[Chapter 4401: You fell down before I tried hard!](#)

The next moment, Chen Feng's smile faded instantly.

With a violent roar, he also blasted out a punch!

When this punch blasted out, it was not just a big earthquake shaking!

The world changes color!

Above the sky, the lead cloud condenses and spins frantically.

The boundless dark clouds formed a huge vortex, spinning frantically.

A strong wind swept through this dense forest, high mountains, and valleys.

The wind blows so hard that people can't open their eyes.

Above the sky, there was also a look of fear in the eyes of the huge golden winged dragon eagle, looking at Chen Feng.

The figure hovered, and then back quietly!

To deal with him, Chen Feng didn't even use the power of those seven stars.

Only used his own Donkey Kong Arhat the second stage of the Immortal Body!

The two reached a verdict!

In the next moment, this khaki fist with thick knuckles and Chen Feng's pale golden fist with indescribable strength slammed together!

At this moment, there was a loud noise, and the whole world seemed to tremble.

Time and space seem to be condensed!

In the next instant, a huge shock wave blasted out all around!

Spread dozens of miles!

In an instant, the entire grassland within a radius of tens of miles was opened.

That's right, it wasn't that the long grass was opened, but the huge grassland with a radius of tens of miles was opened directly!

The grassland disappeared directly and turned into a huge pit.

In the center of the pit, there are two people!

The Tianchou Beast Slave felt an extremely powerful, irresistible force, and slammed it at him fiercely.

I can't resist it at all!

This power plunged into his fist, smashed into his forearm, forearm, and then every part of his body!

Suddenly, there was a crisp sound, and the fist of the Tianchou Beast Slave exploded directly!

Then, clicks sounded one after another!

The fist of the Tiancun Beast slave was shattered, the bones of the forearms were shattered, and the bones of the upper arms were shattered!

Even the bones of his entire upper body were snapped and snapped!

All broken!

The Tiancun Beast Slave snorted, blood spilled from the corner of his mouth, and the whole person flew out heavily.

Punch!

With just one punch, Chen Feng directly severely wounded the Tianchou Beast Slave, and the bones were shattered.

The Tiancun Beast Slave was shaken flying hundreds of meters, staggering to the ground.

It was hard to stand firm and was very embarrassed.

Chen Feng's strength is fully revealed!

At this moment, the Heavenly Remnant Beast Slave was directly suppressed!

A strong shock flashed in the eyes of the Tiancun Beast Slave.

He looked at Chen Feng with a face full of disbelief, with a strong horror.

That was the shock that my confidence was hit hard in an instant, what I had believed in for countless years, and that I was extremely convinced, the shock brought by the complete overturn at this moment!

He yelled in disbelief: "How can your strength be so strong?"

A smile appeared at the corner of Chen Feng's mouth, and he said lightly: "Why? Can't it?"

"how is this possible?"

"Those beast **** messengers, three of them, three of them, have always told me that I am the strongest among the younger generation, and I am even stronger than Murong Guan!"

"How can you be stronger than me?"

Chen Feng looked at him and smiled slightly: "In fact, I haven't used my real strength yet."

"You fell down before I tried hard."

However, the Heavenly Canal Beast Slave quickly recovered.

All the strange looks on his face disappeared, and there is still only one emotion left: murder!

He looked at Chen Feng and said slowly: "Okay, I admit that you are very strong, but I will still kill you!"

After that, he took a deep breath.

With his breath, all the khaki muscles on the surface of his body flowed down.

And under his feet, a huge suction force was quietly generated.

Suddenly, the surrounding land flowed like water.

One after another, the earth-yellow power was absorbed into his body by him.

Chen Feng couldn't help but raise his brow when he saw this scene.

That khaki power is the power of the earth that cannot be the most pure, the power of the earth of extremely pure quality!

The power of the earth, few warriors can refine it so pure.

Chen Feng estimated that even a six-star martial emperor level expert who specializes in cultivating this earth system martial art would not be able to extract such a huge earth power so quickly.

Even if it can be extracted, it can't be absorbed.

Their bodies simply can't hold it!

The ocher on the body of the Tianchou Beast Slave, which had already dimmed a little, was restored to its previous state.

He stretched his body and made a few crackling sounds, and the broken bones healed directly.

His breath has been completely restored to just now.

The injuries on his body were all healed.

The whole process does not even exceed ten breaths!

Chen Feng sighed lightly, a touch of admiration and shock appeared in his eyes.

"This heavenly cruel beast slave is definitely a born alien."

"The talent is really incredible!"

Although Chen Feng didn't know his origin, he could judge that his blood, including his race, was absolutely closely connected with the earth.

As long as you stand on the ground, the energy will be continuously absorbed.

Moreover, without cultivation, after adulthood, he has extremely terrifying physical power that almost reaches the level of the Six-Star Martial Emperor.

At this moment, Chen Feng suddenly thought of the nine-headed black dragon that he had encountered in the Seven Seas Realm of Xuanming.

Isn't the Black Golden Nine Headed Flood Dragon and the others also possessing extremely terrifying powers when they reach adulthood?

Chen Feng roughly deduced that the rank of the Celestial Remnant Beast Slaves is definitely not below the Black Golden Nine Headed Flood Dragons!

Even more so.

Absolutely belong to the kind of wild alien species, the existence of the ancient survivors.

But what?

A confident sneer appeared at the corner of Chen Feng's mouth: "What ancient survivor? A wild alien?"

"In front of me, you are going to beat you down on your knees!"

The next moment, the Heavenly Remnant Beast Slave rushed over again, still madly killing Chen Feng.

It is still a punch!

Chen Feng is also a punch!

Two fists slammed once again!

Unsurprisingly, the Tianchou Beast Slave was beaten out again.

Then, he once again absorbed the power of the earth and attacked again!

Beaten up again!

That's nine times!

It seemed that besides killing Chen Feng, he had no other thoughts in his eyes.

However, Chen Feng felt that he was quite unruly.

Thumps again and again, seemingly tough.

Before, Chen Feng fought a strong enemy and did something like this.

But every time Chen Feng did such a thing before, it was because every time, he could get a new experience and a deeper understanding of the enemy's strength.

[Chapter 4402: The true strength of Tiancun Beast Slave!](#)

Even more, he improves himself every time! I am more and more able to make further breakthroughs!

The later, the stronger!

As for the Heavenly Remnant Beast Slave, every time he attacked, there was no change from the previous one.

This made Chen Feng feel that Tiancun Beast Slave seemed a bit clumsy.

It gives people a sluggish reaction, a mechanical act, without the slightest sense of spirituality.

Chen Feng felt very strange in his heart: "It's not that way!"

"The Heavenly Remnant Beast Slave shouldn't be like this. People with blood and talent like his, generally speaking, will never have a low IQ."

"Should be far more intelligent than ordinary humans! Why is it so clumsy?"

In the next moment, the tenth attack of the Tianchou Beast Slave is coming!

Once again repelled by Chen Feng.

Then, there was no eleventh time.

The huge suction power on the Tianchou Beast Slave came again, but this time, there was no more earthy yellow power, and no strong earth power was absorbed into the body by the Tianchou Beast Slave.

The power of the earth in this area has been absorbed by the Heavenly Remnant Beast Slave!

Obviously, the scope of the Heavenly Remnant Beast Slave's absorption of the power of the earth is also limited, and it is impossible to absorb it infinitely.

The power of the earth here has dried up.

Chen Feng obviously saw that the Heavenly Canal Beast Slave was taken aback.

Then, his expression was a little stiff and dazed, as if it was a pause.

After a while, there was a reaction.

It seemed that it took him so long to react.

Chen Feng showed an expression of interest, and there was a vague guess in his heart.

"I lost."

The Tiancun Beast Slave looked at Chen Feng and said cleanly.

It seems to him that losing is not a shame.

However, for him, it seems that losing does not mean giving up.

He looked at Chen Feng, but his eyes showed strong determination: "I will still kill you!"

"I will use all my means to kill you!"

Chen Feng smiled slightly, did not speak, just hooked her finger.

Chen Feng had roughly guessed what was wrong with the Tianchou Beast Slave, so Chen Feng didn't mind playing with him to see how many hole cards he had.

Now, Chen Feng is more and more interested in the Tiancun Beast Slave.

"Now, I want you to see my real strength! Really, killer move!"

Tiancun Beast Slave took a deep breath, with a solemn expression on his face.

Then, suddenly, he gently closed his eyes.

Between eyes opened and closed, a strange force radiated out.

This power spread out instantly.

Chen Feng couldn't feel how this power was in the body of the Tianchou Beast Slave.

However, when the spread came out, Chen Feng was aware of it all at once.

Chen Feng is very familiar with this kind of breath.

He had encountered it when he was fighting Murongguan!

This is the breath of summoning monsters!noVelusb.com

However, the difference is that Murongguan needs Qibao bronze gourd to exude this kind of breath.

However, the Heavenly Cultivation Beast Slave, it was easy to release this breath without resorting to anything.

Obviously, the Tiancun Beast Slave was summoning the Monster Beast at this time.

But Chen Feng did not see any magic weapon for storing monsters.

There is no Qibao bronze gourd, and even at this moment, there is nothing in his hand except the bronze hammer.

But at the next moment, Chen Feng felt that power spread out wildly.

In the next instant, in the direction of true north, the earth trembles suddenly.

In the endless dense forest, a huge wave is looming, and it is constantly approaching here.

The ground was trembling, it seemed that a certain behemoth was coming here.

After about a dozen breaths, the behemoth was getting closer.

With a huge roar, Chen Feng suddenly looked back.

Then I saw that a huge mountain was suddenly uplifted in the north direction.

That's right, a huge mountain suddenly appeared!

But when Chen Feng took a closer look, he found out what mountain is this?

This turned out to be a giant bear!

A huge earth-yellow giant bear, this giant bear is so huge that it is a bit taller than the surrounding mountains.

As if a new mountain appeared!

This giant bear is full of earthy yellow color, with huge thick earthy yellow scales growing on its body.

Each scale has a radius of several hundred meters, and the thickness reaches tens of meters, which is extremely hard and heavy.

Its legs are extremely thick, and its arms are also very thick, with violent joints.

Above the four claws, there are extremely long, extremely thick, and extremely sharp claws.

Its body is covered with thousands of thick khaki thorns.

Chen Feng didn't recognize this monster, but he could feel its strength!

The peak of the five-star monster emperor!

Its strength is comparable to the six-star Wudi peak martial artist!

"Is there a six-star Wudi peak?"

Seeing this situation, Chen Feng not only didn't panic at all, but a look of excitement appeared on his face, eager to try!

"Also, in the previous battle with the soul slave, his strength is far better than mine."

"Although in the end, I counted him to death, but in fact it doesn't make much sense for my actual improvement."

"Now that I have someone comparable to me, it's just time to practice my hands!"

That's right, even the six-star martial emperor peak-level monster beast, in Chen Feng's eyes, is nothing more than practice!

This is his confidence!

The khaki giant bear looked at here from a distance.

Then, it saw the Heavenly Remnant Beast Slave, the one who summoned it.

Obviously, this khaki bear was not a monster beast that had been tamed and tamed by the Tianchou beast slave, but was newly summoned, so it was extremely rebellious.

It barked its teeth fiercely and let out a fierce roar at the Heavenly Cruel Beast Slave, with a fierce and greedy light gleaming in its eyes.

It seemed that he couldn't wait to swallow the Tianchou Beast Slave in one bite.

Chen Feng raised his brows next to him, watching with interest.

It seems that this khaki giant bear still wants to beat its owner!

This situation is extremely difficult for the summoner to solve.

Generally, it can only be suppressed by force.

Chen Feng wanted to know how to deal with the beast slaves.

But the scene that made him surprised appeared. When the Heavenly Remnant Beast Slave looked at the direction of the khaki giant bear, he danced with his hands.

His movements are full of ancient primitive aura, with strong ancient clumsy meaning.

It is strange to say that when he danced, the raging and violent khaki bear disappeared.

It looked at the Tiancun Beast slave blankly, dumbfounded.

After a while, it also jumped up.

That huge body danced awkwardly, which seemed ridiculous.

After jumping for a while, the Tianchou Beast Slave stopped, and he shouted at the khaki giant bear again, and roared twice.

[Chapter 4403: It turned out to be this kind of power!](#)

Then, I don't know what was said.

The voice was extremely harsh and mysterious, and the voice became more and more severe.

It seems to be reprimanding the giant yellow bear.

This khaki giant bear turned his head down and was honestly reprimanded by him there.

She also showed a trace of embarrassment, as if she was ashamed.

After a long while, the Tiancun Beast Slave said a few words loudly.

The earth-yellow giant bear nodded immediately and completely obeyed his instructions.

Chen Feng was dumbfounded when he watched from the side.

Although he is not a summoner, he knows something about summoners.

Summoners want to tame a monster beast is not so easy, they summon a monster beast, or after catching it back, they must use both grace and power.

Beat it fiercely, making it fearful.

At the same time, we must also give it benefits, help it improve, and cultivate feelings.

It often takes decades or even hundreds of years to establish a relationship with this monster and make it obedient.

However, it is just obedient.

It's far from like a handyman.

And the Heavenly Canal Beast Slave, who didn't know what he had done, made this khaki giant bear so meek and well-behaved.

Really unheard of, unseen.

After Tiancun Beast Slave cleaned up the khaki giant bear, he immediately began to call again.

Chen Feng didn't stop him, just smiled slightly beside him.

The sense of expectation in his heart grew stronger.

Soon, in the direction of the east, there was a hissing sound.

This faint sound was obviously extremely slight, but after people heard it, it felt very clear.

It was as if the faint sound was rang in the ear.

Then, Chen Feng saw a huge deep valley in the endless dense forest in the east direction.

A huge figure slowly walked out.

This is actually a giant snake.

The length of the giant snake is tens of thousands of meters.

It swam to the side of a mountain in the east, and then walked up along that mountain.

His body went around the mountain several times!

This is a giant snake!

The body is big enough to circle the mountains!

It swam to the top of the mountain, and a huge cyan head slowly rose up.

In those yellow eyes, there was a fierce and cruel light shining in the two vertical pupils, staring here.

Five-star demon emperor, another five-star demon emperor!

Chen Feng's expression was quite moved, and the Heavenly Remnant Beast Slave had once again summoned a five-star demon emperor peak, a powerhouse equivalent to the six-star martial emperor peak!

At this time, he had already summoned two six-star Wudi peak powerhouses.

The Tiancun Beast Slave looked at the cyan pan-mountain giant snake and shouted a few words.

The cyan panshan giant snake nodded slowly to show compliance.

The call of Tiancun Beast Slave has not stopped.

This time, the speed of summoning was much faster than before.

About an hour later, there was a fierce and angry roar at the same time in the west and south directions.

In the west direction, a giant wolf full of iron appeared.

On the iron-blue giant wolf's body, there are pieces of golden fur, and this golden fur has naturally formed one after another golden magic charms on his body.

The shapes are different, just like extremely mysterious ancient characters.

In each golden magic talisman, there is a special power.

To the south, a fish appeared in the sky.

This fish is not very big, but the mouth occupies two-thirds of the body.

At this time, the huge mouth opened, exposing countless deep white fangs inside.

There are hundreds of these fangs, and with each opening and closing of his huge mouth, the fangs staggered and crossed each other.

In fact, black space cracks were drawn directly in the air.

These fangs can actually shred the space directly!

It can be seen how Fengrui is!

I'm afraid that even if Chen Feng was bitten into his mouth by it, he would be shredded alive by these spatial cracks!

Was twisted into pieces by his jagged fangs!

I don't know which abyss it came from, the boat swallowing monster fish!

Four behemoths, four-headed five-star monster emperor!

In this mountain range, they are all the princes who rule one side, the highest kind of existence!

Each of them is a huge area occupying tens of thousands of miles in this mountain range.

At this time, all the beast slaves summoned out!

From this it can be seen that his true strength is to summon monsters!

The four monsters dominate in the four directions, southeast, northwest.

Although they were thousands of miles away from each other, the seemingly powerful aura rushed out wildly, and they hit together fiercely!

And the center where these four auras impacted is where Chen Feng and others were!

The four huge auras squeezed fiercely, hitting, and made loud rumbling noises!

The earth has collapsed, and numerous spatial cracks have appeared in the sky!

The wind swept through, almost making people unstable.

In this scene, Han Yuer and Qingqiu Yaoguang both showed a touch of horror on their faces!

Although they were limited by their strength, they couldn't tell what the level of these four monsters was.

But it can also be seen that their level is terrifying!*noVelus11.com*

Both of them looked at Chen Feng, with worries in their hearts.

When Chen Feng fought with Tianchou Beast slaves before, they were not worried.

But at this time, there are four terrifying monsters here!

Chen Feng, will he be an opponent?

No, to be correct, it should be five!

They suddenly remembered something and looked up.

I saw that the huge golden-winged dragon eagle above the sky was slowly hovering.

Seems to be forced down!

After the four-headed five-star monster emperor level powerhouse was summoned, the summoning of the Heavenly Remnant Beast Slave had not stopped.

On the contrary, the power in him exuded even more intensely.

It's just that, compared with just now, the summoning power radiating from his body has a little more inexplicable aura.

One after another inexplicable and empty power radiated out.

These forces are like big nets.

And the various monsters in this huge mountain range are the prey one after another in his net!

But no one can escape from his big net.

All are called out!

Chen Feng suddenly felt something in his heart.

Then, the power radiated out.

At the moment when Chen Feng's power and this summoning power touched slightly, there was a feeling that Chen Feng was extremely familiar with in that summoning power!

"This is such a power?"

Suddenly a bright light flashed in Chen Feng's mind, and his face instantly appeared astonished.

He was really shocked.

Even, it was already not only a shock, but a deep shock!

[Chapter 4404: Three hundred demon emperors!](#)

Today, facing the Heavenly Remnant Beast Slave, no matter how tough he is, even if he summons the four great five-star demon emperors, Chen Feng is not shocked!

But at this moment, he was really shocked!

Because Chen Feng suddenly discovered that the power he used to summon monsters is no stranger to himself!

Chen Feng instantly had a guess: "Could it be that he is also the monster he summoned with this power?"

Then, Chen Feng confirmed his judgment.

"It must be so!"

"Otherwise, how could he summon so many powerful monsters that have nothing to do with him and have not been tamed by him?"

"That's it, that's it!"

Chen Feng looked at the Celestial Beast Slave, with a touch of admiration on his face.

The gaze he looked at the Tiancun Beast Slave was also a little different:

"I was thinking of defeating you first, and then beheading you."

"But in that case, beheading you would be too wasteful and violent!"

At this time, Chen Feng was already concerned.

Following the call of the Tiancun Beast Slave, in the next moment, among the endless mountains, one monster after another quietly appeared.

One after another tyrannical aura, burst out, overwhelming!

Each of these monsters is not weak in strength.

Although not comparable to the four great monster emperors summoned, the strength of each head is basically in the monster emperor realm.

One-star demon emperor, two-star demon emperor, countless.

The three-star monster emperor and the four-star monster emperor are not uncommon.

In a blink of an eye, the number of monster beasts summoned by him reached hundreds!

When Chen Feng saw it, his heart jumped.

Even he hadn't expected that there were so many monsters of the Demon Emperor Realm hidden in this mountain forest.

Not only that, at this moment, there were still smoke and dust billowing from that far away.

In the dense forest, the leaves are rustling, and it is obvious that powerful monsters are constantly coming here.

These monster beasts were all summoned by the Heavenly Remnant Beast Slave!

They stood there quietly, and they consciously stood behind the four big five-star demon emperors.

Moreover, it is divided according to strength.

The closer the strength is to the Five-Star Demon Emperor, the closer you stand to the Five-Star Demon Emperor.

But those one-star demon emperors and two-star demon emperors can only stand at the back.

In the world of monsters, there are also strict levels.

And they have only one item for grade determination, that is: strength!

These hundreds of powerful Demon Emperor Realm monsters hardly made any sound.

It's just that, occasionally, there is a low growl from the throat.

They stared at Chen Feng and the others with that cold and secluded gaze, and their eyes flashed with cold and cruel murderous intent and desire to swallow.

It seems that the next moment, it will suddenly violent, tearing Chen Feng and others to pieces.

Finally, I don't know how long it took before the summons of the Heavenly Remnant Beast Slave finally stopped.

He took a deep breath, his eyes slowly swept across all the monsters he had summoned!

On his face, there was a strong fascination!

At this time, the number of monster beasts summoned by him had reached three hundred!

A total of three hundred monsters of the Demon Emperor level!

How terrible!

I'm afraid that all the demon emperors in this entire mountain range have been summoned by him!

There are also four major five-star monster emperors, dominating many monsters.

Methodical, like an army!

"Summon three hundred demon emperor powerhouses! Not one was tamed by him before!"

"All strange monsters! No connection before!"

Chen Feng sighed softly: "This Heavenly Cruel Beast Slave is definitely a genius summoner!"

"In the field of summoning, I am afraid that his talent is so powerful that it is terrifying!"

At the next moment, the Tianchou Beast Slave suddenly uttered a roar facing the three hundred demon emperors.

The roar, rolling out of his throat and abdominal cavity.

Not like a human voice, but like a beast roar!

There is a strong melodious meaning of ancient times.

Just like that in the ancient times, an upright beast **** uttered a fierce roar.

The roar resounded between heaven and earth, and Chen Feng couldn't help but tremble fiercely when he heard it.

It was an inexplicable desire to surrender, full of fear and awe.

But then, Chen Feng smiled coldly: "Between heaven and earth, who can make me surrender?"

The golden spiritual power gushed out, blasting this desire away.

But at this time, following his roar, the four great monster emperors roared in unison, responding to it.

Then, the three hundred demon emperors also roared at the same time.

Not only that, these demon emperor realm monster beasts all knelt down and fell to the ground, their heads falling into the dust.

Three hundred demon emperors unexpectedly expressed their surrender to the heavenly beast slaves together!

Express their deepest awe and surrender!

The Tiancun Beast Slave stood there, raised his arms and laughed loudly, descending like a real beast **** between heaven and earth.

He suddenly raised his arms and looked at Chen Feng:

"Did you see it? Chen Feng! This is my monster beast!" **NovelUSB.CoM**

"This is my army of monster emperors!"

"The three envoys of beast gods once said that the army of monsters I summoned is enough to defeat any of the nine forces!"

At this time, he was completely different from just now.

Just now, he was only murderous, only cold, just doing certain things mechanically.

Even, they don't have their own feelings.

Now he suddenly seemed to come alive.

Full of excitement, excitement, arrogance, with an atmosphere of looking at the world!

It seems that at this moment, he is the king of the beasts in the world!

It seems that at this moment, the countless monsters under his command can step on this continent!

It seems that at this moment, when he is truly with the monster beast, he has recovered his emotions!

"Chen Feng, one of the nine powers of the sect, I can crush it, let alone you!"

"You this time!"

He slowly clenched his fists: "There will be no bones left!"

As soon as the voice fell, he yelled and his fist fell fiercely!

And with his roar, the monsters who had been standing quietly in the dense forest all made crazy roars.

Then the next moment, the four major five-star demon emperors moved forward slowly.

Following them, the three hundred demon emperor powerhouses rushed forward frantically and slew towards the center.

Their goal is only one: Chen Feng!

They want to tear Chen Feng to pieces, leave his bones dead, and fulfill their master's order!

Three hundred demon emperors, gathered together, like the waves of the sea!

Like a huge wave, it seems to swallow everything in front of you!

This is the beast tide!

A wave of monsters of the Demon Emperor level!

If you change to someone else and face this crazy animal tide, I am afraid that you will be frightened and broken!

But Chen Feng didn't have any panic. Instead, he held his arms, his face was laid back, and he looked very leisurely.

At this time, Chen Feng's heart suddenly surged with an extremely ancient and distant memory.

[Chapter 4405: Fist and fly!](#)

At that time, he was still in Qian Yuanzong, and he was also facing the tide of beasts.

At that time, there were far more monsters in the beast tide than now.

It's just that the sum of all the monster beasts at that time couldn't compare to a claw of any monster emperor among the three hundred monster emperors now!

However, the feeling is the same.

At that time, Chen Feng was fearless in the face of those monsters! **ηOveℓu\$ℓb.cOM**

At this time, Chen Feng faced the three hundred demon emperors, and his fighting spirit was surging!

The four-headed five-star demon emperor, leading three hundred demon emperors, approached fiercely forward.

Although they are very far away from Chen Feng and the others, these powerful monsters are very fast.

It only took dozens of breaths, and it was already tens of miles away from Chen Feng and others.

For them, the distance of tens of miles away is almost instant.

Among all the monster beasts, except for the khaki giant bear and the blue panshan giant snake, the other bodies are not very large.

After all, after the monster has reached the realm of the monster emperor, it will return to its original nature, its strength will be sharply condensed, its strength will shrink, and its size will become smaller.

Ordinary monsters in the Demon Emperor Realm are about ten meters in size and dozens of meters in size.

However, their small size does not mean that their strength is weak.

In fact, every monster in the Demon Emperor Realm has extremely terrifying power.

Their huge hooves or claws fell heavily on the ground, causing the earth to tremble.

The movement of the three hundred demon emperors at the same time made the huge mountain range tremble violently.

Some towering peaks were even knocked down directly.

Numerous cracks were shaken out of the earth.

Those thousand-year-old trees and 10,000-year-old giant trees have fallen to the ground.

Such a big movement, I am afraid that most people will be scared to death.

The Qingluan Ruyi Boat that fell on the ground was also shaken by the shock.

Han Yu'er and Qingqiu Yaoguang's faces showed shock.

But when they saw Chen Feng's back like a mountain, they felt relieved, and their worries were much less.

Chen Feng smiled slightly, and his thoughts flashed.

Immediately, Qingluan Ruyizhou floated slowly.

Floating into the air about a hundred meters above the ground, and maintaining the same height as the celestial beast slave standing in the air.

Above that high altitude, the golden winged dragon eagle is flying.

Chen Feng knew that it was to deal with Qingluan Ruyizhou, for fear that Qingluan Ruyizhou would rise into the sky.

Chen Feng smiled contemptuously: "If I want Qingluan Ruyizhou to go, who can stop me? You rely on you as a beast?"

Before, Qingluan Ruyizhou was hit by the golden-winged dragon eagle because he did not have Chen Feng's control and fell.

If Chen Feng controls Qingluan Ruyizhou, what is this golden-winged dragon eagle?

"But, now I don't worry about leaving."

Chen Feng smiled coldly, he shook his fist, and there was a burst of noise from the joints all over his body.

Twisting his neck, it seems to be soothing.

"This is a rare opportunity for a stable state!"

At this time, those monster beasts were already approaching closer and closer.

Even the khaki giant bear and the blue panshan giant snake. The heavy breathing already made Chen Feng clearly audible.

That heavy scorching heat, smelling breath!

Chen Feng suddenly turned around, looked at the Heavenly Remnant Beast Slave, smiled and said, "Do you know? I actually thank you very much."

Tiancun Beast Slave was stunned: "Thank me for what?"

Chen Feng shook his fist: "Thank you for finding me some good sandbags!"

The next moment, he roared, his figure flashed, and he flew forward suddenly.

Chen Feng directly killed the five-star demon emperor's yellow giant bear with an undaunted attitude!

Active attack!

At the moment when Chen Feng flew out, the protective mask on Qingluan Ruyizhou automatically activated.

Han Yuer and Qingqiu Yaoguang were protected.

Even if it was an attack from the Heavenly Remnant Beast Slave, this mask could resist a breath.

One breath is enough for Chen Feng to get back.

The next moment, Chen Feng came in front of the khaki giant bear and struck out with a fist.

The earth-yellow giant bear had a somewhat contemptuous smile on his face, and the huge mountain-like bear paw slapped fiercely, like a sky collapsed!

Chen Feng only felt a huge black shadow covering himself.

Chen Feng laughed wildly: "Good job!"

There are seven stars in the body, the rays of light are immense, and the huge power of the seven stars burst out!

Chen Feng has already used the power of the stars.

Hit with that huge bear paw!

The body of the khaki giant bear is extremely tough, with two fists intersecting, and under the intersecting one palm and one fist, there was a loud noise!

Then, the pride on the face of the khaki giant bear completely solidified.

The next moment, there was a stern roar.

It felt that a huge and unstoppable force had smashed into its own body.

With a crackling sound, his huge bear paw, all the bones inside, were all broken at the same time!

The bear paw on his right was directly twisted in an extremely strange posture.

The huge bear's paw was broken by Chen Feng's punch! Strangely up!

The earth-yellow giant bear staggered back amid the screams.

Chen Feng's fist hasn't stopped yet, amidst his haha laughter, he has already come directly in front of the khaki giant bear.

Continue to punch out, and hit his chest fiercely!

There was a loud bang, and the loud noise was so loud that it shook everyone's eardrums.

Many low-level monsters were shocked to shatter their eardrums, blood flowed out, and miserable howls.

At this moment, everyone feels that time has stagnated! The space seems to freeze!

The next moment, they shouted huge exclamations.

It turned out that they saw a huge black shadow as huge as a mountain, and it flew directly.

Flew up to a height of tens of thousands of meters, and then fell heavily on the ground!

With a bang, the ground seemed to be shattered, and numerous huge cracks appeared!

A big hole appeared directly in the place where this huge black shadow fell!

The smoke and dust splashed thousands of meters high.

Everyone, all monsters, were dumbfounded!

There is only one thought in their hearts: "How is it possible?"

It turned out that at the moment just now, Chen Feng actually punched the khaki giant bear!

With a punch, the horror existence that was as tall as a mountain and heavy was thrown into the air!

What kind of power is this, how overbearing it is!

The khaki giant bear was beaten out like a torn sack.

And the person who flew it was not even as big as a feather on its surface.

Chen Feng fisted the khaki giant bear flying, and instantly, he felt his body up and down, very comfortable.

The power flowed through the body, unexplainably comfortable and smooth.

Without the slightest obstacle!

[Chapter 4406: A beating!](#)

The power of the seven stars is mellow and well-connected, and when used, it is like an arm's finger, without the slightest sluggishness.

This feeling also made him extremely excited.

Chen Feng fisted the khaki giant bear into the air. This scene fell in the eyes of the other five-star monster emperors, and they all immediately jumped in their hearts.

Originally, in their view, the Heavenly Remnant Beast Slave summoned them.

Four to deal with this humble human being is a little fuss.

But they know it now, which is definitely not a trivial matter.

This human being really has extremely terrifying strength!

Their hearts were so shocked that the offensive was stagnated for a moment.

The four huge waves seemed to have stopped in an instant.

However, they stopped, but Chen Feng would not stop.

Chen Feng laughed loudly and screamed everywhere.

He screamed: "I haven't enjoyed it yet, come on!"

There was a sneer at the corner of its mouth, and the back figure flickered again, coming directly in front of the cyan-colored panshan giant snake.

The cyan Panshan giant snake, preemptively, is huge, thick and long, and has a thick tail like a beam. It has already smashed towards Chen Feng fiercely!

The momentum is fierce and evil, as if even the void can be smashed!

This shot was on a mountain, I'm afraid it could interrupt that mountain.

With tens of billions of jin of terrifying power, even high-level martial artists will avoid its edge!

Chen Feng was even more excited when he saw this.

Amidst the laughter, not retreating but advancing, directly greeted.

A punch smashed the past!

With a bang, a loud noise like the humming of gold and iron, Chen Feng's fist slammed into the tail of the cyan Panshan giant snake!

Chen Feng stood steadily on the ground and did not move at all.

The cyan Panshan Giant Snake, weighing more than ten thousand knots, had a tail that was not as thick as a mountain beam, and was hit by Chen Feng and swung up directly.

With a slap, he slammed into the void fiercely.

Directly draw out several cracks in the void.

Chen Feng's formidable power rushed into the tail fiercely.

However, the tail of this blue panshan giant snake is not only hard, but also extremely tough.

The bones and the huge scales in the middle have a very strong force-relief effect.

Therefore, with this punch, Chen Feng did not hurt it.

It was just hitting it, and it lifted up a few hundred meters!

A smile appeared at the corner of Chen Feng's mouth, but he didn't stop at all.

With a flash of figure, he came directly behind the cyan Panshan Giant Snake, grabbing its huge tail with both hands!

However, Chen Feng also felt that the cyan Panshan giant snake was a more difficult object to deal with than the khaki giant bear!

This blue panshan giant snake, with iron bones, is like a hundred alchemy diamonds.

Hard and tough!

This cyan Panshan giant snake was really fierce. Chen Feng grabbed its tail with both hands at this time, but he didn't stop, twisting his upper body fiercely.

The huge ferocious snake head turned abruptly, biting at Chen Feng!

The momentum is fierce!

Chen Feng laughed: "Animal, dare to make trouble?"

In the next moment, Chen Feng grabbed the tail of the cyan-colored panshan giant snake, screamed and punched his arms!

The seven big stars shone, and the force of 211 billion catties rushed into Chen Feng's arms.

Chen Feng pressed his hands and shook so fiercely!

boom!

An explosive force broke out instantly.

The scales of this cyan-colored panshan giant snake were originally laid down on its body.

But after being stunned by Chen Feng, all those scales were erected!

This shaking shook the cyan-colored Panshan giant snake directly!

In an instant, he couldn't control his body completely.

He only felt that his whole body was soft, his bones and muscles seemed to be shattered.

It couldn't control its body at all, and it suddenly changed from extremely hard to soft as mud.

It screamed in horror and tried to turn its head to look at Chen Feng.

But just such an action, it can't be done.

In Chen Feng's hands, it was like a rotten straw rope.

It seems to have had a foreboding of its own destiny.

Chen Feng laughed loudly. He actually grabbed the giant blue panshan snake with both hands and whipped it up.

That's right, it's just kicked up!

It's like an ordinary adult man grabbing a straw rope.

After a few laps, his arms sank.

Then directly smashed the cyan-colored Panshan Giant Snake towards a huge mountain next to it.

That's right, Chen Feng was like grabbing a huge whip or a huge stick, grabbing the cyan panshan giant snake and smashing it against the huge mountain nearby.

The huge mountain next to it is hundreds of thousands of meters high.

Although the cyan Panshan Giant Snake is big enough, it is not enough to compare with this mountain.

With a snap, it was slammed on it.

If this cyan Panshan Giant Serpent had prepared enough to carry out the defense, then this blow would not do anything to it.

But the point is, because he was shaken by Chen Feng just now, his bones and muscles were directly shaken, and there was no defense at all.

He is almost completely undefended now.

Therefore, with a loud bang, his body slammed on the huge mountain.

Suddenly, on the mountain peak, a huge crack with a length of tens of thousands of meters and a width of several hundred meters appeared at the place where it was hit.

At the location where it was hit, the mountain forest shattered and turned into countless debris and powder.

Flying everywhere.

The entire giant mountain trembled.

Countless rocks fell suddenly, and dozens of huge cracks spread all around.

The mountain trembled violently after being smashed.

Mountain peaks are like this, not to mention the flesh and blood of the cyan Panshan giant snake.

Almost at this moment, the snake scales splashed all over.

The snake skin shattered, and a huge amount of blood burst out.

It dyed its body into a blood red color.

It turned into a scarlet whip.

The cyan Panshan Giant Snake let out a scream.

And this is just the beginning, not the end at all.

The next moment, Chen Feng swiped it again and smashed it towards another mountain.

That mountain is slightly smaller.

Suddenly, he was directly smashed by the cyan Panshan giant snake.

Cyan Panshan Giant Snake is also more seriously injured.

Chen Feng picked him up again, banging banging, and smashing into other mountains.

Until all the nearby peaks were smashed to pieces!

At this moment, the cyan Panshan Giant Snake in Chen Feng's hand was already seriously injured and dying.

Chen Feng just laughed, stretched out his hand, and threw it far away.

The cyan panshan giant snake hit the ground hard.

After it regained control of its body, it quickly curled up.

However, the gaze that looked at Chen Feng was also full of fear.

[Chapter 4407: So domineering!](#)

It was in sharp contrast with the arrogance just now.

Chen Feng punched the khaki giant bear and broke his arm, and blood spurted out.

He also shook the cyan Panshan Giant Snake and smashed it to pieces.

This scene directly stunned the giant boat swallowing fish and the iron blue giant wolf.

They had come violently, but at this time, their faces were full of fear.

Wandering in place, dare not step forward at all.

Chen Feng suddenly turned around and stared at them.

Chen Feng just turned around, but the two five-star monster emperors were so scared that they backed away.

Chen Feng turned around and scared them away!

Looking at the scared expressions on both of them, Chen Feng's mouth twitched, revealing a scornful smile.

Then, he hooked his finger and laughed loudly: "Come on! You two go together!"

The swallowing giant fish and the iron-blue giant wolf showed a hint of fear in their eyes.

They just came violently.

In their opinion, this human can be killed easily.

But now, after Chen Feng demonstrated this powerful strength, they were immediately frightened!

Chen Feng stared at them, and suddenly smiled coldly: "Isn't you here?"

"Well, if you don't come, then I will go!"

At the next moment, Chen Feng's figure flashed, and he directly killed the boat swallowing giant fish and the iron cyan giant wolf.

Then, there were screams and screams, crazy beast roars, and Chen Feng's hearty laughter sounded one after another.

However, after dozens of breaths, the boat swallowing giant fish and the iron cyan giant wolf were also covered in blood and bruised.

Looking at Chen Feng, his face was full of fear.

They are also seriously injured!

However, after dozens of breathing times, Chen Feng was beaten miserably.

Chen Feng laughed, heartily, and exhilarated!

Suddenly, he pointed at the Tianchou Beast Slave: "Now, the practice is over! It's time to end it all!"

Everything just now, just now Chen Feng and the four five-star monster emperor level monsters were just practicing their hands!

What a arrogance this is! How confident this is! How overbearing!

In the next moment, Chen Feng practiced two tricks, directly blasting the boat swallowing giant fish and the iron cyan giant wolf!

At this point, the four major five-star demon emperors have all fallen into the sand!

Chen Feng was like an invincible God of War, swaying his strength wantonly here.

It's not like the four big five-star demon emperors besieging him, but it's like he has surrounded the four big five-star demon emperors with his own power!

Which one do you want to play?

It was embarrassing to clean them up!

So domineering!

The four major five-star Wudi had returned to where they were when they set off.

Standing there, looking at each other.

When he glanced at Chen Feng, his face was full of fear, and he did not dare to take a step forward!

And above the sky, that huge golden-winged dragon eagle, at this time also shrinks its pupils.

Looking at Chen Feng, there was an unstoppable look of fear in his eyes.

Originally, before, it was quite contemptuous of Chen Feng.

Feeling that I easily beat its Qingluan Ruyizhou down.

But only then did it know how lucky it was just now!

It couldn't help being thankful, but fortunately it didn't go down and besiege Chen Feng.

Otherwise, I'm afraid that it will be able to grab its own bird's edge and smash it!

Thinking of the tragic appearance of the cyan Panshan giant snake that was almost broken, this huge golden-winged dragon eagle shuddered, shivering!

Han Yuer and Qingqiu Yaoguang looked at Chen Feng, their faces were full of admiration.

Quiet, deadly quiet!

At this moment, the four demon emperors stopped there.

And the three hundred Demon Emperor Realm powerhouses also stopped, staring at this scene blankly.

The mountain is broken, the river is dry, everything here is just like the battle between gods and demons in ancient times!

At the scene, only Chen Feng stood proudly above the sky!

He looked at his fist, looked at the moonlight light flowing on the surface of the fist, and his face was full of admiration:

"The power of luck is really terrifying!"

"The tiny strands of energy that I absorbed before condense into these seven big stars, and the strength has reached this level!"

He is also full of expectations for the future:

"I don't know the future, absorb more power of luck, and gather more stars."

"What kind of situation can the strength be improved to!"

Suddenly, his arms spread out, and his whole body burst into laughter.

Chen Feng only felt uncomfortable all over his body.

The stagnation after the breakthrough, the unstable foundation, and the shackles that existed between the muscles and bones have all been swept away!

He felt that his physical condition had reached its peak at this time!

After the fierce battle just now, Chen Feng has completely stabilized his realm.

He was extremely refreshed, opened his arms, and laughed loudly!

There was a dead silence, only Chen Feng's voice echoed.

At this time, following the battle just now, Chen Feng's body strength was all fulfilled.

The five-star Wudi realm he had just entered was completely stabilized.

Chen Feng really wanted to thank the Heavenly Canal Beast Slave.

It is not so easy for his realm to be stabilized, at least it will take a few months to complete it completely.

But now with these four great five-star monster emperors practicing, Chen Feng's realm is already extremely stable!

The Tianchou beast slaves are stupid.

He stared at everything in front of him blankly, and he still hadn't recovered.

Just muttered to himself: "How could it be, how could it be defeated like this?"

At this moment, he suddenly thought of the words Chen Feng said when he defeated himself before: "I didn't exert any effort, you fell."

Suddenly, he shivered violently.

Just now, he thought it was just Chen Feng's bragging.

Now I know that Chen Feng is telling the truth!

No bragging at all.

"It turns out that..."

His eyes were dull, and he murmured, "I don't deserve his full strength at all!"

He shuddered violently, looking at Chen Feng, his gaze showed a bit of fear.

Chen Feng's gaze swept across the four major five-star monster emperors, and pointed at them: "You guys, are you coming?"

Just did this one action.

The four great five-star demon emperors stepped back in shock.

Looking at Chen Feng, his face was full of fear.

Where would you dare to fight Chen Feng again?

Tiancun Beast Slaves are after all.

In his temperament, there is unspeakable determination and some mechanicalness.

And mechanical means not knowing what fear is.

His instinct was fear and awe of Chen Feng, but soon, that inexplicable power that controlled him was to sweep away this fear and awe.

His eyes became firm again.

"Chen Feng, do you think it will be over after defeating these four five-star monster emperors?"

"Tell you, it's far from over!"

[Chapter 4408: Get rid of them in one move!](#)

"This is just the beginning!"

He gritted his teeth and roared: "My real ultimate move is not the four-headed five-star monster emperor!"

"But!"

His hand suddenly pointed to the monster beasts that covered the sky and the earth, like a black tide:

"It's these three hundred monster emperors!"

The next moment, he screamed frantically: "Kill! Kill! Kill!"

The three hundred monster emperors roared in unison!

It seems that the words of Tiancun Beast Slave are their greatest encouragement.

They instantly swept away that fear and jealousy, and then killed Chen Feng again.

The earth shakes, the mountains shake, the world changes color!

The momentum is fierce and evil.

What Tiancun Beast Slave said was true, and now it was the real crisis.

This is the real horror of his summoning technique, and this is his real power!

In fact, even with Chen Feng's current strength, even if he easily defeated these four major five-star demon emperors, he was still defeated at this time.

Because of this wild wave of beasts. It seems that these four major five-star demon emperors are leading, and it seems that the four of them are the strongest.

But in fact, if the overall strength of this beast tide is 10%, the four of them add up to only 10%.

This tide of beasts is truly terrifying, it is the endless monsters of other Demon Emperor Realm!

More importantly, behind, there are many monsters of the Demon Emperor Realm, constantly coming!

Those ghosts of low strength can even make Xiahou Jiuyuan and other powerful people not dare to enter the ghost forest easily, and they will be piled to death for fear of life.

Not to mention these powerful monsters.

Anything has a quantity, so the power will have a qualitative change!

At this time, the expression of Tiancun Beast Slave had become extremely firm.

He stared at Chen Feng and said word by word: "Chen Feng, you are great."

"My four major five-star demon emperors are not your opponents."

"Even if you add me, and the golden winged dragon eagle in the sky, it is not your opponent."

"but!"

His eyes were filled with determination: "I firmly believe that my summoning technique is invincible, and no one is my opponent."

"just now!"

He suddenly raised his arms, and the wispy but powerful summoning power on his body radiated again.

When Chen Feng looked far away, he saw that further away, there were some huge figures suddenly appearing in the endless mountains.

It was the Demon Emperor one after another.

More demon emperors were summoned by the heavenly remnant beast slaves from the mountains, deep valleys, and even the abyss farther away!

"I will do my best to summon countless monsters!"

"Pile you to death!"

"I don't believe it, so many monsters can't kill you alone!"

Chen Feng looked at the Tiancun Beast Slave with a touch of admiration on his face.

Tiancun Beast Slave, in fact, is extremely firm in mind, and has his own beliefs and pursuits in his heart.

The Tiancun Beast Slave continued to summon, but the three hundred demon emperors who had already been summoned would come forward quickly.

Of the three hundred demon emperors, some are already close at hand.

Even at this time, Han Yuer and Qingqiu Yaoguang on the Qingluan Ruyizhou could see their hideous faces.

I can imagine that in the next moment, these three hundred demon emperors will completely drown Chen Feng and others!

Chen Feng smiled: "You are very strong, but unfortunately, you are not my opponent!"

That's right, this beast tide is extremely powerful!

Three hundred demon emperors!

Even the nine powers, except for the super strong existence of God of War Mansion and Shifang Jungle, other powers cannot produce so many Martial Emperor Realm masters!

If these beast tides, under the leadership of these five demon emperors, attack any of the nine great forces, they may be crushed directly to the ground!

However, Chen Feng didn't have the slightest fear.

There was even a smile on the corner of his mouth!

He still has a hole card, he hasn't opened it yet!

Chen Feng looked at the Tiancun Beast Slave and suddenly raised a finger.

Tiancun Beast slave raised his brows: "What do you mean?"

"With one move, get rid of these monsters like you!"

Chen Feng smiled lightly.

The Tiancun Beast Slave changed suddenly.

The look full of pride and ambition has completely disappeared, turning into a touch of indescribable anger and coldness.

"Chen Feng, you are deceiving too much!"

He is most proud of, but Chen Feng is so ignored, even ignored, how can he stand it?

"Do not believe?"

Chen Feng smiled: "Look up with your eyes wide open!"

The next moment, Chen Feng suddenly gave a soft drink and closed his eyes.

At this time, he visualized himself.

At this moment, seven big stars in Chen Feng's body shone brightly.

Bright and radiant.

It's just that, among these seven big stars, what is diffused this time is not incomparably powerful.

It's the seven powers that are wispy, imaginary and ethereal, but they are extremely thick and heavy!

As soon as these seven powers appeared, Chen Feng suddenly felt the vast ground under his feet tremble violently.

An inexplicable meaning came from the vast land.

This kind of emotion is exciting, nostalgic, and nostalgic.

It was as if the seven powers rising in Chen Feng's body were closely related to this earth.

No, to be precise, it's not just with this land.

It's the sky above Chen Feng's head, the earth under her feet, and everything around!

It is closely related to this world!

These seven powers are exactly the seven powers of luck that Chen Feng had obtained before!

Possess seven-ten thousandths of the Qi Luck of the entire Dragon Vein continent!

This seven-ten thousandth of the Qi Luck turned into seven big stars in Chen Feng's body.

In the next moment, as Chen Feng sighed softly, suddenly, the power of these seven qi lucks slowly overflowed from his body.

In an instant, he came to this piece of heaven and earth.

And after this force of luck appeared in this space, the reaction between the sky and the earth became even stronger.

Above the sky, the color suddenly changed.

The earth trembled slightly.

And above the ground, all the vegetation, all the woods, and all the rocks shivered slightly.

In that trembling, there was even more joy and intimacy that could not be explained.

Because, to them, Chen Feng's power of luck means the most original power of the Dragon Vein Continent.

It can even be considered the incarnation of the Dragon Vein Continent here.

All of this was conceived from the Dragon Vein Continent.

It's normal for them to be so happy and close to these seven powers of luck!

Even the monster beasts stopped their movements.

They all looked at Chen Feng blankly, at the seven powers of luck on Chen Feng's head!

Even the Celestial Remnant Beast Slave was staring at it.

He looked at Chen Feng and shouted in disbelief: "This power, this power!"

"I feel so familiar! With my summoning power..."

Chen Feng smiled slightly: "No, you made a mistake, this is much more pure and advanced than your summoning power."

The next moment, the power of Qi Dao Luck crashed forward.

[Chapter 4409: The power of luck is invincible!](#)

And the goal of the power of luck was the summoning power released by the beast slave that day.

The power of summoning is not just a few powers.

This summoning power spread out over the world.

It's inextricably linked, I don't know how many, like a huge spider web.

And in the center of the spider web is the Heavenly Remnant Beast Slave.

At this time, the Heavenly Remnant Beast Slave, between these four great five-star demon emperors, between these three hundred demon emperors, and even between the other demon beasts that are being summoned by him, each one is with him. There is a summoning power connected!

These summoning powers are where the Celestial Remnant Beast Slaves tried to kill Chen Feng!

Chen Feng's seven powers of luck, the goal is also the power of these hundreds of summons!

In the next instant, the power of Qi Luck directly hit the thread of the power of summoning.

The silk thread formed by the power of summoning, after feeling the power of air transport, exudes extremely fearful emotions!

That's right, the threads formed by these summoning powers seem to be wise.

They are extremely scared now.

In the next moment, the power of luck slammed into these summoning powers.

As soon as they hit, the silk thread formed by the power of summoning suddenly shattered.

Vulnerable!

The power of summoning is vulnerable to the power of luck!

Bang bang

There were crisp sounds in the air instantly.

The seven summoning powers that were hit were broken and clean.

And the seven-headed monster beast connected with the seven powers of summoning was all stunned.

As a result, they instantly felt that the sentiment of nostalgia and admiration between them and the Tiancun Beast Slave just disappeared.

They looked at the cruel beast slave, grinned, and let out a roar, with a bit of resentment in their eyes.

But it seems that they also know that the beast slaves are not easy to provoke.

Just roaring, he turned and quickly slipped away with his tail in between.

Seeing this scene, the other monsters were also shocked.

The Celestial Beast Slave yelled in disbelief: "How is it possible? My summoning power was actually broken by you?"

This is not the first time that the Tiancun Beast Slave has fought against people.

In fact, although it was the first time he was released from the Ten Thousand Beast Islands, he came to the Dragon Vein Continent.

However, his combat experience is extremely rich, not even worse than Chen Feng.

During his training in the Ten Thousand Beast Islands, almost every day, the three old things in Ten Thousand Beast Islands arranged for the strong to practice against him.

Otherwise, his summoning technique could not be so proficient.

The training in Ten Thousand Beast Islands was extremely cruel.

The opponents they chose for the Tianchou Beast Slaves were all powerful men they had looted from the Dragon Vein Continent.

Even some unruly monsters.

They played against the Tianchou Beast Slave, and as long as they lost, they would die.

Then naturally it will do everything possible.

More than one opponent among them could see that the connection between the Heavenly Remnant Beast Slave and the monster beast was the silk thread formed by the power of summoning.

More than one opponent tried to destroy this summoning power.

But no one can do it at all.

The power of summoning is mysterious and unpredictable, and is supported by an extremely powerful core.

It seems to be true, if there is nothing.

How could it be broken?

However, Chen Feng did it today.

Moreover, it was so easy to do.

Chen Feng laughed loudly: "Come again!"

In the next moment, under Chen Feng's control, the Qi Dao Qi Luck continued to move forward!

Rampage!

Wherever the power of the Qidao Qiyun goes, it is invincible.

These summoning powers simply have no ability to resist.

Boom boom boom!

The sound of breaking is endless.

Almost in a blink of an eye, the power of more than 300 summons was crushed.

There is no strength to fight back, as if to destroy the dry.

In the end, there were only four of the thickest ones left, and they were the only summoning powers that remained so far.

These four summoning powers are connected by the four-headed five-star monster emperor!

Chen Feng stretched out his hand and pointed, "Bump them!"

The power of the seven Qi Luck instantly slammed against the last remaining summoning power of the four.

Although the power of these four summons is the greatest, they still cannot be compared with the power of Qi Luck.

Boom boom boom, these four summoning powers were also directly crushed to pieces!

So far, all the power of summoning has been shattered!

The power of luck is invincible!

The four five-star demon emperors had already been beaten to death by Chen Feng.

He didn't leave before, but it was because he was summoned by the Heavenly Cruel Beast Slave.

Now that he is free, where can he still dare to stay for a while?

They are all rushing away.

In an instant, this mountain forest became extremely quiet, and all the monsters disappeared without a trace.

Suddenly, the roar of the beast and the song of the bird were never seen again.

This mountain forest became extremely quiet, only the wind whizzed past.

It was so quiet that it made people think that everything just now was just an illusion.

It's just that there are huge cracks everywhere here. The vast expanse of mountain forest that has almost been destroyed is telling what happened just now.

After the power of more than 300 summons shattered, if you look closely, you can find it.

What is broken is just the surface of the summoning power.

In its inner core, there are strands of extremely small and flimsy power, still in the air.

Then, it slowly returned to the body of the Tianchou Beast Slave.

This kind of power is mysterious and unpredictable, if it exists, but it is with this world, hiding in this world at any time.

Not only is it extremely powerful, it is also difficult to determine whereabouts.

If it is another martial emperor realm powerhouse, even if it is at the level of the supreme master of the nine major forces, it may not be possible to find it.

But Chen Feng could see clearly.

He sighed slightly: "Sure enough, what I had guessed before was correct."

"The core of the power of summoning is the power of luck!"

"This Heavenly Remnant Beast Slave also has the power of luck."

"Although the number is not large, it has at least reached the level of Chu Shaoyang!"

It turns out that these illusions, if there is nothing, the power of supporting the body between the sky and the earth, is unexpectedly the power of luck!

This finally confirmed Chen Feng's previous speculation.

Before that, when the cruel beast slaves had just summoned these monsters.

Chen Feng vaguely felt that in his summoning power, there seemed to be a power that he was very familiar and close to.

That kind of power is hard for others to discover.

But Chen Feng felt clearly.

This kind of power is the power of luck.

Chen Feng is the son of Qi Luck, the character of Longmai Continent with Qi Luck, where there is the power of Qi Luck, he can't escape his magic eye!

Therefore, Chen Feng was confident enough to disintegrate his three hundred demon emperors easily!

He carefully sensed the force of Qi Luck that gradually returned to the body of the Heavenly Canal Beast Slave.

[Chapter 4410: excuse me!](#)

After a long time, gently nodded.

"The power of his luck, combined, is roughly equivalent to one of my luck."

In other words, the sum of the strength of the Tiancun Beast Slave's aura is about one-seventh of Chen Feng's.

This amount is not too small.

It had already reached a level similar to Chu Shaoyang.

"So..."

Chen Feng looked at the Tiancun Beast Slave with piercing eyes: "He can also be called one of the children of luck in the Dragon Vein Continent."

There was a hint of excitement in Chen Feng's eyes.

For him, in addition to Chu Shaoyang, it was definitely an extremely important thing to know a son of Qiyun from the Dragon Vein Continent.

Especially, this son of luck, it is also possible...

A smile appeared at the corner of Chen Feng's mouth, thoughtfully.

"However, his strength of luck seems to be different from that of Chu Shaoyang and me."

Chen Feng could feel a little strange, but he didn't say exactly what was different, so he still had to take a closer look.

The Tiancun Beast slave stared blankly at Chen Feng stalking the sky, easily destroying everything.

"The power of luck!"

He seemed to have thought of something too. Looking at Chen Feng, he exclaimed in disbelief: "Chen Feng, you, you also have the power of luck?"

Chen Feng smiled: "Yes."

"And, it seems, my luck is stronger than you."

A look of sullen expression appeared on the face of the Tiancun Beast Slave.

He knows that one of the most important reasons why he has such a strong summoning ability is that he has the power of luck.

Having obtained that trace of luck, and blending it with his own talents, he has only this powerful summoning ability. *NovELUsb.cOm*

But now, this power of luck is not at all useful in front of Chen Feng.

The power of his luck is countless times stronger than himself!

But in an instant, the decadence on the face of the Tiancun Beast Slave disappeared again, turning into a heavy murderous intent again.

"However, Chen Feng, I still want to kill you!"

"You want to kill me? Still killing me?"

"Even if this happens, I still want to kill me!"

Chen Feng was not angry.

Just a twist of his brows, a vicious air flashed.

"Those three old things, the Ten Thousand Beast Islands, how did they control you? They turned you into what you are now?"

He knew that the reason why the Celestial Beast Slave had such a reaction was because of the Ten Thousand Beast Islands' control over him.

Chen Feng stared at the Celestial Beast Slave and smiled coldly: "Now, it's over!"

The next moment, Chen Feng flashed directly to the side of the Tianchou Beast Slave, and shouted: "Offend!"

After all, it was a punch.

Seeing Chen Feng fiercely attacking Tiancun Beast Slave, he instinctively fisted back.

It's just that Chen Feng didn't use the seven big stars before, and he was not Chen Feng's opponent when he was 211 billion catties.

Chen Feng now has seven great stars circulating in his body, with brilliance.

A huge force of 210 billion catties, madly rushing out!

How is he Chen Feng's opponent?

When the two fists crossed, the Tianchou Beast Slave snorted directly.

He took a step back, the bones of his right arm shattered and fell softly.

After that, Chen Feng did not stop, and blasted out another punch, directly smashing his left arm.

Then there was another punch!

Boom boom boom!

Chen Feng blasted five punches one after another, directly smashing the entire bones of the Heavenly Canal Beast Slave.

Even, it couldn't support it at all, and it fell directly to the ground.

If he had just been talented, he could still absorb the power of the earth here.

Now that the power of the earth is dry, he can't absorb it at all.

Chen Feng was so miserable that he lay on the ground instantly, unable to attack at all.

He looked at Chen Feng, his face was full of horror.

Chen Feng looked at him and smiled slightly: "Don't worry, I don't want to hurt you."

"It's just that there are some things that you can't do if you don't beat you like this."

After all, Chen Feng mentioned the heavenly beast slave who was like a puddle of mud, his figure flashed, and he returned to the Qingluan Ruyi Boat.

On the Qingluan Ruyi Boat, Han Yuer and Qingqiu Yaoguang's faces are full of admiration and worship.

And at this moment, suddenly above the sky, a clear chirping sound rang.

A huge figure directly pounced.

Chen Feng looked up!

Above the sky, a huge golden-winged dragon eagle rushed towards Qingluan Ruyizhou.

Chen Feng smiled coldly: "You little beast, just before I was asleep, you pounced on Qingluan Ruyizhou?"

"I really thought I was something, didn't you? I gave you a face, didn't I?"

His figure flashed, came to the sky, and slammed a punch!

It was hitting hard with the iron claws of the huge golden-winged dragon eagle.

There was a crisp sound, and the iron claws of the huge golden-winged dragon eagle were directly shattered!

He flew out with a scream, his wings shook, and quickly escaped.

However, after flying out a long way, he rotated in the air again, came to the top of everyone's head, and watched Chen Feng and others.

To be precise, it should be looking at the heavenly beast slave like a puddle of mud.

The eyes are full of concern.

Chen Feng laughed loudly: "You flat-haired beast, you are loyal."

"Don't worry, I won't do anything to your master."

"If I want to kill him, I can kill him now, why bother?"

Chen Feng had already noticed that only this monster beast was truly tamed by the Heavenly Canal Beast Slave.

Between them, there was no thread formed by the power of summoning.

Obviously, this monster beast was also the most loyal to the beast slave.

This is also the reason why Chen Feng didn't kill him.

The demon beast protector is commendable for his loyalty!

In the next moment, Qingluan Ruyizhou flew slowly and flew towards Chen Feng's destination.

The huge golden-winged dragon eagle hovered beside Qingluan Ruyizhou, and after that, it was full of concern for the beast slaves.

Chen Feng stopped paying attention to it, just lowered his head and looked at the Tiancun Beast Slave.

The Tiancun Beast Slave has seen everything that happened just now, Chen Feng has not killed the Golden Winged Dragon Eagle, and he is also very grateful.

Chen Feng looked at the beast slave, and said with a smile:

"Tianchou beast slave, next, if I ask you, you just need to nod or shake your head."

The Tiancun Beast Slave was a bit at a loss.

Just nodded, indicating that he knew it.

Chen Feng paused and asked softly: "Do you have only the last 20 or 30 years, not before?"

Tiancun Beast Slave nodded.

"Presumably, since you have the memory, you just stayed in the Ten Thousand Beast Islands and practiced daily, right?"

The Tiancun Beast Slave continued to nod his head.

Chen Feng already had a few thoughts at this time.

He then smiled and said: "In Ten Thousand Beast Islands, you have no friends, no relatives, and no one to talk to you."

"Even, you can't say a few words a year."

"But you should fight all the time to improve yourself, right?"
