

Peerless 3971

[Chapter 3971: Lure it!](#)

It was like seeing that the distance between myself and Tu Zhengqing was getting closer and closer, so I felt fearful in my heart.

When Tu Zhengqing saw Chen Feng turn around, he laughed: "Little bastard, I said you can't get away!"

At this time, Chen Feng seemed to know that he couldn't run away, so he gritted his teeth and threw a punch!

Judging from his appearance, he wanted to use his fists to stop Tu Zhengqing.

Tu Zhengqing laughed wildly: "Many arm blocks the car, you can't help it!"

He also took a palm shot.

And the next moment, suddenly, his eyes condensed and his pupils shrank.

It turned out that at this time, Chen Feng clenched his hand into a fist and blasted forward!

Then, the emerald green finger he wore on his right hand was naturally seen by him.

Not to mention that Chen Feng deliberately made this emerald green finger more conspicuous.

After Tu Zhengqing saw the emerald green finger, his pupils suddenly shrank, and a flash of extreme horror flashed in his heart.

From this emerald green finger, he felt an extremely tyrannical, domineering, and extremely rare aura!

Suddenly a thought surged in his mind like a raging wave: "Could it be that the thing that is sealed inside this emerald finger?"

In an instant, an extremely greedy color flashed in his eyes!

And seeing that, the next moment, his right palm was about to collide with Chen Feng's fist!

Tu Zhengqing's pupils shrank, and immediately turned his palm over, abruptly retracting the powerful force, and hitting another place with a palm.

Of course, Chen Feng won't retreat, and hit him with a fierce punch.

Then, a flash of excitement flashed in his eyes, turned around and fled.

Tu Zhengqing was backed hundreds of meters by Chen Feng's punch, but with his cultivation base, he was naturally unharmed.

He saw Chen Feng's expression, and a faint smile appeared at the corner of his mouth: "This little Samsung Martial Emperor, really thinks what happened to me with this punch?"

"As everyone knows, if it wasn't for that treasure, I would shoot him to death with just one palm!"

At this time, there was no doubt in his heart.

Because the palm of Chen Feng just now was the attack power of an ordinary Samsung Wudi!

In his eyes, the next moment was occupied by the color of greed.

"This kid actually has such a treasure on his body. It seems that either he is lucky, or he is a child of a certain family, sneaking here!"

"Haha, this treasure is cheaper for me!"

He gritted his teeth, his face was smug and hideous.

"Zhao Haochu, you dogs, send Lao Tzu here!"

"As everyone knows, it is a great opportunity for Lao Tzu!"

"I can't get the secret of that star fragment, but getting this treasure is enough to make up for it! Hahaha..."

He laughed proudly, and chased Chen Feng again!

When Chen Feng saw the scene where he took his palm, he almost burst into laughter, and his heart settled down completely.

He knew that his second step was also successful.

His plan today is stable, because if Tu Zhengqing didn't recognize this treasure, then he would never stop.

When he closes his hand, it means he knows how precious this treasure is!

The greed in Tu Zhengqing's eyes was also caught by Chen Feng!

"The second step, to induce profit, has also been completed!"

Of course, Chen Feng couldn't swagger and kill Tu Zhengqing, then showed him the finger of his hand, and then fled frantically.

In that case, even the stupid and greedy person will know that Chen Feng is deliberately seducing the enemy.

Therefore, Chen Feng had to pretend to be flustered and could not take the initiative to appear.

He wanted to pretend that he was found by Tu Zhengqing, and then ran away in a hurry.

Obviously, Tu Zhengqing also completely believed what Chen Feng was doing.

In his opinion, this kid is just hiding there to spy on the secrets of Chaoge Tianzi City, but facing himself, he is also extremely pressured. After all, he is two levels higher than him!

Therefore, he showed his deeds in a panic, and at this time he wanted to flee in a hurry.

Tu Zhengqing continued to catch up again.

At this time, Chen Feng had the time just now, already running hundreds of miles away.

Of course, he has been controlling his speed, maintaining at the level of the Sun-Daily Golden Crow Footwork, not too fast, for fear that Tu Zhengqing will see the flaws.

Tu Zhengqing madly moved forward to catch up, with an eager attitude.

"Haha, as I expected..."

Chen Feng seemed to be fleeing with his head in embarrassment at this time, but in fact he was full of confidence that he was winning.

"Sure enough, as I expected, how could someone who can step into the higher realm of the four-star Wudi level not know the goods?"

"Goods like Xian Yu Gaowen can recognize me as the treasure that has sealed the Qingluan Ruyizhou, let alone them!"

"Furthermore, he saw that I only had the strength of Samsung Wudi, and he believed that he was sure to win, and he was sure of winning, so he chased it directly by himself without notifying others.

"because....."

Chen Feng paused and said to himself: "If you inform others, then the benefits will naturally be shared among others."

"Even, a treasure like Qingluan Ruyizhou may not be owned by the city lord of Chaoge Tianzi City, so it is even more unlikely to fall into his hands."

"He wants to embezzle this treasure, so he will definitely..."

The corner of Chen Feng's mouth smiled deeper: "Come after me secretly!"

Although Tu Zhengqing was a five-star martial emperor, Chen Feng's Jin Crow footwork was extremely strong, and coupled with the long distance he had just opened, it took half an hour for Tu Zhengqing to approach Chen Feng.

At this time, the two were thousands of miles away from the giant bronze gate, and there were countless volcanoes, abysses and so on between them.

It can be said that everything that happened here, there will never be any movement on the bronze giant gate.

Tu Zhengqing was also a little impatient.

In his opinion, chasing this kid for half an hour, it was a loss of face.

He gritted his teeth suddenly, and then he patted his right leg with a palm.

Suddenly, on his right leg, a purple and blue force coiled around him like a panlong, and a stream of air swiftly hovered around him.

Then, there was a scream that broke through the air!

In the next instant, Tu Zhengqing's speed suddenly increased several times, and he pressed hard towards Chen Feng.

Seeing that there are more than ten moments, Chen Feng can catch up.

Feeling the powerful enemy chasing after him, Chen Feng sneered: "Yes, there is no way to use my celestial white dragon spear now!"

"My biggest hole card really cannot be opened, but!"

The corner of his mouth twitched, and he seemed to smile, "I still have a lot of small cards!"

"But..."

There was a sneer at the corner of his mouth: "Just let you beat me first, then you will be more careless."

[Chapter 3972: It's now!](#)

"At that time, I will be able to catch you more easily!"

At the next moment, Chen Feng suddenly looked back.

At this time, Tu Zhengqing was already a few meters behind him, and he could almost touch him as soon as he reached out.

At this moment, the sneer on Chen Feng's face disappeared without a trace, replaced by a deep fear and shock.

He stared at Tu Zhengqing in horror, seeming to be very surprised at his arrival.

But Tu Zhengqing laughed wildly, and he was already slapped with a palm: "Boy, come down to me!"

Chen Feng yelled in panic, imagining the appearance of the enemies he defeated, desperately pretending to be more alike.

He yelled indiscriminately, a touch of madness appeared in his eyes, and his fists slammed indiscriminately, as if he had been desperate.

In the next moment, his fist was directly broken by Tu Zhengqing!

Then, Tu Zhengqing's fluttering palm hit Chen Feng's chest.

Chen Feng hurriedly twisted his body, but this palm was also slapped on his shoulder.

Suddenly, Chen Feng shocked all over, with a wow, a big mouthful of blood spurted out, and his body fell heavily!

The moment he fell, Chen Feng turned his back to Tu Zhengqing, and a wry smile appeared at the corner of his mouth.

"You really have to pay a price if you want to behave like something!"

With this palm, Chen Feng's blood surged, and his blood spurting was really not a pretense.

Chen Feng has suffered minor injuries.

However, due to the existence of the Immortal King Kong Arhat, he was only slightly injured, and the injuries were not serious.

Chen Feng fell to the ground, vomiting blood, slumped on the ground, convulsed all over, his face pale, and he couldn't move a bit.

Even, the eyes are a little loose.

Of course, this is just pretended.

But Tu Zhengqing didn't know.

Because in his opinion, this little Samsung Wudi should look like this after being slapped by himself.

At this time, Chen Feng's fall was a small island surrounded by a lava lake.

In fact, the radius is only tens of meters.

He lay there, feeling a scorching heat.

And Tu Zhengqing also fell by his side, looking up and down Chen Feng, eyes full of joking.

In his eyes, this kid is dying, and Tu Zhengqing believes that he has a chance to win.

He took out the sapphire gourd again and poured a few mouthfuls of thick amber wine.

He looked at Chen Feng with a trace of disdain, and he smiled: "Boy, have you seen this thing? Do you know what kind of wine it is?"

"Speaking of which, you are really ignorant."

He smiled, with a scornful face, and said with disdain: "Just now when you hid in the dark and saw your grandpa drunk, you should know that your grandpa is not something you can afford, understand?"

He shook his sapphire gourd with a full face.

"This thing is filled with wine, but it's dignified bauhinia jelly!"

"What? This turned out to be Bauhinia Jelly?"

After Chen Feng heard this, he couldn't help but feel a little shocked.

The bauhinia jelly here is not some kind of wine, but refers to the wine specially brewed for the power above Wudi level.

You should know that waiting for the leisurely wine has no effect on the Wudi realm powerhouse.

But Bauhinia Jelly is different. There are many extremely precious medicinal materials, Yuzhi.

The rare degree of this Bauhinia Qiongye is comparable to the First-Rank Golden Pill. For Chen Feng now, the First-Rank Golden Pill is nothing, and he has a lot of them.

But you know, drinking is not the same as taking pill. When drinking, you have been swallowing.

Take this Tu Zhengqing just now, the baubinia jelly he drank just now was at least ten catties!

Ten catties a product of Jindan! What is this concept?

Even if it is Chen Feng, it is quite difficult to get it out.

This shows that the background of this Chaoge Tianzi City is really quite heavy!

Moreover, this baubinia aureum is also quite effective in healing wounds, and can also increase gong power, not only wine, but also a pill.

Then, he shook the sapphire gourd again, and laughed: "My sapphire gourd is a treasure grown from a third-grade jade plant called the sapphire crystal vine!"

Chen Feng raised his brow when he heard it.

Yuzhi is one of the levels of psychic plants.

Like monsters and warriors, Lingzhi's level, as currently known by Chen Feng, is divided into eight levels.

And Yu Zhi, this level corresponds to the level of the magic weapon of the weapon, and the level of the monster emperor of the monster beast.

The third-rank Yuzhi was already equivalent to the third-rank magic weapon, the three-star monster emperor, and even higher.

Because it is different from the monster beast, the monster beast can cultivate on its own, can move, and has extremely strong attack power.

The magic weapon can be cast and manipulated.

However, things like spiritual value grow extremely slowly, and are easy to be picked by people and swallowed by monsters.

Even, it was destroyed by nature.

So it is extremely difficult to grow up.

Like Sanpin Yuzhi, although it is of the same level as the Samsung Demon Emperor, its rarity is more than ten times that of the Samsung Demon Emperor!

Tu Zhengqing was even more proud to see a look of surprise on Chen Feng's face.

In his opinion, he guessed right, this kid really has no knowledge, his cultivation base is low, and he doesn't know anything at all.

At this moment, in his eyes, this kid has neither strength nor background, it is estimated that he obtained such a treasure by luck.

At this point, he was completely afraid.

"Since there is no background, I don't have to worry about packing up!"

He didn't know that Chen Feng's knowledge was more than ten times more broad than him?

Chen Feng went to more places than him, but I don't know how many times.

Chen Feng just didn't understand this Bauhinia Qiongye.

He smiled: "Boy, you are lucky."

"The mere three-star Wudi, with low strength, is able to obtain such a treasure!"

He walked up to Chen Feng and squatted directly in front of him, unsuspecting.

After all, in his opinion, there is no need for guard.

Even if the Samsung Martial Emperor is at his peak, he is not his opponent.

Not to mention, he is now seriously injured and dying.

He did not put Chen Feng in his eyes at all!

Just squatted in front of him like this, and then directly stretched out his hand, trying to pull the emerald finger off his hand.

At the same time, he asked, "How did you get this treasure? Tell your grandpa about it!"

When he walked over, Chen Feng's breathing had become extremely long and slow. He didn't want to let Tu Zhengqing notice him because he was too excited.

Moreover, he is still deliberately suppressing his breath.

At this time, Tu Zhengqing lowered his head to question him, and at the same time stretched out his hand.

The position of his chest and abdomen was completely exposed in front of Chen Feng, without any cover.

A light flashed in Chen Feng's eyes: "It's now!"

"It's this moment!"

[Chapter 3973: Then you really think too much!](#)

"Now is the best time for me to attack after showing the enemy's weakness and lure the enemy to profit!"

At this time, Tu Zhengqing had no guard against Chen Feng.

His eyes were full of greed.

In fact, all his attention at this time was all attracted by the emerald green finger.

There was only greed in his eyes.

At this moment, Chen Feng's eyes flashed with a sharp roar!

In the body, the Donkey Kong Arhat Immortal Body was activated instantly, and dozens of large bronze bones in the body all lit up!

The next moment, Chen Feng blasted out with a punch!

In an instant, tens of billions of jin of power burst out, without a trace of waste, all of it hit Tu Zhengqing's chest and abdomen!

Tu Zhengqing didn't have any defense at all, and was hit firmly by this punch.

Chen Feng clearly heard a crisp sound of broken bones.

On the side of his figure, he avoided the blood spray from Tu Zhengqing.

Tu Zhengqing was hit and flew out dozens of meters away. The greedy color on his face had not yet dissipated, but it was already frozen there.

He was directly beaten out, a mouthful of blood spurted out, the look on his face suddenly turned into disbelief and shock!

He stared at Chen Feng: "How is it possible? How is this possible? You still have the power to fight? You can knock me into the air with one punch?"

However, he is ultimately a five-star Wudi.

Who can become a five-star Wudi, which one is not outstanding?

Not to mention, he has lived for so many years and has experienced countless battles.

Therefore, it was a moment of recovery.

The look on his face immediately changed from shock and disbelief into a touch of extreme sorrow and resentment.

He stared at Chen Feng, gritted his teeth and said bitterly: "Unexpectedly, kid, you actually concealed your strength!"

"Your strength is stronger than I thought, I'm afraid you have reached the four-star Wudi!"

"but!"

He paused, with a vicious expression on his face: "So what?"

"You took advantage of me to make a sneak attack with all your strength. It was just breaking three of my bones and vomiting blood!"

"This kind of injury is just a minor injury to me!"

There was disdain in his words: "You only have this chance, but unfortunately, you have already wasted it!"

"Next, it's your turn, you are dead!"

Although this punch had a force of tens of billions of catties, it could only cause Tu Zhengqing to be slightly injured and his body was beaten out.

After all, he is a five-star Wudi!

Chen Feng's Donkey Kong Arhat Immortal Body still has limited effect on the Five-Star Wudi.

However, what Chen Feng wanted was only that he was beaten out!

What Chen Feng wanted was the space where he was beaten out!

His real ultimate move is still behind!

Hearing Tu Zhengqing's spiteful words, Chen Feng showed a sneer at the corners of his mouth.

Suddenly, he let out a loud roar: "Keep your dog's eyes wide open and see who is dead!"

And following Chen Feng's violent roar, the next moment, a huge roar resounding like heaven and earth suddenly sounded!

On top of Chen Feng's head, the embryonic form of the statue of Stepping Heaven suddenly appeared!

With the ancient desolation, wild and domineering aura, suddenly descended!

In an instant, this breath completely enveloped the surrounding area,

In the next moment, the rudimentary form of the **** of stepping on the sky, the cold and indifferent eyes, suddenly looked at Tu Zhengqing!

His two front legs were suddenly raised high!

On the legs, countless golden veins suddenly lit up, extremely bright!

Then, his legs fell heavily!

Suddenly, a huge, vast and mysterious force swept out, and instantly enveloped Tu Zhengqing!

At this time, Tu Zhengqing had completely recovered, and controlled his body.

He was hanging in the air, about to launch an attack, with a smug smile on his face.

In his opinion, as long as it is his own palm, then this kid is bound to die.

He no longer wanted to keep Chen Feng's life.

"After beheading him, remove the treasure from his hand again!"

However, at the moment when he was about to launch an attack, he suddenly felt that an extremely vast force enveloped himself.

He suddenly felt a little breathless, but obviously, his breathing was not obstructed.

He knew this was an illusion. The reason why he felt unable to breathe was not because the air was really gone, but because...

He was sealed in a space!

However, he hasn't realized this yet.

His instinct is to blast forward with a palm!

However, this palm blasted out, as if it was shot on a transparent cover!

With a bang, the cover shook violently.

However, it is not broken at all!

He was stunned: "What's the situation?"

He instinctively slapped several palms one after another, but these palms all seemed to hit a transparent mask!

The mask fluctuates violently.

As a result, he saw that a hexagonal seal had besieged himself inside.

With the fluctuation, the six-prism-shaped seal gradually revealed its body.

But after the volatility disappeared, it became invisible again.

Tu Zhengqing immediately understood what was going on, staring at Chen Feng and shouted: "Boy, you actually sealed me inside?"

Chen Feng smiled and said, "That's right."

Up to this time, Tu Zhengqing did not realize his situation, nor did he take it seriously.

He stared at Chen Feng, grinning and said, "Do you think this can trap me?"

"Tell you, I will smash your seal with one punch!"

"Then, another punch will blow you up!"

Chen Feng spread his hands and smiled: "Then you really think too much."

"Do you think this thing can trap me?" Tu Zhengqing dismissed it.

Chen Feng touched his nose and shrugged: "I think, it seems, the problem is not big."

"Boy, dreaming!"

Tu Zhengqing let out a frantic roar, punch after punch, fiercely bombarded out!

But soon, the expression on his face changed from the previous stable victory to surprise, and then to shock.

Then, it turned from shock into disbelief!

It turned out that he found that with his punch after punch, this mask, this seal, not only did not have the slightest damage, but also continued to become condensed!

Keep getting stronger!

It was originally only one floor, and the inside was empty.

But now, it is constantly changing into entities inside, becoming more condensed.

Slowly, he felt like he was cast into a piece of iron!

Be sealed in a rock!

Not only did he not break the seal, but he couldn't even move it.

Soon he discovered that besides the eyeballs, he couldn't move his whole body!

[Chapter 3974: Broken!](#)

He screamed in disbelief: "How could it be possible! Why was it sealed inside? Why can't I move!"

"Your kid is just a three-star martial emperor, how can you have such a terrifying strength? How can you have such a powerful killer move?"

"How is it possible! I don't believe it!"

He didn't want to believe it at all.

But unfortunately, you must believe if you don't believe it.

At this moment, he was already sealed in this small space by Chen Feng!

Chen Feng looked at Tu Zhengqing and said helplessly: "I just said, I think it's not a big problem to seal you off."

"Why don't you believe it?"

Tu Zhengqing looked at Chen Feng with horror, no longer the arrogance and domineering just now.

Chen Feng's words made him blush, as if he had been slapped in the face and his face was lost.

But at this time, he could no longer care about face.

He had already realized at this time that the strength of this young man was extremely terrifying, he had exceeded his imagination, and he should not be underestimated!

He stared at Chen Feng, his voice sounding like a broken bellows: "Who are you? What is your origin?"

"Do you know that I am from Chaoge Tianzi City, if you dare to move me, Lord City Lord will never spare you!"

Chen Feng looked at him, smiled slightly, and said, "In the Xuanyuan family, Chen Feng, I have seen seniors!"

Then, with a light cloud on his face, he smiled freely: "As for you from Chaoge Tianzi City, I know this naturally."

"In fact, Chen Feng is here for you this time towards Ge Tianzi City!"

"What? You are Chen Feng?"

Tu Zhengqing's pupils suddenly contracted.

He has heard of Chen Feng's name.

He had known that Chen Feng's strength was terrifying.

When he heard the name Chen Feng, he thought for a while, and his pupils shrank, staring at him sternly, "You, are you here?"

"You said I really came. It seems that the news of what happened in Chaoge Tianzi City has already reached you, right?"

After Chen Feng heard him say this, he immediately reacted.

He had expected it to be so.

After all, he did such a big thing in Chaoge Tianzi City, if the city lord of Chaoge Tianzi City didn't know, it would be too wasteful.

Although the city lord of Chaoge Tianzi City and others have not asked him to settle accounts, and they have not even appeared in Chaoge Tianzi City.

But Chen Feng knew that it was because they had something important and couldn't get out of their bodies, and they were caught here.

However, after they find the secret of the sorghum mountain, they will definitely find themselves afterwards!

They must have known what happened in Chaoge Tianzi City a long time ago.

Hearing Chen Feng's words, Tu Zhengqing immediately knew that he had missed his words, and suddenly became silent.

Chen Feng looked at him, smiled and said, "Since you know my name, since you also know what I did before."

"Then you should know that I have no fear of you Chaoge Tianzi City!"

"Boy, you can't help but look down on yourself too much!"

Tu Zhengqing stared at Chen Feng, saying every word.

After all, he was a person who had lived for hundreds of years, and he quickly recovered his composure at this time. After thinking of one thing, his expression became a little confident.

He stared at Chen Feng and smiled grimly: "I want to see you, how long can this seal hold me!"

"Once I unblock it, it will be the day you die!"

"And no matter how strong you are, I can send out a signal!"

"As long as my signal is released, then you will be swarmed by the masters of the city, and you will become nothing!"

Chen Feng looked at him, but didn't pay attention to his threatening words at all.

He just smiled and shrugged: "I bet, you can't let go of this signal!"

In the next moment, Chen Feng patted his palms lightly and made a soft bang.

At the same time, there was another light pop, which echoed with Chen Feng's high-five.

Snapped!

In this originally quiet void, there was a soft noise suddenly.

It was as if the glass was broken, it was as if a precious crystal vessel was thrown to the ground and smashed to pieces.

At this time, in this space, there is also a broken thing.

It's just that the broken thing is not a crystal vessel, but the entire piece of space several meters in radius and several meters high, sealed by the power of the rudimentary power of the stepping idol and warlord!

At this time, this piece has changed from colorless and transparent to a somewhat frosted white void, and numerous cracks began to appear.

Then, these cracks grew rapidly and spread rapidly.

A faint smile appeared at the corner of Chen Feng's mouth, looking at Tu Zhengqing who was sealed in it, with a smile of joking and disdain on his face.

Then he stretched out his right hand, his palm spread out, as if he was holding something.

Then, all of a sudden, it clicked and pinched it firmly!

It seems that something has been crushed directly!

As Chen Feng made this action, with a click, the space was fragmented.

The next moment, it was completely turned into countless powder and disappeared.

It's as if it's above the space of this world, a space the size of five meters in radius has been forcibly pulled out.

Then, being pressed in the hand, it was crushed to pieces!

And since the space is broken, how can the people in it escape?

As the crack spread, Tu Zhengqing, who was sealed in it, showed a touch of extreme horror.

At this time, he felt an extreme danger coming.

And this danger, its level of horror, is enough to kill one's own life!nOvelus&.com

"How is it possible? What kind of attack is this? How could it kill me? How could it?"

"Why do I have such a hunch?"

Although he didn't want to believe it, he had to believe it!

Moreover, he was already aware of the terrible Chen Feng just now.

As Chen Feng did that action, this space was completely shattered!

And the space is broken, Tu Zhengqing, who was sealed in the space, will naturally be broken with it!

At this moment, he rose up all his strength, rushed out frantically, protected himself frantically, and wanted to escape this disaster!

He felt a chaos in front of him!

Then, I saw a touch of light after another.

And between the bright lights, there are deep depressions one after another!

But then, he was horrified to discover, where is this depression? Obviously countless space cracks!

These countless space cracks madly attacked him!

The power he played was all swallowed in an instant.

Then, these spatial cracks quietly covered his body.

You know, this space is broken, he should have broken along with this space.

[Chapter 3975: Then install it!](#)

He doesn't want to be broken, he doesn't want to die, that is to compete with this space!

That is to contend with the power represented by this space!

How can he contend for this kind of power?

Tu Zhengqing let out a terrible scream, those spatial cracks blasted on him like one after another of the most brutal offensive.

In an instant, Tu Zhengqing's whole body was blurred!

Countless blood burst out frantically!

And these spatial cracks did not let him go.

Some cracks in the space did not feel the obstacles of his body, and they began to turn upside down in its internal organs and bones.

These are a long story, but they are just things that happened in an instant.

Chen Feng only saw that as the space exploded, and then, with a snap, a **** figure like a torn sack came out of it and fell to the ground fiercely.

Twitching all over, his momentum is extremely declining.

Seeing that there was air intake and not venting, I couldn't live longer at all.

This sack-like figure is naturally Tu Zhengqing.

It turned out that Tu Zhengqing was a five-star Wudi after all, extremely powerful, blocking the fragmentation of this space, and did not die.

However, he was also severely wounded and was dying, and there was no way to fight back.

Now, let alone Chen Feng, I'm afraid he can't beat an ordinary Martial Emperor realm warrior.

He was only one breath away from death now.

A chuckling appeared at the corner of Chen Feng's mouth: "Sure enough, it is no different from what I expected."

This is what Chen Feng expected.

He knew very well the power of the rudimentary form of his stepping on the gods and the gods. If he wanted to kill the four-star Wudi peak, or if he had just entered the five-star Wudi, it was still possible.

But for Tu Zhengqing, who has been in the five-star Wudi for not knowing how long, he should still be unable to kill him.

This is exactly what Chen Feng wants most.

If Tu Zhengqing was killed, he would still have nowhere to ask questions!

The rudimentary form of Tatian Idol, the first real battle!

The first battle is amazing!

Chen Feng's heart throbbed for a while, his body shook, and he almost fell.

The rudiment of the **** of stepping on the sky also disappeared all at once.

A wry smile appeared at the corner of Chen Feng's mouth: "The rudimentary form of Tatian Idol War Sovereign is powerful, but once used, it consumes a lot of money."

"I feel that my strength has gone by at least 50% now!"

"At most I can use it again!"

Chen Feng came next to Tu Zhengqing, but he had learned the lesson that Tu Zhengqing had just learned, and in any case would not be so empty and expose himself to the opponent's attack range.

He just stood beside him, then looked at Tu Zhengqing and smiled, "I said, you can't let go of this signal!"

At this time, Tu Zhengqing was full of regret.

"This Chen Feng is so terrifying!"

Chen Feng continued to smile and said, "Can you speak?"

Tu Zhengqing convulsed all over, unable to say a word.

Not only was he speechless, but his right hand trembled rapidly, giving the impression that he was about to die.

"Okay, you can't talk, can you?"

Chen Feng looked at him and said indifferently: "Since I can't speak, it is of no use value, then I will kill you."

After all, Chen Feng patted his chest with a palm.

This palm shot directly shattered Tu Zhengqing's heart pulse.

He naturally died thoroughly.

At this time, Tu Zhengqing suddenly opened his eyes and looked at Chen Feng. There was a faint scream in his throat, and his eyes were full of fear: "Don't kill me!"

Chen Feng's palm moved to the side lightly.

A palm was slapped on his right hand, directly smashing his right hand into pieces, turning into nothingness.

Suddenly, Tu Zhengqing let out a terrible scream, holding his right arm, rolling on the ground again and again.

Where is the immobile and dying look just now?

He looked at Chen Feng with horror in his eyes!

Chen Feng looked at him with a joke at the corner of his mouth: "Pretend, continue to pretend! Why don't you pretend to me now?"

A sorrowful smile appeared on Tu Zhengqing's face, looked at Chen Feng, and slowly said, "You, do you see everything?"

There was even more despair in his eyes.

Chen Feng said indifferently: "Yes, not only can I see that you are pretending, but I'm still seeing it. The thing you use to notify other Chaojie Tianzicheng masters should be placed on your right hand?"

It turned out that Chen Feng had long seen that with Tu Zhengqing's strength, he would be badly wounded and dying, but he would never even be unable to speak.

Sure enough, Tu Zhengqing was pretending to be here.

Moreover, his right hand is clearly trying to send a signal.

Tu Zhengqing's face was tragic, and there was nothing to say.

His last hope was shattered by Chen Feng.

"okay....."

Chen Feng said faintly: "I don't bother to talk nonsense with you here. If you answer all the questions I asked, I will keep you alive for two more days."

"If you have anything untrue, then I will kill you immediately."

"Yes Yes."

Tu Zhengqing looked at Chen Fengfeng, his eyes were full of fear, and he nodded repeatedly.

He was completely scared by Chen Feng now.

Chen Feng looked at him and said lightly: "The first question, how long have you been here in Chaoge Tianzi City?"

"Four months and thirteen days."

Tu Zhengqing remembers clearly.

Chen Feng looked at him and said, "Now how many channels have you found that lead to the core of the Star Fragment? Have you found every channel?"

Tu Zhengqing did not hesitate, and immediately said: "The passage, we have found 16 passages so far, and each of them has been guarded."

"As for those that haven't been discovered, according to Lord City Lord's estimate, there are at least seven or eight."

"There are so many channels?"

Chen Feng raised his eyebrows: "Then tell me, how did you find here?"

Tu Zhengqing quickly lowered his head and pondered for a moment, starting from the beginning.

Thus, Chen Feng also knew how everyone in Chaoge Tianzi City came here.

It turned out that they had noticed this as early as many years ago.

The city lord of Chaoge Tianzi City also specially sent people to stare at the mountain of sorghum. Therefore, a few months ago, just after the news here came out, they came over.

This way, it was extremely difficult.

After all, they can almost be said to be the first people here, without any experience.

Coming all the way abruptly!

Even among them, they have repeatedly encountered four-star demon emperors, five-star demon emperor level powerhouses, and for this, many five-star martial emperor level powerhouses have been compromised.

Chen Feng could not help being shocked when he heard this.

Tu Zhengqing went on to say: "A few months ago, Master Chen Feng, you did what you did in Chaoge Tianzi City, it was already passed on."

[Chapter 3976: Extraterritorial sect!](#)

"I remember that Lord City Lord had a gloomy face that day and didn't say a word."

"Everyone thought he would return to the city, but unexpectedly, he announced the next day that we will continue to be here."

"Someone asked, he said calmly, 'My son is dead, what's the use of going back? Can it still make him resurrected?'"

Chen Feng's heart jumped fiercely when he heard the words relayed by Tu Zhengqing.

"This City Lord of Chaoge Emperor City is definitely an inexperienced hero! Ruthless!"

And about a month ago, we came to the core of the impact.

It turned out that the place had collapsed, there was nothing, and there was no way to get down.

I had no choice but to look around.

As a result, they really found some paths to the core.

Chen Feng nodded slowly.

At this point, this question is considered finished.

"Now, tell me, how strong is your Chaoge City Lord?"

When Tu Zhengqing heard about Chen Feng's question, his eyes also showed a touch of reverence, and said softly: "Our Chaoge Tianzi City City Lord has reached the peak of the Six-Star Martial Emperor, and is almost approaching the Seven-Star Martial Emperor!"

After hearing the news, Chen Feng set off a storm in his heart.

Although it had been roughly guessed before, that the strength of the City Lord's Mansion of Chaoge Emperor City was definitely not weaker than Xuanyuan Zixi, but he did not expect that it was already approaching the Seven Star Martial Emperor.

Qixing Wudi, what a terrifying concept is this?

This is four realms higher than Chen Feng!

To put it bluntly, if the city lord of Chaoge Emperor City wants to kill Chen Feng, it is really as easy as a person sticking to an ant!

You know, after arriving at Emperor Wu realm, the gap in each realm is very huge.

"But, so what!"

"I have yin and yang ghost steps, there is the embryonic form of the god-like figure of Tatian here, I have the right time and place! Everything!"

"How can I be afraid of you?"

The greater the difference in strength, the more aroused the brave fighting spirit in Chen Feng's heart!

After leaving this idea behind, Chen Feng stared at Tu Zhengqing and asked each word:

"Now, I ask you one last question!"

Tu Zhengqing felt a little bit in his heart, and immediately knew, I was afraid that this was also the most important question.

He took a breath: "Please tell me."

Chen Feng said slowly: "Now, tell me, what is on this star fragment!"

"Talent, it's worth your price to come here!"

Tu Zhengqing knew that he must answer this question.

Otherwise, you can't live today.

He thought for a moment and organized the language.

Then, looking at Chen Feng, he said word by word: "Master Chen Feng, there is..."

His eyes became a little confused.

Even the voice was a bit dreamy: "A person from another world, a star outside the territory, Zongmen!"

"what?"

After Chen Feng listened, his heart beat fiercely!

In an instant, his blood flow accelerated wildly, his face flushed.

He felt that his whole body was trembling, and his whole person almost swelled up!

Chen Feng felt that his heart was about to jump out of his cavity, and he was dumbfounded, almost stupid!

He murmured: "A sect from a star outside the domain, another world?"

"You mean, there is a sect that fell along with this star fragment?"

"Yes!" *NoVELuSb.cOm*

Tu Zhengqing nodded heavily.

Seeing Chen Feng's reaction, he didn't feel funny.

Because, when they first learned about this news, their reaction was countless times more intense than Chen Feng!

Chen Feng took a breath, and his whole body was plunged into a huge shock.

He had already guessed that among the falling stars, there was definitely something extraordinary.

However, I never expected that there was another star, the sect of other worlds, and fell along with the star fragments!

After a long while, Chen Feng came back to his senses.

And when he came back to his senses, he immediately fell into a huge ecstasy!

"My God, my God! A sect of an extraterritorial star! A sect of an extraterritorial star!"

"What great value is this?"

"Out-of-domain stars are other worlds completely different from the Dragon Vein Continent!"

"This also means that their cultivation methods, martial arts techniques, and even the origin of power and the way of power formation are completely different from those on the Dragon Vein Continent!"

Above this star, there may be no human beings.

It is possible that a group of monsters became martial artists.

It may also be a group of plants, even some gas, some light, and become a martial artist!

Then, the way their power operates and the way they absorb power are completely different!

As the saying goes, the stones of other mountains can be used for jade.

The appearance of such an extraterritorial star sect, let alone Chaoge Tianzi City, even the entire Dragon Vein Continent. It's an extremely important thing!

It can make the martial arts of the entire Dragon Vein Continent more prosperous!

Moreover, it is possible that the sect that fell down was not a stubborn stone, but a beautiful jade!

It is possible that this sect is a sect with a level far surpassing the nine major forces!

Chen Feng suddenly thought of what the person from the Foundry Association said to him that day:

"It is said that in the fragments of stars, there is a secret that can break through and enter the nine-star Wudi, and even surpass the nine-star Wudi!"

"I know, I know!"

"It turns out that the secret is this extraterritorial sect!"

Since the history of the Dragon Vessel Continent, it has been said that no one can surpass the Nine Star Wudi!

However, the inability of the people on the Dragon Vessel Continent does not mean that the people of other star worlds cannot do it, it does not mean that the people of this extraterritorial sect cannot do it!

"It turns out that this is the secret to breaking into the Nine Star Martial Emperor!"

"In the ruins of this extraterritorial sect, there is definitely something that has allowed me to advance by leaps and bounds, and the infinite treasure in the future!"

Chen Feng felt that his heart was trembling.

I can't help but not get excited, it's because the news is so amazing!

Moreover, this is also what Chen Feng is extremely urgent now.

Soon, he will go to Kongsang Lunjian to face those terrifying enemies.

With the quiet appearance of these hidden forces such as Dragon God Palace, Chen Feng also realized that his strength was not enough!

Among other things, Duan Mu Hongyu is no opponent.

Needless to say, after Kong Sang discusses the sword, he will go to the Soul Palace!

The Soul Palace, mysterious and unpredictable, almost means the most powerful force in the Dragon Vessel Continent!

Chen Feng now has no capital to confront him!

[Chapter 3977: Seven days later!](#)

What should be done, although Chen Feng has an idea, the possibility of success is still very small.

But now, Chen Feng suddenly realized that he might have found a solution to everything.

He was so excited that he almost burned!

With Chen Feng's concentration, it took a full half an hour for Rao to calm himself down.

Then, he looked at Tu Zhengqing and said slowly: "Tell me everything you know!"

Tu Zhengqing nodded and said, "This extraterritorial sect is actually the site of an extraterritorial sect."

"In this sect, according to our observation, there are no living creatures anymore."

"However, the entire sect is very well preserved, it looks like the people inside, suddenly all disappeared overnight."

When Chen Feng heard this, his brows wrinkled.

He vaguely felt that he seemed to have caught something.

It's just that it's hazy and not refreshing.

Tu Zhengqing continued: "Before, when we followed the Lord City Lord to find the star fragments, I was already extremely excited."

"And when we bypassed the star fragments and sent forward, it took a full few days to see the Zongmen ruins."

Tu Zhengqing took a breath and calmed down:

"When I saw that Zongmen ruins, I was so shocked, I just thought it was incredible!"

He looked at Chen Feng and smiled bitterly: "Our performance that day is far worse than you, Master Chen Feng."

"Some people are almost crazy with excitement. Only the Lord City Lord is quite calm. Although he is also excited, it feels like he knew this before. This incident only confirmed his thoughts."

Chen Feng listened, thoughtful.

Tu Zhengqing continued: "After slowing down, Lord City Lord is ready to lead us into it in a hurry."

"It turned out that there were many barriers on the periphery of the site, and they had to be opened one by one."

"When it comes to the last enchantment, it can't be opened anyway!"

He shook his head, clicked his mouth, and repeated: "It can't be opened at all!"

Chen Feng frowned and said, "What do you mean?" *novelusb.com*

Tu Zhengqing said: "The last enchantment of that sect is around the most central main hall, making it impossible for people to enter and open it!"

"That's it."

Tu Zhengqing continued: "However, this barrier only protects the central main hall."

"We have all gone to other places in the sect. The sect is extremely well preserved, the building is undamaged, and there are no dead bodies."

"There are even some viburnum jade trees inside. Although withered, they are frozen in the moment before withering."

After Chen Feng heard it, he yearned for it even more.

He suddenly said: "I heard you talk before, seven days later, the treasure is opened, what is going on?"

Tu Zhengqing said: "The Lord of the City is not only powerful, but also proficient in Zhou Tian's deduction."

"He has spent a great price, wasting 50% of his strength, and has been seriously injured, to perform deductions."

"The conclusion of the deduction is that this barrier cannot be broken at all, but after seven days, the barrier will automatically disappear."

"That's it!"

A light flashed in Chen Feng's eyes: "Then seven days!"

"After seven days, everything will be clear!"

"By the way, are you saying that the city lord of Chaoze Tianzi City has been seriously injured and only 50% of his strength is left?"

Chen Feng suddenly brightened his eyes and asked immediately.

Tu Zhengqing naturally knew what he was thinking, and smiled bitterly: "Yes, the old man did not lie."

Chen Feng laughed loudly: "God really helped me too!"

The opponent's strength is greatly damaged, which is naturally very good news for him.

After that, Chen Feng asked carefully, Tu Zhengqing knew everything and said nothing.

He told Chen Feng all the news he knew.

Seeing that he didn't have any information to reveal here, Chen Feng stood up straight and sighed softly.

Tu Zhengqing looked at Chen Feng with a hint of horror in his eyes.

Chen Feng smiled and said, "Don't worry, I won't kill you."

Chen Feng stepped forward and directly stuffed a pill into Tu Zhengqing's mouth.

Tu Zhengqing had a face full of fear, thinking that Chen Feng was going to poison himself, but he did not expect that the pill entered his throat and instantly turned into a light spirit, flowing through his body.

In a blink of an eye, his body actually recovered a lot, and even the wounds on his body began to shrink, and there was no bleeding at all.

Even the strength in his body is gradually recovering.

Tu Zhengqing's eyes flickered: "I don't care what kind of idea this kid is fighting, since he dares to cure me, then..."

There was a fierce look in his eyes: "When my strength recovers a little bit, I will kill him!"

He hated Chen Feng a lot. The reason he was so honest before was just because people had to bow their heads under the eaves!

A smile appeared at the corner of Chen Feng's mouth, and he looked at Tu Zhengqing and said softly, "Tu Zhengqing, why do you think I did this?"

Tu Zhengqing was taken aback for a moment and shook his head.

The smile of Chen Feng's mouth suddenly became cold: "Because, if I don't let you regain some strength, I'm afraid you will die completely!"

A flash of surprise flashed in Tu Zhengqing's eyes. The next moment, it turned into a trace of extreme fear, and he screamed in panic: "What are you going to do?"

Before he finished speaking, Chen Feng hit his Dantian with a punch!

This punch directly smashed his dantian to pieces.

The power in his body rushed out frantically, and in an instant, the aura here became extremely rich.

But the price to be paid is that Tu Zhengqing was directly abolished by Chen Feng!

He rolled frantically on the ground, looking at Chen Feng, hissing loudly: "Little bastard, what are you doing!"

"What am I doing? Of course, it is to abolish your cultivation base, and it will never be a problem!"

Chen Feng looked at him and shook his head: "Do you think I can't see the murder you just did to me?"

Tu Zhengqing couldn't say a word, but his eyes were filled with despair and regret.

"This Chen Feng is strong and the city is deep, why should I want to kill him!"

"I should be honest just now, that way, I won't fall into this situation!"

Then, Chen Feng stuffed him a few more pills.

These few pills directly restored Tu Zhengqing's body completely.

After all, he is now a useless person, and it is very easy for him to recover.

In a blink of an eye, Tu Zhengqing's body was completely healed and he was alive and well.

However, his strength is completely gone, and his whole person looks extremely old.

Now, he is just a relatively strong ordinary person.

Chen Feng tapped his finger again, and directly sealed his meridians and threw him here.

Then, he removed his chin so that his upper and lower mouth could not be closed, but he put another pill in his mouth.

[Chapter 3978: The remains of another world!](#)

In this case, he couldn't swallow this pill, he couldn't crush it, he could only melt it bit by bit.

And this pill is enough for him to not starve to death in the next few months.

What's more, Chen Fengte doesn't need a few months.

Then, Chen Feng put it in a very hidden cave.

Then, after searching for him, he found a huge bronze key.

This bronze key is more than a foot long and has a strange shape.

Chen Feng shook his head and smiled bitterly: "Who would have thought that the way such a huge bronze gate would be opened is just a key?"

"If you don't have this key, you won't be able to open it even if your strength is above the sky!"

Chen Feng did not kill Tu Zhengqing.

Because he knows very well that with the scheming of the people of Chaoge Tianzi City, it is impossible to expect that Tu Zhengqing will be suddenly beheaded by a very strong person, and there is no time for the possibility of transmission.

Then, they will definitely set up dual subpoenas.

First, if Tu Zhengqing sent the news back, they would naturally know.

Second, if Tu Zhengqing died, they would definitely feel it.

Therefore, Chen Feng will never kill Tu Zhengqing.

Moreover, he will make them feel that Tu Zhengqing is alive and well.

In that case, this road could become Chen Feng's retreat in the future!

After Chen Feng inserted the key in, he turned it slightly.

Suddenly, he felt his hands sink.

Then, the bronze gate was rolled open.

After the bronze gate was opened, the scene inside appeared in front of Chen Feng.

Here, there was a huge passage that was extremely wide and wide.

The height of the passage is thousands of meters, and the width is as large as kilometers, so it can fit a mountain in.

On the top is that kind of arched dome, and on the dome is inlaid with large and large murals.

These murals are shining brightly and describe scenes after scenes.

There is farming, planting, cultivation, alchemy, battle, killing, worship, etc.

Chen Feng glanced at it, only to feel endless.

It seems that these murals cover the affairs of countless people in a country and a dynasty.

On the wall, there are lines of gold, silver and jade inlaid with one after another.

When Chen Feng saw it, he knew that this was not a pattern of formation, it was just decoration.

And what surprised Chen Feng the most was that on the ground, there were golden lotus flowers one after another.

These golden lotus flowers are layered on top of each other, squeezing each other, high and low.

There is no trace of the slate on the ground, it is actually a road to the golden lotus!

The whole passage gives people the feeling that the brilliance is bright and gorgeous.

Seeing this scene, Chen Feng was stunned.

What he was shocked was not the channel itself, no matter how brilliant it was, he wouldn't care about it.

He was shocked: "How can there be a passage here?"

"Moreover, it is obvious that this channel has existed for a long time, and it is absolutely impossible to build it in just a few months!"

When Chen Feng entered it, he felt a strange feeling.

As if through a bubble.

Then, it was the same as isolating him from the rest of the Dragon Vein Continent.

Chen Feng knew that he had entered a closed and mysterious realm.

Then, the huge bronze door closed on its own.

Chen Feng did not rush forward, but bowed his head and looked at the golden lotus carefully.

Even break it off.

The material of the golden lotus does not seem to be different from gold, but when you look at it, you will find that there are many crimson red and rather rough textures inside.

The corner of Chen Feng's mouth raised, as if he had discovered something.

Then, he went to see those murals.

After watching for a long time, he slowly nodded and fell to the ground.

He gave a high-five and said softly: "I see!"

"The material of this golden lotus flower looks like ordinary gold, but it is actually a precious material called Chixin Yunjin."

"And some of the mosaic materials used in the mural are also quite precious."

"The most important thing is that these kinds of materials have been extremely rare for nearly 200,000 years."

"Only in the era 200,000 years ago, is it often seen, which means..."

Chen Feng looked into the distance, with a clear look in his eyes: "This channel has existed for at least 200,000 years."

He paused, then said slowly:

"Although the figures on the murals are slightly similar to the human races on the Dragon Vein Continent, they are in every detail."

"For example, looks, lifestyle habits, and other things are all slightly different."

"Even I saw..."

Chen Feng's figure flashed, and he came to the mural and pointed to one of them.

The scene depicted on this mural is of a person practicing.

The posture of his cultivation is very strange.

Chen Feng whispered: "The posture of this person's cultivation is completely different from that of the dragon vein continent."

"On the Longmai Continent, there are thousands of these martial arts techniques, but in the final analysis, it is nothing more than practicing the acupuncture points and meridians."

"On the Dragon Vessel Continent, even if the human races are different in appearance, the meridians and acupoints are the same."

"But his cultivation method is obviously not the meridians on the Dragon Vein Continent!"

"This also means that his meridians and his body composition are not the same as those of the Dragon Vein Continent!"

"Then! The answer is ready!"

Chen Feng sighed softly, with a trembling: "This passage, this ruins, and this secret realm are all left by people from other worlds!"

"They are definitely not from the Longmai Continent!"

As Chen Feng walked, he looked at the murals above his head earnestly, not letting go of everything, and collecting everything in his eyes.

And the more Chen Feng left, the firmer he was just now.

Finally, after walking out for an hour, the passage in front was almost at its end.

Chen Feng whispered: "Now, I can basically be sure."

"This site, these murals depict things definitely not on the Dragon Vein Continent, but on another star outside the territory!"

"Because the story depicted in this sentence is a story of the rise of a dynasty."

"This dynasty, their great emperor, rose at the end of the day. He was extremely talented and had a bumpy journey. In the end, he established a huge empire, ruled a world, and completely controlled this world."

There have been countless dynasties on the Dragon Vessel Continent in history, and it is impossible for Chen Feng to know them all.

But after seeing it, he concluded that this was not what happened on the Dragon Vein Continent.

the reason is simple:

[Chapter 3979: Finally, is it there?](#)

Although Chen Feng couldn't know all the dynasties that existed on the Dragon Vein Continent, he knew a rule on the Dragon Vein Continent!

That is, the sect is the respect, the family is the respect!

The most powerful forces in the history of the Dragon Vein Continent are all clans or sects.

For example, the current nine major forces.

Among these forces, none is a dynasty.

The dynasty depicted in this fresco controlled the entire world and put pressure on other forces to breathe. The Dragon Vein Continent had never happened before.

Therefore, Chen Feng dared to conclude that what this mural depicted was definitely not about the Dragon Vessel Continent.

Chen Feng murmured to himself: "There are some people who don't know where they came from. It is very likely that they are not from the Longmai Continent. They left this magnificent building here hundreds of thousands of years ago."

"A few months ago, there was another star fragment coming from outside the sky and hitting here."

"Is this just a coincidence?"

Chen Feng said flatly: "Absolutely not!"

"It is no accident that the star fragments fell in the secret realm of the sorghum mountain!"

"Even, the secret realm of this sorghum mountain!"

His voice was sonorous and powerful: "The value and significance of existence is to make the star fragments that exist outside the sect fall here!" **novelusb.com**

Chen Feng moved all the way forward and soon left this passage.

At this moment, an extremely vast space appeared in front of him.

It's like the entire bottom of the mountain of sorghum is already occupied by this space.

The vastness can't see the end at a glance, and the dome doesn't know how high it is.

However, it is not the same lava scene as before.

As soon as Chen Feng took two steps, suddenly there was a huge, loud thunder in the sky!

Then, countless lightning danced like a thunder snake.

In an instant, the clouds were overcast, and there was a pour of rain, which hit it hard.

Chen Feng didn't care at first, but when the rain fell on him, Chen Feng felt that there was a burning pain on his body.

He couldn't help being surprised, and looked down.

I saw the bare skin that had been hit by the raindrops. At this time, it turned red, sneered, and emitted white smoke.

Even some places have already begun to corrode, revealing the bright red tender meat below.

Chen Feng raised his brows: "This rain is strong enough, and even a strong body like me can corrode."

"If an ordinary Wudi realm powerhouse comes here, I am afraid that it will become a piece of bone under the rain!"

Chen Feng secretly warned: "The more you move forward, the more dangerous you are. Don't be careless. It's really evil and sinister here."

His hand shook, and a treasure appeared.

It is a small shield.

The shield grew long in the wind, and soon had a radius of seven or eight meters, covering the top of Chen Feng's head.

Chen Feng secretly said: "Fortunately, there are many treasures here, and it should be enough to protect them."

He continued to move forward in this misty rainy night.

The rain was pouring and the visibility was extremely low. A few tens of meters away, there was a vast expanse of whiteness, which was hard to see.

There are advantages, and Chen Feng is not afraid of being discovered by others.

The range of heavy rain is thousands of miles.

When Chen Feng stepped out of this area, the rain curtain in front of him disappeared without a trace.

Suddenly the sound of a gale roared in the distance!

Then, the wind came!

The wind was so strong that Chen Feng was a little unstable.

Chen Feng clearly saw the hill-like rocks several hundred meters high and weighing tens of billions of catties or even hundreds of billions of catties.

No, it should be said that either the rocks like hills, or the hills, are all blown up by this gust of wind!

The wind howled, swept through countless sandstones and magma, surrounded by countless hills, making a banging sound in the air.

In an instant, the world was shrouded in wind.

Moreover, the wind blows on the body like a knife.

Chen Feng was shocked!

That is to say, if the general three-star martial emperor, he could not stop the wind like a knife.

"This place is really dangerous!"

Chen Feng secretly said in his heart.

However, this is nothing to him.

Chen Feng then moved forward again.

Soon, when the wind swept through, the next level was a forest of thunder hells composed of countless thunders.

Every Thunder, almost has the power to smash the Samsung Wudi strong!

Soon, three days have passed.

In the early morning of the fourth day, Chen Feng's figure flashed, and suddenly he avoided a pillar of fire spouting from the ground.

This pillar of fire is not very thick, about three to four meters in diameter, but its height is extremely terrifying.

It feels like the sky is connected to the invisible dome.

It was like a swaying, but extremely slender candle, and like a wick swaying there.

However, although slender, it has extremely terrifying power.

When Chen Feng first came here, he tried to be slapped by the fire.

As a result, his left arm almost melted away!

The immortal body of Chen Feng's King Kong Arhat was almost melted away from his body, which shows how terrifying the fire is!

This level is the flames of the center of the earth.

There are countless flames in this area, suddenly appearing in the sky or from deep underground.

If you don't pay attention to it, you will be caught in it.

And this pillar of fire, the general martial emperor realm powerhouse will be melted directly without leaving any traces.

However, for Chen Feng, it was quite easy.

Suddenly, several earth-centered flames appeared from all directions outside his body.

The meeting point is where Chen Feng is.

Seeing that Chen Feng could not hide at all, he was about to be melted away.

But suddenly, his eyes became blank. The next moment, his figure flashed directly, quietly appearing from the outer shadow of one of the pillars of fire.

Then Shi Shiran left.

It turned out that Chen Feng, who had a shadowy ghost step by his side, was not afraid of such an offensive at all.

He wandered through it leisurely, and whispered to himself softly: "I have passed five levels."

"The first level, heavy rain."

"Second level, strong wind."

"The third level, Thunder."

"The fourth level is the meteorite falling, and now the fifth level is the flames in the center of the earth!"

Chen Feng walked forward a few levels, and then roughly figured out a doorway.

"I feel that this huge area should be a ring, divided into several rings, and each ring is a level."

"I just don't know, there are still a few levels ahead."

Just when Chen Feng thought so, suddenly, when he escaped the attack of the flames from the center of the earth again, and his figure flashed, a very strange feeling suddenly came into being!

He felt like he had broken through something!

It's like crossing the edge of a bubble and reaching a new world.

[Chapter 3980: Daqinglian Temple!](#)

Then, the scenery in front of Chen Feng's eyes changed, no longer the scene just now!

However, Chen Feng did not panic, instead he was ecstatic in his heart: "This is, is it already here?"

Then, he was launched by the instinctive shadow ghost step, quietly appeared behind a stone, appeared in the shadow.

Then, he just looked forward.

Then, Chen Feng saw the dead land in front of him!

Yes, only these two words can describe this world, this land!

At this time, Chen Feng only had a blue-gray color under his feet.

It's as if this land has lost its vitality for a long time.

And the green-gray land is a piece of grass forward.

The grass has already turned into a gray-black color, not withered or burned, but the emerald green that the grass should have turned gray-black.

Then, at the end of the grass, there was a small stream gurgling by.

However, although the water in the creek hadn't dried up yet, it had become pitch black and sticky.

After Chen Feng saw it, the only word that came to mind was: death!

After the stream passed, there were layers of mountains piled up.

And the mountains have also become a black and blue color.

On the hills, there are countless trees growing and dense forests.

It can be seen that this place was also a lush place back then.

But now, this dense forest is still there, but the trees are already long and very distorted and ugly.

Looks like a monster dancing wildly!

And this kind of scenery, you can't see the end at a glance, and you don't know how big it is.

asphyxia!

At this time, Chen Feng had a feeling of almost suffocating and breathing!

After a long while, he sighed softly, and from the ground under his feet, he picked up a pile of green-gray dust-like dirt.

Whispered softly: "Is this the fragment of stars?"

Chen Feng was sure that this was indeed a fragment of stars, and he had arrived at his destination!

Because of this land, it gave him a completely different feeling from other places on the Dragon Vein Continent.

Compared with the place in the Dragon Vein Continent, this area is full of lifelessness, an extreme lifelessness!

This kind of lifelessness is not the feeling of death, or the feeling of animals and plants.

It just feels that this world has lost its vitality!

This whole world seems to be dead!

At this time, Chen Feng even felt a trace of sadness that was so intense that it was as if the whole world had been completely broken!

Is this the sadness of the destruction of the whole world?

Chen Feng suddenly understood something, as if he had already understood something.

He even faintly felt that this world had a strong rejection of himself, and he even did not allow himself to set foot on it!

A smile appeared at the corner of Chen Feng's mouth: "Sure enough, I don't want me to come here, I don't want me to get the treasure of your world, right?"

"but!"

Chen Feng's face showed a proud look: "Since I have come here, where can you wait to speak?"

Chen Feng did not hesitate, stepped firm, step by step, stepped forward!

Soon, Chen Feng became more convinced that he did not come wrong!

Because, after bypassing the mountain in front of him, a huge stone stele appeared in front of Chen Feng.

This stone stele is not high, only ten meters long, and it is not finely carved at all.

It looked like it was digging a big rock from a mountain, then squatting here casually, and then engraving a few words on it.

It's just that, although it is not high, and it is not finely carved, this stone tablet gives people a thick and majestic atmosphere like a mountain!

It seems that if you put it here, you can suppress this world!

And above, there are a few dragons and snakes flying like a font!

Chen Feng was convinced that this font had never been seen before, and it did not belong to the Dragon Vein Continent, nor did it belong to any font on the deserted ancient ruins.

However, when Chen Feng saw this font, his mind was inexplicably shocked, as if thunder and lightning were exploding in it!

The next moment, he felt, a memory in his mind, quietly recovered.

But when he saw the text, he could understand it all at once.

Chen Feng was shocked inexplicably, what he was shocked was not other, but--

"How can I understand? There is information about this kind of text in my memory?"

"So, am I related to this thing? Or what? What are the things that are sealed in my memory?"

Chen Feng was very curious.

It's just that it's useless to be curious now, let's look at it first.

Chen Feng's tone was light, and he read the text:

"In the 19th and 643th year of the Emperor's Calendar, my name is Cangyan, and the foundation of the 'Daqinglian Temple' was founded here!"

Chen Feng was immediately attracted by the six words in this sentence: Daqinglian Temple!

"Daqinglian Temple? Could it be that the name of this sect is Daqinglian Temple?"

Somehow, Chen Feng's inexplicable feeling, these five words are very close to him, extremely cordial.

If this feeling came from his bones, Chen Feng sighed softly, feeling that the strangeness of being rejected by this world had faded a lot.

He raised his head, looked at the unknown in the distance, and said softly: "Chen Feng, you are at the right place!"

Chen Feng looked at the stele several times carefully, thoughtfully.

Then, continue to move forward.

After walking for about several kilometers, another stone monument appeared in front of him.

This stele is more detailed than the one just now, and its momentum is more grand and magnificent.

Two lines of characters are engraved on it: "My name is Lianhua, inheriting the inheritance of Cangyan Patriarch, I have been fighting here for more than three hundred years!"

"Purge the demons, slay the evil spirits, and carry forward the foundation!"

Chen Feng looked and nodded slowly.

"Sure enough, I didn't expect it!"

Then, he moved forward again.

Then, I saw the third stone monument and the fourth stone monument.

On each stone tablet, there are some words carved in seal.

And each stone stele is left by the person in charge of the past dynasties named 'Daqinglian Temple'.

From the first one, go all the way back, time gradually goes back, step by step.

When Chen Feng walked past these stone tablets, he seemed to have also seen this sect, this force, in this world of demons, treacherous and evil, and powerful people everywhere, slowly struggling to survive.

Then, carry forward!

Then, expand everywhere!

Chen Feng seemed to see the growth of a person.

The further forward, the stele feels like a person is gradually moving from a rough boy to the peak of middle age.

Finally, at the ninth stele, this momentum reached its peak!

And this ninth stele is also huge, as high as nine thousand feet!

Where is this stele? It is clearly a majestic mountain!
