

Peerless 4311

[Chapter 4311: Leave](#)

Can let her improve her strength easily.

But that's not what Mei Wuxia wanted!

The strength built like that is also rootless duckweed.

Chen Feng nodded, and did nothing to stop him.

He just took out all his golden thread kits, or Xumi boxes, and took out all the treasures he had obtained.

Then, apart from those treasures that can only be used by themselves, other people can't use, and have no ability to use, and a few treasures that must be used to break through the soul hall.

Everything else was placed in front of Mei Wuxia.

"Flawless, what you like, just take it."

Mei Wuxia smiled slightly: "Then I won't be polite with Brother Chen Feng."

There are about seventeen or eighteen items in it.

She chose basically all attack or defense supplies that were consumed at once.

Chen Feng nodded, this is what it means.

As for what to pay attention to after going to the desolate ancient ruins, Chen Feng had already explained to Mei Wuxia, it didn't need to say any more.

"Do you have a way to go?"

Chen Feng asked.

Mei Wuxia squeezed her eyes slyly: "Naturally there is a way."

"Big Brother Chen, don't forget, I am also a person of Shimen Yuanyuan."

He took out a little thing from his arms.

The size of a half palm, it looks like a tortoise shell.

Then, a flame was lit in his hand and the shell was burned.

With the burning of the shells, the shell body gradually became nothingness.

Above the sky, a pattern slowly appeared.

This pattern is like the tortoise shell in Mei Wuxia's hand enlarged countless times.

Finally, when that piece of tortoise shell was burned out, the pattern in front of Mei Wuxia had also taken shape.

It is about one meter high and two and a half feet wide, and only one person can enter.

It looks like a tortoiseshell-shaped void door, faintly emitting orange-red light.

On the other end, I don't know where to lead!

Mei Wuxia turned to look at the crowd, smiled and said, "Everyone, goodbye."

Wu Linghan and others all went up to embrace Mei Wuxia to bid farewell.

Ying Ziyue has a cold temperament, and she and Mei Wuxia are not familiar with each other, a little embarrassing.

Chen Feng smiled slightly and patted her shoulder lightly: "You can do whatever you want."

He slowly stood up, stared at Mei Wuxia, and said every word: "Wuxia, you remember."

"If you encounter any danger there, you must notify me as soon as possible."

He already gave Mei Wuxia a tool to communicate, and Mei Wuxia also has a hole card.

Mei Wuxia smiled: "Don't worry, Brother Chen Feng, I'm awake!"

After speaking, there is no hesitation.

One step is to step into the door.

As she entered it, the blue-black turtle door also disappeared.

Chen Feng's eyes were deep.

To say that Chen Feng is not worried is also false, but in any case, he can't force Mei Wuxia to stay with him for his own selfishness.

Chen Feng has also done everything he can, and if Mei Wuxia is in danger in the deserted ancient ruins, Chen Feng will know immediately.

Cultivation matters, such as people drinking water, knowing whether they are cold or warm.

It's impossible to know if you don't experience it yourself.

As soon as Mei Wuxia was sent away, Wu Linghan stretched lazily next to him.

"Chen Feng, I have to go back too?"

Chen Feng raised his eyebrows and smiled bitterly: "You want to leave too?"

"if not?"

Wu Linghan suddenly felt a little, and sighed faintly: "Do you know? When you were fighting in that small world, I was outside."

"I'm actually very sad."

Chen Feng didn't interrupt, but waited for her to continue.

"Why are you sad?"

Wu Linghan suddenly stood up.

She stood on the bow, looking at the clear sky, but her voice was high-pitched and passionate: "I never thought I was a daughter's home!"

"It turns out that I am the princess of Chu, and I am fighting for Chu, and I am happy!"

"Come to me, in the Foundry Association, I am a latecomer. I want to get ahead and let others look upon me!"

"I fight, I take risks, I go on missions, I don't know how much suffering I have eaten! I even survived a few times!"

"But instead, I feel very happy!"

Chen Feng already roughly understood what she wanted to say.

He took a deep breath and waited for her to continue.

Wu Linghan whispered: "And this time, with Kongsang's sword, hundreds of young talents are fighting."

"I can only watch from the sidelines!"

"Chen Feng, I feel so sad, I don't belong to the outside, I belong to the inside!"

"I am not a bystander, but a character who should stand in the ring! Even if!"

She looked at Chen Feng: "Even if I can't be a protagonist like you, but at least I am a person who wants to leave a name!"

"Do you understand the people who left their first names on this Dragon Vein Continent?"

At this point, her emotions are already very emotional.

Chen Feng nodded.

Wu Linghan continued: "And this time, I look at your strength."

"I saw Xiahou Yinghao, I saw winning Chaoyang, none of them are your opponents, but even if the weakest among them wins Chaoyang, I am not an opponent!"

"I have always been the king and hegemon in the younger generation of the Foundry Association, and I have never served anyone."

"This time, it gave me a lot of insight!"

She looked at Chen Feng and smiled freely: "Chen Feng, this time we will meet again after a long absence."

"I've seen you, and I've stayed for so long, and I've lost some lovesickness."

"Next, I will return to the Foundry Association first!"

Chen Feng nodded: "What then?"

"Then, it's to explore the mainland, explore the ruins, and temper yourself!"

"Before, sister Wu Xia told me about the desolate ancient ruins, and I was fascinated too!"

"When I'm ready, I will go there too!"

She smiled sweetly: "When the time comes, you have to send me over!"

Chen Feng smiled: "Unshirkable responsibility!"

Wu Linghan suddenly walked up to Chen Feng with a blushing expression on his face.

She has such a rare emotion called shyness.

Chen Feng raised her eyebrows, wondering what happened to her.

However, Wu Linghan suddenly hugged Chen Feng and kissed him harshly.

With a giggle, he jumped out of the boat.

Leave instantly.

Just leave a sentence: "In my life, it is impossible to like others anymore!"

"After some time, I will come back to find you!"

"Remember to miss me!"

A smile was raised at the corner of Chen Feng's mouth, and he raised his voice: "On this Dragon Vein Continent, is there anything you like more than Chen Feng?"

When these words came out, there was only a silver bell of laughter in the wind.

Chen Feng laughed too.

Chen Feng turned his head to look at Win Ziyue: "Ziyue, don't you tell me you want to return to the winner?"

Ying Ziyue chuckled softly and lay lazily on his lap.

Suddenly raised his head and glanced at him, the expression was full of endless charm.

[Chapter 4312: Spicy!](#)

"I haven't stayed enough with my brother Chen Feng! Where can I just leave like this?"

Chen Feng laughed and took her into his arms, hugging her very tightly.

After Chen Feng and the others left, this 10,000-year Kong Sang Lunjian came to an end.

Everyone left one after another.

But for half a day, above the empty sang tree, there were only people in the God of War Palace of Xiahou Yinghao.

The people of the God of War didn't dare to leave, because Xiahou Yinghao was still standing on the Rising Dragon Platform, still not moving.

Since he was slapped in the face by Chen Feng and humiliated severely, the whole person has become like this.

Silly, silly, silent, standing there like a puppet.

Everyone in the God of War Palace was terrified, and I don't know what happened to this young master.

Suddenly, Xiahou Yinghao seemed to be alive.

The dull eyes suddenly became extremely fierce.

He turned his head fiercely, glared at Shangguan Junfa, and shouted fiercely: "You trash, your **** trash!"

His saliva was about to spray on Shangguan Junfa's face.

Shangguan Junfa stood straight there, not daring to move.

"You made me so humiliated by Chen Feng!"

"You, and these people under yours, are all **** rubbish!"

He roared frantically there.

He smashed all the foul language he could think of on Shangguan Junfa, as well as the hundreds of thousands of experts in the God of War Palace.

Shangguan Junfa's face was dull and motionless.

His heart was already full of regret at this time: "What kind of dude is this I am with!"

However, even if he regrets it again, it is too late now.

At this time, if he changes the door, no one will want it.

Instead, Xiahou Yinghao will be offended to death.

There is a way for Xiahou Yinghao to clean up him.

At this time, being so insulted by Xiahou Yinghao, he could only endure it.

The faces of those who are strong in the God of War Palace were full of unhappiness.

Many people have red eyes and angry faces, cursing in their hearts:

"You dog, so persuaded in front of Chen Feng, you have the ability to follow us!"

Xiahou Yinghao scolded them like a squirrel.

A full hour passed before he stopped talking.

Without even looking at them, he took his entourage and walked away fiercely.

His car is also a wishful boat.

But it's just the most basic kind, it's only about ten meters long, and its strength is not too great.

But being able to own a Wishful Boat of his own is already a top-notch existence on the Dragon Vein Continent.

After all, forces like the Xuanyuan family were only willing to use Ruyizhou when they were welcoming new disciples.

The Wishful Boat that Xiahou Yinghao was riding on, after leaving the empty mulberry tree, about an hour, suddenly hovered directly in the air, unable to move.

It's like this world, this space is directly frozen by space and time!

It is as if this world is imprisoned!

On the deck, there were as many as dozens of personal guards.

They are Xiahou Yinghao's personal guards, each of them powerful and experienced.

Suddenly there were exclams.

But then, the exclamation stopped abruptly.

Xiahou Yinghao sitting in the cabin naturally felt the stagnation of this wishful boat.

He let out an impatient shout: "What's going on outside?"

However, the voice was silent, and no one answered.

A hostile atmosphere flashed between Xiahou Yinghao's eyebrows and suddenly got up, opened the curtain and went out.

Then, his figure froze, and the whole person froze there like an ice cellar!

It was like being counted in the cold sky, opening the heavenly spirit cover, pouring into a large basin of ice water, and being speechless for a long time!

It turned out that at this time, on the outer deck, there was already a hellish scene of Shura!

Dozens of powerful guards are already dead!

No one survived!

The blood almost soaked the deck.

The guards of Xiahou Yinghao were numerous, and they were quite powerful.

Together, I'm afraid that even Chen Feng would have to spend some effort to solve it.

But, just now, they died cleanly!

There was no time to make a scream.

Few can do it in the world!

But at this time, the person standing in front of Xiahou Yinghao with his back facing him is undoubtedly one of them!

Xiahou Yinghao came back to his senses only after a long time, opened his mouth, and said with a hard voice: "Father, my father..."

The person with his back to him turned out to be Xiahou Jiuyuan!

At the same time, he was also the master of these beheaded guards.

Many of the guards who were beheaded had their eyes rounded, and their eyes still showed disbelief.

Don't look down!

They won't look down!

They couldn't believe it to death, Xiahou Jiuyuan would kill them all!

Xiahou Jiuyuan turned his back to Yinghao Xiahou without looking back.

Just slowly said one sentence: "What a good thing you did!"

The voice was faint, no blame, no anger, no murder.

Even, I can't hear any emotions.

But Xiahou Yinghao listened, but his whole body was cold.

"My father..."

Xiahou Yinghao's voice was trembling.

He glanced at Xiahou Jiuyuan, then his gaze swept across the deck again. The guard who died on the ground swallowed hard: "My father, why do you want it?"

Xiahou Jiuyuan smiled coldly, without even looking at the guard who died all over the place, and said lightly: "You want to ask, why should I kill them?"

Xiahou Yinghao nodded, he felt his neck extremely stiff.

"because!"

Xiahou Jiuyuan stared at him and said coldly: "I can't let people know, I'm just near the empty sang sacred tree!"

"I can't let people know, I ordered everything you do!"

"I can't let people know that I act like this in the God of War Palace!"

Xiahou Yinghao trembled: "But, but, they all know it!"

"Even if everyone in the world knows, our God of War Mansion can't let people catch any handle!"

"We can't recognize it ourselves! Understand?"

Xiahou Jiuyuan suddenly raised his tone, staring at Xiahou Yinghao, and shouted sharply!

He is a rare gaffe.

Xiahou Yinghao nodded quickly, like a chicken pecking at rice.

That somewhat dazed brain finally started to turn.

Xiahou Jiuyuan glared at him fiercely, his eyes full of disgust: "What a waste!"

His eyes are full of hatred for iron but not steel.

Xiahou Yinghao swallowed again.

Although he has a cold temperament, these guards have been with him for many years, and many of them have followed him since he was a child.

Seeing them all die at this time, I can't express the sadness in my heart.

There was even a touch of sadness in the rabbit and fox: "If I got in the way of my father at any time, would he also be beheaded by him?"

[Chapter 4313: The real purpose of Xiahou Jiuyuan!](#)

It's just that he didn't even dare to show this emotion!

He cleared his throat, tried to make his voice sound normal, and said softly:

"My father..."

Xiahou Jiuyuan raised his hand and interrupted him: "Needless to say, there is no need to find the reason."

"I only know one thing. You didn't manage your errand properly and let Chen Feng run away."

Xiahou Yinghao nodded silently.

Xiahou Jiuyuan looked into the distance, with indescribable irritability in his eyes.

A voice echoed in my heart: "Chen Feng, Chen Feng, are you that person?"

"What happened to you? What kind of secrets do you have? It can inspire the luck of the world!"

"Chen Feng, you make me work so hard, **** it!"

Thinking of the hate, Xiahou Jiuyuan hit the ruyi boat with a fist!

Almost smashed this extremely solid Ruyizhou directly!

It turned out that Xiahou Jiuyuan was not for the treasure in Dongyang Emperor's Mansion at all!

The mansion of Emperor Dongyang was found by people with nine major forces.

If he really had such a coveted treasure inside, he wouldn't have to take this treasure to Kongsang Lunjian at all.

If you pay a certain price, you can monopolize it yourself.

Even, if it is a bit ugly, even if he takes over, the nine major forces will have no alternative.

At most a few remarks behind the back, the bad impact caused is far worse than this time, in the presence of tens of thousands of people in front of the empty sang, and all the strong people in the whole continent, they abruptly broke the rules of the nine major forces that have been established for tens of thousands of years. !

He is not stupid, how could he do such a thing?

If it was only for the treasures of Dongyang Emperor's Mansion, he would never do it!

However, if it is for another thing on Chen Feng, he has a reason to do it!

That is, when Chen Feng was in the small world at that time, that trace of the fluctuation of the dragon veins mainland's luck!

It turned out that at that time, Xiahou Jiuyuan had sensed the great fluctuations of luck in Chen Feng.

Of course, he didn't know who caused the situation.

Later, when Chen Feng appeared and showed his incomparable strength, he knew it.

Chen Feng is the only one who can stir that situation and gather that kind of luck!

At that time, he had already made a careful plan.

The trick is to make outsiders think that he is trying to vent his son Xiahou Yinghao, plus regain the treasure.

Therefore, Xiahou Yinghao acquiesced in mobilizing the 500,000 War God's Palace powerhouses to besiege, and captured Chen Feng.

But after Chen Feng captured it back, he would torture that big secret from Chen Feng!

In fact, his real purpose was not to take that treasure back to Xiahou Yinghao.

All this is just a cover up!

His purpose is to let Xiahou Yinghao capture Chen Feng for him.

Then, bring it to yourself.

At that time, he made up his mind, he must know from Chen Feng, what is going on with the luck of the Dragon Vessel Mainland!

Because this is something he cares about!

But he can't do it himself.

Therefore, it is to use Xiahou Yinghao to take this step.

In fact, even his son was calculated.

Thinking of that big secret, even if the strength is as powerful as Xiahou Jiuyuan, the realm is as broad as Xiahou Jiuyuan, and the knowledge is as broad as Xiahou Jiuyuan, it can't help but feel a surge of heart!

Because that big secret is about luck!

In one world, whoever occupies the luck of this world is the master of this world!

Even, if you have the opportunity to take the most mysterious and most difficult step, but after one step, you will see the step of Tongtian Avenue!

Thinking of this, Xiahou Jiuyuan's eyes are incredibly hot!

He has stayed in this state for a long time.

He has been the first person of these nine forces for a long time!

He is tired of this stagnation, he is very eager to break through! Further breakthrough!

Even, discover the higher world!

He felt that he seemed to be hovering very anxiously outside a door at this time, as long as he opened the door, there was an infinite future!

That's what I want in my life!

And the key to this door is Chen Feng!

Xiahou Jiuyuan suddenly turned around and walked to Xiahou Yinghao, looking down at him.

Xiahou Yinghao trembled with fright.

Xiahou Jiuyuan said word by word: "Xiahou Yinghao, please listen to me!"

"I only say these words once!"

"Yes!"

Xiahou Yinghao nodded quickly.

"Next, people from the God of War Palace, I will give you whoever you want!"

"You can mobilize the resources of God of War Palace at will!"

"I only have one condition!"

He paused, and slowly squeezed out four words between his lips and teeth: "Catch Chen Feng!"

"do you understand?"

Xiahou Yinghao instinctively said loudly: "Father, I understand!"

Xiahou Jiuyuan smiled slightly and patted him on the shoulder: "If you can't handle it..."

He did not go on.

But Xiahou Yinghao was cold all over.

He knew that if he couldn't handle it well, he had only one possibility.

This father would never be more tolerant when dealing with him than dealing with others!

Xiahou Jiuyuan smiled slightly, turned and left.

Xiahou Yinghao finally summoned his courage and shouted: "My father, I have one more question to ask!"

Xiahou Jiuyuan turned around, his eyes filled with impatience: "I know what you want to ask."

"You want to ask me why I don't do it myself?"

He walked quickly to Xiahou Yinghao, clicked his finger, and touched Xiahou Yinghao's forehead: "You trash! Pig brain!"

"How can I raise such a trash you?"

"If I act on Chen Feng, would the six hidden sects not know? Would those hidden old monsters not know?"

"They naturally know that Chen Feng has that big secret that even me covets!"

"You idiot, then everything will be exposed! No secrets can be kept!"

"You are a stupid thing!"

He is almost mad!

He was really disappointed in Xiahou Yinghao, if it weren't for this matter to be handled by someone with absolute closeness, he would definitely not let Xiahou Yinghao do it.

Xiahou Yinghao was almost stupid by him.

When he came back again, Xiahou Jiuyuan had already left.

"That's the case, so my father will control this matter on my personal enmity with Chen Feng, to such a degree!"

"Don't let people know that he wants to deal with Chen Feng! But let people think I want to deal with him!"

"That's it!"

He thought for more than half an hour before he understood.

But then, he thought of Xiahou Jiuyuan's words just now: "Which one do you want from the God of War Palace? You can mobilize the resources of the God of War Palace at will!"

Suddenly, I became excited, and gritted his teeth and said: "No matter how much he does!"

[Chapter 4314: Soul Destruction Hall, here I am!](#)

"Anyway, I cleaned up Chen Feng, I can also relieve my anger!"

"Chen Feng, you wait for me!"

He gritted his teeth and said grimly: "You are dead!"

Two days later, a green light flashed across the sky, and it was Chen Feng's Qingluan Ruyi Boat.

But at this time, only Chen Feng was left on the Qingluan Ruyi Boat.

Win Ziyue, there are also Green Screen, Wuling, are gone.

Just yesterday, Chen Feng passed by the Eastern Wilderness winner and landed Qingluan Ruyizhou among the Eastern Wilderness winners.

Although Ying Chaoyang and others have not returned yet, what kind of power is the winner of the Eastern Wilderness?

As early as when Chen Feng had just won the first place in Kongsang Lunjian, he already had a family confidant and quickly sent the news back in a top secret manner.

Therefore, when Chen Feng appeared in the Eastern Wilderness Winner, the Eastern Wilderness winner was welcomed by the whole family.

The specifications are extremely high and very grand.

The Patriarch of the Eastern Wilderness winner came out to greet him personally.

And Chen Feng did not say coldly to them either.

Judging from Ziyue's face, he even respected and treated the winners of the Eastern Wilderness very much.

Chen Feng will win Ziyue and stay in the East Wilderness winner, and will also stay with the Green Screen and Wuling. Please take care of the East Wilderness winner.

Now, he was almost immortal with the God of War Palace.

So speaking of it, it was even safer to win against Ziyue and others in the Eastern Wilderness than in the Xuanyuan family.

The Donghuang Winner did not agree to Chen Feng's request. Chen Feng did not stay at the Donghuang Winner. He just stayed for a few hours and asked the owner of the Donghuang Winner a few questions.

It was left in the eyes of Ying Ziyue and the others.

Because at this moment, Chen Feng has to do a more important thing!

Standing on the edge of the Qingluan Ruyi Boat, looking at the mountains, forests, sand dunes and plains that were constantly rolling across below, Chen Feng sighed lightly and looked far away.

He slowly spit out a sentence: "Soul Destruction Hall, I'm Chen Feng, here!"

Qingluan Ruyizhou flew at extreme speed, and Chen Feng's eyes were heavy.

He remembered the scene that happened at the top of Kongsang Divine Tree a few days ago.

Chen Feng won the first place and was about to enter the mansion of Emperor Dongyang.

Xiahou Jiuyuan looked at Chen Feng and said lightly: "Chen Feng, you won't forget the first place in Kongsang Lunjian, do you have to do something?"

"I know it naturally!"

Chen Feng's voice was loud: "This time Kong Sang discusses the sword, it is the selection of young talents, in order to win a battle with Soul Destruction Hall!"

He paused, looked at everyone in the court, and continued to say:

"And we selected young talents, under the leadership of me, the first person of Kongsang Lunjian, will go to Soul Destruction Hall first!"

"Listen to the virtual reality of Soul Destruction Hall, and kill each other with them!"

He smiled slightly:

"To put it bluntly, those of us are scouts when the two armies are at war."

"Test the reality, kill the other person's eyes and ears!"

He paused, looked at Xiahou Jiuyuan, and said with a smile but a smile: "The purpose of Kongsang's discussion of swords has never been forgotten by the younger generation."

"But I'm afraid, some people forgot!"

Suddenly, there was a low laugh in the crowd.

"This Chen Feng is not only powerful, but also extremely strong in speech!"

Chen Feng's words naturally refer to those nasty things done by Xiahou Jiuyuan and Xiahou Yinghao.

Xiahou Jiuyuan didn't change his face at all, as if it wasn't him, smiled and said, "It's good if the nephew hasn't forgotten."

He flicked his fingers, and suddenly, a golden light mask spread out, covering the Rising Dragon Terrace.

But it isolates the internal and external voices.

Immediately, the voice of Thang Longtai was inaudible outside.

This matter is confidential, and indeed cannot be easily leaked.

Who knows if there are any spies from Soul Destruction Hall among the crowd?

Under Xiahou Jiuyuan's order, all the disciples who participated in Kongsang Lunjian stood behind Chen Feng.

This is still surviving, and the number is about one hundred.

Approximately 30% of them are disciples of the nine major forces. Almost all of them are injured, and their combat effectiveness is less than the 200% at their peak.

Seeing these young heroes who are as brave as the remnants of soldiers, the nine powerful forces frowned.

"Rely on them to fight the Soul Destruction Hall? Didn't that let them go to death?"

These are the hopes of the various martial arts in the future, but they are reluctant to bear it.

However, at this time, it is inconvenient for anyone to say such things.

Xiahou Jiuyuan slowly said: "Chen Feng, next, you will lead them to the Temple of Soul Destruction."

"These people, you choose whatever you want."

"It doesn't matter how many you want, you can take them all!"

In the next moment, all eyes fell on Chen Feng.

Whether it is the people of the nine major forces, or those young talents.

Especially these young talents, looking at Chen Feng with complicated eyes.

There are people with evasive eyes and full of fear, they dare not confront the Hall of Soul Destruction.

But there are also people with strong temperaments who want to fight the Soul Destruction Hall.

Everyone's eyes were diverse, falling on Chen Feng's face.

A smile appeared at the corner of Chen Feng's mouth, and he uttered a word without hesitation: "I don't want any of these people!"

After hearing this, everyone was stunned.

In the next moment, they exclaimed.

"Chen Feng, don't you want any of them? Is it possible that you have to go by yourself?"

"What can you do by yourself?"

"That is, although my generation is not as strong as you, there are many things that I can do for you!"

"You are weak alone, so how can you be so busy?"

But there are also people who are smiling, they just don't want the young children of their family to take risks!

But Xiahou Jiuyuan was taken aback first, and then a wave of joy surged in his heart.

He immediately looked at Chen Feng and said in a deep voice, "Chen Feng, can you take this seriously?"

"Of course!"

Chen Feng's voice was sonorous and powerful, like a sword slashing with an axe.

"Chen Feng alone is enough to go this time!"

His voice resounded throughout the entire Shenglongtai!

"It is good!"

Xiahou Jiuyuan immediately laughed: "Then, that's it!"

"This time you are going to the Soul Destruction Hall, Chen Feng alone!"

Chen Feng looked at Xiahou Jiuyuan and smiled coldly, knowing it clearly.

He knew what Xiahou Jiuyuan was thinking!

What Chen Feng said was exactly what Xiahou Jiuyuan was eager to, and the best situation he expected was that Chen Feng went alone.

In this case, he can have many excuses to put great pressure on Chen Feng.

If Chen Feng wants to complete, he must go desperately and take risks.

If he can't finish it, then Xiahou Jiuyuan will have a legitimate reason to deal with him!

Therefore, when Chen Feng said he wanted to go alone, he immediately couldn't wait to settle the matter.

Xiahou Jiuyuan squinted his eyes, looked at Chen Feng, and said lightly: "Chen Feng, I have been in charge of the God of War Mansion for many years, and I have always led the battlefield to kill."

"This time, when our nine major forces are fighting against Soul Destruction Hall, it is tantamount to fighting between the two armies."

"You, as a scout, go alone, but you have a mission!"

[Chapter 4315: Chu Shaoyang's killing game!](#)

In his voice, there were several killings and coldness.

"If this task cannot be completed, I will kill someone!"

kill!

As soon as these two words came out, everyone trembled and said in their hearts: "Here, here comes!"

Chen Feng smiled: "Of course."

"What tasks need to be completed, please let me know."

Xiahou Jiuyuan said every word:

"First, capture a true disciple of Soul Destruction Hall! Torture the inside story!"

"Second, we must create enough movement inside the Soul Destruction Hall to welcome us!"

"With that dynamic and static guidance, we can also know what happened in the Soul Destruction Palace, and know where the weakest is!"

He stared at Chen Feng and said word by word: "Can you do it?"

Everyone cursed secretly in their hearts: "This Xiahou Jiuyuan is obviously deliberately making things difficult!"

"The number of true disciples in Soul Destruction Palace is extremely small, and they don't even know where they are. How can they be captured?"

"Still making a big movement in the center of Soul Destruction Hall?"

"Chen Feng is a young disciple, not a sect leader!"

"No matter how strong he is, he is still at the level of Six-Star Wudi, not Seven-Star Wudi, Eight-Star Wudi!"

"In the Hall of Destruction of Souls, there is a core position where Emperor Wudi of Seven Stars and even Emperor Wu of Eight Stars sits, creating enough movement? Dream!"

"At this time, it's too difficult for others!"

Everyone slandered.

Xiahou Jiuyuan stared at Chen Feng with bright eyes.

He is also ready for Chen Feng to bargain with himself.

However, unexpectedly, Chen Feng smiled slightly and agreed, "I, I promised!"

Everyone was in an uproar!

"Chen Feng actually agreed to such a harsh condition?"

"Hey, it's really hard to tell if Chen Feng is confident or stupid!"

"I am optimistic about him. Since Chen Feng agreed, he will definitely be able to do it."

Xiahou Jiuyuan laughed: "Okay, let's take March!"

"In three months, I want to see your achievements in Soul Destruction Hall!"

"If you can't do it then!"

He sneered and said, "Don't blame me for being cruel!"

Chen Feng said lightly: "I'm going to do these things, what about you guys?"

"we?"

Xiahou Jiuyuan said solemnly: "In three months, I will lead the nine major forces and the strongest elders to form a team."

"There will be no less than fifteen people in the six-star Wudi!"

"Go to the Temple of Soul Destruction, meet you, and cause the greatest damage to the Temple of Soul Destruction!"

Chen Feng stared at Xiahou Jiuyuan, half step not to yield: "Then, after March, you failed to lead all the powerful nine forces to the Soul Destruction Hall! What will happen?"

Everyone was in an uproar!

Xiahou Jiuyuan's eyes flashed, and at this time he was also unable to get off the fence.

Chen Feng has made so many promises, and he is single, how can he show weakness?

Xiahou Jiuyuan laughed and said, "If I can't arrive as scheduled after March, then I will commit suicide to thank the world!"

"it is good!"

Chen Feng laughed and looked at everyone: "You all have heard it, please bear a testimony for me!"

Everyone nodded.

Chen Feng was also a little relieved.

His eyes flashed and he sneered in his heart: "Xiahou Jiuyuan, Xiahou Jiuyuan, you think you have used me, you think you forced me to agree to your terms."

"As everyone knows, this is exactly what I want!"

"As everyone knows, I took advantage of you!"

"Even if there is no such thing, even if you don't talk about it today, I will go to the Temple of Soul Destruction, and I will stir up a storm in the Temple of Soul Destruction!"

"Because, I'm going to save Senior Sister and Shao Guang!"

"You have such a mess, just fulfilling my heart's wish. It is precisely that you have brought me fifteen powerhouses above the level of the Six-Star Martial Emperor as reinforcements!"

White clouds are long, Chen Feng's thoughts are pulled back to the present.

Thinking of what had happened a few days ago, he couldn't help laughing out loud.

"Xiahou Jiuyuan, Xiahou Jiuyuan, I really have to thank you a lot!"

In Chen Feng's mind, a plan was roughly formed.

Above the empty sang sacred tree, seeing Chen Feng leave, Chu Shaoyang had unpredictable eyes and left with the crowd.

He lowered his head and his expression was silent and dull. As expected, no one noticed him.

After leaving the Kongsang Divine Tree, Chu Shaoyang soon arrived on a small island outside.

Seven turns and eight turns into a cave.

As soon as I entered the cave, there was a stench.

It turned out that a corpse was being thrown in the corner of the cave.

The appearance of this corpse was exactly the same as Chu Shaoyang.

This person was the real disciple of the Scarlet Cloud Divine Sword Sect, who was killed by Chu Shaoyang, and Chu Shaoyang turned into his appearance and mixed into Kongsang Lunjian.

After entering this place, Chu Shaoyang immediately tore his body fiercely.

After a while, he shredded all the disguise to reveal his true face.

He collapsed on the ground, gasping for breath: "His mother, I've been suffocating me these days!"

After resting for a while, Chu Shaoyang stared at the top of the cave blankly, in a daze.

But he was thinking about how to do Chen Feng in the future.

"Now, Chen Feng Kongsang is the first in the sword, and he is in full swing."

"But he has definitely offended a lot!"

"He offended the Mansion of the God of War, the winner of the Eastern Desolation, and the Dragon Palace of the North Sea... The most cruel thing he offended was the Ten Thousand Beast Islands. After all, he killed the future heir to the Ten Thousand Beast Islands who had been carefully cultivated for a hundred years!"

"In that case, Ten Thousand Beast Islands will definitely set out to deal with him! Xiahou Yinghao is no exception!"

"The things to consider now are the winners of the Eastern Wilderness and the Beihai Dragon Temple! Oh, yes, there are also the Bahuang Tianmen!"

"I heard that Bahuang Tianmen and Chen Feng are also grudges!"

"do not care!"

Chu Shaoyang stood up suddenly with cold eyes: "Now, I will contact them!"

"They all want to kill Chen Feng, but they lack such a middleman!"

"With my strength, I am qualified to do this!"

"Chen Feng, Chen Feng, wait for me!"

He grinned and his face was full of marks: "I will arrange a big killing game and treat you well!"

Here is a vast ocean.

But it is not the same as the Sea of Nakorn Sang.

Although the sea of empty mulberry is windy and raging, it is clear and sunny at any rate. It is also sunny when there is no storm, the sky is like blue washing, and the sea is also blue.

And this sea is completely dark!

The sky is dark, and the sea is also dark!

Stormy waves rolled in it, and huge icebergs floated above the sea.

There are hundreds of thousands of icebergs, millions of meters high, no less than any mountain on the Dragon Vein Continent.

However, even an iceberg with such a huge volume is swept up and down by the raging sea!

From time to time there is a huge and crisp impact, cracking sound!

It was icebergs crashing together, crushed to pieces, and turned into countless small pieces, rising and falling with the huge waves!

[Chapter 4316: Ten Thousand Beast Islands!](#)

Above the sky, lead clouds are piled up, layered on top of each other, almost pressing onto the sea.

The sky was originally black, and coupled with this thick lead cloud, it felt like a huge black curtain in front of people!

At a glance, it felt extremely depressed, and it was almost uncomfortable to breathe.

The feeling of this ocean is: empty, huge, vast, depressed!

Full of dead silence and cold breath!

And here, it is indeed extremely cold.

Not to mention ordinary people, even some warriors who are not weak will be frozen to death after coming here!

Even a Wudi-level powerhouse, when flying over this sea area, will be slashed by the icy cold wind, and it will be extremely uncomfortable!

Here is the Arctic Ocean!

Around the Longmai Continent, there are the sea of mulberry in the east, the west sea, the endless sea of the extreme south, and the great ice ocean of the extreme north.

Among them, the most sinister and unsuitable for the survival of warriors is the Arctic Ocean.

There are extremely low temperatures and violent cold winds here all year round.

Even with that extremely vicious blizzard!

Especially when a blizzard breaks out, even a powerful warrior will lose his way in it, not distinguishing east, west, south and north.

The zhenqi was torn by those strong winds, and his body temperature dropped extremely.

By those Blizzards that were no less than tyrannical attacks, they were hit all over with bruises, and even died directly!

Every year, after a blizzard in the Arctic Ocean, the bodies of many warriors are found.

Even, sometimes, some little sects, an entire sect will be destroyed by this blizzard!

The extreme northern ice ocean environment is extremely harsh, far exceeding the other three oceans.

It's worse than Longmai Continent, I don't know how much.

But only in this way, the warriors who came from this great northern ice ocean are extraordinarily firm-willed, powerful and long-lasting!

Once in this world, the sea of empty mulberry, the west sea, the endless sea of the extreme south, and the great northern ice ocean, these four large sea areas existed side by side with the dragon vein continent!

That is to say, the warriors produced in each of these four large seas will not be inferior to the Dragon Vein Continent by simply taking them out!

For example, the Arctic Ocean.

The number of warriors from this region is not inferior to that of the Dragon Vein Continent!

Because, in these four huge sea areas, although there is no land as large as the Dragon Vein Continent, there are also countless islands.

Among them are human warriors, and endless alien races!

These islands, these alien races, combined may be slightly less than the Dragon Vein Continent.

But the chance of appearing in the warrior, especially the high-ranking warrior, is far higher.

In other words, if any one of these four large sea areas is taken out, the total population is smaller than that of the Dragon Vein Continent, but the warriors, especially the high-end warriors, are not inferior to the Dragon Vessel Continent!

However, about a million years ago, these four ocean areas declined at the same time!

I don't know why!

Among the four big seas, many sects, strong men, and masters disappeared overnight!

As a result, it completely declined and was suppressed by the Dragon Vein Continent.

Since then, the continent of Dragon Vein Continent has not only referred to this continent, but the whole world.

However, after millions of years of restoring and rejuvenation, the strength of the four large seas is gradually recovering.

For example, in the endless sea of the far south, many warriors in the Dragon Vein Continent fought prolonged battles with the strong aliens there.

But speaking, the best recovery is the Arctic Ocean!

Because, the six hidden sects that once ruled the Dragon Vein Continent moved to the extreme northern ice ocean!

Although the Six Great Hidden Sects are extremely mysterious, there are many powerhouses with lower or younger strength, and they have never heard of the name of the Six Great Hidden Sects.

But the real powerhouses on the Dragon Vein Continent know how terrifying the six hidden sects are!

The six hidden sects dominate the northern ice ocean!

And this place, from then on, has become a forbidden place for many warriors in the Dragon Vein Mainland.

Because the six hidden sects are very unwelcome to the powerhouses of the Dragon Vein Continent and kill them at will.

That's why, very few people dare to come to this Arctic Ocean.

On the extreme northern ice ocean, many local strong men of different races and long-standing sects have also been subdued by the six hidden sects and become their eagle dogs.

Although the six hidden sects are integrated externally, they actually have many competitions within them.

Even, it's killing each other!

Their territories are not together, on the contrary, they are completely scattered on the Arctic Ocean.

The distance between them is as far as they can be.

After all, every school needs its own huge living space.

And the farthest from the Dragon Vein Continent is undoubtedly the Ten Thousand Beast Islands!

This can actually be seen from their names.

The powerhouses of the Ten Thousand Beast Islands, only 30% of their strength comes from themselves.

The remaining 70% came from the monster powerhouses who had tamed and subdued!

The most famous of their sect is their beast control master!

Since they are masters of beast control, they naturally have to find ways to tame powerful monsters.

Where is the powerful monster?

If it is the Dragon Vein Continent, it is naturally hidden in the deep mountains and wilderness, deep in Daze.

And in the extreme north ice ocean, those powerful monsters are located in the deepest part of the extreme north ice ocean, far away from the dragon vein continent!

Therefore, they are deeply rooted in this!

Here, I don't know how far it is from the Dragon Vein Continent.

Even if it is a very fast Ruyi boat, it takes one or two months to reach it.

Under the pitch-black sky, amidst the surging waves of black water, an archipelago suddenly appeared!

It is the Ten Thousand Beast Islands!

This archipelago covers an extremely wide area, covering tens of thousands of miles of sea.

The number of islands is as many as hundreds.

Each of these islands is dark, with no grass growing on it, without any flowers or trees.

It is like one huge steel reef, falling on the sea!

The waves rushed frantically, but they couldn't move them.

All the islands are covered with large tracts of buildings.

These buildings are also extremely simple, without any gorgeousness.

It's just solid, tough, huge!

On the core islands, the buildings are the most impressive.

The biggest feature of this island is that huge monsters roar all the time.

The roar was in pieces, one after another, as if the entire archipelago was always shrouded in a huge roar!

At this moment, on the largest island in the center, there stands a tall iron-colored tower!

This high tower is the core of the Ten Thousand Beast Islands.

[Chapter 4317: I want him to die!](#)

It is also a frightening place in the entire Arctic Ocean: the Tower of Ten Thousand Beasts!

It is said that this Pagoda of Ten Thousand Beasts is countless times deeper than it looks.

What's exposed on the surface is only about one-third of the height, and the rest are all deep into the island!

Even, deep into the deepest part of the ocean floor!

And inside are all the powerful monsters that have been captured by the Ten Thousand Beast Islands but have not been tamed!

And, some extremely terrifying enemies in the Ten Thousand Beast Islands!

The Tower of Ten Thousand Beasts is as large as hundreds of thousands of meters!

Because it is too high, the thick tower also looks very slender, like a needle inserted here.

At this time, at the tip of the tower.

Through the thick and narrow windows, you can see that there is a hall inside.

In the hall, the three of them are sitting cross-legged in a finished shape.

All three of them opened their arms and separated their fingers.

And one after another, the force was hovering and surging continuously on the thirty fingers they opened!

This force, the whole body is the color of red gold!

Its shape is like a whip, but also like a huge chain!

These thirty whips and chains were entangled to form an extremely large formation.

This formation lingers them.

The heartbeat of the three people, if you feel it carefully, you can feel that the heartbeats of these three people are actually the same!

Jump up and fall at the same time!

And their heartbeats are extremely slow, and it takes only a dozen breaths to beat once.

Suddenly, their hearts beat at the same time!

In an instant, the scarlet golden chain whip surged wildly!

Then, he stabbed fiercely into the black ground in front of them.

At this moment, the entire tower seems to tremble violently!

If you look from the outside, you can see that the shadows of thirty golden chains and golden whips are entwined together and turned into a huge one hundred thousand meters, rising high!

Then, he smoked hard!

Seems to smash the world!

Slashing fiercely somewhere above this ten thousand beast tower!

The entire ten thousand beast tower seems to be shattered!

Accompanied by the sound, there was a terrifying beast roar.

Then, the phantom of the golden chain whip suddenly disappeared.

The hearts of the three fell.

The roar of the monster beast stopped!

Ten more breaths, then again!

It turned out that the three of them were using their supreme strength to continuously tame monsters!

Every ten breaths is the power of three people to flog and suppress the monster beast!

Bringing that monster beast unparalleled pain from soul to body!

After so many years, until the monster succumbed!

The strength of these three people is so powerful that it makes people tremble. Each one is weaker than Xiahou Jiuyuan, but not much weaker.

And when the three of them add up, it seems to be stronger than Xiahou Jiuyuan!

What kind of monster is it that the three of them need to work together to tame it?

And just after another heartbeat and another pulse, all three of them opened their eyes at the same time.

All three of them felt the same.

It's just that the three of them are also old monsters who have lived for too long, and have seen countless things.

Therefore, although the three of them were surprised, their expressions were still unwavering!

The next moment, with a brushing sound, a thick cyan light gleamed and flew out of the window.

Then, he hovered directly in the middle of the three of them, and slid around there.

If Chen Feng saw it, he would definitely recognize it.

This is the seven-treasure bronze gourd that Murongguan used to hold his taming monsters!

The three waited quietly.

Finally, when the Qibao bronze gourd stopped, there was a soft sound and the gourd mouth opened directly.

Then, from the mouth of the gourd, a faint phantom flashed out, hovering directly above the gourd.

It was Murong Guan!

No, to be precise, it is a remnant of Murongguan's soul!

At this time, the breath on his body was already extremely weak.

But I could vaguely see that it was Murong Guan's appearance.

He was covered in blood, his eyes were chaotic, dull and lacklustre.

Obviously, this strand of remnant soul has only a trace of instinctive consciousness.

Even the sanity is gone.

He stood there blankly, looking at the three of them, and suddenly looked up to the sky and let out a mournful cry of blood.

"Three ancestors, you have to call the shots for me!"

"I'm dead! I was killed by Chen Feng! I was killed by that **** Chen Feng from the Xuanyuan family!"

He suddenly fell to his knees, looked at the three of them, and kowtowed frantically.

"Three ancestors, you must call the shots for me!"

He was howling miserably there, his voice full of resentment and hatred.

At this moment, he has no sanity, he is just a microphone full of hatred.

In his voice, there was only one sentence left at the end: "I want him to die! I want him to die!"

And as he cried and cried, behind him, some scenes of his life were revealed.

There was the scene before Murong Guan died.

The old man sitting in the direction of the north could not tell how old he was.

He described it as withered, giving people the feeling that they are almost dead and extremely old.

Even the body has lost its vitality, the muscles have been completely atrophy, and only a layer of skin is left on the bones.

On the chest of his black robe was embroidered with a giant whale.

Under the design of the giant whale, there is an archipelago, which gives the impression that this whale is larger than this archipelago.

He raised his eyelids and spoke slowly, his voice hoarse: "You were killed by Chen Feng?"

"okay, I get it."

After hearing these words, Murong Guan's remnant thoughts seemed to be relieved.

The whole stiffened for a moment.

Then, he knocked his head heavily towards the old man, shaking his whole body.

Dissipate directly!

At this point, Murong Guan disappeared and disappeared into this world.

And the bronze Qibao gourd, it turned dripping, and fell on the ground.

It turned out that this seven-treasure bronze gourd was extremely mysterious, and it was actually a strand of remnant soul that could seal people.

Murongguan's remnant thoughts were hidden in it, and he returned to report.

The giant whale robe suits the old man, glances at the two of them, and his voice is deep:

"We people in the Ten Thousand Beast Islands, we can't die in vain if we die."

"Yes!"

The old man on his right hand spoke.

The person's voice was sharp, like a bird singing.

On his black robe is embroidered with a golden-winged roc, spreading its wings to fly, its wingspan covering the sky!

The last old man finally said: "Especially Murongguan, we have carefully trained for so many years, which is related to the overall situation."

His two eyebrows were pale gold, and his face was pale gold. I don't know why.

A mountain was embroidered on his chest in a black robe!

That's right, a huge pale golden mountain!

[Chapter 4318: Celestial beast slave](#)

"He died, no wonder others, who told him to provoke Chen Feng himself."

Jinpeng robe suits the old man, his voice is faint: "But he is dead, he is from Ten Thousand Beast Islands!"

"Then, regardless of the reason, we only do one thing, which is revenge!"

The old man in the giant whale robe flicked his fingers and said lightly: "Let the heavenly beast slave go!"

"Are you sure?"

The other two old men who had always been Gu Jing Wubo raised their eyebrows.

Can make them move, obviously, Tianchou Beast Slave is by no means ordinary characters!

"We have cultivated such a killing machine in that way. If it is known by other forces, we will regain the secret technique of supreme cultivation and cultivation, I am afraid it will set off stormy waves!"

"Attracted attacks from all forces on the Dragon Vein Continent!"

The old man in the giant whale robe said indifferently: "We'll be done in a few months. What are we afraid of then?"

The other two suddenly stopped talking.

It seems that they are full of confidence after this is done.

The old man in Jushan Robe thought for a moment, nodded and said, "It makes sense."

"Tiancan beast slaves have special talents. We have been carefully training them for 30 years."

"It's time to shine!"

"If you don't fight and just hide in your bag, who knows his shortcomings and advantages?"

The old man in the giant whale robe showed his approval: "That's what I mean."

"Chen Feng is about the same strength as him, but he is the best training target."

"It may be a bit difficult for him to kill the Seven-Star Martial Emperor, but it is more than enough to kill Chen Feng, a Six-Star Martial Emperor."

Hearing what they said, it was as if sending a Heavenly Cruel Beast Slave to kill Chen Feng had already given Chen Feng great face!

It seems that the cruel beast slave could easily kill Chen Feng that day.

The old man in Jinpeng Paofu did not object.

The three of them pushed down together.

Suddenly, an unpredictable powerful force fluctuated, mixed with a strong mysterious force, directly seeping into the tower, continuously.

It lasted for a full half an hour, and seemed to be conveying certain information to someone in this way.

After half an hour, suddenly, the tower was about 50,000 meters high.

With a bang, a huge gap was opened.

A gate about a hundred meters high appeared directly!

The next moment, a black shadow flew out from the door, like a ghost like a charm.

The black shadow turned his head, took a deep look at the spire, and then went crazy outward.

He is not flying, but crawling on the ground, the kind of action is extremely distorted and ugly.

It's uncomfortable to make people see it.

In a blink of an eye, he reached the edge of this huge island, and he jumped directly before sinking into the dark sea.

This is the Arctic Ocean!

This is the deepest part of the Arctic Ocean!

Even the top powerhouses dare not enter the sea.

Who knows how many powerful monsters and vicious monsters are hidden in the sea?

But this black shadow was so unscrupulous, that it got into the dark water and disappeared in an instant.

In the depths of the Dragon Vessel Continent, among the endless mountains, the endless ghost forest.

Above the dense forest, the fog is permeated, blocking the sunlight.

Also cut off the prying eyes of the outside world.

This is where the Soul Destruction Hall is located.

Today, this ghost forest is no different from the past.

It was still extremely dark and cold, with ghosts everywhere, and a forbidden place for living.

These ghosts are still wandering around here like those tens of thousands of years in the past.

Numb, cruel, looking forward to the arrival of fresh blood.

It is a pity that for them, that fresh blood food is the most hopeful thing.

It may be less than a star for hundreds of thousands of years.

However, it does not seem to matter.

In their long and almost endless lives of dead souls, the concept of time has long been lost.

However, even in this vast vast ghost forest, the number of ghosts is almost evenly distributed.

But in fact, there are also dense and sparse points.

The closer to the edge, the more sparse.

After all, the sunlight is fatal to them.

If something goes wrong, the sunlight will come in, it will bring them endless suffering and even destruction.

And the closer to the ghost forest, the denser the number of ghosts in the place where the disciples of Soul Destruction Hall lived.

The closer you are to these disciples, the more opportunities you have for fresh blood food.

After all, these disciples of the Hall of Soul Destruction would often plunder some from the outside, and inquire about the warriors who are worthless after the torture, and throw them directly into the ghost forest.

Let these ghosts be destroyed.

At this time, in the depths of the ghost forest, outside of a small valley.

There are hundreds of thousands of ghosts wandering incessantly.

The valley is small, and the buildings inside are very simple.

Compared with the residences of other people in the Temple of Soul Destruction, it is much worse.

After all, the disciples of the Temple of Soul Destruction had always been a luxury.

Even their ordinary disciples live in an extremely luxurious place.

And this small courtyard is too simple and quiet.

This small courtyard is where Han Yuer and Qingqiu Yaoguang are imprisoned.

The courtyard is quiet as before.

In fact, this small courtyard has been so quiet in the past few years.

Only ten days ago, when Kong Yang Yu arrived, did it cause such a small wave of waves.

Kong Yangyu hadn't been here since that day angrily left.

Han Yuer and Qingqiu Yaoguang returned to the tranquility of the past.

At this time, there was also a slightly strange ghost, wandering to the edge of the forest.

The place where he is, is less than seven or eight meters away from the valley grassland.

He pretended to look around inadvertently, and floated forward slowly.

Soon, he came to the edge.

At this time, it was only one step away from the valley.

But he knew that he could not step out of there.

As soon as he stepped out, even if the sunlight couldn't kill him, he would be punished by the powerful rules in this ghost forest.

In fact, he does not need to go out.

He just wandered here, waiting patiently.

Finally, I don't know how long it took.

Suddenly, the door of the small courtyard opened with a creak.

A figure walked out.

This is a little girl in her ten or so years old, with yellow hair hanging down, not even a girl.

The big eyes are a bit innocent, so cute.

She was wearing a lotus-pink dress, her head was down, and she seemed to be worried.

She paced slowly to the edge of the forest.

After seeing her coming, many of those ghosts gathered there.

However, what they see on their faces is not the excitement, cruelty, bloodthirsty, and greed of seeing fresh blood.

[Chapter 4319: Chen Feng, here it is!](#)

Rather, unspeakable joy.

Also, they forced a smile on their faces.

Despite their fierceness and ugliness, the almost half-skeletonized faces squeezed a smile, which made people feel so awkward.

And it's getting scarier.

But they are really trying their best to make themselves look kinder and harmless.

Soon, the little girl came to the junction of the ghost forest and the grass.

Here is also the junction between ghosts and humans, which seems to be a line of life and death, the boundary of yellow springs.

Those ghosts have also passed.

The little girl looked at them blankly, and they stared at the little girl blankly.

The distance between the two was only one meter, but no one moved.

The little girl sat down on a rock beside her with her elbow on her knee.

He put his hands on his head and looked at them without speaking for a while.

These ghosts seem to be very nervous, and they dare not speak when they see her silent.

Even the atmosphere did not dare to breathe.

After a long time, the little girl suddenly sighed quietly.

And hearing this sigh of him, the ghosts that gathered were as if his beloved daughter had been bullied, and he was helpless.

One by one was angry and excited, but at the same time with indescribable depression and helplessness.

Seeing their reaction, the little girl couldn't help but smile: "Okay, no need to do this."

"I know you are also very angry, but there is no way."

"We are all involuntarily."

Seeing him smile, the ghosts here seemed to relax.

They all sat on the ground one by one, learning the little girl's movements and quietly listening to her.

What the little girl said was nothing more than trivial things.

But they are listening with gusto.

And the strange ghost on the other side, staring at the little girl unblinking eyes, kept whispering in her heart: "Don't tell that big secret, don't tell it."

"Otherwise, although they are very good to you, who will leak this out if you don't keep it all."

Fortunately, this little girl is not stupid.

She talked about her thoughts in bits and pieces, why saw sister Yuer sighing secretly today... She was told by sister Yuer yesterday because the progress of cultivation was too slow, but at night she secretly saw sister Yuer wipe there. Nose... Tell me what I miss for Brother Chen Feng...

Etc., etc.

But after all, the most important thing was not said.

This little girl is naturally Qingqiu Yaoguang.

It turned out that after she was caught in, she would often come here to talk to these ghosts when she had nothing to do.

In one word, it is half a day in the afternoon.

Somehow, these greedy spirits are extremely greedy, and they like to eat raw flesh and blood, and are cruel and cruel ghosts. When facing her, they are indescribably gentle.

They didn't even dare to do more, they just listened quietly for fear of frightening her.

After talking about two or three hours, Qingqiu Yaoguang just stood up when the sky was getting dark.

Looking at them reluctantly, his voice said sweetly: "Uncles and uncles, thank you for staying with me."

This sentence seemed to flatter those ghosts.

Quickly squeeze a smile on each face.

Qingqiu Yaoguang smiled sweetly and turned away.

These ghosts also dispersed.

At this moment, looking at the opportunity, the strange ghost on the trail tried his best to get himself close to the edge.

His finger flicked out.

Suddenly, a small pill fell in front of Qingqiu Yaoguang.

At this moment, Qingqiu Yaoguang's body directly solidified.

For a moment, the whole person is an exciting spirit.

She saw the mud pill that fell in front of her, and countless things flashed in her heart.

A strange ghost on the other end stared at her unblinkingly, for fear that she would show flaws.

Fortunately, Qingqiu Yaoguang also experienced countless things at this time. She pretended to wave her hand inadvertently, and the pill fell into her hand.

She held it tightly in her hand and walked to the door without incident.

Open the door, close the door, and enter the hospital, never showing any flaws.

Even after he entered the yard, there was no change in his mood.

Just standing at the door of that room, winking desperately at Han Yuer.

Han Yuer was taken aback first, then moved in his heart.

The two entered the house and slammed the door shut.

Qingqiu Yaoguang suddenly showed extreme tension and excitement.

She opened her hand to reveal the little mud ball, panting with excitement, unable to speak for a while.

Han Yuer's heart trembled, and the two looked at each other, thinking of something.

After a cup of tea, the two who finally calmed down sat at the table.

In the middle of the table, there is a small bag.

That's right, after knocking open the little mud ball, it was like this inside.

And this ring, they are also very familiar, it is the mustard bag that is quite common on this dragon vein continent, and even some old ones.

Even at this stage of their strength, they no longer use this mustard bag with extremely small capacity, which is far from enough for them.

But the moment Han Yuer saw the mustard bag, the whole person trembled, and there was a touch of extreme excitement and ecstasy in her eyes.

With a bit of remembrance.

She trembled: "Here, this mustard bag was used by Junior Brother Chen Feng when he was still in Qian Yuanzong!"

The two glanced at each other, and neither spoke.

But they all know what it means.

The excited hands of the two were shaking, and their emotions were almost completely out of control.

Han Yuer took a deep breath, stretched out his hand to hold the mustard bag, his strength surged and his thoughts moved slightly.

With a soft sound, suddenly, there were four more things on the table in front of the three.

One of them is just a piece of paper.

And the other two things, after the two watched them, they were all emotionally out of control.

Especially Han Yu'er, who couldn't control her emotions, she cried bitterly!

"Junior Brother, it's really you, you have come to us!"

"I knew that you would not let me down! I knew that you would not sit back and watch us!"

She cried with joy, but desperately suppressed her voice.

He just covered his face with his hands and shrugged his shoulders.

The teardrops rolled down between the fingers.

Qingqiu Yaoguang's small face was swollen and flushed, and she was also in a state of extreme excitement, her nose trembling, and her cheeks bright red.

He just whispered softly: "Brother Chen, you are finally here, you are finally here!"

Chen Feng, after all, did not let them down.

It turned out that the three things placed on the table at this time turned out to be a testimony of their respective experiences with Chen Feng.

It can be said that Chen Feng gave them a token.

Chen Feng was naturally afraid that they would not believe what was written on that piece of paper.

[Chapter 4320: Three sentences](#)

Therefore, the selected token has extremely important significance for them and for Chen Feng.

The moment they saw it, they knew that Chen Feng was here.

After a long while, their emotions finally calmed down.

Then, he cast his eyes on the piece of paper on the desktop.

The handwriting on the paper is so few that they can tell at a glance, this is Chen Feng's handwriting.

The above handwriting has only three lines.

The first line is: Sister, please put the mustard bag on your body.

The second line is: After half a month, follow Kongyangyu action.

There are only four words in the third line: you will count!

When they saw this note, they were all startled.

"Junior Brother actually knows what happened here, he knows that Kong Yangyu came to us?"

"And knowing the conditions Kong Yangyu put forward to us, he even expected what Kong Yangyu would do next?"

Han Yuer's face was full of joy: "Junior Brother asked me to wear this thing, he must have a way to track my breath through the mustard bag, so as to use the plan, instead of killing the game!"

Both of them were happy.

If others let them do this, they will definitely not listen.

Let them follow Kong Yang Yu, wouldn't it be the wolf into the tiger's mouth?

Leaving this valley that can bless them, their destiny can't help but decide.

The two had gone through these years of imprisonment and had thought about ways to escape countless times, and they soon calmed down.

Han Yu'er said in a deep voice, "Then, let's listen to Junior Brother's advice, and we will do everything."

Qinguiyao nodded lightly, her excited face flushed.

Han Yu'er stretched out his hand, put away the token and the piece of paper, and then carefully put the mustard bag in his arms and hid it next to his body.

At this time, suddenly there was a crane outside.

Sharp and hoarse.

This is Dark Feather Soul Crane who came to give them food.

Pushing the door and leaving, saw a dark feather soul crane landing.

After the previous Dark Feather Soul Crane was killed, it also changed one.

The dark feather soul crane at this time was several times larger than the previous one.

Moreover, there is a red crown above the head, and the light inside is flowing, but there is a familiar breath.

It turned out that this breath was quite similar to that of Kong Yangyu before.

On the first day this Dark Feather Soul Crane came, the two knew that the Dark Feather Soul Crane was Kong Yangyu's spies, and they were just to monitor them.

It is also to give them a chance to spread the word.

Han Yuer looked at the dull dark feather soul crane with a cold voice: "Go back and tell your master, we have agreed to his condition."

The Dark Feather Soul Crane didn't know whether he understood it or not, he was motionless there anyway.

Only after they finished eating, an hour later, they left.

And not long after it left, a figure appeared in this small courtyard.

It is Kongyang Yu.

Han Yu'er and Qingqiu Yaoguang obviously expected him to return long ago and were already waiting there.

With a touch of excitement on Kong Yangyu's face, he desperately lowered his voice, but it still couldn't hide his ups and downs:

"Have you decided?"

The second woman nodded.

Kong Yangyu laughed: "Okay, when do you want to leave?"

Han Yu'er seemed casually said: "We still need some preparation, half a month later."

"Half a month!"

Kong Yangyu nodded his head: "Okay!"

He didn't think much about it.

In his opinion, what is taken for granted is that Han Yu'er and Qingqiu Yaoguang should be roughly inferred to be able to break through in half a month.

Therefore, only half a month was set.

As everyone knows, the time of half a month was set by Chen Feng for them!

Killing Kong Yangyu would never have thought that Chen Feng would really dare to rescue people, and dare to single-handedly come to the Hall of Souls to save people!

He did not ask why the two of them changed their minds at all.

It doesn't matter to him why the two of them changed their minds, as long as the two of them are willing to leave here, then it will be done!

As long as they leave, they will definitely die.

It doesn't matter how they think, the most important thing is when they are dead.

On the contrary, he was afraid to talk too much, and the two women who killed him changed his mind.

Han Yuer and Kong Yangyu discussed the details after half a month, and then left in a hurry.

He is here and cannot stay for long.

Looking at his back, the two women looked at each other, and both saw a touch of excitement in each other's eyes.

They are full of confidence in Chen Feng.

A few days later, on the border of Zhongzhou, Qingluan Ruyi Boat.

The green light shuttled across the sky, extremely fast.

A light green mask will envelope Qingluan Ruyizhou.

There was no coldness inside, it was warm like spring.

At the same time, one huge force after another was sucked into the body by Qingluan Ruyizhou.

On the Qingluan Ruyi Boat's hull, which is like a whole piece of wood carving, those tree patterns and wood textures are constantly leaping.

Green power after another is constantly flowing inside.

While giving Qingluan Ruyizhou great vitality and super fast speed, as well as unparalleled attack power, it also provides strong and warm power for Chen Feng who is practicing cross-legged on it!

Extremely fast speed and powerful attack power are what Qingluan Ruyizhou's level, that is, Luoxue-level Ruyizhou should be.

In these two items, the Qingluan Ruyi Boat is not much better than other Ruyi Boats of the Snowfall class.

However, the pulsating vitality on it is its biggest feature.

It is also the reason why it can become a leader in the Snowfall Ruyizhou.

Qingluan Ruyizhou quickly passed over the vast vast lake below and came directly above a mountain range.

This mountain range is extremely vast, and it's tens of thousands of miles wide.

The length runs through the entire Zhongzhou and even spreads to the Western and Eastern Desolations.

It is the largest mountain range on the entire Dragon Vein Continent, and it is also the place where the aura of the Dragon Vein Continent is densest and richest.

After coming here, the amount of heaven and earth aura absorbed by Qingluan Ruyizhou suddenly increased several times.

Suddenly, the light above the green veins suddenly changed from the shallow and sparse green to extremely bright and clear green.

It's like the best jade.

The denseness of the aura has reached three times as much.

All the aura poured into Chen Feng's body!

A light flashed across his face, and his whole body trembled violently.

Then, opening his eyes, Huo Ran got up and exhaled!

He spit out a large mouthful of muddy gas with a thick **** smell.

Chen Feng felt that he was refreshed and uncomfortable.

A smile appeared at the corner of his mouth, looking at the distant sky:

"Ten days, it took me a full ten days to finally completely recover from the injury!"

When Chen Feng was in the small world, he was controlled by that luck.
