

Peerless 4191

[Chapter 4191: Cultivation conditions](#)

The Great Crazy Blade laughed: "Chen Feng, you are really smart!"

"Yes, it starts with the soul!"

Chen Feng was extremely excited!

"Yes, I should have thought of it long ago! Start with the soul!"

"No matter how profound this world is in repetitive reincarnation, what destiny to explore, time rule to explore, or reincarnation in previous lives, it still needs a bearing point! It needs a foothold!"

"The target of this martial skill is a person, but how do you remind him of his past? How do you let him know his past reincarnation?"

"Then, he needs to torture his soul!"

"In other words, this foothold lies in his soul!"

"Making a fuss on his soul is the true foundation of this world of reincarnation magic!"

The more Chen Feng thought about it, the more excited he got, and he made it clear in an instant!

The Great Emperor Crazy Blade looked at Chen Feng, smiled and said, "Then where is the strongest place to play with the soul on this Dragon Vein Continent?"

Chen Feng blurted out: "Hall of Soul Destruction?"

"Yes, it is the Soul Destruction Hall."

Chen Feng looked at Emperor Crazy Blade, and lost his voice: "It turns out that the real key to practicing this world of reincarnation is the Hall of Soul Destruction?"

"Your inference, too, but neither is it."

The Great Emperor Crazy Sword said: "This heaven and earth repeated reincarnation magic is an instinctive martial skill inherited from the blood of these two bulls."

"And this kind of instinctive martial arts requires certain conditions to be able to be inspired."

"If this condition is not met, the two-headed bull demon can't cultivate themselves. This condition is..."

He looked at Chen Feng, smiled and said, "Absorb the soul of a strong man!"

"If it is a two-headed bull demon, then he only needs to devour a top human powerhouse and absorb his soul."

"Now, this instinctive martial art has been condensed from the blood of the two-headed bull demon and turned into this bone piece."

"Then you need to hold this piece of bone, and let this piece of bone absorb the soul of a top powerhouse!"

"In the Hall of Soul Destruction, this kind of soul is the most."

Chen Feng immediately grasped the point of his words and asked: "How top level does this top level need?"

"Your kid is smart."

He said in a deep voice, "At least it is also a nine-star martial emperor!"

"The more complete the soul of this strong man is absorbed, the higher the level, the easier it will be for you to practice by then, and you can even get twice the result with half the effort."

"Jiuxing Wudi? At least it must be Jiuxing Wudi?"

When Chen Feng heard this, his brows frowned.

This threshold is really high enough!

Longmai Continent, from ancient times to the present, for tens of thousands of years, Jiuxing Wudi didn't know whether there were ten fingers.

At least, there is only one confirmed by Chen Feng, and that is the Great Sword Emperor in front of him.

This is a genuine nine-star Wudi, as for the others, Chen Feng has never heard of them.

Even if it is who is not sure, where are they going to absorb their remnants?

This difficulty is really too great.

But thinking about it, it's normal. Such a martial art that is against the sky, with such a harsh training premise, is also normal.

If he can easily be trained by himself, then Chen Feng will not feel at ease in his heart!

It seems that Chen Feng's thoughts can be seen in Chen Feng's heart, and the Great Sword Emperor said: "If it weren't for the threshold of cultivation and the conditions for cultivation to be so demanding, this two-headed bull demon would have already practiced this repetitive reincarnation of heaven and earth. ."

"It's not your turn now."

Chen Feng smiled: "Senior said that."

In an instant, he eliminated all the difficulties and doubts in his mind just now.

Some are just high-spirited and confident.

"Senior, since you have given instructions, how dare you ask for more?"

"Don't worry, after returning to the Dragon Vein Continent, the younger generation must look carefully."

"I believe that it won't take long for this bone piece to be full and full, and to reveal the repetitive reincarnation of the heaven and earth inside, for my use!"

The Great Crazy Saber laughed loudly: "Okay, what you want is your spirit!"

He sighed lightly, looked at Chen Feng, and said meaningfully: "However, Chen Feng, you don't need to think too much."

"In fact, this two-headed bull demon has not been able to practice the repetitive reincarnation of heaven and earth for so many years, mainly because there are too few human martial artists who can come here."

"Forget these tens of thousands of years. Except for me, there are only two or three kittens. They are not up to the level of Jiuxing Wudi."

"But you are different, on the Dragon Vein Continent..."

He paused and said meaningfully: "Hidden Dragon and Crouching Tiger, there are so many things you don't know!"

Chen Feng's heart trembled, and many thoughts were born in an instant.

He knew that Emperor Crazy Blade was definitely not a targetless person, since he said that, he definitely meant something.

Chen Feng immediately became alert and warned himself secretly:

"Chen Feng, your strength has improved a lot these days, but don't be arrogant because of this."

"On the Dragon Vessel Continent, Crouching Tiger Hidden Dragon, everything has to be done carefully."

Chen Feng asked again: "Senior, I don't know the existence of the giant magical hand who wanted to crush me to death, is it the Great Flame Demon?"

"Yes, it's the old thing."

The Great Emperor Crazy Sword said coldly: "Presumably you should have known that behind the city gate, it is called Yanyang Demon Kingdom."

"That old thing is the master of Yanyang Devil Country, Yanyang Great Demon."

"The Great Demon of the Sun!"

"It turns out that the existence is really called Yanyang Great Demon, what level of strength is he? How terrifying is it? And what kind of relationship does the origin of this Xuanming Seven Seas Realm have to him?"

Infinite questions arose in Chen Feng's heart.

However, he was not asking.

Chen Feng chewed these four words slowly for a while, and nodded Shen Shen.

A very strange feeling suddenly surged in his heart.

This is not the first time he has heard of the Great Yanyang Demon. In fact, isn't it the Great Demon that Yueyang Wen came here to look for?

But I didn't expect that Yue Yangwen tried so hard and didn't find it, but he encountered it here.

Chen Feng shook his head and smiled bitterly: "If Yueyang Wen knew, I would be glad I didn't find it!"

"Otherwise, the Great Demon Yan Yang would crush him with one finger."

Chen Feng didn't ask other things, such as the strength of the Great Demon of the Sun, so he didn't need to ask.

Because Yanyang Great Demon's strength at this time has completely surpassed his level.

Chen Feng just needs to know who this Great Sun Demon is by himself!

The Yanyang Demon wanted to kill him so, how could Chen Feng not have hatred in his heart?

No matter how strong the opponent is, what kind of strength, this hatred, Chen Feng will definitely get back!

Just figure out who the enemy is, and don't ask anything else!

[Chapter 4192: Born to be a monster!](#)

"Well, if there is nothing else."

The Great Emperor Crazy Blade flicked his fingers: "Boy, now I will send you back, and then you can help me do things quickly."

Chen Feng shook his head and said, "Senior, please also send you to the entrance of the Yanyang Devil Kingdom."

"Why?"

The Great Emperor Crazy Blade frowned and said: "The junior came here this time to find an old person."

"This old man should have entered the Flame Sun Demon Kingdom, and the juniors must enter it to find her."

"Are you going to enter the Flame Sun Devil Kingdom?" *nOvelusB.com*

A very ridiculous expression appeared on the face of the Great Emperor Crazy Blade, looking at Chen Feng and saying:

"Do you know how many great demons are in the Yanyang Devil Kingdom? You know, that is a hellish existence!"

"You know, once you step into that city gate, the next moment you will be swallowed up by those great demons!"

"Even if I am, I dare not step into that Flame Sun Demon Kingdom for half a step!"

He looked at Chen Feng like a lunatic.

Chen Feng looked at him with an awe-inspiring expression, only to say a word slowly: "Although there are thousands of people, I will go!"

The Great Crazy Blade clapped his palms again: "Okay, okay, Chen Feng, you really have a good heart."

"No wonder you can achieve this at a young age, even stronger than I was before."

"Now hearing what you say, I am not surprised, but..."

He smiled at Chen Feng and said, "Actually, you don't have to enter the Demon Kingdom."

"Why?"

Chen Feng asked.

The Great Emperor Crazy Blade said slowly: "I should have seen the little girl you mentioned."

"In fact, that little girl, the reason why she was able to come here was because of that old thing..."

He pointed outside.

Chen Feng naturally knew who he was talking about, the owner of that huge finger, the great Yanyang demon hidden in the Yanyang Devil Kingdom!

"I was brought here by that old thing."

"In fact, I knew it from the moment she entered the Outer Valley of the Valley of Stars."

"After she entered the inner valley of the Valley of Fallen Stars, I even stared at her for a few days until he entered the interior of the Yanyang Devil Kingdom."

He paused and looked at Chen Feng and said, "The Great Yanyang Demon, although it is not a good thing, is cruel and bloodthirsty, it caused a terrible disaster back then, and it changed the entire world of the Xuanming Seven Seas Realm. Fan looks like."

"However, his vision is also very high, and he is extremely arrogant."

"I can be attracted by her and spent great effort to get here, guess what kind of background your partner will be?"

When Chen Feng heard this, he was shocked.

He had thought about similar issues before, but he didn't think so thoroughly.

Chen Feng whispered: "Is it possible that my old friend turned out to be extremely useful to the Great Demon of the Sun?"

"Of course, even your old friend is not extremely useful as simple."

The Great Crazy Blade sneered and said: "Your old friend, I will tell you clearly, he is a born demon!"

"The blood of the Demon Race in his body is even more pure than that old thing like the Great Demon Yanyang, how many times more pure!"

"She has been here in less than a month, and her strength has been directly improved by three major levels!"

"The speed of this improvement makes me frightened."

"I have seen countless geniuses in Longmai Continent before, and there has never been one like her!"

When Chen Feng heard this, he was deeply impressed.

Hua Lengshuang's breakthrough speed is indeed too fast.

The Great Emperor Crazy Blade continued: "She is a born demon. Now she has come to the Valley of Falling Stars and entered the Flame Sun Demon Kingdom."

'It's Longyou the sea! "

"Not only is there no danger at all, on the contrary, the strength will break through wildly."

"I'll tell you that, within at least a year, her strength is even expected to rise to the realm of the Eight-Star Martial Emperor, and even the Nine Star Martial Emperor!"

When Chen Feng heard this, his heart jumped fiercely.

This speed. It is really fast and amazing.

"So, you don't have to save her now."

"She is in the Flame Sun Devil Country, but it is a good thing for her cultivation."

"but....."

Chen Feng had deep doubts in his eyes, and I was worried about two things:

"First, will she be eroded by the devilish energy, and will never be restored, and will never be able to recover from the beginning."

"Second, what is the purpose of that Great Demon Yanyang? What do you want to do with her?"

Chen Feng knew that there would be no benevolent actions.

"Your kid is really thoughtful, so I will answer both of these questions for you."

The Great Emperor Crazy Blade laughed and said: "First of all, her natural demon body not only allows her to absorb demon energy extremely fast, but also has a layer of protection for her body origin."

"Therefore, this natural born demon can be regarded as an extremely high bloodline, and it is coveted."

"Even me, I am very envious."

"For at least a year, you don't have to worry about her mentality being eroded."

Upon hearing this, Chen Feng breathed a sigh of relief.

The Great Emperor Crazy Blade continued: "As for the old thing of the Great Demon Yan Yang, of course he was not at ease."

"I guess he should be using the corpse to recover his soul."

"Borrowing a corpse to revive it?"

Chen Feng suddenly wrinkled his brows.

"Yes, Great Demon Yanyang, how strong it was originally, let's not say."

"It's just that he is now reduced to this Xuanming Seven Seas Realm, and his body has long been shattered, with only a fragment of his body left, and his strength is nonexistent."

"Don't say that the practice continues to improve, breaks through, and it is a dream to return to the original strength."

"He tried countless times over the years, and he didn't make any progress."

Chen Feng was even more shocked when he heard it.

The Yanyang Great Demon, with only such a little remnant left, and such a little strength, can be so powerful!

It is hard to imagine how strong he was originally.

The Great Emperor Crazy Blade continued: "He found that little girl, such a perfect natural monster, how could he not make a bad idea?"

"It's just that the little girl is a born demon with a high talent, but now the strength of the demon has not been fully stimulated."

"I estimate that this old thing will wait at least three years."

"No matter what, you have to wait for the little girl to break through the nine-star martial emperor, and fully realize the potential of the demon, before he starts to take home."

"Occupy that little girl's body and start practicing again!"

"and so!"

He stretched out three fingers: "It can take three years at most, and at least one year. For such a long time, you don't have to worry about the safety of this little girl."

"Not only does she have nothing to do, on the contrary, the Great Demon of the Sun will never allow her to make a mistake."

"During this time, the Great Demon of the Sun will always protect her."

"Because that is his future body!"

That's it!

Chen Feng sighed for a long time, and immediately relaxed.

[Chapter 4193: Secret](#)

But when he relaxed, he suddenly felt his eyes turn black and his body became soft, and he could almost not help falling directly to the ground.

It turns out that these days, what Chen Feng is most concerned about is the matter of Hua Lengshuang.

In fact, he is on the Dragon Vein Continent, and there are many important things waiting for him to do.

But in order to save Hua Lengshuang, he had already spent too long in this Xuanming Seven Seas Realm, in the Valley of Falling Stars, and made too much effort.

Now, hearing this good news suddenly made Chen Feng's heart ecstatic, and the whole person relaxed completely.

For a while, the body could not bear it.

Chen Feng did not hide in front of the Great Emperor Crazy Sabre, and slammed back directly, lying on the stone pillar, leaning all over.

Then laughed.

The whole person's heart is full of ease.

The Great Emperor Crazy Blade waved his hand and said, "Anything else? If not, I will let you go back to the Dragon Vein Continent."

Chen Feng stretched out his finger: "There is one last question."

He looked at Emperor Crazy Blade with a smile, and asked with interest: "Senior, you have left a treasure of the Nine Rings on the Dragon Vein Continent."

'I tried my best before, but I just found the Seven Rings. "

"I don't think anyone can be stronger than me in this respect!"

"So, where are the remaining eighth-ring clues and ninth-ring clues?"

"The clue for the eighth ring is here!"

The Great Crazy Blade laughed and pointed to his feet.

"It turns out that this is a clue to the eighth ring, what about the ninth ring?" Chen Feng looked at the Great Sword Emperor.

Great Emperor Crazy Blade showed a slightly embarrassed expression again on his face, touched his nose, haha, and said:

"Oh, the ninth ring clue, I originally came across an excellent place."

"As a result, I didn't expect that there were two strong players there. As a result, I couldn't fight before, so it was nothing."

"Where? There are even strong men you can't beat?"

Chen Feng raised his brows,

"You may have heard of that place."

The Great Emperor Crazy Blade looked into the distance with far-reaching eyes: "Here, the name is Nanhuang Jianmu, the treasure house of the Emperor of Heaven!"

"What? Nanhuang Jianmu?"

When Chen Feng heard this, he couldn't help but jumped in his heart, and quickly asked, "Is it possible that the two strong men that the predecessor said are the yellow bird and the snake?"

Emperor Crazy Blade nodded: "Yes, that's right, it seems that you have already been there."

"but....."

Chen Feng was puzzled and said, "Yellow Bird and Teng Snake, the juniors have also seen their strength."

"But it is absolutely impossible for them to be able to compare with your predecessors!"

"Two reasons!"

Emperor Crazy Blade didn't seem surprised that he had this question.

He smiled and said: "First, I was really weak at the time, but I just stepped into the Eight-Star Martial Emperor."

"The second and more important reason is..."

He stared at Chen Feng and smiled and said, "I ask you why in the ancient times, there were still traces of immortals who surpassed Jiuxing Wudi in the Dragon Vessel Continent."

"Why, in the ancient times, there were still powerful people like gods making waves on the Dragon Vein Continent?"

"In recent years, I have never heard such news."

Chen Fengdong was taken aback: "Power decline? Realm decline?"

"Yes!"

"The warrior absorbs the aura of heaven and earth and transforms it into his own strength!"

"The more aura of heaven and earth, the stronger the martial artist, and the faster the increase in strength!"

The Great Emperor Crazy Blade said Shen Shen: "And the entire Dragon Vein Continent, somehow, the aura is getting more and more exhausted!"

"Now, the strength of the Dragon Vein Continent is much worse than it was in ancient times."

"In your current era, compared to my era, it's a lot worse. In my era, I often heard news that the Nine Star Wudi stepped through the void and left the Dragon Vessel Continent."

"Now, have you ever heard of it?"

Chen Feng shook his head.

"That's not it, it's the truth."

The Great Emperor of Crazy Blade said lightly: "Yellow Bird and Teng Snake are not the same as other strong men."

"They are not human warriors, and they don't live as short as human warriors."

"With the strength of the two of them, hundreds of thousands of years, or even longer, have been spent, and with each great decline in spiritual energy, their strength is actually declining."

Chen Feng couldn't help being shocked!

"Sister Yellow Bird and Na Teng Snake, I don't know how many times their strength has declined, but they still have such terrifying strength!"

"So, how terrifying was their original strength?"

"I'm afraid it far surpasses Jiuxing Wudi!"

At this time, Chen Feng felt even more fortunate.

Fortunately, when he went to Tenshe, Tenshe's strength had already declined, otherwise...

As Chen Feng thought, he was in a cold sweat.

"Otherwise, I'm afraid, it was me who buried the bones and built the top of the wood!"

As for what the Great Sword Emperor said, Chen Feng thought of a lot.

Thinking of some rumors he heard before, some secrets he got.

He even thought of a trump card in his hand at this time: artifact fragments.

Isn't it just a piece of debris from the Fallen Thor's Hammer?

And this artifact fragment is so powerful, you can imagine the strength of the fallen Thor's hammer!

However, the Fallen Thor's Hammer is just a spare weapon of the legendary and extremely powerful: Thor!

Not even his genuine weapons.

So, how powerful is the legendary Thor?

Now, there is no such a strong one!

Is it just because of this kind of spiritual decline?

What is the reason for the decline or even exhaustion of spiritual energy?

Chen Fengyao couldn't help but feel fascinated by the aura and countless strong dragons.

"In that era, it was not as difficult to break through to Emperor Wudi as it is now?"

"Presumably, there should be a lot of powerhouses breaking through the nine-star Wudi!"

But soon, Chen Feng realized that as long as he could inspire the Golden Sutra of the Great Bodhisattva, he didn't need much, and he could help him break through to the realm of Nine-Star Wudi if he inspired the introductory chapter!

Even higher!

Follow the footsteps of those strong in the past!

In Chen Feng's heart, the desire to arouse from the Introduction to the Golden Sutra of the Great Bodhisattva Avalokitesvara became even stronger!

Chen Feng's thoughts fluttered.

What he said today with the Great Emperor Crazy Blade had a profound impact on him.

He felt that many of the problems that had been silent and blocked for a long time had been solved directly.

It suddenly became clear.

"Okay, nothing is wrong, let's go now!"

The Great Emperor Crazy Blade flicked his sleeve, and suddenly, a passage appeared in the void.

This space channel connects the outside of the Valley of Fallen Stars.

"Now, outside, at the entrance of the Valley of Fallen Stars, I also built a space channel to allow you to return to the Dragon Vein Continent."

[Chapter 4194: Come back!](#)

Chen Feng nodded: "Okay!"

He didn't have any muddles, and he went straight to the space channel.

Just when Chen Feng turned around and wanted to step into the space passage, the Great Sword Emperor suddenly called him.

He looked at Chen Feng, his gaze no longer looked like a smile, nor was it so plain.

But it brought a strong feeling.

He sighed softly: "Chen Feng, you kid, although your personality is different from mine, I appreciate you very much."

"I can't be a person like you in my life, but I admire someone like you very much."

"For the sake of our destiny, I will give you a piece of advice!"

"What advice?"

Chen Feng looked solemnly.

Like the Great Sword Emperor, this kind of strength has reached the advice of the nine-star Wudi strong, so maybe it can save him many detours.

Even, his life and death can be decided at a critical time.

Chen Feng attaches great importance to this.

The Great Emperor Crazy Blade stared at Chen Feng, and suddenly pointed his finger at the vast void, saying word by word: "Remember, what you hear may not be true, and what you see may not be true."

Chen Feng frowned and said, "Then what is true?"

The Great Crazy Blade laughed, and suddenly pulled his hands out!

It's like tearing apart a cage!

His face was full of pride, and his voice was like rolling thunder: "You can only tear through all the falsehood in front of you, go there and take a look outside!"

"Just know what is true!"

He was a little bit ignorant of what he said.

But Chen Feng heard a strange emotion in his heart.

Deeply touched in my heart.

After a long time, he sighed lightly and bowed deeply: "Thank you, senior, for your advice!"

The Great Knife didn't speak any more, and waved his hand: "Go, go."

A force surged, enveloping Chen Feng, and entered the space channel.

In an instant, the light in front of him changed.

When Chen Feng appeared again, he had already seen the endless sea of clouds outside and the two figures on the edge of the sea of clouds.

At this time, outside the Valley of Fallen Stars, at the edge of the sea of clouds, Pei Muyu was sitting there by himself.

Boring.

Beside her, Sikong Jinglong lay there crookedly in an extremely strange posture.

His whole figure is extremely stiff, like a zombie.

This is also normal.

After all, before Chen Feng left, for fear that Sikong Jinglong would be disadvantageous to Pei Muyu, he specially sealed his meridians.

It has been ten days since Chen Feng, Sikong Jinglong meridians are still sealed like this.

He wailed in waves: "Miss Pei, because we are both martial artists in the Xuanming Seven Seas Realm, you can untie the meridians for me!"

"If my meridians continue like this, they will completely freeze and die."

"At that time, you won't even be able to cultivate!"

"That won't work!"

Pei Muyu was actually Bingxue and smart, how could it be so easy to be fooled by him.

She snorted: "Your blood is special, who doesn't know?"

"You don't need meridians for cultivation, so you want to use these words to deceive me?"

"Besides, even if your meridians are necrotic and unable to cultivate, what does it have to do with me?"

"You wanted to kill me and Brother Chen Feng before!"

Sikong Jinglong quickly wailed, "Isn't I fascinated by ghosts? Where can I still have this mind?"

However, when he said this, his eyes flickered.

There were waves of strange light swimming in his eyes.

"Then Chen Feng has been away for more than ten days."

"The valley in the valley where the stars have fallen is unpredictable. We have been in a few groups of people before, all of them are the elites of the world of the Xuanming Seven Seas Realm. They are completely dead in it, and there is no trace."

"Then Chen Feng might have died in it too!"

"Without Chen Feng, what am I afraid of this little lady doing?"

There was a strange and inexplicable light in his eyes.

The more I think about it, the more I feel that my guess is right.

Suddenly, a sullen color flashed in his eyes: "I'll lie to this little lady later, after helping me unlock the meridians, I will kill him."

At this time, the third master Jin beside him tilted his head and said lazily:

"Little girl, I can advise you not to be kind."

"This dog, I don't think he has a good heart!"

"I think back then, when my old man was in the world, I don't know how many things I saw!"

It turned out that this guy was Sanye Jin, Xiaojin.

After Jin Sanye sent Chen Feng into the valley of the fallen stars, he left his body in the sea of clouds.

And the touch of spirit and spirit in his body came here.

This guy has been sealed for the past tens of thousands of years, and no one talks to him. He is boring to death.

At this time, as soon as they caught Pei Muyu and Sikong Jinglong, they immediately became extremely excited.

Been here these days.

Hearing his words, Pei Muyu rolled her eyes immediately, showing a look of helplessness on her face.

This guy may have been holding back for too long in the past tens of thousands of years, and now it seems like a silly talk.

In the past ten days, his mouth has not stopped.

Sikong Jinglong quickly showed a flattering smile on his face, and said with a smile: "San Ye Jin, you are right, but you have misunderstood me!"

"I really don't have the thought of waiting!"

At this moment, a long laugh suddenly came: "You are the best without these ghosts."

Hearing this long howl, Pei Muyu was taken aback first, and then jumped up with joy.

She shouted: "Brother Chen Feng, Brother Chen Feng, are you back?"

Sikong Jinglong's face was earthy in an instant, and a touch of extreme horror flashed in his eyes.

The next moment, the two of them saw that a figure suddenly appeared above the sea of clouds.

And as he appeared, behind him, a spatial passage disappeared.

On his left hand, a new spatial channel appeared.

This person is Chen Feng.

Pei Muyu immediately jumped into Chen Feng's arms with joy, crying and laughing while holding him.

She was extremely worried about Chen Feng in her heart.

After all, that is the Valley of the Fallen Stars!

Before the experts in the Xuanming Seven Seas Realm entered it, none of them could survive, so how could they not worry?

Chen Feng was at a loss for a while, and didn't know where to put his hands.

He wanted to push Pei Muyu away, but he was afraid of hurting her heart.

After a while, I sighed in my heart, patted his shoulder slightly, and whispered: "Little guy, don't worry, I'll be fine!"

After a while, Jin Sanye seemed to be unable to stand it anymore, he quacked and squeezed his eyes narrowly.

Pei Muyu only realized that there were outsiders here.

He wiped his nose and tears quickly, hid behind Chen Feng, and stopped talking.

But there was an indescribable glow of joy on his face, holding Chen Feng by the corner of his clothes as if he was afraid he would run away.

[Chapter 4195: Of course, it takes your life!](#)

Chen Feng turned to Jin Sanye.

The third master Jin laughed loudly, quacking very badly.

Without even realizing it, he flew over Chen Feng's shoulder and patted him heavily with his wings.

"You guy, I haven't heard from you for so long. Our old man thought you were trapped inside."

"Unexpectedly, you were safe and sound, and you came out without making a sound."

"Okay, our third master Jin didn't misunderstand anyone!"

At this time, he made an old-fashioned, old-fashioned look.

However, Chen Feng could see that he was indeed very concerned.

Chen Feng glared, pretending to be angry, and said, "You owe it again, right? Who are you with Sanye Jin?"

Jin Sanye quickly shrank his head, and his two jet black wings directly covered his head.

Shrunk below and quacked loudly: "You rude person! Don't do it!"

Chen Feng turned around and looked at Sikong Jinglong.

Sikong Jinglong's face quickly squeezed a flattering smile.

But how can Chen Feng be deceived by his appearance?

In fact, when Chen Feng appeared just now, he did not show his figure, just observing Sikong Jinglong.

Because for Chen Feng, if Sikong Jinglong can surrender to himself and use it honestly for himself, then it is a very useful chess piece.

And if Sikong Jinglong can't use it for himself, it will cause great trouble.

But now it is obvious that Sikong Jinglong disappointed Chen Feng!

The murderous intent in his eyes just now did not hide from Chen Feng's eyes.

Chen Feng looked at the two of them, his hands flashed, and a dozen bloodline crystals suddenly appeared in front of him.

In each bloodline crystal, there is a drop of the sealer's magic blood of different shapes and colors.

But no matter what these demon blood are like, there is only one thing in common, that is, their power is very powerful, exuding an extremely terrifying and surging aura!

Seeing these crystals that sealed the blood of the powerful Demon Race, Pei Muyu and Sikong Jinglong suddenly showed shocked expressions on their faces.

Sikong Jinglong was even more greedy.

Chen Feng smiled and said, "These bloodlines of the demons are obtained from the inner valley of the Valley of Fallen Stars."

Chen Feng didn't lie. Every time he killed a great demon before, he sealed it with the blank blood crystal.

Although those great demons dissipated as demonic energy, the demonic blood would not disappear after being sealed.

Sikong Jinglong's breathing became heavy in an instant. He was a distinguished and well-informed person.

At a glance, it was obvious that every drop of the blood of these demons that Chen Feng took out belonged to an extremely tyrannical great demon, with a very high realm and extremely tyrannical strength.

The level of every drop of the blood of the Demon Race is stronger than the blood of one's own body.

There was an idea in his mind for an instant: "If all of these demonic bloodlines can be given to me and let me absorb, what a huge increase in my strength?"

"I'm afraid, you can become the first person in the Xuanming Seven Seas Realm in a blink of an eye!"

"No, there is more than just being the first person in the Xuanming Seven Seas Realm!"

"I'm afraid, if you give me three years to refine it all, I can reach the seventh heaven of the Profound Sky Realm, or even the eighth heaven of the Profound Sky Realm!"

"Become the Xuanming Seven Seas Realm, the number one strong in history!"

There was a strong expression of greed in his eyes.

Chen Feng looked at Sikong Jinglong, smiled and said, "Do you want it?"

Sikong Jinglong nodded quickly like a chicken pecking at rice.

"Want it?"

"Unfortunately, not for your part!"

Chen Feng smiled brilliantly.

Then, he stretched out his hand and patted it off.

With a look of horror on Sikong Jinglong's face, he stared at Chen Feng and shouted: "Chen Feng, what are you doing! What are you doing!"

"Of course it takes your life!"

Chen Feng's face was cold: "You thought I couldn't see it, you just murdered Pei Muyu?"

"You think, I can't guess, if I can't come back, how would you torture Pei Muyu?"

"Do you think I don't know what your thoughts are?"

Chen Feng stared at him with a murderous look in his eyes!

"Sikong Jinglong, I gave you a chance!"

"I once thought about training you to be my help in the Xuanming Seven Seas Realm. It was you who personally ruined this opportunity!"

After that, Chen Feng fell heavily!

Sikong Jinglong let out a terrible scream.

He wants to resist, but how can he resist?

Besides, even if he is not sealed now, where is Chen Feng's opponent?

At this moment, Sikong Jinglong's eyes showed deep regret:

"Yes, he gave me a chance!"

"Why don't I cherish it!"

There was a deep regret in his eyes.

The next moment, with a soft sound, Sikong Jinglong trembled heavily, the expression in his eyes disappeared instantly, he fell to the ground and died directly.

Pei Muyu saw this scene next to him, but did not recover.

It took a while before I realized what had happened.

He rushed forward, kicked violently at Sikong Jinglong's corpse, and shouted: "I'm still thinking about helping you untie the meridians! Didn't you even want to kill me?"

When Chen Feng said that, she just knew how thrilling she was just now!

Chen Feng handed these bloodline crystals to Pei Muyu, smiled and said, "You can use these things to improve your strength."

"I hope that when I see you again, you will have grown into a powerful person in this Xuanming Seven Seas Realm!"

For Pei Muyu, this is not difficult.

Her blood is not weak, and her talent is extremely high.

With the help of these bloodline crystals, you can improve with less effort.

Pei Muyu nodded, and was not polite with Chen Feng, so he put it away.

However, she suddenly realized a little, looked at Chen Feng, and said softly: "Brother Chen, are you leaving?"

Chen Feng nodded: "But don't worry, I will be back in at most a year."

"It is good!"

Pei Muyu looked at Chen Feng, and suddenly smiled, like the sunset.

"I am waiting for you here!"

She didn't cry because she knew that that would only make Chen Feng uncomfortable.

Chen Feng gave her a deep look.

He knew very well that Pei Muyu had to restrain the sadness in his heart at this time, so as to look as usual!

He even said this with a smile.

Chen Feng suddenly hugged Pei Muyu in his arms, gently hugged, and whispered two words in her ear: "Treasure!"

Then, turn around, no more hesitation!

Step directly into that space tunnel!

At this time, Xiao Jin had returned to his body, turned into a small pendant, and got into Chen Feng's arms.

Pei Muyu stood there blankly. After a while, his shoulders shrugged slightly.

There are already tears on her face.

At this moment, only one sentence flashed in her heart: "And you gently hugged me into your arms, saying that you are cherishing..."

However, both of them know that this difference is not as easy as imagined.

[Chapter 4196: Danger!](#)

It's not necessarily as expected, you can see each other easily after a year.

Two worlds apart, it is not enough to describe it as the end of the world.

These are two whole worlds!

Who knows what will happen this year?

Who knows what kind of danger Chen Feng will encounter? Who knows what kind of changes will happen to Pei Muyu?

Pei Muyu was already in tears.

Say goodbye, it may be that the end of the world is forever!

At this time, I heard the excited voice of Jin Sanye from the space channel: "Our old man is going to a new place to learn!"

"By the way, Chen Feng, I will send you a word!"

Just when Chen Feng and Jin Sanye stepped into the space tunnel and shuttled through it.

Suddenly, in the void above the Valley of Falling Stars, a great voice sounded.

As soon as this sound rang, the entire trembling sea of clouds rolled over.

The countless transparent blades in the sea of clouds all whizzed past, making cheerful sounds.

It's as if I saw my master.

The next moment, the voice of the Great Knife Great:

"Young man, loving your martial soul is like loving your most treasured treasure!"

"This Martial Soul will be your most precious and potential treasure!"

"The level of Wuhun will be related to the thing you care about most!"

The voice curled up, so far cut off.

In Chen Feng's mind, there was already a stormy sea.

"Wuhun, actually has such a big effect?"

Chen Feng's martial soul has not been used for a long time.

He didn't even expect that Wuhun would be so useful.

However, Crazy Blade Great has rich experience, and he has even climbed into such a high field. He must not be lying to himself.

Wuhun is the most important!

Chen Feng kept these five words in his heart.

At this time, Longmai Continent, deep in the mountain of sorghum.

Here, there is still a barren and scorched earth. The huge change a few months ago turned the entire mountain of sorghum into this shape, just like the legendary depths of hell, the land of the devil.

Others still don't know what happened in it. Only Chen Feng and the helpers in the City Lord's Mansion of Chaoge Tianzi City knew what happened.

At this moment, above the sky, an emerald-green light flashed suddenly, swiftly across the distance.

When I got closer, I could see that the emerald green light turned out to be a big green ship, exuding vitality.

If there is a well-informed person on the Dragon Vein Continent, he will definitely exclaim when he sees this scene.

It turned out that this turned out to be a wishful boat!

On the Dragon Vein Continent, the number of Ruyi Boats was originally extremely rare.

And such a vigorous and large Ruyi boat is even more surprising.

There are hardly a few.

Anyone who can have it is a generation with extremely strong strength, influence, and financial resources.

And if Chen Feng were here, he would definitely be able to recognize that this wishful boat was his Qingluan wishful boat!

At this time, Qingluan's wishful boat cut through the sky.

But no matter how you look at it, there is no sense of rushing away.

It was as if he was being chased and killed, and was running away like crazy.

And soon, behind Qingluan Ruyizhou, a red light appeared like a flame.

This flame-like red light was about the size of a wine jar, like a firefly magnified countless times.

It gives people the feeling that there is no weight, and it is constantly floating in the air.

But every time it drifts, it can jump a great distance.

He was madly chasing Qingluan Ruyizhou!

And the distance with Qingluan Ruyizhou is constantly getting closer.

At this time, on the Qingluan Ruyi Boat, Wu Linghan, Mei Wuxia, Qingmu and Wuling were there, with expressions of horror on their faces.

In accordance with Chen Fengfeng's instructions, they had parked the Qingluan Ruyi Boat at a certain distance from the core of the Gaoliang Mountain.

There was anxiously waiting for Chen Feng.

As a result, he did not expect that instead of waiting for Chen Feng, he waited for an enemy.

The enemy, whose whole body was wrapped in red light, didn't know whether it was a human or a monster.

It's just that the strength is extremely strong, and they launched a crazy attack on them.

They are not opponents at all, they can only hide in Qingluan Ruyizhou.

After Qingluan Ruyizhou was attacked several times, it was also somewhat damaged.

As a result, they had no choice but to run Qingluan Ruyizhou away.

Because they realized that Qingluan Ruyizhou couldn't even protect them.

As a result, due to Chen Feng's absence, with the strength of a few of them, they couldn't completely control Qingluan Ruyizhou, and could play the speed of Qingluan Ruyizhou.

Therefore, after this whole day of chasing and being chased down, Qingluan Ruyizhou was being chased closer and closer!

And the red light group that chased after it was naturally the Dao Ren!

Wu Linghan looked at Mei Wuxia and Qing Mu and Wu Ling, a touch of determination flashed in his eyes.

She said flatly in her voice: "No time, you protect them two, you run away first, I will stop him."

Mei Wuxia's face changed suddenly, and she said in surprise, "Sister Wu, no!"

"The monster doesn't know what kind of existence it is. The strength is extremely terrifying. You are not his opponent at all."

"You just went up to die!"

Wu Linghan looked at the three of them, smiled slightly, and said softly: "I know I am not his opponent."

'I also know that I will probably die in his hands next. "

"But if I don't go, we might all die!"

"Four of us, I am the oldest! I am the strongest!"

"This matter, I have no shirk!"

Her eyes became firm in an instant: "Brother Chen entrusted you to me, so that I can take care of me well."

"I can't live up to his trust!"

Mei Wuxia was also a person who had experienced big storms, and instantly became calm.

She knew that it was useless to say more at this time.

She nodded heavily, squeezing all the magic weapons in her body to Wu Linghan, and whispered:

"Sister, rest assured, I will protect them!"

Qingmu and Wuling are already full of tears.

When the two of them were about to say something, Wu Linghan waved his hand and said, "Okay, no need to say it again, I will go now!"

"Hurry up and run away!"

As expected, Qing Mu and Wu Ling didn't dare to speak anymore.

Just looking at her, his eyes are full of dissatisfaction and pain.

Wu Linghan took a deep breath, his figure flashed, and he came after the Qingluan Ruyizhou.

Actually, he pounced on the Dao Ren who was chasing behind!

At this time, Daoist Agni had greed and pride in his eyes.

There was a voice echoing crazily in my heart: "Great chance, really great chance!"

"Unexpectedly, I was hit by this great opportunity today!"

"I was there, waiting for Chen Feng to come, so I followed his breath and looked all the way out."

[Chapter 4197: Have you asked me about this?](#)

"Unexpectedly! Hahahaha..."

He couldn't help laughing wildly in his heart: "I found this huge wishful boat!"

"Such a huge Ruyi boat has all kinds of mysterious characteristics. Looking at the entire Dragon Vein Continent, I am afraid that they are all unique!"

"Today, this treasure belongs to me!"

At this time, he also saw Wu Linghan rushing towards him.

He immediately understood what Wu Linghan meant.

Disdain: "Just you? You want to stop me? Are you worthy?"

Dao Ren sneered.

In his red flame like a firefly magnified countless times, a flame suddenly rose up.

Then, the fireball actually condensed into a huge fist in the air.

With a punch, he slammed Wu Linghan fiercely!

When the Dao Ren Huo fought Chen Feng, there was no fancy, nothing condensed his fists.

It is a head-to-head fight purely with strength.

But at this time, he could feel that Wu Linghan's strength was far from his own.

So it is here to show off fighting skills.

And he is indeed qualified to show off.

The fist slammed Wu Linghan's body with one punch, smashing Wu Linghan's offensive directly.

Then, it hit her body.

Suddenly, with a bang, a layer of red flame ignited all over Wu Linghan's body and was wrapped in it.

And she even let out a muffled grunt, feeling that there was no pain in her whole body, and her whole body seemed to be filled with flames.

The whole person flew out like a heavy blow.

Seeing this, he was seriously injured and no longer able to fight.

Mei Wuxia, Qing Mu and Wu Ling exclaimed.

Tears are already in their eyes.

The body of Lihuo Taoist flashed, and he was getting closer and closer to Qingluan Ruyizhou, and he let out a wild laugh: "It's useless to shout anything!"

"Now, no one can save you!"

"Hahaha, this wishful boat is in my bag, and you will all die too!"

"Here, no one can save you!"

But, at this moment, a clear voice suddenly came: "Have you asked me about this?"

Have you asked me about this?

After this voice came, everyone immediately trembled.

Whether it is a Daoist from Agni, or Wu Linghan, Mei Wuxia and others.

After the trio of Mei Wuxia were surprised for a while, they jumped up in excitement and shouted:

"Brother Chen Feng? Brother Chen Feng is back!"

Suddenly, Qing Mu was in that ecstasy, his gaze was a bit suspicious.

She whispered to Mei Wuxia, "Brother Chen, even if he is strong, he may not be the opponent of this monster!"

"Let it come back, won't it be invincible, but will die for nothing?"

When she said that, the smile on Mei Wuxia's face instantly disappeared, and her face suddenly turned pale.

If this is the case, she would rather Chen Feng not come back!

Before the words fell, a figure suddenly appeared.

Dressed in a white robe like snow, with a long body like a jade, who is not Chen Feng?

With a flash of his figure, he came to Wu Linghan and directly embraced her in his arms.

A force gushed out, and immediately extinguished the flame on the surface of her body.

He asked with concern: "Old Qi, are you okay?"

Wu Linghan was safe and sound at this time.

It turned out that the protective treasure presented by Mei Wuxia on her body was not invaded by water and fire, and it was still useful after all.

Although the offensive of Agni Daoist is extremely strong and fierce, it can't burn through its defense for a while.

However, although she was not burned on the surface, her injuries were very serious.

Looking at Chen Feng, her face was full of surprise, her eyes shone with light, her big eyes flickered twice, tears almost falling.

This woman who has always been cold and determined, and can even be said to be a tough woman, is exceptionally weak at this time.

Just as she was about to speak, she suddenly wowed, and a mouthful of blood was sprayed out.

Chen Feng quickly reached out to stop her, smiled and said, "Old Qi, don't talk yet."

"Don't worry, I know what you mean!"

"Relax, I'm back, everything will be fine."

Wu Linghan was breathing fast, his face flushed, just reached out and hugged him firmly.

Dao Ren Huo was also surprised when he heard Chen Feng's voice.

He turned around abruptly, staring at the direction the voice came from, and sneered: "Boy, all right!"

"Although I don't know where you have been during this time, you dare to come back!"

"That's a dead end!"

Among his flames, a flame was born and transformed into a palm shape.

Then, squeeze hard!

As if to pinch Chen Feng to death!

"As long as you come back, then there is no escape!"

His body flashed continuously, and he had already chased directly beside Qingluan Ruyizhou.

And Chen Feng also flickered twice in succession, and then stood firmly on the Qingluan Ruyizhou!

Under his control, Qingluan Ruyizhou directly stopped abruptly and stopped there.

Mei Wuxia, Qingmu and Wuling walked up quickly, looking at Chen Feng, both worried and pleasantly surprised.

"Brother Chen Feng!"

Chen Feng couldn't help feeling warm, and smiled: "Don't worry, it's okay!"

"I'm back, everything is fine."

"You take care of Old Seven first."

Mei Wuxia and the others were full of confidence in Chen Feng. Hearing this, they immediately stopped worrying.

Just dragged Wu Linghan aside, and then each cast his own spells to help Wu Linghan heal.

Green curtain and Wuling are the essence of plants and trees, and there is a warmth and vitality in the body.

It couldn't be better to heal injuries.

Chen Feng stood at the bow of the Qingluan Ruyi Boat, his eyes calm, looking at the burning Taoist.

Seeing that Qingluan Ruyizhou stopped, the Daoist Laohuo suddenly disappeared in a flash, and directly rushed on top of Qingluan Ruyizhou.

But Chen Feng didn't do it.

Seeing this situation, the Daoist Laohuo was completely relieved.

He laughed: "What? Boy, knowing that you are not my opponent, knowing that you are resisting is completely useless, so now I don't even have the idea of resisting?"

"Yes, you know the current affairs!"

After speaking, there was another burst of laughter, extremely rampant.

He obviously regarded Chen Feng as meat on the cutting board, and didn't take him to heart.

Between words, full of contempt.

Chen Feng just stood there faintly, looking at him, without speaking.

At this time, he was actually quite emotional.

"Speaking of which, I would also like to thank Taoist Agni!"

"If it weren't for him, I wouldn't have entered the Xuanming Seven Seas Realm, nor would I have entered the Xuanming Seven Seas Realm, nor would I have such a peculiar encounter."

Chen Feng looked at the blazing Taoist with an indifferent expression, like looking at an ant.

That's right, in Chen Feng's eyes at this time, there is no difference between Lao Huo Dao Ren and Ant.

[Chapter 4198: Are you tickling me?](#)

The two-headed Bull Demon is much stronger than the Daoist of the Fire, so isn't it easy to be killed by Chen Feng?

Chen Feng wants to kill Dao Ren Lao Huo now, only four words: easy!

Seeing Chen Feng's silence, the Dao Ren Huo regarded it as a sign of his weakness and did not dare to speak.

Even more proudly laughed, his figure floated up, standing on the bow of Qingluan Ruyizhou.

"Boy, I thought you were just a bereaved dog, so I chased you up and killed it."

"I also paid back the favor I owed Zhao Haochu!"

"Unexpectedly, you gave me such a gift!"

He looked at Qingluan Ruyizhou at his feet and laughed wildly: "For the sake of you giving me such a treasure, now..."

He looked at Chen Feng, and said in a charity-like tone: "You can judge yourself! Keep your whole body."

When he said this, his voice was full of arrogance and looking down.

It was as if he let Chen Feng commit suicide, but still gave Chen Feng great face.

After he said this, he ignored Chen Feng.

Only began to wander around on the Qingluan Ruyi Boat.

It seems that Qingluan Ruyizhou is in his bag.

He seemed to think that since he had said this, then Chen Feng would definitely commit suicide, and he did not dare to violate it.

He looked around on this Qingluan Ruyi Boat, and the more he looked, the happier he became.

This Ruyizhou is not only large in size, but also has some other very mysterious powers on it.

Suddenly, he glanced and saw Chen Feng still standing there.

There was a stern look in his eyes immediately: "Boy, you still don't commit suicide? Are you going to let me do it myself?"

There was a trace of impatience in his expression.

"If I did it, you wouldn't be as simple as self-decision, I'm afraid you won't even be able to keep a whole body!"

At this time, Chen Feng finally spoke.

"Actually, I'm very surprised, Daoist Agni, who gives you the confidence?"

After saying this, the Daoist of Agni was taken aback for a moment, and then furious.

He pointed to Chen Feng and said with a stern face: "Little bastard, are you fat? Dare to talk to your grandfather like that?"

"Is it possible, do you think you go out and come back now, you have the strength to rival me?"

After all, there was a burst of laughter.

Obviously, he didn't think Chen Feng had the strength to rival him.

Chen Feng looked at him, smiled and said, "I really don't have the strength to match you."

The Daoist of Agni was even more proud, and his laughter was even more frantic.

Chen Feng interrupted him suddenly.

"because....."

Chen Feng stared at him, saying word by word: "My current strength can completely crush you!"

After listening to the Dao Ren Huo, his whole figure was frozen.

Then, he burst into a louder laughter: "Boy, did you get hit so hard by me that you lost your mind?"

"Do you know how big the gap between our two strengths is?"

He pointed to Chen Feng and said, "Before you were a three-star martial emperor, and I am already a six-star martial emperor!"

"Now, you do have a little breakthrough, you are the four-star Emperor Wu, but my strength can still crush you!"

"You four-star martial emperor, nothing counts in front of me!"

"Do you understand?"

His words are full of contempt.

Chen Feng looked at him, only shook his finger slightly: "What are you doing with so much nonsense? Just hit and hit, did you become the Six-Star Martial Emperor by selling your mouth?"

The Daoist Lao Huo was furious in an instant: "Well, well, since you must die, then I will fulfill you!"

The next moment, the flames on the surface of the Dao Ren's body evaporated.

It was directly transformed into the form of a flame giant!

He was about three meters tall, covered in flames, eyes, ears, mouth and nose, and he could see clearly.

If it weren't for the burning flames, it seemed no different from an ordinary human.

However, Chen Feng keenly felt that the Daoist Agni transformed into this human form, and his aura became stronger than before.

"Before, when he fought with me, he hadn't been able to transform into a human form, but now it is possible. Could it be that his strength has improved again?"

The Daoist Lao Huo looked at Chen Feng, his brows were filled with pride.

"Chen Feng, Chen Feng, you must have not expected it, my strength has improved again!"

"Thank you so much!"

"Last time, after the battle with you, I understood quite a bit, and my strength has improved. Now I can transform myself."

"After I transformed into form, I attacked a lot more ways than before, so!"

He looked at Chen Feng and suddenly grinned, his eyes full of hideousness:

"Next, I will abuse you fiercely!"

"I will make you unable to survive, not to die!"

"This is the price you have to pay for daring to offend me just now!"

The next moment, Lihuo Dao's hands raised, and a huge blue fireball slammed towards Chen Feng.

Wu Linghan, Mei Wuxia, Qingmu and Wuling all showed horror on their faces.

Especially Wu Linghan shouted loudly: "Chen Feng, be careful!"

Just now, she was almost killed by this move.

But Chen Feng turned around and didn't even see the fireball. He just smiled and said, "Don't worry!"

He didn't dodge or evade, and went straight to the fireball!

A burst of light circulated above his body, turning into dark gold!

Donkey Kong Arhat's second stage of Immortal Body, suddenly launched!

Chen Feng went straight to the blue fireball.

The Daoist Lao Huo laughed wildly: "Boy, you are really frustrated, you dare to take it hard!"

"My fireball? It's enough to hurt you seriously!"

But the next moment, his smile stopped abruptly and turned into an exclaim: "How is it possible?"

It turned out that the fireball had already hit Chen Feng's body severely.

If it were before, Chen Feng would have been seriously injured.

But at this time, this offensive hitting Chen Feng's body was completely useless!

It just made a burst of clanging sounds, and hit countless golden sparks!

But Chen Feng was safe and sound.

Moreover, after those extremely hot and venomous flames burned on Chen Feng's body, they only burned for a second or two.

The next moment is to disappear completely.

There is no way to burn Chen Feng!

The Daoist Lao Huo was immediately silly, and he yelled in disbelief, "How is this possible?"

Looking at the dumbfounded Daoist Lao Huo, Chen Feng laughed: "Dao Lao Huo, are you tickling me?"

Then, Chen Feng moved forward step by step, forcing him towards the Daoist of Agni!

He was not fast, but he was under tremendous pressure.

After all, Daoist Agni had rich combat experience, and he gritted his teeth immediately: "Boy, your defense is much better than before!"

[Chapter 4199: The body of the Daoist!](#)

"I want to come, this is the confidence you dare to provoke me now!"

"But, so what?"

"The fireball just now was just my most common offensive!"

"Now, I will sacrifice my supreme offensive, I don't believe in you!"

The next moment, he roared wildly and pulled his hands apart.

In the left hand, a fiery red bow was formed.

Pulling the right hand back, a huge fiery red flame arrow was directly condensed!

Then, with a flash, the flame giant arrow shot at Chen Feng fiercely, with an extremely powerful force!

The power of this giant flame arrow exceeds that of the fireball just several times?

This is already the strongest offensive of the Laihuo Daoist!

He shot an arrow and stared intently, wanting to know whether Chen Feng could catch it.

Chen Feng laughed loudly, still walking forward without dodge or avoid!

With a bang, the flame giant arrow hit Chen Feng's body heavily, which was indeed stronger than the fireball just now, but it only knocked out a small crater on Chen Feng's body.

Then he was shocked and disappeared directly!

On Chen Feng's body surface, a dark golden light flashed by, and the small potholes disappeared directly.

Chen Feng patted his body lightly, smiled and said, "Yes, yes, I have grown a lot more than before, but it burned a few of my hairs!"

Wu Linghan, Mei Wuxia, etc. laughed out loud when they heard what Chen Feng said was funny.

Seeing that Chen Feng's strength was so powerful and terrifying at this time, they didn't worry at all.

But the Daoist of Agni saw this scene with an expression of horror in his eyes, and instantly he was extremely frightened.

At this time, how could he still not see that Chen Feng's strength was so terrifying that he could not even reach it! "

"My strongest offensive has no effect on him, what has this kid experienced?"

"But if I haven't seen it for more than ten days, how can my strength become so terrifying?"

Now he suddenly realized a reality that he didn't want to accept but had no alternative: he was no longer Chen Feng's opponent!

Thinking of this, the horror in the eyes of the Daoists of Agni was even worse. OveLUsb.com

After all, he is also a person with extremely rich combat experience, turning around and fleeing wildly.

At this moment, he actually wanted to escape!

He is also extremely fast, and he has reached the extreme distance in a blink of an eye.

Chen Feng laughed loudly: "Want to escape? Can you escape?"

The shadow ghost step was launched suddenly!

Instantly appeared in the shadow of the Daoist Agni.

At this moment, under the sun, even if the Dao Ren Huo is just a ball of fire, there is still a shadow.

With a shadow, Chen Feng can come and go freely!

Chen Feng appeared in his shadow, and the second stage of Donkey Kong Arhat Immortal Body suddenly turned to its strongest!

A hundred and eight billion catties of power was smashed out, and it slammed on the body of Dao Renfei!

After smashing a punch, Chen Feng found that Dao Ren's body was not what it showed, it was just a ball of flame.

Under the flame, there was actually a layer, extremely tough and extremely hard, like a metal thing.

I don't know what the kernel is!

But no matter what it is, it can't stop Chen Feng!

Chen Feng let out a violent roar, his fist moved forward!

With a bang, the extremely hard thing was directly broken!

Then, punch through it fiercely!

One hundred and eight billion catties of power were all smashed into the body of Agni!

Suddenly, the Daoist Laohuo let out a scream that was not like a human voice, and was directly blown out several tens of meters, constantly rolling in the air.

The flame on the surface of his body shrank suddenly!

Then, with a bang, directly explode!

Turned into countless stars and disappeared.

Also exposed its body.

Chen Feng discovered that the body of this Daoist of Burning Fire turned out to be a candlestick!

A plain silver candlestick that looks quite simple, about three feet high, as thick as an arm, with several patterns carved on it, very simple and simple.

It looks like a child's graffiti, even with a hint of clumsy.

But Chen Feng saw that it was not clumsy, but ancient clumsy!

With a trace of ancient primitive atmosphere!

Obviously, this candlestick is extraordinary, it is a top treasure!

At the top, there is a silver tray about one foot in diameter.

At this moment, in the silver tray, a little light was like a bean.

If you look closely, you will find that the flame, the size of a human thumb, is actually in the form of a person.

On the surface of this flame villain, several faces are constantly changing, as if this is a flame formed by the fusion of several souls!

It turns out that the body of the Daoist of Agni is like this!

With Chen Feng's punch, the Dao Ren who hit directly showed his body!

The flame villain stared at Chen Feng and shouted in horror: "You, how can your strength be so strong?"

At this time, the body appeared, and his voice became very strange after no cover.

The tone changes every one or two words.

It's as if this sentence is being said by four different people.

Chen Feng looked at him and smiled coldly: "I told you just now that my current strength is completely superior to you, but you don't believe it!"

Chen Feng slowly pushed forward.

The flame villain was flying backwards while driving the plain silver candlestick, but how could he beat Chen Feng's speed?

His eyes were already full of despair.

Chen Feng looked at him, smiled and said: "Because of your chance, I allow you to judge yourself!"

"You commit suicide now!"

Chen Feng returned what he said just now.

There was a deep sense of fear and regret in the eyes of the little Huo Ren: "Why should I provoke Chen Feng! Why didn't I just run right away?"

"Why is his strength so terrifying?"

At this moment, countless thoughts were tumbling in his mind.

And Chen Feng just looked at him with a sneer and kept moving forward.

Finally, he was close.

The flame villain suddenly stood up, knelt on the silver tray, kowtow to Chen Feng, and said loudly: "Please forgive me! Don't kill me!"

Chen Feng looked at him and suddenly grinned: "If we were in a different place, would you spare me?"

Hearing Chen Feng's words, the villain Huo showed a touch of despair.

And his face changed in an instant.

It wasn't that a person was changing his face, but that four faces were changed in an instant!

It's creepy!

Chen Feng felt quite interested.

Obviously, this flame villain should be composed of four different souls.

I don't know how the four souls constitute a person, and why are they parasitic on this plain silver candlestick? What is the origin of this plain silver candlestick?

Chen Feng is even more faint, as if from them, he can detect a sense of familiarity!

"Familiarity? Why is this?"

Chen Feng had already approached, and two dark golden fingers stretched out and pinched towards the flame villain.

[Chapter 4200: Because, I changed my mind!](#)

Seeing the next moment, Chen Feng can directly squeeze the flame villain!

Let him be completely destroyed, and there is no place to bury him!

At this time, the flame villain seemed to be completely desperate, let out a howl, and finally revealed his trump card completely:

"I know many secrets in the Soul Palace, I know many things in the Soul Destruction Hall!"

"As long as you don't kill me, I will tell you all the secrets of Soul Destruction Hall!"

"Furthermore, I still have a method for cultivating the soul, which is enough to make your soul very strong!"

"Even if you are killed, there is still a ray of remnant soul alive!"

"Even if you can't restore your original strength, you can at least survive, and you won't die!"

He also wanted to survive, and in an instant, he said all these words.

After that, he closed his eyes and waited for his death, knelt there repeatedly and kowtow, begging loudly!

After hearing this, Chen Feng was moved in his heart.

In an instant, many of Chen Feng's doubts were understood.

"I said how could there be four remnant souls into one person? I said how could they give me a familiar feeling!"

"It turns out that this Daoist of Agni was born in the Soul Destruction Hall!"

Soul Destruction Hall!

When Chen Feng thought of these three words, his heart was ups and downs.

"An old man is there!"

"Senior Sister is there!"

"Yaoguang is there too!"

"This Soul Destruction Palace, I must kill it! This is the place where I must be destroyed quickly!"

Chen Feng thought of a lot.

"I don't kill this Dao Huo, but I can."

"As long as you can get enough secrets of Soul Destruction Hall!"

Chen Feng lowered his head, just as the little flame man raised his head.

At this moment, Chen Feng extremely keenly caught the gaze in the eyes of the flame villain!

What a look!

It was full of viciousness, cunning, viciousness, and unspeakable resentment!

So for an instant, Chen Feng shook him with great excitement, almost slapped himself in the face!

"Chen Feng, how can you be so careless?"

"These four remnants don't know how many years they have lived, or what kind of things they have experienced. How can he believe what he said?"

"You know too little about Soul Destruction Hall. They can deceive you by saying anything. Not only will they spare their lives in vain, but they may also mislead you by the wrong information!"

For a moment, Chen Feng's eyes were murderous.

He has made up his mind to no longer keep the Daoist of Agni!

"It's just that I'm still interested in their information. If I kill them, I really don't know."

"Hey, yes..."

Suddenly, a flash of light flashed in Chen Feng's mind.

Then, he looked at Taoist Agni, smiled and said, "I ask you a question, how many years have you lived for the four of you?"

Dao Lao Huo did not wonder that Chen Feng would know that they were four.

With Chen Feng's cultivation base, it is strange that he can't see it.

"The four of us, it was 20,000 years ago when we entered the Hall of Soul Destruction, and it was 10,000 years ago when we escaped from the Hall of Soul Destruction!"

"In it, stayed for ten thousand years!"

"Oh, it turned out to be four old monsters nearly 20,000 years old! You four, the total is more than 80,000 years old!"

"A soul over 80,000 years old?"

A smile appeared at the corner of Chen Feng's mouth: "The four remnants of souls that add up to more than 80,000 years, no matter how bad they are, there is no difference!"

"I'm afraid, there is one thing that interests you very much!"

Chen Feng smiled, looked at Dao Lao Huo, smiled and said: "I just, that question, isn't it a secret?"

"If you ask, it's not a leak, right?"

"Of course not!"

Dao Ren said quickly.

"Since it's not a leak!"

Chen Feng's face suddenly turned cold: "In other words, I didn't get a secret from you!"

"I didn't get secrets from you, and I didn't get benefits from you!"

"I didn't take advantage of you, and now I kill you, so naturally I will not bear any cause and effect!"

Chen Feng said this like a storm!

It's like saying it to the Daoists of Agni, but also like saying it to my heart!

With these words, Chen Feng's heart has become extremely firm!

"So, you four, now, you can go to death!"

After all, Chen Feng smiled coldly and stretched out his hand!

The Daoist Lao Huo let out a scream and scream full of surprise: "You, you clearly moved your heart just now!"

"You were willing to exchange a secret for one of our lives just now!"

"Why! Why repent?"

"Very simple."

Chen Feng smiled slightly, showing white teeth: "Because, I changed my mind!"

The next moment, both fingers squeezed hard.

With a crisp sound, the raging fire villain was crushed directly.

The four remnants of souls, no longer able to merge, turned into wisps of smoke, and fled away frantically!

But how could Chen Feng let them escape?

As soon as he stretched out his hand, a white bone fragment appeared.

The white bone fragment was condensed on the body of the two-headed bull demon.

It contains the martial arts of heaven and earth reincarnation, the top spiritual martial arts!

As soon as the white bone fragments appeared, he immediately sensed the traces of these four remnants.

And these four remnants of souls seemed to be delicious to him, but they were not that attractive.

He hesitated, but it should have been a long time since he had eaten, so he finally flew up.

With a trace of reluctance.

Chen Feng laughed and said, "Don't pick, some food is good!"

With a flash of white bone, it turned into a huge white ghost wolf.

Then, the white ghost wolf roared, swallowing one of the blue smoke!

Above the other three green smokes, there was an extremely fearful, screaming emotion.

Fleeing like crazy!

But how can you escape?

In a blink of an eye, they were all swallowed by this white ghost wolf!

The white ghost wolf returned to Chen Feng with a soft bang, and it turned into white bone pieces again.

It's just that the white bone fragments are different from before.

However, Chen Feng clearly felt a sense of unfinished feeling from the white bone fragments.

Obviously, to him, these four remnants can only be regarded as appetizers.

On its far left, seven or eight runes are revealed.

The color of the runes is pale gold, just like the golden spiritual sea.

All of them are extremely small, but extremely profound.

It seems that there are a thousand meanings in one word.

Chen Feng was overjoyed: "Heaven and Earth's repeated reincarnation magic art, has the imprint been released? At least part of the imprint?"

It turned out that Chen Feng had just thought that if this Daoist of the Agni blaze deceived himself, there seemed to be nothing he could do.

But then, he thought of an excellent way.

Heaven and earth repeated reincarnation magic, the white bone piece where this martial skill was, just about to swallow a powerful soul.
