

Peerless 4551

[Chapter 4551: Genius among geniuses!](#)

"The Golden Sutra of Avalokitesvara Bodhisattva is worthy of being the top practice in the world. It is truly amazing.

He now feels more and more that he has waited these days, and has been desperately unlocking the Golden Sutra for the Great Bodhisattva of Vipassana these days, without paying for nothing.

Chen Feng withdrew from the Golden Scripture cultivation space of the Great Bodhisattva Avalokitesvara and returned to the ashram.

What caught the eye was the huge whirlpool above the head.

A wry smile appeared at the corner of Chen Feng's mouth: "This time the noise is really big enough."

The next moment, in the void of the Abode, a Qianqiansu hand appeared, directly tearing the space apart.

Fairy Yuheng walked out of it.

Chen Feng has long been accustomed to Fairy Yuheng's way of going on stage, blinked, smiled and said, "Before coming next time, can you say hello?"

What if I am taking a shower? "

Fairy Yuheng was taken aback for a moment, then clutching her belly, laughing, very happy.

The whole person was shaking.

Chen Feng was stunned: "Is it so funny what I said?"

After a while, Fairy Yuheng just stood up straight and looked at Chen Feng, the smile still couldn't hide.

"Chen Feng, thank you, no one has made such a joke with me for a long time."

"Well, no one has ever spoken to me like this since the twelve-year-old maid who had the best relationship with me and sister was deliberately killed by my father."

Chen Feng sighed slightly, looking at this icy and generous woman, suddenly felt a little distressed inexplicably.

He grew up in such a family, and later came to such a cruel top of the sky.

Knowing that she is extremely strong, many people are afraid of her, and many people admire her.

But, I'm afraid, she should have very few real friends!

Even if Mei didn't have time to spend so long with her, I am afraid she was more in awe of her.

Rather than being like a friend.

Perhaps among everyone, only Chen Feng can treat her as a friend with a steady state of mind.

Only Chen Feng would say such things that are just like molesting, but they have no intention of adultery.

Chen Feng suddenly took a step back, sang a fat man, and said with a smile: "If the girl doesn't dislike it, I will molest you a few more times after my birth."

Fairy Yuheng laughed and trembled again, and Chen Feng also laughed.

The pressure in my heart these days is gone.

Since he has become stronger and stronger, he is surrounded by people he wants to save, people who rely on him.

But there are few people who can make him laugh together, even stronger than him.

This feeling has not been felt in a long time.

After a while, Fairy Yuheng stopped, raised her eyebrows and looked at Chen Feng: "Breakthrough?"

Chen Feng nodded: "Six-star Wudi."

"How is the star veins condensed?"

With a slight movement in Chen Feng's heart, the Golden Sutra of the Bodhisattva Avalokitesvara revolves automatically.

Immediately, on the surface of his body, seven star veins emerged.

The seven star veins grew madly in an instant, not only appeared on Chen Feng's body, but also instantly formed seven star veins behind Chen Feng.

Like seven Tianhe hanging upside down!

Countless stars are undulating, magnificent and unusually bright.

At the same time, it exudes an extremely tyrannical atmosphere.

"Seven stars!"

Fairy Yuheng couldn't help but widened his eyes: "You just broke through a great realm, but you have condensed seven star veins?"

Fairy Yuheng showed an extremely shocking color in his eyes.

This was the first time Chen Feng saw this look on her face.

Even if she knew the situation in the Dragon Vessel Continent before, she was not shocked like this.

Chen Feng noticed something strange, raised his eyebrows and smiled: "Why, is it special?"

"More than special! More than special!"

Fairy Yuheng walked around the place excitedly, and suddenly stepped forward and looked at Chen Feng with an extremely rare look: "Hahaha, Chen Feng, I really found a treasure!"

"I really found a treasure!"

"I have known for a long time that you are by no means ordinary. It must be very special to be able to make the golden reincarnation jade card drip blood to recognize the master!"

"But I didn't expect that the talent you showed at this time was so terrifying!"

She took a deep breath, calmed down, looked at Chen Feng, and said excitedly:

"Do you know that the number of star veins mainly depends on the height of the martial artist in the Martial Emperor realm."

"A person with average talent can condense a star vein for every level in the Martial Emperor Realm."

"Yes, not even one can be condensed, only half of it can be condensed."

"People with quite powerful talents can condense two star veins for every level."

"Ordinary young geniuses, one realm can condense three star veins."

"Even if they are the most geniuses, they can only condense five star veins at most!"

She paused and looked at Chen Feng and said, "You know, we are on the top of the sky, so it is said that in the past few years, during the nine-star martial emperor, how many star veins condensed the most, how many star veins?"

At this time, Chen Feng was also in a rush!

"My talent is so powerful?"

He said solemnly: "How many?"

Fairy Yuheng used a voice full of excitement and slowly uttered four words: "Forty-nine!"

"He is an infinite genius. Every realm of Emperor Wu realm can condense five star veins."

"And he is not reconciled to become a conversation with other geniuses."

"So, after I stepped into the Nine Star Martial Emperor, I was forced to pay the price of a lifetime of nine deaths with the mysterious method, and only four more condensed!"

"Achieving forty-nine articles is one of the extremes!"

"And this person, because of the forty-nine star veins, when the star soul was condensed, he soared into the sky, shocking the entire top of the sky."

"When he was still a powerful man in the Emperor Martial Realm, he was already favored by countless forces. Later, he gathered the Star Soul and shocked the world."

"Not only on the top of the sky, but also in the middle and thousand worlds to which he belongs, stirring up an infinite storm and achieving a generation of ancient power!"

When Chen Feng heard this, his heart trembled violently.

"Forty-nine star veins, with an average of each level, but only five condensed!"

"And I, at every level, can condense seven star veins, stronger than him!"

"What will happen to my future?"

At this moment, the sound from outside the door sounded, and Tianchou Beast Slave and Mei Wuxian walked in.

After learning about Chen Feng's situation, the two were shocked, but Chen Feng was extremely happy.

The celestial beast slave laughed loudly: "I knew that my eldest brother is a genius among the most talented ones!"

But at this moment, a loud noise suddenly sounded outside.

"Chen Feng, beast slave, get out!"

Chen Feng raised his eyebrows and looked at Fairy Yuheng: "Is this here to find something?"

Fairy Yuheng covered her lips and smiled: "Presumably you have absorbed the power of those stars, making them unable to cultivate!"

[Chapter 4552: You seem to find the wrong person](#)

Chen Feng sneered coldly: "It's just a ruse. I guess I want to take this opportunity to get rid of the two of me."

He saw it very clearly.

"Now, go meet them!"

Chen Feng now condenses seven star veins, and has broken through to enter the Six-Star Martial Emperor.

Facing the provocations of these people, I am not afraid at all.

The three of Chen Feng came out, and Fairy Yuheng also followed out with a smile.

Outside the abode, Cang Xinghai and others stood there with provocative expressions.

The eyes were murderous and fierce.

Seeing Fairy Yuheng, they all looked stagnant and a little timid.

Fairy Yuheng waved her hand, holding her arms, as if watching a good show next to her.

Suddenly, Cang Xinghai had a bottom in his heart, which was to signal them to solve it by themselves.

"Let us solve it by ourselves? Okay, then I will kill some of them!"

He grinned grimly, then looked at the Heavenly Candid Beast Slave, and said coldly, "The Heavenly Candid Beast Slave, what do you mean?"

"It's enough for you to cultivate yourself. You will also absorb all the power of the stars of our Big Dipper Land, do you want us to die?"

He looked behind him and shouted loudly: "This day the cruel beast slave only cares about his own cultivation, regardless of our life and death! Isn't it?"

"Yes!"

The crowd suddenly clamored.

"This dog is new, but doesn't understand the rules at all!"

"Just care about our own practice, how can we live or die?"

"Let this dog spit out whatever it eats!"

Some people even said with a gloomy voice: "Let this dog give out his cultivation technique. We have to see what kind of technique it is, which prevents us from practicing."

As soon as this voice came out, everyone was quiet.

Cang Xinghai glanced approvingly there: "This is really a good idea."

Everyone was taken aback, and then they were overjoyed!

This is a great opportunity!

It would be best if the Heavenly Canal Beast Slaves were handed over, and everyone could cultivate extremely superior techniques.

Although they hated Chen Feng and the others a lot, they were extremely jealous of the practice of the Heavenly Remnant Beast Slave's cultivation, which could absorb all the power of the stars.

It would be best if he could hand it over.

If he refuses to hand it in, he has to deal with him!

"Do you see it?"

Cang Xinghai stared at the Tianchou Beast Slave and said, "Hurry up and hand over your exercises, otherwise everyone will not agree to it today."

Chen Feng and the Tiancun Beast Slave were shocked when they heard this.

Then everyone laughed.

"What are you laughing at?"

Cang Xinghai's expression became more and more ugly, and he felt that these two people were like mocking fools.

Chen Feng shook his head: "Just you guys, are you still here to provoke? I don't even know who did it!"

Chen Feng stretched out his hand to stop the beast slave.

He walked forward, stood in front of the two of them, touched his nose, and looked at Cang Xinghai and the others: "Sorry, it seems that you have found the wrong person."

He raised his head and pointed his finger at the huge whirlpool above the sky: "I did this."

"What? You did it?"

After hearing this, everyone was taken aback, then burst into laughter.

"Boy, you don't take a **** and take pictures of yourself, are you worthy?"

"You want to take this to yourself, I understand! But with your strength, your realm, you want to do this? Dream!"

"Chen Feng, don't be ashamed here!"

Cang Xinghai was even more disdainful.

"Chen Feng, I've never seen a stupid person like you, who speaks plainly. Do you think we are all stupid? Do you think we will believe?"

I want them to believe that Chen Feng did it.

Chen Feng shook his head lazily.

Cang Xinghai suddenly said in a deep voice, "Chen Feng, it's better to be like this."

"You are making such a big disturbance, and you can't justify it without giving us an explanation."

"However, if you pay the price for nothing, you are definitely not willing."

He paused: "Why don't it be like this."

"You three, we also have three people."

"Let's fight three games, and whoever wins more will listen."

"If we win, then let the heavenly beast slaves hand over the exercises, how about?"

Cang Xinghai's voice fell.

Suddenly, everyone behind him was clamoring and applauded.

After Chen Feng heard it, he knew their sinister intentions all at once.

"I'm afraid that the three of us will encounter a little accident in the battle. If they miss, they will just wait and kill me?"

Chen Feng's eyes flashed sharply.

These people don't know how high the world is.

As everyone knows, Chen Feng can easily clean them all alone.

Chen Feng wanted to fight alone.

At this moment, Jin Yuxie suddenly said, "I think this method is very good."

He could not refuse to say: "That's it!"

He looked at Fairy Yuheng: "Are you okay?"

Fairy Yuheng smiled in her heart.

"Jin Yuxie, your wishful thinking, it's a pity that you met Chen Feng, who has already broken through."

"Today, I'm afraid I will let you meet and break your blood."

She lazily said: "You have said everything about the evil spirits, what can I say?"

Everyone screamed excitedly!

"Chen Feng, dare to agree?"

"If you don't dare, just get out of Beidou Blessed Land by yourself. Of course, you have to hand over your exercises before you leave!"

"Only the strong are worthy to survive here, the three of you are not worthy!"

The insults flooded like a tide, and they wanted to crush Chen Feng and the three people!

They should also take their powerful techniques as their own, and swallow them with no bones left!

At this moment, the gloomy voice sounded again.

The speaker is a tall and thin middle-aged man.

Dressed in black, his eyes were as dark as a snake.

It was just the one who said that the Heavenly Canal Beast Slave would hand over the Cultivation Cheats.

He got up and looked at Chen Feng, and smiled Yin Yin: "Didn't you say that you made the vortex above the sky?"

"Okay, let me weigh it, do you have this skill!"

Everyone was taken aback when they saw this scene.

Then, they all cursed in their hearts.

"This Gou Hongyu is really cunning."

"Yeah, he would really pick his opponent, and he picked Chen Feng, who is far inferior to the Heavenly Remnant Beast Slave."

"We can't grab what he says, and he can get a lot more for the benefit!"

It turned out that Gou Hongyu was trying to clean up Chen Feng's idea to Liwei.

At the same time, I took this opportunity to favor Jin Yuxie and Cang Xinghai.

However, he did not dare to find a powerful Celestial Beast Slave.

So I went to Chen Feng altogether.

Everyone cursed secretly in their hearts, and was robbed by Gou Hongyu.

Chen Feng looked on coldly, watching these jumping clowns.

"I can't wait, I want to wipe us out, squeeze it thoroughly, and then kill it again?"

Jin Yuxie and Cang Xinghai sang and made a peace, he saw these tricks clearly.

[Chapter 4553: The wind is too strong, I can't hear!](#)

"Since you are looking for death, then I will fulfill you!"

Chen Feng moved forward and said one word faintly: "Come!"

Gou Hongyu came to a place ten meters away from Chen Feng and smiled gloomily: "Boy..."

"What do you do with so much talk? Just hit it!"

Chen Feng said impatiently.

He didn't want to talk nonsense with these people at all.

A punch!

Gou Hongyu smiled disdainfully and said: "Oh, it turns out that the strength has broken through to reach the six-star Wudi."

"But, so what! I'm an early eight-star Wudi strong!"

He laughed wildly, his momentum soaring.

Eight-star Wudi's initial strength is unconcealed!

"My eight-star Wudi, crush your six-star Wudi, do you have any questions?"

"not to mention!"

He grinned grinningly: "I still have sixteen star veins!"

When he blasted this punch, behind him, sixteen star veins appeared in an instant!

The stars are undulating, brilliant.

The eight-star Wudi's initial strength has 16 star veins.

On average, each level can get two star veins.

Its qualifications are pretty good.

Cang Xinghai sneered: "If I remember correctly, not only does this kid Chen Feng only have the cultivation base of the Six-Star Martial Emperor, but he shouldn't even have a single star vein?"

"The overall situation has been determined, he will undoubtedly die in front of Gou Hongyu!"

"Yes, the only one of the three of them that has some combat power is the Heavenly Remnant Beast Slave."

No one thinks Chen Feng can win.

Gou Hongyu fisted down!

Among the sixteen star veins, power surges and stars fluctuate.

He was cold and hideous at this time, laughing wildly: "Boy, you are dead!"

Chen Feng suddenly laughed at this moment: "Do you think that only you have star veins?"

The next moment, behind Chen Feng, seven star veins appeared!

In this scene, everyone's eyes almost fell out, their eyes widened, and a touch of horror appeared on their faces!

"What? He has star veins?"

"When I saw it yesterday, he even had one, and now he has seven in one day?"

"Moreover, he has seven star veins that give me the feeling, extremely powerful! Each star vein is much stronger than ours!"

"Yes!"

Someone shrank his pupils and exclaimed, "Could it be that he really created the previous world vision?"

If it was before, Chen Feng was indeed not Gou Hongyu's opponent.

Even if the cards are exhausted, the limit he can deal with before is nothing but the peak of the Seven-Star Martial Emperor!

Moreover, there is a huge price to pay.

But now Chen Feng is completely different from yesterday's strength!

The long-repressed desire to break through and the Golden Sutra of the Great Bodhisattva Vipassana made his strength soar!

Six-star Wudi's realm is still second, the most important thing is his seven star veins!

The seven extremes of horror are condensed from the Golden Sutra of the Bodhisattva Vipassana, and the power of the 36 stars can be transformed into a star vein!

Not only them, but even Cang Xinghai's eyes jumped wildly.

But Jin Yuxie let out a low cry, suddenly remembering what Fairy Yuheng said before!

In the next moment, in the horrified eyes of everyone, Chen Feng's fist and Gou Hongyu's fist already slammed together!

The sixteen star veins of Gou Hongyu and the seven star veins of Chen Feng shine brightly at the same time!

The power of the stars surges!

Although Chen Feng has only seven star veins, and even though Gou Hongyu has a total of sixteen star veins, Chen Feng has the upper hand!

Among the seven star veins, the rays of light were shining, and the power of the stars suddenly became extremely bright!

Although there are only seven, the momentum completely surpasses Gou Hongyu's 16!

In the next moment, Gou Hongyu felt a force that was too strong to resist, like a big wave slapped it over!

I can't resist this force at all!

Gou Hongyu let out a miserable howl, and was directly smashed out by this power!

After knocking him into the air, the power of Chen Feng's seven star veins, without stopping, directly smashed into his body!

In an instant, Gou Hongyu spurted blood, and all the bones in his body were broken.

And it's not over yet!

Chen Feng's formidable power even poured directly into his sixteen star veins!

His sixteen star veins exploded because they couldn't withstand the powerful force!

Bang bang bang!

Sixteen star veins, all broken!

Gou Hongyu's body also fell to the ground fiercely, screaming screaming, bloody, and unable to move.

Everyone is shocked!

This move not only severely injured Gou Hongyu, but even directly burst Gou Hongyu's star veins!

What a powerful force is this?

Gou Hongyu struggled to stand up, but he couldn't do it at all. When he tried hard, blood spurted out again.

He stared at Chen Feng in horror, his eyes dimmed instantly.

He realized that he was defeated! It was a terrible defeat!

Chen Feng's strength is extremely terrifying, far beyond his own!

Seeing this scene, everyone showed awe.

"Gou Hongyu lost to Chen Feng by one move?"

"With Chen Feng's move, he was seriously injured and dying, and even his sixteen star veins were exploded!"

"Chen Feng is only a six-star Wudi, why is there such a strength? Gou Hongyu in the early days of the eight-star Wudi is not an enemy of Chen Feng, how strong is he?"

"Eight-star Wudi mid-stage, or the eight-star Wudi peak?"

Someone said weakly, "I should be more concerned now, isn't it Chen Feng's star vein?"

"He didn't have star veins yesterday, but he has seven star veins today!"

"Yes, and his seven star veins are stronger than Gou Hongyu's sixteen star veins. This is too terrifying!"

It's just that what everyone said to Chen Feng just now is that this vision of heaven and earth was something he created, and there is still some doubt.

He is strong enough, but to say that he has reached such an exaggerated level, I am afraid that there is still some possibility?

A smile was drawn at the corner of Chen Feng's mouth, and he slowly walked forward and raised Gou Hongyu high.

"Dare you still rob us of our exercises?"

Gou Hongyu showed a hint of fear in his eyes, and said in a trembled voice: "Don't dare, never dare it again!"

"Ah, what are you talking about?"

A look of doubt appeared on Chen Feng's face, and he said loudly:

"What are you talking about? The wind is too strong, I can't hear you!"

After all, slap Gou Hongyu's face with a slap!

Gou Hongyu's voice was crying, and he shouted: "I dare not, I said I would never dare anymore!"

Chen Feng's face suddenly became cold: "What? You say, do you still dare?"

Chen Feng looked cold: "Then don't blame my ruthless men!"

After all, it slapped again.

This note is extremely powerful,

Gou Hongyu was terrified, but he couldn't stop him, and he couldn't hide.

With a crisp sound, his neck bone broke directly, and his breath instantly broke.

The light in his eyes faded away.

[Chapter 4554: next!](#)

He looked at Chen Feng and struggling to say a word from his throat: "I said clearly, I will never dare anymore!"

Chen Feng smiled coldly.

Gou Hongyu is already dead!

Chen Feng, directly behead Gou Hongyu!

He didn't have any psychological burden at all. After he came to the top of the sky, he knew that these people were naturally talented, extremely powerful, and had countless experiences.

However, each of them is vicious and vicious, and they are definitely not kind!

And waiting for someone to enter this Beidou blessed land is like entering a wolf pack and tiger den!

"Since you are cruel!"

Chen Feng smiled coldly: "I'm even more ruthless than you!"

"If you want to kill me, I will kill you cleanly!"

"Till you are afraid! Till you never dare to think anything wrong!"

To deal with this kind of person, only more ruthless than him!

Chen Feng looked at everyone.

His eyes were cold.

There was a fierce jump in everyone's hearts, and many people took a step back, fearing in their hearts.

They looked at Chen Feng, full of shock, horror, fear and so on.

However, there is only no doubt and contempt before.

Because Chen Feng has used his powerful strength and ruthless means to prove everything.

At this time, Chen Feng was sending them a signal: "You are ruthless, I will be more ruthless than you!"

Facing the crowd, Chen Feng hooked his fingers: "Next!"

Stormy waves surged in Cang Xinghai's heart.

Chen Feng, so strong!

He now knew that he was wrong, which was very wrong.

"Gou Hongyu, who was in the early days of Emperor Wudi of Eight Stars, is not his opponent. What if I am against him?"

Cang Xinghai's brows condensed: "I don't understand the reality of this kid. I still need someone to explore his strength."

Everyone looked at each other, and no one dared to go up.

Gou Hongyu's strength among them is already above the middle.

They were all punched like this by Chen Feng, how could they be opponents?

Chen Feng glanced over slowly.

Those who came into contact with Chen Feng's gaze all took two steps back quickly, not daring to look at him.

"Why, dare you?"

There was a sneer at the corner of Chen Feng's mouth: "You guys, don't you look down on our three newcomers?"

"Don't you think that you have been on the top of the sky for a long time, and you have a great sense of superiority?"

"Aren't you, treat the three of me like ants, kill when you want. Do you fight when you want to fight?"

Chen Feng sneered: "Why, don't you dare now?"

Everyone was silent.

Chen Feng was full of disdain, and spit out four words: "A bunch of waste!"

Everyone's faces flushed.

These words are undoubtedly trampling their dignity under their feet and crushing them!

But no one dared to say more.

No one wants to be Chen Feng's opponent.

Cang Xinghai suddenly said indifferently, "Shangyang, you go."

Shang Yang is the brother he wants to get rid of.

When Shang Yang heard this, he was stunned.

Then, his face turned pale, pointing to the blue star sea, stammering: "You, do you want me to die?"

"What does it mean to die?"

Cang Xinghai frowned dissatisfied.

Then, his face became gloomy, gritted his teeth and said: "You, go or not?"

Shang Yang's face was pale, and he suddenly laughed sadly: "Okay, brother, you let me go!"

"Then I will go!"

After that, he walked slowly, with a touch of determination on his face.

With a low growl from him, behind him, fourteen star veins emerged, and they slammed to Chen Feng.

Chen Feng glanced at him lazily, even too lazy to punch.

Just waved.

Suddenly, a force of incomparable strength, severely suppressed.

That power made Shang Yang just feel desperate!

That is a tyrannical force that he can't match at all!

Shang Yang yelled desperately: "Chen Feng, you kill me!"

However, he expected that the offensive that fell like thunder did not fall.

But I just felt my body fly out like clouds and fog.

Although the tendons were broken and fractured, they were only seriously injured and did not die.

He staggered to the ground and looked at Chen Feng with a look of surprise on his face.

Chen Feng said indifferently: "You still have the backbone, speak loyalty, I will spare your life!"

Shang Yang was stunned.

After a while, he came back to his senses, knelt down heavily, banged his head at Chen Feng.

Then, looking at the Cang Xing Sea, his expression was determined, and he stretched out his hand to cut his sleeves off.

"Cang Xinghai, you saved my life before, and I respect you like a big brother and obey you in everything."

"But from today onwards, you and I will die!"

Cang Xinghai did not respond.

He has a cool nature, and he only used Shang Yang before, so he doesn't care much now.

Instead, I just recalled the scenes that Chen Feng had just shot in my mind.

Cang Xinghai was suddenly happy.

"This time I can see that, it turns out that Chen Feng's strength is only in the middle stage of the Eight-Star Martial Emperor!"

"In this case!"

A look of sullenness and pride flashed in his eyes: "Then I have a chance!"

However, he didn't know that Chen Feng only deliberately suppressed his strength to the middle stage of the Eight-Star Martial Emperor!

"okay."

Chen Feng said: "Don't let these people from your subordinates come and die, you can go on your own."

Cang Xinghai walked out slowly, facing Chen Feng.

The next moment, he suddenly shakes his arms!

The momentum of the body rose up frantically, reaching the middle stage of the Eight-Star Martial Emperor, and it has not stopped!

Continuing to improve, he reached the peak of the Eight-Star Martial Emperor in an instant!

Everyone exclaimed, "When did Cang Xinghai break through?"

"Yes, I remember him two days ago, or in the middle of the Eight-Star Martial Emperor, and now he has reached the peak of the Eight-Star Martial Emperor?"

"It turns out that he actually concealed his strength!"

"If it is the peak of the Eight-Star Emperor Wu, I'm afraid Chen Feng will be difficult to deal with."

Cang Xinghai laughed: "Boy, I didn't expect it, I concealed my strength before!"

"I am now away from Jiuxing Wudi"

Chen Feng shook his head and said lazily: "Do you think I would care?"

Then, as Cang Xinghai laughed wildly, behind him, a full 26 star veins rose up!

Very bright and brilliant.

He actually has 26 stars!

Although he is not at the top level, he is almost a little genius

Cang Xinghai seemed to have secured the victory, and laughed wildly: "Chen Feng, have you seen it?"

"I have 26 star veins!"

"I admit, your strength is good, and your star veins are also very powerful, but no matter how powerful your seven star veins are, is it comparable to my thirty-two star veins?"

Chen Feng smiled: "What do you do with me if you are strong or weak?"

"Anyway, it will be me!"

He gently spit out four words: "Slap to death with one palm!"

Cang Xinghai roared coldly, "I'm looking for death!"

With a punch, the world changed color.

The entire Beidou blessed land seemed to tremble with a terrifying momentum.

Chen Feng smiled lazily and shot it with a palm.

[Chapter 4555: You said it yourself, never die!](#)

At the moment when the two palms intersect, behind Chen Feng, among the seven star veins, the light is even better, and it is only a few times higher than just before!

A surging force like the ocean tide surges out!

Three consecutive waves!

The first wave was to directly crush the powerful force of Cang Xinghai.

The second wave hit Cang Xinghai's fist fiercely, directly causing Cang Xinghai to scream, his fist was compromised, and he bent over in a strange posture.

The third wave slammed Cang Xinghai's body!

Cang Xinghai let out a low roar, blood overflowing from the corner of his mouth, his figure flew out and fell to the ground severely.

It was another squirt of blood, embarrassed.

Even if he was already injured, what Cang Xinghai was also defeated by one move!

"how is this possible?"

Cang Xinghai's face was full of horror: "You, aren't you the strength of the eight-star Martial Emperor's mid-term? I just clearly saw it! You are the eight-star Martial Emperor's mid-term strength!"

A sneer appeared at the corner of Chen Feng's mouth: "When did I say that I was the mid-stage Eight-Star Martial Emperor."

He patted his hands leisurely and leisurely: "The reason why I was only the mid-stage strength of the Eight-Star Martial Emperor just now was because of the two of them, only worthy of me to use the mid-term strength of the Eight-Star Martial Emperor!"

Everyone was stunned.

They looked at Chen Feng with horror.

"Is this Chen Feng invincible?"

"Yes, he is too strong, no matter who the opponent is, he will be defeated by one move!"

"Enough ruthless and overbearing!"

At this time, Jin Yuxie's voice suddenly sounded: "Cang Xinghai, don't panic, use the trapped dragon hand with supernatural powers!"

"The Dragon Hand, yes! I still have the magic power of the Dragon Hand, and I still have a chance to come back!"

Cang Xinghai woke up suddenly, stood up straight, and looked at Chen Feng with dark eyes.

Yin Yin said, "It seems. I have to use my magical powers."

He continued to take mysterious steps with his feet, stretched out his hands, and shook outward.

His hands are like snakes and dragons, weird.

The next moment, red clouds rose between his hands.

The red clouds continued to rotate and spread out rapidly.

Chen Feng raised his eyebrows, and he felt that Cang Xinghai's aura changed at this time, and he seemed to have an extremely unpredictable, but powerful and magical power.

"This strength is extremely high!"

"What is this, supernatural power?"

Fairy Yuheng showed a touch of sarcasm at the corner of her mouth, and said leisurely: "Jin Yuxie, do we have some pointers in this contest?"

Jin Yuxie said hardly: "You can also point Chen Feng!"

Fairy Yuheng sneered: "I didn't do what you did."

These words directly made Jin Yuxie's face even more ugly, and could not say a word.

Chixia rays of light congealed one after another, like Long Yaojiao, rushing forward.

In an instant, Chen Feng was tightly wounded!

Chen Feng felt that his body had become extremely heavy, his movements were extremely sluggish and stiff.

Whether it is speed or strength, it is greatly affected.

The most important thing is that Chen Feng feels that this kind of power is extremely clever, and this kind of so-called magical power is also extremely high!

"Supernatural power, what exactly is it?"

The next moment, Cang Xinghai let out a wild roar, and the scarlet clouds turned into a giant sword, slashing down at Chen Feng!

Seeing the next moment, it will hit hard.

Cang Xinghai looked hopeful, this was his last hope.

At this time, Chen Feng suddenly looked up to the sky and laughed: "Cang Xinghai, it's useless!"

He can feel that this kind of martial arts is extremely strong and extremely high!

But unfortunately, Chen Feng has something stronger here!

The golden scriptures of the Great Bodhisattva surging instantly.

A burst of golden light gushed out of Chen Feng's body!

He roared wildly, raised his arms high, as if breaking all these countless shackles!

Following his move, the chain of dragons and snakes turned into red clouds made a miserable sound, unable to bear it!

The next moment, it collapsed directly, turning into countless purple light spots and disappeared completely.

As Cang Xinghai was hit hard, another mouthful of blood spurted out, and his face became extremely gray and defeated!

Chen Feng strode forward and slapped out a palm.

The power of the seven star veins is fully revealed!

This time, Cang Xinghai could no longer bear it, and there was no more hole card to resist!

Chen Feng's punch directly hit his chest.

Like a dead fish, it slammed heavily on the ground, blood constantly pouring from his mouth.

Chen Feng stepped forward, and murderous opportunities emerged!

Cang Xinghai screamed: "Chen Feng, you can't kill me! I am the most talented reincarnation immortal of the Beidou team!"

Chen Feng smiled: "So?"

Murderous, unabated!

Cang Xinghai roared: "Master Jin Yuxie, save me, save me! I do things for you..."

Jin Yuxie cursed secretly in his heart, but he knew that he had to save it!

This Cang Xinghai was his most effective start.

His face sank: "Chen Feng, stop!"

After all, it means to come forward.

But at this moment, a figure stood in front of him, it was Fairy Yuheng.

Jin Yuxie said coldly: "Yuheng? What do you mean?"

"What do you mean? Today's matter is their business. It has nothing to do with you, and it has nothing to do with me!"

Fairy Yuheng was still smiling, but her eyes were extremely cold:

"do you understand?"

This time, she was really killing Jin Yuxie!

Jin Yuxie's heart trembled as he saw Fairy Yuheng's eyes.

Murderous faint!

He knew that this time he had really touched Fairy Yuheng's bottom line.

He didn't even dare to move rashly!

Seeing this scene, Cang Xinghai's eyes showed a touch of despair.

Looking at Chen Feng, she trembled and shouted, "Chen Feng, please spare your life!"

Chen Feng smiled slightly and stared at him, his voice as cold as iron: "You said it yourself, never die!"

After all, a palm fell!

A short scream, then stopped abruptly.

Cang Xinghai was beheaded by Chen Feng!

Chen Feng looked at the crowd and said lightly, "Are anyone still unsatisfied?"

Quiet like a chill, no one dared to speak!

Who dare not accept it!

Everyone was terrified, fearful and awed, and felt unspeakable ashamed.

Think about what I said before, how ignorant! shallow! ridiculous!

In the horrified eyes of everyone, Chen Feng turned around, looked at Jin Yuxie, and suddenly smiled brightly:

"Master Jin Yuxie, I also think Cang Xinghai's suggestion that accounts for about three games is good."

Jin Yuxie's face instantly became extremely ugly.

Chen Feng's words clearly meant to ridicule him just now and could not wait to force Chen Feng and others to agree to Cang Xinghai's request for a battle.

Just now, he thought it was a sentence that personally killed Chen Feng.

Unexpectedly, he personally killed Cang Xinghai.

He seemed stupid out of reach.

It's just that what happened just now caused Chen Feng's heart to be wary.

"The magical powers of the top of the sky are really very powerful."

[Chapter 4556: A powerful enemy is coming!](#)

"If the power of the trapped dragon hand just now was a little bit more powerful, I wouldn't be able to break free."

A sense of crisis surged in his heart: "The so-called magical powers, I also need to control, and I can't rely on the power of the stars to conquer the world."

Seems to know what Chen Feng thinks.

Fairy Yuheng smiled and said: "Chen Feng, the universe is wild and the world is mysterious and yellow."

"On the top of the sky, martial skills above the ninth rank of the Wilderness are called supernatural powers!"

Chen Feng suddenly, that was the case.

At this moment, suddenly, both Jin Yuxie and Yuheng Fairy's expressions changed, as if they realized something was normal.

And the next moment, the two leaped up high at the same time, and shouted sharply: "Who?"

In the next instant, the entire Beidou Fortune Land shook violently.

The sky was rippling, and the valley was even a little unstable.

Many peaks even began to sag, countless rocks rolled down, and streams broke.

Many palaces collapsed directly.

It's as if there is a powerful warrior who fiddles with Beidou Fudi with a giant hand outside!

Many people showed horror on their faces and said in amazement: "What's wrong?"

Fairy Yuheng shouted sharply: "A powerful enemy is coming, everyone is coming to me!"

Everyone listened to the order.

At the next moment, everyone suddenly felt like a hole in the sky was broken.

With a bang, a huge gap appeared in the sky!

Then, a loud laugh came from outside: "Yuheng, an old friend is visiting, why, isn't it welcome?"

Fairy Yuheng, a little cold in her voice: "I welcome or not, have you come in by yourself?"

The speaker laughed.

After a while, in the gap, a piece of orange cloud, wrapped a few people, flew in directly, and stood at the highest point of the Beidou blessed land.

Above the clouds, looking down at the people below, with an extremely arrogant attitude.

Facing this scene, all members of the Beidou team felt indescribable humiliation.

That is the humiliation of being inferior to human beings, being bullied to the head, being beaten severely, and being spit on the face!

Skills are not as good as people, not as powerful as people!

Fairy Yuheng, unwilling to show weakness, let out a cold snort, and flew up with everyone.

There are about five or six visitors.

Chen Feng glanced away, his eyes narrowed, and a layer of killing intent instantly condensed in his eyes.

It turned out that he saw Seventeen Snake among the crowd.

Moreover, Snake Seventeen should not have a high status among these people, and actually stood at the back.

Snake Seventeen also saw Chen Feng.

Suddenly he gave Chen Feng a **** smile with his teeth full of killing intent.

He stretched out his hand slowly, and made a gesture of cutting his throat on his neck.

The threat is self-evident.

The person standing in the front is wearing a black robe.

He was very short, and he was covered in a large robe, and he couldn't see his true colors at all.

Holding a yellow wooden staff in his hand, he kept bending over there.

His body was trembling, and he coughed.

This appearance is completely inconsistent with the domineering manner of speaking just now.

It's just that the powerful aura that it showed on its body was definitely not daring to be ignored.

That kind of tyrannical aura tells everyone how terrifying his strength is!

At least, when Chen Feng glanced at him, his heart jumped.

There is a feeling of facing the endless ocean!

It feels stronger than Fairy Yuheng!

"Could it be that the strength of this person is better than Fairy Yuheng?"

"Who is this? Why did you come here?"

Fairy Yuheng looked at the man in the black robe, and slowly said, "The Destroyer Immortal, what's the point for you to come to my Beidou blessed land?"

That dementor, smiled:

"Yuheng, I heard that your Beidou team has encountered a big problem."

He stopped abruptly, as if he didn't want to say it anymore.

Behind him, a glamorous young woman with red hair in a red dress giggled and said, "This big trouble is enough to ruin your Beidou team."

"Let all of you in the Beidou Fortune Land die there, beyond resurrection."

"Even the soul can't escape!"

Chen Feng was surprised when he heard it.

"Beidou, what is the big problem? Yuheng has never told me!"

Fairy Yuheng trembled all over, but then his face was as usual, and he said lightly: "You said we are in big trouble, I will be in big trouble?"

"Then you say we die, do we have to die too?"

"Besides, even if there is anything, what are you waiting for?"

"Okay, okay! Sure enough! It's Yuheng!"

Dementor Immortal smiled.

But then, the voice suddenly became cold: "Even if this matter has nothing to do with us, there is one more thing that has a lot to do with me!"

He suddenly looked at Chen Feng.

Although under his black robe, there was nothing but pitch black mist.

I can't see clearly below.

But Chen Feng saw that in the darkness, two cold and faint red lights suddenly lit up and looked at himself.

Red light flashed!

At this moment, Chen Feng felt that he was almost suffocating with the light to suppress!

"Extremely powerful aura! Extremely terrifying power!"

"Just looking at me, it gave me a feeling of being frozen all over, and then directly broken!"

Fairy Yuheng smiled coldly and stretched out his hand.

An aqua ripple struck out and stood in front of Chen Feng.

Suddenly, Chen Feng's discomfort disappeared without a trace.

But suddenly, if Chen Feng felt something, his eyes condensed, and a cold color flashed in his eyes.

In him, golden Buddha light quietly emerged.

Chen Feng instantly felt that a cold and evil force lingered in his body, extremely tough, and at the same time extremely vicious.

Like a poisonous snake, it exists everywhere in your body.

It turned out that before he knew it, he was already murdered by this Dementor!

The strength of the Destroyer Immortal is really terrifying, and it is also insidious and unscrupulous.

The moment the golden light of Chen Feng ancient Buddha poured in, the insidious power was directly dispelled.

Chen Feng wowed, and a mouthful of blood spurted out.

The blood condensed into countless black ice cubes in the air and fell to the ground.

In every drop of ice, there seemed to be countless highly poisonous Gu worms tumbling, hovering, and biting.

After a while, under the shining sun of the Big Dipper, these ice cubes melted.

Those Gu worms still refused to die, their vitality was extremely tenacious!

Chen Feng felt astonished, and then, astonishment became a killer and anger!

This Destroyer Immortal is obviously also a predecessor who has been famous for a long time. I don't know how many years he has been here, and his strength is more powerful than himself.

As a result, when they met, they used this despicable method to attack the yin people!

[Chapter 4557: Blood sea **** magical power!](#)

Seeing Chen Feng directly cracking down on his own insidious attack, it also made the soul-catching immortal quite surprised and let out a soft 'huh'.

Fairy Yuheng put his heart down, looked at the Immortal Dementor, and said with a sneer: "Desemination, you are also a long-established master at the top of the sky."

"So embarrassed to start with a junior?"

The Dementor Immortal didn't care at all, but smiled lowly:

"I've always been such a person, don't you know?"

He was so shameless, he couldn't speak directly when he bet Fairy Yuheng.

The Dementor Immortal looked at Chen Feng with a deep voice: "I heard Snake Seventeen say, you took a reincarnation jade card in the valley of dead silence?"

He increased his tone a bit: "One piece, a special jade card of reincarnation!"

Chen Feng, Yuheng Fairy and others naturally know what this special means in his mouth.

Chen Feng glanced at Snake Seventeen, nodded, expressionless.

"As you know, that special jade card of reincarnation was prepared by me for my brother."

There was a bit of coldness in the voice of Dementor.

"This special jade card of reincarnation is extremely rare."

"In one year, it is unlikely that there will be five yuan flowing out of the entire top of the sky, for this special reincarnation jade..."

The woman in the red dress behind him said coldly: "We Cthulhu Valley, we have done three missions and also completed a mortal mission."

"Ten people died before I got one piece!"

"Then, using various methods, at a great price, let it flow into the valley of dead silence."

"Waiting, our eldest brother, go there and take it away!"

"Then, it is logical to come to the top of the sky!"

She looked at Chen Feng as if looking at a dead person.

"And all this!"

The Dementor's voice suddenly became high-pitched and fierce: "It was all ruined by you!"

"My brother, missed this jade card of reincarnation!"

"Not only did he fail to reach the top of the sky, but something happened, causing him to die directly!"

"All of this, everything I planned for decades, has been ruined by you!"

"The extension of our family, the blood of our ancestors, are all ruined!"

The Dementor's voice is terrifying: "You must die!"

The two red lights under his black robe suddenly became alive!

With this low roar of him, there was a red light in the sky, rising from him.

In an instant, the red light enveloped the entire Beidou blessed land and pressed it down.

Everyone felt that being shrouded in red light, breathing stagnant, unspeakably uncomfortable!

In front of many people, scenes and scenes appeared, as if they were in the **** of the sun!

Many people feel that the world is spinning, and the next moment, it seems that they have come to another world.

In this world, there is a sea of blood swamp underfoot, with countless bones undulating.

Those floating in the sky are wandering spirits and evil spirits.

In the extreme distance, there is a red desert with huge bones like a mountain.

Looking around, it is desolate, painful, and hopeless!

As if being in a death **** that has turned into a sea of blood.

Chen Feng was the first to bear the brunt and was mainly targeted.

In an instant, Chen Feng felt countless ghosts whistling in front of him.

It seems to have fallen into the endless Dead Sea outside the top of the sky!

In the dark sea, sinking, sinking all the way.

And there were countless ghosts and ghosts around, rushing towards him fiercely.

Under the feet, countless hands that have turned into dry bones, dragging him, seem to be dragging him into the **** of the sun!

It turned out that this dementor was extremely good at mental attacks.

At this time, once again outrageously launched!

It's just that he launched it extremely vaguely.

It's okay to say it's an attack, or it's okay to say it's not an attack.

He even used some small tricks.

In this way, the punishment of the rule of heaven can be avoided.

Chen Feng felt that countless feelings of despair, fear, and death were in her heart instantly!

This mood made his whole person uninteresting.

The whole person was controlled by the extreme despair and panic.

Even if I just wanted to die, there was no resistance at all.

Almost let those big hands drag him into the deep dry sea.

Those hands were getting closer and closer to Chen Feng's feet.

Seeing the next moment, he must be dragged into it.

Once you are dragged into it, then everything will stop!

But at this moment, a golden light flickered in Chen Feng's mind.

His spiritual world suddenly opened!

The golden light was shining, and Chen Feng instantly recovered for a moment of clarity!

Suddenly shouted!

With this roar of his, in front of Chen Feng, all the phantoms were instantly broken like crystals, turning into pieces!

Then it disappeared!

At the next moment, Chen Feng suddenly woke up and saw the scenery of Beidou Fudi in front of him.

Chen Feng's heart was lingering, and a layer of cold sweat appeared on his back.

"The Dementor Immortal, really amazing! The magical powers that are activated silently make people fall into a deep blood hell!"

"Almost directly plunged into it, there is no place to die!"

Chen Feng knew the danger just now.

If caught by those hands, I'm afraid he won't be able to wake up again!

Just now, the Dementor Immortal suddenly attacked!

Fairy Jin Yuxie and Yuheng both showed horror on their faces.

The Dementor Immortal didn't attack them, after all, the two of them were strong enough, I'm afraid it would cause backlash.

Jin Yuxie trembled: "How dare you make a shot at the top of the sky? Are you not afraid of punishment from the ruler of heaven?"

The demented fairy laughed, with indescribable mockery and pride.

Fairy Yuheng was even more shocked: "I haven't seen it for a few months, but the strength of the Dementor Immortal has increased so much? Does he have another adventure?"

"His blood sea and **** magical powers have been trained to such a high level?"

Fairy Yuheng was in a panic at this moment.

She rarely shows such emotions, but this time, she had to.

Because she found that she had no way to solve this situation at all!

She has no ability to break through the blood and **** magical powers!

Seeing Chen Feng and the others fell into pain, their faces became paler and paler, and they were extremely painful!

Fairy Yuheng felt anxious.

But, at this moment, she suddenly saw that the red light that burned like blood and fire around Chen Feng's body suddenly shattered!

Chen Feng instantly returned to normal.

The eyes became extremely clear.

Fairy Yuheng was pleasantly surprised: "Chen Feng, are you okay?"

Jin Yuxie was also horrified in his heart: "Could it be that Chen Feng is really magical, and there is something extraordinary?"

"Even the blood sea and **** magical powers that the Immortal Dementor relies on for fame can't stop him?"

Seeing this scene, the Immortal Dementor was also stunned: "You can actually break my blood and **** magic?"

Chen Feng glanced away to see the current situation clearly.

[Chapter 4558: You got Fooled!](#)

Everyone showed pain on their faces, and many people scrambled and scratched themselves crazily.

It feels like a devil is stunned.

And the surface of their bodies gradually turned red, and blood flowed madly outwards.

The strength in the body is suddenly beginning to lose!

Among them are Mei Wuxian and Tiancun Beast Slave.

Chen Feng instantly felt anxious.

Other people, he didn't care, Mei Wuxian and Tiancun Beast Slave must be saved.

It's just that it is not easy to rescue them from the Immortal Destroyer, this being stronger than Fairy Yuheng?

It's harder than reaching the sky!

However, Chen Feng was not upset at this time.

Even, there is no decadent mood.

On the contrary, he felt that his heart was extremely calm, his mood was as cold as ice, and he was vaguely excited!

"This kind of challenge, this kind of fighting wits and courage, this kind of using all means to put oneself in a favorable position and obliterate the other side's feeling, it has been a long time!"

"The Dementor, I also want to thank you!"

"You make me excited!"

The next moment, Chen Feng's thoughts flashed in his mind.

I clear my thoughts instantly.

If you want to save them now, then you must stop the Dementor!

There are two possibilities to stop the Dementor.

One, naturally everyone is dead.

The second is...

Chen Feng's eyes flashed: "Let him turn his attention to me, and let his attacks fall on me."

"In that case, you might be able to kill three birds with one stone! Not only can you save the Immaculate and the Heavenly Crazy Beast Slaves, but even more unexpected results!"

He remembered what Fairy Yuheng said before:

Within this top of the sky, no one is allowed or private fights are allowed.

Otherwise, it will be directly obliterated by the Lord of Heaven!

"Just now, the Immortal Destroyer made a move, but the Lord of Heaven did not respond. Does it mean..."

Chen Feng suddenly looked behind the Immortal Dementor.

As soon as he saw, many of the people he had brought behind him were all showing pain on their faces.

Just like the person on my side.

Chen Feng immediately understood: "The Destroyer Immortal, really cunning."

"He deliberately killed his own people and ours together, so that he can give people a kind of illusion that he just can't control his emotions, his mental power leaks out, and accidentally hurts everyone."

"And it can't be judged, he attacked us!"

In this way, you can avoid the punishment of the Lord of Heaven.

At least, it is also to weaken the punishment!

"In this case..."

Chen Feng grinned suddenly and looked at the Dementor Immortal Weng: "I said, Dementure, isn't it just that a younger brother died? What's so anxious?"

"Okay, I get it now!"

Chen Feng suddenly realized: "Looking at how you look like a human being or a ghost, you are already an eunuch, aren't you?"

"It's impossible to continue the offspring, so this last hope of your family is so valued, right?"

He laughed: "It's a pity, your family is now dead!"

"No, nothing, no matter how strong you are, what can you do?"

Chen Feng looked at the Dementor Immortal and smiled: "No matter how powerful you are, you are only making clothes for others."

"Your family has lost the inheritance forever!"

"Even if you kill me, your brother will never live! You will die later, there is no one who will burn paper for you!"

Chen Feng was by no means a vicious person.

But this time, he was thinking otherwise.

But after hearing Chen Feng's words, the red-haired woman's face changed drastically, and she looked at the Dementor Immortal worriedly.

Because he knows what the Dementor is most afraid of!

Sure enough, the Dementor Immortal was furious in an instant!

The red light under the robe was already as hot as the sun, and his whole body was trembling slightly.

Obviously, the anger has reached the extreme!

Suddenly, he let out a roar like a beast: "You **** bullshit, you bullshit!"

It turned out that Chen Feng accidentally stabbed the sore spot of the Dementor.

The Dementor Immortal, not long after entering the top of the sky, he was directly casted by a powerful enemy in a mission with an extremely vicious, unsolvable curse.

Although luckily survived, it was impossible to crack.

With the constant erosion of that curse, even he can't even maintain his physical state now.

How could it be possible to stretch out future generations like this?

That's why he values his biological brother so much!

Chen Feng hit his sore spot, even if he was a strong man who has been here for many years, he lost his reason all at once.

"Boy, I killed you!"

The yellow wooden staff in his hand shook.

Suddenly, those waves of blood returned.

Afterwards, it turned into a **** wave, smashed down fiercely!

The goal is Chen Feng!

Murderous, no longer cover up!

The red-haired woman yelled frantically: "Soul, no!"

Chen Feng didn't panic at all, despite this offensive, he could be killed instantly!

A smile appeared at the corner of his mouth, and then, it turned into a haha laugh: "The Dementor, you are fooled!"

"You finally got excited by me!"

He still doesn't believe it. Would the Lord of Heaven turn a blind eye to an attack of this intensity?

Sure enough, Chen Feng's guess was correct.

Just as this offensive was about to fall on top of Chen Feng's head, it suddenly stopped!

The body of the dementing fairy was directly frozen in place, unable to move.

The offensive also stopped in place.

Chen Feng was even more shocked when he saw this scene.

The rule of heaven is really too strong to imagine!

Such an offensive could be stopped instantly by him?

What is this ability? Freeze time and space?

At the next moment, the icy voice of the Lord of Heaven sounded: "The Celestial Celestial, the Destroyer Immortal, take the initiative to attack, the Samsara Immortal Chen Feng!"

"I want to kill!"

"According to the rules of heaven, when..."

He coldly spit out two words: "Destroy!"

On the top of the sky, you cannot fight at will.

Shooting at others for no reason will lead to suppression by the ruler of heaven!

Before Chen Feng and Crazy Tiger made a fight, there was a big banner of iron and blood!

Fighting with Gou Hongyu, Cang Xinghai and others also obtained the approval of the Lord of Heaven.

Obliterate!

These two words, the moment they fell violently, made the Dementor Immortal sober.

He suddenly shouted anxiously: "I have the Taoist Talisman for Avoiding Death! I have a Taoist Talisman for Avoiding Death, you can't kill me!"

The voice of the Lord of Heaven paused.

Then, a gleam of green light will envelop the Destroyer Immortal.

In the next moment, on the body of the Immortal Desperate, there was a sapphire-carved thing about one foot long, like a tile, slowly flying.

Two characters in the letter: Avoid death!

Free of death!

The voice of the Lord of Heaven paused for a moment, and then it fell.

Big and cold.

[Chapter 4559: Crisis a month later!](#)

"The Celestial Immortal, the Destroyer Immortal, attacked the reincarnation fairy Chen Feng."

"However, Chen Feng is not dead."

"You can use a death-free Taoist talisman to pay your life once!"

At the next moment, an extremely terrifying force suddenly fell, slamming at the Dementor Immortal!

The Dementor Immortal already felt the despair of death.

But at this time, the death-free Taoist talisman suddenly flew up.

With a bang, the death-free Taoist talisman exploded into countless powder.

That powerful offensive from the dominion of the heavens also disappeared directly!

In the next moment, the demented fairy found that he could move!

At this time, everyone was also awake.

This scene made them a little dazed, and they didn't even come back to their senses.

Chen Feng suddenly sneered and looked at the sky.

Then, that sneer suddenly turned into a big laugh.

The laughter was full of anger, and there was even an inexplicable ridicule! "

"Hahaha, I am not dead, Chen Feng, what a good one, I am not dead!"

"So, he can use this death-free Taoist talisman to avoid death once! Isn't it?"

"Good one, I'm not dead, Chen Feng!"

"What if I, Chen Feng, died?"

Chen Feng suddenly shouted: "If it was Chen Feng, he would be dead!"

The next moment, the look on his face was abnormally calm.

It's just that the mocking smile at the corners of the mouth grew thicker.

"Sure enough, on the top of the sky, with strength and treasures, you can do whatever you want!"

"Even, you can face it with a little challenge!"

"And these treasures are also derived from powerful strength!"

"Still getting stronger!"

The Dementor Immortal stared at Chen Feng, once again recovered his calm, his voice became particularly indifferent.

"Okay, Chen Feng, you are amazing!"

"Even, I almost used the rules of heaven to obliterate me! I was careless."

Faced with such a dementor, Chen Feng didn't ridicule, but looked deep.

The demented immortal who calmed down is definitely not easy to deal with.

"Now, on the top of the sky, limited by the rules, I can't do anything to you."

"However, a month later..."

The dementor looked at Chen Feng: "Chen Feng, you are going to enter the world of trials, right?"

Test the world!

The four words smashed down fiercely, instantly making Fairy Yuheng's heart cold.

She screamed: "Dare you, dare you!"

Immortal Desire, as if very satisfied with Fairy Yuheng's present fearful performance.

He laughed wildly: "Why don't I dare?"

"Snake Seventeen, come forward."

Seventeen snakes drifted to the front.

"Chen Feng, this is Snake Seventeen."

"Snake Seventeen, now is just a trial immortal, so it is not impossible to pay a little price and let him enter the world of trials together!"

The Dementor Immortal laughed arrogantly: "When the time comes, which trial world you enter, Snake Seventeen will follow you in!"

"In the world of trials, there is no need to follow any **** rules of heaven!"

"He will let you taste the methods of our Cthulhu Valley!"

Snake Seventeen stretched out its long and narrow tongue, and licked its scarlet lips:

"Boss, don't worry."

"At that time, I will make Chen Feng regret being born in this world."

In the midst of wild laughter, the Immortal Dementor slowly turned around, but left a sentence coldly:

"I look forward to it in a month!"

Snake Seventeen also turned and walked out.

Suddenly, he turned around and looked at Chen Feng: "Chen Feng, I forgot to tell you."

"Just yesterday, my strength broke through to the peak of Jiuxing Wudi!"

The next moment, all the people in Cthulhu Valley laughed wildly.

They turned around triumphantly, admiring the desperate expression on the faces of Fairy Yuheng and others.

This is their favorite look, the look of the enemy!

But unfortunately, let them down.

Chen Feng's expression was faint, without fluctuations.

Shenhunxianweng and the others walked out angrily.

At this moment, Chen Feng suddenly said: "Hold on."

"What? Are you asking for mercy?"

Dementor Immortal turned and laughed wildly.

Chen Feng smiled coldly and looked at the Immortal Dementor: "Your Excellency, I Chen Feng, I have learned!"

"In the future, it will definitely be repaid ten times!"

The Dementor's laughter stopped abruptly.

Everyone was startled.

After the demented immortal and others left, the powerhouses of the Beidou team all stepped forward.

Many people showed shame on their faces and thanked Chen Feng again and again.

They all knew that if it wasn't for Chen Feng just now, they would have died waiting for others.

They looked at Chen Feng with no previous hostility in their eyes.

Apart from awe, I admire more.

"This Chen Feng is not only strong, but also full of tactics. He is not chaotic in the face of danger and extremely decisive!"

"If I were to wait, I saw this situation just now, I'm afraid I was panicked to death, and Chen Feng could even fight back, almost beheading the Dementor Immortal!"

Everyone has always admired the strong.

Chen Feng, who is powerful and resourceful, is also the person they admire most!

However, everyone's faces showed a touch of worry.

Although Chen Feng survived this crisis safely, there is still a bigger crisis waiting for him!

At that time, entering the world of trials, without the protection of the rules of heaven, how could Chen Feng be the opponent of Snake Seventeen?

Snake Seventeen is already the peak of the Nine Star Wudi!

And Chen Feng is also very clear.

Now, using his own strength to deal with the Cang Xinghai at the peak of the Eight-Star Martial Emperor is already the limit.

He dealt with Cang Xinghai just now, seeming to be an understatement, but in fact, Cang Xinghai's last trapped dragon hand magical power has already caused him some trouble.

What is conceivable is that Snake Seventeen, as a young talent that Cthulhu Valley focuses on training, its position in Cthulhu Valley is estimated to be quite high.

Possessing a lot of resources, he has quite powerful magical powers in cultivation.

He is at the peak of the Nine-Star Emperor Wudi, but I am afraid that his true combat power is even better than the peak of the Nine-Star Emperor Wu!

He is definitely not his opponent!

And in the world of trials a month later, he will meet him!

But Chen Feng didn't have any fear, instead, his heart was full of desire for challenge and unspeakable excitement!

After entering here, there were people who wanted to embarrass him, fighting and crises!

Instead, Chen Feng fell in love with it!

On the top of the sky, I should belong to this world!

Fairy Yuheng looked at Chen Feng, shook his head and sighed: "Chen Feng, you really are a peerless genius, someone who should be born on top of the sky!"

"I have just come here for a day and night, and I am so familiar with the rules!"

"Even, you can use this rule to almost kill the Dementor Immortal!"

Chen Feng smiled slightly: "Yuheng, didn't you just have something to say? Let's continue."

Fairy Yuheng was stunned, then smiled softly: "Okay."

Chen Feng could not panic, she was relieved.

Everyone dispersed.

Chen Feng and others also returned to the abode.

Fairy Yuheng said: "Actually, what I wanted to say just now is: What a pity, two words."

[Chapter 4560: unfortunately](#)

"Why is it a pity?"

"It's a pity that you can only practice the Golden Sutra of the Great Bodhisattva Vipassana."

"It's a pity that you have only come to the top of the sky."

"What a pity is that you are now a Six-Star Wudi!"

Chen Feng understood her meaning instantly.

"You mean, if I began to practice the Golden Sutra of the Great Bodhisattva Vipassana from the time of the first-star Wudi, I can awaken more stars and have more benefits in the future, right?"

"Yes."

The Yuheng Fairy simply took the ropeway: "You were the peak of the Five-Star Wudi before."

"But you can still step into the Six-Star Martial Emperor while awakening the seven star veins."

"This means that within the realm of Emperor Wu, there are seven heart veins that you can hold."

"But, now you start to break through from the peak of the five-star Emperor Wu, until the beginning of the nine-star Emperor Wu, you count, how many stars can you awaken?"

Chen Feng slowly said: "Thirty-five stars."

Fairy Yuheng was full of regret:

"Yes, there are thirty-five star veins, but if you start with the one-star Wudi, you have practiced the Golden Sutra of the Great Bodhisattva Vipassana Freedom."

"In that case, you will awaken a full sixty-three star veins when you arrive at Emperor Wu Xing!"

"Sixty-three star veins! What a huge gap is this?"

"Thirty-five star veins, and sixty-three star veins, and even possible, directly make your star soul awakened in the future are worlds apart!"

Chen Feng was also silent after hearing this.

"No, no!"

Fairy Yuheng suddenly patted his head, stared at Chen Feng, and exclaimed in surprise: "No, no!"

Chen Feng asked in surprise: "What's wrong?"

"Chen Feng, you are within a martial emperor level, the number of star veins you can accommodate, not seven!"

"It's a total of nine!"

Fairy Yuheng drew a sigh of relief: "I already regarded you extremely high, and I already think you are a peerless genius."

"Unexpectedly, you are even more talented than a peerless genius!"

Chen Feng also jumped in his heart and asked, "Why are there not nine, but only seven?"

"Because it's too late for you to awaken the Xingmai!"

"You are too late to practice!"

"It's like a martial arts genius who only learns martial arts in his twenties and his bones have grown. Your talent has also been wasted!"

Chen Feng suddenly said, "My talent has been suppressed by the disadvantage of being too late to practice."

"I should have awakened the nine star veins before breaking through to the next level. As a result..."

"Yes!"

Fairy Yuheng was full of regret: "This means that you should have awakened ninety-nine and eighty-one star veins."

"Then, step into the Star Soul Martial God Realm."

"But now, you might only awaken thirty-five star veins, not even half of them!"

She was full of regrets: "A great, peerless genius, it turned out to be like this..."

Fairy Yuheng himself was a genius, and was born into a big family in the Zhongqian World. Naturally, he knew how rare a genius like Chen Feng was.

So it's a pity.

Tiancun Beast Slave and Mei have no time to listen, and the same is true, with anxious and regretful faces.

Mei Wuxian hurriedly asked, "Sister Yuheng, is there no remedy?"

"The remedy?"

Fairy Yuheng frowned for a moment, and suddenly his eyes flashed!

"I remember, there may not be a remedy, but this method seems a bit too difficult!"

"what way?"

Everyone asked in unison.

Fairy Yuheng said slowly: "Abolish the cultivation base, start practicing again from the one-star Wudi!"

"what?"

Tiancun Beast Slave and Mei have no time to listen, they are all stupid.

Abolishing the cultivation base means that Chen Feng's strength will be extremely low for a long time.

It is very possible to be taken advantage of by the enemy!

How should we survive this time?

"and....."

Fairy Yuheng said: "It's not that simple to abolish the cultivation base."

"In this process, if you are not careful, you may become a waste person and you will never be able to practice!"

The risk during the period can be described as great.

To say it was a life of nine deaths, I am afraid it is not enough to describe.

Ten deaths are almost the same.

Especially high-level warriors, the higher the level, the greater the risk they bear!

The two were panic, and both felt that Chen Feng should not take risks.

Fairy Yuheng also turned his attention to Chen Feng.

This can only be decided by himself.

At this moment, Chen Feng suddenly raised his head and smiled slightly: "There is no need to abolish the cultivation base."

Hearing what he said, Tiancun Beast Slave and Mei Wuxian were relieved immediately.

Although I feel a little regretful, I feel at ease for Chen Feng.

Fairy Yuheng also nodded and breathed a sigh of relief.

But in my heart, there is also an unspeakable regret.

It seems to be a little disappointed in Chen Feng.

But the next thing Chen Feng said made her tremble.

"Now, it's not the time to abolish the cultivation base, wait until I finish the trial mission!"

"what?"

The Tiancun Beast Slave exclaimed: "Brother, what do you mean is that after you finish the trial task, you will abolish your cultivation base and practice again?"

Mei Wuxian also exclaimed: "Brother Chen Feng, you have to think twice!"

Chen Feng smiled: "I have decided."

He looked at Fairy Yuheng: "That's it, it's a trial mission in a month. I still need strength now, and I can't give it up."

"However, after the trial mission is over, it is fine."

Fairy Yuheng was silent for a long time before patted him on the shoulder: "This is the Chen Feng I know!"

He was relieved.

Chen Feng looked at Fairy Yu Heng and asked, "How long will it take to re-cultivation to the current state after abolishing the cultivation base?"

Fairy Yuheng thought for a moment: "It depends on you."

"If it is a top genius, it will take about three years."

"For an average genius, it will take at least thirty years!"

Chen Feng smiled and stretched out a finger: "Then, I only need one year at most!"

Everyone was taken aback, and then all smiled.

Sure enough, this is Chen Feng!

Since I have already determined in my heart that I will abolish my cultivation base in the future, I will practice again.

Those Xu regrets in Chen Feng's heart have long since disappeared.

He knows that he can get better in the future!

I know that now is just a compromise.

Moreover, because of this, Chen Feng now values his opportunity to condense these star veins this time!

Although the condensed star veins may be destroyed in the future, the problem is that now is to pave the way for the next time!

Now that the experience is rich enough, and the job done well enough, the next time it will be all bad!

Do more with less!

Fairy Yuheng's face was a bit heavy.

"This matter, the most difficult thing is not to abolish the cultivation base."

She looked at Chen Feng: "Abolish the cultivation base matter, if I ask someone to help, then the problem is not big."

"But time is a big issue!"

She stretched out a finger: "One year, you will need one year at the earliest! Even longer!"
