

Peerless 4501

[Chapter 4501: Chen Feng, do you dare to come?](#)

"for me!"

At this moment, Chen Feng vaguely felt that he seemed to be in the dark, and had already forged an extremely huge cause and effect!

Chen Feng is very clear about the cause and effect.

Whether it was when he went to Sky Dragon City at the beginning, he had to fulfill his last wish.

Later, I got the inheritance of the Great Sword Emperor and wanted to find the daughter of the Great Sword Emperor.

Among them, all are related to cause and effect.

However, the two previous causes and effects were less than one-hundredth of a billionth of this time compared with the next cause and effect of oneself!

The cause and effect this time is extremely huge!

As a result, Chen Feng felt that his path in life seemed to be occupied by it.

But he was willing to do this.

In any case, this small gray bead saved his life.

Saved their lives!

"I will accomplish this cause and effect, rest assured, I will definitely!"

Chen Feng whispered softly.

And this day is destined to be wonderful.

Just before Chen Feng and others were attacked, just before the space channel was just broken.

Above the barren ruins.

Here is a huge mountain.

On the huge mountain, countless small residences were built.

At the highest point, there is a hall shaped like a giant wolf.

It can be seen that this place was once a very lively place, and there were also many warriors gathered here.

But here now, it has become a lifeless ruin.

All the warriors have already left.

Because their leader is gone.

If the five-star Martial Emperor Sirius who was beheaded by Chen Feng was here, he would definitely be able to recognize it.

This is where his Sirius team used to be.

Later, Sirius was beheaded by Chen Feng, and the elite of the Sirius team were also wiped out.

The Sirius team was just like the tree fell and the gangs scattered, and everyone also dispersed.

However, this place can be regarded as an aura-rich place after all, so it is occupied by some other warriors.

But just now, the warriors who occupied this place were completely killed.

There are corpses all over the ground.

Above the tallest hall, a black-clothed man was sitting cross-legged, slowly wiping the blood on the long sword in his hand.

Then, Long Sword Dragon Yin was sheathed.

The black man sighed slightly.

Here, he didn't use green life gems at all, but moved freely.

It can be seen that it either has a special origin or is extremely powerful.

The black man looked like he was about twenty-seven or eighteen years old.

The body is long and narrow, extremely thin, and looks quite handsome.

However, there was an unspeakable fierce look in his eyes.

Suddenly, he raised his brows, and a touch of surprise and surprise appeared in his eyes.

But it seems that he is not convinced of his judgment.

So, quickly took out a pair of reels.

After the scroll was opened, it turned into a picture.

It is eight feet long and three feet wide.

On top of this picture, there is a vast expanse of land, which is extremely abstract, and I don't know what boundary it is.

Then, the black man took out a purple crystal.

Break it to pieces, revealing a drop of blood inside!

A huge drop of golden blood, with purple aura in it, with an extremely powerful aura!

This is not the blood of the black man, but...

If Chen Feng were here, he would be very shocked.

It turned out that this was a drop of his blood!

Then, the black man dripped this drop of blood into this picture.

Blood poured in.

The next moment, in the upper left corner of this picture, a small red dot appeared, glittering.

And this red dot does not seem to move, but if you look closely, you will find that it is moving slightly!

Moreover, it seems that it is constantly moving in this direction.

The black man clapped his hands: "Sure enough, I felt it!"

"Sure enough, you have come to the deserted ancient ruins again!"

After he took a closer look, a fierce smile appeared at the corner of his mouth: "Dare to come to the ancient ruins?"

"I'm here this time, don't leave at all!"

"Last time, you killed my man!"

"This time, I will let you die without a burial place!"

It turned out that the scroll in the black man's hands didn't know what treasure it was.

According to a drop of Chen Feng's essence and blood, he can judge that he is now coming to the deserted ancient ruins!

At this time, Chen Feng was still in the space tunnel.

Did not reach the deserted ruins at all!

Has been sensed!

His eyes swept across this deserted land.

"Although Sirius is my dog, it depends on the owner to fight the dog!"

"You didn't ask me what the master meant, so you killed his dog. It would be too much to treat me like nothing!"

It turned out that this black man was actually the master of Sirius and the backer of Sirius!

In this way, it is not surprising that he can get a drop of Chen Feng's blood.

After all, he jumped up and walked out.

At the same time, the left hand is imaginary.

Suddenly, in his left hand, a whip phantom appeared slowly.

This whip, carefully, is actually made up of mental energy.

Above, it reveals the breath and fluctuation of extremely strong mental power!

With a snap, his whip flicked imaginarily, and it condensed into a clear whip flower in the air.

A clear and crisp sound!

He said lightly: "Go, go to work."

After that hall, several ancient Ming beasts turned out.

These ancient Ming beasts are not big in size.

The largest body inside is only about 20 meters long, but the breath is extremely terrifying!

There are three ancient Ming Beasts, and the one with the strongest strength has reached the middle stage of the Six-Star Demon Emperor!

The mid-stage powerhouse of Emperor Wudi of Seven Stars equivalent to humans!

The other two have also reached the realm of the Six-Star Demon Emperor!

These three ancient beasts are just three Seven-Star Martial Emperors, how terrifying?

Not to mention, there is this black man!

These Gu Ming beasts looked at the black-clothed young man, and their eyes were full of vicious and vicious colors.

It seems that he can't wait to jump up and divide him.

Obviously, hate him extremely.

However, they did not dare to make any changes.

Moreover, there is no daring to violate or refute what the black man said.

Obviously, these ancient Ming beasts didn't know how to be tamed by the black man, and they didn't dare to violate him in any way.

The young man in black is obviously very clear about this.

However, he didn't care what these ancient Ming beasts thought of him.

Just with a cold smile, the whip threw another whip flower, and said in a negative test: "Angry Thunder Tiger, still not going forward? Are you trying to rebel?"

The angry flame thunder tiger was an ancient beast with two huge wings beside its two ribs.

The purple-white flames evaporate all over the body, the temperature is extremely high.

It seems to melt everything.

[Chapter 4502: Feng Wan Beast!](#)

Among them, there is thunder shining from time to time!

The whip was thrown off, and it suddenly felt a sharp pain in the spirit.

Angry Flame Thunder Tiger let out a low wailing, and hurried forward, lying on all fours, head low on the ground, dare not say anything.

The black man nodded in satisfaction and stepped on his back.

Flicked the whip: "Go."

In an instant, the angry flame thunder tiger flew up and flew forward.

The other two Gu Ming beasts followed closely.

Three hours later, the black man came to somewhere.

Here is a piece of mountain.

The mountains are so high that they seem to be close to the sky.

And at this time, above the thin sky, there are countless thunderclouds condensing, and dragons and snakes dance wildly.

It seems that something is about to happen here.

"right here."

The black man nodded lightly.

"However, something is wrong."

The black man suddenly frowned, looked up to the sky again, raised his eyebrows: "It stands to reason that you should have broken through the space-time tunnel and came here now."

"At this point, my calculation is absolutely correct!"

At this time, of course it didn't know what happened to Chen Feng.

"Suddenly the breath disappeared? Is it dead on the road?"

"Huh? The breath has appeared again"

The black man was a little surprised: "The gray line drawing of the grass snake, it tells me there is no mistake."

"But why haven't you come now?"

He unfolded the grass snake gray line drawing, frowned, and deduced again.

Then he nodded: "That's it, it turns out that something has been delayed."

"That's fine."

He smiled coldly: "Your delay is almost an hour."

"It gives me more time to decorate! Very good!"

After all, the black man, the figure of one person and three beasts slowly dispersed.

About an hour later, suddenly, thunder snakes danced wildly above the sky, with dark clouds.

At the same time, in the very far, far away, I don't know how many miles away, there are also two places with dark clouds and Razer dancing wildly.

Three places. A vision appeared at the same time!

In the next moment, three huge blue thunders slashed out of the void.

With a crisp sound, three spatial cracks appeared in the place where the three thunder snakes danced wildly and the dark clouds condensed.

Then, several figures fell out of it.

Among them, two people fell out of the crack in the space closest to the black man.

And the other two space cracks, one person each fell out.

Chen Feng is drifting in that space tunnel.

Suddenly, I felt that there was nothing in front of me, and instantly became cheerful.

The familiar breath of desolation, depression, and silence filled his surroundings in an instant.

This feeling is no stranger to him.

It is the breath of the ancient ruins!

Chen Feng sighed softly: "I am here again for the deserted ancient ruins!"

Then, Chen Feng felt that there was no longer the sensation of floating in the air in his body, but he fell rapidly.

Getting closer and closer to the ground consciousness.

Chen Feng looked into the distance, saw the boundless mountains and the dead gray earth.

Desolate ancient ruins, desolate remains.

But when he looked to the side, he only saw the Heavenly Remnant Beast Slave, but did not see Han Yu'er and Qingqiu Yaoguang.

Chen Feng didn't panic and looked far away.

I saw the other two places where dark clouds condense above the sky.

Seeing the two spatial cracks, I also saw the two small figures from a distance, falling downward.

Chen Feng knew what was going on.

Space and time are extremely mysterious.

Before, he was separated from Han Yu'er and Qingqiu Yaoguang due to the sneak attack of the crocodile-like monster.

When in the space channel, there is a certain distance.

Therefore, the drop location is also different, at least thousands of miles away.

If it weren't for the extremely high altitude at this time, he would never see the other two.

Chen Feng secretly noted the location of the two of them, and was going to look for them as soon as they landed.

Soon, Chen Feng fell on the ground with the Tiancun Beast Slave.

Here is a valley surrounded by barren mountains.

Surrounded by mountains and mountains.

Above the ground, there are huge hills and valleys everywhere.

The Tiancun Beast Slave looked around curiously: "This is the deserted ancient ruins?"

However, Chen Feng discovered that he did not use the green life gems and did not suffer any harm.

I even sighed in my heart, what kind of racial talent is the Tiancun Beast Slave?

He adapts instantly to places like barren ancient ruins.

With a 'pop', Chen Feng crushed a gem of life and surrounded him with a layer of green bubbles.

Suddenly felt uncomfortable.

"Go, let's find Senior Sister and Yaoguang now."

The two were ready to leave.

But at this moment, Chen Feng frowned suddenly.

He felt that several fierce killing intents directly rose up and pressed against them fiercely.

This murderous, fierce and powerful, overwhelming!

In Chen Feng's heart, the alarm suddenly became loud, and he pulled the Heavenly Remnant Beast Slave and then retreated suddenly.

At this moment, a cold ridiculous voice came: "Chen Feng, I have sealed Wan Beast and have been waiting here for a long time."

"You two fell into my hands today, no matter what, it's a dead end."

The voice came.

Then, Chen Feng saw several figures turning out from behind that mountain peak.

Stay on a cliff hundreds of meters away from the two.

When Chen Feng looked at it, his pupils suddenly shrank.

The three figures that came out were quite huge, and they were actually three ancient Ming beasts.

That's fine, and the most important thing is that the breath of these three figures are extremely powerful!

An angry flame thunder tiger, a cold ice turtle, surrounded by white ice flames, has the huge body of a giant tortoise, but it is the head of a giant flood.

There is also a huge thick earth bear, with its muscles bulging high, and it looks extremely powerful.

The strength of this angry flame thunder tiger had already reached the middle stage of the six-star demon emperor.

The strength of the Ice Tortoise and the Giant Bear of the Earth also reached the initial stage of the Six-Star Demon Emperor.

This also means...

Chen Feng whispered softly: "I am facing three masters of the Seven-Star Martial Emperor! Not to mention there are..."

Chen Feng's gaze suddenly lifted and fell on top of the angry flame Thunder Tiger's head, on top of a black figure.

It was a boy in black who looked thirty or so.

His face was pale and his appearance was quite handsome.

After seeing these three monster beasts, the Celestial Beast Slave didn't have any fear, on the contrary, his face was full of surprise.

Looking at Chen Feng, he laughed: "Brother, you really didn't lie to me!"

"There are really many powerful monsters in this barren ancient ruin! We met three such powerful monsters as soon as we arrived!"

"This has been lingering in the Dragon Vein Continent for a month or two, and it may not be possible to see it!"

[Chapter 4503: bloody battle! Three Qixing Wudi!](#)

"and....."

He hissed and took a deep breath.

As if to inhale the breath of these three ancient Ming beasts into his body.

Then, a touch of fascination appeared on his face: "I can feel that their breath is full of very special things."

"It's completely different from the monster beasts on the Dragon Vein Continent. They are extremely violent, dark, and cruel!"

"There are all kinds of special things!"

"Fantastic!"

He was obsessed with it, and seemed to be a little uncomfortable.

Chen Feng couldn't help smiling, and slapped him heavily on his shoulder: "Don't get drunk here, they are here to kill us."

The Tiancun Beast Slave seemed to have just reacted.

His eyes fell on Feng Wan Beast.

Feng Wanmon grinned, "Chen Feng, did you dare to come to the ancient ruins?"

"Moreover, I brought such a live treasure."

Chen Feng raised his eyebrows: "Do you know me?"

"I don't know you, but it knows you."

With that said, Feng Wanmon flipped through his hands and took out a token.

Chen Feng looked at it and suddenly raised his brow.

This token, he remembered clearly, was the token of the Sirius team.

"So you are..."

Chen Feng knew it.

"I am the owner of Sirius."

Feng Wanmon stared at Chen Feng with a faint voice: "Sirius, although he is a dog I raise, he is serious about his work, and I never compromise what I say."

"Did a lot to me and killed a lot of people for me."

He flicked his finger lightly, and his voice was leisurely: "You killed such a useful dog."

"It's very difficult for me as a master!"

Chen Feng smiled faintly: "This evil dog, not very long eyes, bit me on the head."

"No way, I had to kill him."

"it is good!"

A fierce and violent color flashed in Feng Wanmon's eyes: "Chen Feng, when you face me, you dare to speak like this?"

Chen Feng's expression was faint.

It's just that the guard in my heart has already been raised.

Sirius is a five-star Wudi, and Chen Feng tried his best when dealing with him.

This person turned out to be the owner of Sirius, and his strength was absolutely terrifying.

"You said, I lost such a useful dog, how should this matter be solved?"

As he said, Feng Wanmon flicked his fingers.

Suddenly, the three ancient beasts moved quickly.

Soon, it became a character shape, enclosing the two of Chen Feng.

And, slowly approaching forward!

The body exudes extremely fierce murderous aura.

In Feng Wanmon's eyes, these two people were already corpses.

"just now!"

Feng Wanmon raised his chin, his face showed a proud look: "You kneel in front of me, knock your head three times at me, and call to the master."

"Then I will punch the prohibition into your body."

He leaned forward and stared at Chen Feng with a cruel and joking expression on his face:

"Since you killed my dog, then you come to be my dog!"

"In this way, I will spare you a dog."

Murderous flashes in Chen Feng's eyes, staring at Feng Wanmon, smiling and saying, "If so, what shall I say?"

"Dare to say no?"

Feng Wanmon sneered: "In the deserted ancient ruins, how many people want to climb into my relationship or be my dog can't be."

"Are you shameless?"

He looked like he was showing mercy.

It's like, letting Chen Feng be his dog is to give Chen Feng more face.

Chen Feng smiled faintly, and patted the Tianchou beast slave next to him: "My brother, beast Tamer Summoning is a good hand."

"It just so happens that he still lacks an old dog over there. Why don't you do it?"

The celestial beast slave laughed: "Big brother, why not let him be a dog for you?"

Chen Feng smiled: "Because he is not worthy!"

Feng Wanmon was furious instantly!

Murderous flashes in his eyes: "Give something shameless, today I will kill you!"

After all, the whip phantom made by the spiritual power in his hand appeared.

With a snap, a whip flower exploded!

In an instant, the angry flame thunder tiger, the ice tortoise, and the thick earth bear all rushed forward viciously!

Three-headed and seven-star Wudi-level ancient Ming beasts attack at the same time!

In an instant, the overwhelming tyrannical aura and the boundless murderous aura were dispersed in this space!

Severely pressed down, almost torn the two to pieces.

If it weren't for the two of Chen Feng, if they were replaced by other powerhouses of the same level, I was afraid that they would be torn to pieces by this momentum!

Gu Ming beast's attacks are mostly very simple, there is nothing messy.

Only incomparably powerful!

Almost all of their attacks are melee combat!

In an instant, the three-headed seven-star martial emperor level monster was only a hundred meters away from Chen Feng!

Chen Feng turned his head to look at the Tiancun Beast Slave: "Are you afraid?"

The celestial beast slave laughed: "I can't ask for such a hearty battle!"

"it is good!"

Chen Feng laughed.

In his gaze, endless excitement suddenly appeared!

"Are you going to face the three Seven Star Martial Emperor masters?"

"Suddenly, just today, are you going to face it!"

Chen Feng knew he would face three or even more Seven-Star Martial Emperor masters.

However, that was the Battle of the City of Heaven three months later.

But I didn't expect that today I would face it in advance.

However, Chen Feng didn't have any fear.

On the contrary, in his eyes, there is a flame burning, unspeakable excitement!

"Are the three Seven-Star Martial Emperors? Are they amazing?"

"Then, come on!"

"Just right, let me try my newly acquired abilities! It's up to you to be the first battle of my trip to the deserted ruins!"

Three-headed and seven-star martial beasts, Chen Feng is definitely not an opponent now.

However, he was full of confidence.

Chen Feng knew that he would definitely win!

And he also knows what to do to win!

Chen Feng thought about the teleportation, thinking about the coping method, and instantly made a decision.

However, he knew very well in his heart that this opportunity was only for a moment!

Chen Feng and Tiancun Beast Slave looked at each other.

The two had a tacit understanding, and the Celestial Beast Slave immediately understood what she meant!

Three-headed seven-star Wudi level powerhouse, but Chen Feng and the two wanted to defeat him, or even kill him!

The next moment, Chen Feng let out a low roar, and greeted him directly at the ice tortoise and the thick earth bear!

In the realm of the five-star Emperor Wu, he alone faced two ancient Ming beasts of the seven-star Emperor Wu level!

Don't run away, but recklessly!

In the eyes of others, I'm afraid Chen Feng is crazy!

Every forward and every step, the momentum of the body is strengthened by one point.

Later, the whole body has become a dark golden color!

Donkey Kong Arhat's second stage of Immortal Body is launched!

Feng Wanmon sneered disdainfully: "Chen Feng, it depends on your realm, but the five-star Wudi."

"Although you are quite powerful, you must be able to deal with Six-Star Wudi."

"But, want to deal with my two seven-star Wudi-level dogs?"

"Dreaming?"

That is, he urged the thunder tiger under the raging flame to kill the slave of the heavenly cruel beast!

[Chapter 4504: Right now!](#)

He has no feelings for these three ancient beasts, and directly calls them dog things.

The three ancient beasts were also angry in their hearts, but they couldn't resist his orders!

Feng Wanmon doesn't plan to play any strategy at all. I have more people than you, and I am stronger than you!

Then just crush you to death!

Chen Feng is getting closer and closer to the ice tortoise and the thick earth bear.

Soon, they were no more than ten meters apart.

The ice tortoise and the thick earth bear rushed forward and furiously attacked Chen Feng.

The blood basin opened wide, and the rotting aura spread out, terrifying.

There were even more black mists, quietly dispersing, instantly corroding the green mask around Chen Feng's body.

This is the unique ability of Gu Ming Beast.

The environment of the desolate ancient ruins made their attacks carry this extremely strong corrosive and barren power.

But with Chen Feng's strength, it was impossible to stop the attacks of these two monsters.

After all, this is a real seven-star Wudi early powerhouse!

Seeing the next moment, he will be directly torn into countless pieces by these two offensives.

That's right, facing the offensive of the Seven-Star Martial Emperor level, even the second layer of the Immortal King Kong Arhat could not be resisted.

In fact, the realm of Chen Feng's Donkey Kong Arhat Immortal is already weak compared to his opponent.

If it hasn't improved yet, it's a bit tasteless.

And just as the offensive was approaching, Chen Feng's clothes suddenly exploded outside of Chen Feng's body.

A piece of robe hidden under that shirt was revealed!

The toga and big sleeves are covered with countless complicated patterns, and the look is strange!

There are countless magic symbols, looming on them.

Above the robe, there are several places that reveal incomparably powerful strength and aura.

It is the Robe of Vientiane!

When the Vientiane Robe appeared, the two offensives also smashed down on Chen Feng's body.

At almost the same moment, with a snap, Chen Feng crushed a button on Vientiane's robe.

This is also one of the few defensive weapons left on the Vientiane robe.

After the sapphire button was crushed directly, a cloud of green mist enveloped Chen Feng.

In an instant, it spread out and directly laid down nine layers of defense!

The defense formed by nine layers of aerosol directly surrounded Chen Feng.

The mist looks so thin that it can even penetrate with one hand.

These two seven-star Wudi-level offensives hit it, and the first three floors are like a broken bamboo, easily broken.

When breaking through the fourth and fifth floors, it was already very reluctant.

But facing the sixth floor, it is impossible to break through!

Chen Feng inside did not receive any harm and was unharmed.

As a result, the two Seven-Star Martial Emperor Grade Gu Ming beasts were a little confused, and did not expect their offensive to be ineffective.

At this time, the angry flame thunder tiger had already slain in front of the Heavenly Cruel Beast Slave.

The angry flame thunder tiger is different from the ice tortoise and the thick earth bear.

The ice tortoise and the thick earth bear are almost pure melee ancient beasts, which are also the characteristics of most ancient beasts.

Perhaps because the desolate ancient ruins are too desolate and barren, many of the ancient beasts here do not have any special attack methods.

Except for that powerful body!

But Thunder Tiger is different!

Being able to be selected by Feng Wan Beast as a car has its own surprises.

He was surrounded by flames and thunder and lightning were extremely powerful.

At this moment, its front paws slapped forward fiercely, surrounded by hundreds of flames and thunder.

A palm fell, shaking the space out of countless spatial cracks.

The void was directly broken by him!

The offensive in the mid-level of the Qixing Wudi was fiercely attacked.

This blow was several times more powerful than the combined offensives of the Ice Tortoise and the Thick Earth Bear.

His blow was enough to smash Chen Feng and the Tiancun Beast Slave into pieces together!

At this time, Chen Feng turned his head and fled to see.

It seems to be invincible, so he fled away!

And the direction he fled was the direction of the Heavenly Remnant Beast Slave, which was the direction from which the angry flame thunder tiger attacked!

At this moment!

Chen Feng turned around!

The ice turtle and the thick earth bear chase down!

The offensive of the angry flame thunder tiger crashed down!

Right now!

Chen Feng shouted violently: "Heavenly cruel beast slave, do it!"

The cruel beast slave, also looking up to the sky, let out a roar like an ancient beast!

Above his body, the power of luck suddenly appeared!

The powerful and special summoning power lingers in the meantime.

A whip suddenly appeared in his right hand.

The whole body is red with nine centimeters.

It looks hard and heavy!

The next moment, the purple whip suddenly soared.

Then, he slammed on the body of the angry flame thunder tiger fiercely.

This whip did not seem to have any effect on the Thunder Tiger.

It just made him freeze on the spot for that moment.

And the Feng Wan beast sitting on the head of the angry flame thunder tiger was also stunned, and didn't understand what the Tiancun Beast slave was doing!

But the next moment, his face changed drastically!

In his spiritual world, there are three black lines.

The three black lines are imaginary and vague, composed entirely of spiritual power.

But at this time, these three lines were actually snapped, and one of them broke directly!

Moreover, this broken black thread is still the thickest and strongest of the three!

Feng Wanmon was shocked instantly and blurted out, "What's going on?"

"how is this possible!"

It turned out that these three black lines were precisely the connection between him and these three ancient beasts.

It is also the means by which it controls the three ancient beasts.

The thickest one is used to control the angry flame thunder tiger.

Now, this one is broken!

How not to shock him?

The angry flame Thunder Tiger also became very weird at this moment and froze there.

His offensive did not fall at all.

He looked at the Celestial Remnant Beast Slave, with extremely complex emotions in his eyes.

There is relief, there is hatred, but there is endless obedience and humiliation!

It turned out that at this moment, the Heavenly Remnant Beast Slave used the beast whip!

The beast whip, once activated, can instantly control monsters that are no more than two levels of his strength!

At this moment, he felt that the spiritual power like a sea of smoke, this angry flame thunder tiger, merged into his spiritual world.

At this moment, he established contact with this angry flame thunder tiger.

At this moment, this angry flame thunder tiger is under his control!

Although, just for a moment!

However, it is a real control, no matter what it is ordered to do, it cannot be violated!

Therefore, the Tiancun Beast Slave did not hesitate.

Suddenly turned around, pointed at the ice turtle and the thick earth giant bear, and shouted wildly: "Kill them both!"

As soon as the words fell, the angry flame thunder tiger pounced on the ice tortoise and the thick earth bear without any hesitation.

Pounced on the two Gu Ming beasts who are usually brothers!

[Chapter 4505: Royal beast whip!](#)

And because of the thick earth giant bear and the ice tortoise, they are chasing and killing Chen Feng here.

Therefore, after a hundredth of an instant, the angry flame thunder tiger, the thick earth giant bear, and the ice tortoise smashed together!

Obviously, this was Chen Feng's premeditated plan.

From the very beginning, when Chen Feng took the initiative to rush towards the giant thick earth bear and the ice tortoise, he had already calculated this step.

First use a treasure on the Robe of Vientiane to block the attack of the giant thick earth bear and the ice turtle.

Then, pretending to be lost and fleeing, fled back.

Encourage the thick earth bear and the ice tortoise to chase.

At the same time, the celestial beast slave used the beast whip to control the angry flame thunder tiger, and instantly caused the angry flame thunder tiger to kill the thick earth giant bear and the cold ice turtle.

Such cooperation can cause the greatest damage!

And all this was done in a flash.

Electric light flint, extremely fast.

Chen Feng was perfectly controlled.

Angry Flame Thunder Tiger, his eyes showed great pain and madness, and he was full of hatred.

He didn't want to kill the Giant Bear and the Ice Tortoise, but the control of the Heavenly Remnant Beast Slave's Royal Whip made him unable to disobey the order!

Even this time, the attack launched by the Angry Flame Thunder Tiger against them was even stronger than the previous one!

To be precise, it was the strongest offensive he could play in his life!

Because, under the rule of the beast whip, the celestial beast slave is directly giving orders to the angry flame thunder tiger at the soul level!

Angry Flame Thunder Tiger, it is impossible to violate, and it is impossible to make any discount!

Let it do its best to kill, it can only do its best!

"If I don't do this, I will die!"

"If I do this, you will die!"

"Then, you die!"

At this moment, it vented all its strength.

With the strongest offensive he could launch, he smashed the giant bear and the ice turtle!

The thick earth giant bear and the ice tortoise flood did not expect this scene at all.

Gu Ming Beast's wisdom is not low.

The three of them have been together for several years. The giant thick earth bear and the ice turtle have long regarded the angry flame thunder tiger as a big brother.

Who would have thought that his eldest brother would actually act on himself?

Unprepared, he was directly hit by the angry flame thunder tiger.

The angry flame thunder tiger is the seven-star Wudi middle stage, and the two of them are the seven-star Wudi early stage.

After reaching this state, even if it is only a first-level gap, it is crushed!

What's more, the angry flame thunder tiger used twelve% of its power, while the thick earth bear and the ice tortoise flood did not even raise their defenses.

The big gap can be imagined.

With a bang, the giant palm was mixed with hundreds of thunder and scarlet flames, and smashed on the chest of the thick earth giant bear.

With a fragile sound, the upper body of the Great Earth Bear was almost broken into pieces.

The Great Earth Bear had only time to let out a scream and fell heavily to the ground.

The blood-red eyes stared fiercely at the angry flame thunder tiger, but he was already extinct, he couldn't squint!

The other offensive fell on the Ice Tortoise Jiao.

The Ice Tortoise Jiao looks cumbersome, but in fact it is quite cunning.

Moreover, this thing is extremely defensive.

At that moment, he quickly retracted his head into the shell.

This offensive slapped the tortoise shell fiercely.

With a loud bang, the shell of the tortoise broke apart, exposing countless huge wounds.

Blood spurts out like a fountain!

The Ice Tortoise Jiao let out a scream, was smashed and flew out several kilometers, and fell to the ground fiercely.

Although he was not dead, he was seriously injured.

The whole process seems extremely slow, but in fact it is extremely fast.

At this time, two-thirds of the time for the Royal Beast Whip to control the angry flame thunder tiger had already passed.

Chen Feng shouted: "Feng Wan Beast!"

The Tiancun Beast Slave knew immediately.

His thoughts flashed, and he gave a second command to the angry flame thunder tiger.

It was also in this instant that he was able to make the last command of the angry flame Thunder Tiger.

That is.....

Angry Flame Thunder Tiger's head fiercely raised, and directly flew Feng Wan Beast, who had looked silly, to the sky.

Then, he slaughtered directly towards Feng Wan Beast.

It has a big mouth, a fierce roar, and its eyes are full of hatred, murder, and pleasure!

The blood basin gushed, and bitterly towards Feng Wanmon.

It actually took a bite to bite Feng Wan Beast to pieces.

It turned out that the second command from the Tianchou Beast Slave to the Angry Flame Thunder Tiger was to kill its owner as a beast!

If it was just now, Rage Flame Thunder Tiger would never listen to his orders.

Feng Wan Beast used special powerful means to control it, and Rage Flame Thunder Tiger couldn't resist.

But now it is different.

At that moment, the beast whip, which originated from the extremely powerful ability derived from the incomparable racial talent of the heavenly beast slave.

Conquered Feng Wan Beast's control of the angry flame thunder tiger.

Forcibly cut off the connection between Feng Wan Beast and Rage Flame Thunder Tiger, so that Rage Flame Thunder Tiger can get rid of control and can attack Feng Wan Beast.

And just now, if the angry flame thunder tiger was asked to attack the thick soil giant bear and the ice turtle, and its heart was full of hatred and reluctance, then this command at this time made it especially happy.

Full of excitement and expectation, very hard.

After all, it hated Feng Wan Beast a long time ago!

"Feng Wan Beast, I didn't expect it, you also have today!"

In the next moment, those extremely powerful and sharp teeth will bite off.

Feng Wanmon's eyes were full of horror.

The sudden change made him never recover.

But there is one thing he is very sure about, that is, if he doesn't do anything, he will be dead!

He let out a vicious threat: "Raging Thunder Tiger, your dog still wants to attack his master? Is it itchy?"

With that, he took out a purple crystal.

And inside that purple crystal, there is a huge drop of red blood floating in it.

After the drop of blood made Rage Flame Thunder Tiger look at it, he couldn't help but froze in an instant, with a trace of fear in his eyes.

It turned out that that drop of blood was the blood of the angry flame thunder tiger!

It is another method Feng Wan Beast uses to control it!

In the instant Feng Wanmon, instinctively wanted to crush this drop of blood.

But after all, he is also a person with extremely rich combat experience.

At this moment, I thought that this angry flame thunder tiger should only be controlled by Chen Feng.

But the control time will never be long, after all, it is its own.

"If I crush this drop of natal blood directly, the angry flame thunder tiger will directly be seriously injured."

"Even if you don't die, you will completely lose your combat effectiveness."

"In that case, even if he regains my possession, it will be a waste!"

"Forget it, let's put up with it!"

Feng Wanmon gritted his teeth and endured the bad breath.

Instead of crushing the amethyst, he took out a jade pendant and crushed it.

On the surface of his body, a thick black light condenses.

The huge mouth of the angry flame thunder tiger bit down fiercely!

[Chapter 4506: Beat the angry flame Thunder Tiger!](#)

With a snap, the black light shook, but it was not broken!

And with the black light resisting this moment of time, the moment that the beast whip controlled the angry flame thunder tiger had already run out!

The beast whip in the hands of the Tianchou beast slave suddenly disappeared.

To use the beast whip once, for the Tianchou Beast Slave, it is a severe injury.

Even with his racial talent, he couldn't help but shake his body.

At the moment when the beast whip disappeared, his figure shook and he staggered back a few steps.

A mouthful of golden blood spurted out, and the breath was much dim in an instant.

Obviously, within a few days, he would no longer be able to use the beast whip.

However, this beast whip changed the situation in an instant!

Under Chen Feng's control, the effect was maximized!

Destroy two powerful enemies, and even force Feng Wan Beast to use a hole card!

A light smile appeared at the corner of Chen Feng's mouth: "It's worth it!"

Feng Wan Beast also felt that the connection between the spiritual world and the angry flame thunder tiger was restored.

Feng Wanmon was overjoyed!

He screamed: "Beast, don't let go!"

The angry flame thunder tiger only came back to his senses at this time.

Suddenly, his eyes were full of fear and cowardice, and he quickly let go.

He followed Feng Wanmon, bowed his head and ears, and no longer looked fierce.

However, it stared at both Chen Feng fiercely, eyes filled with extreme hatred and the light of wanting to kill.

Obviously, the side effects of Royal Beast Whip have taken effect.

Now, without even Feng Wanmon speaking, it directly pounced on Chen Feng and the two.

I want to tear them up!

Feng Wanmon smiled triumphantly: "Chen Feng, you probably used your strongest hole card just now, right?"

"Although the two powerful combat powers on my side have been abolished, just one Raging Flame Thunder Tiger can tear the two of you to pieces!"

He Yinyin smiled and said, "I want to see, what do you do now?"

While talking, the angry flame thunder tiger had already killed him!

Towards Chen Feng and Tiancun Beast Slave!

And now, Tiancun Beast Slave, his hole card has been out!

It only depends on Chen Feng.

Angry Flame Thunder Tiger seems to know this, and its target is Chen Feng!

Now, Chen Feng wants to solve the biggest crisis!

Angry Flame Thunder Tiger!

This ancient Ming beast of the seven-star Wudi mid-level!

Chen Feng laughed: "Feng Wan Beast, do you think this is my strongest trump card just now?"

He slowly stretched out a finger and shook it: "Innocent!"

The next moment, facing the angry thunder tiger who was violently culled.

In Chen Feng's eyes, there was a flash of indescribable enthusiasm and excitement.

Feng Wanmon saw it, and suddenly his heart jumped fiercely: "What kind of light is this!"

It seems that everything about Chen Feng is going to burn!

It seems that he has great expectations and desires for this scene that is about to happen!

The next moment, Chen Feng raised his arms and shouted wildly: "Come on, beast!"

"Let us fight head-to-head!"

"Without the harassment of the Giant Bear and the Ice Tortoise, let us fight a fair, one-on-one battle!"

"I, Chen Feng, want to see my current strength, whether I can head-to-head with this seven-star martial emperor mid-term powerhouse!"

It turned out that Chen Feng did all this with another purpose.

That is to test your own strength.

Check out how strong you are after you have recently been promoted to 13 big stars!

In the end, can it compete with the seven-star Wudi in the mid-term!

The next moment, facing the impact of the angry flame thunder tiger, Chen Feng did not hesitate, but rushed forward directly.

With each step forward, Chen Feng's momentum becomes stronger.

Unlike the feint attack that rushed to the giant thick earth bear and the ice turtle just now, this time, all the power in Chen Feng's body was agitated, and he did his best!

In an instant, the two slammed together!

Chen Feng looked up to the sky with a loud roar!

All the power of luck is integrated into oneself.

Thirteen big stars in the body suddenly light up!

And above one of the big stars, the light is especially bright!

It's just that the rays of light above the other big stars are incomparably bright white.

Among the white, blue sparkles occasionally.

And the light of this big star is a red color.

Just like the crimson sun!

Obviously, the power of luck that is burning at this moment comes from this big star!

Want to use the power of thirteen stars, the price is the power of burning luck!

This also means that if Chen Feng uses this trick for too long, then it is very likely that this entire star will be burnt out!

Instead, he has only twelve big stars left, or even fewer!

Will directly cause the strength to fall back!

This is the price of forcibly using the power of thirteen stars!

But if used for a short time, it is still within the range that Chen Feng can bear.

Chen Feng's energy is burning, and the loss is huge!

However, what this brings him is also unparalleled tyrannical power!

In an instant, Chen Feng's blood flow accelerated, his eyes were red, and his heartbeat was throbbing and shaking like a major earthquake!

The power has reached its limit!

The next moment, with Chen Feng's roar, the rays of the thirteen big stars were shining to the extreme.

Chen Feng's body is full of unparalleled shocking power!

That is a whole 390 billion catties of strength!

390 billion catties of strength, unprecedented intrepidity, unprecedented overbearing!

Chen Feng felt that this power filled his whole body, causing him to swell with indescribable excitement.

That power was so tyrannical that Chen Feng felt that he couldn't control it!

He felt that he urgently needed to vent and release this power!

He felt that he now seemed to be able to blast a star with one punch!

At this time, the angry flame thunder tiger who attacked the opposite side had an extremely strange feeling.

He felt as if the young man in front of him, that tyrannical strength had become stronger again.

But now he is not allowed to think more.

Its instinct is to smash the offensive fiercely.

And Chen Feng also roared wildly and threw a punch!

The force of 390 billion catties surged, and the offensive of the angry flame thunder tiger collided fiercely together!

Chen Feng's figure shook heavily.

But standing still, not moving.

And the angry flame thunder tiger let out a stern scream.

With a cracking sound, the huge tiger claws were directly twisted, twisting upwards.

And it flew directly hundreds of meters away and hit the cliff hard.

An unbelievable light flashed in the eyes of the angry flame Thunder Tiger, and even a howl full of shock and pain!

The angry flame thunder tiger, the ancient Ming beast in the middle stage of the Seven Star Martial Emperor, was hit by Chen Feng directly!

And, even the tiger's claws were broken!

Feng Wanmon was also shocked: "Chen Feng, your five-star martial emperor's realm, you actually have the power to rival the seven-star martial emperor's mid-stage?"

[Chapter 4507: Ten breaths!](#)

"This is impossible!"

Chen Feng felt very refreshed, haha laughed wildly: "Come again!"

With a fierce kick on his legs, the extremely powerful force directly crushed the mountain he was on!

The body burst out like a meteorite!

It was just one minute and one, and he came to the front of the angry flame thunder tiger again!

Hit out with a punch!

The angry flame Thunder Tiger is also fierce, and continues to fight hard against Chen Feng!

But this time, it is still not a rival!

Being punched by Chen Feng directly gave a discount on the left front leg!

His body slanted and couldn't hold it, he actually rolled on the ground twice before standing up with awkward support.

Chen Feng laughed wildly again: "Go on!"

Pounced forward again!

It was another punch!

Boom boom boom!

Fist to the flesh!

The sound of beating is endless!

It was Chen Feng who punched, and Thunder Tiger was beaten!

Angry Flame Thunder Tiger roared frantically, but his roaring voice became weaker and weaker.

The roar was also full of hatred, shock, and anger from the original, and later, it became more and more fearful!

Then it turned into a cry full of pain and fear!

On the third breath, Chen Feng had already punched eight punches!

The four legs of the ice turtle are all discounted!

When he took the fourth breath, Chen Feng was already riding on his back, laughing. One fist fell fiercely!

At the eighth breath, Chen Feng had already smashed the spine of the Angry Flame Thunder Tiger!

At the ninth breath, Chen Feng suddenly roared!

Holding his tail like a huge wooden beam in both hands, he squeezed it up fiercely!

Then, smashed crazy!

A loud bang directly exploded the hundreds-meter-high mountain where everyone was on, into countless debris.

Amidst the countless boulders rolling down, the roar of the raging thunder tiger screamed.

Its body rebounded heavily.

It fell on the ground again.

At this moment, all the bones on its body were turned into fragments!

The whole body was actually shattered by Chen Feng!

The angry flame thunder tiger fell to the ground and wailed.

Now, its wailing is even weaker.

Paralyzed there, like a puddle of mud.

Where is the prestige and domineering half of the time?

It was just nine breaths, and Chen Feng directly beat the Angry Flame Thunder Tiger.

The whole bones that smashed it to pieces were dying!

Chen Feng laughed wildly: "Happy! Really happy!"

The number of stars transformed by the power of luck has increased from seven to thirteen!

The effect was so good that it even exceeded his expectations.

"My current strength of 390 billion catties, in terms of strength, has even surpassed that of Qixing Wudi in the middle stage!"

"The average Qixing Wudi mid-stage powerhouse is not my opponent!"

"Unless it is the kind of senior powerhouse who has stayed in this state for many years!"

The power of 390 billion catties is enough for Chen Feng to defeat the average Qixing Wudi mid-term powerhouse!

A thick color of fear flashed in Feng Wanmon's eyes.

Since Chen Feng fisted the Angry Flame Thunder Tiger into the air, he was sunk in the endless shock.

But at this time, the loud bang that resembled the sky finally brought him back to his senses.

There was a strong to extreme fear flashing in his eyes.

Without any hesitation, he turned around abruptly and fled away.

Feng Wanmon knew very well that his strength was not that strong.

The reason why he was able to dominate is only relying on a few treasures given to him by his brother to control the angry flame thunder tiger, the thick earth bear, and the ice turtle.

Now, the thick earth bear is dead, the ice tortoise is seriously injured, and the angry flame thunder tiger is half dead.

Where can he still rely on it?

Feng Wanmon fled madly. Chen Feng didn't even look back at him. He just laughed and said, "Feng Wanmon, I didn't let you go, can you go?"

He knocked gently on the ground.

A thin piece of stone, but unremarkable, but kicked out by Chen Feng's kick, instilled with incomparable strength, it actually cut the space directly!

Tear several spatial cracks in the air.

Dragging the light tail of the flame like a meteorite, it slammed Feng Wanmon's back fiercely.

He directly smashed Feng Wanmon's back into a shocking wound, which even seriously injured him.

Feng Wanmon let out a miserable cry and fell to the ground heavily.

His back was bloody, blood was pouring out, and he couldn't move there.

Tiancun Beast Slave laughed forward and brought him back.

He looked at Chen Feng, admiring the five-body cast.

If it wasn't for Chen Feng to order the angry flame thunder tiger to attack Feng Wan Beast, which caused him to use a hole card, how could it be so easy to keep him now?

Just now, let the angry flame thunder tiger attack Feng Wan beast, if it goes well, it can be killed.

No matter how bad, he can force him to play a hole card!

Chen Feng sighed softly: "Now, there are already ten breaths."

"If you continue to use it..."

Looking inside, Chen Feng saw that the thirteenth big star had already burned to the extreme. ,

The crimson flame was shining to the extreme, reaching an unprecedented peak.

Chen Feng felt that it was like a sun burning to its extreme and its lifespan was about to reach the end.

It looks extremely bright now, but if you use more than ten breaths, it will decline rapidly.

This big star will burn out quickly!

This power of luck will also completely disappear.

Chen Feng's heart tightened.

As long as the power of Qi Luck has not disappeared, it will eventually be able to recover, but if it disappears completely, it really disappears completely.

He will only have twelve stars left.

Chen Feng sighed softly: "It's time to stop."

The force of 390 billion catties dissipated.

Chen Feng suddenly felt an indescribable empty body.

No, it's not just empty.

Even the feeling of severe deprivation hits again.

Chen Feng felt black in front of him, his ears hummed, and instantly he didn't know how many internal organs broke.

The bones, tendons, and muscles are even more interrupted.

At this moment, Chen Feng was weak to the extreme, feeling that there was no one in his strength.

Moreover, he was directly injured in a serious situation!

Chen Feng is no stranger to this situation.

This was often the case when he used strong power forcibly before.

Chen Feng already has experience.

After standing there for a while, he recovered, and he sighed softly, and a wry smile appeared at the corner of his mouth.

"Sure enough, to get such a powerful force, you have to pay a huge price!"

"However, the price is worth it!"

Chen Feng closed his eyes and felt in place for a long time before he came to a conclusion.

"I need a month before I can use it again."

"Moreover, I am very weak now and need to recover!"

[Chapter 4508: Top of the sky](#)

"However, this is a deserted ancient ruin again. It is good if you don't wear it here or lower your realm. I am in this state, I am afraid that I can't recover by my own strength, and I need a strong enough pill to restore my state! "

Chen Feng now needs an extremely powerful healing medicine to recover himself.

"However, we are going to the black market next."

"In the black market, there should be a strong enough pill. Don't worry about this."

"It's just that the price paid is greater than I expected before!"

Chen Feng felt a strong smell of blood every time he breathed.

However, he didn't show the slightest on the surface, but looked at Feng Wanmon with a faint smile:

"Why are you running?"

"I heard that your summoners treat summoned monsters as family members."

"Aren't you family members?"

"All three of them are going to die here? Are you running?"

Chen Feng shook his head, clapped his hands, and smiled leisurely:

"Family, the most important thing is neatness."

Tiancun Beast Slave laughed directly.

Feng Wan Beast, Angry Flame Thunder Tiger, etc. are all miserable and extremely complicated.

It's neat and tidy now, just one death and three injuries.

Moreover, people are knives and I am fish.

Chen Feng slowly approached Feng Wan Beast.

Feng Wanmon's eyes showed a touch of horror: "You, what are you going to do?"

"Feng Wan Beast, you will beat and kill me as soon as you come up."

"Ask what am I doing now?"

A sneer appeared at the corner of Chen Feng's mouth: "Is it too stupid?"

Feng Wanmon snarled: "Chen Feng, if you dare to hurt me, my brother will never spare you!"

"Do you know who my brother is? He is a top powerhouse from the top of the sky! I am his brother!"

Oh?

People on top of the sky?

Chen Feng heard this and raised his eyebrows.

He was not familiar with these four words before the top of the sky.

However, I have been familiar with it since three days ago.

Before coming to the desolate ancient ruins, he specifically inquired with Elder Xuanyuan Xiaoyue.

He can say as much as he can about the so-called situation where everything he wants.

Elder Xuanyuan Xiaoyue, although unable to reveal the details to him, but told him that this place is called: the top of the sky!

But most of those who enter there don't know what to end.

And a small number of people who can survive and come out are all terrifying to the extreme.

And has all kinds of magical abilities that are hard to speak.

As if all of them were experiencing adventures inside.

Chen Feng was originally very curious about the top of the sky.

He desperately wants to know what the truth is about this place. He wants to know why all his wishes come true here, and why all the things he wants can be found there?

He wants to go there and find the Hundred Ghosts Nightstalking Soul Calling Sutra. He wants to save Bai Shanshui, Jiang Yuechun and others...

All of this must fall on the top of the sky.

But now, Chen Feng's curiosity and desire for the top of the sky have suddenly increased several times.

If it was originally just curiosity, now it is ten percent curiosity, plus ten percent desire!

Because, what happened in the space tunnel made Chen Feng unprecedented, even eager, with an extreme thirst for strength!

He wants to pursue to get the strongest strength, he will never experience that kind of desperation, there is no way, can only wait for death!

To protect the people around you, guard everything that is worth protecting!

"Chen Feng, are you afraid? If you are afraid, let me go!"

Seeing Chen Feng's movement stopped, Feng Wanmon's eyes flashed with pride and screamed.

Chen Feng was only interested in this top of the sky, but he didn't expect Feng Wan Beast to think that Chen Feng was afraid of hearing his brother's background.

Chen Feng smiled lightly: "Then you, just tell everything you know about the top of the sky."

Feng Wanmon sneered: "Chen Feng, do you think I'm stupid?"

"You think I don't know, telling the secret there, the whole person will live and die in an instant? Why am I so stupid?"

Chen Feng smiled brilliantly: "It's okay to say nothing."

His hand dropped slowly again.

"Then I will kill you now!"

Without any hesitation, I simply took the photo.

Feng Wanmon's eyes showed extreme disbelief and horror: "You, you actually dare to kill me? Are you afraid of my brother?"

Chen Feng smiled slightly: "I was just curious about the top of the sky, so I wanted to know more from your mouth."

"As for your brother? What is it?"

Feng Wanmon could feel that what Chen Feng said was absolutely true.

He has no fear of his brother at all, and if he doesn't say it, he will definitely die!

Feng Wanmon begged with a full face: "Don't kill me, don't kill me, I really can't talk about the top of the sky!"

He no longer had the arrogance and domineering he was just now.

He suddenly thought of something, and said: "I, I will be a dog for you, can I be a dog for you?"

He knelt to the ground, repeatedly kowtow and wagging his tail begging for mercy.

Chen Feng was stunned. He didn't expect Feng Wanmon to have such shame.

After a while, a cold smile appeared at the corner of his mouth, "I just said, you are not worthy!"

Then, a palm fell!

Feng Wanmon's eyes dimmed instantly.

He stared at Chen Feng, his eyes full of regret: "Why should I come to kill you? Why should I seek my own death?"

When his head crooked, it was dead and thorough.

Chen Feng looked at the Tianchou Beast Slave and pointed at the Angry Flame Thunder Tiger: "Is it still possible to be tamed?"

This time, one of the important purposes for Chen Feng and the Tiancun Beast Slave to come to this desolate ancient ruin was to find a strong enough monster for the Tiancun Beast Slave to tame it.

That's why Chen Feng asked this question.

Tiancun Beast Slave shook his head.

Needless to say, the giant thick earth bear is completely dead.

As for the other one, his strength is weak and he has been severely injured, even if he is healed, he doesn't have much combat power.

The Tianchou Beast Slave pointed at the Angry Flame Thunder Tiger, with a pity on his face, and smashed his mouth.

Chen Feng understood what he meant.

The Rage Flame Thunder Tiger is strong enough, the realm is high enough, and has powerful attack methods, it is really an excellent choice.

But a pity, because the beast whip was used before.

As a result, the angry flame Thunder Tiger hated Chen Feng and the Tianchou Beast Slave, and it was impossible to tame it.

Since they can't be tamed, they can only be killed.

Chen Feng sighed slightly, ready to do it.

But when he glanced over the three ancient Ming beasts, he suddenly felt that two of them were familiar.

"Why am I familiar? I'm pretty sure I haven't seen them before!"

It's normal to think about it. If Chen Feng had seen this level before, he wouldn't be alive anymore.

[Chapter 4509: Siege](#)

But he just felt it, as if he saw it somewhere.

The next moment, Chen Feng's mind suddenly flashed.

He patted his head: "I remember, I did see them somewhere!"

"But not to see the real them, but to see their map!"

"That is among the ruins that Master left for me!"

Chen Feng remembered.

On that day, he went to the site left by Yan Qingyu, but he could not open the door.

Because he opened the door, Yan Qingyu needed him to prove his strength, because behind the door concealed endless danger and great horror.

Therefore, he is required to prove his strength before opening the door.

Let him hunt down ten extremely powerful ancient beasts in the ruins.

Only by obtaining a certain part of these ten ancient Ming beasts can the door be opened.

And the giant thick earth bear and the thunder tiger of rage in front of them were two of the ten monster beasts.

Chen Feng couldn't help but be overjoyed.

This saves him a lot of things.

This time, Chen Feng is bound to win, and he must open the remains of Yan Qingyu.

Naturally, he was going to hunt down ten monsters, and now the mission had been completed two-tenths.

Without any hesitation, Chen Feng directly killed them, and then cut off the characteristic parts of their bodies.

Then, in an instant, the bodies of these three ancient Ming beasts began to drift away.

Then, it turned into black energy and disappeared.

Gu Ming beasts are mostly like this.

Once dead, the dust will return to the dust, the dirt will return to the soil, and it will return to this desolate ancient ruin.

In the same place, only three huge life gems remained.

This life gem is stronger than any one that Chen Feng had obtained before.

Each one is the size of an adult man's fist.

Chen Feng stroked it with his hand.

Suddenly, I felt the deep and pure vitality in it.

"This thing is really good, but it's a pity..."

Chen Feng shook his head: "I am currently injured too badly. I must have a very high-level and extremely powerful pill to be effective in an instant."

"To restore my vitality and strength, relying on the gem of life alone is useless."

At this time, the blood wind suddenly rushed out, and directly took a gem of life from Chen Feng's hand.

And in that martial spirit space, Zhu Nine Yin Martial Spirit also crawled out.

Seeing the piece in the mouth of Bloodwind, he was unwilling to show weakness, took one piece away, raised his neck directly, and swallowed it.

Chen Feng looked at it, and suddenly his heart moved.

"Could it be that this kind of life gem is a great tonic for creatures like the blood wind and the nine-yin martial soul? It is extremely effective?"

If it is this thing. If it can really evolve the blood wind and the nine-yin Zhu Yin martial spirit, that would be really a surprise.

He has been worrying about the improvement of these two little guys' strengths by chance.

Or it can be improved inexplicably by means of his own unpredictable.

The master of myself is too incompetent.

The other piece was taken away by the Heavenly Remnant Beast Slave.

The Tiancun Beast Slave stretched out his hand to touch it, as if touching the texture that was invisible to the naked eye and trying to figure out the pattern.

Chen Feng knew that he wanted to use this to gain a deeper understanding of Gu Ming Beast.

After all, it was the Gu Ming beast that could leave all over his body, there was only one life gem, so he had to start from there.

Next, Chen Feng hurried to the place where Han Yuer and Qingqiu Yaoguang fell with the beast slave.

Although both of them have suffered a great loss in strength, they still retain the strength above the five-star Emperor Wudi and are extremely fast.

In a short time, it was getting closer and closer to the place where Han Yuer and Qingqiu Yaoguang fell.

At this time, Chen Feng suddenly heard a call to kill.

Chen Feng's heart suddenly tightened: "Did Senior Sister and Yaoguang be attacked?"

He flashed in shape, came to a mountain ridge, and looked down.

Below is a valley.

Standing here, Chen Feng has a clear view below.

In the center of the valley, the two were standing back to back, Han Yuer and Qingqiu Yaoguang.

At this time, around them were seventeen or eight people in black.

The chests of these people in black are embroidered with a giant wolf with red thread, lifelike and hideous, seeming to choose someone to eat.

And each of them is also riding a wolf-like ancient Ming beast.

It is three to five meters long, two laps larger than a war horse.

He looked vigorous and powerful, with his muscles bulging under the gray fur.

At this time, there were bursts of low roar, and saliva flowed out of his mouth.

After Chen Feng glanced briefly, his nervousness disappeared, and a relaxed smile appeared at the corner of his mouth.

"It turned out to be a bunch of innocent guys."

It turns out that the strength of these people is generally less than the one-star Wudi, that is, they have just entered the Wudi realm.

The guy who looked like the strongest leader was just two-star Wudi.

And now, Han Yu'er and Qingqiu Yaoguang's strength have reached the realm of the three-star martial emperor, and dealing with them is easy.

Originally, Chen Feng wanted to kill them quickly and rescue them, but now he changed his mind.

Reaching out his hand and pressing the eagerly eager Tiancan Beast Slave, the Tiancan Beast Slave immediately understood what he meant.

Although Han Yu'er and Qingqiu Yaoguang's strength improved very quickly, they were imprisoned into the Hall of Soul Destruction early.

Later, after being rescued by Chen Feng from Soul Destruction Hall, he was blessed by him again, and there was basically no chance of actual combat.

Therefore, there is very little actual combat experience, and the strength does not match the realm.

Now, with so many people practicing, it is a good opportunity!

Han Yuer and Qingqiu Yaoguang, when they first saw them, their expressions were still a little flustered, and they didn't recover for a while.

But soon, it was discovered that their strength was not average.

Suddenly, the two looked at each other, and both saw a little smile in their eyes.

More than a dozen black-clothed warriors urged the giant wolves to rush around in a circle, with great momentum, and only stopped after a moment.

The head of the person was full of madness: "You two..."

As soon as he said four words, Han Yuer Qingqiu Yaoguang shouted at the same time: "Kill!"

It was actually killed directly towards these black warriors!

The leader choked a word in his throat, almost holding his breath.

He coughed twice and said furiously: "I haven't finished speaking yet!"

But the next moment, his expression was frozen on his face, and he no longer entangled whether he had finished the trivial matter.

Because, he found that a dozen of his own people had already died instantly!

The leader of this black-clothed warrior suddenly discovered that these two "weak female streamers" who seemed to be bullied, were extremely terrifying in strength!

None of these black-clothed warriors have gone through a round under their hands!

They killed several black warriors in an instant.

[Chapter 4510: Are you so weak?](#)

Those black warriors are also stupid.

Just now, the two of them looked scared and looked like a little sheep, but they didn't expect this to be a little sheep. They were two murderous tigers!

The black-clothed warrior leader was directly stupid: "These two people are so strong, why did they pretend to be so scared just now?"

He was furious: "Are you kidding me?"

It turned out that their force was called the Wild Wolves, and it was within a radius of thousands of miles, but it was not a small force.

Many people who have newly entered the desolate ancient ruins have been severely blackmailed by them.

This time, they saw a vision coming from the sky, and it seemed that a newcomer had arrived.

Although wondering why the newcomers came so much, the Wild Wolves still came out, ready to slaughter this big fat sheep.

After a visit, it turned out to be a big fat sheep.

When these two women looked at their luxurious clothes and extraordinary temperament, they knew that there was a lot of oil on their bodies.

When I was rejoicing, I did not expect that two evil stars would be ushered in.

Han Yuer looked at the black-clothed warrior leader and smiled: "We didn't mean to play you just now."

"We always thought we were weak, but only after meeting you did we discover that you were weaker!"

These words directly angered everyone in the Wild Wolves.

It happened that Han Yuer had an innocent face when she said this, very serious.

Chen Feng and Tiancun Beast Slave could see from a short distance, and almost laughed out loud.

In fact, Han Yuer didn't taunt them on purpose.

She was talking about her true feelings.

Because before, Han Yuer and Qingqiu shook their faces, and there were too many masters who followed Chen Feng.

Even the Eight-Star Martial Emperor Xiahou Jiuyuan has seen him, and the soul slaves connected to the Eight-Star Martial Emperor have seen him.

Not to mention, Chen Feng's current strength is comparable to the middle stage of the Seven Star Martial Emperor.

Therefore, in their senses, those who are lower than the six-star Wudi are not considered strong.

And they never felt that they were a master, until they met these people, they suddenly realized: "Ah, I am quite strong!"

The fact is also true.

Like Han Yu'er and Qingqiu Yaoguang's current state, Samsung Wudi, looking at this desolate ancient ruins, is not weak.

When Chen Feng entered the deserted ancient ruins for the first time, his strength was no match for them.

The black warrior leader gritted his teeth and roared: "Kill, kill these two little ladies!"

However, after he said this sentence, he fled madly.

Be prepared to trade the lives of others for the chance to escape.

Unfortunately, these black warriors are not fools.

When he said this, he had already guessed what he wanted to do.

Before he could run away, the others ran away frantically, running faster than him one by one.

The black warrior leader was so angry that he cursed.

At this time, the expression on Han Yu'er's face also cooled down: "Since it's here, don't leave!"

Qingqiu Yaoguang hesitated.

Han Yuer said lightly: "They are all killed!"

She stayed with Chen Feng for a long time, and she was decisive and resolute.

Moreover, these people came to kill them as soon as they came up. How could Han Yu'er spare them lightly?

Han Yu'er and Qingqiu shook their faces and shot them again and again, killing these gangsters cleanly in an instant.

Only the leader of the black warrior remained.

At this moment, he could not even escape the valley.

The black-clothed warrior leader was frightened and peeved. He knelt to the ground with a plop, and kowtow to the two men again and again: "Two women, two women, please forgive me!"

At this moment, Chen Feng laughed loudly and walked out slowly.

The black-clothed warrior leader turned his head and saw Chen Feng and the two, and he was immediately happy.

Immediately got up, pointed at the two of them and yelled: "Two dogs, what are you laughing at? Is there any place for you to laugh here?"

"I'm not coming to meet the two heroines?"

After that, he looked at Han Yuer and Qingqiu with a flattering expression.

It turned out that he was directly frightened by Han Yuer and Qingqiu's shaking light, and now he was thinking about how to fawn on them.

After seeing Chen Feng, he immediately reprimanded him, hoping to please Han Yuer and Qingqiu Yaoguang.

However, the next moment, the scene that happened, made his whole person dumbfounded.

Han Yu'er and Qingqiu shook their faces. After seeing Chen Feng, their faces were full of joy, and Ruyan threw herself into his arms like a forest.

Chen Feng patted the shoulders of the two of them, and smiled slightly: "Okay, okay, everything is fine."

After all, crush two pieces of life gems and cover them with a green mask.

He looked at the leader of the black warrior.

The black-clothed warrior leader, at this moment, secretly groaned in his heart, going up and down.

Unexpectedly, this newcomer has such a close relationship with them, and he does not seem to be weak in strength!

"Your Excellency, how do you call it?" Chen Feng smiled.

"Under Li Hongyun."

The black warrior leader said respectfully.

Chen Feng looked at him with a smile drawn at the corner of his mouth, but his momentum slowly rose.

Five-star Emperor Wu!

Six-star Emperor Wu!

Later, he almost reached the aura of the Seven-Star Emperor Wu, and pressed down towards Li Hongyun overwhelmingly.

Li Hongyun couldn't support it at all, and was directly crushed on the ground, unable to even stand.

He looked at Chen Feng, his face was full of horror, and his heart was extremely panic.

"This person, this person's strength is so terrifying? How many times stronger than these two women!"

"Where did they come from the top masters?"

Chen Feng's display of strength is also afraid of Han Yu'er and Qingqiu Yaoguang's strength. Although it is enough to kill these people, it is not enough to completely conquer Li Hongyun and convince him.

After seeing Chen Feng's strength, the strange thoughts in Li Hongyun's heart suddenly disappeared.

There are many masters in the deserted ancient ruins, but they are mainly concentrated near the top of the sky.

In remote areas like these, there are not many masters.

It is normal to think about it. At the beginning, Sirius relied on the strength of the five-star Wudi to pull up the Sirius team for hundreds of thousands of miles.

Chen Feng's current strength is far better than that of him.

Chen Feng looked at Li Hongyun, smiled and said, "Li Hongyun, I have a few questions for you."

"You say, you say."

Li Hongyun nodded like garlic.

It turned out that Chen Feng was thinking about taking Li Hongyun as his subordinate.

It doesn't matter whether you are a confidant or not. The point is, just let the snake listen to the order and provide yourself with the information you want.

A day later, the barren ruins, above the sky.

A faint blue light and shadow flashed quickly, taking it quickly in the direction of the valley of dead silence.

This blue light and shadow did not draw a straight line in the air, it was not a straight line without fluctuations, like a long sword breaking through the air.

But there are slight ups and downs in the middle.

It feels like it is jumping again and again in the air.
