

Peerless 4291

[Chapter 4291: give me! To shut up!](#)

Stabbed with a sword, extraordinary power!

"This Xiahou Yinghao has great strength! He has the strength close to the five-star Wudi!"

"Yes, he and his long sword is definitely a treasure of the God of War Palace. This sword pierced out and already has the power of the five-star Wudi peak!"

"Yes, this long sword directly increased his strength by two small levels!"

Can Chen Feng stop it? Can he be Xiahou Yinghao's opponent?

At this moment, this sentence flashed in everyone's mind!

Looking at Yinghao Xiahou, Chen Feng spit out four words: "Insult yourself!"

When these four words are spoken, many people have different expressions.

In the next moment, Chen Feng didn't dodge or evade, and directly greeted him!

The body instantly turned into a dark golden color!

Donkey Kong Arhat's second stage of Immortal Body, suddenly launched!

In the next moment, Chen Feng's fist slammed against the scarlet sword!

Keng!

A huge golden and iron symphony, resounding through the sky!

The shock made everyone's eardrums shook and buzzed.

The next moment, they heard a miserable howl.

Xiahou Yinghao screamed and sifted violently.

The scarlet sword was directly shaken out.

It turned out that at that moment, he felt a terrifying force flowing into his body along the big sword!

He couldn't even hold the long sword, so he was directly shocked!

With a look of astonishment on his face, he glared at Chen Feng and shouted, "You, how can you be so strong?"

Chen Feng ignored him, just smiled coldly, his fists were not exhausted, and he went straight forward!

It slammed on his chest again!

With a loud bang, Xiahou Yinghao screamed again, spurting blood, his figure flew out hundreds of meters, and hit the ground fiercely!

Coincidentally, he happened to fall in front of Xiahou Jiuyuan.

The splattered blood sprayed Xiahou Jiuyuan's face.

As if Xiahou Jiuyuan hadn't seen it, he still sat there steadily, his expression indifferent!

Everyone was in an uproar!

"Chen Feng is so strong!"

"He actually blasted the five-star Wudi Peak's move with one punch, and severely injured Xiahou Yinghao!"

"Is it possible that Chen Feng turned out to be a six-star Wudi?"

Someone said with a trembling voice in a dreamlike tone!

And this sentence made everyone tremble.

Looking at Chen Feng, there was a deep awe in his eyes!

Chen Feng's punch was to severely wound Xiahou Yinghao!

This extremely powerful combat power made everyone realize that Chen Feng didn't rely on any luck to get the first place this time.

Rather, he has such strength!

His strength is the actual number one this time! The horror is extreme!

Chen Feng used his strength to crush all doubts!

At a young age, he has the strength close to that of the Six-Star Martial Emperor. This makes everyone a little unbelievable, feeling like they are dreaming.

But it's a pity that everything happening before them tells them that this is the truth!

Plain fact!

Chen Feng looked at Yinghao Xiahou, and smiled slightly: "I said you are insulting yourself, is there a problem?"

no problem!

Of course no problem!

Chen Feng severely injured Xiahou Yinghao with a punch, which means that he is qualified to say this!

"We were really ridiculous before, so how did we say Chen Feng? I don't know that his strength is far beyond me!"

"Chen Feng already has the strength of the nine major powers at a young age, which is really terrifying!"

"What are we people? Still laughing at Chen Feng? It's not worthy to give him shoes!"

Many people who had ridiculed Chen Feng before had their faces flushed.

At this moment, they looked into Chen Feng's eyes, there was nothing but one emotion!

That is: awe!

A young six-star Wudi who is more than twenty years old is worthy of their awe!

Chen Feng has already used his strength to win the respect and fear of everyone!

"I see, I know why the empty mountain didn't come out? I must have met Chen Feng, right?"

Suddenly someone shouted.

And what he said seemed to be the fuse.

In an instant, everyone's thoughts were detonated.

Everyone shouted: "Remember the embarrassing appearance of the winner of the Eastern Wilderness just now? I think they met Chen Feng!"

"Yes, only Chen Feng can do this!"

"What happened to the huge disturbance in the small world before?"

Someone muttered in a dreamlike voice: "The movement is so loud, it almost destroys this small world!"

"Could it be that Chen Feng was the one who caused the trouble?"

Someone next to him said: "It may not be impossible! Chen Feng's strength is so terrifying, what he has done does not surprise me now!"

Everyone's exclamation sounded one after another!

And those who had seen Chen Feng's strength before, looked at them like fools, and ridiculed one after another.

"These people, only now know that they are really stupid."

"A group of ignorant people sitting on the well and watching the sky!"

These people who had seen Chen Feng's strength sneered.

They felt that they knew Chen Feng's strength, and they were immediately full of superiority.

At this moment, all the information was strung together.

Everyone was horrified to discover that everything fell on Chen Feng!

Kong Shan died at his hands!

The winner of the Eastern Wilderness was cleaned up like this by him!

Everyone is here, noisy and noisy, like a pan, boiling.

At this time, Chen Feng suddenly turned around, facing everyone!

Suddenly, everyone's eyes fell on him, wondering what he did.

The next moment, Chen Feng's behavior surprised them!

With a smile on his face, Chen Feng faced the tens of thousands of people who came to observe the ceremony.

Then he gave a soft boo!

"Shhh..."

This sound was very slight, but it happened in everyone's ears!

Everyone heard it really!

Everyone saw this movement and heard this voice!

The meaning of this action is very obvious, Chen Feng is to make them shut up!

Let them close their clamoring mouth!

Chen Feng's eyes are extremely contemptuous!

Chen Feng's movements are extremely frivolous!

He seemed to give a sneer of contempt to everyone: "Shut up, I!"

This action is full of insults.

It was simply stomping their faces on the ground, and then stomping their feet fiercely!

If someone else did this action, they would be scolded by everyone, and would be overwhelmed by the overwhelming humiliation and ridicule.

But at this time, when Chen Feng made this action, the audience instantly became silent!

No one spoke, everyone looked at Chen Feng blankly!

Because at this time they knew that Chen Feng had this qualification!

Chen Feng is qualified to shut up all of them!

[Chapter 4292: Chen Feng! Kong Sang is the first on the sword!](#)

Deathly silence at the scene!

Chen Feng nodded in satisfaction.

Then, he smiled again and said, "Everyone, do you still think I am, Chen Feng, funny?"

be quiet!

Deathly quiet!

Everyone looked at Chen Feng blankly, with a huge shock and horror in their eyes.

Of course not funny, no one can laugh at this time!

Because they all realize how terrifying Chen Feng's strength is. If it is ridiculous, then they are the only ones who are right!

Then, Chen Feng stretched out his right hand, smiled and patted twice in the air: "Does your face hurt?"

This voice makes everyone hear clearly,

At this moment, Chen Feng slapped everyone in the face!

What is the status of these tens of thousands?

They are all the strongest and top-notch experts on the Dragon Vein Continent!

At this moment, Chen Feng stood here, hitting tens of thousands of them in the face on the top of the empty mulberry tree!

He almost severely slapped the entire Dragon Vein Continent!

But by the way, these people can't say a word hard!

I can't say a rebuttal!

Because Chen Feng has this qualification!

Bai Limin sat there in despair.

Only one voice echoed in his heart at this time: "Bai Li Min Xue, you are really ridiculous, you are really ridiculous!"

"What are you? You want to be compared with Chen Feng?"

"Are you still challenging Chen Feng? Are you worthy?"

Tantai Wu, who was on the side, was the same, desperate and staring blankly.

Facing everyone's shock, disbelief, fear, awe, and so on!

Chen Feng couldn't express his joy and laughed loudly.

He opened his arms, his whole body was very accessible, and he was extremely comfortable.

For a while, the scene was extremely quiet, and only Chen Feng could be heard laughing!

Suddenly, the laughter stopped.

Suddenly, Chen Feng looked at a place above the stand from the rising dragon platform.

Everyone followed his gaze, and they saw that Chen Feng's gaze fell on the stands.

Falling on Baili Minxue and Tantai Wu.

Suddenly, the crowd murmured.

"Bai Li Min Xue and Tan Tai Wu have been provocative before."

"As everyone knows, compared with Chen Feng, the two of them are just clowns who are pretty and ugly!"

"Yes, Xiahou Yinghao is not Chen Feng's opponent. With their little strength, they provoke Chen Feng before? It's really ridiculous!"

The voices of the crowd came into the ears of Baili Minxue and Tantaiwu, almost drowning them.

And the two of them have been in a daze and silly state since Chen Feng appeared, condensed the Qingyan Liuli crown, and severely wounded Xiahou Yinghao with a punch.

And at this moment, when they saw Chen Feng's gaze falling towards him.

There was great fear in the hearts of the two at the same time!

At the same time, a thought came up in their hearts: "Chen Feng, what is he going to do?"

"I just provoked Chen Feng so much and offended him. Will he kill me?"

The more they think about it, the more they are afraid.

In the end, there was only one thought left in his mind: "It's over, I'm going to die!"

Chen Feng turned to the side, with a smile on the corner of his mouth, as if he was about to step forward.

One action, that's just one action!

Baili Minxue and Tantaiwu were so scared that they threw a plop, they knelt on the stand, and repeatedly kowtow.

Tremblingly shouted: "Don't kill us, don't kill me!"

They were so frightened by Chen Feng's action that they knelt down and begged for mercy!

At this time, the countless ridicules around them rushed towards the two.

Bai Li Minxue's figure suddenly shook.

He was already seriously injured. At this time, the endless humiliation, the fear of Chen Feng, the regret that thought about his own ability before, madly smashed over, making his brain dizzy.

Suddenly, he wowed, a mouthful of blood spurted out, and he fell to the ground.

The servant next to him hurriedly rushed forward, but was so scared that he sat down on the ground.

It turned out that Baili Minxue's eyes had lost his vitality!

Everyone was in an uproar!

"Bai Li Min Xue, this is directly scared to death by Chen Feng!"

"This Chen Feng is too terrible!"

Seeing this scene, Tantaiwu was even more frightened and trembling, kowtow again and again.

Suddenly, the person next to him smelled a fishy smell.

It turned out that Tantai Wu was so scared that he had feces and urine.

Of these two, one was scared to death, the other was scared to pee!

Chen Feng glanced at them, then smiled suddenly and said, "You two, what is this?"

"I just didn't think it was comfortable, so I changed my posture."

After all, I didn't even look at them.

These two people are no longer worthy of Chen Feng to pay attention to them, and they are not qualified yet!

There was a burst of laughter among the crowd.

"This Baili Minxue is really dead in vain, and Chen Feng didn't even plan to talk to him!"

"Yes! It deserves it. Who told him to dare to provoke Chen Feng? This is his retribution!"

Facing the crowd, Chen Feng smiled and said, "I, Chen Feng, is the first one in this time. Who agrees and who opposes?"

His voice was not loud, but it spread all over the top of the empty sang tree.

Let everyone hear it truly.

This sentence is extremely domineering!

The scene was silent.

Naturally, no one opposes, no one has this qualification, and no one has this strength!

After a while, suddenly there was a voice of applause: "I agree!"

"Yes, Chen Feng, well done! Hahaha, really relieved!"

Many people are extremely disdainful that Xiahou Yinghao used that method to get the first place in this empty sang sword.

Chen Feng's move, on the contrary, made many people feel indescribably happy after being slapped.

Many people from the nine major forces also have a smile on their faces.

For them, anyway, they can't get the first place in this empty sang sword, they would rather Chen Feng get it, and they don't want to be stolen by Xiahou Yinghao like this!

Suddenly, the crowd was surging, and everyone agreed.

Chen Feng looked at Xiahou Jiuyuan: "Marshal, what do you say?"

At this time, Xiahou Jiuyuan's mouth showed a smile, unspeakably gentle.

"Chen Feng, you have gathered the supreme crown of Qingyan Liuli, no one can compare."

"Then, well deserved, it is the number one in Kong Sang's sword this time!"

When this sentence was said, Chen Feng felt that his heart was pounding!

His blood flow accelerated, and the whole person was extremely excited!

A voice slowly sounded in his heart: "Kong Sang Lunjian, I, Chen Feng, finally reached the top!"

"A long-cherished wish for several years, in this period, finally got it!"

Chen Feng only felt that complex emotions reverberated in his chest, and the impact made his chest almost burst open!

In the end, all the emotions turned into a long scream: "I, Chen Feng, did it!"

"I, Chen Feng, did it!"

[Chapter 4293: Entrance of Dongyang Emperor Mansion](#)

This voice reverberates in this world!

Chen Feng even laughed loudly!

There were overwhelming cheers from the crowd!

Chen Feng stood proudly there, welcoming everyone's cheers!

He has this qualification, because he is the first person in Kongsang Lunjian!

Because he is the nine major forces, and it can even be said that he is the first person of the younger generation in the entire Dragon Vein Continent!

Well deserved!

At this moment, all the glory between heaven and earth belongs to Chen Feng!

Pu Xingzhou looked at Chen Feng with a smile on his face.

At that time, he personally handed the Chijin invitation to Chen Feng, inviting him to participate in Kongsang Lunjian!

Bai Ruoxi had old eyes and tears filled her eyes.

All members of the Xuanyuan family were full of tears, and their hearts were full of excitement and joy!

"This is Chen Feng, this is Chen Feng of our Xuanyuan family!"

Wu Linghan and the others were even more sour and almost crying!

Many young disciples are convinced.

At this moment, Chen Feng already looked like a **** in their eyes!

However, at this time, Chen Feng was bathed in this majestic glory, but did not see it.

Somewhere in the crowd, a pair of eyes looked at him quietly, with tenderness in their eyes.

As brilliant as the stars.

Xiahou Yinghao coughed up blood and trembled all over.

He struggled to stand up, but he couldn't do it at all.

A thick look of despair flashed in his eyes, even more indescribable.

"Me, everything about me was destroyed like this? Everything about me was taken away by Chen Feng?"

He almost broke down!

At this moment, suddenly a pair of big hands pinched her shoulders and lifted him up.

Xiahou Yinghao was stunned.

Seeing when I turned around, Xiahou Jiuyuan was looking at him with warm eyes.

Xiahou Yinghao opened his mouth and wanted to say something.

Xiahou Jiuyuan was already smiling and patted him on the shoulder.

He didn't say anything, but this action made Xiahou Yinghao completely relax.

He nodded slowly, and took Xiahou Yinghao, ready to sit down.

At this time, Chen Feng's laughter stopped.

He turned around and looked at Xiahou Yinghao, his voice rang again: "Xiahou Yinghao, I just said, today I am the protagonist."

"And you, just a foil, are you convinced?"

As soon as this sentence was said, Xiahou Yinghao suddenly slammed a punch in the chest as if he had been taken!

Meng's face flushed, his body shook, and another big mouthful of blood spurted out.

The whole person fell to the ground without knowing the personnel.

It turned out that he was already alive and fainted by Chen Feng.

Everyone was in an uproar: "Killing and killing!"

"Yeah, Chen Feng is so murderous, it is not enough to defeat Yinghao Xiahou, and he should be humiliated like this!"

Xiahou Jiuyuan suddenly turned around and stared at Chen Feng with cold eyes.

However, Chen Feng was not afraid, just looking at him, with his chin held high, a provocative smile was drawn at the corner of his mouth!

Since you have torn your face, what are you afraid of?

He looked at Xiahou Jiuyuan, and said loudly, "Grand Marshal, can I now receive my reward?"

Chen Feng did not hesitate to procrastinate and wanted to get this reward immediately.

He knows that nights have many dreams, and if he waits, maybe it's another matter.

In the face of Chen Feng's tough gaze, Xiahou Jiuyuan was not angry, but said slowly: "Naturally, you are going to enter the Dongyang Emperor's residence now?"

"Yes, I want it now!"

Chen Feng said flatly.

"It is good!"

Xiahou Jiuyuan laughed, without hesitation.

He cherished and took out a little thing.

When everyone looked at it, they saw that it was something like a half-rooted tree.

It is about one foot long, with many roots growing on it, and the cross section is uneven, as if it had been broken off abruptly.

The root of this tree does not look surprising.

However, when the root of the tree was taken out, the sapphire bodhi branch in Chen Feng's arms immediately jumped wildly, sending a burst of extreme warmth and desire!

Chen Feng immediately understood.

"It wants to swallow this half of the tree roots!"

"Moreover, this desire is extremely crazy, more than any previous one!"

Chen Feng knew right away that this treasure was definitely a treasure.

But in any case, this cannot be swallowed by the sapphire bodhi branches.

Chen Feng had to appease it.

At this moment, upon seeing this scene, the nine powerful forces present all stood up, with a dignified look in their eyes, with a bit of pain.

Everyone guessed the origin of this thing, it must be related to the mansion of Emperor Dongyang.

Everyone stood up, held their breath, and waited for this scene.

This is one of the strongest treasures that have appeared in the Dragon Vein Continent over the years!

"Everyone is optimistic, this is the key to the entrance of Dongyang Emperor's Mansion!"

Xiahou Jiuyuan held it high and showed everyone a circle.

The powerful Nine Martial Arts nodded one after another.

After that, Xiahou Jiuyuan threw the root of the tree directly.

He didn't instill any power. The root of the tree hovered in the air, and every root and every pothole on it was reflected by a bright light!

However, this light turned out to be black, full of destruction.

The rays of light intertwined, forming a black line.

As if it can cut any item with the same sharpness.

Then, the black line suddenly twisted.

Then, he twitched violently.

As if there was a big hand inside to tear it apart.

The next moment, with a snort, the black thread was torn apart.

In the same place, a black door appeared.

It is about seven feet high and four feet wide, and only one person can enter.

The black door was constantly twisting and beating, full of instability.

There are countless black and red lights intertwined, as if leading to hell!

When everyone looked at the door, they couldn't help but jumped fiercely in their hearts, as if they could hear countless demons screaming crazily afterwards!

Everyone was shocked: "Isn't it the mansion of Emperor Dongyang? How do you feel that this door leads to hell?"

Chen Feng felt it carefully.

He was closest to this door, and he clearly felt a breath coming out of this door, which seemed to be closely connected with the empty sang sacred tree.

Obviously, this is the real mansion of Emperor Dongyang.

Xiahou Jiuyuan looked at him, and Chen Feng stretched out his hand and said, "Chen Feng, enter from here, and it is the mansion of Emperor Dongyang!"

"It's just that this door has a limited time, you only have three hours."

Chen Feng took a deep look at Xiahou Jiuyuan.

He naturally knew that there was definitely something strange inside.

Xiahou Jiuyuan could never give this Dongyang Emperor's mansion to himself so easily.

However, Chen Feng didn't care, no matter what Xiahou Jiuyuan thought, he entered first and said after he got this treasure!

At this moment, on the platform of Shenglong, among the crowd, there was a pair of eyes peeking at Chen Feng in a dark corner.

[Chapter 4294: OK! Then, never die!](#)

From time to time, he lowered his eyelids and looked around, lest he stared at Chen Feng for too long and was discovered by him.

The people standing here were all those who had the good fortune to survive from Na Kongsang Lunjian, and the owner of these dark eyes was a middle-aged man in his forties.

He was dressed in black and had an ordinary face, and looked rather ordinary and unnoticeable.

Beside him, standing four disciples.

All five of them came back alive with all their tails.

These five people are the nameless disciples of the Chixiao Divine Sword Sect.

This Chixiao Divine Sword Gate is also second only to the nine forces, quite prominent and powerful.

But here, their Chixiao Divine Sword Sect is nothing, just an ordinary force.

These five of them are just five ordinary young disciples, nothing more than ordinary.

And this cold middle-aged man has no opinion on this.

Because at this time, the last thing he wants to receive is the attention of others!

Just now, everyone was in a tumult, saying that the winner of the Eastern Wilderness, the jungle of the ten directions, would be so miserable when they met Chen Feng.

And Chen Feng did not deny it either.

Therefore, the faces of the leading elders of these two big families are extremely ugly.

Seeing the reaction of the winner of the Eastern Wilderness and Shifang Jungle, the middle-aged man's gloomy gaze lowered, and a sneer smile was outlined at the corner of his mouth, and he whispered softly:

"Chen Feng, Chen Feng, you really made countless enemies!"

"Offended the God of War Mansion! Offended Shifang Jungle! Offended the winner of the Eastern Wilderness! Offended the Six Hidden Sects! Offended the Ten Thousand Beast Islands!"

"Hahaha, you wait, your death date is not far away!"

"They are alone, maybe you can't help it."

"Moreover, it is very difficult for them to join forces, but with me, this thing is different!"

Hearing what Xiahou Jiuyuan said, Chen Feng smiled slightly: "Three hours? Is it enough?"

He stretched out his hand, and a disciple of the Xuanyuan family behind him handed something over.

At this time, everyone saw that he was beside Chen Feng. The disciple of the Xuanyuan family also carried a huge crystal box in his hands.

That huge crystal box, seven feet long, looks like a coffin.

It's just that, although the crystal wall is extremely clear, there is a huge force in it that is constantly impacting and whirling, isolating the breath, making people wonder what is inside.

Naturally, Chen Feng would not explain to them. He stretched his hand over the huge crystal box and prepared to step into this black light door.

At this moment, a gloomy voice suddenly rang: "Chen Feng, what are they saying is true?"

Everyone heard it and looked at it.

I saw that a dozen people stood up on the stands.

The headed person wore a golden red robe, described as withered, with two long eyebrows drooping.

It is the leader of the Shifang Jungle, the first of the Shifang Jungle Discipline Academy: Xuanku!

At this time, the winners of Shifang Jungle and Eastern Wilderness stared at Chen Feng with a bit of murderous intent in their eyes.

Especially the people of Shifang Jungle are even more murderous, with fierce eyes!

You know, although the winner of the Eastern Wilderness was cleaned up by Chen Feng, he was just kicked out.

As for Shifang Jungle, two of the most outstanding disciples died in it!

The future abbot, as well as the most powerful candidate for the future abbot, these two talents who were rare in the ten-square jungle for a thousand years, are all dead inside!

All died in Chen Feng's hands!

How can they not be angry? How not to rush?

Everyone stared at Chen Feng's reaction.

Before, it was their guess no matter what, although everyone knew it was true.

However, this is different from Chen Feng's personal admission.

As long as Chen Feng admits it personally, then in the future, he and Shifang Jungle will never die!

Everyone stared at Chen Feng and watched his reaction!

And Chen Feng, at this moment, was calm and gentle, looked at Xuan Ku, smiled and said, "I did it, what can you do with me?"

In a word, it was shocking, and everyone was dizzy!

Xuanku, the leader of the Shifang Jungle, gritted his teeth and said cruelly: "Okay, Chen Feng! You wait!"

"My ten jungles, never die with you!"

Chen Feng smiled slightly: "Okay, then never die!"

Chen Feng glanced over everyone, and finally fell on Wu Linghan, Mei Wuxia, Ying Ziyue and others.

Everyone looked at Chen Feng with a bit of worry in their eyes.

When Chen Feng entered Kongsang Lunjian, they didn't worry, because they knew Chen Fengfeng could do it.

But at this time, when Chen Feng entered this mysterious Dongyang Emperor's mansion, they were worried in their hearts. Who knows what kind of danger is there?

Wu Linghan suddenly shouted: "Chen Feng, you can do it!"

Everyone shouted.

People from the Xuanyuan family, and even many other sects, people from other forces also shouted one after another.

They hope that Chen Feng can once again create miracles!

Chen Feng smiled slightly, turned his head, without any hesitation, stepped into the black light door with one foot!

Chen Feng's figure disappeared instantly.

After he entered, the black gate of light still existed, but a blaze rose above the gate of light.

The black flames are extremely cold, and people feel the indescribable chill coming from thousands of meters away.

Obviously, if you are close, you will be swallowed directly by this flame, and there will be no dregs left.

This is obviously an idea to prevent others from hitting Chen Feng.

Xiahou Jiuyuan sat back, his expression faint, and he couldn't see what he was thinking.

However, his fingers tapped the handrail lightly, falling into thinking.

The scene was still very lively, and many people were discussing violently and loudly.

And the center of their discussion, there is no doubt that there is only one person, Chen Feng!

They guessed how strong Chen Feng was, how Chen Feng managed to clean up the Eastern Wilderness winner, and **** Kongshan.

Winning Chaoyang and the others returned to the Eastern Wilderness Winner with shame, but did not leave.

And everyone in the Shifang Jungle is walking away!

Then, people left one after another.

When I left, I was still talking loudly about today's grand occasion, very excited.

For them, the appearance of Chen Feng was completely an accident, and shocked everyone!

Shocked the world as soon as he was born!

At the same time, everyone has countless more talks.

It is conceivable that in the future, as these people leave, Chen Feng's name will spread throughout the dragon vein continent.

The strength that everyone will know, knows that the first person in the young generation of Longmai Continent is named: Chen Feng!

About an hour later, Xiahou Yinghao finally woke up and was staring at it.

At this time, Xiahou Jiuyuan stretched out his hand and beckoned, Xiahou Yinghao was taken aback for a moment, and hurried forward.

Xiahou Jiuyuan whispered to him and said something.

When Xiahou Jiuyuan's words were just heard, Xiahou Yinghao's eyes widened!

[Chapter 4295: By the side of the Devil Country, Dongyang Mansion!](#)

He couldn't help but twist his brows together, and his face was extremely surprised.

He said in disbelief: "Father, this, isn't this for Chen Feng?"

Xiahou Jiuyuan frowned and glanced at her, and said lightly: "You don't want it?"

This sentence directly stimulated Yinghao Xiahou.

Xiahou Yinghao suddenly remembered that Chen Feng had offended him when he was in Sky Dragon City. He was not worth mentioning before him. If he wanted to kill him, he could easily crush him like an ant.

And now Chen Feng has reached the strength of the Six-Star Emperor Wu, is the first strength of Kongsang Lunjian, and the first genius of the young generation in the entire Dragon Vein Continent!

Just now, he humiliated himself severely.

This made him hate to the extreme, looking at Chen Feng, he couldn't wait to swallow him alive.

At this moment, when I heard that I could do this, I could intercept the huge benefits that Chen Feng wanted, so why wouldn't he?

He hurriedly nodded like a chicken pecking rice: "I do, of course I do!"

"Then you do it!"

"it is good!"

Xiahou Yinghao looked at his father deeply all night, with a touch of ecstasy on his face.

How he didn't understand, this was Xiahou Jiuyuan's acquiescence and even supported him to do so!

He had the desire to **** Chen Feng's benefits before, but he didn't have the courage. Now he can do it honestly, just what he wants.

He smiled lowly: "Father don't worry, the child must be done properly."

Xiahou Jiuyuan took a deep look at him, and said lightly: "Don't be overwhelmed."

Xiahou Yinghao hurried to: "My boy understands."

Xiahou Jiuyuan stood up, looked at the people of the nine major forces, smiled and said: "Everyone, the old man feels a little unwell, so he left first."

The people of the nine major forces didn't know what he meant, and their faces were filled with awe.

However, someone guessed something, and immediately became excited.

"Now, the collection has a good show!"

As for General Pu Xingzhou, his face suddenly changed drastically after thinking of something.

He looked at Xiahou Jiuyuan and lost his voice: "Grand Marshal, you..."

Xiahou Jiuyuan glanced at him, his expression indifferent, without any emotional changes.

However, those eyes were extremely cold, and they were full of warnings.

Pu Xingzhou's heart suddenly felt great fear, and he dared not say any more.

After that, Xiahou Jiuyuan ignored others and left straight away.

It's just that when he left, he left alone, without any guards.

The other people in the God of War Palace still stayed here.

Seeing this scene, those who had guessed in their hearts before became more determined.

With the departure of Xiahou Jiuyuan, many people left.

In their opinion, this time Kongsang's discussion on the sword is over, but more people did not leave, but waited here with an expression of watching the show.

Not to mention these things that happened outside.

Chen Feng stepped into the door of Dongyang Emperor's Mansion, and in an instant, the feeling of traveling between time and space came.

People's time seems to be lost rapidly, and the feeling of suddenly and extremely fast, and then extremely slowly, is strong.

And this feeling is very intense.

Looking at the colorful and bizarre scene in the space channel, Chen Feng said in his heart:

"I evaded the chasing of the blazing Taoist before, and when I traveled from the Dragon Vein Continent to the Xuanming Seven Seas Realm, I didn't feel that strong."

"Don't you mean that the place I am going to is farther than the distance between the Dragon Vein Continent and the Xuanming Seven Seas Realm?"

"Then, where is this going?"

"Where is the mansion of Emperor Dongyang?"

Finally, I don't know how long it took to drift, maybe it was a long time, or maybe it was just a moment.

Chen Feng finally saw light appeared in front of him.

A hot, bright red light was getting closer.

After Chen Feng saw clearly, a shocking color appeared in his eyes, and his pupils shrank sharply.

It turned out that at this time, he actually saw a world!

Not far in front of Chen Feng, a huge transparent crystal barrier appeared. Behind the crystal barrier, it turned out to be a huge world!

Because Chen Feng is a constantly falling perspective.

Therefore, he is equivalent to flying slowly from high to low in this world.

Therefore, he can see an extremely broad scene.

In his eyes, this is a **** plain.

On this huge blood-colored plain, there were no plants, only a huge river of blood flowing, blood-colored lakes everywhere, and burning flames everywhere.

There are huge and powerful existences everywhere, fighting each other.

And Chen Feng clearly recognizes these guys!

He was in the Xuanming Seven Seas Realm, in the Valley of Falling Stars, and had dealt with them.

This is clearly one big monster after another!

Chen Feng trembled and suddenly thought of something!

"Here, is the Demon Realm?"

Chen Feng immediately came to a conclusion: "It turned out to be the Demon Realm? It can only be the Demon Realm!"

"Except for the Demon Realm, other worlds cannot be like this!"

"At least, it's also the location of a demon country, but I don't know how big this demon country is?"

"just....."

Chen Feng was a little puzzled: "Why don't these big demons react to my arrival?"

It stands to reason that Chen Feng came through the sky, and they could feel it no matter what.

But no one paid any attention to Chen Feng.

Chen Feng glanced up and down, thoughtfully.

With a soft sound, Chen Feng slowly fell on the ground.

If he feels something, he raises his head and looks forward.

In front of Chen Feng, there was a huge portal. On the portal, there were four big characters written: "Dongyang Palace!"

Dongyang Mansion!

By the side of the Devil Country, Dongyang Mansion!

The mansion of Emperor Dongyang has arrived!

There is only one door, but no door. On both sides, there are boundless stone walls.

The place where Chen Feng was located was a small bump on a huge cliff.

From top to bottom, there is endless void!

Chen Feng stepped in.

He looked around and saw that it was a pattern shaped like a cave.

On the ground, there was a rugged rock with undulations.

And there are three sides of this kind of rugged stone, the stone has a grayish white color, and there are spiritual fires constantly flying, not looking like a stone, but like the inside of a huge bone.

But there is only one side, which is transparency.

It was as if someone had dug up the stone here, and put a crystal barrier halfway.

This crystal barrier is extremely transparent, and the scene on the other side is very clear.

It was the scene of the Devil Kingdom that Chen Feng just saw.

At this moment, Chen Feng was like a person hiding in a secret room and peering out.

Because he obviously felt that the big demon outside the crystal barrier could not see him.

And he can see those big demons clearly.

"That shouldn't be, even this crystal barrier is very strange."

[Chapter 4296: Dragon vein continent! Just a cage!](#)

"Even if they can't see me, they should be able to perceive my existence. The perception of these great demons is extremely sensitive!"

"Unless you say..."

Chen Feng's eyes flickered: "From my side, it's a crystal barrier, while from their side, it's just a void of ordinaryness."

Chen Feng sighed softly: "This Dongyang Emperor, really powerful, actually inlaid this small space into the edge of the demon world."

"It makes it impossible for them to detect, and it is convenient for observation."

"Just, what is the purpose of Emperor Dongyang doing this?"

"Does he often go in and out of the Demon Realm? Or is he to observe these great devils?"

Chen Feng no longer knew what the purpose of Emperor Dongyang was.

He is now more concerned about himself.*noVeLuSb.com*

Because, at this time, a voice suddenly sounded in this space: "Young man, are you here?"

Chen Feng's heart trembled and immediately turned around.

Then I saw that countless points of light gathered in the void in front of him.

These cyan light spots finally condensed into a huge figure.

This huge figure wore a blue robe.

The Eguan Bo belt is extremely ancient, just like people who came out of the ancient barbaric period millions of years ago.

And his robes are clearly imperial robes!

On top of his head, he is wearing a blue sky crown!

Chen Feng's heart was shocked.

Emperor Dongyang, this is Emperor Dongyang!

The emperor of Dongyang, born from the spirit of Zhong Tiandi, crushed the dragon vein continent and ruled the king.

It's no exaggeration to say the emperor!

He looked like about thirty people, his face was a little pale, his eyes were a bit blank and out of focus.

It feels like a major blow has been suffered, and the whole person is a little erratic and desperate.

"This is the emperor of Dongyang! Dongyang emperor's remnant spirit!"

Chen Feng's eyes showed a scorching heat: "This will also be the biggest harvest of my trip!"

Emperor Dongyang's voice slowly sounded: "Let me think about it, you are the first few people here in these years!"

"Junior Chen Feng, I have seen seniors!"

Chen Feng arched his hands and raised his voice.

"Oh, your name is Chen Feng?"

Emperor Dongyang lowered his head and looked at Chen Feng carefully.

The expression on his face was still indifferent, without much change, he just nodded and said: "I'm less than 27 years old, and I have six-star Wudi strength."

"Not bad, at least I have the qualifications to see me."

Chen Feng is less than 30 years old and possesses the strength of the Six-Star Emperor Wu. He is the top powerhouse of the young generation in the Dragon Vein Mainland.

In the eyes of Emperor Dongyang, it turned out to be just a passable thing.

However, Chen Feng changed his mind: "What kind of character is Emperor Dongyang like a wizard of heaven?"

"He is in an era when the strong are born in large numbers. It's normal to have this idea."

Chen Feng was not dissatisfied at all, instead he was full of longing and yearning for that era.

"If I was born in that era, I would definitely be the most dazzling star!"

As if he knew what Chen Feng was thinking, Emperor Dongyang showed a smile at the corner of his mouth and nodded slowly: "Although his strength is average, I still appreciate your spirit."

"Just like me back then!"

"Unfortunately....."

He paused, the expression on his face suddenly changed, and the gentle smile disappeared completely, turning into a touch of hatred:

"It's a pity, it's not a holiday!"

"It's a pity, God didn't treat me kindly! I was born in the Dragon Vein Continent!"

Born in Longmai Continent!

As soon as these words came out, Chen Feng's eyes flashed: "What does Emperor Dongyang mean?"

But he didn't interrupt, but waited quietly, listening to Emperor Dongyang.

Chen Feng trembled even more in his heart.

Because, he vaguely felt that Emperor Dongyang seemed to uncover a great secret!

And this secret is also of great benefit to oneself!

The next moment, Emperor Dongyang uttered something shocking!

He roared wildly, raised his arms, his face was full of anger and unwillingness:

"The Dragon Vein Continent is just a big cage!"

Dragon vein continent!

Just a cage!

As far as Chen Feng is concerned, this sentence is shocking!

His head was humming, and the whole person was a little dumbfounded.

Before Chen Feng could digest these words, Emperor Dongyang roared like a madman.

He was so excited, his hands swayed, and even the crown of the sky above his head broke free.

A long cyan hair spread out in the wind: "You know, the dragon vein mainland warrior, the strongest and strongest, can only reach the nine-star Wudi!"

"When Emperor Wu Xing arrives, he will never break through hopelessness!"

"Because this is the limitation of the Dragon Vein Continent!"

"This is the rule of the Dragon Vein Continent!"

A look of hatred appeared in his eyes, gritted his teeth and said:

"If it's because the Dragon Vein Continent is a small thousand world, so it can't break through the nine-star Wudi, that's all! The old man will recognize it!"

"But by the way, although the Dragon Vein Continent is only a small world, it is an extremely special existence, and countless extraterritorial powers are vying for the first..."

Having said this, his voice suddenly stopped and stopped directly.

He trembled violently, opened his mouth, but made no sound.

Just as if there was a mysterious power in the darkness to stop him from speaking!

This force is so terrifying that Emperor Dongyang couldn't resist it!

Chen Feng listened to the moment of excitement.

There was a voice in his heart roaring wildly: "It turns out that the Dragon Vein Continent is limited in strength!"

"It turns out that Dragon Vein Continent is really just a small world!"

"And the most important thing is that the Dragon Vein Continent is an extremely special little thousand world, even given by many extremely terrifying beings..."

As for what to give, although Emperor Dongyang didn't say it, Chen Feng could roughly guess it.

"What kind of secrets are hidden in the Dragon Vein Continent? Why is it so special?"

However, Chen Feng knew that Emperor Dongyang couldn't tell.

Sure enough, Emperor Dongyang seemed to calm down a bit at this time.

He changed his head and said softly: "This special Little Thousand World was originally very extraordinary, but it has undergone some changes later."

"Because of a certain power, the rules have been changed."

"The martial artist here can only reach Jiuxing Wudi, this is what I hate the most!"

Chen Feng trembled fiercely in his heart:

"Great power, change the rules!"

"What kind of power? Can it change the rules of a world? Just raise the hand and limit the Jiuxing Wudi as the strongest in the Dragon Vein Continent?"

At this moment, a scene suddenly appeared in Chen Feng's mind:

A human being walking in the wilderness may be distracted, so he raises his feet and settles at will.

Thus, an ant nest was crushed!

The ants inside were naturally all dead.

That ant nest is the Dragon Vein Continent.

[Chapter 4297: do not go! do not go!](#)

The ants inside are martial artists such as Chen Feng!

The words of Emperor Dongyang made Chen Feng feel like this for no reason!

"For that mighty man, we people!"

"Our Dragon Vein Continent is really just ants!"

At this time, Emperor Dongyang's emotions became excited again:

"Why should I be born in Longmai Continent!"

"Since I was born from the spiritual energy of Zhong Tiandi, since I was born with a natural body, since I was born with your essence!"

"Why do you want me to be born in the Dragon Vein Continent?"

"You know that Dragon Vein Continent is such a rule, why do you want to **** me over?"

Chen Feng was shocked again.

There are too many shocks today.

You in the mouth of Emperor Dongyang is naturally the empty mulberry tree.

"Could it be that Emperor Dongyang actually didn't need to be born in the Dragon Vein Continent, but could choose other worlds."

"As a result, I was snatched by the empty mulberry tree abruptly and pulled to the Dragon Vein Continent?"

Emperor Dongyang continued to roar wildly: "I was born here, and in just a few years, I broke through to Emperor Wu Xing!"

"But I found that I can't go further!"

He stared at Chen Feng and screamed: "Do you understand that feeling? Do you know my pain?"

Chen Feng shrugged, and said in his heart: "I'm afraid that you are suffering like this, and countless people want to try it!"

But he also understood the idea of Emperor Dongyang.

After all, the starting point of Emperor Dongyang was too high.

As far as he was concerned, Emperor Wu Xing Jiuxing was far from the end, even just the beginning.

Think about it, if you are about to reach the Tianhe Realm and find that your cultivation road has stopped abruptly, I am afraid you will be so crazy!

"I'm angry, I hate it!"

"Without any other way, I chose the most difficult path!"

"Broken Void!"

Chen Feng was highly concentrated and listened carefully, staring at him without blinking, for fear of missing a word.

Because he knew that the next Emperor Dongyang said would be the most important information.

That is, what means can be used to escape this world!

Can break through the boundaries of Jiuxing Wudi!

Emperor Dongyang opened his arms, raised his head, and trembled in a dreamlike tone:

"On the same day, I opened the sky with a sword, and I came outside the dragon vein continent."

"Outside the mainland, it turned out to be..."

When he said this, his eyes suddenly showed extreme fear, and his whole body was violently moved.

Suddenly, he was curled up on the ground.

Holding his head, he let out a cry of collapse, and then let out a scream.

His expression was full of panic and full of regret!

For a time. Only his roar echoed in this space.

Chen Feng was taken aback first!

Then shocked!

Then, there was a deep chill in my heart!

"What happened to Emperor Dongyang? What did he see after Shattered Void? Why was he so scared?"

"Why is this!"

Chen Feng couldn't help but cried out, "What did you see? What did you see?"

Emperor Dongyang suddenly raised his head and looked at Chen Feng.

However, his gaze was confused.

Just shouted three words: "Don't go! Don't go!"

He looked at Chen Feng and yelled frantically!

Apart from that, I couldn't say a word.

Just yelling "Don't go, don't go" there!

Chen Fengru falls into the ice cellar.

The whole person stood there blankly, feeling that his thoughts seemed to freeze.

"Don't go, what do you mean?"

"Why did Emperor Dongyang tell me not to go outside of this world? What is there outside of this world?"

Next, no matter how Chen Feng urged him to ask, Emperor Dongyang only shouted those three words: Don't go!

Chen Feng's heart is getting colder and colder.

Emperor Dongyang, Jiuxing Wudi peak strength.

"With his power, he broke through this barrier and entered the void, he was so scared!"

"So, what about me? What should I do next?"

But the hesitation and confusion in Chen Feng's heart was only a moment.

Then, his eyes became extremely firm, and his fists were slowly clenched.

"Emperor Dongyang, what can I do, so what?"

"I, Chen Feng, are different from everyone!"

"What I Chen Feng wants to do, I can definitely do it!"

"This broken void, I still have to do it!"

"This outer starry sky, I want to see how terrible it is outside!"

Chen Feng had made up his mind in an instant!

After his mind settled down, Chen Feng's thoughts became much clearer.

He raised his eyebrows and asked: "Senior, if we say that there is great horror outside of our Dragon Vein Continent, then why didn't you break through outside of other worlds?"

"As far as I know, through some methods from the Dragon Vein Continent, you can enter other worlds."

"Some worlds are lower than the dragon vein continent."

Chen Feng thought of Xuanming Seven Seas Realm.

After getting there, it will be easier to cut through the void and break through!

"what do you know?"

Emperor Dongyang returned to normal at this time, and slowly stood up.

He looked at Chen Feng and coldly scolded: "Really naive!"

"You know, waiting for the martial artist to practice is going against the sky!"

Chen Feng nodded, he naturally knew this.

Emperor Dongyang said again: "What we steal from our cultivation is actually the power of the Dragon Vein Continent."

"The stronger the strength, the more power to steal the Dragon Vein Continent."

"And the more the cause and effect of the Dragon Vein Continent involved in the body, the more."

"If you choose to break through in the Dragon Vein Continent, it's fine, if you choose to stay in another world for a while, you can."

"but!"

His voice was sharp: "If you dare to break through in another world!"

He smiled coldly and stretched out two fingers:

"First, the Dragon Vein Continent will never let you go. He will use the power of the entire world to chase you down to death."

"Second, you will not be able to integrate with the world you entered, and will be rejected by that world."

"At that time, when you break through, all the power of that world will squeeze you and repel you."

"That is a whole world against you! Do you think..."

He stared at Chen Feng and said slowly: "Can you handle it?"

Chen Feng knew it well, and understood the truth.

If you say that you are the Dragon Vein Continent, then Jiuyang Emperor, the top martial artist, can be compared to a divine weapon refined by his own efforts, instilling hard work, and even loss of strength.

At this time, this magic weapon had its own ideas, and wanted to go to other people's hands and use it for others.

I'm afraid I would rather destroy this magic weapon than take it away for others!

[Chapter 4298: It's your turn!](#)

Although the metaphor is not appropriate, it probably means that.

It turned out that there were many inconveniences in this matter, and Chen Feng also gave up this idea.

Contend with the power of a whole continent, no, it should be said that this is quite a contend with the power of two continents!

Chen Feng is not a lunatic.

While he was thinking, suddenly another faint voice sounded: "Young man, are you here?"

Chen Feng looked up in shock.

Jiuyang Emperor's face was replaced with the vague and vague expression without focus.

He looked down at Chen Feng and murmured softly: "Let me think about it, you are the first few people to come here in these years!"

When Chen Feng heard this, his whole body trembled.

"Why is this so familiar? Isn't this what Emperor Dongyang said to me at the beginning?"

But then, Chen Feng knew it in his heart.

There was a touch of pain in his eyes, looking at the phantom of Emperor Dongyang, and whispered:

"That's it!"

"It turns out, Emperor Dongyang, in fact, you are already dead."

"Your body is already dead, or you don't know where it is!"

"What is left here is just a ray of your spiritual thoughts, without any consciousness at all."

"Only repeat these words mechanically!"

"Being trapped here for millions of years! Never free!"

Sure enough, what Dongyang Emperor said next is the same as before.

Chen Feng already understood that his soul could not even be regarded as a living body.

Thinking clearly about this section, Chen Feng felt a little sad when he thought that he had fallen to this point.

But then he smiled freely:

"Isn't this just right? If I swallow this ray of his mind, then it's actually helping him get rid of it."

Now that he knew the ray of divine thought left by Emperor Dongyang, he was trapped here, constantly saying and doing repeated things.

Chen Feng probably understood what was going on.

He tried to ask a few questions.

Sure enough, Emperor Dongyang was no different from his previous answers.

Chen Feng even shook his head, with a touch of compassion on his face: "This is no longer his soul!"

"Who would have thought that Emperor Dongyang's generation of outstanding talents would end up in such a situation."

Fortunately, Chen Feng has received the most important information.

For Chen Feng, the most important things in this trip are three:

First, it is a treasure that Emperor Dongyang may give to Chen Feng. This is also the whole harvest of others entering the mansion of Emperor Dongyang.

That's right, if he enters the Dongyang Emperor's mansion by another person, then he probably has gained this point.

However, in Chen Feng's view, this is only one-third.

The second thing is that he can absorb the remnant soul of Emperor Dongyang, the nine-star martial emperor.

And the third harvest, in Chen Feng's view, the biggest harvest is:

Emperor Dongyang is a character who has broken into the void, who has broken through the peak of the Nine Star Martial Emperor!

The information and experience he left behind are crucial.

This is what Chen Feng values most.

Sure enough, Chen Feng did not disappoint.

Although there are no more specific details, the three words "don't go" have already let Chen Feng know a lot.

Then, Chen Feng stopped paying attention to Emperor Dongyang, but looked for it here.

He knew that there must be something strange here.

However, looking for a moment, but found nothing.

A smile appeared at the corner of Chen Feng's mouth and knocked on the crystal ice coffin he had brought over: "Now, it's time for you to do it!"

After all, it is to open the crystal ice coffin.

It was Murong Guan inside.

At this time, his face was ruddy and he was sleeping.

It turned out that Murong Guan was sealed by Chen Feng's meridians and instilled secret medicine.

The secret medicine can make him coma, and at the same time nourish the body, can keep him healthy.

Chen Feng didn't want him to die so soon.

Always make the best use of it!

Chen Feng couldn't help feeling pressure on Murongguan in this way.

Chen Feng still remembered the look that he wanted to kill himself before.

He untied Murongguan meridian and fed him a pill, Murongguan woke up leisurely. *NOVELUS.COM*

He looked around, and suddenly his pupils shrank sharply, a look of horror appeared in his eyes, and he shouted, "This, is this?"

"Yes!"

Chen Feng smiled and said, "This is the mansion of Emperor Dongyang you have always dreamed of."

"Dongyang Emperor's Mansion? You, are you going to kill me?"

Murongguan trembled.

Chen Feng shook his head, looked at Murongguan, and said lightly, "Murongguan, I told you before."

"Since you told me that there is a treasure in the mansion of Emperor Dongyang, it can play an extremely important role in your big plan."

"It can even be said that it is an indispensable part."

"Then, I will naturally bring you here, otherwise, I would have killed you a long time ago."

"Your life these few days!"

Chen Feng's face was cold: "It was actually picked up!"

Murong Guan was already moving all over.

But the next moment, Chen Feng's words gave hope in his heart.

"Now, I promise you, as long as you can find that treasure for me."

"I will not kill you!"

Murong Guan shouted: "Is this true?"

There was ecstasy on his face, and his voice was broken.

Chen Feng said word by word: "I, Chen Feng, never break my promise!"

Murong Guan immediately filled with endless hope.

He straightened up suddenly.

Then he stood up and looked around, showing a certain look on his face.

Seeing this look on his face, Chen Feng knew that Murong Guan didn't really lie.

The purpose of his trip was indeed the mansion of the enemy army in Dongyang, and his knowledge of the mansion of the Emperor of Dongyang definitely exceeded his own.

Murong Guan walked around, and then came to the direction of Dongyang Emperor's true north.

There, a strange step was actually taken.

Stepping on the seven stars, his feet are as if they can't be lifted up, as if wading in muddy water, seeming to be very stagnant, rowing on the ground.

But Chen Feng knew that he did it on purpose.

Moreover, wherever his toes traversed, there was a trail of power remaining on the ground, forming shallow marks.

The shallow traces began to slowly outline a formation.

However, obviously, this power is too weak, and this formation is almost invisible.

Chen Feng knew that this was because Murong Guan was extremely weak at this time.

He did not hesitate, his figure flashed before he came to Murong Guan's head.

Suspended there, his palm was slowly pressed down.

Suddenly, the vast and majestic power poured into Murongguan's body, flowing onto Murongguan's toes.

As the power flowed, the power on Murong Guan's feet increased countless times.

Suddenly, the trace became extremely clear.

Murongguan walked for half an hour.

[Chapter 4299: The Fury of Dongyang Emperor!](#)

The lines on the ground and the formations outlined are already extremely complicated, with a radius of 100 meters.

The lines above are complicated and dazzling at first glance.

And Murong Guan was already sweating on his forehead.

Obviously, this is also a great burden for him.

Chen Feng also saw clearly that the composition of this formation was actually a vast expanse of stars.

There are hundreds of stars, and the stars are connected by lines.

It's just that some stars are not connected, and some stars are connected several times, in various forms.

Obviously, the complexity must not make any mistakes.

Obviously, there is a point in the formation that has not yet been spotted.

This is also the most important point!

Finally, after another cup of tea, Murongguan yelled, stepped forward, and the toes of his right foot hit the spot fiercely!

With a soft bang, a small hole was exploded in place.

And with the appearance of that pit, all the lines suddenly shined brightly.

The entire formation has become extremely bright!

Suddenly, the formations shine brightly!

All the rays of light converge into a complex graphic, rising up!

However, the direction of ascent is not directly above, but diagonally north.

So, in the end, the light fell on the rock wall in the north direction.

It covers a piece of about several hundred meters in circle.

Then, a rock wall with a radius of several hundred meters shook slowly.

Then, it began to move back, revealing a deep cave.

Chen Feng couldn't help but sigh.

The policy designed by this agency is clever enough, if you don't know what you know, you might not find it at all!

Murongguan sighed for a long time, a flash of ecstasy flashed in his eyes.

The next moment, his eyes flickered.

Then, he lowered his head and sat down on the ground.

He wiped his sweat and whispered, "Master Chen, well, I will open the mechanism for you. You can go in now."

"Can you go in now?"

Chen Feng didn't move, and he didn't even have much excitement on his face.

Just looking at Murongguan, said lightly:

"Then why are you tight? You still have something in your hand?"

Murongguan suddenly raised his head, his pupils shrank sharply, and a look of horror appeared in his eyes.

Chen Feng smiled coldly.

Just now, he had already seen a flash of unpredictable color in Murong Guan's eyes.

Obviously, there are other plans.

Chen Feng stretched out his hand, and Murong Guan flew over.

Chen Feng opened his left hand and saw what was pinched in it.

This thing is only about two knuckles long, and the shape is like a jade cicada carved from white jade.

It's extremely beautiful, and even more quaint.

There is a faint yellow thick light on it, giving people the feeling that the defense is extremely strong.

Chen Feng smiled coldly.

He instilled his strength, so in an instant, the jade cicada burst out with a bang, and it turned into something like a feather.

This cloak-like thing is almost transparent and invisible.

But above, it shone with extremely tough and thick light.

After the cloak appeared, it fell directly on Chen Feng's body, with yellow light surging around it.

Obviously, if there is an attack at this time, Chen Feng must not be compromised!

Seeing this scene, Murongguan's face immediately showed a touch of pain.

He opened his mouth and said loudly: "This thing is used..."

He then closed his mouth again, and scolded himself inwardly: "Am I reminding Chen Feng?"

Chen Feng didn't care, and smiled and said: "I know this thing has a time limit."

He saw this thing, and then looked at Murong Guan's expression, he knew what was going on.

Chen Feng's voice was faint: "Presumably, if you enter this cave, you will suffer an extremely severe blow."

"It's just that, presumably, you don't know where the blow came from."

"So, you just told me that you can go in now, just to trick me into getting in and let me block the attack for you!"

"then!"

Chen Feng's voice became colder and colder: "You will enter this cloak again!"

"Not only will I be blocked, but I can also get that treasure!" **novelUsb.coM**

Chen Feng smiled coldly: "Murongguan, the mantis is catching the cicada, the oriole is behind, you have a good calculation!"

It's a pity that none of this can escape Chen Feng's eyes.

He has never taken Murongguan lightly.

How could the generation of arrogant talents cultivated by the six great hidden sects dedicated their efforts to be such a slapstick?

Facts proved that Chen Feng's guess was correct.

Whether Murong Guan deliberately pretended to be that way before, or he was born cowardly, it did not prevent him from making such correct actions at this time.

It is a pity that in front of Chen Feng, there is no escape from all this.

As the two talked, the cloak on Chen Feng's body also shattered and disappeared.

Chen Feng figured it out, his existence time was only about three breaths.

Moreover, this is a pure one-time consumption treasure.

Murong Guan stared at Chen Feng, with a bit of resentment in his eyes:

"Chen Feng! Now this cloak is broken!"

"If you want to enter there to get treasures, you will die!"

"If you want to save your life, you can't get it!"

He laughed triumphantly: "Hahaha, after all, you've got nothing but nothing!"

His laughter was extremely proud, it seemed that as long as Chen Feng couldn't get it, he would be extremely happy.

"Think I can't get the treasure without the protection of this thing?"

Chen Feng smiled slightly, walked to Murongguan, stretched out his hand to pat her face, and whispered, "Today, I will let you have a long experience."

Chen Feng picked Murong Guan up: "Let's go in, let's go in together!"

The two soon came to the cave.

Chen Feng pushed Murong Guan in.

Until this time, Murong Guan finally couldn't hold it, his eyes showed extreme fear.

He turned his head back suddenly: "No!"

Before the words were over, at this moment, the Emperor Dongyang, the Emperor Dongyang who was talking to himself in the mid-air, seemed to feel something!

He immediately lowered his head.

Then, I saw what Murongguan was doing.

Suddenly, the remnant soul of Emperor Dongyang was full of anger, his expression became extremely hideous and terrifying, and he shouted sharply:

"The rat dare to steal the treasure of my life!"

He actually screamed, and directly drew the long sword around his waist.

That was obviously a long sword transformed from soul power, with a burst of light in an instant!

Cut to Murong Guan severely!

Directly drown Mu Rongguan alive!

The next moment, the sword light poured into his body.

Murong Guan's whole body, as if froze, stood there motionless.

But there was no damage on the surface of his body.

[Chapter 4300: What are you afraid of?](#)

Only in the next moment, suddenly bursts of cold light appeared from his body.

And his body is like an ice sculpture.

There was a crisp sound, and then numerous cracks appeared on his body.

The next moment, it was broken.

Countless ice powder rustled down and then disappeared.

Murong Guan is dead, with no bones left!

Suddenly, there was a soft sound, but it was a thing that fell to the ground.

Chen Feng looked at it, but saw that it turned out to be a Qibao bronze gourd.

It is Murong Guan, the summoner's treasure that settles down, and stores his dragon tortoise, those giant sharks and other summons.

Chen Feng brows and stretches out his hand to take the Qibao bronze gourd in his hand.

And suddenly, the Qibao bronze gourd trembled crazily.

No wind, automatically, suspended in the air!

Then, the gourd mouth opened, and an ice blue brilliance swept out from inside.

This ice-blue brilliance made a circle around the place where Murongguan had just died.

Then, a miserable white phantom appeared in place.

Then, the white phantom that was so muddled and almost indistinguishable was swept by the ice blue brilliance and sucked into the gourd.

Chen Feng frowned, faintly guessing.

Then, the ice blue brilliance appeared again, a bit more gorgeous than before.

Like a rainbow, extremely beautiful.

That brilliance continued to sweep, turning bigger and bigger, like a whirlwind eye.

Then, it turned into a giant whirlwind.

Then, the gourd rushed directly toward the center of the vortex.

At the moment it rushed past, a spatial crack appeared in the center of the vortex.

Chen Feng raised his eyebrows, and his power poured out frantically, directly attacking the vortex.

But he still did not intercept the Qibao Bronze Gourd. Instead, a huge and incomparable force surged out and directly shook Chen Feng and flew back.

The Qibao bronze gourd had already penetrated into the space crack and disappeared directly.

Seeing this scene, Chen Feng was even more clear.

"It turns out that this Qibao bronze gourd has a very high level, at least much higher than Murongguan."

"The reason why it was used by Murong Guan, must be because some powerful people in the Ten Thousand Beast Islands have given a seal or order."

"Actually, Murongguan is not qualified to use it at all."

"At this moment, Murong Guan is dead. For it, it seems to have gotten rid of the fetters and fully displayed his strength!"

"He broke this space and left!"

I just don't know where it went.

Chen Feng didn't care either. To him, this treasure was nothing.

It's better to have it, but it doesn't matter if there is none.

The most important thing now is the legacy of Emperor Dongyang!

Chen Feng looked at the cave entrance:

"It seems that the first person to enter will suffer the greatest blow, but the people behind me may not be immune."

"However, what fear do I have, Chen Feng?"

Without any hesitation, Chen Feng strode directly into the cave.

Sure enough, the remnant soul of Emperor Dongyang screamed when he saw Chen Feng's behavior like this!

The long sword stabbed, and the glory surged!

However, this time the power of the long sword was obviously much weaker than just now.

Chen Feng laughed loudly, the second stage of Donkey Kong Arhat's Immortal Body was launched suddenly!

The body has become a dark golden color!

The brilliance rushed to the surface of Chen Feng's body and wanted to seep in.

Chen Feng's arms shook, and the dark golden light burst, and with a thud, the brilliance was directly broken!

Chen Feng, unharmed, walked in directly!

But Emperor Donghua didn't cut his second sword again!

It seems that Chen Feng has passed the test.

Chen Fengshun walked into the cave, he turned his head and looked at the deep sword mark on the ground where Murongguan had just been beheaded. He turned his head and ignored it.

He really wanted to release Murong Guan.

Chen Feng's words will be practiced. He said that if Murongguan had his life, he would definitely do it.

Even Murong Guan knew about this sinister institution inside. He told Chen Feng honestly that Chen Feng would not use him to explore the way, let alone ask him to hand over the treasure!

Because Chen Feng has complete confidence in his Immortal King Kong Arhat!

But in any case, Murong Guan made himself wise and killed himself in vain.

This cave is not too big, but only a few hundred meters in radius.

Chen Feng quickly walked to the center position without encountering any danger again.

It's normal to think about it. This entrance is so hard to find, and the Emperor Dongyang has to take a sword. If there are any other institutions inside, it would be too abnormal.

Looking for the entrance is based on Yuanyuan, and taking the sword is based on strength.

He has the origin and strength, and he is naturally qualified to get this treasure.

Chen Feng saw that at the center of the cave, a light like a dim moonlight stretched diagonally in the air.

When Chen Feng looked at it, he suddenly thought of a sentence:

The shadows are horizontal and the water is clear and shallow, and the dark fragrance floats at dusk.

The moonlight with a bit of yellowishness was just lying there lazily, indescribably lazy and elegant.

At this moment, there was an ups and downs in the moonlight.

Chen Feng saw that this thing was about the size of a palm.

It turned out to be a leaf.

It's just that Chen Feng felt it for a while, and his heart trembled suddenly.

This leaf gave him an extremely vast and majestic feeling.

It seems that there is endless power in it.

When Chen Feng faced him, he seemed to be facing not a leaf, but a sea, a vast ocean!

Moreover, Chen Feng clearly felt from it that this leaf had an inexplicable connection with the empty mulberry tree outside.

Seeing it, it is as if you have seen the stalwart empty mulberry tree!

The indestructible empty mulberry tree!

The leaves stretched slowly in the dim moonlight, with a touch of gentleness and generosity.

Without hesitation, Chen Feng took it down and put it in the jade box.

But when Chen Feng put the jade box into his arms, his body suddenly trembled.

He was a little unwilling to believe in himself, he couldn't believe what happened!

"I just got the treasure like this? Did I get the treasure of Emperor Dongyang like this?"

At this time, Chen Feng's heart was filled with indescribable excitement and joy.

The second of the three major gains of Dongyang Emperor's Mansion has also been obtained.

However, Chen Feng quickly suppressed the joy.

He knew that what he had to do now was to figure out what this leaf did.

At this time, as Chen Feng took this leaf into his hand, the yellow moonlight disappeared directly.

A smile appeared at the corner of Chen Feng's mouth, and he habitually looked around.

Seeing that there was nothing else, he turned and left.

Just after leaving the hole, Chen Feng felt strange.

He looked up and saw that Emperor Dongyang was facing him at this time.
