

Peerless 4611

[Chapter 4611: I want to go, can you stop it?](#)

But, he never died!

Snake Seventeen's face changed drastically, as if he had the upper hand. It was not Snake Seventeen but Chen Feng!

Because it was so simple, he never thought that Chen Feng's strength could reach this level!

A head-to-head trick, revealing his strength!

Chen Feng can actually take him a trick!

Although Chen Feng was seriously injured, he finally accepted his move!

This means that Chen Feng already has the ability to save his life after he confronts him head-on, instead of being directly beheaded!

Because, in his expectation, this knife can directly kill Chen Feng!

The light in Chen Feng's eyes flickered, and he already had a bottom in his heart.

"Now, I can take the Snake Seventeen forever!"

"After a single cut, he was seriously injured and almost useless."

"If you take the second cut, you will probably die!"

"Two moves, I can only support two moves under his hand at most!"

Chen Feng's golden spiritual world suddenly opened, and the golden spiritual power spread out, directly breaking the attack on Chen Feng's spirit.

At the same time, inside Chen Feng's body, the Golden Scripture of the Great Bodhisattva of Vipassana quietly diffused.

It is also directly dissolving this extremely evil and insidious power.

The black ghost fire is still raging in Chen Feng's body, but the destructive power is already much weaker.

The shocking color on Snake Seventeen's face:

"Your strength has become so strong, and you have progressed so fast?"

He still remembers that when he first saw Chen Feng, he just used a little trick.

Just set Chen Feng there directly and couldn't move.

And now, Chen Feng can actually catch his move!

"His strength has improved so fast? How long has he entered the top of the sky?"

Snake Seventeen's heart was extremely shocked, and then, the shock turned into intense jealousy.

He stared at Chen Feng, his eyes cold and unpredictable: "It's no wonder Fairy Yuheng regards Chen Feng so seriously, his talent is really strong."

Although Snake Seventeen did not want to admit it, an idea came to mind in an instant: "Even better than me!"

At the next moment, all thoughts were occupied by a voice.

"Kill him! He must be killed here today!"

Snake Seventeen made a decision in an instant.

After he settled down, his mood calmed down a lot.

Snake Seventeen spit out his scarlet tongue, licked his lips, and made a hissing sound.

"I admit, your strength seems to be much stronger than when I first met you."

"You are indeed a peerless genius, but unfortunately, the gap between you and me is still too big!"

"I know, you have done a lot during this time."

"But, it's a pity."

There was a joking expression at the corner of his mouth, and he slowly shook his head: "Everything you do is meaningless!"

"In the face of absolute strength, all this will be destroyed!"

His face was full of cruel and cold expression: "I want to kill you, it's like pinching an ant to death!"

"You shouldn't do it, you shouldn't come here to die, it will only make you die faster!"

"Is it?"

Chen Feng looked at Snake Seventeen and smiled slightly: "How do you know that I can't leave?"

After all, turning around is hurried to the distance.

The yin and yang ghost steps are displayed again and again, and they are far away in an instant.

"Now, still want to go? Can you go?"

Snake Seventeen smiled coldly, and the black ghost fire wrapped him.

The black ghost fire bounced again and again, instantly ejecting hundreds of miles away.

Where the ghost fire fell, Snake Seventeen had directly emerged from the black ghost fire!

He laughed wildly: "My black ghost fire!"

"It can be used for offense and defense, and it can also be used as a body technique. It is quite rare to put it on the top of the sky."

"With this supernatural power, can you walk?"

Chen Feng looked at it, his eyes deep.

Now, he has tried out the footwork of Snake Seventeen.

The purpose of this trip is completely achieved!

He laughed: "I want to go, can you stop it?"

The next moment, a finger-sized lotus seed suddenly appeared in Chen Feng's hand.

This lotus seed is actually completely composed of black and white, and has a series of extremely mysterious and complicated patterns.

Those patterns, extremely complicated, seem to form a formation naturally.

A lotus seed gives people a feeling as if it contains a world.

The moment the lotus seed was taken out, Snake Seventeen's heart suddenly felt an ominous premonition.

"What is this?"

Chen Feng smiled faintly, and the next moment, he snapped the lotus seeds to pieces!

The light of black and white came out crazily and directly enveloped Chen Feng.

In an instant, Chen Feng's body became illusory.

Snake Seventeen went crazy and attacked like crazy.

But at this time, his attack could not fall to Chen Feng's head anyway.

Chen Feng smiled slightly: "Snake Seventeen, I said, I want to go, you can't stop it!"

Before the voice fell, the figure disappeared!

Snake Seventeen stunned in place, and after a moment, he roared like a beast, smashing everything that he could see in front of him indiscriminately!

He yelled frantically: "You can't return to the top of the sky!"

"The rule of heaven dominates, you can't go back before the time limit is up!"

"You are still in the Xuanming Seven Seas Realm, you are in the Xuanming Seven Seas Realm! I can kill you!"

"I see where else you can escape!"

Almost at the same time, I don't know how far from here, outside the valley of the stars, a remote corner.

On top of a blood-red mountain, Chen Feng suddenly appeared.

As soon as he appeared, he vomited several mouthfuls of blood.

Her eyes turned black from time to time, and she almost fainted.

However, the corner of Chen Feng's mouth is full of smiles: "Void lotus seeds, really effective."

"But unfortunately, there is only one."

"But this is enough. This one allows me to escape this time, allowing me to see the reality of Snake Seventeen."

Even, it may be because of this lotus seed that it will affect the entire battle this time!

This lotus seed is named void lotus seed.

The Seven Seas Arhat lotus is a natural alien species.

Not only is the age long, but it is also an ancient relic left over when the ancient chaos first opened on this Xuanming Seven Seas realm.

Even, his ancestors may have come from a very powerful world, and for some reason they drifted and settled here.

He has a huge background, and he has countless terrifying abilities hidden in the stars.

Actually speaking, the ancestors of Ling Qihai were much stronger than him.

He just became like this because he was stuck on this Xuanming Seven Seas Realm and had been unable to break through.

Seven Seas Luo Hanlian has several flowers, each with a different powerful ability.

One of them is called Void Lotus.

And the lotus seeds produced by this void lotus are the void lotus seeds.

Void Lotus Seed, with an extremely powerful power, can directly create a spatial channel to bring the user to his original location.

[Chapter 4612: The biggest weakness of snake seventeen](#)

Chen Feng's previous location is here.

After use, immediately move back immediately.

At the speed of seventeen snakes, it would take at least one or two days to chase here.

Of course, this lotus seed can only be used once.

After one time, it is discarded.

The void lotus flower blooms every 100,000 years and bears fruit every 100,000 years.

In other words, it would take him 200,000 years to accumulate a void lotus seed.

Such treasures, the Seven Seas Luo Hanlian never give it to others.

Every time you produce void lotus seeds, they are collected in your own hands.

Over the years, this treasure has saved his life many times, and now only two are left in his hand.

This time Chen Feng deliberately asked for one for the immediate matter.

No matter how stingy Ling Qihai is with others, he dare not be stingy with Chen Feng.

This is Chen Feng's trump card.

If not, how dare you come to rashly test?

He is here to test the details, so as to make a battle plan against Snake Seventeen, not to die!

After the huge red rock, a figure appeared.

"It's so dangerous, why are you?"

"If you don't go, how can you find out the details?"

Chen Feng smiled low, and then spit out a mouthful of black blood: "Brother Ling..."

"Quickly, I know you have the holy medicine for healing, take it out quickly."

Chen Feng had long been on Ling Qihai's idea.

Ling Qihai glanced at Chen Feng deeply without any hesitation.

The battle of Chen Feng just now proved his strength and value, and it strengthened Ling Qihai's confidence in cooperating with him.

Of course, it's hard to say when the cooperation will come and what will be done after the cooperation.

Ling Qihai threw a white jade bottle to Chen Feng.

Inside is green liquid, rich in fragrance, full of huge vitality.

Chen Feng's spiritual thoughts passed, knowing that there was no problem, so he directly raised his head and drank.

Gudong Gudong, just drink it up.

The extremely rich, yet fragrant and cold breath poured into Chen Feng's body, instantly transforming into a huge and powerful force that spread throughout his body.

Suddenly, the powerful and destructive black ghost fires in Chen Feng's body were directly consumed by the green breath of life.

That's right, it was not driven out, but consumed.

Compared with the black ghost fire of Snake Seventeen, these life breath levels are lower and cannot be driven away.

However, although the level is low, the amount is large enough!

The abrupt consumption has also consumed a clean one.

Chen Feng sat cross-legged on the spot for a whole day, and suddenly his whole body was shaken!

Then, in the pores of the upper and lower body, there are countless black ghost fires gushing out.

Dissipated in the void.

The next moment, Chen Feng slowly exhaled a suffocating breath, only to feel refreshed all over his body, which was unspeakably comfortable.

He felt it carefully.

Now his strength has recovered about 30%, and the injuries in his body have basically recovered!

"Good stuff!"

Chen Feng looked at the white jade bottle in his hand.

The effect of this bottle of verdant medicinal liquid is not even worse than that of the pill that Fairy Yuheng gave him.

And don't forget, that is a refined, precious pill on the top of the sky!

And this is completely unrefined, pure spiritual planting liquid.

If it is refined by a pharmacist, the effect is definitely stronger several times.

This further strengthened Chen Feng's determination to establish contact with the Xuanming Seven Seas Realm instead of making a fortune.

These spiritual plants on the Xuanming Seven Seas Realm are really too heavenly.

The treasures they produced are really too bad.

This is an infinite treasure!

Chen Feng looked at Ling Qihai with piercing eyes: "Now, what should I do!"

Ling Qihai's eyes lit up.

Chen Feng analyzed carefully and said: "The strength of Snake Seventeen is based on four ultimate moves."

"The first killer move, his black ghost fire."

"The black ghost fire can be offensive and defensive, and has another use."

"The black ghost fire shoots out, and he can appear from where the black ghost fire appears."

Ling Qihai's eyes narrowed.

This is a very important message.

Chen Feng went on to say: "The second ultimate move is his imprisonment technique."

"Their sect focuses on the spirit. His imprisonment technique can temporarily control the shadow, and then the body, making it impossible to move."

Ling Qihai nodded solemnly.

Chen Feng stretched out his third finger again: "The third ultimate move, its power comes from forty stars."

"These forty star veins are the foundation of his power."

"The fourth ultimate move is his black fire ghost knife, which can easily break your body!"

Ling Qihai's face was already quite gloomy.

Chen Feng said that one by one made him desperate.

"But, he also has a weakness, and it's one of his biggest weaknesses that I tested today."

Chen Feng chuckles.

Ling Qihai's spirits lifted up: "What weakness!"

Chen Feng slowly uttered four words: "Weak body!"

Yes, Chen Feng's biggest gain this time is these four words: fragile body!

Chen Feng talked to Ling Qihai for three hours before leaving.

One day later, at noon.

Dozens of warships stand proudly, and a spiritual plant killer stands high above each bow.

There are several disciples watching over there.

A terrifying aura suddenly appeared in the sea of red clouds.

This breath came, and the ordinary disciples of the major sect families still didn't feel anything.

However, people like the Palace Master of Shengyang Academy, the Patriarch of the Qingyan Family and others, were very clear about it.

At this time, they were all concentrated on the ship of Shengyang Academy.

Seeing this scene, they immediately looked at Chen Feng, with a look of astonishment on his face.

"Don't worry, I promised you before that I won't let you get involved easily."

"Now, if you don't want to stay here, you can go there."

Chen Feng turned around and pointed to a place outside the Valley of Fallen Stars.

There, it was a towering cliff, far away from where the warship docked.

Chen Feng said again: "If you really think this is dangerous, you can go now."

"But I can't tell my disciples, don't mess up the military's mind."

Everyone nodded.

Then, several people hesitated for a moment, and then left.

The vast majority of the remaining people chose to retreat to the high mountain wall outside the Valley of Falling Stars.

Looking at this war from a distance.

After all, they still don't want to miss this great opportunity to increase their knowledge.

Outside the Valley of Falling Stars, there is a corner, like an outstretched arm.

Very tall and steep.

Behind are the mountains and endless sea of clouds behind the Valley of Falling Stars.

The view here is excellent, and it's great for watching.

Everyone came here, behind the cliff, nothing happened.

There are seas of clouds on all sides, and the sky is high and the clouds are pale in the distance, suddenly feeling lonely.

[Chapter 4613: The first hole card!](#)

It was as if there were only such a group of people left in the world.

Chen Feng glanced at Pei Muyu, and a faint smile appeared at the corner of Pei Muyu's mouth and nodded gently.

Then, Chen Feng went back, stood proudly on the battleships, and shouted in a deep voice: "Disciples, listen to my orders."

Everyone abruptly obeyed.

Chen Feng said slowly: "Lingzhi killer is ready."

"Yes!"

Many disciples began to get busy.

The magic circle was activated, and suddenly, on the huge and hideous spirit plant killers with infinite power and terror and destruction, the rays of light lit up in turn.

Next, there is another long wait.

The time for the decisive battle is coming!

Chen Feng looked relaxed, sitting cross-legged, slowly recovering.

He doesn't seem to be worried about his injury.

That terrifying breath came all the way forward.

A few more hours later, a figure finally appeared from the horizon.

After that, the aura became stronger and stronger, and in an instant he came to a place hundreds of miles away from Chen Feng and the others.

It is the snake seventeen.

Snake Seventeen's figure is beautiful and confusing, but it makes everyone see clearly.

At this moment, even the ordinary disciples on the warships felt the terrifying aura of Snake Seventeen.

He stopped far away and laughed wildly: "Chen Feng, why didn't you run away this time?"

"I'm in your nest, right? I can't get away, right?"

There was another burst of smug laughter.

He looked at Chen Feng up and down, his gaze swept over the warships, those powerful assassins, and then there was a clear look on his face.

"It turns out that this is what you rely on!"

He thought he had seen everything about Chen Feng:

"No wonder you will actively choose to come to this Xuanming Seven Seas Realm."

"It turns out that you turned out to be the native of the Xuanming Seven Seas Realm, and you turned out to be from here!"

"No wonder, no wonder!"

"It seems that you have integrated the forces of the Xuanming Seven Seas Realm!"

Snake Seventeen raised his chin, pointed at the warships and said, "Are these the trump cards of your Xuanming Seven Seas Realm's **** group?"

"It really is a bunch of trash!"

He laughed wildly, and his figure suddenly rushed forward: "Now, I will break all of your reliance!"

"I will let you watch all your hopes be shattered!"

"I will let you die in pain in despair!"

"In this way, the hatred in my heart can be solved!"

In an instant, he was already close to those big ships!

The distance is just tens of miles!

The voice spread far away.

The palace lord of Shengyang Academy and others were all angry, but they also had to admit that Snake Seventeen had the qualifications to say this!

It's just that they also feel that something is wrong.

"How come it seems that the words spoken by She Seventeen are not the same as those spoken by Chen Feng!"

However, Chen Feng will not give them any time to think!

Chen Feng got up and shouted: "Lingzhi killer, launch it!"

"Yes!"

Those disciples resisted the fear in their hearts, screaming and instilling strength into it.

Suddenly, those spirit plant killers were activated one after another.

This is Chen Feng's first hole card!

So, for a moment, Snake Seventeen felt his breath, directly locked by several powerful forces.

Then, on each of those warships, there were brilliant and powerful rays of light lit up.

The power surged, and dozens of rays of light smashed at the Snake Seventeen.

Among them is a huge needle-shaped stinger that is 100 meters long, the thickness of the water tank is extremely large!

There was a huge yellow fruit that fell like a meteorite.

Even some of them are directly splashed with green sap, which looks extremely sticky, and seems to be unable to move when caught in it.

There was also a strange-shaped giant flower, the petals of which suddenly opened, and a group of black light faintly radiated out, filling the body of the snake seventeen.

Snake Seventeen raised his eyebrows, did not evade, felt the offensive.

Disdainfully said: "Is this the peak combat power of your waste world?"

"With this little strength, you still want to deal with me?"

"Naive!"

His arms shook, and black ghost fire poured out from above his body.

Boom boom boom!

All the powerful offensives of the Lingzhi Killer were smashed by the black ghost fire in an instant!

"Chen Feng, you are too naive, do you think these offensives can deal with me?"

"It's almost the same to tickle me!"

He sneered coldly: "Chen Feng, you let me down."

"This is what you have prepared these days?"

After saying that, he stretched out his hand, he was ready to attack those big ships and pinched all the ants on it to death!

At this time, Chen Feng's figure flashed, and he slayed directly at Snake Seventeen.

With a decisive expression on his face, he screamed: "Snake Seventeen, today, I want you to die with me!"

It seems that he has been driven to a dead end, can't see the vitality, can only desperately.

Seeing this situation, Snake Seventeen was even more proud: "Follow me? Are you worthy?"

After all, it was to kill Chen Feng quickly!

Seeing both are on the verge of coming!

Chen Feng will fight Snake Seventeen!

And it seems that all the preparations that Chen Feng had made before were destroyed by one blow!

In an instant, the strongest offensive he could have was directly destroyed by Snake Seventeen!

Standing on the cliff, watching everyone here from afar, seeing this scene is all dazzled and filled with horror!

"Snake Seventeen, is it so terrifying?"

"Could it be that this is the strong man from the middle thousand worlds? Is this the crushing of a world?"

"too strong!"

They felt that even if they were all over, facing the Snake Seventeen, within one move, they would all be blasted into powder.

It is not an opponent of magnitude at all.

Many people have their legs weakened, looking around, ready to drive away.

They feel that it is very unsafe to stand here.

At this time, Snake Seventeen didn't pay attention to them.

For him, these little ants are not worthy of attention.

But at this moment, among the crowd, Pei Muyu's mouth suddenly showed a smile.

Then, the long sword in his hand was suddenly unsheathed, pointed at Snake Seventeen, and shouted:

"Snake Seventeen, not only can you not defeat Brother Chen Feng today, you can't defeat Brother Chen for life and life!"

The voice spread far away and reached the ears of Snake Seventeen.

Snake Seventeen froze for a moment.

In the next instant, suddenly raising his head, the scarlet eyes swept towards Pei Muyu!

Sweeping to the place where Pei Muyu and the others were, endless murderous intent flashed in his eyes instantly, full of hatred and rage!

"Little bitch, I will let you know the cost of speaking badly!"

He glanced at Chen Feng: "I will clean up this little **** first, and then I will slowly concoct you later!"

The figure turned into a black lightning, and he killed Pei Muyu fiercely!

A smile appeared on the corner of Chen Feng's mouth!

"It's done!"

[Chapter 4614: The second hole card!](#)

He knows best what kind of words can irritate Snake Seventeen!

Before Snake Seventeen was in his hands, the Guitou Knife slashed down fiercely!

Cut out with a single knife, the world collapsed!

The black ghost fire spreads everywhere, and it is extremely powerful, as if it will crush Pei Muyu and others, together with the million-meter cliff, to smash!

There was a crazy grin on his face: "Little bitch, have you seen it?"

"The end for offending me is death!"

Pei Muyu and others stood there, only feeling that the world seemed to collapse directly.

It even felt that all the strength of his body was blocked, and he couldn't even lift his hand.

The power gap is so big that it doesn't need to talk about resistance, and it can't move at all!

Even, they feel that their blood is boiling, it seems that all the power and blood in the body will spray out, taking away their vitality!

Seeing the next moment, Pei Muyu and the others are about to be smashed together with this huge cliff over a million meters high.

Facing the Snake Seventeen, facing the Snake Seventeen at the peak of Nine Star Wudi!

These powerhouses with the highest strength, but the Six-Star Wudi, do not even have the ability to resist, they can only close their eyes and wait for death!

The palace lord of Shengyang Academy and others were all desperate.

"Pei Muyu, what are you doing?"

"You are going to kill everyone!"

Pei Muyu also felt the huge pressure.

However, she did not panic.

Because she completely believes in Chen Feng!

She believed that Brother Chen Feng would never let herself down.

Snake Seventeen was close to the cliff, and the light of the sword almost smashed on top of the heads of Pei Muyu and others!

But at this moment, in the void, quietly, there was suddenly a green sprout growing out.

The cyan buds grow when you see the wind and are extremely fast.

In an instant, it turned into a cyan vine with a length of a thousand meters but only the thickness of a wrist!

The cyan vines are so dark that they are almost black!

Above, there are clusters of blue shining light, with countless huge poisonous spines, and the blue light is exquisite!

Obviously, it is highly toxic.

This cyan vine, although only as thick as a wrist, is extremely tough.

The breath is also extremely tyrannical!

And the most important thing is that this thing is silent, as if it quietly emerged from this void.

And his location is just above the road ahead of Snake Seventeen.

Snake seventeen, just hit there.

It just protruded from the void, giving the impression that it was the Seventeen Snake welcoming it by itself.

This also leaves Snake Seventeen with no room for defense at all.

It was directly touched by the green vines.

In an instant, the cyan vine climbed onto his body, extremely fast, and wrapped around him so many times!

Above the vines, all the blue giant thorns were lit up.

Ruthlessly, it plunged into the body of Snake Seventeen!

The faint blue light surged, and Snake Seventeen's entire body turned blue in an instant.

The body was directly stiff in the void, unable to move, still maintaining the posture of the long sword pointing forward!

However, the whole person is stiff!

And at almost the same instant, Chen Feng let out a low growl: "Ling Qihai, what are you waiting for!"

At the next moment, the murderous voice of Ling Qihai suddenly sounded!

"kill!"

An extremely powerful aura rose into the sky, almost breaking the sky.

Ling Qihai's figure appeared, and behind him, more than a dozen breaths rose.

In an instant, behind the cliff, dozens of figures flew out.

In an instant, seventeen snakes were surrounded.

Chen Feng's second hole card was suddenly opened!

The rays of light were shining, and they each performed tyrannical attacks, and attacked the Snake Seventeen!

These dozens of huge figures turned out to be dozens of spiritual puppets!

The color is different, the breath is different, and even the size is different.

But the only thing in common is that the body's breath is tyrannical to the extreme.

The weakest among them all reached the level of the overlord of 500,000 li!

"Where did these spirit plant puppets come from?"

The Patriarch of the Qingyan Family and the others were all stupid.

This scene is like a flash of lightning.

From the time when Pei Muyu spoke, to the Snake Seventeen Killing, and now, it was only a short time or two.

So many changes happened!

And these spirit planted puppets jumped out of the sea of clouds behind them.

They didn't even notice it before?

In this scene, Snake Seventeen was dumbfounded.

He only felt that he was killing Pei Muyu and the others, and then suddenly a blue light flashed in front of him, and then his figure was unable to move.

Everything happened so fast that even he couldn't react.

However, he is ultimately the strongest man in the sky, and has experienced hundreds of battles.

At this moment, after seeing Ling Qihai and others appearing, he immediately reacted!

Especially Ling Qihai!

In him, Snake Seventeen felt an extremely familiar breath!

It was when I first entered the Xuanming Seven Seas Realm, the breath that I felt was extremely powerful, and I suspected it was the strongest person in the Xuanming Seven Seas Realm!

Looking at the terrifying and powerful puppets around Lingqihai, he instantly understood what was going on.

"It's you? You actually joined forces with these humble human martial artists?"

"original!"

He stared at Chen Feng and screamed: "So this is your trump card? Are you waiting for me here!"

Chen Feng laughed loudly: "Snake Seventeen, how about this gift for you? Is it satisfactory?"

As soon as Chen Feng's voice fell, the spirit planted puppets rushed closer.

A powerful offensive, crashing down!

A green light slammed on Snake Seventeen's chest fiercely.

Suddenly, there was a crackling sound, his ribs were broken, and his chest sank directly.

A blood spurts out!

One move was not completed, and another offensive came again, and it swept across the legs of Snake Seventeen!

His legs were beaten to the surface, although the leg bones were not broken, they were already swollen!

Boom boom boom, dozens of offensives one after another!

They all smashed **** the body of Snake Seventeen.

Chen Feng said with Ling Qihai long ago that the snake 17 is strong in offensive, strong in weirdness, but the weakest is his body!

So, Snake Seventeen will hit his body now!

More than a dozen offensives instantly blasted Snake Seventeen. Although there were front and back, they were actually too short and too fast, so that it felt like they had hit Snake Seventeen's body at the same time!

Snake Seventeen was beaten to a terrible pain, screamed again and again, and screamed crazy!

And suddenly, all the offensive disappeared!

Before Snake Seventeen could breathe a sigh of relief, he saw a sword!

A long sword shaped like a lotus leaf in pure white color.

[Chapter 4615: Snake Seventeen, dead?](#)

The sword holder is the Spirit Seven Seas!

The long sword in Ling Qihai's hand, like a lotus petal, was severely cut down!

He is the last person in this round of offensive and the strongest in this round of offensive!

The white long sword in Ling Qihai's hand was silent and unremarkable.

But when he fell into the eyes of Snake Seventeen, it gave him a sense of horror! ,

His pupils shrank sharply in an instant, and his whole body was tight.

Because he felt that this sword could bring extreme danger to himself!

He howled frantically, struggling, trying to avoid!

But how do you struggle to open up? How to avoid it?

This is the long-planned killing of Ling Qihai!

The cyan vine that trapped him was maintained by a 500,000-mile overlord who burned his vitality frantically!

It may seem inconspicuous, but it is infinitely powerful!

In the next moment, the white long sword was already severely slashed on his body.

A soft sound of 'chirp' is silent and silent.

When the sword came out, it was silent.

When it fell, it was silent.

When it cut in, it was still silent!

However, in this silence, it was the scream of Snake Seventeen!

He uttered an extremely stern roar, and his muscles were shaking!

It turned out that this sword was unexpectedly sharp!

From his shoulder, it fell down, cut off his left arm, chopped his chest, all the way down, almost chopped off his waist.

By the way, he even cut off half of his leg!

This also means that Ling Qihai's knife almost cut Snake Seventeen into two pieces!

Snake Seventeen had countless wounds all over his body, and they exploded with a bang, blood splashing outward like a fountain!

And his mouth was full of blood!

If it were an ordinary person, he would have died long ago if he was cut off by this knife.

But Snake Seventeen is worthy of being the strongest in the sky. Although he is not known for his physical strength, his vitality is truly extremely tenacious!

His twisted body was broken like a severed snake.

But still insisted on not dying!

Snake Seventeen stared at Chen Feng and let out an extremely stern and fierce roar: "I am going to kill you!"

"How dare you lie to me? You actually fooled me!"

Then he stared at Ling Qihai again and screamed: "Old thing, you are looking for death!"

"You didn't kill you last time, how dare you come to die?"

However, the only thing he can move up and down now is his mouth.

Ling Qihai's eyes became more and more cold, and the long knife in his hand, like a lotus leaf, kept cutting down frantically!

Almost chopped Snake Seventeen into pieces!

Snake Seventeen was struggling frantically, his muscles all over his body were agitated, shaking desperately.

But he found that he couldn't get away at all!

Relying on physical strength, after struggling, a black ghost fire suddenly rose above Snake Seventeen's body.

Burning this vine crazily!

In an instant, the black ghost fire ignited with a boom, and suddenly the surface of the cyan vine turned black.

The black ghost fire constantly seeps into it.

The vine screamed sternly, shaking violently, as if there was life.

This vine, a powerful spiritual plant of the overlord level of 500,000 miles, is a general of the Ling Qihai subordinate.

It is his extremely strong combat effectiveness.

Every time when fighting people in the Seven Seas of Spirits, it often turns into a very hard, often seemingly ordinary but very hard vine.

Entangling the opponent tightly, exerting a miraculous effect.

This 500,000-mile overlord level Lingzhi is also well-versed and experienced.

There is also a brave and straightforward air.

Despite the screams burned by the black ghost fire, the surface became dark, but the overlord of 500,000 li, while screaming bitterly, tightened crazily.

Not only did the body not loosen, it tightened the snake seventeen!

Snake Seventeen struggled desperately, but found that he couldn't break free anyway!

This is a 500,000-mile overlord!

At the price of a lifetime of cultivation, he sacrificed his own body, a condensed vine!

If it is so easy to break free, you can be too sorry for the name of the overlord of 500,000 miles and the huge price he has paid!

Seeing that Snake Seventeen was almost cut into two pieces by this sword, there was a flash of joy in Ling Qihai's eyes.

Those spirit plant puppets also let out a low roar of excitement.

Pei Muyu waited, and the people standing on the cliff cheered even more.

They seem to have seen the hope of defeating Snake Seventeen.

Ling Qihai took a deep breath, and his whole body vibrated!

Then, it was cut out with a single sword!

Obviously, for him, using this sword is also extremely laborious! novelusb.com

After another sword was slashed out, his face was already extremely ugly, the whole body was faint, and even his figure was a bit unsustainable.

At the same time that the long sword of Ling Qihai was cut out, the offensive of other Lingzhi puppets also never stopped!

Finally, when Ling Qihai's second sword fell, it seemed that the body of Snake Seventeen could no longer bear it!

With a boom, he was cut into a rain of blood!

Floating in the air!

It seems that Snake Seventeen died directly!

And when this sword was cut out, finally, that vine reached its limit!

With a bang, it crashed directly, and the breath quickly declined!

Obviously, it's dead and thorough.

At the price of a 500,000-mile overlord-level powerhouse, he finally trapped the snake's seventeen breathing time!

Within these three breaths, at least hundreds of offensives were launched against him!

Ling Qihai and the others stayed for a while, then let out a roar of excitement!

Those Lingzhi puppets all jumped in excitement, and joyful emotions were jumping.

On the cliff, Pei Muyu and others saw this scene, first of all ecstasy, and then extremely relaxed.

I just felt as if I had escaped.

There was a hint of reserved joy on Ling Qihai's face.

Regarding the death of his general, he has no fluctuations.

What a cost-effective thing to exchange for the life of Snake Seventeen with a 500,000-mile powerhouse?

But at this time, only Chen Feng, his pupils shrunk, a shocking look appeared in his eyes, and a stormy sea was set off in his heart: "Could it be?"

Chen Feng has been watching with cold eyes from beginning to end.

At this time, Snake Seventeen seemed to have been cut into a rain of blood, but Chen Feng discovered that Snake Seventeen was not dead!

That's right, even if he has turned into a rain of blood now, he is still not dead!

Because he discovered that every drop of blood is full of infinite vitality and vitality!

At this moment, a low laugh suddenly came.

In an instant this laughter was like ten thousand years of icy, cold wind blowing through the forest.

Everyone was frozen from start to finish.

From the sole of the foot, it has been cold to the heart!

[Chapter 4616: Rebirth!](#)

Everyone's movements were frozen, and then dumbfounded, looking in the direction where the laughter came from.

Then they saw that the laughter came from Snake Seventeen!

Obviously, Snake Seventeen appeared to be dead.

However, the voice seemed to sound from everywhere, so that everyone could hear it clearly!

It seemed that Snake Seventeen suddenly changed from the anger just now to the ultimate calmness now.

His voice was cold and quiet, calm and gloomy.

Chen Feng suddenly felt excited: "Snake Seventeen's tone at this time is absolutely no panic, no fear!"

"It seems that he is confident, it seems that he is not afraid of encountering this situation now!"

"It seems that he has a hole card!"

Chen Feng seemed to be able to feel Snake Seventeen's gaze, and he seemed to be watching Chen Feng:
"Chen Feng, it turns out that these spiritual puppets are your real trump card!"

"I didn't expect it! I really looked down on you!"

"Unexpectedly, your real trump card is not these trash warriors above the Xuanming Seven Seas Realm, but these powerful spiritual plants!"

"Yes, yes, I didn't expect you to pull these Lingzhi to your side."

"They are much better than those trash warriors."

Chen Feng said calmly: "Thank you for the compliment."

As Snake Seventeen said, this is Chen Feng's ultimate move, and this is the hole card he planted.

These spirit plant puppets are the ones who really dealt with Snake Seventeen!

These human warriors are just a cover.

The significance of their presence here is to convince Snake Seventeen, and think that Chen Feng's reliance is these human warriors and Lingzhi killers!

So relax and be careless!

And at this moment, those Lingzhi puppets suddenly got into trouble!

The human warrior was Chen Feng's first step, and the Lingzhi puppet was Chen Feng's second step.

These powerful puppets naturally have their own set of methods to hide their tracks.

Like them, the natives of the Seven Seas Realm of Xuanming, almost integrated with the environment of the Seven Seas Realm of Xuanming.

This is a trap. Of course Chen Feng wants to lead Snake Seventeen to this trap.

However, Chen Feng must also put a goal on the bright side.

Because Chen Feng knew very well that Snake Seventeen was both smart and suspicious.

If you only fight here by yourself, and then lose a move, run away directly and run towards the place where the Lingzhi puppet ambushes,

Snake Seventeen is definitely not fooled!

He must be able to guess that there is an ambush.

But when Pei Muyu shouted so, it was different.

Those words, of course, were taught to Pei Muyu by Chen Feng.

Because Chen Feng knows how to anger Snake Seventeen best.

Although he knew Snake Seventeen for a short time, but after several confrontations, he understood the mentality of Snake Seventeen best.

Snake Seventeen was full of disdain for himself before, and he gave him a huge surprise.

Now Snake Seventeen hates Chen Feng, anger, and jealousy.

So what I am most afraid of hearing is that he is not as good as Chen Feng's words.

Pei Muyu's words made him extremely angry and hated!

With his indispensable temperament, he would definitely attack Pei Muyu and others in a rage.

And when he came to the front, the Lingzhi puppet ambushing behind the cliff suddenly got into trouble.

This is equivalent to the 17th Snake throwing himself into the net!

He will not have any defense, because he is active, he wants to go, and has no scruples to attack the cliff.

In this way, instead of tempting him to attack, he made him want to attack.

In this case, his defense is the lowest.

I have to say that Chen Feng is really smart, and he knows the best of Snake Seventeen.

Grasping his psychology to the extreme, Snake Seventeen stepped into his trap.

Moreover, it is voluntary!

At present, Chen Feng seems to have achieved the ultimate he can do!

"It's just a pity..."

Snake Seventeen let out a low smile: "The pearl of rice, dare to compete with the sun and the moon?"

"You, never know how strong I am!"

"Never know how many hole cards I have!"

The voice is extremely heavy, like a mountain, hitting everyone's heart!

"This is you, forcing me!"

The next moment, suddenly, a drop of his blood lit up.

This drop of blood is shocking, scarlet, bloody, and pure!

But inside, it contains extremely large and terrifying power.

In the next moment, the essence and blood of Snake Seventeen was turned into countless black smoke with a thud!

Only one drop is left!

The black smoke curled up and was directly sucked in by this huge and terrifying drop of blood.

After absorbing it, at that moment, this drop of blood was frantically struggling and twisting.

Then, the essence and blood expanded rapidly, and soon became the size of a wine jar.

Then, the surface of the blood suddenly twisted and trembled, and a protrusion appeared.

It's like something is going to come out of it.

Then, with a bang, something came out of it.

It was actually a head!

The head of snake seventeen!

It is exactly the same as the snake seventeen just now.

Then, one of his slender and twisted arms was also struggling to stretch out from inside.

Then, the body began to struggle to get out.

He, in this drop of blood, was reborn!

Chen Feng suddenly thought of four words: "Blood rebirth!"

When everyone saw this scene, they were all stunned, dumbfounded, and their faces were full of disbelief!

"This, what kind of exercise method is this? What kind of magical power is this?"

"Obviously, I've been beaten to a broken body, and I'm about to die, so I can be reborn with a drop of blood?"

And after the shock, it was extremely fearful! **NOVELUS.B.COM**

Everyone felt cold all over, as if a heart fell into the endless abyss.

The deeper and deeper, there is no hope at all.

Many people wailed in their hearts: "How can you fight this?"

"Desperately working hard, costing a huge price, and finally beheading it! As a result, he was reborn with a drop of blood?"

"How to fight this?"

Seeing this scene, Chen Feng was also shocked.

However, it was not very accidental and not very panic.

On the contrary, a smile appeared at the corner of his mouth: "Snake Seventeen, rebirth from a drop of blood!"

"It turns out that this is your hole card, right?"

"At least, it's also an extremely important hole card that you don't want to show easily!"

He laughed in his heart: "I have finally forced one of your hole cards out!"

"After all, I made you pay a huge price!"

"This has already achieved my goal!"

"Consuming you step by step! Your hole cards will become less and less!"

"And this should be the most important or second most important hole card!"

"Open this hole card, what else can you have?"

[Chapter 4617: Violent snake seventeen!](#)

Not only was Chen Feng not depressed, but rather excited in his heart.

Because his goal has been achieved.

Chen Feng had known for a long time that with the strength of Snake Seventeen, with his staying on the top of the sky for so many years, with Cthulhu Valley's importance to him, how could Snake Seventeen not have a few cards in his hand?

How could it be killed so easily?

What Chen Feng asked for was just to be able to force Snake Seventeen's hole cards out!

Even, there is no need to force the most important hole cards!

Forcing out the second most important can also be regarded as achieving the goal.

After all, Chen Feng still has infinite back players, and the pieces that have never been dropped are waiting for Snake Seventeen!

Suddenly, in the scarlet blood, Chen Feng seemed to see the green and misty light flashing past.

He is so familiar with this green light!

That is the aura of heaven dominating, the aura of the top of the sky!

"Sure enough, as I expected, his supernatural power must have been obtained from the top of the sky."

Then, a thought came into Chen Feng's mind: "If this is the case, is it possible for me to get this ability?"

This is **** rebirth!

This almost means that after learning this supernatural power, you will become immortal!

But Chen Feng also understood in his heart that this magical power definitely cannot be reborn with infinite drops of blood. You can use it as many times as you want!

There are definitely great limitations!

Heaven ruled, it was cruel, but it was also fair.

How much you pay, you can get much magical powers.

Chen Feng believes that the powerful magical power of infinite blood rebirth is definitely there.

However, it is definitely not the level of Snake Seventeen.

It is absolutely impossible for the Dementor Immortal to be able to obtain such a magical power after selling their entire Cthulhu Valley!

After all, Ling Qihai is a person who is older than experience, and soon pressed down the shock and fear in his heart.

A stern shout: "Kill him!"

After all, kill first.

Those spirit plant puppets also shot one after another.

But it's useless!

In this huge drop of scarlet blood, a faint blood gas filled the surrounding area.

The blood came out, easily blocking the offensive of Ling Qihai and all Lingzhi puppets.

Chen Feng's eyes flashed and it was clear.

Obviously, he can't be attacked during the rebirth of the spirit seven seas of blood!

Ling Qihai and the others were helpless to Snake Seventeen and could only helplessly watch.

And Snake Seventeen did not take long.

It only took ten breaths!

That's right, after ten breaths, his entire body came out of that drop of blood.

Then, with a bang, the drop of blood exploded directly.

It turned into a black mist of blood, permeating all over his body.

Snake Seventeen clenched his fists and opened his arms, his whole body tensed, fully stretched!

Ah, a violent roar!

The whole momentum, gushing out, frantically suppressed, making everyone out of breath!

At this point, Snake Seventeen has been completely reborn!

And it feels so many times stronger than before! Terrible!

Snake Seventeen laughed wildly, turned around suddenly, stared at Chen Feng and others, and said coldly, "You forced me!"

"You forced me to become stronger!"

"You forced me to be reborn with this drop of blood!"

"But now, I'm so powerful, it's not something you can fight against!"

He pointed at the crowd and spit out five words contemptuously: "You all have to die!"

However, Snake Seventeen suddenly seemed to think of something, and a tingling color flashed deep in his eyes.

It turns out that his magical power is indeed reborn from a drop of blood.

It's just as Chen Feng guessed.

He, and even Cthulhu Valley, has no ability to obtain a true blood-dropping rebirth magical power.

And Snake Seventeen was the person they focused on training, so they spent a huge price to exchange a magical power for Snake Seventeen.

This magical power is a simplified version derived from an extremely powerful rebirth magical power.

It is not as powerful as a blood rebirth, nor is it as difficult to practice as a blood rebirth.

The magical power they exchanged is an infinite simplified version of blood rebirth.

Instead, he took the blood of a very high-level demon **** and parasitized it.

For a long time, maintain the relationship, and slowly penetrate with your own blood.

Then, he included all the power of his whole body cultivation, causing his own vitality to be greatly injured.

Then, re-train the strength.

When it is in danger, relying on that drop of blood of the demon **** who pays attention to all his strength, he can be reborn, which is equivalent to one more life!

In this way, there is one more hole card and one more so-called blood rebirth.

In fact, this is not a real rebirth at all.

A true blood rebirth, brilliant and grand, with countless drops of blood all over the body, any drop of blood can be reborn.

However, even this infinitely simplified blood rebirth is extremely difficult to achieve.

The first condition alone is extremely difficult to achieve.

A drop of demon spirit blood!

That is a demon god, the equivalent of a human martial artist's star soul martial arts mirror!

What level of power does that have to be?

The strength of the low-level demon gods is not much different from that of Fairy Yuheng and Immortal Desire.

And the high-level demon gods are so strong that they don't know where to go.

Moreover, this is the heart and blood of the demon god!

A demon god, with countless blood all over his body, but no more than nine drops of blood in his heart!

Cthulhu Valley spent a huge price, only to obtain a drop of the demon god's heart and blood, so that Snake Seventeen could cultivate his entire cultivation base.

So that he is equivalent to one more life.

Therefore, the blood rebirth of Snake Seventeen looks scary, but in fact it has done countless preliminary preparations, and only used it once!

This trump card, Snake Seventeen wanted to use it as a killer move when he was waiting to enter the next mission.

Unexpectedly, Chen Feng was forced out now.

This made him hate Chen Feng and others very much.

"You all have to die!"

He repeated it again.

At this time, the fear in Ling Qihai's eyes dissipated, and it turned into unspeakable perseverance again.

He coldly spit out a word: "Kill!"

He knows that today is a life and death situation!

Now, there is no retreat.

Those spirit planted puppets, without any hesitation, roared forward and killed them!

Ling Qi Hai is at the forefront.

At this time, he was extremely brave and fierce!

In the next moment, his body directly turned into nothingness and disappeared.

In the void, nine lotus flowers suddenly appeared.

The colors are different.

The nine lotus flowers blended together in an instant, forming a spiritual plant puppet about nine meters high.

This Lingzhi puppet, no, to be precise, it shouldn't be called a Lingzhi puppet.

[Chapter 4618: Fight to death!](#)

The whole body is white as jade, and I don't know what it is.

Like jade and not jade, like gold and not gold, it looks very lustrous, but it also reveals an extremely strong and powerful aura.

Although the size is the smallest among all the puppets, the aura is the strongest and the most terrifying!

And on his body, there are nine gods!

The colors of the nine gods are different, and each of them is shining with a different powerful force, mixed together, extremely terrifying.

With his appearance, the surrounding space seemed to be shattered.

Chen Feng's eyelids jumped wildly: "It turns out that this is the ultimate form that Ling Qihai can appear!"

Ling Qihai's body is so huge that it is impossible to use the body at all.

The body cannot even cope with this need for combat.

This is already the strongest power he can use!

The nine gods pattern is transformed by the nine-color lotus flower.

The power inside is simply terrifying to overwhelming!

At this time, the long sword in Ling Qihai's hand was no longer white, but changed to a different color.

Each color seems to represent a different way of attack.

And every color seems to be changeable at any time.

He slashed down with a fierce sword, and Snake Seventeen waved his left arm to block.

But in the next instant, his long sword, which was originally white, suddenly turned into black, and this black was even more mixed with shades of color.

Suddenly, it passed through Snake Seventeen's left arm silently, and slashed heavily on his chest.

Snake Seventeen grinned: "I didn't expect you to have this method. It seems that it is stronger now than before!"

"But! How can I take it to heart? What are you?"

"After I move freely, you guys!"

He roared: "Everyone has to die!"

Without evasive, he actually greeted his chest.

The black long sword slashed heavily on his chest.

In the words just now, this sword was enough to severely wound him directly.

But at this time, the long sword cut on it, but only a finger-deep wound.

Although it is deep enough, it is definitely not as good as the threat to him just now!

This is after the power of Ling Qihai's long sword increased!

Ling Qihai was taken aback.

Snake Seventeen laughed wildly: "After I was reborn from a drop of blood, before I became stronger, my body strength also increased a lot!"

The next moment, he grinned and took a step forward!

The black ghost fire suddenly lit up, and the black flame ghost knife in his hand appeared.

He didn't care about Ling Qihai at all, and slashed fiercely on the overlord of 500,000 miles nearby!

Chen Feng saw that his black ghost fire was even more exquisite and brilliant than before.

In the incomparable evil and coldness, there is a little more pure meaning, which is obviously better than just now!

The overlord of that 500,000 li was also attacking Snake Seventeen.

It was him just now, after Snake Seventeen was restrained, he took the lead in attacking Snake Seventeen.

Therefore, Snake Seventeen held a grudge about this matter, and took him first.

This overlord of 500,000 miles is not bare-handed, his huge body is purple, and he is holding a purple spear.

The purple spear was smooth and round, with indescribable flexibility and elasticity, as well as the sharp light of metal.

Hit the black fire ghost knife fiercely!

The purple spear was severely shattered!

The body of the overlord of 500,000 li was also severely shattered!

With a boom, the black ghost fire ignited to a great height.

In just an instant, this huge spirit plant puppet had disappeared, completely burned by the black ghost fire!

In place, only a pool of black ashes remained!

And a huge emerald green spirit plant essence!

Chen Feng's pupils shrank in an instant: "After the snake reborn with 17 drops of blood, the strength is stronger. It only takes one sword to solve a 500,000-mile overlord."

Seventeen snakes laughed wildly, and then killed the second overlord of 500,000 miles.

With another knife, the overlord of 500,000 li was also burned into black ashes!

Seeing this scene, Ling Qihai's eyes were splitting, and he roared frantically.

These 500,000 li overlords are all his most capable men.

It is also the most important reason that supports him to stand in the Seven Seas Realm of Xuanming and become the overlord of the heavens!

Two died in an instant now, and his heart seemed to be bleeding.

But what is his mind?

He calmed down in an instant, without saying a word, just slashing the long sword in his hand again and again at an extremely fast speed.

However, it takes a certain amount of time to kill a move with such a powerful sword.

Its speed is probably that Snake Seventeen kills a 500,000 li overlord, and he can attack Snake Seventeen with one sword!

Snake Seventeen laughed wildly and didn't care.

"Ling Qihai, if you slash me with one sword, I will kill your one!"

"Let's see who of the two of us can't support it!"

At this moment, the black fire ghost knife slashed down one after another.

With a slash, a 500,000 li overlord was beheaded.

The 500,000 li overlord brought by Ling Qihai has a total of twelve.

One of them was already transformed into a vine with his own life, trapping Snake Seventeen.

Now, there are eleven left.

In the Snake Seventeen's offensive like a thunderbolt, the eleven overlords of 500,000 li were all dead in an instant.

Only eleven huge spiritual plant essences were left floating there.

At this time, Snake Seventeen was already covered in blood, with blood everywhere.

However, everyone can see that his injuries are at most between light and serious injuries.

Not to mention endangering lives.

Snake Seventeen licked his scarlet lips, looked at Ling Qihai, and laughed wildly: "Ling Qihai, you just cut my eleven swords!"

"Add the four swords before, fifteen swords in total!"

"I remember it clearly!"

"Now that your helpers have been cut off, let us both come!"

He shouted wildly: "Let's fight to the death!"

The black fire ghost knife fell crazily.

Ling Qihai's eyes were cold, and he greeted him with a long sword.

In an instant, the two were fighting together into a ball.

And Chen Feng quickly understood that the Snake Seventeen before the blood rebirth should be comparable to Ling Qihai.

After being reborn from a drop of blood, it was better than Ling Qihai.

After using a drop of blood to rebirth, the strength of the Snake Seventeen is stronger than before. It used to be the peak of the Nine Star Martial Emperor, but now it has reached the realm between the peak of the Nine Star Martial Emperor and the half-step Martial God.

Half a step away from the **** of war, only one step away.

The black fire ghost knife flew, the ghost fire splashed all over, and the figure of the snake seventeen suddenly appeared in the black ghost fire, which was extremely strange.

Ling Qihai seemed to be aware, and the long sword fell randomly behind him.

The color changes, the loess attribute is switched, and the defense is extremely heavy, directly blocking this black fire ghost knife.

The two killed extremely fiercely. Although Snake Seventeen was even better, Ling Qihai had rich experience and the nine attributes could be changed at will.

[Chapter 4619: Spirit Qihai, fall!](#)

Although he is one person, he is like nine top powerhouses with different attributes.

Moreover, the cooperation is extremely tacit.

Suddenly, no wind will fall!

After a short half hour, Snake Seventeen's eyes showed a touch of impatientness.

"I have no patience anymore to waste time here with you!"

He looked at Ling Qihai: "Do you think you are strong? You might even have the upper hand?"

Then he looked at Chen Feng, a bit of joking in the ferociousness: "Do you think that Ling Qihai can stabilize me?"

"Think that I might lose here today?"

"Think you can escape a life?"

He suddenly raised his voice and laughed wildly: "I tell you, this is all wishful thinking!"

"How strong Lao Tzu is, you will never think of it! Lao Tzu still has a hole card to open!"

After all, three Moyu long swords appeared in his hand.

These three small black jade swords are only about half a foot long, so they can be directly hidden in the palm of the hand.

The whole body is black, exquisite and translucent.

It's just that it doesn't look like a powerful treasure.

Snake Seventeen looked at Ling Qihai and stretched out three fingers: "Three strokes, within three strokes, you will die!"

After all, stretch out your right hand!

He just crushed the three black jade swords.

Suddenly, the endless black gas evaporated, and it began to condense directly in the air.

In an instant, three great swords were formed in the air.

Each big sword is a hundred meters long and ten meters wide, crystal clear, like black jade condensed.

But at the same time, it has a strong and hard metal texture.

The most important thing is that the aura contained in these three black jade swords is extremely terrifying!

The pressure of the overwhelming aura caused Chen Feng and Ling Qihai to tremble involuntarily!

"This kind of aura completely surpasses the peak of Emperor Jiuxing Wudi!"

"Is it?"

A light flashed in Chen Feng's mind, and he blurted out: "Half-step Martial God level offensive!"

"These three jade swords turned out to be a half-step Martial God level offensive!"

Chen Feng's heart jumped fiercely!

The powerful breath of half-step martial arts level!

Snake Seventeen laughed wildly, and glanced at Chen Feng: "You have knowledge!"

"Yes, these three offensive moves are all half-step Martial God level!"

After all, laughed wildly.

Chen Feng knew very well that he couldn't handle this offensive!

With a sword down, Chen Feng will be split into powder by life and life, and die extremely miserably!

There was also a touch of horror in Ling Qihai's eyes!

But in that panic, it was a bit more drunk!

"This level of power can only be achieved by the legendary half-god realm!"

"How long has it not appeared on the Xuanming Seven Seas Realm?"

Snake Seventeen sneered: "Okay, old stuff, don't think about it here."

"You are about to be killed by the power of this demigod!"

In the next moment, as his heart urged, a black giant sword slashed down fiercely!

The long sword in Ling Qihai's hand is radiant, changing colors one after another to resist!

However, no matter what it was replaced with, it couldn't stop this sword!

The two swords intersected and there was a loud noise. Snake Seventeen seemed to be unable to hold the long sword in his hand!

That long sword was directly shaken off!

Then, the black jade sword stood heavily on him!

His arms were cut cleanly and directly.

Ling Qihai screamed terribly!

The next moment, it was another black giant sword, severely cut down!

Without the long sword in his hand, Ling Qihai is even more difficult to resist!

The huge jade-like body of the puppet was directly split into two pieces by this sword amidst the screams!

Then, the third sword came out fiercely!

After this sword was cut out, there was a loud bang, which directly cut Ling Qihai into powder!

That's right, it's chopped into powder!

No, Ling Qihai is gone!

Seeing this scene, Snake Seventeen was taken aback at first, seeming to be shocked by this powerful force.

Then, he laughed very proudly: "The old thing, isn't it dead in my hands?"

"How can you resist the half-step offensive of the Martial God Realm?"

After all, another burst of crazy laughter!

He was smiling, but his figure flashed, and he sprayed a few mouthfuls of black blood, and his whole body was shaking.

The trauma suddenly deepened.

Obviously, using these three treasures just now was not without burden for him.

Now, his breath has become extremely weak, and he has suddenly entered a state of serious injury.

It can be said that the fighting power is only 20-30% of the usual!

He also paid a great price.

However, Snake Seventeen didn't care at all.

Now he beheaded Ling Qihai, full of ambition.

Then, he looked at Chen Feng: "Chen Feng, come on, how do you want to die?"

"Your backer is gone, I see how you can escape from my hands!"

Pei Muyu and others below were dumbfounded.

All these changes are too fast, for them, everything that happens today is like a dream.

Chen Feng didn't seem surprised when he saw all this, he just sighed lightly and pointed behind Snake Seventeen.

Snake Seventeen froze for a moment, then suddenly felt something.

A look of horror suddenly appeared on his face, and he turned his head suddenly.

He saw a scene that he couldn't believe.

It turned out that at this time, behind him, the long sword of the Ling Qihai was slowly floating.

Soon, nine colors of light flashed on the surface of this long sword.

Then, the light faded, revealing its body.

Its body turned out to be a lotus flower.

Emerald green branches, white lotus petals, slender and slender.

It seemed a little weak in the wind.

But at this time, the lotus bud that was originally closed was unfolding.

A lotus flower quietly bloomed in this void.

The lotus bloomed, and nine lotus seeds were born in an instant.

Then, the nine green lotus seeds floated out, began to form a group in the air, and began to condense and merge.

Finally, it turns into a lotus seed about the size of a thumb.

The next moment, the lotus seed suddenly grew bigger and broke.

From it, someone actually came out!

Dressed in white, elegant and handsome like a fairy, who is not Ling Qihai?

Snake Seventeen widened his eyes and exclaimed: "You, you are not dead!"

Ling Qihai laughed loudly, and no longer looked elegant and calm before half a minute, but became extraordinarily arrogant.

Perhaps this is his true color.

"Snake Seventeen, you are a mere junior, even if you come from a special place, crush the old man from the world level!"

"But, the old man has lived for hundreds of thousands of millions of years, how can he not have the means to press the bottom of the box?"

He squinted at Snake Seventeen: "Snake Seventeen, the old man is not dead, are you disappointed?"

He moved his gaze to Chen Feng again: "Are you also disappointed?"

Chen Feng's face was full of unbearable surprise!

[Chapter 4620: Chen Feng was used?](#)

"Ling Qihai, you, did you even hide such a means?"

"You, why didn't you tell me before?"

"Hahahaha, how could I be so stupid to tell you everything?"

"If I told you, wouldn't you count it on me? If I told you, how could the situation be like this?"

Ling Qihai laughed.

"Two juniors, I'm not dead, now it's your turn to die!"

Chen Feng couldn't believe it, and sternly shouted: "Ling Qihai, you and I are all allies!"

"Together against Snake Seventeen!"

"You just kill him, why kill me?"

Ling Qihai laughed loudly, and suddenly shouted: "Get out of here!"

At the next moment, a dark cloud emerged from the cliff and quickly approached here.

If you look at it again, you will find that where is the dark cloud?

This is clearly dozens of huge puppets!

The number of these puppets is about thirty.

Moreover, every spirit planted puppet has reached the overlord level of 500,000 li.

A total of thirty, a 500,000-mile overlord-level spirit planting puppet!

Far stronger than those strong in Ling Qihai just now!

The faces of Snake Seventeen and Chen Feng were even more shocked.

"You still hide such a large army?"

Chen Feng lost his mouth and shouted: "Why don't I know the existence of this army? How much are you hiding? How much are you hiding from me?"

Ling Qihai laughed and looked at Chen Feng with disdain in his eyes.

"Chen Feng, do you know that two people need to have a strong foundation for cooperation!"

"Are you qualified to work with me?"

"With your strength, you only deserve to be used by me!"

At this time, when Ling Qihai fully recovered to its peak, it was like the snake seventeen after using a drop of blood to regenerate.

And beside him, there are a whole thirty five hundred thousand li overlord guards.

On the other hand, Snake Seventeen on the opposite side, after using those three black jade sword cards, paid a great price and went directly to a severely injured state.

Where is the opponent of Lingqihai now?

Snake Seventeen's pupils contracted, and he secretly regretted: "This time it was really careless."

"No wonder this is a death trial mission. The power level is indeed high enough, and the spiritual plants here are indeed strong enough."

"After I came in this time, I acted unscrupulously, killing whoever wanted to kill, and making so many enemies, it was really too careless!"

"Could it be that!"

The light in his eyes shone: "Do you want to use the last trick?"

"That's..."

His eyes are full of unwillingness!

At this time, Ling Qihai was no longer cautious and calm before half a minute, and his eyes were full of pride.

"Snake Seventeen, how powerful you are! How domineering you are!"

"Now, who is better than whom?" *NOVELS.B.COM*

It turned out that Ling Qihai was not the only one who had brought over a dozen 500,000 li overlords.

Under that cliff, he even concealed a full thirty and five hundred thousand li overlord!

This is also far beyond the strongest combat power he can produce.

It was not something he could be able to get out of a Heavenly Overlord!

It turned out that when Chen Feng tried his best to make arrangements, Ling Qihai had never been idle.

In fact, during those few days, he had quietly visited several other heavenly overlords in the Xuanming Seven Seas Realm.

Then, borrowed a lot of troops from them.

Above the Xuanming Seven Seas Realm, there are a total of seven Heavenly Overlords.

Ling Qihai has a very bad relationship with several, but it also has a good relationship with others.

It is still possible to borrow ten overlords of 500,000 miles from the three of them.

Not to mention, he promised great profits!

And all this was hidden from Chen Feng, and Chen Feng was not aware of it at all.

These 500,000 li overlords hide extremely deep, and are even more concealed by the previous 500,000 li overlords.

As a result, neither Snake Seventeen nor Chen Feng had discovered it.

Moreover, if he had just released these thirty 500,000 li overlords, then a dozen of his underlings would not have to die.

He did not do so.

This person is really cruel and cruel.

Ling Qihai stared at Snake Seventeen: "Snake Seventeen, presumably, that was your last trump card just now, right?"

"You can no longer hide anything, because in the situation just now, you have to use your hole cards!"

"just now!"

His face was full of determination: "You absolutely have no hole cards to use anymore."

"Now, you only have to wait for one to die!"

"I finally used up when you played your hole cards. At this time, it's time to open my hole cards!"

He laughed wildly and waved.

The many 500,000 li hegemony under his men forced the past towards Snake Seventeen.

Among them, there were a few Lingzhi puppets, faintly surrounding Chen Feng.

His eyes were full of indifference and malice.

Obviously, Ling Qihai not only wanted to get the result of Snake Seventeen, but also planned to get the result of Chen Feng here.

He paid such a large price to bring so many overlord powers of 500,000 li, so naturally he would not leave himself the hidden danger of Chen Feng.

Chen Feng looked at Ling Qi Hai, and said sensibly, "Ling Qi Hai, what do you mean by that?"

"How many mean?"

Ling Qihai smiled indifferently: "Chen Feng, don't think that I don't know what you did. Did your previous nonsense fool me?"

"You were indeed chased by the seventeen snakes to enter here, but the truth is definitely not what you said!"

Chen Feng gritted his teeth and said: "Ling Qihai, keep talking!"

"You are not the opponent of Snake Seventeen, so you first find these warriors on the Seven Seas of Xuanming and use them as a guise."

"Let Snake Seventeen think that you are relying on them."

"As everyone knows, you regard us as your true backing, as your true trump card!"

Chen Feng's face was blank: "Go on."

"You want us to kill Snake Seventeen for you, and you want to use the huge threat that Snake Seventeen brings us to lure us to kill Snake Seventeen, and let us die for you!"

"is not it?"

Chen Feng was noncommittal.

At this time, Ling Qihai's mood that seemed to have been dull for a long time finally broke out, and his face became savage, distorted!

"I knew what was going on at the time, so I simply scammed, planted another hole card and placed an ambush!"

"Sure enough, I can kill you all at once!"

He laughed happily!

After that, he waved his hand, and suddenly, the offensive of those 500,000 li hegemons rushed!

Moreover, Chen Feng noticed that several Lingzhi puppets had been killed to him.

Obviously they are all vines, and they are better at trapping people than killing them.

He knew it clearly in his heart: "Presumably, Ling Qihai wants to capture me, and ask for some secrets!"

At this time, the situation suddenly reversed and was completely controlled by Ling Qihai.

It seems that Chen Feng and Snake Seventeen are already turtles in the urn.
