

Peerless 4271

[Chapter 4271: Just to scare you](#)

His right arm was distorted at an abnormal angle, and Chen Feng's attack directly interrupted his arm!

Afterwards, Chen Feng continued to attack, and his right elbow slammed forward and hit him in the chest!

After beating him to his internal organs, before screaming, he fell to the ground without knowing his life or death.

Chen Feng is like a tiger entering a flock, and no one of the many strong players present is his enemy!

Under one move, everyone was seriously injured!

Not a single person was spared.

It was just a short breath or two, and Chen Feng was beaten to the ground, screaming again and again.

Cut melons and vegetables in general.

Some were seriously injured and couldn't even make a scream, just groaning there.

A look of horror appeared in Miao Wenshi's eyes!

He knew that Chen Feng was very strong, but he didn't expect it to be terrifying!

There was a huge panic in Miao Wenshi's eyes, and he turned around and fled madly.

He didn't even have the guts to fight Chen Feng!

Chen Feng laughed: "Can you escape?"

Although it is not possible to use the light-body technique or fly here, Chen Feng's speed is still far above them.

In three or two steps, he chased behind Miao Wenshi and threw a punch.

Miao Wenshi's face was full of fear, and his hands threw a dozen pills in succession.

These pills are transformed into shields, walls, cages, formations, etc. in the air.

The pills he refined actually had a defensive function, which was not uncommon, but in front of Chen Feng, nothing was useful!

Ten will drop in one effort!

Chen Feng punched all these defenses to smash!

Then, this punch hit Miao Wenshi's left shoulder without hindrance!

Suddenly, Miao Wenshi made a dense, crisp sound in his body.

The person was in the air, like an electric shock, and moved violently.

Then he slammed heavily on the ground, unable to stand up, and let out a crying cry.

The bones of his whole body were also shattered by Chen Feng.

Chen Feng clapped his hands and stood proudly on the spot with a leisurely expression.

Just as he was seriously injured not a dozen top powerhouses, but a few ants were smashed by him.

Three breaths are just three breathing times, and Chen Feng has severely injured all these dozens of powerful men!

Except for Chen Feng, no one stood!

Chen Feng looked at the people who were lying down on the floor, moaning and screaming in pain, a smile was drawn at the corner of his mouth, and his sleeves shook, and he said lightly:

"There are so many people, is it great?"

Everyone was stunned, and their faces were full of shock.

Amidst that shock, there was even more intense fear.

When Chen Feng said this just now, they could unscrupulously say loudly that there are too many people to be great, and they can mock Chen Fengfeng wantonly.

But now, no one can speak.

Chen Feng already slapped them in the face with strength!

At this time, everyone looked at Chen Feng with only one emotion in their eyes: awe.

"We are really ignorant and fearless. Before, we even despised Chen Feng, thinking that he was a four-star Wudi who was born out of a pill?"

"Chen Feng's strength is far more than four-star Wudi!"

"Yes, I feel that Chen Feng's strength is at least not weaker than the Six-Star Wudi!"

"It's horrible. When we thought Chen Feng was all overestimated, we didn't expect that he was actually underestimated!"

Someone smiled bitterly and shook their heads, with a touch of shame on their faces.

"Before, we laughed at Chen Feng that way, it's really a dog's eye!"

"Yes, where do we have the right to look down on Chen Feng? We are really blind to provoke Chen Feng!"

"Chen Feng is the well-deserved first person to discuss the sword this time!"

Everyone nodded.

They were completely afraid of being beaten by Chen Feng and convinced.

At this time, I realized how terrifying Chen Feng's strength was, and everyone was ashamed.

It's ridiculous to think that he and others provoke Chen Feng just now.

Several members of the Xuanyuan family also came to Chen Feng one after another, looking at him, their eyes full of admiration.

This big brother of my own is too strong!

Chen Feng walked to Miao Wenshi, lifted him up, and then reached out and patted his face lightly.

This extremely humiliating action made Miao Wenshi feel that the shame was flooding like a tide, and he almost drowned him directly, making him extremely painful! The shame is extreme!

Chen Feng smiled and said, "How can a group of ants help tigers and wolves?"

Although this remark was for Miao Wenshi, it was undoubtedly speaking to everyone present.

Everyone felt ashamed when they heard it.

"Yeah, we compare with Chen Feng, it is really a bunch of ants!"

Miao Wenshi closed his eyes, not wanting to speak.

He really didn't know what to say at this time, it seemed that every word he said was an incomparable shame.

But at this time, Chen Feng's voice suddenly came:

"If you don't speak, I will kill you."

The voice was faint, but there was murder in it.

Miao Wenshi trembled heavily, and immediately knew that Chen Feng was definitely not joking.

He could feel the murderous aura in Chen Feng's words, and he saw with his own eyes Chen Feng's blow to Miao Sha just now.

Knowing how powerful his strength is, his methods are extremely harsh.

He quickly trembled: "Don't kill me, don't kill me!"

His eyes were full of pleading expressions.

Chen Feng said lightly: "Miao Wenshi, do you want to survive?"

"Think, think!"

Miao Wenshi nodded like a chicken pecking at rice.

"Want to survive? Show some sincerity to show me."

Chen Feng smiled more brilliantly.

Miao Wenshi was taken aback.

Seeing him hesitate a bit, Chen Feng smiled slightly, without a word of nonsense, and pressed it directly with a palm.

Suddenly, the incomparable force directly enveloped Miao Wenshi.

He felt like a huge mountain, pressing down on him!

In an instant, the shadow of death enveloped Miao Wenshi's body.

His heart was beating frantically, because he could feel that he was going to die next moment!

He was about to be crushed to death by this power!

Miao Wenshi's eyes showed horror. He didn't expect Chen Feng to have no warning at all, and he would do it when he said he did it.

In the next second, I will die!

Under the pressure of this death, he instantly collapsed!

He shouted frantically: "Don't kill me, don't kill me, I will give you everything!"

Chen Feng laughed. In his right hand, the tyrannical power disappeared without a trace.

Just lightly patted Miao Wenshi's face and smiled: "What are you afraid of? It's just to scare you."

Chen Feng's strength can already be retracted and retracted freely.

But Miao Wenshi was already scared to pee at this time.

He was in a cold sweat, trembling there, the breath of death just now was really strong and almost real!

[Chapter 4272: Shifang Jungle! Empty mountain!](#)

Without any hesitation, Miao Wenshi directly took out all the treasures he had obtained during this period.

Miao Wenshi's strength, coupled with the help of Shao Jianbai and others, has gained a lot.

In an instant, it was radiant.

The various monsters, demon crystals, inner alchemy, spiritual plants, and rare mineral deposits that he took out totaled seventeen or eight.

The colorful rays of light gleamed, haunting huge power, dazzling people's eyes.

Chen Feng glanced, flicked the sleeves of his robe, and put all these things away.

Then, his eyes turned to the other people lying on the ground.

Needless to say, Chen Feng, they also know what to do.

Suddenly someone struggled to get up and took out the treasure they had obtained.

No one resisted, no one desperately.

They know that desperately does not make sense.

Even if he tried his best, he was not Chen Feng's opponent.

And the treasure can still be obtained again, as long as there is life.

After all, there are still two days left!

There is no stupid person who can get to this point.

Suddenly, on the ground, all kinds of treasures competed for beauty.

The treasures of these people add up to 70 or 80 pieces.

Chen Feng smiled slightly, smiled all the time, then waved his hand: "Okay, get out!"

The people are about to leave as if they are forgiven.

And at this moment, suddenly there were several tyrannical auras approaching quickly.

A gentle and clear voice, full of magnetism, and very willing to make people approachable suddenly sounded: "This benefactor, acting too harshly!"

After hearing this voice, Chen Feng still had no response, but Miao Wenshi had already jumped up.

His face was suddenly filled with excitement and excitement.

The despair, fear, despair, etc. just now were swept away in an instant.

He screamed: "Brother Kongshan, Brother Kongshan, I am here, come on!"

His face was full of excitement, as if he had come to help and met a savior.

As soon as his voice fell, several figures came over in the valley.

All four of them wore golden and red robes, extremely gorgeous.

More importantly, their aura is very huge.

The one who walked in the front was obviously their leader.

I can't tell the specific age, but I am very young.

It feels like a person, but a person at the age of twenty-six or seven, this person is tall, with red lips and white teeth, and the whole person feels very handsome.

And his eyes are also very gentle, full of compassion.

Miao Wenshi suddenly turned around, staring at Chen Feng, and let out a triumphant laugh:

"Chen Feng, tell you, your good days are over!"

"The people from Shifang Jungle are here, and four of them are here at once!"

"Especially the Senior Brother Kongshan, who is extremely powerful and is the first person in the younger generation of Shifang Jungle!"

"A magical skill is integrated into your body, it is extremely powerful, and it can easily destroy you!"

He let out a spiteful and triumphant laugh.

Staring at Chen Feng, he was extremely vicious: "Chen Feng, I want you to die!"

He really hated Chen Feng to the extreme.

At this moment, when I saw the hope of a comeback, I immediately revealed the essence.

However, Chen Feng smiled slightly, and said with a faint smile: "Miao Wenshi, it's not enough to be slapped by me just now, right?"

He looked at the people in the ten jungles in the distance, but he felt a little excited.

"Korong Shan? I didn't expect to meet them so soon!"

"Alright, I was going to fight him, so it would be easier!"

Soon, the four of them came closer.

Miao Wenshi ran over immediately, facing the handsome monk with red lips and white teeth, and said with a stern voice: "Brother Kongshan, you must avenge me!"

He turned his head and pointed at Chen Feng, with a bitter expression on his face:

"Chen Feng, the dog thing, humiliated me and took away all the treasures from me."

"Brother Kongshan, our Association of Alchemists and Shifang Conglin have always been good friends, you can't just sit back and watch!"

However, he never said that it was the dark night of Chen Feng and others he wanted to grab first.

Instead, all the responsibilities were shifted to Chen Feng.

This person is really shameless.

Kong Shan smiled slightly, patted his shoulder lightly, and smiled: "Don't worry."

"Don't worry, I will definitely give you an explanation about this!"

"Since I'm here, some people can't do whatever they want!"

When he speaks, he hides a knife, and some people naturally refer to Chen Feng.

Chen Feng smiled slightly, but ignored him, just looked at him with interest.

He even raised his arms as if watching a good show.

He learned from Kong Yang's temperament and what he did.

But Chen Feng was not sure if what Kong Yang said was true, he decided to look at it for himself.*noVelusb.COM*

If Kong Shan is really such a person, then Chen Feng will not show any affection when he starts.

Seeing the arrival of a few of them, their expressions also changed.

"It's actually a man from Shifang Jungle!"

"The people from the Shifang Jungle gathered so quickly?"

"The four of them, I'm afraid they can be considered the top combat power in this small world at this time, don't you know how they compare to Chen Feng?"

"I think it's worse than Chen Feng!"

"Yes, I also think, I'm afraid they may not be Chen Feng's opponent!"

"Chen Feng's strength is really too terrifying, I feel that he should be the first person who deserves to be the first person to discuss the sword!"

Many people were whispering there.

They are different from Miao Wenshi. Miao Wenshi was really humiliated by Chen Feng a little bit too much. He was already a little confused and confused.

So when everyone in the jungle came, it was like seeing a savior.

Everyone is relatively calm, not optimistic about the people in Shifang Jungle.

Kong Shan also noticed the changes in the expressions of the people, but he didn't care about it.

In his opinion, this time Kong Sang's discussion on the sword, no one can compare with him.

Chen Feng's strength may not be weak, but he still won't be his opponent.

He looked at Chen Feng, smiled and said, "But Chen Feng?"

"Yes." Chen Feng nodded.

Kong Shan's robe shook, and he was unspeakably handsome: "Master Chen Feng, you are also a member of the Xuanyuan family, so you know some etiquette."

"It was a bit wrong to treat Miao Wenshi just now, right?"

Chen Feng smiled and said, "Then, Kongshan, what do you think should be resolved?"

Chen Feng's smile made Kongshan particularly uncomfortable.

But he still maintained a gentle smile on the surface: "You will return all the treasures you robbed of Miao Wenshi to him, and then take out your treasures as a gift."

When Chen Feng heard it, he almost laughed.

He shook his head, and said in his heart: "Sure enough, Kong Yang didn't tell lies."

This empty mountain seemed to be very fair, but when he came up, he didn't ask whether it was indiscriminate or indiscriminate, and he immediately believed that Miao Wenshi was telling the truth.

[Chapter 4273: Ku Rong Zen finger!](#)

Moreover, he deliberately pretended to be generous.

However, what he said was completely biased towards Miao Wenshi.

After Kong Shan finished speaking, he ignored Chen Feng and looked at Miao Wenshi with a smile: "Junior Brother Miao, how about this?"

What else Miao Wenshi was talking about, Kong Shan suddenly changed his eyes.

Suddenly, all the warmth in his eyes disappeared, with a trace of fierce coldness, he stared at Miao Wenshi fiercely.

Miao Wenshi shivered suddenly, and he dared not say anything.

He has known Kong Shan for a long time, but he knows who Kong Shan is in his bones.

It turned out that Sora Yamamoto didn't take Chen Feng seriously.

But seeing him label Miao Wenshi like this, he knew that he had overlooked his past judgment.

He should be a lot more tyrannical than he thought, so he didn't want to do it lightly.

After pressing Miao Wenshi down, he looked to the side.

Seeing that Chen Feng hadn't moved, he raised his eyebrows, his voice became a little cold: "Chen Feng, did you hear what I said just now?"

His tone of command was arrogant.

Chen Feng looked at him and smiled slightly: "I heard it, but..."

He touched his nose with a joking smile: "I don't seem to want to follow suit."

Suddenly, Kong Shan's expression changed.

The warmth in the eyes disappeared directly, with a trace of cold light.

Looking at Chen Feng, Pi Xiaorou said without a smile: "I have done this to give you a lot of face."

"Actually, this is because I think that the Xuanyuan family and my Shifang Jungle, both of which are the nine great forces, give you a face!"

He stared at Chen Feng and said word by word: "Don't you know how to praise!"

He looked high up, as if he asked Chen Feng to take out all the treasures to apologize to Miao Wenshi, and he gave Chen Feng great face.

Chen Feng laughed, "Kong Shan, you are a true hypocrite just like Kong Yang said."

"What? Kongyang?"

Hearing Chen Feng's words, Kong Shan suddenly changed his expression, staring at Chen Feng, and sternly shouted:

"Have you seen Kongyang? Where is he? What did he tell you?"

He couldn't maintain even the most basic face, the muscles at the corners of his mouth twitched, and his whole person looked terrifying.

It turned out that Kong Yang knew what Kong Shan did, so why didn't Kong Shan know that Kong Yang was dissatisfied with him?

In fact, this time, he arranged a killing game.

After planning to enter the small world, he immediately called everyone together.

Apart from him and Kong Yang, the few people who came in were his confidants.

He is ready to gather the power of everyone here to kill Kong Yang in one fell swoop.

Not only did he eliminate future troubles and annihilate his competitor, but more importantly, he would never allow others to know the secrets Kong Yang knew!

However, he released the signal without waiting for Kongyang.

It was just when he was in a hurry that Chen Feng said such a sentence, how could he not worry?

At this moment, he couldn't bother to hide it, and immediately showed his hideous face.

Chen Feng waved his hand, smiled and said, "Kong Yang had a little conflict with me and wanted to kill me, so..."

Chen Feng flicked his fingers: "I will kill him."

With an indifferent expression on his face, it seems that what he killed was not Kong Yang, a five-star martial emperor, but a fly or a mosquito.

After hearing this, Kong Shan was taken aback for a moment.

Then, he shook his head and laughed.

"Chen Feng, I advise you to be honest and don't talk nonsense here."

Chen Feng shrugged: "You asked, I'm telling the truth."

"You don't believe me, what can I do?"

"You said you killed Junior Brother Kongyang?"

Kong Shan shook his head and said with disdain, "I'm really disappointed in you."

"Unexpectedly, the first young generation of the dignified Xuanyuan family is such a virtue."

He looked at Chen Feng and said with disdain: "You still said you killed Junior Brother Kongyang? It depends on you? Is it worthy?"

Obviously, he didn't believe what Chen Feng said, and didn't think Chen Feng had the power to kill Kong Yang.

Take Kongshan as an example. Although he is stronger than Kongyang, it is one thing to beat him, and it is another matter to kill him.

If he wants to kill Kong Yang, he has to gather a few people and cooperate together.

With his strength, it is very difficult to kill Kong Yang alone, how could he believe Chen Feng's words?

Behind Kong Shan, those people in the ten-point jungle also shook their heads and sneered.

Looking at Chen Feng, his eyes were full of contempt.

Miao Wenshi sneered: "Chen Feng, are you crazy?"

"I admit that you have some strength, but are you still killing Kong Yang?"

"Which green onion are you? I don't know how to take a picture of yourself by peeing!"

Kong Shan is the kind of person who does things extremely simply, he said lightly:

"It seems that you know the whereabouts of Junior Brother Kongyang, but you don't tell me, you are ill-intentioned and unruly!"

"In this case, I have to catch you first and ask carefully!"

He looked compelled, really hypocritical.

Chen Feng didn't bother to care about him, just hooked his finger.

Kong Shan's face was even more ugly. He stared at Chen Feng and smiled coldly, his aura suddenly exploded.

"Let you see and see, the power of my dry Zen finger!"

That momentum first turned into a dazzling dark green color, and then the dark green color was wiped out in an instant, turning into a pure and desolate gray-black color.

Just like the ruins left after the destruction of a world.

It was gray and black and lifeless.

The extreme vitality and extreme silence are perfectly reflected in him.

This power reached its extreme in an instant.

Then, Kong Shan's right index finger instantly pointed out.

As his finger pointed out, a ray of golden light suddenly bloomed in the void.

Although he only had one finger, there was an instant golden light above the sky, and thousands of huge golden fingers appeared!

These golden fingers, stacked on top of each other, are thousands of meters high.

It actually forms a big mountain!

Thousands of golden fingers turned into a huge golden mountain, pressed against Chen Feng, with an extremely powerful and mighty power!

The huge pressure made people feel like the sky had fallen.

The power of this scene made everyone look aghast.

"Kongshan is so powerful, you deserve to be a five-star Wudi peak powerhouse!" *novelSB.com*

"And I feel that the power of his offensive has already broken the boundaries of the five-star Wudi!"

While everyone is discussing!

Suddenly, above the sky, the situation changed.

Suddenly, Kong Shan made a mysterious mudra with his fingers.

With his movements, those fingers on the sky also formed a mysterious mudra.

Then, boom, boom, the tens of thousands of mysterious mudra, all slammed into the first mysterious mudra.

In an instant, these tens of thousands of mysterious mudra were actually condensed into one.

Above the sky, only one handprint appeared.

[Chapter 4274: The desire to devour!](#)

Then, the mudra stopped for a moment, and then a finger pointed it out!

This finger is ten thousand meters long and stretches across the sky!

In an instant, the meaning of death came to his face, as if the surroundings turned into eternal silence.

Everyone could not help but feel a sense of desolation, despair, and death!

And this feeling hasn't faded, and suddenly, it turned into an extreme vitality.

Rich vitality is erupting and surging around.

It makes people feel as if they have come to a land of life.

This kind of sudden death and sudden life made everyone feel uncomfortable and almost vomited a mouthful of old blood.

They all looked at each other: "What kind of martial arts is this?"

Behind the empty mountain. A ten-point jungle powerhouse, with an unbearable show off color at the corner of his mouth: "How can my senior brother's dry Zen finger be so simple?"

"The strength of this dry Zen finger is second, and the most powerful is its attack method!"

"In an instant, the enemy's vitality was excited instantly, like the most brilliant brilliance, it burned out in an instant!"

"Yes."

Another ten-point jungle expert next to him said, "The most mysterious thing about this dry and rong Zen finger is that it is the power to drive the enemy."

"The stronger the enemy's strength, the more abundant the vitality of the heavens and the earth in the body, and the greater the power of the Ku Rong Zen Finger!"

"At this moment, draw out all his power and blend it into the Ku Rong Zen Finger!"

"With his power, attack him!"

"Even if he does not die, his body strength will be exhausted and he will become a useless person!"

When everyone heard it, they were shocked!

"This **** is really scary!"

"Yeah, that's all about being powerful, it's so brilliant inside!"

"In this way, Chen Feng is a bit suspicious!"

At this time, Chen Feng frowned.

It turned out that he felt that the finger was making that handprint, and instantly changed from extreme death to extreme blooming, from infinite death to extreme vitality, the power in his body was boiling instantly!

This feeling reminded him of the time he faced Xiahou Jiuyuan before!

Before, when facing Xiahou Jiuyuan, the feeling that power could not be controlled was boiling.

However, this time is far worse than the last time.

Chen Feng's thoughts moved, and the power flowed, and he directly suppressed the boiling feeling, without any waves.

However, Kong Shan didn't know that Chen Feng had easily resolved this feeling.

He seemed to be an understatement, but in fact he was shaking all over at this moment, and cold sweat was oozing out of his forehead.

Obviously, this trick has exhausted his power.

And this is his strongest offensive.

Ku Rong Zen refers to a mysterious and unpredictable origin.

It is a martial skill that is extremely difficult to learn in the jungle of the ten directions, and it is also extremely difficult to improve.

Few people have practiced for tens of thousands of years.

Kong Shan is talented and intelligent, so he has chosen this most difficult and highest martial skill, and has been practicing hard for more than ten years. It really is a bit of him.

Kong Shan looked at Chen Feng, the corners of his mouth raised slightly, with a smug smile that couldn't help.

"Chen Feng, my dry and Rong Zen finger is the first time I have used it since I finished it."

"It is an honor for you to die under this martial skill!"

His face is full of arrogance, and obviously in his opinion, he has a chance to win.

At this moment, suddenly in Chen Feng's arms, the golden scriptures of the Great Bodhisattva leaped into motion.

Above it, there was a feeling of longing.

Although not as fluctuating as when I heard the fragment of it, I am very eager!

Chen Feng perceives it carefully, and immediately realizes that the longing emotion is actually directed towards Ku Rong Zen!

A smile was drawn at the corner of Chen Feng's mouth:

"It turns out that you want to swallow this dry and rosy Zen finger, the Golden Sutra of Avalokitesvara Bodhisattva."

"Presumably, if I take the profound meaning of the Kurong Zen finger and let you swallow it, you should be able to unlock a part of it again!"

Chen Feng's heart was already in a sudden.

It is no wonder that this dry and Rong Zen finger is so powerful, it turns out that it was derived from the fragments of the Golden Sutra of the Great Buddha!

Therefore, the Golden Sutra of the Bodhisattva Avalokitesvara has the desire to swallow it at this time!

Chen Feng looked at Kongshan, smiled and shook his fist:

"Coincidentally, with my fists, I have killed treacherous evil, and even killed some dogs who like to bark."

"But, I feel that if you die under my fists, you still humiliate my iron fists!"

Kong Shan's face was extremely gloomy.

Chen Feng no longer intends to talk nonsense with him.

He strode forward and greeted him fiercely towards that huge finger.

The next moment, his dark golden fist slammed into that huge finger.

At this moment, the desire to boil in Chen Feng's body reached an extreme.

But in an instant, the second layer of the Immortal Body of Chen Feng Donkey Kong Arhat was launched!

The bones and flesh are extremely solid, as calm as rivers and mountains!

In an instant, the feeling of boiling was completely eliminated.

Then, Chen Feng's pale golden fist slammed into the huge finger.

That's right, in the eyes of everyone at this time, it was not the huge finger that attacked Chen Feng, but Chen Feng severely affected the huge finger!

In an instant, the momentum completely prevailed!

It gives people the feeling that Chen Feng is completely active and not afraid.

Although, that huge finger is thousands of times bigger than Chen Feng!

Everyone, there is a feeling that Chen Feng is standing upright!

Seeing this scene, Kong Shan suddenly frowned, vaguely feeling that something was wrong!

The next moment, when that fist and fingers hit together!

Everyone felt that time seemed to have stagnated for a moment.

At this moment, everything seems to be frozen!

And when everyone was at a loss, there was a bang, a loud, earth-shaking noise, suddenly resounding through the entire valley!

Everyone then saw that the huge finger like a mountain suddenly shattered into countless pieces with this bang!

Towards the surroundings, it sputtered fiercely, blasting this valley with a radius of hundreds of miles into ruins!

The hillsides were bombed and collapsed.

This dry Zen finger, the extremely powerful offensive of the empty mountain, was broken by Chen Feng!

And Chen Feng stood proudly in place, standing tall and still, without any harm!

With a punch, Chen Feng smashed Kongshan's dry Zen finger!

Ku Rong Zen refers to Kongshan's full-strength excitement and involvement with his soul.

Ku Rong Zen's finger was shattered, Kong Shan felt instantly!

With a wow, a big mouthful of blood spurted out, staggered, and backed a few steps!

His face was pale, and he almost fainted.

The ten jungle powerhouses beside him hurriedly stretched out his hands to support him, and he couldn't make him fall.

But apparently, Kongshan has already been hit hard.

He looked at Chen Feng in disbelief, stuttering.

[Chapter 4275: The powerful five-sided King Kong descends the magic array!](#)

His face was even more horrified and horrified: "You, did you easily break my dry Zen finger?"

Behind him, on the faces of the ten powerful jungle men, there was no trace of the arrogance just now, but there was only a deep fear and awe.

At this moment, a sentence flashed in their hearts at the same time: "This Chen Feng is so strong!"

"Haha, Sure enough, Kongshan is not Chen Feng's opponent!"

"This Kong Shan said so arrogantly and played so hard, thinking that he could support a few more moves, but he didn't expect Chen Feng to dismiss it in three or two."

"When this empty mountain first came, he looked high up and arrogant to Chen Feng. Unexpectedly, it was a waste in front of Chen Feng!"

Everyone was gloating and laughed and mocked wantonly.

They were cleaned up by Chen Feng.

At this time, seeing that the empty mountain whose status was far higher than that of them was also ruthlessly cleaned up by Chen Feng, it was immediately unspeakable joy.

Chen Feng shook his head, shrugged, helpless:

"Yes, your dry Zen finger seems to be a bit misleading!"

After hearing it, everyone laughed loudly.

Kong Shan looked deep, staring at Chen Feng, his eyes flashing with fear.

He just struggled out of the shock just now.

Chen Feng raised his fist and looked at Kongshan with a brilliant smile: "Is Kongshan, is it worthy for me?"

Kong Shan's face became extremely ugly.

Especially the sound of laughter in the crowd made him feel that every laughter turned into a big ear scraper, slamming his face fiercely!

Just now Chen Feng said that he killed Kong Yang, but Kong Shan didn't believe it at all.

More directly; Chen Feng is also worthy to kill Kong Yang?

In a blink of an eye, he was easily defeated by Chen Feng.

Then Chen Feng can easily kill Kong Yang!

At this time, Chen Feng suddenly walked towards Kongshan.

Kong Shan suddenly took two steps back like a frightened beast, staring at Chen Feng in horror, "You, what are you going to do?"

"What am I doing?"

Chen Feng grinned: "You just wanted to kill me, now I want to kill you."

"It's that simple!"

Kong Shan met Chen Feng's gaze, and saw the murderous intent in Chen Feng's eyes, and his heart trembled.

He stepped back a few more steps and hid under the protection of the other three Shifang jungle disciples.

Seeing his horrified expression, everyone laughed even more.

"Kong Shan just looked like I was invincible in the world, now Chen Feng is scared like this!"

"This empty mountain, what do you think it is the pride of heaven? It's a waste in front of Chen Feng!"

"Haha, this time Kong Sang discusses the sword, all Tianjiao, who is Chen Feng's opponent?"

Kong Shan's expression was extremely ugly. Seeing Chen Feng approaching every step of the way, he suddenly gritted his teeth and sternly shouted: "My apprentices, let the five diamonds descend the magic array!"

These powerful people in Shifang Jungle are obviously disciplined.

And he respected his words so much, he immediately obeyed his orders!

In an instant, the four people formed a formation.

Kongshan was in the middle, and his three juniors stood at three other points, forming a triangle shape.

Once this formation was formed, a ray of light flowed from the four of them instantly.

It started from Kongshan, first fell on one of them, and then turned around the four in an instant.

The dark golden light splashed and bloomed in an instant, and then disappeared invisible!

The formation is extremely strict and awe-inspiring.

But Chen Feng glanced at it, but he felt that this formation seemed to be missing something, and he looked awkwardly unspeakable.

It seems that a whole thing has been chopped off.

Then he raised his eyebrows, knowingly:

"Presumably, this formation should be performed by at least five people."

"Plus the dead Kongyang, is the complete version of this formation."

"Now, one piece is missing."

Standing in the formation of four, Kong Shan seemed to feel a little at ease.

Looking at Chen Feng, he said coldly: "Chen Feng, I admit that you are very strong, unexpectedly strong!"

"But now the four of our brothers have laid out the five-sided King Kong Demon Array!"

"Five-party King Kong descends the magic array!"

After everyone listened, there was another commotion.

"It is said that the five-square diamond descending demon formation is the town-style formation of the ten-square jungle!"

"That's right, the five-sided diamond descending magic array can be large or small. The largest five-sided diamond descending magic array can be made up of 1,080 strong people. The smallest five-sided diamond descending magic array can be five people. composition."

"Countless small five-sided diamond descending magic array can form a big five-sided diamond descending magic array, which is very flexible!"

The person next to him nodded and said:

"The five-sided King Kong Demon Formation is the fundamental formation of the Shifang Jungle. In fact, it is also their strongest formation. All Shifang Jungle disciples must practice this."

Someone said in a deep voice, "Before, we used to learn from Shifang Jungle." *NOVELusb.COM*

"They have ten people, and we have ten people, each fighting each other, and it happens to be a tie."

"As a result, the ten of them formed two small five-sided King Kong Demon Array, and instantly defeated the ten of us!"

"We have increased the number of people here to 50, and it can be able to hold the five-sided King Kong Demon Array that blocked ten of them!"

When everyone heard it, they were even more shocked.

How terrifying is this five-party King Kong descending magic array?

Hearing everyone's discussion, a smug smile appeared on the corner of Kongshan's mouth.

Looking at Chen Feng, raised his eyebrows and said, "Have you heard? Chen Feng, I tell you, they are not exaggerating!"

"This five-party King Kong Demon Descending Array, once formed, can be improved five times on the basis of the strength of the four of us!"

"Unless you are the mid-term powerhouse of the Six-Star Martial Emperor, or even stronger, it is absolutely impossible to break the five-sided diamond descending magic array of our four!"

It turned out that this small five-sided King Kong Demon Formation was actually able to increase their strength crazy!

If the four people of Kongshan, their original strengths add up to one, then they are now five.

Chen Feng's heart suddenly moved.

"It is said that the God of War Mansion is the first of the nine powers. In my opinion, the Shifang Jungle will become the first of the nine powers sooner or later."

"The faculties in their school are far better than other schools."

"at least....."

Chen Feng made a comparison and found that he was much better than the Xuanyuan family.

"For example, the five-party King Kong descending the magic formation, for example, the Ku Rong Zen Finger, etc., are all mysterious."

"The five-sided King Kong Demon Formation, I can give it to Wu Linghan and Mei Wuxia. It also greatly improves their self-protection ability!"

Thinking of this, Chen Feng has a plan in mind.

Chen Feng looked at Kongshan and suddenly grinned, "Kongshan, do you know?"

"I just gave them a sentence, and now I will give it to you too!"

[Chapter 4276: Three punches!](#)

Kong Shan raised his eyebrows and froze for a moment: "What are you talking about?"

Chen Feng said word by word: "There are so many people, how great is it!"

"I don't care how many people are you, I'm Chen Feng, and I will break it with one punch!"

As soon as the voice fell, there was a violent roar, which actually killed the four of Kongshan directly.

He actually took the initiative to attack the Kongshan four, attacked the four of their senior brothers, and laid down this powerful five-sided King Kong Demon Array!

He slammed to the front in a blink of an eye, and blasted out with a punch!

The four of Kongshan roared together, each posing a mysterious posture.

It looks weird, but it actually implies the truth.

Then, the four of them lifted their hands up!

With a loud bang, a golden light gleamed from all four of them.

This golden light instantly merged in the air.

With a bang, it directly condenses into a huge golden mask, like an inverted bowl.

This golden mask is extremely thick and powerful, and you can tell at a glance, the defense is extremely amazing.

A smug look appeared on Kong Shan's face, haha laughed:

"Chen Feng, although you are not weak, you really don't have enough xinxing."

"It was me who said a few words, and remembered to hit my five-sided King Kong Demon Array?"

"Tell you, this time, four of our brothers and sisters will make you hard to come back!"

In his opinion, even if Chen Feng is strong, it is impossible to be the opponent of the Wufang King Kong Demon Array!

Moreover, I and others can take advantage of this opportunity to surround Chen Feng in the formation!

Even, there is a chance to severely injure him, and even kill him!

Use these five diamonds to descend the magic formation and besieged him!

In his estimation, this golden mask can at least block Chen Feng about 30 moves!

And when Chen Feng had 30 moves, it should be when he was exhausted!

At that time, they will counterattack!

With a sneer, Kong Shan looked at Chen Feng in his spare time!

As Chen Feng laughed, his fist was smashed.

A bang, the bronze fist and the golden mask slammed together!

Kong Shan's triumphant smile instantly solidified.

It turned out that after Chen Feng's fist smashed down, the golden mask of the five-sided King Kong Demon Array shook violently.

There are direct signs of instability!

Kong Shan exclaimed: "How is it possible? How can it be directly unstable with one punch?"

Chen Feng laughed loudly: "I said it a long time ago, there are so many people, is it amazing?"

As this sentence was said, it was another punch!

The strength of one hundred and eight billion catties rushed out fiercely.

There was another clanging sound, and the loud sound of gold and iron humming, shocked the eardrums of the people around them to bleed directly and screamed!

Many low-powered people were also shocked directly unsteady and fell to the ground, very uncomfortable.

And with this loud noise, a crackling sound followed!

The five-party King Kong descended on the magical formation, and there were rifts directly!

Like a spider web, densely packed!

The golden mask was actually cracked by Chen Feng's punch!

Kong Shan was so stupid that he couldn't even react.

Chen Feng laughed again: "There are so many people, is it great?:

It was another blow!

With a crisp bang, this time, the golden mask was directly broken into countless pieces, turning into golden light spots and disappearing!

The Wufang Jingang Demon Array, this large array that claims to be able to block the attack of the mid-stage powerhouse of the Six-Star Wudi, was actually broken by Chen Feng with three punches!

The five-sided King Kong descending demon array shattered, and the huge power instantly blew back, directly screaming and screaming from Kong Shan and others, spurting blood, and flying out heavily.

All four of them fell to the ground, even vomiting blood, unable to stand up.

Obviously, he was seriously injured and lost his combat effectiveness!

Everyone is scared!

Everyone stood there blankly, watching this scene in disbelief.

After a while, everyone screamed continuously!

"Chen Feng, it's too scary!"

"Yeah, this five-sided King Kong Demon Formation can block the attack of the mid-stage powerhouse of the Six-Star Martial Emperor, but Chen Feng was broken with three punches?"

"Is Chen Feng a mid-stage powerhouse of Six-Star Martial Emperor? His strength is far higher than his realm!"

"I think even if it isn't, it's probably not far off!"

"This Chen Feng is terrible!"

There are even more lingering fears on their faces and hearts: "We are defeated by Chen Feng, so we are not wronged."

"Yeah, with his strength, it is easy to take our lives, but he hurts us badly and takes our treasure. It is kind enough."

Everyone was frightened by Chen Feng.

They knew Chen Feng was very strong, but they didn't expect Chen Feng to be so strong!

Especially that Miao Wenshi was so scared that he was sluggish.

He thought that Kong Shan and others could support him and clean up Chen Feng.

It turned out that Chen Feng was so terrifying.

He watched Chen Feng standing on the spot, his whole body shone with dark golden light, like a god.

Suddenly his legs trembled and he fell directly to the ground.

The people around all smelled a fishy smell, and they could not help covering their noses, laughing in a low voice, looking at Miao Wenshi, their eyes were full of disgust.

"This Miao Wenshi was actually scared to pee!"

"Yes, it's no wonder he is like this. Chen Feng didn't want to kill him before, just wanted his treasure!"

"Unexpectedly, the empty mountain came, but he was so arrogant!"

"I don't think Chen Feng will spare him. Miao Wenshi knew that he was going to die, so it's no wonder that he was so scared!"

Chen Feng's three punches smashed the five-sided King Kong Demon Array, and then stepped forward towards Kongshan and the others!

In Kongshan's expectation, they would first use the defensive ability of the five-sided King Kong Demon Array to withstand Chen Feng's offensive.

Then, while his strength was exhausted, he instantly switched from defensive to offensive, trapping Chen Feng in the formation.

At that time, Chen Feng will be besieged to exhaustion!

The reality turned out to be dumbfounded.

Chen Feng unexpectedly made three punches, and with only three punches, he smashed the five-square diamond descending magic array alive!

This scene stunned Kong Shan.

At this time, watching Chen Feng approaching him, Kong Shan slammed his spirits, realizing what kind of situation he was facing at this time.

Chen Feng came closer, smiled and shook the dark golden fist: "I said it earlier, there are so many people, is it amazing?"

When Chen Feng said this to Kong Shan for the first time, Kong Shan didn't take it seriously, and didn't think he could break through the five-sided King Kong Demon Array.

But at this time, he knew that Chen Feng did not exaggerate!

What about more people?

In front of Chen Feng, nothing more than a group of ants!

No matter how many ants there are, it is still ants!

A look of despair suddenly flashed in his eyes, looking at Chen Feng and tremblingly: "You, what are you doing?"

Chen Feng smiled and said, "Just now, what do you want to do? Now, what do I want to do!"

Every time Chen Feng approached a step forward, Kongshan took a step back.

[Chapter 4277: Get it](#)

He couldn't stand up anymore, and under severe injuries, he couldn't even stand up.

He put his hands on the ground and stepped back little by little.

While stepping back, looking at Chen Feng, he trembled: "No, you can't kill me!"

"I am the future abbot of Shifang Jungle, you are going to kill me, Shifang Jungle will not give up with you!"

Chen Feng smiled and continued to push forward.

Kong Shan could see clearly, Chen Feng's smile carried a touch of cold murderous intent.

He suddenly felt death struck.

He realized that what he said was of no use to Chen Feng!

Chen Feng doesn't care about this at all!

Finally, Kong Shan had a mental breakdown.

He lost his reason and wailed loudly: "Chen Feng, don't be a little bit, you say the conditions, I will promise you whatever conditions you say!"

"Just beg you to spare my life!"

He cried out of his nose and tears, crying for mercy there.

Seeing this scene, behind him, the faces of the powerhouses in the ten-point jungle showed a touch of disbelief.

In their eyes, Kong Shan is a big brother, who has always been extremely majestic and uncompromising.

He is a very domineering person.

And now, he was actually scared like this!

Behind him, a ten-party jungle expert shouted: "Brother, let's fight him hard!"

"Even if we die, we can't ask him!"

"Don't you fall into the reputation of my ten jungles?"

However, Kong Shan suddenly turned his head, staring at the speaker, gritted his teeth, and roared with a stern face:

"Shut up to Lao Tzu! Are you brother or me?"

"Shut up, do you hear me? Or I will kill you!"

He was furious, and the muscles around his mouth were twitching.

He was frightened like a shivering little quail in front of Chen Feng, but at this time he was extremely domineering in front of his junior.

Those ten powerful jungle experts were all stunned and looked at him in a daze.

After that, Kong Shan quickly turned his head and looked at Chen Feng with a flat face.

When everyone saw this scene, their faces also showed contempt.

A smile appeared at the corner of Chen Feng's mouth. He actually did this on purpose.

Wanting to kill the empty mountain is very simple.

However, Chen Feng's purpose was not only to kill him, but to ask him the secret of Ku Rong Chan's finger.

At the same time, he took the Vajra Fumo robes and Vajra stick on his body.

Kong Yang had told Chen Feng before that the secret of the Ten Directions Freedom Sutra was in the Vajra Fumo robes and Vajra Zen staff.

The vajra robes and vajra sticks are easy to say, they are in the hands of Kongshan.

Chen Feng can take it directly from him.

But Ku Rong Zen is different.

It is impossible for Chen Feng to specifically go to the Shifang Jungle to find the Ku Rong Zen Finger, and the other few have obviously not practiced.

Then it will only fall on Kongshan.

Therefore, Chen Feng wants to see what kind of person he is.

Sure enough, Kongshan did not disappoint Chen Feng.

He lifted the empty mountain with one hand, then looked at everyone, smiled and said, "Everyone, wait here for a while. I will be back later."

Suddenly, everyone's faces looked different.

Chen Feng knew what they thought, and smiled and said, "Of course, you can run."

"But if I come back and find out who is missing, then I won't be polite."

Hearing this, everyone trembled in their hearts, and the strange thoughts disappeared without a trace.

They dared not link up.

Chen Feng smiled: "It's better not to dare."

Then, he took Kongshan and turned and went out.

After half an hour, there was a hidden place dozens of miles away from the valley.

Chen Feng shook a piece of white silk in his hand, and nodded quite satisfied.

On the white silk, full of fonts, it is the profound meaning of the Kurong Zen.

Chen Feng put away the silk, and then the King Kong Zen stick and King Kong Demon robes took them in his hands and looked at them carefully.

He has also taken these two things. *nOvelus&.coM*

The robes of the King Kong Demon are about two meters in size, and the whole body is golden and red, very gorgeous.

There were waves of power flashing on it, which was obviously a defensive treasure.

But what Chen Feng cares about is not this, but...

He unfolded the King Kong Demon's robes and looked at it for a moment.

Sure enough, there was a slight difference in color.

If you put it under the sun, you can see that this area seems to be darker.

A smile appeared at the corner of Chen Feng's mouth, and he stretched out his hand to tear it apart.

Sure enough, there was a mezzanine inside.

Then, Chen Feng took out a small piece of silk that was as thin as Zen wings and only three inches in radius.

On the top, some lines are drawn in detail, which is obviously a map of the location of the Shi Fang Zi Jing.

"Sure enough, Kong Yang didn't lie."

Chen Feng didn't open the vajra stick, now there is no need for verification.

Seeing Chen Feng's behavior, Kong Shan suddenly widened his eyes.

Just now, when Chen Feng asked him for the Vajra Fumo robes and Vajra Zen stick, he didn't know why, but thought that Chen Feng was interested in these two treasures.

At this time, I immediately understood.

He yelled out of his voice: "It turns out that you are for the Shifang Freedom Sutra."

Then he said: "Kongyang told you, right? Did he tell you?"

Chen Feng smiled: "Yes, he told me, and he also told me something about you."

"For example, before the big match between you two, how did you try to plot against him?"

Kong Shan stared at Chen Feng with round eyes: "You, you want to avenge him?"

Chen Feng smiled: "I will kill you, but definitely not to avenge him."

"What is he?"

"I killed you just because..."

He stared at Kong Yang and said word by word: "You, there is a way to take death!"

Chen Feng could not leave the life of this empty mountain.

First, Kong Shan wanted to kill him before.

Second, Kongshan now knew that he had obtained the map in the Vajra Demon robes, and the key in the Vajra Rod.

Knowing that his purpose is Shifang Free Sutra, if he empties the mountain and goes back, there is no doubt that Kongshan will tell these secrets to Shifang Jungle.

At that time, the Shifang Jungle was prepared, and Chen Feng wanted to get the Shifang Free Scripture, it was simply a dream.

He is far from the strength to single-handedly challenge the ten jungles.

Among other things, even if there is no nine-star Wudi in the ten-point jungle, at least there are seven-star Wudi and even eight-star Wudi sitting in town.

Chen Feng is not yet an opponent.

At this moment, when Chen Feng looked at the Vajra Fumo robes and Vajra Zen staff in his hand, feeling a little startled, suddenly he felt a sharp wind hit directly behind him.

Chen Feng suddenly turned around.

I saw Kongshan's face full of hideous colors.

And he, holding a long blue thorn in his hand, stabbed at himself fiercely!

At this moment, at this moment, the power he burst out was not weaker than before!

[Chapter 4278: Chen Feng's scruples](#)

He let out a desperate and crazy howl: "Chen Feng, I killed you! I killed you!"

It turned out that he had hidden his strength before, and his injury was far less severe than what he revealed.

However, all this was just futile in front of Chen Feng.

Chen Feng shook his head, looked at him, and slowly spit out four words: "Strike the stone with the pebbles!"

After that, he blasted out the blue long thorn directly with a punch.

Then, his fist was printed on Kong Shan's chest.

Kong Shan trembled all over, and his heart pulse was directly shattered.

He stared at Chen Feng, groaning in his throat.

It seems that I want to say something, but I can't say anything after all.

The expression in his eyes gradually dimmed, his body weakened, he fell to the ground and died directly.

Chen Feng raised his eyebrows and reached out to grab the blue long thorn in his hand.

This ice-blue long thorn was not shattered by him just now, it can be seen that the hardness and flexibility are absolutely extraordinary.

But Chen Feng didn't bother to go into the details of its origin.

The artifact fragment thrown at his waist casually.

The artifact fragment immediately wrapped it in and began to swallow it.

Chen Feng shook his head and glanced down.

The evolution of this guy, I don't know when it was a head.

Anyway, what to feed him, as long as it is high-quality metal, then those who come will not refuse.

Chen Feng didn't bother to care about these.

He put away the two treasures, turned and left.

Soon he returned to the valley.

Everyone saw the two of them going, but he was the only one to return. How could they not know what happened?

They all trembled. I wonder what Chen Feng would do to them?

Chen Feng just smiled coldly, stepped forward, took a palm shot, and abolished Miao Wenshi's repair.

Then, in the silence and trembling eyes of everyone, looking at them, coldly spit out a word: "Get out!"

Hearing this word, everyone was like amnesty, and they all left!

In a blink of an eye he left clean.

Chen Feng is not a bloodthirsty person, Kongshan is the first evil, and he has been beheaded.

Miao Wenshi's cultivation base was abolished, making him more uncomfortable than killing him.

As for the others, there is no need to kill them.

After everyone left, there was still a lingering fear in their hearts.

When they saw Chen Feng's strength today, they realized how ridiculous they were at the beginning.

Chen Feng's strength is so terrifying, he has reached the six-star martial emperor's realm, far beyond their level, and is already at the level of the nine major powers!

Then, Chen Feng took a few of his senior brothers, riding the Crimson Devil Tiger, and left here.

He returned to the cave and grabbed Murong Guan.

Chen Feng looked at Murongguan who was still in a coma, and he hesitated for a moment, but after all, he did not interrogate immediately.

He was faint, and there was always a feeling in his heart.

Murong Guan, I was afraid that he could uncover a great secret for himself.

Once this secret is revealed, then I am afraid that the consequences are unpredictable.

Riding on the crimson devil tiger, Chen Feng looked up to the sky, his eyes obscure.

Since he came here, there has always been a faint anxiety in his heart.

After all, this small world is not a naturally formed small world.

It was the small world that the emperor had turned into an evergreen lantern that day.

That Xiahou Jiuyuan is the master who controls it.

Chen Feng didn't know how far he could pry into this small world, or whether everything that happened in this small world could escape his eyes.

Chen Feng remembered the look in Xiahou Jiuyuan's eyes when he looked at him before, and his eyes were deep.

Although Xiahou Jiuyuan seemed to be very gentle and did not seem to have any hostility towards Chen Feng, Chen Feng would not let his guard down.

How can people like Xiahou Jiuyuan think easily?

As the Grand Marshal of the God of War Palace, he was the first among the nine forces.

Then the six hidden sects, I am afraid that he will not be pleasing to the eye.

He looks at the Six Great Hidden Sects, and it is probably not pleasing to his eyes.

How can he not want to get the secrets that the six hidden sects want?

It is impossible for him to deal with the six hidden sects by himself, but if Chen Feng gets the secret, he will have no scruples about Chen Feng.

At the same time, Chen Feng knew very well that Murong Guan must not be left after Kong Sang Lunjian was over.

If he took Murongguan back outside, then the people of the six hermits would definitely not let him go. Needless to say, they would **** Murongguan back, I'm afraid they will continue to pester him.

Although Chen Feng was not afraid of them, but he didn't want them to ruin his own affairs.

Therefore, Chen Feng must interrogate Murongguan in this small world to get the secret.

Then, end him!

Then, this time must be grasped very accurately.

Chen Feng planned to talk about this when the Kong Sang Lunjian was about to end, when he was about to leave this small world.

In the next day or so, Chen Feng took Murongguan and four juniors in this small world.

Although they can't fly, and although they can't use the light-weight exercises, they have this extremely fast crimson devil tiger, they have countless advantages over others, and their speed has increased many times.

Almost only in this day's time, he traveled through most of the small world, collected countless treasures, and killed countless powerful monsters.

Of course, I also encountered many strong people.

There are those who don't take the initiative to provoke him, and Chen Feng doesn't bother to care about them.

As for those who dared to provoke, without exception, Chen Feng severely taught them a lesson.

This also made Chen Feng's reputation spread quickly.

At least half of the strong people who participated in Kongsang Lunjian knew about it.

Of course, there is also a small half, who have not even seen Chen Feng's face, let alone met him, naturally I don't know how powerful Chen Feng is.

The next day, in the evening.

Below a cliff and above the open space, there are hundreds of treasures of various colors, monsters, inner alchemy, and so on.

In the sunset gleaming bright light, extremely gorgeous.

And more importantly, each of these treasures has a tyrannical aura.

All kinds of auras are vertical and horizontal, converging into a powerful force, almost making the sky here a little unstable.

From time to time, some spatial cracks appear.

Standing on the cliff and looking at the treasure on the ground, a smile appeared on the corner of Chen Feng's mouth.

"These treasures. I am afraid that almost 50% of the original power of this small world is occupied."

This amount is already capable of allowing Chen Feng to steadily occupy the top position of the Kong Sang Lunjian, no one can shake it!

Chen Feng unfolded his sleeves and put away these treasures.

After that, he sighed softly, and said slowly: "In the past two days, I have traveled to most of the small world and obtained almost half of the treasures."

"Leave tomorrow."

"Now, it's time to ask Murong Guan!"

In a hidden cave.

Deep in the cave, there are clear springs gurgling and ding-dong sounds.

The juniors are all in the outer realm, and here are only Chen Feng and Murongguan.

[Chapter 4279: The treasure of luck!](#)

Murong Guan, who had been knocked awake, leaned against the stone wall, looked at Chen Feng, and said nothing.

There was a gleam of fear in his eyes.

Chen Feng sat quietly on the side, bowed his head in thought.

Chen Feng is most concerned about three issues.

First, the six hidden sects themselves, including their constituent strengths and so on.

Second, the origins of the six hidden sects.

And the third is the six hidden sects. What is the specific action this time? What is its purpose?

Chen Feng didn't have any nonsense, and immediately hit the point.

He opened his mouth and asked directly: "Murongguan, your six hidden sects, this time you are spreading out on the Dragon Vein Continent. What is the purpose?"

But Murong Guan did not pay Chen Feng's expectations, and soon explained everything.

Chen Feng asked, he knew everything he could say.

He and Chen Feng had no intention of resisting anymore.

"Chen Feng, this time our six hidden sects are for a treasure."

"And this treasure is the luck of the entire Dragon Vein Continent, condensed in one body!"

"The person who owns this treasure can almost say that he has gathered the luck of the entire Dragon Vein Continent on himself!"

"Once you get this treasure, you will monopolize most of the luck in the entire Dragon Vein Continent!"

"Own the luck of the entire Dragon Vein Continent!"

When Chen Feng heard this, his heart jumped fiercely, and his whole body was shocked.

He only knew that this treasure was no small thing, and it was about the greatest secret of the Dragon Vessel Continent.

But it's just about it.

Unexpectedly, those who get this treasure can get the luck of the entire Dragon Vein Continent!

This whole world!

The luck of a whole world!

How horrible will it be?

Chen Feng's heart instantly became hot.

"If you get this treasure, I'm afraid your luck will be extremely terrifying!"

"Doing things will be detrimental! No one can kill! We can always turn a good fortune! If you meet the most powerful, you can also turn the danger to the end, but the hostile strong may be mine!"

"All kinds of treasures and so on will be swarming, you don't even have to look for it!"

"This is the son of heaven and earth! This is the son of luck!"

"Unparalleled luck!"

In Chen Feng's heart, this information burst out instantly.

What luck means, few people know it better than him!

Because he knew that he had a trace of luck before.

But, it's just a trace, a tiny trace!

So he felt the most intense and shocking about this!

Suddenly, at this moment, when these thoughts came up in Chen Feng's mind, an inexplicable feeling suddenly surged in his heart.

Just like a whim!

It seems that a certain part of the heartstrings has been quietly moved!

The whole person immediately entered a mysterious and mysterious state!

That turbulent feeling has always made Chen Feng stunned for a moment.

In the next moment, he felt as if his body no longer existed.

Because, after his consciousness awakened, he did not feel the presence of the body.

Chen Feng suddenly panicked, but then he calmed down and observed carefully.

At the next moment, he discovered that his body does not exist anymore, but that he is everywhere!

Chen Feng opened his eyes. No, to be precise, he did not open his eyes.

Rather, consciousness has awakened.

So he saw the cave, saw Murongguan inside the cave, and saw everyone.

Then, with a thought in his mind, his consciousness floated out into the midair.

So he saw the mountain, the woods, and the stream!

Even the great river plain in the distance, the endless dense forest!

He continues to rise again, continues to rise.

Then, he seemed to see the whole small world.

He saw that above this small world, it was an inverted white mask like a bowl.

On the periphery of this white mask, there are numerous black space cracks densely distributed, as well as endless blue lightning balls.

Spatial cracks and lightning spheres continue to rise and fall.

Then, Chen Feng saw that the piece of land buckled in by the bowl was round, with an endless void on the edge.

Chen Feng just swept away, and a piece of information surged in his heart:

"This land has a radius of one hundred and six thousand three hundred and twenty-seven miles!"

Chen Feng was shocked instantly!

"How can I see this? How can I see so clearly? So clearly?"

The next moment, Chen Feng's heart moved, he decided to make a try.

As a result, there was a huge voice in his heart: "I am Chen Feng, yes, break the world!"

And he just came up with this idea!

Suddenly, outside the void, outside the sky, there are countless space cracks emerging, frantically rushing toward the inverted bowl-shaped sky!

Then the next moment, with a bang on the sky, a huge crack burst out.

The cracks are still spreading outwards rapidly, growing rapidly.

It gives people the feeling that the entire sky will be shattered in the next instant!

At the same time, a huge gap appeared on the earth, which was a thousand miles long and a hundred miles wide, without bottoming out!

And it is spreading rapidly to both ends!

It seems that soon, the earth can be divided into two halves!

Break the world!

This turned out to be, really!

Open the sky!

Land!

When Chen Feng wanted to open up the world, he actually had such a scene!

This world, even real, is breaking new ground!

This scene stunned Chen Feng!

Not just him, everyone in this small world at this time.

No matter how powerful they are, they all stabilized their figures at this time, looking up at the sky, watching the larger and larger space cracks above the sky!

There was an extremely shocked look on his face!

"What's wrong? This, is this world going to collapse?"

"Why is there such a huge spatial crack in the sky? Could it be that God of War Palace, Xiahou Jiuyuan, has lost control of this world?"

No matter how strong their strength, no matter what kind of cultivation level they are, they are all flustered at this time.

Because no matter how strong they are, they can't compete with this world!

And I'm afraid that even if you tell them, they can't believe it, this scene is just created by Chen Fengfeng's heart!

This is almost a god-like power!

At this time, Xiahou Jiuyuan, who was sitting on the dragon-shaped high platform of the empty sang sacred tree, originally closed his eyes, as if he was closing his eyes to rest.

Leisurely leisurely.

Suddenly, he opened his eyes!

In his gaze, there are actually two electric lights shooting out!

No, it's not like an electric light, but it is really two rays of light coming out directly!

These two rays of light directly burned the dragon-shaped platform in front of them with a bang, and burned a large hole several hundred meters deep!

Everyone was taken aback, their faces were all shocked, they stood up and looked at Xiahou Jiuyuan with horrified eyes.

[Chapter 4280: greedy](#)

Xiahou Jiuyuan's eyes were shocked at this moment, with a look of shock, disbelief, etc.!

A loud voice echoed in his heart: "How is it possible? How is it possible?"

"How could such a character emerge from among these low-level disciples? How could it be possible!"

"He, he actually has a bit of control..."

But after all, he is a figure who has dominated the Dragon Vessel Continent for a hundred years, an out-and-out personality, and he has controlled his emotions in an instant.

Close your eyes immediately!

And when he opened his eyes again, his expression was as usual.

A smile appeared at the corner of his mouth, he looked at everyone, and said lightly: "I just thought of one thing."

"Scared you, it's the next thing."

After that, he bowed his hands to everyone.

Everyone hurriedly bent over to pay back.

How dare they bear Xiahou Jiuyuan's gift?

Everyone sat back in their seats, wondering.

They knew that what Xiahou Jiuyuan did just now was definitely not the reason he said.

However, Xiahou Jiuyuan didn't say anything, and no one could ask, so he had to bury this in his heart.

In the surrounding stands, everyone was extremely surprised and speculated.

Only Pu Xingzhou, when he met Xiahou Jiuyuan's eyes, he trembled fiercely in his heart!

What kind of look is that!

It seems calm, but in fact it looks like a volcano below!

There are surprises, shocks, and deep disbelief!

Even though I couldn't believe it, there was a bit of joy!

And these expressions changed for a long time, and finally turned into a kind of emotion, that is: greed!

Strong to the extreme greed!

That greed is like a hungry wolf who has been hungry for seven days, seeing food!

Seeing the look of food that can save his life and keep him alive!

Full of excitement and greed, crazy!

Pu Xingzhou trembled fiercely in his heart, and quickly lowered his head.

He hasn't felt such emotion in Xiahou Jiuyuan for a long time!

With Xiahou Jiuyuan's strength, he didn't have any particular needs for anything, he didn't need any emotions.

And now, he has extreme greed!

"What did Xiahou Jiuyuan see? What did he feel? He has such greed for what?"

Pu Xingzhou thought to himself.

For some reason, there is always a very bad mood in his heart, it seems that something unavoidable bad thing is about to happen.

Xiahou Jiuyuan whispered in his heart: "Is that you?"

It turned out that just now, when Xiahou Jiuyuan felt the changes in that small world, he was taking a peek.

In that startling glance, I saw a figure!

That figure was severely branded in his heart!

After Xiahou Jiuyuan's battle between heaven and man, he stabilized his emotions.

After he determined his heart and what he wanted, he calmed down.

Sitting there, with his eyes downcast, Gu Jing has no waves.

With his hands in his sleeves, he pinched several seals.

And as these few Dharma seals were pinched out, the cracks that had originally appeared in the small world suddenly healed.

The earth refilled and returned to normal.

Everything became extremely quiet again.

However, Chen Feng's consciousness was suddenly at this moment.

"It turns out that I just destroyed this small world, but now, it must be Xiahou Jiuyuan outside to make up for it again!"

Chen Feng didn't know yet, he had been greedily targeted by a powerful wolf.

In fact, he has no way of knowing.

For this scene, Chen Feng is not surprised.

This small world was formed by the treasure of the God of War Palace, and it must be controlled by Xiahou Jiuyuan outside.

It would be ridiculous if he broke this small world so easily.

But Chen Feng's focus is not on this issue, but on what happened!

He was vaguely aware and guessing, but he couldn't believe it.

Because this guess is too sensational.

But then, he confirmed his guess.

"Just now I didn't know why I was assimilated to this world now."

Chen Feng suddenly realized: "It turns out that I am now in the world."

"I don't have a body, this world is my body!"

"It's just, how can I merge with this little world?"

In Chen Feng's mind, this idea just rose.

Suddenly, with a snap, he felt like a bubble burst in front of him.

Broken like a mirror flower.

Then, he suddenly opened his eyes!

At this time, he was back in the cave again.

Murong Guan was looking at him blankly.

Outside, Xuanyuan Jiashi's voice came: "Brother, what's wrong with you?"

Chen Feng shook his head and said in a deep voice: "What happened just now? How long has it passed?"

"The sky is shaking outside, the earth is cracking, the sky is shattered!"

Xuanyuan Jiashi's voice was filled with indescribable excitement in panic.

"We don't know what happened, for fear that brother, you have an accident, you all rushed back."

"I just heard brother, you seem to shout, just a moment ago."

Chen Feng nodded solemnly: "It turns out that everything I did happened really happened!"

"It turns out, it was just a moment!"

Chen Feng suddenly felt the vicissitudes of life.

He said solemnly: "I'm fine."

Xuanyuan Jiashi and others also dispersed.

At this time, seeing the world return to normal, the disciples of various sects began to do their own things.

They were horrified at the scene just now and speculated.

However, no one thought of Chen Feng on his head.

Even if Chen Feng had beaten them to fear, even if Chen Feng had shown such a strong strength, they would not think that Chen Feng would do it.

After all, such strength is beyond imagination!

According to everyone's guess, I'm afraid Jiuxing Wudi may not be able to do this!

Even Xuanyuan Jiashi and others did not expect what happened just now to Chen Feng's abnormality.

In the next moment, Chen Feng's figure suddenly completely solidified.

He stood there blankly, his whole being like petrified.

The whole body, from the tips of the hair to the soles of the feet, is completely frozen,

And the next moment, all my body shuddered.

Because, he felt that a huge and awe-inspiring power originated from the depths of this small world and smashed into his body!

A trickle, but a steady stream!

And this force completely surpassed Chen Feng's understanding.

After the power entered the body, he immediately raised great joy, great joy, and the whole person suddenly became extremely excited and joyful!

"What kind of power is this?"
