

Peerless 4161

[Chapter 4161: It turned out to be him!](#)

Several ghost ghosts couldn't help but stop, looking at this wandering ghost with some doubts.

But their sluggish thinking couldn't reflect what this guy who seemed to be their companion was doing?

The ghost ghost who had been here for an unknown period of time, felt the sunshine outside.

The sunlight outside brought a sharp sting to his body.

But a tick at the corner of his mouth was actually a smile.

There was excitement and joy in those eyes.

In the next moment, he was at the edge of the forest.

Then, without hesitation, he raised his foot and stepped out of this endless forest!

Directly exposed to the sun!

The ghosts and ghosts who stared at him were immediately shocked.

They rushed forward one after another, but then they were screaming screams burned by the sun, and then backed away.

At this time, the weird ghost ghost had already disappeared.

These ghosts and ghosts did not take this matter to heart, and they quickly recovered their muddle-headedness again.

Loud roars in his mouth, wandering into the distance.

At this moment, the ghost ghost that stepped out of the endless forest fell straight to the bottom of the cliff.

The sun was shining brightly, shining on his body, but it caused him great harm.

Countless huge pustules appeared on his body instantly.

Then, the pus bursts and pus flows.

His body began to fester in an instant.

Even, black smoke came out of his body.

He was like seeing the white snow in the sunshine, and the feeling that he gave people seemed to melt away completely soon.

At this time, the ghost and ghost gave out a stern roar.

He stretched out his hand and violently tore at the surface of his body!

Suddenly, a thing that looked like human skin was torn off by him abruptly!

This thing like human skin shrank rapidly under the shining of the sun, but it turned into something like human bone in an instant.

But it was the size of a finger, with a pale and cold aura.

When he turned his hand, he gave this thing and hid it in his arms.

At this moment, after tearing off the disguise, this ghost had completely changed its appearance.

He has become a normal person!

And at this time, he was curled up, firmly protecting one thing in that embrace.

It was the head of the dark feather soul crane he had swallowed before!

At this moment, he fell rapidly, but his face showed a very happy smile.

He dared not laugh loudly, for fear of alarming the master of Soul Destruction Hall.

But, it was there laughing silently, very happy!

It's filled with joy!

Not because of why he did something, but because he seemed to have defeated himself and defeated the demons!

That is from the heart, the ultimate joy!

Finally, his body smashed into a big lake.

After a while, a wet figure climbed up on the north shore of the lake.

When I came to the river bank, I quickly climbed over the mountains and stayed away from here.

It wasn't until after thousands of miles away that he stopped in a hidden cave.

He raised his head sharply, and finally revealed that face.

If Chen Feng were here at this time, he would be extremely surprised.

It turns out that this person is unexpectedly Pu Jingyi, the one who was subdued by him and worked for him!

Pu Jingyi at this time was full of wounds all over his body.

Even that half of the face was a huge scar, dripping with blood.

Looks almost disfigured.

The wound on his body was not the ulcer formed by sunlight as the body in the semi-ghost state before.

But certain parts of the body began to become nothingness, and they all began to become looming.

Even, in some places, the flesh has become transparent.

That transparency is not the kind of white, faintly pure transparency.

It's the kind of filthy soul-like transparency!

Even through the transparent skin and flesh, the pale bones below can be seen.

Obviously, it was because he was wearing that layer of ghost skin for too long, and he suffered the erosion of ghost power.

That's why it becomes so!

But at this time, losing the protection of that layer of ghostly ghost skin, his body began to become half soul.

The places where the ghost spirit's power eroded, all began to turn into large festering wounds, exposing the black flesh underneath, and flowing black pus and blood.

The pus and blood fell to the ground, and even the stone ground was eroded to the point of blue smoke.

These injuries not only brought him a great loss of strength, but also caused him extreme pain.

He fell directly to the ground in pain, twitching violently all over!

Shaking frantically, but he didn't dare to scream!

This place was not far enough from the Soul Destruction Hall, he was afraid of disturbing the people of the Soul Destruction Hall.

Therefore, just gritted his teeth and endured there!

The mouth is full of blood!

At this moment, in the depths of the cave, among the shadows, a figure turned out.

He said leisurely: "Why are you?"

This figure is surprisingly a ghost.

He only dared to hide in the depths of the cave, not even a trace of sunlight.

He probably retained his original appearance at this time.

It can be seen that he is a thin middle-aged man with a bit of frown.

He still maintains the form of a ghost, but his body is a full circle smaller than a normal ghost ghost.

In many places, white bones were exposed, and there was not much flesh on the surface of the body.

It feels like he has been smashed into a thick layer.

"Why did I do this?"

Hearing what he said, Pu Jingyi lowered his head there, but he let out bursts of penetrating laughter.

"Because, I don't want to become a ghost ghost!"

"Because, I don't want to be like a field mouse, always shrunk in the thick fog without seeing the sun!"

"Because I enjoy the joy of walking in the sun!"

"It's even more because I want to be famous and famous! I want to be famous in Longmai Continent!"

"I want to leave offspring, I want to inherit a family! I want my children and grandchildren to be able to raise their heads on this Dragon Vein Continent! Be able to have a prominent life experience and be respected!"

"I want my name to be remembered by the world!"

"Instead of becoming a nameless ghost! I don't know what year and month! Where to die!"

The more he talked, the more excited he became. Although he tried to suppress his emotions, he finally turned into a muffled roar!

Resound in this cave!

He suddenly raised his head, his eyes seemed to be burning, staring at the ghost shrouded in the shadows and said:

[Chapter 4162: exchange!](#)

"How long have you not been in the sun?"

"Do you know how comfortable the sun shines on you?"

"Can you still raise offspring now?"

"Your family has been passed down for thousands of years, but it is broken when you come to you! Are you willing?"

"the most important is!"

He stared at the ghost with a look of joking and humiliation:

"Your whole family was killed by the people in the Soul Destruction Hall."

"You came to take revenge, but they were killed by them, and you became ghosts and ghosts, working for them!"

"This shame, can you bear it?"

"Do you not want to repay this grudge?"

"This tone, even if you are dead, can it be eliminated?"

He had three questions in a row, and fell like a thunder!

Obviously, what he said was also completely stabbing the sore spot of this ghost.

The ghost roared, with ferocious hatred in his eyes, and rushed forward.

Directly pinch Pu Jingyi's neck, he will break his neck when he sees it!

He is extremely fast, clean and tidy, and obviously also a master.

Pu Jingyi didn't even look at him. He just smiled slightly, spreading his hands and feet, like a big character.

He didn't resist at all, but said lazily: "Fan Qishui, kill me, you will never be able to get rid of the ghost body!"

As soon as this sentence was said, Fan Qishui's body immediately stiffened there.

He stayed there for a while, unable to say a word.

In the end, he gave Pu Jingyi a fierce look and then defended.

But the murderous intent in his eyes has not dissipated, and the murderous intent is real.

Ghosts like theirs, their temperaments are no longer reasonable.

He really wanted to kill Pu Jingyi just now.

After a while, Fan Qishui spoke slowly:

"The Chen Feng in your mouth can really help me eliminate the state at this time?"

"Can I really reshape my body?"

"Really able to avenge me?"

He looked at Pu Jingyi with a complex expression.

I have to say that among those ghosts is Crouching Tiger, Hidden Dragon, and there is no shortage of legends!

Some are more surprising and amazing.

This Fan Qishui is in a ghost state.

Before he was alive, he was actually a strong man on the side, and his family stretched for thousands of years and was quite famous.

However, later he offended the Temple of Soul Destruction, and the family members were killed by the Temple of Soul Destruction overnight.

But he couldn't swallow the bad breath, and avenged him by killing the Soul Palace.

As a result, as soon as he arrived at the Soul Destruction Hall, even the high-level disciples in the periphery were not seen, and he was killed directly.

After he died, he was also directly made into a ghost by the disciples of Soul Destruction Hall and threw it into that endless forest.

Such an encounter is not so strange in the ghostly ghosts outside the Soul Destruction Hall.

It's worse than him.

However, his ancestors passed down a treasure, and when he was dying, that treasure was actually integrated into his soul.

Therefore, although he was turned into a ghost by the Temple of Extinguishing Souls, yet another trace of spiritual consciousness was not lost, and a touch of aura was immortal.

It turned out to be the periphery of the Soul Destruction Hall, extremely rare, and it can even be said that it is the only ghost that can maintain the memories of his lifetime.

But this is of no use.

Although he was able to keep his memories in his lifetime and still had infinite hatred of Soul Destruction Hall, he could do nothing.

He couldn't leave the thick fog, leaving just one word: death!

And those disciples of Soul Destruction Hall, he was no match.

Even, he did not dare to let other wandering souls discover his own anomaly.

Because in that case, it will be torn apart alive!

Only in this way, the memory he kept in his heart, he would rather not.

Because this will only make him fall into deeper pain.

Later, by chance, he met Pu Jingyi.

Pu Jingyi was still an ordinary disciple of Soul Destruction Hall.

After Pu Jingyi discovered Fan Qishui's anomaly, he did not say anything.

He is also a person with deep thoughts, knowing that this might bring certain variables to his future, so he secretly concealed this matter.

Come and go, and Fan Qishui unexpectedly has some relationship.

Later, Pu Jingyi disappeared, and there was no news.

Fan Qishui didn't think much, but thought he died while going out on a mission.

This kind of thing is too common.

As a result, just ten days ago, Pu Jingyi came back suddenly and found him quietly.

And, made a deal with him.

Pu Jingyi spent a few months searching for a secret method outside, shoveling a layer of the ghost of Fan Qishui's body, and then hiding it in it.

He sneaked into the endless forest and let Fan Qishui stay here.

He said he would go in and do one thing and complete a task.

Fan Qishui waited here for more than ten days, feeling uneasy.

Today, Pu Jingyi is finally back.

Pu Jingyi's tragic situation shocked him, but he could tell from Pu Jingyi's expression that his mission had already been completed.

"Will I lie to you?"

Pu Jingyi lazily said: "Fan Qishui, the two of us have known each other, you know who I am."

"Although I am cruel and not a good thing, I still can't do deception."

"Moreover!"

He patted his chest: "Look at me, I am in a state of soul transformation, and it was Master Chen that healed me!"

Fan Qishui nodded: "I naturally believe in you."

"It's just that you also know..."

Fan Qishui pondered and said, "We are in different situations."

"Before you, only a part of your body had become illusory and soul. In the final analysis, it was because of your practice."

"Actually, at that time you were still a living creature, a creature."

"And I'm different, I'm already completely dead! I turned into this ghost and ghost after death, our two situations are completely different!"

"He has a way to help you, is there really a way to help me?"

"In addition, can he do all the things you promised me?"

Fan Qishui was still very worried.

Pu Jingyi smiled and said, "Okay, then I'll tell you one by one."

"First, the matter of revenge, this is the easiest thing."

"Because Young Master Chen has a **** feud with the people in the Soul Destruction Hall, so he will definitely kill these people in the Soul Destruction Hall seven or eight."

"At that time, your hatred will naturally be reported."

He paused, and then said: "The second point is to reshape your body."

"I'm not here to tell you frankly, and I'm not here to slap my **** and tell you that Young Master Chen Feng must have a solution now."

"But! I'm sure one thing is!"

[Chapter 4163: Refine memory!](#)

"Young Master Chen is an extremely empathetic and righteous person. Even if he can't do him now, he will definitely find a way and be able to do it!"

"As long as he wants to, there is nothing he can't do!"

His voice was sonorous and powerful, full of confidence in Chen Feng.

"Really?"

When Fan Qishui heard this, he believed in his heart.

At this time, Pu Jingyi said these words to him, it can be said to be heart-warming, far more credible than directly making a big statement with him, full-mouthed promise.

Pu Jingyi looked at Fan Qishui, and said lightly: "It's normal for you to be suspicious. After all, you haven't seen Master Chen Feng."

Fan Qishui whispered: "Then tell me, what kind of person is he?"

He is actually very strange.

He and Pu Jingyi were old acquaintances, and they have known each other for decades.

As a result, Pu Jingyi disappeared for a while, but when he returned, he had become a normal person, and he joined hands with him to do this great event.

And what made him even more strange was that Young Master Chen in Pu Jingyi's mouth!

He always knew what Pu Jingyi was.

This person is cold and surly, and extremely rebellious, and has never subdued anyone in his life.

However, he admired Chen Feng as if he was crazy, and he was absolutely dedicated to serving him, with no two-heartedness.

Even, he did not hesitate to lose his life for this.

Fan Qishui knew very well, what an adventure Pu Jingyi had before entering the Hall of Soul Destruction in his ghost skin!

Once you are slightly careless, you will be overwhelmed.

When no one knows, they will be torn apart by those ghosts and ghosts!

But he took this risk without any hesitation!

No turning back!

"Then Chen Feng, what kind of person is he?"

After hearing his words, Pu Jingyi's eyes suddenly narrowed, and the expression on his face fell into Fan Qishui's eyes, only feeling very strange.

There is admiration, feelings, and more respect!

After a long time, Pu Jingyi sighed softly, and his voice was misty:

"Master Chen, if you don't touch him, you will only think that he is the arrogant of a generation."

"Raising rapidly on this dragon vein continent, the future is unlimited."

"However, when you come into contact with him, you will find that your past, even if you take it too high, you actually look down on him!"

"He is really an outstanding man!"

"He rises like a big sun, no one can resist him, he will definitely be able to suppress the entire Dragon Vein Continent in the future!"

"Even this Dragon Vein Continent can't hold him down!"

His voice was faint, and there was a tremor in his words.

Hearing this, Fan Qishui felt that he was getting goose bumps all over his body.

He knows what kind of temper Pu Jingyi is, and he knows that he is definitely not the kind of person who likes to talk big.*novelusB.com*

Since he said that, it means that Chen Feng is definitely worthy of his evaluation.

"Unexpectedly, is it such a character?"

Fan Qishui couldn't help but feel a touch of excitement in his eyes, quietly rising.

Pu Jingyi made this deal with him to help him restore his true body, and to kill his enemies in the Soul Destruction Hall, avenge him, and at the price, let him help Pu Jingyi enter the Soul Destruction Hall.

He had been playing drums in his heart before, a little uneasy.

But now, he has inexplicably more confidence in Chen Feng, who has never met before!

"Okay, help me now, from here..."

As he spoke, he took out the head of the Dark Feather Soul Crane.

He stretched out his hand and patted heavily: "From the inside of this guy's head, extract the memory information from his lifetime."

"For this thing, I almost lost my life!"

Fan Qishui slowly nodded, and the two sat cross-legged, hands stretched out.

And what they held in their four hands was the head of the Dark Feather Soul Crane.

At this moment, above the head of the Dark Feather Soul Crane, a black soul energy was constantly steaming up.

The two uttered a loud roar at the same time, running their power simultaneously.

Suddenly, the two forces converged in the head of this dark feather soul crane.

It turned out that what Fan Qishui and Pu Jingyi are now using is the unique way of refining souls in the Temple of Soul Destruction.

As long as there is a ray of remnant soul, even if the other party is dead, it can be extracted from the other party's memory, what they saw and heard in their lifetime!

Of course, this extremely insidious practice also has considerable limitations.

First of all, the opponent's strength cannot be too strong.

Secondly, it is much easier to refine monsters than to refine the memories of warriors.

After all, the demon beast's intelligence is still lower after all, and it is relatively dull.

The three that can be extracted are only the things that the other party has the deepest impression of, the things that have just been seen before death, and the words that have just been heard.

And like this dark feather soul crane, it has been dead for so long.

Then, even those very impressive pictures before death can't be refined, only those that it saw and heard before death.

However, these are sufficient.

With the power of Pu Jingyi and Fan Qishui crazily instilled and weakened, above its head, a ghost of the dark feather soul crane appeared!

It's a ray of remnant soul!

The remnant soul stared at Pu Jingyi and Fan Qishui, full of resentment.

But Pu Jingyi and Fan Qishui, the murderous people of the Soul Destroying Palace, don't know how many such things have been done, how can they put the evil spirit of this dark feather soul crane in their eyes?

The two of them smiled, their strength increased again, like waves slapped on the remnant soul of Dark Feather Soul Crane!

As a result, the remnant soul of the Dark Feather Soul Crane shattered directly into countless fragments.

After that, Pu Jingyi was extremely agile, and when he reached out, he took the biggest pieces of remnants in his hands.

The power emerged, and the remnant soul was immediately absorbed.

Pu Jingyi trembled all over, his face flushed, and fell to the ground, his body trembling.

Fan Qishui was not surprised at this scene, he had seen it a lot.

Just play one after another next to protect the law for Pu Jingyi.

Power was poured into her body to calm his breath.

After a long time, Pu Jingyi suddenly opened his eyes, and his eyes were lost.

After a while, he recovered.

Then, he sighed lightly, and a look of excitement appeared in his eyes: "It turns out that this is the case, it turns out that there is such a change!"

"Hahaha..."

He became extremely excited and laughed loudly: "I thought this thing was dead and dead and absolutely impossible to do!"

"Unexpectedly, some variables were hidden!"

"It's not ten deaths without life, but nine deaths for a lifetime!"

"Although it is still very dangerous, there is a silver lining!"

His eyes flickered: "I have thought of several strategies and methods to cut into them for Young Master Chen Feng!"

[Chapter 4164: Breakthrough opportunity](#)

"This is a great opportunity!"

After a while, he stood up, sighed softly, smiled and said, "Old businessman, thank you so much."

"I wouldn't be able to accomplish this great thing without you."

He was speaking from the heart.

Without Fan Qishui's cooperation with him, let alone he got the news, he would not even be able to enter the endless forest after he had extracted the information!

Fan Qishui waved his hand and said lightly: "Don't say these kind words to me."

"If you are really interested, let your Lord Chen Feng recover my body sooner."

"That's natural."

Pu Jingyi said solemnly: "Old businessman, you will stay in the endless forest first."

"I dare to assure you, at most, at most, not more than three months, you will be able to reshape your body."

"Furthermore, your **** hatred can even be avenged!"

Fan Qishui wondered: "Why is it three months?"

Pu Jingyi looked into the distance, his eyes faint, full of profound meaning: "Because, if this thing cannot be done within three months, then it seems that there is no need to do it anymore."

Because, Han Yuer and two daughters, there are only three months left!

The two didn't talk any more nonsense, Fan Qishui put on his own layer of ghost skin.

Then, Pu Jingyi escorted him back to the endless forest.

Pu Jingyi disregarded his physical injuries and drove directly towards the east.

He did not return to the Xuanyuan family's inner clan.

Chen Feng told him before that after going out this time and coming back again, he would go directly to the Eastern Wasteland!

Just go to OOCL, above the sacred hibiscus tree, to participate in that grand ceremony!

He just went there and waited.

He looked at the sunlight in the distance: "Master Chen, I have done such a great work for you, you must be good at supporting me!"

I'm afraid that Chen Feng himself would never think of it.

That Pu Jingyi, who was simply subdued by him and ordered him to do some things, played the most irreplaceable huge role in this matter!

Just when Pu Jingyi left here quietly with the vital news he received.

Chen Feng, who is still in another world, also just experienced a fierce fight!

Whirring whirring.....

Chen Feng was panting heavily, his expression full of exhaustion.

There was even a trace of blood at the corner of his mouth, and there were several more wounds on his body, with blood constantly pouring out.

The wound is even more enchanting.

And beside him, there was the corpse of a big demon upside down.

Chen Feng adjusted his breath in place, and then took out a few healing pills and prepared to eat them.

This is what Chen Feng did in the past. He wants to ensure that his body is in an excellent state all the time.

But this time, as soon as the pill came to his lips, Chen Feng suddenly moved in his heart and put it away again.

He sighed softly, feeling the extreme fatigue in his body.

The feeling of exhaustion, that can't wait to sleep for three days and three nights.

Feel the injury in the body.

Feeling your potential, being squeezed little by little, and then squeezed out abruptly little by little!

This feeling is extremely painful.

However, Chen Feng was able to feel a strong pulsating vitality in that extreme pain at this time!

It seems that in the extreme pain, there is a trace of new life struggling!

Just like the torrential rain and the raging mudslides, on the messy land, there was a small sprout quietly pushing away from the heavy clods pressed on it, blooming that touch of fresh green!

In the extreme pain, but there is a strong hope born.

Chen Feng took a long sigh, with a thick blood inside.

A smile appeared at the corner of his mouth. He looked far away and said softly: "I don't need pill."

"I will keep this painful state, I want to make myself more painful! More uncomfortable!"

"Let my potential be squeezed to the extreme, and my body exhausted to the extreme!"

"Only in this way is it possible!"

He slowly uttered three words: "Breakthrough!"

That's right, it turned out that at this moment, Chen Feng felt an opportunity for a breakthrough in the extreme pain and fatigue.

His accumulation has reached the limit.

And he has reached a limit in his fighting and tempering of the great demon in the past days.

He felt the opportunity for a breakthrough!

Thinking of this, Chen Feng didn't take the pill, but just sat beside him to adjust his breath, waiting for the body of the great demon to slowly dissipate.

This is already the third day that Chen Feng has entered here.

In these three days, Chen Feng encountered nearly thirty great demons.

Every monster is hard to deal with.

Chen Feng found that when he first entered this place, the bloodthirsty unihorn wolf monster he encountered was the best one to deal with!

And the further you go north, the stronger you are!

However, the north is the direction Chen Feng must go.

That ray of devilish energy pointed Hua Lengshuang's position to the north.

Chen Feng must go there! No matter how hard there are on the road ahead!

In three days, dozens of battles.

Except for the first few battles that were relatively easy, the rest were almost fierce battles.

This not only greatly affected Chen Feng's speed, but also exhausted him physically and mentally.

At this time, Chen Feng even felt his head dizzy, and he almost fell asleep.

Not only was he seriously injured, but also consumed a huge amount of energy!

The only good news is probably that among the big monsters that were killed before, there were a few big monsters whose weapons were extremely powerful, and they were attracted by the fragments of the artifact.

After devouring the weapons of those great demons, the fragments of the artifact fell into deep sleep once again.

It's not that he never thought of flying away from the sky, but...

Chen Feng raised his head and looked at the sky, a wry smile appeared at the corner of his mouth: "This is nowhere!"

Above the sky, in that piece of blood.

There seemed to be a few small black spots in that extremely high and far place, swaying and flying, shaking.

If it is someone else, I am afraid that this is an illusion.

But Chen Feng knew that it was not an illusion at all.

Those little black spots really existed.

In fact, just the day before yesterday, Chen Feng also fought those little black spots.

It turned out that on the first day of coming here, Chen Feng tried to fly past the sky.

But when he just got up to fly, there were a few small black spots flying over in the sky.

Those little black spots turned out to be three extremely terrifying flying monsters.

Chen Feng didn't even know what race these flying monsters were.

They were like seeing an enemy, and they rushed towards Chen Feng's crazy culling.

The strength of each head of this flying demon has reached the peak of the five-star Wudi.

That's all right, the most important thing is that they came in hordes!

[Chapter 4165: The Golden Sutra of Avalokitesvara Bodhisattva: Introduction!](#)

The few who had just arrived were like strikers. Chen Feng fought fiercely with the flying monsters in just a quarter of an hour, and a dozen or so flying monsters rushed over.

At this time, Chen Feng couldn't resist at all, and was directly beaten to the ground.

But it's strange to say that after seeing him landed on the ground and didn't get up to fly again, those flying monsters left instantly and did not attack again. [noVElUSb.coM](#)

Chen Feng also understood that these flying demons seemed to announce to him that above the sky was their territory.

It is also a forbidden place for other races and human warriors.

"If you dare to go to heaven, we will hit you!"

"If you don't go to heaven, then everything is in peace!"

This scene made Chen Feng feel very strange.

He always felt that something was wrong, but in any case, the road to heaven would not work.

Going to the sky and fighting those flying demons is no longer a difficult problem.

Rather, it is even possible to lose your life here soon!

Therefore, Chen Feng can only choose to be above the ground and move forward little by little.

"but....."

Chen Feng turned his gaze to the huge giant demon corpse lying sideways on the ground, stretching like a mountain, and a smile was drawn at the corner of his mouth.

But my mood suddenly improved.

"Today, this great demon is so strong, and the offensive and defensive relationship is extremely tight, and it gives people the feeling that it has a profound foundation."

"Presumably, the bloodline should be very pure!"

"He should be able to provide me with a true magic seed fragment!"

"With this fragment of the true demon seed, I am afraid that the third word will be exposed in my view of the Buddha Golden Sutra!"

"At that time, I will be able to know the meaning of those three words!"

Chen Feng attaches great importance to this.

Those three words are very important. They are by no means the ordinary content, but the first three words defined in the opening chapter of a technique.

Even, it directly determines what kind of exercises he can practice next!

It also allows him to snoop out the secret of the Golden Sutra of the Bodhisattva Vipassana.

It turned out that in those fights in the past few days.

Chen Feng discovered that he was the first to kill a great demon that condensed the fragments of true demon seeds, which was really lucky.

Because in the past three days, he killed so many great demons and only got four half-true seed fragments in total.

One of the true magic seed fragments was barely condensed and could only be counted as half.

These four half-true demon seed fragments, after being absorbed by the Golden Sutra of the Great Bodhisattva, revealed two words for Chen Feng.

But Chen Feng realized that he didn't even know these two characters.

He does not know the handwriting of the Golden Sutra of the Great Bodhisattva Avalokitesvara, but he can understand what it means after reading it.

It seemed to be deep in his mind, in his memory.

But this time, Chen Feng discovered that he did not recognize these two characters.

It's just that I can feel the vastness above it, all-encompassing, and subtle.

As if there is a world in this word.

And Chen Feng quickly understood what was going on.

It turns out that these three characters are a whole, expressing a meaning.

Therefore, you must expose these three words before you can understand what they mean.

Therefore, Chen Feng is extremely looking forward to the display of this third character.

Finally, when the details of the great demon were still a little and a half left, it turned out to be a bang, which was directly blasted to pieces.

The devilish energy was scattered into this void, and there was a treasure full of bright black light left in the same place.

This treasure is shining with light, but the brilliance does not reach a square foot.

After that, he went back all the time, as if it had become a world of its own.

Chen Feng looked at it, and suddenly his heart jumped.

This is indeed a true magic seed fragment!

However, it is different from the original True Demon Seed Fragment!

The size of this thing was the size of a palm, and it was quite generous, and the aura inside it was incomparable to the fragments of other true magic seeds.

At least it should be more than three times stronger than any previous true magic seed fragment!

"Great, you really did not live up to my expectations!"

Chen Feng laughed loudly and took out the simple scriptures of the Golden Sutra of Avalokitesvara Bodhisattva.

Without waiting for him to act, the Golden Scriptures of the Great Bodhisattva Avalokitesvara, one page of the book, directly sucked the true magic seed into it.

Then, Jin Guangda put the two characters out of those two handwritings that had already been exposed!

After that, the third handwriting slowly faded away from the previous emptiness and darkness, and began to reveal its true face!

At this moment, Chen Feng suddenly gleamed with golden light.

The next moment, when Chen Feng reappeared, he found that he had already entered a vast world!
It's vast and boundless.

Chen Feng is no stranger to this, this is the world of the Golden Sutra of the Great Bodhisattva Avalokitesvara!

He is not here for the first time.

Before that, Chen Feng could only take a few steps forward here.

Last time, Chen Feng only saw the origin of the Golden Sutra of the Great Bodhisattva Avalokitesvara here.

As for the cultivation methods that can be practiced inside, none of them are shown.

At this moment, Chen Feng looked around.

He found that the surrounding area was still vast, showing a dim gray.

Obviously, he still couldn't set foot there.

But in front of him, three faint footprints appeared.

Chen Feng suddenly felt happy: "Does this mean that I can step on it, I can take three steps in a row?"

"Because you have solved three words, can you take the first three steps?"

Thinking of this, Chen Feng didn't hesitate anymore and directly took three steps forward.

Every step fell on the pale golden footprints.

And when Chen Feng took that third step, his feet landed.

Suddenly, above the sky, there was Sanskrit singing and golden light shining!

In the next moment, there were three big characters in the void, each of which was as big as a mountain, smashed down fiercely, and suspended in front of Chen Feng!

The momentum almost suffocated Chen Feng.

And these three characters are exactly: Getting Started!

"Introduction?"

"Could it be that the meaning of the three words revealed just now is an introductory chapter?"

"This is the Golden Sutra of Avalokitesvara Bodhisattva, the beginning of entry?"

Chen Feng was very happy.

And what makes him most delighted is that at this time, the Golden Sutra of the Great Bodhisattva of Vipassana gave him a true cultivation technique!

The introductory chapter, which you can see at a glance, is the foundation of the Golden Sutra of the Great Bodhisattva Cultivation Vipassana.

As long as this article is completely unraveled and exposed, then it can be said that the Golden Sutra of the Great Bodhisattva of Comprehension and Freedom has already consolidated an extremely important foundation!

Chen Feng wanted to continue to look down.

[Chapter 4166: From there, 300,000 miles eastward!](#)

But it is a pity that only the three characters of the introductory chapter are revealed at this time.

As for the content below the introductory chapter, there is none at all.

A wry smile appeared at the corner of Chen Feng's mouth: "In other words, I would be exhausted before, but in fact, I just solved the name of this article!"

"It's a long way to go if you want to reveal the specific training content below!"

Chen Feng left this space, looked into the distance, and sighed softly.

Then, his eyes were full of fighting spirit: "The countless great demons in the Valley of Fallen Stars are my strength!"

"I want to completely untie this introductory article here!"

After walking forward for another two days, Chen Feng finally arrived at the rolling white mountains he had seen before.

However, when Chen Feng came not far from the white mountains, he was stunned all of a sudden, and his expression became extremely shocked.

After a long while, he sighed slightly, and a strange smile appeared at the corner of his mouth.

Slowly nodded, then slowly shook his head, and sighed softly, "It turns out that this is the case!"

"Chen Feng, Chen Feng, you have opened your eyes today!"

The reason why Chen Feng was so shocked was that he discovered that the white mountains in front of him were not a mountain range!

It's a bone!

A huge bone!

This bone is hundreds of thousands of meters in height, and it stretches for thousands of miles, and you can't see the end at a glance.

The bones were as huge as a mountain, and any rib on it was hundreds of thousands of meters long.

At the end of Chen Feng's line of sight, there were two smaller white mountains, separated from the huge white bones.

Like two wings!

These bones just lie on the ground, quietly, without any waves.

Even on the surface there is no strong breath of power.

The surrounding sand is windy and the water waves are unhappy.

This corpse just lay here, as if telling the historical changes over hundreds of thousands of years and the vicissitudes of time.

Obviously, this huge corpse has not known how many years it has been dead here, and even the last trace of aura has disappeared.

However, it is still possible to see how terrifying this existence was from this huge volume!

What a mighty power to possess!

After a while, Chen Feng sighed slightly.

"This corpse bone, judging from its size, it should have been such a flying beast with its wingspan covering the sky and sun!"

"From the point of view of its size, he should be much stronger than the Buddha I saw in the Buddha's bone space before his death!"

"Its strength is beyond my imagination! I don't know how many times stronger than me!"

"But even if it is such a powerful expert, he still died here."

Chen Feng's heart was terrified but horrified.

"What is the huge danger here? Why did he die here? Which horror existed to kill him?"

All this made Chen Feng horrified.

Suddenly, he thought of when he was very weak.

At that time, he was still in Qian Yuanzong, and he had just received that drop of supreme dragon blood.

At that time, Chen Feng's consciousness entered a terrifying space.

He saw a huge dragon in that space!

The dragon left an extremely deep impression on Chen Feng.

He only remembered the body of the dragon, which was as tall as a mountain range, with a length of tens of thousands of miles or tens of thousands of miles, and the stretch seemed to have no end.

At that time, Chen Feng looked at the divine dragon as if he were looking at the existence of the myth.

It's like seeing a dream that is absurd and extremely real.

And now, he felt that dream seemed to be right in front of him.

Chen Feng shook his head and got rid of this thought.

He watched for a while, and then he was about to leave.

And at this moment, suddenly, Chen Feng gave a soft hey and turned his head back again.

With a flash of figure, he came to a place beside a bone.

This white bone should be a rib of this huge skeleton.

Slanting into the sky, it is huge.

And about a hundred meters from the ground, there are actually more than a dozen characters carved.

These dozen or so characters are very conspicuous, and they are facing outwards. If you pass by here, you will definitely be able to see them.

This also means that the person engraving at this time just wants others to see it.

Chen Feng's heart suddenly jumped.

"Apart from me, who else has entered here?"

"I'm afraid, those big demons, are not interested in reading these words!"

Chen Feng saw that the writing on it was exactly:

"Three hundred thousand miles east from here!"

"Three hundred thousand miles east from this?"

Chen Feng frowned.

"Is this the message Hua Lengshuang left for me? Is this Hua Lengshuang telling me where I should go?" **noVellusb.COM**

A touch of excitement emerged in his heart.

After that, Chen Feng carefully distinguished it and was convinced.

This handwriting is delicate and graceful, it is indeed Hua Lengshuang's handwriting.

Chen Feng took a deep breath: "It seems that after Hua Lengshuang entered this place, although she has been enchanted, she still has a touch of spiritual consciousness."

"Or, she regained consciousness briefly, so she left me these news here."

"Lengshuang, definitely won't harm me! Then..."

Chen Feng smiled slightly: "I'll just follow what he said."

Chen Feng didn't stop, and moved forward quickly.

In this valley of falling stars, Chen Feng's speed was greatly restricted, so the speed was not very fast.

It is strange to say that when Chen Feng went all the way eastward, he suddenly discovered that the number of big demons here was much less.

He walked forward for two full days, only to encounter seven or eight big demons.

Moreover, the strength of the monsters he encountered was not so outstanding compared to the previous ones.

It is not exceptionally strong.

Chen Feng was stunned in his heart, if he felt something.

"I was walking north, and the big demon I encountered became stronger and stronger."

"And now, I'm going to the east, and the strength of the big demon I encountered is almost the same as before."

"It seems that the situation here should show a band of east-west direction, this band is layered layer by layer."

"It's as if there are six or seven floors since I entered here until now."

"And the big demon on each level should be similar in strength."

"I'm going east now, but I've actually been walking on this east-west belt, so I feel that the strength of these big demons has not changed."

This has been mixed.

The advantage is that Chen Feng did not encounter any danger.

Although he was quite difficult to solve these big demons, he always solved them anyway, and his injuries continued to worsen.

He looked bruised and bruised, but he was already covered in blood.

[Chapter 4167: Mist](#)

But in fact, it did not endanger his life.

But the disadvantage is also true.

Precisely because he hadn't encountered a strong opponent, Chen Feng had never had the opportunity to break through.

He has been unable to let himself fight against extremely powerful opponents, has been unable to push himself to an end!

I have been unable to fully stimulate myself and squeeze my potential!

Therefore, he has no chance of breakthrough at all.

And this feeling made Chen Feng's heart become increasingly irritable.

That kind of feeling, it's as if you are just standing there, but you just can't take this step!

It's just wandering there, wasting time!

People's emotions become more and more irritable!

More and more bored!

Chen Feng has a feeling that he is full of energy, but can't make it!

Even suffocating his whole body was sore and aching, it seemed that every bone and every muscle was indescribably uncomfortable!

Chen Feng couldn't wait to yell for a while to suppress the boredom in his heart!

Finally, on the third day, in front of Chen Feng, the scenery suddenly changed!

He is still on the wilderness of blood, still on the vast wilderness.

But the scenery in front of me changed drastically.

It was no longer empty, but a mist began to emerge.

Chen Feng suddenly raised his brows.

Even though he was uncomfortable and upset that he couldn't tell, he still suppressed the emotion forcibly and began to observe.

Chen Feng found that the mist seemed endless, extending to nowhere on his left and right.

Can't see the end at a glance.

Although this mist does not look thick, it is only a thin layer, but it seems that nothing can be seen inside.

With Chen Feng's eyesight, he was only able to see the shadows.

Obviously, it is unrealistic to go around this thick fog.

And Chen Feng quickly gave a soft hey.

It turned out that he found that there was a gap dozens of feet in front of him on his left hand.

When Chen Feng came there, he saw that this was actually a road.

Here, the mist seemed to shrink on both sides, leaving a passage about three feet wide in the middle.

The thick fog on both sides towered into the clouds, like two high walls.

Only this passage is deep and cramped, deep to the extreme, I don't know where to lead, and I can't see the end at a glance.

Just at the end of the line of sight, it shrank sharply, became smaller, and finally disappeared.

Chen Feng thoughtfully said softly: "This channel was specially opened up, is it for me to walk through this channel?"

"So, what's in this mist?"

Chen Feng thought for a moment, and then he got close to the mist and released his breath.

That is a very strong and majestic warrior aura.

At the same time, his tyrannical vitality was also mixed inside.

And this vitality is the biggest attraction for these great demons!

So, at the next moment, Chen Feng suddenly heard a strange sound.

That voice, like a huge wave, surged from far away.

The tide is coming, overwhelming!

Chen Feng just raised a strange meaning: "Where did the waves come from here?"

Suddenly, something came to mind!

As a result, his face suddenly changed!

Quickly take back that strong blood!

At the next moment, he saw that in the thick white fog, there was a black line rushing toward this side!

When I got closer, I saw that there were shadows inside the black line!

It turns out, where is the tide coming from here?

That black line is made up of countless great demons!

Those big demons have all kinds of strange shapes.

Some are like monsters and some are like humans.

Some wore heavy armor, and some were light and agile, floating in the air.

Some, even riding on that huge mount, enveloped in black air, and murdered fiercely!

It's like a big mountain head down!

Chen Feng saw these great demons at a glance, I was afraid that there would be dozens or hundreds of them.

It turned out that it wasn't the sound of waves coming from just now!

It's the sound from them!

Chen Feng looked at it and couldn't help taking a breath, and instantly his figure flashed, pulling a safe distance away.

In the next moment, those big demons slammed into the edge of the mist.

The entire mist condensed in an instant.

Chen Feng seemed to hear a loud bang, but in fact he heard nothing.

Because all the sounds, everything, have been sealed in the thin mist.

Even Chen Feng could see these big demons yelling and cursing through the fog, but could not hear them.

It seems that this thin layer of mist can isolate everything!

These great demons looked at Chen Feng with incomparably greedy eyes, and looked at this piece of food exuding hot blood!

They crazily wanted to swallow Chen Feng, but they couldn't do it at all.

The mist looks thin, but in fact it is so strong that it cannot be surpassed!

They screamed and banged there, but it was useless.

After a long time, they dispersed.

Chen Feng took a long sigh at this time, and found that his back was already wet.

He whispered softly: "Fortunately, I didn't rush into the mist. Otherwise, I'm afraid that there will be no place to be buried in that moment."

It turned out that these great demons were all sealed inside!

Although Chen Feng said that he wanted to find an opponent to exercise, it did not mean that he wanted to face dozens of big demons.

That is looking for death!

Chen Feng pondered for a moment, then stopped hesitating, and walked straight forward along the passage.

Soon, Chen Feng knew that he had made the right choice.

After walking along this road for a few hours, Chen Feng didn't encounter a big demon. He quickly understood the reason and understood why.

"Presumably, the people who created this Valley of Fallen Stars on that day were not very confident in the strength of those people later."

"So, deliberately driving this road is also a convenience for them."

This passage is extremely long, and Chen Feng's speed is also extremely fast.

Without the obstacles of those big demons, his speed is even faster.

Chen Feng estimated that at least three to five hours had already traveled more than 100,000 miles.

And this mist, the more it moves forward, the thicker it gets.

At first, Chen Feng could still see the big demon inside through the mist, but later the mist was so dense that it was like a white stone wall.

Chen Feng couldn't see anything inside, just moving forward.

But Chen Feng could feel the dangers in the mist, the dangers hidden in it seemed to be getting stronger and stronger, and the level of the big demon inside was getting higher and higher.

On several occasions, when Chen Feng walked in the middle of the road, he suddenly felt frightened and looked aside.

He could feel it, right behind the dense fog!

[Chapter 4168: Demon Kingdom entrance?](#)

Just one or two feet away from him!

Just across this thin wall of mist, behind is a grinning tooth sucking blood, a huge monster waiting there!

In this situation, it is as if several people are driving a small boat floating on the surface of the sea, fishing and playing happily.

And at this moment, just under the boat, just under the thin layer of sea water, no more than a meter or two away from them, there was a huge sea beast with its mouth wide open, revealing its hideousness!

One of its teeth is even countless times larger than their ship!

Chen Feng could feel that if it were not blocked by a thin layer of mist, the big demons behind could have rushed over, tearing himself to pieces.

But at this point, there is no way to go back!

And Chen Feng was unwilling to retreat!

He knew that Hua Lengshuang was just ahead!

There is one's own goal.

Fortunately, Chen Feng moved very fast because there was no obstacle from the Great Demon.

Therefore, a day later, after turning a turn, he suddenly opened up in front of him.

Originally, this road had always maintained a width of about three feet, but at this time it suddenly expanded, forming a bell-mouth-like valley with a radius of several hundred meters.

Around the valley, there was also thick white fog.

At the end of the valley, there was a tower.

Yes, it is a tower.

The tower towers into the clouds, extremely majestic.

Chen Feng looked up, but couldn't see the end.

You can only see the top of that floor, it seems that it has been submerged above the sky, and it has become a line with the sky.

Chen Feng's heart throbbed suddenly: "Is it to the ground? Is this the place?"

However, Chen Feng was not dazzled by joy, but carefully looked at the towering tower hundreds of meters across.

Below the tower, a huge gate.

At this moment, the two gates opened, and Chen Feng looked into the gates.

He saw that in the city gates, there were vaguely countless black demon qi lingering around, with endless, strong **** aura that was almost substantial.

It feels uncomfortable to let people smell it.

There are countless screams, grinning laughter, screaming roars, etc., coming from inside.

It seems very close, and it seems very far.

Here, it seems that the interlacing of space and time is beginning to change.

Chen Feng looked at the gate hole as if he saw the huge mouth of a giant cannibal.

It seems that inside this city gate is connected to a terrifying and eerie hell!

Stepping into it in one step is forever!

Chen Feng's heart jumped: "What is sealed in it? What kind of evil and ugliness are in it? What kind of terrifying things are there in it?"

Chen Feng faintly guessed: "Behind this, I am afraid that there are countless great demons! This is a terrifying demonic country!"

The next moment, Chen Feng found out.

It turned out that on the city wall made of towering cyan boulders, there were countless light golden runes constantly showing and disappearing, lingering on it.

Chen Feng stepped back two steps, squinted his eyes carefully for a long time, and then slowly nodded.

He could see it now.

It turned out that a powerful magic circle had already been laid on this huge city wall.

This array has seal carvings and depictions on every stone.

And above each huge stone is a small magic circle.

These countless small magic circles are connected together to form a huge and terrifying huge seal formation.

"This huge sealing circle should seal the hellish place behind the city gate!"

"I'm afraid, it's to prevent the scary existence inside from coming out!"

"If you rely on these walls alone, you can't stop it at all."

The power from the magic circle was extremely terrifying. Chen Feng snooped a little and felt a terrifying force coming back.

Suddenly he shook his eyes with gold stars and his eyes went black.

Two steps back, with a wow, a mouthful of blood came out.

This counter-shock was only a fraction of the strength of the entire circle, which could make Chen Feng do this.

It can be seen how terrifying the power of this array is!

It can be seen, what kind of existence is sealed by it!

The existence of this city wall, this magic circle, is actually something behind the city gate that is guarded against!

However, the hesitation and fear in Chen Feng's heart was only a moment.

Then, he raised his head, his face was full of confidence and high spirits!

"Even if it is dangerous and terrifying later, what about it?"

"Even if there is a **** behind this, a devil country, what about it?"

"I, Chen Feng, how can I be afraid!"

Chen Feng took a deep breath, and then stepped forward.

Just step into that city gate!

But at this moment, a shrill voice suddenly came over, with a thick joking in the voice: "Trash, where are you going?"

Upon hearing this, Chen Feng's figure instantly became tight, and his head sharply looked up.

Then, he saw that a figure was sitting and standing on a raised stone just above the city gate, about a hundred meters high.

Tilted his head and looked at him.

This is actually a huge bat.

He was as tall as one person, and his feathers were pitch black, but there was a scarlet light in the pitch black.

At this moment, his two paws crossed his chest, as if a person was wearing a cloak.

And he has a human head.

Judging from his face, it seemed that he was young, with a look of disdain and sneer, looking at Chen Feng sideways.

He looked down at Chen Feng with a face full of arrogance and disdain: "You human trash, I didn't expect that someone of your level could come here. It seems you are lucky!"

Chen Feng was taken aback for a moment, and then he understood what he meant.

He was laughing at his low strength.

The huge human-faced bat smiled and said: "You can come here and see me, you are worthy of this life."

"I'm afraid you will have to talk about it in the rest of your life. This is your biggest talk in this life."

His voice was full of arrogance and overlooking.

It seems that Chen Feng can recognize how glorious he is.

Chen Feng frowned, did not pick up his stubble, but said coldly: "I don't know how your Excellency is called?"

This monster that suddenly appeared here made him feel quite jealous.

The giant bat chuckled, raised its chin, and said arrogantly: "You can call me the Red Flame Bat!"

"Oh? Red Flame Bats?"

Chen Feng took a closer look and found that there was indeed a black and red light flowing above the wings of this huge bat.

It seems that the red flame is burning.

However, Chen Feng looked at him carefully, but he felt that his strength was a bit unclear.

At this time, the surface of the huge human-faced bat's body was lit up with **** lines!

[Chapter 4169: Stay and buy money!](#)

If you look closely, you will find that those lines are not acquired, but naturally formed.

Those lines form one symbol after another.

It was like an ignorant child drew countless runes on his body with a cinnabar pen.

But by the way, although these runes are messy and scribbled, if you look carefully at each one, you can feel a strong and **** murderous aura from the inside!

This rune was **** and weird, fierce and violent, full of all kinds of cold and evil aura.

When Chen Feng looked at it, he felt his brows hurt and his eyes turned black!

He then took a step back, almost vomiting directly.

Chen Feng felt uncomfortable for a while.

He was awe-inspiring, this huge human-faced bat, presumably a kind of wild monster in ancient times, has inherited from the innate, so it grows like this.

That's why the rune on the wings is like this!

Seeing Chen Feng's reaction, the huge human-faced bat seemed to have been expected.

He picked up the messy eyebrows, and said with a hint of mockery at the corners of his mouth: "Boy, I didn't expect you to be pretty good, you didn't faint directly."

He had seen too many human warriors fainted directly after seeing the runes on the surface of their bodies.

Some even never woke up again.

The corners of his mouth curled, and there was indescribable disdain in his voice: "Your strength is low, but I didn't expect to have a good mental power!"

"Okay, I get it now....."

He looked at Chen Feng, pretending to understand why:

"Your kid should be the main spiritual power of cultivation, right? That's why it can be blocked."

He acted as if nothing had happened at this moment, as if it was not him who suddenly attacked Chen Feng just now.

Or maybe, he thinks he can be unscrupulous in front of Chen Feng, whatever he wants.

Chen Feng looked at him with cold eyes.

This huge human-faced bat apparently lightened the scarlet rune on purpose just now.

With a sinister heart, I deliberately wanted to shame myself.

Chen Feng's eyes were cold, but he did not have an attack.

Now the situation is not clear, his primary purpose is to enter this city gate.

Chen Feng looked at the Red Flame Bat Demon and said slowly: "I want to enter this city."

"You want to go inside?"

After hearing this, the Red Flame Bat Demon suddenly showed an extremely absurd expression.

As if seeing a big joke.

After a while, there was a burst of laughter and disdain: "Is your kid crazy? Do you want to go in and die?"

"With your strength, dare to go in?"

He looked at Chen Feng with an expression like a madman.

In his opinion, Chen Feng did not have the qualifications to enter.

Chen Feng took a deep breath and suppressed the fire in his heart and his increasingly irritable body state.

He said lightly: "You don't need to worry about it."

"Since you are going to die, then I won't stop you!"

The Chiyan Batman chuckled, "But I'm here to stay. If you want to go in, you have to give me money for the road!"

"Buy road money?"

Chen Feng frowned: "What do you want?"

When the giant human-faced bat heard this, his eyes lit up.

"I'm afraid this kid, there are still some treasures in his hands! It's also a fat sheep!"

He smiled hesitantly: "I didn't expect it, you are still a fat sheep looking at low strength!"

As he said, the red bat devil rubbed his two huge paws excitedly, and made a sharp, awkward laugh.
novelSb.com

Chen Feng was too lazy to be here with him, and said lightly: "What do you want? Just speak!"

"What do you want?"

The Chiyan Batman smiled: "What do you have here, what I want!"

He suddenly shouted with a sharp voice: "Now, hand over all the treasures in your body!"

There was a strong command in his voice.

Arrogantly.

It was as if he asked Chen Feng to hand over all these treasures, as it should be.

Chen Feng frowned, a murderous expression in his eyes.

But then he was severely suppressed.

"The same sentence, don't act rashly now, and don't make trouble!"

Chen Feng nodded slowly, but he was not stupid enough to take out all the treasures.

Chen Feng's meson bracelet flashed, and then five treasures appeared in front of Chen Feng.

With a wave of Chen Feng's hand, these five treasures flew in front of the Chi Yan Bat Demon.

These five treasures were obtained by Chen Feng from the Outer Valley of the Valley of Falling Stars. Among all the treasures, they were considered medium, not bad or bad.

Chen Feng planned to take out these five treasures and deal with this Red Flame Bat.

After seeing these five treasures, the Chiyan Bat Demon did not doubt.

After all, in fact, like Chen Feng, it is the aliens who get dozens of treasures at every turn.

It is normal to get one or two treasures at a time, two or three treasures.

It seems that five treasures can be obtained, which is quite a lot.

After seeing the five treasures, a burst of greed suddenly appeared in the eyes of the Red Flame Bat!

When Chen Feng saw it, he shook his head secretly. The Red Flame Bat Demon was blowing loudly here, although his strength was not very good, and he had no knowledge.

These five pieces are just medium-sized treasures, which made him look like this.

Chen Feng twisted his brows at this time, and slowly looked at the Red Flame Bat Demon, and then he understood.

He can roughly tell that the strength of the Red Flame Bat Demon is not strong.

It just has a rather strange feeling.

His strength, but average, Chen Feng didn't care about it at all.

He made a rough estimate, then let out a chuckle.

"If I want to do it now, it would only take three tricks to get rid of him!"

"Within three moves, I can resist his mental attack, and then I can kill him!"

The reason why Chen Feng was so tolerant of this Red Flame Bat was not because of his strength.

It's just reluctance to make trouble.

Now, rescuing Hua Lengshuang is the top priority!

Soon, with a wave of its wings, the red flame bat devil collected the five treasures.

Chen Feng stepped forward, preparing to walk into the city gate cave.

Unexpectedly, the Chiyan Bat Monster rolled his eyes, looked at Chen Feng, and said in a sharp voice:

"Boy, what are you going to do?"

"What are you doing?"

Chen Feng raised his eyebrows: "What do you mean?"

"Only you, want to go in? Do you have that qualification? Are you worthy?"

The Chiyan Bat Demon chuckled, then waved his wings impatiently: "Get out! Get out!"

He looked extremely impatient.

Chen Feng's eyes suddenly became sharp, and he looked at the Red Flame Bat Demon coldly.

At this time, the Chiyan Bat Demon raised his chin, and said with disdain: "What are you looking at? What? Are you still not convinced?"

[Chapter 4170: You are also worthy, give me pointers?](#)

Chen Feng looked at him with a flash of murderous intent in his eyes.

Then, he suddenly smiled.

Looking at the Red Flame Bat Demon, he said calmly: "It seems that you are planning to go back on your own?"

"How about I regret it?"

The Chi Yan Bat Demon was furious in an instant, and it seemed that Chen Feng dared to say this, which was an offense to him!

He glared at Chen Feng, extremely ferocious, and sternly roared: "I just repent, what can you do with me?"

"Not only did I swallow your treasure, I also want to let you go!"

"If you dare to say one more thing, you won't be able to get out if you want to!"

Two jets of gold peeked out from under his wings, and they looked like sharp claws shining with cold light: "I will tear you up and down to pieces later, and then eat you piece by piece!"

At this time, Chen Feng's patience had finally reached its limit!

Burst out!

Unbearable, no need to endure!

Since he is so greedy and unsatisfied!

Since he is still in his own way!

Then, kill him!

Chen Feng yelled: "Swallow me?"

"I'm afraid it will break your rotten teeth!"

After all, Chen Feng's figure flashed, and he directly slayed the Red Flame Bat!

"What are you? You dare to fight with me?"

The Chiyan Bat devil snorted coldly:

"Look at your virtue, you are covered with wounds, covered with blood, and with such a weak aura, you will know that you are not a master at a glance."

"It's just a waste!"

He sneered disdainfully: "Just you, dare to say such things in front of my Red Flame Bat Demon? It's really looking for death!"

It turned out that he believed that Chen Feng's strength was low because he saw Chen Feng's whole body hurt and his aura was rather weak.

I don't know, Chen Feng's whole body is hurt because he doesn't want to treat his injuries at all.

The reason for Chen Feng's declining aura is that all his spirit, energy, and power are all contained within, running like a volcano at any time!

Under his declining aura and all his injuries, it was actually a surging volcano that almost erupted fiercely!

His strength is far stronger than it looks, I don't know how much!

And this Red Flame Bat Demon thought that Chen Feng's strength was low!

Really ridiculous!

"is it?"

Chen Feng smiled coldly, murderously: "My strength, are you worthy of guidance?"

"Now, I will let you see how my true strength is!"

"Open your dog eyes to me and see clearly!"

After all, the Red Flame Bat devil made a creak and let out an unpleasant scream.

Then, suddenly the two wings flapped quickly.

With the flapping of his two wings, two huge and tough cyan air currents rushed towards Chen Feng frantically.

These two cyan air currents are dense, tough, and come in overwhelmingly.

In an instant, two cyan air currents surged in front of Chen Feng and intertwined.

Continuously rotating, forming a vortex, trapping him directly!

Moreover, Chen Feng felt that his limbs and body, being pulled by the vortex, were deeply affected for a while!

Even some can't move!

His offensive is a sign of direct deviation!

In the next moment, the Red Flame Bat demon directly leaped on his body, and under his wings, stretched out two huge and sharp claws, and slashed towards Chen Feng frantically!

In a blink of an eye, dozens of claws were drawn!

With each claw drawn, there are seven or eight golden sharp wind blades flying out obliquely!

These wind blades are extremely long, extremely thin, and extremely sharp.

In an instant, there were hundreds of black golden wind blades, and they slashed at Chen Feng who was trapped in those two blue whirlwinds!

At this time, Chen Feng was trapped in the cyan whirlwind and was motionless!

It gives people the feeling that they have been controlled by the blue whirlwind, and they can't move at all!

Like meat on a chopping board!

Seeing this scene, the red flame bat demon was even more proud and let out a sharp laugh.

In his opinion, Chen Feng had already ravaged himself at will.

Seeing that, in the next moment, Chen Feng would be hit and cut into countless pieces!

The red flame bat devil laughed triumphantly: "Did you see it? You humble and lowly human!"

"This is how you offend me!"

"In the next instant, my wind blade will cut you into countless pieces!"

"I just let you go, you refused to go!"

"Give you a face, you shameless!"

"Now, it's too late to regret!"

Although the Chiyan Bats were extremely contemptuous of Chen Feng, they were full of joking.

But he did his best to kill the killer.

Obviously, he is also that kind of extremely vicious person, he just doesn't do it, and the act is a killer move!

I have to say that with these two tricks, Chi Yan Bat Demon has one attack and one defense, first trapping Chen Feng, and at the same time giving himself a defense.

Then it launched a frantic attack on Chen Feng, who was immobile.

This offensive and defensive, both offensive and defensive, can be considered a very strong move!

If you change to someone else, I am afraid you will die directly under this trick, and be cut into unclear sections!

But unfortunately, it was Chen Feng that he met at this time!

In front of Chen Feng, these flamboyant offensives are nothing at all!

No matter where you come, I will go all by myself!

Regardless of your bells and whistles, I broke it myself!

"Are you just this capable?"

Chen Feng laughed loudly and threw a punch!

In an instant, from extremely static to extremely dynamic!

With a punch, the world changes!

A mighty force came suddenly!

With a bang, the two cyan whirlwinds were directly shattered, and they didn't even stop Chen Feng for a moment!

Then, the next moment, on Chen Feng's body, a burst of bronze light flashed, and the Diamond Immortal Body was already activated instantly.

Ding Ding Ding!

Those dark golden wind blades were all cut on Chen Feng's body, but they only cut countless sparks.

And Chen Feng. He was unharmed, not even one of his cold hair was broken.

Chen Feng just didn't dodge or evade, and strode forward!

Those dark golden wind blades slashed on his body, it was impossible to break the defense of the incorruptible diamond body!

When Chen Feng said the phrase "Are you capable of this?", the Red Flame Bat's complexion suddenly changed and became extremely vicious.

He was about to sneer, disdainful of sarcasm.

But the next moment, he saw Chen Feng's offensive!

Seeing that Chen Feng smashed the cyan whirlwind with one punch, seeing that Chen Feng did not dodge, let the dark golden wind blades slash on his body, splashing sparks!

And he was completely unscathed!

Seeing this scene, he was completely stunned, and froze there.

After a while, he uttered an unbelievable shout: "How is it possible?"

At this time, Chen Feng was already close.
