

Peerless 4451

[Chapter 4451: Irritate me? dead!](#)

"Gosh, he actually came?"

"No wonder he is so arrogant and domineering! He has this capital! He has this qualification!"

"Yes, just rely on these two words: Chen Feng!"

In an instant, the dissatisfaction and anger on everyone's faces disappeared.

They exclaimed one after another, only one emotion settled on their faces, that is: shock!

Because this is Chen Feng!

They even feel that they cannot be angry because this is Chen Feng!

Chen Feng should be so domineering and arrogant!

He has this qualification!

After hearing Chen Feng's name, Feng Heyu was also slightly startled.

The Lord of Bahuang City's expression sank again and was extremely ugly.

Chen Feng, these two words slapped on his face like a big ear!

"I'm Chen Feng, what happened to me breaking through the Eight Desolate Heaven Gate? I have this qualification?"

"Is there a problem?"

The City Lord of Bahuang City froze there, unable to speak for a while.

I just felt that in front of everyone in the Bahuang City, his face was lost.

Feng Heyu, after hearing Chen Feng's name, was stagnant, and then his expression relaxed again.

Did not take it to heart.

He never believed that a young disciple possessed the strength of a six-star Wudi level.

In his opinion, what the first person of the nine major forces may be true, but how strong he is, is definitely an error!

He stared at Chen Feng and smiled disdainfully:

"What about Chen Feng? The juniors really don't know how high the sky is!"

"A little boy who has only cultivated for more than ten or twenty years, can his strength be comparable to me who has cultivated for hundreds of years before reaching the Six-Star Martial Emperor?"

"It's a joke!"

At this time, he was rather excited.

Chen Feng has a great reputation, but his reputation is not obvious!

As long as Chen Feng is crushed today, his reputation will skyrocket and become the hottest figure of the nine forces!

He stared at Chen Feng, his eyes burning.

Actually want to step on Chen Feng's position!

Chen Feng directly ignored him, but said coldly: "Where is Luo Zilan?"

"Sure enough, it's for that **** Luo Zilan!"

Feng Heyu said coldly.

For Chen Feng's ignorance of him, he was instantly embarrassed and angry.

Chen Feng stared at him and repeated it again: "I ask you, where is Luo Zilan?"

"I don't want to repeat this sentence a third time."

Chen Feng's heart is anxious at this time, how can he talk nonsense with him?

Contacting Chen Feng's cold eyes and the murderous intent that surged to the sky, Feng Heyu couldn't help but shivered heavily, then took a step back, and his body shuddered instinctively, full of fear.

But the next moment, he came back to his senses.

At this time, Chen Feng didn't feel like a person.

It looks like a Primordial Monster Beast, extremely powerful, and will tear him to pieces in the next moment!

But after all, he is a six-star martial emperor powerhouse, and he recovered in an instant, and he became angry and furious: "What am I afraid of Chen Feng for?"

He roared violently: "Chen Feng, this is a matter of my Eight Desolate Heavenly Sects.

Chen Feng didn't say a word, just stared at him and stretched out three fingers:

"There are no more than three things."

"Congratulations, successfully angered me, you have lost all your opportunities!"

Feng Heyu disdainfully said: "What if it irritates you?"

"Enraged me?"

Chen Feng was murderous, and a word popped from the gap between his teeth: "Death!"

In the next moment, Chen Feng stepped on the void and slew towards Feng Heyu.

"Actually, it's okay to tell you!"

Feng Heyu laughed wildly: "You asked Luo Zilan that bitch, right?"

"She betrayed the sect and colluded with you secretly. I have personally abolished her pipa bone and broke her tendons and hamstrings!"

"Tethered with a soul-locking chain, sent back to the sect and punished!"

"Now that they have set off for more than an hour, you can't catch up."

"Why, Chen Feng, are you rushing over to collect Luo Zilan's body?"

Come on, there is another burst of laughter!

And when these words came out, Feng Heyu suddenly felt something wrong.

He suddenly felt cold all over, and he felt cold all around him.

When he was fifteen years old, he once followed the ancestors of the sect on a trip to the Great Northern Ice Ocean.

The ice that never dissipates all the year round, the extremely severe cold, and the extreme cold wind seems to freeze the bones of people.

The coldness made him extremely impressed.

And now, at this moment, he felt as if he had returned to fifteen in a trance.

Back to the cold that was the first time I stood beside the great northern ice ocean!

Feng Heyu suddenly felt astonished: "What's going on? Why does the weather suddenly become so cold? Have I hallucinated?"

But soon he discovered that it was not that he had hallucinations.

And it really is that the weather suddenly becomes extremely cold!

He suddenly looked up, and saw that there were dark clouds in the sky!

At this time, it is already winter, and this winter is extremely cold.

But today the sky is not bad, the moon is bright and the stars are scarce.

But now, it was covered with dark clouds, a cold wind suddenly rose, and howled across the sky.

Then, there was a heavy snow falling from the sky.

In an instant, the surroundings became extremely cold, and the wind swept huge snowflakes, enclosing the entire city.

In an instant, a thick layer of ice formed on the city wall.

But in an instant, the entire Bahuang City turned out to be wrapped in silver, and a snow-white chill covered everyone.

Everyone shivered involuntarily.

They all exclaimed: "What is going on? Why is it suddenly so cold?"

"I feel the temperature drops a lot!"

Many people started to tremble.

Some people with a slightly weaker cultivation base are already cold with cold, and can't help but hug their bodies tightly.

But then, everyone exclaimed and pointed to the sky.

"Chen Feng, it's Chen Feng!"

Everyone looked up and saw that, above the sky, on the surface of Chen Feng's body, there was endless chill radiating out!

There is endless coldness, slowly overflowing from his body.

This chill is actually!

murderous look!

The murderous aura is condensed into the essence, straight into the sky!

The dark clouds make up, the wind is swept, and the snow is flying!

His murderous intent was so strong that it became real!

It turned into an endless chill and came crashing!

"Oh my God, how strong is Chen Feng? How strong is his murderousness to be so!"

Everyone was shocked.

Facing Chen Feng's murderous aura, Feng Heyu was the first to bear the brunt.

Forced by this strong murderous intent, he couldn't help but step back several steps.

He stared at Chen Feng with a shocked expression on his face: "This kid, how can this kid be so murderous, and this means that his strength should not be underestimated!"

The next moment, Chen Feng suddenly looked up.

After meeting Chen Feng's eyes, Feng Heyu trembled fiercely in his heart!

[Chapter 4452: kill! kill! kill!](#)

Chen Feng's eyes were blood red.

A vast blood covering his pupils!

Chen Feng felt that in front of him, the blood was soaking up!

For a moment, his head was almost dumbfounded!

There is no other in my mind, there is only one voice, but it is getting clearer and clearer:

"kill!"

"kill!"

"kill!"

"Feng Heyu, I want you to die!"

Chen Feng let out a violent roar, his figure flashed, and he blasted out with a punch!

Feng Heyu forcibly held his mind and said coldly, "Boy, miss me? How can it be that simple!"

At this time, he already knew that Chen Feng's strength should not be underestimated.

He calculated in his heart and looked around, looking for a way out for himself.

However, he has not completely reconciled to escape like this.

He was going to fight Chen Feng with a few tricks first, and if he was not an opponent, it would not be too late to escape.

But he didn't know that this decision directly cost him his life!

The long sword in Feng Heyu's hand was unsheathed sharply, and a sword stabbed at Chen Feng fiercely, extremely powerful.

The strength of the six-star Wudi is fully revealed.

A sword pierced the sky like a Changhong, piercing the night sky.

The fiery red sword, even the snowflakes in mid-air were all steamed!

But what is useless is not useful at all!

No matter how powerful it is, it is useless!

The strength of the Six-Star Emperor Wu is not enough!

With a loud bang, Chen Feng's fist slammed into the sword.

Loud noises rang through the entire Bahuang City.

Chen Feng stood still in place, and slowly closed his fists.

Feng Heyu screamed, unable to hold the long sword, and flew out.

He felt even more that an incomparable force came.

The long sword was released, and the power rushed into his right arm!

Suddenly, his right arm couldn't support it at all.

With a bang, it directly exploded into a rain of blood.

Feng Heyu let out a scream, covering the broken wound, backing back again and again.

He stared at Chen Feng, his face showing extreme horror.

"You junior, how strong are you?"

Everyone was shocked and lost their voices: "Chen Feng is so strong?"

"Six-star Martial Emperor master, he broke his moves and broke his arm with one punch?"

They all knew Chen Feng was terrifying before, but at this moment they finally realized how terrifying Chen Feng was!

The next moment, Feng Heyu's face changed drastically.

He turned around abruptly, without any hesitation, ran away frantically!

Feng Heyu was directly broken by Chen Feng's strongest move, shattered his left arm, and ran away frantically!

At this moment, where is he still arrogant and arrogant before half a point?

All I thought was to run away!

He was shocked by Chen Feng.

"Still running? Do you still want to run?"

Chen Feng let out a frantic roar, his figure flashed, and the shadow ghost step started.

Chen Feng actually stood out directly from the shadow in front of Feng Heyu.

Feng Heyu looked up and saw that Chen Feng was actually standing in front of him.

He let out a scream of horror.

Chen Feng has already punched out!

With seven big stars, shining brightly, 211 billion catties of power burst out.

This punch hit Feng Heyu's heart fiercely.

In an instant, Feng Heyu trembled violently all over, as if it was overcharged.

Then, the whole body burst out, bursting out countless crisp sounds.

The bones of his whole body had been shattered by the shock, and his figure was smashed out.

With a bang, it landed on the top rock of this floating mountain.

Lying there, like a dead dog.

Can't stand up!

In this scene, everyone was even more shocked to lose consciousness.

While watching this scene, City Lord Bahuang trembled all over, his legs were like chaff, and his heart was full of fear.

He backed quietly, as if he wanted to hide below, so that Chen Feng would not notice him.

He really overestimates himself. Why does Chen Feng bother him?

He was nothing in front of Chen Feng.

In the next moment, Chen Feng also fell on the top of the rock.

He lifted Feng Heyu aloft, facing Chen Feng's murderous eyes, Feng Heyu trembled all over, where was the arrogance just now?

He frantically begged for mercy: "Don't kill me, Chen Feng, please don't kill me!"

He is like a dog wagging its tail.

Chen Feng's voice was icy cold: "It was you who put Luo Zilan through the pipa bone and broke the tendons and hamstrings?"

"No no, no, not me!"

Feng Heyu shook his head frantically, with a look of extreme fear on his face.

He regretted at this moment, why he said that sentence just now.

He could feel that as long as he did this by himself, then Chen Feng could let himself go to hell!

He yelled frantically: "It was all just done by Gongye, and all just by Gongye!"

"I was just bragging wildly!"

"is it?"

Chen Feng did not immediately believe it.

He just stared at Feng Heyu, his eyes drifting.

In the palm of his hand, a pattern of vertical pupils flashed past.

Heaven and earth reincarnation magic power, instantly activated.

In the next moment, Chen Feng appeared in the reincarnation magical space, inside the huge erect pupils, scenes of pictures flowed by.

Chen Feng easily saw Feng Heyu's previous experience.

He saw Gong Yegang's conspiracy with Feng Heyu, and saw Feng Heyu come here.

Seeing Luo Zilan wounded by Feng Heyu, and Luo Zilan injured by Gongye just like that.

Seeing this scene, Chen Feng instantly clenched his fists, and his eyes burst out with the ultimate murderous intent!

"Sister Luo is doing this for me, and Sister Luo is for me, to endure these pains!"

This is not the first time.

"Sister Luo, don't worry, I will avenge you!"

"I will definitely go to Bahuang Tianmen to rescue you!"

"I will definitely make the people who harm you pay thousands of times!"

"Whoever dares to stop me, I will kill together!"

A voice echoed in Chen Feng's heart!

Seeing that Gong Ye had just left with Luo Zilan and disappeared.

In the next moment, Chen Feng retreated from the reincarnation magic space.

At this time, Feng Heyu's soul was severely injured, and his whole person was dumbfounded, and he hadn't even recovered.

"Okay, Gong Yegang, very good!"

Chen Feng nodded slowly.

His expression was completely calm at this time, he just uttered this sentence slowly with his lips pressed.

But, the murderous in that voice.

Can't cover it!

Chen Feng looked at Feng Heyu and said lightly: "Indeed, you are right."

"It's those things that Gongye just did."

After hearing these words, Feng Heyu suddenly saw hope, and hurriedly laughed with him: "Then, can you let me go?"

"Let you go?"

Chen Feng sneered and said, "Although you did not mutilate Luo Zilan, it was you who severely injured Luo Zilan. May I let you go?"

"But don't worry, I will give you a happy one!"

"This is my greatest gift to you!"

Feng Heyu's expression changed drastically, and he begged frantically for mercy: "You can't kill me, you can't kill me!"

[Chapter 4453: Smash the Bahuang Tianmen!](#)

He was begging in pain, and the next moment, his voice stopped abruptly.

Chen Feng's palm shook slightly, and his heart pulse was broken with one palm.

The vitality in Feng Heyu's eyes quickly dimmed.

He looked at Chen Feng, and his eyes suddenly showed extreme regret: "What did I come here to do without a doubt, I killed my life in vain!"

In the next moment, he exhausted all his last strength and let out a stern howl:

"Chen Feng, Bahuang Tianmen will not spare you, you will die miserably!"

"Bahuang Tianmen will not spare you!"

"No, you are wrong!"

Chen Feng looked at him, and suddenly smiled bloodthirsty: "It's not that the Bahuang Tianmen won't spare me, but!"

Chen Feng said word by word: "I won't spare the Bahuang Tianmen!"

Feng Heyu's eyes widened.

His eyes showed extreme regret and unwillingness, his head tilted and he died directly.

There was even more doubt in his heart: "Don't spare the Bahuang Tianmen? What does Chen Feng mean?"

Chen Feng looked at the direction of the Bahuang Tianmen in the distance, murderously faint.

"You ruined Mulberry Valley and killed so many relatives and friends."

"You want to kill me Chen Feng!"

"You ordered Chu Shaoyang to kill so many relatives and friends!"

"You are killing Sister Luo even more today!"

"Let's calculate the old and new accounts together!"

It's a pity that he won't know what Chen Feng means.

But others will know.

Chen Feng suddenly turned around at this moment, his gaze swept across the face of the city lord of Bahuang.

The City Lord of the Eight Desolations had retreated again and again, trying to retreat into the crowd.

At this time, after contacting Chen Feng's eyes, he shivered fiercely, and his body trembled and fell directly to the ground.

He looked at Chen Feng, laughed with him, nodded and bowed, his face was flattering.

Chen Feng didn't even look at him more at all, but just turned his gaze to face everyone.

Facing Chen Feng's gaze.

Everyone in Bahuang City, hundreds of thousands of millions of people, were silent, and no one dared to speak.

"Today, Chen Feng, I am here, let you be a witness."

Chen Feng's voice rolled over and spread across the sky, shaking the fields.

"Today, just the beginning!"

"Within five days, I will smash the Eight Desolate Heaven Gate!"

"From then on, the Bahuang Tianmen above the Dragon Vein Continent will become a history!"

"From then on, there will be no more deserted heavenly gates in the world!"

Shocked!

Extremely shocked!

Horrificed!

Great horror!

Everyone is stupid!

Everyone looked at Chen Feng, even their thinking was frozen, and they couldn't say a word.

Although Chen Feng killed Feng Heyu just now, he showed unparalleled strength, proving that he was definitely not the first person in the younger generation in the Dragon Vein Mainland.

But at this time, what Chen Feng said still shocked all of them inexplicably!

Chen Feng actually wants to step down the Eight Desolation Gate?

He actually said that he would raze the Bahuang Tianmen to the ground within half a month?

He actually said that the Bahuang Tianmen will disappear and become history in the Longmai Continent from now on?

how is this possible?

How can he do it?

Bahuang Tianmen, but one of the nine great forces!

Is it possible for Chen Feng to contend against one of the nine forces on his own?

Instinctively, they just don't want to believe it or dare to believe it!

But by the way, everything that Chen Feng did just now was the incomparable shock that Chen Feng gave them just now.

Let them feel that when Chen Feng said, he would definitely be able to do it!

Chen Feng will surely be able to beat the Eight Desolate Gate!

They have this instinct in their hearts.

After that, Chen Feng turned around and returned to the Qingluan Ruyi Boat.

Above the sky, a huge howling sound passed by.

That huge golden-winged dragon eagle, like a dark cloud, was suspended on the Qingluan Ruyi Boat.

The voice of Tiancun Beast Slave came rolling: "Brother, what are we going to do now?"

Chen Feng's voice was cold, but he only uttered six words: "Tread the Eight Desolate Heaven Gates!"

The Tiancun Beast Slave was extremely excited: "Hahaha, crush the heavenly gate!"

After leaving the secret place in the mountains, the smile in Chu Shaoyang's eyes disappeared without a trace, and his expression instantly became very cold.

A voice echoed in his heart: "Xiahou Yinghao, you a dog, I want to do everything, but I'm sitting back and enjoying it."

"Moreover, behave like a subordinate."

"who do you think You Are?"

His eyes were extremely cold: "Wait for me!"

"At that time, when Chen Feng is destroyed, it is definitely not you who will get the most benefit, but me!"

"Let's wait and see!"

However, he only dared to say these words in his heart.

Chu Shaoyang left Fukong Mountain and headed towards Ge Tianzi City.

But at this moment, suddenly, there was a deep throbbing in his heart.

It seems that something big is about to happen.

Chu Shaoyang hovered in place, his ears moved slightly, as if he was listening.

It was like, in that far away place, someone was speaking to him by voice.

Chu Shaoyang's expression was quite indifferent at first, but later, he was a little bit surprised and his eyes flickered.

After listening, it seemed that he had received the news, and Chu Shaoyang stood still and his eyes flickered.

He secretly said in his heart: "The old man called me back at this time, what is it?"

"Is it good or bad?"

He stayed there, thinking for a long time.

But, after all, he still didn't have the guts to disobey the old man's opinion.

Gritting his teeth, turning to the west direction.

And keep going straight west, keep going.

I don't know how many miles away, at the top of the firmament, in the corner of the Dragon Vein Continent that no one can touch most, is the place where the terrifying existence re-refined his body and gave him a second life.

However, he did not go far out.

After Chu Shaoyang traveled west for thousands of miles, he came to an uninhabited floating mountain.

This floating mountain is really deserted, with a radius of only tens of miles.

After all, it is a larger piece of gravel.

There are no mineral deposits on it, there is no treasure, it can be said to be worthless.

He glanced around, and after making sure that there was no one here, he came to the very center.

With his fingers like a knife, he brushed his fingers, and he immediately engraved a magic circle on the ground.

This array is extremely simple, just a few strokes.

But it was vast and mysterious, with a bit of ancient and wild meaning.

Standing in the circle, Chu Shaoyang slowly raised his right hand, and then slowly fell.

A silver light gushed from the palm of his hand.

It ran through the entire circle in an instant.

The entire circle, silver light shining.

And this silver light also slowly rose, covering Chu Shaoyang's body.

When this silver light covered his whole body, at this moment, it seemed that there was a huge voice slowly sounding in the void.

Above the sky far away, there seemed to be a long-asleep existence, slowly waking up.

[Chapter 4454: That treasure!](#)

Then, with a few soft whispers.

An extremely strong spatial force wave came.

This is the manifestation of the law of time and space on the Dragon Vein Continent.

This kind of spatial power is so strong that it is more powerful than when opening the space-time tunnel.

As the power of the dense space surged, Chu Shaoyang's figure slowly faded.

Then, Chu Shaoyang's figure slowly sank into the circle.

It's like disappearing in this circle.

A spatial crack appeared at the bottom of the magic circle, and following this spatial crack, Chu Shaoyang was slowly swallowed.

When Chu Shaoyang's figure disappeared in the magic circle.

The next moment, with a snap, the entire floating mountain was directly smashed.

The magic circle disappeared without a trace.

When Chu Shaoyang reappeared, he had already come to that piece of nine heavens, a place of nothingness.

The huge alchemy furnace still lay above the sky.

That huge figure that seemed to be able to crush a world directly with one finger appeared in front of him.

It's just that his figure is hidden in the thick void mist.

Only an outline can be seen roughly.

Chu Shaoyang showed a little fear in his eyes.

Although he had seen this existence several times, he was still indescribably excited every time.

Chu Shaoyang walked in front of him, slowly fell to his knees, and said softly:

"Senior, I am here."

"You came?"

After that horror existed for a long time, only then uttered these three words.

He seemed to be thinking about something.

After a while, the desolate voice sounded above Chu Shaoyang's head: "What's the gain from going out this time?"

"Have."

After Chu Shaoyang took himself out this time, everything he did along the way was said exactly.

He dared not hide the slightest.

Because he knows that even if he tells a lie, this terrifying existence can know very clearly.

Terror exists and is noncommittal.

After listening, after thinking about it for a moment, he whispered softly: "The six hidden sects, what are you doing?"

"The six hidden sects?"

Chu Shaoyang was taken aback for a moment, he actually didn't care much about the six hidden sects.

However, after he collected so much information, the news of the six hidden sects still passed into his ears.

He organized the language, and said solemnly:

"The six hidden sects, at this time, should be arranged in various places in the Dragon Vein Continent."

"It should be for a certain treasure."

"As for what the treasure is, the juniors don't know."

The sound of horror shook nine days: "I will tell you what the treasure is!"

"That is a treasure that can suppress the luck of the entire Dragon Vein Continent!"

"If that treasure is acquired by the people of the Six Great Hidden Sects, then the strength of the Six Great Hidden Sects can be increased crazily!"

"Even, it can raise a big level!"

"With the help of this treasure that suppresses the entire Dragon Vein Continent's air transport, they can madly plunder the Dragon Vein Continent's air transport for their own use!"

"You can even make the strength of several old monsters in the Six Great Hidden Sects directly surpass the Martial Emperor Realm and reach a brand new realm!"

These words were as great as thunder.

It was also like a huge thunder that exploded in Chu Shaoyang's heart.

"what!"

After hearing this, Chu Shaoyang was shocked.

He exclaimed in disbelief, "Senior, didn't you tell me before."

"After hundreds of thousands of years ago, due to mysterious reasons, the source of the aura of the Dragon Vessel Continent was cut off, the aura of the Dragon Vessel Continent has gone from bad to worse.

"Is there no more powerhouses above Nine Star Martial Emperor?"

"Even, even Jiuxing Wudi can hardly appear!"

His secrets about the Dragon Vessel Continent are much more than most people know.

Naturally, I know that the six hidden sects were once brilliant.

It is said that among the sects, there are those who have surpassed the rank of Jiuxing Wudi.

But later, with the decline of the Dragon Vessel Continent. The sharp exhaustion of aura.

Not to mention the powerhouses above the nine-star Wudi, even the nine-star Wudi is getting fewer and fewer.

Even now, even Jiuxing Wudi has disappeared.

There is horror, and the voice slowly: "Of course I have said this."

"Also, you don't have to question what I said is wrong."

"They got this treasure related to the luck of the Dragon Vein Continent, but it does not mean that the exhausted aura of the Dragon Vein Continent has returned."

"They have accumulated countless years of luck and strength by plundering the Dragon Vein Continent itself, and they have been able to forcibly rise to that level with a posture of exhaustion and fishing!"

Chu Shaoyang knew it clearly.

The aura of the Dragon Vein Continent is still drying up.

However, the Dragon Vessel Continent itself has accumulated extremely terrifying power during these countless years.

And these powers are gathered in the treasure that suppresses the luck of the entire Dragon Vein Continent.

If you get this treasure, you will naturally have as much power as you want.

This is the strength that the entire Dragon Vein Continent has accumulated for thousands of years!

"If you get this, what kind of improvement will your strength have?"

Thinking of this, Chu Shaoyang's heart was pounding, and his heart was full of extreme greed and scorching, and he wanted to take this thing as his own.

The voice of horror continued to sound:

"This treasure has only appeared once in a million years!"

"It only appears once in a million years?"

Chu Shaoyang exclaimed, and he knew how precious this treasure was.

He suddenly raised his head, glanced at this terrifying existence, and a thought suddenly came to his mind:

"Could it be that this, this mighty."

"Is he here just to wait for this treasure that happened a million years ago?"

However, he quickly suppressed the thought in his heart.

He knew that this mighty power was extremely strong, and his various abilities were almost beyond words.

In front of him, it is almost transparent.

Any thoughts of oneself are invisible before his eyes.

And this horror existed, as if he knew his thoughts, and he didn't get angry, just said slowly:

"You guessed it, I was just waiting for the treasure that was born once in a million years."

In his voice, there was a bit of stern and solemn meaning.

"This treasure is born once in a million years. If you miss it, you will miss it forever."

"I don't have time to wait another million years!"

"and so!"

He cast his eyes down, staring at Chu Shaoyang, and said every word: "Go and get this treasure back to me!"

In the voice, decisive.

With a strong sense of command.

It seems that he said that Chu Shaoyang will do it!

"I don't care how you deal with Chen Feng, and I don't care what else you do."

[Chapter 4455: Chu Shaoyang, Qixing Wudi!](#)

"If you can't do this errand well, then I will erase you personally."

The sound of horror is faint.

It seemed that it was not Chu Shaoyang who wanted to kill, but just crushed an ant to death easily.

Chu Shaoyang was extremely cold in his heart, and his whole body shuddered violently, like falling into an ice cellar.

Naturally, he knew very well that since this great power had said this, if he couldn't do it by the time, he would definitely end badly.

Moreover, no matter where he is, he can easily obliterate himself.

He quickly trembled: "Senior, since you ordered it down, I will naturally do this for you."

"It's just that the strength of the six hidden sects is terrifying."

"In every school, there are strong men who surpass the seven-star Wudi and almost reach the eight-star Wudi."

"Junior, it's really not their opponent!"

What he said is true.

With his current strength, to **** the treasures of the six hidden sects is just seeking a dead end.

"It's okay, I have already prepared this for you."

"Next, I will improve your strength and raise your strength to Seven Star Martial Emperor!"

Hearing this, Chu Shaoyang's eyes widened instantly: "What? Seven Star Martial Emperor?"

His eyes showed extreme excitement and joy.

"God! Seven-star Emperor Wu!"

After reaching Qixing Wudi, he can also be called the top figure on this dragon continent!

Note that they are the top figures in the Dragon Vessel Continent, not just the top figures of the young generation in the Dragon Vessel Continent!

By the Seven-Star Emperor Wu, one level of improvement, and even the ability to fight against Xiahou Jiuyuan!

Qixing Wudi, this is the realm he wants to achieve in his dreams!

But now, this terrifying power can easily make him reach this level.

While deeply shocked by the strength of this terrifying power, Chu Shaoyang was also full of ecstasy.

And this joy is not over yet, the terrifying power said slowly: "Your realm will be firmly established in the Seven Star Martial Emperor."

"And in the next six months, you will have the strength of the Seven-Star Martial Emperor's mid-term."

This made Chu Shaoyang joy inexplicably.

This great power meant that after half a year's time, Qixing Wudi's mid-term strength would fade.

But he still retained the realm of Qixing Wudi.

For him, after such an experience, future breakthroughs will be easier!

There is no nonsense about the power of terror.

After saying this, he just flicked his fingers.

So in that instant, in the void, a golden band of light like quicksand drifted down slowly.

The strip of light is about tens of meters long, as thick as a water tank.

There are countless golden lights distributed inside.

And if you look carefully, you can perceive that every bit of golden light contains extremely terrifying power.

That kind of power is inexplicable and inconceivable.

As if it did not belong to the Dragon Vein Continent.

Although it is extremely small, in this entire light band, this kind of light is only a few thousand points.

The power contained in each point is extremely terrifying.

These golden bands of light fell, and they soon enveloped Chu Shaoyang.

Those golden light spots slowly seeped into his body.

Chu Shaoyang sat cross-legged, completely relaxed, letting go of everything.

The golden light spot slowly enters the body.

He felt that a series of extremely terrifying power was generated in his body.

As the power of the golden light pouring into it became stronger and stronger, almost reaching the limit of his body's endurance, he couldn't help letting out screams.

After a cup of tea time, all the golden light spots penetrated into it.

The next moment, Chu Shaoyang suddenly opened his arms and let out a violent roar!

All the golden light that entered his body, in an instant, all turned into his original power!

In his body, rampage!

All levels are broken!

All the shackles disappeared!

Chu Shaoyang let out a crazy shout, slowly opened his arms and clenched his fists.

Feel the terrifying power!

Then, he opened his eyes.

The breath of the whole person is completely different from just now.

Qixing Wudi!

He has already stepped into the realm of Emperor Wudi of Seven Stars.

Feeling the terrifying power in his body, Chu Shaoyang still felt like a dream.

"It's over? I'm going to break through to Emperor Wudi Qixing? It's that easy? It takes less than a cup of tea?"

A cup of tea!

With just a cup of tea, he unexpectedly promoted Chu Shaoyang to the middle stage of the Seven Star Martial Emperor.

It can be seen how strong this terrifying power is!

This great power also showed a trace of fatigue at this time.

It turned out that what he had just instilled in Chu Shaoyang was his own original strength!

He is the most powerful and powerful, the original power that completely exceeds the existence of other powers in the Dragon Vein Continent.

Therefore, this miraculous effect can be achieved. *NovelSB.com*

But for him, this is also quite a loss.

After all, its original power is extremely precious, and when it is used up, it is less.

He was also a little bit reluctant.

But then, I put aside this idea and said in my heart:

"After I got the treasure that suppressed the luck of Longmai Continent, what do I want? What do I care about?"

"You, you have been stuck here for too long, why has the structure become so small?"

The terrifying power said slowly: "I can't leave here due to my own problems, and I can't grab it myself."

"Otherwise..."

He snorted coldly: "You still need to do it?"

"However, at critical moments, I can still help you."

Chu Shaoyang nodded repeatedly.

He remembered that when he fought Chen Feng fiercely that day, the finger that came from outside the sky and almost wiped out Chen Feng's soul.

He actually knows a little bit about this terrifying mighty thing now, he can't leave here.

But occasionally it's okay to help yourself with a trick.

With the strength of the Seven Star Martial Emperor in the mid-term, he also had this terrifying power to make a shot at a critical moment.

He is no longer worried.

"just....."

Chu Shaoyang hesitated and said, "Then Chen Feng?"

A terrifying voice sounded: "Then Chen Feng, do you still need to consider him?"

"Chen Feng, just ants."

"This time, after I improve your strength, you can easily crush it."

"He is no longer worthy of being your enemy."

In the voice, Chen Feng was completely ignored.

In his opinion, Chen Feng can't even count as an ant, or even a blocking stone.

There is no need to think about it at all.

What really needs to be considered is the six hidden sects, just the treasure that suppresses the luck of the Dragon Vein Continent!

Hearing this, Chu Shaoyang was taken aback first, and then clenched his fists!

"Yes, Chen Feng is no longer worthy of being my enemy!"

"Chu Shaoyang, have you lost your vitality after being suppressed by Chen Feng for too long?"

[Chapter 4456: Bahuang Tianmen!](#)

"Now, it's time to run this ant to death!"

Both of them have ignored Chen Feng.

The Great Horror waved his hand: "Go, don't let my trust be disappointed."

His eyes hidden in the void of mist were deep and full of unspeakable meaning.

However, those eyes were like an ancient cold pond that had been silent for thousands of years.

There is no slightest fluctuation.

This is the case with Gujing Wubo.

It seemed that nothing in this world could attract his attention.

Chu Shaoyang was full of excitement.

"Senior, don't worry, the younger generation will get you so promoted, only to be broken into pieces in return."

"This time, even if you are fighting for your life, I will bring back the treasure that suppressed the luck of the Longmai Continent for you."

Finally, when Chu Shaoyang said this sentence smugly, there was inevitably a trace of fluctuation in his eyes.

What kind of emotions are there?

It was the ultimate excitement, anticipation, and greed that was so intense that it was beyond words.

There is even more throbbing!

In his heart, a huge voice slowly sounded: "The sky has eyes, finally made me wait until this moment!"

"I have been silent for a million years in this dragon vein continent."

"Stay around, just to wait for this treasure to be born!"

"With this treasure in hand, the Dragon Vein Continent has absorbed and stored the Qi Luck for tens of thousands of years, and it will be absorbed by me!"

"In this way, I can take my injuries."

"I can regain vitality in my dying, decayed body."

"At that time, I can finally leave here!"

"Not only to leave my shelter, but to leave the Dragon Vein Continent!"

"The small puddle of Longmai Continent has trapped me for too long. My world is not here."

"It's that farther away!"

He suddenly raised his head and looked over the void.

His eyes seemed to travel through nine days, through the universe, and saw the endless starry sky, the endless middle and big worlds!

"There is my world!"

He is like a dragon trapped on the shallows.

To him, the Dragon Vein Continent was just a small shoal.

The origin of this terrifying existence is so great that one can imagine it is simply terrifying!

It was almost the same moment that Chu Shaoyang left here.

In the sky far away from Chaoge Tianzi City, a bright green light drew across the void.

The forces at the level of the nine major forces are either hidden on the sky or hidden in the mountains.

But Bahuang Tianmen is different.

According to legend, the ancestor of Bahuang Tianmen was cultivated by an emperor in a secular empire.

Therefore, the Eight Desolate Heaven Gate that he inherited is also stained with a lot of worldly atmosphere.

Unlike the other nine powers who like to be born, Bahuang Tianmen is extremely fond of entering the world.

Pay special attention to controlling mortal forces, and pay special attention to searching for folk treasures.

Moreover, they also rely on foreign objects in their cultivation.

This is also why there are many high-level powerhouses in the Bahuang Tianmen, but their strength is among the nine major forces, and they only respect the last.

In fact, this large area south of Zhongzhou occupies almost one-third of the fertile land of the Dragon Vein Continent. Almost most of the empires are controlled by the Bahuang Tianmen.

And the core of this area is a big Ze.

Daze is vast and boundless, the output is extremely rich, the forest is dense, the mountains are high and the water is long.

Countless rivers converge in the meantime.

This fertile and fertile land is the core area under the rule of the Bahuang Tianmen.

The Bahuang Tianmen is on the bank of Daze, on a mountain.

The mountain is almost covered by various luxurious and magnificent palace buildings.

From bottom to top, spread out.

Like a heavenly palace.

And in the void around the Eight Desolate Tianmen General Altar, a faint light flashed continuously, converging into a mask.

Above the mask, light flashes from time to time.

There are a total of eight kinds of rays, each of which represents a different protective power.

This is the mountain guarding formation of the Bahuang Tianmen.

The guarding mountain array is always on and never stops.

To break into the Eight Desolate Heaven Gate from any direction is a dream.

Will be easily spotted, and even more strongly backlashed by the guarding formation.

And this great formation of protecting the mountain, even Qixing Wudi could hardly break.

Therefore, there is only one way to enter the Bahuang Tianmen: the right road in front of the mountain.

Before the mountain gate, there is a square.

At the end of the square, a wide step leads to the foot of the mountain.

There are 330,000 steps, and each step is one foot high.

The steps are tens of feet wide and extremely wide, but a straight line.

Looking from the bottom of the mountain, I saw the soaring steps, straight into the sky above the clouds, as if leading to a heavenly palace.

At this moment, a figure suddenly appeared under the mountain.

He also carried a person in his hand.

The man was chained up and down, penetrating the bones of the pipa, his hands and feet were covered in blood, but his face was pretty.

This is naturally Gong Yegang and Luo Zilan.

Gong Ye just looked up at the towering steps and the gorgeous buildings on the top of the mountain, and sighed slightly.

The tight look on his face finally relaxed, and he sighed softly.

Since leaving the Bahuang City, he has been rushing towards the Bahuang Tianmen.

What he was afraid of was being stopped by Chen Feng in the middle.

If he is stopped by Chen Feng, he knows that he is definitely not an opponent.

But now, when he came to the Bahuang Tianmen Mountain Gate, he suddenly relaxed completely.

There was a smile at the corner of his mouth, and a deep complacency flashed in his expression.

"Feng Heyu, you must have died at this time?"

"Haha, I left you in that wasteful city to stop Chen Feng, it really worked."

"Chen Feng simply couldn't catch up."

He estimated that Chen Feng would have to fight Feng He Yufei for at least one or two days before he could decide the outcome.

Even if he gets his own news from Feng Heyu, if he wants to come after him, it is definitely too late.

Thinking of this, he let out a smug laugh.

This person is really arrogant and ignorant, and he doesn't even know how terrifying Chen Feng's strength is.

Feng Heyu couldn't stop even a single move in front of Chen Feng.

Also blocked Chen Feng for two days?

It's just idiotic dreams!

Gongye just glanced at Luo Zilan and smiled triumphantly: "Did you see it, little bitch, you have already reached the sect."

"Hahaha, now at the sect, then Chen Feng has the ability to reach the sky, he dare not come to our Bahuang Tianmen!"

"Here comes the Bahuang Tianmen, it will be the day of his destruction!"

"just now!"

He stared at Luo Zilan, gritted his teeth and said: "No one can save you!"

Luo Zilan was already awake at this time.

There was no pain anywhere in her body, but there was no sorrow.

Just said nothing.

[Chapter 4457: Gongyegang, I have been waiting for a long time!](#)

Just staring at Gong Yegang, let out bursts of sneer.

For some reason, seeing her smile, Gong Yegang was directly covered with fur.

A sense of coldness came out from the spine.

He suddenly became angry into anger: "In a moment, I will make you suffer the highest punishment from the Eight Desolate Heavenly Gates, the pain of a thousand snakes eating the heart!"

"I think you can still laugh then?"

With a stern smile, he led Luo Zilan and hurried forward.

Around the Bahuang Tianmen, the guarding mountain formation cannot enter.

Only this way can we enter.

Gong Yegang was extremely fast, but it was just a cup of tea, and he had already arrived before that mountain gate.

Before the mountain gate, there is a huge square.

Beside the door, on a huge stone wall, the four characters of Bahuang Tianmen are striking.

At this moment, before the four characters, there was a figure standing proudly.

At this moment, when Gong Yegang and Luo Zilan saw this figure, their pupils suddenly shrank.

This figure, in their eyes, was actually enlarged instantly.

It feels like standing upright.

It seems to be a giant who can crush the Bahuang Tianmen with one foot!

Hearing the movement behind him, the figure slowly turned around and looked at Gong Yegang.

His voice is cold and cold, without any emotion:

"Gong Yegang, I have been waiting for a long time!"

No matter how painful and tortured Luo Zilan was along the way, she never shed a single tear, begging for mercy.

The moment I saw that figure, my whole body trembled.

Tears rustled down, and I was in pain.

However, even though she was crying, there was an indescribable bright smile on her face.

"Chen Feng, I knew, you won't leave me alone!"

"I knew that you would definitely come to save me!"

And Gong Yegang's pupils contracted sharply.

There was a look of extreme horror on his face, and he trembled: "Chen Feng, is it you? You are here?"

The person who came was Chen Feng.

It turned out that Chen Feng knew that it was difficult to find Gong Yegang's whereabouts on the road.

and. If it is to startle the snake, it will be even more troublesome if Gongye does not return to the Bahuang Tianmen.

He simply went directly to the general altar of the Eight Desolation Tianmen and stood there waiting for the rabbit.

At this time, Chen Feng ignored Gong Yegang at all.

Just looking at Luo Zilan, her eyes were full of guilt, and she whispered: "Sister Luo, sorry, I'm late."

Luo Zilan just shook her head, but her face was full of joy.

What she wanted to say, but the tears fell down.

She is now completely out of shape and emotionally out of control.

Just there he kept shaking his head: "It's fine, it's fine."

Then, Chen Feng looked at Gong Yegang and suddenly smiled:

"Gong Yegang, I heard you are amazing!"

"I personally pierced sister Luo's pipa bone and broke her hand muscles and hamstrings?"

"good job!"

"You said....."

He stared at Gong Yegang and said word by word: "How can I thank you?"

There was still a smile on Chen Feng's face.

It's just that, in that gaze, there is no smile, but a burst of extreme ice cold!

Overwhelming murderous intent, madly gushing out.

Almost solidified!

Just for a moment, Gong Ye just felt like he was in a murderous ocean.

The cold smile and the cold murderous aura made him feel like falling into an ice cellar.

All over, almost frozen!

He felt that this killing intent almost froze himself.

He felt that he would die in the next moment!

No one can save him!

Under Chen Feng's overwhelming anger and murderous intent, he will undoubtedly die!

He even staggered, backed a few steps, and his teeth trembled: "I'm going to die? Am I going to die?"

He was directly frightened like this by Chen Feng's murderous intent!

At this moment, a deep regret suddenly surged in his heart.

"Chen Feng is so terrible, why should I offend him? Why should I offend him so much!"

Chen Feng looked at Gong Yegang, and suddenly smiled: "Let's talk, how do you want to die?"

After all, Gongye is a hero.

When he first saw Chen Feng, his heart was filled with disbelief and fear, and his whole body trembled.

Moreover, even now, his heart is full of fear.

But he still gritted his teeth and forced himself to calm down, lifting Luo Zilan up.

He shouted sharply: "Chen Feng, Luo Zilan is in my hands!"

"If you dare to do something with me, I will kill Luo Zilan first!"

"If you are not afraid of it dying, just come!"

Chen Feng smiled: "Threaten me with Luo Zilan, are you sure?"

Gong Yegang snarled: "If I don't use her to threaten you, I will die too."

"I use her to threaten you, maybe you can survive!"

"no no."

Chen Feng shook his head: "You are wrong, it is very wrong."

"You threaten me with her, anger me, will still make you die, and it will make your death more painful!"

Gong Ye just yelled: "I don't believe it!"

"Believe it or not, can't you help me?"

Chen Feng smiled and stretched out a finger.

"what do you mean?"

Chen Feng said lightly: "With one move, you can be solved!"

The next moment, Gong Ye just discovered that Chen Feng disappeared instantly.

His eyes only caught an afterimage of Chen Feng!

So fast!

In the next moment, Chen Feng actually appeared directly in front of him.

Almost nose to nose, face to face with him, the two are within reach.

Gongye just let out a terrified scream, the fear in his heart was extreme, and he backed away frantically.

But at the moment he retreated, he felt a cold in his wrist, and then a sharp pain came.

At the same time, the hand is light.

At the next moment, he saw that the right hand that he was holding Luo Zilan had already broken.

Luo Zilan went down.

From his wrist, blood spurted wildly!

The fear in Gong Yegang's heart has reached its extreme!

Looking at Chen Feng, his face was shocked.

He knew that Chen Feng was very strong, so strong that he couldn't match it.

At this time, when he fought Chen Feng, he realized how terrifying Chen Feng's strength was.

In front of him, he is a waste!

There is no room for display at all!

Chen Feng had clearly told himself that it was within one move.

And he is also clearly prepared.

But even if he knew what Chen Feng was going to do, he couldn't resist it at all.

Chen Feng cut off one hand easily!

Gong Yegang screamed bitterly, stepped back dozens of steps, and looked at Chen Feng with a frightened expression on his face.

And Chen Feng didn't seem to be anxious to kill him, and did not pursue him.

As soon as he stretched out his hand, he held Luo Zilan in his arms.

As soon as he entered the body, Chen Feng felt Luo Zilan ice cold, and his whole body was shaking slightly.

He was like a big block of ice, with icy chill coming out of his body.

Obviously, Luo Zilan was suffering tremendously at this time, and her whole body seemed to be frozen and frozen.

[Chapter 4458: Come on, how do you want to die?](#)

Even in Chen Feng's arms, she was still trembling slightly.

Chen Feng squeezed in his heart, and hurriedly rushed out to penetrate Luo Zilan's body.

Suddenly it hurts in my heart!

At this time, the vitality in Luo Zilan's body was extremely weak, and most of the vitality was locked tightly by a cold and icy force.

There is no real vitality at all.

At this time, Luo Zilan's vitality was losing at an extremely fast rate.

Moreover, this insidious force is like a poisonous needle, constantly causing her extremely strong pain in Luo Zilan's body.

Chen Feng's hands pressed hard, and the seven big stars shone.

Two hundred and ten billion catties of power gush out!

With a 'pop', he directly broke the chain and pulled it out of Luo Zilan's body.

Seeing this scene, Gong Yegang's eyelids jumped even more.

"This Chen Feng power is so strong?"

"This chain, among the sects, is probably known for its strength, and the elder whose realm has reached the peak of the Six-Star Martial Emperor, can barely pull it into shape."

"It's impossible to rip off."

"It's too scary for Chen Feng to tear it off so easily!"

At this time, he felt even more regretful about how he dared to provoke Chen Feng.

Chen Feng whispered: "Sister Luo, I will pull out this chain, there will be some pain, you can bear it."

Luo Zilan looked at Chen Feng and did not speak.

Just a smile, his eyes full of tenderness.

After swiping it, Chen Feng was extremely fast, and he pulled out the entire chain directly.

Luo Zilan's whole body was trembling with that kind of sharp pain like tearing her body.

But she gritted her teeth and said nothing.

Then, Chen Feng sighed lightly, pressing his hands on the back of her heart.

The huge and vigorous power of the dragon descending Arhat poured in instantly.

So in an instant, what Luo Zilan's internal injuries were, formed in Chen Feng's mind.

After a while, Chen Feng's eyes revealed a touch of relaxation.

Luo Zilan's internal organs were all severely damaged, but fortunately, it did not reach that level of irreversibility and extreme severity.

Moreover, in her body, there are more dark powers that are cold and evil.

These forces, locked her injury, made her injury irrecoverable, and brought her great pain.

Come to think of it, this is the power that this chain brings.

Chen Feng smiled coldly, and the power of the dragon descending Arhat gushed out.

In an instant, these cold and cold powers melted like a snow lion seeing the sun without a trace.

Bursts of black energy flashed out of Luo Zilan's body.

She only felt that she was soaking in hot water, basking in the sun, and her body was warm and uncomfortable.

Without the slightest pain just now.

Soon, the power of the dragon descending arhat dissolved all of these evil forces.

After that, she began to recover from the injuries in Luo Zilan's body.

After a long time, Chen Feng just raised his head, sweating on his forehead.

The whole process took almost half an hour ago.

For Chen Feng, this is extremely rare.

His power of descending the dragon and Arhat is used to heal wounds without any disadvantage.

Before, every time he heals an injury, it usually takes no more than a quarter of an hour.

And Luo Zilan's strength is so different from him.

As a result, it took such a long time this time.

Chen Feng shook his head slightly: "For me now, the power of the dragon descending Arhat has become less and less."

"As a means of attack, it is of course extremely bad, and it cannot cause any danger to my current enemy."

"Even if it is used as a healing method, it can't keep up with the improvement of my strength."

During this whole process, Chen Feng didn't even look at Gong Yegang.

Gong Yegang also stood there, and he was not moved.

He faintly felt that Chen Feng was completely locked in by a qi in his body.

As long as you dare to move, you have to face the disaster of no top.

He didn't know if he felt right, but he dared not take risks.

Chen Feng didn't seem to be anxious to kill Gong Yegang, and he almost completely ignored Gong Yegang.

At this time, after he carefully treated Luo Zilan, he just raised his head and looked at Gong Yegang.

This ignorant attitude made Gong Yegang sad enough to almost vomit blood.

But he knew very well that Chen Feng had this strength and this qualification.

I really don't deserve to be put in his eyes!

Chen Feng's voice was leisurely: "Just now you said you didn't believe I had that strength, now, do you believe it?"

I believe it, of course I believe it!

Where can Gong Yegang dare not believe it now? Where is the guts to say or not?

No one now knows better than him how terrifying Chen Feng's strength is.

At first he thought Chen Feng might have the strength to rival the Six-Star Wudi, but now he realized how outrageous he was.

He has also discussed with the six-star Wudi in the sect, but the concept is completely different.

The feeling that those six-star Wudi gave him was powerful, and the feeling that Chen Feng gave him was invincible!

It made him unable to even have a long and short idea to compete with him.

"Gong Yegang, go ahead, how do you want to die?"

Chen Feng smiled.

Gong Yegang trembled and stared at Chen Feng, not dare to say: "You want to kill me?"

"Are you going to kill me, the future head of the Eight Desolate Tianmen Gate, in front of the Eight Desolate Tianmen Gate?"

He didn't even think that Chen Feng would really dare to kill himself.

And, it is, here and now!

"if not?"

Chen Feng asked with a smile.

Gong Yegang's pupils shrank sharply, and then he stepped back a few steps.

Then, his only remaining hand was a flip of his wrist.

Suddenly, one thing was taken out.

This thing is like an extremely delicate lamp.

The whole body is made of crystal glass, and there is a little golden candle light inside it quietly burning.

Inside the golden candlelight, there is a strong vitality and spiritual power, gushing out.

This lamp is extremely retro, and looking at its surface marks, it is obvious that the age is definitely not short.

This thing faintly reveals a great connection with Gong Yegang.

The next moment, with a soft bang, Gong Ye just smashed the lamp directly.

The golden candlelight flickered, and it went out suddenly.

Chen Feng saw all this in his eyes.

However, he did not stop it.

Instead, he held his arms and watched with a faint smile, not at all concerned.

At the moment when Gongye had just pinched out this lamp, a golden light and shadow flashed quietly like quicksand.

Then, it was a phantom in the air.

This phantom is no different from Gong Yegang.

In the next moment, the ghost plunged directly into the mountain gate of the Eight Desolate Heaven Gate, disappearing without a trace.

Bahuang Tianmen, behind the mountain gate, above the mountain peak.

Countless buildings, ridges and mountains, magnificent and magnificent.

The top building is a huge hall.

This huge hall looks quite strange.

[Chapter 4459: Go out](#)

The wall has eight sides, and each side has extremely complicated pattern carvings.

The color patterns are all different.

And these complicated patterns are not ordinary decorations.

If you take a closer look, you will find that there are great secrets in it.

There is even more mysterious and unpredictable power, quietly operating in it.

If there is an array master here, it can be seen that each of these walls is actually a giant array.

Moreover, the eight walls and the eight magic circles are vaguely related to each other.

The eight magic circles are connected into one, like a giant swimming snake, which is constantly winding and swimming to guard the hall.

The fact is also true.

This hall is called: Bahuang Hall!

It is the Bahuangtian gate forbidden place, and it also hides the biggest secret of the Bahuang Tianmen: the Bahuang Magic Array.

The Eight Desolation Array, sealed on top of the Eight Desolation Hall.

It usually looks like an ordinary pattern, but once a strong enemy strikes, it will immediately become the top defensive array.

It is presided over by the head, and there are eight master elders who guard all sides.

The eight-sided magic array, radiantly bright, is like a copper wall and an iron wall, connected as a whole.

No matter how powerful an enemy strikes. It is absolutely impossible to break through this eight wilderness magic circle.

Even if a top powerhouse is killed again, he only needs to hide in this eight-horse hall, and he can escape a life.

The Bahuang Tianmen has stood proudly in the Longmai Continent for hundreds of thousands of years.

It is said that more than 100,000 years ago, Bahuang Tianmen opened the God of War Palace.

The Grand Marshal of the God of War, an Eight-Star Martial Emperor peak powerhouse came to the Bahuang Tianmen.

Want to directly level the Bahuang Tianmen.

In the end, it failed to break the eight-horse magic array, and came back in despair.

Therefore, almost all the treasures of the Bahuang Tianmen are stored here.

Because there is really no safer place than here.

Inside the Eight Desolation Hall, it was much larger and vast than what it looked outside, with a radius of a hundred miles.

And occupying most of the entire Bahuang Hall is a sea of lights.

Ocean of lights.

In the north of the Bahuang Hall, from south to north, a total of nine high platforms have been built.

Bottom-up.

Each high platform presents a surrounding attitude to the high platform above.

On each high platform, there are countless lamps, just like the one that Gongye just crushed.

However, the color inside each lamp is different.

On the first floor, there are at least hundreds of thousands of lamps.

The candlelight inside is white.

On the second floor, there were tens of thousands, and the candles inside turned into that pale yellowish color.

The more you go up, the larger the size of the lamp and the smaller the total number.

And the flame inside the lamp is becoming more intense and bright.

When it reached the ninth floor at the top, the number of lamps was already less than thirty.

The color of the candlelight here has already turned into a bright and hot golden color.

The countless dots of candlelights illuminate the entire hall with brilliant light.

But there is also some light and shadow.

The nine-story high platform occupies a huge part of the entire hall.

Only at the entrance of the temple gate, a small area was left.

Before this light, dozens of tall seats were placed.

Sitting north facing south, in the most noble and core position, sitting is Pang Yuanzhou, the master of the Bahuang Tianmen.

Below, there were a dozen people sitting.

Each one is an elder with a very high status in the Bahuang Tianmen.

Most of the people in it even reached the six-star Wudi state.

The elders everywhere in the Bahuang Tianmen are very high-status, powerful and distinguished.

Moreover, Bahuang Tianmen is different from other schools.

These elders were not practicing alone, but scattered everywhere, in charge of the affairs of the Bahuang Tianmen.

There are very few opportunities for them to get together, only certain extremely important moments.

And now, the matter facing the Bahuang Tianmen is undoubtedly a moment of great importance to their sect.

Because it involves Chen Feng!

Pang Yuanzhou faced everyone and slowly said, "I have already told you before."

"This time, we will fully cooperate with Chu Shaoyang and make contributions."

"Three months later, Yitu completely besieged Chen Feng during the battle of Chaoge Tianzi City! To avoid future troubles!"

Everyone nodded.

They knew about this a long time ago, and they all agreed at the time.

Pang Yuanzhou said with a gloomy face, "As a result, something went wrong."

"Luo Zilan!"

When he said these three words, everyone's expressions were a little unnatural.

Someone coughed slightly.

Everyone knew who Luo Zilan was.

Although her master doesn't care about world affairs, but in terms of cultivation base, it can be regarded as the top in the entire Bahuang Tianmen.

He is withdrawn and cold, so he can't easily offend him.

This matter has something to do with Luo Zilan, so the fun would be great.

Pang Yuanzhou said lightly: "Gong Ye has just discovered that Luo Zilan is suspected of having fornicated Chen Feng, and has gone to arrest her."

"Now, on the way back to the sect, I must have reached the sect soon."

"How to deal with this matter, everyone has to get a charter."

Everyone was silent for it and said nothing.

joke!

How to deal with Luo Zilan, how dare they say nonsense?

If you offend Luo Zilan's master, they will suffer in the future.

Seeing that everyone was silent, Pang Yuanzhou's color suddenly became cold and stern, staring at everyone, and shouting:

"Everyone, I remind you again!"

"This matter is related to the future of our sect. Don't take it lightly!"

His voice was awe-inspiring: "Luo Zilan, I must die!"

"Moreover, in front of everyone, in order to behave like you!"

Everyone was suddenly shocked.

And when Pang Yuanzhou's voice just fell, suddenly everyone felt something in their hearts.

An extremely strange aura sounded in the hearts of everyone at the same time, and they were actually experiencing deep palpitations at the same time.

Suddenly, a dozen people trembled in their hearts, and they looked up at the same time with great understanding.

They really saw that on the ninth high platform, a golden candle light that was burning quietly was shaking violently!

The lamp, with a click, also broke directly.

Then, the golden candlelight slowly diminished.

It became extremely weak, but it did not go out.

Everyone was in an uproar!

"This is Gongyegang's natal lamp!"

"Gong Yegang's natal lamp went out?"

"No, the natal lamp is extinguished. It should be that the lamp is not broken and the candle flame is extinguished. Why did he break the lamp and the candle flame?"

Pang Yuanzhou's complexion instantly became extremely ugly.

Gongye just went to capture Luo Zilan back, but now the natal lamp is broken, what does this mean?

[Chapter 4460: Give you a chance to survive!](#)

Could it be...

All the true disciples of Bahuang Tianmen who enter the door and are able to teach the true law will be awarded a natal lamp.

Carry this natal lamp on your body.

If a person died away, then the natal lamp on his body would be extinguished, and the corresponding natal lamp in the Eight Desolate Heaven Gate would also be extinguished.

Pang Yuanzhou stretched out his hand and grabbed it, and the lamp suddenly flew into his hand.

A little perception.

Pang Yuanzhou shouted sternly: "The candlelight is not extinguished, which means that Gongyegang's breath is not extinguished."

"He took the initiative to squeeze the lamp, like we warned!"

"and!"

His eyes froze for a moment, then he stood up suddenly and shouted sharply, "Gong Yegang's position is just outside the mountain gate!"

As soon as this remark came out, everyone was in an uproar.

"Gongye just took the initiative to smash the natal lamp. He is definitely in extreme danger. He should be hunted down by a powerful enemy."

"That powerful enemy even chased him until we were beyond the Tianmen Mountain Gate in the Eight Desolations, without stopping?"

"This move is simply treating the Eight Desolate Heaven Gate as nothing! It's really looking for death!"

Pang Yuanzhou's figure flickered, floated towards the entrance of the hall, and shouted sharply, "Everyone, follow me!"

All the elders stood up at the same time.

Gong Yegang is the first person to be the future leader of the Bahuang Tianmen. His identity is extremely important, and no one dares to neglect.

Just after Gongye crushed the natal lamp, the spirit of the whole person was immediately different from before.

He tried his best to keep away from Chen Feng, because Chen Feng blocked his way to the mountain gate, so he tried his best to go back.

Looking at Chen Feng, it was cold.

"Chen Feng, I just crushed my natal lamp."

"This place is very close to the sect. Senior Zongmen will come within three breaths at most."

He let out a haha laugh, sweeping away the humble and humble one:

"Within three breaths, you just can't kill me!"

"Senior Zongmen, I can wipe you out and swallow all the bones!"

"Hahahahaha..."

At this time, he was confident.

Chen Feng said indifferently: "Isn't you looking for the backstage? It started calling people, right?"

Gong Yegang sneered: "Yes, I'm not stupid, why can't I ask the elders of the sect?"

Chen Feng suddenly smiled and said, "Gong Yegang, you know what you thought was quick just now."

"In my eyes, it is extremely slow."

"It would be too easy if I wanted to stop it."

Chen Feng shrugged: "It's enough to break your other hand."

"You know, why didn't I do it, but let you crush the lamp?"

Gong Yegang's expression changed instantly!

When Chen Feng said this, he just woke up.

Just now Chen Feng could completely stop himself, but he didn't move. What's the reason?

His heart was instantly flustered and full of fear.

But then, he forcibly suppressed this emotion.

He neither wanted to believe nor did he dare to believe him, forcing himself to resolutely not think about it.

Because now, the strong sect is already his life-saving straw.

If Chen Feng deliberately let himself grasp this life-saving straw, then the consequences...

He didn't dare to think anymore.

Think about it again, that is the ultimate despair.

He stared at Chen Feng and screamed: "I don't care what your calculations are!"

"I only know that once the elders of the sect arrive, you will definitely die!"

"And I will be safe and sound!"

Chen Feng shook his head, and didn't bother to care about him.

As soon as Gong Yegang's voice fell, suddenly, there were several rays of light, rising from the Bahuang Tianmen gate, and coming here quickly.

In an instant, I came to the square before the mountain gate.

More than a dozen figures slowly appeared.

The person in front, Chen Feng had seen, was Pang Yuanzhou, the master of the Bahuang Tianmen.

As soon as Gongye saw Pang Yuanzhou and others arrived, his heart was at ease.

"A dozen six-star martial emperors from the master and sect have arrived. No matter how powerful Chen Feng is, it is impossible to be their opponent!"

"What are I afraid of? Gong Yegang, what are you afraid of?"

He looked at Pang Yuanzhou, with an extremely aggrieved expression on his face, and cried out with weeping:

"Master, you have to be the master for your disciples!"

"Chen Feng intercepted the disciple here, not only severely wounded the disciple, cut off his arm, but also snatched the little **** Luo Zilan over."

His voice was full of resentment and hatred:

"Chen Feng's behavior didn't put our Bahuang Tianmen in his eyes at all. It was a deception!"

Pang Yuanzhou and others fell to the ground.

His eyes swept across the faces of Chen Feng, Gong Yegang and Luo Zilan, and immediately knew what was going on.

"Chen Feng, you dare to do something to our disciples before my Bahuang Tianmen."

"Courageous."

When he came up, his voice was harsh and unceremonious.

Pang Yuanzhou felt that he had no need to be polite to Chen Feng.

That's right, he witnessed Chen Feng's calculations on Xiahou Jiuyuan and the soul slaves in the Soul Destroying Palace together with other strong men.

But Pang Yuanzhou didn't take Chen Feng too seriously.

Just alert yourself and beware of Chen Feng's calculations and conspiracies.

In his opinion, Chen Feng is indeed unparalleled in his wits, and his calculations are amazing.

But the absolute strength, in his opinion, is still far inferior to his own.

Pang Yuanzhou glanced around, seeing that there were no traces of trap layout around him, he felt quite settled.

Chen Feng looked at Pang Yuanzhou and smiled and said, "Gong Yegang is your Bahuang Tianmen, right?"

"Yes, and the head of our next generation."

Pang Yuanzhou's voice was very cold.

Chen Feng's expression remained unchanged, and he still smiled and said, "Collaborate with Chu Shaoyang and join hands to murder me."

"This matter was approved by the senior officials of the Bahuang Tianmen, isn't it?"

Pang Yuanzhou's expression remained cold and hard: "Yes."

"So!"

Chen Feng's voice suddenly rose: "Treat Luo Zilan so cruelly!"

"Put through the bones of the pipa, pick up the muscles and hamstrings, and bring them back to the sect, and be punished with the crime of ten thousand snakes!"

"It's also discussed by the top of your Bahuang Tianmen, isn't it?"

Pang Yuanzhou stared at Chen Feng with an extremely tough attitude: "These are all, how are you doing?"

Chen Feng smiled slightly: "Very good, very good."

"just now."

He pointed to Pang Yuanzhou and said lightly: "You, the culprit, judge yourself."

"Then, put all the heads of people who agreed to frame me Chen Feng and those who murdered Luo Zilan before me."

"I will give you Bahuang Tianmen, a chance to live."

When Chen Feng said this, his expression was faint, not so impassioned.

But these words fell in everyone's ears, they were all arrogant to the extreme!

I wonder if the sky is extremely thick!

Pang Yuanzhou laughed furiously, staring at Chen Feng, and said coldly: "What if I refuse? What can you do?"

"If you refuse?"

Chen Feng looked at Pang Yuanzhou, smiled and said, "If you refuse, I will beat the Bahuang Tianmen today!"
