

Peerless 4581

[Chapter 4581: Cry and laugh](#)

"If it is said that the preparations made before have made it 80% possible for my big plan to succeed!"

"Then, this lotus flower jade talisman is for that big plan, completely stifling the last trace of uncertainty in the cage!"

"With this lotus charm, my plan this time will definitely succeed!"

Chen Feng and Fairy Yuheng talked about the fact that he and his party went to explore the ruins left by True Man Qingyan and what happened.

It was heard that the real person Qingyan was resurrected, and he even set up such a big chess game, and even left so many back players on the top of the sky.

Fairy Yuheng was also surprised, and then shook his head and sighed.

"This true person Qingyan is worthy of being a very famous powerhouse tens of thousands of years ago on the top of the sky, and it can be called an ancient existence!"

"Sure enough, the depth of the city is unimaginable."

"The method is even more breathtaking!"

"Fortunately, you strangled him when he was just resurrected. If not, I'm afraid he can cause a catastrophe on the top of the sky!"

At this time, Tianchou Beast Slave and Mei Wuxia had also arrived.

The Tiancun Beast Slave was a little curious: "How strong was Qing Yanzhen before his life?"

"Unfathomable!"

Fairy Yuheng just spit out four words.

She thought for a while, and slowly said, "You know, above the Martial Emperor Realm, it is the Star Soul Martial God Realm."

"The Star Soul Martial God Realm is divided into twelve heavens!"

"And the strength of True Person Qingyan has surpassed the Twelfth Heaven of the Star Soul Martial God at least, reaching a higher realm!"

Everyone took a breath.

It's not much higher than them!

Fortunately, the real person Qingyan had just resurrected his strength, and it could even be said that only a trace of aura survived and was in decline.

Otherwise, killing three people would be as easy as crushing a bug!

Mei Wuxia asked, "Sister Yuheng, what about you?"

Fairy Yuheng chuckled, stretched out five fingers and gestured: "I am the Star Soul Martial God Realm, the fifth heaven."

This was also the first time everyone knew of Fairy Yuheng's strength.

Chen Feng let out a low laugh: "When shall we explore the fairy mountain blessed land left by Master Qingyan?"

Fairy Yuheng laughed: "Don't think about it for now."

"That fourth-grade fairy mountain blessed land, now even I dare not enter."

"When we reach the peak of the Star Soul Martial God Realm, we will almost be able to explore."

She stretched her waist: "Let's go, Chen Feng, I will take you to try the giant tower."

"As for Mei Wuxia and Tianchou Beast Slave, the two of them don't go to the death trial mission, they choose the ordinary trial mission, and then deliberately fail to complete the mission."

"When the time comes, hide until the mission is over."

She looked at the two of them and said solemnly, "I wonder what you think?"

When Chen Feng heard the words, he thought about it for a moment, and it was suddenly.

With the current strength of the two of them, it is almost impossible to complete the death trial mission.

Therefore, he deliberately entered the ordinary trial world first, deliberately failing to complete the task.

In this way, after the next year's strength, there will be opportunities.

Tiancun Beast Slave and Mei Wuxia knew that this was for their good, and they also knew that they were not strong enough now, and after a year, they would definitely be strong enough.

So they all nodded in agreement.

Then Fairy Yuheng took Chen Feng and others to leave.

The three giant towers on the top of the sky were once again presented in front of everyone.

Still shocked!

The thunderclouds and storms revolved, a black color, and under the sky with countless huge thunderstorms, strong people constantly passed by, toward the three giant towers.

And because of the location of the Beidou Blessed Land, if Chen Feng and others want to go to the trial tower, they need to pass through the towers of the heavens and the towers of the Buddhist scriptures.

Soon, everyone came to the three giant towers.

Looking at these three huge towers from a distance, they are as huge as the earth standing upright.

And now, when I come closer, I feel that there are not three huge towers standing in front of them, but three whole worlds!

It is bigger than the huge mountain at the entrance of the top of the sky!

Pulled up in the boundless fiery purgatory, leading to the height of the 33rd heaven.

In front of him, Chen Feng and others felt extremely small.

Up, there is no end in sight.

Down, not to the bottom.

Looking around, you can't even see the edge.

The Towers of Ten Thousand Realms of the Heavens are divided into nine floors, and each floor does not know how high it is. Each floor has an extremely huge entrance.

Like the huge mouth of the abyss, it can accommodate an unknown number of people.

When Chen Feng and the others came to the Heavens and Ten Thousand Realms Pagoda, they happened to see that from the entrance of the fourth floor, there were several figures flying out.

They suddenly howled and cried, their voices were mournful, and the pain was extreme.

When Chen Feng and the others looked there, the corners of their eyes suddenly jumped.

It turned out that a total of four people came out of the entrance.

And each of them actually held a corpse in their arms.

The corpses were covered in blood, and some were even fragmented, apparently completely dead.

After the four came out, it was like a nervous breakdown.

Kneeling in the void, howling silently.

And what shocked Chen Feng most was their strength!

Each of these four people who came out alive was stronger than Fairy Yuheng!

However, even the corpses held in our arms, although they have been exhausted and completely dead, still exudes a magnificent aura!

Just like a huge mountain lying in the night, it gives people great oppression.

The corpse has such a strong aura, how strong it was before his death, you can imagine!

And such a strong man is still dead!

Chen Feng and others just felt cold in their hearts, as if standing in the extreme north cold wind!

"These strong men are all dead?"

The Heavenly Remnant Beast Slave murmured: "The top of the sky is terrible!"

And they were crying and crying, but suddenly laughed out loud.

Then, they raised their hands.

Suddenly, around them, there are several treasures circling out.

These treasures, each light is bright and deep, they are all powerful to the extreme, and their breath is terrifying to the extreme! Full of destructive power!

Even Chen Feng felt that it was many times stronger than the treasures he had seen!

Any one, as if it can destroy a world.

Even compared with these treasures, the Qingyan Divine Sword didn't seem so powerful!

The scene that happened here also attracted many monks from the top of the sky.

Many people saw the treasures with envy on their faces.

"This time, Chongxu Palace is about to develop."

"Yes, even though half of the manpower is dead, the treasures they got have all reached the fourth-grade treasure!"

"Rank 4 treasures are quite terrible. With these treasures, every one of them alive can increase their strength by at least one or two small realms!"

[Chapter 4582: Trial tower opens](#)

"If I remember correctly, what they went to explore should be the legendary world with the inheritance of the immortal, right?"

It turned out that the power to which these people belonged was named Chongxu Hall.

Everyone talked a lot, and didn't see much sadness.

They are all full of envy for these people who are alive.

Fairy Yuheng said lightly: "Did you see it?"

"This is the daily routine of the top of the sky."

"No matter how strong the person is, it is possible to die, but with death, there is a tremendous opportunity!"

The crowd continued to move forward, and it took a full hour before they arrived at the giant tower of Tibetan scriptures in the heavens.

The huge tower of Tibetan scriptures. There is only one entrance.

At the entrance, a green light was diffused.

At this time, a person in the light gate was also stepping out of his own accord, he was a young man.

Of course, there are many people on the top of the sky, their faces are always there, and they can't tell how old they are.

This young man, full of spirits and proud, couldn't control his emotions at all, he gave out a burst of laughter!

"After I enter the top of the sky, I will be humiliated and endured for thirty-five years!"

"In the meantime, I don't know how much humiliation and danger!"

"Finally accumulated enough and bought this magical power that suits me best!"

"Hahaha, after ten years of my retreat, I shamed all of my people that day!"

His face was extremely grim: "You are all going to die!"

This person laughed and left.

And not far from him, a young girl stepped into the green light.

She was full of joy, and even more anxious, and whispered softly: "Brother, I finally have enough chalcedony to be able to exchange for that treasure."

"I must wake you up this time, brother...brother..."

As he spoke, tears were falling in his eyes.

Fairy Yuheng turned her head slightly, the cyan dress swelling in the strong wind.

The wind swept through, dazzling her hair.

Her eyes seemed to be blurred.

"Did you see it? This is hope!"

This scene gave Chen Feng a great shock and even made him silent directly.

Yes, this is hope!

Death, opportunity, but there is hope!

This is the top of the sky!

There is not only killing here, but here is a place where all wishes come true.

All dreams can come true here!

Everyone couldn't help being silent for a long time.

"Okay, let's go."

Fairy Yuheng smiled and led everyone on.

The Tiancun Beast Slave asked, "He has been here for thirty-five years, isn't he going through hundreds of missions?"

"It's not dead? That's amazing!"

Fairy Yuheng smiled and said, "It's not like that."

"A mission every few months means that after stepping into the Trial Immortal, the newcomer before entering the Celestial Immortal will have shorter mission intervals."

"The difficulty of the task will not be particularly high."

"And after three consecutive tasks are completed, you can become a fairy in the sky."

"After becoming a fairy in the sky, the mission interval will be very long."

Fairy Yu Heng said: "It depends on the mood of the way of heaven. It takes three or five years to complete a task, and in the short term, it takes seven or eight months to complete a task."

She flicked her fingers boredly: "For example, I haven't had a task for more than a year."

Chen Feng smiled bitterly.

He discovered that after staying here for a long time, these strong men on the top of the sky licked blood on the knife head here. Death may be extremely stimulating to life and extremely infatuated.

Even Fairy Yuheng is no exception.

The feeling of drifting between life and death may be addictive, right?

Fairy Yuheng continued: "So, many times, I will find ways to join other people's tasks."

"This is also the reason why there is always a team martial art on the top of the sky."

Chen Feng and others suddenly.

Another hour later, came to the trial tower.

There is only one entrance to the huge tower of trial.

In the cyan light gate that seemed to be completely through, people came in and out from time to time.

Everyone is moving forward.

Above the samsara jade card, a light flashed by, and the light gate was immediately sucked in.

Inside the tower of trial, there is a huge space.

Looking around, you can't see the border.

It's as huge as a world.

At this time, there are already quite a few strong people inside.

Today is when the tower of trial is opened.

Everyone can enter.

Of course, only those reincarnation immortals can enter the world of trials.

Chen Feng saw that there were ninety-nine giant bronze fangs floating in the void in front of everyone.

Ninety-nine giant bronze gates with fangs lined up.

Before each giant bronze fangs gate, quite a lot of powerful people gathered.

A piece of black.

Fairy Yuheng said: "These ninety-nine bronze fangs giant gates will all be opened in an hour."

"And any giant gate with bronze fangs can enter."

"When you go from any giant bronze fang gate, you will randomly enter a certain trial world, and immediately receive a certain trial mission issued by the Lord of Heaven."

"So, it's the same from wherever you enter."

Then she pointed further up.

Above these ninety-nine giant bronze fang gates, tens of thousands of meters away, there are several giant bronze fang gates.

Each one is several times larger than the one below.

Moreover, the difference from the following is that around these nine giant gates, there is an extremely strong scarlet light, and the **** breath is diffused.

Full of killing.

There are only nine such **** bronze fangs giant gates, and they look even more majestic.

"There....."

Chen Feng cast his eyes on the nine **** bronze fangs giant gates: "Is it the entrance to the world of death trials?"

Fairy Yuheng nodded and said, "The world of death trials is extremely small."

"The number of powerhouses entering the world of death trials is extremely small, so nine giant gates are enough."

Chen Feng and the others looked far away and saw that before the nine giant bronze fangs, the number of warriors was indeed much less.

Before each giant gate, the number of warriors may be only a few dozen.

Fairy Yuheng took a look, and suddenly frowned, "Why are there so many people?"

"many people?"

Fairy Yuheng nodded: "In previous years, the reincarnation immortals who entered the top of the sky every year, plus those who had not passed the trial world in previous years, totaled only a few thousand people."

"This time, I feel like there are ten or twenty thousand people!"

Chen Feng thinks it is indeed.

In front of each giant gate, there are people in Wuyang Wuyang, and they look quite crowded.

Fairy Yuheng frowned and said, "Could it be said that there has been any change in the top of the sky recently?"

She was just guessing.

With her strength, she still can't reach that level.

[Chapter 4583: Are you sick?](#)

Several people slowly lifted into the air and flew towards the seven **** bronze fangs giant gates at that high place.

When they were about to fly there, they had to pass by the ninety-nine giant bronze fangs below.

Those strong men gathered in front of the bronze fangs giant gate showed a touch of envy on their faces when they saw Chen Feng.

"Someone went to the world of death trial again?"

"Yeah, I really envy them that they can get one step to the sky."

Someone nearby laughed and cursed: "Envy is a fart?"

"Even if you have a step to the sky, do you dare to go to the death trial mission? After you go, don't you just die?"

The person who spoke before smiled and did not answer.

But there are also many people who are full of resentment and unwillingness.

"I have entered the top of the sky with the eight-star Wudi peak strength!"

"How many of the reincarnation immortals here are my opponents?"

"Why, I can only go to the ordinary trial world if I can't get a step to the sky!"

Someone roared in anger!

This person is a thin young man.

Although short and thin, those eyes were sharp and sharp, as sharp as a sword, scanning everyone's faces.

His body is extremely powerful, like an out-of-the-sheath sword.

If you touch it, you will be severely stabbed!

This person is obviously extremely powerful and powerful.

Everyone caught his eyes, and they all avoided.

People of this class know at a glance that they are not easy to mess with!

Suddenly, this person's eyes flashed and fell on Chen Feng.

When he saw Chen Feng's strength and then saw where Chen Feng was going, his complexion changed suddenly, his face was full of resentment, and he stared at Chen Feng with murderous intent in his eyes, and shouted!

"I'm not convinced, why can the mere six-star Wudi go?"

"And I, the peak of the Eight-Star Martial Emperor, I don't know how much stronger than him, but I can't go there?"

Not only him, but hearing what he said, many people cast their eyes on Chen Feng.

After seeing his realm of strength clearly, his face suddenly showed jealousy, envy, resentment, contempt and so on.

Many people are clamoring!

"That is, why can't I participate in the death trial mission in the middle stage of my strength Eight-Star Martial Emperor? And he can participate?"

"These people here, whose opponent is he? He deserves it?" =

And the thin and hard-faced young man who spoke first was even more excited when everyone responded.

Suddenly there was a violent roar: "Everyone, I am the ultimate dragon!"

"He is an immortal genius, with a swordsmanship that can penetrate the sky and the earth, with a sword cut for nine days, no one can beat it!"

The person next to him also smiled coldly: "I am determined by Cen, and there is a magical energy in my body!"

"Being forged since childhood, the body is invincible, tough and tough."

The few people nearby also roared again and again, revealing their identity and powerful strength.

Their strength lies in the Eight-Star Emperor Wudi.

The weakest is also the mid-stage of Emperor Wudi of Eight Stars.

These reincarnation immortals were full of arrogance, looked at Chen Feng, and coldly shouted: "What are you? You deserve to enter the world of death trials?"

Facing these people, Chen Feng raised his eyebrows, looked at them with a greasy expression, and lazily said five words: "Are you sick?"

"I can get a step to the sky, that is my ability!"

"You can't get it, what's the use of barking here?"

Without even looking at them, Chen Feng went straight up.

Fairy Yuheng smiled slightly: "That's right."

Seeing that Chen Feng didn't care about himself and others at all, Jackie Chan's face suddenly rose, and he felt extremely humiliated.

He has always been detrimental, and he is the only one who humiliates others. Where has he been humiliated by others?

With a quick brush, several people flashed and stopped in front of Chen Feng and others.

Chen Feng raised his brows, his eyes flashed murderously: "It's not over yet, right?"

He didn't care about these people at all.

Eight-star Wudi peak is not bad.

Generally, a warrior who has just entered the top of the sky would never have such strength!

But it depends on who you compare!

Who is Chen Feng?

In one day, the Seven Star Meridians directly killed the Cang Xinghai at the peak of the Eight-Star Martial Emperor!

Even Cang Xinghai was not his opponent, he was directly killed by him!

What level of power is Cang Xinghai, he has been on the top of the sky for several years, and his accumulation is far from comparable to these few people.

What's more, Chen Feng is now stronger than when he killed Cang Xinghai!

In the end Jackie Chan stood in front of Chen Feng, his face full of arrogance: "Boy, hand over your order to the sky!"

His tone was full of commands, as if Chen Feng was his subordinate.

However, Chen Feng had a funny face: "Why should I give you a step up to the sky?"

"Because you are not worthy!"

Finally Jackie Chan said proudly: "You, a six-star martial emperor, with one step to enter the world of death trials with one step to reach the sky, it is purely a violent thing!"

"Only I am an invaluable genius like me, the Eight-Star Martial Emperor Peak, is eligible to use it!"

"Yes!"

Cen Ruiyi next to him also continued to say: "You use the one-step ascending order, but it is speeding up your own death."

"However, a single step to the sky is in the hands of Jackie Chan, but it is enough to increase his strength crazy! It is a great opportunity for him!"

He helped Jackie Chan speak because he felt that Jackie Chan was the ultimate genius and his future achievements would be limitless.

Therefore, I was able to make good with him in advance.

And the way he made good friends with Jackie Chan was to step on Chen Feng!

Chen Feng smiled: "What if I don't give it?"

"If you don't give it?"

In the end, Jackie Chan sneered coldly: "Then we have to take it ourselves!"

This is to be robbed clearly.

"Only you are worthy of stopping me?"

Chen Feng sneered and took a step forward, with murderous intent flashing in his eyes.

We must start to give these people a severe lesson.

But at this moment, a cloud of green lightning struck down from the sky, directly hitting the middle of the group.

The destructive power came out wantonly, tearing the space instantly.

Everyone's heart jumped, if they were struck by this clear and enchanting lightning, I'm afraid their bodies would be annihilated now!

Heaven dominates, and an icy voice sounded: "In the trial tower, private fights are not allowed."

"Nian'er and others are the first offenders. Let me spare my life."

"The next time, let's kill it!"

Everyone was stunned in their hearts and cold all over their bodies.

The warning of the ruler of heaven is better than any command.

Several people looked at Chen Feng, their faces all showing disgust.

Finally, Jackie Chan stared at Chen Feng with cold eyes, and Sen Han said: "Boy, you are lucky this time, the Lord of Heaven has protected you."

"After you come out of the world of death trials, I will clean up you!"

Chen Feng sneered.

I ignored them, turned and left.

In fact, it was the Lord of Heaven who protected them.

Had it not been for the rule of Heaven, Chen Feng had already cleaned up a few of them!

[Chapter 4584: I will make you kneel down and beg me!](#)

Chen Feng didn't care about this so-called genius.

He is a genius among geniuses, a peerless genius, how can these people compare to him?

All the frogs at the bottom of the well that are nothing but arrogant!

Chen Feng's completely ignorant attitude made Jackie Chan and others hate it to the extreme.

Cen beside him gritted his teeth and said: "Wait for him to come out of the world of death trials, let him look good!"

Eventually Jackie Chan nodded: "If he can get out of the world mission of Death Trial."

In their eyes, Chen Feng was already a dead person.

Even if he can live out of the world of death trials, he will die in the hands of himself and others

As for Chen Feng and others, everyone was pointing and pointing wherever they went.

Looking at him, his eyes were very complicated.

There are differences and envy, but more are disdain, sneer, and gloat.

"Six-star Emperor Wu, dare to provoke the death trial mission?"

"On the top of the sky, geniuses are gathered, and few dare to do this. What is he? Is he worthy?"

"It's a good thing to get a step up to the sky, but unfortunately, for him, it just speeds up death!"

No one is optimistic about Chen Feng, and no one thinks it is sensible for Chen Feng to enter the world of death trials.

He entered the world of death trials with a mere six-star martial emperor, in the eyes of everyone, he was seeking his own death.

Everyone is waiting to see his joke.

Soon, the group of people came to a huge gate with **** bronze fangs.

Unconsciously or unconsciously, he came to the very middle one.

Here, the number of people is much smaller.

There are only more than ten people, and most of them are accompanied by reincarnation immortals in the sect.

There will be no more than three qualified to enter this gate.

Obviously, most of the people who can come here join the sect or team after entering the top of the sky.

Only they have the ability to get a step-to-the-sky order.

Several members of the Beidou team are already waiting here.

If Withered Willow still smiles, Xie Ying's face is gloomy and cold.

Only Jin Yuxie hasn't come yet.

At this time, thousands of people poured in from the light gate.

They didn't come before the giant bronze fangs gate, but stayed far away.

These people are in groups every three to five, I'm afraid they will be divided into hundreds of teams.

And the strength of each of them is extremely terrifying, most of them are comparable to Fairy Yuheng, even stronger than Fairy Yuheng.

And Chen Feng among them did not see the existence of those reincarnation immortals.

Chen Feng raised his eyebrows and said, "What are these people doing here?"

They obviously didn't come with others, let alone come by themselves.

Hundreds of teams stared there, their eyes swept over the bodies of reincarnation immortals, all with the meaning of scrutiny.

It divides the site vaguely, without interfering with each other, and the well water does not violate the river water.

Fairy Yuheng smiled faintly: "They are here to grab someone."

"Snatch people?"

Chen Feng raised his eyebrows.

Fairy Yuheng explained it before everyone understood.

It turns out that the trial task is not just a trial task.

To be precise, it is not only for these reincarnation immortals to experience a ghost gate, and by the way to change their identities to become trial immortals.

Heaven dominates, in fact, it is well-intentioned.

He wanted to enhance the abilities of everyone, so he had a trial task, to temper his strength between life and death.

For those who performed extremely well in trials, especially in death trials, the Lord of Heaven is particularly favored.

Will give some powerful and inexplicable magical powers, or other things, etc.!

The Lord of Heaven can bestow things, how can there be anything?

Over the years, there has been no shortage of amazing talents at the top of the sky. After the trial mission, they were rewarded by the dominion of the heavens, so their strength increased rapidly and they rose rapidly from then on.

And the Lord of Heaven is such an existence, extremely powerful, and can be seen by his own eyes, must be the most outstanding and potential genius.

For the major sect teams at the top of the sky, this is simply a great opportunity to save yourself from screening!

So they are all waiting here.

Waiting for the trial world to end, when the survivors come out.

Just by looking at whether he is favored by the Lord of Heaven, you can see what the potential of this person is?

Chen Feng suddenly said: "Presumably, if the gods of heaven favor it, there will be a vision in the sky?"

"Yes, that vision cannot be concealed at all."

Fairy Yuheng said.

After a while, the figure of Jin Yuxie only appeared, all the way to this place, many people talked to him.

He also stopped and talked to it.

Either the expression is faint, or the face is full of arrogance, or it is sought after and flattering.

It's just that the more he goes forward, the more ugly his face becomes.

When he came to the front, he looked even more disgusted, as if disdain to be with Chen Feng and others.

He whispered: "You really lost the face of our Beidou team!"

Especially you, he pointed at Chen Feng: "You are only a six-star Emperor Wu. It is purely an accident to get one step to reach the sky."

"Just keep a low profile, don't be swagger!"

"Now, my face is lost!"

"In the beginning, I should have asked you to get out of our Beidou team. The province is so embarrassing today!"

Looking at Fairy Yuheng again, there were unspeakable complaints in his words: "Now it is said that our Beidou team is acting absurdly, and even gave a six-star martial emperor a step-by-step order."

Fairy Yuheng stared at Jin Yuxie and said with a sneer:

"Jin Yuxie, I have already consulted Master for advice about allowing Chen Feng to enter the world of death trials with one step to the heavens."

"You are still chirping here, are you questioning Master?"

Jin Yuxie's tone stopped when she heard this.

And Chen Feng also raised his eyebrows.

At this time, he realized that Fairy Yuheng and Jin Yuxie actually had a common master.

Chen Feng suddenly looked at Fairy Yuheng and touched his nose: "Yuheng, Lord Jin Yuxie meant that he didn't want me to stay in the Beidou team!"

Fairy Yuheng didn't know what he was thinking, so he followed his words and said, "Yes, it seems that you are embarrassed."

The expression seemed to be smiling but not smiling.

Chen Feng glanced at Jin Yuxie lightly, then smiled suddenly: "Jin Yuxie, how about a bet?"

"What bet?" Jin Yuxie frowned.

Chen Feng smiled: "Now, do you say that I lost the Beidou team? You want me to get out of the Beidou team?"

He leaned forward, staring at Jin Yuxie, and said word by word: "I bet you will kneel in front of me after I come out of the world of death trial, beg me to stay in the Beidou team!"

Wow!

Suddenly, everyone reacted differently.

Fairy Yuheng, forbearing a smile.

Ruo withered willow and Xie Ying frowned and did not speak.

And the gazes of many powerhouses around them all looked from here, with a look of a bit, with an expression of watching a joke.

[Chapter 4585: See you poorly! Enter the Xuanming Seven Seas Realm!](#)

The expression in Jin Yuxie's eyes instantly became extremely cold.

He stared at Chen Feng: "Chen Feng, are you sure, are you talking to me?"

Chen Feng pointed to his ear: "When were you deaf? Want me to repeat it?"

Tiancun Beast Slave and Mei Wuxia laughed directly.

Many of the strong people around are also laughing.

"Jin Yuxie, why are you going back? Can't suppress the newcomers in the team?"

"Haha, Jin Yuxie, I haven't seen you in a few days, the more you live, the more you go back."

Jin Yuxie's face became extremely embarrassing.

In front of so many people, he instantly lost his face. He knew that if the matter was not handled properly, it would have a great impact on his prestige.

He suddenly laughed, with a cold smile on his face: "Okay, Chen Feng, you are very bold!"

"I also gamble with you, I bet, when you come out of the world of death trials, you will kneel in front of me, please don't kill you!"

After all, murderous eyes passed over Chen Feng.

As soon as he turned around, he was ready to leave.

At this moment, there was a commotion, and several people entered the huge trial tower.

Their arrival also caused a small commotion.

The person who came was the Cthulhu Valley where the Snake Seventeen and others were located.

In addition to him, there are Desire Immortals and so on.

Cthulhu Valley is not a small reputation on the top of the sky, and the Dementor Immortal, who is extremely good at using mental attacks, is even more fierce, and many people are jealous.

Their arrival also made everyone speculate.

"I haven't heard of any newcomers in Cthulhu Valley this year!"

"Yes, Snake Seventeen, the lowest strength among them, is already a Trial Immortal."

Desire Xianweng and others looked around without squinting.

Soon, I found my goal.

There was a strange expression on Snake Seventeen's face, and he pointed towards where Chen Feng and others were.

Then, a few people hurriedly came to this side, and soon they came to the **** bronze fangs giant gate in the middle.

The deep voice of the Dementor Immortal sounded from under the black robe: "Yuheng, coincidence, I met again."

Chen Feng and others, of course, know that this is a bunch of nonsense.

They simply came after Chen Feng and others.

Their goal is Chen Feng. Where is the coincidence?

Snake Seventeen looked at Chen Feng with a bloodthirsty smile, his white teeth bared, full of killing intent:

"Chen Feng, you are going to die soon."

Chen Feng and others were not surprised by their arrival.

Fairy Yuheng looked indifferent, while Jin Yuxie looked at Immortal Dementor, but his eyes flickered, a little frightened.

The Dementor Immortal said miserably: "I said, I won't let Chen Feng live out of the world of death trials."

"He will die very miserably, and I will do it forever."

Seeing this scene, many people were immediately excited.

"There is a good show!"

"Yeah, Cthulhu Valley actually started fighting with the Beidou team, it's interesting!"

"How many enemies did this new man named Chen Feng have?"

"In the end, Jackie Chan, these people who are destined to become the arrogant of the future will kill him and then quickly! The Cthulhu Valley will also kill him!"

Someone shook his head and sighed, "I'm afraid, eventually Jackie Chan will not wait for Chen Feng to return."

"Yes, Snake Seventeen said that Chen Feng will be killed. With his strength, treating Chen Feng is completely crushing! How could Chen Feng be his opponent?"

"Not necessarily, Chen Feng will enter the world of death trials next, and no one can touch him!"

"Yes, if you have any grievances, I will come out of the world of death trials."

Many people were watching around, wondering what the Dementor and the others would have to deal with Chen Feng.

Not to mention that the Seventeen Snake is already a trial immortal, even if he is a reincarnation immortal, he still has to enter the world of reincarnation. It is completely impossible to enter a world with Chen Feng.

The world of trials that everyone enters is random.

Moreover, the Lord of Heaven will deliberately control and prevent two people from entering the same trial world.

Time passed by minute by minute, and soon everyone looked up, as if feeling something.

Then, a huge and extreme coercion came crashing down.

As if the sky is falling down!

The huge voice of the dominion of the heavens suddenly sounded: "Trial world, now open!"

The next moment, it was originally pitch black, among a total of 108 giant bronze fangs, suddenly there were countless red lights rising up.

Then, inside each giant fangs gate, there are bizarre pictures that change rapidly.

If you look closely, you will find that this bizarre picture seems to be the silhouette of one world after another, flashing by.

In the end Jackie Chan laughed wildly and said first: "I'll come first!"

After all, he walked to a huge gate with bronze fangs.

Taking out the samsara jade card, one step is to step into the giant bronze fangs gate and disappear instantly.

Cen Ruiyi and others also entered one after another.

Everyone stepped into the giant bronze fangs gate.

Tiancun Beast Slave and Mei Wuxia looked at Chen Feng and nodded lightly.

Then, the two left here, went down to the ninety-nine ordinary bronze fangs below, and stepped into it.

Chen Feng calmly walked to the huge **** bronze fangs gate.

Suddenly he whispered in his heart: "Master of Heaven, I want to use the key of trial, I want to specify, the world of trial that I enter!"

His voice is so subtle that no one can hear it clearly.

Heaven dominates, and there is instant silence.

At the next moment, in Chen Feng's heart, the majestic voice of the dominion of heaven came suddenly: "The key of trial, I have recognized Chen Feng as the master!"

"Chen Feng, the saint of reincarnation, can use the key of trial to designate the world of death trial!"

Chen Feng was ecstatic: "It really works!"

He pressed his joy in his heart, and slowly uttered a word: "I'm going, Xuan! Ming! Seven! Sea! Realm!"

That's right, Xuanming Seven Seas Realm, this is Chen Feng's destination!

When this sentence came out, Chen Feng instantly felt a sense of despair!

See you poorly!

This is the real picture!

He has planned for so long, he has made so much effort, he has laid so many flags, he has collected so many treasures!

For this purpose!

That's why I want to go to the Xuanming Seven Seas Realm!

The Xuanming Seven Seas Realm is the world of death trials that Chen Feng has envisioned long ago!

Before Chen Feng had reached the top of the sky, he had just formed the Liangzi of Snake Seventeen, he even vaguely had this idea in his heart.

And when I came to the top of the sky and knew so many things, this idea was formed.

Next, it is constantly preparing for it!

Chen Feng's subsequent efforts were actually for this goal.

After the words were spoken, they waited.

But the Lord of Heaven didn't let him wait long, and then the voice sounded: "Allow Chen Feng to enter the Xuanming Seven Seas Realm!"

[Chapter 4586: The easiest and most difficult task!](#)

"Xuanming Seven Seas Realm, trial the world for Chen Feng's death!"

Before the words of the Lord of Heaven fell, Chen Feng was just a little worried.

In fact, before he said that sentence, he was 80% sure that he could enter the Xuanming Seven Seas realm.

Because it is impossible not to be noticed by the Lord of Heaven in a weird and dangerous world like the Xuanming Seven Seas Realm.

Now, finally hearing this dream sentence, Chen Feng let out a long breath.

"Snake Seventeen, Xuanming Seven Seas Realm, is your burial place!"

A smile appeared at the corner of Chen Feng's mouth: "I am waiting for you in the Xuanming Seven Seas Realm! Don't worry, I will prepare you a great surprise!"

That's right, in Chen Feng's view, as long as he can define Xuanming Qihai as his own world of death trials, then the fate of Snake Seventeen is doomed!

The next moment, in the **** bronze fangs door, a blood-red light rushed out crazily.

In an instant, Chen Feng will be covered!

Chen Feng's figure disappeared directly!

Chen Feng was whispering in his heart, and the key of trial was floating on his chest.

The whole, was blocked by his body.

Therefore, no one knew what Chen Feng did during the whole process.

No one knew at all, Chen Feng used the key of trial to specify the world he was going to.

In their eyes, Chen Feng just paused for a while before the **** bronze fangs door, and there was nothing unusual about it.

And the moment Chen Feng was sucked into the **** bronze fangs giant gate by that blood-red light!

Suddenly, the Immortal Dementor let out a low growl.

Like howling wild beasts, or calling out monsters, in short, after listening to it, it is uncomfortable.

Many people heard it, their ears buzzed, and their eyes turned black.

With a low growl from him, Chen Feng, who had just entered the giant gate of **** bronze fangs, suddenly felt light on his body, unspeakably awkward.

It's just awkward, but I can't tell.

The next moment, he was swallowed by the space-time channel.

At this time, the dementor immortal outside was already scratching.

A breath appeared in the palm of his hand.

Without hesitation, he immediately slapped this breath on the head of Snake Seventeen.

Snake Seventeen apparently had already prepared, and immediately took out an octagonal palace lantern with an ancient and desolate atmosphere.

This palace lantern, whose skeleton is made of animal bones and covered with animal skins, is loose and swaying with the wind.

Makes a harsh sound, both weird and evil.

Snake Seventeen shouted loudly: "Master of Heaven, I want to perform the last part of the mission of 'Nine You Palace Lantern'."

The voice of the Lord of Heaven crashed down: "Now, you can perform this task."

"Moreover, this task can be completed in any world, and the world can be designated to complete."

"It takes three hundred days of chalcedony!"

The Dementor Immortal shouted: "The Three Hundred Heavenly Dao Chalcedony is here!"

After all, take out three hundred chalcedony of heaven.

Three hundred heavenly chalcedony disappeared immediately.

Snake Seventeen put the palace lantern with animal skins on top of his head and nailed it firmly there.

He didn't speak any more, but his face was distorted, not knowing what he was saying in his heart.

At the next moment, the ruler of heaven spit out a word coldly: "Quasi!"

As a result, a **** ray of light gushed out of the giant **** bronze fangs, and instantly brought Snake Seventeen into it.

Snake Seventeen laughed triumphantly: "Chen Feng, die for me!"

The voice was still curling, and the figure had disappeared.

Naturally, what happened here can't be hidden from everyone.

The bright light dazzled everyone's eyes, and many people swallowed when they saw it.

Everyone's eyes were attracted, and everyone was well-informed, and they immediately understood what was going on.

"What the **** is this?"

"He seems to have used some method to get Snake Seventeen to chase Chen Feng in. Isn't he actually asking Snake Seventeen to chase Chen Feng in the world of death trials?"

"Is the dementor immortal going crazy? He is prying into the loopholes in the dominion of heaven, what a price it has to pay!"

"Snake Seventeen, as a trial immortal, not only enters, but also enters Chen Feng's world of trials. The price paid is extremely huge!"

"Is it worth it to hunt down Chen Feng?"

However, many people felt awe-inspiring, and suddenly thought to themselves: "Are we underestimating Chen Feng?"

Unfortunately, in the end, Jackie Chan and others had already entered the trial world before Chen Feng.

Otherwise, if they saw the Dementor Immortal paying such a high price in order to chase and kill Chen Feng.

I am afraid that they dare not provoke Chen Feng easily.

How can it be underestimated to be so valued by the Dementor Immortal?

After Snake Seventeen disappeared, Immortal Dementor coughed violently.

The whole person arched his body, like a dried shrimp, with patches of blood pouring out from under his black robe.

The blood turned out to be a pale color, burning in the air.

Like a blaze of void, pale and cold.

The aura on his body also dropped crazily, and in an instant it dropped directly to 30% of what it was before.

This kind of consumption is extremely huge for him.

Fairy Yuheng's face changed drastically: "The cost of such a big price has definitely exceeded the original intention of the Dementor Immortal!"

"Is there something different that has caused them to pay more attention to Chen Feng?"

She frowned and thought: "What the **** happened!"

Obviously, in order to allow the Seventeen Snake to track Chen Feng into the Xuanming Seven Seas Realm, the price he paid was not enough to describe the serious injury!

Jin Yuxie stomped his feet severely and complained: "It's over, it's over, Snake Seventeen successfully chased Chen Feng in."

"It's over, Chen Feng must be dead now!"

It's just that the corners of the eyes and the brows are gloating.

Fairy Yuheng gave him a cold look, like a clown.

She turned around and left.

The time in the trial world is extremely chaotic.

And no matter how long they stay inside, on the top of the sky, they can only come out after a month.

After a month, you can come to see it again.

The Xuanming Seven Seas Realm, as before, has not changed.

Suddenly, a crack appeared in the void, and the next moment a figure jumped out of it.

The cracks healed instantly.

The person who appeared was Chen Feng!

Feeling the familiar breath, Chen Feng slowly exhaled a suffocating breath and opened his eyes!

Looking at the chaotic, exciting but full of vitality in the world in front of him, a smile appeared on the corner of Chen Feng's mouth.

"Xuanming Seven Seas Realm, I'm back!"

When Chen Feng appeared in the Xuanming Seven Seas Realm, the rumbling voice of the heavenly ruler suddenly sounded!

"Chen Feng, your task is!"

He slowly uttered three words: "Live!"

Live!

What a heavy and naked three words slammed into Chen Feng's heart.

[Chapter 4587: Giant pine puppet!](#)

After these three words fell, Chen Feng's expression suddenly became very exciting.

This is the simplest task, but also the most difficult task!

"Master of Heaven, what kind of perverted and difficult task have you arranged for me? You only let me live?"

The simpler, the harder it means!

And when the task was so simple that there were only the three words "to survive", Chen Feng knew that this task would be extremely difficult.

Live!

In the next moment, Chen Feng finally knew why the task given to him by the Lord of Heaven was to survive.

Because, he felt the hostility from the entire Xuanming Seven Seas Realm!

To be precise, it is not hostility, but killing intent.

At this moment, Chen Feng felt a strong killing intent.

This kind of killing intent, no one can hide, there is nowhere to go.

Because this kind of killing intent comes from the killing intent of the entire Xuanming Seven Seas Realm!

Or, to be precise, it was the killing intent that came from all the spirit plants in the entire Xuanming Seven Seas Realm at this moment!

This means that he is an enemy of the entire Xuanming Seven Seas Realm!

The masters here are these spiritual plants!

Chen Feng slowly let out a foul breath: "Is this what the world of death trial will face?"

Chen Feng not only has to face the Nine-Star Wudi peak powerhouse Snake Seventeen who is chasing behind him, but also these powerful and murderous Lingzhi!

Chen Feng's eyes flashed, looking far away.

In the poisonous fog, countless huge black shadows swaggered and made noises towards them.

Like the sea of pine waves, like leaves blowing.

But those voices, without exception, all revealed three words: "Get out!"

A wry smile appeared at the corner of Chen Feng's mouth: "The death trial mission is indeed well-deserved."

At this moment, Chen Feng's heart throbbed.

Sure enough, the Lord of Heaven will never deceive people, saying that it is a death trial mission, then it is a death trial mission.

Chen Feng can imagine that if he didn't come here by himself, it would be miserable if he changed another person.

If the person who came here does not have a certain back hand, has no previous experience here, has no experience in dealing with these spiritual plants.

Then, when they came here, facing the endlessly ruling the entire Xuanming Seven Seas Realm, the final outcome must be living exhaustion!

These spiritual plants are everywhere, infinite, and powerful!

"but....."

A smile appeared at the corner of Chen Feng's mouth: "For me, this death trial mission will not only not let me die, but will help me!"

He raised his head and looked at the sky in the distance: "Set up a huge death trap and lay a huge chess board, waiting for Snake Seventeen to enter the game."

"In this death trial mission, someone will die, but it's not me, Chen Feng!"

Chen Feng suddenly heard a dull and low growl from a distance.

It turned out that at this time, right in front of Chen Feng, a huge pine wood had pulled out its roots from the void.

Then, the body creaked.

All the fragile and weak twigs on the surface fell off suddenly, and even the bark on the surface began to fall off, leaving only the hardest and toughest part.

Then, this part began to shrink and deform slowly.

But for a while, it turned into a puppet!

A giant pine puppet!

The height is about tens of meters, the whole body is red and black.

He stared at Chen Feng and uttered low roars, attacking with murderous intent.

Chen Feng saw from a distance, in the endless fog in the distance, there seemed to be several huge figures moving his body.

Want to turn into a puppet to attack here.

But now, Chen Feng must first deal with the giant pine puppet in front of him.

That huge giant pine puppet has been killed close.

He leaned down, the small mountain-like body curled quietly.

Then, a huge fist as big as a water tank slammed down.

There is no other way, and it does not seem to need another way.

The extremely powerful body is its most powerful attack.

However, his movements were unspeakably slow.

Chen Feng raised his eyebrows: "So slow, can you hit me?"

But then, Chen Feng knew the methods of this giant pine puppet.

Almost at the same moment that the fist was smashed, numerous pine branches suddenly appeared in the void.

These pine branches are withered and black, extremely hard and flexible, just like the strongest metal casting.

Spreading out in an instant, it was tied to Chen Feng fiercely.

There are countless spikes on it, shining with blue light.

Obviously, it is not only extremely sharp, but also contains toxins.

If Chen Feng is tied up, not only will he be immobile, but he will be poisoned!

There were countless such pine branches and thorns all around, and Chen Feng had only one way to go, and that was upward.

Upward, it means throwing into the net against the fist of the giant pine puppet.

Chen Feng raised his brows: "Unexpectedly, you guys still have a little bit of thought, and the methods are not weak."

He laughed loudly: "Just, do you think I will hide, do you think I will escape?"

"Then, Chen Feng, I will fight you head-on, try your weight!"

In the next moment, Chen Feng's figure jumped up, Yao was like a dragon, and with one punch he slammed into the giant pine puppet.

Chen Feng did not use his star veins.

It just used the immortal body of the King Kong Arhat, and the stars in the body that the power of Qi Yun turned into.

Moreover, Chen Feng only used the power of seven stars.

Two hundred and ten billion catties burst out, and it hit the giant pine puppet fiercely.

With a loud bang, the giant pine puppet's fist burst into pieces.

Two hundred and ten billion catties poured into his fists, into his arms, and into his body!

Fist smashed!

Broken arms!

Even the upper half of the body was directly smashed.

The huge wooden body stiffened in the air for a moment, and then it fell apart and fell heavily into the void.

Chen Feng shook his body, his fist was slightly sour.

Other than that, there is no other feeling.

Chen Feng sighed slightly, already knowing that the strength of this giant pine puppet was the pinnacle of the Six-Star Martial Emperor.

Chen Feng is very easy to deal with now.

Even if you don't use the star pulse, you will get a punch and understand it easily.

However, Chen Feng did not have any pride.

On the contrary, there was a touch of worry between his brows.

"The world of Death Trials really deserves its reputation. This is just the weakest giant pine puppet I encountered when I first entered, and it turned out to have such a powerful strength."

"He is equivalent to the peak of the Six-Star Martial Emperor, so what about the other stronger Lingzhi? How strong are they?"

"Eight-star Wudi? Nine-star Wudi?"

After killing this giant pine puppet, Chen Feng calmed his breath and flicked his fingers.

With a light flick of his right hand, he crushed something like a purple jade slip, which was the symbol of life and death.

[Chapter 4588: Old friend](#)

He has used this thing many times.

As the Heart Talisman of Life and Death shattered, a purple ray quietly radiated out and went straight to the sky.

A faint spirit breath, but it has already radiated out.

This thing was left by two people when Chen Feng left Xuanming Seven Seas Realm before.

One of them is Pei Muyu.

"Oh, what is this?"

The corner of Chen Feng's eyes suddenly caught a warm green light.

He hurriedly looked down and went to see, among the floating remains of the giant pine puppet that he had crushed, there was a touch of radiant green.

Chen Feng stepped forward and saw that a touch of green came out of his chest.

Chen Feng stretched out his hand, and a green light flew out of it.

It is about one foot long, as thick as an arm, and green all over, just like the best jade carving.

But it looked a bit soft, like the purest tree heart.

"This thing is the essence of this giant pine puppet, is it also the essence of this giant tree?"

Chen Feng sensed an extremely powerful and pure breath of life from inside.

If Chen Feng moved in his heart, put away this thing.

In the distance, a few Lingzhi had not completely changed into Lingzhi puppets.

Only then did Chen Feng have time to feel the world around him.

In fact, just now, as soon as he entered the Xuanming Seven Seas Realm, Chen Feng suddenly felt strange.

Although it was far less comfortable for him than the top of the sky, it was much better than when he was in the ancient ruins.

Many times better.

Chen Feng raised his eyebrows, his eyes were a little surprised, and he felt carefully.

After a while, Chen Feng knew what was going on.

"The aura of the Xuanming Seven Seas Realm makes me feel that it is higher than that of the deserted ancient ruins."

"The power level of the desolate ancient ruins is higher than that of the Dragon Vein Continent, and the Xuanming Seven Seas Realm is higher than the Desolate Ancient Ruins. So, the power level of the Xuanming Seven Seas Realm should be much higher than that of the Dragon Vein Continent."

This kind of breath cannot be faked.

The higher the power level of the world, the more gentle and mellow aura, which can make Chen Feng feel more comfortable, and the greater aura!

"It's just that it's clear that the power level here is very low!"

But the next moment, there was a flash of light in Chen Feng's mind.

"I see, the power level of Xuanming Seven Seas Realm is not low!"

Chen Feng discovered that he had made a huge mistake.

Wrong!

The reason why he felt that the power level of the Xuanming Seven Seas Realm was lower, even lower than that of the Dragon Vein Continent, was because he mistakenly regarded the martial artist here as the master of the Xuanming Seven Seas Realm.

In fact, the master of Xuanming Seven Seas Realm is not these warriors at all!

But those powerful spiritual plants!

Once you regard those powerful Lingzhi as the masters of the Xuanming Seven Seas Realm, you will find that the level of the Xuanming Seven Seas Realm is more than one level higher than that of the Dragon Vein Continent?

I'm afraid that in the world of Xiaoqian, they are all considered top-notch!

At this time, a few low roars came, and the figures of several huge Lingzhi puppets were forcing Chen Feng!

Chen Feng laughed and went straight up!

Here is a floating mountain.

No, to be precise, it is not appropriate to say that it is a mountain.

It is more like a dead branch of some kind of spiritual plant that has been broken.

It's just that this dead branch is too huge.

The length is hundreds of miles, and its diameter has reached 20 to 30 miles.

Several branches grew out of the sky, old and strong.

Just floating horizontally in the void.

But its surface was completely dark, lifeless, and seemed to have completely lost its vitality.*NOvelUsb.cOm*

And on this huge island-like dead branch, layer upon layer, there are countless palaces, extremely exquisite and gorgeous.

Above a tall tower in the center, a blue ray hits the sky directly.

Then, it fell down like a tassel and turned into a huge blue light mask, covering this huge area of a hundred miles in a radius.

Strong wind, thunder and lightning, poisonous smoke, poisonous fog outside.

Inside, it exudes a green and misty breath, which is uncomfortable.

Walking in it, I just feel relaxed and happy.

Here, it is the Shengyang Academy, one of the sect forces in the Seven Seas Realm of Xuanming.

No, to be precise, it has become the top existence among the many sects in the Xuanming Seven Seas Realm.

Six years ago, it was still a middle-lower force.

Now it is in the top three.

And all of this comes from one person: Pei Muyu!

Since the big change six years ago, Pei Muyu, who was originally just an ordinary and outstanding disciple of the Shengyang Academy, has risen against the sky, breaking through all the way!

It only took a year to break through to the five-star Wudi and become a powerhouse beyond the Patriarch of Shengyang Academy!

Three years later, he broke through to the Six-Star Emperor Wu!

Become the top powerhouse in Xuanming Seven Seas Realm.

Its momentum is almost comparable to the No. 1 powerhouse in the Xuanming Seven Seas Realm: the Patriarch of the Qingyan Family.

Although Pei Muyu and the Patriarch of the Qingyan Family have not played against each other, there is already some speculation that Pei Muyu's strength is by no means inferior to the Patriarch of the Qingyan Family!

When everyone first started, they were very envious and jealous.

Even many people want to suppress.

But when Pei Muyu broke through to the Six-Star Emperor Wu, these voices disappeared.

Yes, it's just flattering.

Because Pei Muyu's strength is so strong that none of them are qualified to be jealous!

That is a terrifying existence that completely surpassed their imagination!

What's more, Pei Muyu is never so easy to mess with.

Pei Muyu broke into the five-star Wudi. During the retreat, the Shengyang Academy was attacked by two sects in order to prevent her from breaking through.

These two sects are also top powerful sects above the Xuanming Seven Seas Realm.

Not even much weaker than Shengyang Academy.

In order to protect Pei Muyu, Shengyang Academy suffered more than half of the casualties and suffered heavy losses.

On the day Pei Muyu broke through, he killed the two sects with one sword and one man.

Three days later, the two sects were completely erased from the Xuanming Seven Seas Realm.

It is said that the casualties exceeded thousands.

These two sects were also directly swallowed by Shengyang Academy.

The momentum of the Shengyang Academy is more rapid and stronger than before.

Pei Muyu's fierce and ruthless method also made everyone look at him, but also feared, and did not dare to have half-different thoughts.

The highest point of Shengyang Academy is a high platform.

On the high platform, there are high towers.

On the plain white steps leading to the high platform, a figure in white slowly climbed up.

Along the way, many disciples of Shengyang Academy showed admiration after seeing her.

Step aside and salute deeply.

After she passed, she straightened up.

The figure in white clothes just nodded slowly.

She looked at the lighthouse idiotically, as if there was nothing else.

It has been six years since the last event that upset the Xuanming Seven Seas Realm.

[Chapter 4589: Return](#)

Everyone knows that in that event, the situation in the Seven Seas Realm of Xuanming was changed by a big change.

This Senior Sister Pei Muyu has an inexplicable and powerful inheritance from the Valley of Fallen Stars!

She was the only one who got that chance.

"Sister Pei went to the lighthouse again?"

"Yes, she goes to the lighthouse to ascend at this hour of the day."

"There is poisonous fog everywhere in the Xuanming Seven Seas Realm, and you can't see the overlord of a thousand miles. Even if you look, what can you see?"

"I guess I can't see anything, just to talk about lovesickness."

Someone sighed softly.

"I'm afraid, she is thinking about that person, right?"

Thinking of that person, these Shengyang Academy disciples, all of them were jealous and envy that were sour in their hearts.

"I heard that Sister Pei liked to wear red dresses in the early years, but now she likes to wear white clothes."

"Yes, it's because that person always wears white clothes like snow, so Senior Sister Pei Muyu is like this."

"What kind of powerful man is it that can make Senior Sister Pei blue eyes?"

"I heard that he came from breaking through the sky. He is different from everyone in the Xuanming Seven Seas Realm. His martial arts cultivation is extremely terrifying."

"Wonder of the sky, but the age of the weak crown, overwhelming all the strong who went to the valley of the fallen stars at that time, and has almost suppressed the entire Profound Ming Seven Seas Realm with his own power!"

"It's really scary!"

Thinking of that person, they were envious to the extreme.

In their eyes, Pei Muyu, who was like a goddess, was a cute little attendant jumping around beside the man.

I miss him every day.

Pei Muyu slowly climbed up the steps and came to the top of the tower.

She looked into the distance, with indescribable thoughts in her eyes.

"Brother Chen Feng, six years have passed. You promised me that you will be back soon."

"How come six years have passed without any news?"

"If it weren't for my inability to leave here, I want to break through the void and follow you."

But at this moment, she suddenly heard a very slight crisp sound.

Suddenly Pei Muyu was stunned.

Then the next moment, a touch of ecstasy appeared on his face: "Could it be that Brother Chen Feng?"

Her hands were trembling, she stretched into her arms, and tremblingly took out something.

Sure enough, when he saw the purple jade talisman, it was already broken into two knots.

A handful of purple light flows out from it.

A breath slowly escaped from it.

He is very familiar with that breath!

Isn't it this breath that lingers in dreams and wanders about every day?

In an instant, she burst into tears: "You, finally came back."

With a loud bang, Chen Feng's fist and a huge white wooden fist slammed together!

After the two crashed, Chen Feng backed away a few steps.

And that huge wooden fist also raised up high, revealing a flaw.

Chen Feng's figure flashed continuously, and in an instant he slammed **** him, leaping high and coming directly to his chest.

Then the punch hit the center of his chest!

With a cracking sound, the wood that was as hard as fine iron on his chest was blasted by Chen Fengshengsheng.

A touch of greenery came out from it.

At the same time, his fist slapped fiercely, slapped on Chen Feng.

Chen Feng felt severe pain all over his body and almost vomited blood.

Between the throat, a smell of fishy sweetness was rolling.

However, he can bear this blow.

The blood did not come out after all.

On the contrary, Chen Feng took advantage of this force, and his figure flashed forward.

Go straight into his chest, and hit the bold green with a punch!

Suddenly, there was a cracking sound, and the bold green piece broke directly.

The extremely powerful vitality directly threw out fiercely.

The figure of this huge Lingzhi puppet was instantly frozen there.

After a while, he fell to the ground.

Seeing this huge Lingzhi puppet, two to three hundred meters high, fell to the ground, Chen Feng sighed slightly and clapped his hands.

"This guy, it's not just a punch to deal with, you still have to use three punches and two kicks."

This Lingzhi Kui was stronger than the first one that Chen Feng hunted just now.

The strength has reached the middle stage of Emperor Wudi Seven Stars.

Chen Feng looked at the four corpses floating in the void with a deep expression on his face.

That's right, these are the shadowy figures that Chen Feng saw before turning into Lingzhi puppets.

Now they are all dead, killed by Chen Feng!

Among the four corpses, there are three spiritual puppets with comparable strengths, and they are all six-star martial emperor peaks.

Among them is the giant pine puppet that Chen Feng first killed.

And the one that was killed just now was even stronger, reaching the middle stage of the Seven-Star Martial Emperor.

Chen Feng, respectively named him Baili Overlord and Qianli Overlord!

Because the three heads killed just now had the strongest power in a radius of about a hundred miles.

And the one that was killed now was the strongest among a thousand miles.

Every time a level is crossed, there will probably be a gap of two small levels in strength.

For example, from the peak of the six-star Wudi to the middle stage of the seven-star Wudi.

Chen Feng probably knew it.

At this moment, a breath rose in the distance and came quickly towards this side.

It seems slow, but in fact it is fast.

It seems that every step can span more than ten miles.

Chen Feng knew that it was the most powerful puppet in a 10,000-mile radius, and now it has completed its transformation and rushed here.

This is a king of thousands of miles!

Chen Feng can clearly feel its breath.

Chen Feng sighed softly: "It probably took him an hour to complete the transformation and approach here."

Chen Feng could feel that he was the most powerful existence in a radius of a million.

It is even vaguely aware that his strength should be around the early stage of the Eight-Star Martial Emperor, two small levels higher than the mid-stage of this Seven-Star Martial Emperor.

So far, Chen Feng has counted.

A smile was drawn at the corner of his mouth: "I already know a lot of information, so I don't need to stay here anymore."

Chen Fengfei came to the chest of the Lingzhi puppet.

After a while, he dragged a piece of three feet long from his chest, as thick as a fist, like a huge green jade.

It is the spirit that planted the tree heart.

His samsara jade card flashed, and four emerald-like tree hearts appeared in front of him.

Three of them are about one foot long, and this one is three feet long.

It seems that the stronger the strength of the Lingzhi puppets, the larger their tree heart.

This series of battles also made Chen Feng quite rewarding.

At least, he found a weakness of this giant puppet.

Their weakness is not in their heads, but in the middle of their chests.

In the middle of their chests, there is something like a green jade, which Chen Feng called the essence of spiritual plants.

[Chapter 4590: change plan!](#)

This spiritual plant essence is the condensation of all the essence in a spiritual plant puppet.

Chen Feng didn't know what its use was, but he could feel the extremely large, warm, and vigorous breath of life and power inside.

That feeling is like Chen Feng when facing the power of stars.

The most important thing is that this thing can be stored in the samsara jade plate.

This means that it can be brought out from the Xuanming Seven Seas Realm.

After Chen Feng collected these spiritual plant essences into the reincarnation jade card, he quickly left.

Here is a floating mountain suspended in endless mist,

The floating mountains in the Xuanming Seven Seas Realm are also very distinctive, with huge cavities everywhere on them.

Inside, there are extremely complicated and curved passages, which are generally not large and not very strong.

After Chen Feng had just beheaded the few spirit plant puppets, he rushed forward and came here.

Chen Feng estimated that it would take at least a few hours for those spirit plant puppets to kill again.

Before they came over, Chen Feng had to do a big thing.

Chen Feng knocked on the jade card of reincarnation, and instantly, the essence of the four spiritual plants appeared in front of Chen Feng.

Chen Feng patted them, and suddenly smiled, "You guys, it's really a surprise."

"Although it has brought me a huge surprise, it may force me to change my original plan!"

The next moment, he sat cross-legged.

The Golden Scriptures of Guan Zizai Bodhisattva appeared in front of Chen Feng.

In the next instant, Chen Feng sank into the practice space of the Great Bodhisattva's Golden Sutra.

The space for the Golden Scriptures of the Great Bodhisattva Avalokitesvara is still vast and desolate.

Chen Feng moved forward slowly, walking through the roads he had walked before.

Then, it came to the ninth step.

This is the limit he reached before.

Without any hesitation, Chen Feng took a step forward and shouted loudly: "I Chen Feng, continue to practice the Golden Sutra of the Great Bodhisattva Vipassana!"

"Now, practice the tenth verse!"

After all, the footsteps were extremely firm, and the tenth step was taken!

After the tenth step, there was a golden light above the sky.

The tenth word fell suddenly!

A phantom of the ancient Buddha emerged behind him, and the vortex suddenly formed.

And in the huge belly space of this floating mountain, a huge vortex also appeared around Chen Feng's body.

In an instant, all these four spiritual plant essences were sucked in.

Instantly crushed.

So, clean and flawless, with a light green light, revealing the power of incomparably rich life force, burst out in this whirlpool with a thud!

The power of this life is simply amazing.

Numerous spiritual plants grew around the dry mountain of Fukong Mountain in an instant.

In the next moment, these huge life forces were all absorbed into the cultivation space of the Golden Sutra of the Great Bodhisattva Vipassana, and poured into Chen Feng's body.

Chen Feng's eyebrows shook, and the tenth star vein suddenly opened.

The immense vitality poured into Chen Feng's body and instilled into Chen Feng's tenth star vein.

Chen Feng's tenth star vein continues to grow.

After about half an hour, those life forces were also completely absorbed.

And Chen Feng's star veins are already quite a bit of specifications, and their internal strength fluctuates.

Of course, it's far from complete.

Chen Feng sighed softly, and with a thought, he exited the Golden Sutra cultivation space of the Great Bodhisattva Vipassana.

In the huge cave in the belly of the mountain, the tenth star vein floats behind Chen Feng.

Chen Feng carefully observed and felt for a moment, and then a smile was drawn at the corner of his mouth, and he laughed, extremely excited:

"I guessed right, what I felt was right!"

"These spiritual plant essences can actually replace some of the power of the stars."

"Moreover, the effect turned out to be quite good!"

It turned out that Chen Feng felt that his tenth star vein was already 20% condensed. *OverLusB.com*

A star vein condensed 20%, which is nothing.

It's normal, it can even be said to be a very common thing.

If it is on the top of the sky and the power of the stars is sufficient, Chen Feng can smelt a star vein in an hour.

But this is the key question!

This is not the top of the sky!

This is just a small thousand world, this is the Xuanming Seven Seas Realm!

"I absorbed the essence of four spiritual plants, of which three belonged to the overlord of Baili and one belonged to the overlord of Qianli."

"This also means that a piece of Baili Overlord's spiritual plant essence is equivalent to one-third of the power of a star."

"And the spirit plant essence of a Thousand Miles Overlord is equivalent to the power of a star!"

A touch of surprise appeared in Chen Feng's eyes.

"Unexpectedly, the effects of these spiritual plant essences are so good, even not much weaker than the power of stars."

Chen Feng suddenly felt a deep panic in his heart!

"This news must never be revealed."

"Otherwise, if the warriors on the top of the sky know about it, the Xuanming Seven Seas Realm will become a big piece of fat in everyone's eyes!"

"Xuanming Seven Seas Realm will become the world that warriors on the top of the sky most want to enter, there is no one!"

At the top of the sky, there are many restrictions for the martial artist to practice there.

Want to practice, the time is very short.

Even Chen Feng could only stay there for two or three days.

But usually, it is even more difficult for him to cultivate, and he can only maintain his strength without retreating.

Therefore, Chen Feng urgently needs the powerful Lingbao that he can absorb to enhance his strength!

After all, it is a substitute for the power of the stars.

And the Lingzhi essence in front of him is obviously an excellent one.

"Initially, my cultivation speed was much faster than others. I had condensed seven star veins the night before."

"Now that I have these spiritual plant essences again, I can maintain an extremely fast cultivation speed no matter whether I am on top of the sky or not!"

"For me, it's even more powerful!"

Chen Feng was very excited.

To Chen Feng, it is a tiger with wings, and it is extremely valuable to others.

If they knew it, he would be extremely greedy in his heart, and he would be robbed.

Chen Feng suddenly thought: "In this case, it seems that my plan needs to be changed!"

He looked into the distance, his eyes were obscure, but he was thinking quickly in his mind.

"If this is the case, my plan will even be overturned."

"No, there is no need to overthrow it, it's just going to be expanded several times, and it's going to be more complicated than before."

"From one line to several lines."

"This plan lasts longer and is not as secure as the previous one. There are many variables, and several of them may be backlashed."

"However, I can also get immense benefits from it!"

Chen Feng gritted his teeth: "It's done! Just do it!"

The reason why Chen Feng made an originally simple plan so complicated, turned a problem that might be solved in one month into three months.
