

Peerless 4251

[Chapter 4251: Did I give you a face?](#)

But the voice was very indifferent, and there was a hint of command inside.

It seems that Chen Feng is his subordinate, like a junior.

It seems that after he said this, Chen Feng must give him this face.

After Ying Feiyang said this sentence, he turned his body even more without looking at Chen Feng.

Just walked to Baili hen, looked at him up and down, frowned: "How can people be beaten like this?"

He turned his head to look at Chen Feng, his face full of dissatisfaction: "Chen Feng, you are a bit too cruel to act."

At this time, Chen Feng stared at Ying Feiyang, with a cold look in his eyes.

As soon as this Ying Feiyang came, he let himself give him this face in a commanding tone.

At this time, he accused himself of starting too hard.

Na Baili hate, but wanted to kill him before!

Ying Feiyang waved his hand, with an expression that was too lazy to be as knowledgeable as Chen Feng, bent down and grabbed the collar of Baili Hen, then turned and walked out.

Obviously, he was preparing to take Baili Hen away.

Chen Feng said lightly: "Ying Feiyang, have you asked my opinion?"

Ying Feiyang turned around, with a look of surprise on his face: "I will take Baili Hen away, do you have any comments?"

Ying Feiyang stared at Chen Feng, his voice became cold: "Could it be that you won't give me this face?"

Chen Feng smiled and said, "I really don't give you this face!"

"What can you do with me?"

In an instant, Ying Feiyang's face changed.

The smile on his face disappeared without a trace, staring at Chen Feng, his voice getting colder and colder:

"Chen Feng, do you really think, what are you?"

"Just now, I asked you what you said, I asked you to give me that face!"

"Not because of how strong you are!"

His voice became louder and louder, and his tone became more and more intense, almost turning into a violent roar, pointing at Chen Feng, and clicking:

"The reason I did that just now was because the young master ordered to take care of you!"

"Not because of how much face you have with me!"

"I tell you, you are here with no face at all!"

"Understand?"

His voice was full of disdain.

Staring at Chen Feng, he smiled coldly: "I gave you a face, didn't I? I really thought it was a thing?"

"You're with me, don't count farts!"

He spit out and spit on the ground: "To shameless things!"

Chen Feng looked at Ying Feiyang, with an indifferent expression in his eyes.

He didn't even have much anger.

Because, in his eyes, Yingfeiyang is already a dead person.

Ying Feiyang dared to say such things to him and dared to offend him so, Chen Feng would never let him go.

Only his blood can be used to compensate for these words he said!

Ying Feiyang didn't know it, the catastrophe was imminent, and it was still there.

Chen Feng suddenly said lightly: "Win Feiyang, are you finished?"

"That's it, I'm going to kill someone!"

Ying Feiyang was startled at first, and then there was a touch of disdain on his face, just as if he had heard some big joke.

He looked at Chen Feng and sneered: "Do you still want to fight me? Just relying on you, the four-star Martial Emperor who was born out of drugs, want to fight me?"

"I'm a five-star martial emperor with great integrity!"

He pointed at Chen Feng with a disdain on his face: "Just you, fight with me? Are you worthy?"

"Never mind!"

He clapped his hands, put Baili Hen down, and turned to look at Chen Feng: "Then I will teach you a lesson for the young master!"

"Also let you know that the honorable daughter of my Eastern Wilderness winner is not someone who wants to marry!"

"For the sake of the eldest lady and the young master, we have always been more patient with you. You don't know if you want to return, are you still provoking here?"

Chen Feng's eyes were indifferent.

They had repeatedly provoked themselves before, because they didn't have the same knowledge with them for the sake of Ziyue.

When they got here, it turned out that they had to be patient with themselves!

Not only did this person have eyes and no beads, but he was really shameless.

Ying Feiyang's face was condescending: "Now, I will let you know what it means to be someone outside, there are heaven outside the sky!"

Chen Feng smiled coldly, stretched out his arms, and there was a burst of noise from the joints all over his body.

The dark golden light diffused quietly.

Donkey Kong Arhat's second stage of Immortal Body is about to be activated!

He already likes to use Donkey Kong Arhat Immortal Body, simple and rude, and directly solve the battle easily.

Although Yingfeiyang has a five-star Wudi cultivation base, in Chen Feng's eyes, it is not worth mentioning, and it can be easily killed.

Seeing the next moment, Chen Feng will shoot.

He was too lazy to show any face to the winner of the East Wilderness.

With Ying Feiyang saying this, he will kill Ying Feiyang directly.

Let him know who is stronger.

Let him know who is shameless!

Just as the two sides were about to trigger, suddenly, a loud roar sounded in the dense forest.

Then, there was the sound of war of weapons.

After only a few breaths, a scream suddenly sounded and stopped abruptly.

Obviously, the person who screamed was already dead.

Everyone looked in the direction that the voice came from.

After a while, I saw that a group of people came out in the dense forest, their bodies were stained with blood, apparently they had just gone through a killing.

And the first person also carried a corpse in his hands.

He threw the corpse in the ground at will, and smiled disdainfully: "It's just such a waste, still want to rob our Eastern Wilderness winner?"

At this time, after Ying Feiyang saw the few people who came over, his face suddenly showed joy and shouted: "Young Master!"

He walked forward quickly and gathered with everyone.

It turned out that there were a total of three people here, and the first one was to win Chaoyang.

Now here, there are already four winners of the Eastern Wilderness, and only one has yet to arrive.

When Ying Chaoyang saw Ying Feiyang and Chen Feng, his faces were also surprised.

His gaze swept over the two of them, and said lightly: "What's the matter?"

Ying Feiyang sneered and said, "Young Master, our cheap aunt, the winner of the Eastern Wilderness, is really big!"

"My brother offended him, I let him give me a face and let my brother go!"

"It turned out to be good, he didn't even give this little face, and he still wanted to do something with me!"

He sneered: "What kind of thing is Chen Feng? You deserve to do it with me?"

"If it weren't for the sake of the young master, I would have abandoned him long ago!"

He added something to the scene that happened just now.

And in his words, it naturally became that Chen Feng didn't know how to praise, and didn't give himself face.

After Ying Chaoyang listened, his brows were also frowned.

Looking at Chen Feng, he said lightly: "Chen Feng, what's the matter with you?"

"I am the winner of the Eastern Wilderness, I have tolerated you many times, and before entering this place, I have said many times that if something happens to you, I will take care of you."

"But don't take this kind of care as a pampering for you."

[Chapter 4252: I'm so unconvinced!](#)

His expression was indifferent, and there was a strong condescending expression in his words.

Almost in a reprimanding manner, he said to Chen Feng: "This is not the Xuanyuan family, no one will be used to you."

He frowned and said in command: "Now, apologize to Yingfeiyang!"

"Let me apologize to Ying Feiyang?"

Chen Feng laughed furiously after hearing this.

He looked indifferent, looking at Ying Chaoyang and others.

This win over Chaoyang is really the same thing as the winners of the East Wilderness. After listening to the fate of Win Feiyang, regardless of the indiscretion, let herself apologize to Win Feiyang.

Moreover, in a tone of such an order.

Chen Feng looked at winning Chaoyang, but smiled.

However, his smile was cold, and there was a strong killing intent inside.

Chen Feng smiled and said, "What if I don't apologize?"

"Dare you still apologize?"

After Ying Chaoyang heard this, his brows frowned: "Chen Feng, I advise you not to make an inch."

"You have offended Ying Feiyang. If you change your person, at least you will have to break your leg. It is possible to kill you directly."

"I just asked you to apologize to Ying Feiyang, it is enough to give you face!"

"is it?"

Chen Feng smiled and said, "In that case, I would like to thank you a lot!"

Ying Chaoyang frowned, his face full of sorrow: "What do you mean? Not convinced, right?"

Chen Feng smiled: "I seem to be really unconvinced."

Win Chaoyang narrowed his eyes: "Okay, Chen Feng, how dare you talk to me in this tone!"

"Then I will teach you a lesson for your elders today!"

After all, to win Chaoyang is to move forward slowly.

At the side, Ying Feiyang and the others all laughed out loud: "Young Master, actually want to teach this little **** himself."

"Deserve it, this little **** is really seeking his own way."

"Dare to speak ruthlessly to the young master? The young master should clean up him viciously! Let him know what is outside, there is heaven outside!"

Yingfeiyang was even more gloomy, staring at Chen Feng and said:

"If you are against me, then you may still pay a certain price and retreat all over your body if you are seriously injured."

"But, you are against the young master, if he wants to kill you, he kills!"

"Kill you how you want to kill you!"

Chen Feng's face was cold, and he ignored him, just staring at Ying Chaoyang.

In the next moment, all of his strength will burst out, so that the people who win Chaoyang, these Donghuang winner dogs will see how terrifying their strength is when they see the low-level things!

Chen Feng's emotions are about to accumulate to a limit, and it may burst out at any time!

"Come on then!"

A voice in Chen Feng's heart was roaring fiercely:

"Now, I want to let you win against Chaoyang and let you winners know what kind of strength Chen Feng really is!"

"Am I a trash! Am I a four-star Wudi born out of a pill!"

"I want to let you know whether I, Chen Feng, need you to take care of me! Do you need such alms!"

"I want you to know that I, Chen Feng, completely crush you!"

"In front of me, you are like ants!"

"Not only do I want you to know, I also want everyone who participates in Kongsang Lunjian to know! I want the entire Dragon Vein Continent to know!"*nOvElUsB.com*

In Chen Feng's heart, it was as if a flame was burning!

He had tolerated it for too long before.

Now, Chen Feng is about to break out!

Chen Feng glanced across the faces of Ying Chaoyang and others.

He decided that within one move, he would completely solve the four wins of Chaoyang.

Let them see their own terrifying strength, let them shocked to silence!

Let them know how ridiculous it was to look down on themselves before!

In the next moment, Chen Feng will shock everyone!

At this time, there was a scream suddenly heard.

Then, a black shadow drew an arc, smashed down from the sky, and fell in front of everyone.

Falling to the ground, there were screams.

After seeing his face clearly, Ying Chaoyang and the others changed their expressions.

"Win Leyi, why are you?"

It turned out that the one who fell to the ground turned out to win Leyi.

Before, the other four members of the Xuanyuan family had gathered, but Ying Leyi did not come.

At this moment, he fell here, covered in blood, and screamed sternly, he was beaten badly.

Winning Chaoyang and others were shocked.

After Ying Leyi saw Ying Chaoyang and others clearly, the look on his face was not a surprise, but rather full of fear.

He looked at Win Chaoyang, hissed, "Master, go! Go!"

His face was full of horror and despair, like a beast caught in a dead end and chased by hunters.

Win Chaoyang frowned and said: "What's the matter?"

Ying Leyi hissed and shouted: "Murongguan is here, he is chasing in!"

"Moreover, his strength is stronger than before!"

"What? Murongguan is here?"

Hearing Ying Leyi's words, Ying Chaoyang trembled violently, and his face turned pale in an instant!

Before that, he had been extremely arrogant and indifferent, full of superiors, as if he could control life and death at will.

But at this time, a huge panic appeared on his face, the whole person was in chaos, and his face was full of fear.

I don't know who this Murong Guan is that makes him so afraid of winning the morning sun.

"How is it possible? Isn't he still in Chaoge Tianzi City? How come back here?"

"There are so many masters out there, why let him come in!"

Ying Chaoyang yelled, but he had no time to think about it. Without any hesitation, when he mentioned Ying Leyi, he screamed: "Go! Go now!"

His voice was trembling, and he was obviously scared to the extreme.

The other people, too, had to flee after pulling their legs.

But at this moment, a leisurely voice came over: "Reunited after a long time, see each other."

"Why are you in a hurry to win Chaoyang?"

This voice, when they first came together, seemed to come from the direction of True North.

When it came to the last word, there were voices from all directions.

It seems that the speaker was still in this position in the previous second, and went to the opposite direction in the next second, which was very strange.

Ying Chaoyang and the others have already fled madly.

Although the martial arts of body type cannot be used here, they are also extremely fast.

In a blink of an eye, he escaped hundreds of meters.

But the next moment, suddenly, a few loud bangs came,

In the void, a blue ripple flashed out suddenly.

In the void, a huge blue light mask appeared.

It was originally transparent, and Ying Chaoyang and others could not see it at all. After hitting it, the blue light mask only appeared.

[Chapter 4253: Murong Guan!](#)

A blue ripple surged.

This mask, like a huge inverted bowl, covers a radius of several hundred meters.

And this blue mask is obviously extremely strong, Ying Chaoyang and the others slammed into it together, making a bang, and was actually bounced back abruptly.

The look on Ying Chaoyang's face was even more horrified, and he shouted sharply: "Really it is him?"

He hissed: "Go, separate!"

Ying Leyi, Ying Feiyang and the others fled in different directions without any hesitation.

Win Chaoyang hit the front mask fiercely.

The mask was extremely strong, but also extremely flexible, and was smashed into a depression by him for 30 meters.

But it was extremely flexible, and there seemed to be a huge and vast power in it, without any damage.

With a bang, it bounced back fiercely.

Not just to win Chaoyang, several people who fled in all directions were like this, and they were all bounced back abruptly.

Their power seems to have no alternative to this light mask.

Chen Feng raised his eyebrows.

Of course he could see it, which showed that the person who put down this mask not only had better strength than Ying Chaoyang and others, but also far exceeded them in the use of strength.

The next moment, the previous voice rang again: "Win Chaoyang, don't struggle."

"You have always known my methods, all of which are useless."

"Next year today will be your sacrifice day, and this place is your place to bury your bones!"

His voice is very gentle, even gentle.

But inside, there is something creepy.

Ying Chaoyang and the others, their expressions became even more alarmed, and they crashed into the barrier in front of them frantically.

With their impact, the barrier slowly began to become unbearable and cracks appeared.

Win Chaoyang and others are all overjoyed and see hope.

But at this moment, the joking voice suddenly got closer:

"You are dying like this, I actually like it!"

"The more painful and crazier the prey is before death, the happier I will be."

The voice was extremely cold in its tenderness.

It was as if what he was hunting was not a strong human, but just a few monsters.

The next moment, suddenly, raindrops fell in the sky.

These raindrops are different from ordinary raindrops. Each one is about the size of a fist, and the whole body is icy blue, so beautiful.

When the raindrops hit the transparent barrier, they cracked open. *ηOVelUSb.coM*

Turned into ice-blue flowers one after another.

In an instant, it penetrated into the barrier.

Suddenly, the barrier suddenly fell from shaky, and became extremely strong again.

Seeing this scene, win over Chaoyang and others, directly desperate.

At this time, the voice came again: "Well, the time for your dying struggle has passed, let alone I didn't give you a chance!"

This voice has become extremely clear now.

Everyone suddenly looked up and saw that a hundred meters away, the top of a huge tree several hundred meters high.

A figure is standing proudly.

With the ups and downs of that branch, and ups and downs.

His body was as light as nothing.

This is a tall young man with a height of two meters.

This young man is obviously a foreign race, and the skin on his body is icy blue.

And in the middle of his head, on the forehead, there is still a curved unicorn.

This unicorn is no more than three inches long, and the whole body is ice blue. It doesn't look ferocious, but it looks a little delicate.

His face is no different from a normal person, but his eyes are ice blue.

And at the position of his neck, and where his hands were exposed, there were scaly armors, showing out.

Obviously, he is not an ordinary human warrior, but just has a certain human blood.

And somehow, after Chen Feng saw him, he felt a familiar breath from him.

It seems that he had dealt with this person before.

But Chen Feng was very sure that he had never seen this person before.

He was wearing an ice blue robe, floating in the wind.

With every gust of wind, on the robe, there is an extremely rich breath of water element.

With the gust of wind blowing over, the rich aura full of the power of water scattered from his body, instantly covering a radius of a kilometer.

Within the area of one thousand meters, the power of water is permeated. When Chen Feng is in it, he feels the water element is immersed and condensed sharply.

The skin feels very moist at the same time, and there seems to be the breath of the sea between breathing.

But this feeling is not at all comfortable.

On the contrary, it makes people feel suffocated and uncomfortable to say!

Chen Feng couldn't help but jump in his heart.

"The blue robe worn by this person is definitely an extremely high-level treasure."

"It's just a random gust of wind, and it's a kilometer in a radius, covered with this strong breath of water power."

This person looked at Ying Chaoyang and the others, and his eyes were filled with indifference and overlooking.

Just like the gods are overlooking mortals, they don't pay attention to their lives at all.

Chen Feng saw that in the depths of his eyes, a cruel smile flashed, as if the hunter was seeing the expression of the prey.

This person's gaze also fell on Chen Feng, raising his eyebrows slightly, as if he didn't expect there to be other people here.

But then he saw Chen Feng's realm clearly: four-star Wudi.

As a result, the look in his eyes became careless, and there was a thick disdain in his indifference.

Then, he turned his head, obviously not paying attention to Chen Feng at all.

Chen Feng did not have the qualifications to be valued by him.

He looked at Winning Chaoyang and said with a low smile: "Winning Chaoyang, I chased you for five years."

"From Zhongzhou, chasing to the Eastern Desolation, and then chasing here, I finally caught you!"

It turns out that he is Murongguan who wins against Chaoyang and others like a snake.

At this time, Ying Chaoyang was once again bounced back by the transparent barrier.

He seemed to give up too, knowing that he could not break the barrier, standing still, without speaking for a long time.

After a while, he suddenly raised his head, staring at this Murongguan, and screamed, "Murongguan, don't be arrogant!"

"Here, it's the place where Kongsang Lunjian is tried!"

"If you dare to run wild here, God of War Palace can't spare you! Xiahou Jiuyuan can't spare you!"

When he said this, he seemed to embolden himself.

When I said this, my courage was indeed strengthened.

Unexpectedly, after Murong Guan listened, he laughed, and the laughter was full of disdain.

After a while, the voice stopped, and he said coldly: "The God of War Palace, the nine forces, what are they?"

"Xiahou Jiuyuan, what is it?"

[Chapter 4254: Strong summoner!](#)

He proudly said: "I am a member of the Six Great Hidden Sects! You nine great forces, dare you to touch me?"

He snorted coldly: "Since I dare to enter here, I am absolutely sure that there will never be any discrepancies."

"It's you, winning Chaoyang, today is your death date!"

He stared at Win Chaoyang and giggled, "Win Chaoyang, you should have died three years ago."

"Unfortunately, three years ago, you fled back to the Eastern Wilderness winner and practiced in retreat."

"I can't kill the winner of the Eastern Wilderness, so I have to let you stay out for a few years."

"This time, you dare to come to participate in Kongsang Lunjian, naturally I will not let you go!"

Win Chaoyang gritted his teeth and said: "How did you get in!"

This made him very broken, and the Kong Sang Lunjian, which he thought was the safest, turned into the most dangerous place.

In this small world, you can't fly, you can't run.

"How did I get in?"

Murong Guan smiled slightly: "You also know my origin and my methods. When you know, I have countless ways to enter here."

Ying Chaoyang stared at Murong Guan, and shouted angrily: "Why do you keep chasing me? Is it because of that reason?"

Chen Feng felt that his voice was almost crying now.

Murong Guan spread his hands: "Yes, it's for that reason."

Murong Guan waved his hand and said with a smile, "Well, there is nothing to say."

"Since you fall into my hands, you should know what the end is."

He looked around and smiled: "Actually, I want to thank Xiahou Jiuyuan."

"If it weren't for the limited use of body skills and flying in this world, I wouldn't necessarily be able to catch you."

Win Chaoyang gritted his teeth and said:

"Murongguan, you have the ability, you let go of this barrier, we two will have a one-on-one game!"

"You trapped me to death like this, I'm not convinced!"

Murongguan smiled slightly: "Is not convinced?"

"Okay, then I will convince you so far!"

The next moment, he stretched out his hand, snapped his fingers, and snapped his fingers.

The light blue barrier disappeared without a trace.

He actually just let go of those who won Chaoyang.

The faces of Ying Chaoyang and others still wore incredulous expressions.

The few of them winked at each other, and the next moment, there was a violent roar, and the few separated and fled madly.

It turned out that winning the Chaoyang to trick Murongguan into opening the barrier was not because he wanted to fight to death with Murongguan, but to escape.

Murongguan was not surprised, but smiled coldly: "You should know my prudent temperament. If I dare to do this, it means you..."

Then, he stubbornly grasped: "I can never escape from the palm of my hand!"

The next moment, he raised his arms and shouted, "Come out, my darlings!"

With this roar of his, behind him, the azure brilliance suddenly shone.

In the next moment, amidst the azure blue brilliance, something rose slowly.

Chen Feng saw that it was a bronze gourd.

The bronze gourd is no more than a foot high, it looks quite pocket-sized and cute, with mottled rust on it.

Obviously it is an ancient thing, I don't know how many years it has gone through.

On this bronze gourd, there are also seven kinds of treasures of various colors.

Ambilight, brilliance shines.

However, the shining brilliance could not conceal the thick bronze light of the bronze gourd itself.

In the next moment, this bronze gourd is rapidly growing.

In a blink of an eye, it went from a height of only a foot to about two meters.

The next moment, with a soft bang, the mouth of the gourd opened with a blue brilliance, and it spit out rapidly from the center to the outside.

The azure brilliance made a rapid circle, and in a blink of an eye, a ring with a diameter of more than one kilometer was formed.

And this ring. It is to include Ying Chaoyang and others.

At this moment, Chen Feng felt as if time had stopped for a moment.

The next moment, with a soft bang, the azure blue brilliance burst open all at once, swelling frantically.

In a blink of an eye, it was already hundreds of meters high, like a high wall formed by sea water, surrounding everyone in it.

Then, the sea exploded with a bang.

One white giant shark flew out from inside.

These giant white sharks are said to be huge, but they are only relative to the human body.

Monster beasts of this size could easily be crushed to death by winning Chaoyang and others.

But the key is that these giant white sharks are extremely powerful!

After seeing Ying Chaoyang and the others, the white giant shark immediately rushed up frantically, biting frantically.

To win Chaoyang, a punch was to knock a giant white shark into the air, but the giant white shark turned flexibly in the air, but was unharmed.

Obviously, the skin is thick and thick, and the defense is extremely strong.

At the same time, winning Chaoyang was also trapped by several other giant white sharks.

With every punch and kick, he can knock a giant white shark into the air.

However, it cannot be killed.

Moreover, the number of these giant white sharks is almost endless!

It was just a moment's time, and winning Chaoyang was bitten to blood all over his body, and instantly fell into the wind.

The situation of Ying Leyi, Ying Feiyang and others is even more precarious.

Even Ying Feiyang had already been torn off his left arm by the white giant shark.

The injuries were extremely serious.

The white giant shark seems to be unaffected by the environment such as leaving the sea, and it is constantly spinning around in the air.

The speed is extremely fast, coming and going like wind.

Win Chaoyang and the others were in crisis instantly!

Chen Feng looked at it, and his face couldn't help showing a touch of surprise.

"What kind of treasure is the Qibao Bronze Gourd, which turned out to be a thousand white giant sharks?"

"Every white giant shark has the strength of Emperor Martial Realm! This is really a bit scary!"

"There are so many powerful men in a bronze gourd!"

"Could it be a world inside?"

He looked at Murong Guan deeply all night.

"This Murongguan is really weird. What kind of occupation is he? Where is his background? How special is his attack?"

At this time, Ying Chaoyang shouted sharply: "Murongguan, I and I admit defeat, and I apologize!"

"I shouldn't have run away just now, but I was bitten to death by these dogs like this, I'm not convinced!"

Murongguan snapped and snapped his fingers.

Suddenly, those fierce giant white sharks immediately stopped attacking and retreated.

But they are still walking in the huge sea wall with a diameter of more than one kilometer.

In the small eyes, a fierce light shone, staring at Ying Chaoyang and the others to prevent them from escaping.

[Chapter 4255: Giant dragon turtle!](#)

Obviously, he was not in a hurry to kill Ying Chaoyang, but wanted to play around before killing him.

"Win Chaoyang, let's talk, how do you want to compare? Make a point!"

Ying Chaoyang took a deep breath and stared at him:

"Let me know a little bit when I die, let me die with a little dignity!"

"I want to fight you, not die in the hands of these things!"

After all, he pointed to the giant white sharks.

"but....."

Murongguan shrugged and said with a smile: "I am a summoner, and these monsters are my combat effectiveness!"

"At least, you have to let me die on a stronger monster beast!"

"Instead of being bitten to death by these many lowly ant-like monsters!"

Win Chaoyang shouted loudly.

Murongguan's face instantly became cold, and the smile on his face disappeared without a trace, staring at him, saying every word:

"Dare you say that my little baby?"

"Don't worry, after you die, I will let them swallow you!"

"No one can insult them except me!"

He suddenly smiled slightly: "Well, if you are like this, then I will fulfill you!"

"bring it on!"

After all, he hooked his finger to Ying Chaoyang.

The giant white sharks who had stood in front of him all turned away.

The next moment, a fierce light flashed in Ying Chaoyang's eyes, his figure violent, and he slayed frantically towards Murong Guan.

He knew that this was his only chance.

Crazy light flashed in his eyes: "If you don't succeed, you will become benevolent! Success or failure depends on this!"

In a blink of an eye, he was already in front of Murong Guan.

At this time, Murong Guan was still calm, just beckoning.

Suddenly, a muffled roar came from the bronze gourd.

This roar was both deep and clear.

The two feelings are mixed together, but it doesn't make people feel abrupt, but it feels very comfortable.

Roars came one after another, like dragons and ghosts.

The next moment, from the mouth of the bottle, a huge figure suddenly shot out.

It grows rapidly in the air!

With a bang, it landed firmly in front of Murong Guan.

This thing turned out to be a giant tortoise.

The four thick legs are as thick as a huge pillar, and they are not as thick as a continent-like tortoise shell.

The whole body is a very thick and heavy ocher, but it is not turbid, but like a shiny topaz.

The huge earth-yellow tortoise shell, like a beautiful jade carving, is simple and glorious.

There seemed to be endless yellow light circulating in it.

The huge tortoise shell is a thousand meters thick, and it is covered with raised thorns and spikes.

The bottom of its four feet is like a dragon's claw.

At the top of the neck, there is also a huge dragon head.

And clearly, his body was shining with a thick and incomparable earthy yellow light, it was an earth-type monster that couldn't be more obvious.

But by the way, around his body, there is a strong water power in the code.

The water system and the earth system, these two forces that would never blend in, coexist perfectly in it!

"North Sea Dragon Tortoise! Giant North Sea Dragon Tortoise!"

Chen Feng's pupils shrank, and he didn't expect to see the legendary creature here.

It turned out that what appeared in front of everyone at this time was a huge dragon turtle!

This dragon tortoise is said to be a mating of a giant dragon and a giant tortoise in the sea.

Inheriting the advantages of the two, it is a very powerful monster in the sea, and its body is extremely domineering and tough!

This dragon tortoise is thousands of meters in length, and the thickness of its carapace is about one thousand meters.

Chen Feng felt that when facing this dragon turtle, he already had the feeling of facing the two-headed ogre at the beginning!

"Is it difficult, this dragon turtle is already a five-star demon emperor, is it almost comparable to a six-star Wudi?"

This size was already considered extremely large among the Demon Emperor.

You know, the monster beast is often not very big when it reaches the realm of the monster emperor.

But extremely condensed, extremely powerful body!

After the Dragon Turtle appeared, it happened to stand in the way of winning Chaoyang.

Win Chaoyang pupils shrink sharply.

It turned out that at this time the giant dragon tortoise was already crooked, and the tail lashed over.

Its tail is extremely thick and long, and there is a round protrusion at the end of the tail, like a meteor hammer.

The circular convexity is hundreds of meters in diameter, and the whole body shimmers with heavy metal light, as if all made of brass.

But Chen Feng knew that the hardness of the tail hammer was more than tens of thousands of times more than brass!

The huge tail hammer, like a meteor hammer, came with an extremely violent wind whistling, and it hit Ying Chaoyang severely.

It's like a huge mountain crushed down!

Ying Chaoyang's pupils shrank sharply, and a huge panic appeared in his eyes.

However, he wanted to dodge at this time, and he was too late to dodge.

The next moment, when the two touched, they slammed together!

Ying Feiyang and others bowed their heads, closed their eyes, and didn't even dare to look.

Because they can already think of the tragedy of winning Chaoyang.

This is indeed the case!

After the two collided, Ying Chaoyang let out a scream, as if being kicked into the air, he was directly smashed and flew out several hundred meters.

With a bang, it hit the ground heavily, knocking the ground out of a big hole!

And the strength has not dissipated yet!

He was shocked to fly out of the big hole by this huge force, and fell heavily to the ground.

At this time, he was vomiting blood crazily, and countless wounds broke out all over his body, already like a blood man.

He trembled violently and couldn't stand up.

Obviously, he was seriously injured.

Ying Feiyang and the others were all eclipsed, crowded up one after another, and said loudly: "Young Master, how are you?"

"Master, how is your injury?"

Struggling to win Chaoyang, but can't stand up.

At this time, the giant dragon turtle obediently came to Murong Guan.

The huge dragon head lowered, Murong Guan slowly moved up, standing on top of the dragon head.

The giant dragon tortoise stood up suddenly, his legs straightened.

That neck is also straight!

It looked up to the sky and let out a fierce roar, and the mixed icy blue and ocher breath shook out, turning the tens of thousands of meters of woods into powder!

Visible its power!

Standing on the dragon turtle, Murong Guan stretched his sleeves, looking down at Ying Chaoyang, with a proud smile on his mouth.

"How about winning Chaoyang now? Are you convinced?"

Ying Chaoyang's face showed a thick slumping color.

At that time, the reason why he chose to retreat was because he was frightened by Murong Guan.

After three years of retreat, he made a breakthrough, thinking that he already had the capital to compete with Murong Guan.

But he didn't expect that Murong Guan's strength had improved more than his own.

Three years ago, he could not summon such a powerful monster.

[Chapter 4256: Murongguan's real purpose!](#)

But now it can be done, crushing himself easily.

Win Chaoyang knows that he has no chance of winning today.

Even everyone on his side combined could not be Murong Guan's opponent.

As if he knew what he was thinking, Murongguan drew a slight smile at the corner of his mouth, looked at him, shook his head, and made a faint voice:

"Unexpectedly, your nine major forces have dominated the Dragon Vein Continent for so many years, and as a result, you have cultivated such a waste."

"To be honest, you don't need to feel aggrieved."

"Don't say it's you, the young generation of the nine major forces, no one can compete with me!"

"even!"

He stretched out his hand and opened his palm slowly: "You young generation of the nine major forces, all of you, come together!"

"Both, not my opponent!"

"It will be crushed directly by me!"

While saying this, his right hand slowly clenched!

As if to kill all the young generations of the nine major forces!

When Chen Feng listened, he just laughed.

This Murong Guan is really arrogant, he is a summoner, and this dragon turtle is obviously the strongest creature he can summon.

The strength of this dragon turtle is probably equivalent to that of the six-star Wudi early stage.

No, to be precise, it should be equivalent to just entering the realm of Six-Star Wudi.

It was similar to the powerhouse who guarded the gate of the Demon Kingdom that Chen Feng had encountered in the Xuanming Seven Seas Realm before.

However, in front of Chen Feng, it was still not enough.

Chen Feng raised his eyebrows, a slight smile appeared at the corner of his mouth.

This dragon turtle, he is confident that he can kill it with one punch!

This Murong Guan, of course, is strong, but compared to him, he is nothing.

Are you still bragging about here?

"Okay, time is almost there, and enough to play."

Murong Guan smiled and flicked his fingers: "Win Chaoyang, I will send you on the road!"

Win Chaoyang and others, the expressions on their faces are extremely weird.

It's desperate and unwilling.

Winning Chaoyang was even more disintegrating. He looked at Murongguan like a cry and hissed:

"Murongguan, you are so strong, if I really have blood and deep hatred with you, I will recognize you if you kill me!"

"But, I just hurt one of your pets!"

"It just hurt one of your monster beasts! And, it didn't let it die, it really just hurt him!"

"Just because of this reason, are you going to kill me? Would you hesitate to fight the Eastern Wilderness winner?"

"I'm really wronged!"

He really felt that he was going to die unjustly.

If Murong Guan said that he wanted to kill him if he was not pleasing to his eyes, he would even accept this reason.

If there was really a sea of blood that killed him, it would be even more recognition.

But just because it was so small, it was not a grievance, so I chased him for five years!

This simply broke him.

When Chen Feng heard this, he couldn't help but frown.

"I have been hunted down for five years for this reason? Is there something wrong with Murongguan?"

Murong Guan laughed wildly and said: "Win the morning sun, win the morning sun, even if you are already dead, then I will let you be a ghost!"

His voice suddenly became gloomy and cold: "Do you think I am a fool?"

"I am the future island owner carefully cultivated by the Ten Thousand Beast Islands, and I am naturally knowledgeable."

"How could I be entangled with you, the future young master of the Eastern Wilderness winner, because of such a small matter?"

"What I want to do is to get to know you and win you over!"

There was a smile on his face and he looked very crippled.

Hearing this, Ying Chaoyang and the others were stupid, and they were all stunned.

They didn't expect that they would hear these words from Murong Guan.

They had been afraid of mental breakdown before.

But at this time they discovered that Murong Guan was not here to hunt them down for that reason.

This discovery made Ying Chaoyang and others even more collapsed.

"That's why!" Ying Chaoyang shouted loudly.

"Because you have a treasure I want."

Murong Guan stared at Ying Chaoyang and smiled slightly.

"I have a treasure you want?" Hearing this, I was stunned to win Chaoyang, and I didn't recover for a while.

Chen Feng, who had been listening quietly next to him, was moved in his heart and suddenly seemed to realize something.

He looked up and down Murongguan, whispering to himself: "Murongguan was born in the Ten Thousand Beast Islands and is one of the six hidden sects."

"Although the Six Great Hidden Sects have only recently started, it is absolutely impossible to start their layout recently."

"Its layout should have been around for a very long time."

"At the same time, Murongguan wants to win a treasure from Ying Chaoyang. Could it be related to his big plan?"

Thinking of this, Chen Feng's heart was already pounding.

He flicked his sleeves, stood proudly, and looked far away, without a glance at Ying Chaoyang and others.

"Our six hidden sects are very conspiring."

"The treasure that I want to get this time is even related to the luck of the entire Dragon Vein Continent. It is not an exaggeration to say that it is the most precious treasure in the Long Vein Continent in all ages!"

Hearing this, everyone couldn't help but jump in their hearts.

Chen Feng's eyes lit up suddenly, as if flames were burning in his eyes.

"It turns out that the six hidden sects are really looking for such a treasure, and the level of this treasure is so high that it can even be called the first treasure of the Dragon Vein Continent in the past!"

The information he received from Lan Zihan before and his own judgment before came to this conclusion.

However, that is after all speculation.

Now, the news was confirmed from Murongguan.

Chen Feng was ready to do it, and he could directly kill Murong Guan.

Let Murong Guan know his strength, and let Ying Chaoyang and others realize how outrageous they were before!

But now, Chen Feng is not in a hurry.

He has to wait for Murong Guan to finish telling the secret!

Ying Chaoyang and others were also shocked. This was the first time they heard the news.

"It's just that to get this treasure, you need to do a lot of arrangements."

"Our six hidden sects have been arranged as early as a hundred years ago."

"In recent years, they have started to do things."

"And if you want to get that treasure, there are still some things you need to get, just..."

He stared at Ying Chaoyang: "One of the treasures is on you."

"When I ran into you five years ago, I found the trace of that treasure."

"To me, this treasure is very important, but I can't show my true intentions, otherwise I will scare you away?"

"So, I had to find a reason and start chasing you."

"Unexpectedly, your strength is not good, you run quite fast, this chase is five years."

[Chapter 4257: Have you asked my opinion?](#)

"But, today I finally let me catch you!"

After that, he let out a triumphant laugh.

He looked at Ying Chaoyang and the others, and smiled triumphantly: "You are also the winner of the Eastern Wilderness after all, and your identity is quite sensitive."

"I actually had some concerns before, if you beheaded, then people will think of this level."

"But I didn't expect that Kongsang Lunjian provided me with such a good opportunity!"

"Today, I beheaded you here and took the treasure from you!"

"No one knows that I came for that treasure, and even no one knows that I did it! All thought it was killed by the other nine powerful forces!"

He smiled and shook his sleeves: "When the time comes, I will leave freely, no one can know my identity."

"When these wastes of your nine major forces are discovered, the overall situation has already been determined."

After all, there was another burst of uncontrollable smug laughter.

"but....."

Ying Chaoyang looked at Murongguan, his face was astonished: "Which treasure is it? I don't know it myself!"

"That's why you say you have no eyes."

Murong Guan smiled, driven by his thoughts, the dragon turtle moved forward slowly.

Soon, they came to Ying Chaoyang and the others.

The dragon tortoise was huge like a mountain, and Ying Chaoyang and others were shocked, and they didn't dare to move there.

Murong Guan slowly jumped down from above, came to Ying Chaoyang, and lifted him up.

Then, he stretched out his hand and dragged an object from his neck.

"It's this treasure!"

Chen Feng looked at it, but saw that it was a necklace.

The necklace looked rather primitive and unpretentious, and under the necklace was facing a small object about the size of a thumb.

This small object is in the shape of a sun, and its whole body is red and white, which is quite primitive.

I can't tell what the material is, and the color is like the sun shining to the extreme at noon.

It's just that the sun's rays are obviously a little dusty, and I don't know what it is hiding.

As a result, the brilliance didn't come out, but it seemed a little hazy.

There is always a feeling that is still unsatisfactory.

If it takes a long time to watch, it makes people feel particularly uncomfortable.

It seems to be doing a very important, very significant thing, and it is almost done, but it is just the last point!

It was so close, but still unable to do it.

After Chen Feng watched it, his eyes froze first, and then suddenly a little trance.

In my heart, all the regrets in the past are pouring up.

Suddenly, it made him feel uncomfortable.

Chen Feng's heart was violent, and he bit his tongue quickly, and a sharp pain came.

This made him sober again.

Looking at the necklace, Chen Feng's gaze revealed a touch of shock: "This necklace can actually provoke regrets in people's hearts? It almost made me fall into an endless fantasy!"

Chen Feng glanced at the necklace again, thoughtful.

"This necklace itself has the meaning of being extremely dazzling but dusty. Isn't this just the same, is it regretful that I couldn't make it?"

Chen Feng looked at others again, but found that there was nothing unusual about Ying Chaoyang and others.

And Murong Guan's expression was in a trance for a moment.

Chen Feng was surprised at first, and then understood.

Murong Guan is a summoner and needs very strong spiritual power, and his own spiritual power is also very strong.

"It seems that to see the strangeness on this necklace requires a strong mental power."

"Winning Chaoyang and the others are not even qualified to be stimulated by this necklace."

Murongguan looked at the necklace at this time, with a deep intoxication in his eyes.

He let out a groan-like sigh: "What a charming breath, what a powerful and terrifying spiritual power!"

"It is hard to imagine, what is sealed inside!"

"Hahaha, after I have more things, my position in the six hidden sects will rise further!"

"This thing is extremely important to my six hidden sects!"

Win Chaoyang and others looked at each other.

"Well, the treasure is here."

Murongguan smiled: "You guys, **** it too!"

The next moment, a breath of terror condensed behind him.

In the next moment, he will kill Ying Chaoyang and others together.

Ying Chaoyang's heart was full of despair, and he let out a miserable cry.

Some people simply close their eyes and wait for death.

There was despair in my heart, and I didn't even have the idea of resistance.

They were howling frantically here, full of ugliness.

At this moment, suddenly, a clear voice came.

There was a smile and a faint leisurely voice in that voice: "Have you asked my opinion?"

Hearing this, everyone was stunned.

Ying Chaoyang and others opened their eyes.

Then he saw that a dark shadow stood in front of them.

It is Chen Feng.

At this moment, Chen Feng stood in front of everyone, looking at this Murongguan, his face was indifferent.

The clouds are light and the wind is clear.

Murongguan looked at Chen Feng and frowned, "Who are you again?"

Chen Feng smiled and said, "Chen Feng."

Chen Feng!

This name seems to have some impression on Murongguan.

He thought for a moment, and then he suddenly said, "Oh, it turned out to be Chen Feng from the Xuanyuan family?"

Then, there was a hint of disapproval on his face.

"I've heard of it before, knowing that you are quite outstanding among the younger generation in this dragon vein continent."

"However, it's a pity!"

He looked at Chen Feng and shook his head: "You are going to die here today."

Chen Feng smiled and said, "So you want to kill me?"

Murongguan looked at Chen Feng, full of bloodthirsty meaning: "Since I told you this secret in front of you, do you think you can still go alive?"

He pointed to Chen Feng with a scornful face and shook his head: "Boy, you are too naive, how did you get into this empty sword?"

He looked at Chen Feng as if he looked at a dead person.

Chen Feng looked at him with a smile, and said faintly: "It seems that you want to kill me and you haven't asked my opinion."

Murong Guan laughed wildly like he heard Tianda's joke.

After a while, he stopped his laughter and looked at Chen Feng with a condescending meaning:

"You are in my eyes, but only ants!"

"I want to kill you, why do you need your consent?"

He looked at Chen Feng with contempt in his eyes.

Win Chaoyang seemed to come back to his senses at this time.

He stared at Chen Feng and screamed: "Chen Feng, what are you doing?"

"What am I doing? Are you blind? Didn't you see?"

Chen Feng didn't turn his head back, faintly.

Ying Chaoyang and the others were all dumbfounded.

They didn't expect that Chen Feng would even make his mark at this time.

Ying Chaoyang was stunned for a moment, and then a strong anger, disdain, and other intertwined emotions flashed in his eyes.

[Chapter 4258: Sorry, you are going to die here!](#)

There is still a bit of anger into anger!

Because he felt: "When I faced Murongguan, I was so scared!"

"And you, can you even talk in front of Murong Guan? Why!"

He felt like he was being compared by Chen Feng.

Of course, he will never admit his emotions.

He screamed: "Chen Feng, get out of here! Don't seek your own death!"

He himself was like a grandson in front of Murongguan, and he was very disgusted that Chen Feng stood in front of Murongguan so stiffly, and did not flinch!

Looking at the win against Chaoyang, Chen Feng said lightly:

"I said before, if something happened to you in Kongsang Lunjian."

"For Ziyue's face, I will not ignore it."

After listening to Chen Feng's words, Ying Chaoyang and others were stunned.

The next moment, I looked at him like a lunatic.

Especially when he won Chaoyang, he said sharply: "Chen Feng, don't be ashamed here!"

"What are you? And you won't just sit back and watch? Why are you?"

"Are you Murongguan's opponent?"

"Murongguan stretches out a finger and can crush you to death!"

Ying Feiyang also sneered: "Yes, Chen Feng, what you said is ridiculous!"

"Even Young Master is not his opponent, what do you take to sit and watch, take your face?"

All the winners of the Eastern Wilderness ridiculed.

Even utterly insulting Chen Feng.

In the words, he is extremely disdainful.

In their opinion, Chen Feng's move is really absurd.

Even with his strength, what did he say?

What a shame!

They all thought Chen Feng was crazy.

Murongguan shook his head and looked at Chen Feng, with a touch of impatience in his eyes.

"I'm tired of chatting with you here, I don't have time to waste with you."

"Or, to be precise, you are not worthy of me to waste time."

"just now....."

He sneered coldly: "I will kill you all!"

The next moment, with a snap, he snapped his fingers.

Behind him, the huge dragon tortoise raised its head high and let out a cry like a dragon like a tortoise.

Then, the huge forefoot slammed down!

This forefoot is a kilometer long and has a diameter of hundreds of meters.

Enough to cover a radius of hundreds of meters!

Suddenly, everyone felt that the sky was darkening.

A huge black shadow, like a mountain, pressed its head against them severely, and trapped everyone in the shadow.

When Ying Chaoyang and the others looked up, they were desperate to see that the huge black shadow was constantly magnifying and magnifying in front of them!

Pressed down hard.

This blow, with the power of a landslide and a mountain destruction, could not be resisted by Win Chaoyang and others!

They can only close their eyes and wait for death.

Murongguan looked at Chen Feng, smiled slightly, leaned back and made a very sorry look:

"Sorry, Chen Feng, you are going to die here."

Chen Feng saw his pretentious expression, and he could hardly help laughing.

Murong Guan's little strength is not worth mentioning in front of him, and it is easy to kill him.

He is still pretending to himself here?

He also pretended to be pitiful and sorry, saying this?

It's shameful.

Chen Feng smiled faintly and ignored it.

Later, he will use the facts to slap Murongguan in the face!

At this time, the dragon tortoise's huge legs were already pressed down!

Ying Chaoyang and the others closed their eyes and their faces were pale.

But suddenly, they discovered that they had waited for a while, and the giant leg had not fallen.

Their expected death did not appear either!

They waited for a while and found that it still hadn't fallen.

Suddenly, Ying Chaoyang and others opened their eyes in surprise.

Then, after they saw the scene in front of them clearly, they all cried out, and their faces showed a huge shock.

They shouted loudly: "How is this possible?"

Ying Feiyang rubbed his eyes even more, not daring to say: "This, this, this...Is this hallucination? How come?"

Win Chaoyang and the others were shocked to the extreme!

It turned out that at this moment, when they opened their eyes, they suddenly saw that the dragon tortoise's giant legs were hovering on the top of their heads.

The reason why those huge legs did not fall was because of Chen Feng!

At this moment Chen Feng stood there and stretched out his right hand!

It actually directly resisted the depression of the dragon turtle giant leg!

"How is it possible? How could Chen Feng have such a powerful force?"

"How strong is this dragon tortoise's blow? I'm afraid it won't be less than tens of billions of catties! How can Chen Feng be able to stop it?"

Shock, disbelief, shock, and so on flashed in their eyes, and they just stayed there.

"Chen Feng, so strong!"

Ying Feiyang was dumbfounded, and suddenly, there was a great fear in his heart.

And in Ying Chaoyang's heart, there was a fierce beating!

He is more shocking than others!

Because, just now, he fought head-on with that dragon turtle!

A voice echoed in Ying Chaoyang's heart: "The power of that dragon turtle's blow is at least 80 billion catties!"

"I just contended with it, and without the strength to fight back, I was seriously injured!"

"Chen Feng could stop it? How powerful is he? How could it be possible!"

But at this time, this is a fact.

Tell them plainly that Chen Feng has such a powerful force!

It is able to block the downward pressure of that dragon turtle giant leg!

Moreover, when they saw Chen Feng's look and the dragon tortoise's body movements clearly, their hearts trembled.

It turned out that at this time, Chen Feng stood there, slightly raised his hand, supporting the downward pressure of the dragon turtle's giant leg!

The expression is extremely leisurely, with a smile on the corners of his mouth, not trying to do his best.

It's more effortless and relaxed.

On the contrary, it was the huge dragon tortoise whose body was trembling crazily.

The right forefoot was pressed down fiercely, and even his three legs had already been pressed on the ground with huge cracks!

Obviously, it was frantically using all of its power to suppress it!

But it's useless!

Still easily blocked by Chen Feng, without pressure!

Chen Feng looked up and looked at the giant dragon turtle.

The dragon tortoise's dragon head, panting heavily, and growling frantically, pressing down.

Chen Feng smiled and said, "Okay, don't bother."

After that, he gave a soft drink and waved his right palm out easily.

A dark golden light flashed across Chen Feng's body.

The second stage of Donkey Kong Arhat Immortal Body is already activated!

The dragon tortoise felt a huge force surge in!

Like the waves crashing, the giant mountain is overwhelming!

He couldn't stabilize his figure at all, with a bang, that huge hindfoot, took a step back!

[Chapter 4259: With these fists! enough?](#)

It fell heavily to the ground, shaking his body!

After a while, he stood still.

The giant dragon tortoise was extremely shocked, lowered his head, and stared at Chen Feng with his huge eyes.

This scene also made Murong Guan stunned.

His smug expression hadn't dissipated, but he was already frozen on his face.

Looking at Chen Feng, he looked dazed, unable to speak for a while.

Chen Feng suddenly made a move at this time, and the strength he showed was beyond his imagination!

Winning Chaoyang even made the eyeballs almost fall off, and the whole person was plunged into a huge consternation:

"Could it be that Chen Feng's strength actually exceeds mine?"

"I can't stop the dragon tortoise's blow, and he can shock the dragon tortoise! How terrifying is his strength?"

Not only him, but the other winners of the Eastern Wilderness, are also shocked inexplicably.

Chen Feng looked at Murong Guan, smiled and leaned back, with a look of sorry on his face:

"Sorry, I seem to disappoint you."

"You seem to have no such ability to kill me."

As soon as Chen Feng said these words, Murong Guan's originally astonished expression changed instantly.

With a single brush, his face changed from light blue to dark blue.

At the same moment, the person flushed, his face was like pig liver!

And the look on his face changed from extreme consternation to a hint of anger.

It's even more embarrassing!

Chen Feng's words, like a slap in the face, slapped his face fiercely!

Just now, he used that dragon tortoise to launch that powerful offensive!

I think that everyone will die under that blow, and no one will be spared!

Moreover, he even pretended to say the phrase 'I'm sorry, I want to kill you here' to Chen Feng.

Obviously, he didn't mean anything to be sorry, but was full of banter.

It was he who stood at the height of a victor, the person in control of everything, and sent a bit of pity to Chen Feng, even with a thick teasing!

As soon as his words fell, Chen Feng blocked Dragon Turtle's fatal blow!

The dragon tortoise was shaken even more, step back!

This directly turned what he said just now into a laughing stock!

At this moment, Chen Feng added such a sentence, like a big slap in his face.

Make him a joke.

But Murong Guan was also very human after all, and soon recovered.

Then, the shame on his face turned into extreme coldness.

Staring at Chen Feng, he said gloomily, "Boy, I admit that I underestimated you before!"

"Unexpectedly, you do still have some strength. Compared with that, you have cultivated a very strong body training technique!"

"but!"

He paused, and then, his expression on his face became indifferent again, even more indifferent.

"But, you just have some strength."

"In my eyes, it still doesn't count as a fart!"

"Is only this brute force? Next, I have a hundred ways to kill you!"

"Then you are pretty good, a hundred ways?"

Chen Feng chuckled: "I am different. I only have one way, but it is enough to kill you."

When talking about the two words slaying, Chen Feng's voice suddenly became full of killing, like swords contending, loudly!

After hearing this, Murong Guan was stunned for a moment.

Then he laughed, as if he heard the funniest joke in the world.

Behind him, the huge dragon tortoise, and the throats of the numerous huge sharks that were densely scattered around, also made waves of hehe.

As if mocking Chen Feng.

Suddenly, ridicule was all around, converging into a huge sound.

It seems that the world is rejecting Chen Feng! Laugh at Chen Feng!

But Chen Feng stood there, with a slight smile on his mouth, standing proudly.

The wind came, blowing her clothes.

Straight as a javelin!

After a while, Murong Guan's laughter stopped.

He squinted at the corner of his eyes and looked at Chen Feng with a look like a lunatic: "Chen Feng, are you mad?"

"Or do you see that my powerful strength has subverted the perception of your so-called genius, so under the shock, the whole person is already mentally abnormal?"

"You actually said such a thing?"

He pointed at Chen Feng, and lighted it one after another, contemptuously:

"What did you use to kill me? Just rely on your mouth? Just rely on you to brag?"

He turned around suddenly, pointed at the huge dragon turtle behind him, pointed at the countless bloodthirsty sharks around him, and let out a loud roar:

"Why are you killing me?"

"I have them! What do you have?"

"Why do you?"

At this time, he was almost walking to Chen Feng!

That finger almost hit Chen Feng's face, his face was full of anger, disdain, looking down, and murderous!

Not to mention Murong Guan's disbelief, even Ying Chaoyang and the others who stood behind Chen Feng showed a strange look on their faces.

They glanced at each other, and they all understood the look in each other's eyes.

"This Chen Feng is too arrogant!"

"Yeah, he can blow too much!"

"He is very powerful, beyond our expectations, but strength does not mean strength!"

"How could he have the strength to kill Murong Guan? Isn't this a foolish dream?"

Even they are not optimistic about Chen Feng.

Ying Chaoyang opened his mouth and said in a deep voice, "Chen Feng, before you speak, think twice."

"I admit that you do have some strength, but you may not necessarily be Murongguan's opponent."

Chen Feng ignored him, just looked at Murong Guan, and slowly uttered a word:

"Just rely on these fists! Is that enough?"

Murong Guanyin sneered coldly and roared: "Dragon Turtle, kill him!"

Having said that, his stature retreated quickly.

It is already wrapped in a blue mist.

The blue mist revolved, forming pieces of smooth mirror like ice, blocking him behind.

And the giant dragon tortoise let out a low roar, step forward!

When he twisted his figure, the huge meteor tail hammer slammed into Chen Feng fiercely!

It is his strongest ultimate move!

Win Chaoyang trembled fiercely.

This was the trick just now, which directly beat him to the point of death, without the power to fight back.

Everyone's eyes widened, looking at Chen Feng, wanting to know whether Chen Feng could catch this move.

Chen Feng laughed loudly and shouted wildly: "Good job!"

The next moment, above his body, the dark golden light shines, and in an instant, the whole person has become a dark golden color!

Donkey Kong Arhat is the second stage of the Immortal Body, which has moved to the extreme!

He took a big step and rushed forward frantically!

In this space, you can't fly, and you can't use body skills and martial arts, but Chen Feng's running speed is as fast as a phantom, breaking through the limits of this world for a short time!

[Chapter 4260: Punch! Blow!](#)

The next moment, he appeared fiercely in front of the giant dragon turtle!

With one punch, he slammed the tail toward the meteor tail!

Chen Feng's fist blasted out, and the void in front of him was instantly broken!

Several spatial cracks appeared directly, meandering away!

"A punch to the sky!"

"Chen Feng broke into the air with a punch! He actually reached this level just now!"

Ying Chaoyang and others all exclaimed.

"How many catties does his punch have? One hundred billion catties? Or 150 billion catties?"

Chen Feng smashed the void with a single punch, leaving them all speechless in shock!

In the face of this trick, even Murong Guan was shocked.

Suddenly, he suddenly thought of something, exclaimed, and shouted: "Dragon Turtle, come back!"

However, it was too late.

In the next moment, Chen Feng's fist and the meteor tail hammer of this giant dragon turtle violently collided with each other.

A loud bang, resounding directly through the world!

Just like the impact of the two huge metal mountains, everyone's eardrums were aching.

It seems to be torn apart alive.

In an instant, countless blood splashed out frantically, almost staining the sky red!

Then, the giant dragon tortoise raised its head and let out a terrible scream.

The scream is so loud, it makes people feel almost overturned the whole world.

Countless blood burst out frantically, almost staining the sky with blood red!

It turned out that the meteor tail hammer of the giant dragon turtle was blown apart by Chen Feng with a punch at this instant!

It's not a crack, it's not a break!

Instead, with a bang, blow it to pieces!

Turned into countless bone debris, countless pieces of flesh and blood, madly splashing around!

This huge meteor tail hammer with a diameter of several hundred meters was blown directly by Chen Feng with a punch!

And this meteor tail hammer, of course, is Dragon Turtle's strongest attack method, and it is also his most important point.

It was directly shattered at this moment, and it was so painful that it was so painful that it almost died of pain alive.

Seeing this scene, everyone exclaimed!

Murong Guan's indifferent expression that had been maintained, also disappeared instantly.

He shouted: "How is this possible! How is it possible!"

At this moment, a flash of horror flashed in his eyes:

"Could it be that Chen Feng's strength is extremely terrifying? Would it be beyond my imagination?"

"Could it be that Chen Feng is actually strong enough to kill me!"

He didn't want to believe his speculation, but he had to believe it!

Chen Feng's punch had already fully revealed his strength!

Chen Feng laughed loudly: "What is impossible? Do you think this is over?"

As soon as his voice fell, his figure was forward, and he actually rushed towards Murong Guan.

He actually wanted to rush to Murong Guan and kill him!

Murong Guan's eyes instantly showed a touch of horror.

He is a summoner, and his fighting power is not strong.

The strength of a body is all on the summoning object.

Moreover, just now, Chen Feng shattered the void with a punch and beat Dragon Turtle's strongest offensive to violence!

It made him realize that Chen Feng's strength was extremely terrifying!

Where is he opponent?

At this time, he backed away frantically and shouted sharply: "Dragon Turtle, stop him!"

The giant dragon turtle was obviously extremely loyal to him.

Hearing the order, he held back his violent pain and forcibly struggled to block between Chen Feng and Murong Guan.

Although the dragon turtle was Chen Feng. Abolished his strongest attack method.

However, this by no means means that he has no combat effectiveness!

In fact, the strongest dragon turtle is its defense!

It is blocking here, his tortoise shell, which is as thick as a thousand meters, like a rock formation on the earth, blocking here is the strongest defense against Murongguan!

Chen Feng yelled coldly: "Get out!"

The next moment, another punch came out.

This punch hit the dragon turtle's body fiercely!

Chen Feng's strength of 108 billion catties burst out and hit the bottom of the dragon turtle's shell!

The force of 108 billion catties surging, directly smashed the huge dragon tortoise and almost turned over.

But he is too heavy and powerful!

With this punch, Chen Feng still failed to knock it over.

Chen Feng laughed loudly, but at this time he lost his temper, punched out again, and screamed frantically: "Get away!"

The power of one hundred and eight billion catties gushes out again!

Just as this punch blasted out, Chen Feng suddenly felt an extremely strange and unobstructed feeling in his heart.

It seems that the three punches in succession have opened up his meridians and eliminated his stagnation!

At this moment, the whole body is all over Tai! Get up and down! Very comfortable!

Chen Feng suddenly realized:

"When I broke through to the second stage of Donkey Kong Arhat's Immortal Body, there was actually a trace of stagnation, and I couldn't reach it successfully.

"But now, this blow has completely opened up all my meridians and completed it!"

Chen Feng was at ease, and the power of this punch was even greater!

The dragon tortoise finally couldn't resist it. Under the bombardment of Chen Feng's flood of fists, it turned out to be a wild roar, and his body couldn't help but flew to the distance!

Flew tens of thousands of meters away, and hit a mountain that was 30,000 meters high!

A loud bang directly exploded that mountain into countless debris!

What Ying Chaoyang and others watched are all eyelids jumping wildly.

When they looked at Chen Feng, the expressions in their eyes were more than shock and disbelief!

They looked at Chen Feng's eyes as if they were looking at a deity!

They are now extremely convinced of one thing, that is, Chen Feng's strength not only far exceeds them, but also completely beyond their imagination!

Win Chaoyang murmured: "Chen Feng, how strong are you?"

"You, can you smash this dragon turtle weighing several thousand catties directly?"

You know, the weight of this dragon tortoise is definitely not weaker than a giant mountain that is several kilometers high!

"What kind of strength is he?"

"Six-star Emperor Wu? Even stronger than Six-star Emperor Wu?"

Seeing this scene, Murong Guan couldn't help showing a look of horror in his eyes.

Yes, it's just panic!

Therefore, at this time, he realized that he had made a great mistake!

Chen Feng, I can't afford it!

This young man may be the strongest person in Kong Sang Lunjian this time, even stronger than the young talents carefully cultivated by these six hidden sects!

Without any hesitation, he turned around and fled away frantically!

Murong Guan escaped!

Yes, he ran away, he was scared!

He was so frightened by Chen Feng that he didn't have any daring to fight anymore, his soul flew away, and he ran away!

At the same time, the spiritual power in his heart radiated out.

Suddenly, those giant sharks rushed frantically and stood in front of Chen Feng.
