

## Peerless 4511

### [Chapter 4511: layout](#)

If you look closely, you will find that where is the blue light and shadow?

It is clearly a faint blue wolf.

This faintly blue giant wolf has an imaginary body, like light and shadow, but also seems to have entity.

At seven or eight meters in length, it is completely an enlarged version of a giant wolf.

On the broad back, it was enough to hold five or six people.

At this time, on his back, Chen Feng and others were sitting there.

The blood wind and Zhu Jiuyin Martial Soul next to him were inextricably beaten.

It disappeared for a while and appeared for a while.

That's right, the two of them, hitting and hitting from time to time, hit the spirit space of the Nine Yin Martial Spirits.

Only recently did Chen Feng discover that, at some point, Blood Wind could enter and exit the Martial Soul Space at will!

It stands to reason that only Wuhun can enter the Wuhun space.

But the blood wind can also.

Chen Feng didn't know how he and Zhujiuyin Martial Soul got it, and could only sigh for the miraculous good luck.

On top of his head, the Celestial Beast Slave stood proudly.

His hand gently presses down from time to time.

Thoughts passed into the head of the blue giant wolf, controlling the direction and speed of his advancement.

This ancient beast is named Ghost Wolf.

It was the place where Chen Feng and the others landed, the most powerful ancient Ming beast within a 10,000-mile radius.

In fact, the demon wolves that Li Hongyun and others were riding on that day belonged to this ghost wolf clan.

It's just that it's just the most common and lowest level ancient Ming beast in the group.

And the ghost wolf is the most powerful king among the group of eternal underworld beasts.

This is an ancient Ming beast whose strength has reached the level of the Six-Star Martial Emperor, and has a powerful speed far exceeding his realm.

The speed is extremely fast, the urging to the extreme, and it can be invisible.

Strange and unpredictable, hard to trace.

To be the king and hegemony in this area, whether it is the ancient Ming beast or the human warrior, they dare not provoke.

But Chen Feng and others dared to provoke them.

Not only that, but when they heard the news of this ghost wolf, they were still very happy.

Chen Feng asked Li Hongyun, the most powerful ancient beast within a 10,000-mile radius, which is the fastest ancient beast?

Without hesitation, Li Hongyun said the name of the ghost wolf.

Therefore, Chen Feng and others came directly to the door.

Their purpose is simple, to find a monster that is strong enough and fast enough, especially if it is not too small.

Let it carry everyone to the valley of dead silence.

If you go by yourself, it will not only affect the healing, but also the loss is quite huge.

This ghostly giant wolf naturally has no good temper.

At least not good enough, just a few people can let them ride on their backs and become their mounts.

Ever since, there is only one fight.

After an hour, the temper of this ghost wolf became very good.

There is no objection to Chen Feng and others riding on their backs.

It was completely convinced by Chen Feng.

When Chen Feng was riding on its back, every time he punched it, he asked if he refused to accept it.

In the first few punches, it was still unconvinced.

But when the seventh punch, it began to beg for mercy.

But Chen Feng did not stop at all.

When it hit the thirteenth punch, it had already screamed and wailed for mercy, only begging this ferocious human warrior to stop, it was willing to pay any price.

Not to mention being ridden, even if it is enslaved for hundreds of years, there is no problem.

As a result, Chen Feng and the others had an extra mount.

I have to say that the ghost wolf is really an extremely qualified mount, and it flies very securely.

Foot in the void, and most importantly, extremely fast.

Chen Feng estimated that within ten days or so, they should be able to reach the valley of dead silence.

And now, there are still two months left before the time limit given to everyone by the woman in the red dress.

However, the Tiancun Beast Slave did not accept this ghost wolf as his summoning object.

Although his summoning power is strong, he can only summon an ancient underworld beast when he comes to the deserted ancient ruins this time.

Although this ghost wolf is not bad, it is obviously far from the level required by him and Chen Feng.

As for Li Hongyun, Chen Feng did not take him there.

Instead, after talking to him in detail for an hour, leave him there.

Chen Feng wants to send him to do something.

Chen Feng is making arrangements quietly, and Li Hongyun is a very important chess piece in his hand.

Of course, before Chen Feng released Li Hongyun, he also left some means in him.

If Li Hongyun had different intentions, then he would die soon.

The ghostly wolf is extremely fast, even beyond Chen Feng's expectations.

But after eight days, he has already come to the outside of the valley of death.

After these eight days of cultivation, Chen Feng's strength has also recovered slightly.

From the previous strength that did not save one in ten, he recovered to about 20% of the strength of the peak period.

Looking at the valley of dead silence in the distance, Chen Feng sketched a wry smile: "Sure enough, it is too slow to recover without the pill."

"If this continues, it will take me two or three months to recover, and it will be too late."

Everyone entered the valley of dead silence and went all the way forward.

In the endless mist around, the silhouettes of huge trees like huge mountains appeared from time to time, which aroused Han Yuer and Qingqiu's light and amazed.

In the past few days, they have also adapted to the environment of the deserted ancient ruins.

At this time, the valley of dead silence, next to the black market.

Among a giant tree.

Inside the warm and dry tree hole, a girl in a red dress was lying there slumbering.

She slept extremely sweetly, and there was even a slight snoring sound.

The posture is extremely indecent.

She seemed to feel a little uncomfortable in this posture. She turned over and gently wiped the saliva from her mouth by the way, and continued to fall asleep.

At the entrance of the tree hole, a huge red bird is standing there on one leg.

The long and sharp beak was like a knife, combing his hair.

Although its hair is very neat, and it looks very sharp and hard, like the finest red jade!

It was in the afternoon.

Although there is no sun in the Valley of Dead Silence, the people sleeping in the tree hole and the sacred bird relaxing at the door make people feel that this is a pleasant and pleasant afternoon.

Beside, Mei Wuxia looked at the girl in the red dress, and then at the red bird at the door, with a wry smile at the corner of her mouth.

She sighed faintly, especially when she looked at the girl in the red dress, it was full of wonder and envy.

She and the girl in the red dress have been getting along for a long time.

She even knows what this person grows on: sleep!

Yes, just sleep!

She doesn't do anything or practice every day, just sleep.

#### [Chapter 4512: Snake seventeen](#)

Then his strength grew, and he was so scary at a young age!

"This kind of talent is really crushed!"

Mei Wuxia shook his head helplessly, and looked out for a long time while holding his head in both hands.

After that, he took out a roll of parchment and looked at it carefully.

It was written with all kinds of crooked fonts, and there were blood stains that had turned dark red.

There are also many messy symbolic routes, etc., which seem to be explaining what kind of organization is.

This is the detailed explanation of the mechanism in the cave house left by her ancestor.

But she got it after entering the deserted ancient ruins.

Mei Wuxia didn't have much to do now, so she thought that after cracking it first, she would be less dangerous if she entered inside.

In the past few days here, she has almost cracked it.

And at this moment, suddenly, the girl in the red skirt sat upright with a whimper.

Her eyes were still a little blurred and she had no focus.

And that nose sniffed in the air, and said softly: "Chen Feng is here."

"what?"

Hearing these words, Mei Wuxia was suddenly surprised: "Brother Chen Feng is here?"

She has no doubt what the woman in the red dress said.

The woman in the red dress nodded, her confusion disappeared quietly in her eyes.

A smile appeared at the corner of his mouth: "I can smell his breath."

It took another day or two.

Chen Feng and others were able to see the outline of the tall ruined city wall from a distance.

Just know that it is getting closer and closer to the black market!

Chen Feng's heart suddenly became abnormal: "I, Chen Feng, are back."

But this time, it was completely different from the last time I was ignorant of breaking into this place.

This time, he came at the invitation of the woman in the red skirt.

And will follow in the footsteps of the woman in the red skirt, to the core of the entire deserted ruins.

Go to the top of the sky, to understand the core of this barren ancient ruin, and also the greatest secret!

This secret can even make him thoroughly understand the doubts of Dragon Vein Continent.

It is even more able to make Chen Feng extremely clear about the future.

For him, it is of great significance.

However, just when he was about to approach the wall.

Chen Feng's expression suddenly changed.

It turned out that he felt that a puff of anger in his body was quietly leaking out.

That's right, this breath just escapes outward.

This seemed to belong to Chen Feng's power, something on his body, or the breath from his body.

This breath, which was originally contained but not exposed, was locked around Chen Feng and would not be easily leaked.

But at this time, for some reason, it was directly leaked out.

Chen Feng was surprised: "Why is this?"

Moreover, Chen Feng immediately sensed the aura that leaked out.

It was the breath of the five-star martial emperor's reincarnation jade that he had obtained in the black market before!

"Why does the breath of reincarnation jade brand suddenly appear?"

Chen Feng suddenly felt something.

Suddenly looked up!

I saw that there were seven more nails on the wall.

Each nail is three feet long, and the whole body is scarlet.

Exuding a strong and disgusting smell of blood, countless runes flashed quietly on it.

A scarlet light surged, lingering out, vaguely covering Chen Feng.

The breath of Chen Feng's body leaked because of the seven scarlet nails.

The next moment, a sharp voice suddenly sounded from the depths of the mist.

There was unspeakable ecstasy: "I found you, I found your breath!"

"Gluck, I found your breath!"

The voice was misty and faint, coming from nowhere.

But every word spoken is a bit clearer.

Obviously, this sound-producing thing is coming forward at an extremely fast speed.

The next moment, a blood-red figure appeared in front of Chen Feng and others.

When everyone saw it, their pupils suddenly shrank.

This is a person, or to be precise, this is a humanoid monster.

It is about three meters in height, and it wears a scarlet cloak, which wraps his body tightly.

And his body is strangely twisted, thin and long.

It feels as if the body is cut into several pieces, then joined together, and then stretched.

He wears a red mask on his face, covering most of his face.

Only a chin and scarlet lips were exposed.

There was a scarlet stain on his lips, as if he had just drunk blood.

And that chin was completely black, with countless white patterns naturally growing on it.

If you take a closer look, you will suddenly find that the white pattern is actually composed of snow-white skeletons, ghosts, dead souls, corpses, etc...!

The magic lines that naturally grow on his skin are actually made up of these things, which shows the strange origins.

And he actually gave birth to four eyes, two high and two low.

The high one is above the forehead and the low one is in the normal position of the eyes.

At this time, the two eyes above the forehead were closed tightly, and the other two eyes were open.

The scarlet eyes were full of cruelty and ecstasy, and the eyes fell on Chen Feng.

His gaze made Chen Feng feel extremely uncomfortable.

It's like a cat examining a group of mice and deciding which rat to eat today.

"It turns out that what our boss wants is for you!"

The blood-red monster spoke slowly.

In the voice, there was a slight noise, like a poisonous snake vomiting, which made people very uncomfortable.

Chen Feng slowly said, "Who are you?"

The blood-red monster hissed: "You can call me Snake Seventeen."

Chen Feng saw that every time he opened his mouth, scarlet mist spurted out of his mouth as he spoke.

And in the scarlet mist, there were bursts of screaming ghosts constantly coming.

When Chen Feng looked carefully, his pupils suddenly shrank, and his body became cold.

It turns out that in the scarlet mist, there are actually many unidentified souls, skeletons, dead souls and so on...

Chen Feng could not see his strength, but he intuitively felt that the strength of this snake seventeen was extremely terrifying!

His breath is dark and unpredictable, seemingly imaginary and real, if there is nothing, it is impossible to figure out.

"Okay, kid."

Snake Seventeen said: "Take out the thing that the boss wants, and then I will let you die a little bit easier, or else..."

"Well....."

He made a thoughtful look and rolled his eyes: "Just let you be tortured in my red purgatory \*\*\*\* for 30 days."

It seemed that he had said that Chen Feng was only tortured for 30 days. This sentence was like giving Chen Feng a great favor!

Chen Feng could feel an extreme danger from Snake Seventeen.

But he did not panic, the more panic at this time, the faster he died.

[Chapter 4513: Very weird! Very powerful!](#)

Chen Feng's heart was turning, but his face remained unchanged, and he said calmly: "I want to see how you tortured me."

Snake Seventeen laughed, laughing like Ye Xiao screamed.

"The first time I heard, someone had such a request."

"Okay, then I will let you see and see."

Having said that, he breathed out softly.

That's right, just a breath.

But there was an extremely strange emotion in everyone's hearts.

It seemed as if a gust of murky wind had passed by, as if everyone were landing in the abyss of hell.

In an instant, countless ghastly ghost calls, ghost cry and ghost cry!

Chen Feng clearly saw that as he opened his mouth to exhale, a red mist spurted out.

And in the red mist, it seemed that a \*\*\*\* was hidden.

It seems to be divided into many layers, layer upon layer, each layer has countless prisons.

In each prison, countless evil spirits were imprisoned.

The red mist is like an entrance to hell.

It seems infinite inside!

There are countless ghosts and ghosts inside!

Seeing the shocked expressions on everyone's faces, Snake Seventeen seemed very proud.

He shook his head and said with disdain: "A group of unseen people from the lower realms, forgive you for not knowing what this is!"

Snake Seventeen had a sharp voice: "Also, let me tell you untouchables from the lower realms."

"My blood, my name is Tungui Yasha."

"As the name suggests, we specialize in eating ghosts!"

When he said this, his face was distorted.

Looking at Chen Feng, an extremely terrifying smile appeared: "After I eat this ghost, I will imprison them in the \*\*\*\* of red purgatory."

"As long as those who enter this place, if I don't let them out, they will always be inside."

"The pain is extreme, do you understand?"

He pointed to Chen Feng: "You just asked me a few more words."

"So, I decided to keep you in it for another twenty years!"

The next moment, he stopped talking nonsense, and said sharply: "Now, let me take your lives!"

"Get back the treasure that Big Brother wanted!"

He stepped forward slowly.

The aura on his body suddenly became extremely terrifying.

In an instant, he reached the realm of the Eight-Star Martial Emperor!

Eight-star Emperor Wu!

He is already on par with Xiahou Jiuyuan, the most powerful person on the face of the Dragon Vein Continent!

This snake seventeen is so terrifying!

"Listen to him, he is also from the top of the sky!"

"Could it be that someone who comes out of the top of the sky is so powerful?"

Chen Feng's eyes flashed like flames, but he was not afraid.

In the next moment, he is ready to work hard!

However, Chen Feng's expression changed in an instant!

It turned out that he found that he could not move anymore!

That's right, I just froze there, unable to move!

It's as if, I don't know when, I was already sealed by this snake 17!

Completely solidified, you can't move it!

Facing the Snake Seventeen who had been killed, he could only wait to die!

Not only him, but behind him, Han Yuer, Qingqiu Yaoguang, and Tianchou beast slaves are all like this!

Like four clay puppets, they can't move!

Snake Seventeen giggled: "I found myself unable to move, right?"

"Hahaha, yes, I did it!"

"You untouchables from the lower realms, how do you know what kind of methods these people on top of our sky use?"

He tutted twice: "I think about it now, it seems that something is making a fuss. When dealing with ants from the lower realms like you, why use this ability?"

He sighed faintly, and seemed to be a little dissatisfied with himself: "The boss said that the biggest advantage of me as a person is to be cautious."

"Even if you are dealing with ignorant untouchables from the lower realms like you, you may not know anything about our methods."

"But I will do my best!"

"Okay, just behave! Waiting for me to take your lives!"

Chen Feng was shocked to the extreme: "What kind of terrifying power does this snake seventeen have? How weird is it?"

"While silently, did you seal my wait?"

"When I face him, I don't even have the ability to move? I can only wait for death? Can I only wait for death?"

However, Chen Feng did not panic.

He frantically tested all his abilities.

Donkey Kong Arhat's immortal body is useless!

Thirteen big stars in the body are useless!

Heaven and earth repeated reincarnation magic, it's useless!

All means are useless!

Snake Seventeen, Yinyin suddenly said: "I've decided, kid, I won't kill you!"

He pointed to Chen Feng and said, "I will not kill you first, I will kill all the people behind you first!"

"I will kill them in front of you!"

"They should all be your closest relatives, right?"

"How about this feeling of being powerless while watching someone close to you be tortured?"

"Isn't it cool? Hahahaha..."

He laughed wildly, his face twisted.

Then, he went to Han Yu'er three people!

It was actually prepared to kill them first, then Chen Feng!

This made Chen Feng's heart anxious to the extreme!

Chen Feng has never encountered such an opponent! There has never been such a strong emotion!

Even in the empty passage at that time, he was broken by the great demon, and he might fall into the turbulent flow of time and space, and when he drifted to death, his body could still move.

Even when facing Xiahou Jiuyuan, he was not so helpless to fight back, it was difficult to even move!

Chen Feng felt that from the soul to the body, everything was frozen!

This kind of extreme despair is even stronger than what he encountered in the tunnel a while ago!

This made Chen Feng extremely depressed!

The irritability is extreme!

The resentment is extreme!

He can't wait to scream crazy and smash everything in front of him!

But now, for Chen Feng, even yelling has become a luxury!

He can't even roar!

Facing this unprecedented, powerful and weird enemy, it also made Chen Feng's desire to become stronger, to an extreme!

Snake Seventeen, getting closer and closer to Han Yuer and others.

Chen Feng felt that his own rescue was about to explode!

But at this moment, I seemed to feel the madness in Chen Feng's heart, the extreme madness, the extreme anger, and the extreme depression!

In Chen Feng's mind, the spiritual world burst out!

The golden spiritual power swept wildly!

In the depths of the soul, there was a slight, crackling sound!

The sound was extremely slight.

But it fell in Chen Feng's ears, no, to be precise, fell in the perception of his soul!

Because this is the cracking sound that sounded directly at the soul level!

This voice is like a natural sound!

At the next moment, Chen Feng discovered that the rupture began to spread!

[Chapter 4514: Fairy Yuheng](#)

The confinement of his body, the body and soul that seemed to be frozen in ice, seemed to suddenly loosen!

In an instant, Chen Feng didn't know when his body and soul were sealed by Snake Seventeen, and that seal began to melt and dissolve!

Chen Feng is ecstatic!

He felt his power begin to work quietly.

The thirteen stars began to light up slowly.

That's right, Chen Feng is ready to use the power of thirteen stars again!

Even if he just used it a few days ago!

Now, there is no ability to use this power at all!

But Chen Feng still has to use it!

He knew very well that if he used it again, he might not even be able to recover within six months, and one or two stars would disappear completely!

Even, he may die directly!

But Chen Feng has no hesitation!

"I can die here today!"

"But Senior Sister, Shao Guang, and Tianchou Beast Slave, I can't let them die here!"

"I brought them here! I will send them away!"

Chen Feng, ready to fight the snake seventeen desperately!

He is going to work hard!

Even if Chen Feng knew that he was not the opponent of Snake Seventeen at all, he decided to go desperately!

At this time, Snake Seventeen still didn't realize it.

Chen Feng's thoughts teleported: "At that moment, I wanted to use heaven and earth to reincarnate magically!"

"In an instant, control his spirit and read his memory!"

"He has the strength of the Eight-Star Martial Emperor, and may not be able to read the memory successfully, but even this is enough to make him lose consciousness in an instant!"

"With this moment of effort, you can pour out 390 billion catties!"

"At least, you can force him back!"

Then, is the last step!

"Throw the three senior sisters on the ghost wolf, let them enter the black market!"

"As long as you find the mysterious woman in red dress, you will be safe!"

Chen Feng can't take care of his own safety!

Chen Feng's body strength swelled, thirteen big stars lit up, golden spiritual power surged, and the heaven and earth reincarnation magic power was triggered!

And Snake Seventeen was getting closer and closer to him, within reach.

Seeing the next moment, Chen Feng will fight Snake Seventeen!

Even if it is not his opponent. It can also make him pay a very heavy price.

Let him know that Chen Feng is definitely not someone who can humiliate him!

But at this moment, suddenly, the void in front of everyone fluctuates.

Then, two Qianqianyu hands stretched out, actually tore the void directly.

Then, two women walked out from inside.

One was dressed in a Lie Lie red dress, and his skin was as white as snow, bright and charming, but decent.

The other was dressed plain white, charming and cute.

It is the woman in the red dress and Mei Wuxia.

Seeing Chen Feng and others, Mei Wuxia was extremely happy, and cheered: "Brother Chen Feng!"

He threw directly into Chen Feng's arms.

The woman in the red dress glanced over Chen Feng, her eyes showed a hint of palpitations.

Then, he quietly concealed this emotion.

After that, her gaze flicked past the Heavenly Canal Beast Slave.

Suddenly, there was a burst of surprise in his eyes, and there was a sense of shock in his heart.

"Chen Feng, it really didn't disappoint me, it was enough to surprise me!"

"And the person behind him, it seems, even seems to have an extremely mysterious origin!"

"Counting Mei Wuxia, who is deeply connected to the top of the sky, there are so many special people around Chen Feng?"

However, she did not express this emotion.

At the next moment, her eyes turned cold, and she looked at Snake Seventeen, with a slight expression of sarcasm:

"I said, why do you smell a \*\*\*\* smell so far away?"

"It turns out that you are the dog here!"

After Snake Seventeen saw the woman in the red dress, she instantly lost her prestige.

His expression was a little stiff, and after a while, he laughed: "It turned out to be Fairy Yuheng, I didn't expect you to be here."

It turned out that the woman in the red dress was named Yuheng Fairy.

Mei Wuxia was stunned for a moment, and said in her heart: "This name is so nice!"

She also knew the name of a woman in a red dress for the first time.

"I didn't expect me to be here?"

"Every time I come to the ancient ruins, I live here, how many people on the top of the sky don't know?"

"You came to my place to kill, why?"

Fairy Yuheng's pretty face is cold: "You can't find death?"

"It turns out that this girl is called Fairy Yuheng."

This is the first time Chen Feng has really seen a woman in a red dress.

Seeing the scene at this time, Chen Feng also jumped in his heart.

Snake Seventeen, the strength is so terrifying, when facing Fairy Yuheng, he obviously didn't dare to fight hard.

He didn't even dare to say a few hard words.

"What kind of realm has this fairy Yuheng's strength reached?"

Chen Feng discovered that these people seemed to be more powerful than he could imagine!

Snake Seventeen laughed dryly: "Isn't this, our boss, the treasure prepared for his brother was lost on the black market?"

"I found it all the way."

"It turned out that the shop in the Lost Lands has been flattened by someone."

"After I go back, it's not easy to deal with each other!"

He pointed to Chen Feng: "As a result, who would have thought that the treasure would fall into his hands."

"This, with a moment of excitement, I will start working on your site!"

That treasure is naturally a jade card of reincarnation.

Chen Feng was very clear.

He wondered: "What exactly is this jade card of reincarnation?"

"This Snake Seventeen, the strength is already so strong, how powerful is his boss in the Eight-Star Martial Emperor Realm?"

"Jiuxing Wudi? Or is it completely beyond the realm of Jiuxing Wudi?"

"His boss is so fond of the jade medal of reincarnation, what is the magic of this treasure?"

Snake Seventeen smiled all over his face at this time.

However, he was not too afraid.

Obviously, he was afraid that Fairy Yuheng was true, but he was sure that Fairy Yuheng would not dare to kill himself easily.

Fairy Yuheng glanced at Chen Feng, and said simply, "He will be ours in the future."

"Your people?"

When Snake Seventeen heard it, his eyes instantly chilled, and his face became ugly.

He knew that it would never be possible to kill Chen Feng today.

Looking up and down Chen Feng, Snake Seventeen thoughtfully.

Fairy Yuheng stretched out three fingers, looked at Snake Seventeen, and smiled slightly: "If I count three times, you won't disappear from me."

"Today, I can't leave."

The smile on Snake Seventeen's face was stiff, and then there was a pile of smiles:

"I know that at our level of power, Fairy Yuheng claims to control time and space."

"The grasp of time and space, no one can compare to you!"

"You said this..."

He covered his mouth and giggled, full of feminine meaning: "I believe it!"

The laughter was unspeakably creamy.

After listening to it, it made people feel that there seemed to be a poisonous snake crawling over on the skin, unspeakably uncomfortable.

Fairy Yuheng raised a finger: "One!"

[Chapter 4515: Today's shame will be repaid ten times!](#)

"I'm leaving now, now I'm leaving!"

Snake Seventeen giggled and took a deep breath. Suddenly, the scarlet mist that resembled the entrance of \*\*\*\* was all sucked back by him.

Then, he glanced back at Chen Feng.

The eyes are full of insidious and devouring desires.

It's not so much hatred, not so much hatred, or even no such two emotions at all.

Yes, it's just vicious, and the desire to swallow!

I can't wait to bite Chen Feng down.

Obviously, for him, he didn't regard Chen Feng as an opponent at his level, but regarded him as a prey!

That's it!

His voice came out softly and softly: "Boy, when I see you next time, you will be dead!"

Fairy Yuheng looked cold.

Snake Seventeen laughed and waved his hand quickly: "I'm going, now I'm going."

After all, a scarlet mist quietly spread.

His figure disappeared instantly, and he didn't know how to leave.

As he left, everyone's stiff bodies returned to normal.

Han Yu'er and Qingqiu shake light, both of them have lingering fears.

The Celestial Beast Slave also said in shock: "Brother, that person is too strong!"

"Unconsciously controlled me, I can't break through the sky without knowing how many ways!"

He looked at Fairy Yuheng again and found that she was stronger than Snake Seventeen, and whispered: "Are the people in this place so powerful?"

Fairy Yuheng giggled when he heard the words.

She looked at everyone: "You all know what my name is? You can call me Yuheng."

At this time, Chen Feng raised his head silently.

His expression was faint, and he could even be said to have no emotion.

However, in those eyes, there seemed to be a raging flame burning, capable of burning everything!

"Snake Seventeen!"

"Thank you for the insult to me today!"

"Thank you for today, I can't even use my hands!"

"Solving you today makes me extremely desperate!"

"I also thank you for today, let me know what it's like to close my eyes and wait for death!"

In Chen Feng's heart, a voice resounded crazily!

"In order to express my gratitude, I will kill you myself!"

"Today's insult, ten times to pay back!"

In his heart, the flame has been burning to the extreme, as if it could burn everything down!

"Snake Seventeen, you must die!"

Chen Feng stared at the back of Snake Seventeen's departure, the flame in his eyes burned, and the killing intent rose in his heart!

He hasn't had such a killing intent for a long time!

What Snake Seventeen did today made Chen Feng's sense of despair that he could only close his eyes and wait for death. It was so intense!

However, Chen Feng even thanked Snake Seventeen!

While in the time tunnel, the mighty attack standing behind Chu Shaoyang was strong enough, but it was from the side.

I want to let them die by breaking the tunnel of time and space.

It's not so direct, it's illusory, and it doesn't show the unrivaled and powerful crushing!

But Snake Seventeen is different this time.

Let's be naked, and easily crush Chen Feng and others!

It is to use that tyrannical realm and powerful and strange ability to forcefully crush!

Chen Feng is extremely grateful to Snake Seventeen and the scene that just happened!

"All this makes me stronger and stronger!"

"Then, step you under your feet!"

"Snake Seventeen, I will thank you so much!"

It seemed to see the raging fire of revenge in Chen Feng's eyes.

Fairy Yuheng whispered beside him, "Do you want to kill him?"

Chen Feng spit out a word: "Yes!"

"Unfortunately, you can't kill now."

Chen Feng uttered another word: "Yes!"

"His name is Snake Seventeen. You will know his origin in the future."

"I only tell you now."

Chen Feng turned to look at her, with a calm expression.

Fairy Yuheng said lightly: "If he is converted into your Dragon Vein Continent, he should be in the realm of Emperor Wudi of Eight Stars."

"Furthermore, he was born on the top of the sky after all, and his various magical methods are infinite, absolutely better than the Eight-Star Martial Emperor of your Dragon Vein Mainland.

"If you meet him again, it's really bad luck."

Chen Feng nodded, knowing that Fairy Yuheng was telling the truth.

"But looking like this, you not only want to meet him, but you also want to kill him."

Fairy Yuheng looked at Chen Feng: "This is a very important reason why I admire you!"

"When you encounter a strong enemy, don't hide or be afraid, but want to kill it!"

"Your state of mind is invincible!"

Chen Feng sighed softly: "Unfortunately, many times, if you have a state of mind, you must have strength!"

"This force, you will have it!"

Fairy Yuheng's voice suddenly rose.

She looked at Chen Feng with an unpredictable expression: "He has several mysterious and unpredictable abilities!"

"And if you want to deal with him, the first thing you need to solve at least is his ability to imprison your soul and body together!"

Fairy Yuheng raised an eyebrow and looked at Chen Feng: "Can you solve it?"

Chen Feng thought for a moment: "It's difficult."

If you use the heaven and earth to repeat the reincarnation magic as soon as you come up, there is a glimmer of hope that you can deal with the seventeen snakes.

However, with the strength of the snake seventeen and the strength of its soul, it is still unknown how great the repetitive reincarnation of heaven and earth can play when the soul is not damaged.

Fairy Yuheng smiled: "Chen Feng, you should be curious about the ability that Snake Seventeen has sealed you?"

Chen Feng nodded.

Fairy Yuheng smiled and looked at Chen Feng: "I don't know his ability."

"It's not because I can't learn it, but because it doesn't suit me, and it's not very useful to me."

"but....."

Her voice paused slightly: "If you want to learn, go to the top of the sky, I can spend some money, you can learn it in about three or five hours."

She said very lightly.

It's as if what she promised Chen Feng was not an extremely terrifying and powerful ability, but just picked up a clod of soil from the side of the road and broke a willow branch from the tree!

It's that simple!

"what?"

This made Chen Feng totally unbelievable!

He couldn't know how strong this ability was.

Quietly, when I am unaware, I will seal my body and soul together!

This terrifying ability, if it is a martial skill, I am afraid it has reached the category of barren rank eighth rank or higher!

Chen Feng estimated that it is even possible to reach the 9th-Rank Desolate Grade or even higher!

Fairy Yuheng said so easily, as if he could get it if he wanted it.

Even this ability can be obtained by itself, and can be controlled within three or five hours!

"Why is she so sure?"

If you can get this ability, Chen Feng can still understand it.

After all, if this ability is a martial skill or cultivation technique, it is possible that Fairy Yuheng can pass it on to himself.

#### [Chapter 4516: Gourmet](#)

But how could it be possible to learn in three or five hours?

How difficult is this level of martial arts to cultivate?

Chen Feng estimated that even with his talent, he would have to practice for three to five months!

Seeing Chen Feng's doubts, Fairy Yuheng didn't explain much. He smiled and said, "Everyone, come on!"

After all, just swipe in the air.

Just draw a huge circle.

Then, in the circle, black, white and gray light flashed, and a space-time tunnel was directly formed.

Fairy Yuheng led everyone into it.

Feeling rushing around the world.

In the next moment, they already appeared in a tree hole.

Han Yu'er, Qingqiu Yaoguang, and Heavenly Remnant Beast Slaves all felt like a dream in front of them.

Since coming to this black market, I have seen Snake Seventeen and the horror of Fairy Yuheng, and I have already adapted to their methods.

The feeling in their hearts at this time can only be described in two words: magic.

"in fact....."

Fairy Yuheng clapped her hands, looked at the crowd, smiled and said: "With my vigorous temperament, since I have received Chen Feng now."

"Then, naturally, he will immediately take him to the top of the sky."

"The reason I chose to bring you here is because..."

Her eyes fell on Han Yuer and Qingqiu Yaoguang.

If Chen Feng felt something, he understood what she meant.

"Do you want to leave Senior Sister and Yao Guang here?"

"Yes."

Fairy Yuheng said in a deep voice: "The danger of the top of the sky is self-evident."

"I'll be honest, it's nothing like my strength."

"Not to mention, not everyone can enter the top of the sky, if someone who is not qualified to go there, he will definitely die!"

"You and the Celestial Remnant Beast Slave are of the kind of physique that I can tell my talent at a glance. Naturally there is no problem with you two."

"And Mei Wuxia..."

She pointed to Mei Wuxia:

"In these days of getting along, I also found that he has a lot of potential in him."

"What's more, she has a chance at the top of the sky."

"However, if Han Yu'er and Qingqiu shake light where they go, they really don't know how to die..."

She shook her head and said, "At that time, I will not be able to save them."

When Chen Feng heard this, he was shocked.

What Fairy Yuheng said was the truth!

Before Chen Feng could speak, Han Yuer said, "Junior Brother, Fairy Yuheng is right. Go ahead, and the two of us will stay here."

"It must be extremely safe here."

Qingqiu shook his head and nodded again and again.

Fairy Yuheng smiled and said, "How about being extremely safe?"

She waved her hand, and the walls of the tree hole began to collapse and retreat.

In an instant, it has become a huge cave with a radius of several kilometers.

A stretch of palace also appeared inside, and flowers and grasses surrounded it.

There are dingdongs of water, surrounded by streams, and even a small waterfall.

Like a peach in the mountains, a fairyland on earth.

Fairy Yuheng pointed to the fruits on the trees and the streams of Dingdong: "These waters, these fruits, are the essence of this 600,000-year-old giant tree, condensed."

"Eat whatever you want, you can increase your skill and improve your cultivation."

"I estimate that if you two stay here for about three months, your cultivation base will be able to improve at least two great realms!"

"How much depends on your talent."

Han Yuer smiled: "This is even better, thank you Fairy."

She looked at Chen Feng: "Junior Brother, you can go. It just happened that Yao Guang and I didn't want to fight for life."

"Just live a little life leisurely here."

Chen Feng nodded, did not say much, just stepped forward and hugged the two tightly into his arms.

He naturally knew that Han Yuer said this to relieve herself.

With Han Yuer's head buried in his arms, Chen Feng instantly felt that the shirt on his chest was wet.

The Tiancun Beast Slave suddenly asked, "Fairy, can't you travel through time and space at will?"

No matter what Snake Seventeen said before, it was still the method that Fairy Yuheng had just revealed, or even the letter she passed to everyone before.

It is all revealed that she has deep attainments in the realm of time and space.

"In that case..."

Tiancun Beast Slave learned the appearance of Fairy Yuheng:

"If you draw a circle in the air, won't we be able to reach the top of the sky? What do we need to do so hard?"

Fairy Yuheng chuckled suddenly and flicked his head on the head of the Tiancun Beast Slave.

"You little brother, it's too simple to think."

"At the top of the sky, within a million miles, no one is allowed to use space spells."

Mei Wuxia asked curiously: "What will happen to those who use it?"

The smile on Fairy Yuheng's face narrowed, and she slowly spit out two words: "Erase!"

"Destroy!"

These two words smashed everyone's heart, making everyone's heart tremble.

In the seemingly simple two words, there is a sense of infinite cruelty hidden.

This is to directly let those who dare to violate it directly die!

The Heavenly Remnant Beast Slave exclaimed: "With a radius of a million miles, so big, can the top of the sky be managed?"

"Don't say that the radius is a million miles, and then 10,000 times larger, the top of the sky can also be managed."

Fairy Yuheng's smile narrowed.

It seemed that when she talked about topics related to the top of the sky, she changed her appearance.

Everyone took a breath, and became more curious and awe at the top of the sky.

"It's not too late, let's set off later."

Fairy Yuheng said: "But..."

She covered her lips and smiled like a proud little fox: "You have to eat first, the sky is big, the food is the most full!"

The thick fog outside was still heavy, and it was even more stained with black.

Obviously night has risen, and it's gloomy.

Inside the palace in the huge tree, beside the stream.

A bonfire has been lit.

Fairy Yuheng waved his hand, and suddenly there were dozens of monsters that were as big as wild boars appeared out of thin air, still groaning.

With another wave, these monster beasts have been killed and put on the branches.

Everyone was stunned. Can this ancient Ming beast in the wild ruins eat it?

Fairy Yuheng smiled and said, "These are not Gu Ming beasts, but monsters I raised myself."

"and....."

She added: "I brought it back from another little thousand world."

"The Little Thousand World is very weak, but the monster beast produced in it is very delicious."

"Sixteen years ago, I went to the Little Thousand World to complete a mission. I ate it once in a while, but I can't forget it. But this kind of monster can't survive in other worlds!"

She chuckled, "I'll just go there every three and a half, and grab a few and eat!"

The more she talked, the more excited she got, gearing up, looking like she couldn't wait, and her saliva almost flowed down.

[Chapter 4517: The strange dragon continent!](#)

"You guys taste it later, this guy is so delicious that people can't wait to swallow it with their tongue!"

Everyone looked at each other.

"In order to have a delicious bite, go directly to another world at every turn? Traveling through time and space to another world?"

"What cultivation level is this? What realm is this?"

It has exceeded everyone's imagination.

And at this time, her image was far from the powerful and invincible appearance in the chat and laugh before.

Mei Wuxia chuckled her lips and said, "After a long time, you will know."

"Our eldest sister, in addition to eating and sleeping every day, this meal time is a rare time for her to enjoy."

Fairy Yuheng laughed and did not answer.

As soon as he stretched out his hand, he tore off the greasy and cracked hind legs, and feasted on them.

However, even if she is so eager, she still gives people a very elegant and beautiful feeling.

Everyone also started to eat.

After an hour, Chen Feng had seen the appetite of Fairy Yuheng.

This monster beast, which looks like a wild boar, has one or two hundred catties of meat for every head.

Together, they ate more than fifty heads.

Fairy Yuheng alone ate as many as thirty.

Finally, Fairy Yuheng patted his stomach and hiccuped, still intently still in his eyes.

"Eating is seventy percent full."

"Forget it, don't eat so much for now. Anyway, I will be back to the top of the sky tomorrow. There will be more delicious food there. Save some stomach for tomorrow."

After that, he got up and stretched.

"Hey, do you know! In fact, what makes me most happy about entering the top of the sky is not the increase in strength, nor the infinite possibilities for the future!"

"But!"

She looked serious and said: "I can eat delicious food from all over the world!"

Everyone smiled.

"You're all full, right? Then let's go?"

Fairy Yuheng waved his hand and called the red condor.

She pointed to the red condor: "This is the streamer red golden crane."

After that, he patted the neck of the streamer Chi Jinhe: "Sister He, this way is up to you."

Streaming Chi Jinhe raised his neck proudly, and lowered his head to trim Ricoh's feathers.

The group went up to the streamer red golden crane, and Chen Feng, Han Yuer, and Qingqiu had a goodbye.

Then, the streamer red golden crane swiftly left the palace in the tree.

Turning around in this mist, he hurried outward.

But in half an hour, this misty area was out.

Chen Feng was shocked secretly in his heart.

After the Shadow Giant Wolf entered, at least one or two days of walking, and she only spent half an hour, which means that her speed is at least dozens of times or even nearly a hundred times faster than the Shadow Giant Wolf.

Moreover, even though the streamer red golden crane is extremely fast, the feathers on the surface of its body form a very mysterious arc when it is flying.

Everyone felt no cold at all.

The upper part is also extremely spacious, and Fairy Yuheng leaned there, lying lazily, without any demeanor at all.

At the same time, she did not know where to turn out a lot of food, lying there to feast.

Looking at the three of Chen Feng, they suddenly said: "Speaking of which, in the Dragon Vein Continent, it should have been only a few people who have entered the top of the sky."

"At least, not in nearly 100,000 years."

Chen Feng asked: "Why?"

"Very simple."

Fairy Yuheng shrugged: "Anyone who can enter the top of the sky and come out smoothly."

"In your Dragon Vein Continent, you can definitely be regarded as the top talent. It is impossible not to leave any traces."

She said it for granted, and Chen Feng and others agreed.

Entering the top of the sky is equivalent to entering a new world.

Going back to the Dragon Vessel Continent, it really is like scorning the world.

Fairy Yuheng seemed to be interested, and then said, "You should also know that the Dragon Vein Continent is just a small thousand world."

"Three thousand small thousand worlds belong to one middle thousand world."

"Three thousand in a thousand worlds, it is another big thousand world."

"The majority of the people on the top of the sky are from the middle-thousand worlds, and there are very few people from the small-thousand worlds like you."

"After all, the bigger the world, the more geniuses, and the higher the starting point of cultivation."

"The resources for cultivation are more abundant. The upper limit of cultivation is also higher."

"The chance of coming here is also greater. You will know how difficult it is to enter the top of the sky in a few days!"

His words shocked everyone, as if opening a new world.

They had never touched these things before.

"It turns out that our Dragon Vein Continent is just a small thousand world, and only three thousand small thousand worlds belong to a middle thousand world!"

"It's just that we have never seen the people in the world!"

Everyone was fascinated by it, and Chen Feng was also interested.

He knows more or less because of the many reasons he has experienced, but what he knows is not so detailed at all.

Having said this, Fairy Yuheng covered her mouth and smiled embarrassedly:

"It's my old tune again. Someone should tell you this passage, and you should know it very clearly."

"what?"

Chen Feng suddenly understood what she meant!

"wrong!"

Chen Feng interrupted her when he stretched out his hand, frowning and said, "Fairy Yuheng, you mean, should I know these things?"

"Or, those top powerhouses in our Dragon Vein Continent should all know?"

"Of course you should all know."

Fairy Yuheng looked at him, very strange:

"When your strength reaches a certain level, the Zhongqian world above you will naturally send people to come and guide you."

"At the same time, I will tell you something about the Middle Thousand World and the Little Thousand World."

"Also, I will teach you some martial arts and martial arts to prepare you for entering the Middle Thousand World!"

She looked like she took it for granted.

It seems that this kind of thing is normal for Zhongqian World and Xiaoqian World.

Chen Feng's heart beat fiercely, and there was an extreme palpitations in his heart!

He felt that he might have discovered some incredible secret!

He stared at Fairy Yuheng, eyes unblinking, and said in a trembling voice: "Fairy Yuheng, are you sure that this will happen when you reach the top position in the world of Xiaoqian?"

"Of course, of course it will be like this!"

"I don't want to hide it from you. I came from a big family in the mid-thousand world, and I was the messenger of our family and went to a small-thousand world."

Fairy Yuheng talked freely:

"At the beginning, our family left several servants in that Little Thousand World. Later, they developed into the most powerful and powerful sect in that Little Thousand World."

#### [Chapter 4518: We were abandoned!](#)

"I went there, just to teach them some secrets of the Middle Thousand Worlds, so as to help them enter the main line of our family!"

When she said this, she seemed to feel that something had been leaked, so she stopped talking.

She also keenly discovered something, staring at Chen Feng, and said in surprise: "Could it be that you haven't touched it?"

"It's not just that I haven't touched?"

"As far as I know, people from the Longmai Continent have never come into contact with the so-called visitors from the middle and thousands of worlds above! Messenger!"

Chen Feng stared at Fairy Yuheng, with agitated expression, and even unspeakable doubts and puzzles:

"You also know what status I am in the Longmai Continent, I am the first person in the young generation in the Longmai Continent!"

"Looking at the entire Dragon Vein Continent, my strength ranks in the top 50 without any problems!"

"But, I grew up so big, there has never been a so-called Chinese from the world!"

"Furthermore, I have never heard from the pinnacle powerhouses of Longmai Continent to mention that there are people from the world!"

When Chen Feng said this, he suddenly shivered, and his whole body was covered with goose bumps!

Although wrapped in feathers, it is quite warm here, but he feels as if he is in an abyss, in the icy ocean!

He felt an indescribable loneliness and cold, and a bit of fear!

"It's like we are in an abandoned corner!"

"We are abandoned!"

Fairy Yuheng's expression changed greatly when she heard this!

"No! Not at all!"

Fairy Yuheng shook his head repeatedly.

She was a little lost and deranged.

"Any Small Thousand World is an extremely precious resource for Zhong Qian World."

She sneered:

"Governing the little thousand world is not a responsibility, but a beautiful job!"

"Do you think that among the warriors, someone will unconditionally support?"

"ridiculous!"

"The major sects of the Zhongqian World will go to extremely fierce competition when they learn that they belong to the Small Thousand World, because doing so is of great benefit!"

"A small world, countless races, billions of warriors, how many top powers can emerge? How many outstanding geniuses can emerge?"

"As long as you can find one or two and introduce them into your own family, then the strength of your own family or sect can be greatly improved!"

After everyone heard it, it was just a surprise.

Fairy Yuheng continued:

"A family, a sect, and the more Little Thousand Worlds it governs, the more chances this family sect will be able to obtain genius!"

"This sect family will become stronger and stronger!"

"From what you said, the Dragon Vessel Continent is also a rather powerful little thousand world, capable of springing up outstanding talents like you!"

"How come? It shouldn't be at all!"

She shook her head again and again, looking like she couldn't figure it out: "Any strength will not give up such a small world!"

"Your Dragon Vein Continent, in their eyes, should be a piece of fat that is vying to snatch!"

Fairy Yuheng felt that with his own ability, he could no longer explain this matter.

Chen Feng suddenly remembered something and said softly: "Our Dragon Vein Continent has been exhausted for years!"

"Always drying up?"

Fairy Yuheng shivered and stared at Chen Feng: "Are you sure you are exhausting?"

"Yes, I'm pretty sure."

Chen Feng simply said: "Hundreds of thousands of years ago, millions of years ago, there were often nine-star Wudi level masters who surpassed the nine-star Wudi level."

"However, in the past few hundred thousand years, Jiuxing Wudi level masters have become extremely rare."

"By now, even the Eight-Star Emperor Wu is already the strongest in our Dragon Vein Continent!"

Fairy Yuheng thoughtfully.

After a while, she said slowly.

"Mingming has countless channels connected to the world of the middle thousand and the world of the small thousand."

"And in every channel, there is endless aura and power surging."

"The threads are hard to separate."

"This means that before the Middle Thousand World is exhausted, it is impossible to cut off the aura of the Little Thousand World. If the aura of the Little Thousand World is cut off, there is only one explanation!"

She suddenly raised her head and stared at Chen Feng and others: "I see!"

"The connection between your Dragon Vein Continent and the Middle Thousand Worlds was cut off for some reason!"

Was cut off!

The connection between the two worlds is severed!

Everyone heard goose bumps all over.

"What kind of horror does this have to be? How powerful a person can do this?"

"Cut off the connection between the two worlds!"

Fairy Yuheng also shook his head: "There is only one possibility."[novel.us&.com](http://novel.us&.com)

"But even me, I have never seen such a terrifying power."

Fairy Yuheng frowned and thought, and did not speak any more.

Everyone was silent and quiet, and they were all thoughtful.

For them, this secret is a bit big, and the impact is too rapid.

They didn't even know the existence of Zhongqian World before, nor did they know the connection between Xiaoqian World and Zhongqian World.

Now that I knew it, I discovered that the Dragon Vein Continent is equivalent to an abandoned little thousand world!

In Chen Feng's heart, it was like a stormy sea!

Many previous doubts have now been answered.

"The Dragon Vein Continent is so special."

"No wonder, after I feel that I have reached the limit, no one will guide me. I can't even see the next step."

"It turns out that this is the truth!"

When Chen Feng thought about this, his whole body trembled.

"Dragon Veil Continent, is it an abandoned world?"

"Then we, where is the way forward?"

In his heart, the unspeakable anger is unfair!

Moreover, Chen Feng also thought of the words that Emperor Dongyang told him before he died in the mansion of Emperor Dongyang.

"Don't go outside! Don't go outside!"

It seems that there are endless dangers outside the dragon vein continent!

"Does the current situation of the Dragon Vein Continent have a deep connection with what Dongyang Emperor said?"

Chen Feng had to think so.

He vaguely felt that the connection must be great.

Fairy Yuheng suddenly thought of something, and said in a deep voice: "You guys, don't disclose the situation of the Dragon Vein Continent to anyone, understand?"

There was even a solemn expression on her face: "I mean, no matter how close it is to a friend, how good the relationship is!"

"Even if it's a person who lives in trust, you can't tell!"

Everyone was puzzled, for some reason.

"This, I don't know how to live, you will understand later."

Fairy Yuheng seemed to have something unspeakable, she gave a wry smile: "The temptation of profit is too great."

[Chapter 4519: arrival](#)

"Even, I am a little moved."

Chen Feng's heart suddenly jumped fiercely.

Fairy Yuheng's expression was full of shock at this time, and her confusion and doubts were even more palpating.

Chen Feng had never seen her emotions before.

Fairy Yuheng, who can make the extremely powerful and well-informed, be so awkward, it can be seen that...

Chen Feng suddenly thought of a fact: "The Dragon Vein Continent is a very special existence, and often special existence means some big secrets."

If the situation in the Dragon Vessel Continent were known to others, then there might be a disaster.

Chen Feng nodded: "I'll wait, I won't reveal it, don't worry about that."

"It's just that, will other people from Longmai Continent reveal it?"

"You don't have to worry about this."

Fairy Yuheng smiled and said: "I learned from Mei Wuxia that after your world was called the Longmai Continent, I checked it."

"At the top of the sky, no one seems to come from you in the past 100,000 years."

Chen Feng relaxed a little: "It's better to be so self-conscious."

Chen Feng discovered at this time that he originally wanted to solve a mystery.

Unexpectedly, the mystery was not solved, but more mysteries appeared.

"But, so what?"

At this time, Chen Feng was extremely excited.

The current situation at this time aroused the passionate fighting spirit in his heart.

The kind of aggrievedness that seemed to be abandoned, the entire Dragon Vein Continent seemed to be abandoned, no one responded, no one to provide them with an ascending channel, this kind of aggrieved, made Chen Feng's heart full of resentment, and even more indomitable!

"You don't want us anymore, right?"

"You abandon us, right?"

"Very well, I, the Dragon Vein Continent, this ordinary little thousand world, and people from this abandoned land, I want you to see it!"

"How great your mistake is!"

He now vaguely has a very clear goal.

"I must go to Zhongqian World, and even Daqian World in the future!"

"There is my stage, and there is the world that truly belongs to me!"

As soon as this idea came out, it grew crazy in Chen Feng's heart.

Suddenly it turned into extreme excitement, and Chen Feng suddenly felt that this thought was all in his mind!

Because Chen Feng himself could feel very clearly that he was vaguely about to reach the limit of the Dragon Vein Continent!

The current limit of the Dragon Vein Continent is not even the nine-star Emperor Wu, but the eight-star Emperor Wu!

See you, how long has Xiahou Jiuyuan stopped at Eight-Star Wudi?

Before, Chen Feng was confused about the future.

He didn't know how to improve, he didn't know what the next level was.

Therefore, he desperately searched for all kinds of powerful exercises, desperately trying to untie the Golden Sutra of the Great Bodhisattva Avalokitesvara, in order to help him guide his confusion!

And now, he knows that the world of Zhongqian has an infinitely high new realm, an infinite number of powerhouses, and an infinite broad road!

It was like when Chen Feng found out that he had reached a dead end in his cultivation, and there was no way out!

Suddenly, it became clear!

An extremely spacious and straight avenue appeared!

How does this make him not ecstatic?

It's just that, what to do, what to do... Wait, his eyes are black.

Chen Feng suddenly laughed: "I don't know myself, I can ask Fairy Yuheng!"

Just now, Fairy Yuheng's words revealed her true identity faintly.

She should have been born in a certain time, not a small world.

Chen Feng had always thought that she was born in the world of Xiao Qian.

Unexpectedly, his background was much taller than himself.

However, this did not make Chen Feng feel any inferiority!

When he faced Fairy Yuheng, he was still very peaceful.

Because Chen Feng is sure of one thing: I am definitely not weaker than anyone!

Chen Feng knew that his top priority, or the most important question, was to unlock the core secret of the Dragon Vessel Continent!

He is from the Dragon Vessel Continent.

On that day, Emperor Dongyang had clearly told him!

If he wants to break through the Dragon Vein Continent and go to other worlds, he can only break through the Dragon Vein Continent!

Otherwise, what he earned in the Dragon Vessel Continent these years will be repaid ten times by him!

At that time, facing the entire Dragon Vein Continent, Chen Feng has nothing but a place to die!

Since he wants to break through the void in the Dragon Vein Continent and go to another world, then he must unlock the secrets of the Dragon Vein Continent.

If not, if Dragon Vein Continent is really an abandoned place, where can he go?

Not to mention, the Dragon Vein Continent is so special, if this secret is solved...

I'm afraid the benefits are endless!

"Unlock the core secrets of the Dragon Vessel Continent! Find the Hundred Ghosts Night Walk Soul Calling Scripture! The strength has increased enough to deal with three Seven Star Martial Emperor mid-term powerhouses!"

Chen Feng already clearly knew his three goals for going to the top of the sky!

However, he did not ask, but planned to wait until the top of the sky.

The way forward.

About two days later, an ocean appeared in front of Chen Feng and others.

The entire ocean is filled with dark sea water.

It is no different from what Chen Feng had seen before.

This pitch-black seawater is extremely viscous, like molten metal, which can't make waves at all, but creeps slowly there.

Although slow, it exudes a breath of shock.

There are countless corpses, bones, souls, etc. in the sea, almost endless.

Fairy Yuheng whispered: "This is the endless Dead Sea."

"Cross the endless Dead Sea, not far from the top of the sky."

The streamer red gold crane slowly descended under her control, landing on a cliff on the seashore.

He knocked on the cliff casually.

Suddenly, the cliff split open, and a huge cave appeared inside.

There are palaces all over it, luxurious and beautiful.

It's basically the same as the palace in the tree.

Obviously, this is her other palace.

The stone wall behind him slowly closed.

"Take a rest here today, and leave tomorrow, by the way..."

Her eyes swept back and forth on Chen Feng: "Heal your injuries as well."

Chen Feng's situation is naturally beyond her eyes.

Then, he threw a box to Chen Feng: "The pill inside, you should be able to heal after taking it."

"One night must be enough, I'm going to bed."

After that, he waved his hand, his figure flashed, and he returned to a pavilion.

After a while, there was a slight snoring sound.

Chen Feng was stunned.

It seemed that the injury that could be healed at a huge cost in my own eyes fell in the eyes of this woman, as if she fell on a walk and broke her skin. It could be cured easily.

#### [Chapter 4520: Yuqing Bingpo Pill](#)

Chen Feng opened the box.

Suddenly, an incomparably fresh fragrance flowed out of it.

When Chen Feng smelled it, he felt uncomfortable.

This is a red pill with a whole body of brilliance, and inside, there is a very special power.

This kind of power, Chen Feng saw, was like a ray of sunset.

Very small, very subtle, just like a strand of hair, with a hint of red glow!

Chen Feng keenly felt that this pill, if it was strange, it was because of this red glow!

It seems that the pill itself is unremarkable, only because of this red glow.

The light flowed quietly, but locked in the river, nothing could be leaked.

On the inner wall of the box, five small characters were engraved with an extremely complex character.

Chen Fengming has never seen this kind of text, but he only knows: Yuqing Ice Soul Pill.

Chen Feng estimated that the level of this medicinal pill was at least as good as the seventh to eighth product golden core.

It's definitely not as good as the Heavenly God Pill, but looking at the Dragon Vein Continent, it is also the top pill.

It will definitely be contended by the top group of strong people!

However, Chen Feng frowned slightly.

He was also a veteran of alchemy. Although this pill was strong enough, he felt quite strange when he saw it.

As for what is strange, I can't tell.

Chen Feng held this pill with his fingers and thought about it for a moment. Suddenly, his inspiration flashed: "I know, I know what this strange feeling is!"

"This pill has no soul at all!"

Yes, there is no soul!

A high-level pill is no different from a powerful warrior.

All have their own characteristics and aura.

That's right, this pill is very strong, even Chen Feng feels that it has no problem treating his injuries.

However, it has no soul at all.

It seems that the pharmacist did not put any effort into refining it.

"It's like, now I am going to refine the most inferior pill."

"Although fine and powerful, there will be no mistakes, but there is no soul at all, because I have never paid attention to it."

"Does that mean!"

Chen Feng suddenly discovered an extremely terrifying fact: "The alchemist at the top of the sky, when refining this pill, is it equivalent to me refining the lowest pill in the Dragon Vein Continent?"

Chen Feng understood that this also meant that I was afraid of being on top of the sky, I was afraid that this pill could not be more ordinary for an existence like Fairy Yuheng.

"And this kind of pill is what I want to get in my dreams! I can't even get it now!"

Chen Feng did not hesitate and put aside these distracting thoughts.

He opened his mouth and swallowed the pill directly.

The pill enters the body and blooms instantly.

The huge aura like the tide of the sea poured into Chen Feng's body and blended into his limbs.

Moreover, there was a very special, very gentle aura that quietly entered.

Like spring day and night rain, floating and sprinkling, moisturizing things silently.

Chen Feng clearly felt the specialness of this breath, which he had never touched before, and it was a very high-level power.

As high as the Dragon Vein Continent, it seemed that it couldn't contain it, and it couldn't breed such power.

But Chen Feng didn't have time to perceive it, and that kind of power was absorbed by his body.

No trace for an instant.

This pill can simply be called a miraculous effect.

Chen Feng's internal organs were instantly repaired, all his bones and muscles were repaired, and even his soul was being repaired.

The body is recovering at an extremely fast speed.

Chen Feng immediately understood that this force must have worked.

"It turns out that this kind of pill can have such a miraculous effect because of this special power."

Chen Feng inexplicably thought of the power like a red glow.

Silently in his heart: "Is that you?"

"You, what powerful force is it?"

However, the shock of these two days has made Chen Feng a little numb.

He has a hunch that everything on the top of the sky will subvert his imagination.

There will be an unprecedented shock to myself!

The night was dark, and Fairy Yuheng's snoring seemed to be getting louder.

By the bonfire, Chen Feng sat in a trance.

Let the power of the powerful pill in the body wash over and over again.

He didn't look at the pill, but looked at the small white metal box over and over.

With the sound of footsteps, Mei Wuxia and Tiancun Beast Slave walked over.

"Big brother, what's the matter?"

Tiancun Beast Slave spoke.

Chen Feng handed him the white box: "Look."

This box, like gold, not gold, or jade, or jade, was a material that Chen Feng had never seen before.

The whole body is white.

This white is not the kind of ice white or pure white, but a very pale white.

It was as if there was nothing inside, just empty.

But among them, there are unexplainable tyrannical fluctuations.

When Chen Feng discerned this kind of fluctuation, he found that it was a kind of spatial fluctuation.

It also means that this metal contains powerful space and time forces.

"In that case, the nature of this thing is somewhat similar to that of the storage ring and gold thread kit, but it is completely different."

"The fluctuations in the power of space and time are greater than any gold thread kit and storage room I have seen before!"

Chen Feng immediately understood: "This is an extremely rare and special space metal."

To be honest, it would be too wasteful to build such a small box.

Chen Feng felt that if such metal was added to the magic weapon, even just a little bit on the blade, the sharpness of the magic weapon could be increased several times.

It can tear space easily!

The Tiancun Beast Slave looked at it for a while, and then handed it to Mei Wuxia, both of them also showed shock.

"This kind of metal has never been seen before, hasn't it? And it's unprecedentedly magical, right?"

Chen Feng asked with a smile.

"Yes." The two nodded.

The Tiancun Beast slave suddenly condensed his brows, and said in amazement: "I feel that this thing does not seem to move in my hands, but in fact it is shaking slightly all the time."

"The reason why it doesn't seem to move is because it vibrates extremely fast."

"Yes."

Chen Feng nodded and said: "It is tearing space and time all the time. This is the most terrifying point of this metal."

He sighed softly: "This kind of metal, I'm sure there is none on the Dragon Vein Continent."

"If it happens, it will definitely cause competition."

"But here, it is only used as a container, and it is not rare."

He looked at the two, and in his eyes, the flames were blazing: "Two!"

"I have a foreboding that entering the top of the sky will be extremely dangerous! Even, it is possible to lose my life inside!"

"But! This is a great opportunity for the three of us to change our destiny!"
