

Peerless 4041

[Chapter 4041: Incomplete seal](#)

Chen Feng didn't think much, turned around and left, returning to the small building where he lived.

He first picked up the fragments of the big seals he had collected, and quickly put together a broken big seal on the table.

It's just that there were only two or three pieces before, and now this big seal has almost taken shape.

Chen Feng saw that this big seal was about one foot in length and width, and about six inches in height.

And at the top of the big seal, there was also cast a monster that didn't know what it looked like.

At this time, the seal was basically perfected, and only the last piece was left incomplete.

However, the last remaining piece is also the largest, occupying almost one-third of the size of this big seal!

"Just the last piece."

The corner of Chen Feng's mouth hooked.

"The last fragment, if you want to come, is in the body of the three-headed Xuanjin Jiao leader!"

Chen Feng put together this big seal, which might break at any time, carefully holding it in his hand.

At this time, under the big seal, the text was completely assembled. *novelusb.com*

It's just that Chen Feng didn't even recognize what this text meant.

He could only see that these were four large characters, each of which was square and square, with many strokes and extremely complicated.

And every stroke is like a dragon like a snake, with vigorous beards, but with twists and turns.

It seems to contain a great mystery, revealing the vastness of ancient times.

"What do these four words mean? What kind of tyrannical force is contained in it?"

Chen Feng watched for a long time, but didn't have a clue.

Had to shake his head slightly and put it aside.

Then, he took out the second fragment of the idol's innocent vitality.

"Now, it's time to cultivate you!"

Above the golden sea of clouds, the lotus seed boat is slowly flying.

It seems slow, but it is extremely fast.

It's just that because this golden sea of clouds is really too big, and its scenery is too unchanging, almost all places are exactly the same at a glance.

Therefore, when the boat is on it, life will feel very slow, or even not moving at all.

Because wherever I go, it is exactly the same as Immovable.

Above that golden sea of clouds, there are countless divine essences that fluctuate.

They have lived in this world for thousands of years.

They don't know where they came from or where they are going.

They don't know what the future is.

Because, those earlier gods did not point them to a correct way.

It didn't tell them how they evolved next.

It's just that, although they have not yet developed their wisdom, they don't know what their cultivation path is, but they often fight each other.

Because of their instincts, they tell them that they can become stronger by fighting against the same kind!

Hunk, but extremely violent and fierce.

The pure and majestic aura of heaven and earth contained in them has not diminished in the slightest.

Even more dense and pure than those on the Dragon Vein Continent and the barren ancient ruins!

In fact, this is also easy to understand.

After all, they are rampant and domineering here, and they have never even experienced the hunting of warriors.

Without natural enemies, without loss, how could it not grow big and thick?

Just beside the big lotus boat, several gods were floating there leisurely.

They were fighting each other fiercely there, devouring them.

Even if they saw the lotus boat coming, they didn't have any dodge.

Although it is said that under this golden sea of clouds, there are few big ships coming and going, but it is not uncommon.

They have lived here for hundreds, thousands, or even tens of thousands of years, and they have seen it many times.

And these big ships are not their enemies.

Their natural enemies are only the same kind who are gods.

But at this moment, suddenly, the several gods beside the big lotus boat felt a huge force sucked in.

They were entangled and smashed together, and they were suddenly separated.

After that, even without time to defend, he was directly sucked into a certain place.

At this moment, these gods showed their violent and ferocious nature. After a brief period of ignorance, they immediately screamed and attacked desperately!

A fierce atmosphere radiated from their bodies.

It shows that they are definitely not good.

But unfortunately, the one who captured them now is not a good one!

In almost an instant, these three divine transformations were directly sucked into the lotus boat.

And their struggle is of no use at all.

If you look closely, you will find that they were actually sucked in by a crack on the side of the lotus seed boat.

And behind this crack is the small building where Chen Feng lives.

At this time, on the square next to this small building, Chen Feng was sitting cross-legged.

Since the cultivation idol stepped on the innocent vitality and absorbed the gods, it needed a lot of space, so Chen Feng had already moved the cultivation site from the small building to the square.

And above Chen Feng's head, the rudimentary form of the **** of stepping on the sky stood upright.

Above it, waves of golden and bronze light continue to shine.

It's like washing its body.

And taking the rudimentary form of the **** of stepping on the sky as the center of the circle, there is a huge suction force.

The suction power is not only magnificent, but it also keeps rotating, directly forming a huge vortex centered on the rudimentary shape of the **** of stepping on the sky.

In that vortex, incomparable strength surged from time to time.

The three gods are directly absorbed by the vortex.

The three gods were still screaming frantically, screaming hideously, trying to attack Chen Feng.

However, all this is in vain.

Under the control of the idols under the control of the innocent vitality, the suction in the vortex is extremely powerful, and the vortex can easily swallow them.

These gods were sucked into it, then crushed, turned into the purest essence of the gods, and poured into the vortex.

Above the top of the rudimentary head of the god-like idol and the bottom of the vortex, these majestic powers spilled down like a waterfall.

All of them were absorbed by the rudimentary form of Treading Idol.

The golden-bronze light on the surface of the embryonic body of Tatian Idol and Zun Zun is getting brighter and brighter and brighter!

And in about half an hour, Chen Feng had completely refined these three gods.

After thoroughly absorbing these three divine essences, Chen Feng's robe swelled, and a turbid air slowly radiated out.

A breath of clear spirit brewed in his body.

He felt lighter and uncomfortable.

And the rudiment of the **** of stepping on the sky above his head was also a little more condensed. The whole body swelled a little, and it instantly grew by almost one-twentieth.

Chen Feng opened his eyes, a smile appeared at the corner of his mouth, and he slowly exhaled a suffocating breath.

[Chapter 4042: Gathered](#)

"Just now, it took me half an hour to refine the three gods."

"Before, every time I refine a divine essence, it takes almost half a day."

"Now the speed has increased, a full 36 times!"

"Sure enough, with this new fragment of the idol stepping on the innocent vitality, plus the countless gods in the mysterious sea of clouds, it will be twice the result of cultivation with half the effort!"

Chen Feng chuckles: "Xuanming Seven Seas Realm, I really want to thank you more."

"If I were in the Dragon Vein Continent, my cultivation speed would definitely not be as fast as it is now."

"Don't mention the absorption of three divine essences in half an hour, I'm afraid it is not bad to absorb one in one hour, no, it is even possible to absorb one divine essence in one or two days!"

The gods of the Dragon Vein Continent are extremely rare and need to be captured in those nine heavens.

In those nine heavens, crises are everywhere, even if you look around, you may not be able to catch a **** within a day or two.

Which is like now?

Chen Feng smiled and looked at the crack, suddenly stretched out his hand and grabbed it.

Suddenly, the power of the idol's innocent vitality radiated out, and a web of huge power radiated outward.

With a sharp roar, Chen Feng directly grabbed a divine essence from the crack.

Chen Feng laughed, very happy: "How easy is it like now!"

Chen Feng raised his head and looked at the rudimentary form of Datian idol Zhan Zun above his head.

At this time, the shape of the rudimentary form of the Tingtian Idol Zhan Zun was already much larger than before, from the previous size of about 50 meters to the current size of more than 80 meters.

Moreover, the skin on the surface of his body has all turned into a bronze color.

There are extremely heavy wrinkles in the bronze, and it looks very heavy.

With the bleak breath of ancient times.

Its momentum is even more majestic.

Chen Feng believed that the space restraint and space he used at this time was more powerful.

"I don't know what kind of powerful power he has now?"

Before, when fighting the four-headed Xuan Jin Jiao, facing the four-headed Xuan Jin Jiao that was approaching the Six-Star Martial Emperor, the power of the rudimentary form of the Heavenly Idol War Venerable was already somewhat weak.

Chen Feng was also deeply aware that the rudimentary form of Tatian Idol and Zun Zun needs to be improved.

But now, dealing with the four-headed Xuanjin Jiao should not be a problem.

"If you wait until the stepping idol Zhan Zun succeeds in condensing, then what kind of scene is it? I am afraid that facing the Six-Star Martial Emperor, he will have the power to fight!"

Chen Feng is full of expectations!

It turned out that this was already the second day Chen Feng had cultivated his idols and stepped into his innocent vitality.

This time, the speed of cultivation exceeded Chen Feng's expectations.

In just one and a half days, he absorbed dozens of gods, and now his number of gods has reached a full eighty-five!

It's only fifteen ways away from the one hundred divine essences that have achieved the **** Yuan Zhan Zun!

Chen Feng estimated that if everything goes well, when the day begins to rise, his god-primary warlord will be able to condense.

Moreover, the middle will be extremely smooth, and there will be no levels.

Because Chen Feng has really stayed at this stage for too long, and his foundation has been too deep.

What he lacks is just a technique that allows him to go further.

In addition, there is no stagnation!

Therefore, there are no barriers, and never advances.

As long as the quantity is enough, it can break through immediately.

"Fifteen divine essences are still missing!"

Chen Feng sighed lightly, and said slowly: "Then, go ahead and do your best!"

Then, Chen Feng was ready to continue practicing.

However, the day did not fulfill everyone's wish.

Chen Feng had just refined this divine essence, and he had not had time to pull another divine essence out of the crack.

He heard Pei Muyu's panicked voice in the distance: "Brother Feng Chen, come on."

Chen Feng suddenly raised his brows and his figure flashed before he came to Pei Muyu.

In the past few days, the relationship between Pei Muyu and Chen Feng has deepened.

She has a growing attachment to Chen Feng, and she loves to pester Chen Feng when she has nothing to do.

However, she is a person who knows how to measure.

Knowing that Chen Feng wants to cultivate, he never disturbs him while he is practicing.

Calling him at this time, it must be something important.

Chen Feng raised his eyebrows and asked, "What's the matter?"

Pei Muyu took his hand with a look of excitement: "You can see it."

Soon, the two came to the deck.

At this time, it was night.

The night in the Xuanming Yunhai area was not dark either.

The golden clouds below exude a shallow light, and above the sky, there is a thick blood.

The blood-colored light originated from the huge blood-colored moon above the western sky.

The moon in the world of Xuanming's Seven Seas Realm is extremely huge.

And this red moon is not round at all, it turns out to be like a vertical pupil.

At its edges, even black shadows appeared quietly.

It looked like a huge blood-colored eye standing upright, peering into the entire world of the Xuanming Seven Seas Realm.

Unspeakable weird!

And under the **** moon, there are two white rays of light lifted up.

The two white rays of light looked like two hands.

Two big jagged hands with only the bones left.

It adds a bit of strange and evil meaning to it.

The **** moonlight shone down, and the light here was not much inferior to that of daylight.

When Chen Feng saw the distance, his eyes jumped.

It turned out that at this time, at a very far distance, hundreds of miles away from the lotus boat, there was a big ship parked unexpectedly.

After Chen Feng looked in the other direction, he saw that a large ship was staying at almost the same distance.

Chen Feng glanced at it and saw that there were dozens of big ships staying in this huge area.

Every big ship has a different shape.

Some are long, like half-cut cucumbers, and others are round and emerald green, like a piece of duckweed without roots.

But in any case, its scale is quite huge.

There are not a few people with a radius of hundreds of meters or more.

Like the giant lotus boats, in these big boats, it can only be medium-sized, not high.

There is a quite terrifying aura on every big ship.

Of course, Chen Feng could distinguish that this horrible aura did not originate from the powerhouses on the ship, but from the ships themselves.

These big ships are a killer in themselves!

Chen Feng also saw a big ship shaped like a willow leaf in the distance, which was quite familiar.

It is the view of Chiyun.

In this area, dozens of large ships undulate.

Chen Feng raised his eyebrows and asked Pei Muyu, "Are we here?"

Pei Muyu slowly shook his head, smiled and said: "There is about one day's trip to the ground."

[Chapter 4043: Who dares to take my punch?](#)

"But this place is the place where the previous parties agreed to gather."

"Everyone discusses here first, discusses a charter, and then rushes to the valley of the stars."

Without waiting for Chen Feng to ask, she went on to explain: "There is a big secret in the Valley of Falling Stars, which may be the root secret of the Xuanming Seven Seas Realm."

"Furthermore, it is said that there is an extremely terrifying existence in it."

"If a dispute arises there and annoys those powerful beings, it will be a disaster."

"So everything should be settled here first. It is better to go there after everyone has one mind."

Chen Feng nodded, which is justified.

This area is extremely large, and the sea of clouds and waves is calm, and it is indeed a good place to discuss.

At this time, the head of the East Court also came up.

He glanced at Chen Feng, his eyes complicated.

But then he went to Chen Feng and introduced him in a low voice.

Obviously, although the two people had grievances before, the head of the East Campus was also very clear:

Now, he, and even the entire Shengyang Academy, can only rely on Chen Feng.

If there is no Chen Feng, they will get nothing and nothing!

With Chen Feng, it is possible to get a share of it.

It is even the biggest piece of the pie!

After all, they have also seen Chen Feng's terrifying strength.

The head of the East Court knew that Chen Feng did not understand the matter, so he whispered:

"It's good for Master Feng to know that now, the major sect academies and aristocratic families that have come here are already 26."

"However, the Valley of Falling Stars has a limited capacity, and can only accommodate 21 people at a time, that is, the power with the seven most treasures!"

"and so....."

Chen Feng said in an interface: "I'm afraid there is still a battle here!"

"Yes!"

The head of the East Court looked at Chen Feng with a slight expectation in his eyes.

Chen Feng smiled and said: "Don't worry, since I inherited your favor from Shengyang Academy, I have stayed in that Shengyang Academy for so long."

"Then, some grievances will naturally be borne for you."

Hearing Chen Feng's words, the head of the Eastern Academy was overjoyed and said respectfully:

"Then there will be Lord Lao Feng."

What he wanted was Chen Feng's words.

Chen Feng smiled slightly.

He had already wanted to make it clear that this valley of starfall involves the safety and whereabouts of Senior Sister, and he must enter it!

And he can't force it.

He knew nothing about the Valley of the Fallen Stars.

However, these sects of the Xuanming Seven Seas Realm had been to the Valley of Fallen Stars so many times before, and they must have some understanding of it.

At least, more than you know.

Then the most stupid thing at this time is to get the hatred of these forces, and then go alone in the valley of the stars.

The most brilliant is to use the shell of Shengyang Academy to hide in the forces of Shengyang Academy.

Without showing the mountains or leaking, follow everyone into the Valley of Falling Stars, and act by chance.

In this way, the risk can be greatly reduced.

Moreover, things are definitely much smoother than running alone!

Chen Feng is not the kind of ungrateful person either.

Although Shengyang Academy did not want to help him, since he inherited the love of Shengyang Academy, since he took advantage of the identity of Shengyang Academy.

Then, he will naturally share a lot of benefits to Shengyang Academy.

Or, to be more precise, is to divide the profit for...

Chen Feng looked at Pei Muyu next to him, and had already made up his mind that if he entered the Valley of the Fallen Stars, he would definitely take her with him.

When the time comes, just give her all those benefits.

I only save the senior sister, and only take the secret of the core!

At this time, many disciples from Shengyang Academy were all flocking here.

Most of them are involved in this kind of thing for the first time.

Seeing such a magnificent scene, I was amazed and surprised.

The big ships, in different shapes, float on this sea of clouds.

Nothing happened to each big ship, and because of the far distance and the defense of that big ship, Chen Feng couldn't see clearly the situation on each ship.

And at this moment, on the huge ship that looked like a piece of duckweed, suddenly the light mask flickered.

As if something came out of it.

Chen Feng raised his eyebrows: "What is this moth?"

The next moment, he saw an orange-red light approaching quickly.

The direction he came was unexpectedly the giant lotus boat of Shengyang Academy.

Chen Feng leaned against the side with his arms, with a slight smile on the corners of his mouth, watching the changes.

Soon, the orange-red ray came to Shengyang Academy in a big circle.

He came around from the outside and seemed unwilling to let others discover his traces.

And it happens that Shengyang Academy is located at the outermost periphery of these big ships.

The orange-red light flickered, directly breaking through the outer defense of the giant lotus boat and falling on the board.

Chen Feng secretly said in his heart: "At the beginning, the people of Chi Yunguan broke the outer defensive mask of the lotus boat with such ease."

"It's the same now. It seems that many of the defenses of the big ships above the Xuanming Seven Seas Realm can only guard against monsters."

"Facing the martial artist, there is nothing I can do!"

An orange-red light slowly fell on the ship board.

When the light dissipated, Chen Feng saw that it was a young man in his thirties who came over.

This young man has long fiery red hair and even his eyebrows are fiery red.

He is tall, with a lion nose and broad eyes, and looks extremely domineering.

There was a strong sense of arrogance and disdain between the eyebrows, and the eyes swept across the faces of the people in the Shengyang Academy, as if looking at ants.

This look made Chen Feng feel very upset.

This person looked at the head of the eastern courtyard and asked with a searching look: "Master of the head of the courtyard?"

The head of the East Court nodded slowly: "Yes, I am."

The red-haired young man seemed to relax a lot at once, and then raised his chin, proudly said: "I am from the Qingyan family, I am rarely in Hongyuan!"

After his first name was reported, he stopped talking.

Just stood there proudly!

Obviously, he was very sure that if he said his name, everyone would know it.

Sure enough, as he expected, when he heard the three words Xian Yu Hongyuan, everyone suddenly exclaimed.

"He is Xian Yu Hongyuan?"

"It turned out to be him? He who is known as the first person in the young generation of Xuanming Seven Seas Realm?"

"I heard that Xianyu Hongyuan is a wizard of heavenly vertical, and his bloodline talent is extremely strong, so he has already entered the fifth heaven of Xuantian realm early."

"Yes, its strength is not inferior to the elders in the sect!"

"I heard that only the Patriarch of the Qingyan Family would dare to say that he was better than him!"

"Yes, he is the first person of the young generation in the Xuanming Seven Seas Realm, and his strength is extremely terrifying! All previous competitions, all of which are proud of the crowd!"

"What is he doing in our Shengyang Academy?"

The head of the East Court also has this question.

When he said it, Xian Yu Hongyuan took two steps forward and stood in front of everyone.

He raised his chin and his face was full of arrogance: "I am new to Hongyuan. Recently, I have just practiced a peerless boxing technique, which contains a powerful force!"

"Our Profound Ming Seven Seas Realm world has never seen such a powerful force!"

He waved his fist, and the voice spread throughout the lotus boat.

"I am new to Hongyuan and want to test the world!"

"You Shengyang Academy is my first stop!"

His voice sounded like a rolling thunder on the giant lotus boat: "You, who would dare to take my punch?"

[Chapter 4044: roll!](#)

The voice buzzed, and everyone in Shengyang Academy looked at each other.

There was full of fear and fear on his face.

"It turns out that Xian Yu Hongyuan actually realized a brand new boxing technique! What is the terrifying power he said?"

"I don't know, I have never heard of it before, and there is no news from the Qingyan family."

"He was already strong, but now he has an understanding. Who dares to fight him?"

No one spoke, no one challenged.

Originally, Xian Yu Hongyuan was powerful.

Now there is an understanding again, who would dare to be his enemy?

Seeing this, Xian Yu Hongyuan laughed, his voice full of contempt: "Shengyang Academy is really abandoned."

"At the beginning, the ancestor of the Shengyang Academy was still the top ten masters of the Xuanming Seven Seas Realm. As a result, one generation was not as good as one generation, and the teaching was actually a bunch of waste."

"On your ship, all **** trash!"

Xian Yu Hongyuan is proud and extremely arrogant.

And at this moment, a cold voice suddenly came from the crowd: "Get out."

The volume is not loud.

However, everyone heard clearly.

After hearing this scroll, many people in Shengyang Academy were all excited.

They looked at each other and did not speak, but they were all delivering a message: "Good thing, it's coming."

And the word 'roll' was like a thunderbolt in the blue, directly interrupting Xian Yu Hongyuan's arrogant move.

He was like a chicken choked around his neck, and his voice stopped abruptly.

The smug expression solidified on his face.

The next moment, his eyes became extremely cold.

Suddenly, his gaze was like a sword like a sword, staring at one of the people, gritted his teeth and said: "Who said that? Stand up for me!"

In the next moment, the crowd was surging like a tide, and two of them flashed out.

Little Yu Hongyuan saw that these two people were leaning on the side of the ship.

One man and one woman, one tall and one petite, were whispering something.

The two of them looked at the golden sea of clouds outside and seemed to appreciate the scenery there.

He turned his back directly and ignored him at all.

He didn't even listen to what he said.

Its contemptuous gesture is self-evident.

The two of them are naturally Chen Feng and Pei Muyu.

In fact, Chen Feng did not intentionally make this gesture.

He is real and doesn't take Xian Yu Hongyuan in his eyes at all.

It's not just the strength of Hongyuan, this so-called self-proclaimed young talent, how many have he crushed on the Dragon Vein Continent?

This is rare in Hongyuan, what is it? Dare to be arrogant face to face with him?

In fact, when Xian Yu Hongyuan came here to say these things just now, Chen Feng didn't even listen to it.

He just leaned on the side of the boat with Pei Muyu and looked outside.

Because Chen Feng saw some wonders, and Pei Muyu was explaining for him.

The two talked and laughed there, and if Xian Yu Hongyuan's voice was too loud and noisy to Chen Feng, then Chen Feng would not even speak.

Xian Yu Hongyuan's voice was too loud, making Chen Feng a noise.

That's why Chen Feng said the word: "Go away."

"Boy, you said that? Huh?"

Xian Yu Hongyuan stared at Chen Feng's back, gritted his teeth and said.

Chen Feng was talking to Pei Muyu there. After hearing this, he couldn't help but shook his head and smiled: "The tree wants to be quiet but the wind keeps going."

Pei Muyu smiled without a mouth and turned around.

At this moment, she suddenly looked in a trance.

Because she felt that this scene was really fantastic.

It was something she had never experienced in her life.

Behind him is a sea of golden clouds.

Next to him was a handsome young man with a mysterious origin and extremely powerful strength.

On the opposite side is Xian Yu Hongyuan, who is known as the first person of the young generation in the Xuanming Seven Seas Realm.

And this so-called first person, at this time, she has completely ignored it.

Because she was full of confidence in Feng Chen next to her.

Chen Feng turned around, looked at Xian Yu Hongyuan, spread his hands, and said lazily, "Yes, I said it? Is there any problem?"

After seeing his expression, Xian Yu Hongyuan was stunned for an instant.

"What kind of emotion is this!"

"Is this impatience!"

"Is this bored? Is this a waste of time here?"

"He actually feels that talking to me is a waste of time?"

He was stupid.

He couldn't believe that someone would dare to deal with himself with this attitude!

"He thinks it's a waste of time talking to me here? He doesn't take me seriously?"

Chen Feng was just a simple and helpless gesture, and the contempt was rushing towards his face.

He doesn't need to say anything at all, just this one action is enough.

Xian Yu Hongyuan was shocked first, then angry.

His eyes seemed to be rising like flames!

He stared at Chen Feng, gritted his teeth and said, "How dare you treat me with this attitude?"

"Boy, you will pay a very heavy price for this!"

His voice was full of murderous intent.

And Chen Feng looked at her, just smiled, and said one word: "Oh?"

"Oh?"

This word is more contemptuous than the action just now.

Xian Yu Hongyuan fainted almost directly.

He let out a crazy howl: "What do you mean!"

"What do I mean?"

Chen Feng spread his hands and said, "Haven't your grown-up taught you to speak? Oh, it means oh!"

"Meaning, I know."

"Then what?" Xian Yu Hongyuan immediately said instinctively.

"There will be no more!"

Chen Feng smiled helplessly: "What else do you want me to give you?"

Immediately, everyone in Shengyang Academy burst into laughter.

"Xian Yu Hongyuan is going to be mad by Feng Chen, right?"

"Yes, Feng Chen really doesn't put him in his eyes at all!"

"In his eyes, Xian Yu Hongyuan is afraid that there is no difference from the ants."

But some people are worried: "Feng Chen is certainly strong, but Xian Yu Hongyuan is the first person in the young generation of Xuanming Seven Seas Realm. Is he Xian Yu Hongyuan's opponent?"

"Yeah, I am also very worried."

"Xian Yu Hongyuan has been famous for a long time, and his strength is so powerful that he should not be underestimated!"

Xian Yu Hongyuan took a deep breath, the furious look on his face disappeared, leaving only a trace of ultimate murder and hatred.

He restrained his emotions.

Because, in his view, Feng Chen was already dead.

He stared at Chen Feng and said word by word: "You say the word you first said again!"

Chen Feng turned his head and looked at Xian Yu Hongyuan: "Do you like being abused?"

"It's not enough to scold you once. Would you like me to scold you a second time?"

Chen Feng pointed to Xian Yu Hongyuan's word by word: "I said, let you go!"

"Boy, you are very courageous! How dare you talk to me in this tone!"

"I tell you, you today!"

He said word by word: "There is only a dead end, no one can save you!"

[Chapter 4045: I want to take humiliation](#)

In the next moment, he clenched his fists and held them high!

"Just let you see and see, the most tyrannical strength I have, will make you the first person to die under its hands!"

"Let you pay for what you just said!"

In the next moment, a tyrannical force wave came from him.

Suddenly, everyone held their breath.

Chen Feng also raised his eyebrows, quite expecting.

Although he didn't pay attention to the so-called powerful power that Xian Yu Hongyuan said, it was good to be able to observe the new power.

After all, the stones of other mountains can be used for jade.

At the next moment, Chen Feng suddenly felt a familiar force fluctuation.

He couldn't be more familiar with this wave, it was clearly...

A very funny thought suddenly popped up in Chen Feng's heart: "His so-called powerful and incomparable power will not be..."

What happened at the next moment confirmed Chen Feng's conjecture.

As Xian Yu Hongyuan's body became stronger and stronger, suddenly, a golden light gleamed past.

In the void, a force was directly pulled out abruptly and appeared around Xian Yu Hongyuan.

Then, as Xian Yu Hongyuan's body exercises worked, he quietly transformed.

In the end, it turned into a force suspended above Xianyu Hongyuan's double fists.

This is a force that is as long as a snake, twists and turns, shimmering with a blue light, revealing a cold and evil spirit.

It kept walking around his fist.

Of course, very powerful!

And this power, Chen Feng is too familiar.

This is clearly a god!

No, rightly speaking, it is not a god.

Its power level is probably only half way.

And only controlling this half of the gods seems to be an extremely huge burden for Xian Yu Hongyuan!

His forehead was dripping with cold sweat, and his whole body was trembling. Obviously, he could only control half the gods with his best.

But his eyes were incredibly ferocious, and his face was full of pride.

Looking at Chen Feng, he laughed and said, "I didn't expect it? I got such a powerful force!"

At this moment, everyone in Shengyang Academy exclaimed.

They were all shocked by the terrifying aura radiating from this power.

"I have never felt such a powerful force!"

"This is a brand new boxing technique, but it has a powerful destructive power!"

"This Xian Yu Hongyuan is really amazing, he deserves to be a talented person, and he has realized such a powerful force?"

"Is this the first time this power has appeared in our Profound Ming Seven Seas Realm?"

Everyone was stunned.

And feeling the eyes of everyone and hearing their words, Xian Yu Hongyuan was even more proud.

He looked at Chen Feng, raised his chin, and said in a commanding tone: "You are now kneeling on the ground, walking all the way, and come to me."

"Then, go under my crotch, and I will give you a joy, so that you don't have to suffer pain before you die."

After that, he gave out a burst of smug laughter.

It seems that he made Chen Feng die happy, just like what a blessing.

Chen Feng ignored him, but looked at Pei Muyu and sighed faintly: "I just said that the tree wants to be quiet but the wind keeps going."

"I didn't want to do it at first, but why do so many people take their own humiliation?"

Pei Muyu covered her mouth and chuckled.

"It seems that you want to die." Xian Yu Hongyuan Yinyin said.

With that, he shook his fist.

Showing the gods in his hands, as if demonstrating.

It's just that the divine essence was just sluggish there, obviously not under his real control, but it was temporarily relying on the power of this divine essence.

Seeing his level of mastering the gods, Chen Feng couldn't hold back for a moment, he snorted and laughed directly.

There was a very strange expression on his face.

It turned out that in Chen Feng's eyes, Xian Yu Hongyuan had not even mastered the most basic method of controlling Shen Yuan.

When Chen Feng condensed his spiritual essence for the first time, he was countless times stronger than him.

This is rare in Hongyuan, and he doesn't know how to use this divine essence.

"He is laughing at me!"

"He is still laughing at me now! Ahhhhh! Why!"

Xian Yu Hongyuan is almost mad!

His eyes were extremely brutal: "Congratulations, boy, you have no chance!"

"Now, die!"

He yelled frantically and punched out his fists!

Suddenly, the snake-like god, followed his fist twice, then turned into a fist and smashed it at Chen Feng!

After the blow, Xian Yu Hongyuan didn't even look at Feng Chen.

In his opinion, this person named Feng Chen is already a dead person.

Now that he has hit the most powerful blow of this latest comprehension, then this Feng Chen cannot be alive!

He turned his head directly and looked at the head of the eastern courtyard.

He clapped his hands and said with a relaxed expression: "Master Palm, now that this waste has been resolved, we should also talk about business."

After that, he smiled and said, "I heard that you have a treasure in the Shengyang Academy, the monument of Sunfall?"

"Now, hand it over!"

Hearing these words, the head of the East Hospital was irritated.

"Fucking, first is Chiyun Guan, and then you are rarely at Hongyuan. You two, are you here for the monument of Sunfall?"

"In the final analysis, isn't it just bullying my strength? Isn't it?"

He looked at Xian Yu Hongyuan with an angry expression on his face: "Xian Yu Hongyuan, do you know what this day's meteor monument means to me?"

Xian Yu Hongyuan smiled slightly: "Of course I know!"

"Then you still ask for it?"

"Haha, yes, I know, but I also asked for it, why? Is there a problem?"

Xian Yu Hongyuan said with a disdain: "You Shengyang Academy, since you don't have the strength to guard, then I will guard it for you."

His voice was full of arrogance and domineering, and he didn't put the people in Shengyang Academy in the slightest!

The head of the east courtyard stared at Xian Yu Hongyuan, gritted his teeth and said, "Are you eating persimmons and picking soft ones?"

Xian Yu Hongyuan laughed: "Of course you have to pick soft ones to eat persimmons."

Everyone suddenly understood the purpose of this seldom than Hongyuan.

Presumably, Xian Yu Hongyuan initially learned this boxing technique and initially possessed this kind of incomparable strength in his opinion, so he was ready to take this opportunity to weigh the big sect powerhouses.

And the first goal he chose was Shengyang Academy.

Because in his opinion, Shengyang Academy is the weakest, and the master's strength is also the lowest.

The reason why he came quietly was for fear of accidents.

After all, the first opponent he chose was Shengyang Academy.

Before that, be cautious.

It is estimated that if he wins a few games first, he will be swaggered when he comes to Shengyang Academy.

Xian Yu Hongyuan was talking here, coercing and tempting everyone in Shengyang Academy, and contemptuously.

[Chapter 4046: Are you planning to use this stuff to kill me?](#)

Suddenly, he found that the place became quiet for an instant.

Everyone looked behind him, their expressions were a bit wrong.

Many people opened their mouths wide, showing incomparable astonishment, surprise, and awe.

Even, they didn't listen to Yu Hongyuan's words anymore.

Seeing this scene, Xian Yu Hongyuan was stunned.

Then, the next moment, an extremely ominous premonition surged in his heart.

A thought suddenly surged in his heart, and it felt very wrong.

"No? Why didn't I hear Feng Chen's screams?"

"Even if he is shattered by my punch, there is always time to scream."

And at this moment, a lazy chuckle came from behind him: "Hey..."

This "hello" was naturally called him.

And this voice, he heard very familiar.

It was Feng Chen's voice just now!

When this sound came into his ears, his heart suddenly felt like a thunder exploded!

He suddenly realized what this shout meant!

"Feng Chen is not dead!"

"He didn't even die under my extremely powerful punch? He didn't even get beheaded by my newly realized powerful force?"

"how is this possible?!"

With incomparable surprise in his heart, he turned around.

And the next moment, that surprise turned into the ultimate shock!

In addition to the shock, a strong fear arose!

It turned out that at this time, he saw that the young man named Feng Chen was standing there leisurely at this time.

And the punch that he had just hit, the extremely tyrannical soul, was in his hands.

Yes, it is in his hands.

Xian Yu Hongyuan thought he was wrong.

He wiped his eyes fiercely, only to realize that he was right:

The tyrannical and domineering Shen Yuan just now has only the length of a little finger, no longer the mighty and domineering look just now, but has become very petite and cute.

Chen Feng pinched it with two fingers, squeezing it round and flat.

It's like playing with a little bug.

Chen Feng looked at him and smiled and said, "Are you planning to use this thing? To kill me?"

With that, he squeezed the Shenyuan in his hand and almost squeezed it flat.

But the gods couldn't resist at all, being crushed into a ball, it looked extremely ridiculous.

However, no one laughed out loud.

On the contrary, everyone is in the ice cellar, and there is an immense chill in their hearts.

They could all feel just now how violent and powerful this **** is in Xian Yu Hongyuan's hands!

And now, in Feng Chen's hands, he is so cute!

What realm has his strength reached?

Before, they all knew Feng Chen was very strong, but how strong he was, they were not so clear.

But now, there is a most intuitive comparison!

Xian Yu Hongyuan, who is known as the first person of the young generation in the Xuanming Seven Seas realm, has the power that consumes everything to control, and Feng Chen has no resistance to it!

What a huge gap is this?

It's a world of difference! !

They looked at Chen Feng not just in awe, but!

It's like looking at the gods!

Xian Yu Hongyuan was stupid.

He was very clear about how difficult this divine essence was to recover and how difficult to control.

Just controlling him, I have exhausted my best!

Feng Chen can easily control it!

Chen Feng's voice was faint: "You just learned how to play the gods, haven't you? Sorry, this is all left over from my play!"

After all, the Shen Yuan in his hand actually started to jump, turning into countless shapes.

For a while it was like a flame, and for a while it was like a tree branch.

Various shapes, different.

It shows Chen Feng's unparalleled control over Shenyuan.

Everyone was dumbfounded.

While dumbfounded, they all thought it was funny.

There was a burst of laughter from the crowd.

"Haha, this is rare in Hongyuan. I don't know where I learned a little way of manipulating Shenyuan, and then I came to Feng Chen to show it off?"

"Yes, no one knows, he only learned a little bit of fur!"

"Not only is Feng Chen's control over Shen Yuan far surpassing her, but the power of Shen Yuan he can control is also many times stronger than him!"

"Haha, compared to Feng Chen, Xian Yu Hongyuan can't even count as a fart, so he dare to show off in front of Feng Chen?"

"It's really blind to his dog's eyes! Let's face it now!"

Everyone laughed endlessly.

These words also slammed into Xian Yu Hongyuan's mind, making Xian Yu Hongyuan's face flushed instantly.

There was a buzzing in his brain, and he felt his face hurt.

It was like being pulled by the hair and slapped a few times.

And the fact is exactly the same!

He used this divine essence extremely arrogantly, but Feng Chen easily took care of it.

And, I stretched my finger to pinch it, and controlled it.

Isn't that just slapped him twice in front of him, smashing all his faces to pieces?

However, at this time, Xian Yu Hongyuan could not care about his face.

Because, at this time, he saw that Chen Feng looked at himself!

And his eyes were cold.

Xian Yu Hongyuan shivered, and he suddenly realized:

Now, what you need to care about is not your own face, but your own life!

Seeing Xian Yu Hongyuan looking over, Chen Feng looked at him and smiled.

Then, the **** pressed hard.

Suddenly, with a snap, the divine transformation was directly crushed by Chen Feng, and then escaped into a huge force.

In an instant, a huge force quietly radiated out, and everyone felt it.

And seeing this scene, Xian Yu Hongyuan's pupils contracted sharply.

In the next moment, he did not hesitate!

Turning around, his figure flashed, madly running away from the giant lotus boat!

At this moment, he actually wanted to escape!

Xian Yu Hongyuan is also a very decisive person who can clearly distinguish the situation.

At this moment, he realized: "I am definitely not Feng Chen's opponent!"

"It turns out that Feng Chen's control of Shen Yuan has been so powerful!"

"It seems that he actually has a very strong ability to manipulate gods, and his strength is much stronger than mine! I definitely cannot be his opponent!"

Although realizing this, Xian Yu Hongyuan felt almost collapsed, which was extremely embarrassing.

However, he has to admit that this is the truth!

He felt that his reaction was particularly correct.

He felt that he reacted extremely fast.

And it seems that his escape plan also went well.

In the next moment, he had already seen the edge of the giant lotus boat.

In an instant, he will be able to leave the giant lotus boat.

The panic in Xian Yu Hongyuan's eyes at this time has disappeared and turned into a vicious look.

[Chapter 4047: Did I say let you go?](#)

He gritted his teeth and said fiercely: "Feng Chen, right?"

"You are strong enough, aren't you? Your ability to control Shenyuan is stronger than mine, right?"

"So what?!"

"When I go back, when I find my mysterious master, he will definitely be able to crush you to death!"

"I don't know how much he is stronger than you!"

He was secretly cruel in his heart.

In his opinion, escaping from the giant lotus boat is already a certainty, and there will be no problems.

He was even thinking of future revenge.

And at this moment, a word suddenly came from behind, which directly made him cold all over.

It was like being caught in a basin of cold water, from the Tianling Gai to the sole of the foot.

It was the words that belonged to Feng Chen: "Did I say let you go?"

The next moment, a huge force directly enveloped Xian Yu Hongyuan.

Xian Yu Hongyuan felt that he was like a fish caught by a big net.

Then, the person behind him pulled the fishing net and slammed it down!

Xian Yu Hongyuan let out a loud roar, trying his best to break free.

However, it has no effect at all.

He felt that a huge force that could not be resisted directly restrained himself and smashed the strength he was resisting fiercely.

You can't get rid of it at all!

The next moment, with a loud bang, Xian Yu Hongyuan slammed onto the ship's plank and twitched twice.

Everyone who was watching Shengyang Academy couldn't help but think of two words: dead fish.

He was like a dead fish, severely thrown on the board.

Xian Yu Hongyuan suddenly raised his head, his eyes widened, looking at Chen Feng, his face was full of horror.

At this time, the pride in his eyes had disappeared without a trace, only shock, fear, and unspeakable despair were left!

A strong sense of powerlessness suddenly surged in his heart: "What kind of shit, I am the first person in the young generation of the Seven Seas Realm!"

"I don't even fart in front of Feng Chen!"

"He easily squeezed my gods and easily left me behind. Where is this monster from?"

He couldn't help but let out a weak moan in his heart.

At this time, Chen Feng walked up to him and looked at him with a smile: "Did I say let you go?"

With this sentence falling, there is also Chen Feng's palm!

Xian Yu Hongyuan roared, jumped up frantically, and fought back fiercely.

However, it is all in vain!

Chen Feng's palm fell, and Xian Yu Hongyuan's resistance was directly shattered, and then he felt a huge force pouring into his body!

For an instant, his whole body trembled like chaff, not knowing how many bones were shattered!

The internal organs were even more severely damaged, with a wow, blood spurted out!

The expression was distraught, his face pale, and he was paralyzed, unable to stand up for a while.

He has been seriously injured, I am afraid that only 30 percent of his strength is left.

However, I don't know why Chen Feng considered it, but he didn't get any injuries on the surface of his body, and he still looked intact.

Chen Feng clapped his hands, looking very leisurely.

It's as if he didn't severely wound a young super master just now, but just slapped an ant and a fly to death.

Then, looking at Xian Yu Hongyuan, he smiled and said again: "Did I say let you go?"

Xian Yu Hongyuan still wants to maintain the so-called decency at this time.

He gritted his teeth and just wanted to say something hard to Chen Feng.

But at this time, seeing the cold expression on Chen Feng's face at this time, Xian Yu Hongyuan suddenly shivered.

He watched Chen Feng walk towards him, his face made no secret of murderous intent.

Xian Yu Hongyuan immediately trembled fiercely in his heart: "What is he going to do? Is he going to kill me? Did he do it to me?"

At this time, infinite despair and fear surged in his heart.

Suddenly, the desire to survive shattered all his so-called self-esteem!

At this moment, he was extremely scared.

He doesn't want to die!

He suddenly wailed, turned over and knelt on the ground, kowtow to Chen Feng repeatedly, hissed for mercy: "Please, don't kill me! Please don't kill me!"

"I shouldn't have said that just now, I shouldn't have provoked you just now!"

"I have no eyes! My dog eyes look down on people! Please, don't kill me!"

He begged frantically there.

Everyone in the Shengyang Academy looked at him, and they couldn't help but sigh, and there was a wave of contempt in their eyes.

Xian Yu Hongyuan was so arrogant before, but now he is kneeling on the ground, like a dog wagging its tail.

"Oh? Begging for mercy? Don't you want to die? It's fine."

Chen Feng looked at him and smiled slightly.

He suddenly waved to the people in Shengyang Academy, and said, "A few men come out."

Everyone in Shengyang Academy didn't know what he wanted to do, but seven or eight people came out very obediently.

Chen Feng looked at them, smiled and said, "You stand in a row and spread your legs apart."

Hearing what Chen Feng said, everyone suddenly thought of something.

Then, there was a burst of laughter among the crowd.

And those seven or eight people all laughed, spread their legs, and looked at Xian Yu Hongyuan with excitement.

Chen Feng pointed to the passage under their crotch, and Xiang Xianyu Hongyuan said, "Didn't you just ask me to go under your crotch?"

"Okay, since you love to drill people's crotch so much, then I will fulfill you!"

After that, Chen Feng said lightly: "Go, kneel on the ground and walk forward."

"Go under their hips!"

Xian Yu Hongyuan instantly turned pale.

He had already thought about it, if Feng Chen let himself go under his crotch, then the humiliation would still be acceptable.

After all, Feng Chen is such a powerful master!

His humiliation seems to be a little more acceptable.

But now, he actually let himself go under the hips of these seven or eight people!

Not only are there many people, but what are these seven or eight people!

They are not regarded by Xian Yu Hongyuan at all!

In Xian Yu Hongyuan's eyes, they are no different from ants!

For Xian Yu Hongyuan, this is a huge humiliation!

His face was pale, and he knelt there, motionless.

"how?"

Chen Feng's face changed: "You don't want to drill, do you?"

Feeling the change in Chen Feng's expression, Xian Yu Hongyuan shivered violently.

He suddenly realized that if he did not obey his orders, Chen Feng would kill himself in the next moment.

His face was extremely pale, his expression dull, and his whole body trembling.

Then, after all, he was shivering and walking forward.

When he came to the first person's crotch, he stopped for a moment, but finally gritted his teeth and passed through.

Soon, it was from under the hips of seven or eight people.

When everyone in Shengyang Academy saw this scene, they shouted in excitement, and laughed there.

[Chapter 4048: Devil](#)

For them, this is a rare sight.

They, this is humiliating the first master of the young generation of Xuanming Seven Seas Realm!

This kind of morbid excitement made them all feel extremely irritating.

And this short few seconds is extremely long for Xian Yu Hongyuan.

Finally, after getting out of the last person's crotch, he stood up.

Suddenly, with a wow, a big mouthful of blood spurted out, shaking.

He felt that he had been humiliated and was about to faint.

He almost went crazy.

Then, he glanced at Chen Feng and walked out silently.

At this time, Chen Feng suddenly sneered: "I said, let you go?"

This is the third time Chen Feng said this sentence.

Xian Yu Hongyuan trembled all over, and Chen Feng looked at him with a smile: "Perhaps, you didn't hear clearly what I just said."

"Then, I repeat it again."

He said word by word: "What I said is, let you go!"

Xian Yu Hongyuan immediately understood what Chen Feng meant.

He knelt to the ground silently, and then rolled out.

He rolled to the edge of the giant lotus boat before leaving.

Seeing him, Chen Feng showed no mercy in his eyes.

Xian Yu Hongyuan is violent and vicious, and his methods are extremely vicious.

If his strength is not stronger than him, now on the ground, so miserable, he is himself!

Seeing Xian Yuhong's back, Chen Feng thoughtfully.

He whispered softly: "The boxing technique that Hongyuan uses only recently, although it is primitive and naive."

"That power is also very weak, but it is a real way to use the gods."

"And the use of Shen Yuan has never appeared in the Xuanming Seven Seas Realm."

This can also be seen from the reactions of the people in Shengyang Academy.

"So, why does Xian Yu Hongyuan have such power? He really realized it by himself?"

Chen Feng was deeply suspicious.

He thought this matter was a bit strange.

With Xian Yu Hongyuan's aptitude, ability, and knowledge of cultivation base at this time, it is completely impossible for him to comprehend the use of Shen Yuan's power.

Seeing Xian Yu Hongyuan's figure disappear and return to the huge duckweed boat where the Qingyan family is located, Chen Feng slowly shook his head.

A smile appeared at the corner of his mouth: "No matter what conspiracy is behind him, I will break it with one punch!"

Xian Yu Hongyuan finally returned to the duckweed boat.

He fell on the plank of the boat, he staggered and almost fell directly to the ground.

Xian Yu Hongyuan quickly stabilized his figure, looked around, and saw that there was no one around, and no one saw the scene just now, which made him relieved.

He gritted his teeth and said cruelly in his heart: "I must not let others know my current situation, I must not let others know!"

"I was defeated by Feng Chen who didn't know where he came from. I was beaten so badly!"

"I must not let people know that my gods are actually useless, so weak!"

"Otherwise, my status in the Qingyan family would plummet, and no one would look down upon me!"

"The so-called Xuanming Seven Seas Realm young generation's top master will also become a joke!"

He gritted his teeth, sternly, forcibly supported his body, and walked forward slowly, feeling nothing unusual.

The reason why Chen Feng didn't hurt the surface of his body was also the plan.

He didn't want this matter to make a big fuss, let everyone know his strength.

As long as he didn't leave Xian Yu Hongyuan with obvious injuries, he would definitely not take the initiative to publicize the matter.

Chen Feng is very clear about his psychology: he cannot afford to lose this person.

Soon, Xian Yu Hongyuan descended into this huge duckweed boat.

This giant duckweed boat is several times larger than the giant lotus boat where Chen Feng is in, and it is very large.

The space inside is thousands of meters in radius, and the height is nearly one thousand meters, just like a huge town.

Inside the streets, row upon row, buildings crowded the sky.

Up and down, forming many layers.

Countless lengths of thousands of meters, huge green veins with a diameter of more than a dozen meters, like the meridians on ordinary leaves, magnified countless times, and move vertically and horizontally.

It constitutes one road after another.

There are huge buildings everywhere and bustling streets everywhere.

When you enter here, you will find that this huge duckweed boat actually accommodates tens of thousands of people, forming a very lively city.

Compared with Shengyang Academy, I don't know how many times it will be lively.

The inside of Shengyang Academy is still mainly disciples, and this is completely stuffing a city into it.

Few Yu Hongyuan walked in it, and people who saw him from time to time were all respectful and bowed their heads.

Xian Yu Hongyuan didn't even look at them, and walked straight forward.

Soon, he came to his residence.

It's quite quiet here, and the building is four or five stories high and it is also extremely luxurious.

After Xian Yu Hongyuan entered the secret room in the building and completely shut the doors and windows, he just wowed, a mouthful of blood spurted out, and he fell heavily to the ground.

He was trembling all over, and he could barely control his figure just now.

He lay on the ground and waited for a long time before standing up.

Then he got up and walked towards the second floor.

His small building has five floors. The first floor is a wide hall, which is still normal.

But after entering the second floor, the atmosphere suddenly became weird.

This second floor was actually arranged as a hall, or, more accurately, it was a temple.

The ground and surrounding walls are inlaid with a kind of red stone.

But this kind of stone still has a touch of elasticity, and it feels like there is life.

There was red and black light everywhere, and it seemed indescribable and eerie.

At the end of that hall, there was a small offering table.

After the altar, a strange statue was enshrined.

This is a powerful statue of the devil!

The statue was about the height of two people, the whole body was pitch black, and the surface was extremely hideous and unspeakable evil.

Above the head, there was a golden horn, and on the horn, there were even countless runes, quietly flashing.

Gives a very powerful feeling.

And his body has four arms and two heads.

Under its feet, there is an endless sea of corpses.

It seems that it gives people a sense of terror and evil.

And if you look at it again, there will be a sense of devilishness and murderousness, which makes people tremble!

Obviously, this existence is extremely terrifying!

Even though it is just a statue, it is not really coming, and it gives people such a huge pressure.

However, what makes people feel weird is that in the deep and huge evil like the sea, in the monstrous devilish energy, there is still a gleam of golden light radiating from it.

[Chapter 4049: The strange black robe powerhouse](#)

Therefore, there is a trace of unspeakable dignity.

It makes people feel that at a glance, the spirit seems to be torn apart.

Very uncomfortable.

At this moment, after the statue, a man in black came out.

This black-clothed man has a swelling aura on his body, like a deep sea, giving people an extremely powerful feeling.

If Chen Feng was here, he would definitely be able to feel that the strength of this person was definitely above him.

The man in black frowned when Xian Yu Hongyuan looked like this, his eyes were a little surprised.

"How is this going?"

From his cultivation base, it can be seen that Xian Yu Hongyuan was seriously injured at this time, extremely serious.

Xian Yu Hongyuan looked miserable and said, "Master, I, I can't help you."

"I was beaten like this."

"how is this possible?"

The man in black frowned and said, "I have taught you how to use the gods. This power is superior to other powers in the Xuanming Seven Seas Realm."

"This Xuanming Seven Seas Realm, unless those old monsters take action, who can be your opponent?"

"It's a young man, a young man named Feng Chen!"

Xian Yu Hongyuan gritted his teeth and said viciously.

It seemed that he was able to vent his emotions in front of the man in black.

"Feng Chen? Who is that? I have never heard of it."

The black-robed man frowned and said: "The outstanding master among the younger generation of Xuanming Seven Seas Realm, haven't you told me about it? There is no such person in it."

Xian Yu Hongyuan gritted his teeth and nodded: "Yes, he is indeed not among the many young masters in the Xuanming Seven Seas Realm."

"I don't know where he came from, he just appeared suddenly! But he followed the people of Shengyang Academy."

Xian Yu Hongyuan said fiercely, "But, after I think about it, Shengyang Academy does not have such a master!"

The man in black was silent, but motioned for him to continue.

Xian Yu Hongyuan recounted the process of the battle just now.

But after listening, the man in black was shocked.

He wears a black mask, the black mask is dark, embroidered with poisonous insects and beasts, but he can't see his appearance, only a pair of eyes are revealed.

In his eyes, a ray of doubt flashed, and his heart moved, muttering to himself:

"The means to control Shenyuan is much stronger than Yu Hongyuan, and he easily controls the Shenyuan he controls."

"If I say that, how come I feel that this man named Feng Chen is not like a warrior in the world of Xuanming Seven Seas Realm?"

"Could it be..."

An idea arose in his heart, which immediately made him tremble severely:

"Could it be that Feng Chen came from another world? It may even come from the Dragon Vein Continent!"

If Chen Feng were here, he would be shocked.

It turns out that this black robe powerhouse is also from the Dragon Vein Continent!

The man in the black robe fell into contemplation.

But after a while, the color of contemplation dissipated, and what was left was an extremely evil eye.

He gritted his teeth and said bitterly: "I don't care which world you come from, no matter what your background is, no matter what strength you are!"

"Our sect, in order to find a trace of the true blood of the Great Yanyang Devil, it took thousands of years to find this world."

"It took another three thousand years to open up the passage to the world of Xuanming Seven Seas Realm."

"It took thousands of years before and after, and I don't know how many people died!"

"In that space turbulence, I don't know how many sect predecessors were imprisoned there forever, starving into a corpse alive!"

"I just found this place just now, open up this road!"

His voice is long and long, like a ghost under the Nine Nethers, with an indescribable murderous intent: "If you dare to ruin my good deeds, I must let you die without a place to be buried!"

He looked at Xian Yu Hongyuan, gritted his teeth and whispered: "Don't worry, this time, I will follow you into the secret realm of the Valley of Fallen Stars!"

"Our plan must not be destroyed!"

"Anyone who dares to stand in our way will be killed!"

Xian Yu Hongyuan nodded heavily, gritted his teeth and said: "Feng Chen, I want you to die!"

Suddenly, there was a loud noise, and a huge fireworks exploded above the golden sea of clouds.

When the fireworks burst open, the design was actually a huge red lotus.

At this time, all the big ships on the golden sea of clouds, all the members of the Zongmen Xuegong family, all saw that huge golden lotus.

As a result, all the big ships are busy.

Many rays of light rose into the sky, leaving their big ship, and heading towards a certain place.

On the giant lotus boat, Chen Feng and others also looked up and looked at the huge fireworks.

Pei Muyu whispered, "This is the firework signal from the Qingyan Family. Is it for everyone to meet at the duckweed giant boat?"

The head of the East Court nodded: "Yes."

He looked at Chen Feng and seemed to be asking for his opinion.

Before she knew it, Chen Feng had become a figure in control of everything in this Shengyang Academy.

They will ask Chen Feng what they do.

Chen Feng now knew that this Qingyan family was the most powerful force in the entire Xuanming Seven Seas realm.

The Qingyan Family was originally only one of the many first-class forces, but a miracle suddenly appeared in their family more than a thousand years ago.

As a result, the bloodline of their family as a whole has been upgraded to a large level, and they have obtained the mysterious method of bloodline improvement.

Make the blood of their family become increasingly pure.

Thus, he became the most powerful force in the entire Xuanming Seven Seas Realm.

Chen Feng chuckled, "Since they let go, let's go."

"I want to see, what are their plans?"

After a while, the head of the eastern courtyard led seven or eight people to go.

Chen Feng was among them.

Chen Feng dressed in white, without showing mountains or dew, he looked like an ordinary disciple of Shengyang Academy.

And just when he arrived next to the huge duckweed boat where the Qingyan family was located, Chen Feng suddenly felt an extreme danger.

It felt like a thorn on his back, as if being stared at by some powerful monster.

Chen Feng frowned, but then he was slightly relieved.

Because, he feels that the power is not just directed at himself.

It covers all around.

Chen Feng glanced, and finally, his gaze fell on the bow of a huge boat shaped like a floating seaweed.

It is a huge and strange flower.

Yes, it's just a flower.

It seemed to be a whole spiritual plant, planted on the bow.

This thing has a green rod with a length of about two hundred meters and a diameter of more than ten meters.

The top of the green pole is slightly bent, and on top of that is a very beautiful and elegant flower.

Shaped like an orchid.

At this time, the orchid did not bloom.

[Chapter 4050: Powerful killer](#)

On its surface, black rays of light flowed continuously.

This black light only exudes, a kind of breath called: destruction!

This huge orchid brought a huge sense of threat to Chen Feng.

Chen Feng frowned: "What is this?"

She seemed to know Chen Feng's thoughts. On one side, Pei Muyu whispered: "That is the big ship in Black Flame Valley. As for this thing, it is extremely powerful, and it is called Black Flame Heart Biting Orchid."

"Black Flame Heart Biting Orchid?"

Chen Feng looked at the black flame inside the flower thoughtfully.

He whispered: "That is to plant a spirit directly on the bow, right?"

"Yes."

Pei Muyu whispered: "The Black Flame Valley, the bloodline is ordinary, and the disciple is not outstanding."

"The reason why it can become a first-class power is because of this black flame heart-devouring orchid obtained by its owner thousands of years ago."

"This black flame bites the heart, and it is terrifying. As for what it looks like, and what kind of attack it is, no one has ever seen it."

"It's just a legend, that flower never blooms, as long as it blooms, there will be terrible suction."

"Anyone who has the ability to reach the sky will also be directly absorbed."

"then....."

There was a look of fear on her face: "There will be no more."

"The warrior who was sucked in has never been able to escape."

Chen Feng listened and nodded slowly.

He believed these words very much. This huge black flame heart-biting orchid could give him a rather terrifying feeling. With the strength of these powerhouses in the Xuanming Seven Seas realm being sucked in by him, how could he be able to come out alive? ?

As the two of them walked forward, Pei Muyu explained to Chen Feng.

Pei Muyu was also a key disciple cultivated by the Shengyang Academy. Although he was not very strong, he was well informed.

Basically, I understand these strange things in the Xuanming Seven Seas Realm.

Chen Feng discovered that only four ships had powerful weapons in the bow.

And the Black Flame Heart Devouring Orchid that I saw just now is not even the strongest.

Pei Muyu whispered: "There are four companies that have this powerful killer. The strongest killer is in the Qingyan family."

After that, he pointed to the giant duckweed boat.

Chen Feng saw that a giant crossbow was being placed there at this time.

The so-called giant crossbow, in fact, was not made by human warriors at all.

The body of that giant crossbow turned out to be a huge calyx.

All the petals had fallen off, leaving only the huge calyx.

The diameter of the calyx is about 100 meters, and there are seven huge holes above the calyx.

There is a huge stinger in every hole.

The stinger is thirty meters long, and the thickness is as big as two adult men hug each other.

Although it is wood, it shows a blue faint light like metal.

It looks so hard.

The tip is even sharper, with blue light flowing.

Above these calyxes and in the holes, blue light surging continuously.

This group of blue light gave Chen Feng the feeling that it was like countless extremely strong animal tendons mingled together, possessing extremely powerful ejection power.

It is possible to eject those stingers at any time and kill them at the enemy.

"This kind of killer!"

Chen Fengguang just glanced at it, and he felt like standing upside down.

After taking a closer look, he also felt a jump in his heart, and said to himself in surprise: "This weapon gives me the feeling that it is stronger than the black flame heart-devouring orchid just now."

"Its tyrannical degree is better than a six-star martial emperor, and it poses a great threat to me."

"If I were shot by this huge stinger, I am afraid that my physical body will be broken directly, and even if I am not dead, I will be seriously injured."

He glanced, and several other powerful killers were not bad.

Chen Feng muttered in his heart: "These four companies must be terrifying in strength, so they each have a treasure-level killer!"

Sure enough, Pei Muyu's words soon confirmed Chen Feng's conjecture.

"These four are the top forces above the entire Xuanming Seven Seas Realm, and they are the top."

"Even my Shengyang Academy is firmly held down by the four of them."

"These four companies have high and low rankings, but the highest is but second, and the lowest is not lower than seventh."

It turned out that these were the top powers above the Xuanming Seven Seas Realm.

Chen Feng nodded slowly.

After all, this killer is not the credit of the human warriors in the world of Xuanming Seven Seas.

To put it bluntly, it was the benefits they got from Lingzhi.

Whether it was the calyx, the poisonous thorn, or the powerful danger to Chen Feng, it was actually Lingzhi's own ability.

However, Chen Feng also warned himself at this time that he must not underestimate these warriors in the Xuanming Seven Seas Realm.

Although their strength is not good, each of their ships is actually an extremely powerful magic weapon.

These powerful killers on the ship have a power that is not inferior to the fourth-grade and fifth-grade divine weapons!

He looked at these powerful killers, thoughtfully, and said in his heart: "Actually, if this Xuanming Seven Seas Realm can be used well, then the benefits obtained here are extremely huge."

"Don't say anything else, these spiritual plants can even improve my strength considerably!"

Soon, everyone came to the huge floating wooden board beside the duckweed boat.

This is obviously the place where everyone has negotiated a plan.

It is extremely spacious, with many sheds built on it.

There is one in each house, and at a glance, there are as many as twenty or thirty.

Basically, every family came over with a leading elder, followed by seven or eight disciples.

Chen Feng and the others quietly entered it, came to the shed belonging to Shengyang Academy, and did not start any waves.

Naturally, it cannot attract the attention of others.

Chen Feng turned his head and soon found the shed where Chi Yun Guan was located, and looked there.

Then, his gaze touched You Gaoyang, who also happened to look at him.

The two looked at each other, and a flattering smile appeared at the corner of You Gaoyang's mouth, and he hunched over.

In Chen Feng's mind, it was clear, knowing that he had never dared to tell others about his affairs.

At the heart of the many sheds is a high platform.

At this time, several people were seated on the high platform.

The middle-aged man is a middle-aged man in his 50s.

It is the elder of the Qingyan family.

His skin turned out to be azure blue, and there seemed to be water vapor around him.

On that forehead, there was a blue sharp horn about two feet long.

The skin on the surface of his body is even more like that cracked bark, and I don't know what kind of blood it has.

However, Chen Feng felt a rather tyrannical aura from him.

This kind of aura is much stronger than that of the East Court Headquarters and the others.
