

Peerless 4141

[Chapter 4141: I'm afraid you won't get revenge!](#)

"I finally know why the Xuanjin Jiaohuang clan can solidify into this thing in their bodies after death."

Chen Feng knocked on the seal of the Emperor: "It's because of the seal of the Emperor."

"That human emperor should have penetrated a mysterious power with his aura into all the monsters he raised."

"And this mysterious power is passed down among his demons and beasts!"

"When they die, they will condense into the fragments of this imitation of the Emperor's Seal. If you kill enough of this ethnic group, you can get a complete imitation of the Emperor's Seal. !"

At this time, his brows suddenly frowned.

"Just, why? What's the point of doing this?"

Chen Feng thought quickly, but after a long time, his brows stretched out.

He looked up, looked at the shed blood moon light, and sighed softly:

"Good means, really good means!"

"That existence, that human emperor, really has powerful means to reach the sky!"

"From the words of Emperor Xuanjin Jiao Huang, that huge garden collapsed suddenly! It disappeared completely! The sky and the earth are cracked!"

"And this collapse and disappearance is definitely not for no reason, maybe it is because of the great change happened to the emperor!"

"At this time, the inheritance he laid down on those monster beasts will come in handy!"

Chen Feng's voice was full of admiration: "This is equivalent to that all the creatures in that huge garden, the countless monsters in the hundreds of millions, Yu Zhi, etc., are all his spiritual clones!"

"In this way, his inheritance will never be broken!"

"Moreover, no one knows which world it will appear in!"

"There is nothing to guard against, nothing to chase after!"

He held up the imitation of the Emperor's Seal in his hand: "For example, now, in this world, there is an imitation of the Emperor's Seal, which is a trace of his inheritance!"

"But, what is the significance of this imitation of the seal of the emperor?"

Suddenly, Chen Feng felt like a huge thunder in his mind!

He suddenly thought of a possibility!

This possibility caused Chen Feng's pupils to shrink in an instant, and his whole body shuddered, and his eyes turned out to be extremely shocked!

He whispered softly: "No way? No way? No way!"

"How is it possible? How is it possible?"

It's not that Chen Feng's concentration is insufficient, it's because that the possibility he thought of was too shocking to hear!

Chen Fengqiang suppressed those emotions in his heart and looked at the Seal of the Emperor over and over again.

However, four small characters were found in the corners.

Chen Feng still couldn't understand, but it didn't prevent him from understanding the meaning: Ziwei Xingyuan.

"Ziweixingyuan, Ziweixingyuan, it sounds like the name of a garden!"

Chen Feng was completely convinced that what Xuanjin Jiaohuang said before was absolutely true.

"It turns out that the garden where Xuanjin Jiaohuang grows is called Ziwei Xingyuan."

"Moreover, looking at this, the Purple Star Garden is just one of the many gardens owned by the Emperor."

A wry smile appeared at the corner of Chen Feng's mouth: "How terrifying is this Emperor?"

"The size of the huge river where the mysterious nine-headed flood is located is equivalent to not knowing how many dragon-veined continents."

"And how many giant rivers does a Ziweixingyuan contain? That giant river, in Ziweixingyuan, is just a small stream."

"And the Emperor, how many gardens are there?"

"This Purple Star Garden is just one of his gardens!"

This kind of existence is really beyond the reach of Chen Feng.

Even, I can't imagine what the opponent's strength is like!

Only in this way, the possibility that Chen Feng had just thought of made his heart palpitations even more.

The distance between Chen Feng and the emperor was even greater than the distance between an ordinary person and Chen Feng, which can be said to be a world of difference.

But soon, Chen Feng's eyes were burning with raging flames.

Not only was there no discouragement or despair, but the eyes were full of excitement!

"Human Sovereign?"

"Is it extremely powerful?"

"It's too scary to imagine, isn't it?"

"What about it!"

"It's just that it will inspire Chen Feng's fighting spirit!"

"Sooner or later, I will be in a position like the Emperor!"

"Sooner or later, I will stand at such a height!"

Chen Feng's eyes were full of unspeakable confidence!

He stood there, standing straight like a javelin, without the slightest fear, full of confidence in the way forward!

Then, Chen Feng focused his attention on the seal of the emperor.

He wanted to know how to use the seal of the emperor.

But Chen Feng pondered for a long time, but found nothing.

The seal of the emperor was in his hands, and he didn't listen to control at all.

Chen Feng said lightly in his heart: "I'll clean up you later."

Because he had heard the movement behind him.

With a light click, the egg shell was already broken, and at this time a small creature emerged from the inside, it was the Xuanjin Jiaohuang.

It's just that, at this time, it is already somewhat inappropriate to describe it as the Xuanjin Jiaohuang.

It was only three or four feet long, and there were only two snake heads left.

However, Chen Feng knew that in time, it could recover its past.

Even the strength will become stronger!

The Xuanjin Jiaohuang had just hatched and had just been reborn. His sanity was still a bit unclear, and he saw Chen Feng at a glance.

In an instant, there was a burst of resentment in its eyes.

It was in a state of chaos at this time, and did not control its emotions at all.

Obviously, it hates Chen Feng to its core!

He almost couldn't help but rushed to Chen Feng.

Chen Feng didn't say a word, just stood there, smiling at it.

And soon, Xuanjin Jiaohuang regained his sanity.

Just now, its performance made it almost fainted, and quickly reduced the spiteful color, pretending to be humble.

"Master Chen Feng is indeed a believer and didn't harm my life."

Chen Feng looked at it, but slowly spit out a word: "Get out!"

It has been too lazy to talk with this Xuanjin Jiaohuang again!

Hearing this, the Emperor Xuanjin Jiao, like Feng Lunyin, quickly turned around and left, not dare to put one more fart.

It has long wanted to leave.

Chen Feng looked at the back of Emperor Xuanjin Jiaohuang away, and the corner of his mouth suddenly twitched, revealing a soothing chuckle:

"Emperor Xuanjin Jiao, I know, let you go this time, I'm afraid that there will be endless troubles."

"You hate me to the bone, and you will never give up."

"But, you know..."

The smile on the corner of Chen Feng's mouth became a little unpredictable:

"What I want is endless trouble!"

"All I want is for you to come back for revenge!"

"If you don't come back, how can I catch your whereabouts? If you can't catch your whereabouts, how can I discover greater secrets from you?"

[Chapter 4142: The Secret of the Seal of the Emperor](#)

He sighed slightly:

"In the eyes of others, this valley of starfall contains the highest secrets of the Xuanming Seven Seas realm."

"But in my opinion, your body contains the highest secret of this Xuanming Seven Seas Realm!"

"How did you come to this Xuanming Seven Seas Realm, the real use of imitations of the Immortal Emperor's Seal, and the intentions of the Emperor, these are all great secrets!"

"This secret is even beyond the scope of the Xuanming Seven Seas Realm!"

"Even, it may involve an extremely powerful, vast, and extremely powerful world!"

"What's more, I might be able to snoop out a trace of the eerie and huge human emperor from you, which stretches for tens of millions of years and crosses countless worlds!"

Chen Feng gritted his teeth and squeezed out a few words: "A big plan!"

He shook the imitation of Human Emperor's Seal in his hand: "I don't believe it, you are as simple as an imitation!"

"If I didn't dig out this secret, it would be too stupid!"

It turned out that what Chen Feng had just thought of was his speculation about the imitation of the seal of the Emperor.

"Ziwei Xingyuan collapsed...The whereabouts of the emperor is unknown...The monster beast Yuzhi star is scattered in various worlds..."

Chen Feng's voice became more excited: "I'm afraid, as long as the number of imitations of the Emperor's Seal is large, I am afraid that the fake may not become real!"

"Yes, it must be like this!"

"Only in this way can we explain everything in front of you!"

Chen Feng shouted in excitement:

"I'm afraid that if there are more imitations, it can be condensed into a real seal of the emperor!"

"At least, it will show a different power!"

"At that time, what will happen?"

At this time, Chen Feng's thinking was extremely active and he was extremely excited!

He vaguely felt that there was a great opportunity hidden in it.

"I must, firmly seize this opportunity! This line must not be broken!"

"I want to see, what's the secret?"

But in any case, the most important thing at the moment is to keep this imitation of the Emperor's Seal.**novelUsB.com**

There is a more important reason, that is, if Chen Feng kills the Xuanjin Flood Emperor now, even if the soul of the Xuanjin Flood Emperor can be extracted, it is impossible to learn more about that person. News from Huangzi Weixingyuan.

It only has so much information in its soul.

Even if Chen Feng knew everything it knew, it didn't know much.

However, keeping Xuanjin Jiao Huang alive was different.

Xuanjin Jiaohuang is alive, and there are infinite possibilities.

It has a greater chance of awakening the blood, absorb the blood, and get more information.

As long as he knew it, it was equivalent to Chen Feng knowing too.

Chen Feng didn't think he was returning to the mountain.

What he has is the means to clean up this Xuanjin Jiaohuang!

It can be cleaned up now, and it can still be cleaned up in the future.

Moreover, it will only be easier.

Because Chen Feng firmly believes that the speed at which his strength improves is definitely far surpassing the speed at which the Xuanjin Jiaohuang's strength improves!

At this moment, Chen Feng's heart suddenly had an idea.

He looked up at the distance, the **** moon in the sky.

Looking at the **** moon behind, the deepest part of the sky in the Xuanming Seven Seas Realm!

There, it seemed as if there were shining stars.

Although it is not true, Chen Feng knows that there are stars, countless stars, and countless days.

There is an unpredictable, huge and profound universe!

"Perhaps, I want to be like a human emperor, not because of how powerful and powerful I am."

"Instead, at that time, I can know the true meaning of this universe! Know the true mystery of this universe, even the origin of the universe!"

"You can also stand wherever I want to go and see more different scenery!"

"And, with the strength, do it all!"

"So, just now, this life is worthwhile!"

Looking at the vast endless starry sky in the distance, Chen Feng's eyes showed a touch of obsession.

He didn't even rush to pull himself out of this emotion, but slowly sat down on the ground.

Leaning against this sea of clouds, he even lay down directly, squinting his eyes, looking at the sky.

Chen Feng sighed slightly, and his whole body relaxed completely.

Soon, he fell asleep.

Chen Feng should indeed rest.

In the past few days, he fought repeatedly, encountered powerful enemies, and intrigues.

He was surprised to hear so much shocking news again, which kept his heartstrings tense.

The whole spirit is high tension.

At this point, everything was finally done, and finally relaxed, Chen Feng could also take a rest.

He squinted and soon fell asleep directly.

This sleep means sleeping all day.

When I woke up again, it happened to be when the blood moon rose.

Chen Feng jumped straight up, stretched his waist, there was a burst of noise from the joints all over his body.

I just feel refreshed and uncomfortable.

Chen Feng laughed and waved his hand: "Now it's time to do business."

After all, his figure flickered a few times, and soon returned to the platform.

On the platform, everyone had waited for a whole day and night, and they were already waiting anxiously.

But no one dared to leave, and even they did not dare to have any strong opposition.

Even if I had some thoughts in my heart, I only dared to bury it in my heart, dying to death, that is, whispering a few words there.

It can be seen that Chen Feng brought them great shock and awe in their hearts!

But Pei Muyu and others are already waiting anxiously.

Seeing Chen Feng coming, she rushed over and shook his hand with joy: "Brother Chen Feng, it would be great if you are fine!"

Chen Feng patted her head lightly, feeling a little guilty, and whispered:

"Don't worry, I'm fine."

He rubbed Pei Muyu's little head vigorously, with a reluctance in his eyes.

Pei Muyu was a little surprised, and blinked at him with big eyes.

Chen Feng smiled slightly and said nothing.

Chen Feng took her and came to the crowd.

His eyes slowly swept across everyone's faces.

Suddenly, everyone who was still whispering became silent, looking at Chen Feng in awe, not knowing what he was going to do.

Sikong Jinglong's gaze was even more disturbed. After all, he had offended Chen Feng before, but he had offended him cruelly.

But he was really worried, and Chen Feng didn't bother to deal with him now.

Chen Feng looked at everyone and said:

"Everyone, probably you can see now that I and you are not the same."

"In fact, you, dozens of sects, I am no one!"

Everyone remained silent, and their eyes did not change.

In fact, they had already guessed it, and already knew that Chen Feng was definitely not a member of their sect.

[Chapter 4143: You say, right?](#)

After all, such a young genius couldn't hide it at all.

Chen Feng paused, then smiled and said, "Before, many people outside saw a big hand, didn't they? You guys, think it's the hidden world powerhouse who broke the void?"

"Actually, it's okay if you think so."

Chen Feng smiled and said, "Because, Lai is indeed a hidden person."

"Because this once-in-10,000-year valley of falling stars has opened, it just appeared. After this matter, I will go back and no longer participate in your affairs."

When Chen Feng said this, he was indifferent.

The wind came slowly, blowing his clothes.

The white robe swells like a man in a fairy.

After listening to his words, everyone was relieved.

They used to sit in the well to watch the sky, thinking that they were powerful and domineering in this Xuanming Seven Seas realm, and they were all top sects.

Now there is a Chen Feng suddenly appearing, the strength is enough to crush them, how could they not feel anxious?

All for fear that the appearance of Chen Feng will greatly change the pattern of the Xuanming Seven Seas Realm.

But now that Chen Feng said these things, it was clear that they would not participate in this Xuanming Seven Seas Realm, so they naturally felt relieved.

When Chen Feng saw their expressions, he knew what they were thinking, just smiled faintly.

This Xuanming Seven Seas Realm, he naturally wanted to fight.

However, what he was fighting for was the deepest level of interest, and also the most valuable interest above this Xuanming Seven Seas realm!

That is: Lingzhi!

He wants to get these most valuable spiritual plants in his hands!

Chen Feng pointed to the place where the people of Shengyang Academy stood, looked at everyone, and said lightly:

"This time, Shengyang Academy helped me a lot."

"So, from today..."

He smiled and said: "I don't want to see Shengyang Academy being bullied by any force!"

Hearing what he said, everyone in Shengyang Academy suddenly became excited.

Chen Feng's eyes swept in front of everyone: "Why, is there a problem?"

Sikong Jinglong shook his head and said loudly, "No problem!"

"My Qingyan family's words are here! From then on, I will never do anything to insult Shengyang Academy! Treat Shengyang Academy as a brother!"

Sikong Jinglong took the lead to speak, and everyone awakened like a dream, and said loudly.

One by one could not wait to regard Shengyang Academy as his brothers.

Everyone in Shengyang Academy was full of joy, and from then on, they could walk sideways in the Xuanming Seven Seas Realm.

Chen Feng smiled faintly, without speaking.

He took Pei Muyu's hand again, his eyes were full of softness, and he gave her a light smile.

Then, to the people of Shengyang Academy: "Pei Muyu is a disciple of Shengyang Academy and my little sister of Chen Feng. I treat her as a relative."

"I hope she can be happy Anping, and I hope she can show her ambitions!"

"So, after returning, she will control the power of Shengyang Academy!"

Everyone in Shengyang Academy, especially the leader of the team, how dare to say a word?

Quickly agreed without a word.

He knew very well that in the future Shengyang Academy, it was only Pei Muyu who had the final say.

Chen Feng looked at other people in the sect and smiled and said: "I also hope that my sister, in the Xuanming Seven Seas Realm, no matter where I go, everyone will give me Chen Feng a face."

"I can take care of it. If you need your help, I will try my best. I don't know if it's OK?"

Everyone naturally did not dare to have any doubts, and they quickly expressed their opinions under the leadership of Sikong Jinglong.

Good things are said like no money.

Many people looked at Pei Muyu's eyes, and they were full of flattery.

They thought, Chen Feng is too strong and can't agree with him, can he get to know Chen Feng by infatuating with Pei Muyu?

Pei Muyu looked at Chen Feng, her eyes were bright and full.

She knew why Chen Feng did this.

Chen Feng didn't want to let himself suffer any harm!

Most people respectfully agreed, but there were also a few people who showed disapproval on their faces.

These people are all strong among the major sects, and they also have their own ideas.

Someone even murmured in his heart: "Could it be that Pei Muyu will walk sideways in the Xuanming Seven Seas Realm afterwards?"

"She is here to kill us, so do we have to stand our necks up and let her kill? How can there be such a reason?"

The eyes of these people flashed with jealousy, and they secretly thought about them:

"When you Chen Feng is gone, you may not have the final say on the matter here!"

Chen Feng's eyes swept away, and he could see clearly the expressions in these people's eyes.

Chen Feng understands people's hearts and naturally knows what they think.**noVELUsB.COM**

A smile appeared at the corner of his mouth, and he looked at everyone and said: "I know, you may think that Chen Feng is talking nonsense."

"I think Chen Feng may be nothing more than that."

"I think I, Chen Feng, may not be able to deal with you by then! Right?"

"but....."

Chen Feng's voice suddenly became cold, and he stretched out his fingers to the crowd, saying every word:

"I Chen Feng is here, so I put it down."

"If you dare to make any changes, I have a hundred ways to destroy you! Let your sect disappear into this Xuanming Seven Seas Realm!"

After that, Chen Feng's figure suddenly disappeared.

Everyone exclaimed: "What's the matter? Where did Chen Feng go?"

Everyone looked around in a panic.

And suddenly, they saw that Chen Feng had suddenly appeared among the crowd.

At this moment, he was standing behind a tall black robe man.

The black-robed man didn't realize it, and didn't even know that Chen Feng was standing behind him.

Chen Feng smiled and patted him on the shoulder, and said softly, "This brother, don't you think?"

It was not until this time that the middle-aged black robe discovered Chen Feng.

He turned his head violently, as if he had seen a ghost, screamed, kicked back several steps before standing still.

The middle-aged in the black robe is just one of the few people who just showed disapproval.

Chen Feng looked at him with a slight smile at this time, but a murderous intent flashed in his eyes. The black robe middle-aged man was so scared that his soul was about to come out. He realized how stupid he was just now. Also delusional to provoke Chen Feng.

His courage disappeared, and he fell to his knees with a plop.

Looking at Chen Feng, he trembled: "Yes, yes, Master Chen Feng, what you said is!"

Chen Feng laughed.

After explaining these things, Chen Feng's affairs here will come to an end.

Because, he wants to do something more important, for him it can even be said that this trip is the most important thing to enter the Xuanming Seven Seas Realm.

That is.....

Chen Feng raised his head and looked behind the two peaks.

Behind the mountain peak, there seemed to be an endless void.

Only the white clouds are vast, and the blood moon shines.

[Chapter 4144: Three sentences](#)

But Chen Feng knew that the mysterious inner valley where the stars fell was there.

This is also his ultimate goal of this trip!

Hua Lengshuang was there, and the ultimate secret of the Xuanming Seven Seas Realm was also there.

This time, coming to the Xuanming Seven Seas Realm, the rich harvest was already beyond Chen Feng's expectations.

And what is conceivable is that the ultimate secret of the Xuanming Seven Seas Realm is definitely more abundant than his previous harvest, I don't know how many times it!

Moreover, even if there is no benefit, he will go in and rescue Hua Lengshuang!

Chen Feng waved his hand and said to everyone, "Everyone, you can all leave now."

"But everyone from Shengyang Academy and Qingyan Family... please stay."

He looked at Shengyang Academy and the Qingyan family: "Pei Muyu and Sikong Jinglong will follow me for a while."

"You just wait for them here."

Naturally, everyone will not be blocked.

Sikong Jinglong cried out unlucky, but he didn't expect to get rid of Chen Feng's claws.

Pei Muyu looked at Chen Feng with a smile.

She thought that she would be separated from Chen Feng today, but she didn't expect to stay for a while.

Chen Feng looked at Sikong Jinglong again and smiled and said, "Sikong Jinglong, where is the valley in the valley where the stars fall? I don't know."

"You have to lead the way, right?"

Sikong Jinglong naturally didn't dare to disobey, and hurriedly continued to speak, no problem, no problem.

Under Chen Feng's orders, many elder disciples boarded their big boats and hurried outwards.

However, for a while, it was originally lively and crowded, and there were thousands of people here, but it became desolate and deserted.

Everyone left here, and it was quiet instantly.

Only the members of Shengyang Academy were still there. As for the members of the Qingyan family, Chen Feng also sent them away.

Anyway, Sikong Jinglong is such a big person, is it possible that he still can't go back to his own sect?

It really doesn't work, you can follow Shengyang Academy at that time.

Everyone in the Shengyang Academy got on the giant lotus boat, and then in accordance with Chen Feng's order, they drove out far away, and got out of here.

Chen Feng did this, naturally because he didn't want them to know how the inner valley of the valley where the stars fell.

It's not that Chen Feng's broom cherishes himself and doesn't want others to know the secret.

But with their strength, even knowing this secret is helpless.

In fact, what Chen Feng did was more of a protection.

For them, the less they know, the safer they are.

Chen Feng took the two to the edge of the platform. At this moment, there was the endless sea of clouds. In the depths of the clouds, he did not know what was hidden.

Chen Feng asked Pei Muyu to rest first.

After all this tossing just now, everyone was exhausted.

And he took Sikong Jinglong to the side.

Sikong Jinglong knew what Chen Feng wanted to ask, and before he could speak, he whispered: "Master Chen, the villain will tell you everything he knows about entering Neigu."

Chen Feng nodded in satisfaction, and waited for him to continue.

Sikong Jinglong thought for a while, and said in a deep voice: "The villain knows very little, even though the villain is probably one of the people who knows the inner valley of the fallen stars in the Xuanming Seven Seas Realm and has the most insight."

"After all, the martial artist of the Xuanming Seven Seas Realm has almost no experience of entering that inner valley!"

Chen Feng said indifferently: "Just say everything you know."

Sikong Jinglong paused, and then said: "The villain only knows three sentences, which are all passed down by the ancestors."

"One!"

He pointed to the towering mountains behind them: "What you see may not be true!"

"Second!"

He glanced at Chen Feng and said softly: "The gathering of the seven treasures may not necessarily be an opportunity, but it may also be a disaster!"

Then, he sighed and said: "Third, those who enter the inner valley must get out of the devil blood!"

When Chen Feng heard this, he frowned.

"What does it mean?"

These three sentences are specious and seem to be nonsense, but they are full of meaning.

It seems that I want to tell people something in a subtle way.

He looked at Sikong Jinglong.

Sikong Jinglong shook his head and said, "No, just these three sentences."

Chen Feng knew he didn't dare to hide himself, and waved him to retreat.

Chen Feng was lost in thought.

After a long time, he whispered softly: "The third sentence is quite understandable."

"It should be said that the person who enters the inner valley should be sprinkled with devil blood all over, and it is reasonable to think about it."

"The entire Xuanming Seven Seas Realm, I'm afraid it all originated from the Valley of Falling Stars. There are so many people with the blood of the Demon Race here, so in the Valley of Falling Stars, I'm afraid this is even more so."

"Only when you spill devil blood on your body will you be considered yourself."

"As for the first sentence and the second sentence..."

Chen Feng didn't really think about it for a while, so he stopped thinking about it.

"I want to do so much? Or find a way to get in first!"

Chen Feng whispered to himself, and then took out the six treasures.

The Monument of Falling Fallen Stone that day has been kept in the bag by Chen Feng, and has not been taken out.

There are only six treasures, and one is missing.

Chen Feng took it out in no hurry.

Because he is not sure, if all the seven treasures are taken out, then the pattern will change instantly!

Could it be that these seven treasures suddenly began to show their own features extremely violently, desperately killing the surrounding existence, crazily wanting to swallow other existences?

If that were the case, the situation would be completely out of Chen Feng's control.

He would never allow that!

The six treasures, still staying there obediently and quietly at this time, did not reveal any abnormalities.

The appearance of a human being harmless.

But Chen Feng knew that under the surface of their harmless humans and animals, how violent and ferocious they really were!

Chen Feng looked at them and wondered what to do.

It didn't take long. After thinking about it for a quarter of an hour, Chen Feng showed a smile at the corner of his mouth, his eyes flashed, and he clapped his hands again: "Yes!"

"I know what to do!"

He felt it carefully and found that the strength of these six treasures was not much different.

As for the Monument of Sunfall, the strength of the six of them is similar.

In other words, when these seven treasures were shattered from one treasure, their power was almost equally divided.

Did not say which is strong and weak.

"If this is the case, then these seven treasures are fighting in chaos, I am afraid that there will be no victory or defeat at all."

"In the end, the result will be completely out of control."

A chuckle appeared at the corner of Chen Feng's mouth: "Okay, since there is no winner or loser."

"Then, I'll help you decide the outcome."

The next moment, Chen Feng slipped his hand and collected these six treasures.

[Chapter 4145: Golden Crow](#)

Then, he took out the Monument of Sunfallen.

The monument of Sunfall, standing majestically and majestic, reveals an ancient and wild atmosphere, without any fluctuations.

It was as if everything happening outside had no influence on him.

It is still the same as when Chen Feng first saw it ten days ago.

But Chen Feng knew that this was an illusion!

Because at this time, there is also a layer of brilliance circulating around the Monument of Sun's Fall, forming a circle of protection, isolating its momentum.

And this layer of halo was not there before.

This level of brilliance appeared on the Monument of Sun Falling after Chen Feng got the six treasures.

Obviously, it felt the breath of the six other companions, so it instinctively protected itself.

Chen Feng smiled lightly and walked to the front of the Rimet Monument.

Suddenly he stretched out his hand and flicked it, and said lightly: "Okay, I know you have your own thoughts and your own ideas."*noVelUs&.cOM*

"After all, you can't be treated as a dead thing."

After Chen Feng said these words, the Monument of Sun's Fall did not fluctuate, still standing there quietly.

The corners of Chen Feng's mouth curled up slightly, revealing a smile that was not a smile:

"You still pretend to me, right?"

"Toast and not eat fine wine!"

After all, Chen Feng took a heavy shot with a palm.

Suddenly, an incomparably powerful force poured directly into the Monument of Fallen Day.

At the same time, Chen Feng's spiritual world buzzed, and a crack slowly appeared.

Then, Chen Feng's golden spiritual power spread out crazily in an instant, and it was on top of the monument of the sun's fall, and immediately wrapped the monument of the sun's fall.

And, go deep into it!

At this moment, if there are people around, you will find that the surface of the Monument of Falling Fall is covered with a faint golden light.

And the monument of the sun's fall, it feels as if it has disappeared, as if it had never existed in this world.

Chen Feng had closed his eyes at this time.

The next moment, he saw that there was a huge golden wall lying in front of him.

Chen Feng naturally knew that this was the true face of the monument that day fell.

At this time, Chen Feng's spirit was wrapped in his golden spiritual power and slammed forward fiercely!

Suddenly, there was a soft sound, and he entered the tall golden wall without any hindrance!

At the next moment, Chen Feng had already entered the interior of the Monument of Sunfall.

Chen Feng stared into the distance, and then saw a dark golden light, and with a swish, he fled wildly into the distance.

The expression was full of confusion.

Chen Feng smiled slightly at the corner of his mouth: "Look where you can run away!"

In the next moment, his figure flickered one after another.

Enveloping with golden spiritual power, Chen Feng's figure is extremely fast, which is beyond the reach of the dark golden light and shadow.

In an instant, Chen Feng came before the dark golden light and shadow.

One hand is to grab it in the hand.

Suddenly, there was a croaking horrible cry in the dark golden light and shadow.

The little guy was fluttering frantically, tearing and pecking at Chen Feng.

Even though Chen Feng was in a mental state at this time, he felt a sharp pain in his soul.

Chen Feng was shocked: "It seems that I really can't underestimate him!"

"Today's falling stone monument spirit can actually hurt the soul?"

Chen Feng grasped tighter, and looked down.

I saw it, Sunfall's stele spirit, looked like a fat and big crow.

It is about one foot long, with a wingspan of three or four feet, and the thick belly is almost one foot.

He's fat and looks really cute.

However, at this time, he was making a fierce appearance, scratching and biting frantically at Chen Feng.

Chen Feng shouted, and the power in his hands poured out.

With a bang, it was hitting the body of the Rimet Stone Spirit.

Suddenly, the Rimet Stone Spirit screamed, and the whole body trembled violently.

Immediately he became honest and lay still in Chen Feng's hands.

The beak was wide open, his eyes were dull, his feathers were trembling, and the corner of his mouth was about to flow out.

There were tears in the eyes.

Looking at it, Chen Feng was slapped and cried directly.

When Chen Feng saw it, he couldn't help but laugh.

This little guy looks a little cute.

Chen Feng looked at it carefully, and then slowly nodded.

This sun-falling stele spirit like a crow did not have much scarlet color in his eyes, nor did he have a strong killing gesture.

It just has an offensive instinct.

Obviously, he is still innocent.

"That's easier to say."

Chen Feng whispered in his heart, and then his figure flashed and disappeared directly from the monument that day.

The next moment, at the edge of the sea of clouds, Chen Feng was shocked, opened his eyes and looked down.

And in his hand, there is also an extra guy in the shape of a dark golden crow.

At this moment, this guy stared at a pair of small eyes and looked around.

His head shook like a rattle, and he hadn't recovered yet.

Obviously he didn't understand why he came here suddenly.

"Okay, don't look blindly."

Chen Feng smiled slightly, gently squeezed his head, and lifted him up.

This seemed to be the crux of the Golden Crow. When Chen Feng mentioned it in this way, the fat Golden Crow suddenly stopped moving.

It's just a pair of eyeballs spinning around, thirsty and cheap.

Of course, it cannot be ruled out that he did not dare to move because he saw Chen Feng.

Chen Feng looked at him, knocked him on the head, smiled and said, "Do you know who I am?"

The Fat Golden Crow rolled his eyes and pretended to be a fool without speaking.

Chen Feng smiled slightly: "If you don't speak anymore, I will be rough!"

The Golden Crow was so frightened that he screamed quickly.

Naturally, Chen Feng couldn't understand his voice, but at the same time, an angry and somewhat immature voice sounded in Chen Feng's mind:

"Don't do it, you rough man!"

"Why hit us at every turn?"

Chen Feng laughed: "If I don't clean up you, can you be so honest?"

The Fatty Golden Crow was exposed by Chen Feng and stopped talking.

Chen Feng smiled and said, "How do you call it?"

The fat golden crow's eyeballs rolled around and said with a grin, "You call us Sanye Jin!"

"What Jin Sanye!"

Chen Feng slapped him on the forehead: "I will call you Xiaojin from now on."

Fatty Golden Uggie was immediately aggrieved, but he didn't dare to say anything, so he dared to mutter quietly there.

When Chen Feng listened, he seemed to say something: "You rude person, you rude person..."

"Okay, I don't bother to talk nonsense with you."

Chen Feng looked at the fat golden crow and said, "Now, I have a big deal to talk to you."

[Chapter 4146: Cooperation](#)

"This business is absolutely good for you, no harm, can you do it?"

Fatty Jinwu suddenly looked alert: "What are you going to do?"

Chen Feng smiled and said, "Xuanming Seven Seas Realm has seven great treasures, besides you, there are six brothers, right?"

After all, Chen Feng shook the meson jade bracelet in his hand, revealing a little bit of the other six treasures in it.

After the breath leaked out, the Fat Golden Crow's eyes straightened suddenly.

Those eyes were cold and faint, and there was a hint of fierce light.

He seemed to have changed his personality at this time, and smiled lowly: "This is the breath of my six brothers!"

"Yes, it's their breath."

Chen Feng smiled slightly and turned his hands to isolate the breath.

Next, what he said to this fat golden crow can't let the other six guys know.

It's easier to handle with precautions.

He looked at the fat golden crow and said lightly: "I want to enter the inner valley of the valley of the fallen stars. I need to combine you as the seven great treasures into one to open the entrance to the valley of the fallen stars."

"I might as well tell you directly, you seven, now the strengths are similar, no one can do nothing."

"If I let the seven of you devour each other, in the end it is possible that all five will lose out."

"In the end, none of them can be used by me, and even lead to the complete destruction of this treasure."

Fatty Golden Wu nodded repeatedly.

"and so....."

Staring at the fat golden crow, Chen Feng said with a smile: "I need someone who is obedient and can be controlled by me to do things for me."

"It just so happens that I chose you!"

He stared at the fat golden crow and said word by word: "You help me do things, and I help you swallow the other six!"

Chen Feng did not follow the fat golden crow around the corners, nor did he buy it or use any other means.

He just did one thing, and that was to show that it was great.

Chen Feng knew very well that this matter was good or bad for this fat golden crow, and he was absolutely irresistible.

And Chen Feng absolutely did not allow him to have any resistance or opposition.

Chen Feng didn't ask this fat golden crow willing or not at all. *novelUSB.com*

Because he has to be willing whether he wants it or not.

The plump golden crow looked at Chen Feng, his eyes rolled tumultuously: "Can I say rejection?"

Chen Feng smiled and said, "Of course."

Fatty Jinwu was suddenly surprised.

Chen Feng then raised his hand: "Then I will kill you now!"

Suddenly, the fat golden wu couldn't laugh, and quickly screamed: "Stop, stop, I'm joking!"

Seeing Chen Feng put his hands down, he wrinkled his face and said, "Well, then I have no other choice but to listen to you now."

Chen Feng held its top skin and lifted it up again: "Don't let this reluctant look anymore."

"This is something that is good for both of us. If you swallow them, how many times your strength will increase, are you still here?"

"What kind of hypocrisy?"

After all, Chen Feng was a brain-crashing bullet on the fat golden crow's head.

Suddenly, the fat golden Uganda screamed again and again: "Don't do it, don't do it, you have something to say, you silly fellow!"

However, there was no disagreement between his expressions.

In fact, Chen Feng guessed a lot.

This incident is also of great benefit to this fat golden crow little gold.

He looked at Chen Feng: "What do you want to do?"

Obviously, this fat golden crow was not as stupid and naive as he showed.

Chen Feng smiled and said, "I will release them one by one."

"But how to put it is also particular."

"First of all, I will choose one that can be restrained by you in terms of attributes."

"Then, I will help you suppress him, so as to help you swallow him. After you swallow one, it will be easier to deal with the rest."

"it is good!"

The Fat Golden Crow agreed without hesitation.

Then, Chen Feng thought about it, thinking about what should be, and started this first step.

This first step is crucial.

In fact, as long as it is the first step, after the fat golden crow swallows a treasure, the strength can surpass other treasures.

It will be easy to swallow others at that time.

Chen Feng whispered: "Although these five utmost treasures are separated from one piece, their attributes are different."

"The monument of the sun's fall, its attribute is platinum, Jin Kemu."

"Just now, I saw a piece of wood among the other six treasures."

"Okay, it's you!"

Chen Feng sighed lightly, and immediately opened the meson jade bracelet and took out the treasure.

This treasure is a wooden sword, about three feet long, it feels light and light, and it seems unusual.

However, Chen Feng could see the cyan light flowing in his body, which contained extremely powerful power.

In fact, this treasure is among the seven most treasures, even if its strength can rank in the top three, it is also quite a strong opponent.

If it weren't for the only wood attribute of him among the six treasures, Chen Feng would not choose him as his opponent.

As soon as this blue wooden sword was taken out, it still instinctively reduced its aura, pretending to be harmless to humans and animals.

But soon, it was stunned.

Because it discovered that it was not the six of them that were taken out this time, but only it and the other treasure next to it!

At the same time, the plump golden crow that had already returned to the monument of Sun's Fall, driving the cup of the monument of Sun's Fall, to suppress this cyan wooden sword!

He didn't restrain his breath at all!

Around the monument of Sunfall, there are golden flames entwining, like countless golden flames burning!

Extremely tyrannical!

As a result, the surrounding temperature rose instantly for unknown amounts, and the ground was melted into a piece of magma!

The cyan wooden sword immediately realized what had happened!

It immediately let out a stern scream, and the camouflaged brilliance on the surface of its body exploded.

In an instant, it was brilliant!

Chen Feng raised his brows: "This blue wooden sword is really extraordinary!"

If there is a choice, Chen Fengning can choose it to devour other treasures.

Unfortunately, there are no other opportunities.

The cyan wooden sword slashed towards the monument of Rimet, and Chen Feng smiled coldly: "With me here, you still turned the sky?"

The next moment, he didn't move, and above his head, the **** of stepping on the sky, Zhan Zun, appeared directly!

Then, Yang Tian neighed!

Space seal, launched instantly!

At this time, when Chen Feng and Fat Shuo Golden Crow joined forces, in the depths of Soul Destruction Hall, Han Yu'er also said the word coldly!

roll!

When this word was spoken, it was almost like a sky thunder, directly hitting Kong Yangyu's heart.

There was a look of disbelief in his eyes, staring at the two women, his face flushed instantly, and his voice trembled: "You, what did you say?"

[Chapter 4147: Dark Feather Soul Crane](#)

"What did I say? I said let you go!"

Han Yuer sneered.

Kong Yangyu didn't recover until then, his face flushed with anger, his lips trembled, and his hands were shaking.

He is the proud son of heaven, and he is noble and powerful in the Hall of Soul Destruction.

Where did anyone say this to him?

Where have you been so angry?

He looked savage immediately, and he was about to attack.

But then, it was thought that these two people were named and named, so that they should be protected, and there should be no harm.

Even he did not dare to offend that existence.

He abruptly suppressed his anger, staring at the two women and said coldly: "After today, you two don't regret it!"

"Tell you, no one can rescue you except me!"

"nobody!"

Han Yuer stared at Kong Yangyu and said word by word: "Junior Brother Chen will definitely come to save us!"

There was firmness in her voice.

Kong Yangyu was startled, he looked up and looked at Han Yu'er's expression.

At this time, he saw that Han Yu'er had not reluctantly become lighter, nor was it stern.

Obviously, she didn't say this for the sake of anger, and she didn't say it hard here.

There was a touch of gentleness in her awe-inspiring gaze, and the depth of her eyes was full of determination.

Even, because of that firmness, her expression was not so flustered.

Her expression was full of reason and determination, as if she knew that she had said so, then Chen Feng would be able to do it, obviously he was full of confidence in Chen Feng.

There is absolutely no falsehood in this confidence.

Kong Yangyu looked at Qingqiu Yaoguang beside him again, and his expression was even more unexpected.

It turned out that the expressions of Qingqiu Yaoguang and Han Yuer were the same.

He was stunned for a moment, then he sighed sullenly.

Han Yu'er pursed her lips and smiled: "There is nothing that Junior Brother Chen Feng can't do!"

After saying this, Kong Yangyu's face showed a touch of shame.

He just stared at Han Yu'er and the two daughters, sneered and said, "Good point!"

"Then I will take a look, I will take a look, you Chen Feng!"

"How to break through dozens of layers of protection outside the Soul Destruction Hall!"

"How can we defeat the top martial emperor realm experts in the Soul Destruction Hall!"

"How can I break into this core place!"

"How can I see you!"

He smiled coldly, turned and left.

Just leave a cold sentence: "When will you change your mind and want to cooperate with me, you only need to light the candle, and I will naturally get the news!"

Without looking back, he threw his backhand.

The plain silver candlestick that he had dispelled ghosts and ghosts before fell in front of the two women!

Then, strode out of this yard.

As soon as he turned around, his expression became extremely cold and murderous in his eyes.

"Chen Feng! Chen Feng! This is Chen Feng again!"

There was a strong jealousy in his eyes.

He had known the name of Chen Feng a long time ago.

Although Soul Destruction Hall rarely communicates with the outside world, they are a powerful force in the Dragon Vein Continent.

Everything that happened on the Dragon Vessel Continent was quite clear.

As a potential enemy of Soul Destruction Hall, Chen Feng's information, they naturally collected a lot of information.

In the past one or two years, there have been especially many.

Chen Feng's actions on the Dragon Vessel Continent and Chen Feng's prestige have long been known to the people in the Hall of Soul Destruction.

Kong Yangyu listened even more.

He pretends to be a young hero, and no one on the Dragon Vein Continent can compare with himself. How can you stand this anger?

Chen Feng has long been inexplicably regarded as a mortal enemy.

Today, he was full of arrogance and reserved, and he came to see Han Yuer and Qingqiu Yaoguang with a charity-like attitude, but he did not expect that he would be hit by Chen Feng again.

At this time, he hated Chen Feng already.

Although Chen Feng had never seen him.

Of course, even if Chen Feng knew it, he didn't care.

What is his Kongyangyu?

Seeing Kong Yangyu's leaving back, Qingqiu Yaoguang and Han Yuer had no regrets in their eyes.

Although they gave up what others thought was the only chance of escape.

They are full of confidence in Chen Feng!

Han Yu'er looked to the side at this time, smiled and said, "Xiao Hei, we should have confidence in Junior Brother Chen Feng, right?"

The object he spoke to was a huge dark feathered soul crane.

This little black is the nickname they gave to this dark feather soul crane.

This dark-feathered soul crane is about one foot high, with a wingspan of nine feet, and its body is quite huge.

It's just that its whole body is a dark color, and its body is imaginary and real, ethereal and vague, if there is nothing.

Obviously, it is between the entity and the soul.

Moreover, above his body, there was even a trace of death and silence.

The Dark Feather Soul Crane is an extremely common kind of soul beast kept in the Hall of Soul Destruction, yes, it is a soul beast. anti-

It is not a monster, nor is it a warrior. It is an existence between the soul and the entity after the monster is refined.

But this kind of soul beast not only retains its strength before alive, but also has powerful abilities such as virtualizing its body, releasing poisonous fog, and injuring the soul of the opponent.

Therefore, the strength is often much stronger than before.

The only thing that is not beautiful is that because of the soul refining and painful body refining, the IQs of these soul beasts are often quite low.

All of them are dumbfounded and confused.

This dark feather soul crane is naturally no exception.

This Dark Feather Soul Crane came to give food to Qingqiu Yaoguang's two daughters every day.

These days, the only thing the two women can see every day is this dumb guy.

So, between coming and going, they actually became friends.

Han Yuer and others could not talk to them, so they all told him.

And this Dark Feather Soul Crane just poked there dumbly, neither replying nor responding.

If it wasn't for a physical injury but also had obvious biological characteristics, it would be no different from a statue.

Just now this dark feather soul crane was standing nearby.

In fact, it was waiting for Qingqiu Yaoguang and the two girls to finish eating.

Because it wants to take these two plates back, these two plates are also treasures.

Even if it is the great cause of Soul Destruction Palace, it can't consume two every day.

It has been standing outside this pavilion for an hour or two, just standing there dumbly, dumb, without any response.

After Kong Yangyu came just now, he just glanced at it and ignored it.

Even when talking about confidential matters, he didn't avoid this guy.

Everyone in Soul Destruction Hall knows that this dark feather soul crane is the most stupid.

Unclear, like a walking dead, knowing nothing.

Even if they talk about secrets in front of them, they will definitely not leak them out.

[Chapter 4148: Sudden change!](#)

It's like when people are discussing some confidential matters, they will move the candlestick next to them, the futon under the seat, and the food in the bowl to avoid them?

It is not necessary at all.

At this time, Han Yu'er spoke to the dark feather soul crane, but the dark feather soul crane was still dumbfounded and did not respond.

Just shaking his head, the long beak plunged into the ground, sucked out a wisp of dead soul from the ground, and swallowed it.

This is its food.

Han Yu'er couldn't help laughing: "You fellow, you don't know anything. It's hard to say whether it is happy or unhappy these days."

"What's the use of telling you this?"

"Forget it, let's eat quickly!"

She greeted Qingqiu Yao to eat faster.

"According to the rules in the Hall of Soul Destruction, if a Dark Feather Soul Crane stays here for more than an hour, it must be destroyed and replaced with another one."

She sneered and said: "This Soul Destruction Palace, you can do it with care."

"This Dark Feather Soul Crane is so muddled that he can't even speak, I'm afraid that I can't understand a message, so I'm afraid of colluding with us?"

"It's a joke!"

As the two women said, they swallowed those fruits and the golden inner core of the monster beast.

When the heavenly treasures entered the body, a warm air current exploded in the body and circulated throughout the body.

The two immediately began to practice.

They are no strangers to this feeling.

In fact, this has happened every day in the past.

Seeing that the two of them had finished eating, the dark feather soul crane gave a rare cry and picked up the beak. The two plates flew up diagonally and landed on his head.

After that, the Dark Feather Soul Crane didn't say hello to them, just spread its wings and flew out.

If this dark feathered soul crane wants to fly over, it needs to cross this wood, and naturally it has to pass through this fog.

Then as it should be, it will naturally pass through those ghosts and ghosts.

No, to be precise, it should have passed through those ghosts and ghosts.

Because of these ghosts and ghosts, they are limited to the area of activity.

Probably can only move within one hundred meters from the ground to the height.

A hundred meters above this range, neither the ghost ghosts nor the warriors belonging to the Soul Destruction Hall can fly in that area.

Only soul beasts can fly from that area.

That's why when Kong Yang Yu came just now, he didn't fly over from a height of 100 meters or more where there was no ghost or ghost, but walked over from the ground.

Because the entire Soul Extinguishing Hall was extremely powerful and possessed of great power, it was so restricted.

This dark feathered spirit crane flew past the sky, and the ghosts and ghosts below could not reach him.

Although this Dark Feather Soul Crane was in a state of half entity and half soul body, it was still flesh and blood after all.

This kind of blood food, for these ghosts and ghosts who have been trapped here for tens of thousands of years, is no less delicious! [novelus.com](http://www.novelus.com)

They all rushed upwards frantically and floated over, wanting to tear the dark feather soul crane off.

But it's a pity, as if there was an invisible barrier blocking them.

In any case, they can't fly more than a hundred meters.

This Dark Feather Soul Crane went back and forth here many times, and it stands to reason that there should be no accidents this time.

However, there will always be exceptions to everything.

For example, this time, there was a ghost who seemed to be particularly strong.

He was flying to the top, also roaring there.

Sudden change!

Suddenly, his hands suddenly opened, and he let out a dull roar.

In the next moment, a net-like power was directly thrown out by him.

Although he couldn't break through the barrier, the net-like power was able to break through.

The net-like power diffused and directly enveloped the Dark Feather Soul Crane.

Then, he tugged with both hands down!

As a result, the Dark Feather Soul Crane suddenly let out a scream, and the body couldn't help but slammed down.

It didn't fall too high, but only tens of meters.

But these tens of meters is enough to make it pierce the limit of one hundred meters.

Especially, one of its legs passed through the invisible barrier that was one hundred meters high.

The one below this barrier cannot get up, but the one above it is easy to get down.

The leg that saw it passed through that one hundred-meter invisible basis. In an instant, those ghosts and ghosts seemed to smell something extremely delicious to them!

That is the smell of blood!

Happiness came so suddenly that they all froze for a moment.

And the next moment, they all jumped on crazy.

In a blink of an eye, he surrounded that leg, and then tore it down fiercely!

The Dark Feather Soul Crane let out a scream, and before it had time to make any resistance, it was dragged down abruptly.

Its entire body has completely fallen below 100 meters.

In an instant, he was surrounded by countless ghosts and ghosts.

This Dark Feather Soul Crane even had time to let out a scream, and then it was torn into countless segments by these ghosts and ghosts.

Countless ghosts and ghosts were biting frantically and attacking frantically!

In order to grab a piece of flesh and blood on it!

But no ghost would notice that one of the ghosts had already tore off the head of the dark feathered ghost crane.

Although there was no meat on the head of the Dark Feather Soul Crane, there were several ghost ghosts nearby that saw it.

Suddenly, he watched and surrounded him.

And the ghost that grabbed the head was also unambiguous and swallowed it straight away.

This ghost was originally tangible and innocent, although this dark feather ghost crane is not big, its head is not too big.

However, compared to the size of this ghost, it was not small.

After swallowing it in one bite, the entire belly swelled up, almost stretched into translucent.

The flesh and blood entered, and the breath was immediately cut off.

In addition, the ghosts and ghosts who were staring at each other couldn't feel the breath of fresh blood, so they left in anguish.

Join the battle for other blood food.

No one noticed that the ghost that swallowed the head of the Dark Feather Soul Crane was the first ghost to attack the Dark Feather Soul Crane, and seemed to be full.

His figure also slowly sank, sinking into the countless ghosts and ghosts below.

Soon, the battle above the sky is over.

The dark feather soul crane's ripped hair didn't even have a single piece of hair left, and it was swallowed.

Calm here quickly returned.

All the ghosts and ghosts have returned to the original state of being muddled.

[Chapter 4149: Successfully swallowed! Qibao is one!](#)

Therefore, there would be no ghosts or ghosts who noticed that a ghost, at this time, seemed to be wandering towards the outside without a purpose.

Generally speaking, the direction of ghosts and ghosts is uncertain.

It may be outward, or it may be in the direction near the valley.

But in any case, they will stop when they reach a range and then come back.

Because ghosts and ghosts also have their living habits.

But this ghost is different.

He keeps walking outward.

Soon, it disappeared in the thick fog.

When Chen Feng's space seal was launched!

Suddenly, the brilliance of the green wooden sword was soaring, as if it had been directly frozen.

It froze there and motionless.

It is already completely sealed!

At the next moment, Chen Feng directly initiated Space Shatter again.

With a crisp sound, the space was directly shattered.*noVELus&.com*

And this blue wooden sword, with a special material and mysterious source, did not shatter as the space shattered.

However, the cyan brilliance on its surface also disappeared directly, being swallowed by the space crack.

The most important thing is that it was broken by Chen Feng, but it suddenly lost the opportunity to fight back.

It had lost the first opportunity, and lost the opportunity to fight back, which means that its only chance to comeback was directly ruined!

The next moment, in the shattered space, the cyan wooden sword that had not recovered yet, felt a mountain-like force pressed down!

But it was the monument of Sunfall that smashed down!

With a loud bang, the monument of Sunfall hit the cyan wooden sword directly!

The cyan wooden sword screamed directly and flew out heavily.

But before it slowed down, the Monument of Sunfall fell down fiercely!

Bang-bang-bang, the blue wooden sword was hit by the Sun's Falling Stele, and in a blink of an eye it hit a whole number of ten times!

They run out of the same origin, similar in strength, and similar in strength.

Therefore, this fighting method is extremely fierce, direct and violent!

All are head-to-head!

The cyan wooden sword was bombed with screams, and multiple damages appeared on the surface of the body.

Of course, its strength is stronger than the Sunfall Stele Cup, and it has to fight back several times.

However, they were all interrupted by Chen Feng at a critical moment.

Finally, after another violent impact, the cyan wooden sword was directly broken into several pieces.

Above the green wooden sword, a burst of green smoke curled up.

There was a sharp voice: "I hate it! I don't accept it!"

Chen Feng smiled coldly: "I'm here, you have to accept if you don't accept it!"

He flicked his fingers and directly shattered the cyan cloud.

The cyan wooden sword was no longer able to support it, and slammed directly to the ground with a snap.

Obviously, the soul inside has been directly erased!

And the Monument of Rimet, almost pounced on it with a greedy gesture.

The golden flames wrapped the fragments of the broken blue wooden sword and greedily absorbed them.

It takes about two hours to absorb it all.

The body of the Rimet Monument swelled abruptly, and his body was more than twice as large as before, and his breath became stronger!

The aura is gushing out overwhelmingly, which is much stronger than before.

Obviously, swallowing the blue wooden sword is of great benefit to him.

The excited voice of the Fat Golden Crow came out from inside: "Come on! Next one! I want more!"

Chen Feng laughed and released another treasure.

This time it was much easier, even without Chen Feng's help.

The fat golden crow, three times and five times, is to absorb this treasure!

His current strength has completely crushed his companions.

The next thing is simpler.

It took less than two hours, and the fat golden crow had absorbed all the other six treasures.

When the last treasure was completely absorbed by the fat golden crow, the fat golden crow's body suddenly shrank downward.

Then, it expanded rapidly, and finally reached a height of about 300 meters!

With a bang, it hit the ground, like a golden mountain!

And the shape of its surface is completely different from before.

Somehow it could be seen as a stone monument before, but now it looks like a shrinking mountain range.

There are three peaks above, but they are connected together.

Its material is still golden.

There was an indescribable cyan in the golden light, which gave people the feeling of being extremely hard and extremely flexible!

It seems to be cast from a kind of strong metal!

At this time, the monument of the sun's fall has fully possessed the power of the treasure of the year.

There are countless golden flames turbulently winding on it, and the rocks hundreds of miles around have even been burned into magma.

He forcibly created a magma lake here!

Its power can be described as fierce and vicious.

Then, the fat golden crow came out of it, dancing and dancing with excitement.

He laughed loudly: "It succeeded, I succeeded!"

"Unexpectedly, it was me who won in the end!"

"His grandmother, I have been bullied by the six of them for so many years, and finally I can be considered exaggerated!"

Chen Feng smiled at the corner of his mouth and looked at him quietly, without speaking.

The fat golden crow was there yelling and screaming, and after venting for a while, it calmed down.

He turned his head to look at Chen Feng and said, "Now I will help you turn it on!"

"After I merged the six of them just now, I have found a way to open it from my memory."

Chen Feng raised his eyebrows and looked at the fat golden crow with a little surprise in his eyes.

In his opinion, the Fatty Golden Crow has grown in strength and has a great possibility of resisting himself.

He was ready to suppress this fat golden crow again.

Unexpectedly, this fat golden crow was so honest and peaceful.

Chen Feng nodded slowly: "Although this fat golden crow is a bit treacherous and slippery, it is not bad in nature and has no vicious thoughts."

Chen Feng smiled slightly and said, "Okay, let's start now!"

The Monument of Sunfall nodded, the fat golden crow's figure flashed, and he entered the Monument of Sunfall.

Then, that day the Falling Stele Cup floated directly towards the infinite sea of clouds outside.

Chen Feng raised his brows: "Is it possible that the opening position of the inner valley of the Valley of Falling Stars is not on the top of these two peaks, not in the place you imagined, but in this sea of clouds?"

Chen Feng did not immediately follow, but looked at Pei Muyu next to him, and whispered softly: "What about you, you just stay here honestly, understand?"

Pei Muyu looked at Chen Feng worriedly, holding his sleeves as if he wanted to say something.

However, she was afraid that after she said it, Chen Feng was even more worried.

Therefore, he just nodded heavily.

Looking at him, he said loudly: "Brother Chen Feng, I am waiting for you, you will be able to come back safely!"

[Chapter 4150: I will show you how big this world is!](#)

Chen Feng smiled slightly and rubbed her head.

Then he looked at Sikong Jinglong and didn't bother to talk to him, so he stretched out his hand and sealed his meridians, making him unable to move.

Sikongjing longyan shouted: "Master Chen Feng, you have to come back soon!"

"If the sealing time is too long, I will use it!"

Chen Feng laughed, his figure flashed, and he entered the sea of clouds.

The Monument of Rimet flew all the way before, until it came to the depths of the sea of clouds.

At this moment, Chen Feng looked around.

I saw a vast sea of clouds, and there was nothing but the radiance of the blood moon.

Even the steep mountain before it was invisible.

Finally, after flying forward for almost two or two hours, he has already reached the deepest part of the sea of clouds.

At this time, the Monument of Rimet finally stopped.

At this time, the monument of meteorite that day stood there, towering like a mountain.

And as soon as he got there, the clouds moved slowly, and there was waves of awe inside.

It was as if he was expressing his awe and surrender toward the monument of Sunfall.

A smile appeared at the corner of Chen Feng's mouth: "After the fusion of the Seven Great Treasures, it is really extraordinary, and this immediately reacted."

The next moment, on that day's meteor monument, a tyrannical aura suddenly waved out.

A ray of light like a rainbow spread out.

This rainbow contained various colors, and the various breaths that Chen Feng had just felt from the seven great treasures were all contained by this rainbow.

This rainbow-like light rippled outward like water waves, and the surrounding clouds also changed suddenly.

There was a boom, just like that boiled porridge!

It was boiling in an instant!

The clouds ups and downs, flying up and down, from the silence just now to the current extreme movement.

As these clouds flew, finally, a cloud layer sank in a certain place.

The surrounding clouds began to accumulate around this depression.

This depression is getting deeper and thinner.

It feels like it is about to become a deep pit, and then from a deep pit to a passage.

There was a touch of excitement in Chen Feng's eyes.

"Does the passage to the inside of the Valley of Fallen Stars take shape?"

At this time, the fat golden crow's voice came out: "Master Chen, the passage into Neigu is about to open."

"With my strength at this time, I can only maintain this passage for less than a cup of tea time."

Chen Feng said slowly: "Then how should I get out?"

"Don't worry about this."

The Fat Golden Crow's voice is full of exhaustion: "Although I turn it on, I can only maintain it for less than a cup of tea."

"But after you go in, I will open this channel once every twelve hours."

"And in the inner valley of the Valley of Falling Stars, the place where the channel is opened will not change."

"In other words, if you are done, you just need to go back to where you entered, wait for the passage to open, and then come out."

Chen Feng looked at the Monument of Sun's Fall and smiled and said, "Then how long will you wait for me here?"

"What if I don't come out for three or five years, ten or eight years?"

Fat Golden Crow's mood did not change much: "Then I'll just wait here, just turn it on once a day, anyway, I have nothing to do."

"Then I will wait for you here for three and five years, ten and eight years."

He paused, and there was a trace of loneliness in his voice: "Anyway, before I was acquired by you, I was the same person. It has been thousands of years."

"Thousands of years are fine, but what is three and five years?"

His voice was gentle, but it was full of unspeakable loneliness.

Chen Feng listened, sighed softly, and suddenly looked at the monument of Sunfall, his voice was full of solemnity:

"Xiaojin, this time after I come back smoothly, I will take you to the Dragon Vein Continent to my hometown."

"In the future, I will take you to various worlds!"

"Go and see the universe, and see how big the world is! It's colorful!"

"Follow me, you won't make you lonely!"

The Fat Golden Crow's voice was full of surprises: "Is this true?"

Chen Feng smiled: "I, Chen Feng, always practice what I say."

The Fat Golden Crow's voice immediately became very excited, and no longer half of the slumping just now, he said loudly: "Okay, Chen Feng, you must return safely!"

Chen Feng smiled slightly, and was about to enter directly after the passage was opened.

Of course, Chen Feng's entry is still risky.

After all, defensiveness is indispensable.

If this fat golden crow betrayed his faith, Chen Feng would most likely be trapped inside and unable to get out.

But in fact, Chen Feng had a late move.

He is not afraid that this fat golden crow will frame him, even if he wants to frame him, what can he do?

There are flowers in there!

Although Hua Lengshuang was demonized, Chen Feng still had a certain degree of certainty that he could wake her up.

Even if it can't be completely awakened, but awakening takes only one hour and three minutes, three seconds and five seconds, after all, it can be done.

Once Hua Lengshuang is awakened, then with her power, it is more than enough to send Chen Feng out!

The passage is getting deeper and deeper, and its size has shrunk to only about five feet.

But only one person can enter.

Chen Feng looked down at the side, and saw that the passage seemed to be connected to the endless abyss, leading to the depths of the netherworld.

Inside, there was a cloud of sullen air and ghostly spirit, and I don't know what kind of danger there is.

But at this moment, there was a soft buzzing sound, and the speed of condensation of the passage actually slowed down.

Not only slowed down, but also stagnated.

At the next moment, the passage that was already about to take shape began to shake violently, almost showing signs of breaking apart.

The fat golden crow gave a soft voice, and suddenly his voice was filled with doubts, and said loudly, "What's going on?"

Chen Feng frowned and watched.

With his eyesight, it can be seen naturally.

The opening of this channel has changed.

But he did not urge to ask.

He didn't understand this, even if it was a reminder, it was a vain reminder, so he might as well wait for the fat golden crow to explain it himself.

Sure enough, a moment later, the suspicious voice of Fatty Golden Crow came. He seemed a little uncertain. Ai Ai said:

"This, how do I feel that this passage seems to have been changed by someone?"

"It was changed? What do you mean?" Chen Feng frowned.

The Fatty Golden Crow said, "Originally, the passage into the valley of the fallen stars should be condensed from that cloud."

"But now, it seems to have been changed into another form by a certain power."

Chen Feng's heart was shocked.
