

Peerless 4261

[Chapter 4261: I'm giving Ziyue face!](#)

Try to win time for him to escape!

Chen Feng smiled coldly: "With you? Want to block it? Can you block it?"

He didn't dodge and rushed directly into the sharks!

Chen Feng didn't even use his fists, he just rushed forward crazy!

And all the giant sharks hit by him were directly bounced and crashed away!

Even some were smashed directly by Chen Feng, and icy blue blood sprayed out, pouring Chen Feng all over!

Chen Feng was murderous, as if a **** of murder came out of a sea of blood!

In just a moment, Chen Feng had already caught up behind Murongguan.

At this time, Murong Guan hadn't even escaped far.

Murong Guan suddenly felt something, and turned his head violently to see Chen Feng!

He had already seen Chen Feng's dark golden fist and slammed it towards him!

Murongguan's eyes showed extreme fear!

He knew that he could never stop this move!

That powerful dragon turtle can't stop this trick, let alone himself!

He shouted in horror: "I, I am a member of the Ten Thousand Beast Islands! I am a member of the Six Great Hidden Sects!"

"You can't kill me! You kill me, the six hidden sects will not let you go!"

Chen Feng laughed loudly: "Do you think I am afraid of your six hidden sects?"

In the next moment, Murongguan saw that the dark golden fist became clearer and clearer in front of him!

He screamed in horror!

Because he realized that Chen Feng really dared to kill himself!

I really want to kill myself!

He furiously resisted, playing all his powerful moves.

The blue light kept shining.

But it is useless at all!

Chen Feng's dark golden fist shattered all obstacles!

Then, it was printed on his chest!

Murongguan let out a terrible scream, and a big hole was directly punched out of his chest!

Broken sternum, broken ribs, broken bones all over the body!

The body was like a torn sack, flew out fiercely, hit the ground heavily, and spread there.

Like a pool of rotten meat, you can't stand up.

He groaned and screamed terribly, trembling all over, paralyzed there, like a dead dog in embarrassment.

Where is the arrogant and dismissive look before half a minute!

Punch!

With just one punch, Chen Feng directly hit the extremely arrogant Murong Guan to the death.

At this time, seeing Chen Feng's punch, winning Chaoyang felt his heart twitch.

As if his head was smashed, the whole thing was a little dazed.

Chen Feng fell in front of Murong Guan and lifted him up.

Then, Chen Feng looked around, his eyes swept across the faces of Ying Chaoyang, Ying Feiyang and others.

In the end, it fell on Murongguan's face.

Chen Feng yelled: "Is it enough just by my fists?"

This violent roar seemed to shatter all Chen Feng's anger, all his unhappiness, and all his anger in recent days, bursting out!

For a moment, I only felt relaxed and comfortable to the extreme.

He let out a great laugh!

There was no sound, the scene was extremely quiet, everyone just looked at Chen Feng with extremely awe!

Of course, these fists are enough!

This punch has already revealed his strength!

With this punch, Murong Guan hit like a dead dog!

This punch made them realize that Chen Feng's strength is probably the first one in Kongsang's sword!

Of course, this pair of iron fists is enough!

Even Chen Feng's fellow apprentice brothers looked at him with extremely awe.

They only knew that Chen Feng was very strong, but they didn't know that he was so strong.

Everyone's faces are full of honorable expressions:

"This is our Xuanyuan family, this is Chen Feng!"

And those who have offended Chen Feng are all ashamed and desperate.

Chen Feng looked at Murongguan and smiled and said, "Have you taken it?"

Murong Guan didn't realize the situation in front of him yet.

He stubbornly said: "The six hidden sects will not let you go, the Ten Thousand Beast Islands will not..."

Before those words were spoken, there was a crisp pop, and his head tilted to the side.

The blood flew out with a few broken teeth, and the left face was heavily swollen.

Chen Feng has already slapped his face fiercely!

This slap slapped Murong Guan directly!

He stared at Chen Feng in disbelief, and said in a daze, "You, do you dare to hit me?"

Chen Feng smiled and said three more words: "Have you taken it?"

"I tell you, the six hidden sects will not..."

"Snapped"

Another slap in the face!

Murong Guan was about to be beaten up and down, and it took a long time to recover.

Chen Feng looked at him and continued to smile: "Have you taken it?"

Murong Guan was completely stunned, his eyes showed extreme fear.

He was about to shout 'I'll take it', but Chen Feng didn't give him this opportunity at all.

Snapped!

Another slap in the face!

Then smiled and said, "Have you taken it?"

Then, with a snap, another slap in the face!

Pros and cons, Chen Feng slapped him a dozen times.

Finally, taking advantage of the moment when Chen Feng started a little slow, Murong Guan screamed frantically: "I took it, I took it, I don't dare anymore, please don't fight!"

He was afraid that he would slow down and was beaten by Chen Feng again.

Chen Feng looked at him with a smile on the corner of his mouth, and slowly uttered two words: "Waste."

Then, he let go and let Murong Guan fall to the ground.

He turned around, looked at Ying Chaoyang with a leisurely expression, and clapped his hands.

Faintly said: "I said, for the sake of Ziyue's face, if something happens to you, I won't sit idly by."

"Remember, this is for Ziyue's face!"

"And you!"

Chen Feng looked at Win Chaoyang with contempt in his eyes: "You are here with me, there is no face to speak of!"

This is exactly what Ying Chaoyang and Chen Feng said before.

Win Chaoyang and others, dumbfounded.

Standing there, I couldn't say a word.

This is the third time Chen Feng said this sentence.

When he said this two times before, Ying Chaoyang and the others only found it ridiculous. They didn't think he had such strength at all, nor did they think he would be in danger.

But at this time, when Chen Feng said this sentence again, they realized that they were wrong before!

It was so wrong!

Chen Feng really has such a terrifying strength!

Thinking of what I said to Chen Feng before, winning Chaoyang only felt hot on his face.

It's like being slapped fiercely one after another.

"What am I!"

"My little strength, what counts in front of Chen Feng? I even said that?"

"I even said I wouldn't just sit back and watch him? I still have all kinds of contempt for him?"

"Win Chaoyang, win Chaoyang, do you have this qualification? Do you have this face?"

[Chapter 4262: Sorry, you have no face with me!](#)

At this time, I didn't even dare to lift my head.

He didn't dare to look at Chen Feng, but he wanted to find a place to get in.

The endless shame in his heart almost drowned his heart!

His face flushed even more, like pig liver.

The win-flying on the side is not just shock and disbelief.

Suddenly, his gaze changed abruptly, and it was full of deep fear.

He suddenly thought of what he had said to Chen Feng before.

It suddenly occurred to me that I had offended Chen Feng so cruelly!

His face was pale, and the whole person trembled with extreme panic.

"Chen Feng, will Chen Feng spare me?"

"I offended Chen Feng like that before. Will he kill me?"

"It's over, I'm over!"

Not only him, but several other people who had spoken harshly to Chen Feng before, and even had sinned, were all trembling with fright.

At this time, their hearts are full of regret.

"I knew this before, and I absolutely didn't dare to offend Chen Feng!"

"Chen Feng's strength is so terrifying, he dare to offend him, he is seeking his own death!"

They regretted it to the extreme.

It's just that it's no use regretting now.

Looking at the win against Chaoyang, Chen Feng said faintly: "And you, don't think I have such strength, and you even mocked me."

"just now....."

He smiled and said, "Does your face hurt?"

His hands snapped twice in the air.

In an instant, Ying Chaoyang's face flushed red, as if he was slapped severely.

It hurts, of course it hurts!

He looked down on Chen Feng as before, and said that he would take care of Chen Feng one or two times.

Even more so, Chen Feng should not be embarrassed here, thinking that Chen Feng is not worthy of being compared with himself. *noVeLuSb.coM*

But now, Chen Feng is using facts and his formidable strength to draw the face of winning Chaoyang!

He remembered the words he had said before, and wanted to find a place to dig into it.

Not only him, everyone is like this.

Except for the two members of the Xuanyuan family.

The two of them only had joy in their hearts.

Chen Feng turned his eyes and looked at Baili Hen.

Bai Lihen stood there in a daze. He was already completely shocked by Chen Feng's performance, almost stupid.

The whole person was dumbfounded.

At this moment, after contacting Chen Feng's gaze, he shivered violently and suddenly realized what was happening now.

He suddenly thought of what he said to Chen Feng before.

After Ying Feiyang came, he became extremely arrogant, thinking that Chen Feng could not kill himself at all.

Thinking about it now, those words are really ridiculous!

Don't talk about yourself, even if you win Feiyang and Chaoyang, Chen Feng can easily kill!

At this time, seeing Chen Feng's cold and murderous eyes, Bai Lihen did not hesitate at all.

With a softening of his legs and a plop, he fell directly to his knees.

Knocking his head like smashing garlic, he shouted sternly: "Master Chen, be merciful, be merciful! Please don't kill me!"

Chen Feng looked at him and smiled slightly: "Actually, I really want to spare you too."

"But it's a pity!"

Chen Feng looked cold, staring at him, and said word by word: "You want to attack my Xuanyuan family!"

"This is absolutely unforgivable!"

"just now!"

Chen Feng said lightly: "Die!"

After all, take a palm shot.

Bailiher knelt on the ground, begging frantically, crying loudly.

But it didn't hide, nor did it block.

He has completely lost the thought of resisting.

Because he knew that he couldn't stop it at all and couldn't run away!

Only waiting to die.

With a soft sound, Bailiher's scream suddenly cut off.

He trembled heavily, and then fell directly to the ground, his eyes disappearing.

There is no more life.

This is a tyrannical man who once dominated one side, and was easily beheaded by Chen Feng like a chicken.

Seeing what happened to Baili Hen, Ying Feiyang and the others shivered with intense fear in their eyes.

Chen Feng killed someone!

He started to kill!

At this moment, Chen Feng turned his head and looked at the Donghuang winners.

Seeing his cold eyes, Donghuang Winner and others trembled fiercely in their hearts.

He could not help but soften his legs and all fell to the ground.

Among the five winners of the Eastern Wilderness, in addition to winning Chaoyang, the others were actually looked at by Chen Feng, and they knelt on the ground in fright.

Even winning Chaoyang is a battle with both legs, shaking all over.

He was also thinking about whether he should kneel on the ground.

Chen Feng slowly walked towards Ying Feiyang.

Every time he took a step forward, the magnitude of the win Feiyang tremor was a little bit bigger.

When Chen Feng walked in front of him, he was already shaking violently.

This extreme fear made him unable to control his body at all.

"What are you doing on your knees?"

Looking at Ying Feiyang, Chen Feng said with a mocking smile at the corner of his mouth:

"You win Feiyang, but you are the strongest winner of the Eastern Wilderness."

"Behind you, there is a win over Chaoyang supporting you."

"You can say a few words to me, Chen Feng, to save me face! I dare not offend you!"

At this moment, Chen Feng showed a very scared expression on his face, but his words were full of sarcasm and joking.

Win Feiyang and Win Chaoyang are naturally visible, Chen Feng is mocking them, mocking the entire Eastern Wilderness winner!

But they dare not say a rebuttal.

Because Chen Feng has this strength and this qualification!

Not only did he dare not say anything to refute, Yingfeiyang didn't even have the courage to stand up.

He knelt on the ground, banging his head, and instantly his forehead was blood red.

"Master Chen, please look at the face of the young master, and the face of the young lady, don't kill me! Don't kill me!"

He was howling and crying, mentally breaking down, where did he show arrogance and disdain for Chen Feng half a minute ago?

It's like a dog wagging its tail.

At the side, Ying Chaoyang also whispered: "Chen Feng, it's because of my face, otherwise, this matter will pass?"

"He also kowtows to you..."

Before, he was full of arrogance to Chen Feng.

He even cherishes words like gold, it seems that talking to Chen Feng has lost his identity.

At this time, in front of Chen Feng, he was cautious, and his waist was bent when he spoke.

Even more, he spied Chen Feng's expression from time to time, for fear of angering him.

Chen Feng turned around and looked towards Win Chaoyang.

Reaching his gaze, Win Chaoyang shuddered suddenly.

What kind of look is that!

It was filled with murderous intent, without the slightest smile.

Suddenly, his waist bends lower.

"You want me to give you face?"

Chen Feng said lightly: "Sorry, win Chaoyang, you have no face with me!"

After all, he looked at Ying Chaoyang, and did not look away.

[Chapter 4263: Dare you say no?](#)

He smiled slightly and patted it with his right palm.

It fell directly on Ying Feiyang's body!

Incomparable strength. Suddenly poured into Ying Feiyang's body, destroying all his vitality.

Ying Feiyang let out a scream, like a fish that was stomped hard and struggling to death. He jumped up and his whole body was bent.

Then, with a snap, he fell to the ground hard.

After twitching a few times, his head tilted, and he stopped moving.

Seeing this, the other people were extremely scared and kowtowed their heads begging for mercy there.

Throughout the whole process, Chen Feng killed Ying Feiyang, his eyes were always fixed on Ying Chaoyang.

When Ying Feiyang's body fell heavily on the ground, Ying Chaoyang felt that palm as if hitting himself.

The corner of his eye twitched violently.

The screaming scream, like a sledgehammer, slammed into the heart of winning Chaoyang.

Win Chaoyang finally couldn't support it anymore, shaking all over, and fell to his knees.

He thought that Chen Feng would not kill himself, but when he saw that Chen Feng would kill Ying Feiyang simply and neatly, he was full of doubts about this.

Chen Feng looked at Ying Chaoyang, who was kneeling in front of him, with a smile on his lips.

Then, it was a big laugh!

The laughter was pleasant, and it seemed that all the anger he had received was released at this time.

His laughter suddenly stopped, and he stretched out his hand to directly support Ying Chaoyang.

He also patted the dirt on his body.

Win Chaoyang was stunned, wondering what Chen Feng was going to do.

Chen Feng smiled and said, "Why do you kneel to win Chaoyang?"

"The two of us. Why be so polite?"

"What is the relationship between me and Ziyue, you don't know, don't worry, I will not kill you."

He looked at Ying Chaoyang and chuckled, "I said before that if something happens to you, I will take care of you for the sake of Ziyue's face."

"So, for the sake of Ziyue's face, I won't kill you, even though you are damned."

At this time, Chen Feng's smile had completely disappeared, and some were just cold.

He stretched out his hand and patted Ying Chaoyang's face gently: "But I hope that in the future, the affairs between me and Ziyue will not be hindered in any way."

He looked at Ying Chaoyang and said word by word: "Do you understand?"

Chen Feng did not defeat Chaoyang, but the words Chen Feng said made him more uncomfortable than killing Chaoyang.

He has always regarded himself very high. He used to look down on Chen Feng, but now Chen Feng has let him see his powerful strength.

Chen Feng didn't kill him, but the reason wasn't anything else, but because of Ziyue's sake!

But, how can he dare to say a hard word?

"Why, have questions?"

Chen Feng frowned slightly when he saw that he did not answer.

Win Chaoyang hurriedly shook his head again and again: "Nothing, nothing, nothing wrong!"

"Don't worry, Chen Feng, your affairs with Ziyue, the Eastern Wilderness winner, no one will object!"

How dare someone oppose the winner of the Eastern Wilderness? How can anyone object?

Starting from the family's interests, Ziyue can be with Chen Feng, who has such a promising future, and may crush the entire Dragon Vein Continent in the future. How could they be unwilling?

"That's good."

Chen Feng smiled and patted Chaoyang's face again.

This action is extremely insulting.

Win Chaoyang and close your eyes.

He was already numbed by the humiliation of Chen Feng, but he dared not hide.

Then, Chen Feng turned to Ying Leyi and others.

"As for you..."

Ying Leyi and others trembled in their hearts, waiting for Chen Feng's ruling.

Chen Feng slowly shook his head: "Today, I don't want to kill evil again."

There was just a touch of joy in the hearts of Ying Leyi and others, and then they were crashed to pieces.

"However, capital crimes are forgiven, and living crimes are hard to forgive."

Chen Feng smiled coldly and patted it with a palm.

Incomparable power suddenly poured into the three dantians, directly destroying their dantians.

The tyrannical world is full of vitality.

The three screamed one after another, but Chen Feng's eyes swept over, but the three of them quickly stopped screaming.

Even though they were trembling with pain, their faces were pale, and the big beads of sweat on their foreheads kept oozing out, they did not dare to shout again.

It's not bad to save your life.

It was already Chen Feng's great kindness, but they were afraid that they would provoke Chen Feng again.

The life that was finally picked up is about to be lost forever.

After abolishing the three of them, Chen Feng looked at Murongguan.

Murong Guan struck a spirit, and a wave of despair surged in his heart: "What should be here, is it finally coming?"

Just now, he had been looking at Chen Feng, and his heart was full of despair.

Because he clearly realized that Chen Feng was cruel and acted fiercely. He would never be tolerant of him just because he was a member of the Six Great Hidden Sects, the Ten Thousand Beast Islands.

When he saw Chen Feng walking towards him, he trembled heavily and his voice trembled: "Chen Feng, you want to kill me?"

Chen Feng looked at him and smiled slightly: "Murongguan, I will tell you directly."

"I will not kill you now, I will ask you some questions."

"After asking, will you let me go?"

Murong Guan asked quickly.

"Let you go, you are too naive."

"After asking the question, I will get to know you, but it will make you a bit easier to die."

Murongguan gritted his teeth: "Then do you think I will answer your question?"

Chen Feng smiled and shrugged: "Dare you say no?"

"If you don't answer those questions, I will kill you now."

"If you answer those questions and you can live for two more days, how do you choose?"

He looked at Murong Guan and smiled slightly.

Chen Feng had already seen through Murong Guan.

Although this person is powerful, he has been dignified since he was a child. That strength is not his own strength. Most of it is improved by some method.

Moreover, his temperament is extremely greedy for life and fear of death.

Therefore, Chen Feng bet that he dare not cooperate with himself.

Sure enough, Murong Guan was silent, unable to say a word.

His body shook suddenly, his face flushed.

Because he suddenly realized that he is really a person who is greedy for life and fear of death.

He realized that he really couldn't be stiff without telling Chen Feng, so he was now killed by Chen Feng.

When he thought that he was going to die now, he was immediately terrified.

He found that he would really tell Chen Feng everything he knew to survive these two days!

Chen Feng laughed, stretched out his hand and took the sun necklace that won Chaoyang.

Starting with the necklace, it feels different from just now.

Chen Feng felt that there was an inexplicable and extremely powerful force hovering inside.

Suddenly, a low moan sounded in his ear.

It was as if someone was whispering something in his ear.

[Chapter 4264: See Chu Shaoyang again!](#)

Chen Feng's heart jumped.

But as soon as his emotions came together, the voice of speaking suddenly disappeared.

After looking closely for a moment, I didn't see what came of it. It just feels that this sun necklace is definitely not as simple on the surface, but it has a very backing and origin.

There are great secrets in it!

Chen Feng secretly said in his heart: "Murongguan chased and killed them for five years to win Chaoyang for this necklace."

"What kind of person is Murong Guan? Is he idle?"

"Then, the secret contained in this necklace is definitely not trivial!"

"I'm afraid, it is related to the ultimate goal of the six hidden sects, and to one of the extremely important clues and branches!"

"These, I will ask Murong Guan later."

Chen Feng knew that now was not the time.

He flipped his hand and put the sun necklace into his arms.

Seeing this situation, Ying Chaoyang opened his mouth. Just when he wanted to say something, he saw Chen Feng's eyes swept over.

He felt cold and dared not say a word.

Chen Feng looked at his two juniors and said faintly: "Let's go."

He didn't even take a look at Ying Chaoyang and the others, and they were not worthy of Chen Feng's attention.

He walked out carrying Murongguan, but left a cold sentence:

"Win Chaoyang, one word of advice, leave here now, you are no longer able to stay here."

Win Chaoyang nodded silently.

What Chen Feng said was the truth.

Five of them were the winners of the Eastern Wilderness. One died and three were abolished. Only he was still intact, but he was also seriously injured and basically lost combat effectiveness.

They are now extremely dangerous to meet anyone.

It is possible that the entire Eastern Wilderness winner will be buried here.

This is absolutely unacceptable to win Chaoyang, he is a very life-saving person.

Ying Chaoyang looked into the distance and sighed deeply, with strong unwillingness in his eyes.

This time he came here, full of ambition, and still thinking about doing a big business.

At the very least, it is necessary to get a very high ranking, and even to get the first place, it is not impossible to get the Dongyang Emperor's Dongfu!

But I didn't expect that less than an hour after entering here, the entire army was almost wiped out.

But then, there was a wry smile:

"Winning Chaoyang, what else do you think? If it weren't for Chen Feng, the five of you would have died in Murongguan's hands."

"Where is the future?"

There was a bitter smile at the corner of his mouth, full of ambition and full of water.

Nodded sullenly, and said softly: "Chen Feng, thank you very much."

Then, they grabbed Ying Leyi and the others, and took out small things from their arms.

This little thing is about half a foot long, as thick as a finger, and shaped like a root of a tree. It is verdant and dripping like a jade carving.

It looks quite ordinary, but there is a strange and unpredictable power inside.

Chen Feng is familiar with this force.

This is the kind of power that blends space and time!

All the disciples who participated in Kong Sang Lunjian will have this thing in their arms after entering this place.

When they want to return, they can crush this thing.

However, this thing cannot be used in combat, and it can only be used when it is extremely calm and does not use any power.

And this also shows a cruel reality:

If you are caught in battle at this time, it will be unusable at all.

This also means that it is impossible to use this thing to escape in battle.

If you meet a strong enemy, you will die.

As Ying Chaoyang crushed this thing, a few rays of light enveloped them.

The next moment, the light dissipated, and several people were already lost.

And Chen Feng and others had left long ago.

When the wind comes, it blows away the **** smell here.

It seems that nothing happened.

What everyone didn't know was that it was hundreds of meters away from them.

On a cliff, there is a green pine.

That green pine looks no different from other pine trees.

But if you look closely, you will find that one of the pine branches seems a little weird.

It's not that special kind of weird.

It is to say that this pine branch appears here, it is not so natural, it is always a little abrupt.

At this time, the pine branch was constantly swaying up and down with the wind.

And the direction it is directed at is exactly the direction that Chen Feng and others are fighting.

When the fierce battle over there was over and everyone left, after a while, the pine branch suddenly fell off from above and slowly fell among the branches and leaves on the floor.

Then, the pine branch began to expand and change.

After a while, the pine branch disappeared, and a person actually appeared on the spot.

This person is tall and handsome, but there is always a touch of madness and murder between the eyebrows.

If Chen Feng was here, he would definitely be able to recognize it.

This person is Chu Shaoyang!

After rebirth, Chu Shaoyang unexpectedly appeared here.

Chu Shaoyang stared at the place where Chen Feng and the others were fighting, his expression on his face became increasingly dark and cold.

He gritted his teeth and said in a low voice: "Unexpectedly, after so many days of absence, Chen Feng's strength would have been improved much more than before!"

"Even if I am now reshaped by the top power, I am endowed with stronger strength."

"But I am afraid, I am still not his opponent!"

"Chen Feng, Chen Feng!"

He gritted his teeth and said with a bitter expression on his face: "Why are you a dog! Why are you so strong!"

His eyes are full of anger and unwillingness.

Suddenly let out a fierce roar:

"I was given such a strong strength by that great power to reshape my body!"

"I thought this time I would be able to sweep the Longmai Continent and become the first person of the younger generation!"

"Unexpectedly, it is still not as good as Chen Feng! Still not as good as Chen Feng!"

He felt as if there was a fire in his heart, and his depression was almost exploding.

Originally, he was smug before, and felt that his reshaped body was stronger than before, so he thought that this time he would come to the controversy.

Chen Feng severely humiliated him in front of everyone, making him lose face, and then beheaded him.

Only in this way can I understand the hatred in my heart.

But now, he was surprised to find that Chen Feng's strength was no longer what he could match.

After a long while, Chu Shaoyang was relieved, his eyes flashed with unpredictable light:

"This time, I can't kill Yu and return."

"That mighty man, it is impossible to save me a second time."

"To reshape my body is also a great consumption for him, so this time, I must kill Chen Feng!"

"It seems that some other methods are needed!"

A cold light flashed in his eyes: "Chen Feng, although you are strong enough, I am not incapable of cleaning you up!"

"Wait and see!"

[Chapter 4265: Black magic flower](#)

It turned out that since the last time Chu Shaoyang was directly beheaded by Chen Feng, although his body was reshaped, his temperament changed drastically.

He was originally that kind of extreme arrogance. He always thought that Lao Tzu was the number one in the world, and he was the son of heaven, no one could compare with him.

But now, after experiencing that setback, his temperament has gone to another extreme.

The extremely small heart is like a mouse living in a dark corner.

Chu Shaoyang thought for a moment, he sneered, and left in a hurry.

Hundreds of miles away, somewhere on the cliff.

There is a cave on the top of the cliff, about ten feet from the top.

In front of the cave, there is a huge boulder and an old pine, which strictly block the cave.

No one can see the hole below.

The figure flashed, and a figure came out.

The white clothes are like snow, and the body is long and jade, it is Chen Feng.

He was completely clean and spotless.

Chen Feng walked to the boulder, leaned against it, looked at the dark sky in the distance, and sighed softly.

The sun was still shining just now, but now it is gray.

Above the sky, the clouds pressed down, and thick lead clouds piled up.

A heavy rain seems to be coming at any time.

"This world is really like the real world!"

Chen Feng couldn't help but sighed for the power of the emperor's evergreen lantern that day.

Then, it is to focus on the eyes.

After leaving there, Chen Feng found this place, ready to interrogate Murong Guan.

The four juniors have been sent out by Chen Feng.

Under the leadership of Xuanyuan Yanghua, they will first collect the nearby heavenly spirits and earth treasures.

Searching for heaven, spirit and earth treasure, after all, is about their rating this time, and it is of great importance.

Therefore, Chen Feng also attaches great importance to this.

The four of them went out, just moving around here, there is no danger.

Even if he encounters a strong person, Chen Fengfeng will arrive in no time.

Chen Feng turned around, looked at Murongguan who was leaning on the entrance of the hole, clapped his hands, and said leisurely: "Come on, Murongguan, let's start."

Murong Guan nodded, her face as gray as death, no longer struggling in vain.

As soon as Chen Feng was about to speak, suddenly there was a breath fluctuation outside, quite tyrannical.

Moreover, as this power aura fluctuates, there are a lot of aura fluctuations coming from behind.

Chen Feng frowned: "It seems that a large number of powerful people have arrived here."

Fearing that his junior brother and others would be in danger, he stretched out his hand to seal Murong Guan's meridians and knocked him out directly.

Another warning formation was placed at the entrance of the cave, and he hurriedly left.

Chen Feng soon followed the breath of Xuanyuan Yanghua, Xuanyuan Jiashi and others, and came to where they were.

This is a valley about fifty miles from the cave.

The valley is quite large, surrounded by extremely dense tall pine wood, each pine wood has a height of hundreds of kilometers.

The valley was covered up tightly.

If it is not in the air but on the ground, it is difficult to find the valley hidden in it.

However, everyone is unable to fly.

And the reason why Chen Feng was able to find this place easily was that besides the aura left by a few juniors, there was another very important reason that he felt that there was a huge power fluctuation in the valley.

Such a huge power fluctuation is naturally a treasure.

Even Chen Feng felt quite large and eye-catching, and the level of this treasure was obviously not low.

As soon as Chen Feng entered the valley, the corner of his eyes narrowed.

It turned out that he saw that at the end of the valley, on the stone wall, a black flower was blooming.

The black flowers are not big, about the size of a fist.

But they are layered on top of each other, which is extremely complicated.

The whole body is black and extremely pure, just like the finest black crystal and gem carvings, beautiful and charming.

It gives people the feeling that it is full of vitality to the extreme, exuding extremely pure and tyrannical power.

Obviously, the power is definitely not bad, it can be said to be extremely powerful, and the level is definitely extremely high.

At this time, it was blooming at a speed visible to the naked eye.

When Chen Feng saw it, it was only half open.

After only one cup of tea, it was fully bloomed.

The petals stretched out, unexplainably comfortable, and extremely bright.

It seems that a beauty who is gorgeous in the world is releasing her beauty wantonly in the eyes of everyone.

Chen Feng raised his eyebrows: "What kind of treasure is this with such strong vitality?"

"Could it be that it is the kind of pure and beautiful, the ultimate wood spirit treasure? The kind that can be eaten enough to increase the life span for several years?"

When Chen Feng guessed, Xuanyuan Yanghua and the others were already alert and turned around.

After seeing him, I immediately relieved my heart and shouted with joy, "Brother Chen Feng, we are thinking how to tell you!"

"There is a treasure here, but unfortunately we can't win it with our strength!"

Chen Feng nodded slowly, and walked forward.

But as soon as he walked over, his pupils suddenly shrank.

It turned out that at this time the black flower had already bloomed to the extreme.

Then, it began to shrink and close!

Just now, when this black flower is in full bloom, there is a strong vitality in bloom.

At this moment, it shrinks and closes, and in an instant, the vitality disappears without a trace.

Instead, it turned into an extremely evil, dark, and cold, and at the same time, it had infinite horror and death power.

That is the purest force of death, as if from hell!

This force of death has already formed a strong substance.

In an instant, it turned into an endless black tide, pouring into the entire valley.**noVeLus&.COM**

Chen Feng furrowed his brows, secretly speaking, and immediately stood in front of the four juniors.

Then, the power of the dragon descending arhat surging out, turned into a mask, enclosing the five people.

Where the black wave passes, the valleys that are originally lush and blooming are the vegetation withered and the flowers fading.

Even the mud was turned into black.

Obviously, this black wave condensed by death power is extremely terrifying.

Wherever he went, all the breath of life melted away.

Seeing this scene, Xuanyuan Yanghua and the others were all disillusioned, and quickly hid behind Chen Feng a little tighter.

Soon, the black wave slammed on the golden light mask condensed by the power of the dragon descending Arhat.

In an instant, the golden mask made a squeaking sound and began to corrode, and it seemed that it would not last long.

Chen Feng raised his eyebrows, not surprised but delighted.

"Even the power of my dragon descending Arhat is so hard to resist this death power, the black magic flower that exudes this death power is definitely no small thing!"

"This time I found a treasure!"

[Chapter 4266: Are you tickling me?](#)

His expression was indifferent, and he waved his hand casually, the power of the dragon descending Arhat gushed out, and the mask was refilled.

The black wave is nothing.

The mask was overwhelming, and this black wave was just a wave, and it passed by.

Soon, he was behind Chen Feng and the others and rushed forward frantically.

With a single brush, it swept the entire valley almost instantly.

When it reached the end of the valley, finally, the death force disappeared without a trace.

Chen Feng looked around and saw that the entire black valley had become a deadly place.

At this time, the black magic flower was completely closed.

Xuanyuan Yanghua sighed softly, lingering fear in her heart:

"What I said, after we came here, we found that there was not a monster beast in this valley, and there was no breath of life at all."

"It turns out that this black magic flower is so terrifying."

A smile appeared at the corner of Chen Feng's mouth, pointed at the black magic flower, and said lightly: "Look, it's not over yet."

When everyone looked at it, their eyes widened in an instant.

It turned out that at this time the black magic flower began to bloom again.

And as it bloomed, the rich life force poured out overwhelmingly.

In an instant, the world's vegetation bloomed, lush green, and flowers bloomed.

It's like midsummer!

The moment of kung fu regained vitality.

There are even some little beasts probed beyond the valley, seeming to be attracted by the strong vitality here, and want to come in.

Everyone was shocked and stunned.

After a while, he recovered, shaking his head and sighing: "Awesome!"

Chen Feng smiled and said: "We are not lucky. This black magic flower, between opening and closing, has such a strong power to be seen, and its level is definitely not low."

"This treasure is better than a hundred others."

Chen Feng estimated that this treasure would consume at least one thousandth of the power of this small world to condense.

In other words, as long as you pick this treasure, you can get one-thousandth of the original power of this small world.

This is a lot.

You know, hundreds of people are now looking around in this small world.

After three days, probably everyone can get only one thousandth of the original power of a small world.

Yes, it is one-thousandth of the original power.

After all, this small world is so big and everyone can't fly, how can it be possible to get all the original power in three days?

This means that this black magic flower is basically equivalent to the sum of all the original power that a person can obtain in these three days.

Chen Feng thought very clearly about this.

"It's just that it's impossible for such a treasure to protect the monster beast."

It seemed that he knew what Chen Feng was thinking, and as soon as Chen Feng's voice fell, under the cliff, in a huge cave, a monster beast turned out.

This monster beast is about fifty meters long and completely dark.

Its shape looks like a crimson devil tiger magnified many times.

The skin of the red devil tiger's body is as smooth as satin.

What Chen Feng saw was the tyrannical muscles under the red fur.

It seems that the current is constantly surging.

The muscles swell and contract and pop out continuously, full of explosive power.

On top of the crimson devil tiger's head, there was a spiral-shaped horn of twenty meters long, and the surface shone with a pitch black and sharp light like a diamond.

If others watched it, I was afraid of panic, but Chen Feng just smiled.

He glanced at it and knew the strength of this Crimson Devil Tiger.

The middle stage of the four-star demon emperor, which means it is equivalent to the middle stage of the five-star Wudi.

In fact, this strength is already very strong, and it can be regarded as the first-rate kind in this small world.

The distance to the top is probably not much different.

But this toughness is aimed at others, and to Chen Feng, it's not worth mentioning.

After all, it wasn't because these monsters were too weak, but because Chen Feng was too strong.

The strength is completely beyond the scope of the young generation of the nine major forces.

Crimson Devil Tiger glanced across the faces of Chen Feng and others.

In an instant, those eyes became full of disdain and contempt, with a hint of looking down.

Obviously, in his opinion, Chen Feng and others are too weak.

The next moment, the magic leopard actually spoke slowly.

There was unspeakable impatience in the voice: "Within three breaths, you guys disappeared from my sight."

It seems that Chen Feng and others are not only unqualified to be his enemies, but also interrupted his rest.

Chen Feng raised his eyebrows, looked at it, smiled and said, "A few of us are here to **** this precious treasure. You let us go without killing us?"

"Just you? Still grab this treasure?"

Crimson Devil Tiger let out a low sneer in his throat:

"You **** strength, it's not enough to stuff me between my teeth, why did I let you go, don't you know?"

A violent roar brewed in his throat:

"Because you don't even have the qualifications to let me shoot!"

"I am here to guard this treasure: Nether Black Tan, not to play with you, and I have no time to practice with you!"

"Get out!"

With a roar, it shook the valley, and its eyes flashed with bloodthirsty light.

"I'm not very patient. After two more breaths, I'm going to kill someone!"

Chen Feng looked at it with interest.

It turned out that this black magic flower was named Nether Heitan.

And this Crimson Devil Tiger's IQ is also quite high.

It not only knows why it was born, but it also knows the reason why it can be here, it also knows what its mission is, and it doesn't even bother to shoot at itself and others.

Presumably, in his opinion, his few people are so weak that they don't even have the desire to let him shoot!

Chen Feng smiled slightly and walked forward.

He was determined to win this dark night.

What's more, beside this Nether Heitan, the guard monster knew at a glance that it had good strength, and it was a treasure of the same level as Nether Heitan.

After killing it, you can get about one thousandth of the original strength.

So this time, at least one-fifth of the original power can be harvested!

Seeing Chen Feng acting like this, the Scarlet Devil Tiger was taken aback for a moment, and then let out a low smile of disdain:

"You're looking for death, right?"

"Okay, then I will fulfill you!"

He didn't have any nonsense, his figure flashed like a red lightning, and he slammed towards Chen Feng.

Above the black sharp corners of the head, lightning condensed in an instant, slashing.

Obviously, this crimson devil tiger not only possesses strong physical power, but also can use the power of lightning.

In his opinion, he didn't even need to rush to this humble human being.

This move was enough to kill him!

But the next moment, a scene appeared to make him extremely shocked.

Faced with such a powerful offensive, this humble human being can't avoid it.

Even, he didn't have any defensive posture, just greeted straight forward.

The thunder and lightning beam struck him with a bang, without a trace of shock!

This humble human being is unscathed!

He even patted his sleeves, smiled and looked at himself: "You are, are you tickling me?"

The eyes of the Crimson Devil Tiger instantly showed extreme fear.

He is an experienced person. He has seen too many strong players. How can he not know that he is also encountering tough hands?

This guy didn't hesitate at all, just ran away.

Chen Feng laughed loudly: "It's fast, but it's too late!"

[Chapter 4267: Hit you!](#)

He accelerated and strode towards the Crimson Devil Tiger.

In an instant, he came to the Crimson Devil Tiger, leaped forward, and rode on it.

Then, a fist hit the Crimson Devil Tiger's head fiercely.

The Crimson Devil Tiger only felt a terrifying force rushing fiercely, and suddenly, a sharp pain came, directly smashing him into a scream.

His body trembled heavily, his head was blinded, and he almost fainted.

It struggled madly, trying to shake Chen Feng down.

But how can it be done?

There was a bang, another punch, and it hit his head fiercely.

Chen Feng roared: "You dare to pretend to me?"

Then there was another punch: "Dare to be arrogant?"

Then there was another punch...

Every punch that fell was a scream that smashed the scarlet devil tiger.

It feels that if this continues, it will almost be crushed to death.

It had no strength to resist, it could only whine in pain.

Chen Feng punched again: "Are you convinced now?"

This Crimson Devil Tiger is also extremely smart. When I heard it at this time, I felt that Chen Feng's tone did not seem to kill him.

It is immediately blessed, not like a powerful person who is tyrannical and invincible, but like a little cat.

He knelt on the ground with his legs soft, and his head directly on the ground, shouting loudly:

"I served, I served! Don't fight!"

Chen Feng laughed, and slapped his face with a slap.

However, this slap obviously took some strength.

After feeling it, the Scarlet Demon Tiger immediately determined his mind. This strong man didn't want to kill himself, but wanted to tame it.

However, it has no opinion on this.

It is its instinct to yield to the strong.

This young man is so powerful that he will be killed if he doesn't surrender, so surrender is better.

There was a whine in its throat, which was obviously convinced.

Chen Feng laughed, standing on top of its head, and slapped it again: "Be honest!"

"Listen to my advice in the next few days, and I will spare your life when that happens, understand?"

Crimson Devil Tiger nodded quickly: "Understand, understand."

Chen Feng laughed and turned around to greet the four juniors: "Come on, we have mounts in the next few days."

In fact, Chen Feng wanted to kill the Crimson Devil Tiger at first.

But he gave up this idea in an instant.

Chen Feng suddenly thought that he and others were here, because they were unable to fly and their speed was limited, which greatly reduced the scope of exploration.

After all, there is a limit to speed on land.

Moreover, martial arts of body type cannot be used.

But after seeing this scarlet devil tiger, Chen Feng was moved in his heart.

At a glance, this guy knew that it was extremely fast and extremely agile. If he used it as a mount, the range of exploration would only increase tenfold.

Thinking of this, Chen Feng immediately moved the idea of subduing it.

Xuanyuan Yanghua, Xuanyuan Jiashi and others were all overjoyed, and they came up one after another, very strange experiences.

It only took Chen Feng a few breaths to tame this scarlet devil tiger.

The Crimson Devil Tiger was also aggrieved. When he encountered such ruthless people as Chen Feng, he had no chance to show his strength, and he was dealt with in a few strokes.

Chen Feng then lowered his head and asked, "What kind of Yuzhi is this Nether Dark Tan?"

"It's the seventh product."

Chen Feng nodded, this quality was worthy of its strength, and it was indeed an extremely powerful treasure.

Without any hesitation, Chen Feng picked the Nether Dark Tan and stored it in a jade box.

Nether Heitan would certainly resist, but Chen Feng easily suppressed it.

Chen Feng did his part and accepted these two things directly.

This time, he is determined to win the position of the first person in Kongsang Lunjian.

Therefore, it is impossible to share too much original power for the four juniors.*nOveLUsb.com*

Moreover, it is useless to give them the original power.

There is only one Kongsang Lunjian first, can they still compete with Chen Feng?

In fact, Chen Feng called the four of them to his side, the main purpose of which was to protect them from being beheaded.

The source of profit sharing is second.

What if these juniors can't get the first place in Kongsang Lunjian?

How could Chen Feng treat them badly?

The benefits to them at that time will be greater than that of taking Kongsang Lunjian first.

After Nether Heitan was picked by Chen Feng, the weird power that was permeating here instantly disappeared and became extremely ordinary.

And Chen Feng also felt that something seemed to be quietly thrown into his body.

He nodded secretly, knowing that this was the rule of the small world at work.

Since this Nether Heitan was picked by himself, the original power of the small world contained in it was poured into his body.

"This is it!"

An excited voice shouted: "Brother, hurry up, I found the Nether Black Tan guarded by the monster beast here."

"I'm not an opponent, but we should have no problem getting together."

Before the words were over, a person walked in at Taniguchi.

Wearing a golden robe, there are several small pots embroidered on the golden robe.

Obviously, it is a member of the Alchemist Association.

Only a moment after he entered, there were more than ten people rushing in in the Taniguchi.

Among these more than ten people, two are also Jinpao alchemists.

And the other dozen or so people have different costumes, strengths, and breaths, obviously coming from various sects, and gathered around these people at this time.

Chen Feng glanced and understood.

These three young talents from the Alchemist Association should have gathered together soon.

Along the way, I met many people from other clans and sects, and perhaps because the three of them were relatively powerful, they could control these people.

These people also worship them as their masters.

Among these people, the head is obviously a middle-aged golden robe alchemist.

Two thick eyebrows, looks very majestic, with a breath of superiors.

He looked at the gold medal alchemist who was running in the front, and smiled gently: "Junior Brother Shao, don't worry about running, the dark night is there, can you still run?"

The golden robe alchemist at the front is named Shao Jianbai.

He turned his head and laughed loudly: "Brother Miao, what you said is."

"Apart from us, I'm afraid no one can pick this ghostly dark night out."

"But this is the treasure we cherish in our hearts. I haven't found it for so many years in the Longmai Continent. Now I finally met, how am I not excited?"

As Shao Jianbai said, he turned his head and looked at the cliff.

Suddenly, his smile instantly solidified on his face.

It turned out that there was nothing on the cliff.

Nether Heitan was also nowhere to be seen at this time, and he had obviously been picked long ago.

[Chapter 4268: Is there a lot of people?](#)

Brother Miao Wenshi Miao's expression also became very ugly.

Nether Black Tan is a treasure of special significance for the people of their Alchemist Association.

The elixir they had been refining before was the only one lacking this Nether Hei Tan.

On the Dragon Vein Continent, I have been searching hard for a hundred years, but have not found it.

Unexpectedly, I found it here.

Although the treasures in it will be transformed into the original power if they are brought out, but if they are refined in this small world, they will not run away.

As soon as he heard the news, he was extremely excited and immediately brought people to him.

For fear of his lack of strength, all the warriors he encountered along the way were promised to help him.

As a result, I did not expect that the peaches were already picked here.

Shao Jianbai's mood instantly became very irritable, and his eyes were a little red.

Turning his head suddenly, he saw Chen Feng and others.

Seeing that scarlet devil tiger, Shao Jianbai's pupils suddenly shrank.

He knew this monster.

When he first came here, he wanted to pick the Nether Black Tan, but was slapped out by the red devil tiger's paw, directly slapped him badly, and almost died on the spot.

Had to escape in embarrassment.

He gritted his teeth and looked at Chen Feng and the others, wanting to have an attack, but he saw the scarlet devil tiger, obediently like a kitten under them.

He was uncertain in his heart, and his expression changed.

He stepped back and whispered a few words in Miao Wenshi's ear.

Miao Wenshi looked carefully, but he raised his brows, and he also recognized Chen Feng.

"It turned out to be Chen Feng!"

He suddenly sighed and laughed at himself:

"Just now, Shao Jianbai said that this scarlet demon tiger is very strong, but was tamed by these people. I was also shocked by the strength of these people."

"But they belong to the Xuanyuan family, and the leader is Chen Feng!"

"Chen Feng only has the strength of the four-star Emperor Wu, and their Xuanyuan family is just a bunch of waste!"

Miao Wenshi stopped worrying immediately.

In his opinion, Chen Feng and the others are nothing more than a bunch of trash. It must be some special treasure that can tame this scarlet devil tiger.

It certainly won't be their own strength.

The people behind him also looked at Chen Feng and the others, with a bit of suspicion, disdain, jealousy, etc. in their eyes.

A rough man, a little unbearable, sneered:

"Miao Wenshi, why are you still hesitating?"

"We have so many people go up and kill Chen Feng and this bunch of puppies. That treasure will be handed if it is unnatural!"

"Yes!"

When he said this, everyone was clamoring.

"But it's nothing more than a group of Xuanyuan family waste, the highest strength is the four-star Wudi!"

"Hahaha, Lao Tzu is also a four-star Wudi!"

The rough man shook his fist and glanced at Chen Feng obliquely: "However, it's not his four-star Wudi who is waiting for the elixir to come up."

"Lao Tzu, this is a sea of blood from the dead mountain, the four-star Wudi who was killed!"

"That is, Miaosha, you are on the shores of the West Sea, fighting against the wild people, ferocious sea beasts there for a hundred years, who don't know?"

"Lao Miao, your strength is beyond realm, we all know."

Everyone offered compliments.

Obviously, this arrogant man Miaosha has quite a prestige among these people.

Miao Sha laughed, staring at Chen Feng provocatively, shaking his fists.

However, Chen Feng didn't even look at him at all, which made him instantly angry, his eyes narrowed, full of murderous intent.

Miao Wenshi waved his hand, smiled and said, "Be safe and not restless."

Then, he took a step forward, looked at Chen Feng, and said lightly: "It turns out to be the famous Chen Feng Chen Gongzi."

When he said this, although it seemed to be gentle, he was quite respectful.

But in fact, there is an indescribable irony in it.

Chen Feng glanced at him indifferently, but ignored him.

Miao Wenshi was also very thick-skinned, he didn't care, smiled and said: "This dark night, I don't know, but Young Master Chen Feng and others took it?"

Chen Feng said lightly: "Yes."

"This dark night is of great use to my Alchemist Association, Master Chen Feng, please reluctantly cut your love."

He seemed to speak very politely, and even used the word please.

But in fact, what was said was extremely rude and implied a threat.

Obviously, he was trying to grab the Nether Hei Tan that Chen Feng and others had obtained.

Just let Chen Feng hand over the dark night, without giving him any choice.

After saying this, Miao Wenshi raised his chin and looked at Chen Feng with a hint of arrogance.

In his opinion, Chen Feng had no power to refuse, nor dared to refuse this request he made at this time.

Even if he has the strength beyond the realm, in front of people like himself, it is absolutely impossible to be an opponent.

He just waited for Chen Feng to give him a positive answer.

But unexpectedly, Chen Feng glanced at him, only faintly spit out a word: "Get out!"

As soon as this word was said, Miao Wenshi's expression suddenly changed.

The look in his eyes suddenly became extremely terrifying, the corners of his mouth twitched twice, and he was furious, and murderous intent shot in his eyes.

Behind him, everyone was stunned for a moment, and then they clamored.

"Damn, this Chen Feng is so arrogant!"

"Yes, a four-star Wudi who was born with a medicinal pill, is a waste, dare you to die?"

The rough man roared in a low voice, "I killed him!"

Miao Wenshi was also a man of great city government, and soon controlled his emotions.

He looked at Chen Feng and said faintly: "Chen Feng, you can be safe until now, and you can subdue the crimson devil tiger and get that dark night."

"Presumably, it has some hole cards!"

"But, so what?"

He pointed to the dozen people standing behind him, and raised his chin: "We have as many as a dozen people here!"

"No matter how strong you are, are you the opponent of our group?"

There is a strong threat in his words.

Chen Feng looked at them, and suddenly the corner of his mouth twitched, and a smile appeared: "Is it great to be crowded?"

"There are so many people, of course it's amazing!" **NOVEL** *Usb.CO*m

Miao Wenshi was taken aback for a moment, and then laughed disdainfully: "I'll tell you that if we have many people and you have few, we are amazing!"

"Yes!"

The rough man Miao Sha laughed arrogantly: "I clearly want to bully you!"

"A dozen of us have to clean up the five of you, where are you going to make sense?"

"Hahaha..."

After all, there was another burst of laughter.

In their view, more than a dozen of them must have the upper hand.

"Oh, do you? I don't think so."

Chen Feng smiled slightly, stood up, and jumped off the crimson devil tiger.

He walked slowly towards Miao Wenshi and others.

Miao Wenshi's expression changed, staring at Chen Feng with a sneer and said: "Chen Feng, I thought that because of your connection with my Pharmacist Association, I wanted to let you go."

[Chapter 4269: Punch! broken!](#)

"Unexpectedly, you really don't know how to praise!"

Chen Feng sneered disdainfully.

This Miao Wenshi was really hypocritical, he was obviously not sure of his own strength, and he didn't dare to do anything indiscriminately.

He even said that it was because of the connection with the Alchemist Association?

He has never dealt with people like the Alchemist Association, so what is the origin?

The rough man sweated profusely, but he couldn't help it at this time.

A loud roar: "What are you doing with him so much nonsense? I killed him!"

After that, he rushed to Chen Feng fiercely!

This time, Miao Wenshi did not stop him.

He also wanted to see Chen Feng's strength.

Miao Sha's weapon was a serrated long knife.

On the way, the knife has been out of its sheath.

He slashed away at Chen Feng!

With a slash, the four-star Wudi's strength is revealed!

Chen Feng laughed, murderous in his eyes.

He doesn't bother to talk with these people anymore!

In an instant, Chen Feng met Miao Sha!

Facing the fierce slash, Chen Feng didn't dodge, but instead slammed forward with a punch.

With a loud bang, Chen Feng's dark golden fist slammed into the sawtooth knife.

Everyone looked indifferent, looking at Chen Feng and Miao Sha,

In their view, under this impact, Chen Feng's fist would be directly smashed!

And others will be seriously injured!

"Chen Feng is over!"

"Yes, Miao Sha's knife can even kill him, or at least it can destroy him!"

"Chen Feng, the four-star Wudi spawned by the pill, is still incomparable with the real four-star Wudi Miaosha!"

"What's more, this weapon of Miao Sha is a magic weapon, a dignified Fourth Grade magic weapon!"

Everyone was talking.

But the next moment, everyone's pupils shrank, a look of shock appeared in their eyes, and they exclaimed.

It turned out that at this time they saw that after Chen Feng and Miaosha's long knife slammed together!

Chen Feng's dark golden fist was unharmed.

And Miao Sha's long knife stopped for a moment.

In the next instant, with a loud bang, the long knife shook into countless fragments and scattered with the wind!

Miao Sha's extremely sharp long knife, which can be called a magic weapon, was directly shattered by Chen Feng!

Everyone was stunned!

"How can Chen Feng's fist be so strong?"

"Yes! Is it possible that his fist is stronger than Miaosha's Fourth Grade God Soldier?"

Miao Sha is also stupid.

He looked down blankly.

At this time, the long serrated knife had only one handle left in his hand.

Then, he suddenly raised his head, his eyes were blood red, and he let out an incredulous roar: "How is it possible?"

"How could you smash my fourth rank magic weapon?"

"This, it's my fourth rank magic weapon!"

His heart is full of disbelief, anger, sadness, etc.!

The eyes were red in an instant.

Chen Feng looked at him, smiled and said, "Do you think it was just this magic soldier who was broken?"

"Tell you, next, you will be like the knife you just now!"

In the next moment, Chen Feng took a step forward and hit him with a punch!

Seeing the dark golden fist that was growing in sight, Miao Sha shivered violently and suddenly realized the situation in front of him.

Suddenly, the anger on his face turned into extreme fear when he couldn't believe it!

He already realized that Chen Feng's strength was definitely not something he could resist!

But at this moment, there is no way to hide, no way to avoid, he can only carry it hard!

He let out a miserable howl, and a cyan light flashed across his body.

In an instant, the surface of the body turned into a color and texture like a cyan boulder.

The whole person is almost petrified.

His body became extremely hard in an instant, and he slayed fiercely towards Chen Feng!

He also tried his best!

But it is useless at all.

In the next moment, Chen Feng's dark golden fist slammed against his fist that had turned into a blue boulder!

With a crackling sound, the blue boulder fist shattered directly!

After that, Chen Feng's punch did not stop, and it was printed on his heart!

Miao sofa let out a miserable howl, a flash of extreme regret flashed in his eyes, and screamed: "I'm so regretful! I'm so stupid! Why should I be your enemy?"

As soon as the voice fell, there was a crisp sound, like a crystal shattered.

With a click, his body that had turned into a boulder was directly shaken by Chen Feng's tyrannical power!

A gust of wind came, and the powder scattered with the wind.

Miaosha, no more.

That's right, he disappeared entirely.

Seeing this scene, everyone's eyes were no longer in disbelief, but in horror!

They all took a few steps back instinctively, a little farther away from Chen Feng.

The look in his eyes was full of horror.

It became quiet immediately.

At the same time, outside the small world, the top of the empty mulberry tree.

Everyone sat there, with a leisurely look.

Even in small groups, talking in a low voice.

It's not that they don't care about the battle situation in that small world, but that people who are participating in Kongsang's Swordsmanship now have only one or two hours to enter this small world.

For an hour or two, I'm afraid everyone hasn't met yet. What can happen?

Wait until the third day, it is the most exciting time.

So now, everyone is not too concerned.

Instead, I regard it as a rare occasion to socialize with other people, to get acquainted with each other and to increase friendship.

Even in a certain place in the southeast corner, many people gathered there, whispering one by one.

If you look carefully, you can tell that they are actually keeping prices.

And in the middle of the crowd, there are people constantly exhibiting one treasure after another.

Every treasure brought out will cause a lot of waves, and then one after another.

It turned out that a small auction site has been formed here.

Everyone took advantage of this rare opportunity to exchange their treasures with each other.

Although the auction house is small and rudimentary, its specifications are extremely high.

The people who can come here can be regarded as the top figures on the Dragon Vein Continent. Are the treasures taken out of them small?

Regarding this scene, Xiahou Jiuyuan also ignored it, just talking to Pu Xingzhou and the others there.

Everyone is waiting very leisurely, no one thinks that anything big will happen now.

But at this moment, suddenly, on the Rising Dragon Platform, in the void, there was a sudden chuckle.

Then, the voice suddenly became louder, rumbling, like a huge thunderbolt in the clear sky!

Everyone was shocked and raised their heads.

Then I saw that in the void, there was a violent fluctuation at this time.

The next moment, there was a sneer, and a huge spatial crack broke out.

It was as if the sky was grabbed by a giant's two hands, and then abruptly tore a gap.

[Chapter 4270: The ignorant is fearless](#)

Then, from the crack in the space, a few small black shadows fell out.

Everyone exclaimed.

"Is this someone out? How could it be out so soon?"

"It's only an hour or two, who is out?"

"I'm afraid it's an unknown person. If you are a strong person, how can you go out now?"

Those few people fell on the Rising Dragon Platform, all screaming, and they were unable to get up for a long time.

Only one person, after a long while, finally struggled to stand up.

His eyes were blank, he had seen Xiahou Jiuyuan, Pu Xingzhou, and everyone on stage.

Standing there, the lips trembled for a moment not knowing what to say.

On the stand, everyone in the Xuanyuan family screamed at this moment and suddenly stood up.

Although bloodstained and unrecognizable, they could recognize it at a glance.

This is my young master!

The strong man led by the Eastern Wilderness winner yelled in disbelief: "Young Master, why did you come out? How did you get eliminated?"

He was shaking all over.

Hearing this shout, Ying Chaoyang seemed to wake up.

There was a deep shame on his face, his sleeves covered his face, and he sat down on the high platform, unable to say a word.

Just slumped.

Hearing these words clearly, and seeing everyone on the stage, the crowd broke out in an instant.

"What? It turned out to win the Chaoyang? And they are the winners of the Eastern Wilderness?"

"The winner of the Eastern Wilderness, powerful, at least the top three among the nine forces, how could he be out so soon?"

"Yes, what kind of powerful enemy did he encounter?"

Everyone raised questions.

On the stage, Ying Chaoyang and others said nothing.

They really didn't have the face to say, especially when they mocked Chen Feng in full view before, they were slapped in the face as soon as they said that to Chen Feng.

Win Chaoyang had no face to say now that it was Chen Feng that they met.

Everyone guessed there.

"Could it be that what they encountered was the jungle of Shifang, I think most of them are too."

"This time the top nine forces are undoubtedly the jungle of the ten directions."

"Yes, they haven't had much contact with the outside world in recent years, but they have trained many powerful young disciples."

"Only Shifang Jungle can beat the winners of the Eastern Wilderness so miserable!"

Everyone is guessing like this.

It's just that they wouldn't even think of killing them. It was Chen Feng that Ying Chaoyang and the others met.

And Chen Feng's strength is far beyond the horror they imagined!

On the contrary, Lan Zihan, who was standing behind Pu Xingzhou, his eyes flashed as if thinking of something.

Pu Xingzhou and Xiahou Jiuyuan also met, and they nodded slowly, their eyes a little unpredictable.

Pu Xingzhou is joy from the heart.

Winning Chaoyang and the elimination of the Eastern Wilderness winners completely detonated the stands outside.

Everyone was looking forward to it, they all suddenly realized that this time Kong Sang Lunjian was more exciting than they thought!

Above the stands, there were also two cold voices:

"Why didn't Chen Feng and the others get out first! Or, the Xuanyuan family members have been killed, so there is no time to even run?"

Speaking of their pride, they laughed madly, as if Chen Feng and others were really killed.

Hearing this, winning Chaoyang first was taken aback.

Then he glanced over and saw that the person speaking was the middle-aged man who had mocked Chen Feng before, and Baili Minxue.

Before, the two men ridiculed Chen Feng.

At that time, winning Chaoyang was noncommittal and felt that there was some truth.

But now hearing this, it is extremely harsh and ridiculous.

"Really ignorant are fearless!"

"I don't know how much Chen Feng's strength is better than you. You can easily crush you to death, but you still say such things? It's really ridiculous!"

Not to mention the chaos outside, in that small world at this time.

Everyone's heart of horror is flourishing!

I can't help but they are not shocked, it is because Chen Fengzhan's strength is too strong!

Someone trembled: "I, am I dazzled? Miaosha is gone?"

"Yeah, it's just shattered by life!"

"With one punch, Chen Feng directly smashed Miaosha at the pinnacle of the four-star Emperor Wu!"

"God! Miao Sha's hard work is well-known all over the world, but it turns out that Chen Feng couldn't stop it with a punch?"

"Too strong, Chen Feng is too strong!"

Everyone trembles!

Miao Sha was the strongest among them, except for Miao Wenshi, but he couldn't even stop Chen Feng with a punch.

Miao Wenshi also trembled in his heart, he did not expect Chen Feng to be so strong.

He couldn't help regretting in his heart, why he said that just now, why he tried to **** Chen Feng's treasure!

But now, it is too late to regret.

Because, at this time, Chen Feng was slowly pushing towards everyone.

He took a step forward, and everyone involuntarily stepped back.

Chen Feng alone, forced back dozens of masters!

Miao Wenshi swallowed, his voice struggling: "Chen Feng, what are you doing?" *nOvelusb.COM*

Chen Feng didn't even bother to care about him, he just took a step forward!

Suddenly, everyone took a step back.

Some people even staggered under the panic and fell to the ground all of a sudden, embarrassed.

Miao Wenshi looked Li Neilun and roared: "Chen Feng, I tell you, you don't want to be too tight!"

"I admit that you are very strong, but we have more than a dozen people here!"

"We are crowded and powerful, are you an opponent?"

When Miao Wenshi's voice fell, Chen Feng took another step forward.

Everyone is back instinctively.

A joking smile appeared at the corner of Chen Feng's mouth: "If this is the case, then why do you still retire? Huh?"

"Come on, fight with me!"

Everyone's faces were red and blue.

Where do they have the courage to fight Chen Feng now?

"Since you are not coming, then!"

Chen Feng suddenly yelled: "I'm welcome!"

In the next moment, he suddenly accelerated, like a tiger entering a pack of wolves, and rushed into the crowd fiercely.

The first to bear the brunt is Shao Jianbai.

A long sword appeared in his hand and pierced directly at Chen Feng, with great power!

However, Chen Feng did not evade and stretched out his left hand to grab his long sword in his hand.

That extremely sharp third-rank magic weapon, even Chen Feng's cold hair can't be pierced.

The next moment, Chen Feng took a step forward, and in the shock of Shao Jianbai's eyes, he punched his heart.

Shao Jianbai was directly beaten to a scream, and he was smashed hundreds of meters away and fell to the ground without knowing his life or death.

Then, without turning his head back, Chen Feng waved his right elbow backward.

It collided with the fist of another sneak attacker.

Suddenly, the attacker let out a scream.
