

Peerless 4121

[Chapter 4121: Fight!](#)

Not only did he not be frightened by fear, but instead stared at the Xuanjin Jiaohuang, staring at its offensive, to see its flaws.

Suddenly, a light flashed in Chen Feng's eyes, and the corner of his mouth was pursed, revealing a smile.

The next moment, he suddenly turned around, staring at Sikong Jinglong, and said coldly:

"In a moment, when I say start, you will let these disciples of yours control the Bafang Fengyun Kuangbow and launch seven stingers at the same time!"

"As long as it can hit its body, there is no need to specifically hit which part!"

"But, it must be hit!"

"Understand?"

Sikong Jinglong had already been frightened at this time, with a panic expression. He had no ideas, and he instinctively nodded and agreed.

Chen Feng's words even gave him a feeling of finding the backbone.

Chen Feng glanced at the disciples who controlled the Eight Direction Wind and Cloud Kuangbow, and said coldly: "After a while, if you don't do well, I might be killed by this Xuanjin Flood Emperor."

"But before it kills me, I will kill you first!"

His voice was as cold as a cold wind, and everyone immediately shivered with excitement, and he hurriedly agreed.

All of them stayed in their own positions, for fear that when Chen Feng gave the order, he would be too late to fire the stinger.

They believed what Chen Feng said.

However, for them, it is not difficult.

The Xuanjin Jiaohuang is also too big, and the accuracy of the Bafang Fengyun Kuangbow is also extremely high, it is not difficult to hit.

And the next moment, Chen Feng screamed more and more sharply, his figure flashed, and he was directly facing the sky, and the huge and incomparable Golden Flood Emperor rushed over.

He didn't have passive defense, he actually took the initiative to attack Xuanjin Jiaohuang!

Emperor Xuanjin Jiao let out a cold snort of unknown meaning.

In the next moment, its figure got rid of its rigidity just now, and its five huge mouths opened at the same time.

Wudao offensive, smashed towards Chen Feng fiercely!

An offensive at the level of the Sixth Heaven in the Five Dao Profound Heaven Realm is overwhelming!

At this time, facing this offensive, Chen Feng instantly entered the previous feeling of being without self and without him, as if he were one with the world.

At this time, his heart was also calculating rapidly.

"From the moment it started brewing an offensive, it took almost three breaths until the offensive has fallen."

"And just now, its body is still rigid."

"After this offensive was launched, it resumed agility, this!"

A glint flashed in Chen Feng's eyes: "I'm afraid it's my only chance!"

In the next moment, seeing Chen Feng was about to collide with the five offensives.

The Five Paths are equivalent to the offensive of the Sixth Heaven in the Profound Sky Realm, and even the current one is absolutely unstoppable.

A hideous light flashed in the eyes of the Emperor Xuanjin Jiao, and a strange smile appeared:

"Chen Feng, you can't stop it! You must die!"

At this time, Chen Feng suddenly raised his head, with a proud sneer at the corner of his mouth: "That's not necessarily!"

In the next moment, seeing Chen Feng, he was about to collide with this offensive with almost the power of destroying the world.

And at this moment, Chen Feng's eyes suddenly flashed like black and white lines.

For an instant, his eyes seemed to merge with time and space.

Then, Chen Feng's figure flashed and disappeared.

When it appeared again, it had appeared dozens of miles away.

Xuanjin Jiaohuang's eyes flickered slightly, and he did not expect Chen Feng to have such a powerful body.

But then, it smiled triumphantly: "Do you think my offensive is so easy to avoid?"

In the next moment, those five powerful offensives that ruined the sky and the earth directly followed Chen Feng's whereabouts and attacked him fiercely.

It turns out that this offensive has the ability to automatically chase the enemy!

Chen Feng smiled faintly, not caring.

He had expected it to be so.

This Sixth Heaven-level offensive of the Profound Sky Realm would be too weak if it were dodged so easily.

Chen Feng's figure flickered again, once again launched the shadow ghost step, and once again went dozens of miles away.

The five offensives, continue to pursue!

Then, Chen Feng flashed again and launched the shadow ghost step again.

The five offensives continue to pursue.

But after experiencing these three times, the power of the five offensives has dropped sharply, dropping by at least 60%.

This is also very normal.

After all, even if this offensive can automatically pursue it, but with each large-scale migration, its power decline is a normal thing.

Chen Feng's shadow ghost step at the current level was still unable to withstand the offensive at the level of the six layers of the Five Dao Profound Sky Realm.

If his shadow ghost step is upgraded to the second level, the distance he can leave is farther, and if he has other powers, he can avoid this trick!

Xuanjin Jiaohuang's eyes flickered, staring at Chen Feng, as if thinking about something.

In the end, this look turned into a deep disdain and arrogance.

"It turns out that you have this ability, Chen Feng, you just hide, right?"

"I see where you can hide!"

"Even if you dodge my offensive this time, I can still launch the next offensive. I see how long you can hide!"

It stared at Chen Feng with contempt in its eyes.

It thinks it has seen Chen Feng's reality!

When everyone below looked at Chen Feng, they all felt that he was not the opponent of Xuanjin Jiaohuang, and they didn't think much of him.

Only Pei Muyu shouted with confidence, "Brother Chen Feng, you can definitely do it!"

At this moment, Chen Feng just flashed a sneer at the corner of his mouth.

The next moment, Chen Feng's figure flashed again, and he launched the shadow ghost step for the fourth time.

It's just that the shadow ghost step launched by Chen Feng this time, his landing point was behind the body of Xuanjin Jiaohuang, in that huge shadow!

Chen Feng suddenly appeared behind Xuanjin Jiaohuang and rushed towards Xuanjin Jiaohuang's body.

So the next moment, the five powerful offensives followed, and they slammed down on the body of Emperor Xuanjin Jiao Huang!

Everyone exclaimed: "This, Chen Feng is really a change!"

"Yeah, he actually came up with this trick, leading the offensive of Emperor Xuanjin Jiaohuang to attack itself!"

"This trick is really wonderful!"

Xuanjin Jiaohuang looked at Chen Feng and sneered: "What do you think this can do to me?"

The next moment, it turned around abruptly to break this trick.

For it, breaking its own offensive is a very simple matter.

Chen Feng laughed, and suddenly a sly color flashed in his eyes: "This is of no use to you, but if I add this trick!"

Then, Chen Feng let out a loud roar, and Tatian Idol Zhan Zun suddenly appeared!

The two front hooves raised, and then fell heavily.

[Chapter 4122: Opportunity, still, trap!](#)

It made a scream from the sky, and a huge wave of water ripples suddenly spread out, instantly sealing the Xuanjin Emperor Jiaohuang's neck!

It turned out that at this moment, Chen Feng's Heavenly Stepping Idol War Sovereign had directly activated the space seal ability!

The ability to seal the space came out.

Suddenly, the Xuanjin Emperor Jiaohuang's neck was directly frozen and could not move.

The Xuanjin Jiaohuang is extremely large, and Chen Feng's space sealing ability can't actually cover such a large area.

But he is really very smart. Since he can't cover everything, cover your most vital part!

For Xuanjin Jiaohuang, the most critical part is naturally the neck that connects the body and the six heads!

As soon as this neck was sealed, an extremely unpleasant feeling rushed into the Xuanjin Jiao Emperor's heart.

It immediately realized Chen Feng's plan and let out a terrifying roar!

It desperately wanted to turn its head away, but unfortunately, its body and its head were separated at this time!

At this moment, it felt that its six heads were already disobedient and could not control it!

This is also normal.

After all, it usually controls these six heads through its neck.

Of course, this is just a momentary abnormality for it.

It was struggling frantically. With the strength of the Sixth Heaven in the Profound Sky Realm, Chen Feng's spatial seal could only seal it for a moment!

After an instant, it can break free!

As long as it is given even so much time to breathe!

But what Chen Feng wanted was just this breath!

After a breath, when the seal of this space was about to break, the **** of stepping on the sky shouted again!

Space is broken, just start!

As a result, Karala made a crisp sound as if the space was blasted to pieces. In an instant, the space at the neck of the Xuanjin Jiaohuang was directly shattered.

Numerous spatial cracks appeared instantly, cutting on the neck of the stepper.

Suddenly, Emperor Xuanjin Jiao made a scream.

Those space cracks lifted its countless scales, and countless wounds were cut.

Blood gushed out instantly.

However, this is only a minor injury to it.

Not even serious injuries are counted, let alone killed.

But what Chen Feng wanted was not to make him seriously injured by this, but to make it unable to withstand the next offensive.

Next, Chen Feng's offensive is...

At this moment, Xuanjin Jiaohuang suddenly turned his head!

There was a look of horror in its eyes.

At this time, in its pupils, five different colors of brilliance fell fiercely.

It is its five offensive!

It was first sealed by space, sealing a breathing time.

Then he was shattered by the space, his figure was uncontrollable, and his mind was confused.

At this moment, there is no time to block these five offensives!

In the next instant, the five offensives smashed into its body with great ferocity.

It's a good master at the Sixth Heaven in the Profound Sky Realm.

However, these five offensives are also at the level of the Sixth Heaven Realm in the Profound Sky Realm!

This is equivalent to the Xuanjin Jiaohuang using his best to attack himself viciously!

Five offensives hit its body, neck, and snake head.

Suddenly, the sound of loud bangs was endless, and it was also mixed with the screams of the Xuanjin Emperor Jiaohuang.

Numerous huge wounds were smashed into its body, and bones and internal organs were even visible in some places.

Even to its left, the azure snake head disappeared, and blood spurted out frantically.

These five offensives directly hit it severely, and it was smashed into the air by tens of thousands of meters before it stopped in the air!

At this time, it was covered with blood of different colors.

Its snake head is different, and its blood color is also different. Obviously, its blood has been purified by various forces.

It can be seen how powerful its power control is.

Above the sky, blood of various colors fell down, and a majestic rain of blood fell in this area for several thousand meters.

The people below were all drenched in sophistication, and many people even screamed screams corroded by this blood, and were seriously injured.

There was a sneer of white smoke coming out of the ground.

Chen Feng looked at the Xuanjin Emperor Jiaohuang in the distance and smiled and said, "How about Xuanjin Emperor Jiao?"

"I'm capable, can you still see it?"

Xuanjin Jiaohuang stabilized his figure and looked at Chen Feng with extremely bitter eyes.

After Chen Feng said these words, it made his eyes even more embarrassed.

It did not expect Chen Feng to cause such great damage to it.

And Chen Feng's words made him even more disconcerting.

Just a few breaths ago, it was still saying disdainfully: "Chen Feng, do you only have this ability?"

Now, Chen Feng used his ability to clean up the Xuanjin Jiaohuang!

It stared at Chen Feng and roared ferociously: "Okay, you are fine!"

"Chen Feng, you are fine, I have already decided, after I severely wound you later, don't worry about devouring your soul!"

"Instead, chew your soul in your mouth for decades, so that you will suffer all the pain, and then you will be swallowed and melted!"

Chen Feng didn't speak at this time, just smiled contemptuously and hooked his finger.

Although Chen Feng didn't say a word, the contempt and disdain revealed in that action was already on his face.

This even made the Xuanjin Jiaohuang angry!

It let out a crazy roar, and besides the snow white snake head, the other four snake heads opened again, four offensives, brewing again!

Chen Feng's eyes flashed.

He knew that at this time, Emperor Xuanjin Jiao had about three breathing times, and he could not move.

And this time seems to be the best time to attack it.

Of course, it just seems!

Is it really that simple?

"With its cultivation base and its age, he has experienced so many battles and with such rich experience, will he leave such an obvious flaw?"

"These three breathing clocks are really flaws?"

"Or!"

Chen Feng's eyes flashed, "It's just a trap?"

Therefore, during these three breaths, Chen Feng did not move at all, nor did the Bafang Fengyun launch an offensive.

Although, this seems to be the best opportunity!

But Chen Feng knew that he could not waste the opportunity!

There is only one opportunity, and if it is gone, it will be gone.

The three breathing times flickered, and the four offensives of the Emperor Xuanjin Jiaohuang were brewing again.

Its eyes opened suddenly, and the four offensives crashed down on Chen Feng.

At the same time, a hint of regret flashed in its eyes.

It seems that Chen Feng didn't take the opportunity to attack it just now, which made it feel quite regretful.

[Chapter 4123: It's really you!](#)

And Chen Feng was also keenly observing this slight change in his emotions, and suddenly he broke out in a cold sweat.

"Fortunately, I didn't attack just now."

"Otherwise, I'm afraid I will fall into its trap."

The next moment, the four offensives fell, and Chen Feng still used shadow ghost steps to evade.

Two times later, Chen Feng teleported to behind the Xuanjin Jiaohuang again!

His Heavenly Stepping Idol War Sovereign, appeared again, the space was sealed, and launched again!

Want to repeat the old trick, seal the Xuanjin Jiaohuang, and let it suffer another round of attacks!

And if it were to be attacked by these four profound heavens and the sixth heaven again, then it could be seriously injured from a moderate injury!

At that time, it will be Chen Feng's opportunity!

At this time, Xuanjin Jiaohuang laughed wildly, looked at Chen Feng and said, "Do you think I will be fooled a second time?"

"Boy, you are too naive!"

Then, just as the space seal was about to approach the body, Xuanjin Jiaohuang's body suddenly twisted weird!

The space around it fluctuates!

In the next moment, Emperor Xuanjin Jiaohuang had appeared thousands of meters away!

It moved several kilometers horizontally. Obviously, Xuanjin Jiaohuang also had a body technique similar to teleport.

It looked at Chen Feng, triumphantly: "Boy, you are too naive!"

This is the second time it repeats this sentence.

At this time, Chen Feng suddenly looked up to the sky and smiled: "It's you who are naive!"

In the next moment, seeing his missing space seal, it broke directly!

Just like that, it shattered like bubbles, without making any waves!

Xuanjin Jiaohuang's pupils shrank suddenly!

It suddenly realized what!

I wanted to dodge suddenly, but it was too late!

The space seal has appeared again!

It turned out that the space seal just now was a false move!

Just now, Chen Feng used that trick to seal the space just to trick one of its hole cards out!

And now, Chen Feng, succeeded!

After the space is sealed, the space is broken immediately!

Before Chen Feng, he had been showing the enemy's weakness.

Now, finally showing sharp fangs!

In fact, this space seal and space shattering are all good commands Chen Feng has given to Tatian Idol Zhan Zun long ago!

And he, as early as when the space seal was launched, had already looked at the duckweed giant boat below, and shouted: "Launch!"

And almost at the moment when he was speaking, even when his head was just lowered and he hadn't spoken yet, the disciples below who controlled the Bafang Fengyun Kuangbow had already instinctively pressed the machine in their hands! Irrigation has output his own power!

In an instant, countless brilliance surged above the all directions.

On the seven thorns that are three to fifty meters long and huge like an ancient pine giant tree, a blue light shines.

Then, the all directions violently swelled to the extreme!

There was a bang!

It's like bursting a piece of space above the sky!

Duo Duo Duo!

The seven voices joined together, and the seven huge poisonous thorns fiercely shot towards the Xuanjin Jiaohuang!

It turned out that Chen Feng's ultimate move was not the four offensives at all.

Even if the four offensives can severely wound the Xuanjin Jiaohuang, how about?

He still has the power to fight!

Everyone thought that Chen Feng wanted to grind it bit by bit, relying on her physical strength and the Emperor Xuanjin Jiaohuang.

Grind down its combat power a little bit!

Whether it is the Emperor Xuanjin Jiao, or the people watching the battle below, they think so!

But in fact, Chen Feng's appetite was much greater than they thought!

Chen Feng wanted to make Emperor Xuanjin Jiaohuang seriously wounded and dying, in a state of immortality!

"I want your life!"

His ultimate move is all directions!

It is these seven huge thorns!

Just when Chen Feng said the words 'Innocent is you', an extremely ominous premonition surged in the heart of Emperor Xuanjin Jiao.

He turned his head fiercely, and then saw that the seven faintly blue giant thorns shot at him fiercely!

Xuanjin Jiaohuang had never seen this thing before, but although it had never seen it, he could feel the huge terrifying threat from above and the incomparable lethality!

He let out a terrible howl.

He could have avoided, even if he had just launched a teleport, he could also avoid these seven huge stingers!

However, the space seal and space fragmentation that Chen Feng launched immediately afterwards was a delay of that moment!

What Chen Feng wanted was this moment!

How powerful is the arrogance of the Eight Directions?

How fast are the seven stingers?

Almost as soon as he turned his head, the seven poisonous thorns were already present!

Xuanjin Jiaohuang let out a scream, and tried his best, his body shook heavily, two huge claws came out, and two poisonous thorns flew!

But the remaining five poisonous thorns are simply impossible to hide!

At this time, seeing that Chen Feng's offensive could not be avoided, the Emperor Xuanjin Jiaohuang had to accept it.

It's just that the look in its eyes at this time is quite weird, a little surprised, but a little relieved, and a little more indifferent.

It seems that it is not very afraid, and there are other cards in general!

Five poisonous thorns shot fiercely on its body!

It deserves to be the treasure condensed on the body of the powerful jade plant that can slay the sixth layer of the Xuantian realm. The incomparably hard scales on the surface of the Xuanjin Jiao Emperor's body, facing these five poisonous thorns, there is no resistance at all!

Easily, it was nailed in!

Almost all of the huge stinger that was more than 30 meters long shot into its body.

Let Xuanjin Jiaohuang let out a scream!

However, this is only the beginning, and it is still to come.

In the next moment, above the five huge poisonous thorns, there was a faint blue light spreading out, instantly covering a hundred meters around the wound.

This faint blue light obviously has a strong corrosive ability.

As this ray of light spread, everything ulcerated wherever it passed, turning into yellow pus.

Even the bones began to turn black and black, and began to decay.

And the yellow pus was all absorbed by these poisonous thorns.

It seems that this thing is a good nourishment for these stingers.

As a result, after the poisonous thorns were absorbed, the green wood spirit began to shine out on the body surface.

Then, on their bodies, countless tiny buds appeared.

Soon, those shoots grew into branches and countless roots.

Then, he plunged deeply into Xuanjin Jiaohuang's body!

Then, the roots of those branches began to frantically extract nourishment from Xuanjin Jiaohuang.

Suddenly, he grew up with branches.

But in just a dozen moments, only five huge poisonous spines have grown into five huge, towering trees!

[Chapter 4124: So scary!](#)

Each of these five towering giant trees has a height of thousands of meters.

The coverage of each plant is several hundred meters.

Their roots are densely packed, almost covering the entire surface of the Xuanjin Jiaohuang's body.

It seemed that Xuanjin Jiaohuang's body had grown like five huge trees no smaller than its body.

This made it scream incomparably screaming, struggling wildly in the air, screaming wildly.

It can no longer take care of anything else, the immense pain has made it almost mentally broken.

The soul almost bursts apart!

Seeing this scene, Chen Feng couldn't help but jump in his heart.

This sting attack turned out to be like this!

Not to mention him, the people below, the major forces, were also shocked.

These warriors of the Xuanming Five Seas Realm, although they knew the prestige of all directions, but they had never seen a scene of their real power.

Because, there is no enemy worthy of being launched by all directions!

At this time, I finally saw it, and each one issued incredible exclamations!

And the five towering giant trees quickly turned from green to yellow.

Then, their leaves began to fall.

Their branches began to wither.

Their torso began to dry up.

They are aging rapidly.

It's like a career spanning thousands of years and tens of thousands of years in just a few dozen breaths!

Soon, these five trees were decayed and dysfunctional.

However, their previous nutrients are also sucked.

At this time, the Xuanjin Jiaohuang was almost completely wiped out by them, leaving only a thin, dry skin and flesh wrapped around the bones.

Aging, withering, and fragile!

The next moment, bang bang bang, these five giant trees suddenly began to crazily and crumble! Decay!

There was a huge tree growing on the back of the Xuanjin Flood Empress, which finally decayed.

Its huge roots finally fell.

And what brought it to Emperor Xuanjin Jiaohuang was a huge wound with a radius of several hundred meters, almost half of its back was cut off abruptly.

A tree entwining the two claws behind Xuanjin Jiaohuang also shattered.

Along with it were the two huge claws and two hind legs of Emperor Xuanjin Jiaohuang!

Among them were two poisonous thorns, which hit its two khaki and jet black necks.

At this time, as the two giant trees broke, the two huge snake heads were also grinning and fell to the ground with grinning teeth!

In an instant, these five trees were all shattered.

And Xuanjin Jiaohuang only had a remnant body that was less than one-third the size just now.

Even, just now, it didn't even shed blood.

The flesh and blood in its body seemed to have been completely absorbed.

Its snake head is only left with the red and snow white.

Its body is extremely dry and fragile.

Just like a dried flower that has been exposed to the sun for decades.

It feels like it will be broken when touched.

At this time, its appearance makes people think of only one word: withered!

At this time, it is worse than severely injured and dying, and it can't even be said to have a breath. It can only be said to be barely alive, and it may die at any time!

Chen Feng finally saw the all directions of the wind and clouds, the powerful and vicious, but weird and vicious offensive.

This scene made him unable to help but feel a cold sweat.

However, Chen Feng was not very afraid.

This giant poisonous thorn can hit the Xuanjin Jiaohuang, but it may not be able to hit him.

At this time, everyone below was shocked to the point of silence.

After a long time, I just came back to my senses and exclaimed one after another: "Is this the power of Bafang Fengyun Kuangbow? It's terrifying!"

Someone from the Qingyan family took a deep breath:

"Although our big duckweed boat is equipped with Bafang Fengyun Kuangbow, this is the first time in recent years that I have seen the true terrifying power of Bafang Fengyun Kuangbow!"

Even Sikong Jinglong trembled: "It's not a waste of life to have this scene today."

However, there are also people who are quite knowledgeable and thoughtful, disdainfully snorted and said: "What is this? What you see is the power of all directions, but what I see is Chen Feng's strength."

"If it weren't for what Chen Feng did before, how could this eight-way wind and cloud mad crossbow be launched calmly? How could it hit the Emperor Xuanjin?"

"If you can't even hit a hit, how powerful is it?"

When everyone heard it, they nodded their heads in agreement.

Chen Feng sighed lightly, with a smile on the corner of his mouth, looking at the all directions below.

At this moment, that all directions wind and cloud madly crossbow, above the whole body, the light is extremely convergent, and the aura is extremely weak.

The extremely dangerous feeling that Chen Feng had given before has also completely disappeared.

Obviously, firing these seven poisonous thorns at one time has also caused a great burden on the Bafang Fengyun Kuangbow.

It can basically be said that the treasure of the town on this huge duckweed boat has been considered ruined.

However, Chen Feng looked at the black flame heart-biting orchid: "There is still no use of this hole card, and now it seems that there is no need to use it anymore."

Only one of Chen Feng's two hole cards was used.

However, he has no regrets. If he runs out of two hole cards and finds out that he has not won, that is the real sadness.

Chen Feng would rather use less of his hole cards.

Not to mention.....

There was a flash of light in his eyes: "I still have the biggest hole card, I haven't used it!"

At this time, the feeling that Xuanjin Jiaohuang gave to people had already declined to the extreme.

It seems that you can break it with one touch.

Even, many people below were all ready to move, trying to take action for Chen Feng and kill the Xuanjin Jiaohuang.

After all, this is Xuanjin Jiaohuang!

This is terrifying, it only exists in the legend!

If it can be killed, how big is it, how famous is it?

But Chen Feng stood there, motionless, just staring at Xuanjin Jiaohuang from a distance.

There was a vaguely strange feeling in his heart.

He felt that things seemed impossible to be so easy!

At this time, the reaction of Emperor Xuanjin Jiao Huang was also very strange.

It stood there blankly, seemingly stunned, without responding for quite a while.

But only in this way, the more Chen Feng knew that things might change.

After a while, many people who were waiting couldn't help but want to kill the Xuanjin Flood Emperor.

Suddenly, the Xuanjin Emperor Jiao moved.

It has only two snake heads left, and one of them is the pure white tongue.

This is also the best preserved one, even the surface has a bright and clear luster, just like before.

[Chapter 4125: The ultimate trump card of Xuanjin Jiaohuang!](#)

It looked at Chen Feng and said quietly: "I just looked down on you."

"I didn't expect you to have such an ability, nor did I expect that you could cause me such a huge harm."

Its voice is very gentle, it seems that nothing just happened, and it is not angry about it.

Even, some clouds are light and windy.

However, Chen Feng could feel the infinite anger and fierce murderous intentions hidden beneath that light cloud!

Xuanjin Jiaohuang then said lightly: "I admit, I underestimated you."

"But from now on, I won't underestimate you."

"And when I really value you, there is only one fate for you!"

Its snake mouth opened, and the red snake letter hissed: "It's just death!"

"Now, let you see my ultimate hole card!"

When it said this sentence, suddenly, the breath of the Emperor Xuanjin Jiao changed.

Its breath has gone from extremely fading to extremely huge!

In its eyes, two erect pupils suddenly appeared between them, filled with indifferent murderous intent.

Even more with overlooking and contempt.

But in any case, this is not the expression that a dying monster should appear.

On the contrary, it was as cruel and vicious as the expression of a snake before devouring a mouse!

Chen Feng just stared at him coldly, without speaking, a voice in his heart quietly sounded: "What is your trump card, I'm looking forward to it!"

Just when Chen Feng remembered this sentence in his heart.

Suddenly, the pure white tongue of Emperor Xuanjin Jiao raised suddenly, with a roar!

But, completely different from before, its roar was full of ferocity, violence, cruelty and so on.

But now, this roar is thick and gentle.

It feels like that vigorous jade strike.

It's not harsh, on the contrary, it sounds very nice.

After everyone heard this sound, they all felt their body feel comfortable, as if many gates had been opened.

Everyone was surprised and exclaimed.

"What's wrong?"

The next moment, they looked up to the sky.

It was to see that the sound waves that were so thick that they were almost condensed into substance emanated from the snake head, turned into white ripples and spread out.

It is like dropping a stone in the calm lake.

The white ripples were also mixed with bursts of cyan, and this power was completely the same as the killing, insidious power that the Xuanjin Flood Emperor had just shown.

Very mellow, warm, and with a strong breath of life!

Chen Feng frowned, and suddenly realized something!

The ripples spread away, covering the entire body of Xuanjin Jiaohuang in an instant.

Its body is like that dry soil finally encountered the pouring rain, and it began to absorb it wildly and greedily.

Then, after absorbing enough ripples, it gradually started to become alive.

The surface of the body was already dry to the point of decay.

At this time, it gradually becomes fuller, becomes elastic, and begins to become lustrous.

Suddenly, its white snake head shattered suddenly, turning into countless white rain, floating and falling onto its body.

These light rains are dense and dense, covering a radius of several thousand meters.

As the rain fell, its body was rapidly recovering.

In the end, these light rains were dense enough to form a sphere, and this white sphere with a greenish color completely encased the huge body of the Xuanjin Jiaohuang.

Even everyone couldn't see what happened inside.

However, everyone did not wait long.

After a few breaths, with a few fierce roars, the white ball of light suddenly exploded and turned into a dozen huge pieces.

Suddenly, a few huge snake heads came out, and with a few clicks, they swallowed all the fragments into the mouth and absorbed them.

The white light rain disappeared without a trace, and a huge figure appeared in the same place.

When everyone saw it, they couldn't help but breathe a sigh of relief, with an indescribable panic on their faces.

"Xuanjin Jiaohuang is back again!"

"Yeah, the Emperor Xuanjin Jiao Huang was dying just now, he was almost a breath away from death, and now he has completely recovered!"

"I'm afraid it will not stop. It is not only completely restored, I feel it is stronger than before!"

Everyone was horrified.

And Chen Feng also looked up.

At this moment, what appeared in front of him was the Xuanjin Jiaohuang who was in his heyday just now.

No, it should be said that it is not the same as before.

The Xuanjin Flood Emperor had six snake heads, but now there are five snake heads left.

Its original white snake head has completely disappeared, and there is no trace even.

And its body is completely different from just now.

Just now, its body is quite slender, and it feels like a touch of elegance.

But now, its body is seven or eight times thicker than before.

It feels extremely majestic.

Although its four claws were considered powerful, they weren't that big.

But now, under his belly, four thick legs like towering huge pillars grew out.

Each thick leg is seven to eight hundred meters in height and more than one hundred meters in diameter.

Under each thick leg, there is a huge claw as big as a small hill!

At this time, its size was even twice as big as before, and it was mighty and powerful in the sky, like a demon god!

And its momentum is even stronger than just now.

No wonder everyone feels that this Xuanjin Jiaohuang is even stronger than just now!

At this time, Chen Feng knew in his heart.

"When I fought the Xuanjin Jiaohuang before, its white snake head never moved."

"Presumably, the ability of that white snakehead should be healing and recovery."

"And when he was seriously injured and dying, he directly sacrificed the snake head, and at the cost of the snake head's complete disappearance, he restored his peak strength!"

"No! The feeling he gives me at this time is even stronger than at the peak!"

If it was said that its strength was equivalent to that of the six-star Wudi early stage, then it is now at least equivalent to the six-star Wudi mid-stage master!

Chen Feng was already clear at this time!

Xuanjin Jiaohuang shook several huge heads in the air, as if still adapting to his body at this time.

After a while, its five snake heads dropped down together, looking at Chen Feng, and at the same time it made a strange smile:

"Boy, I didn't expect it!"

"You beat me like that, but you made me a blessing in disguise!"

"My past body, like a cage, shackled me, preventing me from breaking through!"

[Chapter 4126: Sorry you don't have a future](#)

"And now, you shattered that body for me, but now I have been reborn! My future is unlimited!"

"Strength will be countless times stronger than now!"

He let out a huge hoarse laughter, his voice full of triumph.

"Speaking of which, I also want to thank you!"

At this time, everyone listened, and their faces turned pale.

The strength of this Xuanjin Jiaohuang is even stronger than before! Can Chen Feng deal with it?

If you can't deal with it, how many of you present can survive?

Many people turned blue and their teeth trembled.

In their opinion, people like themselves are going to die here today!

At this time, Chen Feng breathed a sigh of relief, and suddenly relaxed.

A smile appeared at the corner of his mouth, and he sighed softly.

"This hole card is finally opened! Finally let me know what your back hand is!"

For Chen Feng, he was not afraid of the Xuanjin Emperor's trump card, but the unknown to the Xuanjin Emperor.

Now that Emperor Xuanjin Jiaohuang's trump card was opened, he felt much more relaxed in his heart.

The next moment, Xuanjin Jiaohuang suddenly flickered, and directly rushed to the surface of the duckweed giant boat.

Feeling the attack of the mysterious golden dragon king, the surface of the duckweed giant boat suddenly lit up with a azure light.

It was the sign of the defensive formation.

If it were an ordinary three-headed Xuanjin Jiao, it would be impossible to break through this defense.

But how can the Xuanjin Flood Emperor be comparable to those three-headed Xuanjin Flood Dragon?

It laughed wildly, and four huge claws held it, and directly pinched the defensive cover in the middle.

It was as if a person had pinched a small melon.

Then, the four claws exerted force.

Suddenly, there was a loud bang, and the defensive cover was directly broken!

On the huge duckweed boat, the disciples were all screamed and flew out.

Vomit blood one by one!

The Bafang Wind Crossbow and Black Flame Heart Biting Orchid are naturally uncontrolled.

The next moment, the Xuanjin Jiaohuang's four towering pillars-like claws slammed down, and immediately, they shot the Bafang Fengyun Kuangcrossbow and Heiyan Xinlan.

Although these two powerful jade plants have extremely strong offensive power, their defense power is a bit worse.

It simply couldn't stop Xuanjin Jiaohuang's attack.

In fact, this is also a common problem with these beings in the Xuanming Seven Seas Realm.

They are generally strong in one area, but weak in other areas.

After destroying these two treasures, Emperor Xuanjin Jiaohuang flew up, looked at Chen Feng, laughed wildly, and the laughter was full of disdain.

The five snake heads above the sky lowered, and ten huge eyes looked down at Chen Feng, full of disdain and arrogance:

"I see what hole you have!"

"Now, you are just an ant in front of me!"

"As long as I think, I can easily crush you to death!"

Xuanjin Jiaohuang is full of confidence in himself!

In its expression, it was full of condescending, as if it had already secured the victory.

Obviously, in its view, Chen Feng no longer has a hole card.

And Chen Feng, now losing the black flame heart-biting orchid and the eight directions wind and cloud mad crossbow, the only way to be killed by himself!

Seeing this scene, everyone sighed.

"It's over, it's over!"

"Yes, Bafang Fengyun Kuangbow and Heiyan Heartbite Orchid have been destroyed, this time Chen Feng is absolutely impossible for this Xuanjin Jiaohuang opponent."

"Yeah, without the Eight Direction Wind Crossbow and the Black Flame Heart Devouring Orchid, how to deal with this Xuanjin Jiaohuang?"

All of them sighed, their eyes full of despair.

They are not optimistic about Chen Feng's ability to defeat Xuanjin Jiaohuang.

At this time, Chen Feng didn't hear these voices. He just looked at Xuanjin Jiaohuang, smiled and said, "In your opinion, I can't make a comeback now, right?"

Emperor Xuanjin Jiao said viciously: "Yes!"

"and also....."

Chen Feng looked at the Emperor Xuanjin Jiaohuang and smiled and said, "You seem to have said that after today's level, your cultivation will become limitless in the future?"

Xuanjin Jiaohuang was stunned for a moment, wondering why Chen Feng asked.

Just instinctively nodded.

Chen Feng smiled slightly: "Sorry!"

He paused, pointed to Emperor Xuanjin Jiaohuang, and said word by word: "You have no future."

The next moment, Chen Feng looked up to the sky and laughed!

That stepping idol Zhan Zun suddenly appeared again.

In the next moment, all of its four giant feet were raised and flew into the air.

Then, he stepped down!

In an instant, the boundless black and white lines spread out, heading towards the frantic surroundings.

At the same time, a voice slowly sounded in Chen Feng's heart: "Trace to the source of time, start!"

"Time, fifteen breaths!"

In a blink of an eye, those black and white rays of light directly enveloped the Xuanjin Jiao Emperor.

When Tatian Idol Zhan Zun launched an offensive, the space fragmentation and space seal were both large and small.

For example, a radius of tens of meters, a radius of about 100 meters.

However, the technique of spatial traceability is only for individuals and can only be used for one living thing at a time.

However, it doesn't matter whether this living thing is big or small.

It can be as big as the Xuanjin Jiaohuang, or as small as an ant.

It can only be counted as one!

Therefore, in an instant, this black and white light enveloped the entire body of the Xuanjin Jiao Emperor.

Then the next moment, everything disappeared without a trace.

Xuanjin Jiaohuang suddenly stunned: "What's the matter? What's the situation?"

He looked at Chen Feng on the opposite side.

At this moment, Chen Feng just looked at him with a smile.

At the same instant, an extremely bad premonition suddenly surged in the heart of Emperor Xuanjin Jiao.

He let out a stern roar and rushed towards Chen Feng desperately, trying to kill Chen Feng!

But it's too late!

At this moment, above his body, countless black and white lines suddenly appeared.

The time-space origin of Tatian Idol Warlord has been launched directly!

At this moment, Xuanjin Jiaohuang suddenly felt a sharp pain that was as painful as the soul was torn apart, and the pain was as if the whole body collapsed, and it spread crazily from all over his body.

He looked down in amazement, and then he saw that the white snake head that had disappeared suddenly appeared.

He suddenly stunned: "What is going on? My snake head has disappeared? I need to practice for at least a few hundred years to get it back!"

"Why did it suddenly appear at this time?"

The next moment, there was ecstasy in my heart.

However, this ecstasy was not fully born, and suddenly it was overwhelmed by a huge pain.

He felt that the pain seemed to come from the two snake heads on his left.

Then he looked down in amazement.

Then, I saw that the two snake heads, which had been restored, began to collapse and decay at an extremely fast speed.

[Chapter 4127: Just now you said, I am an ant?](#)

Then, with a snap, it disappeared!

At the next moment, it felt that its body seemed to be painful everywhere, and nowhere was the pain to its extreme.

Even its only remaining eyes are too busy.

It looked at all parts of its body, and saw that all parts of its body were decayed and collapsed.

Soon, it became like wood that had rotted for decades.

It seems that with a light poke, it will collapse into countless dust!

"What's going on? What happened?"

The next moment, the feeling of passing through in the brain, the feeling of reversing time and space, the feeling of tracing back to the origin of time and space, and letting himself go back to the past, is like mixing his brain into a paste!

Make it impossible to think!

And in the end, all the pain, all the sense of time and space confusion, all turned into an extremely miserable howl!

Finally, when everything came to a halt, it also stood there, foolishly.

Then, consciousness began to slowly recover.

It began to realize that its body had become rotten again.

It found that its own strength has once again become incomparable!

My aura is even weaker to the extreme!

There was a daze for a while before it came back to its senses, screaming in horror, and its eyes were full of fear, disbelief, despair and so on!

"Happened, what happened?"

"What the **** did you do to me? What did you do? How could I! How could I become what I did just now!"

"I have obviously recovered my strength and improved, why did it become like this? Why!"

Its voice became higher and higher, and in the end, it was crying.

It even has a desire to cry.

At this moment, it looked at Chen Feng, where was there still half of the arrogance and arrogance?

In its eyes, there are only doubts, fears, and despair.

Looking at Chen Feng's eyes was like looking at an ancient demon god.

Chen Feng's methods have exceeded his imagination!

Chen Feng not only caused his body to decay, but even nearly collapsed his spirit!

At this time, it had naturally seen that Chen Feng didn't know what means it had used to restore himself to the state he was just now.

In other words, the healing he had just now was all in vain.

Your strongest hole card has been directly invalidated!

Not only it, everyone below, except Pei Muyu, Lu Yangbo and others who had seen Chen Feng's strength, the others were also shocked.

They stood there like idiots, their mouths opened wide, and they didn't know when their saliva came out.

It didn't seem to wake them up until Xuanjin Jiaohuang's miserable cry.

Then in an instant, the pan was exploded below!

Some people don't even understand what happened.

"Well, what happened? Why did Xuanjin Jiaohuang suddenly become like this?"

There was the thoughtful person next to him, snorted coldly, and said disdainfully: "Are you stupid? Haven't you seen it yet?"

"This Chen Feng didn't know what to use to reach the sky, so that Emperor Xuanjin Jiaohuang returned to the state it was before a dozen breaths!"

"What? There are such methods?"

"My God, is this Chen Feng still a human?"

"Yes, what kind of horror is he?"

"This is the method that the ancient demon gods have in the legend! It's too strong!"

"At this time, all the methods used to heal the wounds of Emperor Xuanjin Jiaohuang were all used for nothing, and the extremely powerful hole card of Emperor Xuanjin Jiaohuang was invalidated! The strongest person in the Xuanming Seven Seas Realm may not have this strength!"

"What is Chen Feng's background? If he is strong, he will be full, and the methods used are unheard of, but they are so powerful that they are staggering!"

Sikong Jinglong stared at this scene blankly. After a while, he lowered his head, and his eyes showed a thick look of depression.

He has put away all the strange thoughts!

Chen Feng looked at Emperor Xuanjin Jiaohuang and laughed loudly: "Emperor Xuanjin Jiao, is my card hard enough?"

This is in response to the words of the Xuanjin Jiao Emperor just now: "I see what hole cards you have now!"

Xuanjin Jiaohuang looked at Chen Feng, his eyes full of fear, and he couldn't say anything.

Chen Feng's words, for it, are naturally a great humiliation.

However, it does not even have the guts to refute.

Suddenly, there was a flash of inspiration in its heart, and it suddenly thought: "No, I still have this white snake head, I can still heal my wounds!"

As if it had caught some life-saving straw, it desperately urged the white snake head to restore its body.

Unfortunately, the white snake head is still there, but the healing power in it has all disappeared.

Chen Feng naturally saw its plan at a glance.

A sarcastic smile appeared at the corner of Chen Feng's mouth. He looked at it and said lightly: "Do you think I am stupid?"

"It took so much to get you back to the state of being seriously injured and dying just now, but it also gave you a glimmer of life. Do you think it is possible?"

Hearing this, Emperor Xuanjin's body trembled heavily, and a look of depression appeared in his eyes.

This time, it finally gave up.

Suddenly, it felt dizzy all over, and its figure could not be maintained, so it fell down and hit the ground heavily.

It turned out that its strength has declined to the extreme.

The reason why it was able to maintain before was all in one breath.

But now this tone was vented.

It fell to the ground with a loud bang.

Although its body was not directly smashed to pieces, it was also broken by more than half, leaving only a broken body.

However, it is still sober.

At this time, looking at Chen Feng, his eyes showed a deep color of fear.

Chen Feng slowly walked forward.

And every time it took a step forward, the Xuanjin Jiaohuang's body shrank a step back on the ground.

This huge mountain-like powerful monster, before Chen Feng's eyes, was shivering there like a cat.

"Okay, don't run, where can you go again?"

Chen Feng smiled slightly, his figure flashed, and he came into the air in front of it and looked down at it.

Chen Feng looked at the Emperor Xuanjin Jiaohuang and smiled and said, "Just now you said I was vulnerable to a blow. Is it just ants in front of you? Right?"

The Xuanjin Jiaohuang trembled all over, shivering there, like a little quail trembling in the cold wind.

Hearing this, it was stunned for a moment, and then there was a deep shame in its eyes.

It remembered what it said just now, and its heart was suddenly filled with endless shame!

With those words just now, every sentence slapped its face like a big slap, making it faceless.

Thinking about what it said just now, it feels ashamed that it can't say it.

"How dare I say that about Chen Feng? I'm still so proud? How could I still ridicule him?"

"Am I qualified?"

[Chapter 4128: bargain? You are not eligible!](#)

It looked at Chen Feng with a trembling voice, then suddenly curled up and fell directly to the ground.

The two remaining heads bumped to the ground with great force.

People are worried that it will directly crush this body.

It actually made a begging gesture directly in front of Chen Feng.

While begging for mercy there, he yelled: "Yes, I am the ant, I am the ant, and I am the ant in front of you!"

"Please don't kill me!"

Everyone was stunned, seeing this scene, they were shocked and stupid.

After a while, he came back to his senses.

"This Xuanjin Emperor Jiao is actually begging for mercy!"

"Oh my God, is this still the incomparably tyrannical and tyrannical Xuanjin Flood Emperor? It looks like a dog in front of Chen Feng!"

"It is incredible!"

What happened today completely subverted their past thoughts.

But thinking about it, it seems as it should be.

Because it was Chen Feng who created all this!

It seemed that all this happened to Chen Feng, and it became commonplace.

At this time, Chen Feng stood in front of the Xuanjin Jiaohuang, looking down at it.

He smiled slightly and said nothing.

In fact, Chen Feng didn't want to talk at this time, but couldn't talk at all!

He knows that he is suffering now.

Chen Feng let out a sigh of relief. In the scene just now, a series of things happened between the flashes of lightning.

Even the people below did not see clearly.

And he seems to be effortless, but in fact, he has already tried his best.

Exhausting Chen Feng's wisdom and ability can only do this step!

No one can do better than him!

At this time, Emperor Xuanjin Jiaohuang was finally beaten and could no longer fight back, and Chen Feng felt a sense of exhaustion in his heart!

At this moment, he felt dizzy in his head and gold stars in his eyes.

The sound of blood flowing in the body was surging, like a big river, unspeakable disgusting in my heart.

I almost fainted, and my whole body was in pain!

It seems that even the last trace of strength has been squeezed out.

The fact is also true. Not only did Chen Feng's last trace of strength just now be squeezed out, even the last trace of energy and mentality was squeezed out!

He was actually not injured at this time.

It is tired, that is, all energy is consumed.

He wanted to lie down and sleep for ten days and ten nights.

But Chen Feng knew that at this time he must not show any signs of weakness!

People like Sikong Jinglong and Heiyangu elders are docile at this time, but once they appear weak, they will tear themselves like hungry wolves with no bones left!

Chen Feng took a deep breath, struggling hard, but the surface was bare.

Of course, Chen Feng's approach at this time has become unpredictable in the eyes of others.

Everyone stared at him without blinking, and they didn't even dare to say a word, for fear of disturbing him.

After a while, Chen Feng adjusted his breathing evenly, and gently exhaled a **** muddy gas.

At this time, his body has only slightly recovered.

The Xuanjin Jiaohuang still knelt in front of Chen Feng, crying bitterly.

Chen Feng looked at him and was about to speak when suddenly his heart moved.

Originally, he was going to kill the Xuanjin Jiaohuang no matter what, but at this time, an idea suddenly surged in his heart and he changed his mind immediately.

Chen Feng did not reveal any abnormalities on the surface, but said lightly: "You are here with me, there is no room for bargaining."

He slowly pushed his palm out.

Suddenly, a huge force quietly enveloped the Xuanjin Jiaohuang, and it was possible to kill it suddenly at any time!

Xuanjin Jiaohuang's eyes showed a deep fear and despair.

Chen Feng looked at him and said lightly: "Just now, you also said it."

"My big seal was condensed just the last step."

"Now I can tell you that you are right!"

After all, Chen Feng took out the purple gold seal from his arms.

Glittering.

After seeing this big seal, Emperor Xuanjin Jiaohuang immediately took a breath, and a deep hatred appeared in his eyes.

"Yes, that's it!"

"This thing has brought endless pain to my companions!"

"Like a tarsus maggot, you can't get rid of it!"

There was a deep hatred in its eyes, and it gritted its teeth.

"After we came to the Xuanming Seven Seas Realm, we thought that this nightmare could be relieved, but we didn't expect that we would encounter this nightmare again today with you!"

In these words, a lot of news was revealed.

Suddenly, Chen Feng's heart was moved.

"It knows that its companions can condense into this big seal. This is one of them."

"Second, it should know that their race is not a race born and raised in the world of Xuanming Seven Seas, but came here from other worlds."

"It might even know more secrets."

Chen Feng has made up his mind, he must ask to understand.

He flicked the big purple gold seal with his finger, looked at the Emperor Xuanjin Jiaohuang, and said with a faint smile, "Now, you also know very well."

"This Zijin Great Seal is only one piece missing, and it is also the most important piece."

"As long as I kill you, I will be able to make up the purple and gold seal."

"You know the beauty of the Zijin Great Seal, so what reason do I have..."

Chen Feng looked at the Emperor Xuanjin Jiaohuang, smiled and said, "For you, give up this purple gold seal?"

After Chen Feng said this, the Emperor Xuanjin Jiao jumped fiercely in his heart.

Because it saw a glimmer of life from Chen Feng's words!

It suddenly thought: "What does Chen Feng mean?"

"Meaning, if I can help him solve this big seal problem, can he spare my life?"

"He can spare my life!"

"Great!"

His heart was instantly filled with ecstasy, almost in an almost impatient posture, speaking extremely fast, and his voice trembled:

"Chen, Master Chen Feng, I have a way, I have a way."

"You don't need to die, but you can also help you complete this purple and gold seal!"

"Oh, is it so?"

Chen Feng smiled lightly.

A look of hope appeared in the eyes of Emperor Xuanjin Jiao: "I, if I said, can you spare me?"

A cold color flashed in Chen Feng's eyes, staring at him, saying every word:

"I just said that you are here with me, you don't have any qualifications to bargain!"

A fierce flash flashed in the eyes of Emperor Xuanjin Jiao Huang, gritted his teeth and said, "Since you can't give me this promise, then!"

Its eyes closed: "You kill me!"

"Even if you kill me, I won't tell you this secret."

After thinking about it, Chen Feng would either take a step back or compromise with himself and negotiate with him if he took such a tough posture.

However, a scene that shocked it happened.

[Chapter 4129: Ancient Secrets](#)

Chen Feng looked at him with a cold smile on the corner of his mouth, without any hesitation: "Okay, do you want to die? Then I will fulfill you!"

At the next moment, Chen Feng's right hand was slowly pressed down!

That incomparable strength directly enveloped the Xuanjin Jiaohuang.

Slowly, but firmly, pressed down!

Xuanjin Jiaohuang looked up in amazement.

It can feel the force slowly pressing down, and it is even more clear. When the force hits its own body, it is when it is crushed to pieces and directly killed!

The expression in Xuanjin Jiaohuang's eyes was nothing but despair, and he screamed terribly!

It knew that it would be broken into pieces in the next moment.

The most desperate and cruel thing is that it knows very clearly that death will come, but death will not come instantly.

It is slow, but irresistibly approaching it.

It can even figure out that with six more breaths, it will die!

Such a clear and clear feeling of waiting for death makes it desperate to the extreme!

It is a powerful monster, it has lived for tens of thousands of years, and, if not unexpected, it can live for tens of thousands or even hundreds of thousands of years.

But by the way, now it is dying.

This pain makes it even more unacceptable.

Finally, its psychological defenses collapsed, and it uttered a scream: "I said, I said everything!"

Chen Feng smiled in his heart, he knew that he had already won this contest!

This battle between him and the Emperor Xuanjin Jiao Huang seemed to be gentle and without waves, but in reality it was extremely dangerous inside.

Xuanjin Jiaohuang bet that Chen Feng was reluctant to kill himself like this.

And Chen Feng just made a posture that I would rather not have any secrets and kill you!

Therefore, this time, it was to completely overwhelm the Xuanjin Jiaohuang and directly defeat its psychological defense!

And Chen Feng's harvest is also extremely rich.

After he crushed the psychological defense line of Emperor Xuanjin Jiaohuang, next, Emperor Xuanjin Jiaohuang let him squash and round without any resistance.

What secret Chen Feng wants from him is easy!

At this point, Chen Feng was considered a complete victory.

He faintly said: "Come on, tell me how to not kill you, but also fill my purple and gold seal."

Xuanjin Jiaohuang didn't have any other thoughts either.

It honestly said: "Actually, you may not know."

"Our race, if we cultivate to my level, it can awaken a powerful ability in our blood."

"What ability?" Chen Feng asked.

Xuanjin Jiaohuang was silent for a moment, and said slowly: "Broken the cocoon and rebirth."

"Breaking out of the cocoon?"

Chen Feng frowned and said, "How do you tell?"

Xuanjin Jiaohuang explained: "For example, after you kill me, I will become an egg."

"In this egg, 10% of my vitality is sealed."

"This egg will hatch again in three hours, and I will be born again."

"Of course, my strength will be greatly reduced, greatly declining."

"That's it."

Chen Feng nodded slowly.

He suddenly smiled and said: "Since you have this ability, why do you want to say it?"

"Why not become an egg after being killed by me, and then leave?"

Emperor Xuanjin Jiao Huang smiled bitterly: "Can this be hidden from you?"

Chen Feng laughed and tapped his hand: "Smart."

Indeed, given Chen Feng's temperament, if Emperor Xuanjin Jiao dared to do this, Chen Feng would definitely be able to see clearly.

When Chen Feng heard this, he couldn't help but be amazed. He didn't expect this Xuanjin Jiaohuang clan to have such ability.

But think about it, this world of heaven, countless races, abilities of all sorts of strange, it is not surprising.

Xuanjin Jiaohuang continued: "In fact, at this time, my body is equivalent to death. This is more like a continuation of life, more like a reincarnation."

"Inside, there is only a trace of vitality, more soul power."

"and so."

Chen Feng said lightly: "Actually, even if you still have the egg left, you are already dead, so you can still complete the purple gold seal."

"Yes, can you let me go?"

Xuanjin Jiaohuang stared at Chen Feng with eyesight.

Then, his eyes became slumped again: "Of course, everything is between your thoughts."

Chen Feng was non-committal, but raised his eyebrows: "Okay, this question is over, I have a few more questions for you."

He stared at Xuanjin Jiaohuang, and said every word:

"Why the three-headed Xuanjin Jiao family can condense the purple gold seal?"

"What the **** is this Zijin Great Seal?"

"Where did you come from?"

Xuanjin Jiaohuang whispered, "Actually, these three questions are the same question in themselves, and I can answer them for you."

"But, all I know is just a little bit, a little bit."

"A lot of information is only known, not deliberately concealed."

"Why is this?" Chen Feng frowned.

The Xuanjin Jiaohuang shook his head and smiled bitterly: "Our three-headed Xuanjin Jiao clan has an ancient inheritance, and one of the inheritances is the soul inheritance."

"But the inheritance will become thinner and thinner as the blood continues to weaken."

"My first generation of ancestors may know everything, but by the time of the second generation of ancestors, they may only know half of them."

"By this time I only remembered a scale and a half claw, vaguely."

Chen Feng nodded, just spit out a word briefly: "Say!"

Xuanjin Jiaohuang glanced at the Sikong Jinglong people below.

Upon seeing this, Chen Feng patted his head lightly, and cursed in a low voice: "Chen Feng, you are really overwhelmed."

"How can these things and these secrets be heard by others?"

He looked at the people below and said solemnly: "Everyone, please stay here. I will be back later."

"If I find anyone who dares to eavesdrop..."

Chen Feng smiled slightly: "Don't blame Chen for being rude."

Although he was smiling, what he said was murderous.

Everyone was silent and obedient.

They have all experienced Chen Feng's methods, knowing Chen Feng's strength, how dare they violate him?

Chen Feng soon took the Xuanjin Jiaohuang away and came to the depths of the sea of clouds.

There is nothing but them here.

"Speak now!"

"do you know?"

The Emperor Xuanjin Jiao looked at Chen Feng and said, "Our clan was not called the three-head Xuanjin Jiao clan in the past."

"Instead, it's called the Xuanjin Nine-Headed Jiao Clan!"

Chen Feng's heart jumped and said in a deep voice:

"This also means that it was very easy for your clan to reach the level of the nine-headed black dragon, right?"

"Yes!"

The Xuanjin Flood Emperor nodded and said, "Although I am called the Xuanjin Flood Emperor, I am nothing more than the Xuanjin Six Head Flood Dragon!"

"With my strength, in the ancient times, I am afraid that it is the weakest among our race!"

[Chapter 4130: So you are pets?](#)

Chen Feng was shocked!

"The Xuanjin Flood Emperor is so terrifying, but it's only the Xuanjin six-headed Flood Dragon. And how powerful are their races in the ancient times? Nine-headed Flood Dragons come out of them?"

"Wouldn't it be that the weakest have invincible strength?"

However, he did not express this shock,

Xuanjin Jiaohuang lowered his voice, looked at Chen Feng, and continued: "I have very few memories of my ancestors."

"However, there is a picture that has been passed down from my ancestors. It is deeply ingrained in my mind. It is my deepest memory."

"I estimate that other memories may dissipate, but this will never dissipate, and even I will pass it on to my future generations."

"What picture?" Chen Feng's eyes flashed.

A touch of confusion appeared in the eyes of Emperor Xuanjin Jiaohuang, and he seemed to be recalling something very long ago.

Its eyes were misty, and it said softly: "My ancestors, they seem to live in a big garden."

"A very big garden!"

"One, garden? Inside?"

Chen Feng frowned and interrupted Emperor Xuanjin Jiao.

He noticed that Emperor Xuanjin Jiao used the word 'garden'.

"Yes."

Xuanjin Jiaohuang nodded heavily, his eyes very sure.

Chen Feng suddenly felt an extremely absurd feeling in his heart.

"For those who are kept in the garden, generally speaking, only the owner's pet will be kept in the garden!"

"Could it be that Emperor Xuanjin Jiao Huang, the nine-headed Xuanjin Flood Dragon of the year, is such a powerful existence? At that time, when the ancestors of Emperor Xuanjin Jiao Huang, they were regarded as pets?"

Chen Feng asked: "Are you sure your ancestors are very strong? How is it better than you?"

"Of course it is much stronger than me!"

Xuanjin Jiaohuang said with certainty: "They are nine-headed Jiaohuang, at least three realms higher than me!"

"Furthermore, our Xuanjin Jiaohuang clan often relies on the inheritance of supernatural powers, and as the inheritance time is longer, the bloodline becomes weaker, and the supernatural powers that know it will become less and less."

"When you come to me, you will only be born again."

"The ones you beheaded don't have a magical power."

"My ancestors have at least dozens of supernatural powers, which means..."

Chen Feng continued: "In other words, not only are your realm three lower than them, but your real combat power is weaker. The difference in real combat power between you is even more than three major realms?"

Xuanjin Jiaohuang nodded bitterly: "Although I don't want to admit it, it is true."

"Furthermore, at that time, the Profound Golden Jiaohuang family was extremely prosperous, with hundreds of numbers. Not only did the average strength reach the nine-layered profound sky, but there were often masters who surpassed the nine-layered sky!"

When Chen Feng heard this, his heart was filled with shock instantly.

A master who surpassed the Nine Heavens in the Profound Sky Realm!

"In other words, it has surpassed Jiuxing Wudi."

"This mysterious family of nine-headed dragons, it seems that the blood is extremely powerful, I am afraid it can also be called the ancient survivors!"

"So..."

The thought of Chen Feng just came up again, and he slowly said in his heart: "Who can keep the ancient survivors as pets, and who has such a method?"

"What a terrifying existence is that?"

Chen Feng suddenly realized that he had missed a question just now.

With a look of disbelief on his face, he said, "You mean, there were hundreds of your ethnic groups?"

"Yes!"

"Then, hundreds of black-and-white nine-headed water worms are kept in a garden. How big is the garden?"

Chen Feng said in surprise.

"Not bad."

Xuanjin Nine Headed Jiao whispered, "I also feel very shocked."

Obviously it had thought about similar issues before, and it said it quite quickly at this time, and it also said all its previous thoughts.

"The size of the garden seems to be equivalent to this world of the Xuanming Seven Seas Realm."

"No, that garden is even bigger than the entire Xuanming Seven Seas Realm! It is countless times bigger!"

"My ancestors, in their memory, they don't know how many years they have lived in that corner of the garden, and how many generations they have multiplied."

"However, it only occupies a corner of the garden."

At this time, Chen Feng had already calmed down the shock in his heart.

He said solemnly, "Where did your ancestors live?"

"I don't remember what it is, it seems to be a huge continent, because the surrounding area is full of water."

A ray of light flashed in the eyes of the Xuanjin Nine-headed Jiao, and he lost his voice:

"No, it's not a continent!"

"I remember, it was on a huge river, a small island on the river! On the side of the small island, we live!"

It whispered there, saying everything it knew.

As Chen Feng listened, his heart beat violently.

"For races of the size of the nine-headed black dragon, they actually need a lot of scope."

"Don't talk about anything else, just talk about hunting."

"If the scope is not large, I am afraid they will eat up the food in this area soon."

"To feed a nine-headed black dragon, I'm afraid it needs at least a piece of tens of thousands of miles, hundreds of thousands of miles!"

"And for such a group of nine-headed black-headed dragons, to feed them, I'm afraid it will take a few million li!"

"With a radius of several million miles, such a large area is only part of that small island? A corner?"

"And this small island, as huge as a continent, is actually just a small river island?"

"No, even in the mouth of the Xuanjin Nine-headed Flood Dragon, Hexin Island is not even considered a river center sandbar at best!"

Chen Feng took a breath:

"So how wide is this river? I'm afraid, this huge river can contain many worlds!"

"And such a big river is just a small stream in this garden!"

"The farthest place they have been is a sandbar next to it, and they only flew to that sandbar for a whole month."

"And above the sandbar is a kind of extremely terrifying flying dragons. These flying dragons almost tore them to pieces. After those profound golden nine-headed floodwaters suffered heavy losses, they quickly returned to where they lived."

These news kept coming into Chen Feng's mind.

Chen Feng asked a crucial question.

He stared at the Xuanjin Nine-headed Flood Dragon and said, "Are you sure, are your ancestors really the ones who were raised in it?"

"Are you sure, this is not your illusion? Or is it wrong information?"

Chen Feng asked this question, but it was absurd.

Because of Xuanjin Jiaohuang's news, it is almost impossible to make a mistake.
