

Peerless 4171

[Chapter 4171: You are really shameless!](#)

Looking at the stunned Red Flame Bat, he laughed loudly: "How can it be impossible?"

The next moment, Chen Feng blasted out another punch!

The red bat demon made a sharp scream, frantically resist!

But where can I resist it?

His defense was directly shattered by Chen Feng, and Chen Feng's fist did not stop, and it hit his body fiercely!

The Red Flame Bat Demon suddenly let out a scream, and flew heavily, hitting the tall city wall.

Still in the air, blood spurted wildly!

Two punches!

Chen Feng completely defeated him with just two punches!

At that moment, the golden rune on the huge stone on the wall that he hit was lit up in an instant!

Then, there was a trace of blood in the golden rune!

Those streamers made by the talisman culture directly trapped the red flame bat demon in it.

The Red Flame Bat demon suddenly struggled frantically, screaming screams.

Chen Feng raised his eyebrows. At this moment, he saw patches of blood surging from the golden runes, and these **** connections were like meridians.

At this time, these meridians all lit up, beating constantly.

It gives people the feeling that these golden ribbons abruptly absorb his vitality from the body of this Red Flame Bat!

Chen Feng's brows constricted, he still can't let the Chiyan Bat Demon die.

With a flash of his figure, he came to the red flame bat demon, and slapped it with a palm, but it was the power of the dragon to descend.

With the power of the dragon descending and Arhat, Hao Hao is big, bombarded out.

The golden ribbon seems to feel the power of descending the dragon and the Arhat, that is also a kind of power of great righteousness, so if you don't insist anymore, it slowly recedes.

Chen Feng grabbed the Chiyan Bat Demon's neck and slammed it to the ground.

Suddenly, the red flame bat demon let out a screaming scream, and made a crackling sound from all over his body.

The bones all over his body were shattered, falling to the ground, screaming screams, but he couldn't get out.

He opened his mouth, but only the blood gushing out, instantly dyeing his whole body red.

Chen Feng sneered in his heart: "Sure enough, I didn't expect it."

"The strength of this red flame bat demon is as good as I previously speculated. It is not very strong. It is not a fart in front of me. I can kill him as soon as I reach out!"

"He is here, the fox is pretending to be a tiger, I don't know what to rely on."

At this time, the Red Flame Bat Demon didn't seem to be relieved from the shock.

Just staring at Chen Feng, still yelling in disbelief!

"Why! Why are you so strong? You shouldn't!"

"If you are so strong, why are there so many injuries on your body? Why don't you feel it at all?"

"Because you are blind!"

Chen Feng smiled and knelt down to look at him, and said jokingly.

The Chiyan Bat Demon seemed to come back to his senses just now.

However, he was not panicked. Instead, he still stared at Chen Feng with a very sulky look, and shouted sharply:

"You humble human, I don't care who you are, I don't care who you are!"

"I advise you, you'd better let me go! Then help me heal my wounds!"

"And knelt down and knocked my head a few times!"

"Otherwise, I will let you die miserably!"

He seemed confident, and until now, he was still here to give orders.

"Oh, is it so?"

Chen Feng smiled slightly and suddenly slapped his face with a big slap.

This big slap was directly a scream of the Red Flame Bat Demon to the fan.

He tilted his head heavily, and a bit of dirty blood mixed with a few broken teeth flew out.

He stared at Chen Feng, startled and angry, and shouted in disbelief: "You, you dare to hit me?"

"Are you a fool? If I dare not beat you, what am I doing now?"

Chen Feng smiled slightly and slapped him on the other side of the face with another big slap.

He swelled up his face again!

He spit out blood again!

Chen Fengfeng stretched out his right hand, shook it in front of him, smiled and said, "Okay, I will use this hand!"

"Not only dare to beat you, but I dare to beat you to death!"

After all, Chen Feng was slapped, pros and cons, dozens of slaps, slapped the face of the Chiyan Bat!

Directly beat the Chiyan Bat Demon screaming again and again.

In the end, he couldn't even make a scream.

Chen Feng slapped him with so much strength, dozens of slaps, directly slapped him into his dying breath, with only one breath left.

His face was even more swollen like a pig's head, and his neck was almost interrupted alive.

He couldn't even scream, he could only moan faintly.

When Chen Feng hit the tenth slap, he had already screamed for mercy: "I dare not, forgive me!"

However, Chen Feng didn't stop, and slapped eight more times.

She slapped a full eighteen times before she stopped.

The red flame bat devil's voice was already crying.

Seeing Chen Feng stop, he quickly used the last trace of strength, struggled to get up, knelt in front of Chen Feng, repeatedly kowtow.

Knocking his head while crying loudly: "Don't fight, I won't dare anymore."

"Now, are you served?"

Chen Feng looked at the Red Flame Bat Demon and said with a smile.

The Chiyan Bat Demon nodded repeatedly: "Take it, take it!"

Chen Feng lightly patted the red flame bat devil's face, smiled and said, "What are you? You are worthy to fight with me?"

This is what the Red Flame Bat Demon said to Chen Feng just now.

When he said this just now, he was arrogant and disdainful, but he didn't expect that he would be beaten severely by Chen Feng in the next instant.

At this moment, when Chen Feng said these words, the face of the Red Flame Bat Demon was flushed.

It's like being slapped in the face.

Chen Feng grabbed the red flame bat demon by his hair and lifted him up.

He whispered: "Just now, you cared about me wanting to buy road money. I didn't want to make trouble, so I gave it."

"As a result, I didn't expect that you were still not satisfied with the treasure, and you were rude to me!"

Chen Feng smiled and patted his face: "You are really shameless!"

You ungrateful animal!

This is what the Red Flame Bat Demon said Chen Feng just now.

At this moment, when Chen Feng said these words, the Chiyan Bat Demon was almost overwhelmed by the raging sense of shame in an instant!

He felt humiliated to the extreme!

He felt the sense of shame like a tide, and almost fainted him directly!

He tilted his face up and closed his eyes, his face was already red as pig liver.

He felt like he was being caught in his hand now, slapped fiercely again and again.

The last trace of face was also shattered.

He looked at Chen Feng with a deep ridiculous color in his eyes.

[Chapter 4172: Here! Yanyang Devil Country!](#)

It is not others who laugh, but oneself!

"Red flame bat demon, red flame bat demon, you are really blind!"

"Just now your strength is far from him, so you dare to provoke him? How dare you say those things just now?"

"It's really self-inflicted, not self-reliant!"

Chen Feng looked at him and said lightly: "Red Flame Bat, you've been here for quite a while, I'm afraid you know a lot."

"There are some questions, I want to ask you."

"You can talk, you can talk."

Chi Yan Bat Demon quickly said repeatedly.

He has been convinced by Chen Feng, at least on the surface.

Chen Feng pointed to the tall city wall with no roof, and pointed to the city gate leading to an unknown place: "Where is this place?"

"Here, it is Yanyang Devil Country!"

"Yanyang Devil Country?"

Chen Feng raised his brows.

This name gave him a familiar feeling.

He remembered the news that Yueyangwen had told him before, and he remembered the "Yanyang Demon"!

"Could it be that the Great Yanyang Demon is in this Yanyang Devil Kingdom?"

The more Chen Feng thinks about it, the more he thinks it is possible: "The Great Demon of the Sun is not a simple demon. It belongs to the ancient gods and demon and is far beyond the scope of the ordinary demon!"

"It's no problem to establish a devil country!"

There was a thought in his mind, but there was no change in his face.

He asked in a deep voice, "This Devil Kingdom of the Flame Sun is the core of the Valley of Fallen Stars?"

"Yes, Yan Yang Demon Kingdom is the core of the Valley of the Fallen Stars, and here is the deepest part of the Valley of Fallen Stars."

Chen Feng nodded slowly.

He didn't expect that when he entered the deepest part of the Valley of Fallen Stars, everything was going well.

However, I then thought that this is also thanks to Hua Lengshuang's message guidance.

If not, I don't know when to find it yet.

Of course, another very important reason is that this valley of starfall is only a small world after all.

Sudden death is a small world, definitely not comparable to a world like Xuanming Seven Seas Realm. In fact, it is relatively easy to find.

Chen Feng looked up and looked at the gate: "Lengshuang, Lengshuang, are you inside?"

He looked at the red flame bat devil, and also asked one of his most concerned questions at this time:

"Red Flame Bat Demon, have you seen a woman enter the Flame Sun Demon Country from here a while ago?"

"A woman?"

"But dressed in white, with devilish energy covering the sky, holding a black magic blade?"

When the Chi Yan Bat Demon heard Chen Feng's question, he immediately said.

Hearing what he said, Chen Feng's heart immediately pounded.

This description, who is not Hua Lengshuang?

"Yes, it's her!"

"My dear, you know her! No wonder you two are so perverted, so powerful!"

The Red Flame Bat demon patted his chest, and there was a lingering expression on his face.

"That girl, the strength is really strong and not decent!"

"When she passed by me, I wanted to take care of her asking for something good, but she looked at me and almost scared my soul out!"

Chen Feng listened and sighed softly.

He finally got the answer he wanted now.

Hua Lengshuang, in this Devil Kingdom of Yanyang!

At the next moment, Chen Feng is about to speak!*NovelUsb.cOm*

Suddenly, at this moment, the red ripples on the surface of the red flame bat body suddenly flashed out.

These red ripples contain powerful mental power, which is also an extremely powerful attack method of the Red Flame Bat Demon.

At the same time, the lowered head of the Red Flame Bat Demon also suddenly raised.

A pair of eyes, blood red, staring at Chen Feng faintly.

Then, he saw that Chen Feng's eyes became confused.

Suddenly, the heart of the Red Flame Bat was filled with ecstasy.

At the same time, just when Chen Feng was in a trance, his eyes were confused, and his figure was slightly stagnant for a moment.

The Chiyan Bat Demon, suddenly, rose up the last bit of strength, fluttered his wings, and flew away wildly.

In a blink of an eye, a distance of tens of meters has been opened!

He turned his head even more, staring at Chen Feng, fiercely vicious, and roared ferociously: "You wait for me!"

"You **** human being! When my first big future comes, you will surely be broken into pieces!"

"You wait for me! You must die miserably!"

His voice was filled with incomparable bitterness.

He has always regarded himself very high, but today he is so humiliated by Chen Feng, he has already hated him to the extreme.

At this time, I just wanted to smash Chen Feng into ten thousand pieces.

But at this moment, Chen Feng's eyes suddenly became clear, the confused eyes of Chen Feng.

He laughed loudly: "Unfortunately, you don't have this chance!"

Having said that, he punched out!

Seeing this scene, the red flame bat devil's face was suddenly shocked: "You, are you not deterred by my mental power?"

"You, are you still sober?"

In his estimation, Chen Feng would be shocked by his mental power for at least three to five breaths.

With this time, he could already escape from sight!

Chen Feng laughed loudly: "Just kidding you!"

It turned out that Chen Feng had never looked down upon the Red Flame Bat Demon.

Since he came here, his heartstrings have been tight.

He knew that the Red Flame Bat Demon had stayed here for so many years, all kinds of sneaky methods, I was afraid that they would be endless, so he had been on guard just now.

When the Red Flame Bat Demon had just launched a mental attack, Chen Feng felt it.

He was just pretending to be confused just now!

Chen Feng flashed in the air, and he came behind the Chiyan Bat, with murderous intent in his eyes!

A blow out!

Chen Feng's punch, no mercy!

Looking at this posture, it means to kill the Chiyan Bat!

The Chiyan Bat Demon also felt Chen Feng's strong murderous intent, and let out a scream, staring at Chen Feng and begging loudly, "Please don't kill me!"

Chen Feng smiled coldly: "It's late!"

Fists fell fiercely!

At this moment, there was a loud voice with rage from far away: "Stop!"

As soon as his voice hit Chen Feng's ears, Chen Feng felt his body stagger!

I was almost dizzy by the sound, unable to control my body!

The voice is still like this, it can be seen how powerful this enemy is.

After hearing this voice, the Red Flame Bat Demon suddenly seemed to see hope.

He screamed: "Help me! Help me!"

He stared at Chen Feng, his face full of resentment: "Boy, you are dead!"

"My number one future is coming, you will definitely die!"

He laughed sharply.

Chen Feng smiled faintly: "Sorry, I will send you to death first!"

[Chapter 4173: But, so what?](#)

Then, a punch fell!

He didn't hesitate because of the sound, and this punch directly blasted on the body of the Red Flame Bat Demon.

The triumphant expression of the Red Flame Bat froze on his face.

He looked at Chen Feng and spit out four words difficultly from his throat: "How do you dare?"

There was endless regret in his eyes.

At this moment, he thought of countless things, and the most important thing was: "I, why bother to provoke him!"

The next moment, with a loud bang, his figure exploded into countless black magic energy and dissipated.

In place, just a few things fell.

And Chen Feng saw it at a glance, and the dark color was crystal clear.

A small round ball like the best black crystal sculpture.

This is exactly the fragment of true magic seed!

It's just that the true magic seed fragments this time were bigger than any one Chen Feng had seen.

It is no longer the mottled patch of the past, but the size of an adult's fist.

The whole body is perfectly round and clear, and the breath coming out of it is extremely terrifying, extremely huge!

After Chen Feng watched it, his breathing suddenly became heavy.

"True Demon Seed Fragment, this is True Demon Seed Fragment!"

"It's just that this True Demon Seed Fragment is even larger than the combined True Demon Seed Fragments of the previous five Great Demons!"

"Even, this can be called: true magic seed!"

No more fragments!

The aura revealed inside is also terrifying.

Chen Feng immediately stretched his hand forward and grabbed the true magic seed in his hand.

As soon as he started, the huge and huge, sea-like aura suddenly came crazy.

It was completely different from when Chen Feng was in contact with those True Demon Seed Fragments before.

The aura in this true magic seed is not only huge, not just powerful, and even its quality is many times higher.

In other words, this is something completely beyond those other true magic seed fragments!

It is not only the huge power, but also the improvement of quality!

The Golden Sutra of the Great Bodhisattva Guan Zizai in Chen Feng's arms immediately sent a very warm breath.

Almost unable to bear it, we must swallow this true magic seed!

However, Chen Feng turned it over and put it away.

Now, it is not time to swallow!

then. Chen Feng looked at other treasures again.

Among them, there are Chen Feng's five treasures.

And the other four, two of them flashed with a touch of black gold, it was the guy's two sharp claws.

The other two pieces, all in cyan, are also shining with metal.

However, it feels extremely light.

It was as if the wind swept across the air, as if there was still this sweet voice coming.

Above, there are **** ripples.

This is the two wings of the Chiyan Bat!

As soon as Chen Feng stretched out his hand, he held these things in his hands.

After taking the two wings, Chen Feng felt his body lightened a lot.

And before he could take a closer look, suddenly the extremely white dragon spear flew out on the day of his waist.

The above artifact fragments suddenly turned into a thin layer.

He let out a sigh of great pleasure, and rushed forward in a posture like a dog eating shit.

The mercury-like body spread out, directly wrapping the two sharp claws and two wings.

When Chen Feng saw it, he couldn't help but laugh.

In fact, he was also quite moved by these two treasures.

But since it was taken by the artifact fragment, the possibility of wanting to take it back is almost zero.

But Chen Feng still wanted to struggle.

He smiled and said, "I'm not going to grab this thing from you."

"I shot down these two things, so should you let me take a look first?"

Unexpectedly, as soon as Chen Feng said these words, the body of the artifact fragments suddenly retracted, and then they became a ball.

He didn't know where the four treasures were hidden.

However, Chen Feng estimated that he should not be able to digest it temporarily.

At least it will take a while to digest.

Chen Feng couldn't help but shook his head, and didn't want to pursue it anymore.

Looking at the eager expression of the artifact fragment just now, these four treasures, I am afraid that each of them will never be lower than the weapons of the great demon he swallowed that day.

It is normal to think about it.

Although the strength of this red flame bat demon may not be comparable to some of the powerful big demon he encountered on the road.

But the level and purity of its bloodline is far higher than those of the great demon.

In the demons, it should belong to the existence of the upper demons!

"Then just swallow him."

Suddenly, this artifact fragment seemed to have seen some natural enemy, flew back with a swish, and returned to Chen Feng's waist.

Re-turned into a belt.

Then, he quickly reduced his breath, and suddenly became lazy.

Obviously, they are beginning to digest the four treasures just obtained.

But Chen Feng keenly felt that this time he was different from before.

I was lazy before, but he didn't deliberately curb his edge.

But this time, he had suppressed his breath.

It's like, for fear that others will find him.

At this moment, he was like an ordinary belt hung around Chen Feng's waist.

And Chen Feng also knew why.

Because at this time, the terrifying aura in the distance is getting closer and closer!

Chen Feng slowly stood up straight, looked into the distance, and said slowly: "Are you the guard in the mouth of the Red Flame Bat?"

"Are you the Red Flame Bat Demon's reliance?" **novelusb.com**

"I want to see, who are you!"

Chen Feng stood up straight, and slowly got into his fist: "I know, you are very strong!"

The strength revealed in that violent roar just now made Chen Feng feel a little palpitating!

"But, so what?"

Chen Feng slowly clenched his fists: "On the contrary, I look forward to your coming!"

At this time, even though Chen Feng broke out in an instant, he directly killed the Red Flame Bat.

However, the unsmooth feeling accumulated in his body, the feeling that the suffocated whole body is about to explode, the feeling that no place in his body is uncomfortable, no place is sour, no place is not bulging, but it is just It's just a little bit!

And this point that just disappeared was instantly filled up again because of the battle with the Red Flame Bat!

The feeling that the power in the body is surging wildly, almost exploding, is stronger than before!

Chen Feng felt that at this time his body was simply a huge volcano.

The surging magma is swelling frantically, you must find a catharsis!

Must be, crazy erupting!

Otherwise, you will burn yourself to ashes!

The roar of anger, getting closer and closer, extremely fast!

In the blink of an eye, a huge blood-colored figure came to Chen Feng.

[Chapter 4174: Two-headed bull demon!](#)

Suddenly stopped.

When Chen Feng glanced at it, he saw that the monster that came over at this time was about a hundred meters high, and his body was very much like a giant black cow standing up.

It's just that there are two huge heads.

He was completely dark, with muscular joints, full of explosive power.

The upper body has no arms, and the lower body has two huge corbels.

And its two huge heads and horns were directly cut off.

A bull's head is red, and his eyes are wide.

The other bull's head was snow-white, and his eyes closed tightly.

The bulging muscles bulged the satin-like black fur.

Above the body, there were bursts of black flames burning.

The black flame seemed to be able to burn everything, the black flame on his body fell to the ground with a slap, burning a huge deep pit above the ground.

Green smoke is coming!

This turned out to be a two-headed bull demon!

After Chen Feng watched it, his heart jumped.

The aura exuding from the double-headed bull demon was extremely tyrannical, giving Chen Feng the feeling that it even surpassed the Xuanjin Jiaohuang who was outside before.

It feels better than Xuanjin Jiaohuang!

"Is it possible that his strength has reached the middle stage of Six-Star Wudi?"

A light flashed in Chen Feng's eyes.

The shock at that moment just disappeared, replaced by a burning fighting spirit!

His eyes were filled with the desire to fight, and his heart was so excited for a moment!

The blood is boiling, the heart is beating!

He slowly clenched his fists, looking at these two bulls, there was only a turbulent desire to fight in his eyes.

At this moment, those days before fighting outside, the body is uncomfortable.

The kind of irritability that is suffocated and irritable, and the whole body is almost bursting!

That kind of energy, pain, sadness, unspeakable uncomfortable with nowhere to vent!

At this moment, all came to my heart!

The suffocated Chen Feng almost exploded, almost reaching the critical point of Chen Feng's patience!

He almost couldn't help it, he was about to burst out!

However, Chen Feng took a deep breath and suppressed all these feelings.

"It's not time yet! It's not time yet!"

"I have to press again, I have to press again!"

"Squeeze it to the extreme, to a point when it must break out!"

After the two bulls came here, they didn't even look at Chen Feng, but shook his head madly, as if looking for something.

In the end, he finally found his goal.

It was a bat feather that fell on the ground...

After the red bat bat died, his body turned into devilish energy and disappeared, and his two wings and two claws were swallowed by artifact fragments.

All that was left was the black bat feathers from this place!

These two bull monsters only saw the chicken feathers on the ground, oh, no, it was a black bat feather.

So, in an instant, his eyes changed!

That look suddenly became extremely terrifying, fierce and fierce, and filled with raging flames!

And above his body, those black **** fires rose even more, and they burned hundreds of meters high!

The surrounding temperature rose countless degrees instantly.

The crackling flame fell down, almost melting the ground into a lake of magma.

Obviously, he was already extremely angry.

Then, his two heads turned around together.

The scarlet head uttered a low roar: "You humble human warrior, you killed my little master?"

After hearing this, Chen Feng raised his eyebrows.

"Sure enough, the Red Flame Bat was not telling lies."

"He is among the demons, he really has a noble status and a strong blood!"

"These two bull monsters look extremely powerful, almost comparable to the mid-stage master of the Six-Star Martial Emperor, so they call him Master?"

"You killed my little master? Did you kill him?"

The two-headed bull demon looked at Chen Feng and let out a ferocious roar.

Chen Feng looked around, then shrugged and said, "Are you stupid? There seems to be no one else here."

Chen Feng's careless aura made the two-headed bull demon anger to the extreme!

He suddenly yelled frantically!

Then, the next moment, he rushed towards Chen Feng fiercely!

Chen Feng instantly condensed his eyes!

It turned out that he saw that after the two-headed bull demon was activated, a huge flame suddenly burst out in the sky above the sky.

After that, his figure just disappeared like this.

As the flame disappeared and disappeared.

In front of Chen Feng, there was a huge crimson, like a **** fireworks flame that burst out instantly, and then burst!

As the flame burst open, the two-headed bull demon rushed out fiercely.

He suddenly appeared in front of Chen Feng.

His body is extremely strange, it turned out to be born out of flames.

With a flame, you can come and go freely.

With Chen Feng's intrepidity and Chen Feng's keenness, there was even a sense of being caught off guard.

Then, the two-headed bull demon bitterly towards Chen Feng.

His attack method is bite!

However, he only used the crimson head.

The other snow-white head remained motionless.

His blood basin is wide open, reaching the size of tens of meters.

The sharp fangs shone with a hideous light.

There were countless black saliva dripping out of the mouth, and these black saliva directly turned into a hot flame of black and red in the air.

One by one, puff, puff, puff, and drop continuously.

The burning air was twisted and fell on the ground, and the burning earth seemed to boil!

Just like, above the sky, there was a huge meteorite fire rain!

Several flames dripped onto Chen Feng's body, directly burning Chen Feng's body with severe pain!

He looked down.

I saw that my originally pale golden skin had become scorched black at this time. **NoVelUs&.coM**

And in the scorched darkness, there were many wounds that broke open directly.

There was even blood flowing out, but as soon as it came out, it was directly burned into a piece of blue smoke by the extremely high temperature, and it disappeared instantly.

Chen Feng suddenly felt shocked.

At this time, even though he did not activate the Donkey Kong Arhat Immortal Body, his body is still extremely powerful.

I'm afraid, far better than ordinary Wudi masters!

But even so, the body that could be burned by the flame began to hurt. This flame is still so, if it is really swallowed by these two bulls, what will happen?

If he doesn't activate the Donkey Kong Arhat Immortal Body, let alone being swallowed by these two bulls.

Even without waiting for its huge bite, it will already be burned to pieces by the poisonous fire in the sky, leaving no traces!

[Chapter 4175: Head-to-head!](#)

The offensive of these two bulls are so terrifying!

In the next moment, his huge mouth is already present!

That huge force shreds the air directly!

Even when the huge fangs and sharp teeth were bitten down, the cracks in the space suddenly appeared.

Its biting power is so great that it shatters the space!

The body of the two-headed bull demon is so strange and fast!

The flame in his mouth is so fierce and venomous!

His power is so powerful and indestructible!

Chen Feng took a deep breath, and a deep, cautious look appeared in his eyes.

This is the strongest opponent he has ever encountered before!

So scary!

However, Chen Feng did not have any fear!

On the contrary, his eyes instantly burned with excitement.

With a turbulent fighting spirit, rising up!

Chen Feng suddenly let out a long roar, and the bronze light gleamed above his body!

Within the body, thirty-six diamond glazed bones, suddenly bright!

Donkey Kong Arhat immortal body, activate instantly!

Then, he was not afraid, his figure flashed, and he took the initiative to rush towards the two-headed bull demon!

Chen Feng actually took the initiative to fight!

Take the initiative to make a fierce collision with the two-headed bull demon!

In this scene, the two-headed bull monsters couldn't help showing surprise in their eyes!

But in the next moment, that look turned into an extremely ferocious look!

There was a low growl in his throat: "You are looking for death!"

The next moment, with a loud bang, Chen Feng's fist and the sharp fangs of the two-headed bull demon slammed together!

Chen Feng collided with his huge teeth, but it didn't mean that Chen Feng suffered only the sharpness of the teeth.

What he bears is the enormous bite force of the entire huge mouth!

Chen Feng's dark golden fist slammed on the huge teeth, making a loud noise!

That sound can almost deaf a person directly!

Chen Feng felt that an incomparable force was invading him fiercely!

This is the power that can almost crush a mountain alive!

This is the huge bite force of the two-headed bull demon!

Chen Feng estimated that this force has reached at least 90 billion catties! That is to say, it is close to the second level of Donkey Kong Arhat Immortal Body!

The last time Chen Feng saw such a powerful force, it was still above Zhao Haochu's Law Body!

Zhao Haochu's Law Bodies had almost the strength of Emperor Wudi of Seven Stars, and it was only a strength of 200 billion catties!

Donkey Kong Arhat Immortal Body, the first weight! Three hundred and six billion catties!

Donkey Kong Arhat Immortal Body, the second stage! One thousand and eight billion catties of force!

Donkey Kong Arhat Immortal Body, the third stage! Two thousand and six billion catties!

At this time, Chen Feng's Donkey Kong Arhat Immortal Body was only the first stage!

It's only 36 billion catties!

But Chen Feng still couldn't reach this level of power.

The force of 90 billion catties smashed down fiercely!

Followed the teeth, slammed into the fist, and then followed Chen Feng's fist, slammed into his body!

Immediately, Chen Feng felt that this force rushed into his arm along his fist, and then rushed into his body!

Then, rushed into the limbs and a hundred skeletons!

At this moment, Chen Fengru was struck by lightning and was directly shaken out several hundred meters away. He slammed heavily on the city wall and let out a muffled snort.

A mouthful of blood spurted out, and then it fell heavily on the ground.

Chen Feng felt that at this moment, the extremely powerful force almost shook him to death.

There was a darkening before his eyes.

After landing, stagger a few steps before standing still!

He vomited blood violently, and instantly turned from bronze to blood.

Has become a blood man.

He felt even more that his fist was about to shatter!

Chen Feng looked down and saw that it was not that his fist was about to break, but his entire right fist was already broken!

Even the bronze color is cracked!

The bronze flesh and blood underneath were exposed, and the diamond-colored glass bones!

Chen Feng's right hand was almost broken.

a bit!

It was just a hit, which caused Chen Feng to be seriously injured directly!

Seeing this scene, the two-headed bull demon smiled grimly: "Have you seen it? You humble human warrior!"

"I will smash you all over!"

"I will make you collapse on the ground, you can't get up!"

"Let you know the fate of dare to kill my little master!"

"is it?"

Chen Feng laughed loudly and pointed to the two-headed bull demon: "Come on! Come again!"

The next moment, Chen Feng's figure flashed, and he rushed towards the two-headed bull demon crazy.

Two-headed bull demon. Before attacking him, he has already attacked the two-headed bull monster!

Chen Feng is actually seeking war!

The face of the two-headed bull demon instantly became gloomy.

He originally thought that he could easily defeat Chen Feng.

Beat him, scream sternly, kneel down and beg for mercy!

But let him down!

He also let out a violent roar and slayed at Chen Feng.

The next moment, Chen Feng's fist collided with him again!

Then, Chen Feng flew out a few hundred meters again.

He vomited blood again, and shook his body again!

But Chen Feng still struggled to stand up!

He laughed wildly: "Come again!"

Hit again!

"Come again!"

Again!

...

Chen Feng has a lot of martial arts to use, as well as a lot of hole cards to use!

But he is useless!

He just used the Donkey Kong Arhat Immortal Body!

He just wants to head to head with the two-headed bull demon!

Only in this way, it seems that the power in his body can be vented!

Every impact made him feel severe pain.

But at the same time, every impact made Chen Feng feel unspeakable comfort.

It seems that the feeling of swelling to the extreme in the body, the feeling of bursting to the point of being blown up, finally vented at this time!

In the first impact, Chen Feng's fist was almost smashed!

In the second impact, Chen Feng's entire arm almost shattered into dust.

In the third impact, Chen Feng felt that his entire upper body seemed to be shattered.

On the fourth impact, Chen Feng felt that his legs had lost consciousness and were smashed into powder!

In the fifth impact, Chen Feng fell heavily to the ground.

...

There were countless huge wounds bursting out of Chen Feng's body. There were hundreds of limbs, all of which were painful.

No, even some positions are no longer painful.

Almost all the bones of Chen Feng's body were shaken to powder.

He was on the ground, almost unable to stand up.

These few collisions almost smashed Chen Feng's Immortal King Kong Arhat to life!

[Chapter 4176: Finally broke!](#)

Chen Feng still has many hole cards to use.

None of the abilities on his Vientiane Robe were used.

None of his hole cards have been opened yet.

Even if these hole cards are not enough for Chen Feng to defeat the two-headed bull demon, there is no problem in keeping him alive!

Chen Feng just didn't use a hole card!

At this moment, he felt the flame in his body, the flame that was about to break through, the flame that was about to defeat him, the flame that forced himself to the extreme, the flame that was about to explode, and he could no longer bear it. Blazing!

Boiling to an extreme!

Chen Feng suddenly felt something.

He bowed his head and muttered: "Quickly, quickly! The limit is about to be reached soon!"

Enduring the enormous pain, he persisted.

Chen Feng grinned.

He was still laughing at this time, he could still laugh, and the smile was so brilliant!

Suddenly Chen Feng leaned back and pointed at the two-headed bull demon.

He could hardly even move his fingers, but Chen Feng was still struggling, but he was extremely determined and hooked his fingers.

At the two-headed bull demon, he hooked his fingers.

Then, he smiled contemptuously and said with a smile: "Come again!"

Even though at this time, Chen Feng's Immortal King Kong Arhat is almost to be shattered alive!

However, there is no fear on his face!

His fighting spirit is still very high!

The face of the double-headed bull demon couldn't help showing a thick look of horror!

He has seen desperate people, he has seen countless people desperate, but like Chen Feng, he has seen it for the first time.

As a result, his eyes were filled with indescribable horror.

But in the next moment, this horror turned into an extremely intense anger and violent murder!

"How can you be like this? You still don't run?"

"Huh? You still want to fight me? I'm going to kill you!"

"I want you to die without a burial place!"

The next moment, he madly killed Chen Feng.

At this moment, he had already exploded his power to the extreme!

In the next moment, Chen Feng's body collided with him heavily!

Hit hard again!

This time, Chen Feng felt that a stronger force than before had smashed into his body fiercely!

He estimated that at this moment, this power has at least reached the level of 100 billion catties!

How horrible?

This force fiercely smashed into his body, and instantly, the bronze skin on the surface of Chen Feng's body burst open.

The diamond glazed bones were all shattered!

At this moment, Chen Feng's body went from skin to flesh and blood, to bones, and even to internal organs!

Began to turn into a fan!

Chen Feng was almost broken by Shengsheng!

At this speed, after a few moments, he will turn his body into dust!

The pain flooded Chen Feng, almost suffocating and dizzy!

He couldn't feel his body in an instant.

He felt that his body began to float outward, like a leaf hovering in the wind.

But, at this moment!

Chen Feng suddenly heard a creak in his body!

It's as if something was broken into pieces!

Just like, the strongest shackle was directly opened!

Just like the bottleneck that paused for an unknown period of time, it broke directly!

At this moment, Chen Feng seemed to finally stick out its head like a chick pecking a solid shell away.

In an instant, he breathed the fresh air outside and saw the bright world outside.

At this moment, Chen Feng's enormous pain all over his body suddenly disappeared without a trace.

The whole body was cold and moist, unspeakably comfortable.

The feeling that almost shattered his body, all disappeared.

As if a dam opened, the stagnation and swelling in the body disappeared without a trace.

At this moment, Chen Feng's body was extremely relaxed.

He felt like he was floating in the clouds.

It was like a fallen leaf, circling up and down in the wind, feeling extremely comfortable, and could not help but let out a comfortable sigh.

This sigh seemed to resound in his heart, but it resounded in Chen Feng's mind.

The corner of Chen Feng's mouth was instinctively drawn out a smile, and suddenly, he opened his eyes!

In those blood-colored pupils, a strong confident light burst out.

He looked at the **** sky, and slowly uttered four words: "I made it!"

I made it!

Finally broke!

This time the breakthrough was too difficult!

It turned out that at this moment, at the moment when Chen Feng's Immortal King Kong Arhat was completely broken.

Just at the moment when Chen Feng was beaten to a broken body, there was only one breath left from death, and his body was almost broken.

The restriction, the shackles in the body, finally disappeared!

Chen Feng finally broke through!

The huge two-headed bull demon has a hideous and triumphant smile on his face!

He looked at Chen Feng, and in his eyes, this humble human warrior would be completely shattered into endless dust by his own blow!

He even waited for the scene where Chen Feng's body broke apart!

But the next moment, a scene that surprised him appeared.

The human warrior who had been broken, he had already fallen apart and turned into a powdery body, but suddenly, it burst out with an extremely bright light.

The light was a bronze color at first, and then the bronze color became thicker.

But in this heaviness, it has become more and more shiny.

Obscure, but bright.

This apparently contradictory change is perfectly integrated in him.

Soon, the bronze color became a light dark gold.

Then, the light dark golden color began to merge again.

His body is growing again!

Everywhere is full of vitality!

The next moment, Chen Feng opened his eyes.

At this moment, he suddenly felt very hungry.

He felt that he was extremely hungry and lacked everything in his body.

But he discovered that this hunger is not a lack of food, hunger in the abdomen, but a thirst for vitality, thirst for strength!

At the next moment, Chen Feng had a huge suction force in his body, which suddenly formed.

So, in an instant, the stable world around it began to loosen.

Then, there was a huge amount of vitality, which suddenly surged out and poured into Chen Feng's body severely.

With the infusion of vitality into the body, the dark golden light on Chen Feng's body suddenly became much brighter.

Chen Feng felt that his strength was recovering, and his aura was increasing crazily!

Moreover, Chen Feng was surprised to find that at this time, this blood-colored world, inside the Valley of Fallen Stars, was full of vitality and almost made him shout out with joy!

[Chapter 4177: Donkey Kong Arhat is immortal! Second!](#)

A hint of doubt flashed in Chen Feng's mind.

"Why, when I first entered here, I didn't feel the vitality of this valley of falling stars so abundant?"

But then, he knew it in his heart.

"Presumably because I didn't draw enough strength before, and I didn't draw like Changsiphon water."

"The vitality here is huge and strong, but it is also extremely stable."

"If you don't try to extract it, you won't be able to twitch it at all, so naturally you won't be able to discover how abundant the vitality here is!"

Like a long whale, Chen Feng is absorbing water like crazy!

Even with him as the center, a vitality vortex was directly formed.

This vitality vortex was only seven or eight meters in radius at the beginning, and then it got bigger and bigger.

Later, a huge vortex with a radius of hundreds of meters was formed.

This vortex is slowly rotating, like the sky hanging upside down, the sun and the moon are sucked into it!

Above the sky, there seemed to be a huge funnel.

Moreover, around the whirlpool, because of the huge suction, long swing arms were formed.

Like a long river of vitality after another, endless vitality is extracted from everywhere!

However, Chen Feng's momentum did not change at this time.

Because all the power he extracted has been absorbed by his flesh!

Above Chen Feng's body!

Muscles grow again!

The skin is re-condensed!

One hundred and eight big bones turned into dark gold in an instant!

These 108 diamond glazed bones meant that Chen Feng at this time already had a powerful force of 108 billion catties!

Therefore, in just a short time, Chen Feng's body reunited!

Moreover, in this dark golden body, there is an extremely powerful force!

Chen Feng suddenly opened his eyes!

At this moment, his eyes turned out to be dark golden!

Ecstasy rushed into Chen Feng's heart, clenching his fists!

But just clenching his fists, such a simple action.

As a result, many small spatial cracks appeared around Chen Feng's body.

Chen Feng's simple fist movement has shook so many spatial cracks in the void!

This shows how great Chen Feng's strength is at this time!

Chen Feng himself was shocked, and only after a while did he recover.

And the next moment, he felt that crazy and turbulent power flowed in his body!

The extremely surging power rushed wildly in his body, making the sound of surging rivers.

There is even a sense of stormy seas!

"This power!"

Chen Feng's eyes showed a light of incomparable surprise, and he laughed: "This power has reached 108 billion catties!"

"A total of 108 billion catties of terrifying power!"

"Only the second stage of Donkey Kong Arhat Immortal Body can achieve this power!"

"I have actually broken through to the second stage of Donkey Kong Arhat Immortal Body!"

"After my body was broken by the two-headed bull demon, I was a blessing in disguise!"

"Don't break or stand!"

"Unexpectedly, it broke directly to the second stage of the Donkey Kong Arhat Immortal Body!"

Suddenly, Chen Feng straightened up and stood proudly in the void, looking at the two-headed bull demon in the distance.

The two-headed bull demon was still in extreme shock at this time.

He couldn't understand why he not only failed to kill this human warrior.

"Now, even if my level doesn't break through, just relying on my Donkey Kong Arhat's second level of Immortal Body is enough to compete with these two-headed bull monsters!"

At this time, the two-headed bull demon was still in place.

Looking at Chen Feng, his eyes were dull.

Although he is fierce and vicious, cruel and violent, but his brain is not bright.

Chen Feng's reaction at this time completely exceeded his expectations.

This is beyond his plan.

So that at this time Chen Feng had already broken through to the second stage of the Donkey Kong Arhat Immortal Body, and he hadn't even reacted yet.

Chen Feng ignored him at all.

At this time, although Chen Feng had already broken through to the second stage of the Donkey Kong Arhat Immortal Body, he did not stop at all.

The huge vortex that constantly madly absorbed the vitality of heaven and earth did not dissipate.

On the contrary, the vortex vibrated violently.

Then, on top of that vortex, a dozen thick and long swinging arms suddenly appeared.

Penetrate into the sky and the void everywhere.

The vortex in an instant, the whole seemed to expand in a circle.

Suddenly, there was a greater amount of heaven and earth vitality than before, and it was crazily absorbed into the vortex through those swing arms.

Then, instilled into Chen Feng's body.

Because, at that moment, Chen Feng had a suction force that was many times stronger than before. Suddenly, surging surging!

It turned out that all the power that Chen Feng had absorbed just now was poured into his body, but it did not improve its level.

At this time, although the second stage of his Donkey Kong Arhat Immortal Body has been completed, his momentum is still declining.

His breakthrough did not begin.

But now, Chen Feng is about to break through!

Chen Feng's momentum was frantically increasing.

The aura that had already crumbled and had fallen to the bottom of the valley, at this time it was recovering extremely quickly.

One-star Wudi!

Emperor Wudi!

Samsung Wudi!

Chen Feng instantly reached the three-star Wudi!

Back to the realm of his peak period.

Not only that, but he is still improving frantically!

The early days of Samsung Wudi!

Samsung Wudi mid-term!

Samsung Wudi peak!

At this moment, Chen Feng felt his own strength, unprecedentedly powerful!

Seeing that, given Chen Feng a moment's time, he can completely break through!

Able to break through to the four-star Wudi!

A bright light flashed in Chen Feng's eyes: "Four-star Emperor Wu!"

"When I was in the three-star Wudi, my strength was almost comparable to that of the six-star Wudi in the early days!"

"As long as I break through to the four-star Emperor Wu, the six-star Emperor Wu is not my opponent!"

"Even if these two bulls are in front of me, I can kill them!"

At this time, the aura exuding from Chen Feng's body was already extremely terrifying.

The second body of his Immortal King Kong Arhat, fused with the breath that he is about to break into the realm of the four-star martial emperor, that coercion, is like the same demon god!

The terrifying aura spread madly! Overwhelming!

This whole space seems to be covered by Chen Feng's power and power!

This breath naturally also suppressed the double-headed bull demon!

The two-headed bull demon head suddenly widened his eyes, and his entire body stood tall.

Suddenly became extremely alert!

His extremely keen instinct immediately made him realize that if he waited for Chen Feng to make a breakthrough, then he would only have a dead end at that time!

[Chapter 4178: Fist breaks the void!](#)

He felt extreme danger in his heart!

So instantly, a fierce light appeared in the eyes of the two-headed bull demon, and he rushed towards Chen Feng frantically.

Obviously, he is already doing his best at this time,

In any case, this time, Chen Feng will be killed in one fell swoop!

Even, at this time, in his huge open mouth, a powerful suction passed over.

The suction power was brewing like a tornado, and the infinite suction power swept through Chen Feng's body fiercely, as if to **** him directly into the mouths of these two bulls.

It turned out that the two-headed bull demon not only wanted to prevent Chen Feng from breaking through, but also wanted to attack Chen Feng at this time, but also wanted to swallow Chen Feng into his body.

In fact, his move is actually very vicious.

The body structure of this two-headed bull monster is extremely special.

This thing is a wild alien species, its body is enough to isolate the vitality of heaven and earth.

In other words, although he looks stupid, he actually has a strong fighting instinct.

At this time, I immediately thought of a way.

After swallowing Chen Feng into his body, he can isolate the transmission of vitality from that day and prevent Chen Feng's breakthrough!

However, facing the huge suction force, Chen Feng stood still, but his figure remained motionless.

After he entered the second stage of Donkey Kong Arhat's Immortal Body, how terrifying was he with a power of 108 billion catties?

Standing there is like a mountain, no, even heavier than a mountain!

How can the two-headed bull demon be shaken?

In a blink of an eye, the offensive of the two-headed bull demon has come to the front.

At this time, facing his offensive, Chen Feng must resume his fighting state.

As soon as he enters a fighting state, the momentum of breakthrough will be interrupted abruptly.

There is even a danger of getting into trouble!

The two-headed bull demon looked at Chen Feng, with a trace of complacency in that hideous expression, and a fierce voice rolling in his throat:

"Boy, I don't think you can make a move! I don't think you can stop it!"

"If you make a move, the breakthrough will be interrupted!"

"If you don't make a move, then I will kill you directly!"

"Hahaha, this is a mortal situation!"

"Oh, is it so?"

Chen Feng looked at him at this time, but suddenly smiled.

He didn't hesitate to stop the breakthrough, and his back figure flickered.

In the next moment, Chen Feng severely collided with these two bulls!

Just before the tea time, Chen Feng launched such an offensive and collided with the two-headed bull demon head-on, and the bones that would be shaken were shattered and his body was seriously injured.

At that time, he was not the opponent of the two-headed bull demon at all.

But at this time, Chen Feng launched an offensive again and punched out again!

It just feels completely different from just now.

A terrifying force, even Chen Feng felt that some shocking power burst out of his body!

Chen Feng's fist blasted, and the surroundings slapped instantly, making a sound like glass breaking.

It turned out that with Chen Feng's punch, countless huge spatial cracks appeared in the surrounding space in an instant!

These spatial cracks, starting from Chen Feng's fist, spread to the surroundings in an instant.

Suddenly, it seemed that a huge spider web had formed in the air.

Chen Feng's punch actually directly punched the void in a big hole!

The crack spreads, one hundred meters long!

Chen Feng!

Punch!

Broken Void!

At this time, Chen Feng had reached the realm of fist breaking into the void!

It can be seen how tyrannical his physical strength is.

Donkey Kong Arhat's second level of Immortal Body, the power of 108 billion catties is not for nothing!

In the next moment, Chen Feng's dark golden fist collided with the offensive of the two-headed bull demon.

There was a loud noise, and the huge sound wave directly stirred up a gust of wind, blowing the magma above the ground into flight.

After this impact, Chen Feng stood still, motionless!

The two-headed bull demon was so shocked that he retreated several steps in the void.

His tooth shook violently, and was almost knocked off by Chen Feng's punch.

At the root of the tooth, there was blood falling, a huge wound was shaken, and blood shot out from it.

The two-headed bull demon was stunned. Looking at Chen Feng, he shouted in disbelief, "How can your strength become so strong?"

It turned out that this time the two went head-to-head, it turned out that Chen Feng had the upper hand!

"What's impossible?"

Chen Feng sneered: "Now, I have achieved the second stage of Donkey Kong Arhat Immortal Body, and my strength is already above you!"

"But it only has the upper hand!"

"However, when I break through and enter the four-star Wudi, I will kill you!"

Chen Feng slowly stretched out his hand, and turned it around again: "It's easy!"

A flash of horror flashed in the eyes of the two-headed bull demon.

Because he realized that what Chen Feng said was true!

At this moment, this human warrior has already gained the upper hand with physical strength alone. After his realm breaks through, is it still worth it?

But then, the horror in his eyes disappeared, turning into a bit of brutality.

He gritted his teeth and said with a grin: "Boy, what are you doing here?"

"Yes, your physical strength is extremely powerful now, even slightly better than mine!"

"But, so what?"

"Do you still want to break through? Your breakthrough has been interrupted by my offensive just now. Can you still break through now?"

There was a smug look in his eyes.

In his opinion, although he might have a slight disadvantage, he interrupted the opponent's breakthrough and prevented the opponent from forming more advantages over him.

He is only slightly at a disadvantage, but it is absolutely impossible to be killed!

At this time, he was even triumphant, feeling that his move was extremely wise.

But the next moment, Chen Feng sneered at the corner of his mouth, pointed at him and said, "Open your dog eyes and show me clearly!"

"Look at your grandpa and me, how can I slap you in the face!"

The next moment, Chen Feng let out a long scream and raised his arms.

Above the body, a huge suction suddenly spread over.

His body is like a huge black hole, swallowing everything!

In an instant, the vortex, which had stopped spinning, started spinning again.

Those huge swing arms swayed, absorbing a huge amount of heaven and earth vitality, and poured it into Chen Feng's body.

Chen Feng unexpectedly began to break through again!

He even continued to break through!

The two-headed Bull Rubik's Cube was on his offensive, and it had no effect on him!

The two-headed bull demon was stupid.

The triumphant color in his eyes disappeared instantly, turning into incomparable shock, and he shouted in disbelief: "How is it possible? How can you continue to break through?"

He felt that his common sense had become untrustworthy!

[Chapter 4179: One finger!](#)

Because from the beginning of his cultivation, he knew that whether it is a human or a monster beast, it is the most vulnerable when breaking through.

Once interrupted, it is still light to stop the breakthrough.

It's possible to get confused.

How could this human warrior continue to break through?

Chen Feng laughed, his eyes full of contempt:

"Other people's breakthroughs are looking for opportunities, requiring medicinal pills, and supporting them through various foreign objects!"

"Then, they are naturally the most afraid of being interrupted!"

"For fear of going crazy, for fear of losing one's power, or even dying!"

"And I, Chen Feng!"

"I, Chen Feng, experienced countless battles, countless suppressions of myself, and countless pains before breaking through!"

"The foundation, an extremely solid foundation!"

"My breakthrough is a matter of course! Of course! Even!"

Chen Feng's eyes were awe-inspiring, and his voice exploded like Huang Zhongda Lu:

"It's the general trend of heaven! No one can stop!"

"Am I afraid of you?"

Move the following paragraph to the front.

At this time, Chen Feng had not broken through to the four-star Emperor Wu.

Just relying on the strength of the second layer of the King Kong Indestructible Body, combined with the strength of the Samsung Wudi peak, directly repelled the two-headed bull demon.

Although it was only a minor injury, it gave an extremely loud and obvious signal:

At this time, the two-headed bull demon was no longer Chen Feng's opponent.

"So..."

Suddenly an extremely terrifying idea surged in the heart of the two-headed bull demon.

After this idea was born, he couldn't help but shudder.

"Now, I am not his opponent. After he breaks through, how can I stop him?"

Moreover, now, what makes him most desperate is that his original hole card, originally thought that he could rely on the hand just now to interrupt Chen Feng's evolutionary breakthrough, is completely invalid!

Chen Feng was not affected by him at all!

He knew very well that when Chen Feng made a breakthrough, he would die!

So, he seemed to have made a decision instantly.

The next moment, Chen Feng, who was breaking through, saw that this huge two-headed bull demon suddenly turned around.

Then, he suddenly raised his two heads together.

With a bang, countless wounds burst on the body.

From the wound, blood shot out.

The blood is also pure black.

Moreover, this black is very exquisite and thorough, and very clear.

As if the young leaves after the rain were irradiated by the sun, all of them were green and gratifying, so lovely.

Full of vitality.

Among the black, there are even more golden fragments.

It's like the sunlight falling into it, blending into this pure black blood.

From this blood, it can be seen that the blood of these two bulls are absolutely pure and powerful, with ancient heritage.

After his blood splashed out, it was not scattered everywhere.

Instead, it fell on the ground.

As soon as the blood fell on the ground, there were deep traces of corrosion on the ground.

The blood actually corroded countless lines on the ground.

And these lines constitute a huge formation.

Chen Feng glanced around and saw that the formation was about a hundred meters in radius.

Said it is a formation method, in fact it is extremely simple, but it is a big circle with these extremely complicated symbols and texts inside.

However, it is such a simple formation, but it has the meaning of ancient wildness.

The characters inside are like human figures, but also a bit like words.

Strange shape, described as twisted.

Just like the ancient ancestors, wearing masks, dancing the great Nuo dance by the fire.

The black blood on the double-headed bull demon's body was constantly splashing.

Finally, all the lines are connected together.

So in an instant, this huge formation with a radius of 100 meters suddenly took shape!

The black blood ignited in an instant, rising up, and the flame was hundreds of meters high.

In the burning of these black flames, there are countless golden lights shining.

It was like broken gold sprinkled on a piece of black velvet.

Even more devilish!

Obviously, these two-headed bull demon condensed this magic circle at the expense of their own devil blood and even their life origin!

Chen Feng frowned: "What does this mean? What is he doing?"

But at this time, Chen Feng has no time to take care of these.

His power has increased wildly, and he has infinitely approached the four-star Wudi!

At this time, it is the most important time for a breakthrough!

The next moment, the two-headed bull demon rushed into this formation.

Then, with a plop, he fell to his knees.

Two heads banged against the ground.

He actually kept kowtow in the direction of the Flame Sun Demon Kingdom, kowtow frantically!

At the same time, there was a whining sound in the mouth!

The cry was very strange, it seemed to be unique to the demons.

And as he yelled and screamed, as the demon flame evaporates, suddenly, an inexplicable aura rose up and plunged directly into the void.

As this breath appeared and disappeared, the two-headed bull demon was hit hard.

All of a sudden, it seemed to be wilted a lot, and it seemed that most of the vitality had been extracted.

He suddenly fell into that formation.

And inside that huge formation, the black flame also suddenly disappeared.

With a brush, the formation is directly disintegrated.

The two-headed bull demon was lying on the ground, unable to stand up, but looking back at Chen Feng, there was a bit of bitter resentment in his eyes, and, proud!

Chen Feng frowned and looked at him.

The two-headed bull demon just now, the things he did, gave him the feeling that it seemed to be telling people.

"Yes, it's just a whistleblower!"

"He seems to be asking for help from someone strong!"

And soon, the scene that happened confirmed Chen Feng's guess.

As the suction became stronger and stronger, more and more pure heaven and earth vitality was inhaled by Chen Feng.

Chen Feng's breath was already infinitely approaching the four-star Emperor Wu, just the last bit of a hero.

Just give him ten more breaths!

No, even within two breaths, he will be able to break through and enter the four-star Wudi!

Moreover, there are no obstacles, shackles, bottlenecks!

Because before, Chen Feng's accumulation has already broken these!

Now, he only has a kick!

But, at this moment!

In the sky, the color of the wind and clouds suddenly changed, and countless **** clouds suddenly condensed.

Then, it increased rapidly.

This blood-colored cloud quickly turned into a radius of hundreds of miles, and the blood-colored cloud layer was still spinning continuously.

The next moment, among the clouds, a finger suddenly came out!

That's right, it's just a finger!

A huge finger!

[Chapter 4180: I, Chen Feng, must force it!](#)

This finger appeared directly, and it came to the top of Chen Feng in an instant!

The finger just went down a little, and suddenly, a huge and unpredictable force suddenly appeared, and it instantly spread within a hundred meters around Chen Feng!

Then, with the emergence of this force, a burst of flame spread along with it.

Suddenly, around Chen Feng, a flame cage with a length of 100 meters in width and height was formed!

This flame cage is entirely composed of flames.

That flame, the whole body is red, and in this red color, there is a touch of light gold!

These red flames shining with golden light formed one pillar after another, forming a huge flame cage.

Imprison Chen Feng in it!

As soon as this flame cage appeared, Chen Feng immediately felt that the source of the heaven and earth vitality that had been poured into his body was directly cut off!

Chen Feng was already just one step away from the door, he could break through the road to the four-star Wudi and was cut off!

The huge vortex above the sky, without Chen Feng's control, collapsed! disappear!

Chen Feng is already unable to break through and enter the four-star Wudi!

In this flame cage, he can't feel the vitality of the world!

Chen Feng was absorbing frantically, only to find that he could no longer absorb a trace of vitality!

Chen Feng instantly understood what the two-headed bull demon was doing just now!

He actually turned to a certain mighty for help at the cost of paying most of his body's energy and vitality and the origin of his life!

And that great power, as expected! Did not disappoint his trust!

At this moment, this ancient power, actually took it seriously, outrageously shot!

This mighty strength, I don't know how far beyond Chen Feng's ancient power, he points out with a single finger!

It is to directly seal the space where Chen Feng is located!

Completely isolate this space from the outside world!

Chen Feng, naturally, can no longer absorb the vitality of the outside world!

Naturally, it is impossible to break through to the four-star Wudi!

If he can't break through the four-star Martial Emperor, even though he can gain the upper hand with the second layer of the King Kong Arhat Immortal Body, he will definitely not be able to kill these two bulls!

This ancient power, I don't know who it is, it is really powerful, and it has such a power!

After knowing tens of millions of miles and hundreds of millions of miles, a finger pointed out, and Chen Feng's road of breakthrough was completely sealed!

Let Chen Feng be unable to move on!

Seeing this situation, the two-headed bull demon was extremely proud, and laughed:

"You humble human, you are destined to be unable to break through!"

"You can't kill me!"

"Hahahaha, have you seen it? That existence has shot!"

"Once he makes a move, you will never break through today!"

It turned out that this time!

There is a mysterious power, with a strong power, a finger, coming out of the sky!

Change the rules of this space!

To stop, Chen Feng breaks through!

The way of martial artist, between life and death!

To stop people from practicing, that is, kill people!

Seeing this scene, Chen Feng's figure was silent for a moment!

He stood there, head down, silent.

However, this silence is not cowardly.

Rather, it is like the calm before the eruption of a volcano!

The calmer, the more terrifying!

At this moment, he was laughing loudly at Chen Feng's two-headed bull demon, as if he felt something too.

He suddenly shut his mouth, looking at Chen Feng with a hint of horror.

At the next moment, Chen Feng suddenly raised his head, his eyes burning with endless flames!

What kind of look is that!

It's not panic, it's not panic, it's not fear, but anger! Endless anger!

Chen Feng, this is not the first time I have seen this scene!

Chen Feng had seen such a huge finger when he was still in Longmai Continent that day.

That finger almost crushed him to death!

That finger is even more harmful to a woman who paid her life for him!

So far, the body and soul have not been recovered!

That finger appeared in a heavenly attitude.

He crushed Chen Feng to death, as if humans were about to crush an ant.

That finger, without emotion, seemed to be completely above Chen Feng!

It was as if he wanted to kill Chen Feng, he could kill Chen Feng.

It was as if he completely ignored Chen Feng and his thoughts! Ignore everything about him!

At this moment, in front of Chen Feng, a finger appeared again!

This finger is completely different from the previous one.

This finger, the whole body is a red color, as if magma solidified.

Above, there is a raging flame burning with extremely high temperature.

But in Chen Feng's view, this is exactly the same as the finger he saw when he was in Longmai Continent! Generally no different!

All are extremely arrogant! Extremely indifferent! Very pretentious!

With a kind of self-righteousness!

With a gesture of ruling yourself!

With a kind of condescending that determines your own destiny!

This ancient power stretched out a finger, trying to crush Chen Feng to death like an ant!

So the next moment, Chen Feng looked up to the sky and let out a crazy roar!

His anger reached its extreme in an instant!

He looked up to the sky and roared: "Why are you?"

In an instant, the huge finger above the sky paused.

It seems that this ancient great power did not expect that under this circumstance, this tiny human would dare to question himself.

After a while, there was a loud voice without the slightest emotion, with only seven words: "Young man, don't force it!"

These seven words are extremely magnificent, and the shocking sky is trembling.

The words he said at this time, although seeming to be comforting and admonishing Chen Feng, in fact, they are full of unquestionable strength and dominance!

And, the indifference that doesn't care about Chen Feng's thoughts at all!

It seems that he can decide Chen Feng's fate at will!

It's like, he wants Chen Feng to do it, and Chen Feng can do it!

He didn't want Chen Feng to do it, Chen Feng couldn't do anything!

At this time, Chen Feng suddenly let out a low laugh: "Hehe, do you want to decide my destiny?"

"Dreaming! Dreaming!"

At this moment, Chen Feng suddenly raised his head and opened his arms to the sky!

His eyes are full of determination, full of unyielding, and full of rebelliousness!

Suddenly, he stared at the blood-colored sky, staring at the huge and incomparable above the blood-colored sky, if it could stir the fingers of the sky and the earth, he let out a roar that shook the sky and the earth!

That roar, like Huang Zhongda Lu, resounded throughout the world! "

"I, Chen Feng, want to force it!"

"No matter who you are! You can't make me succumb!"

"No matter who you are! You can't stop my breakthrough today!"
