obtained before.

The purple devilish energy inside is extremely powerful.

Chen Feng even felt that if it could be absorbed properly, then only this magic orb could help a not-so-strong martial emperor realm powerhouse to directly break through a realm!

And as the magic orb was taken out, the mountain swallowing giant snake let out a stern scream, and fell to the ground weakly.

Then it turned into black air.

In a blink of an eye, there was only a pile of huge bones left.

Chen Feng looked at the body that was gradually dissipating, but there was no mercy in his eyes.

Because when he first arrived, he saw with his own eyes this mountain swallowing snake swallowing dozens of warriors who had strayed here.

Extremely cruel and vicious!

Moreover, this thing has been psychic, before swallowing them, he deliberately tortured them with poison, before he started talking!

When this thing dissipated, Chen Feng took the Purple Demon Orb and fell down.

Mei Wuxiao and others all came over, with joy on her face.

At this time, almost five days have passed since the last time that happened.

Since the reminder, in the past five days, they have paid great attention to collecting this purple magic orb.

It's just that the probability of this Purple Demon Orb being produced is also extremely small, it's a lucky event.

Purple Demon Orbs must grow in extremely high-level mutant monsters, but not all mutant monsters have Purple Demon Orbs in them.

Chen Feng and the others now have only five Purple Demon Orbs.

Chen Feng sighed and said, "We are now at the core of this mountain of sorghum. In the periphery of this core, monsters that have reached the level of the four-star Martial Emperor frequently haunt."

"Then, you have to be more careful in the way ahead."

"Try not to do it without doing it."

Everyone nodded.

And just as everyone just left, Mei Wuxie's eyes lit up suddenly, pointing to a place under the bone, and shouting: "Wait!"

After all, it was just flashing to come under the bones.

Then came back, and there was one more thing in her hand.

Chen Feng looked at it, and his eyes suddenly lit up.

It turned out that at this time, what Mei Wuxie was holding was exactly the same as the bronze shards Ji Yingbo and Xin Tianyu gave him.

This turned out to be a bronze fragment!

The texture and breath on it tells Chen Feng that this thing and the bronze fragment in his hand are definitely from the same origin.

Chen Feng held the two together in his hands, but found that they couldn't work together.

Obviously, the two of them are just fragments on the same utensil, they are not connected at all, and they should be quite far apart.

However, this discovery still made Chen Feng extremely excited.

Because this means that there are a lot of these bronze fragments, in this mountain of sorghum, there should be a chance to get it!

It's definitely not just this one!

This bronze fragment is of great importance, and Chen Feng attaches great importance to it. What he had always worried about before was that he could not get more fragments.

After all, there is only one fragment, which is of no avail, and there is no useful information at all.

But now, after seeing that this fragment could be obtained from the monster beast, he was relieved.

After putting away the bronze fragment, everyone continued to rush forward.

The monsters here are tyrannical and not easy to provoke. Chen Feng and others are quite careful.

But the good news is that after entering this place, you will be one step closer to where Gao Wen is.

Fresh in Gaowen, he has always lived in the depths of the mountain of sorghum.

Before, Chen Feng and the others were far away from him. Only when they entered the core can they find him.

For the next three days, Chen Feng followed the information Yu Shaoyuan told him, looking for traces of Yu Gaowen.

On the third day, in the evening, after coming out of a forest, everyone's sight suddenly became clear.

A vast and boundless gorge appeared before him!

In other words, it is not very accurate to describe it as a canyon. This is a huge depression in the mountains, with a radius of thousands of miles.

[Chapter 3955: Snob!](#)

Surrounded by mountains.

In this depression, there are mountains, rivers and lakes, all of which are quite delicate, very different from the surrounding situation.

Although it was also very badly damaged by the meteorite that day, the beautiful scene of the year can be vaguely seen.

At the end of the gorge, among the mountains, there was a giant tree standing proudly.

This is a huge phoenix tree.

At this time, it was just when the sun was setting, the sun was shining down, and the plane tree exuded a bright brilliance.

The light seems to be more dazzling than this sunset.

Chen Feng sighed softly: "Here, I finally reached the place of existence!"

It turns out that this huge and towering plane tree is the dwelling place of Gao Wen.

And everyone had just arrived at the edge of the valley, and suddenly a light flashed in the distance. Then, a huge white-feathered crane that was more than ten meters long stayed in front of everyone. Above the white feather crane, there is a Tsing Yi servant sitting.

Chen Feng raised his eyebrows, before he could speak.

The Tsing Yi servant had a smile on his face, and his attitude was very respectful and polite.

But when he got closer and saw Chen Feng and the others clearly, the smile on his face disappeared.

Then, he looked at Chen Feng unceremoniously, and then a touch of disdain appeared on his face.

"It turns out that I came to my host for news again, but you probably don't have much money in this way! You can see that it is a few poor ghosts!"

He suddenly spoke, and his shrill voice was full of contempt and disdain.

When Chen Feng listened, a cold color flashed in his eyes.

They have been running around for several days, and they seem to be a little embarrassed.

The most important thing is that Chen Feng concealed his breath. Therefore, this servant had no idea how powerful and terrifying his strength was.

He actually regarded him as a beggar who came to ask for news without much money.

And, directly speaking ironically!

Chen Feng said lightly: "Is that how you treat customers who come to buy news?"

"Ha, if it's powerful, of course it's a guest, like you..."

The servant glanced at them with disdain, and snorted coldly, "Is it a guest?"

He arrogantly said: "The news from my host is very expensive, can you afford it?"

Then, he shook his head twice and shook his head: "Looking at your strength, it doesn't seem to be affordable!"

Snob!

This servant can really only be described in these five words!

The dog looks at people low, and doesn't put Chen Feng and others in his eyes at all!

Chen Feng's heart surged with anger.

This servant was so arrogant, so ridiculed, if he changed to the usual, he would take the initiative to teach him, and leave him an unforgettable impression.

But Chen Feng knew that the timing was wrong and that he couldn't cause trouble, so he forced his breath.

He breathed out a suffocating breath and said slowly: "Take us to see your master!"

After the servant saw Chen Feng's eyes, he couldn't help but jumped in his heart, suddenly feeling as if he had done something wrong.

But then he felt a surge of hatred in his heart: "Damn, how dare you look at me with this kind of eyes?"

"Wait, my master will definitely clean up you!"

He stared at Chen Feng fiercely, and said with a cold voice: "I want to see, after seeing my master, if you can't bring out enough property, how will the master take care of you!"

After that, he pointed to the crane under him with a reluctant face and said: "Come on, come up!"

Chen Feng and others filed up.

The servant's eyes rolled around, and before they could stand firm, he suddenly started Bai Yuhe and moved forward.

He wanted to teach these people a lesson and watch them fall on top and make a fool of themselves.

He was even ready to laugh.

As a result, he did not expect that everyone was motionless, and he was not succeeded at all.

Seeing this scene, he choked back into his stomach with a bunch of words, and the hatred in his eyes grew deeper.

Chen Feng glanced at him, his eyes full of disgust.**nOv&ℓus b.coM**

This is a real villain!

Soon, everyone crossed the valley and came under the huge plane tree.

The white-feathered crane circled the phoenix tree twice before stopping.

When it came to the front, the huge change of the plane tree was revealed, like a mountain.

The servant was very proud and boasted to Chen Feng and the others in a bragging tone: "Have you seen such a big tree?"

Chen Feng just laughed.

The giant trees he saw amidst the desolate ancient ruins, with a small branch on top, were even bigger than this phoenix tree.

This person is not only a villain, but also shallow and self-respecting.

Seeing Chen Feng's look, the servant's heart rose with anger, with a hint of resentment in his eyes, and he secretly said, "You dare to laugh at me?"

"Wait for me and see how I can clean you up later!"

The white feather crane quickly came to the top of the plane tree.

At the top of the sycamore tree, a huge branch protrudes, which naturally forms a platform.

On that platform, leaning on the tree trunk, a scorpion was built.

The Abode is not big, but it is extremely delicate, and the direction is facing west.

At this time, the setting sun was falling down with a golden color, which looked exceptionally brilliant.

"Wait here!"

The servant cast a glance at Chen Feng and others, and then coldly left these words and walked into the abode.

A cold look appeared on Wu Linghan's face: "This dog thing, really looks down upon others!"

Chen Feng smiled faintly, and said slowly: "This time we are asking for help, so that we can not cause trouble without causing trouble."

Everyone nodded.

After a while, with a creak, the door of the Abode opened.

The servant stood there with an impatient expression on his face: "My master let you in."

Everyone rushed in, and they found out that this abode was far from being as small as it looked outside, but rather huge.

It is a rather vast space.

At this time, with his back to them, a person was standing proudly.

He was suspended in the air, wearing a black robe, which was extremely magnificent and embroidered with intricate patterns.

It feels noble, arrogant, and hard-hearted!

And his aura is extremely tyrannical, he is actually a five-star Wudi!

It's just that Chen Feng frowned, but he felt that this momentum was a bit mixed and not so pure.

It seems that this person has reached the realm of Five-Star Wudi by relying on some foreign objects.

As soon as Chen Feng and others came in, the momentum spread out.

Chen Feng sneered in his heart.

Ordinary people will naturally panic when they encounter this battle, but who is Chen Feng?

Although this vitality is strong, it is just five-star Emperor Wu, he has killed two of them!

How could Chen Feng take him to heart?

[Chapter 3956: Star fragments!](#)

Chen Feng just stood there faintly, with a calm expression, without any emotional fluctuations.

The servant stepped forward and said, "Master, it is them!"

After all, whispered in a low voice.

Hearing this, the breath of the black robe became colder again, and he slowly turned around.

Chen Feng and others also saw his face.

This person is middle-aged, looks quite handsome, the kind of handsome with a trace of evil charm.

Among the handsome, there is still a bit of coldness.

From time to time, there was a trace of coldness and cruelty flashing in his eyes.

This person is Xian Yu Gaowen!

"Boy..."

Xian Yu Gaowen looked at Chen Feng with a look of looking down on his face, and his voice had the slightest arrogance:

"You are here, want to ask me for news?"

After hearing this, Chen Feng frowned. He said lightly, "I'm here not to ask for news, but to buy news!"

On the word 'buy', Chen Feng deliberately increased his tone.

Buying is yours and I wish, Chen Feng paid the price and got the news!

And begging, then it becomes Chen Feng begging him!

Chen Feng, how can you ask for help?

The expressions in the eyes of Xian Yu Gaowen made Chen Feng feel very uncomfortable.

It is as if Xian Yu Gaowen is giving alms.

However, he took a deep breath and held it down.

After all, it is the overall situation.

After listening to him, there was a hint of impatience in Gawain's eyes.

His personal servant was in his ear just now, and he said a lot of bad things about Chen Feng and others.

He had a bad impression of Chen Feng's people, and he felt that these people didn't seem to have any money, so he didn't take them seriously!

However, when his gaze swept over Chen Feng's right hand, it condensed for a moment.

In an instant, his eyes were as cold and sharp as a needle, staring fiercely at the place where Chen Feng's finger was!

Although his eyes moved away the next moment, how keen Chen Feng was?

Chen Feng knew all of a sudden, where he was just looking at!

A sneer flashed in Chen Feng's heart.

At this time, Xian Yu Gaowen didn't know that Chen Feng had already seen everything about him.

At this time, stormy waves were set off in his heart, and there was only a huge voice in his heart exclaiming:

"How is it possible? How could this kid have such a powerful treasure?"

"This treasure, can it be that..."

"How can your kid have such a treasure?"

It's just that he can no longer control so much now, and at this time endless greed surged in his heart.

There is only one voice in his heart snarling frantically: "This treasure must be mine!"

"This treasure can only be mine!"

He was calculating frantically in his heart, but his face was calm. He just looked at Chen Feng and slowly said, "Boy, what are you asking? Tell me?"

The greedy thought in his heart has already risen.

However, he still has to test Chen Feng.

He secretly said in his heart: "This kid, the origin is unknown, I don't know if it has anything to do with the people in Chaoge Tianzi City."

"Now this mountain of sorghum, the only thing I fear is the people in Chaoge Tianzi City."

"As long as it's okay for them, then you can do it."

Chen Feng looked at him and said word by word: "What I want to ask is the traces of the people in Chaoge Tianzi City!"

Although he had guessed a little bit less than Gao Wen's idea, Chen Feng still did not want to tear his face.

What he wants to do now is to quickly get news from the people in Chaoge Tianzi City, and then leave here quickly.

"Oh, you want to ask about the traces of the people in Chaoge Tianzi City?"

Hearing this, Xian Yu Gaowen's eyes flickered, as if he had guessed something.

He laughed in his heart: "This kid, I can clean up!"

"If he were from Chaoge Tianzicheng, would he not know the news of his companions?"

"Then, just one explanation: He had a holiday with the people in Chaoge Tianzi City!"

He sneered in his heart: "This kid, what kind of thing, dare to conflict with Chaoge Tianzi City?"

He was completely relieved, but he didn't want to think, since Chen Feng dared to offend the people in Chaoge Tianzi City, how could he take him to heart?

He looked at Chen Feng, but did not answer Chen Feng's question head-on. He just asked: "Their traces! I really know."

He leisurely said:

"Let me ask you first, boy, do you know that the one that hit this mountain of sorghum is not a meteorite at all."

"Not a meteorite? What is that?" Chen Feng frowned.

Xian Yu Gaowen looked at Chen Feng with a trace of pity in his eyes.

In his opinion, this kid is already a dying person, so there is nothing to let him know.

He slowly said: "The thing that hits is the fragments of other stars!"

"What? Fragments of other stars?"

After Chen Feng heard this, his heart was shocked!

You know, star fragments and meteorites are completely different things.

To put it plainly, meteorites are nothing but chaos in the void of the universe.

It's just that since I don't know how long he has been in the void of the universe, a powerful force is attached to it.

If it hits the Dragon Vein Continent, it can cause a catastrophe, and the power is extremely huge.

But in the end, it's just a stone.

However, the star fragments are completely different. [no17eplusb.com](http://www.17eplusb.com)

Because this star might be a big star with countless powerful martial artists and brilliant martial arts civilization!

Such a star, a fragment on it, is very likely to contain the mystery of the martial arts of that world!

The value of such a fragment of a star can be said to be inestimable!

Its value can be said to be inestimable, because there is nothing on it on the Dragon Vein Continent.

Xian Yu Gaowen glanced at Chen Feng, as if he knew Chen Feng's thoughts, raised his brows and said:

"Unexpectedly, boy, you know a lot, you know the preciousness of that star fragment."

Chen Feng said lightly: "Xian Yu Gaowen, you don't need to play mystery with me!"

"I asked you about the trail of the city lord of Chaoge Tianzi City and a group of people!"

"A piece of star fragment, of course extremely precious! But!"

Chen Feng went on to say: "However, it is absolutely not precious enough. It is necessary for the lord of Chaoge Tianzi City to come out with all the masters who have come out of Chaoge Tianzi City. They have been searching here for several months, even if one's own lair is taken by someone, they can't care about the degree of going back!"

Hearing Chen Feng calling his name directly, Xian Yu Gaowen's expression was already gloomy.

But he didn't have an attack. He just looked at Chen Feng and said in a negative test: "You kid knows a lot!"

"Then, do you want to know why?"

Chen Feng looked at him and said slowly: "Say!"

[Chapter 3957: Why do you have to force me?](#)

There was a playful smile on Xian Yu Gaowen's face: "Your kid kneels down and knocks me three times. Please, I'll tell you!"

After that, it was a joke of laughter.

It turned out that he was waiting for Chen Feng here.

After Chen Feng heard this, he suddenly raised his brow, and his eyes were full of murder!

It turned out that Xian Yu Gaowen said those things before, for now!

He didn't put Chen Feng in his eyes at all, and he didn't even think about telling Chen Feng the news.

He just wanted to make Chen Feng curious before uttering this sentence.

To put it bluntly, he was playing Chen Feng!

The Tsing Yi servant next to him also laughed jokingly and urged impatiently: "Boy, what are you doing in a daze? Kneel now!"

"My master makes you kneel, because he looks up to you!"

Xian Yu Gaowen looked down at Chen Feng, extremely arrogant.

At this time, Chen Feng looked at Xian Yu Gaowen, but suddenly smiled.

Not knowing how, after seeing Chen Feng's smile, Xian Yu Gaowen's heart twitched fiercely, and a very bad premonition surged.

But the next moment, he severely suppressed the thought that had just arisen in his heart.

A voice in my heart yelled: "Damn, it's just a 20-something boy! What am I afraid of him?"

"I have been arranging the mountain of sorghum for so many years, what kind of strong have you never seen?"

"Lao Tzu is the number one local snake here, what can he do to me?"

"Xian Yu Gaowen, Xian Yu Gaowen, what are you afraid of him?"

Thinking of this in my mind, I feel a little more settled.

He stared at Chen Feng and said in a cold voice: "Boy, you **** dare to stare at me? I've changed my mind now!"

He rubbed his hands, and the joints of his hands made a loud noise: "Now, I will not only let you kowtow to me, but also abolish your cultivation skills!"

"then!"

He stared at the emerald green finger of Chen Feng's right hand, and said with a smile: "You still have to hand over this treasure in your hand!"

Chen Feng raised his eyebrows and said with a faint smile: "It turned out to be my treasure."

"Yes!"

Xian Yu Gaowen chuckled and said, "How can you be qualified to own such a treasure if you are a tristar martial emperor's waste?"

It turned out that he had already seen Chen Feng's cultivation skills!

This is what he depends on!

Chen Feng concealed his cultivation, and after he realized that Chen Feng was the Samsung Emperor Wu, he was completely relieved and he had no doubts!

His voice suddenly rose, and said in a commanding tone: "Boy, quickly hand over your treasure, otherwise, I will make your death terrible!"

Chen Feng looked at him, but sighed, shook his head and said:

"Xian Yu Gaowen, do you know? Originally, I really wanted to do a good business with you!"

"If you pay in one hand and get the goods in the other, no one suffers."

"but....."

Chen Feng paused, looking at Xian Yu Gaowen, his eyes were as deep as the abyss of the sea: "Why do you have to force me?"

Xian Yu Gaowen's heart jumped fiercely, and then, it was furious!

He screamed: "Little bastard, you dare to talk to me like this?"

He smiled sternly and moved forward: "I just forced you, how about it? What can you do to me?"

"I am a dignified five-star martial emperor, in front of me, you are nothing but an ant!"

"Oh? I'm an ant?"

Chen Feng looked at Xian Yu Gaowen with a smile on the corner of his mouth, but the smile was cold as ice: "Now, I will tell you, the two of us, who is the ant!"

Xian Yu Gaowen roared: "Looking for death!"

In the next moment, his aura rose wildly, reaching the realm of the Five-Star Martial Emperor!

At the same time, a pair of warhammers appeared in the hands!

This pair of warhammers was about the size of a water tank, and the whole body shone with copper light.

The shape is strange and there are rust marks on it.

Obviously, it is also an ancient strange thing.

These two bronze hammers exuded a frightening atmosphere. In Chen Feng's view, the level of these two bronze hammers was at least not lower than the third-tier magic weapon.

Of course, compared with his extremely white dragon spear that day, there is still a lot of difference.

It's just that there is a trace of ancient meaning on it.

This trace of ancient meaning gave Chen Feng a rather strange feeling in his heart.

It seems that where he has seen this thing in general.

After a closer look, Chen Feng's eyelids twitched.

He surprisingly discovered that the edges of the two copper hammers were very irregular, not as if they were cast in one piece, and even the size and shape of the two copper hammers were somewhat different.

Its edges, even some of its corners and corners, give the impression that they are two huge pieces knocked off from something, and then ground into what it is now.

Moreover, the person who grinds the pieces is obviously not at home.

Or maybe these two pieces are too hard, so that after so many years of grinding, the irregular corners have not been polished off.

Chen Feng's heart throbbed for a while: "It's just two broken pieces that have been knocked down. There are three ranks of magic soldiers. So how high is this weapon itself?"

"It's broken pieces again, it looks like a copper hammer, and it's such a high level..."

Chen Feng's heart suddenly jumped, and suddenly thought of something.

Suddenly, his eyes lit up, and he looked at the copper hammer with a bit of heat.

Moreover, Chen Feng felt that on top of the two copper hammers, there was a wave of power pouring into Xian Yu Gaowen's body.

Motivates Xian Yu Gaowen's power and momentum.

"Before I felt less stable than Gawain, but now I have finally found the reason."

Chen Feng secretly said in his heart: "It turns out that it was the five-star Wudi who reached with the help of these two divine weapons."

Xian Yu Gaowen was full of disdain, and even said with a hint of joking: "Boy, I will let you do three things first, so that no one will say that I am bullying the little one!"

Chen Feng looked at him, and slowly shook his head: "Xian Yu Gao Wen, you should do it first!"

He paused and said faintly: "I'm afraid that if I shoot first, you won't have a chance to shoot."

This sentence is rarely said by Gao Wen.

Mei Wuxian, Wu Linghan and others all laughed out loud.

"Brother Chen Feng, what you said is really interesting!"

"Haha, Brother Chen Feng, you are going to **** off this old thing!"

They booed up there.

They are full of confidence in Chen Feng's strength.

At this time, the servant named Tsing Yi next to Gao Wen looked at Chen Feng with a mad look and said, "Little Bunny, are you crazy?"

"You dare to talk to my master like this, what are you?"

"You say such arrogant things now, it depends on how you end up later!"

Xian Yu Gaowen stared at Chen Feng and said word by word: "Little bastard, remember what you are saying now!"

[Chapter 3958: You have a magic weapon?](#)

"Later, I will let you pay a heavy price for what you are saying at this time!"

"I will put you ashamed, I can't wait to find a place to sew in!"

Chen Feng looked at him and said lightly: "Why is there so much nonsense? Can you fight or not? I'm in a hurry!"

"Good, good!"

Xian Yu Gaowen let out a cold laugh.

Then, he put the two bronze sledgehammers on the ground, stared at Chen Feng, rubbed his fingers, and made a crisp sound.

"Boy, I don't want to use my weapon now!"

"First, you are not worthy!"

"Second, I am afraid that my weapon is too powerful and will directly kill you!"

"I decided, now I only use two hands to crush all the bones of your whole body! Crush them into powder!"

He grinned and said, "Let you be paralyzed here like a torn sack. You can't survive or die!"

The next moment, he let out a low growl, and directly killed Chen Feng!

Hit hard with a punch!

When he hit this fist, the entire huge space was filled with light!

Countless bright white lights flashed up suddenly!

Spreading to the surroundings, a huge white knife wheel with a diameter of forty meters was formed in an instant, and it smashed toward Chen Feng!

Overbearing!

Beside, the Tsing Yi servant shouted with a grim face: "Kill him!"

"Master, kill this dog!"

He hated Chen Feng to the extreme.

In fact, he has been provoking Chen Feng throughout the process.

Chen Feng glanced at him coldly, then suddenly smiled: "Sorry, I'm going to disappoint you!"

At this moment, Chen Feng didn't care at all in the face of Xian Yu Gaowen who had been killed.

When Xian Yu Gaowen had that pair of huge bronze warhammers in his hands, Chen Feng felt that his strength should be about the five-star Wudi.

At this time, he gave up the pair of warhammers, that strength was only four-star Wudi.

Only four-star Emperor Wu, how can Chen Feng be afraid?

At the next moment, Chen Feng also roared in the same way. With a flash of figure, he greeted Xian Yu Gaowen!

Then, in his body, the Donkey Kong Arhat Immortal Body was activated instantly!

On his body, dozens of large bronze bones suddenly lit up!

And every big bronze bone contains one billion catties of power!

All the power was gathered on Chen Feng's fist, and that explosive power almost broke out of Chen Feng's body!

Chen Feng slammed out with a punch!

The strength of tens of billions of catties was madly smashed out, fiercely colliding with Xian Yu Gaowen's fist!

Xian Yu Gaowen still had a disdainful smile on his face at this time.

But the next moment, this smile was frozen on his face.

Because, at this moment, he felt that the power from Chen Feng on the opposite side of his fist was like an overwhelming force!

He couldn't resist it at all!

That tyrannical force rushed into his fist fiercely, poured into his forearm, and then spread all over his body!

His whole body trembled violently as if it had been electrified, with a scream, wow, a mouthful of blood spurted out, and his figure flew out heavily and hit the ground!

Vulnerable!

Faced with Chen Feng, Xian Yu Gaowen couldn't stand a single blow, and was directly beaten by a punch!

The Tsing Yi servant was shouting cursing there, but at this moment the cursing sound suddenly solidified.

Watching this scene blankly, he felt that he was as if he was hit with a hammer, and the whole person was stupid.

I couldn't recover for a while.

After a while, a thought flashed in my mind: "How come? How come?"

"Tough and invincible, the master who has never been defeated was hit by someone and knocked into the air?"

"Fisted by this young man?"

His face was full of disbelief.

The next moment, the whole body was cold, and there was an extreme fear in my heart.

Because he remembered what he had done just now, he remembered his cynicism with this young man just now!

Thinking of this, his whole body shuddered involuntarily!

After all, Xian Yu Gaowen has been a mountain of sorghum for many years, and he is also an extremely capable and intelligent figure, and he soon recovered.

The first action he made was a flash of his figure, and he went straight to grab his two bronze warhammers!

He was afraid that Chen Feng would cut off his route, and the speed was very fast.

Unexpectedly, Chen Feng just chuckled and would ignore him.

It seems to him that there is no such bronze warhammer, which is rarely the same as Gawain.

After holding the bronze warhammer in his hand, Xian Yu Gaowen's whole body suddenly seemed to be restored.

The arrogance is again arrogant.

He stared at Chen Feng and said coldly: "Little boy, I admit that you are not weak."

"But what about that?"

"Even if you are stronger than me, you don't have a third-tier magic weapon!"

"And I have two!"

He wielded the bronze giant hammer, and said arrogantly: "I now hold the bronze giant hammer, and my strength has risen by another level!"

"Are you still my opponent?"

Chen Feng smiled indifferently: "Oh, it's not better than strength, but it's better than weapons, right?"

"Okay, it's ok, whatever you want!"

Chen Feng looked indifferent.

Chen Feng didn't take him seriously.

Because of Chen Feng, there is the existence of the Celestial White Dragon Spear!

But this scene fell in the eyes of Xian Yu Gaowen, but it was a bluff.

He roared ferociously: "Boy, die!"

The figure flashed, two bronze giant hammers slammed down at Chen Feng!

These two bronze giant hammers are indeed extremely powerful. When they were dropped, there were several lightning dragons around them, suddenly appearing!

Around the two bronze giant hammers, circling and roaring crazy!

Above the sky, a masterpiece!

The whole building shook violently, and even the plane trees outside were covered with fallen leaves, flying like rain.

Under this sunset, it is bright and poignant!

The bronze sledgehammer is smashed, and the power is terrifying!

Xian Yu Gao Wen roared fiercely: "Little bunny, you must die."

In his opinion, Chen Feng is already a dead person!

But Chen Feng did not evade!

Facing the bronze giant hammer, it seemed as if there was no reaction at all.

In the eyes of Xian Yu Gaowen, this seemed to be frightened.

He was even more proud: "Boy, let me just say..."

Just when he was about to say something ironic, just when the bronze giant hammer was about to fall on Chen Feng's head!

Chen Feng suddenly looked up!

Those eyes, Can Ruo Chenxing, contained an unstoppable mockery: "You have a magic weapon, don't you?"

At the next moment, a white dragon-like light flashed across Chen Feng's waist.

In the next moment, it turned into a celestial white dragon spear, standing proudly on top of Chen Feng's head!

With the appearance of the Tianji White Dragon Spear, the offensive of the two bronze giant hammers suddenly slowed down!

[Chapter 3959: I let you run first](#)

They actually showed a trace of fear called fear!

But then, the Tianji White Dragon Spear was actually one-to-two, and it slammed into the two bronze warhammers!

Celestial White Dragon Spear takes the initiative to attack!

The moment the Tianji White Dragon Spear appeared, Xian Yu Gaowen's eyes were dull, and his face was extremely shocked.

Because, he can feel the incomparable aura from this!

The next moment, Keng Keng, there was a burst of crispness, and a huge impact sounded!

Above the celestial white dragon spear, a terrifying aura burst out, smashing on the two bronze giant hammers.

The bronze giant hammer made a crunching sound, as if it was about to be beaten to pieces, it made two screams of movement, and it was knocked out at the same time!

And the Celestial White Dragon Spear was still safe and sound, still spinning around in the air, as if it was flaunting power.

The bronze giant hammer was knocked into the air, and all that terrifying force fell on Xian Yu Gaowen.

Xian Yu Gaowen made another stern shout!

But this time, he didn't even bleed!

Because this time the strength is too strong, but his whole body is bearing it!

But unfortunately, his body can't bear it either!

Therefore, Kaka Kaka, the explosion of numerous joints on his body sounded.

At this moment, all his bones were shattered to pieces.

Because, countless wounds burst forth all over his body in an instant, and blood spurted out like fountains, dyeing it into a blood man!

He flew out heavily, fell to the ground, and couldn't get up at all.

It was just that there were screams of pain after another, and the body twitched!

He suddenly raised his head and looked at Chen Feng, with a hint of crying in his voice: "You, who are you? How come you are so powerful?"

"In the mountain of sorghum, when is there a pervert like you?"

Xian Yu Gaowen panicked: "Who are you? You only seem to be about twenty years old. How can you have such a terrifying strength! How can there be such a powerful magic weapon!"

At the end of the call, it was almost hoarse!

Xian Yu Gaowen was messed up, stupid, panicked!

He didn't expect that he couldn't fight the opponent in his own strength, and he couldn't fight the opponent in the magic!

You know, his weapon is a dignified third-grade magic weapon!

"On the Dragon Vein Continent, when did you see a young talent like you? Who are you?"

He yelled frantically. *NOVELSb.com*

He felt that his spirit was about to collapse. He thought that the one who came to the door today was a fat sheep, but he did not expect it to be a tiger that devours people!

At the same time, there was a rapid movement in his mind, thinking of the young talents who have risen on the mainland over the years, hoping to be able to compete with Chen Feng.

Suddenly, there seemed to be a flash of light in his mind, and a name was suddenly flashed.

He immediately rounded his eyes, took a breath, his pupils contracted, his eyes showed extreme fear, and he trembled: "Could it be that you are?"

Chen Feng looked at him, smiled slightly, and slowly uttered four words: "Here, Chen Feng!"

"Next! Chen Feng!"

As soon as these four words were spoken, Xian Yu Gaowen trembled violently as if he was overpowered.

The color of fear in his eyes suddenly became ten times stronger!

He cried out in disbelief, "Are you Chen Feng?"

At this moment, an emotion called regret flashed in his heart!

"This is Chen Feng, why should I provoke Chen Feng?"

The name of the person, the shadow of the tree, when there is only a young warrior in his twenties in front of him, he can be unscrupulous and look down on the other party.

However, when he knew that Chen Feng was in front of him, he was terrified to the extreme!

Chen Feng, but one of the most outstanding geniuses of the young generation in Longmai Mainland, is famous!

What's more powerful is that he has never failed in his life!

Even people who are stronger than him will eventually die in his hands.

This made Xian Yu Gaowen particularly fearful.

So at this moment, he made a decision directly!

A look of decisiveness flashed in Xian Yu Gaowen's eyes, and a black pill suddenly appeared in his hand, stuffing it into his mouth.

After taking the pill, it was strange to say that his already exhausted aura instantly recovered 30-40%.

Although it was far worse than at the peak, at least he could control the bronze giant hammer again.

He had a hideous face, like an evil spirit, brandishing the bronze giant hammer and smashing it at Chen Feng!

Chen Feng looked at it clearly, knowing that the kind of pill must be the one that urged the last trace of strength in his life.

It can also restore his strength temporarily.

In the face of his attack, Chen Feng simply didn't bother to deal with it. He didn't hide or fight!

Sure enough, when the bronze giant hammer was about to come, Xian Yu Gaowen turned around and fled madly!

It turned out that he was just a vain trick just now.

The real purpose is to escape!

Xian Yu Gaowen actually escaped!

Although he fell in the wind and was completely suppressed by Chen Feng, he fled directly at this time.

After hearing the two words Chen Feng, he was frightened and fled.

Chen Feng laughed loudly: "You still run? You can win if you run too far!"

What Chen Feng is most afraid of now is that others run away from him.

His shadowy walks are really the only way to escape and track! The Supreme Book!

Chen Feng suddenly moved in his heart, but then he didn't chase after him. He just stood there holding his arms, looked at Xian Yu Gaowen's back, and said lazily:

"Xian Yu Gaowen, I will let you run for three breaths first, and then chase you."

"Save someone from saying that I am bullying the small."

Wu Linghan and Mei Wuxia suddenly let out a sharp laugh like a silver bell.

After hearing this, Xian Yu Gaowen almost squirted out a mouthful of old blood.

This is what he said to Chen Feng just now, and it was all returned by Chen Feng at this time.

But by the way, he couldn't say a single hard thing at this time!

He didn't even dare to say: "I don't need you to let me run for three seconds!"

He dare not say at all!

He even hoped that Chen Feng would let himself run for a while.

Because he had a vague hunch in his heart, if he didn't run for these three seconds, he might really not be able to escape from here!

Chen Feng shocked him too much today!

He always thought he had the upper hand, but he did not know that he was completely suppressed.

Only at this moment, he can't control anything, he can only run!

And Chen Feng was behind him, reading the numbers leisurely: "One!"

At this time, Xian Yu Gaowen had already flown out of the palace, and this number was like a reminder, causing Xian Yu Gaowen to run wild!

Chen Feng's voice came slowly: "Two!"

Xian Yu Gaowen didn't dare to look back at this time, but he knew that he had run out for more than ten miles!

[Chapter 3960: You are a bit slow!](#)

He thought, Chen Feng couldn't catch it anyway!

And at this moment, the voice of 'three' suddenly sounded!

Then, Chen Feng's clear laughter came: "I'm going to chase."

So the next moment, Xian Yu Gaowen trembled violently.

He buried his head and ran away frantically.

But at this moment, Xian Yu Gaowen suddenly felt that his shoulder was patted.

Then, a clear voice suddenly sounded in the ear: "Xian Yu Gaowen, you are really a bit slow!"

After hearing this voice, Xian Yu Gaowen was struck by lightning, and his whole body seemed to be frozen, cold from his head to the soles of his feet!

He seemed to froze!

Because this sound rang in his ears!

He stopped suddenly, turned his head, and he saw that Chen Feng was standing next to him, looking at him with a smile!

Xian Yu Gaowen had a mental breakdown.

He was not even running, he did not even continue to resist.

He just let out a crying cry: "You, why are you so perverted! How could you catch up?"

It turns out that just now, when Chen Feng spit out the number of 'three', he directly saw Xian Yu Gaowen behind him.

There was a shadow in the setting sun.

Chen Feng yin and yang ghost step launched!

Since Xian Yu Gaowen had not run fifty miles at this time, Chen Feng appeared quietly in its shadow directly.

Then, came behind him, patted him on the shoulder, and said that.

The whole act was like meeting a friend who hadn't seen him for many days on the street, patted the shoulder and said something.

And Chen Feng's move, this sentence also directly caused Xian Yu Gaowen's mental breakdown.

He has no desire to resist anymore!

You can't beat it, and you can't run away!

What else to fight?

What are you still running?

Chen Feng carried him, his figure disappeared in a flash, and returned to the hall.

Then, he looked at Xian Yu Gaowen, smiled and said, "Now, can you tell me the trail of the City Lord Chaoge Tianzi City?"

"I said, I said, I said everything!"

Xian Yu Gaowen had a mental breakdown at this time, and he no longer had any feeling of concealment, and he directly told Chen Feng everything he knew.

"It turns out that the city lord of Chaoge Tianzi City actually went there..."

After Chen Feng heard this, he couldn't help being surprised.

Chen Feng really didn't expect the place they went.

Mei Wuxie laughed quietly beside him: "Actually, we really wanted to make a difference before."

"If you think about it, that kind of place is really the most possible!"

"Yes."

Chen Feng nodded slowly: "But, that kind of place..." *NOvelusb.com*

There was a sneer at the corner of his mouth: "For me, that's great!"

"In that kind of place, my shadow ghostly steps, I am afraid it is invincible in the world!"

"With that said, the odds of winning are much bigger!"

Naturally, Chen Feng would not let go of Xian Yu Gaowen's other news, and then said: "You have been in this mountain of sorghum for so many years, I am afraid you are the first to know this."

"Then, now, tell me all the news about this."

"Good, good."

Xian Yu Gaowen nodded busy, like pouring beans from a bamboo tube, and said all he knew.

Chen Feng was thoughtful after listening.

Then, there was a flash of excitement in his eyes.

"Unexpectedly, there are so many secrets in this mountain of sorghum!"

"I'm here to visit Gao Wen, and it's really coming!"

"Not only did I know the news about the City Lord of Chaoze Tianzi City and others, but after having these news, I can probably guess what secrets are on the star fragments!"

After Xian Yu Gaowen finished speaking, he was about to speak and suddenly let out a scream.

He scratched his hands frantically.

It seems that his body is extremely itchy at this time, and he is extremely difficult to receive. He must be madly scratched to relieve it a little.

Then, his whole body was constantly ejected on the ground, slapped his body frantically.

Seeing that, the pain is extreme!

Chen Feng knew it well, he knew that this should be the back phagocytic effect of the pill.

At this time, Xian Yu Gaowen shouted harshly: "Chen Feng, you kill me! You kill me!"

He is really better than death now!

Chen Feng nodded slowly: "Okay, then I will fulfill you!"

After all, I came to Xian Yu Gaowen's body and took a picture!

Xian Yu Gaowen snorted, and his body trembled heavily, before he swallowed.

However, before he died, there was a bit of decomposition on his face.

Obviously, the pain caused by the pill backlash was already extreme!

At this moment, Chen Feng turned his gaze to the side.

The servant beside him collapsed to the ground when Chen Feng severely injured Xian Yu Gaowen and couldn't stand up anymore.

At this time, when he saw Chen Feng looking at him, his heart trembled.

Suddenly, Chen Feng smelled a fishy smell.

It turned out that this person had been so scared that he had feces and urine!

He knelt on the ground, kowtowed his head frantically at Chen Feng, and shouted: "Please, Master Chen Feng, Master Chen Feng, Master Chen Feng!"

"Please, don't kill me! Don't kill me! Spare my life!"

"I didn't know Taishan before, please don't kill me!"

He begged frantically for mercy.

Where is the arrogance and disdain before half a point?

But Chen Feng just smiled coldly, turned around and walked out without even looking at him.

Behind Chen Feng, Wu Linghan stared at the Tsing Yi servant and sneered: "Are you worthy of Chen Feng's shot? You are not even qualified to be killed by him!"

After all, kick him out and kick him out directly.

The servant vomited blood repeatedly in the air, and when he fell on the ground, his heart was broken and he died!

Just as Chen Feng was about to walk out, there was a buzzing around his waist.

The Celestial White Dragon Spear that had been put away by him suddenly appeared.

Chen Feng raised his eyebrows: "The Tianji White Dragon Spear, I didn't let it come out, why did it come out by itself?"

The Celestial White Dragon Spear turned into a belt, which was originally tied around Chen Feng's waist, but now it flew out and became the size of its body.

Then, the surface shone with silver.

The next moment, there was actually a silver light like a beach of water waves, coming down from the upper reaches of the extremely white dragon spear that day.

And as this silver light swam down, the celestial white dragon spear's breath plummeted, and the brilliance of the celestial pole white dragon gun was no longer the same.

Obviously, this happened because the fragments of the artifact came down from the celestial white dragon spear.

He widened his eyes: "What's the matter?"
