

Peerless 4491

[Chapter 4491: Let's go!](#)

Thinking of the Baishanshui who was waiting for him to bring them back to life, An old them!

I thought of everything I wanted!

The heart boiled instantly, filled with incomparable yearning and longing for that mysterious place.

He already wanted to fly to the deserted ruins!

In the next moment, the figure of the woman in the red dress and Mei Wuxian scattered directly.

The golden quicksand slowly condenses in the air, turning into sixteen words:

"After January, the foggy black market, if you don't come, the opportunity will never be missed!"

Sixteen words, frozen in the air.

In a moment, it also disappeared directly.

Chen Feng couldn't help but smile.

This woman in the red dress, she really does everything neatly.

Thirty days in the barren ancient ruins are only equivalent to ten days in the Dragon Vein Continent.

This is only ten days of preparation time for myself!

Moreover, she really believed that she would definitely go!

Then, the golden quicksand disappeared, and the letter paper also directly turned into nothingness.

Everything disappeared.

Everyone turned their attention to Chen Feng.

Whether to go or not, Chen Feng makes the decision.

Without any hesitation, Chen Feng slowly uttered a word: "Go!"

Qingluan wishful boat flew straight to the sky above the clouds.

Chen Feng stood on the Qingluan Ruyi Boat and looked back.

Originally magnificent and magnificent, the Bahuang Tianmen General Altar, one of the nine major forces, was already a piece of scorched earth.

Chen Feng sighed softly, his eyes filled with indescribable pleasure, excitement, and full expectation for the future!

This time, the incident of the Bahuang Tianmen actually had a profound meaning to him: he finally recovered!

Restored the real Chen Feng!

It's no longer because of the strength of the enemy, no longer because of this series of changes, to be shackled!

Instead, start to fight back!

Start layout! Start to control everything! Even began to lead the enemy into a dead end!

This is the real Chen Feng!

He has now become the excited and fighting spirit Chen Feng again!

Beside, Zhu Jiuyin Martial Soul and Blood Wind are playing and frolicking.

It is strange to say that just now, the blood wind and the Zhu Jiuyin martial soul are so fierce that they can't wait to have a fierce battle and kill each other.

But now they are having fun again.

Mutual exchange.

Zhu Jiuyin Martial Spirit wandered around on the body of Xuefeng, even with his tail wrapped around his neck and his head erected on his huge head.

The blood wind is not angry.

Chen Feng looked at it and had to shake his head and smile.

"These two guys are childlike."

"but....."

His eyes shrank slightly, and his eyes were far away: "It seems that this also shows that the origin of Bloodwind's identity is definitely good."

Zhu Jiuyin Martial Soul can't play with anyone.

This is actually an extremely arrogant guy, except for Chen Feng, he doesn't care about anything else!

He was so friendly with Bloodwind, even at first he actively wanted to have fun with Bloodwind.

This shows that the origin of blood wind is not worse than that of Zhu Jiu Yin!

Chen Feng originally planned to stay in Chaoge Tianzi City for a period of time, and it will take at least one month to make arrangements!

Go there, two things.

First, find out the details of Chu Shaoyang.

The second is to understand what exactly the six hidden sects are seeking in Chaoge Tianzi City?

What is that treasure?

Chen Feng even had a vague idea, if he could draw the six hidden sects into a battle with Chu Shaoyang, that would be great.

Doing so is of course extremely dangerous, and it may even increase the danger.

It was much more difficult than fighting Chu Shaoyang alone.

But if you make good use of it, then you can get a lot of money and fish in troubled waters, not only can you kill the enemy to death, but you can also get great benefits from it!

Chen Feng is full of confidence in whether he can do this well!

But the letter from the woman in the red dress disrupted everything.

Chen Feng now needs to rush back to Xuanyuan Family's Inner Sect.

Otherwise, you cannot go to the deserted ancient ruins.

However, it was okay to stop in Chaoge Tianzi City in the middle.

In fact, Chaoge Tianzi City is at the midpoint of the line from Bahuang Tianmen to Xuanyuan Family.

Stay there without delay.

There was a look of expectation in Han Yu'er's eyes: "Junior Brother, shall we go with you?"

She worried that Chen Feng would not bring herself.

Chen Feng smiled and nodded: "Of course, let's be together."

Suddenly, everyone was excited.

Han Yu'er smiled softly, and Qingqiu Yaoguang danced with excitement.

She is still a child.

Chen Feng said that taking her to the desolate ancient ruins was like rescuing a child who had never been out at home and had to travel with his parents.

And the Tiancun Beast Slave showed extreme excitement in his eyes.

Before, Chen Feng had told him that the place where he was most likely to be born was somewhere in the deserted ancient ruins.

Why is he not excited if he has the opportunity to find his origin?

Naturally, Chen Feng wanted to take the celestial beast slave.

Not to mention the strength of the Tianchou Beast Slave, and Chen Feng went to the deserted ancient ruins this time, even more so that he wanted to conquer a few powerful ancient Ming beasts for him.

This exotic ancient underworld beast has never appeared on the Dragon Vein Continent.

Its ability is also strange and difficult to guard against.

Compared with the monster beasts on the Dragon Vein Continent, they are more effective in fighting against the enemy.

Han Yu'er and Qingqiu Yaoguang were also strong men of Emperor Wu.

There is no problem with self-protection.

Going there, more discipline, easier to improve.

However, Chen Feng looked at Luo Zilan with a touch of embarrassment in his eyes.

Before he could speak, Luo Zilan understood Chen Feng's thoughts.

She smiled softly and said softly: "Chen Feng, don't take me there anymore."

Chen Feng sighed softly: "I just feel sorry for you."

"What's wrong?"

Luo Zilan leaned in his arms and said softly: "I know what I am in now."

"Even if Brother Chen Feng, you have a way to help me re-cultivation and restore my strength, it is absolutely impossible to set off with you within ten days in a short time."

"The deserted ancient ruins are extremely dangerous, just your drag."

Chen Feng sighed softly and hugged her into his arms.

This woman really makes herself feel distressed.

"Chu Shaoyang, see what you have done!"

In the secret room of the cave, Xiahou Yinghao's roar echoed crazily.

His veins were violent and his eyes were blood red.

Staring at Chu Shaoyang in front of him, his eyes were fierce.

"Now, everyone in Chaoge Tianzi City knows!"

"The battle three months later, I was one of them!"

"Chen Feng is prepared, and everyone looks at me, even more as a shameless person!"

"At this time, you give me an explanation!"

He looked like he wanted to choose people and eat them.

Chu Shaoyang didn't care at all.

He stared at Xiahou Yinghao and smiled coldly: "Don't worry, I, Chu Shaoyang, will definitely not make it difficult for you!"

Hearing his words, Xiahou Yinghao was taken aback.

Then furious!

[Chapter 4492: Chu Shaoyang's provocation](#)

"Chu Shaoyang, how dare you talk to me with this attitude now?"

Chu Shaoyang's current attitude is also extremely tough, and there is no more respect than before.

He laughed: "Why don't I dare?"

Having said that, his body suddenly exudes momentum.

Overwhelmingly surging, Xiahou Yinghao, who was directly pressing down, retreated several steps, his face was shocked: "You, what is your strength?"

Chu Shaoyang laughed wildly and turned and left: "Don't worry, Xiahou Yinghao."

"At that time, cooperation or cooperation should be done, but if you want to be as humble and submissive as before, it will be impossible!"

joke!

I, Chu Shaoyang, now has the strength of the Seven-Star Martial Emperor. Why should I act on the faces of others?

Who can command me? Who can make me bow to my knees?

Chu Shaoyang has always been the kind of character who has ambitions.

Tolerant before, was just to get rid of Chen Feng with the help of Xiahou Yinghao.

Now that his strength has increased, his nature is immediately exposed.

Looking at his back, Xiahou Yinghao gritted his teeth with anger, but he dared not say anything.

The powerful strength that Chu Shaoyang showed just now made him extremely shocked!

In Chaoge Tianzi City, people come and go, and it is very lively.

The giant city at the core of the Dragon Vein Continent still exudes vitality.

And at this moment, all of a sudden, everyone felt an extremely powerful aura descending on Chaoge Tianzi City.

That's right, it didn't come to a certain part of Chaoge Tianzi City, but the whole Chaoge Tianzi City!

His location, close to the east gate of Chaoge Tianzi City, is one of the most prosperous areas!

Suddenly, everyone looked up like a pan.

This move will coerce the entire Chaoge Tianzi City. There is no doubt that this is provoking the entire Chaoge Tianzi City!

Then, everyone saw that above the void, a figure was standing with hands.

Someone who had met Chu Shaoyang before the Seven Stars Auction House before, already exclaimed, "This is Chu Shaoyang? He is here again!"

"Why is his strength so terrifying? It feels completely different from last time!"

Chu Shaoyang, living high in the void, looked down at the people below.

He enjoys the feeling of being looked up by everyone.

Then, he slowly said: "After March, in Tianzi City, I will fight Chen Feng!"

Then, with a low growl and a flash of figure, he came to the side of a floating mountain.

This floating mountain is a thousand meters high and has a radius of sixty to seventy miles.

There is no grass on it, no trace of smoke.

Chu Shaoyang punched out!

With a loud bang, this floating mountain was directly blasted into countless debris by his punch!

Shattered the whole floating mountain with one punch!

Seeing this scene, everyone was shocked.

Chu Shaoyang's figure flashed, and he returned to Chaoge Tianzi City.

In the face of everyone's horrified gaze, his momentum rose wildly!

Five-star Emperor Wu!

Six-star Emperor Wu!

Finally reached the realm of Qixing Wudi!

Qixing Wudi's aura surging out overwhelmingly, suppressing a hundred li!

Even at this moment, it seems that the entire Chaoge Tianzi City was severely suppressed by it!

In an instant, this tyrannical aura was depressed, and the aura of the powerful and powerful in Chaoge Tianzi City were all drawn out.

One after another, the breath is full of breath, straight into the sky!

Many experts in Chaoge Tianzi City came to the sky one after another, looking at Chu Shaoyang in shock.

Look at this figure exuding extremely terrifying aura!

Everyone was full of shock: "Chu Shaoyang, who is this again?"

"Where is the mysterious master that emerged, so terrifying?"

"Seven-star Martial Emperor's strength, is it the God of War Mansion or a certain person in the Shifang Jungle who has been cultivating in secret?"

"Is this Chu Shaoyang the one who will make an appointment with Chen Feng after March?"

The palace of the emperor city has always been tyrannical.

If other people dared to provoke their status like this, I'm afraid that countless masters in the City Lord's Mansion will soon be crushed into pieces.

But now, they are surprisingly quiet.

Obviously, shocked by Chu Shaoyang's tyrannical strength, he dared not act rashly.

There is a secret place in Chaoge Tianzi City.

In that courtyard, several figures raised their heads, looking at those strong men who rose in the sky, and at the tyrannical Chu Shaoyang who dominated the world!

Their expressions were faint, and they didn't seem to feel much shock

One of them, a slender young man who was as handsome as a woman, turned around and smiled at the people behind him:

"Everyone, we should also thank this Chu Shaoyang!"

"Drawn by his breath, several hidden six-star Wudi-level masters in Chaoge Tianzi City also showed their figures."

"Before, we didn't know their news, we know now."

A gloomy middle-aged man next to him said, "Then we know their details, and what precautions should be taken in the next plan will be even more clear."

Young Master Junxiu tapped the folding fan in his palm: "Yes, that's it."

"Go away..."

He looked back at Chu Shaoyang, completely indifferent:

"Let's continue our plan."

"These clowns, let them toss."

"After a while, after the arrival of several ancestors, they can be pinched to death with a backhand!"

"When our Six Great Hidden Sects plan succeeds, we will repress the entire Dragon Vein Continent!"

He was full of grim expressions: "When the time comes, they will have to die if they want to die, and they will live if they want to live!"

Chu Shaoyang could no longer suppress the excitement and mania in his heart, he laughed wildly, and opened his arms.

"I am Chu Shaoyang, this is Lao Tzu's current strength!"

"Lao Tzu is now the Seven-Star Martial Emperor, so what qualifications does Chen Feng have to compare with me?"

The momentum can't deceive people.

Chu Shaoyang's Qixing Wudi's strength revealed at this time shocked everyone!

"Seven-star Martial Emperor, what level of existence is that? Even with the exception of War God's Mansion and Shifang Jungle, the powers of the nine major forces at the supreme level cannot reach Seven-Star Martial Emperor!"

"Yeah, Chu Shaoyang has already been promoted to the Seven Star Martial Emperor, now Chen Fengxuan!"

Someone sighed.

"That's right, Chen Feng can level the Eight Desolate Heaven Gates with his own power, I am afraid that now Chu Shaoyang can also level one of the nine forces with his own power!"

There are people who have secretly hated Chen Feng before, but now they are smiling, haha laughed:

"This Chu Shaoyang turned out to be a seven-star martial emperor master, Chen Feng will undoubtedly die after March!"

Someone sighed lightly, and said in a deep voice, "It is estimated that the first person in the young generation in the Dragon Vein Continent will be replaced."

"Yes, Chen Feng is very strong, but compared with Emperor Wudi, I'm afraid it's a bit inferior."

"In the battle after March, I'm afraid Chen Feng will fall, and Chu Shaoyang will ascend to the top as the first person in the young generation of Dragon Vein Continent!"

[Chapter 4493: Absorb the God Stealing Pill again](#)

After seeing the strength of Chu Shaoyang's Seven Star Martial Emperor's level, everyone was not optimistic about Chen Feng at all.

What if Chen Feng is stronger? Can it be compared with Qixing Wudi?

Hearing everyone's discussion, Chu Shaoyang was even more excited.

He laughed wildly and pointed to the broken floating mountain: "After March, Chen Feng is still like this!"

In his opinion, Chen Feng is already dead!

After three months, it is his death date!

At that time, everything that belongs to Chen Feng will become his own.

"He is destined to only become a stepping stone on my road to martial arts!"

"After March, I will step on you to the top!"

He did not put Chen Feng in his eyes at all now.

Qixing Wudi shocked everyone.

In the crowd at this time, there were also several people standing there quietly.

It turned out that this group of people was Chen Feng and others.

They just came to Chaoge Tianzi City, and they encountered such a thing, but it happened at the right time.

Chen Feng stared at Chu Shaoyang's figure above the sky, and a cold and murderous intent flashed in his eyes.

After Chu Shaoyang revealed the strength of Emperor Wudi Seven Stars, Chen Feng showed a playful smile.

He looked very relaxed.

He was only slightly surprised by this, but he was not nervous, let alone excitement.

The other party already has three Seven-Star Martial Emperors, what if there is one more?

"Three months later, there are four Seven-Star Martial Emperors who have to face!"

Not only did Chen Feng have no fear, on the contrary, he was full of excitement!

An intent to fight, suddenly rose up, rushing to my heart!

At the same time, he felt a sense of urgency.

"I want to quickly improve my strength, my strength, my realm must quickly improve!"

It wasn't for Chu Shaoyang to improve his strength, he was not worthy.

Chen Feng was for Xiahou Yinghao, and the people behind Xiahou Yinghao, and even Xiahou Jiuyuan!

Chen Feng smiled lightly and turned to leave.

Han Yuer chuckles and said, "Junior, what do you say?"

Chen Feng laughed: "If I can kill him once, I can kill him a second time!"

Even though Chu Shaoyang has now reached the strength of the Seven-Star Martial Emperor, the expression on Chen Feng's face is still extremely relaxed.

Everyone smiled.

They are full of confidence in Chen Feng.

Then, Chen Feng went to the Seven Star Auction.

It was only three hours in the Seven Star Auction, but no one knew what it did.

Then, Chen Feng was in a secret place again, and saw Pu Jingyi who was playing the outpost for him.

After Pu Jingyi and the two came here, they learned a lot, learned a lot of information, and talked to Chen Feng one by one.

That night, the three talked all night long.

In the early morning of the second day, Chen Feng and his party left Chaoge Tianzi City.

After a cup of tea time, after a certain floating mountain, Qingluan Ruyi Boat broke through the air and headed towards the Xuanyuan Family's Inner Sect.

Three days later.

Chen Feng returned to Xuanyuan Family's Inner Sect once again and went directly to Xuanyuan Xiaoyue.

The inner clan of Xuanyuan family.

At the Houshan Hall, everyone sat facing each other.

After hearing Chen Feng's intention, Xuanyuan Xiaoyue raised her eyebrows involuntarily.

"You still want to enter the deserted ancient ruins?"

Chen Feng nodded: "Please also ask the elders to help me."

Xuanyuan Xiaoyue pondered for a moment, then looked at Chen Feng: "Chen Feng, my advice to you is that you'd better not go to the deserted ancient ruins."

"Why?"

Xuanyuan Xiaoyue Youyou said:

"The last time you went to the deserted ruins, it was to quickly increase your strength in a short time."

"After all, at that time your life was not so valuable, you could afford to lose."

"But now, you can't afford to lose."

"There are too many hopes placed on you. You already have the strength of the six-star Wudi peak, and you can already kill one of the nine forces with your own power!"

"If you don't take risks, you will be safe and secure on this Dragon Vein Continent, given time, you will surely be able to become the most powerful person on the Dragon Vein Continent!"

He said earnestly and earnestly: "Son of a daughter, don't sit down."

"If you go to the ancient ruins, you are most likely to die there!"

His eyes are full of concerns.

Chen Feng's heart warmed, and then smiled and said, "Elder Xiaoyue, I understand what you said."

"Yes!"

He raised his voice: "According to what you said, I am confident that within three years I can reach the realm of Xiahou Jiuyuan!"

"When the time comes, won't it be beautiful to be the king and hegemony in the Longmai Continent?"

"However, the reason why I am Chen Feng, Chen Feng, is because I have the courage to make progress at this moment!"

"If I am afraid, shrink back, and conservative, then!"

He looked at Xuanyuan Xiaoyue, and said word by word: "Am I still that Chen Feng?"

Xuanyuan Xiaoyue was silent for a long time.

Then, faintly sighed.

"Chen Feng, Chen Feng..."

His face was full of appreciation: "I can't be more pleased if you can think like this!"

"Then, I will open the door to the barren ruins for you!"

Chen Feng smiled: "Thank you elders."

"However, three days later, when the moon is full."

"Open this door, the effect is the best, the most stable."

"There are a lot of people going there this time, and now it's open, I'm afraid the risk is a bit high."

Xuanyuan Xiaoyue said.

Chen Feng nodded: "Okay, then three days later."

It took them only four days to come here.

Even if it opens after three days, it is only the seventh day.

And the woman in the red skirt gave him a month to go to the deserted ancient ruins, so after going to the deserted ancient ruins, there are at least nine days left to rush to the misty black market.

Enough time.

Moreover, Chen Feng did not intend to go to the deserted ancient ruins today.

He still has one very important thing that he didn't do: Chen Feng wants to absorb the Heaven-Stealing God Pill together with the Tianchou Beast Slave!

Steal the luck in the **** pill, try to absorb it!

Chen Feng had absorbed it once before in the Soul Destruction Hall, and now it has all been refined.

It is already possible to absorb luck again.

Even he has a desire for this luck.

In addition, it is difficult to say whether they can absorb the God Stealing Pill again after they go to the deserted ancient ruins.

After all, stealing the **** pill is the luck of the Dragon Vein Continent, not the luck of the ancient ruins.

If you go there, you won't be able to absorb the God Stealing Pill. Wouldn't it be empty to guard the treasure and get nothing?

The top of Canglang Xiaoyue Peak is a big rock.

Wenrun as jade.

Its shape is like a giant wolf crouching magnified dozens of times.

The light flowing inside is obviously a treasure.

At this moment, Chen Feng and the Tiancun Beast Slave were sitting cross-legged on this big rock.

And not far from the two, Xuanyuan Xiaoyue and Elder Bai Ruoxi, who had just returned from the outside, were standing majestically facing outside.

Protect the law for both of them.

Even in the Xuanyuan family's inner sect, you cannot easily relax your guard.

[Chapter 4494: Thirteen stars!](#)

Above the sky, a full moon moved slowly.

Finally, the moon hits the sky.

Refreshing and sprinkling, the ultimate peak.

It was at this moment that Chen Feng lightly waved his right hand.

The stealing **** pill suddenly flew directly to the sky above the sky.

In an instant, the light of Stealing God Pill was released, and the light of Yuehua quietly spilled.

It actually covered the full moon above the sky.

And that full moon seemed to feel the light of Stealing Heaven God Pill, and felt that Yuehua power spread, which was also generous.

It actually seems to compete with this Heaven Stealing God Pill.

The thief **** pill felt the provocation from the full moon above the sky, and suddenly, the light became brighter.

The light was more than doubled when Chen Feng first absorbed the Heaven Stealing God Pill!

Under the mutual traction of this stealing **** pill and Yuanyue, stealing the power of the **** pill reached a peak.

This is also the reason why Chen Feng wants to absorb the Heaven Stealing Pill when the full moon rises on the top of the Xuanyuan family's inner sect.

Chen Feng slowly closed his eyes and opened his arms as if to embrace the world.

Stealing the gods, Chen Feng had already absorbed it once, and he was familiar with it.

In an instant, he entered the feeling of wandering in the heavens and the earth, and embracing the heaven and the earth.

As if, my body and heaven and earth merge into one.

Then, in the Divine Stealing Pill, imitating the power of the dragon vein continent's air luck played a role.

As a result, there are countless extremely subtle Dragon Vein Mainland Qi Yun powers that have been stripped from the Xuanyuan family's inner sect.

Chen Feng felt a little bit of joy in his heart.

The speed of absorbing the power of the Dragon Vein Continent's air transport here is only slightly slower than when it was in the Soul Destruction Hall before.

At this point, Chen Feng was finally relieved.

Because he knows very well that when he was in Soul Destruction Hall before, that absorption speed was absolutely impossible to replicate.

Because, the entire Soul Extinguishing Hall, the entire ghost forest, and the entire Dragon Vein Continent are definitely the most abundant aura and the most powerful aura!

In other places, it is impossible to absorb it so quickly.

Now it seemed that the inner sect of the Xuanyuan family was indeed inferior to the Palace of Soul Destruction in terms of the abundance of aura and the abundance of aura.

But at least it's not too bad.

"Before, I condensed seven stars."

"This time, how much can we condense here?"

Chen Feng was full of expectations.

Strands of the force of air transport, like hair, are constantly pouring into his body.

Finally, it reached the level of luck!

So, in an instant, at the top of Chen Feng's spine.

At the position close to the head, at the top of the spine, the force of air transport began to circle.

Then, there are shining stars.

In the next moment, the embryonic form of a star appeared at that location.

Then, the embryonic form of this star became brighter and more stable.

Finally, I don't know how long it took before a big star formed directly.

The eighth star condensed in Chen Feng's body!

This eighth star is also brilliant.

It's just that Chen Feng's joy just surged in his heart, and when he felt it carefully, he suddenly felt a little in his heart.

It turned out that he discovered that this condensed eighth star was actually a little fictitious.

When he looked at himself inwardly, the seven previous stars were all brilliant and concise, and they were truly presented in front of Chen Feng.

The eighth star is twinkling, if there is none.

Compared with other stars, there is always half of the time hidden in the dark.

It's always different from the previous ones.

"Why is this again?"

Chen Feng thought in his heart, and immediately tried to converge towards the eighth star with the force of Qi Luck that once again penetrated into his body.

But he found that these forces of luck simply couldn't blend in.

Moreover, he didn't listen to his command and directly began to condense the ninth star on his own.

Chen Feng couldn't help but shook his head and smiled bitterly.

"This force of luck is the uncle."

Not long afterwards, the ninth star was also condensed.

And this ninth star is no different from the eighth star.

The same is true, if there is nothing.

After that, the force of Qi Luck continued to be absorbed, and Chen Feng also forced himself to calm down and welcome the tenth star!

One after another, stars continued to condense in Chen Feng's body.

It was like a cosmic storm.

It seemed that his body was a nascent universe, with stars constantly being conceived in it.

Finally, Chen Feng's strength of luck was absorbed to the extreme again!

I can't absorb any traces of the force of luck!

At this time, the number of stars in his body had already reached a full thirteen.

Thirteen stars!

In other words, this time Chen Feng condensed six stars again!

The six newly condensed stars are all located on this huge spine of Chen Feng.

A spine, from the head to the waist, is like the keel of the big ship, it is a very important place.

There are six big stars at intervals from beginning to end.

It's just that the six stars condensed today are all the kind of if there is nothing, looming.

Chen Feng still doesn't know how this kind of stars is different from the previous ones.

He figured it out for a long time before he had the answer.

After a while, Chen Feng retreated in this state, his figure moved slightly and his eyes opened.

Xuanyuan Xiaoyue and Bai Ruoxi looked at them with concern.

Chen Feng smiled: "Don't worry, the two elders, I'm fine, this time it went well."

The next moment, Chen Feng stood up straight, and shot out with a punch.

However, this punch blasted out.

Among the thirteen stars in his body, there are only seven stars, the original seven stars, and the light shines!

With this punch, there was still only a force of 210 billion catties, and there was no increase in it!

But when these seven stars were lit up and the power of 211 billion catties was gushing out, the six stars that had just condensed, however, went dark directly.

Hidden in the darkness, did not emit any power.

This result did not surprise Chen Feng.

He nodded slowly: "Sure enough, as I guessed, sure enough!"

The next moment, Chen Feng suddenly let out a low growl, and his eyes became blood red.

Inside the body, there are faintly infinite stars shining out.

At this moment, he feels like a body turned into a star, extremely bright!

And this time, not only the seven stars in the body lit up.

The six hidden stars also slowly lit up at the same time!

However, inside Chen Feng, there was a crunching sound!

His internal organs began to shrink and expand violently!

His bones became brilliant.

Just like, Chen Feng's body is starting to work at an overload.

As soon as the six stars lighted up, the power has not yet poured out, and they are still gathering power. This is already the case!

[Chapter 4495: The price of use!](#)

For a while, Chen Feng felt his heart beating like a drum and blood flowing like a river. His heart was so uncomfortable that he almost vomited blood!

It seems that the body cannot bear it!

The power of Qi Yun in his body also began to flow.

There seems to be a hidden danger of disintegration!

The power of luck has begun to be unstable!

Chen Feng's heart shuddered and quickly stopped this momentum.

Because he knew what the consequences would be if it continued.

Chen Feng panted heavily, and still had a lingering fear in his eyes.

After a while, he slowly came over and sighed softly.

"Sure enough, this power is not so easy to get."

He now fully knows what happened to the latest six big stars!

It turns out that this newly condensed six big stars are called hidden stars.

It is different from the seven big stars that Chen Feng got before.

The power of this hidden star does not mean that it can be used when used.

Chen Feng can indeed use it, but once used it will put a heavy burden on the body.

Unless you have a very high-level spirit pill, you can quickly recover your body, otherwise you can only recuperate slowly for a month to recover your vitality.

"It can be used once a month, and the time used this time is..."

Chen Feng sighed: "It depends on the power of luck!"

That's right, if Chen Feng wants to use this power, he needs to directly burn the power of Qi Yun!

The longer the energy of Qi Luck burns, the longer the energy that can be used!

"Burning a force of air transport, can hold on to ten breaths!"

Chen Feng shook his head and smiled bitterly: "This price is really big enough, how can I be willing to use this power of luck."

Of course, Chen Feng was joking.

When the critical moment is truly reached, even if it is necessary to burn luck, he must not hesitate.

"Although the price paid is great, but!"

There was a hint of excitement in Chen Feng's eyes: "If the power of 13 stars can be exploded together!"

"That kind of power will be so terrible to imagine!"

A look of expectation appeared at the corner of Chen Feng's mouth, and he slowly clenched his fists:

"Burning the power of Qi Luck, I will have 390 billion jin of power, and I will use it at will!"

"390 billion catties of power!"

"I'm afraid Qixing Wudi is not my opponent in the early days!"

"Within one cup of tea time, in the early stage of slaying Emperor Wudi Qixing, it's no problem!"

At this moment, Chen Feng was extremely excited.

Although there are many restrictions, he is still very satisfied with the result of absorbing the power of luck this time!

After he used it, he could briefly reach the level of Seven-Star Martial Emperor, which was extremely meaningful to Chen Feng!

If you use it well, it will turn the tide of battle!

At this time, Stealing Heaven God Pill was already much smaller than when Chen Feng first took it out.

Probably only about 70% of the time when it was first refined.

This also means that Chen Feng just absorbed about 10% of the God Stealing Pill.

Chen Feng nodded slowly, knowing in his heart: "If this Heaven Stealing God Pill is completely absorbed, it should be able to make the stars in my body reach at least fifty!"

"More, it may be a little difficult!"

Chen Feng cast his gaze to the Heavenly Canal Beast Slave on the opposite side.

But immediately frowned.

It turned out that the situation of the Tiancun Beast Slave was very bad at this time.

After the Heavenly Canal Beast Slave used the Heaven Stealing Divine Pill, the power of luck in his body also began to emerge.

But, for some reason, it didn't come out of the body.

It is floating in his heart!

Those who were attracted by the Heaven Stealing God Pill, the strands of aura power also began to rush towards the Heavenly Candid Beast Slave.

This is the power of luck that Chen Feng assigned to him.

But at this time, Chen Feng discovered that these powers of aura lingered for a long time outside the body of the Celestial Canal Beast Slave, and they could not enter at all.

Yes, you can't enter, and you can't be absorbed by him!

The Tiancun Beast Slave was extremely anxious. At this time, his emotions were extremely unstable, and there was even a sign of confusion.

Not only that, but the power of Qi Luck that had lingered outside his body for a long time and couldn't enter was also very angry at this time.

These forces of luck are extremely temperamental.

In their opinion, the uncle appreciates the face, wants to strengthen you, and merges into your body. You even let us get in?

With these forces of luck, Chen Feng felt anger coming from them, even with murderous emotions!

It has already begun to attack the body of the Tiancun Beast Slave until it is destroyed!

When Chen Feng saw it, his heart jumped.

He slapped the Celestial Remnant Beast Slave's shoulder fiercely, and shouted sharply: "Release your energy of luck!"

The Tiancun Beast Slave was originally anxious and embarrassed, and he was hesitating and helpless.

Hearing Chen Feng's words, he instinctively followed orders.

Without hesitation, it is to release the only force of luck.

Chen Feng patted the Celestial Beast Slave with one hand, and with the other hand, his power of air luck quietly came out, comforting these scattered strands of air luck.

Then, he began to observe why the Tiancun Beast Slave would be like this.

After a while, Chen Feng shook his head and understood the reason.

In fact, it's not that Tiancun Beast Slave can't absorb the power of Qi Yun, it's just that the power of ordinary Qi Yun cannot be absorbed.

He can only absorb some specific forces of luck!

For example, that represents the power of aura emanating from countless monsters.

Chen Feng closed his eyes and carefully sensed the power of those special luck.

Suddenly, his eyes lit up.

Chen Feng saw one of those tiny strands of air force like cow hair.

This force of luck is different from the others.

The whole body is colorful and colorful, and there is an extreme jealousy inside, which is derived from the ferocity and wildness in the bones.

Just like the monster beast that has never been domesticated!

"You are the one!"

Chen Feng's heart moved.

This is exactly the power of luck that contains the luck of thousands of monsters!

It is a strand, not a strand.

This strand is probably only one-fifth of one strand!

Chen Feng led this subtle force of Qi Luck, and slowly merged towards the force of Qi Luck released by the Heavenly Remnant Beast Slave.

He did not directly let this ray of air transport power into the body of the Tianchou Beast Slave, but let him merge with the existing air transport power of the Tianchou Beast Slave.

This time, it went smoothly, without any accidents.

Soon, it was integrated into the power of Qi Luck.

This also increased the strength of the Qi Luck of the Heavenly Canal Beast Slave by about one-fifth.

Then, Chen Feng continued to help him find and absorb.

It's just that this kind of power of aura that contains the breath of beasts is extremely rare.

It took Chen Feng two hours to help him absorb the five strands.

With a loud bang, the power of this aura suddenly doubled.

[Chapter 4496: The new ability of the beast slave](#)

Then, he quickly returned to the body of the Tianchou Beast Slave.

The Tiancun Beast Slave suddenly became red as fire, his body swelled rapidly.

On the surface of his body, a huge phantom with a height of 100 meters appeared.

Above the phantom, there are various powerful monster beast patterns, constantly flashing, unpredictable.

All kinds of weird, powerful and strange things made Chen Feng's heart throb even when he saw it.

The face of the Tiancun Beast slave showed pain, as if he was breaking through.

Chen Feng sighed slightly, he couldn't help this matter.

He can only do it himself!

Chen Feng waved his hand and put away the God Stealing Pill.

Today, he still has Heavenly Remains Beast Slave, and his absorption has reached a limit.

As for Han Yu'er and Qingqiu Yaoguang, the ones they absorbed last time, they haven't even finished refining.

In fact, Chen Feng himself can absorb this special force of luck.

But what he absorbed, for him, was no different from other forces of luck.

That is undoubtedly a waste.

And if it is absorbed by the Heavenly Remnant Beast Slave, it can play a special role.

And even if it is the Heavenly Remnant Beast Slave, with Chen Feng's help, it will only absorb the power of two Qi Luck in the end.

If it was less than one-third of Chen Feng's, it consumed less than half of the Heaven Stealing Pill.

Then, Chen Feng retreated, waiting for the Heavenly Canal Beast Slave to finish refining these newly absorbed Qi Yun powers.

Regardless of how simple Chen Feng is refining, he thought that other people would do the same, but it was not the case.

The power of Qi Luck, most warriors, can't even absorb it at all.

Chen Feng's refining is simple, it is an anomaly.

Because he himself is the son of Qi Luck of the Dragon Vessel Continent, a character of Qi Luck.

It is more committed to the world and has a deep understanding of the power of air transport, so it is easy to do.

Tiancun Beast Slave is much more difficult than him.

Even the situation of Tiancun Beast Slave is very good.

If it were other geniuses who had to forcibly absorb the power of Qi Luck, I am afraid that they would have gone into a devastating body and died.

This is a full day and night.

At this moment on the second day, the Heavenly Remnant Beast slave shouted wildly, and the phantom suddenly exploded.

The countless beast patterns flashing across the surface of the phantom all merged into his body.

The Heavenly Cruel Beast Slave suddenly jumped up, looking up to the sky and let out a fierce roar!

With the roar, all the beasts around bowed their heads, extremely submissive!

Then, he opened his eyes, looked at Chen Feng, and said overjoyed: "Brother Chen Feng, I made it!"

Chen Feng smiled slightly: "Congratulations, you have experienced your beast control skills, but what new growth has it made?"

Tiancun Beast slave nodded heavily, closed his eyes and thought for a moment.

Then, suddenly his right hand stretched out.

With a snap, there was a direct sound in the void.

In the hands of the Tianchou Beast Slave, a whip actually appeared at this moment.

This whip is nine feet long and has nine sections. The whole body is a red color.

It looks extremely heavy, not like a whip, but like a brass mace.

It also seems to be true, if there is nothing.

Chen Feng asked: "What is this?"

Tiancun Beast Slave was full of excitement: "Brother Chen Feng, this thing is called Yu Beast Whip."

Chen Feng nodded slowly, waiting for him to continue.

"The ability to defend the beast whip is extremely mysterious."

"It can be used once in three days!"

"As long as the strength is not more than two levels of mine, as long as it is slapped by this whip, it will be controlled by me for a moment!"

"Oh?"

When Chen Feng heard this, his eyes lit up instantly.

He is a man with extremely rich combat experience.

Upon hearing the words of the Remnant Beast Slave, he immediately understood what this ability meant.

This ability, if used well, can definitely play an extremely important and special role!

Chen Feng pondered for a moment: "In other words, as long as it is a monster whose strength does not exceed the peak of the Eight-Star Martial Emperor, you can temporarily control it for a moment."

"But, only for a moment?"

The strength of the Tianchou Beast Slave is the peak of the Six-Star Martial Emperor.

The celestial beast slave nodded solemnly.

The two laughed at each other, they both knew what this ability meant.

However, the Tiancun Beast Slave perceived it carefully, and that face became a bitter face, and said pitifully:

"Brother, it seems that this sequelae is a bit big."

The Tianchou Beast Slave smiled bitterly: "As long as I use this beast whip once, the monster beast that I have controlled for a moment will continue to die with us, chasing it to the ends of the world."

"Either he die or we die!"

When Chen Feng heard this, he was also taken aback.

Then, suddenly shook his head and laughed.

"This time, the abilities acquired by the Tianchou Beast Slave and I are a bit special. Both require a great price and are relatively short-lasting."

Two days later, in the hall.

The door to the barren ruins finally opened.

Chen Feng took a deep look at Xuanyuan Xiaoyue and Bai Ruoxi, and walked forward slowly.

He held Han Yuer and Qingqiu Yaoguang in his left and right hands.

The blood wind is standing on Chen Feng's shoulder.

When he came to the door, Chen Feng suddenly turned around and looked at Luo Zilan not far away.

In the past few days, Luo Zilan has received extremely favorable treatment in the Xuanyuan family.

Xuanyuan Xiaoyue used all kinds of healing pills on her body without money.

Now her injuries have fully recovered, and her dantian has begun to heal.

However, it did not restart cultivation.

This is what Chen Feng meant.

Chen Feng did not want her to practice ordinary exercises.

He wanted to find a technique for Luo Zilan that was most suitable for her, and at the same time a very high level technique.

Chen Feng just glanced at her deeply, without saying anything.

The two of them have a good mind.

Then, turn around and step into the start!

The familiar feeling of spinning around the world came again.

Following Chen Feng, the Tiancun Beast Slave also stepped in immediately.

In order to follow Chen Feng in, he didn't even bring the Golden Winged Dragon Eagle.

This time, Chen Feng was more comfortable in this space channel.

His strength is much stronger than before, and he has been to other worlds several times in the past few years, and he has experienced time and space tunnels many times. He already has extremely rich experience.

If it was before, after he entered the spatial channel, he couldn't even control his body.

I can't feel the existence of my own body, it seems that there is only one consciousness floating in this space channel.

But now, not only can he see the white, black, and gray lines in front of him, but he can also clearly feel Han Yuer and Qingqiu Yaoguang held by his left and right hands.

He could even turn his head back and take a look at the Heavenly Canine Beast Slave.

Tiancun Beast Slave didn't seem to be uncomfortable with this, he was very relaxed, even enjoying.

Chen Feng looked at it and couldn't help shaking his head.

The racial talent is really amazing!

Compared with this, Han Yuer and Qingqiu Yaoguang are hesitating a lot.

[Chapter 4497: Terror and mighty attack!](#)

The two of them were obviously very uncomfortable. Chen Feng could feel from the clenched hands that their heartbeats accelerated and their whole bodies were shaking.

Chen Feng was from here, and he naturally knew why.

Chen Feng didn't speak, because no matter what he said now, he couldn't reach them.

He just squeezed the two of them tightly and told them with his solid presence, "Don't be afraid, I'm here, always there."

At the same time, a force of power was transmitted from the hand and penetrated into the two of them.

Suddenly, their condition was much better.

And what surprised Chen Feng most was the blood wind.

At this time, Blood Wind stood up straight from Chen Feng's shoulder.

Two grumbling eyeballs were turning around.

He didn't seem to be affected by this at all, even he was still whirling around Chen Feng.

This scene directly made Chen Feng's eyes straight.

"Bloodwind, can you move freely in this space and time tunnel? It's no different from the dragon vein continent?"

You know, even for Chen Feng, it is extremely difficult to maintain his figure in this space-time tunnel.

Let alone act freely.

Chen Feng couldn't help but shook his head and sighed, what kind of monsters are all around him?

And at the same moment.

The dragon vein continent is above the nine heavens.

In the infinite wind, the top of the clouds.

The horror existence suddenly opened his eyes.

This terrifying existence was the one cited by Chu Shaoyang as his backer.

This horror exists, and the strength is really unimaginable.

Even a martial artist of Xiahou Jiuyuan's level cannot stay in the infinite wind for too long.

He can actually sit calmly.

And here, I don't know that I have stayed for hundreds of thousands of years.

This terrifying existence sent Chu Shaoyang away last time and promoted him to Seven Star Martial Emperor.

It seems that it is quite expensive for him.

Therefore, I kept practicing there with my eyes closed, and simply ignored external affairs.

But this time, he opened his eyes suddenly.

His eyes were as deep as two rounds of stars.

There was a hint of thinking in his eyes, and he whispered to himself: "So it's you, little guy!"

"What I said, why are the waves of the previous two trips to the desolate ancient ruins so powerful? It turned out to be you!"

"I can't even notice other people go to the deserted ancient ruins."

"But when you go to the desolate ancient ruins, the movement is almost trembling."

"Cause, you are a person related to the luck of this Dragon Vein Continent."

"When you leave the Dragon Vein Continent, the reaction of the Dragon Vein Continent is naturally exceptionally huge."

"But, therefore..."

A faint smile flashed in his eyes: "I caught your whereabouts."

However, there was a flash of hesitation in his eyes, as if he wanted to do something, but he was somewhat undecided.

But in the end, the hesitation in his eyes disappeared!

Turned into a touch of determination!

"Little guy, don't blame me."

"You hit it yourself!"

"If I don't seize this opportunity, it's a good idea to not take it and take the blame!"

Obviously, he has made a decision.

And of course he would not admit that the reason why he chose to do so was because he vaguely felt it.

Above the entire Dragon Vein Continent, if anyone could threaten him, then there is only one person!

This mighty, the look in his eyes suddenly faded.

Become incomparably boundless!

In the eyes, it seems that there are stars rising up!

At this time, in front of him, the scenery began to change.

It was no longer the dragon-veined continent, it was no longer above the nine heavens, and it was no longer a layer of clouds.

His eyes seemed to see through the Dragon Vein Continent and saw the infinite void outside.

Then, it spread out again.

At this moment, his eyes could directly see the universe, the starry sky, and the countless stars.

See the small, medium and big worlds one after another!

At this time, when he saw these thousands of universes.

In his eyes, he also lost the feeling for Chen Feng.

He could not capture the traces of Chen Feng, but he was not in a hurry.

Above his body, an inexplicable mysterious force radiated out.

This power, if Chen Feng were here, he would be very familiar.

The breath of this power is actually very similar to him.

It turned out that this was the breath of Chen Feng that was cut off from Chu Shaoyang by this great power.

Chu Shaoyang fought against Chen Feng several times, and it was not surprising that Chen Feng's breath remained on him.

After this familiar aura that was indistinguishable from Chen Feng exuded.

In an instant, this mighty man discovered something.

He smiled lowly: "Little guy, I caught you."

Then, in front of him, the sun rose and the sunset changed, and the stars shifted.

Countless stars shattered, and countless stars rose!

The next moment, he saw a fluttering band of light.

This band of light, it seems to be composed of countless golden fine sands, looks extremely gorgeous and gorgeous.

Floating away.

If you look closely, you will find that the inside is black and white and gray.

The ultimate simplicity, but contains the ultimate complexity!

This strip of light is spiral, up and down, left and right.

Sometimes, it just disappeared again.

Then, it appeared from somewhere in the void of the universe.

This spirally spreading band of light is exactly what Chen Feng's spatial passage to the deserted ancient ruins looks like from the outside.

This belt of light originated from the Dragon Vein Continent.

In the emptiness of the universe, a trace of what is left is drawn.

Profound inexplicable.

Neither a straight line nor a curve.

Suddenly appeared, and then suddenly disappeared.

It is like overlapping the universe where the Dragon Vein Continent is located with the universe where the ancient ruins are located.

It's like folding a piece of paper in half, so that two points on a piece of paper that were originally extremely far apart, after this time, the two points are actually pasted together.

Then, getting there is extremely easy.

It would take hundreds of years, or even thousands of years, to go from the Dragon Vein Continent to the ancient ruins, suddenly shortened, and reduced to just one or two hours!

This band of light is extremely fast, spreading in this cosmic void.

Although extremely subtle, in this universe it is as small as invisible.

But he was keen, and was clearly seen by this mighty power.

So, the Da Neng sighed softly.

There was a painful look on his face, as if thinking of the thing to be used next, he felt quite reluctant to give up.

But how many years did he live? He is also a very decisive person, immediately made up his mind!

He gritted his teeth and flicked his fingers.

Suddenly, something appeared in the palm of his hand.

This thing is a claw.

[Chapter 4498: Space passage, broken!](#)

That's right, it's just a paw!

This claw is as huge as hundreds of meters, and the whole body is pitch black, with extremely hard folds on it.

The four claws are hard and curved, and extremely sharp.

It seems that even the void can be torn apart!

And in the palm of the palm, there is a huge gray bead, which seems to have chaotic precipitation and entanglement.

This paw was cut by a sword, and it has been unknown how many years.

But what is strange is that when this mighty power took out the paw, the flesh and blood at the broken paw was still extremely fresh.

That paw is still full of vitality and vitality!

Moreover, there was an extremely terrifying inside that bead, as if it could reveal all the aura of destruction.

The chaos in the gray orb seemed to be constantly flowing outward, with a desire to destroy almost everything.

The strength revealed in this claw alone has far surpassed the Martial Emperor Realm powerhouse!

I don't know from which tyrannical existence the paw was cut off, and how terrifying the strength of that tyrannical existence is!

At this moment, this gray flop, like a crocodile claw, after this magnificent watched it, he couldn't help but feel a little palpitating in his eyes.

But then, the palpitations turned into relief.

"This is a treasure that I have cherished for many years, and it is also the most precious of all the attack treasures I can get now!"

"You, don't let me down!"

The next moment, he pressed his hands on the huge gray orb in the palm of the demon claw.

With his power instilled in.

Immediately, within the orb, the color of chaos faded.

Black, white and gray gradually prevailed.

After that, it was all condensed into black, white and gray.

This great power is also to feel the power in oneself. It hurried outwards at the speed of a flood.

In a blink of an eye, more than 70% was lost.

He let out a low growl, struggling hard with both hands, and then broke free.

And at this time, that magic claw had already flashed a tyrannical aura that ruined the world.

Vitality is also restored!

Da Neng let out a low growl: "Go!"

Push his hands outwards hard.

Suddenly, this magic claw went straight into the void.

In the void, there seemed to be a crocodile-like figure of a great demon suddenly flashed.

This great demon is in the shape of an upright, extremely powerful and terrifying.

From a distance, it seems that the planet is hovering around his body, and it is so terrifying that it can easily destroy one world after another.

His figure is as if there is nothing, shuttled in the void of this universe.

It seems that the last moment, in this world, the next moment I went to another world.

For him, time and space seem to have no limits.

It can be seen that there is also a touch of shock in his eyes.

"Is this an incarnation of the great demon who can penetrate time and space at will?"

"A strand of incarnation, even so tyrannical, let alone the real body!"

Almost in a blink of an eye, this crocodile-like great demon came to the passage of time and space, directly in front of Chen Feng and the others.

His huge claws stretched out a hand.

The magic claws slammed into the space tunnel where Chen Feng and others were located.

In the void, there seemed to be a crisp sound of broken strings!

The space-time tunnel where Chen Feng and others were located was directly shattered!

Its blow not only cut off the space-time passage directly.

This big demon is raging crazily here.

The magic claws draw arcs, and each arc is a chaotic time and space.

As a result, time and space were instantly disrupted by him.

Countless turbulence of time and space suddenly formed.

This crocodile-like great demon raged wildly and laughed wildly.

The voice in the void of the universe could not be transmitted at all, but it was possible to clearly hear the sound of wild laughter from his phantom!

Seeing the moment when the space-time tunnel was broken, Da Neng's face showed a lightness.

He sighed softly and exhaled two words: "It's finished."

This magnificent face showed an extremely tired look.

Even his face was much older than before.

The aura on his body instantly dropped by at least 70%.

Even the whole body was trembling slightly.

Obviously, for him, this one can be said to have exhausted almost all of his strength, and it is also a great burden for him.

Without relying on that treasure, he wouldn't even be able to make such an attack with his strength!

It is normal to think about it.

How difficult is it to penetrate through the void to attack tens of millions of miles, hundreds of millions of miles, or even a space-time tunnel outside the universe?

If it weren't for the demon claw in his hand, it was a part of the body of a great demon who was extremely powerful, able to travel through the void of the universe, through space and time.

If he used this magic claw to launch an attack, even with his strength, he would not be able to attack Chen Feng!

In order to snipe Chen Feng this time, he not only consumed the treasure that has been treasured for many years and regarded it as the second life, but also consumed most of his strength!

This shows how much this great power attaches importance to Chen Feng!

Then, he closed his eyes and entered the cultivation in an instant, no matter what else.

In his opinion, the time tunnel was broken, and the best result for Chen Feng and others was to fall into the turbulence of time and space.

In that endless turbulence, I completely lose myself and become a corpse alive and hungry!

And the worst result is to be directly torn into countless pieces by these countless turbulences of time and space, and the violent power of time and space, and there is no place to die!

Anyway, in any case, it is impossible for him to return to the Dragon Vessel Continent.

It is also impossible to pose any threats to himself.

He sank into cultivation.

At this time, Chen Feng and others are already facing the biggest and most terrifying crisis in their lives!

Chen Feng and others were rushing forward in the tunnel at that time.

But at this moment, he suddenly felt an extremely powerful offensive, suddenly coming!

A terrifying force, as if it can break everything, is coming here quickly.

In an instant, I shot the front of the empty tunnel.

At this time, the space-time tunnel, directly broken, no longer exists!

The infinite turbulence of time and space rushed towards Chen Feng and others crazily.

In an instant, Chen Feng was swept in by the violent turbulence of time and space, as if he had fallen into a terrifying ocean of black, white and gray!

All this was so fast that even Chen Feng and others could not react.

Chen Feng couldn't control Han Yuer and Qingqiu Yaoguang.

Han Yu'er and Qingqiu Yaoguang, the two were swept out without knowing how far.

Chen Feng seemed to be able to hear their shouts but could not seem to hear them.

[Chapter 4499: I need to! Become stronger!](#)

But in an instant he saw the despair of the two of them to the extreme, their faces full of fear!

Han Yu'er and Qingqiu Yaoguang had never thought of facing such a situation, and had no time to react.

In the turbulence of time and space, Chen Feng couldn't control his body, let alone them!

Transform between elbows and armpits!

Han Yu'er and Qingqiu Yaoguang were separated instantly.

The Heavenly Cruel Beast Slave was also far behind.

At this time, it seems that only the blood wind can control his body.

He feared to the extreme, panic to the extreme, jumping around in this turbulent time and space.

After a while, he ran to Chen Feng's side, and then ran to Han Yu'er and Qingqiu Yaoguang's side.

Chen Feng saw it desperately holding the clothes of Han Yu'er and Qingqiu Yaoguang in his mouth, and pulled towards Chen Feng.

But how can its power compete with the turbulence of time and space?

No matter what, it is powerless!

The blood wind was anxious and panicked to the extreme, and let out a burst of wailing.

It was extremely anxious but helpless, and even condensed with large tears.

The tears never dropped at all, but were directly shattered by the turbulent flow of time and space, and scattered.

Chen Feng also seemed to see the fate of himself and others.

"Will we do the same?"

All of this actually happened in just one moment.

Chen Feng could not hear anything.

At this moment, there is no sound in his ears, but he can see everything.

The panic and despair of Han Yuer and Qingqiu Yaoguang.

The panic and despair of the blood wind!

At the same time, it is also his own panic and despair!

It was almost a blink of an eye, and it has become this situation!

At this moment, Chen Feng suddenly felt a familiar breath from that power!

This familiar aura was not Chu Shaoyang, but it was closely related to Chu Shaoyang.

In an instant, from this breath, Chen Feng thought of the huge finger that broke through the sky outside the Sky Dragon City that day!

At this moment, the aura above this attack is no different from that huge finger!

This breath brought him such a profound memory that he would never forget it in his lifetime!

Instantly, Chen Feng's eyes were blood red, and his eyes were splitting!

He let out a violent roar full of hatred: "Chu Shaoyang, it's the dog behind you!"

"It's the dog thing behind you that counts on me! Isn't it?"

He immediately knew who it was, and calculated it behind him!

In Chen Feng's heart, hatred was overwhelming.

That dog thing wanted to kill himself over and over again, but this time it was when he was heading to the deserted ancient ruins to kill himself by such means!

Chen Feng hates it to the extreme!

He let out a silent roar: "I will kill you!"

But in any case, Chen Feng is already in the extreme crisis this time.

There has never been a crisis, bigger than it is now.

In the next moment, Chen Feng could only watch Han Yu'er and Qingqiu Yaoguang, swept into the turbulence of time and space, and could no longer find them.

And he will also be lost in this turbulent time and space.

In the end, his strength was exhausted, and he was hungry into a mummy.

Chen Feng was not even afraid of his fate.

He was afraid of Han Yuer and Qingqiu Yaoguang, unable to contend with such a fate!

He didn't want his relatives to die like this!

At this moment, Chen Feng clearly felt the emotion of despair!

Chen Feng has never been a desperate person.

But this time, he really felt the despair!

When he was in the Dragon Vessel Continent, in the ancient ruins, in the Xuanming Seven Seas Realm, he faced no matter how powerful opponents he was.

At least Chen Feng still has the power to fight.

At least Chen Feng could control himself and live around him.

But now, stably, he is in the void of this universe!

Chen Feng is as weak as a flat boat on the sea.

"No, how can I despair! How can I despair!"

"If I'm desperate, Senior Sister, Yaoguang, what should I do?"

"What about blood wind?"

"How can I despair!"

"I Chen Feng, no matter when and where, I can't despair!"

Chen Feng screamed frantically, fighting spirit in his heart, surging frantically again!

At this moment, Chen Feng's thirst for strength suddenly reached an extreme!

His heart was beating wildly, his blood was surging wildly, and there were only two words in his mind:
power!

power!

"Chen Feng, did you slack off before?"

"You improved before, was it too slow?"

"You must increase your strength crazily and improve your realm!"

"This kind of desperate, powerless, watching his relatives and friends is about to die, but can't save it!"

"Watching myself slip into the abyss, but feeling helpless, I really don't want to experience it again!"

Chen Feng opened his arms and let out a silent roar!

"I, Chen Feng, swear, if I don't die this time!"

"I must increase my strength crazy! I will never experience this situation again!"

"I must control myself, not be controlled by others. I am a desperate and powerless person who is thrown up at will by this stormy sea!"

"This kind of desperate and powerless feeling, I will never experience it again!"

Following Chen Feng's silent roar, he seemed to sense his mood at this time.

Around Chen Feng's body, the treasures he had obtained before suddenly turned up slowly, floating around him.

Chen Feng looked at it, and suddenly, his eyes lit up.

It's like a drowning man caught a straw!

"I still have these treasures now, can I use these treasures to protect us!"

Chen Feng's thoughts surged wildly, urging these treasures.

Trying to bridge the broken channel again, trying to block the blow, trying to flatten the chaos of time and space!

But it's useless!

Nothing works!

One treasure after another was urged by him, but it had no effect on this situation at all!

Vientiane robe is useless!

It's useless to observe the Golden Sutra of the Great Buddha!

The sapphire bodhi branch is useless!

The imitation of that man's seal is useless!

It is not that they are not strong enough, but that they are not suitable for facing this situation.

Nothing is omnipotent.

But at this moment, in front of Chen Feng, there was suddenly a humble, dusty, small bead-like thing rising up and floating in front of Chen Feng.

At this moment, Chen Feng suddenly felt that that little bead seemed to have spirituality, as if it had life!

It was like the same pair of eyes, looking at him coldly and quietly.

The next moment, a voice suddenly sounded in Chen Feng's mind.

That voice is very big and magnificent!

Not like a human voice.

It sounds like something that controls the heavens and the earth!

"Do you want to control power?"

[Chapter 4500: Karma! Taihao ancient star!](#)

"Whatever the price? Is it?"

A voice in Chen Feng's heart was screaming crazy: "Yes, you can pay any price! No matter what the price is paid!"

"it is good."

The voice then sounded: "Then you, go to Taihao Guxing."

"There, there is what you want."

Taihao ancient star!

These four words were severely branded in Chen Feng's mind in an instant.

At the same time, a star actually appeared in his mind.

It seemed that it was the Taihao ancient star he was going to.

Chen Feng's breathing seemed to stagnate.

What emerged in his mind was an unimaginable superstar!

Very huge, extremely powerful, extremely prosperous, extremely magnificent.

Although it was just a glimpse, it was enough to shock Chen Feng's voice!

Then, Chen Feng came back to his senses.

Suddenly, countless questions came into his heart!

"How is this going?"

"What is this thing? What kind of power does it have?"

"He, why does a sound suddenly rang in my mind at this moment? Where is Taihao Ancient Star? Why would he let me go there?"

At this time, Chen Feng suddenly remembered what this thing was!

This is exactly the treasure he got in front of the big Qinglian Temple, under the steps.

At that time, Chen Feng felt that this treasure was full of the ultimate attraction to him, and it seemed that he had the biggest gain from going to Daqinglian Temple.

Even the Golden Sutra of the Great Bodhisattva Avalokitesvara cannot compare to its value!

Therefore, it desperately got this thing.

This gray bead obviously looked very inconspicuous, but Chen Feng didn't know why, just like that.

It just feels that the value of the Golden Sutra of the Great Bodhisattva Avalokitesvara is not as valuable as this gray bead!

Before Chen Feng could understand, the gray bead slowly moved forward.

And as it slowly moved forward, an extremely mysterious and mysterious power was emitted from its body.

Around the gray beads, it was like a river hovering.

The river is extremely vast, and there are countless golden fine sands in the river.

As the beads move forward each time, the golden sand is spilled out.

In an instant, those extremely terrifying turbulence of time and space, after touching these golden fine sands, they were soothed in an instant.

Suddenly became extremely docile.

These turbulences of time and space spread outward in an instant.

In an instant, the empty tunnel was formed again.

Soon, in front of Chen Feng and the others, the turbulent flow of time and space like the ocean was completely dissipated.

The space-time tunnel returns to normal again.

The power of time and space swept around Han Yu'er, Qingqiu Yaoguang, and Tianchou Beast Slaves, all dissipated.

Chen Feng was finally able to control himself.

It's just that because the previous few people were separated by the force of time and space, they couldn't get together for a while.

After all, they couldn't move freely in this space-time channel.

But now, at least it's safe!

that's enough!

Chen Feng looked at them and yelled at something.

Han Yu'er and Qingqiu Yaoguang were also very surprised, speaking incoherently.

The two laughed and cried.

Although they knew that the other party couldn't hear what they were saying, they were still talking loudly here.

The Blood Wind Drill returned to Chen Feng's arms, crawling around him, his big tongue licking desperately on his face, unspeakable joy.

At this time, the gray bead had already restored the space-time passage and continued to move forward.

Therefore, after the time and space dispersed, everyone clearly saw the figure of the big demon like a crocodile!

Chen Feng's pupils shrank!

He finally knew what method the terrifying existence behind Chu Shaoyang used to deal with himself!

This great demon can walk freely in the void, and even break through this time-space tunnel!

How strong is he?*nOvelusb.com*

Even if the time and space tunnel is restored, what if it is destroyed by him again?

After all, Chen Feng and the others can see clearly, he can break time and space with a wave of his hand!

At this time, the big demon naturally noticed this little gray bead.

Suddenly, his eyes widened, as if seeing something terrifying him!

Obviously, he recognizes the origin of this gray bead.

Then, this big demon turned around and fled without saying a word.

You know, this big demon is transformed by a demon claw.

And this magic claw belongs to an extremely terrifying monster!

Although the devil's claw is only a part of its body, it has a trace of its own mind.

However, it has been sealed by the great power behind Chu Shaoyang with various means.

Now, in order to deal with Chen Feng, this great power did not hesitate to let him out.

This great demon transformed by the claws was the most violent, murderous, and violent.

But such a violent big demon turned around and fled when he saw the gray beads.

It can be seen that this little gray bead is more powerful than him by several levels!

He can't compete!

But at this moment, he wants to go but can't.

That little gray bead went straight forward, and instantly came behind this big demon!

Then, above the gray beads, light shone out.

The golden light of quicksand envelops this great demon in an instant.

The next moment, the phantom of the great demon shattered.

Yes, it is broken!

His powerful body can move in time and space and break through the passage of time and space!

It was directly shattered by this golden quicksand-like light!

The next moment, it disappeared without a trace.

Completely disappear!

And next, that little gray bead turned around in this space-time channel again, playing this space-time channel extremely smoothly, without any obstacles.

At this time, it flew back to Chen Feng.

In Chen Feng's mind, a voice sounded: "Don't forget what I just said."

In the next moment, this small gray bead fell directly.

There is no more power and strength just now.

It seems that his power has been exhausted just now!

Chen Feng sighed softly, he held the little bead in front of him, and said word by word:

"Don't worry, what I promised will definitely be done!"

"Old Star Taihao, I will definitely go!"

Chen Feng was talking silently.

He also knew that his voice could not spread at all in this space-time tunnel.

But obviously, the little gray bead was heard.

Then, without any other words, it plunged directly into Chen Feng's arms, and its aura became extremely weak.

Almost nothing.

Chen Feng suddenly realized something.

"I guess it should be this little gray bead. I don't know how many tens of thousands of years of power it has accumulated, but it's all used up this time!"
