

Peerless 4421

[Chapter 4421: Invisible blood wind!](#)

The voice spread far away as if it had substance, spreading among the four fields.

Wherever the wolf howl swept past, all the monster beasts in the entire Xuanyuan family bowed their heads.

Kneeling to the ground, showing his obedience.

Moreover, it seems that it is not just for this Xuanyuan family's inner sect.

It's just that there has been a small spread in the Xuanyuan family's inner clan.

More than ninety-nine percent of its power is headed directly above it.

Moreover, this power is like a huge horn that has grown from childhood.

The higher the voice, the stronger it is.

In the void directly above, above the nine heavens, the world was already shaking.

However, such a movement could not be felt even with Chen Feng's strength.

However, although Chen Feng could not feel it, he could guess it.

Because when the sound passed by them, Chen Feng actually felt a kind of heart palpitations, and his heart was pounding involuntarily!

The Heavenly Remnant Beast Slave next to him exclaimed: "This young wolf is obviously so weak in strength, but..."

He closed his eyes suddenly, took a deep breath, and felt it carefully.

After a long while, he was drunk and said, "But, he gave me the feeling that he is the most powerful monster in this world!"

"The most powerful monster in the world?"

Chen Feng asked softly: "Are you sure?"

"I'm sure, very sure!"

The Tiancun Beast Slave sighed softly, "Ten years ago, the three beast envoys from the Ten Thousand Beast Islands used to work together to capture a Seven-Star Demon Emperor."

"That is the most powerful demon emperor I have ever seen."

"But, big brother, the feeling this little wolf gives me is stronger than that of the seven-star demon emperor."

"Of course, his actual combat effectiveness should be very weak, and I don't know why I feel that way."

Chen Feng nodded slowly.

The Tiancun Beast Slave didn't know the reason, but he knew.

That's because the blood wind has unlimited potential.

Its blood, infinite nobility!

At this time, the blood wind, in Chen Feng's eyes, was covered with layers of mist.

He felt that he couldn't see through.

What is the origin of this little guy?

What is he doing now?

Just as Chen Feng thought about it, the roar of the blood wind stopped.

In the next moment, he stood up cross-legged, and this little wolf made a movement like a human being cross-legged.

A little weird, but also a little cute.

And as he made this action, immediately, the endless moonlight gleaming on the sky suddenly turned into a beam of light, condensing all of it on his body.

These Yuehua rays of light directly penetrated in.

Qin Qinran, vigorous, and pure.

As Yuehua's power drenched into the little wolf's body, Blood Wind swelled up and down.

The figure slowly grew bigger, and after a quarter of an hour, it slowly shrank again and returned to its original appearance.

However, he clearly felt that his power was much stronger than before.

Then, it started a new round of absorption.

When Chen Feng first saw it, although he was a little surprised, he didn't take it too seriously.

Absorb the power of Yuehua, many people can do other things.

Don't talk about anything else, isn't the Celestial Pill all right?

But the next moment, his face suddenly showed an expression of extreme shock, and he cried out: "This, how is this possible?"

"There is even such a power into his body?"

If it only absorbs the light of Yuehua, it is nothing to Chen Feng.

But at this time, Chen Feng clearly saw that in the warm, water-like moonlight light, there were even strands of other power mixed in!

These powers are really starlight!

The power of the stars in the sky!

This scene directly stunned Chen Feng.

He knows one thing very well, that is, the Dragon Vein Continent, since ancient times, between heaven and earth, very few warriors can absorb the light of stars!

Chen Feng had asked Xuanyuan Xiaoyue, Bai Ruoxi and others, and even other powerful people about this matter.

These warriors on the Dragon Vessel Continent, one by one, have learned the martial arts.

Desperately trying to strengthen themselves, then naturally some people have imagined that they want to link the stars in the sky and absorb the power above those stars.

Unfortunately, no one can succeed.

The power above the stars, none of the people Chen Feng knew could really absorb it.

Including Xuanyuan Xiaoyue.

At most, it is nothing more than the fortune of observing the stars, just a little bit of astrology.

When Chen Feng chatted with Xuanyuan Xiaoyue a certain time, he sighed: The power of the stars in the sky is extremely high, extremely pure and powerful.

If you are lucky enough to absorb the strands, it will be extremely helpful for cultivation.

But unfortunately, he searched all the classics and even all the ancient legends, and no one could absorb the power of the stars that day.

But at this time, Bloodwind was able to do it!

The blood wind was able to absorb the strands of starlight!

Moreover, Chen Feng saw that the colors of the stars' rays were not consistent.

Some are scarlet, and some are like ice.

Within half an hour, Chen Feng saw that three rays of starlight had entered the blood wind body.

These three rays of starlight, in terms of body shape, were really like a drop in the ocean when compared with that huge moonlight power.

However, when every ray of starlight entered the blood wind body, the blood wind trembled, and the body swelled like an air.

It gives people the feeling that the effect of starlight is more obvious and powerful than moonlight, which is tens of thousands of times larger than starlight.

Chen Feng roughly estimated that the strength of each ray of starlight is about 30,000 times the strength of moonlight of the same level.

Just as Chen Feng thought about it, everyone was shocked.

Everyone looked at each other, and there was a touch of horror in their eyes.
Because at this time, they also felt that an extremely terrifying force was coming here.
But then, Chen Feng discovered that it was not just himself and others who felt that way.
He clearly saw that the entire Jinggu trembled slightly.
Even the entire Xuanyuan family was shaking.
At this moment, Xuanyuan Xiaoyue was cultivating, but suddenly sat up and opened the door.
Look in the direction of that Jinggu.
He felt a terrifying pressure and fell in the direction of the mirror valley.
As if the devil came!
Xuanyuan Xiaoyue suddenly raised her heart, but then she smiled freely.
"There is Chen Feng in Jinggu, and he will solve all problems."
"If he can't solve it, what's the use of my worry?"
Thinking of this, my heart is smooth.
Haha smiled and walked in.
The door slammed shut.
At this moment, in Chen Feng's sight, a ray of starlight appeared.
A ray of ice-blue starlight was mixed in the cold white.

[Chapter 4422: A special starlight](#)

It was white, pale and cold, with indescribable killing intent and indifference.
It was like a huge pale star in the void of the universe, looking down at the entire universe.
And in the pale, there was an ice blue color, but it was indescribable and arrogant.
As soon as this ray of starlight appeared, Chen Feng immediately felt strange.
Because this ray of starlight is incredibly powerful.
This ray of starlight is dozens of times stronger than any previous starlight.
Compared with those moonlights, it is even more different.
As a result, when this starlight appeared, the moonlight was shattered before it fell.
It was shattered directly by the momentum of this starlight!
Chen Feng took a deep breath: "Where does this ray of starlight come from? Why is it so terrifying?"

"It's just a huge star, and the strands of original power are just strands, giving people a feeling like a demon **** is coming."

"What kind of star does this ray of starlight come from? How powerful is that star?"

The next moment, a scene that shocked Chen Feng even more happened.

That starlight turned out to slowly change, and soon it turned into a huge phantom!

The phantom of a giant wolf!

The whole body is icy blue, and the body is covered with a layer of cold white light.

It looks like a **** wind!

At this time, he looked up to the sky and howled, almost the same!

Seeing this scene, Chen Feng trembled fiercely in his heart.

At this time, Bloodwind clearly saw this ray of starlight and the phantom formed by the starlight descending.

Suddenly, he became extremely excited.

He jumped up directly, and started to run with joy around the giant wolf phantom.

At this time, Chen Feng clearly felt that above the giant wolf phantom, there was also an extremely close aura.

The goal of getting close to the breath is indeed the blood wind.

Chen Feng raised his brows: "This starlight phantom of the giant wolf is actually very close to the blood wind?"

"What does this mean? It doesn't make sense at all! It doesn't make sense!"

"I don't know how far away, the starlight from which star is actually very close to the blood wind?"

At this time, in Chen Feng's eyes, the origin of the blood wind became even more mysterious.

Then, the giant wolf phantom fell directly into the blood wind body and disappeared instantly.

After swallowing this ray of starlight, his body swelled rapidly.

Originally, the size of the blood wind had not changed much, it was only about one or two feet long, but now it has rapidly expanded to a full one or two meters in size.

Just floating there, the whole body was filled with cold white light with ice blue light.

The light instantly covered his whole body and poured out overwhelmingly.

Almost instantly, it was sealed in a huge white and blue ice.

And the icy blue light was sandwiched among those white, still surging outward.

When spread out, it instantly covers dozens of miles.

Almost in the blink of an eye, the entire Mirror Valley was sealed by the white and blue ice.

The entire radius of tens of miles, the Valley of Mirror, which was several kilometers deep, was sealed into a large block of ice.

The white and blue ice is still spreading outward.

The time for just a cup of tea, a radius of three hundred miles, is all frozen!

Such a terrifying power!

The power in this starlight was terrifying to the extreme.

Chen Feng and the others retreated far, they felt that there was an extremely terrifying threat in the ice.

Everyone waited quietly.

And did not make them wait longer, after about an hour.

Suddenly, among all the ice, the power of white and blue shrank rapidly.

In the next moment, he returned to the body of the blood wind.

Then, with a loud bang, all the ice covering hundreds of miles around was blown to pieces!

In the air, it turns into nothingness and disappears in the wind.

On the spot, the body of Bloodwind returned to its original small appearance.

He suddenly looked up to the sky with a roar, shaking the whole field.

It's just that, at this time, his aura is far different from just now!

This cold white ray of icy blue starlight actually increased the strength of Blood Wind by several levels!

Intuitively.

When Chen Feng and the others first arrived, if the strength of the blood wind had not yet reached the realm of the Demon Emperor, it swallowed those moonlight and a few starlights, making his strength reached the early stage of the One-Star Demon Emperor.

Now, having swallowed the giant wolf phantom that the starlight turned into, his strength has already climbed to the peak of the two-star monster emperor!

What kind of cultivation speed is this?

Chen Feng knows that none of the methods of cultivation in the world can compare with the cultivation speed of Blood Wind!

Moreover, the blood wind did not have any traces of practicing martial arts.

That also means that the reason why he has such a speed of cultivation is only because of one reason, that is: blood!

His blood is powerful, noble, and mysterious!

In the roar of the blood wind, I never saw the milky voice of the previous milk again, charming and lovely.

It's just full of deep cold, coldness, and awe-inspiring domineering!

It is also with an unspeakable arrogance and self-confidence.

It seemed that he was full of confidence in himself, and he had no doubt about his strength!

Like a proud and powerful wolf king, standing proudly on the snowy field.

Chen Feng looked at him blankly.

He suddenly felt that the blood wind at this time made him a little strange.

It is as if this is no longer the blood wind he knew.

"This, this is the **** wind that is leaning against my chest, rubbing against my chest, and acting like a baby with me, milky and milky?"

Chen Feng suddenly felt a little bit sorrowful and uncomfortable.

At the next moment, the blood wind suddenly felt something and turned his head.

Then I saw Chen Feng and others.

In the next moment, the unruly and bitter cold on his face was wiped out.

His eyes lit up immediately, and his expression instantly became unspeakable excitement and joy.

A pair of eyes was shining brightly, and he rushed towards Chen Feng.

Seeing this scene, Han Yu'er next to him suddenly giggled and shouted: "Bloodwind, see who I am!"

Hearing this shout, Bloodwind suddenly froze in midair.

Suddenly, he turned his head and saw that Han Yuer was looking at him with a smile.

The blood wind was stunned.

It shook its furry, plump gray head vigorously, stunned.

It only saw Chen Feng and no one else in its eyes, so it didn't notice Han Yu'er.

Now that I see Han Yuer, I am even more excited.

The chubby body was abruptly folded in the air, flew into Han Yuer's arms, and rubbed against Han Yuer.

There was an excited gurgling sound in his throat, full of nostalgia and nostalgia.

[Chapter 4423: The person in front of me is my sweetheart](#)

There is also the excitement after the reunion.

Han Yu'er hugged it and giggled.

She looked at Chen Feng, her eyes seemed to be able to speak.

It seems to be saying to Chen Feng: "Look, the blood wind has not changed."

Han Yuer has always understood Chen Feng best.

She could naturally perceive the emotion of Chen Feng just now.

The blood wind rushed into Chen Feng's arms again, and the wet tongue licked on his face, indescribable intimacy.

Chen Feng tore it off, then hugged it in his arms.

Hugged tightly.

He laughed, unspeakably happy.

Not because of how powerful the blood wind became, but because at this time he discovered that the blood wind has actually not changed!

He is still the **** wind that is so attached to, dependent on, and leaning in his arms!

"My blood has never changed!"

Then, Blood Wind met Qingqiu Yaoguang again.

It is also familiar with Qingqiu Yaoguang, but the relationship is far inferior to Chen Feng and Han Yu'er.

However, Qingqiu Yaoguang has a gentle temperament, cute and innocent, and naturally doesn't care about it.

Chen Feng introduced the Heavenly Cruel Beast Slave to Blood Wind, and said with a smile: "Blood Wind, this is my brother, so don't blame him.

Somehow, although the Celestial Remnant Beast Slave is the profession of a summoner, it is also extremely powerful.

But when Chen Feng introduced, he still said this sentence instinctively.

Said to let the blood wind not bully the Tianchou Beast Slave, not to let the Tianchou Beast Slave not bully the blood wind.

It seems that in Chen Feng's subconscious, he feels that the blood wind has the ability to bully the Tiancun Beast Slave.

Tiancun Beast Slave also didn't care at all.

After seeing the behavior of Blood Wind just now, he did not dare to despise it at all.

The blood wind was much colder to him, as if he could feel the breath of the summoner in him.

No matter how close this monster beast is to the summoner, it is ultimately based on a premise.

That is, the monster beast was tamed and summoned.

If it were the monster itself, then naturally he would not like this kind of person.

Who doesn't love freedom? Who wants to be restrained?

Looking at the crooked blood wind lying in Chen Feng's arms, the Tiancun Beast Slave said with envy:

"Big Brother Chen, you are a monster, neither summoning nor tame relationship, but you are so good with you. I really envy others."

Chen Feng smiled slightly, rubbed Xuefeng's head lightly, smiled and corrected: "Bloodwind is my relative, not a monster."

The Tiancun Beast Slave was stunned at first, and then smiled: "It makes sense."

He nodded in admiration sincerely, and even more thoughtful.

It was as if Chen Feng's remarks gave her some enlightenment.

Chen Feng held the blood wind, landed in this mirror valley, and came to the giant pine again.

He looked around, a touch of emotion in his eyes.

This may be the last time he has come to Mirror Valley.

Even if this is not the last time, the number of visits here will decrease.

The Xuanyuan family was just one stop on his long path of cultivation.

Not the end!

Now, his stage is the entire Longmai Continent.

It seemed that everyone was silent in Chen Feng's emotions.

Only the blood wind was in Chen Feng's arms, rubbing back and forth, still immersed in the joy.

It was night, and the moon was as cold as water.

Above the giant pine, a bonfire was lit.

The savage beast slave didn't disturb Chen Feng and the others, but entered the big lake alone.

He came between the mountains and forests, in the lakes, as if he had returned home.

He fell asleep in the lake, surrounded by monsters.

The bonfire was rising, and the meat was roasting on it.

The grease drips on the fire, and it helps the fire even more.

A pot of fine wine has already drunk most.

Qingqiu Yaoguang's face was a little dizzy, her head resting on Han Yu'er's thigh, she was already asleep.

This little guy is a spirit grass, but somehow, it is quite good in the cup.

He looks like a little alcoholic.

She quietly killed more than half of the pot of millennium wine that Chen Feng took out just now.

The two of Chen Feng had only a few drinks.

Chen Feng muttered softly, telling the blood wind about the things he had experienced outside during this period of time.

At this time, he seemed to be a little ridiculous.

Han Yuer had a faint smile on her face, her face was a little red, her hands pressed her face, and she listened quietly.

The person in front of you is the sweetheart.

The sound of waves is heard, the wind is whistling, the fire is shining, and the boy is in white.

Everything looks like ten years ago.

I just feel that the years are quiet.

It's just that the blood wind is a little absent-minded, and I don't know if he listened to it.

It glanced at Chen Feng and saw Chen Feng looking at the blue-black sky in the distance, speaking rightly.

I saw Chen Feng put the wine glass on the ground.

Suddenly, he stretched his neck violently, and then his tongue slid very quickly and licked the wine glass.

The tongue drew back quickly, and his mouth was clicked, his face filled with satisfaction.

A moment later, before Chen Feng didn't see it, he quickly licked it again.

Before he retracted his head this time, he suddenly felt that the back of his neck was tight, and he was directly picked up by Chen Feng.

Suddenly, Xuefeng was shocked, and he was already in a pose of asking for mercy.

Chen Feng couldn't help her drinking before.

However, the blood wind is too good to be in the cup. After being drunk several times, he went crazy everywhere.

Bringing Jinggu into trouble, and tossing Chen Feng too hard.

Since then, Chen Feng will not allow him to drink.

It thought it would be hard to escape a fight this time, but did not expect that Chen Feng just pointed at him with a smile and cursed: "You fellow!"

Seeing that Chen Feng was not angry, Blood Wind was immediately overjoyed, and stretched out his tongue to lick Chen Feng's face.

Han Yu'er looked at her with a smile, her eyes filled with tenderness and joy.

The night is like water, and the wind is blowing, blowing the pine waves, with a little bit of winter coolness.

However, the surrounding area of this small bonfire is warm as spring.

Warm into the heart.

The second day.

"Bloodwind, I want to take you away from the Xuanyuan Family Inner Sect temporarily, I wonder if you want to?"

Hearing the blood breeze, he nodded like garlic.

An emotion came from me: "Of course I am willing, I am going crazy when I am here! Neither of you will accompany me!"

There was a lot of grievance in the tone.

Chen Feng laughed, rubbing its head and said, "Isn't it afraid of taking you out in danger before?"

"You little guy, you know how to eat and eat, and you haven't improved your cultivation base. What if you go out and be beaten to death?"

"correct....."

Chen Feng asked, "Bloodwind, after you go outside, can you still practice as before?"

The blood wind flew up suddenly, turned in a circle in the air, with his chin raised outward.

Then he nodded slowly, his face was full of arrogance, and I looked incredible.

[Chapter 4424: problem occurs!](#)

His meaning is obvious: He can cultivate anywhere, not just limited to this Xuanyuan family inner sect.

Such a look, if someone else did it, would be disgusting.

The blood wind made it, but it was very cute.

Chen Feng stretched out his hand and sucked the blood wind back, and a brain collapsed on its head.

"You fellow, are you still pretending to me here?"

The blood wind suddenly lifted the furry paws and held his head, tears in his eyes.

He jumped out of Chen Feng's arms and came to Han Yuer's arms and rubbed back and forth.

Still holding his head up, his mouth made a whine sound.

A complaining face.

When he leaped out of Chen Feng's arms, he did not forget that his hind legs slammed on his chest.

The feeling of anger that gave Chen Feng a kick seems to be deliberate revenge on Chen Feng.

Chen Feng laughed and scolded, "You guy!"

Then, Chen Feng left Xuanyuan Xiaoyue and left with a group of people.

As for what the blood wind was doing yesterday, what was its purpose.

Xuefeng did not say, nor did Chen Feng ask.

Chen Feng always believed that everyone has their own secrets and their own privacy.

He only needs to be convinced: "Blood wind will not harm me!"

That's enough, why bother to get to the bottom?

Qingluan Ruyi Boat cut through the sky.

His goal is Chaoge Tianzi City.

Chaoge Tianzi City!

The conspiracy of the Six Great Hidden Sects related to luck caused Chen Feng to even temporarily give up going to the Shifang Jungle to find the Shifang Freedom Classic.

After all, for him now, luck is more tangible and can be quickly transformed into combat effectiveness.

Anyway, Shifang Jungle is there and can't run away.

You can get it at any time.

Now go to Chaoge Tianzi City and discover the conspiracy of the six hidden sects to steal the luck of the Dragon Vessel Continent, which is the most important.

At this time, what Chen Feng didn't know was.

In the Tianyuan Dynasty, hundreds of millions of miles away from him, an accident happened quietly.

Soon, Qingluan Ruyizhou left the Xuanyuan family for a day.

As the sun sets, the moonlight is rising.

On the Qingluan Ruyi Boat, there was silence, and everyone was practicing in their own room.

And at the top of the Qingluan Ruyizhou, the blood wind is also roaring the moon.

Facing the rising full moon, there was a long and leisurely howl.

Then, the Yuehua and the starlight spread down and landed on his body, making him more powerful.

It's just that this time he didn't absorb the faint blue in the ice white, which could condense into the light of the giant wolf phantom.

Obviously, he didn't sense that star today, nor did he get the original power of that star.

Think about it, this is also normal.

After all, the origin power of that star is too strong.

If it can be easily sensed every day, and daily strength can be rapidly improved, then this cultivation speed is too terrifying.

But even so, his strength has been directly promoted from the peak of the two-star martial emperor to the realm of the three-star martial emperor.

Chen Feng was practicing and felt the breakthrough of blood wind.

Being pulled and touched by the breath, he suddenly woke up.

He shook his head, a wry smile appeared at the corner of his mouth.

Regardless of which sect is placed in, if there are disciples who can break through to this state, it is a gratifying thing.

However, for him, this is also commonplace.

The breakthrough of blood wind was so easy, he was used to it, and he didn't even take it seriously.

"just....."

Chen Feng also had a question in his heart: "Why hasn't the strength of the blood wind been changed before?"

"But recently, there have been many breakthroughs? What is the reason?"

"When I was not in the Xuanyuan family's inner sect, what happened to Blood Wind? How did he feel that star?"

"The most important thing is, what is the star with the cold blue power among the ice white power?"

This thought has been lingering in Chen Feng's mind.

He faintly felt that if he could get this information, it would be quite beneficial to his cultivation.

It's just that he knows that if he can say it, he will say it with his wholehearted trust in blood.

If you don't say it now, that means it has an absolute unspeakable concealment.

I am afraid that there will be very serious consequences if I say it.

So Chen Feng also resisted without asking.

The figure outside the window flashed, and the blood wind made a bend in the air and walked in and came to Chen Feng's arms.

I found a comfortable posture, twisted a few times, and lay down in a comfortable posture.

Chen Feng smiled slightly and touched its chubby belly, just about to coax him to sleep.

Only at this moment, Chen Feng straightened his body suddenly, out of control at all, and let out a low growl!

"what happened!"

At this moment, he felt his heart twitch sharply, as if being caught, and squeezed fiercely.

Unspeakable pain!

At the same time, a very bad premonition surged in my heart, as if something that I couldn't bear to say was about to happen.

This hunch made Chen Feng uncomfortable.

He can know that something that he absolutely does not want to see has happened!

His heart twitched almost out of control,

Chen Feng wowed, a mouthful of blood spurted out, and he fell to the ground heavily.

Han Yuer, Qingqiu Yaoguang and others heard the movement and came over.

Xuefeng just stunned, and then hurriedly came to Chen Feng and rubbed him around, seeming to comfort him.

Han Yuer exclaimed, "Junior Brother, what's wrong?"

Chen Feng took a deep breath and suppressed the extremely unpleasant emotion that surged in his heart.

Just about to speak, suddenly my heart moved, as if thinking of something.

Then, quickly took out a few things from her arms.

Each of these things is about the size of a palm.

One side is slanted and extremely smooth, and the other three sides are straight lines.

It's like a rectangular piece of beautiful jade cut in the middle.

The whole body is purple, surrounded by mysterious and unpredictable power, the brilliance is restrained, and the indescribable bright.

And in this purple, there are more strands of life and effort linger.

There is an inexplicable force in it, which seems to lead to an unknown place in the void!

Inside, there were a few familiar auras from Chen Feng.

There seems to be the breath of old people in it.

This thing is called Life and Death Linking Heart Talisman!

It was the treasure that Chen Feng had obtained from the ancient ruins before, and each piece could be cut in half.

Half of them are here in Chen Feng.

The other half is given to relatives and friends.

As long as the blood of relatives and friends drips in, then the person holding the other half can perceive the state of the relatives and friends who have been gifted with life and death.

At the moment when Chen Feng took out these five life and death charms.

All of a sudden...

Five crisp sounds in succession!

[Chapter 4425: Who dare to move me? I want your life!](#)

These five heart charms of life and death are almost in no particular order, and they are suddenly broken at the same time!

Turn into powder and disappear directly!

Five life and death talisman with heart, broken at the same time!

Seeing this scene, Chen Feng shouted in disbelief: "How is it possible? How is it possible?"

"Why are they broken at the same time? How come!"

He felt a warm heart, wow, and another spurt of blood.

His head was dizzy, almost directly passing out.

Han Yu'er was shocked, and quickly stepped forward to support him, and said in a trembled voice: "Junior Brother, what's the matter? Don't scare me!"

Tears are already in the eyes.

After all, Chen Feng is Chen Feng. Although he was caught off guard just now, his whole person was almost shocked.

But he quickly recovered.

Biting his tongue fiercely, the pain instantly made him wake up.

A voice in Chen Feng's heart roared: "Chen Feng, you are now the backbone of everyone!"

"How can you mess? You must settle down!"

He took a few deep breaths to stabilize his mind.

Then he slowly uttered a sentence: "Brother Bai Shanshui... they have something wrong!"

Han Yu'er's face changed instantly.

Because she knows what Chen Feng's "they" means!

There, that place, there is more than just Baishanshui!

In fact, what Chen Feng didn't tell Han Yuer was that it seemed that Bai Shanshui and others were not just that something went wrong!

You know, these five life-and-death talisman, Chen Feng bestows these five people with the closest relationship with him.

There is their destiny and soul inside.

But now, the Life and Death Linking Heart Talisman shattered directly, turning into powder and disappearing.

It means that they are now not just having an accident, but may directly...

"Could it be? They used that?"

Chen Feng shook his head and erased these thoughts.

He didn't dare to think about it anymore!

He took a deep breath, his mind moved.

Suddenly, Qingluan Ruyizhou quickly changed directions.

Chen Feng gritted his teeth: "Let's go to Tianyuan Dynasty!"

"I want to see, which dog has such courage!"

"Those who dare to move me?"

His voice is like ten thousand years of ice: "I want your life!"

Tianyuan Dynasty, outside the imperial city.

There is a huge estate.

This manor, not far from the imperial city, can be said to be at the core of the Tianyuan imperial city.

The area of the manor is even larger than the imperial city of Tianyuan Imperial City.

There are even many mountains, rivers and lakes inside.

The building inside is not very luxurious, but very clean and elegant.

Dozens of palace-style buildings are dotted among the vast dense forests and mountains.

This manor is unusually quiet, with the doors closed all the year round, and the people inside hardly communicate with the people of the Tianyuan Imperial City.

No matter which powerhouse of Tianyuan Imperial City passed by here, when he looked at this manor, his face would show awe and worship.

Because everyone knows that there are dozens of powerful people hidden in this manor!

Although they did not show the mountains or leak the water, and did not appear in the Tianyuan Imperial City very much, they had extremely terrifying strength.

Of course, this was not something everyone knew from the beginning.

A few years ago, this manor had just appeared here, and being able to own such a large area of manor near the imperial city, obviously, the people in it had absolutely extraordinary identities.

However, few people know the identity of the manor.

But those who know are silent and don't disclose it at all.

Outsiders are curious, but also a little eager.

However, within a few months, someone came to provoke him in an attempt to occupy this foundation.

But it is a pity that dozens of strong men who went there were stabbed with a sword by a random person inside, and they were all beheaded!

Not even a round was blocked.

This battle has completely frightened those who are in trouble.

After all, the dozens of people who went to provoke were powerful men belonging to the giant eagle gate.

Near the Tianyuan imperial city, it is a very strong school.

And the next day, in Tianyuan Imperial City, everyone was shocked to find that there was a head hanging above the city gate!

It is the head of the master of the giant eagle gate.

But one night last night, all the strong at the Great Eagle Gate were all beheaded.

This scene shocked the entire Tianyuan Imperial City.

Some people understand that what happened yesterday was a temptation from the Great Eagle Gate to the forces in the manor.

If they are weak and not strong enough, the Great Eagle Gate will show no mercy to them and behead them all.

However, what everyone could not think of was that the people in the manor were not only extremely powerful, but also ruthless.

The Giant Eagle Gate was uprooted directly because of this incident.

And after this incident, everyone understood that the people living in the manor, although they didn't know who they were, they definitely couldn't afford to provoke them.

No one dared to provoke anymore.

And later, they found out.

The imperial family of the Tianyuan imperial city would have a prince come forward every other month to personally deliver all kinds of food and clothing for the people in the manor.

They were even more horrified.

In the past few years, the people in Tianyuan Imperial City have always been inseparable from this mysterious force in chatting.

However, all people in the know are secretive.

In fact, the truth of this manor was only known to the emperor of the Tianyuan Dynasty and Liao Liao.

It turned out that a few years ago, just after Chen Feng gained a foothold in the Xuanyuan family's outer sect, he made a special trip back to Tianyuan Imperial City.

Then, all his relatives and friends are placed here.

In fact, when Chen Feng was still in the Tianyuan Dynasty, he set up a big house here to settle them.

But only the Qingqiu Fox tribe and Baishanshui were settled.

Later, more people needed to settle down. There were nearly a hundred people, and the big house seemed a little crowded.

Chen Feng built this Qianyuan Villa

When Chen Feng came back, he was already a young wise man of the Xuanyuan family's outer sect, and he became a figure that the Tianyuan Dynasty did not dare to provoke.

Naturally, no one dares to violate his meaning.

And only the top missions knew that the people living inside were close friends of Chen Feng.

Within a few years, everyone settled down here.

At the entrance of the manor, on a boulder, four characters, silver hook and iron painting: Qianyuan Villa!

The reason why Chen Feng named this manor Qianyuan Villa was to remember his first sect: Qian Yuanzong.

At this time, Qianyuan Villa.

A few miles away, a tall tower stands.

On the high tower, one person stands.

He is tall, and his aura is quite fierce and terrifying.

At this moment, he was looking at the direction of the manor, with a sneer at the corner of his mouth:

"You group of ants, they hide quite deep, but it makes me easy to find!"

"Today is when you are destroyed!"

In the manor, above a small building.

Around the small building, a peculiar humming sound has already lasted for several days.

[Chapter 4426: Old friend](#)

The buzzing was fine and dense, and it was extremely sharp.

If you look closely, you will find that this buzzing is not born out of thin air.

In that air, there were tens of thousands of small swords circling back and forth.

Each small sword is no more than five inches long.

The whole body is white, with a bit of azure blue, just like the hardest ice condensing.

Tens of thousands of small swords shattered this one hundred meters.

Suddenly, there was a long scream from the small building, extremely happy.

In the next moment, the tens of thousands of small swords outside were swishes, recovered all of them, and returned to the small building.

In the next instant, a sharp and unparalleled sword intent rose from the small building.

Striking straight into the sky, like a bright and hot white light!

A few hundred meters away, in the nearest small building, a tall and brave young man walked out and laughed loudly:

"Brother Bai, have you stepped into the realm of Emperor Wu?"

The door of the small building opens without wind.

A tall young man walked out of it, his figure resembling a mountain, indescribably calm.

It was Chen Feng's senior brother: Bai Shanshui.

A smile appeared at the corner of Bai Shanshui's mouth, and his mind moved slightly.

A long sword slowly emerged behind him, and the imposing martial arts realm on him could not be concealed.

He also stepped into the realm of Emperor Wu!

"Senior Brother Bai retreats for half a year, and once stepped into the realm of Emperor Wu, it is really gratifying!"

Bai Shanshui shook his head and smiled, "Shangguan Junior Brother, you really shame me by these words."

"I am the oldest, but I am the sixth to step into Emperor Wu, and I have used so many panacea and martial arts techniques of Junior Brother Chen Feng. What can I be proud of?"

This Shangguan junior was Shangguan Lingyun, who was also a disciple of Qian Yuanzong.

It was one of the few bones and blood left by Qian Yuanzong now.

"You can't say that."

Shangguan Lingyun said solemnly: "After all, our starting point is too low."

"Brother, you can achieve this level at this age, it is not bad."

Next, after hearing that Baishanshui stepped into the realm of Emperor Wu, everyone came to congratulate him.

Dozens of people gathered together.

The maid shuttles, the wine and delicacies are laid out like flowing water.

The crowd gathered together, with blazing smiles, very happy.

In the past, they mostly practiced separately, and they usually only get together once in a few months.

I cherish this opportunity to get together.

There is a smile on his face, and his heart is open.

Seeing this scene, Bai Shanshui's face suddenly showed a touch of emotion: "Everyone, listen to me."

Everyone stopped and cast their eyes on Baishanshui.

The voice of Bai Shanshui was loud and loud: "I wait, I can live because of Brother Chen."

"It's also because Junior Brother Chen was able to gather here to meet, and because Junior Brother Chen Feng was able to set foot in such a situation, knowing that there are such magical martial arts in this world, there are so many powerful panacea!"

"Just now, I can see the pinnacle of the Dragon Vein Continent!"

"There is nothing more strange than this. Every time I think about it, it feels like a dream."

"All this is really thanks to Junior Brother Chen."

"I propose, this glass of wine!"

He raised his wine glass: "I wish Junior Brother Chen far away, set foot on the pinnacle of the Dragon Vessel Mainland!"

"Haha, I wish Brother Chen to the peak of Dragon Vessel!"

Everyone laughed, and at the same time they toasted and drank.

Their faces are full of joy, and their words are full of joy.

Although Chen Feng does not live here, they are no strangers to Chen Feng's deeds.

Even in places like Tianyuan imperial city and remote areas that are not in the eyes of the top powers of the Dragon Vein Continent, Chen Feng's deeds are still circulating.

Just a few days ago, Chen Feng won the first place in Kongsang Lunjian, and the news that he became the first person of the young generation in the Longmai Continent also spread here.

This excites them to the extreme, and even feels proud.

The crowd was eager, and there was only one pretty girl, her face sullen and sullen.

The girl was wearing a double-bun, with a trace of unfading baby fat on her face, she was indescribably cute.

"What's the matter? It's bulging, like a bun!"

There was a chuckle from the side.

A Qianqiansu hand stretched out and twisted it on her swollen face.

Then, rubbing her two fingers, it seemed that she felt good in the hand, and she squeezed her cheek again, and squeezed it down.

"Oh, sister Hua, I miss the master!"

The sweet and charming girl with a fat baby looked to the side, shaking her head, holding the Qianqiansu hand, swinging around, acting like a coquetry: "He hasn't been here for years."

This pretty girl is Jiang Yuechun.

The little child of that year has already grown into a girl.

The woman next to her who was twenty cents was a beautiful face.

She smiled lowly: "You are not alone in thinking about the son, I can also think about it."

As he was talking, his expression suddenly became a little startled, and a soft touch appeared in his eyes, and then he sighed slightly.

Originally wanted to persuade Jiang Yuechun, he hooked up his lovesickness.

Jiang Yuechun chuckled, rubbed her next to her, and smirked: "Sister Hua, why don't we go find Master!"

"what?"

Hua Ruyan heard this, and her heart moved instantly.

But she immediately shook her head again and again: "No, no, it's definitely not possible."

"The son told us that we should never set foot in the mainland easily. The danger outside cannot be easily dealt with."

She has always listened to Chen Feng the most.

Jiang Yuechun flatly said, "I'm all three-star Wudi!"

It turned out that she had the highest talent among everyone.

Although he was the youngest, he turned out to be the person with the highest cultivation level. Half a month ago, he had already entered the realm of the three-star martial emperor.

Hua Ruyan was about to speak, and suddenly everyone was moved.

Feeling a breath is approaching rapidly here.

The breath was quite huge, but soon, as the breath got closer, their expressions relaxed.

It turned out that they could all feel that this breath was quite familiar.

Bai Shanshui stretched his eyebrows and smiled and said, "It turns out that Junior Brother Xuanyuan is here."

But for a moment, a figure fell in front of the court and stepped into the hall.

Everyone greeted them one after another.

The person who came here was also an acquaintance of Chen Feng, Xuanyuan Yanghua who had fought side by side with Chen Feng in the small world of the emperor that day.

It turned out that after Chen Feng settled them here, he did not care about them.

On the contrary, Chen Feng is extremely caring about his close friends, former siblings and friends.

It can be said that it is supporting and supporting, fearing its life, and taking care of it in every possible way.

He was so busy himself, he had come here several times, reunited with everyone, and gave instructions on his cultivation.

During the period, he asked Xuanyuan Xiaoyue several times to send reliable people in the Xuanyuan family to bring them a lot of materials, weapons, magic weapons, medicines, etc. used for cultivation.

[Chapter 4427: A powerful enemy is coming!](#)

That is to say, Chen Feng knew very well that if he forced them to improve their strength, there would be endless troubles.

Moreover, the details of the methods that Chen Feng knew to improve their strength had too high physical requirements, and they simply couldn't bear it.

If not, Chen Feng would have helped them to rise above the realm of Emperor Wu abruptly.

But even if Chen Feng didn't help them to improve forcibly, after these years of painstaking practice, and Chen Feng was not stingy, he collected a large number of martial arts techniques suitable for their talents. All kinds of pills don't need money. Fill it down.

Their strength is still advancing by leaps and bounds.

Not only is it completely surpassing the other powerhouses in this Tianyuan Imperial City, even if it is on the Dragon Vein Continent, it can also be regarded as a small force.

Six people, such as Bai Shanshui, Hua Ruyan, Jiang Yuechun, Shangguan Lingyun, Yue Linglong, and Wei Qingyi, have all broken through and entered the realm of Emperor Wu.

If Chen Feng could make it by himself, he would come by himself.

If you can't get your hands free, don't worry.

The Xuanyuan family would naturally resolve these matters for him.

In fact, since Chen Feng and Xuanyuan Xiaoyue talked about it, every three months, the inner sect of the Xuanyuan family would send disciples here.

However, this matter is extremely confidential and involves Chen Feng.

If you are not a confidant, you definitely cannot entrust this important task.

Xuanyuan Yanghua's meticulous temperament and calm personality made him the best candidate.

Come and go two times, I'm familiar with the people here.

He exchanged a few words with everyone, just to take out a golden thread kit.

Then, all kinds of things were taken out from inside and out like flowing water.

There are elixirs in jade boxes, more than a dozen exercises and secrets, and hundreds of carefully selected spiritual herbs.

There are seven weapons of the magic weapon level, and there are even two alchemy furnaces as high as two persons.

I don't know if it is for anyone who wants to become a pharmacist.

All kinds of colors, a dazzling array.

After a while, it was only finished.

Then, Bai Shanshui put away these treasures.

Xuanyuan Yanghua took the seat and talked to everyone about what he had seen and heard these days, especially when he focused on the matter of Na Kongsang Lunjian.

Everyone listened attentively, without blinking their eyes.

After all, they are extremely concerned about Kong Sang Lunjian.

Before, they only knew that Chen Feng won the first place in Kongsang Lunjian, but they didn't know the specific details.

Hearing Xuanyuan Yanghua talking about Kong Sang Lunjian, Chen Feng showed great power and completely crushed the young generation of the dragon vein continent with his own power!

Everyone was dazzled and fascinated.

When Xuanyuan Yanghua talked about the hearty place, Bai Shanshui couldn't help but shoot up and laughed.

Loudly shouted: "This is the life I wait for the martial artist!"

"Across the world, let the people of the world look up to it, this is the life I want for the warriors!"

He suddenly looked at Xuanyuan Yanghua and said loudly, "Junior Brother Xuanyuan, when you leave this place this time, can you take me with you?"

"Take you with me?"

When Bai Shanshui said this, everyone was shocked.

"Senior Brother Bai, where are you going?"

Bai Shanshui smiled slightly: "Now, I have also broken through into Emperor Wu's realm."

"Although it is insignificant, and even less than the hair of Junior Brother Chen, he also has a certain ability to protect himself."

"Now, I am going to go to the Dragon Vessel Continent to explore."

"Let's take a look at how big the world is, and also experience yourself."

He faced the crowd with a passionate voice: "We all know how we improved!"

"Most of them were urged by the pill for abrupt life. Now Junior Brother Chen's realm is too high. The things given to us make us infinitely useful!"

"But these realms are all castles in the air!"

"Only by going out to experience and improving yourself with one shot and one attack can you truly become a strong one!"

"and!"

There was a burning light in his eyes: "I also hope that in the future, I can help Junior Brother Chen!"

When everyone listened, they felt their hearts and understood the meaning of Baishanshui.

Xuanyuan Yang Hua thought slightly, then said in a deep voice, "Also."

"Senior Brother Bai, when the time comes, you will go with me."

"You are now in the realm of Emperor Wu, as long as you are more cautious and don't provoke the strong, it doesn't matter."

Bai Shanshui nodded solemnly.

He has always been calm, but the excitement in his eyes cannot be concealed.

But at this moment, suddenly there was a loud and ridiculous voice in the sky:

"I don't know my death is coming? Really stupid!"

In the next moment, an extremely magnificent, extremely powerful aura was pressed down!

Everyone instantly felt that the air seemed to freeze, and the breathing seemed to stop.

It was like a huge mountain smashed down so hard that they could not even breathe.

A terrifying coercion is coming!

They feel that in the next moment, they and others will be crushed into meat sauce!

Everyone exclaimed: "What's the matter?"

At this point, if they were outside, they would definitely be able to see it.

At this time, the sky has changed dramatically.

A big hand was born out of thin air!

This big hand, as large as a kilometer in length and width, fell slowly.

Towards the hall, wiped it away!

It seems to be erased in this world!

Everyone in the hall was caught off guard, instantly panicked.

Xuanyuan Yanghua had the most experience, and he was immediately aware of it.

His face changed, and he exclaimed in shock: "A powerful enemy is coming!"

"Furthermore, the strength of this enemy has at least reached the pinnacle of the Five-Star Martial Emperor, and his strength is much stronger than mine!"

When everyone heard it, they were even more shocked!

Five-star Wudi peak! What terrifying strength is this? Only exists in the legend!

Although, in Chen Feng's eyes, the strength of the five-star Wudi peak is really nothing.

However, like Bai Shanshui and others, the strongest master they have seen so far is nothing but Xuanyuan Yanghua.

In their eyes, the five-star Wudi peak is almost invincible!

The next moment, that power came to the top of the head suddenly!

Suddenly, there was a loud noise, and this hall with a radius of several hundred meters broke directly.

They are directly exposed to the bright sunlight outside.

And this force has not dissipated yet, it is still pressing down.

Xuanyuan Yanghua made a decision in an instant, and sternly shouted, "All concentrated on my side!"

The crowd hurriedly came to him.

Xuanyuan Yanghua hit a dozen punches one after another, trying to resist this move.

However, how could he be able to stop the two great realms of the strength gap between him and the incoming person?

More than a dozen punches were broken!

He also uttered a wow, spurting out a mouthful of blood, flying out dozens of meters away.

Falling to the ground, his face pale.

The others were also shocked to spit blood and fell to the ground.

[Chapter 4428: You are my bait!](#)

The slightly better Bai Shanshui and other powerful men who entered the Martial Emperor Realm were only slightly injured, and could still manage to fight.

The remaining low-powered ones were directly injured, spurting blood, and completely lost their combat effectiveness!

However, it was due to Xuanyuan Yanghua's protection.

If not, the dozens of people in this house would be seriously injured by this blow!

Xuanyuan Yanghua protected them at the cost of being seriously injured.

Of course, there is another reason why they did not die.

That is.....

Xuanyuan Yanghua suddenly raised his head and looked at the sky above the sky.

He felt that the attackers didn't seem to be thinking of killing them all with one blow.

"If he does his best, no one will survive this blow!"

"including me!"

Xuanyuan Yanghua thought, "Could it be that this person just wants to capture us alive?"

Then, everyone looked up.

I saw that above the sky, a figure slowly descended.

Levitating hundreds of meters away from them, staring at everyone coldly.

Xuanyuan Yanghua gritted his teeth and struggled to stand up, staring at him and shouting sharply, "Who are you?"

"I am a descendant of the Xuanyuan family. Do you dare to offend our Xuanyuan family? The consequences must be carefully considered!"

Xuanyuan Yanghua is also quite a city man.

At this moment, he just said that he was a child of the Xuanyuan family, just to make the other party feel jealous.

However, the relationship with Chen Feng was not revealed.

What's afraid is that this person is Chen Feng's enemy. I heard that this person has something to do with Chen Feng, but he refuses to let it go.

At this time, he could only hope that the other party was afraid of the Xuanyuan family's inner sect.

Unexpectedly, the person above the sky laughed wildly: "Okay, kid, don't hide it anymore!"

"Not only do I know that you are a member of the Xuanyuan family, I also know the relationship between this place and Chen Feng."

He laughed and said, "This time, I'm looking for someone from Chen Feng!"

Upon hearing this, Xuanyuan Yanghua's heart sank quickly.

His most worried thing happened!

The other party knows who is here, and it is for them!

Xuanyuan Yanghua gritted his teeth and said, "Do you know who Chen Feng is? Do you know that he is now the first person in the young generation in Longmai Mainland?"

"Here are all his relatives and friends, do you dare to offend him?"

"Chen Feng will not let you go! Even if you search the world, Chen Feng will find you! Let you pay the price of blood!"

After saying this, the face of the person above the sky was even more ugly, and his eyes were full of murderous intentions!

These words hit his sore spot.

This person is naturally Chu Shaoyang.

Chu Shaoyang got the news from Gong Yegang that Chen Feng's relatives and friends were in Tianyuan Imperial City.

But he didn't come directly, but went to Chaoge Tianzi City first.

After some arrangements, I came here.

Since he died once, his temperament has changed drastically and he is extremely patient.

He didn't rush to kill immediately, but stayed beside him for a full day.

Make sure that there is no master lurking here, just start.

Chu Shaoyang hated Chen Feng to the extreme, and Xuanyuan Yanghua's words hit his sore spot.

He gritted his teeth and said cruelly: "I still wish Chen Feng came!"

"Chen Feng is here, I will kill him!"

When Xuanyuan Yanghua heard him say this, he knew that this matter could not be kind.

Obviously he came for them, but in fact it should be to deal with Brother Chen Feng!

"How can I let him succeed so easily?"

He turned his head suddenly, staring at Bai Shanshui, and sternly shouted: "Brother Bai, you take them and leave!"

"Go to Chaoge Tianzi City and find someone from the Xuanyuan family's outer sect!"

"He doesn't dare to break into the Xuanyuan family's outer sect! You go quickly! I'll stop him!"

After that, he turned around, showing a touch of decisiveness on his face.

Going forward, rushed towards Chu Shaoyang!

He actually wanted to sacrifice himself to protect Bai Shanshui and others from fleeing!

Chu Shaoyang laughed: "Follow me? Are you worthy?"

The next moment, he only made one move!

Ping Ping punch!

This action, even an ordinary person, who has never learned martial arts, can still punch it.

Looks unremarkable.

However, with such a plain punch, there is a powerful force in it.

That power shook out and slammed it at Xuanyuan Yanghua.

Xuanyuan Yanghua screamed, and the long sword pierced out of his hand!

The sword light filled the sky, and instantly turned into a huge mountain transformed into a long sword, pressing down against Chu Shaoyang.

The momentum is terrifying!

But it is useless at all![no17E1usB.com](http://www.17E1usB.com)

The difference in strength between the two sides is too great, and even among the five-star Wudi, Chu Shaoyang belongs to the top one.

His punch directly smashed all Xuanyuan Yanghua's offensive to pieces!

Then, his figure flashed, he came to Chu Shaoyang and patted it with a palm.

Suddenly, Xuanyuan Yanghua trembled, his chest collapsed instantly, and a mouthful of blood rushed out.

There was a burst of crackles in the joints of the whole body, and the bones were broken!

The long sword couldn't be held, and it fell directly to the ground.

Although he was not dead, he was already seriously injured, and only a breath was left.

"you....."

As soon as he was about to say something, blood came out of his mouth, and he couldn't even speak.

I just felt that the indescribable dizziness had just passed out.

Seeing this, Bai Shanshui immediately stepped forward and stood in front of him.

Everyone was a little panic and helpless for a while, looking at the white mountains and rivers, they didn't know what to do.

Bai Shanshui came quickly and bravely and decisively. He was their principal, and everyone looked at him.

Chu Shaoyang laughed wildly and said, "You dogs? Are you still running? Where are you going?"

"Tell you guys!"

He laughed wildly, extremely proud: "None of you today will want to run, you will be caught by me!"

"Then, as a bait, lead Chen Feng into my trap!"

"You guys are just a bunch of bait!"

"And Chen Feng!"

He pointed at the crowd and laughed wildly: "It's my prey!"

Having said that, slowly coming towards everyone, his eyes were full of contempt, and he didn't care about them at all.

In his eyes, these people, the strongest, are just Samsung Wudi.

It's just ants!

He can easily crush them all.

If it weren't for capturing them alive, he would just have to flick his fingers to kill them all.

Everyone was panicked and helpless.

Bai Shanshui was extremely calm, he shouted sharply: "Everyone, this person's purpose is extremely obvious!"

"He wants to capture us and use us to threaten Junior Brother Chen Feng!"

He was full of stern expression and anger, and said, "Junior Brother Chen Feng, save our lives how many times!"

"Without Junior Brother Chen Feng, we would have become dead bones in the mound!"

[Chapter 4429: Who says I am not qualified to fight you hard!](#)

"Junior Brother Chen Feng saves our lives, settles us here, supports us, helps us improve our cultivation, and cultivates to this level!"

"How can we drag him down?"

He categorically shouted: "Even if I died here, I would never be captured by him!"

"Everyone, what do you say?"

"Will you follow me?"

The blood spurted, and the hearts were full of anger, and they shouted: "Even if the war died here! Don't drag Brother Chen Feng!"

Bai Shanshui laughed wildly: "Okay!"

"As expected to be my good brother, good sister!"

"Then let's fight hard with him today!"

"Follow me? Are you worthy?"

Chu Shaoyang sneered with disdain.

After all, he just killed him straight forward.

In his eyes, it is difficult for these people to commit suicide in front of him!

In a blink of an eye, he was close to Baishanshui.

However, he did not notice that Bai Shanshui winked at the people nearby.

And the few people next to him also came forward.

It was the six strongest men who reached the Martial Emperor Realm among the most powerful!

Bai Shanshui, Shangguan Lingyun, Jiang Yuechun, Hua Ruyan, Yue Linglong, Wei Qingyi!

In the next moment, Chu Shaoyang was already in front of everyone.

He grinned grimly and blasted a punch.

He planned to give Bai Shanshui and others a good look first.

He did not intend to kill Bai Shanshui and others, but it was not a problem to severely wound him.

Anyway, as long as he stayed alive, Chen Feng had to take the bait and had to come to rescue them!

Bai Shanshui seemed to be unable to keep up with his reaction speed.

Chu Shaoyang's fists were already close, and he had not had time to react.

Seeing the next moment, Chu Shaoyang's fist would be stamped fiercely on his chest.

The triumphant color in Chu Shaoyang's eyes was almost overflowing.

However, at this moment, Bai Shanshui suddenly smiled, looked at him, and said softly, "Chu Shaoyang, who said we are not qualified to fight you hard?"

At this time, Bai Shanshui raised his right hand!

In the palm of his hand, a red pill suddenly appeared!

This red pill is as big as an apricot, and the whole body is red, with bursts of red light shining from it.

This red light bursts extremely and is extremely cruel.

It makes people feel that this is not a healing medicine, but something very overbearing poison!

And the fact is exactly the same.

When Chu Shaoyang saw this pill, he was also surprised.

He exclaimed: "Ziyang Explosive Yan Pill! You actually have Ziyang Explosive Yan Pill!"

It turned out that this pill, named Ziyang Baoyan Pill, was a treasure left by Chen Feng to Baishanshui, and it was also one of their trump cards.

Or, to be precise, this is their strongest attack method now!

In this Ziyang Explosive Flame Pill, there is a trace of bursting flame that has been passed down from the deepest part of the earth, which is extremely terrifying.

Only by condensing the lava essence from the place where it grows into a pill, and wrapping it, can it escape.

And once this Ziyang Blasting Flame Pill is broken, the ultimate bursting flame from the depths of the earth seeps out, and those who are strong below the Six-Star Wudi will be severely injured!

Chu Shaoyang, the peak of the five-star Wudi, is naturally no exception!

Seeing this Ziyang Baoyan Pill, Chu Shaoyang immediately understood that this must be a hole card left by Chen Feng for Bai Shanshui and others.

Chu Shaoyang's pupils shrank, and he immediately drew back.

However, before he could react, the five people who had originally stood behind Bai Shanshui surrounded him instantly.

These five people all possessed the Wudi realm cultivation base, and instantly surrounded him.

Chu Shaoyang coldly shouted, "Go away, do you want to stop me?"

Wei Qingyi giggled, but in the laughter there was unspeakable determination:

"We can't stop you! But if we fight our lives, we can delay you for a moment!"

In the next instant, five people actually rushed up at the same time, sending out their strongest attacks, giving up their lives and forgetting their deaths!

Chu Shaoyang let out a loud roar and punched out.

His strength is the five-star Wudi.

As for the strength of Wei Qingyi and others, just entering the realm of Emperor Wu, how can it be compared with him?

With this punch, he beat five people in just an instant, spurting blood all over, and his bones shattered!

In an instant, the vitality was swaying like a candle in the wind.

In a blink of an eye, there is only one breath left!

The bodies of the five people all flew out far away.

Because the power gap between Chu Shaoyang and them was too great, under the hatred at this time, a punch was blasted, which was severely wounded and dying by all of them!

But at this moment, Bai Shanshui raised his eyes, revealing an extremely fierce light in his eyes.

Just like the beast and lonely wolf fighting together!

He let out an inhuman roar, holding Ziyang Blasting Flame Pill, he rushed on frantically.

Just now, although the five Wei Qingyis were seriously injured and dying, they also blocked Chu Shaoyang for a moment!

The serious injuries of the five of them are definitely not without return!

Because of the moment that was delayed just now, Chu Shaoyang was already unable to avoid it.

Directly pushed to the front by Bai Shanshui!

It's just that he didn't panic too much. In his opinion, what about being pushed close by Bai Shanshui?

In the next moment, he would be able to free his hands to directly kill Bai Shanshui.

But then, the look on his face changed dramatically!

It turned out that Bai Shanshui didn't attack at all, he actually attacked directly.

Hold Chu Shaoyang firmly!

The actions of the two of them were indescribable, and in an instant, he hugged Chu Shaoyang firmly!

And Ziyang Blast Yan Pill is exactly on his chest!

And Chu Shaoyang's chest was also tightly attached.

The next moment, a smile appeared at the corner of Bai Shanshui's mouth, and he pressed it to Chu Shaoyang's ear, and laughed wildly: "Chu Shaoyang, who said I am not qualified to fight you!"

"Now, let's die together!"

His words are full of arrogance and unyielding spirit!

There is more, unspeakable pleasure!

As if to say: "Even if you are the pinnacle of the Five-Star Emperor Wu, and I have just stepped into the Emperor Wu realm, you can't look down on me!"

Bai Shanshui has never succumbed to others in his lifetime!

The next moment the voice fell, the earth-shaking explosion sounded loudly, seeming to make the best footnote for his sentence.

Ziyang Blast Yan Pill shattered!

The ultimate bursting flame from the depths of the earth burst out suddenly.

In an instant, the countless thick red flames like that red tide spread rapidly.

Smashed into the bodies of the two fiercely!

Chu Shaoyang was hit hard, feeling a sharp pain in his heart and a sweet throat.

Wow, a mouthful of blood spurted out.

Stagger, retreat a few steps!

He felt that the scarlet tide, wherever he passed, in his body, everything was turned into powder!

[Chapter 4430: If you don't want to catch it, you'd rather be a mantis!](#)

He looked down, and saw that a big hole had been broken in his chest where the scarlet flame first touched!

Broken bones, muscles disappear!

The crimson flames are still spreading outward.

In the **** hole, the internal organs were also severely damaged.

Chu Shaoyang yelled, too late to do anything, but just sat down on the ground.

Concentrating all the strength, began to remove the crimson flames in his body.

He gritted his teeth and stared at the opposite Bai Shanshui and shouted sharply: "Bai Shanshui! Are you looking for death?"

How can Bai Shanshui withstand this crimson flame!

Chu Shaoyang at the top of the five-star Wudi was severely injured, and Bai Shanshui felt pain all over his body to the extreme.

An extremely hot, extremely domineering force invaded his body.

In an instant, everything about him was shattered.

His vitality was rapidly reduced in an instant, like the candlelight swaying in the wind!

He cannot **** these powers, only a dead end!

But at this moment, when he heard what Chu Shaoyang said, he laughed with great pleasure: "Yes, I'm just looking for death!"

Bai Shanshui suddenly turned around, facing everyone, and shouted: "Everyone, the six of us who have stepped into the realm of Emperor Wu!"

"I tried my best to use the hole cards left by Junior Brother Chen Feng! Only then can this thief be hit hard!"

"This is the ultimate we can do!"

"The difference in strength is too big, it is impossible to kill him!"

"In his eyes, I can't wait for ants!"

"but!"

His voice was full of excitement, echoing in this world:

"I am waiting for ants, so what?"

"If you don't want to catch it with your hands, I'd rather be a mantis!"

"Even if I am waiting for this mantis blocking the way, he is the rolling chariot, I will tear off a piece of flesh from him! I will also make him unhappy!"

Say this!

Extremely intense!

Extremely generous!

Also, extremely tragic!

The movement that appeared here naturally attracted the idea of everyone in the Tianyuan Imperial City.

The powerhouses in these Tianyuan Imperial City suddenly felt a huge and terrifying aura rising here.

It's so tough that it's hard to imagine.

Everyone was staring at this place, with horror in their hearts.

They saw the figure standing above the sky, and saw the giant hand that seemed to be able to smash the world!

No one dared to take action, no one dared to speak.

Because all of them realized that the strength of this person was beyond their imagination!

Compared with them, they are really ants!

Ants that can be crushed by one finger!

Everyone watched this scene with trepidation.

The reason why Chen Feng placed them in Tianyuan Imperial City instead of Chaoge Tianzi City, these places are really for their sake.

Their strength is absolutely super strong in the Tianyuan Imperial City, even far beyond what should be here.

In the Tianyuan Imperial City, no one can move them, and there will be no danger.

But if it were placed in Chaoge Tianzi City, it would be hard to say.

Chaoge Tianzi City gathers strong people, and it is really easy to want someone to kill them.

Moreover, Chaoge Tianzi City is the core of the Dragon Vein Continent, where everyone's eyes converge.

Wanting to hide there, and settle them down without being discovered by others, is tantamount to idiotic dreams.

Tianyuan Imperial City is different.

In the eyes of the strongest in the Dragon Vein Continent, what is Tianyuan Imperial City?

It's just a poor country, a small force that is not worthy of attention.

Who would cast his gaze here leisurely?

It's as if no human will be able to spy on an ant nest.

Hidden here is really reassuring.

But I'm afraid Chen Feng didn't expect that Bahuang Tianmen would know the news here and told Chu Shaoyang the news.

It is really impossible to guard against such an event of extremely small probability that cannot be predicted.

Many warriors of the Tianyuan Dynasty looked at this scene, silent.

But Bai Shanshui's remarks made everyone excited!

Countless people made a crazy shout in their hearts at the same time:

"This is my martial artist! This is my martial artist!"

"My generation of warriors must have such a backbone!"

"If you don't want to catch it with your hands, I'd rather be a mantis!"

Bai Shanshui yelled loudly: "My six people are also struggling to win a chance for you!"

"Next, it's up to you!"

What he meant by these words, everyone knew clearly.

But none of them showed fear on their faces, but they laughed in relief.

"Senior Brother Bai, we will definitely live up to your hard work!"

Everyone is ready to commit suicide!

Yes, they are going to commit suicide!

They would rather commit suicide than let Chu Shaoyang capture them alive, and thus have the capital to threaten Chen Feng!

It turned out that even if Bai Shanshui tried his best, its purpose was not to kill Chu Shaoyang.

He knew that it was already the limit to cause serious injuries to Chu Shaoyang!

He tried his best to do all this just to give everyone a time to commit suicide!

There is such a gap!

If you don't work hard, you won't even be qualified to commit suicide!

This is the sorrow of the weak in front of the strong!

However, no matter how weak they were, they were struggling desperately, and they just struggled to get such an opportunity!

Not only did Chu Shaoyang suffer serious injuries, but it also bought himself time to die!

All they asked for was death!

But not being captured alive, but not involving Chen Feng!

Tragic!

Bai Shanshui looked at Chu Shaoyang, his beard erupted, and he laughed wildly: "Even if we commit suicide, we will definitely not drag Junior Brother Chen Feng!"

"Even if it is suicide, it will never fall into your hands!"

"Everyone, I'll be one step ahead!"

As soon as the voice fell, his figure solidified.

The laughter is still there, but the vitality is cut off!

Bai Shanshui, dead!

However, he died happily, and died fulfilled his wish!

He laughed and died!

Next to him, Shangguan Lingyun struggled to stand up and laughed loudly: "Brother Bai, I will stay with you!"

"On Huangquan Road, you are never alone! You and me are still brothers!"

The next moment, it will directly shatter the heart!

The figure is still standing proudly, but the breath is already gone!

People in the surrounding Tianyuan imperial city, seeing this scene, many people have sore eyes.

Hero's end, but so!

That's right, in everyone's eyes, their strength is far weaker than Chu Shaoyang.

But they are well-deserved heroes!

On the contrary, Chu Shaoyang was nothing but a thief with powerful strength!

They dare not speak, it doesn't mean they don't have the same steelyard!

But this scene made Chu Shaoyang tremble all over, and his hands were shaking.

Who are these people around Chen Feng!

How could they do this?
