

Peerless 4541

[Chapter 4541: Golden reincarnation jade card!](#)

After the tower of trial is opened, all samsara immortals can enter it.

Enter the world of ordinary trials.

The difficulty of this kind of trial world is not high, but the gain is minimal.

The world of death trials is different.

There are huge treasures in it, and they can often be harvested quite richly. There are even some people who have entered the world of death trials. After they came out, their financial resources suddenly became more abundant than some heavenly immortals.

That is, in the world of death trials, great benefits have been obtained.

What is even more exciting is that people who enter the world of death trials are very likely to be favored by the Lord of Heaven.

It is possible to be given something extremely powerful by the ruler of heaven!

It may be a treasure, or it may be a powerful magical power!

Therefore, as long as it can successfully pass the death trial mission, it can be said to be: one step to the sky!

The death trial mission is not something that anyone can pick up.

If you want to reach the sky in one step, you have to have a step-up order!

One-step ascent to the sky is extremely rare. In the past year, the Beidou team exhausted their minds and even killed a few people before they received three one-step ascending orders.

The day when the trial tower opened, just a month later.

Now, the twelve reincarnation immortals in the Beidou team are all staring at the three one-step ascending orders.

As a result, I didn't expect Chen Feng and others to take two of them when they came.

How can they tolerate it in their hearts?

Jin Yuxie suddenly grinned and pointed to the Heavenly Remnant Beast Slave: "You brought this newcomer who doesn't know what kind of race, he is extremely talented, and is suspected of being a beast god."

"If you say, give him a step-by-step order, but he!"

As he said, he pointed to Chen Feng, extremely disdainful: "What is he? Why can he take one?"

"Something with no eyes."

Who is Fairy Yuheng? He had always said nothing, and immediately cursed mercilessly: "You have been on the top of the sky for so many years, but you don't even have this vision?"

Jin Yuxie made him faceless, his expression froze, his eyes fixed on Chen Feng, and he looked a little bit.

I want to see something special from him.

Everyone knew that in the Beidou team, the Yuheng Fairy had always been known for his good vision.

What he said was basically verified later.

So hearing what he said, Jin Yuxie suddenly felt a little timid in her heart.

However, he really couldn't see what was special about Chen Feng.

"Why can't I see what is special about Chen Feng?"

"Maybe it's especially good-looking. Fairy Yuheng is happy when she sees it, so she naturally wants to support everything."

Among the many reincarnation immortals, one made a joking laugh.

This person speaks very viciously.

The meaning of the words is that Chen Feng eats soft rice.

Suddenly, everyone burst into laughter.

Fairy Yuheng instantly turned cold and patted casually.

Suddenly, a scream came from among the many reincarnation immortals.

A man covered his face and took a few steps back, his face muscles twitched.

This person is a burly man with fierce and sullen eyes. At this time, his left face is high and bulging, and there are several powers entrenched on his face, biting like several red poisonous snakes there.

These forces buckled together and bit his face directly, revealing the red gums and white teeth below.

Chi Chi Chi smokes!

Make him scream.

The burly man was slurred, and said repeatedly: "Fairy Yuheng, forgive me, forgive me, I dare not!"

Ruo Kuliu also spoke to persuade him: "Yu Heng, he is certainly rude, but he is always the first person among our reincarnation immortals, so don't be too insulted."

"Somehow give him a face."

It turned out that this burly man was the Big Dipper team, the first strongest among many reincarnation immortals.

Fairy Yuheng smiled coldly and stretched out his hand.

The five powers, like a viper, just disappeared.

The burly man covered his face and said nothing, but his eyes were cold, staring at Chen Feng, his face full of murderous intent.

Obviously, he was so angry that he didn't dare to send it to Fairy Yuheng, but he took the account to Chen Feng.

Chen Feng looked at it and smiled faintly, not caring at all.

Jin Yuxie said lightly: "Yuheng, it's useless for you to be so powerful."

"Unless you can convince me, there is absolutely no place for Chen Feng for this one-step ascending order."

Fairy Yuheng said: "There are some things, it's useless to say more, you only need to know, two steps to the sky, I must get it!"

This is no explanation at all.

In an instant, Jin Yuxie's face became extremely gloomy.

If the withered willow suddenly said: "Yuheng, at this time, I also feel that you should explain it."

He doesn't talk much, but he has a lot of weight.

At this moment, Fairy Yuheng was also lost in thought.

In fact, Chen Feng was also quite curious, why Fairy Yuheng would take him so seriously.

Fairy Yuheng was silent for a moment: "You follow me."

After that, they took Jin Yuxie, Ruokuliu, Xieying, and Chen Feng forward and came to a hall in the center of the valley.

Entering this hall, suddenly, the outside voice can no longer come in.

There was dead silence inside.

This hall with a radius of about 100 meters is extremely quiet.

Fairy Yuheng flicked his fingers, and a cyan light spread out, pressing against the inner wall of the hall.

"What we are saying now, you can't hear it outside."

Jin Yuxie sneered and said, "Yuheng, you can rest assured to say anything now!"

He still doesn't believe that Chen Feng will be surprising.

Xie Ying still had a cold and cruel face.

If the withered willow is smiling.

Fairy Yuheng looked at them, but slowly spit out a word: "Chen Feng, let the golden reincarnation jade card, drip blood to recognize the master!"

It was just a word, but it was like a huge mountain that was smashed down, causing countless waves.

Suddenly, the expressions of the three Jin Yuxie became extremely exciting, revealing an expression of shock that could not be concealed!

Fairy Yuheng motioned to Chen Feng to take out the jade card of reincarnation.

Chen Feng took out the jade card of reincarnation.

The moment the samsara jade card was taken out, it touched the surrounding power, and suddenly, the jade quality outside began to shatter.

Then, on the jade plate of reincarnation, a light golden light came out.

The countless fine golden light spots undulate around the samsara jade plate, adding a bit of dreamlike color to it!

Chen Feng was surprised: "How could the reincarnation jade card become like this?"

He looked at Fairy Yuheng thoughtfully.

"Fairy Yuheng, I have known for a long time that I have the golden reincarnation jade medal, so that's why I am particularly green eyes.

"So, what is so special about me?"

Even Chen Feng didn't know where he was special.

However, he finally knew now why Fairy Yuheng would find himself.

[Chapter 4542: I make you kneel down and beg me!](#)

He suddenly thought of Snake Seventeen.

"Snake Seventeen is so anxious about this reincarnation jade card, isn't it because of this reason?"

"Chen Feng could actually make the golden reincarnation jade medal drip blood to recognize the master?"

Jin Yuxie exclaimed.

The golden jade card of reincarnation is a very special one among the jade cards of reincarnation.

Waiting for the reincarnation immortal, it is impossible to make him recognize the lord with blood.

Only those who dominate the blue eyes of the gods who think it is extremely special can do it.

Ruo withered willow breathed out a suffocating breath: "Anyone who can make the golden reincarnation jade brand drip blood to recognize the Lord can almost be determined, and the future is unlimited."

"In the past ten years, there have been only fifty people on the top of the sky that can make the golden reincarnation jade card drip blood to recognize the Lord!"

The top of the sky penetrates countless worlds, and every year there are top powerhouses who do not know how many worlds come here.

After a rough calculation, there are hundreds of people.

However, there are only four or five people who can make the golden reincarnation jade medal drop blood to recognize the master every year.

It can be seen that it is rare, but there is no one in a thousand!

The people who can make the golden reincarnation jade plate drip blood to recognize the master are the big sects on the top of the sky, vying for the object.

As long as you can step through the trial task smoothly and become a trial immortal, the future will be limitless!

This kind of genius will be scrambled by various martial arts teams.

Ruokeriu smiled and glanced at Chen Feng, and his gaze showed a few hints of approval.

Then he looked at Fairy Yuheng: "No wonder Yuheng, you value Chen Feng so much, but you still have vision!"

Jin Yuxie looked at Chen Feng, her eyes still a bit dark.

There was silence, and his face was uncertain.

Just after Fairy Yuheng uttered that sentence, his face was extremely embarrassed.

Before he blindly questioned Chen Feng, he was slapped backhand by Fairy Yuheng's words.

He was not a big-hearted person, and now he hates Fairy Yuheng, Chen Feng, and feels that the two of them have made him shame!

"But, don't forget."

The evil shadow's voice was cold and faint, as if it came from the Jiuyin Hell:

"In the past ten years, those fifty people who could make the golden reincarnation jade medal drip blood to recognize the Lord, only five survived in the end!"

"Yes!"

Upon hearing these words, Jin Yuxie suddenly seemed to have caught Chen Feng's sore spot.

"The person who can make the golden reincarnation jade card drip blood to recognize the lord is indeed extremely rare, and future achievements are limitless."

"only....."

He smiled yinly, staring at Chen Feng and said, "It's only if he can survive the trial mission."

He laughed wildly, very proud: "Who does not know, the way of heaven is harsh!"

The more people he fancy, the more difficult the task.

The difficulty of the trial task of the golden reincarnation jade plate for the person who drops blood to recognize the master is often more than three times that of the others!

He looked at Chen Feng up and down, his eyes full of disdain: "This kid is just lucky, I met you, and you were taken to the top of the sky."

"Otherwise!"

He snorted coldly, "With his strength, I can't touch the edge of the top of the sky!"

"Looking at his strength, he is so humble, he is nothing more than a five-star Wudi, now go to participate in the death penalty?"

He saw that he couldn't suppress Chen Feng's talent, because Chen Feng's talent has been proved by Fairy Yu Heng to make the golden reincarnation jade card drip blood to recognize the master.

So he changed a direction and suppressed him from Chen Feng's current strength.

He looked at Fairy Yuheng and said, "I suggest you don't give him this quota this year."

"Let him exercise well on this top of the sky for a few years, so he can experience a few ordinary trial worlds first, but he can't accomplish the task deliberately."

"The next year, you can come again!"

"After becoming a senior reincarnation immortal, go to the Trial of Death Hope!"

When he said this, Fairy Yuheng thoughtfully.

Ruo Kuliu nodded and said, "I think Jinyu's heresy is justified."

Evil Shadow also nodded solemnly.

Even Fairy Yuheng was a little shaken.

Chen Feng is now in the realm of the five-star Emperor Wudi and the mid-term strength of the seven-star Emperor Wudi, is he really capable of dealing with a trial task that is three times more difficult than normal?

She looked at Chen Feng and had not yet spoken.

Chen Feng seemed to guess what he was trying to say, and smiled: "Yuheng, I will definitely participate in the death trial mission in a month!"

The voice is firm, there is no room for doubt!

Jin Yuxie sneered: "I can't help myself!"

He stared at Chen Feng and looked down coldly and said, "You came from a small thousand world, right? At first glance, it is an unseen **** from the countryside!"

"You should be considered a genius in your small and weak world, right? From small to large, everything goes smoothly without any disadvantages!"

"But do you know how terrifying is this top of the sky?"

"Unseen soil buns, you will regret it then!"

"Since you believe in yourself."

Yu Hengxian looked at Chen Feng with a serious face: "Then I will choose to believe in you!"

She turned and walked out.

"That's the end of the story, there is nothing left to say, a month later, I must get two places."

Chen Feng also walked out.

Jin Yuxie smiled coldly: "Boy, I see how you die by then."

"If you are embarrassed to recover from the death trial mission, even Yuheng will not be able to protect you, I will let you go ashamed! Become a bereaved dog!"

When he arrived at the door, Chen Feng suddenly turned around and looked at Jin Yuxie: "Jin Yuxie, I know you cannot understand me."

"If I'm not mistaken, you should be like Fairy Yuheng, who is also born in the Middle Thousand World, and you should have brought many years to the top of the sky."

Jin Yuxie was cold and arrogant, and slowly uttered three words: "Twelve years!"

"Twelve years, it really is not short."

Chen Feng smiled slightly: "In these twelve years, you have changed from a reincarnation fairy to a trial fairy, and then into a sky fairy."

"You are very strong and powerful, and there may be many people who follow your orders."

"You've seen a lot, so naturally you look down on me, a visitor from this little world!"

"But I want to tell you!"

Chen Feng said word by word: "After a month, I will let you kneel on the ground, crying, and beg me to stay!"

Without looking at Jin Yuxie, he turned and left.

Only the three of Jin Yuxie were left, dumbfounded.

Ruo Kuliu shook his head, with unpredictable eyes: "This newcomer is incredible!"

After a while, Jin Yuxie reacted and let out a frantic roar: "Chen Feng, I want you to die!"

Chen Feng pushed the door out.

The bright sunshine outside made him feel a little uncomfortable, and slightly narrowed his eyes.

Tiancun Beast Slave and Mei Wuxia cast their eyes, full of worry.

Chen Feng smiled slightly: "Don't worry, everything has been resolved."

[Chapter 4543: After one month, never die!](#)

"Even if you can pass the four adults level, you can't pass our level!"

Suddenly, there was a grinning growl in the crowd.

Chen Feng followed the sound.

The person who spoke was the one who had just spoken badly and was taken care of by Fairy Yuheng.

Chen Feng didn't even bother him. He just looked around and flicked his fingers.

"It's like I heard a wild dog barking."

Suddenly, the face of the provocative person became extremely ugly.

Chen Feng looked slowly, his eyes swept across all the samsara immortals.

Without exception, their eyes are full of maliciousness and viciousness, but they do not see goodwill.

Chen Feng suddenly smiled, smiling very happily.

The entire top of the sky is full of such people!

"No one is friendly to me, except Fairy Yuheng!"

But Chen Feng knew that Fairy Yuheng could not rely on her for everything.

Otherwise, in the end, I will accomplish nothing and become a waste!

Only the strong can be awesome!

Only when you become stronger is the best way!

I am here, not only against Snake Seventeen, against the sect behind him, but also against these reincarnation immortals in the Beidou team, and even the heavenly immortals!

"This feeling of being one person against the whole world!"

A smile appeared at the corner of Chen Feng's mouth: "I really enjoy it!"

Tiancun Beast Slave and Mei Wuxian both stood behind Chen Feng, silently supporting them.

And Chen Feng also knew that the reason why they still couldn't bear it now was because Fairy Yuheng was still standing here.

If Fairy Yuheng is absent, the malice and ferocity of these people erupt, then the consequences...

Chen Feng's eyes slowly swept over them, and then they could roughly see their strength.

Among these twelve people, the weakest is also with the strength of the Seven-Star Martial Emperor Peak.

It was much higher than the crazy tiger who was subdued by Chen Feng.

Crazy Tiger is only between the middle stage of Emperor Wudi of Seven Stars and the peak of Emperor Wudi of Seven Stars.

And the strongest is the burly man who has repeatedly provoked before.

His strength is even stronger than Xiahou Jiuyuan!

Chen Feng estimated that he might have reached the peak of the Eight-Star Martial Emperor, infinitely close to the Nine Star Martial Emperor!

"I want to improve my strength as soon as possible, at least at the same level as this person, to protect the three of us!"

"Strength! Still strength!"

Chen Feng's heart once again rises with infinite desire for strength!

What I longed for before was long-term.

But now, it is necessary to have enough strength in a short time!

Chen Feng knew that all three of him were in great danger.

Needless to say.

And even if it was the Heavenly Demon Beast Slave, even though they were so close to the Heavenly Demon Beast Slave, the Heavenly Demon Beast Slave had robbed them of their resources after all.

Once there is no Fairy Yuheng here, they definitely don't mind letting the Tiancun Beast Slave disappear.

After a while, Fairy Yuheng came out, her expression a little tired.

She whispered, "Go, Chen Feng, I will take you to your residence."

He led Chen Feng and three people to the depths of the valley.

Soon, he came to a mountain peak.

On the top of the cliff, there are three Abodes side by side.

The area is small, but it is extremely delicate.

The surrounding vegetation and flowers are very elegant.

There are even waterfalls flying down, and the smoke is transpiring, like a fairyland on earth.

The scenery is beautiful.

And here, it is already the second height of the entire valley.

Higher than them, there are only four palaces built on the top of the mountain.

Seeing this scene, the many reincarnation immortals who followed were even more upset.

"Why do these three newcomers occupy the best position?"

"Yes, apart from the residences of the four adults, Jin Yuxie, they have the best residence, the strongest aura, the best location, and the fastest cultivation speed!"

Everyone stared at Chen Feng and others with resentment.

His gaze became more and more fierce.

At this moment, the burly fairy suddenly said, "Chen Feng."

Upon hearing this, Chen Feng turned and raised his eyebrows.

The burly immortal stared at him, smiled and said, "In the lower sky of stars, it is the strongest among all the samsara immortals."

"Yes, the eight-star Wudi peak!"

Sure enough, it was the peak of the Eight-Star Martial Emperor, Chen Feng's guess was correct!

A stiff smirk appeared on Cang Xinghai's face: "After a month, it will be a trial mission."

"Junior Brother Chen Feng, if you are not strong enough, you will only be killed or injured if you enter it."

"How about this!"

He raised his chin, his face full of arrogance: "A month later, before your trial mission begins."

"It's up to me, brother, to weigh your strength!"

He grinned: "If you win, you can naturally go to the death trial mission."

"If you didn't win!"

He shook his head: "Then you don't have to go anymore. How about giving this place to others?"

Chen Feng glanced at him, his eyes flashed, and he immediately knew his wishful thinking.

Cang Xinghai's intentions were extremely sinister.

He knew that his realm of strength was far inferior to him, so he proposed this battle.

If you lose, you will definitely lose your quota for the trial mission.

Moreover, I'm afraid I can't even save my life.

"What, Chen Feng? Don't dare?"

Cang Xinghai laughed wildly, "I don't even dare to agree to my engagement, so what qualifications do you have to participate in the death trial mission?"

"Hurry up and stay in our valley honestly!"

He burst out laughing.

"Yes!"

Someone nearby sneered at him: "I don't even have the guts, why come to the top of the sky? Go back to your hometown!"

The sound of insults from everyone is endless.

This scene, Fairy Yuheng and others, are all in their eyes.

Jin Yuxie is naturally happy to see it happen.

In his opinion, Fairy Yuheng's move was only to weaken his own power.

After all, most of those reincarnation immortals are his people.

Suppress Chen Feng, he would love to see it.

The evil shadow and Ruo withered willow were noncommittal.

Fairy Yuheng did not speak either.

This kind of thing can only be decided by Chen Feng!

Chen Feng looked at the crowd and smiled suddenly: "I know that you are doing this to encourage me to agree."

Everyone stagnated, but Chen Feng had seen through their abacus.

At this moment, Chen Feng looked at Cang Xinghai, and said in a deep voice, "I Chen Feng promised to make an appointment with you in a month!"

Cang Xinghai was overjoyed and shouted loudly, "I never die!"

Chen Feng said slowly: "Okay, then, never die!"

Before the words fell, there was a thunderous thunder in the sky.

A burst of green light fell, covering the two of them.

Then disappeared invisible.

But between the two, there seems to be a causal connection.

Obviously, the Lord of Heaven has heard the words of the two and agreed to this bet.

"Good, haha, good!"

"Chen Feng, since you are looking for death, then I will fulfill you!"

Seeing Chen Feng agree to come down, Cang Xinghai immediately felt relieved and laughed.

[Chapter 4544: The next level! Star Soul Valkyrie!](#)

"Chen Feng, you wait! One month later!"

He squeezed his fists, the joints made a burst of noise, his face was stern: "I will let you know what life is better than death!"

After that, he turned and laughed.

Chen Feng promised to come down to this battle, and the ruler of heaven will testify.

He wants to regret it, it is impossible.

Everyone looked at Chen Feng, and their eyes were full of viciousness, resentment, gloating... all kinds of expressions.

"This Chen Feng, not knowing whether he lives or die, actually agreed to Cang Xinghai's engagement?"

"Cang Xinghai, but the eight-star martial emperor's mid-term powerhouse, has condensed 27 star veins and is extremely powerful!"

"Chen Feng deserves to be compared with him?"

"Yes, Chen Feng promised him and he was already dead."

"One month later, not only did Chen Feng not have the chance to enter the death trial mission, he was afraid that he would die miserably!"

"Deserve it, who told him to dare to take our chance!"

They looked at Chen Feng with bitterness, and dispersed.

With unbearable gloat.

In their eyes, Chen Feng was already dead.

Fairy Yuheng watched by the side and was dazed.

But in my heart, I secretly made up my mind, no matter what, I must do my best to improve Chen Feng's strength during this time.

And if Chen Feng is not yet Cang Xinghai's opponent, then even if she pays a huge price, she will save Chen Feng's life.

When Chen Feng looked at Fairy Yuheng, he knew what she thought.

I couldn't help feeling his nose, and smiled lowly: "Yuheng, have more confidence in me."

Beside, Tiancun Beast Slave and Mei Wuxian watched, but their emotions did not fluctuate.

They have long been accustomed to Chen Feng's strength, and never thought that Chen Feng was the kind of impulsive person who wanted to die.

In their opinion, since Chen Feng agreed, he must be certain!

In the Abode.

Fairy Yuheng first took out two reincarnation jade plaques, so that Mei Wuxian and Tiancun Beast Slave shed blood to recognize their masters.

Everything went well, and soon the confession of the blood was completed.

At this point, the two have officially become reincarnation immortals.

After that, Fairy Yuheng murmured and explained to the three Chen Feng the realm of cultivation in the future.

"The so-called Martial Emperor Realm before you is actually just the pinnacle of the martial artist, even if you practice it to the point where it is strong!"

"And the warrior!"

She smiled slightly: "In front of the cultivator, it's not worth mentioning!"

She can add a sentence: "Warriors and monks are not the same!"

"You know, what is the most important thing to do in the realm of Emperor Wu?"

Fairy Yuheng asked.

Chen Feng shook their heads.

Fairy Yuheng smiled slightly: "In the middle-thousand world, the realm of Emperor Wu is also called the realm of escape."

"It is the strongest state of the mundane world."

"Out of the ordinary."

Thoughtful, Chen Feng said in a deep voice, "Does it mean to get rid of the commonplace and step into the cultivator sequence?"

"Yes."

Fairy Yuheng glanced at him with admiration: "Leaving the mortal realm, it can be said that the warrior is the last level of the mortal realm."

"Below the Wudi realm, in the mortal realm, you are the strongest in practice, and you are also a mortal, and you are not considered a cultivator."

"However, once you have crossed the Martial Emperor Realm, that is, after you have escaped from the Ordinary Realm, you will truly become a cultivator!"

"The most important thing to become a cultivator is also a necessary condition for becoming a cultivator, that is!"

She slowly uttered four words: "Condensing the Star Soul!"

Condensed Star Soul!

When Chen Feng heard this, his heart jumped fiercely.

"What is Star Soul? What kind of connection does it have with Wuhun?"

Fairy Yuheng continued: "After Emperor Wu's realm, it is the Star Soul Wushen realm!"

"The realm of the Star Soul and the Martial God is also called the Beginning of Cultivation."

"After you have cultivated to this level, you can only say that you are a cultivator."

Mei Wuxie said excitedly: "Sister Yuheng, you just stay in this Star Soul Martial God Realm, right?"

"Yes! So..."

Fairy Yuheng shook her body, triumphantly: "You can call me sister Fairy."

Everyone laughed when they heard it.

Chen Feng said in his heart: "No wonder you dare to call Fairy Yuheng, sure enough, this nickname is not something you can take casually."

"She already has the strength of a cultivator, just now she can be called a fairy."

"If someone else takes such a title casually, then it will be laughable and generous."

Fairy Yuheng's expression suddenly became extra serious:

"Next, what I said will have profound significance for your cultivation."

"You guys, please listen carefully."

Everyone was awe-inspiring, listening carefully.

Fairy Yuheng said solemnly: "Star Soul Martial God Realm is an introduction to immortality cultivation."

"In the Star Soul Martial God Realm, the level of cultivation will directly affect the way of cultivation in the future."

"And the strength of the Star Soul Martial God Realm depends on the strength of your Star Soul!"

"Star Soul is the foundation!"

"What is Star Soul?"

The Tiancun Beast Slave asked, "How should the Star Soul condense again?"

Fairy Yuheng said: "Star Soul is an advanced level of Wuhun!"

"The first step is to condense the star veins and blend into the martial soul."

"The second step, accept the tempering of the power of the stars!"

"The third step is to sense the stars in the sky and establish deep communication with the stars in the sky. Only the soul of the stars can be cast!"

She smiled and said, "After the star soul is cast, you can use the power of that star!"

"The stronger the star soul, the more you can use!"

"The ultimate pinnacle, you can even control the stars and directly shatter a world!"

Tiancun Beast Slave and Mei Wuxian both exclaimed!

When Chen Feng heard it, he also showed a touch of shock!

"Star Soul, can actually borrow the power of that entire star!"

"Even able to control that whole star and break a world!"

"Really scary!"

In addition to shock, he was fascinated.

What kind of terrifying state is that! Terrorist strength?

I am afraid that the legendary ancient power is nothing more than that!

She pointed to the power of the stars: "The power of the stars on the top of the sky is higher in quality and purer than the power of the stars that can be sensed in the average Zhongqian world."

"So, you practice here, the effect is excellent."

"In the realm of escape, absorb the power of the stars and temper yourself with the power of the stars, and you can condense the stars!"

"And the more the condensed star veins, the more the power of the stars stored in it, and when the star souls are condensed, more powerful stars can be sensed!"

"Therefore, a more powerful Star Soul is gathered!"

She said flatly in her voice: "In other words, in the realm of escape, in your current realm."

"The most important thing you have to do is!"

Chen Feng took a deep breath: "Absorb the power of the stars and condense the stars!"

Chen Feng suddenly asked, "Yuheng, presumably, even the Little Thousand World can sense the stars and condense star souls?"

[Chapter 4545: Condensed Stars](#)

"of course."

Fairy Yuheng said: "Little Thousand World, it's just a low power level, but it can also sense stars."

Chen Feng continued to ask, "Then, it should be easier to sense the stars in the Zhongqian World?"

"Of course, it's not difficult for a warrior who can step into the peak of Emperor Martial Realm."

Fairy Yuheng said: "In the middle of the world, there are countless stars in the periphery."

"Many stars are visible to the naked eye."

"And those stars in the very distant place, even if they are invisible to the naked eye, they can be easily sensed by some sects or the secret consciousness passed down from generations to generations."

"Even if you can't sense too many stars, it's okay to go back and sense some weaker, but relatively close stars."

"Well, there is always a star soul that can condense."

Chen Feng sighed: "Yes, there is always a star soul that can condense."

"It is not extremely difficult to sense the stars, so it is quite easy to condense the star souls in the middle-thousand world."

"but!"

Chen Feng's voice was low and deep: "In Longmai Continent, there is no way to sense the stars."

"For hundreds of thousands of years in the Dragon Vessel Continent, there are not many people who can sense the power of the stars, let alone condense the star souls!"

Fairy Yuheng was not surprised.

She sighed: "This may be related to the special situation of the Dragon Vein Continent you mentioned earlier."

"Yes!"

Everyone nodded.

The Dragon Vein Continent is like an abandoned world, almost completely disconnected from the Zhongqian world.

It may be for this reason that I am isolated from other stars and other worlds, and I cannot sense the stars!

"that....."

Fairy Yuheng pondered for a moment and asked, "Can you see the stars?"

"sure!"

Mei has no time to say: "The sky is full of stars, countless."

"It shouldn't! Not at all!"

Fairy Yuheng frowned, "Being able to see the stars means that I can sense the stars!"

"But I can't sense it at all, it's really weird!"

Fairy Yuheng thought for a while, but didn't think of a reason.

The resentment and depression in Chen Feng's heart grew more and more serious.

At this point, he felt more and more that the Dragon Vein Continent was like a big prison!

Restrain yourself and wait for others in it!

The breakthrough road of the dragon vein mainland warrior was directly cut off by someone!

In the following section, Emperor Wu is at the top!

And the above section is gone!

"I must crack the secrets of the Dragon Vein Continent and break the shackles and seals of the Dragon Vein Continent!"

"Split this big cage with a sword!"

"Let the warriors of the Dragon Vein Continent no longer suffer the hardships I wait for!"

"Not only for myself, but also for all the warriors in the Dragon Vein Continent, everyone!"

Everyone was silent.

"Well, let's not talk about it yet."

Fairy Yuheng waved his hand and took out three jade charms.

These three pieces of jade charms, only the size of a palm, shone with a green and misty atmosphere, as if there were countless characters undulating.

"These three jade charms are three special techniques used to absorb the power of the stars and condense the stars."

"You only need to stick your jade card of reincarnation on it to be able to read the content."

"This technique is not the top level."

"But for all reincarnation immortals, it is quite powerful."

Throw three jade charms to the three.

Fairy Yuheng stood up suddenly, laughed: "Everyone, encourage!"

"Good students practice, condense star veins as soon as possible! Create star soul!"

She walked out with her hand in her hand, leaving her vaguely, graceful.

Just leave a few sentences:

"The cultivator, with the stars as companions, cross the universe."

"Absorbed is the power of the stars! tempered, the essence of the sun and the moon!"

"Without the star soul as the foundation, everything is nothingness."

Fairy Yuheng left, and Chen Feng and the three also returned to their own residences.

Chen Feng's residence was posted on the edge of the cliff.

Outside the window is a waterfall, left above the nine heavens, the clouds and mist are transpiring, and the fairy air is lingering, like a fairyland.

Next to the peanut tree, a group of warblers flew randomly.

The fragrance of flowers came, unspeakably cozy and comfortable.

The academy is not big, with a radius of only more than ten meters.

The whole body is made of bamboo and wood, slightly yellowish and mottled with time.

It makes people feel at ease when they see it.

There was nothing else in the room, only a bed and a few.

He didn't practice right away, but took a shower first, then put on a large robe and sleeves.

But for a moment, there was a slight snoring sound.

Chen Feng actually fell asleep directly.

What happened in the past few days was a great torture and test to Chen Feng's energy and body.

If he is directly cultivating now, he will get half the result with half the effort, it is better to take a good rest first.

This time, I slept for three hours.

Chen Feng only felt that he slept very sweetly. It seemed that he slept here for three hours, and at the top he slept outside for three months.

Three hours later.

Chen Feng suddenly got up.

Through the window, you can see the setting sun outside.

But Chen Feng knew that the setting sun would never fall.

The various fairy mountain blessed places in the top of the sky can be made into what they want by themselves.

Or gloomy ghosts, or scorching sun.

In Beidou Fortune Land, there is only day and no night.

The setting sun rises and falls in the distant mountains.

There is peace and tranquility all around.

The sun shines through the window lattices, floating a point of golden dust, just like the mottled years.

Chen Feng suddenly felt something in his heart.

Take out the cyan jade symbol immediately.

Jade pieces, and then reincarnation jade plates are affixed to them.

Thoughts moved.

Suddenly, on the blue jade talisman, there was a green and misty breath radiating out.

In the blink of an eye, the whole house was filled.

The cyan jade talisman also instantly grew countless times larger, turning into a huge jade wall, standing in front of Chen Feng.

Dragons and phoenix dancing above, countless solemn ancient fonts emerge.

Chen Feng calmed down and was about to start practicing.

But at this time, on the jade wall where the cyan jade symbol was transformed, there was a breath of breath.

Full of disdain and arrogance.

Chen Feng was taken aback, and then it became clear.

"Presumably, this blue jade talisman is a magical technique on the top of the sky. Although it is only an introduction, it is also very precious and powerful."

"So I am disdainful, let me practice by an ordinary warrior from the small world below!"

Come to think of it, in its opinion, willing to let Chen Feng practice is to give Chen Feng a face.

After all, treasures are alive.

Chen Feng shook his head, never minding it.

But at this time, the sudden change occurred!

In Chen Feng's arms, something suddenly floated out.

As soon as this thing appeared, it made people feel as if they were in the old and gloomy hall, next to the silhouette of the ancient giant Buddha.

In front of him, there is an ancient scroll with a blue lantern.

Unspeakable tranquility.

It is the scroll of the Golden Sutra of Avalokitesvara Bodhisattva.

Chen Feng was taken aback when he saw the golden scriptures of the Great Bodhisattva Avalokitesvara.

[Chapter 4546: View the Golden Sutra of the Great Bodhisattva! Unlock!](#)

Then there was a surprise.

"You have refined that great demon head?"

Before, the Golden Sutra of the Great Bodhisattva Guanzi engulfed the main body of the Eight Desolation Hall. After the head of the Great Demon, the breath became very lazy.

It's like the tiger has eaten enough of its prey, lying on a barren hill, lazily not wanting to move.

There is a sense of stagnation.

But now, the scroll of the Golden Sutra of the Great Freedom Bodhisattva has regained its former emptiness and lightness.

This also means that it refines the big demon skull.

"If the big devil skull is refined, does it mean..."

Chen Feng's heart suddenly thumped: "The introductory chapter of the Golden Sutra of the Bodhisattva Avalokitesvara, has it been unlocked?"

But at this time, Chen Feng found that the atmosphere in the room suddenly became quite strange.

In the body of the Great Bodhisattva's golden scriptures, a breath suddenly radiated out, enveloping the blue jade amulet.

This momentum is full of pride and majesty!

Like the gods above the nine heavens, overlooking the mortals in the lower realm.

And the cyan jade symbol, there is no trace of arrogance.

It was like a mouse that saw a cat, shivering there.

The breath was full of shrinkage, fear, and despair.

No, to be precise, it's not like a mouse meeting a cat, but a mouse meeting a tiger!

That is a kind of extreme crushing, the kind that has no resistance.

Chen Feng raised his eyebrows: "What's the situation?"

He vaguely guessed a little in his heart, but he was not sure yet.

The next moment, Guan Zi was on the golden scriptures of the Great Bodhisattva, and another momentum was shot fiercely.

This momentum is fierce and domineering, full of fierce and solemn intentions.

The cyan jade talisman couldn't resist at all, and with a 'pop', it was slapped to pieces.

The jade wall was also directly shattered.

Then, Guan Zi was on the golden sutra of the Great Bodhisattva, and a whirlpool appeared, absorbing all the pieces of cyan jade talisman.

The next moment, Chen Feng heard a sound of being crushed to pieces.

Then, there was a green and misty breath that poured out from the golden sutra of the Great Bodhisattva.

As if attracted by this green and misty breath, the power of a star outside was suddenly drawn out directly.

The power of this star is like a wandering dragon, and like a floating cloud, full of fairy spirit.

The power is extremely large.

And after seeing the power of the stars, there was a burst of extreme desire immediately after seeing the Golden Sutra of the Great Bodhisattva.

It's like people who have been hungry for many days see a table of delicious food.

The green and misty breath instantly absorbed the power of this star to refine it.

After that, it became thicker, like a dark cloud transforming into rain, dripping down, and sprinkled on the surface of the Golden Sutra of the Avalokitesvara Bodhisattva.

Toward the surface of the Golden Sutra of the Great Bodhisattva of Vipassana, it was erased severely.

The surface of the Buddha's golden scriptures of Avalokitesvara was originally dusty.

But now, the gray on the surface has been completely erased by the green brilliance.

At the moment when the last touch of gray was erased, suddenly, Guan Zi was on the Golden Sutra of the Great Bodhisattva, and the light was bright!

The golden light, radiantly blooming, rushed out crazy.

This golden stock is extremely magnificent and thick, and it is extremely pure and moist.

It fills the whole room, even brighter than the sunset outside.

In this golden light, there are countless golden lotus flowers blooming and spreading out.

There are goddesses scattered flowers, there are bursts of Lun sound.

A vision from heaven!

The next moment, with the golden light looming, the first page of the Golden Sutra of the Avalokitesvara Bodhisattva suddenly turned over by itself.

After opening, there were countless golden writings flying out of it.

Each of these golden handwritings is incomparably mysterious, with infinite profound meaning!

Thus, Chen Feng understood instantly!

"The Golden Sutra of Avalokitesvara Bodhisattva has been unlocked!"

"I can already practice now!"

He doesn't know how much the Golden Sutra of Avalokitesvara Bodhisattva has unlocked, but at least, the introductory chapter has been completely unlocked!

"That's it! That's it!"

Chen Feng suddenly came across.

"I finally know why the Golden Sutra of Avalokitesvara Bodhisattva has not been unlocked!"

"It's because of the lack of this star power!"

When Chen Feng thought about it, he understood what was going on.

The Golden Sutra of Avalokitesvara Bodhisattva is a powerful exercise in the middle and thousand worlds.

Moreover, in the Middle Thousand Worlds, they all belong to the kind that is so high-level.

If you want to cultivate it, naturally you need the power of the middle-thousand world, that is, the power of the stars.

And the aura of the Dragon Vein Continent was tens of thousands of times worse than the power of the stars in quality and grade.

No matter how large the amount is, it is impossible to unlock the Golden Sutra of Avalokitesvara Bodhisattva!

Now, Chen Feng has only one thought in his mind!

"The Golden Sutra of Avalokitesvara Bodhisattva has been unlocked and you can practice!"

This made Chen Feng's heart almost burst of joy.

He waited too long for this day.

Chen Feng almost couldn't help it at this time, there was a feeling of going up to the sky!

"Hahaha, the golden sutra of my Bodhisattva Vipassana! I can finally practice!"

"My Golden Sutra of the Great Bodhisattva of Avalokitesvara has finally opened the door to me! I can finally see the path of the future clearly!"

"I finally!"

Chen Feng gritted his teeth, slowly clenched his fists, and said from the gap between his teeth: "The strength can be improved by leaps and bounds!"

At this moment, Chen Feng was almost out of control.

No way, it was because he had endured it for too long.

Waiting for this moment, waiting too long!

He couldn't see the direction before, and didn't know the way forward.

His eyes were completely blackened, and he was extremely confused. This feeling made him extremely uncomfortable.

And now, the turning point is here!

Without hesitation, Chen Feng immediately began to practice the Golden Sutra of the Great Bodhisattva Vipassana. *NoVeluSB.coM*

He sat cross-legged, watching his nose, his nose watching his mind, like an old monk entering concentration.

The golden scriptures of the Bodhisattva Avalokitesvara were placed on his hands.

At the next moment, Chen Feng's heart moved.

Suddenly, Guan Zi was on the golden book of the Great Bodhisattva, and the golden light was released.

A golden handwriting hit Chen Feng severely.

In the next moment, Chen Feng had already appeared in the practice space of the Golden Sutra of Avalokitesvara Bodhisattva.

In front of me there appeared the world that seemed like an ancient desolation!

This world is barren, and it's gray all over, and I don't know how many years it has been silent.

But Chen Feng faintly, but could feel the attraction and call of unexplainable power from a distance.

As if there was something inexplicable and powerful buried there.

When Chen Feng came before, he could only take a few steps forward.

And now, he saw that there were a few shallow footprints on the ground.

It was what he left before.

If Chen Feng felt it, he stepped on those footprints.

The next moment, in the sky, suddenly the sky and the earth split!

In the endless gray, a dazzling golden light fell, forming a huge beam of light directly connecting the sky and the earth.

[Chapter 4547: The first star vein!](#)

In that beam of light, a big golden letter slowly fell.

This golden big character is definitely not any font that Chen Feng has seen before, and it is extremely large.

It also contains profound meaning!

The profound meaning of one word is equivalent to thousands of books.

There are infinite mysteries hidden inside, infinite charm!

And its meaning flashed directly in Chen Feng's mind.

Chen Feng blurted out: "This is a view!"

The view of freedom.

In the Golden Sutra of the Great Bodhisattva, the first word appears: Guan!

Then the word slammed down on Chen Feng.

At this moment, Chen Feng felt as if the world had collapsed and he was about to smash himself into pieces.

But he resisted this fear and stood still, motionless.

Because he believes that the Golden Sutra of Avalokitesvara Bodhisattva will not have any malice against him.

In the next moment, the word 'Guan', like the sky and the earth, fell fiercely on top of Chen Feng's head.

But it did not cause him any harm.

Instead, he was directly thrown into Chen Feng's body.

Then, Chen Feng felt it, and suddenly his eyebrows were hot and his eyes were empty.

It's as if the center of the eyebrows were opened directly.

In the next instant, there was a surge of heat in his heart.

Flowing through the head, through the shoulder blades, and finally to the thumb of Chen Feng's left arm.

When Chen Feng looked there, he saw that there was a faint vein, leading from the center of his brow to his left finger!

That is a golden thread.

If it is hidden, it is extremely small.

But there is a sense of solemnity and grandeur!

Chen Feng's first star vein has already appeared!

At the moment when this thin golden line was formed, countless golden lights suddenly surged in Chen Feng's body.

Then, he could not help but let out a roar.

With him as the center, a huge vortex was formed.

This huge vortex was spinning crazily, getting bigger and bigger, and finally seemed to cover the entire sky!

And Chen Feng is the black spot in the center of the whirlpool!

With his roar, behind Chen Feng, countless golden rays of light surged.

It actually formed an ancient Buddha phantom.

This ancient Buddha has one finger to the sky and one finger to the ground.

Very majestic, but full of compassion.

At the same time, at the same moment, Chen Feng's body, sitting cross-legged in the abode, also opened his arms and roared to the sky!

In front of him, the Golden Scriptures of the Bodhisattva Avalokitesvara floated up.

Following Chen Feng's roar, an invisible golden light lingered outward.

Then, a whirlpool formed around Chen Feng's body.

This vortex is much smaller than the vortex in the Golden Sutra cultivation space of the Great Bodhisattva, but the suction power is not inferior at all!

The Beidou blessed land where the Beidou team is located has a radius of more than a hundred miles.

This valley is about a hundred miles long, with green hills facing each other on both sides, and there are some small hidden places.

And above the sky, there are huge stars floating and sinking.

To put it bluntly, this Beidou Fortune Land is actually a small world.

And on the top of the sky, there are so many small worlds like this.

It can be said to be almost endless.

Every team, every school, can have such a small world.

Of course, the power of the stars is also different for different sizes.

For a third-grade blessed land like the Beidou blessed land, the number of stars in it is about five or six hundred.

This amount is neither small nor large, enough for them to practice.

After all, for decades, no powerful genius has been able to absorb the power of these stars.

And a little bit, and the top of the sky will supplement it.

Today, the Beidou blessed land is extremely quiet.

Ruo Withered Willow and Evil Shadow go out together to experience and participate in a highly dangerous mission.

Fairy Yuheng, as always, lay there sleeping soundly after eating and drinking.

In the luxurious palace where Jin Yuxie lived, a few people sneaked in.

Jin Yuxie face-to-face instruction is appropriate.

Among them, there is Cangxinghai.

And some of the others returned to their own little world.

After all, between every two tasks, the time they can stay on top of the sky is limited.

Others, seize the time to practice.

All in all, this is a normal evening.

But at this moment, the sudden change occurred!

From the academy where Chen Feng was at the center, an air column hovered upward.

Above that sky, it spreads more and more.

In the end, a huge vortex was formed directly.

This vortex is exactly the opposite of the vortex around Chen Feng's body.

The top of the vortex next to Chen Feng's body faces the tail of the vortex.

But the two are connected together, like two funnels connected together.

The vortex expanded and expanded, and soon, it was hundreds of meters in size!

And in the vortex, there was a strand of golden color that spread out.

Its goal, surprisingly, is the power of those floating stars!

This huge suction is directly aimed at the power of those stars.

As for the power of the stars, they didn't care about the vortex at all, they were still quietly undulating there.

When they discovered that the goal of this vortex was to absorb themselves.

Suddenly he was furious and wanted to attack!

The power of these stars is not easy to mess with.

The strong power of their origins of stars is extremely arrogant.

But the next moment, they discovered that strands of solemn gold were interspersed in the whirlpool.

Sensing the golden breath and power, all the power of the stars immediately fled out in panic.

But at this time, where can I escape?

In an instant, there were several star powers that were directly sucked in by the vortex.

Without any room for struggle, he was directly sucked into the whirlpool in the abode and into Chen Feng's body.

In an instant, in the cultivation space of the Great Bodhisattva's Golden Sutra, Chen Feng saw the power of several stars and was absorbed.

Following Chen Feng's back, the huge ancient Buddha phantom flicked his finger lightly.

Suddenly, all the power of the stars collapsed.

Turned into the most original star essence power into Chen Feng's body.

Enter the embryonic star vein from Chen Feng's left arm to the center of his forehead, among the golden silk thread.

So in an instant, the embryonic star vein was extremely expanded.

All the power of these stars poured in, and the embryonic star veins began to change rapidly.

From golden, it turned into a faint cyan, and then it became transparent again.

Then, it quietly disappeared.

Just like Chen Feng's body, there is no such thing at all.

There is no difference from just now.

But Chen Feng's interiors themselves can be seen clearly.

From the center of the eyebrows to the left arm, a huge vein suddenly formed.

In this context, it is as if the entire universe is flooded!

[Chapter 4548: The power of thirty-six stars!](#)

Chen Feng felt that his body was torn apart, and it was extremely painful.

Maybe others can't bear this kind of pain, but for Chen Feng, it can be easily overcome!

I don't know how long this pain lasted.

Suddenly, Chen Feng shouted wildly and clenched his arms!

With his roar, Chen Feng felt that the pain disappeared without a trace!

Instead, there was a burst of unspeakable comfort.

When he looked inside himself again, he saw that a thick vein started from the center of his eyebrows and ended at the thumb of his left arm.

This vein is huge and brilliant.

Numerous stars inside undulate, as if a Milky Way is installed in it.

Chen Feng was suffocated!

"It's so amazing, is this the star vein?"

So amazing!

Not just amazing, Chen Feng can feel the huge and terrifying power contained in it!

Chen Feng sighed in his heart: "Xingmai is truly amazing, it is worthy of being the only avenue that the Martial Emperor realm should take!"

However, he could see that this star vein was not mellow and full, but still lacking.

This is also normal.

The power of the nine stars can condense into a star vein.

Chen Feng just absorbed four Dao, obviously not enough.

Keep absorbing!

The external vision shocked everyone, and they walked out of the place of cultivation.

Then, everyone discovered the huge vortex hanging above the sky.

Moreover, it was discovered that this vortex was constantly devouring the power of stars.

"What is this? Why is it constantly devouring the power of stars?"

"Just the few breaths just now, I saw that the power of the stars swallowed by this thing is already nearly ten! How can the swallowing speed be so fast?"

"Who is practicing this?"

Everyone followed the vortex and looked directly below it.

Then, he saw the place directly below the whirlpool, where the three of Chen Feng was located.

Before, those three aboriginal houses were not inhabited at all, and there was no such a vision...

"Could it be that....."

Everyone looked at each other and glanced at each other, and they all saw a bit of shock from each other's eyes.

"It was actually one of Chen Feng's trio who was practicing?"

"That's why it caused such an extraordinary phenomenon?"

Someone guessed: "Is it Chen Feng?"

"how is this possible?"

Someone next to him said with disdain: "Then what is Chen Feng's cultivation base? What kind of talent? Just him, is worthy of causing such a talented vision?"

His eyes were heavy: "If my guess is correct, it should be a celestial beast slave!"

"Yes, it must be a celestial beast slave!"

Someone beside him categorically said, "We can all feel the devil beast slave, how powerful his talent is."

"It should be from a very terrifying and mysterious race. It is not surprising to have this ability!"

Everyone nodded in agreement.

Chen Feng naturally didn't know what was happening outside.

In the cultivation space of the Golden Sutra of the Great Bodhisattva Avalokitesvara, the power of the ninth star was severely torn apart by him, and then pressed into the body.

then.....

Then there is no more!

No other reaction.

"It shouldn't be..."

Chen Feng frowned: "Fairy Yuheng said that as long as the power of nine stars is absorbed, one star vein can be gathered."

"Why, I have absorbed Nine Dao now, but haven't condensed yet?"

Chen Feng never believed in evil, and smiled coldly: "Since there is no condensation, then I will continue to absorb it!"

"Crazy absorption!"

"Absorb until the star veins can condense!"

As if sensing Chen Feng's thoughts, the vortices around his body increased the suction.

With the vortex connected to the sky, it revolves rapidly.

In the huge black vortex, suction gushes out frantically.

Suddenly, a huge amount of star power was sucked into it.

It's just that this time it wasn't counted Dao that was sucked in, but dozens of stars' power!

The power of these dozens of stars was quickly crushed and absorbed!

boom!

The power of the thirty-sixth stars poured into the stars!

With a huge explosion in his body, Chen Feng felt unexplainable and comfortable.

The star vein from the center of the eyebrow to the thumb of the left hand is already thoroughly integrated!

Chen Feng looked at himself internally, just as he saw that there seemed to be countless stars rising and falling in that star vein.

Some golden stalks rise in the east, moon rabbits fall to the west, and the stars rise and fall again!

It seems that there is a vitality, quietly brewing in it.

So far!

Chen Feng's first star vein is finally completed!

This star vein originates from Chen Feng's eyebrows and ends with Chen Feng's left thumb!

With the power of thirty-six stars, Chen Feng had just condensed a star vein!

Four times that of others!

"My first star vein, is it already a big deal?"

Chen Feng suddenly looked up to the sky and let out a roar!

It is full of endless ancient wilderness, desolate and primitive meaning!

That kind of power is almost exploded.

Chen Feng felt that at this time, the kind of power contained in his own star veins was so terrifying that it was unimaginably powerful that almost his body could not bear it!

A smile appeared at the corner of Chen Feng's mouth: "Is this the star vein formed by the power of the thirty-six stars?"

"The power of thirty-six stars, the condensed star veins, use four times the power of the stars than others!"

"So, its power, its strength, is it also equivalent to other people's four star veins?"

Unspeakable joy in his heart.

And what makes him most happy is the speed of cultivation.

Since entering this place to the present, it has only been an hour's time, and this first star vein has been tempered!

A smile was drawn at the corner of Chen Feng's mouth: "The Golden Sutra of the Great Bodhisattva Avalokitesvara is really mysterious."

Generally speaking, it takes three to five years for an ordinary martial artist to temper a star vein.

It takes about a year for people with outstanding talents.

Those little geniuses also need at least two or three months.

Even if it is an extremely talented genius, it will take about a month to temper a star vein!

And Chen Feng, it only took more than an hour to temper the first bloodline, which is countless times more genius than genius!

"Then, keep going!"

Chen Feng has never been in contact with Xingmai, has never been on the right path of cultivation, and has always been eager for someone to guide him and show him the way forward.

Now, his desire for star veins is something that the warriors who grew up in the middle-thousand world, who knew the correct way of cultivation since childhood, and are extremely clear about the future, can't even imagine!

"Then, continue to practice the second star vein!

Chen Feng felt that his desire was far from the end.

He only thinks about one thing now: practice!

It seems to be sensing Chen Feng's thoughts.

Above the sky, in the golden beam of light, there was another word appearing.

Extremely complicated, difficult and inexplicable.

In one word, there is infinite meaning, unpredictable.

[Chapter 4549: breakthrough!](#)

But after taking a look, Chen Feng understood the meaning.

This word is called: self!

Observe the free self.

Thus, a golden thread started from the center of Chen Feng's eyebrows and stretched towards the position of his left index finger.

The outline of the second star vein is also formed.

Then, the suction power of the whirlpool increased wildly.

The huge vortex above the sky revolved crazily.

The suction power has increased several times.

As a result, in the eyes of many Big Dipper blessed land powerhouses, in an instant there were dozens of stars' powers, which were severely absorbed.

Then disappear without a trace!

At this moment, Jin Yuxie also walked out, squinted, watching the situation here.

Cang Xinghai whispered from the side: "The Remnant Beast Slave that day was truly talented, not to be underestimated."

"I never underestimated him."

Jin Yuxie sighed softly.

Next to Cang Xinghai gritted his teeth again, and said in a low voice, "If this son grows up, then we will be the Big Dipper team, but Fairy Yuheng will have the final say."

After hearing this, Jin Yuxie instantly flashed a fierce murderous intent in his eyes.

He turned around suddenly and stared at Cang Xinghai.

Cang Xinghai's face was full of respect, and he lowered his head there without saying a word.

After a long time, Jin Yuxie sighed softly and said slowly:

"Cang Xinghai, in this case, I don't have to say it again."

Cang Xinghai let out a sigh of relief, but felt that his back was soaked.

Just now, the tremendous pressure Jin Yuxie brought to him made him almost tremble.

He knew what kind of person Jin Yuxie was.

This person is not only stronger than what he showed, but also murderous, extremely cruel.

He heard that before he entered the top of the sky, he was a fierce and mighty mission in the mid-thousand world he was in, and his temperament was extremely surly.

Although the cover is very good, it can show up from time to time.

Even Jin Yuxie didn't even think that it was Chen Feng that caused such an extraordinary phenomenon.

He only thought it was a celestial beast slave.

Jin Yuxie was silent for a moment before he seemed to have made up his mind: "Cang Xinghai, the month expires. After you kill Chen Feng, you will continue to provoke the heavenly beast slave with the victory."

"Fight, let the Heavenly Remnant Beast Slave be excited, and fight you."

Cang Xinghai's eyes lit up instantly, and then he was ecstatic.

Jin Yuxie finally agreed!

The man behind him is Jin Yuxie.

If Jin Yuxie didn't speak, he wouldn't dare to do these things hastily.

That is equivalent to offending Fairy Yuheng to death. Fairy Yuheng wants to kill him, and no one can save him.

"In this way, I can just get rid of him."

Jin Yuxie's eyes were cold and faint: "Even if you can't get rid of him, at least his strong desire to fight and the momentum of breakthrough must be stopped."

The people next to Cang Xinghai hesitated and said timidly, "But, they are all members of our Beidou team after all!"

Jin Yuxie's eyes cold.

Before he spoke, Cang Xinghai whispered: "You know what a fart!"

"The Beidou team, which cannot be controlled by Lord Jin Yuxie, would rather become weaker than stronger!"

"Understand?"

The man was silent, and hurriedly insisted on his promise and did not dare to speak any more.

Jin Yuxie's expression didn't change much, he just waved his hand to signal the person to retreat.

Then, he whispered to Cang Xinghai: "The next time he does the task, find a chance to get rid of it!"

Cang Xinghai was taken aback for a moment, and it seemed difficult to choose.

Finally gritted his teeth and nodded fiercely: "I understand."

The person who had just spoken was his affectionate brother, and Cang Xinghai was determined not to attack him.

But he knew that if he didn't do it, Jin Yuxie would do it against himself.

"In this case....."

A harsh look flashed in his eyes: "Brother, I'm sorry."

In order to fear that Fairy Yuheng's strength surpassed him, Jin Yuxie did not hesitate to fight in the same room, and directly attacked the Tianchou beast slave.

I would rather destroy the Heavenly Remnant Beast Slave, rather than leave him to enhance Fairy Yuheng's strength.

In their mouths, Chen Feng has become an insignificant existence.

What they have to deal with now is the cruel beast slave, not Chen Feng.

Between the words, Chen Feng didn't pay attention to it at all.

At this time, you are in the Golden Sutra cultivation space of the Bodhisattva Vipassana.

A steady stream of star power poured into Chen Feng's body, and with a loud noise, Chen Feng's second star vein was also directly opened!

It took Chen Feng another hour to condense a second star vein!

But he still didn't stop.

Above the sky, in the golden beam of light, another golden character fell down: Yes!

Observe at ease.

When Chen Feng's third star vein was condensed, Chen Feng felt his eyes, ears, nose, nose, eyebrows, etc., all the acupuncture points seemed to open instantly!

Unspeakable comfort.

The power of the stars and the light spirits poured in madly, making him physically and mentally happy to the extreme.

There was a surprise in Chen Feng's eyes, and then he laughed: "Five-star Wudi peak! I have broken through to the five-star Wudi peak!"

It turned out that Chen Feng had already broken through another small realm, reaching the peak of the Five-Star Wudi from the middle stage of the Five-Star Wudi!

"but!"

Chen Feng's eyes flickered: "This is not enough!"

He still hasn't stopped now!

The fourth golden ancient scripture falls: Bodhisattva!

The Bodhisattva of Guan Zi Bodhisattva.

Chen Feng began to gather the fourth star vein!

After an hour, the fourth star vein is condensed!

The fifth golden ancient verse: Sa!

After an hour, Chen Feng once again condensed the fifth star vein!

In the Blessed Land of the Big Dipper, almost all the strong have not slept, practiced, or done anything this night.

They all stared blankly at the huge vortex above the sky!

At this time, there are many more powerful people in Beidou Fudi than yesterday.

Almost everyone came.

They heard something like this happening here, so they hurried over.

Then, everyone was dumbfounded, staring blankly at the vortex above the sky, which grew bigger and stronger, and the suction became stronger.

At this time, the power of the stars in the entire Big Dipper Land has already been sucked in by almost one third!

And the remaining power of the stars was scared to hide away.

Since they hide far enough, the vortex expands even larger in order to absorb them.

As a result, the vortex at this time has reached a radius of nearly a hundred miles.

Almost the entire sky above the Big Dipper was shrouded!

It feels like a dark cloud over the city, the end of the world, very visually shocking.

Everyone looked up in a daze, dumbfounded, and talked a lot, with mixed expressions.

Except for Ruokuli and Xieying, everyone else returned.

Fairy Yuheng's sleep quality was really good enough, and such a big movement outside didn't even make her wake up.

[Chapter 4550: Seven stars in one day!](#)

Still sleeping soundly there.

In this Blessed Land, there are also about five hundred powers of stars.

It was absorbed by everyone's crazy cultivation before, especially by the two powerhouses Jin Yuxie and Yuheng Fairy.

That's the case, there are almost three hundred remaining.

But before, Chen Feng was madly absorbed.

Right now, the power of the stars outside the vortex, there are only about a hundred left.

And in the next moment, suddenly, the whirlpool sounded like a giant beast swallowing.

It was like a muffled roar!

In the next moment, the frantic expansion of the vortex filled the entire sky above the Beidou blessed land in an instant!

Cover this Beidou blessed land with a radius of 100 li completely.

There is no more cent left.

And the remaining power of more than a hundred stars was without resistance, and was directly absorbed cleanly!

No one left!

At this point, the power of the hundreds of stars in the Big Dipper Land has been completely absorbed!

They had absorbed the power of stars that hadn't been refined for so many years, and Chen Feng had absorbed all of them!

What one person absorbs is equal to the sum of all people's absorption!

Stupefied, everyone is stupid!

"Hundreds of stars' powers are all swallowed!"

"Tianchou beast slave, what is he cultivating? What kind of racial talent is he? How could he be so defying the sky!"

"Heaven is the ruler, this is too terrifying! Will it absorb the power of hundreds of stars a day?"

Someone said gloomily: "I guess most of the power of the stars will be wasted."

"However, even if only a small part of the power of the stars is absorbed by him, this power is extremely against the sky."

Everyone nodded.

No one believes that all the power of the stars can be absorbed.

In other words, they are not unbelieving, but unwilling to believe.

However, what everyone didn't guess was that it was Chen Feng who absorbed these powers not the Heavenly Remnant Beast Slave.

Moreover, Chen Feng was able to absorb all the power of these more than 300 stars without any waste!

This is where the Golden Sutra of Avalokitesvara Bodhisattva is against heaven!

This is this one, even in the Middle Thousand Worlds, the powerful magical powers at the top of the pyramid are against the sky!

The Golden Scriptures of the Great Bodhisattva Avalokiteshvara have not been born for many years.

Once born, it was so amazing!

When this huge vortex absorbed all the remaining power of the stars in the sky, the power of these stars also came to Chen Feng's cultivation space in an instant.

Among the golden light, two golden ancient scriptures fell one after another!

They are: OK and deep!

Above Chen Feng's body, two star veins suddenly lit up at the same time!

Then, the remaining power of the stars smashed in!

Chen Feng let out a crazy roar, and the two star veins merged together instantly!

At this time, above his body, there were also seven star veins lit up!

The seven star veins originate from all parts of the body and converge on the center of the eyebrows.

It seems extremely mysterious, and the waves are growing!

It was as if Chen Feng's body had become a universe, with countless stars undulating in his body.

At the moment the seven star veins penetrated, Chen Feng also felt a shock!

As if some shackles were instantly opened up, the whole body was indescribably comfortable!

A flash of ecstasy flashed in Chen Feng's eyes, and then he turned up to the sky and laughed: "Six-star Emperor Wu, I have broken through into the Six-star Emperor Wu!"

At the moment when Chen Feng broke into the Six-Star Wudi, an inexplicable aura vibrated out, spreading across the entire Beidou blessed land in an instant.

Others were ignorant, but the Yuheng Fairy who was asleep suddenly woke up from his sleep.

The focus in the eyes has not yet condensed, and a smile is drawn at the corner of his mouth: "Chen Feng, breakthrough."

"Unexpectedly, it was so fast!"

In the next moment, she disappeared in place!

In less than a day, Chen Feng condensed seven star veins in a row!

Seven stars in one day!

The realm of cultivation base has directly broken through to Six-Star Wudi!

After Chen Feng broke through and entered the Six-Star Wudi, the desire for breakthrough and the thirst for strength still did not diminish in any way!

He now feels that he can break through, and he needs a crazy breakthrough!

"Eh?"

Chen Feng suddenly raised his brows. It turned out that he realized that there was no power from the stars pouring in again.

Chen Feng thought for a moment, and then he knew what was going on.

He had observed the number of stars in the Big Dipper Land before.

A wry smile suddenly appeared at the corner of Chen Feng's mouth: "Is all the power of the stars in Beidou Fortune Land completely absorbed by me?"

Outside the Abode.

After the absorption of these three days and three nights, the power of the stars in the entire Big Dipper Land has been completely absorbed.

All the power of the stars has been absorbed, and there is nothing left.

Everyone was dumbfounded, and their hearts were filled with jealousy to the extreme.

Then, this jealousy turned into a grit of hatred!

"Why is he so strong and I am so weak!"

"Why is his talent so good? My talent is so bad!"

"Why is he so taller than me!"

Some people were full of resentment: "I have sucked all the power of the stars, so how can we practice?"

"These people are too selfish, regardless of the life and death of their fellows!"

Jin Yuxie's eyes swept away and saw that many people's faces were full of resentment, and the corners of their mouths were smiling.

"Cang Xinghai, have you seen it? Human heart is available."

Cang Xinghai was taken aback: "What do you mean?"

Jin Yuxie smiled slightly: "I always feel that one month is too long, and the night is long, and it is easy to have more dreams."

Looking at the swift breakthrough of the Heavenly Remnant Beast Slave, who knows how far it will be in a month?

"It's better, now..."

His eyes turned dark.

Cang Xinghai immediately understood what he meant. He was excited for an instant, and smiled hesitantly: "My lord has a great opinion."

"Since the hearts of the people are available, then I will lead the crowd to cheer and directly force Chen Feng and others out!"

"Then, you don't have to wait for the one-month period to expire, just today, you will get rid of both of them!"

Jin Yuxie nodded solemnly.

Chen Feng felt that the power in his body was so infinite and unbelievably powerful.

I don't know how much the strength has improved than before!

Chen Feng also knew that it was impossible to continue to condense the stars.

"It seems that we need to find a blessed place with more abundant star power and higher level to cultivate."

Chen Feng stood up.

Looking at the ancient Buddha phantom behind him, he slowly bowed, and said in a deep voice, "Thank you."

The ancient Buddha phantom didn't say anything, only his body flickered. It disappears directly.

The scriptures of the Golden Sutra of Avalokitesvara Bodhisattva are also closed directly.

Chen Feng sighed slightly, a smile appeared on the corner of his mouth.
