

Peerless 4241

[Chapter 4241: Hand over the treasure!](#)

"But, but, how come you!"

He seemed to think of something he hated, and the expression in his eyes was already full of resentment.

"But why did you show up!"

"The moment you appeared, it was amazing and stunning, shocking everyone, even the abbot and grandmaster broke his vow and accepted you as the smallest disciple who entered the room!"

"You are less than forty this year, you have become the first person in the young generation of Shifang Jungle!"

"Also, he was appointed the next abbot!"

He suddenly let out a crazy spiteful roar: "These things are originally mine!"

"Why are you stealing them all! Why?"

The look on his face was extremely crazy, and the muscles on his face twitched.

And his eyes are full of hatred, murderous intent, brutality, etc.

Then, he raised his arms and laughed nervously: "But, God open your eyes! God open your eyes!"

"I thought I would never have a chance to come back, and I can only linger under your hands, humble and obedient!"

"But I didn't expect that God's treatment of me is not bad, and he really gave me such a good opportunity!"

It turned out that this person's law name is Kongyang.

"Then Chen Feng actually has our ten jungles, up and down, looking for a treasure for hundreds of thousands of years!"

"That treasure has a deep relationship with the Patriarch who founded Shifang Jungle back then!"

"If I get this treasure, I will practice secretly outside, I'm afraid it won't take a long time for the cultivation base to advance by leaps and bounds!"

"At that time, let alone you, the dog, I'm afraid that even the abbot and the old monsters in the back mountain will not be my opponent!"

"When the time comes, I will return to the jungle of the ten directions! It is still the abbot of the jungle of the ten directions!"

"Hahaha..."

Thinking of what he was proud of, he laughed wildly, his whole being mad.

Suddenly, his laughter stopped, and his eyes were cold: "The next most important thing is to kill Chen Feng."

"Then get the treasure from him, and make sure that no one will know about it."

Kong Yang's expression had completely calmed down at this time, and he was indifferent.

It's like, there is no difficulty for him to behead Chen Feng!

The next moment, his palm flipped, and a treasure similar to a compass appeared in his hand.

It was about half the size of a palm, and the whole body was perfectly round, and at the center of it was a thing about one finger high, thick as a candle.

And if you look closely, you will find that this purple-gold thing is a purple-gold Zen stick that has shrunk countless times.

The purple gold Zen stick was not fixed on the compass, but dangling on it.

Especially after taking out one of them, the Zijin Zen stick shook violently.

The position fluctuates.

Suddenly, it pointed to the south direction.

The corner of Kong Yang's mouth hooked: "Kong Shan, to speak, I want to thank you too!"

"At the time, at the time of the competition, you won me and took the treasure I liked the most."

"I had no choice but to take the second place, and chose the most mysterious of the Ten Fang Jungle Treasure Pavilion, but no one knows the specific function of this treasure, which is regarded as a waste by many people."

"Unexpectedly, at this time, this treasure would actually work."

The next moment, he hurriedly headed west.

Under a big tree, above a boulder.

Chen Feng was sitting cross-legged, closing his eyes and adjusting his breath.

After a long time.

Chen Feng opened his eyes and sighed softly, with a hint of irritability in his eyes.

He just sat cross-legged here, seizing all the time to practice.

As a result, he found that his path of cultivation had been blocked.

No, it should be said that he has come to an end at this stage.

Because of his past exercises, he can only reach his current state.

Of course, Chen Feng can improve his strength from other aspects.

However, if the realm is not improved, the improvement of other strengths is only limited.

Just before, when Chen Feng broke through from the three-star martial emperor to the four-star martial emperor, all other martial arts immediately began to improve.

Donkey Kong Arhat's Immortal Body has also been upgraded, and Shadow Ghost Walk will also start to improve.

Realm is the source of everything.

The realm is high enough, everything will happen automatically, with twice the result with half the effort.

He now wants to continue to improve his realm, only one way is to open a new door.

He has found the door.

It is the Golden Sutra of Avalokitesvara Bodhisattva.

But unfortunately, he still couldn't open this door.

Or, to be precise, he tried his best, only to push the door open to loosen it a bit.

There are even no gaps.

The gap opened is the introduction!

At least you have to untie the introductory chapter before you can say that you have opened this door a gap and saw the scenery behind that door.

"Golden Sutra of Avalokitesvara Bodhisattva! Golden Sutra of Avalokitesvara Bodhisattva!"

There is a touch of sadness between Chen Feng's eyebrows and Yu: "Now you are the source of everything! When will I be able to untie the introductory chapter!"

He can't wait now.

"I just don't know. In addition to the real demon seed, the Golden Sutra of the Great Bodhisattva is interested in other things."

"If he can find something he is interested in, then the speed of unlocking it will be much faster!"

Suddenly, he raised his brow and looked forward.

There was movement from there.

Chen Feng raised his eyebrows, he thought it was a disciple of the Xuanyuan family who came over.

But soon, his brows groaned.

It turned out that Chen Feng clearly felt that this breath was definitely not a disciple of the Xuanyuan family.

The next moment, the leaves separated and a figure came out.

But he was wearing a golden red robes.

"What do people from Shifang Jungle come here for? A chance encounter, or?"

The person who came was Kongyang.

He looked at Chen Feng and smiled faintly: "Chen Feng?"

Chen Feng raised his brows, and his attitude made him feel very uncomfortable.

Chen Feng said lightly: "It's me, how?"

"Sure enough, I didn't find the wrong person."

Kong Yang grinned suddenly, his eyes suddenly changed.

It's like a ferocious beast seeing its prey.

He still walked forward very leisurely, looked at Chen Feng, smiled and said: "Chen Feng, hand over the treasure of you, I will give you a happy one."

He raised his chin, with a hint of charity on his face.

It was as if he gave Chen Feng a great favor.

Chen Feng frowned slightly, and a cold murderous intent surged in his heart.

But at the same time, his eyes were even more confused.

"This disciple of the ten directions jungle is definitely not an idiot, and no one is an idiot if he can get to this point."

In the current situation, if he met Chen Feng by chance and had a murderous intention, then Chen Feng understood well.

[Chapter 4242: I look so bullied?](#)

After all, it is normal for the two sides to have a conflict and fight here.

But he clearly came for himself.

The expression he showed after asking he was Chen Feng, and the mentality he showed, made Chen Feng very clear.

He came for himself!

"I do have some grudges with Shifang Jungle."

"However, I and him never met, I'm sure of that."

"He came straight to me, and most importantly..."

Chen Feng twisted his brows, his eyes flickered:

"Just now, he asked me to hand over my treasure?"

"I have many treasures here, but which one is related to Shifang Jungle?"

"There is no treasure obtained from the jungle of Shifang, why would he come up and ask me for that treasure?"

"He must have a plan!"

"However, I have a lot of treasures related to Buddhism."

"Whether it's the sapphire bodhi branch or the golden sutra of the Avalokitesvara Bodhisattva, this is the case, is it possible..."

In Chen Feng's heart, if he suddenly realized something, he had already vaguely guessed it.

In an instant, his heart jumped wildly, and he immediately became excited!

"If it's as I guessed it, then I'm afraid of today's affairs..."

Chen Feng didn't get angry or what happened because of that sentence, but rather calmly analyzed the current situation and the cause of the matter.

On the other side, Kong Yang keenly sensed Chen Feng's heart beating wildly and his mood changed at this moment.

He didn't know this was because Chen Feng saw a trace of reason, and thought he was scared.

Suddenly, a disdainful smile appeared at the corner of his mouth:

"I heard that you are the first person in the younger generation of the Xuanyuan family, and you have a great reputation on the mainland."

"Unexpectedly, the inside is actually a straw bag."

"You were so scared by me like this?"

He looked at Chen Feng, walked up slowly, and said faintly: "I will count down to five."

"If you don't commit suicide, then I will do it."

After all, stretch out five fingers.

Chen Feng looked at him and sneered in his heart: "Kill me? Are you sure? Are you worthy?"

He looked at Kongyang, smiled and said, "I don't know how your Excellency is called?"

Kongyang said lightly: "Poor monk Kongyang."

After that, he folded his finger and smiled: "Now, there are only four breaths left."

Chen Feng's voice was faint: "Kong Yang, right? You want to kill me?"

Chen Feng pointed to himself.

He didn't ask Kong Yang why he didn't ask how he found himself.

These questions, after he abolished him later, there is time to ask.

"Yes, I just want to kill you."

Kong Yang faintly spit out a number: "Three."

Then, he sneered and said, "Everyone is not guilty, but he is guilty."

"Boy, you have treasures on your body that cannot be matched by your strength. You are not qualified to guard this treasure at all!"

"Oh, I am not qualified to guard? It seems that you are qualified to guard?"

Chen Feng smiled.

Kong Yang said coldly: "Of course I am more qualified than you."

"Boy, are you sure you have to talk nonsense with me instead of committing suicide?"

"My patience is limited!"

He said this as if he had given Chen Feng a few breaths to kill himself, it was like giving Chen Feng great face!

Chen Feng smiled: "It seems that you look down on me?"

"Yes, I just look down on you."

Kong Yang chuckled, and the laughter was full of contempt: "I just look down on you, what can you do to me?"

"I just look down on you, do you have an opinion? Do you have that strength?"

At this time, he was almost in front of Chen Feng.

Chen Feng touched his nose: "I look so easy to bully?"

Kongyang laughed wildly: "It's not that you look like a bully, but you are a trash bully!"

After that, he roared:

"Now, five breathing times have come!"

"Boy, I gave you the face, you don't want it!"

"Well, I will kill you myself now!"

After all, he smiled coldly, took a step forward, and the golden-red robes floated in the wind.

With one punch, he smashed at Chen Feng!

After his fist blasted out, it turned black in an instant.

Not the pitch black color, but the pitch black full of metallic texture.

Just like the color of pig iron.

However, Chen Feng knew that the hardness of this fist might surpass that of steel countless times!

At this moment, Chen Feng laughed loudly: "Only you? Still want to kill me? Are you worthy?"

At this time, the long-repressed emotion in Chen Feng's heart finally broke out suddenly!

Ever since he came to Kongsang Sacred Tree and prepared to participate in Kongsang Lunjian, Chen Feng's emotions have been frantically suppressed!

Just because he didn't want to expose his strength prematurely.

Because he wanted to be truly a blockbuster in this Kongsang Lunjian, let everyone know how powerful he is!

Endured for too long, now!

Chen Feng suddenly raised his head, a cold smile appeared at the corner of his mouth: "It's time to explode!"

"Kong Yang, let's start with you!"

At the next moment, Chen Feng let out a violent roar, and the dark golden light flickered above his body!

Donkey Kong Arhat's second stage of Immortal Body, suddenly launched!

His body instantly turned into a dark golden color.

Kong Yang was slightly surprised when he saw this, but didn't take it to heart. He just raised his eyebrows and said with disdain:

"I said why you are so arrogant, you have to rely on it."

"Presumably, this exercise is your trump card, right?"

"but....."

There was a disdainful smile at the corner of his mouth, and he sneered and said, "Your biggest mistake is to head-on with me!"

"As you know, I am the younger generation of Shifang Jungle, the first person to work hard!"

"Just your body-breaking exercise, I can smash you with one punch!"

Chen Feng smiled coldly, without any nonsense, and hit out with a punch!

"Fight me head-to-head? Overestimated!"

Kong Yang said with disdain.

His fist was about to collide with Chen Feng's fist.

There was a touch of indifference in his eyes.

In his opinion, when this punch fell, Chen Feng would break his fist first, and then his arm would be directly shattered!

Then, his body would be directly broken, leaving only a breath!

In the next moment, the two fists slammed together!

At this moment, there was a loud bang, and a huge wave of air suddenly burst out and spread to the surroundings.

The ground over a thousand meters trembles fiercely, and all the trees are uprooted and smashed outward!

A radius of one thousand meters, instantly turned into a piece of white ground!

Within a few hundred miles of the surrounding area, everyone heard the huge movement and turned their heads to look at it, with a shocking look on their faces!

"What kind of master is at war?"

[Chapter 4243: I'm not discussing with you](#)

"Is there a top expert fighting so soon? I feel that the strength of the two of them has at least reached the five-star Wudi!"

Just when everyone was speculating about who these two powerhouses were, the situation in the field had changed drastically at this time!

When the two fists collided, Kong Yang was still full of disdain and indifference.

But the next moment, his face changed drastically.

It turned out that at this moment, he felt an extremely huge force burst out and smashed toward him!

This force is extremely fierce and surging!

It's like being photographed by the huge waves, and even makes people feel like facing the vast ocean!

In an instant, there was a sense of extreme powerlessness in his heart!

That's what I feel when I face a force I can't resist at all!

Kong Yang's face changed drastically, staring at Chen Feng, and shouted in disbelief, "You, how come you have such a powerful force?"

"You, aren't you in the realm of the four-star Wudi, the strength of the three-star Wudi?"

Chen Feng smiled coldly: "I can't be foolish!"

The next moment, 108 billion catties of power burst out and plunged directly into Kong Yang's fist of the color of black iron!

Kong Yang's fist, the light has changed!

The next moment, it was unable to contend, and it was blown apart!

Obviously, his physical exercises were bombarded by Chen Feng and directly broke the exercises!

As for Chen Feng's 108 billion catties of power, he continued to move forward without stopping at all!

It smashed into his right arm again.

Suddenly, his right arm was also directly shattered!

Then, it smashed into his body fiercely!

Suddenly, Kong Yang let out a scream.

He felt tremendous pain rushing over madly.

Kong Yang howled frantically, activated all his life-saving abilities, and with a bang, his robes swelled, trying to block it.

But, it's useless at all!

In the next moment, the robes shattered directly, revealing his dark as iron body!

Above his body, light circulated several times, squeezing out all the potential, trying to resist it.

But, still useless!

With Chen Feng's punch, even the Six-Star Wudi could kill!

However, his previous robes were obviously the most precious.

Coupled with the protection of his physical exercises, after all, he did not fall apart and was directly shattered.

Kongyang body is still intact.

But even so, all his bones were broken.

On the body, countless wounds burst open, blood rushing out frantically.

His body was smashed hundreds of meters away, slammed fiercely on a rock wall, and then slipped softly, shed a shocking blood-red color!

He collapsed to the ground, panting heavily, blood rushing out frantically.

But he has ignored the physical pain and his serious injury at this time.

He just looked at Chen Feng and hissed: "You, how come you have such a powerful strength?"

He suddenly realized that he shouted: "Have you concealed your strength before?"

"You are not a four-star martial emperor at all, and your strength is definitely not limited to a three-star martial emperor!"

"You are afraid that you have the cultivation base of the Six-Star Emperor Wu!"

Chen Feng slowly stepped forward, looked at him, and said with a smile: "I never said what kind of strength I am."

"Everything before is nothing more than you ignorant people speculating there."

He smiled coldly, raised his chin slightly, with a hint of arrogance on his face: "How can you predict the strength of my Chen Feng?"

He knelt down, looked at Kong Yang and smiled and said, "Kong Yang, didn't you just say that a punch will smash my fist, my arm, and then my torso?"

"Now, the two of us..."

He said lightly: "Who was shattered?"

Kong Yang's originally pale and bloodless face was instantly red like pig liver.

Chen Feng's words slapped his face like a big slap.

Chen Feng then smiled and said: "Just now, you said that you let me commit suicide, and you said that I was shameless?"

"We two, who on earth is shameless?"

These words were just said by Kongyang to Chen Feng.

When Kong Yang said these words at the time, he was arrogant and disdainful, and Chen Feng was not in his eyes at all.

At this moment, he was kneeling in front of Chen Feng, without the strength to fight back, like a dying wild dog.

Kong Yang remembered the words he had just said, and felt that the words he had said before, every word turned into a slap, and slapped him fiercely.

At this moment, endless humiliation surged in his heart, making him want to find a place to sew in.

"I'm so ridiculous!"

"Chen Feng's strength is so strong, completely surpassing me, I am compared with him, there is no comparison at all, even his shadow is invisible!"

"How dare I say that to him? What a shame!"

"Kong Yang, you are not only defeated, but even a trace of face is lost!"

These words are what Kong Yang once said to Chen Feng.

At this time, Chen Feng returned everything.

The difference is that when Kong Yang said these words before, he was bragging without knowing the height of the sky.

At this time, Chen Feng said this because he was qualified to say it!

He has such strength!

Chen Feng's words and words, like a knife piercing his heart, brought Kong Yang a huge humiliation and made him tremble all over.

He wished he died quickly.

Chen Feng was really murdering and condemning him. Not only did he defeat him, he was severely wounded, and he was no longer able to fight back, but he humiliated him severely.

And Chen Feng didn't think there was any problem.

Chen Feng glanced at Kong Yang and said lightly: "Now, I want to ask you a few questions."

Kong Yang suddenly opened his eyes, staring at Chen Feng, and said coldly, "Chen Feng, don't think about it!"

"Tell you, you can't ask a fart from me!"

Chen Feng looked at Kong Yang and suddenly shook his head: "Kong Yang, you may have made a mistake."

"I am not discussing with you, but ordering you!"

He sighed helplessly: "I usually don't want to do it, but why do you have to force me?"

Then, Chen Feng brought Kongyang to the side of the mountain stream.

But after a while, there was a terrifying scream that sounded like earth-shattering.

The scream lasted for only a few dozen breaths, and then a loud begging for mercy came from: "Please, please, stop... I said, I said everything..."

But Chen Feng smiled slightly, looked at Kong Yang who was crying and begging, and said lightly: "Sorry, now begging for mercy, it's too late."

Then the screams screamed.

After a cup of tea rang, Chen Feng just stopped.

[Chapter 4244: Secrets of Shifang Jungle](#)

Kong Yang had already been seriously injured, and now he was dying, leaving only a breath.

He looked at Chen Feng, the arrogance in his eyes disappeared completely, and some were just fear.

Busy nodding, tremblingly: "You ask, I will say everything!"

He was completely shocked by Chen Feng.

Chen Feng sighed softly and calmed down his excitement.

Then, I asked the question I cared most about: "What is the treasure on my body that you want?"

Kong Yang took a deep breath, looked at Chen Feng, and slowly said a few words: "Golden Sutra of the Great Bodhisattva Guan Zizai!"

"What I want is the Golden Sutra of the Great Bodhisattva in Your Body!"

"Golden Sutra of Avalokitesvara Bodhisattva!"

Chen Feng's heart beat fiercely in an instant.

Although Chen Feng had already had similar speculations before, at this time when he heard Kong Yang utter the words 'Golden Sutra of the Great Bodhisattva Avalokitesvara' himself.

He personally said that he knew that he had the 'Golden Sutra of the Great Bodhisattva Avalokitesvara', and he was still shocked in his heart!

Chen Feng has always believed that the Golden Sutra of the Great Bodhisattva Guanzi, the entire Dragon Vein Continent, only he knows its origin, and only he owns it.

But now, it seems that things are not what I imagined!

Chen Feng set off a storm in his heart:

"Why does he know the Golden Sutra of Avalokitesvara?"

"What's the relationship between the jungle of their ten directions and the Golden Sutra of Avalokitesvara?"

"Moreover, more importantly, what kind of benefits can this matter bring to me? Can it help me untie the Golden Sutra of the Bodhisattva Vipassana?"

In an instant, Chen Feng thought of countless questions.

But the look on his face didn't move at all.

He looked at Kongyang and said lightly: "How do you know the Golden Sutra of the Great Bodhisattva? How did you know it? What does this Golden Sutra of the Great Bodhisattva have to do with you?"

Kong Yang looked at Chen Feng with a rather strange look: "I knew you would ask me this question."

"It is estimated that you obtained a page and a half of the Golden Sutra of the Great Bodhisattva of Vipassana by chance, right?"

"Furthermore, it is definitely not the Golden Sutra of the Bodhisattva Vipassana that is obtained through the ten-point jungle."

"So, I don't understand some of them."

He took a deep breath and said in a tone of excitement:

"The reason why I know is that the Golden Sutra of the Great Bodhisattva of Vipassana is the basis for our ten-point jungle to be able to settle down in this dragon vein continent."

"It's the ultimate technique of our ten directions jungle!"

"It's the supreme treasure of our ten jungles!"

"what?"

Chen Feng was even more shocked.

Listening to what Kong Yang meant, could it be said that this ten-point jungle was not originally the sect of this dragon-veined continent, but came from outside the sky?

And the reason why they are able to have the scale they are today is because of the Golden Sutra of the Great Bodhisattva Vipassana?

Then, what kind of connection do they have with the mysterious Daqinglian Temple and the Heavenly Outer Sect?

Kong Yang's voice was faint, with a trace of reminiscence in his eyes: "That is, if you asked me this question, if it's someone else, I really don't know."

"Even in the jungle of ten directions, only the abbot can know this secret!"

"Ten years ago, I knew this secret for the first time because I was determined to be the next abbot."

"Back then, the master abbot called me into the secret room and told me about it."

"I just learned about the origin of our ten jungles. I just heard the words 'Golden Sutra of the Great Bodhisattva Avalokitesvara'!"

Chen Feng did not interrupt him, but listened quietly.

Kongyang paused and said softly.

And in his mouth, an old story, the great secret, is quietly opened.

It turns out that although the Shifang Jungle is the sect of the Dragon Vein Continent, the ancestor of the Shifang Jungle is not the Dragon Vein Continent.

But from another world outside the sky.

As for which world he comes from, no one knows.

He did not tell his apprentice.

Therefore, even the abbot of Shifang Jungle does not understand.

This strong man who created the Shifang Jungle line just told his apprentice that he came from a temple called Daqinglian Temple!

It is even more to leave the ancestral training, every person who takes over as the abbot of the Shifang Jungle must swear a poisonous oath when taking over!

People who see Daqinglian Temple will kill them!

Otherwise, you will deceive your master and destroy your ancestors, and you will never recover!

It turned out that the ancestor of the Shifang Jungle was an ordinary monk who swept the floor and carried water in the Buddhist Scripture Pavilion of Daqinglian Temple.

His strength is not high, and his temperament is also cold, he belongs to the lowest status and the worst strength among the Daqinglian Temple.

Although Daqinglian Temple is a place for Buddhist meditation, it is also a place for good and bad.

He was withdrawn and withdrawn, so he was pushed out and humiliated.

Staying in it for hundreds of years, life is very difficult.

And he is also a person with a very good city government, coupled with extremely high talents, so in the hundreds of years in Daqinglian Temple, he actually learned countless exercises among them.

Quietly, his strength has grown into the top master of Daqinglian Temple!

And he forbore it for hundreds of years without having an attack.

Its purpose is to steal the treasure of Daqingliansi Town Temple!

It is also the top treasure that he can count in the world where he was born: the Golden Sutra of the Great Bodhisattva Guanzi!

He knew his strength well back then. Although he was considered first-rate in Daqinglian Temple, he was not even the top.

Let alone crush other people!

And because of the humiliation he suffered in the early years, he was full of hatred for Daqinglian Temple.

His goal is to completely destroy the Daqinglian Temple!

But if you want to achieve this, it is necessary to become the strongest person in Daqinglian Temple!

He could no longer do this by stealing learning alone.

Therefore, I set my sight on the Golden Sutra of the Great Bodhisattva of Vipassana.

So, after decades of preparation.

Finally, one night, he quietly sneaked into the main hall of the Great Qinglian Temple.

It really is extremely powerful, coupled with the preparation of the previous decades, and perhaps a little luck, it was actually touched by him to the position of the Golden Sutra of the Great Bodhisattva Avalokitesvara!

He wanted to take away the Golden Sutra of Avalokitesvara Bodhisattva.

But he was shocked to find that he couldn't pick up the golden scriptures of the Great Bodhisattva at ease!

Then, it was discovered by the master of Daqinglian Temple and fled in a hurry.

Before leaving, in desperation, he tried all his strength and paid a great price. He actually tore off one of the pages of the Golden Sutra of the Great Bodhisattva at ease!

Hearing this, Chen Feng's eyes twitched.

He couldn't even open the Golden Sutra of the Great Bodhisattva Avalokitesvara, unable to watch it, and this person could tear the next page!

However, Chen Feng, after all, had a good understanding of Daqinglian Temple, so after another thought, he found that this was normal.

[Chapter 4245: Negotiate terms](#)

The strength of this monk is not top in Daqinglian Temple.

But that is because Daqinglian Temple is the top power in that world.

And the level of that world is much higher than that of Dragon Vein Continent!

But in fact, his strength has also reached the peak of Jiuxing Wudi!

It's only a step away from the next great realm.

Putting it on the Dragon Vein Continent is definitely the top powerhouse.

If the person just learned something else, that's all.

Daqinglian Temple may not care too much.

But what he stole was the Golden Sutra of Avalokitesvara Bodhisattva!

It is the top treasure of this Daqinglian Temple, and even the top treasure of that world!

How could Daqinglian Temple be willing to let him go?

It is to send countless masters crazy to chase and kill.

Although he was killed a lot by this person, he was also forced to a dead end.

Finally, when he was surrounded by a dozen masters of the Great Qinglian Temple and was about to be killed, he gritted his teeth and jumped into the space gap that appeared because a dozen masters worked together, the endless turbulence of the void Among.

There are many people in every world like this kind of people who break through the void and get lost in the turbulence of the void.

But most of them died in the turbulence of time and space.

This monk was really lucky, and he came to the Dragon Vessel Continent.

After coming here, he found a place to meditate, and went to the details.

The Golden Sutra of the Great Liberty Bodhisattva, even though it is only a fragmented page, is a fragmented page of the introductory chapter.

But he still made a crazy breakthrough in strength, broke through the realm of the nine-star martial emperor, and created the foundation of the Shifang Jungle in one hand!

Chen Feng forcibly suppressed the ecstasy in his heart and forced himself to calm down.

Staring at Kongyang, he said in a deep voice:

"Are you sure, your Patriarch, broke through the Nine Star Martial Emperor, right?"

"Yes, I'm pretty sure!"

Kong Yang nodded heavily.

At this time, Chen Feng almost had an urge to laugh wildly.

"The Patriarch, what is torn off is a fragment of the introductory chapter!"

"But he still broke through the Nine-Star Martial Emperor. Doesn't this mean that I don't need to untie all the Golden Sutras of the Avalokitesvara Bodhisattva. I only need to untie the introductory chapter to help break through the Nine-Star Martial Emperor?"

"Even more!"

"Hahaha, great, really great!"

This is absolutely great news for Chen Feng.

After all, it is too difficult for the Golden Sutra of Avalokitesvara Bodhisattva to fully untie it.

But if you just untie the introductory chapter, the difficulty is much reduced.

Kong Yang looked at Chen Feng and said, "You should also have one or two lines here, even a small page of the Golden Sutra of the Freedom Bodhisattva, right?"

"But I advise you to be cautious."

"Although the ancestor was extremely powerful, but later because of the fact that the Golden Book of the Great Freedom Bodhisattva had only one page, he had a problem in his cultivation."

"After breaking through the Jiuxing Wudi, only three years, it was a delusion."

"Just die!"

It turned out that he thought that Chen Feng could only get a small half-page fragment of the Golden Sutra of the Great Bodhisattva. **nOveLusb.COM**

I'm afraid that he couldn't even think of it in his dreams. What Chen Feng got was the full version of the Golden Sutra of the Great Bodhisattva Avalokitesvara!

There will never be any danger when practicing, and it is even more impossible to get confused.

Moreover, the effect will be countless times better than that page.

At this time, Chen Feng's heart was full of expectations for the Golden Sutra of the Great Bodhisattva of Avalokitesvara, and looked forward to the unlocking of the Golden Sutra of the Great Avalokitesvara!

Chen Feng looked at Kongyang, and asked again: "Presumably, the broken pages of the Golden Sutra of the Great Bodhisattva Guanzi passed down by your ancestors are still in the jungles of your ten directions?"

"Nature is there."

Kong Yang said: "It is on the highest floor of the Tibetan Scripture Pavilion, guarded by the city's top powerhouse."

"Or, to be precise, the broken page can no longer be counted as the broken page of the Golden Sutra of the Bodhisattva Avalokitesvara."

"Through the revision of the Patriarch, the later comprehension, and the continuous improvement of the abbots of the past generations."

"With that broken page as the foundation, a brand new scripture has already been formed, called: Shifang Zizaijing!"

"It's the supreme treasure of my ten jungles, Zhenpai exercises!"

At this moment, Chen Feng's arms flashed a scorching heat.

Chen Feng was taken aback and quickly checked.

Then I saw that the golden sutra of the Great Bodhisattva at this time was actually shining brightly.

There are countless golden lights on it, and in that strong golden light, Chen Feng clearly felt a strong emotion coming!

That emotion is called anger!

Chen Feng was taken aback: "The Golden Sutra of Avalokitesvara Bodhisattva is now angry?"

Let immediately understand what's going on.

"I see! The Golden Sutra of the Great Bodhisattva Avalokitesvara is a psychic thing!"

"It must be very angry that the man tore off a page on it."

"Furthermore, at this time, I heard that Shifang Jungle, the abbot of the past generations, unexpectedly expanded him into a Shifang Free Classic, which is on par with other mundane things. Naturally, he is more angry!"

"So..."

A light flashed in Chen Feng's eyes, which was extremely dazzling.

"The Golden Sutra of Avalokitesvara Bodhisattva can swallow the seeds of true demon in exchange for the continuous unlocking of the seal on it."

"What if I get those ten directions?"

"Presumably the Golden Sutra of the Great Freedom Bodhisattva, the desire for the ten directions of Freedom Sutra will surpass the true magic seeds countless times!"

"If I get the Ten Directions Free Scriptures, then I am afraid that the introductory chapter will be able to untie at least half of it! At least the least, you can also untie a page for me!"

"That's a whole page of introductory chapter!"

At this time, Chen Feng had a decision in his mind: "I must get the Ten Directions Freedom Sutra! No matter how much it costs!"

At this time, the angry mood of the Golden Sutra of Avalokitesvara Bodhisattva is still permeating.

Chen Feng immediately whispered in his heart: "The Golden Sutra of Avalokitesvara Bodhisattva, I promise you that I will retrieve those ten directions of Free Sutra as soon as possible for you to swallow."

"But you want to unlock the introductory chapter for me, will it be possible?"

The Golden Sutra of Avalokitesvara Bodhisattva is noncommittal.

It's just that the anger seems to be even hotter.

Moreover, it meant turning the spear of anger towards Chen Feng.

Chen Feng hurriedly laughed, calming the atmosphere: "Just kidding, kidding."

"Just unlock three pages for me. You have to agree to these three pages, right?"

The anger of the Golden Scripture of the Great Bodhisattva Avalokitesvara slowly decreased, and finally disappeared.

Obviously, Chen Feng's condition had already been agreed.

Chen Feng sighed softly and smiled bitterly: "This Golden Sutra of the Great Bodhisattva at Freedom is really an uncle! I have to wait on me like this..."

Complaining, complaining, and joy in my heart.

Chen Feng's excitement was indescribable at this time. He had previously thought of quickly unraveling the Golden Sutra of the Great Bodhisattva Avalokitesvara, and now he has found the best way.

[Chapter 4246: Just bullying your Xuanyuan family!](#)

Moreover, it's not like the real magic seed before, only one or two words can be solved at a time.

After absorbing the Ten Directions Free Sutra, at least three pages can be unlocked, and there may be more!

At this time, at a distance of about a hundred miles from Chen Feng, two people were walking in the dense forest.

This place belongs to the edge of the foothills, and the dense forest has become a lot sparse.

In the meantime, there are sometimes large forest grasslands, and the view is quite good.

The two were unable to fly, but they were both very fast, galloping on the ground.

These two people are disciples of the Xuanyuan family.

It is Xuanyuan Yanghua, and the other is Xuanyuan Jiashi.

When the two of them passed by a cliff, they saw a red light flashing on the cliff.

Xuanyuan Jiashi immediately shouted with joy: "Brother, there is a strange treasure there, let's go up and pick it!"

Xuanyuan Yanghua hesitated for a moment and said: "We still have to hurry up to meet with Brother Chen Feng."

Xuanyuan Jiashi nodded, but his face was a bit reluctant.

He was very obedient to the brother's orders.

It's just that this is the first strange treasure the two of them came across here, and it was what they wanted.

Upon seeing this, Xuanyuan Yanghua shook his head: "You fellow, you really can't help it."

"Forget it, let's pick this strange treasure, count it on you, and then quickly go to Senior Brother Chen Feng."

"Not an example!"

Xuanyuan Jiashi was so happy that he almost jumped out, laughing: "Thank you, brother."

With a flash of figure, he rushed towards that strange treasure.

Xuanyuan Yanghua looked at him with a soft look in his eyes.

Xuanyuan Jiashi was very young, still a child, but with extremely high talent.

Apart from Chen Feng in recent years, Xuanyuan family's best young talent. [noVELusb.COM](http://www.noVELusb.COM)

What's more rare is that everyone is quite loving when a true heart is not lost.

There was no flight here, Xuanyuan Jiashi quickly climbed up the cliff.

Soon I came to the red light and saw that it was a huge red Ganoderma lucidum, four or five feet in diameter, the size of an eight immortal table.

On top of Ganoderma lucidum, layers of canopies are covered, rich in color and aromatic.

More tyrannical aura, circulating in it.

The whole is as beautiful as a red gemstone carving.

Obviously, not extraordinary.

Xuanyuan Jiashi happily shouted: "Brother Yanghua, this ganoderma is quite rare. If you win it, you must have a high score."

Xuanyuan Yanghua said: "You just take this off. It's your head, brother, I have my own plan."

Xuanyuan Jiashi smiled and did not speak.

He just took this thing off, came to Xuanyuan Yanghua and said, "Brother, this is still yours."

Xuanyuan Yanghua frowned, just about to speak.

Xuanyuan Jiashi chuckled and said, "Brother Chen will definitely benefit us later. If you let me then, will it succeed?"

Xuanyuan Yanghua is also an upright person.

Upon hearing this, he did not refuse to accept the Ganoderma lucidum.

The two were about to leave, suddenly a gloomy voice came over: "You two dogs, you robbed Lao Tzu's treasure and want to leave?"

As soon as the voice fell, several people walked out of the dense forest.

The leader is a short, sturdy warrior.

All of them wore robes of the same color, obviously from the same school.

After seeing the two, the short and stout young man in the lead chuckled, "Who am I? It turns out to be two little boys from the Xuanyuan family."

He opened his mouth and spoke without being polite.

Speaking of the words Xuanyuan Family, it is full of contempt.

Xuanyuan Yanghua knew these people.

They are not one of the nine powers, but they are only one line weaker than the nine powers.

And the person in the lead is named Baili Hen.

Xuanyuan Yanghua's heart was full of anger: "Now, even people who are not the nine major forces dare to bully us?"

But what makes him sad is that this Baili hate, he really is not an opponent.

Baili Hen looked at the two of them, with a hint of happiness on his face.

For him, being able to bully and insult the people of the nine major forces is a very cool thing.

He crooked his mouth at Xuanyuan Jiashi, disdainfully said: "Little bastard, don't you hurriedly hand over our treasure?"

Xuanyuan Jiashi flushed with anger, and shouted: "This Ganoderma lucidum was discovered by the two of us!"

"Furthermore, this ganoderma belongs to this world, and it is a matter of no owner. Why do you say it is yours?"

Xuanyuan Yanghua listened and shook his head slightly.

Baili hate clearly is here to find faults and bully them, where else would he talk to them?

Sure enough, after hearing this, Baili hen was stunned.

Then, he looked at each other with the people next to him.

All of them burst into laughter, and the laughter was full of disdain.

Baili laughed for a long time before stopping, pointed at Xuanyuan Jiashi, and shook his head: "So it turns out to be a newcomer!"

"Don't even understand the rules, don't you understand people?"

He looked at Xuanyuan Yanghua, and said, "You Xuanyuan family still let this kind of people out? Is it really because there is too much waste, is there no way to get it?"

His face suddenly changed, staring at Xuanyuan Jiashi, and said viciously:

"This thing, Lao Tzu said it is mine, then it is mine! Do you understand it?"

The tone is extremely domineering.

Xuanyuan Jia Shizhang's face flushed, but he still gritted his teeth and didn't do anything.

He remembered what Senior Brother Chen Feng said before: "After you come here, meet me quickly, don't rush with people to avoid danger."

However, Baili Hen was already cold, staring at the two of them and said: "Two little bastards, do you need me to talk about it?"

"Hurry up and hand over this Ganoderma lucidum!"

Xuanyuan Yanghua gritted his teeth, took out the giant Ganoderma lucidum, placed it on the ground, and said in a deep voice:

"Okay, let's give you this thing."

"Let's go now!"

Unexpectedly, his showing of weakness made Baili Hen even more confident, and said in his heart:

"The trash of these two Xuanyuan families are really low in strength, and they dare not conflict with me at all."

He immediately smirked: "Want to go now? It's too late!"

"Boy, not only do you want to keep the Ganoderma lucidum, but also the treasures you two carry with you!"

Xuanyuan Yanghua was furious: "Bai Li Hate, don't deceive people too much!"

Baili hated and laughed wildly: "I just deceive people too much, what can you do with me?"

He roared all his life: "Brothers, take care of these two little boys!"

After all, several people rushed up together.

In an instant, it was a battle with Xuanyuan Yanghua and Xuanyuan Jiashi.

Xuanyuan Yanghua and Xuanyuan Jiashi are stronger than the others.

But Baili Hen's strength surpassed the two of them.

[Chapter 4247: You must kill him!](#)

In addition, there were so many people on their side, so almost immediately, Xuanyuan Yanghua and Xuanyuan Jiashi were in a dangerous situation.

Seeing that he was not an opponent, Xuanyuan Yanghua immediately decided, just to release the signal.

Suddenly, a huge inverted long sword appeared in the sky.

Seeing this situation, Baili grinned grimly: "Oh, can you call a helper if you can't beat it?"

"You call! Just call!"

"I see what your Xuanyuan family's trash can do!"

Xuanyuan Yanghua said sharply: "When my brother Chen Feng comes, I will definitely kill you all!"

Baili hated and laughed wildly: "Just Chen Feng? What is he? Will he kill me?"

"You think I don't know, now your Xuanyuan family has become a laughing stock!"

"Chen Feng is even more of a laughing stock!"

"Above the sacred tree of the empty sang tree, I dare not take any action when being provoked, only to hide behind a woman!"

"It's such a trash, still want to kill me? Is he worthy? What is he?"

In his words, he was full of disdain for Chen Feng.

A sneer appeared at the corner of Baili Hen's mouth: "Chen Feng is here, even kill him!"

At this time, Chen Feng didn't know what happened here.

Chen Feng looked at Kong Yang, frowning, "How did you find me?"

This is an issue that Chen Feng is extremely concerned about.

Kong Yang took a breath, looked at Chen Feng and said, "I found it with this thing."

After all, he flipped his palm to take out a treasure.

It is shaped like a disc, and in the middle is a Zen stick that has shrunk countless times.

At this time, the stick is straight to the sky.

Chen Feng raised his eyebrows and took the treasure.

This treasure, the color of purple and gold in its entire body, did not know what metal was cast, but it was Buddha-like.

On the top, there is a strong Buddhist atmosphere, which is obviously a treasure.

Kong Yang gasped hard, his voice was like a broken bellows:

"This treasure, called the Compass of Freedom, has only one function, and that is to find the long-lost treasure in the jungle of our ten directions!"

Chen Feng naturally knew what the most precious treasure was in his mouth, and naturally it was the Golden Sutra of the Great Bodhisattva Avalokitesvara.

With a move in his heart, he put away the free compass.

In the future, he is going to find the Ten Directions Free Scriptures, and he still needs this compass to show the way!

Kong Yang went on to say: "It stands to reason that this treasure is the No. 1 treasure in the Ten Fang Jungle. It should be managed by the abbot himself."

"But in fact, Shifang Jungle, up and down, searched for that treasure for so many years, but found nothing."

"No one is still confident about this matter. This treasure has been thrown in the treasure chest for tens of thousands of years. It is regarded as **** and no one wants to hold it again."

"Then why did you get it?" Chen Feng smiled.

Kong Yang continued: "At the beginning, the temple's big competition, the winner, can choose a treasure with the highest specifications in the treasure chest."

"Originally, I didn't want to be a second person."

"As a result, I didn't expect that Kongshan suddenly emerged and won first place!"

"He took away my favorite treasure, an abbot in the ten-point jungle 30,000 years ago. It is said that his strength has surpassed the jade stick left by a great monk of the Nine Star Martial Emperor."

"But under my hatred, I was unwilling and looked down upon other treasures, so I took this most mysterious one."

"That's it."

Chen Feng nodded, knowing the whole story.

What he was most worried about before was that the disciples in the jungles of the ten directions could perceive the Golden Sutra of the Great Bodhisattva with ease.

In that case, it is really troublesome.

Now when he heard Kong Yang say this, he was relieved.

Kong Yang looked at Chen Feng, and suddenly said in a deep voice: "Now that all the questions are finished, are you trying to kill me?"

Chen Feng suddenly felt that this Kongyang was really a wonderful person.

He smiled and said, "Then, give me a reason not to kill you."

"I know, you will definitely kill me."

"Furthermore, after the practice of my practice is broken by you, it will be difficult for you to cultivate to the original state in your life."

"I am afraid that I will become an ordinary person when I return to the jungle of the ten directions."

"For me, this is harder to accept than death!"

Kong Yang gasped and said.

Chen Feng did not interrupt, but listened to him quietly.

"But I'm not reconciled!"

Kong Yang's face suddenly showed a bit of resentment: "I'm not willing to be like this!"

"I'm not willing to die, but my worst enemy is still alive!"

"and so!"

He looked at Chen Feng and hissed: "Chen Feng, I will tell you a big secret!"

"After you get this secret, you must go and kill my enemy!"

Chen Feng heard what he said, and suddenly felt very strange.

This empty masculine man is really extreme, and he has reached such a situation, but he has not forgotten to harm others.

Moreover, Chen Feng certainly would not avenge him as he thought.

Why?

As soon as Chen Feng wanted to speak, Kong Yang said immediately: "Chen Feng, the secret I will talk about next has a very close relationship with the Shi Fang Zi Zi Jing."

Chen Feng said lightly: "Okay, then tell me!"

"My junior brother, Kongshan, is the next abbot of Shifang Jungle!"

"He has two treasures!"

"One piece, it's the King Kong Demon robes!"

"The other one is the King Kong Nine Tin Ring Rod!"

"Both of these treasures have a lot to do with those ten directions."

Kong Yang's face flushed and was extremely excited, swallowed, and continued to speak loudly:

"The ten directions free scriptures were placed in the secret room of the Tibetan scripture pavilion."

"The secret room of the Tibetan Scripture Pavilion is extremely secretive. If you don't have a map, even if you demolish the Shifang Jungle, you will not find it. You will only destroy this secret room along with the Shifang Free Scripture inside."

"And the map of the secret room of the Tibetan Scriptures Pavilion is in the Vajra Demon robes, isn't it?"

Chen Feng said lightly.

Kong Yang laughed wildly: "Chen Feng, you are really smart!"

"Also, to enter the secret room, you need a key. If you open it forcibly, not only will you not be able to enter, the secret room will still be destroyed."

"The key is hidden inside the vajra stick!"

"That's it."

Chen Feng nodded slowly.

He had to admit that what Kongyang said was indeed a huge temptation that he couldn't refuse!

He must find the Shifang Zizaijing, and will never allow it to be destroyed.

And if you want to get the Ten Directions Freedom Sutra, you must get the Vajra Fumo robes and Vajra Zen staff!
Novelusb.com

Naturally, Kongshan would not pass this treasure over.

Then, it must be...

Chen Feng sighed slightly, his eyes flashed with murderous intent.

He looked at Kongyang and said softly, "I'm very surprised, why do you hate Kongshan so much? After all, he is also your junior."

"The empty mountain took everything from me! You know what!"

[Chapter 4248: Go away!](#)

When Chen Feng mentioned this problem, Kong Yang's whole body was extremely excited.

"Originally, the seat of the future abbot of Shifang Jungle, the seat of the first person in the younger generation of Shifang Jungle, has always been mine!"

"However, these were all taken away by Kongshan!"

Chen Feng said indifferently: "I would like to lose in the gambling, but the skills are not as good as others, so what?"

"If it's really inferior to humans, it's fine! But I was tricked by Kong Shan!"

Kong Yang let out a violent roar: "In the beginning, the night before the battle between us, he used conspiracy and trickery to trick me."

"Causing my strength to drop sharply, and I was seriously injured."

"The next day, it was not his opponent at all!"

"If not, even if he is a talented person, at least I have a 60% chance of winning the big match!"

"This happened!"

When Chen Feng heard this, his eyes narrowed.

Kong Yang's words, he believed 80%.

People are about to die, and their words are good, and there is no need for him to lie at this time.

"He is a hypocrite. After he severely wounded me, he deliberately stopped the offensive and didn't kill me!"

"He deceived everyone's trust, deceived the abbot master! He deceived everyone in Shifang Jungle!"

He stared at Chen Feng and shouted: "Chen Feng, you kill me, I don't blame you!"

"But you must kill him!"

Chen Feng was noncommittal, just looked at him and said lightly: "You are not qualified to negotiate terms with me."

"Now, are you finished?"

Kong Yang nodded, knowing that the time was up.

Chen Feng said lightly: "When you are finished, I will send you on the road."

He slowly pressed down with a palm.

Suddenly, Kong Yang twitched all over his body, and the expression in his eyes quickly dimmed.

There were loud noises in the throat, but he couldn't speak anymore.

Chen Feng looked at him with an indifferent expression.

He will not kill people because of Kong Yang's words, or make any promises for him.

Karma, if you leave a promise, then karma is not a joke.

More importantly, Kong Yang did not deserve him to do this.

Chen Feng will only do this for one thing, that is: his own interests!

"Kong Yang, for the sake of you providing me with so much news, that Kongshan, I will visit him for a while."

"However, it is not because of you, you are not worthy!"

"It's because, I want to get these two treasures from him!"

"For myself, nothing more!"

Kong Yang wanted to kill his own enemy before. How could Chen Feng avenge him?

What a joke!

At this moment, Chen Feng suddenly saw that a huge long sword pattern was condensed in the distant sky.

Chen Feng's eyes were cold for an instant, and a murderous intent appeared in his eyes.

Before coming in, he and the juniors had already agreed.

This time he came in, only he could release the signal, and everyone came to him to meet.

And if others are warning signs, then there is only one possibility: they are in danger.

"At this time, less than half an hour after entering this world, is my Xuanyuan family child in danger?"

"If it's another family, the time is so short, even if everyone meets, I'm afraid they will avoid each other, and will not choose to fight now!"

"This is a soft pinch for eating persimmons!"

Chen Feng said coldly: "Anyone who dares to move me? I'm tired of life!"

With a flash of his figure, he hurried to the place where the signal was released.

At this moment, suddenly, a voice came from the dense forest nearby.

The yin and yang were strange, with a bit of joking: "Oh, isn't this the famous generation of Tianjiao, Chen Feng?" *novelusb.com*

He deliberately emphasized the four words 'Generation Tianjiao', and the mockery couldn't be more obvious.

After all, a figure came out from the corner of the cliff in front.

But he was a mature man, his skin was a little dark, his face was full of flesh, he was very fierce.

There was even a long scar on his left face, which almost cut his entire face in half, adding a bit of hideousness to him.

When seeing this person, Chen Feng raised his eyebrows.

He has a slight impression of this person.

Before, when outside the empty mulberry sacred tree, everyone mocked the Xuanyuan family, and among them was him.

Chen Feng gave him a cold look, and was too lazy to pay attention, and just walked forward.

He is anxious now, wanting to save his brother and sister quickly.

Seeing that Chen Feng ignored him, but turned around to leave, the middle-aged man didn't know whether Chen Feng was too lazy to be familiar with him. He thought that Chen Feng was afraid and wanted to run away.

He smiled and stood in front of Chen Feng: "Don't run, did I let you go?"

Chen Feng stared at him and said coldly: "Who are you again?"

The middle-aged brawny man laughed loudly: "You are a distinguished person like Master Chen Feng, naturally you don't know my name."

There was a strong sarcasm in his words.

"Do it in Xia Gaitian, as for why I came here this time..."

He smiled hesitantly: "I heard that Young Master Chen Feng became a four-star Wudi at a young age."

"It was forced by the Xuanyuan family to reach the four-star martial emperor realm. You must have a lot of treasures, right?"

"The Xuanyuan family is doing it for you, but it's the money!"

There was a strong look of greed on his face: "I'm here this time, I specifically asked Brother Chen Feng to borrow two treasures for a fun."

It turned out that this Gai Tianqian was actually the idea of hitting Chen Feng's treasure.

What to borrow, but just want to grab it.

Chen Feng glanced at him and chuckled.

This supernatural power is just the pinnacle of the three-star martial emperor. This kind of strength has not known how long ago, Chen Feng could kill a lot with one palm.

But at this time, a guy at the top of the three-star martial emperor wanted to blackmail a few treasures from him?

This can no longer be said to be overpowering, but to live and die!

Chen Feng looked at him and coldly squeezed out a sentence: "Go away!"

After all, continue to move forward, completely ignoring him.

Gai Tiangan suddenly became furious, and screamed: "You little bastard, but you were urged to become a four-star Wudi by a foreign object! You dare to be arrogant with me?"

After that, he rushed directly at Chen Feng: "I killed you!"

Chen Feng shook his head and slapped his hand. With a loud bang, Gai Tianqian was directly smashed tens of meters away, hitting the ground heavily, smashing a big hole.

He vomited blood crazily, trembling all over, a palm print looming on his chest.

His heart vein has been directly broken, only a breath is left.

He stared at Chen Feng in disbelief, trying to say something.

However, he was breathing heavily and couldn't say a word.

Chen Feng didn't even bother to look at him, but said indifferently: "I told you just now, go away."

In the next moment, Chen Feng went straight to the direction where the signal rose.

It's not worthy of a glance.

[Chapter 4249: Brother Chen is here!](#)

It's just a humming bug, just a flap of it.

As for the result of this bug, Chen Feng didn't bother to care about it.

Gai Tiangan looked at Chen Feng's back. He wanted to say something, but there was a loud noise in his throat, but he couldn't say a word.

Mouthful blood gushing out, directly blocking his trachea.

His breath was weakening rapidly.

At this time, his eyes were full of only one emotion, that is: regret!

In his heart, a voice reverberated crazily: "It turns out that Chen Feng is so strong!"

"It turns out that everyone is stupid and underestimated Chen Feng!"

"Why should I provoke Chen Feng? Why?"

The next moment, the look in his eyes dimmed directly, and his head tilted, and he died.

Although Chen Feng could not fly, his speed was still very fast.

It was just a moment, and it came to the position directly below the signal.

And this time. The situation of Xuanyuan Yanghua and Xuanyuan Jiashi was already in a crisis.
OverUSb.Com

The two stood there back to back, and Baili Hen led people to siege frantically.

Xuanyuan Yanghua and Xuanyuan Jiashi also had multiple injuries on their bodies, with blood all over their bodies.

Especially Xuanyuan Jiashi's injuries were more serious.

Although his cultivation base is not weak, after all, he is too young and has insufficient combat experience.

The position of the left leg, twisted weirdly, was almost directly interrupted!

He was panting heavily, feeling dizzy before his eyes.

Suddenly, Baili Hen is attacking fiercely again!

It was Xuanyuan Jiashi's left leg that was almost discounted.

The reaction of his left leg was not sensitive enough, so Xuanyuan Jiashi didn't have time to defend, and immediately his left leg was stabbed fiercely.

With one blow, Baili hated him and left far away, only wandering outside.

In the next instant, he suddenly came to Xuanyuan Jiashi's side again, and made another cut.

In just a few breaths, he caused several wounds on Xuanyuan Jiashi's body.

While taking the shot, his mouth was full of joking: "Xuanyuan Jiashi, are you still a talented person carefully cultivated by the Xuanyuan family?"

"I bother!"

"In my eyes, like a pig or dog, I can clean up whatever I want!"

His words are full of disdain, and this method is even more playful, clearly humiliating Xuanyuan Jiashi.

After all, it was a sudden shot.

Xuanyuan Jiashi's left chest was marked with a huge wound, and his left chest was injured, only about half an inch from his heart.

It is extremely dangerous!

And most importantly, this sword that almost hurt the internal organs caused Xuanyuan Jiashi to feel dizzy, his figure shook, and he almost fell directly.

Xuanyuan Yanghua hurriedly stretched out his hand to hold him, and said in a trembled voice: "Junior Brother, are you all right!"

He only cared about Xuanyuan Jiashi, and without precaution, he was hit several times severely, blood staining his whole body.

"I'm fine, brother, sorry, I'm the one who drags you down."

Xuanyuan Jiashi's voice trembled.

"Don't talk about this, hold on for a while, Brother Chen Feng will definitely come to save us!"

"it is good!"

When Xuanyuan Jiashi heard the words Chen Feng, he immediately nodded and shouted as if he had been injected with great power.

Baili Heng laughed disdainfully when he heard what they said, "It's all time, and still expecting Chen Feng to come to you?"

"Tell you, if Chen Feng dares to come, I will kill him!"

As soon as his voice fell, a cold voice came: "Oh, who are you going to kill with?"

Hearing this voice, Xuanyuan Yanghua and Xuanyuan Jiashi immediately showed ecstasy on their faces.

The two yelled at the same time: "Brother Chen is here! Brother Chen Feng is here!"

Baili hated a few people, but stopped his hands and looked in the direction of the sound.

Then I saw that in the dense forest, a figure slowly walked out.

Dressed in white, long body jade, who is it if it is not Chen Feng?

Seeing Chen Feng, Xuanyuan Yanghua and Xuanyuan Jiashi were extremely excited, shouting excitedly there.

Especially Xuanyuan Jiashi's eyes were sore that he almost cried.

"Brother Chen is still here, Brother Chen will not leave us alone!"

Chen Feng slowly nodded to them, and then his eyes fell on their injuries.

Suddenly, his eyes became cold.

Chen Feng said lightly: "Did they hurt you?"

"Yes!"

Xuanyuan Yanghua gritted his teeth.

Chen Feng asked again: "Why did the conflict arise?"

Xuanyuan Yanghua pointed to the huge red Ganoderma lucidum on the ground: "The two of us originally discovered this Ganoderma lucidum, but they came up to grab it."

"You are still rude to our Xuanyuan family and Brother Chen Feng."

Chen Feng nodded slowly.

He looked at them, smiled and said, "Since someone is blind, it's okay, then I will let them remember!

Since Chen Feng arrived, he has been talking to Xuanyuan Yanghua and Xuanyuan Jiashi.

Don't talk to Baili, he didn't even glance at Baili, completely ignoring him.

This neglect is the greatest contempt.

Baili was originally not a person of the nine major forces, and felt that he bowed his head in front of the people of the nine major forces.

Therefore, it is more sensitive to this neglect.

At this time, he was already furious, his face rose like pig liver.

Pointing at Chen Feng, he roared fiercely: "Chen Feng, what the **** are you? Are you still pretending to be here?"

"Do you think I don't know your details?"

"It's just a trivial four-star Wudi who was spawned by the foreign substance of the pill!"

"I hate it. Although it is only the peak of the three-star martial emperor, I am not afraid of you at all! You are not my opponent at all! Don't pretend to be a **** here!"

He roared frantically there!

At this time, Chen Feng ignored him.

Just looking at Xuanyuan Yanghua and Xuanyuan Jiashi, he smiled and said, "Have you heard? It seems that a wild dog is barking wildly."

Xuanyuan Yanghua and Xuanyuan Jiashi laughed out loud suddenly.

The tense mood instantly relaxed.

With Chen Feng here, they felt as if they had found the backbone, and they were relaxed.

Chen Feng's words are naturally cursing Baili Hen as a mad dog.

Baili Hen suddenly turned blood red, panting heavily, and yelled frantically, "I killed you!"

He rushed directly to Chen Feng.

And the few people beside him also killed Chen Feng together!

In an instant, a siege of Chen Feng was formed.

And at this moment, Chen Feng suddenly turned around, staring at Baili Hen and the others, and shouted sharply: "It was Lao Tzu who killed you!"

"Anyone who dares to move me? You are tired of life!"

Following Chen Feng's violent roar, he shot out with a punch.

This punch not only blasted Baili Hen, but also blasted several of them!

And at the same time when this punch was blasted, Baili Hen and the others felt an extremely powerful, extremely fierce force rushing out frantically.

[Chapter 4250: Chen Feng, give me a face!](#)

They felt that at this time, they seemed to have returned to the feeling they had when they first arrived in the sea of empty mulberry.

Chen Feng's punch was like a stormy sea above the empty mulberry sea!

The waves of thousands of meters and tens of thousands of meters high were photographed fiercely, and the waves of mountains and seas were unstoppable!

At this moment, several of them yelled in horror, and shocked and shocked their hearts.

"How can Chen Feng's strength be so strong?"

As soon as this thought came up, Chen Feng's fist was smashed down!

Whether it is Baili Hen or a few others, it feels that there is nothing else in his eyes.

There is only one fist, which is sharply enlarged and close sharply!

The four of them yelled and played the strongest offensive!

However, it has no effect!

All their offensives were directly destroyed!

Chen Feng's fist was stamped fiercely on Baili Hen's chest!

Baili hated a scream, trembling like chaff, spurting blood.

At the next moment, Chen Feng's fist overflowed, and all four of them were thrown out directly!

The four lay on the ground, screaming like a pig, rolling frantically, trembling all over.

They were all covered with wounds.

Blood poured out frantically from their mouths.

Punch!

Just a punch!

These four were severely injured and dying by Chen Feng!

Chen Feng shook his fist and looked at the four of them, with a thick sarcasm at the corner of his mouth:

"Just now, it seemed that someone said, if I come, kill me together? Am I right?"

He took a look at Baili Hen, and the corner of his mouth was hooked: "You were going to kill me like this?"

Baili hates his face flushed.

Not only because of the serious injury, but also because of the deep shame and the immense shock!

He didn't expect Chen Feng's strength to be so terrifying!

Not only him, but also several others.

The four of them looked at Chen Feng with horror and shock.

How could they not guess that Chen Feng hadn't shown any strength before!

His true strength is extremely terrifying!

Thinking of what he said just now, Bai Lihen felt even more regretful.

"Chen Feng's strength is so terrifying, what am I doing to provoke him? What am I doing to provoke the Xuanyuan family? Am I not looking for death?"

"Bai Li Hate, I really blinded your dog!"

Chen Feng walked in front of Baili Hen and reached out to lift him up directly.

Baili Hen looked at Chen Feng with horror: "You, what are you going to do?"

"What am I doing?"

A sneer appeared at the corner of Chen Feng's mouth: "Is my mouth cheap?"

"Okay, your parents didn't teach you how to speak, then I will discipline you for them!"

After all, a slap was thrown on his face with a crisp sound:

"Dog things, dare to be arrogant?"

Snapped!

Another slap!

"Dare to hit my Xuanyuan family's idea?"

Snapped!

"Dare to speak rudely to me?"

Snapped! Snapped! Snapped! Snapped!

Chen Feng was facing up and down, slapped more than a dozen slaps, howled Baili's hateful ghost crying and begging for mercy.

There is no longer the arrogant arrogance just now.

It wasn't until Baili Heng's face was slapped like a pig's head that Chen Feng finally stopped, staring at him, and said lightly:

"What are you? Provoking me?"

"Do you think you deserve it? What about the face? Do you want it?"

Chen Feng's remarks were already an insult to Baili's hatred.

He felt that all his faces had been lost.

Chen Feng threw him over, took a look at Xuanyuan Jiashi, and said lightly, "Go, kill him."

"what?"

After Bai Lihen heard these words, a look of extreme horror appeared on his face.

He stared at Chen Feng and screamed: "You, are you going to kill me?"

Chen Feng looked at him and said lightly: "You are nothing but ants in my eyes."

"I want to kill an ant, why? Can't I still discuss it with you?"

Baili was so flustered and screamed: "No, you can't kill me! You can't kill me!"

He suddenly thought of something, and immediately shouted out loud as if he had caught a straw for life:

"I have an old relationship with Donghuang Winner! I have a very good relationship with Yingfeiyang!"

"The two of us are life and death brothers, you can't kill me!"

"You kill me, he won't let you go! You can't kill me!"

Chen Feng heard it, only to find it ridiculous.

"Even the winner of the Eastern Wilderness was carried out to press me? What is the winner of the Eastern Wilderness?"

"Except that Ziyue is my beloved, so I will give the Donghuang winner a little face, even if the Donghuang winner wins the Chaoyang, it is nothing in my eyes."

"A trivial win, just like you, but only ants!"

Chen Feng looked at Xuanyuan Jiashi and smiled lightly: "Go, kill!"

"it is good!"

Xuanyuan Jiashi gritted his teeth and stepped forward with a look of excitement. *NovelSB.Com*

He also killed many people, so there is no obstacle to this matter.

At this time, I was naturally even more happy when I heard that Baili hate who had humiliated me just now be killed!

Baili hated and yelled frantically: "Win Feiyang, win brother, help!"

He didn't know whether this was useful or not, it was just a move made under the trend of survival instinct.

At this time, Ying Feiyang was his only life-saving straw.

Xuanyuan Jiashi came to him with a long sword in his hand and said coldly: "When you just wanted to kill us, did you think about it now?"

Having said that, the long sword in his hand is stab at Baili!

But, just at this moment, there was a soft pop.

His long sword tilted directly and pierced into the mud nearby.

And in the same place, a dust was also violent.

It turned out that it was a small stone that knocked his sword crooked.

Seeing this scene, Chen Feng frowned.

Being able to beat the Xuanyuan Jiashi Long Sword to the wrong side with a little lion, the strength is absolutely impressive.

In the eyes of everyone, a figure came out.

After Chen Feng watched it, his brow furrowed deeper.

This person, he had the impression that he was one of the five winners of the Eastern Wilderness, named Ying Feiyang.

Before, he had spoken harshly to Chen Feng.

Baili hated the arrival of Ying Feiyang, and immediately showed a touch of ecstasy on his face, and shouted: "Win brother, save me! Save me!"

Ying Feiyang glanced at him deeply, with a look of disgust in his eyes: "I knew it was causing me trouble outside!"

"I have gotten into trouble, let me wipe your **** again!"

Obviously, the relationship between the two of them is not as good as Baili said.

Baili laughed and said, "Let's not take this as an example. This is the last time."

Ying Feiyang gave a cold snort and glared at him.

Then, looking at Chen Feng, his voice said indifferently: "Chen Feng, give me this face and spare Baili hate this time."

However, even though he was saying these things, he seemed to be discussing with Chen Feng.
