[Chapter 4411: No, you think!](#)

The Tiancun Beast Slave continued to nod his head.

Chen Feng smiled slightly and stretched out a finger: "I will ask you one last question."

"The so-called beast **** messengers of the three Ten Thousand Beast Islands, you absolutely cannot violate their orders."

"Instinctively, you are full of obedience to them, right?"

The Tiancun Beast Slave nodded without hesitation.

Chen Feng sighed softly: "I understand."

He already roughly understood what was going on in his mind, and couldn't help but sigh softly:

"Ten Thousand Beast Islands, your luck is really good!"

"Unexpectedly, I picked up such a genius with the power of luck, and made them into a killing machine that only belongs to your Ten Thousand Beast Islands, unconditionally obey your orders!"

At this time, Chen Feng had already seen what happened to the Heavenly Canal Beast Slave.

I'm afraid that the origin of Tiancun Beast Slave is quite terrible.

I don't know what method was used to control the Ten Thousand Beast Islands.

Chen Feng suddenly looked at the Tiancun Beast Slave, smiled and said, "Do you want to get rid of the control of Ten Thousand Beast Islands?"

"Do you want to know, what is the real, original you?"

When the Tiancun Beast Slave heard this, an extremely shining light burst into his eyes instantly, his eyes full of desire and yearning.

But then, the light disappeared instantly.

He stared at Chen Feng, his eyes flashed with a cruel and fierce light like a beast, and he yelled violently: "No! I don't want to! Don't ruin me!"

Chen Feng smiled slightly: "No, you think."

He was even more sure now that the original mind of the Tiancun Beast Slave absolutely wanted to know his future.

However, this real idea was obliterated by the Ten Thousand Beast Islands' control over him.

In other words, the instinct in the Tiancun Beast Slave's body is not actually his real instinct.

It was the Ten Thousand Beast Islands, made for him, an instinct that completely obeyed the three so-called beast gods!

Chen Feng looked at the beast slave:

"Next, everything I do, when you are truly sober, you will definitely be grateful to me."

Before he finished his words, he flipped his right hand.

In the palm of his palm, the mysterious black ancient characters gleamed like a vertical pupil.

Suddenly, all the attention of the Tianchou Beast Slave was attracted by this erect pupil.

He couldn't help looking at the ancient characters of Xuan'ao.

At the same time, the strange pupils that stood upright blinked slightly.

Suddenly, the Tiancun Beast Slave felt that he was blinded in an instant.

All of his mental powers flowed out like a tide.

Then, his consciousness was in chaos, and the whole person stayed in place instantly.

Dementia, unconscious.

Quietly, Chen Feng's reincarnation of heaven and earth was already activated, directly inhaling the soul of the beast slave.

Heaven and earth overturning reincarnation magic, used once, the cost is extremely high.

Fortunately, after the last use, Chen Feng has been steadily recuperating for several days.

So, it can be used again now.

Chen Feng stared blankly at the Tiancun Beast Slave, his eyes deep.

In fact, with the strength of the Heavenly Remnant Beast Slave and his talent, the soul that would not have been so easy was sucked into it by the Heaven and Earth Turning Reincarnation Magic Art.

After all, he is not a soul body like a soul slave.

Chen Feng knew why.

Presumably, his soul had suffered severe damage before, and was severely devastated by the three old guys from the Ten Thousand Beast Islands.

It is conceivable that the origin of the Tianchou Beast Slave is so mysterious and the talent is so strong.

In order to control him, the three old things in the Ten Thousand Beast Islands must have fiercely suppressed and destroyed his soul, for fear of him awakening.

Therefore, his soul strength is actually relatively weak.

Chen Feng looked at Han Yu'er and Qingqiu Yaoguang: "If there is any accident, immediately take me to wake up."

Han Yuer nodded.

Chen Feng slowly closed his eyes, and his mind sank.

In the next moment, he appeared in the reincarnation magic space.

Reincarnation magical space is vast and infinite.

The starry sky is shining, just like real.

Chen Feng stood proudly in the void, facing the erect pupil.

At this moment, in the pupils, a group of phantoms were floating on their own, their eyes blank.

It is the soul of the beast slave.

Chen Feng's heart moved, and immediately, this phantom disappeared.

A picture, slowly unfolding.

Chen Feng is reading the memory of the beast slave.

The memory of Tiancun Beast Slave slowly spread out in front of Chen Feng.

From near to far, from the present to the past, gradually passing.

Chen Feng is very familiar with the first scene in his memory.

It was exactly what he had just experienced with Tianchou Beast Slave just now.

It was the mighty monster beasts all over the mountains, the mountain-like four big five-star monster emperors, and the white-clothed youth standing proudly!

Of course, this memory is unfolding from the perspective of the Tiancun Beast Slave.

Chen Feng looked at it and found it very interesting.

"It turns out that I look like this in the eyes of others."

Time goes on.

From the perspective of the Tiancun Beast Slave, Chen Feng saw the various insights and curiosities of the Tiancun Beast Slave in the Dragon Vein Continent.

Then there are endless dark and cold waters.

The Tiancun Beast Slave was swimming in this dark sea, and I didn't know how many powerful monsters he had touched around.

The monster beasts in the Great Northern Ice Ocean were originally numerous and extremely powerful.

There are endless dangers hidden under the great northern ice ocean.

There are six-star demon emperor, seven-star demon emperor, and even the eight-star demon emperor whose strength surpasses Xiahou Jiuyuan.

Even if he was as powerful as Xiahou Jiuyuan, he didn't dare to rush into the waters of the Arctic Ocean.

I'm afraid that he would go in, there is no luck, there is no life.

On this Dragon Vein Continent, there are still many top powerhouses who dare not step into the area.

But the celestial beast slaves roamed in it with ease.

The many monsters, no matter how powerful they are when they come over to swallow him, they are fierce and evil.

After coming into contact with the Heavenly Remnant Beast Slave and perceiving the breath, especially the summoning power emanating from the Heavenly Remaining Beast Slave, he became unspeakably docile.

Think of him as his own tribe and companion.

Chen Feng couldn't help but be surprised.

"The summoning power of the Tiancun Beast Slave is really powerful, making almost all monsters have no hostility towards her."

"Just, why doesn't my power of luck have this effect?"

"Ming Ming Tomorrow's summoning power is based on the power of luck? Could it be because of his own talent."

Chen Feng shook his head, got rid of this thought, and continued to look down.

Then, he saw Tiancun Beast Slave sliding into the icy water on the edge of Ten Thousand Beast Islands.
Go further.

In an instant, the memory was full of pain, tyranny, killing, beating, and abuse.

All kinds of unbearable, all kinds of gloomy.

The environment in which the Tiancun Beast Slave lived seemed to be a huge space in a tall tower.

[Chapter 4412: Memories of Tiancun Beast Slave](#)

Fangyuan is as big as hundreds of miles, and it seems to be underground, a confined space.

Although huge, it is a cage magnified countless times.

There are huge iron-colored boulders everywhere, sealing this place.

Not only that, there is a powerful magic circle inside the iron-colored boulder to prevent people from escaping from it.

And this area is not even an area where the beast slaves can move freely.

The celestial beast slave is usually kept in a cage made of special materials.

The cage didn't know what kind of metal it was built of, it was so hard and flexible that it couldn't be broken.

Moreover, on the cage is also engraved with a powerful magic circle.

That magic circle was carved by the three beast **** envoys from Ten Thousand Beast Islands.

This cage is so small that you can't even sit in it straight, you can only bend down.

The Tiancun Beast Slave has been locked inside like this for many years.

The pain can be imagined.

Every ten days, he will be released for an hour.

This hour is for fighting.

Every ten days, a powerful monster, or a powerful warrior, was thrown here.

Celestial beast slaves want to fight with them and exercise their killing skills.

Tiancun Beast Slaves also try to summon those monsters to increase their summoning power!

And every once in a while, the beast slave would be brought to the highest point of the tower.

Chen Feng saw the three elders in the memory of the beast slave.

When the three elders appeared, Chen Feng could clearly feel the huge and incomparable fear that flashed through the mind of the Heavenly Remnant Beast Slave.

And, murderous!

Yes, he hated the three elders to the extreme, but he was also afraid to the extreme.

Looking at the withered faces of the three people, Chen Feng sighed softly: "These three are the three top powerhouses in the Ten Thousand Beast Islands."

"That is, the so-called beast **** messenger!"

Even in the memory of Tianchou Beast Slave, Chen Feng could feel their power.

But the Tiancun Beast Slave was caught in this magic circle, and the three of them jointly controlled the magic circle.

In the magic circle, the golden light was bright, condensing countless things like long golden needles.

Then, those golden needles pierced fiercely into the body of the Heavenly Canal Beast Slave.

Every long golden needle pierced in, and the Heavenly Canal Beast Slave became a little confused.

Chen Feng looked at it and nodded slightly: "Sure enough, I guessed right before."

"The memory of Tiancun Beast Slave should be sealed by the people of Ten Thousand Beast Islands."

"It's just that, looking at this posture, what the three beast **** envoys are doing at this time is not sealing, but just strengthening the seal."

The memory moves forward.

The life of Tiancun Beast Slave lasted for thirty years.

Thirty years have been painful suppression, strengthening the seal, and all kinds of torture and humiliation.

Chen Feng couldn't help sighing, the cruel beast slave's disposition was already strong enough.

If it's another person, I'm afraid I've become a lunatic who only knows crazy killing!

After that, Chen Feng continued to trace his memory forward.

However, after these thirty years of memory passed, Chen Feng discovered that the memory in front of him was gone!

That's right, it's gone!

At this moment, the picture of memory flashed forward, and what appeared in front of Chen Feng was pitch black!

It's pitch black, nothing!

The memory seems to have stopped.

In the next moment, Chen Feng saw that in the endless darkness, there were golden spots of light quietly emerging.

And then condensed with golden light spots, finally revealing their appearance.

It turned out that this turned out to be a huge golden long needle after another.

These golden needles were nailed fiercely in the darkness.

There are strands of black power permeating from above, like a huge spider web, permeating every part of this darkness.

At the same time, it made this black piece more condensed and firm, and it couldn't be broken at all.

Chen Feng suddenly felt in his heart.

These golden needles must be the seal that the beast gods of the Ten Thousand Beast Islands kept strengthening!

Chen Feng could feel that under the darkness, it seemed that there was the memory of Tiancun Beast Slave.

And this darkness comes from these golden needles.

In the long golden needles, there are still strands of black aura, constantly flowing out, converging into the darkness below, making the darkness stronger.

Completely sealed the memory of the beast slave.

Under that piece of darkness, the memory of Tiancun Beast Slave was obviously not willing to be completely sealed like this.

From time to time, it sent out bursts of pulsation, constantly beating.novelusb.com

There is power in it, and I want to burst out.

It seemed that he wanted to push out the long golden needle fiercely.

However, that little movement, the long golden needle simply ignored it.

And whenever the movement is larger and reaches a certain level, suddenly, there is a bright light above the long golden needles.

The bright golden lightning flashed across it, and slammed toward the darkness.

Suddenly, the extreme darkness shrank fiercely.

Chen Feng could feel the tremendous pain and suffering inside it, as if begging for mercy.

Then, the memory of Tiancun Beast Slave fell silent.

So, the cycle goes back and forth.

As if feeling Chen Feng's gaze, above those golden needles, there was a sudden emotion.

With hatred, murderous intent, and strands of contempt.

More provocative!

It seems that they now perceive the memory of Chen Feng visiting the Tiancun Beast Slave.

"Also provoke me?"

There was a sneer at the corner of Chen Feng's mouth: "I didn't see it, I have a temper!"

Chen Feng knew why these golden needles dared to provoke him so much.

Generally speaking, it is indeed extremely difficult to break the seal left by the envoy of the beast gods in the Ten Thousand Beast Islands, and it can even be said that it is impossible to do so!

After all, all three of them have Seven Star Martial Emperor, or even higher strength.

The seal they put together is always reinforced.

How strong is that?

I'm afraid that even Xiahou Jiuyuan can't break it.

But the problem is, Chen Feng is an out-and-out anomaly!

"Dare to have a temper with me!"

Chen Feng sneered: "Here is my reincarnation magic space!"

"Here, I am the master!"

In Chen Feng's reincarnation magical space, he can easily kill the soul slaves, let alone break a seal in this mere!

Actually speaking, even if this is not Chen Feng's reincarnation world.

Even if Chen Feng and Xiahou Jiuyuan were both outside at the same time, facing the same seal, Chen Feng was easier than him to break the seal and pull it out.

Chen Feng's golden spiritual world is not comparable to others!

At the next moment, Chen Feng's heart moved.

Suddenly, the golden spiritual power poured out overwhelmingly.

These golden spiritual powers permeated Chen Feng's back, like the ocean, but mellow.

[Chapter 4413: Dare to have a temper with me?](#)

After feeling Chen Feng's mental power like a sea like a sea, these golden long needles trembled abruptly, revealing an expression of fear and shock.

Then, the golden mental power swooped out.

Like a huge chain, one of the golden needles was severely wrapped.

Then, he pulled out fiercely.

Suddenly, the long golden needle screamed and struggled desperately.

However, this is Chen Feng's reincarnation magic space, how can he be Chen Feng's opponent?

Chen Feng slammed it out.

Suddenly, the resistance of the long golden needle disappeared!

With a light 'pop', Chen Feng violently pulled out the long golden needle.

After the long golden needle was pulled out, it immediately shattered in the air.

It turned into countless golden light spots and disappeared.

Chen Feng laughed loudly: "Dare you have a temper with me?"

Then, the golden chain threw out again, and entangled the second long golden needle.

It is another fierce pull out.

The struggle of the golden long needle was still in vain, and it was still easily pulled out, turning into a golden light spot and disappearing.

Next, every time Chen Feng pulled out the long golden needle, he smiled coldly: "You dare to have a temper with me?"

Amidst the golden needles, there were bursts of painful and pleading emotions.

Chen Feng ignored it, and then pulled it out again.

The sound of cracking is endless.

In a blink of an eye, Chen Feng pulled out dozens of long golden needles.

So far, the golden long needle has been pulled out by Chen Feng more than half.

The next moment, the long golden needles suddenly bend together, facing Chen Feng.

An emotion called pleading was revealed from above.

These golden needles, these powerful seals, were begging.

Seems to be asking Chen Feng to let them go.

But how could Chen Feng be fooled by them?

He laughed loudly: "Is it too late to beg for mercy now?"

Then, all the golden mental power behind him was overwhelming, turned into dozens of chains and entangled.

Tangle the remaining dozens of golden needles!

Then, there was a loud roar.

With a huge bang, those dozens of golden needles were simultaneously pulled out by Chen Feng!

In an instant, the entire space seemed to stagnate for a moment.

Then, the sound of breaking is endless.

Dozens of golden needles, along with those golden webs like spider webs, all shattered.

The entire huge golden seal disappeared, shattered!

Disappeared without a trace!

The Ten Thousand Beast Islands did not know how many powerhouses, and after many years, the huge seal left and reinforced was directly broken by Chen Feng in just a dozen breaths!

Chen Feng laughed loudly.*novEℓusB.coM*

Before the laughter fell, the darkness that enveloped all the memories of the Tianchou beast slave suddenly trembled violently.

Then, a small crack appeared above.

The fissure grew larger and longer, and finally collapsed completely.

Scenes of colorful scenes began to unfold after the darkness collapsed.

Chen Feng took a deep breath, with a hint of excitement in his eyes.

Now, it's finally time to uncover the secret of the Tianchou Beast Slave!

And at this moment, in the shattered darkness, a ray of divine consciousness suddenly condensed in the air and turned into a black smoke.

Amidst the black smoke, a fierce, cold and domineering consciousness poured out fiercely.

The mental power is overwhelming, and extremely powerful.

The black smoke changed in the air, and finally turned into a huge skull.

However, this is not like a human skull.

The whole is triangular, and there are two huge bends above the head, which are like the white bones of a strange animal.

Above the bones and skeletons, a divine thought was severely suppressed: "You humble human being, dare to break the seal of the old man?"

Chen Feng looked at him, with a sneer at the corner of his mouth: "A dog who pretends to be a fool!"

"What is breaking the seal, I want you to be with me!"

"broken!"

As soon as the voice fell, the golden spiritual power was overwhelming, and it slammed on the skeleton.

The bone skeleton screamed terribly, unable to resist it at all, it was smashed into countless powder and disappeared in smoke!

It comes fast and goes fast.

Under Chen Feng, he couldn't even support it for a moment.

Chen Feng took a look, his expression was faint, and he didn't care at all.

He knew what that divine mind was.

It's nothing more than the three old things in the Ten Thousand Beast Islands, or the predecessors of the Ten Thousand Beast Islands who did this, leaving behind a consciousness.

Chen Feng is still afraid of offending them?

With the complete disappearance of this thick black, finally, the memory of Chen Feng, the Tianchou beast slave, that even he himself had forgotten, appeared like a picture.

Exposed in front of Chen Feng.

Therefore, Chen Feng saw a cold, lonely, and infinitely vast space!

Chen Feng dared to conclude that this space was definitely not the cosmic starry sky.

But its size is just like the starry sky in the universe.

It's vast and vast, extremely wide!

I don't know its end, its end, or its boundary.

Even here, not only is space infinite, but time has stopped flowing.

The years are freezing again.

At this moment, in this vast and vast space, a body is slowly floating, motionless.

This body, the color of red copper, has numerous mysterious and magical patterns growing on the surface of the body, like a totem.

This pattern is not carved, nor is it a tattoo.

It seems to grow from inside the body.

He just floated there quietly, eyes closed, without any breath.

But after seeing it, anyone can clearly know that this existence has never died.

Because he possesses extremely powerful and brilliant vitality.

This vitality makes people feel clearly when they close their eyes.

It seemed that he was like a rising sun in this ancient icy space.

This vitality is extremely terrifying.

Chen Feng couldn't help but breathed a sigh of relief: "Isn't this a heavenly beast slave? His vitality is so strong?"

"It gives me the feeling that it is even stronger than Xiahou Jiuyuan."

It turned out that this floating body was a celestial beast slave.

This body gave Chen Feng the feeling that he had already reached the nine-star Wudi.

Much stronger than Xiahou Jiuyuan!

Then, Chen Feng saw again a beam of light slowly appeared in this huge icy lonely space.

The beam of light dissipated, and several figures came out inside.

A few figures looked around with blank faces, and then saw this floating body. After that day, the beast slave suddenly exclaimed!

Chen Feng couldn't hear what they were saying, but Chen Feng could tell from their expressions that their hearts were full of ecstasy.

[Chapter 4414: The terrifying origin of the Tiancun Beast Slave!](#)

Obviously, the goal of their trip was the celestial beast slave.

"This dress?"

Chen Feng's pupils suddenly shrank.

It turned out that Chen Feng looked very familiar with the logo on their clothes.

It is the symbol of Ten Thousand Beast Islands.

"They turned out to be from Ten Thousand Beast Islands!"

Chen Feng sighed lightly and looked carefully.

It can be seen that the three old men have different shapes, but each of them is extremely powerful, definitely not weaker than Xiahou Jiuyuan.

Chen Feng's heart jumped fiercely: "Better than Xiahou Jiuyuan!"

"It means that their strength has almost approached Jiuxing Wudi."

"If the Ten Thousand Beast Islands have such strength now, how can they be squeezed by the nine major forces and can only shrink above the extreme northern ice ocean?"

"This shows that these three must be the ancient powerhouses of the Ten Thousand Beast Islands, and they are the powerhouses of the Six Great Hidden Sects of the Ten Thousand Beast Islands when they dominated the Dragon Vein Continent."

This is already hundreds of thousands of years ago.

Then, Chen Feng saw that the three of them cautiously came to the side of the Tiancun Beast Slave.

Then, various treasures were sacrificed to trap the beast slaves.

He took out a coffin-like container that had already been prepared, put the Tiancun Beast Slave in it, and took him away.

The whole process is simple, but it is extremely complicated.

It took a whole few days to set up an array and take precautions, as if facing an enemy.

They attach great importance to the Tianchou Beast Slave, and know that his strength is extremely terrifying, and should not be underestimated.

Fortunately for them, the Heavenly Canal Beast Slave was always asleep.

Seeing this, Chen Feng already knew in his heart.

He sighed softly: "It turns out that the origin of the Heavenly Canal Beast Slave is really mysterious."

"He actually didn't know how many years ago, he was brought back by several powerful seniors in the Ten Thousand Beast Islands and never knew which space he brought back."

"The body is as perfect as a god, not like a human being, I'm afraid the background is extremely powerful."

And he, probably didn't know how many years he had been imprisoned in the Ten Thousand Beast Islands, and was finally controlled.

It was not released until recently.

Chen Feng settled down and continued to look forward.

Then, suddenly the scenery in front of him changed.

It's no longer the huge dark, cold and dead space.

At this moment, Chen Feng felt as if he had come to the periphery of a world.

That world seemed to be lifting the curtain, revealing the tip of the iceberg to him.

That's right, Chen Feng actually saw an extremely large and terrifying world!

Chen Feng didn't see it completely, just from that corner, just from the tip of the iceberg, just from the mighty spiritual power that emerged from which huge world, the terrifying coercion directly made Chen Feng's heart beat. accelerate!*NoVeLUsB.CoM*

He could clearly feel that this world is definitely stronger than the Dragon Vein Continent how many times, and how much higher the level is!

Chen Feng had a heart, and instantly jumped!

"Is this the world where the Celestial Beast Slave was born?"

"He was born in such a terrifying world?"

Chen Feng was no doubt excited.

Because at this time, he wants to observe a world from the perspective of a bystander.

Not to spy on someone or something, but to spy on the whole world!

If he can have this experience, it will definitely be of great benefit to his future cultivation.

But at this moment, suddenly, that world, this world that exists in the memory of the Heavenly Remnant Beast Slave, and the world from which he was born, suddenly came an extremely fierce mental pressure!

Just like, the will of the world is manifested into a giant!

Then, suddenly turned around!

Stared at Chen Feng!

His eyes are indifferent but empty!

It didn't seem to be aimed at Chen Feng, nor was he angry. He just felt that someone was watching here, so he glanced!

But, just glanced unconsciously!

In an instant, a vast and cold white light filled Chen Feng's eyes.

Chen Feng felt like being hit hard.

An extremely terrifying mental coercion smashed at him fiercely!

An unknowingly how many billion li, how many tens of billions of coercion, across the void of the universe, across how many starry sky worlds, is fiercely smashed into Chen Feng's mind!

Suddenly, Chen Feng let out a muffled snort, backed up a few steps, and his eyes went dark.

In the next moment, he couldn't maintain his reincarnation magic space at all!

He opened his eyes sharply, shouted, a mouthful of blood spurted out!

The figure is shaky, almost standing unstable!

It turned out that the spiritual will of the world where Chen Feng was born as a celestial beast slave just now sensed his gaze!

With just one glance, Chen Feng was seriously injured!

Chen Feng was panting heavily, feeling lingering.

"What is the level of the world where the beast slave was born?"

"Could it be that it's not just Zhongqian World? Even better than Zhongqian World?"

"I just spied on the world in his memory, not the real world spied on, just memories!"

"Just because this world that doesn't know how far away from me, even far away from the starry sky universe, is like this!"

Terrible!

Extremely powerful!

Han Yu'er and Qingqiu Yaoguang were full of worries.

Chen Feng smiled slightly and shook his head slowly: "Don't worry, I'm fine."

Chen Feng already probably knew the origin of the Tiancun Beast Slave, and no longer performed the magical power of turning the world over and over.

After performing the magic power of reincarnation, his vitality was severely injured and he needed to rest for at least a few days.

What's more, he also knew that his strength was not enough to observe the world where the Heavenly Remnant Beast Slave was born.

Chen Feng looked at the beast slave on the board of the ship.

But at this moment, the Tiancun Beast Slave twitched all over, his face was extremely ugly.

From time to time, a burst of black air flashed across his face, which looked extremely hideous.

He was trembling all over, seeming to be struggling madly.

Above the body, there was black aura, and from time to time there was a light spot like a golden needle, shining out.

There are more phantoms like golden chains, densely covering his body.

Chen Feng saw it, and it was clear.

In fact, the seal on the body of the Tianchou beast slave is not only in his memories, but also on his body.

"What I broke was the seal in his memory and spirit."

"However, his body is still there."

Chen Feng sighed slightly and clapped his hands:

"Tianchou beast slave, I have done so much, don't disappoint my trust."

"At this time, all I can do is to do my best. Next, whether you can break the shackles or not depends on you!"

The seal in the body of the celestial beast slave, mentally and physically, is complementary to each other.

They cooperate with each other, so they are unbreakable.

At this time, Chen Feng had already broken the memory and spiritual seal of the Heavenly Remnant Beast Slave, which actually helped him a lot.

[Chapter 4415: Accepted a little brother](#)

Next, the Tiancun Beast Slave remained in a coma, and was not awake.

However, the black air on his face was getting faint.

Even some of the long golden needles on the body have begun to crumble.

Some are slowly rising from his body.

The chains between the long golden needles have also been broken.

Obviously, the celestial beast slaves gradually gained the upper hand and began to reverse the situation.

Chen Feng drove the Qingluan Ruyi Boat, all the way towards the Xuanyuan Family Inner Sect.

Three or five days later, it has reached the outer periphery of the Xuanyuan family's inner sect.

At the moment when Chen Feng arrived at the periphery of the Xuanyuan family, suddenly, a low beast roar from the throat of the Tianchou Beast slave.

Above his body, there was a popping, dense and crisp sound.

Chen Feng turned his head suddenly, and saw that all the golden long needles appeared on the body of the Tianchou beast slave!

All the golden chains shine brightly!

Fiercely pounced towards the Tianchou Beast Slave.

That heavy light almost drowned the Heavenly Cruel Beast Slave, extremely vicious!

However, in Chen Feng's eyes, these golden long needles and golden chains are quite powerful.

Obviously, the power to seal the Heavenly Remnant Beast Slave is making a decisive blow at this time!

It's just a dying struggle.

But the beast slave of Tianchou roared wildly at this time.

Above the body, the light shines.

His body swelled rapidly and directly became about four meters in height.

Above Jean's body, those magic lines gleamed steeply.

These magic patterns, in the memory of the Tianchou beast slaves that Chen Feng saw, when he was floating in that space, they were originally shining.

However, when it was sealed by the Ten Thousand Beast Islands, it was always dim.

It just exists there.

At this time, those magic lines became extremely bright.

And Chen Feng was even more bizarre. Those magic patterns all brightened up and joined together.

It actually formed a pattern like the head of a beast.

It feels like a four-meter-tall giant Tiancun Beast Slave, standing inside the head of a beast!

And as these magic patterns light up, finally, those long golden needles and chains can no longer hold them!

In the crackling sound, all broke!

It turned into a golden light spot and disappeared.

At this moment, the Tiancun Beast Slave opened his eyes suddenly.

He let out a low and crazy roar: "Thousand Beast Islands, I want you to die!"

His voice was full of rage and hatred!

The next moment, he saw Chen Feng.

There was a dazed look in his eyes, as if he didn't know who Chen Feng was.

After a while, he became agile again.

Then, there was deep gratitude and joy in those eyes.

He actually strode forward directly, came to Chen Feng, plopped and fell to the ground.

Loudly shouted: "Chen Feng, thank you very much!"

"If it weren't for you, I couldn't remember my life experience at all! I couldn't restore my memory at all! I couldn't get rid of the shackles and seals of the dogs in the Ten Thousand Beast Islands!"

Chen Feng smiled slightly: "If you can recover your memory, that's the best."

"Memory recovery?"

Speaking of these four words, the face of the Tianchou Beast Slave showed a dazed expression.

He muttered to himself: "My memory..."

"I just remember now that when I was a boy, there was a great battle, and then there was endless darkness."

"It seemed to be floating in some space before. I don't know how long I slept."

"then....."

There was a deep hatred in his eyes: "It's the memories after being taken to the Ten Thousand Beast Islands."

"Those memories, I remember them clearly!"

He gritted his teeth and said harshly.

"As a teenager? Going through a war? Body floating..."

There was an indescribable throbbing in Chen Feng's heart!

The origin of the cruel beast slaves this day is truly extraordinary!

When he was floating in that mysterious space, his body state should be frozen.

And he, it was supposed to be after a great battle, he didn't know what happened, so he appeared in that mysterious space.

And when he fought, he was a boy again!

It also means that such a powerful Celestial Canal Beast Slave, and such a talented Celestial Canal Beast Slave, are actually just a teenager in their race.

A teenager who is slightly better than a child!

A teenager, a teenager who has never practiced, has such strength?

This is too terrifying!

Chen Feng shook his head and put aside these thoughts.

He raised his eyebrows: "So, which world and race were you born in? What have you experienced before? Don't you remember these?"

Tianchou beast slave shook his head blankly.

Thinking of all the past, the Heavenly Canal Beast Slave suddenly cried with a headache, crying extremely mournfully.

It seems to vent all these emotions.

All these years were sealed, tortured, abused, and all kinds of things were vented at this moment.

Chen Feng sighed slightly, feeling compassionate in his heart.

You know, the cruel beast slave is actually just a teenager!

He had seen the inhuman torture suffered by the Tiancun Beast Slave with his own eyes, and he felt sympathy for him in his heart.

As a teenager, how many people can bear this experience?

He didn't say anything, just walked to the side of the Tianchou Beast Slave and patted his shoulder lightly.

After a long time, the Tianchou Beast slave returned to normal.

He suddenly raised his eyes, looked at Chen Feng, and hissed: "Brother Chen Feng, I want revenge! I want revenge!"

He naturally called out this big brother.

Chen Feng was taken aback for a moment, and then he understood in his heart.

Not to mention that the Heavenly Remnant Beast Slave did not restore his previous memory at this time, which is equivalent to his memory starting from that desolate ancient huge space.

From that time to the present, all his memories are the experience of being tortured in Ten Thousand Beast Islands.

Therefore, it is actually like a blank sheet of paper, extremely simple.

Moreover, even if he recovers his previous memories, he is just a teenager.

There was no abrupt call to Chen Feng.

Chen Feng smiled: "I didn't expect to accept a little brother."

"You can't revenge yourself?"

Chen Feng said softly.

The Celestial Beast Slave slowly shook his head, with a tragic expression on his face: "I have been imprisoned in the Ten Thousand Beast Islands for thousands of years, and they know me well."

"Don't look at me now breaking away from their control, but if I return to the Ten Thousand Beast Islands and fight them, I will still not be their opponent."

"Even, they will still be defeated, re-sealed and imprisoned."

Thinking of this, he shuddered a little, shivering hard.

"I never want to go back to my old life!"

Chen Feng looked at him and suddenly smiled: "Okay, then I will kill the Ten Thousand Beast Islands for you!"

Chen Feng said it was an understatement.

As if this is a simple matter.

[Chapter 4416: we are brothers!](#)

However, the Tiancun Beast Slave nodded, convinced.

He was full of gratitude to Chen Feng, and he knew what kind of person Chen Feng was.

He knew that Chen Feng had this ability.

He can do it sooner or later!

He suddenly fell to his knees again, crying out crying: "Brother Chen Feng, you broke my seal and gave me my second life!

"I want to take revenge for me again. In my life, I am willing to follow you, and let you drive!"

"What do I want you to do?"

Chen Feng smiled slightly, stretched out his hand to support him, patted him on the shoulder, smiled and said, "We are, brother!"

brothers!

These two words stunned the Tianchou Beast Slave.

He stood there blankly, his eyes dull.

After a while, a smile appeared at the corner of his mouth. He looked at Chen Feng and smiled gratefully.

With this smile, the air of youth came to his face.

Straightforward and sincere!

He said loudly: "Yes! Brother!"

"Brother Chen Feng, you are my eldest brother from today!"

He has a simple mind, but he is just a fledgling innocent boy.

He was very grateful to Chen Feng, and because he was defeated by Chen Feng before, he admired him greatly.

Chen Feng also promised to avenge him, which made him convinced and willing to follow.

Chen Feng was naturally very happy after accepting such a little brother.

It was to explore his current strength with the Tiancun Beast Slave.

The Tiancun Beast Slave opened its defenses and let Chen Feng investigate.

However, Chen Feng discovered that after the Heavenly Remnant Beast Slave broke the seal at this time, his strength did not increase significantly.

His physical strength is still equivalent to the six-star Wudi early stage.

He still has no realm.

Then, Chen Feng asked about his method of summoning.

However, the Tiancun Beast Slave himself didn't know much.

He only knew that he was born with a trace of dragon veins and the power of luck in the mainland, or the people from the Ten Thousand Beast Islands told him.

The Tiancun Beast Slave revealed his strength of luck.

After Chen Feng carefully figured it out, he was extremely shocked.

It turned out that the power of Qi Luck of the Tiancun Beast Slave was indeed the power of the real Dragon Vein Continent.

However, it is completely different from my own.

His power of luck is only related to summoning.

The power of Chen Feng's luck is omnipotent.

In other words, Chen Feng's force of air transport is the most rooted force of air transport, applicable to all situations.

However, the power of Qi Luck of the Tianchou Beast Slave is derived from it and can only be used for summoning.

This special force of luck allows him to be extremely friendly with monsters.

This is enough to make him the most powerful summoner in the Dragon Vein Continent!

Chen Feng was astonished: "Is it possible that there are various subdivisions for this force of luck?"

"It seems that the power of luck is far from what I have seen, what I see is just the tip of the iceberg."

"The use of the power of luck is extremely mysterious!"

The current strength of the Heavenly Remnant Beast Slave is roughly equivalent to the weaker one among the nine major power sect masters.

But Chen Feng was confident in him.

Tiancun Beast Slave was born so powerful, and his talent was so domineering and mysterious.

His growth rate is bound to be extremely fast.

Moreover, the future is limitless!

If it's someone else, I'm afraid that I'll be worried, and I'm afraid I won't be able to restrain the beast slave.

But Chen Feng didn't care at all.

He has this confidence, no one can compare with himself!

"No one's cultivation speed can be compared with me! Only I surpass others, and will never be surpassed by others!"

This is Chen Feng's confidence.

"correct."

Chen Feng smiled and said, "Do you want to change your name?"

The Tianchou Beast Slave froze for a moment, then shook his head, his face was cold, and he gritted his teeth and said bitterly, "I won't change this name!"

"I will always call this name! Remind myself all the time, what humiliation and pain the Ten Thousand Beast Islands have brought me!"

"Until I avenged this **** revenge!"

Soon, Qingluan Ruyizhou came to the inner sect of the Xuanyuan family.

At this time, the other members of the Xuanyuan family who had gone to participate in Kongsang Lunjian had already returned.

Naturally, the news that Chen Feng won the first place in Kongsang Lunjian was brought back here.

Everyone came to greet Chen Feng when he was back, very grandly.

All the disciples of the Xuanyuan family looked at Chen Feng with a deep reverence on their faces.

At this time, there is no doubt that Chen Feng is the object of their worship.

Xuanyuan Xiaoyue personally greeted Bai Ruoxi before he returned.

He looked at Chen Feng, his face was full of excitement, he didn't know how many words came to his lips, but he couldn't say a word.

In the end, it just turned into a deep relief.

He patted Chen Feng on the shoulder again: "Chen Feng, I did not misunderstand you after all."

Chen Feng smiled slightly: "Elder Xiaoyue, without you, would I have today?"

He was speaking from the heart.

Xuanyuan Xiaoyue helped him a lot, and even several things could change his destiny.

Xuanyuan Xiaoyue smiled slightly: "You are a person with great luck. Even without me, it will only take a while."

The two said a few more words, Xuanyuan Xiaoyue told many disciples to retreat and brought Chen Feng and others to the apse.

Chen Feng introduced Han Yuer and Qingqiu Yaoguang to him.

Hearing about the past years of Han Yu'er, Qingqiu Yaoguang and Chen Feng, Xuanyuan Xiaoyue couldn't help but sigh.

Chen Feng told Xuanyuan Xiao exactly what he had done before.

It was heard that Chen Feng made a big noise to destroy the Soul Palace, and even the soul slave died because of him.

After hearing this, Xuanyuan Xiaoyue was stupid.
stunned.

After a long while, he looked at Chen Feng and didn't dare to say: "This, these are all real?"

He naturally believed in Chen Feng very much, and knew that Chen Feng would not lie to himself.

But he instinctively asked this sentence because what Chen Feng said was too shocking.

Chen Feng smiled slightly: "Of course it is true."

Xuanyuan Xiaoyue shook his head repeatedly, smiling bitterly on his face.

After a long while, I sighed: "Chen Feng, Chen Feng, every time I think I look at you high enough, I never thought I would underestimate you."

"You are amazing!"

"The first person in the Longmai Continent in the future, who will you be?"

He was full of admiration, and was even more fortunate that Chen Feng was born in the Xuanyuan family.

The two said a few more words, and Chen Feng said sternly: "Elder Xiaoyue, the disciple has two questions for inquiry."

"You said."

"One!"

Chen Feng stretched out his hand and let the Heavenly Canal Beast Slave walk in front of him.

Xuanyuan Xiaoyue had long been curious about this huge body, terrifying aura, but simple temperament.

Chen Feng briefly told Xuanyuan Xiaoyue about the life experience of the cruel beast slave.

After listening, Xuanyuan Xiaoyue couldn't help but horrified, and she cried out in shock.

Looking at the Tiancun Beast Slave, he trembled: "Could it be that you, you actually came from that place?"

When Chen Feng heard this, his heart moved.

[Chapter 4417: Ancient God Burial Ground!](#)

With Xuanyuan Xiaoyue's reaction, he clearly knew the origin of the Tianchou Beast Slave!

Tiancun Beast Slave, with a strong desire in his eyes, tremblingly said: "Elder, do you know the origin of my life experience?"

Xuanyuan Xiaoyue calmed down, sighed softly, and said slowly:

"Your origins, if you want to make it clear to me, not all."

"I don't know where you came from, and where you came from."

"But, where did the people from Ten Thousand Beast Islands find you? I should know a little bit about this."

Chen Feng raised an eyebrow and asked, "Where did you find it?"

Xuanyuan Xiaoyue smiled slightly, and slowly uttered nine words:

"Desolate ancient ruins, ancient **** burial ground!"

Desolate ancient ruins!

Ancient God Burial Ground!

After Chen Feng heard these words, suddenly, there was a thunder in his mind.

The moment these five words were spoken, the moment he heard them!

He felt inexplicably, there seemed to be a deep connection with himself, a deep connection, and a great connection!

The sky turned around in Chen Feng's mind, and it took a while before returning to normal.

He looked at Xuanyuan Xiaoyue and said softly, "Where is that?"

At this moment, the Heavenly Canal Beast Slave, who was frowning and thinking, with a painful expression, suddenly opened his brows.

As if thinking of something, he shouted: "I know, I remember!"

"I know where the ancient gods buried their bodies!"

Chen Feng looked at him in surprise.

Tiancun Beast Slave shouted loudly: "The Ancient God's Burial Site is the place where I was found by the Ten Thousand Beast Islands and they floated."

"In that place, besides me, there are many powerful corpses."

"Some of those corpses are completely dead, and some are actually alive, just falling into a long deep sleep."

"They don't know where they are from, but each one is powerful and mysterious!"

He talked a lot, but his expression was agitated, and he was not very articulate when he spoke.

But it is upside-down, making people not clear.

When Xuanyuan Xiaoyue finished speaking, he smiled slightly and added:

"That's right, the ancient **** buried corpse is indeed such a place."

"This ancient **** burial site, among the desolate ancient ruins, is a very mysterious place."

"It is said that there, time seems to stop flowing, like the emptiness of the universe, like ancient ruins."

"And that place is extremely difficult to find, and the conditions for entry are extremely difficult."

"However, there are many corpses of ancient gods floating there."

Chen Feng asked, "Ancient god, what is that?"

"Actually, the ancient gods are more of the people of the desolate and ancient ruins, just a name for those powerful corpses."

"No one knows where they came from. Maybe they came from many worlds, but not from the Dragon Vein Continent and the ancient ruins."

"In order to show their strength, people call them ancient gods."

"These ancient gods, the weakest, the aura exuding from their bodies is comparable to the peak of the Eight-Star Martial Emperor!"

Eight-star Wudi peak!

Chen Feng's heart jumped fiercely: "These ancient gods are so powerful."

He glanced at the Tiancan Beast Slave: "Presumably, the Tiancan Beast Slave will grow into such a master in the near future!"

Xuanyuan Xiaoyue continued, "No one knows when it will appear in the Ancient God Burial Ground, and nobody knows how to appear."

"I don't know where these powerful existences come from."

"But many years ago, on the Dragon Vein Continent, someone made their minds."

"Historically, the strong men of various sects will go to the barren ruins during their lifetime, and get a corpse of the ancient **** from there to add a very strong hole card to the sect."

Chen Feng nodded, this is indeed correct. Isn't the Tianchou Beast Slave an obvious example?

If it weren't for meeting oneself, with the strength of the Heavenly Remnant Beast Slave, I would be afraid to wipe out the weaker one of the nine forces, and there would be no big problem.

At this time, Chen Feng suddenly thought of something.

A long time ago, when he participated in an auction, he had obtained a manuscript of an ancient book.

One thing is said in the manuscript of that ancient book.

There are two extremely powerful senior masters who once met to find the corpse of the ancient **** somewhere.

Later, there was no news.

Chen Feng's heart suddenly jumped fiercely: "The corpse of the ancient god, is it possible that the place where they went is the burial site of the ancient god?"

A smile appeared at the corner of Chen Feng's mouth, shook his head, and sealed this thought in his mind.

For some reason, after hearing Xuanyuan Xiaoyue's words, he was inexplicably connected these two things together.

Also, the ancient ruins!

At this time, he was extremely sensitive to the four words of desolate ancient ruins, and it seemed that the final clues of many things were pointing to the desolate ancient ruins.

It seems that there are endless secrets hidden in that place.

Chen Feng knew in his heart that it was true.

The deserted ancient ruins, that mysterious world, is actually not just a mysterious and deserted world, there are endless secrets waiting to be explored.

"Then, if you can go to the ancient **** burial site."

"Presumably, finding the hope of your birth has increased a lot."

Chen Feng looked at the beast slave and said.

The Tiancun Beast Slave nodded heavily, with a few hopes in his eyes.

At this moment, he is like a child who left his parents at an early age.

And that ancient **** buried corpse is the only home where he hopes to get clues!

Chen Feng looked at Xuanyuan Xiaoyue again, and said softly: "This time, I went to the Soul Destruction Hall and rescued Anlao."

Xuanyuan Xiaoyue nodded slowly.

Chen Feng had told him about the dark old things before.

"It's just that An Lao now has three souls and seven souls, only one soul remains."

"I asked the elder who guarded the Soul Control Tower in the Soul Destruction Hall. He said that he needs to find the Hundred Ghosts Night Traveling Soul Calling Scripture before he can save An Lao back."

"Elder Xiaoyue, do you have any clues here?"

Xuanyuan Xiaoyue smiled bitterly: "I really don't understand this matter."

Xuanyuan Xiaoyue then shook her head and said, "I have never heard of the Hundred Ghosts Night Traveling Soul Calling Sutra, and I don't know where it is."

Chen Feng nodded.

There is nothing too disappointed in his heart,

Originally this incident was extremely secretive, and it was normal for Xuanyuan Xiaoyue to not know it.

Xuanyuan Xiaoyue smiled suddenly at this time: "Chen Feng, I just heard you say that this Hundred Ghosts Night Traveling Soul-calling Scripture should come from an outside world, right?"

"Yes."

Chen Feng nodded.

"Then, there may be a place where you can know the news of the Hyakki Yakku Soul Calling Truth."

"Where is it?"

Chen Feng was shocked.

Xuanyuan Xiaoyue just said that he didn't know anything related to the Hundred Ghost Yexing Soul Calling Scriptures.

[Chapter 4418: that place!](#)

But then, he said that he knows a place where it is very possible to get the Hyakki Yexing Soul Calling Truth.

Chen Feng looked at Xuanyuan Xiaoyue and saw his expression, very sure.

what does this mean?

Chen Feng's heart suddenly surged.

This means that the place Xuanyuan Xiaoyue mentioned should have infinite treasures.

Anything can be found there!

That's why he said this with confidence.

Chen Feng looked forward with expectation: "Where is that place?"

Xuanyuan Xiaoyue sighed lightly, and in a dreamlike tone, slowly uncovered a long-standing ancient secret of Chen Feng!

"I once heard that there is a mysterious place in the center of the deserted ancient ruins."

"Where you go, you can get what you want, and all your wishes can be fulfilled!"

Looking at Chen Feng, Xuanyuan Xiaoyue said with a smile at the corner of her mouth.

When he said this, his expression even seemed a little weird.

Chen Feng knew why he was such a dark color.

It's not that it will harm you or something, it's just an instinct.

It is as if the ordinary mortal who heard the legends of Chen Feng and others, such as the martial emperor, regarded them as immortals, with unspeakable longings and incomprehensible emotions.

Therefore, it is natural to process these legends and become more and more absurd.

Chen Feng and others are just relatively powerful warriors, but they have become omnipotent immortals who move mountains and fill seas.

At this time, Xuanyuan Xiaoyue was in the same state.

That is a kind of speculation and discussion about some mysterious events that I can't understand at all and have completely exceeded the scope of my own power.

"A place where you want everything to happen?"

Chen Feng raised his eyebrows.

"It is said that after entering there!"

Xuanyuan Xiaoyue said in an admiring tone:

"You can get everything you want."

"Can I get everything I want?"

Chen Feng said softly: "I want to live forever and live the same life as the world! I want to be extremely strong and bring the people of my dearest back to life!"

"I want to take a look at the universe, the universe!"

"Can you get all of this?"

His face naturally showed a bit of disbelief.

Chen Feng didn't think there would be such a place.

Where can you dare to say that what you want can come true?

Chen Feng's words contained deep doubts.

Unexpectedly, Xuanyuan Xiaoyue looked at Chen Feng without hesitation, and said firmly: "Yes, you can get everything you said!"

"What you said, you can get it there!"

He looked at Chen Feng with a solemn gaze, without any joking.

The voice is flat and straightforward!

"what?"

Seeing Xuanyuan Xiaoyue's look like this, Chen Feng's heart suddenly jumped fiercely.

He naturally could see that Xuanyuan Xiaoyue was definitely not a joke.

With Xuanyuan Xiaoyue's knowledge, he would never say such nonsense.

He said this, it means that there must be such a place in the barren ancient ruins!

"just....."

Chen Feng looked at Xuanyuan Xiaoyue and said, "Elder Xiaoyue, I think you know more than you say."

"You seem to know more details, why don't you tell me?"

"What is that place called? How should I get to that place? What kind of place is it?"

"If you tell me all this, I can be convinced!"

As soon as he said this, Xuanyuan Xiaoyue's face changed drastically.

With a panic on his face, he waved his hands repeatedly and said loudly: "Chen Feng, you must not say that, you must not say that!"

"I can't reveal the least bit of news about there, otherwise..."

There was a look of extreme fear in his eyes: "I will be destroyed in an instant, and I will never be superborn!"

As he said, he shuddered all over his body, obviously he was extremely afraid.

Seeing this scene, Chen Feng's eyes jumped fiercely!

"Elder Xiaoyue is the head of my Xuanyuan family."

"I'm so courageous. Needless to say, I have lived for hundreds of years and experienced countless times, and even reached the cultivation level of the Six-Star Emperor Wu early."

"He has nothing to fear on this Dragon Vein Continent!"

"Why are you scared to the extreme when you mention that place? Don't even dare to leak a word?"

"That place just told me that there is such a place in the deserted ancient ruins. How terrifying is this place?"

Chen Feng condensed his eyebrows and pondered: "Could it be possible that he dared to leak a little bit, or would he be directly annihilated through the void of the universe without knowing how many layers?"

Chen Feng was deeply shocked!

What a place this is!

But the next moment, this shock and shock turned into extreme heat and excitement!

"Here, I must go!"

"I, Chen Feng, want to see what kind of place this is! What a horror and magic it is!"

Xuanyuan Xiaoyue looked at Chen Feng and said softly, "Chen Feng, that place is not just for you."

"It takes chance and coincidence and all kinds of luck to enter."

"I dare you to say that throughout the ages, among the billions and tens of billions of people who have entered the deserted ancient ruins, I am afraid that there are at most a hundred people before they can enter there!"

"in fact....."

His voice slowly: "I asked you to go to the deserted ancient ruins before, and I hope you can enter there by chance."

That's it!

Chen Feng nodded: "However, in this world, where can I not go to Chen Feng?"

When he walked out of the hall, Chen Feng was still very puzzled.

However, he also made up his mind to go to the desolate ancient ruins when things happened in the Longmai Continent.

Exploring all this clearly.

That place, he must go!

As for the dragon vein continent...

Chen Feng clicked the corner of his mouth, looked far away, and smiled coldly: "The most important thing right now is of course your Shaolin Temple's Ten Directions of Freedom Sutra!"

That's right, Chen Feng planned to return to the Xuanyuan family, and after receiving the blood wind, he first went to Chaoze Tianzi City.

Then, go to Shaolin Temple.

Go to Chaoze Tianzi City to break the conspiracy of the six hidden sects.

In addition, they want to capture the treasure that suppresses the luck of the entire Dragon Vein Continent into their own pockets!

Jokes, now Chen Feng is the son of luck!

It has already regarded all the luck of the Dragon Vein Continent as one's own!

How can you allow others to get involved?

The second thing is to go to the Shaolin Temple, get the Ten Directions of Freedom Sutra, and first practice the Golden Sutra of Avalokitesvara.

With enough power, go to the deserted ancient ruins.

He can't forget the shattered powerhouses he saw last time in the deserted ancient ruins.

With his current strength, he can't compete with those monsters!

In the Ten Thousand Beast Islands, the black sky is still clouded.

The extreme northern ice ocean is still rough, and the black water is surging.

[Chapter 4419: broken!](#)

The cold wind was fierce and extremely harsh.

At this time, the lead clouds in the sky became thicker, and the temperature became colder.

From time to time, heavy snow fell on the sky like straw mats.

The pure white snow became the only bright color in this world with black lead as the background and black lead as the background.

Above the sea, numerous huge icebergs have also emerged.

As for the huge crushed ice with a radius of several kilometers and tens of thousands of meters, it can be seen everywhere.

The sea is turbulently rolling, and the ice blocks make surging impacts from time to time, which arouses the sky and jade.

All of this is telling these warriors above the extreme northern ice ocean.

Winter is coming!

"Winter is coming!"

Above the tallest stone tower in the Ten Thousand Beast Islands, in the highest window.

An old man is looking out.

He wore a robe, embroidered with a giant whale pattern on his chest.

"This year's cold winter seems to be many times colder than in previous years."

The giant whale robed the old man and said slowly.

This person is one of the three envoys of beast gods in the Ten Thousand Beast Islands.

The Ten Thousand Beast Islands, no one knows its name, but the honorific name: Venerable Whale.

Not far from the side, the old man whose robe was embroidered with Jinpeng patterns, his mouth twitched.

An inexplicable smile squeezed out of that dry, skull-like face.

"Not what it seems, but the fact."

"It has just entered winter, and the temperature is already the coldest time last year, and it is many times colder."

"In my opinion, in another two months, the extreme northern ice ocean will be completely frozen and frozen into a big block of ice!"

"so serious?"

Venerable Giant Whale couldn't help being shocked and turned his head.

Another envoy of the beast god, Venerable Giant Mountain, also said in shock:

"The Great Northern Ice Ocean, but it has not been frozen for half a million years!"

"Is this year's severe cold so severe?"

Venerable Jinpeng nodded solemnly.

The faces of Venerable Giant Whale and Venerable Giant Mountain showed a touch of shock.

However, they had no doubts about the words of Venerable Jinpeng.

Among the three of them, Venerable Giant Whale is naturally the strongest, but Venerable Jinpeng is proficient in the art of watching Qi.

It has always been predicted that there is no uncertainty.

In the past hundreds of thousands of years, because of his ability to predict celestial phenomena, the Ten Thousand Beast Islands have escaped many catastrophes and took advantage of the great deal.

A look of worry appeared on the face of Venerable Giant Whale.

"If it is a severe cold once every 500,000 years, and the ice is completely frozen, I am afraid that there will be starvation, death and injury in the extreme northern ocean."

"Monsters will die in large numbers too!"

"We, Ten Thousand Beast Islands, need to store food for the winter earlier, and we have to consider whether the monster beasts who are hungry and crazy will come to us to beat the autumn wind."

Venerable Giant Whale said solemnly.

Venerable Jinpeng smiled and said: "Don't worry, the pasture has been set up, and those guys will have something to eat when they come to the autumn wind."

"As long as they have a way of life, they don't want to fight with us."

As soon as these words came out, the expressions of the three were relieved a lot.

In fact, the impact of these weather on the warriors is not great.

However, Ten Thousand Beast Islands is an exception.

Most of the fighting power of the Ten Thousand Beast Islands is based on the monster beasts they tamed.

And those monsters, affected by the weather, are big enough.

Even the top monsters are less affected, but the ordinary monsters below cannot stand it.

Moreover, the Ten Thousand Beast Islands, as such a powerful force in the Arctic Ocean.

Although it is the driving force of these monsters in the extreme northern ice ocean to knock the bones and **** the marrow, but it also needs to provide them with protection at critical times.

For example, just north of the Ten Thousand Beast Islands, there is a huge pasture where they keep all kinds of sea animals and fish.

If the weather is too cold, many powerful monsters will be allowed to come here to spend the winter and survive the cold winter when food is scarce.

Venerable Giant Whale suddenly said softly:

"Actually, this severe cold of once in 500,000 years is for our Ten Thousand Beast Islands, or..."

He paused: "For our six hidden sects, it's actually good news."

Venerable Jinpeng and Venerable Giant Mountain are human spirits who have lived for many years.

Upon hearing what he said, he immediately understood.

The two looked at each other and said in unison: "Chaoge Tianzi City?"

"Yes! It is Chaoge Tianzi City!"

Venerable Giant Whale smiled and said, "We also know what is probably under Chaoge Tianzi City."

"That existence is a supreme fire body that is strong, fierce, and strong."

"The severe cold weather that has happened once in 500,000 years has extremely suppressed him."

Venerable Jinpeng seemed to be a little unbelieving: "Then the existence of this world, even if it is the cold winter of once in half a million years, can he be suppressed?"

"This cold winter is extremely lethal to ordinary warriors."

"But the existence of his realm is nothing."

"The severe cold alone is of course nothing."

Venerable Giant Whale said lightly: "But if there are other methods?" **Novelusb.COM**

The two were about to ask, when suddenly, the expressions of the three changed drastically.

It turned out that at this moment, all three of them suddenly had an expression of extreme palpitations.

The palpitations made them feel uncomfortable in their hearts, and their hearts twitched crazily.

It was like being severely pinched by someone's heart.

At the same time, the three of them breathed heavily, and even their bodies trembled slightly.

Breathing stagnant, almost fainted directly.

Among the three, Venerable Jinpeng had the weakest cultivation base, one staggered and sat down on the ground.

Embarrassed, his face pale.

Venerable Giant Whale, Venerable Giant Mountain, although they were stable, they were all shocked!

Venerable Giant Whale reacted the fastest, and exclaimed, "Could it be that..."

Before the words fell, all three of them heard three sounds of 'Beng Beng Beng' coming from the void.

These three sounds are like a broken string!

After the sound of three broken strings sounded, the three of them felt as if they were hit hard.

The three of them could no longer control their bodies, and all fell to the ground.

At the same time, wow, a mouthful of blood spurted out, extremely bright!

Venerable Jinpeng cried out, "What's the matter? What's the matter?"

But then, he reacted and said nothing.

His face was sloppy, and it became extremely ugly.

It's just that he didn't seem to believe his own judgment yet, his eyes staring blankly, looking at Venerable Whale, waiting for him to speak.

The same is true for Venerable Giant Mountain.

Not letting them down, the Venerable Giant Whale slowly stood up and said in a gloomy voice: "There is a problem with the beast slave."

"Really there is a problem with the Celestial Remnant Beast Slave?"

Venerable Jinpeng trembled: "How is it possible? He has the six-star Wudi peak in his own strength."

"Plus the ability to tame monsters with one hand, wherever the Dragon Vein Continent has passed, which monsters will not be tamed by him?"

[Chapter 4420: The beast *** messenger is dispatched!](#)

"He went to kill Chen Feng and got his hands full. How could he miss?"

Venerable Giant Mountain was also full of disbelief.

It turned out that it was just that moment.

At the same time, the three of them felt that there was a connection that touched their heartstrings, and it broke instantly!

This broken spiritual link is not someone else, it is the celestial beast slave!

The three of them used the seals laid by the ancestors of the Ten Thousand Beast Islands on the Celestial Beast Slaves, which were reinforced every month, and they had already established an extremely close relationship with the Celestial Beast Slaves.

They can know that the Celestial Remnant Beast Slave is still under their control.

And just now. They were shocked to discover that the spiritual link with the Celestial Beast Slave had been broken.

This means that they, as well as the ancestors of the Ten Thousand Beast Islands, had already destroyed the seal that they had placed in the minds of the Heavenly Cannon Beast slaves!

They can no longer control the Heavenly Canal Beast Slave, and can't perceive the Heaven Canal Beast Slave.

This also means. The Tiancun Beast Slaves are completely out of control, which means that their big killer in the Ten Thousand Beast Islands has disappeared.

Venerable Giant Mountain was shocked: "The seal was laid by our ancestors."

"We will reinforce it every month. Who can break that seal?"

"I'm afraid that even the three of us can't do it!"

"Who else? Naturally it is Chen Feng?"

Venerable Giant Whale gritted his teeth and said.

After all, he flicked his hand.

Suddenly, a black qi came from the palm of his hand.

This black qi was exactly the black qi that Chen Feng had escaped from after breaking the seal in the mind of the Heavenly Remnant Beast Slave in that reincarnation magic space.

These black aerosols swelled out, forming a picture in an instant.

It was the scene before it was broken by Chen Feng.

Chen Feng was dressed in white, with a cold face, staring at them coldly.

Then, the mist dissipated instantly without a trace.

Venerable Giant Mountain gritted his teeth and said: "It's really Chen Feng? It really is him!"

"Then how can there be such a strong strength? He can actually break our seal for so many years!"

Venerable Giant Whale felt depressed and uncomfortable at this time, and he couldn't even breathe.

Frustrated!

Suddenly, he couldn't control his emotions anymore, roaring frantically, smashing everywhere here!

Bang bang bang...

Everything in front of him was smashed to pieces.

Even the entire huge black tower was shaken by him.

Venerable Giant Whale gritted his teeth frantically and yelled: "Chen Feng, you damn! You damn!"

No wonder he was furious.

The trump card of Tiancun Beast Slave, they have hidden in Ten Thousand Beast Islands for tens of thousands of years.

He has been carefully cultivating and domesticating him, and he is totally reluctant to play this hole card.

This time, seeing that the world is about to be in chaos, the hole card was released in advance.

As for cleaning up Chen Feng, in their opinion, for the Tiancun Beast Slave, there is no difficulty at all.

I cleaned up Chen Feng just to let him get familiar with the Dragon Vessel Continent and practice his skills by the way.

It's just a matter of convenience.

Unexpectedly, something went wrong the first time the Tianchou Beast Slave went out.

It was actually abandoned in Chen Feng's hands!

They had high hopes and gave them an infinite future, and they also hoped to kill them everywhere and become the most important trump card in their hands.

When I first entered the Dragon Vessel Continent, something went wrong, and there was no news.

This made them feel that Tiancun Beast Slave was a joke.

Waiting for someone by yourself is a joke!

Ten Thousand Beast Islands is just a joke!

This kind of absurdity is extreme, the feeling of not wanting to believe but having to believe, makes them feel uncomfortable and almost vomit blood!

However, Venerable Whale is an old monster who has lived for thousands of years.

Soon, he recovered his calmness, sighed lightly, and looked in the direction of the Longmai Continent in the distance.

His eyes are like a poisonous snake.

"Yes, Chen Feng, good, you are good!"

Venerable Giant Whale gritted his teeth every word.

They had an attitude that didn't care much about Chen Feng.

He just thought that he had killed his own disciple, so he wanted to beheaded, and he didn't take him seriously.

Unexpectedly, Chen Feng's strength far exceeded their imagination.

Now, Chen Feng has destroyed a big killer in their Ten Thousand Beast Islands! A hole card!

If they said that they didn't care about it before, their evaluation of Chen Feng is now on a higher level, but the hatred is already in the bone!

He suddenly turned around, looked at the two of them, smiled and said, "Two juniors, the time we have spent in this Ten Thousand Beast Islands is too long."

"The north is bitterly cold, do you want to go to the Dragon Vessel Continent to move your muscles and bones?"

Venerable Jinpeng and Venerable Giant Mountain all laughed: "Okay!"

The voice of the Venerable Giant Whale is awe-inspiring:

"Chen Feng, wait for me, I want you to spit it out for me with the benefit!"

"Dare to **** things from our Ten Thousand Beast Islands, you are tired of living crooked!"

Soon, Chen Feng and his party came to Jinggu Zuojin.

The closer to Jinggu, the more excited Han Yuer became.

She hadn't seen Blood Wind for a long time, she missed it very much.

When the group of people reached tens of miles away from Mirror Valley, Chen Feng suddenly raised his brows.

He clearly felt that the power and breath fluctuating between heaven and earth was different from normal conditions.

The breath between heaven and earth is not the kind of chaotic and loose fluctuation.

It seemed to be screwed together by a force, gathered together, and then pulsating regularly.

Like a person's pulse and heartbeat, time after time.

Calm and powerful!

Masses of heaven and earth vitality are converging towards a certain place.

Chen Feng looked at it and saw that the direction where the vitality converged was Jinggu.

Chen Feng suddenly raised his brows: "I'm not in Mirror Valley, who is cultivating in Mirror Valley? Could someone occupy Mirror Valley?"

But then, Chen Feng denied this idea.

Xuanyuan Xiaoyue would never allow this to happen.

Moreover, Chen Feng vaguely felt very familiar with the fluctuations of this power aura.

However, he was quite sure that none of the people he knew had such power fluctuations.

Chen Feng already had a guess in his heart, and said softly: "Let's go, let's go."

Soon, everyone came to the top of Jinggu.

The moment they came here, they were stunned.

At this time, the sun is setting and the white rabbit is rising.

Above the sky, there was a dark color.

From time to time, there are brilliant rays of light across the sky, a full moon, brilliance shed.

Arrays of Qinghui spread across the mountains and forests.

And just under the interweaving of this moonlight, at the highest point of that mirror valley, in the void, there was a small figure standing proudly there.

Chen Feng is very familiar with this figure, it is the blood wind!

However, at this time, the blood wind no longer looked lazily before.

He stood proudly in the void, raised his head, the wolf's mouth opened, and he let out a long wolf howl.

The wolf howling sound is not particularly loud, but it is extremely distant.
