

Peerless 4461

[Chapter 4461: Chongguan angrily as a beauty!](#)

"Let you Bahuang Tianmen on this dragon vein continent."

He uttered a word: "Disappeared completely!"

disappear!

These two words are so plain, yet they convey indescribable coldness!

Disappearing, it means razing the Bahuang Tianmen directly!

The Bahuang Tianmen was wiped out, and the Bahuang Tianmen was beheaded to death. From then on, the Bahuang Tianmen became a noun and no longer appeared on this dragon vein continent!

How cruel!

And Chen Feng alone, standing here, yet dared to say this, how overbearing!

If you are a person who knows Chen Feng and hear these words, you will surely tremble deeply, full of fear and awe.

Because they know that Chen Feng always speaks out, never bluffs others, never does anything unsure.

But unfortunately, Pang Yuanzhou and the others did not know.

They thought Chen Feng was just talking arrogantly here.

Pang Yuanzhou let out a disdainful sneer: "Chen Feng, I know that you are the first person in the younger generation in the Longmai Continent."

"I know that you have such a little strength, and I also know that you are countless adventures."

"but!"

His voice became extremely cold and severe and solemn: "The one in front of you now is the Bahuang Tianmen!"

"Bahuang Tianmen! Understand?"

"We are a sect, we are one of the nine powers of the Dragon Vein Continent, and we have passed on for hundreds of thousands of years!"

Pang Yuanzhou's voice became louder and louder.

He pointed to Chen Feng, his face was full of arrogance and disdain: "You are just a junior, compared with our Bahuang Tianmen, but ants!"

"An ant, dare to pretend to have trampled our Bahuang Tianmen? Really ridiculous!"

Chen Feng smiled lightly: "Then what you mean, you just don't do what I said."

Pang Yuanzhou sneered.

"it is good!"

Chen Feng smiled and said, "Pang Yuanzhou, don't blame me for not giving you a chance."

"Face, I'll give it to you."

"Face, you don't want it yourself!"

That's right, this is the only one that Chen Feng gave to Bahuang Tianmen to make them regret it, and it is also an opportunity to get rid of their destiny today.

As long as Gong Yegang beheaded and Pang Yuanzhou committed suicide, all the elders who wanted to cooperate with Chu Shaoyang to kill Chen Feng were beheaded.

Chen Feng will leave the Bahuang Tianmen behind.

The inheritance of the Bahuang Tianmen is left behind to avoid its fate of being removed from the Dragon Vein Continent.

But now, everyone at Bahuang Tianmen wasted this only opportunity.

"So!"

Chen Feng looked like a flame burning: "Next, your Eight Desolate Heavenly Gates are destroyed!"

"Today, Chen Feng!"

"The crown is angry as a beauty!"

He pointed to Pang Yuanzhou and everyone behind Pang Yuanzhou: "Now I, one person, will destroy your entire Bahuang Tianmen!"

The sound was blasting like thunder, full of incomparable confidence and pride!

In an uproar!

At this time, because of the movement outside the mountain gate.

The guarding formation of the Bahuang Tianmen also had some reactions.

The mountain guarding formation, slowly moving.

Originally, if there was nothing, it seemed to be true, but now it is very condensed.

Eight colors, alternately rotated.

Suddenly, it was dazzling.

In the Bahuang Tianmen, many disciples also felt the fluctuation of the atmosphere here, and came one after another.

In a blink of an eye, it was already surrounded by water, like an iron bucket.

At least there were thousands of true disciples from the Bahuang Tianmen.

However, their arrival did not cause Chen Feng and others to have the slightest emotional change.

Whether it is from Chen Feng's view or from the view of many elders and powerful people in the Bahuang Tianmen, these people are nothing more than ants.

After they came here, they saw many of their elders confronting the other person.

This person was still a young man in his twenties, with shocked expressions on his face, whispering speculation.

"Who is this son?"

"I have seen it."

Someone who has been to Kongsang Lunjian and met Chen Feng whispered: "This person is Chen Feng."

"What? He is Chen Feng? Chen Feng, who won the first place in Kongsang Lunjian, and is known as the first person in the young generation of the Dragon Vein Mainland?"

"Yes, it's him!"

Everyone whispered.

At this moment, hearing the words Chen Feng said, everyone was shocked to the extreme.

"Chen Feng will challenge our entire Bahuang Tianmen with his own strength?"

"Is he crazy!"

"Too crazy! Who does he think he is?"

Everyone yelled in disbelief.

Shocked!

"Do you think you have a long life! Think of yourself as something, but just a new disciple, dare to provoke one of the nine forces?"

Someone said with disdain.

In any case, these Eight Desolate Tianmen disciples thought that Chen Feng's coming here on this trip was simply seeking a dead end.

Gong Yegang was full of resentment, staring at Chen Feng and sternly shouted: "Chen Feng, tell you, your death date is here!"

"Oh?"

Chen Feng turned his head and looked at him with interest: "Gong Yegang, do you think that when the person who supports you comes, you will be hardened and you will have a backing?"

"What? Isn't it?"

"Furthermore, with my sect senior here, what can you do with me?"

Gong Ye just sneered again and again.

Pang Yuanzhou also said lightly: "Chen Feng, Gong Yegang is right."

"With me here, you can't get through the storm."

"Oh, is it so?"

Chen Feng looked at them with a smile, and suddenly stretched out a finger.

Suddenly, Gongye was very vigilant.

He now gestures to Chen Feng, but he has lingering fears, and he sternly shouted: "What are you going to do?"

Chen Feng said lightly: "Within one breath, I will catch you!"

As soon as the voice fell, Pang Yuanzhou sneered and said, "Chen Feng, it's just an advantage. With us here, you still want to catch Gong Yegang?"

"Dreaming?"

Chen Fengli didn't bother to pay attention to him, and ignored him directly.

He pointed to Gong Yegang: "I said this! No one can save you!"

These words, without a doubt, fell on Pang Yuanzhou's face like a big slap in the face.

It was extremely embarrassing to make his face become green.

As soon as the voice came out, Gong Yegang's expression suddenly changed, and he quickly stepped back, his face full of alert.

Pang Yuanzhou's face was cold, and he shouted sharply, "Junior dare you!"

Chen Feng's remarks ignored them, and actually wanted to capture Gongye in full view of them!

However, he didn't make the shot himself. In his opinion, making the shot by himself is a bit of a loss.

He winked.

Suddenly, the two elders next to him understood, and they all attacked Chen Feng.

They attacked Chen Feng, but didn't really expect to kill him.

Just forcing him to turn around and resist, not to catch Gongyegang.

These two elders are also six-star martial emperor masters, and they are extremely powerful and prominent.

Even the sky is slowly changing color.

Seeing the next moment, the offensive of the two can fall on Chen Feng's back!

[Chapter 4462: 100 times refunded!](#)

If he does not block or hide, then he is bound to be seriously injured!

The two six-star Wudi elders also showed a smug look on their faces.

But the next moment, the two exclaimed.

It turned out that at the moment when their offensive was about to fall on Chen Feng, Chen Feng's figure suddenly disappeared!

Yes, it just disappeared suddenly.

Everyone was shocked: "Where did Chen Feng go?"

The next moment, Pang Yuanzhou's pupils suddenly shrank.

An elder screamed: "Look, the shadow of Gong Yegang!"

The next moment, everyone looked at it, and they all cried out.

In Gong Yegang's shadow, a figure suddenly stood up.

The white clothes are like snow, it is Chen Feng!

He actually appeared in the shadow of Gong Yegang!

At this moment, Gong Yegang didn't know what happened behind him.

He is running away desperately.

With the experience of being easily cut off by Chen Feng just now, he was extremely afraid of Chen Feng's speed and body style!

While running desperately at this time, they heard the exclamation of everyone.

He knew immediately that something was going wrong, and he was about to continue to speed up.

But at this moment, a chuckle suddenly came from behind him.

Then, he felt that his neck was directly screwed by a pair of big hands like iron tongs!

Suddenly, all the power disappeared without a trace!

A force poured into his body, directly dissolving all his strength.

In an instant, his whole body was limp.

It's like being a snake with its bones removed.

His legs still kicked instinctively twice in the air before they stopped.

His pupils were full of panic.

"This Chen Feng, how terrifying is the physical form? What kind of physical form did he use?"

"I was both defensive, and ran away frantically, but was caught by him?"

He could not see clearly, but the people of the Eight Desolate Heaven Gates could see clearly.

Just now, with a mysterious and mysterious body, Chen Feng instantly escaped the attack of the two elders.

Then, he appeared in the shadow of Gong Yegang!

"What a weird pace, really weird!"

Shadow ghost step!

What Chen Feng used at this time was the shadow ghost step.

The realm of his shadow ghost step has never been.

But Chen Feng's strength was more than dozens of times better than when he first learned the shadow ghost step.

With his current strength, he can control the shadow ghost step with ease.

The heart moves at will, from which shadow you want to come out of.

It is extremely fast, it is countless times faster than before, and it is countless times more concealed.

He was just so upright, disappeared in front of many Bahuang Tianmen powerhouses, and then extremely curiously, appeared in the shadow of Gong Yegang.

Catch him easily.

No matter where Gong Yegang flees, his shadow is like a shadow.

When the two elders missed their hands, their faces were full of flames, and they felt that their faces were lost.

Pang Yuanzhou smiled faintly: "Chen Feng is capable, but so!"

When everyone heard it, they all came back to their senses.

Actually, Chen Feng didn't bother to do anything with them.

Those two elders are nothing to him.

It was just this action that fell in the eyes of Pang Yuanzhou and the others, but Chen Feng didn't dare to confront these elders head-on, but could only use his body skills to escape.

"The strength is average, the martial skills are good, and the posture is tricky enough."*novelusb.com*

"But the realm should not be high!"

Pang Yuanzhou said slowly.

In the eyes of Pang Yuanzhou and others, this conclusion was already made for Chen Feng.

Chen Feng held Gong Yegang in his hand, turned around and looked at Pang Yuanzhou.

Pang Yuanzhou thought he had understood Chen Feng's details, and his attitude was even more cold, and said with a cold voice: "I will give you a chance at last! Now, let Gong Yegang go!"

The sound was almost yelling.

Chen Feng smiled faintly: "You said, let me let Gongyegang go?"

"Yes."

Pang Yuanzhou's voice was indifferent: "Chen Feng, don't think you have a little strength, and you can do whatever you want with a little backing."

"Here is our Bahuang Tianmen!"

His voice was full of condescending meaning: "This is the site of our Bahuang Tianmen."

"Any one of us makes a shot, you are not an opponent."

"Even if you are strong enough and you have escaped several attacks by chance, how can you be the opponent of Six-Star Wudi?"

"Within ten moves, you will be beheaded!"

Pang Yuanzhou said, with a smug look on his face.

Behind him, those six-star Wudi level elders are the same.

Their judgment of Chen Feng's strength still stayed on the matter of Kongsang Lunjian, thinking that he was only about the strength of the five-star Wudi.

This is actually human nature.

It's no wonder that they think so, now that Kongsang Lunjian has passed, but only a few months later, who would have thought that Chen Feng's strength would have advanced by leaps and bounds, and he could almost approach the Seven-Star Martial Emperor?

Hearing these words, Chen Feng almost laughed out loud.

"Any six-star Wudi can kill me?"

He sneered in his heart: "I'm afraid you will not be my opponent if the dozen or so Six-Star Martial Emperors shot together!"

Chen Feng looked at Gong Yegang and patted his face with a smile: "Gong Yegang, do you think I will let you go?"

"Chen Feng, if you don't want to bury your bones here today, you have to let me go!"

He is already worrying about those just now. Forget about it.

Masters, uncles and uncles are all here, and a large group of six-star Wudi is here. Is it possible that Chen Feng could turn out any storm?

"Is it?"

The smile on Chen Feng's face disappeared without a trace!

His voice is like the impact of the extreme north ice, clear and cold:

"Gong Yegang, you made Luo Zilan endure the pain, and I will return this pain a hundredfold!"

The next moment, Chen Feng raised his right hand high.

Then, the soft sound of sneer, sneer, is endless!

Gong Yegang's whole body was like a sack that was punctured, and countless wounds appeared instantly, and blood poured out frantically.

He screamed bitterly, and his whole body dropped softly.

It turned out that every joint of his was directly penetrated by Chen Feng!

Chen Feng said coldly: "Do you think this is over?"

He took a palm shot, and the power poured into Gong Yegang's body, instantly turning into thousands of ways.

By, boom boom boom, the sound like a bowstring breaks, keeps ringing!

Gong Yegang was even more painful and twitching, screaming like a pig!

Chen Feng, at this time, broke all his tendons!

He wore Luo Zilan's pipa bone, and Chen Feng wore all his joints!

He broke Luo Zilan's tendons and hamstrings, and Chen Feng interrupted all his tendons!

"These are just my retribution for Sister Luo!"

Chen Feng gave you a bloodthirsty smile: "The following is my gift to you!"

Countless strengths poured out into Gong Yegang's limbs!

Then, it burst at the same time!

[Chapter 4463: How do you want to die?](#)

Gong Yegang's whole body immediately jumped up in the air fiercely, like a fish struggling to jump into the air!

Then, the whole person fell like a puddle of mud.

He couldn't stand up at all.

Even the screams couldn't come out.

Because his throat bones have been shattered.

But that constantly twitching face shows how painful he is at this time!

It hurts to the extreme!

It turned out that his bones were also shaken to powder by Chen Feng!

Gong Yegang was not dead at this time, and even his sanity was still very clear.

Chen Feng looked at Gong Yegang and suddenly smiled, "Gong Yegang, don't worry, you won't be lonely."

"Because the entire Bahuang Tianmen will be buried for you!"

Gongye just saw the brilliance in Chen Feng's eyes.

What kind of light is that!

Full of confidence and killing intent.

He suddenly realized that what Chen Feng said was true.

Today, the entire Bahuang Tianmen will be destroyed!

Suddenly an extreme regret surged in his heart: "When I did this, not only did I kill myself, but the Bahuang Tianmen was also plunged into the abyss!"

"I'm so regretful!"

He was full of regret.

In the next moment, the vitality is cut off directly, it is directly dead!

Gong Yegang, the head of the dignified future Bahuang Tianmen.

In front of all the strong in Bahuang Tianmen, Chen Feng was directly tortured and killed!

Chen Feng fulfilled his promise.

He returned the pain Luo Zilan had endured a hundredfold to Gong Yegang!

Just before Gongye died, the pain was at its extreme!

Chen Feng's move simply tore off the face of Bahuang Tianmen.

Then hit the ground!

He stamped his feet fiercely again!

Step in the mud!

Only then did Chen Feng clapped his hands and looked at Pang Yuanzhou: "Why don't I dare?"

This sentence is almost the same as spitting on the faces of all powerhouses in the Bahuang Tianmen.

He smiled and threw Gong Yegang to Pang Yuanzhou: "Don't you want me to hand over Gong Yegang? Here you are!"

Pang Yuanzhou reached out his hand to take the corpse, trembling all over.

Suddenly, there was a frenzied anger on his face, pointing at Chen Feng, and shouting sharply: "Elder Chu, kill Chen Feng!"

"Yes!"

Beside Pang Yuanzhou, a white-haired elder slowly stood up.

This white-haired elder was extremely thin and had a withered face.

A mess of white hair, almost dragged on the ground.

In his right hand, he held a snake stick, and on the top of the snake stick was a skeleton.

A small snake, only five inches long, and full of red color, was digging through the skull at the top of the snake stick!

He nodded slowly and stood up.

The people below saw this scene and whispered.

"It's Elder Chu!"

"Elder Chu, it is said that he is the oldest elder among our sects."

"Yes, although he is not the strongest, he is the oldest and the most experienced. Among the six-star Wudi, he is definitely the best."

"And I also heard that he not only possesses the strength of the Six-Star Emperor Wudi, but also has a very strong ability to use poison."

"The master teacher sent Elder Chu to fight, which is worthy of Chen Feng."

In their opinion, Chen Feng is just a junior.

How could it be the opponent of these powerful elders of his own sect?

Sending Elder Chu to the battle already gave him a lot of face.

Elder Chu almost grabbed Chen Feng and killed Chen Feng, without any doubt!

Everyone thinks like this.

Whether it is the many disciples of the Bahuang Tianmen, or the elders of the Bahuang Tianmen, or Pang Yuanzhou.

Even the elders of the Bahuang Tianmen are already discussing other things in a relaxed manner.

In their opinion, Chen Feng is already dead.

Elder Chu looked at Chen Feng and grinned: "Chen Feng, I like killing you young talents the most."

He licked his tongue, as if he had smelled blood.

"Thinking of you young talents who will achieve limitless future achievements, who will definitely be above me."

"But when my strength was far less than mine, I was beheaded one by one, and I couldn't express the excitement in my heart!"

Hearing these words, everyone's heart tightened, and they cursed shamelessly.

Elder Chu looked at Chen Feng and let out a jealous smile: "Go ahead, kid, how do you want to die?"

Chen Feng smiled faintly: "This sentence is what I want to ask you."

He pointed to Elder Chu and said word by word: "Old dog, how do you want to die?"

Elder Chu suddenly changed his expression, his expression even more gloomy.

He shook the snake stick in his hand.

The five-inch-long little red poisonous snake grinned fiercely at Chen Feng, hissed, and seemed to be demonstrating.

"I will let my little baby bite your heart."

"Then in a tenth of an instant, you will be completely dark and poisoned to death!"

"The internal organs turn into fly ash, all bones will rot, and the whole person will rot into a pool of yellow water!"

His voice was extremely horrible, and he made a jealous smile, which was indescribable.

He clearly told Chen Feng that he would let this little snake attack.

Obviously, Chen Feng was not taken seriously at all, and he even told Chen Feng where he attacked.

But Chen Feng listened, but was not angry, still with a smile on the corner of his mouth:

"Elder Chu, you old dog will be bitten by the little animal you raised."

"The internal organs turned into fly ash, the bones rotted, and the body turned into a pool of yellow water to die!"

This is to return all the words of Elder Chu!

Elder Chu was full of sullen expression: "I hope that you will be able to say these things later when you are bitten by my little baby."

The next moment, his figure flashed, and he attacked Chen Feng fiercely.

The tail of the snake stick in his hand pointed forward, and the shadow of the sky stick was pressed down instantly!

The power of each move is extremely tyrannical and condensed, with the strength of the Six-Star Martial Emperor level.

The six-star Wudi realm is fully revealed.

In an instant, the shadow of the rod in the sky surrounded Chen Feng.

It seems that the next moment, Chen Feng will be smashed to pieces.

Everyone exclaimed: "Elder Chu's strength should not be underestimated!"

"Yes, it is really a senior six-star Wudi. He has taken dozens of moves, let alone Chen Feng, ten Chen Feng have been beheaded."

The corner of Elder Chu's mouth also showed a smug look: "Chen Feng, I will tell you clearly, my dozens of offensive moves, every move can kill you."

"But, I will just force you to rush."

"I will still make my little baby a real killer move!"

"I told you, you can't hide it!"

"I just said that if you want you to die under Shekou, you will definitely die under Shekou!"

Chen Feng looked at him, smiled and said, "Is it so troublesome?"

"Compared with you, I am much simpler!"

As Chen Feng said, he stretched out a finger: "Kill you with one move."

[Chapter 4464: do as promised!](#)

After hearing this, Elder Chu laughed disdainfully.

"Chen Feng, death is imminent, are you still talking nonsense here?"

Everyone in the surrounding Bahuang Tianmen thought so.

"Chen Feng's reputation is big enough, but it's too bragging."

"Yeah! Now he is too busy to take care of himself, and he can defeat Elder Chu with just one move? It's simply not knowing the heights of the sky!"

"If he knows that the sky is high and the earth is thick, how dare he come to our Bahuang Tianmen?"

Everyone ridiculed!

But the next moment, the ridicule of disdain on their faces was solidified.

One after another exclaimed: "How can this be?"

It turned out that at this moment, Chen Feng sneered and punched!

A punch, just blasting a punch, and the shadow of the sky rod, dozens of six-star Wudi-level offensives, slammed together!

The next moment, a loud noise!

After dozens of offensives, all of them were beaten to pieces, without hurting Chen Feng!

Chen Feng's jade-white fist was undamaged.

The next moment, his fist continued to slam forward again!

Elder Chu was full of shock: "How is this possible, how is this possible?"

But reality does not allow him to think more.

Chen Feng's fist was already in front of him, and Elder Chu backed away in a panic, while waving the snake stick in his hand, he slammed Chen Feng's fist fiercely, trying to block it!

Chen Feng's fist slammed into that extremely hard snake stick!

With a crisp sound, the snake rod was directly discounted from the middle.

And Chen Feng's fist remained unscathed.

At this time, Chen Feng's fist still never stopped.

Keep going forward!

This time, Elder Chu had nothing to stop Chen Feng!

In the midst of his terrible howl, Chen Feng's fist was stamped on his chest fiercely.

He trembled violently for an instant!

Click!

There was a sound like fried beans.

Countless wounds burst into and out of him, and blood spurted out like a fountain.

Then, his figure flew out heavily and fell to the ground.

He fell to the ground, struggling desperately, shaking trying to get up.

However, I can't get up at all!

He had been directly shattered all his bones by Chen Feng's fist, becoming a useless person!

Elder Chu, a six-star Wudi level powerhouse, and the most senior elder among the Eight Desolate Heaven Gates, was defeated by Chen Feng in one blow!

Shatter the whole body and become a useless person!

There is no doubt that Elder Chu was defeated by Chen Feng.

Defeated by Chen Feng's trick!

Everyone was shocked by this scene, and for a while, the scene was silent!

After a while, there was a tide of exclamation.

"Elder Chu's strength is already close to the peak of the Six-Star Martial Emperor, and he is actually vulnerable to Chen Feng?"

"How strong is Chen Feng's strength? Is it close to Qixing Wudi?"

"Chen Feng is too horrible! How old is he to have such a cultivation level?"

"Before, when he was discussing the sword in Kongsang, he hadn't had such a cultivation level before, so his strength has improved so fast?"

Pang Yuanzhou stayed there directly.

The next moment, I realized what had happened.

His face was shocked immediately!

Chen Feng is so strong?

In addition to the shock, his heart twitched fiercely, and a very bad premonition surged.

His heart trembled, and suddenly there was a trace of regret in his heart:

"We are doing this today, is it right or wrong?"

"We have to deal with Chen Feng before, is it right or wrong?"

Behind him, the elders looked different.

They were all a little jealous of Elder Chu, and they were singled out to deal with Chen Feng, and they were able to make such a contribution.

Now, one by one is grateful.

"Fortunately, it wasn't me who fought just now. If not, the situation of Elder Chu now is my miserable situation!"

At this time, the snake rod broke, and the little red poisonous snake flew out with a swish.

This little poisonous snake's eyes flashed with a vicious and vicious light, and it was actually biting at Chen Feng!

Seeing this scene, Elder Chu's eyes widened.

This is his only hope for a comeback!

This red poisonous snake is also a Southern Wilderness Beast, with the cultivation base of the Five-Star Demon Emperor, equivalent to the strength of the Six-Star Emperor Wu.

He was tamed by elder Chu back then by various means, before he followed him.

This is already Elder Chu's last hope for a comeback.

But the next moment, he closed his eyes in pain.

His body was soft and collapsed to the ground feebly!

It turned out that facing the red poisonous snake, Chen Feng stretched out **** in a leisurely manner.

That's right, just stretched out two fingers.

The **** of the index finger stretched out, actually directly clamping the seven inches of the red poisonous snake.

Everyone's eyelids jumped wildly!

They all knew that this red poisonous snake was Elder Chu's treasure, although it was extremely small, it actually had the cultivation base of the Five-Star Demon Emperor.

The body is so hard that even a mountain can knock out a hole alive.

Even steel plates tens of meters thick can be crushed!

Such a hard and powerful body was easily pinched by Chen Feng's two fingers, and he didn't even have the power to resist!

The red poisonous snake twisted desperately, but Chen Feng's two fingers, like iron tongs, clamped seven inches of it. *NovelSub.Com*

He couldn't break free anyway.

The next moment, Chen Feng slowly walked towards Elder Chu with the red poisonous snake.

Elder Chu seemed to realize something and exclaimed: "Chen Feng, what are you going to do? What are you going to do!"

Chen Feng smiled slightly: "What am I going to do? Of course..."

Pointing his finger forward, he wanted the red poisonous snake to bite at Elder Chu!

Chen Feng smiled: "I just said, let you enjoy the bitterness of this poisonous snake!"

"To make your internal organs turn into gray, to rot your bones, and to make your body collapse!"

"I, Chen Feng, do what I say!"

The red poisonous snake naturally refused to bite Elder Chu, struggling desperately.

Chen Feng smiled coldly: "If you bite or not, is it up to you to decide?"

Squeezing it down with both hands, it actually broke the mouth of the red viper directly, and slowly pressed it toward the position of Elder Chu's heart!

He moved very slowly, deliberately to give Elder Chu a reaction time.

Elder Chu's pupils suddenly expanded at this time, and his eyes showed extreme fear.

Seeing Chen Feng screamed in panic: "Please, no, don't let it bite me!"

His body twitched frantically, as if he wanted to move back.

But the bones in his body had been shattered by Chen Feng, and he couldn't move his fingers. Where did he move back?

I could only watch the poisonous mouth of the red viper, getting closer and closer to him.

He screamed madly for mercy, watching Chen Feng's desperate pleading, where was the arrogant and cruel look just now?

However, Chen Feng looked at him, his subordinates were not slow, not half moved!

Like such cruel and bloodthirsty dog things, Chen Feng has no psychological burden to kill him!

[Chapter 4465: Can't fight heads-up, just gang fight?](#)

Finally, Chen Feng pressed the mouth of the red poisonous snake to the heart of Elder Chu.

Elder Chu had completely collapsed at this time.

The head of the red poisonous snake was on the heart of Elder Chu.

Chen Feng pressed the snake's head fiercely, and then moved to the middle!

Suddenly, Elder Chu let out a scream.

In the scream, there was even more despair that could not be said.

Because no one knows better than him what the consequences of being bitten by this little red poisonous snake!

There is no cure at all!

Can only die in pain in extreme fear!

Then, he felt an extreme pain, which suddenly spread throughout his body.

The next moment, his whole body turned into a crimson color, and his whole body was anxious.

He trembled frantically, his whole body was as red as cooked shrimp.

His pupils began to diverge, he let out a terrible scream, twisted frantically, obviously suffering from extreme pain.

Everyone's faces were filled with horror, and they backed away.

Chen Feng just stood by and looked at him coldly.

Elder Chu suddenly coughed violently.

Every time you cough, it brings out a lot of black-gray, like plant ash!

Obviously, his internal organs have become ashes.

Then, his body became soft, and he collapsed there like a pool of rotten flesh.

At this moment, all his bones have been corrupted.

In an instant, his body disappeared, leaving only a pool of yellow water there.

Seeing this scene, everyone lost their voices.

A six-star martial emperor, Elder Chu died like this!

There are no dead bones, so miserable!

Chen Feng smiled coldly, without any fluctuations in his heart.

"This kind of person will die when they die, and keeping it is a curse to the world."

He stood up leisurely, then patted his hands gently.

Just clapping his hands, with such a slight movement, the red poisonous snake uttered a scream and was directly photographed by Chen Feng into a powder.

Between his fingers, it slowly spilled.

Such a five-star demon emperor was easily shot to death.

Then, Chen Feng slowly pushed towards Pang Yuanzhou and others.

"Pang Yuanzhou, do you think it is enough for one Elder Chu to die?"

"Tell you guys!"

With a swipe of his finger, Pang Yuanzhou and others were drawn in: "Today, I want all of you to die!"

"Next, who will come?"

He hooked his fingers and smiled and said, "Otherwise, Pang Yuanzhou, go to the battle yourself!"

"It's boring to always let others take action!"

Chen Feng, impressively challenged Pang Yuanzhou!

Challenge the sect master of the Bahuang Tianmen, one of the nine major forces on the Dragon Vein Continent!

After Chen Feng's challenge was issued, Pang Yuanzhou's face was extremely ugly.

His lips trembled twice, as if he wanted to agree.

But after all, he couldn't say a word.

"how?"

Chen Feng smiled brightly: "Don't you dare?"

Pang Yuanzhou glanced at the surrounding elders, and everyone nodded slowly.

At this time, Pang Yuanzhou also didn't care about decentness, and didn't even want his face.

He screamed: "Everyone, come together, and kill Chen Feng!"

These elders also want face.

If they were just now, they would never follow Pang Yuanzhou's instructions.

But at this time, seeing Chen Feng's terrifying strength, the elder Chu, who was ranked in the middle of their power, and even the top elders, was easily beheaded by Chen Feng.

This made them extremely horrified and terrified.

Where can I take care of anything decent?

"Yes!"

All the elders immediately surrounded and killed Chen Feng in unison.

In an instant, counting Pang Yuanzhou, a total of thirteen powerhouses formed a circle.

There are people in the sky and the earth!

Surrounded Chen Feng tightly.

However, Pang Yuanzhou also knew that this was a shameful thing.

He suddenly looked at the disciples of the Eight Desolation Heaven Clan, and sternly shouted: "If anyone dares to disclose the matter today, he will suffer from the bite of ten thousand snakes!"

"Understand?"

All Bahuang Tianmen disciples, seeing this scene in front of them, were slanderous and shameless.

But I dare not say a word.

Pang Yuanzhou has always been extremely majestic among the Eight Desolate Tianmen.

No one dared to violate what he said. Many disciples were extremely afraid of him and nodded quickly.

No one dared to object!

"Chen Feng is indeed strong, but now thirteen uncles and uncles surround him!"

"That is, the thirteen six-star martial emperor level masters, the strongest head, is almost reaching the seven-star martial emperor!"

"How can Chen Feng be an opponent?"

"Even if Chen Feng is extremely powerful and talented, he can kill a Six-Star Martial Emperor, but with so many Six-Star Martial Emperors joining forces, he has only one dead end today!"

No one is optimistic about Chen Feng.

No one thinks Chen Feng has a chance to come back today!

"If you can't beat it heads-up, it's just a group fight?"

Chen Feng laughed loudly.

He looked at Pang Yuanzhou and the others, his expression on his face didn't have the slightest panic, but with a carefree expression.

This sentence made all Bahuang Tianmen disciples feel that their faces were dull, and many people bowed their heads.

In any case, no matter what, today's Bahuang Tianmen is completely ashamed.

Even if they finally won, killing Chen Feng would still be disgraceful.

More than a dozen senior elders of the six-star Wudi level surrounded Chen Feng. What if they win?

Pang Yuanzhou took a deep breath and looked at Chen Feng with a look of death.

"Chen Feng, now you can only show your tongue, right?"

"You are besieged by more than a dozen of us, there is only one dead end!"

"Never mind, those who are about to die, it's okay to say a few more words."

He obviously led a dozen people to besiege Chen Feng, and this behavior was extremely shameless.

In his mouth, he was magnanimous enough to make Chen Feng say a few more words like a gift.

Chen Feng looked at him and shook his finger: "Pang Yuanzhou, there is a problem you made a mistake!"

Chen Feng looked at them: "Today, it is not you who besieged me, but I, Chen Feng!"

"I will trap you all by myself!"

Before the words finished, Chen Feng's figure flashed.

Already he is going to kill Pang Yuanzhou fiercely, his momentum is unstoppable, full of fierce murderous intent!

Seeing Chen Feng killing himself, he was extremely powerful.

Pang Yuanzhou's heart was slightly startled, but he was not very panicked.

He had already guessed that Chen Feng was definitely attacking him, so he was already prepared.

He looked at Chen Feng and sneered: "Boy, still want to kill me first? Come!"

In the next moment, a palm was shot hard.

This palm was shot with great momentum.

However, Chen Feng smiled coldly, and his fist instantly shined brightly, but his momentum suddenly soared.

Suddenly, Pang Yuanzhou, who was actually so powerful, was somewhat unable to resist.

[Chapter 4466: You were fooled!](#)

Pang Yuanzhou was shocked, and then it became clear.

"This Chen Feng must have used a martial skill or a treasure that can greatly increase his attack power in an instant, so he has increased his attack power to nearly the seven-star martial emperor's realm in an instant!"

That's right, Chen Feng's punch at this time had an aura that was close to that of Emperor Wudi of Seven Stars.

This made Pang Yuanzhou, who was at the peak of the Six-Star Wudi, felt that he could not resist at all!

But he didn't panic, a strange light flashed in his eyes.

In the next instant, seeing Chen Feng's fist and Pang Yuanzhou's right palm, they would slam into each other fiercely.

At this moment, the light on Pang Yuanzhou's right hand was shining!

With a click, the jade ring on his index finger was already suddenly broken.

In an instant, the jasper-colored light surged.

It directly formed a huge semicircle with a height of three meters and a diameter of about tens of meters.

This huge semicircle, like a high wall, instantly protected Pang Yuanzhou firmly.

Form an extremely strong defense.

Not only did Pang Yuanzhou be protected strictly, but the elders behind Pang Yuanzhou were kept behind.

If Chen Feng wants to attack Pang Yuanzhou, he has to break this jasper wall!

Pang Yuanzhou laughed, his eyes full of triumph: "Did you see it?"

"Chen Feng, I, the master of the Eight Desolate Tianmen, are not for nothing!"

"There are countless treasures in hand, this defense is enough to block an offensive at the level of the Seven-Star Martial Emperor!"

"How about your offensive, even if it is close to the Seven Star Martial Emperor, isn't it helpless to me?"

He stared at Chen Feng and said viciously, "Chen Feng, from now on, with me, you can't kill any of the people on our side!"

After all, there was another burst of laughter.

He stared at Chen Feng's eyes. In his opinion, Chen Feng would definitely be surprised at this time, and then he would become angry.

However, something he didn't expect at all happened.

Chen Feng's expression remained the same, but a smile appeared on the corner of his mouth.

The smile was full of disdain, contempt, and even more foolish eyes.

He looked at Pang Yuanzhou and slowly uttered four words: "You have been tricked!"

You were fooled!

As soon as these four words came out, Pang Yuanzhou's heart jumped fiercely.

He believed that Chen Feng would never aimlessly.

So what do these four words mean?

The various thoughts in his heart turned chaotically.

But in the next moment he understood.

It turned out that when Chen Feng's voice just fell, his figure disappeared.

Yes, it just disappeared, just like before.

And the offensive that came just now, approaching the Seven Star Martial Emperor level, also disappeared without a trace in an instant.

Broken directly!

How can the offensive of the Qixing Wudi level easily disappear?

How could the powerful vitality of heaven and earth that were used in an instant break?

However, this offensive was so clear and easy, it disappeared in front of everyone!

There is only one explanation!

Everyone understood in an instant: "This is a false move!"

"It turns out that Chen Feng was just a fake move just now, so where is his real offensive?"

Just now, as everyone was attracted by Chen Feng's attack on Pang Yuanzhou, they all focused on them.

At this time, it was discovered that Chen Feng's offensive was a false move.

Suddenly, everyone's heart beat fiercely, and an extremely dangerous emotion surged into their hearts.

"Then who is Chen Feng's real goal?"

But at this moment, a burly elder standing in the northwest corner of Pang Yuanzhou, a figure suddenly appeared in the shadow behind him.

There are already elders who have seen what happened here.

Suddenly exclaimed and pointed behind him: "Be careful!"

This burly elder also felt a momentary horror, an extremely dangerous emotion, rising from the bottom of his heart.

There is also a shadow of death, which is instantly enveloped!

He almost straightened up his whole body.

A breath called death completely enveloped him!

He feels that he will be completely dead next moment!

He let out a stern howl like a dying wolf howl, and desperately fled forward.

He didn't even think of being able to block Chen Feng, he just wanted to escape now!

However, it was too late.

The moment Chen Feng appeared in his shadow.

Or to be precise, the moment Chen Feng made Pang Yuanzhou fooled by this fictitious move, everything was doomed.

In Chen Feng's body, seven big stars shone brightly.

The force of 211 billion catties came out, and a punch hit the back of the burly elder!

This time, Chen Feng did his best, without any reservations!

Two hundred and ten billion catties of power smashed on the back of the burly elder and released it suddenly!

All smashed into his body!

Suddenly, the burly elder screamed terribly.

He wanted to break free, he wanted to run forward.

But his body was as if Chen Feng was sucked into his fist, and he couldn't escape!

That incomparable power poured into his body, tore his internal organs to pieces, shattered all his bones, and even shattered his flesh and blood into dust!

The short and screaming screams suddenly sounded and stopped abruptly.

Amidst the screams of the burly elders, his body shattered and disappeared!

To be precise, not disappear!

Instead, Chen Feng was blasted into a fan!

A gust of wind comes and dissipates directly!

Chen Feng's shadow ghost step is really weird and powerful to the extreme.

Even if the elder had been prepared for a long time, he was still dead!

Death is extremely simple!

From Chen Feng pretending to attack Pang Yuanzhou to the killing of the burly elder, it was just a blink of an eye!

Silent!

Above the square, there was no sound.

Everyone's gazes, once they brushed, all concentrated on Chen Feng's face.

Their faces were full of horror and disbelief.

The burly elder, a powerful six-star martial emperor, just died like that? Gone?

Only had time to let out a scream and died!

He didn't even cause any harm to Chen Feng!

Everyone was dumbfounded.

Facing everyone's gaze, Chen Feng showed a smile at the corner of his mouth, clapped his hands, relaxed.

It was as if what had just been beheaded was not a six-star martial emperor level powerhouse, but a bug and an ant.

He looked at Pang Yuanzhou and said leisurely: "Pang Yuanzhou, what did you say just now?"

"What did you just say?"

Chen Feng smiled slightly and raised his hand to his ear: "I didn't hear it!"

"Speak louder, say it again!"

Chen Feng's words directly made Pang Yuanzhou's face flushed.

He just said that with him, Chen Feng can't kill a single person.

[Chapter 4467: Kill you, like kill a chicken!](#)

This big slap slapped his face fiercely.

Everyone was silent and dare not say a word.

Just looking at Pang Yuanzhou, whose face was blue and red, for fear of being angry by Pang Yuanzhou.

Chen Feng not only killed the elder directly, but also made a false move, pretending to attack Xia Pang Yuanzhou, causing Pang Yuanzhou to directly lose a protective magic weapon.

Pang Yuanzhou felt extremely embarrassed.

For him, the death of this burly elder was far worse than the loss of this protective treasure, and he felt heartache!

But at the same time, the loss of this treasure is far worse than the loss of face, making him feel embarrassed!

As Chen Feng said, he was fooled!

The trick is very strong and thorough.

The Bahuang Tianmen was originally known for relying on foreign objects.

On the Dragon Vein Continent, there are many powerful sects, which restrict the disciples' use of various treasures.

I think this is not my own power, and it is not useful at a critical time.

It's his own tyrannical body, and his martial arts are the most effective.

But the Bahuang Tianmen is an exception.

The Bahuang Tianmen has a very deep entry into the world and very few births.

It has a lot to do with the following dynasties, empires, etc., because the strength of their own creation ancestors is not the top, and there is no amazing powerhouse behind.

Therefore, their martial arts skills are inherently insufficient.

Their treasure of the town is not a powerful martial art, not even a treasure, but a hall!

A defensive hall!

Their origin, the entanglement with the mortal world, are inherently insufficient, and they don't have enough powerful martial arts.

There are no amazing characters to help them open up the road of martial arts.

It is destined that they must use foreign objects, and they have to use foreign objects.

No way, the talent is not good enough, the martial arts technique is not good enough, if even the treasures are not good enough, then how to gain a foothold among the nine powers of the Dragon Vein Continent?

Still want to be one of the nine forces?

What a joke!

Therefore, the Bahuang Tianmen disciples, ever since they have the ability to walk the Dragon Vein Continent, have been searching for various treasures.

They replaced martial arts techniques with various powerful treasures.

In fact, this is not wrong.

As the head of the Bahuang Tianmen, Pang Yuanzhou naturally cannot fall behind.

In fact, Pang Yuanzhou's strength is 70% in his treasures.

Not a treasure, he is just the pinnacle of the Six-Star Martial Emperor.

Counting all kinds of treasures, it is almost comparable to Qixing Wudi!

The head of the Eight Desolate Heaven Sect for so many years was not in vain.

At this time, on the robe he was wearing, there were all kinds of fragmentary ornaments.

His whisk, his jade pendant, even the high crown he wears on his head, the shoes he wears under his feet, the jade belt around his waist, etc., are actually extremely powerful and rare treasures.

Chen Feng looked at everyone and suddenly smiled brightly.

In the smile, he was particularly fierce and cold.

"Do you think that is enough?"

"Tell you, this is just the beginning!"

The next moment, Chen Feng disappeared again.

Then, the shadow ghost step was launched again, and once again appeared in the shadow of a short and thin elder.

Although this short and thin elder was fully guarded, Chen Feng who suddenly appeared in his figure caught him off guard.

However, he had already pinched the magic weapon that he had cherished for many years.

It was almost the moment Chen Feng emerged from his figure, he snapped and crushed it directly!

Above his body, a yellow light suddenly appeared.

Protect him tightly.

The short and thin elder suddenly felt loose, and a touch of ecstasy surged.

But soon, this ecstasy turned into a deep stunned.

It turned out that Chen Feng disappeared as soon as he appeared in his figure.

Appeared in the figure of the elder next to him.

The elder next to him, dressed in a purple robe, is tall and looks rather domineering.

Elder Zipao, seeing Chen Feng appearing in other people's figures, suddenly felt relieved, thinking that he was safe and sound.

Unexpectedly, this time, Chen Feng even directly used this shadow ghost step as a false move!

The real goal is him!

This purple-robed elder, caught off guard, was directly hit and killed by Chen Feng!

So far, two elders have died directly.

But the short and thin elder who had released the magic weapon before releasing a yellow light around his body.

At this time, the time limit for the magic weapon around his body had already arrived.

After all, the protective treasure can only protect him from a breath.

So, in the next moment, in his silhouette, Chen Feng appeared again!

The two people almost met each other!

The short and thin elder was almost crying, crying and crying like a nervous breakdown: "Why are you here again?"

Chen Feng looked at the short and thin elder with a smile on his face: "Do you think you have escaped a disaster?"

He stretched out his finger and shook it in the air: "Too naive!"

In the next moment, a fist!

One punch hit this short and thin elder hard!

This person has already consumed his only treasure that can withstand the Six-Star Martial Emperor's peak-level offensive, and there is no more treasure to use.

After all, treasures that can withstand the six-star Wudi peak offensive are also extremely rare.

He let out a howl of despair to the extreme, furiously playing several defenses!

Try to block this punch!

But all this is in vain!

The seven big stars shone, and the power of 211 billion catties burst out, directly piercing his three-layer defense!

Chen Feng's jade-white fist fell fiercely on his chest! My heart!

This short and thin elder, his heart vein was directly broken!

Muffled!

The next moment, blood spurted out wildly, his body tilted, and he accidentally fell to the ground, his breath was gone!

In an instant, the three elders were beheaded by Chen Feng!

The three six-star Wudi masters all died!

Every six-star martial emperor master could not even stop his move!

What a terrifying strength this is!

Chen Feng suddenly beheaded three people.

Adding to the elder Chu at the beginning, he has already killed four elders!

But everyone is helpless!

Chen Feng is right!

It's not that everyone surrounded him, but he surrounded everyone with his own power!

Which one you want to kill is like no one.

At this time, counting Pang Yuanzhou, the strongman of the Eight Desolation Tianmen, there are ten people left!

Chen Feng pointed at the crowd and smiled contemptuously: "Kill you, wait like a chicken!"

The entire Bahuang Tianmen was slapped in the face.

Matte.

Pang Yuanzhou's face was gloomy, and he shouted sharply: "Kill, kill!"

"Go together, kill this little bastard!"

[Chapter 4468: Floating light and glancing shadow beads!](#)

Suddenly, there were ten people left, all of them launched a powerful offensive, slaying fiercely towards Chen Feng!

All of a sudden, the sky and the earth changed color, sending out violent waves.

Seeing the next moment, Chen Feng was almost overwhelmed by these offensives.

But in the next moment, his figure disappeared again, and he appeared directly in the shadow behind an elder.

And those offensives almost affected the elder.

Everyone quickly withdrew from the offensive, making them very embarrassed.

Everyone looked ugly.

They have all discovered now that the exercises and footwork techniques used by this kid are so powerful that they are really helpless!

At this time, the number of people is not an advantage, but a burden.

As long as there is a shadow here, he can shift his figure at will, and they can't capture it at all.

As long as there is a shadow, it is Chen Feng's home court.

In fact, in the face of Chen Feng who has the shadow of yin and yang, there is no effect at all.

Everyone is aware of this.

Naturally, Pang Yuanzhou could see clearly.

He gritted his teeth and said cruelly: "Okay, very good!"

"But do you think we can't deal with you?"

"Tell you, it's naive!"

At this moment, in the palm of his hand, a small bead flashed out with a flash of light.

The beads were about the size of a little finger, and looked gray and inconspicuous.

It's just the surface, but from time to time there is a shadow across.

That kind of shadow makes people feel uncomfortable when they look at it.

It seems that at a glance, the whole inner thoughts have been spied on, and there is no privacy at all.

Seeing this, everyone was shocked!

Pang Yuanzhou sneered and said: "This thing is called the Floating Light and Shadow Bead."

"This kind of beads has no other use, only one characteristic, that is!"

He pointed to Chen Feng, his face was cruel and vicious: "Take away our shadows!"

Then, he flicked his finger.

The floating light and gliding shadow beads jumped high, spinning rapidly.

A weird, weird and inexplicable suction directly spread down from the floating light and gliding shadow beads.

In an instant, before this door, on the square, everyone was enveloped.

At the next moment, everyone felt empty.

It seems that something is lost inexplicably.

Then, they discovered that their own shadow on the ground was actually twisted strangely.

It's like becoming a living thing.

Then, the shadows twisted directly, and they rushed towards the floating light and shadow beads in the sky.
noVELUSB.com

It was just an instant, on the square, everyone's shadows were sucked into it by the gleaming shadow beads.

Everyone felt unspeakable empty and uncomfortable in their hearts.

However, it seems that the strength and so on, are not damaged!

Then they were filled with ecstasy.

Especially those elders who are besieging Chen Feng.

They are just now, and the one they are most afraid of is Chen Feng's shadow ghost step.

And now, his shadow ghost steps are equivalent to being abandoned.

Many people looked at Pang Yuanzhou with a bit of dissatisfaction on their faces, complaining to themselves why he didn't take out this treasure as soon as possible.

Pang Yuanzhou faced everyone's gazes, but his expression was faint, and he didn't care at all.

At the beginning, he didn't expect Chen Feng to be so strong, so he didn't take it out.

The other reason is that this treasure is too precious.

He got this treasure at a very high price.

At the beginning, he was very reluctant.

Thinking of the elders who died because he took it out late, he didn't take it seriously.

The lives of those elders, in his eyes, are not as valuable as his treasure!

Actually think about it.

For a sect like the Bahuang Tianmen, since he was determined to deal with Chen Feng, his relatives and friends who settled in the Qianyuan Villa of the Tianyuan Dynasty could be dug out.

Chen Feng's shadowy walks were naturally discovered by them.

So I also made preparations.

But no one thought that Chen Feng's shadow ghost step was so powerful!

Pang Yuanzhou laughed wildly and said: "Ignorance junior, now that you have abolished your weird body skills, what else do you have?"

Not only he was like this, but the other elders also relaxed.

In their view, Chen Feng's strength is based on the kind of weird body that can stand up in the shadow of a person.

Others are not a concern.

As long as he can break his stamina and kill Chen Feng, it will be very easy!

Chen Feng laughed: "Think I just rely on this shadow to make a ghostly step?"

"Okay, now, I will let you see the true strength of my Chen Feng!"

In the next moment, he slowly greeted Pang Yuanzhou and the others!

No more shadow ghost steps, or even any martial arts footwork!

He just took a step forward!

It was this step that Chen Feng's body instantly turned into a dense dark gold color!

Dark gold color, brilliance introverted, extremely bright.

Reclaim all the power!

It gives people the feeling that it is extremely condensed, extremely strong, and cannot be destroyed at all!

As Chen Feng stepped down, the entire giant mountain seemed to tremble slightly.

This step is not only stepping on this huge mountain, but also as if stepping on everyone's heart.

Let everyone tremble for it!

The second layer of Chen Feng's Donkey Kong Arhat Immortal Body was also launched with a bang!

In the next moment, Chen Feng rushed to the red robe elder closest to him.

The red robe elder snorted coldly, and the long sword in his hand was unscathed.

A sword pierced Chen Feng.

In an instant, seven long swords appeared in the sky.

Each long sword phantom is a hundred meters long and exudes extremely powerful power.

Each long sword phantom has a different color, a completely different breath, and has different attributes.

Some long swords are as cold as ice, others are as hot as fire, and some are pitch-black, exuding strong toxicity.

The seven long swords phantom are the peak-level offensive of the seven six-star Wudi!

Towards Chen Feng, severely cut away!

Not only him, but other elders, including Pang Yuanzhou, also all launched a powerful offensive!

In an instant, there were almost 20 or 30 offensives from the middle stage of the Six-Star Martial Emperor to the peak level of the Six-Star Martial Emperor, shrouded in Chen Feng.

Now, Chen Feng's shadow ghost walk no longer works, and they finally dared to attack Chen Feng unscrupulously without worrying about hurting their own people!

Chen Feng, there was no dodge at all.

Charged straight forward!

Toward the red robe elder, kill fiercely!

The red robe elder curled his mouth and said coldly with disdain: "It's almost a death!"

But the next moment, his smile was frozen on his face.

It turned out that he took seven offensives and slammed on Chen Feng's body.

It hit the dark golden body, but it didn't hurt Chen Feng at all!

[Chapter 4469: Tianhe upside down!](#)

Chen Feng is like a dark golden reef, amidst this violent storm, wind and waves, he is safe and sound!

Those offensives, falling on his body, could not even bring him the slightest harm.

It can only weaken the dark golden light slightly.

"what!"

Everyone exclaimed!

It turned out that they found that all their offensives were useless!

In the face of Chen Feng, it was useless!

In the next moment, Chen Feng rushed to the elder Chipao and lifted him up by the neck.

Chen Feng gave a grinning smile: "Just now, did you play very well?"

"Seven offensive huh? I'm so happy to fight!"

"is not it?"

The red-robed elder struggled desperately, kicking his legs indiscriminately, his face flushed.

He wants to struggle, but how can he struggle?

The next moment, in the laughter of Chen Feng, a punch was severely hit on his face.

He directly smashed his head crooked.

With a crisp sound, the neck bone shattered, and it was completely dead in an instant.

Chen Feng licked his lips, smiled grimly, and threw the corpse down.

Then he rushed towards the next one!

Chen Feng is like an invincible God of War.

Don't care, don't hide, run rampant!

Killed straight in front of them, and then blasted out with a punch.

Very simple tactics!

Just rushed to the front, punched out!

But there is no enemy in one!

A punch is a life!

No one can cause any harm to him!

The body is extremely hard and the offensive is extremely strong!

In a blink of an eye, three more elders died under his fist!

At this time, the remaining elders, including Pang Yuanzhou, only had six left!

At this time, after Chen Feng once again killed several elders, the expressions on their faces were no longer panic and shock.

It is full of boundless fear!

This time, Chen Feng's powerful strength brought them a blow, and the fear in their hearts was even greater than the fear that Chen Feng used to use Shadow Ghost Step to kill several people in a row!

Before, when Chen Feng used Shadow Ghost Step, they thought Chen Feng had only that card.

And now, after discarding that hole card, they found that Chen Feng's hole cards were simply countless!

"It turns out that the weird body shape just now is nothing but a hole card of Chen Feng."

"After his first hole card was broken by us, he still has a second hole card!"

"Master Patriarch is here, what kind of physical exercises did Chen Feng practice? His body is really so powerful!"

"Six-star Wudi peak offensive, can't even break his defense?"

"Too strong and too arrogant!"

This fear of not knowing how many hole cards the other party has left unopened makes them desperate!

They looked at Chen Feng like gods and demons.

There is only one thought in my mind at this time:

"Can we afford such a person?"

The kind of confidence on their faces just now, the kind of contempt for Chen Feng, and the kind of arrogance that holds a chance.

Completely disappeared!

The rest is boundless fear!

Even many people trembled, already preparing to sneak away.

They didn't have the guts to fight Chen Feng anymore.

Pang Yuanzhou's expression turned cold, and finally, he shouted wildly: "It's all the fucking, let me go! Let me come!"

In the next moment, he was at the forefront.

He stared at Chen Feng and roared ferociously: "Chen Feng, you forced me!"

"I have to uncover all my hole cards, and have to use all my treasures!"

"This is what you forced me!"

His eyes were red, and his eyes were full of pain.

When many elders heard this, their hearts moved and looked at Pang Yuanzhou.

Pang Yuanzhou is already their last hope.

They only asked Pang Yuanzhou to save this situation.

However, they are quite confident in Pang Yuanzhou.

When Pang Yuanzhou was not in charge, he was known as Duobao at the Bahuang Tianmen.

There are countless powerful treasures under him.

Later, when he became the head of the Eight Desolate Heaven Sect, he was even more arrogant.

It is said that there are at least three treasures in his hand that are at the Seven-Star Martial Emperor level.

But Chen Feng didn't care when he heard what he said.

Just looking at Pang Yuanzhou, he hooked his fingers.

He didn't say a word, but this action was already contemptuous to the extreme!

Pang Yuanzhou roared wildly: "Little bastard, dare you look down on me at this time? I will make you pay the price of blood!"

The next moment, behind him, a treasure slowly floated out.

The treasure that Pang Yuanzhou took out was a pot.

That's right, it's a pot, the whole body is red and white.

Just like the most common teapot.

But the shape is extremely ancient and clumsy, this pot hangs above the sky.

Then, the spout poured out.

Suddenly, a stream of light circulated from the mouth of the pot.

The streamer is getting stronger and bigger.

In the next moment, the pot broke suddenly.

Where it is broken, the space fluctuates violently.

A huge spatial crack was created there.

In that huge space crack, countless streamers gushed out, forming a waterfall instantly.

Like the nine days of the Milky Way falling, and like the Tianhe rolling down.

Directly down, pouring in fiercely!

The height up and down is hundreds of meters.

And directly below the watering direction is Chen Feng!

The moment the pot was broken, Pang Yuanzhou's eyes showed a strong color of pain.

At this time, Chen Feng felt that all of his upper and lower Qi machines were locked.

He immediately understood, knowing that now his qi, you are locked by this waterfall.

No matter where you escape, the waterfall will follow you!

Yes, this is a waterfall, but it is different from an ordinary waterfall:

There is no water in this waterfall, but the extreme heat, the brilliance to the extreme, the brilliance, and the flood of destructive power!

These torrents of power directly tore a huge crack in that space.

They appeared in that huge space crack, and wherever they passed, countless space cracks suddenly appeared.

It seems that they came across from the void, able to tear everything apart!

Even this space can be shredded!

Let alone Chen Feng!

It is conceivable that if it is rushed to the body by this torrent of destructive power, then it will be evaporated and melted instantly!

Will disappear directly!

This is a torrent of power that can destroy everything!

This torrent of power not only has destructive power, but more importantly: it is continuous and endless!

Can stop the first wave, but also can't stop the second wave, the third wave!

Everyone was finally surprised to find that this offensive was not the ordinary Qixing Wudi's initial offensive at all!

[Chapter 4470: Do you have treasures?](#)

It is equivalent to the offensive of Emperor Wudi Qixing in the mid-term!

"This is actually a mid-level offensive for Emperor Wudi Qixing!"

"Pang Yuanzhou actually hides such treasures?"

"Chen Feng is over this time. He is only in the five-star Wudi realm. Although his strength is comparable to the six-star Wudi peak, he can't stop the seven-star Wudi mid-level offensive anyway!"

"The higher the level, the greater the gap. This period of cross-level crushing, he simply can't resist!"

Pang Yuanzhou laughed triumphantly: "Chen Feng, do you think I have few treasures in the bottom of the box for so many years?"

"Before, I worked hard and spent a huge price to exchange three treasures of the seven-star Martial Emperor's early-level offensive for one that can release the seven-star Martial Emperor's mid-level offensive!"

"This treasure is more precious than those three treasures!"

He said grimly: "No matter how strong you are, Qixing Wudi will also be at the limit in the early days!"

"This mid-level offensive of the Seven Star Martial Emperor is enough to completely crush you into fly ash!"

Pang Yuanzhou let out a bitter howling: "Chen Feng, die for me!"

His eyes were filled with fierce and proud light.

In his opinion, Chen Feng is already a dead person.

Chen Feng couldn't stop this Seven-Star Martial Emperor level offensive.

And he thinks so, it's actually not wrong.

Chen Feng really couldn't stop the offensive of the Seven Star Martial Emperor's mid-term.

With his current strength, it is indeed impossible to resist!

It seems that Chen Feng is about to die under this offensive, and it seems that Chen Feng will be dissipated in the next moment, even reincarnation is difficult to enter!

The many Bahuang Tianmen disciples below all stared attentively without blinking.

For fear of missing any scene.

Chen Feng has created countless miracles. Every time they thought Chen Feng was not a rival, they fell into a desperate situation, and they were beaten severely in the face.

Can Chen Feng perform miracles this time?

And even Luo Zilan stared at Chen Feng with piercing eyes.

But she is different from others.

In her eyes, there is only trust and respect.

She didn't think it would cause any harm to Chen Feng.

At this time, Chen Feng still did not panic.

Just looking at Pang Yuanzhou, there was a long laugh.

At this time, Chen Feng also had a tremor in his heart, which suddenly appeared.

"Finally, I can finally sacrifice my hole cards!"

"Finally, I was forced to this point!"

"Pang Yuanzhou, you are not bad!"

"Finally forced me to use my first treasure!"

If at this time, Pang Yuanzhou knew that Chen Feng's heart was the opposite, he would definitely vomit and vomit.

He used all his cards and took out everything he had, but he didn't expect to be able to trade for Chen Feng to produce the first treasure.

He thought he could kill Chen Feng, but he didn't know that in Chen Feng's eyes, he was a good one!

Chen Feng laughed wildly: "Do you have any treasures?"

Then, Chen Feng stretched out his hand.

Suddenly, he wore a robe, as if flashing from the void, directly draped over Chen Feng's body.

In an instant, several rays of light flashed across the surface of the robe.

Brilliant and gorgeous!

And the moment Pang Yuanzhou saw this robe, Pang Yuanzhou's eyelids twitched violently, and a look of disbelief appeared on his face.

He seemed to recognize something, but he couldn't believe it at all.

Wiping his eyes, his eyes widened sharply, staring at the robe on Chen Feng.

"Why, did you recognize it?"

Chen Feng smiled.

Pang Yuanzhou finally confirmed.

He trembled: "This, this is the Vientiane Robe? This turns out to be the Vientiane Robe?"

Chen Feng smiled right: "It seems that you look pretty good."

"how is this possible?"

Pang Yuanzhou's voice is screaming!

"The Vientiane Robe! This is the treasure of Chaoge Tianzi City!"

"How could the treasures that have been handed down in Chaoge Tianzi City for tens of thousands of years fall into your hands? This must not be the Vientiane Robe, this must be fake, right?"

He didn't want to believe it at all.

But it is a pity that he has to believe the aura from the Vientiane Robe!

This is the Vientiane Robe that is really just like the fake!

This is the only one in the world, the Vientiane Robe!

The appearance can be faked, and the breath can't deceive people.

Chen Feng laughed loudly: "If you don't believe me, then stare at your dog's eyes and show me clearly!"

The next moment, Chen Feng flicked his hand lightly, and he snapped a cufflink on the cuff of the Vientiane robe.

With cufflinks snapped.

Suddenly, an extremely powerful force burst out!

This cufflink is small and exquisite, but the size of a small fingernail cap.

It looks like two gongs clasped together.

After it was broken at this time, a thick and thick earth-yellow force gushed out from it.

In an instant, turning around Chen Feng, it was like a yellow whirlwind.

This yellow whirlwind is turning faster and faster, turning faster and faster.

Later, it actually condensed into a huge circular mask.

This mask is a bit like two gongs together, and Chen Feng is standing in it, protected by this strange mask!

At the moment when this mask appeared, Pang Yuanzhou didn't say a word, turned around and ran away in the direction of Zongmen!

It turned out that at this moment, he was already convinced!

This is really the Vientiane Robe!

He didn't know how this Vientiane Robe fell from the hands of the city lord of Chaoge Emperor City to Chen Feng.

However, he was very convinced of one thing, that is, the Vientiane Robe has extremely terrifying power!

As one of the nine powers, he naturally knows many legends on the Dragon Vein Continent.

Therefore, he is very clear about one thing:

The Robe of Vientiane can even be included as one of the top treasures of the nine forces.

This treasure that has been handed down in the City Lord's Mansion of Chaoge Emperor City for an unknown number of years is not a single protection and defense ability.

Almost every accessory above has extremely terrifying power.

Or defensive or offensive, and even have special abilities.

With this Vientiane Robe in hand, it is equivalent to having a dozen hole cards on hand.

This treasure is simply not something he can contend!

His strength, the hard strength of all of them add up. Originally not as good as Chen Feng.

Now, in the treasures, even fell short!

Then there is no need to fight!

The scene of Pang Yuanzhou's sudden escape made all the elders dumbfounded. He didn't recover for a while, and didn't know what was going on.

As a result, the reaction did not keep up.

But in the next moment, they knew what was going on.

That terrifying, powerful offensive, like the rewind of Tianhe, slammed down on the mask of Chen Feng's body.

then.....

Then, there is no more!
