

Peerless 4621

[Chapter 4621: Sorry, I am the siskin!](#)

Ling Qihai was full of pride: "Unexpectedly!"

"Chen Feng, the mantis is catching the cicada, and the oriole is behind."

"Snake Seventeen is the cicada, and you are the praying mantis!"

"And I am the oriole!"

"is it?"

At this moment, the expressions of fear, anger, shock, dullness, and so on on Chen Feng's face disappeared in a hurry.

Seeing this scene, Ling Qihai suddenly felt startled.

Then, there was an extremely ominous premonition.

Chen Feng smiled slightly, and said word by word: "Sorry, I am the oriole!"

Having said that, Chen Feng flicked his fingers leisurely and smiled:

"Well, I'm too lazy to act with you here!"

"Now that the fish are already in the net, it's time to close the net!"

Chen Feng was full of anger, and shouted: "Come on!"

With Chen Feng's long laugh!

Just in the distance, a beam of sword light suddenly appeared on the horizon!

A bunch of extremely refined, extremely powerful, sweeping like a horse, like a sword light that pierces the sky like a rainbow!

This knife light originated from a faraway place!

But almost instantly, it was already near.

When it is far away, but a little white light.

Then it swept, becoming several kilometers in length!

When I came to the front, the sword light was already thousands of miles away!

A huge beam of sword light that spans thousands of miles is like the huge wings of the legendary Kunpeng in the sky, like clouds hanging down from the sky!

Slashed across the sky fiercely, and fell down!

With an unparalleled power and a terrifying killing intent!

Cut it down with one knife!

The entire sky shook violently.

In the sky, there are countless cracks.

The mountains outside the Valley of Falling Stars were also shaking violently.

The golden sunlight is shaking, the red sea of clouds is shaking!*nOVeℓusB.cOm*

Cut out with a single knife, as if the sky is broken!

The power of a knife is actually terrifying!

The sword light came all over the sky, and it slashed down on those spirit planted puppets!

This thousand-mile-long knife light passed over these spirit planted puppets.

Instantly bright like fireworks explode!

With a bang, those spirit planted puppets instantly solidified there, unable to move!

Time seems to have stagnated at this moment.

The light of the knife swept across like water waves, seemingly calm.

But the next moment, the sound of bombing and cracking suddenly lingered!

In an instant, being swept by this thousand-mile-long knife light, the entire thirty and 500,000-mile overlords were blown to pieces!

That's right, 30 overlords of 500,000 li, all of them burst into pieces!

Only the essence of Lingzhi is left.

Thirty powerful men of 500,000 li overlord level!

It can be ended directly by this knife, by this beam of astonishing swords like flying immortals!

The short-term screams, bursts and bursts, were endless.

Then in the next instant, everything returned to silence.

In the void, there are just countless huge wooden stumps and dozens of huge spiritual plant essences!

A stunning knife came in the air!

Thousands of miles of knife light flooded between heaven and earth.

With a single cut, thirty heads of 500,000 li overlords were directly cut to pieces.

This scene also made Ling Qihai and Snake Seventeen dumbfounded, and their faces were extremely shocked.

Ling Qihai's triumphant smile solidified on his face, and then it turned into an extremely strong and incredibly unbelievable.

He yelled out: "This, how can this knife be so terrifying?"

"I think the strength of this sword seems to have reached the half-step Martial God Realm!"

"God, where did this master come from? How could there be such a master in Xuanming Seven Seas Realm?"

"Our seven heavenly overlords, none of us can reach this level!"

After Snake Seventeen saw this knife, his face was full of fear with indescribable fascination!

"This knife, even if it is placed on top of the sky, is definitely not weak!"

"Moreover, I can't feel any breath of the top of the sky."

"This means that the person who produces the sword grew up in a small world!"

He suddenly raised his head, his eyes shining brightly: "Able to reach this level in a small world, this swordsman is definitely a genius!"

"It's amazing, and has an incomparably advanced knowledge and understanding of knife skills!"

But soon, they didn't care about so much.

Because, at this moment, following the extreme distance, a soft drink came.

A crisp hum of long knives sounded, and the next moment, a huge knife light that stretched for thousands of miles came in the air!

This time, it was Ling Qihai that the huge blade of light cut towards!

With a single cut, Ling Qihai felt suffocated in a moment when facing this knife!

He felt that when faced with this sword, when the sword slashed at him, he was actually frozen in place, unable to move!

You can't hide, nor can you escape!

It seems that you can only close your eyes and wait for death!

He knew that he was shrouded by the incomparably powerful spiritual thoughts attached to the sword light, and he was directly locked in!

This kind of powerful swordsmanship can't be avoided in the first place.

The knife light fell fiercely!

After all, the Seven Seas of Spirit is the heavenly overlord of the Seven Seas of Xuanming, a master of the moment, roaring wildly!

Play your last few hole cards one after another!

With a bang, he broke free of the shackles and faced the knife light fiercely!

Since you can't hide, you can't escape, you can only fight hard!

But by hard work, how could he be an opponent?

With a loud and clear sound, the light of the sword slammed on Ling Qihai's body!
In an instant, Ling Qihai's body became stiff, and then clicked, a burst of cracking sound!
In his white jade-like body, there were countless cracks in an instant, as if porcelain was broken.
On the body, there were countless fissures, which were precarious.
It seems that it may break at any time!
It floated in the air, vomiting blood like green sap again and again, and its breath declined extremely!
Is dying, is already seriously injured and dying!
But this time, there was no second hole card that could bring him back to life.
If he died at this time, he would really die!
Ling Qihai was severely wounded and dying by this knife!
Snake Seventeen laughed, but the laughter suddenly solidified.
It turned out that he saw another knife light!
This is the third sword light!
Not weaker than the previous two!
The third sword light, which stretched for thousands of miles, was severely slashed towards Snake Seventeen!
Snake Seventeen's pupils shrink!
When confronted with this sword, he clearly felt the half-step Martial God Realm!
"This sword is a real half-step divine realm, and it's not even the kind that is new to the half-step martial arts mirror!"
"Where did such a strong come out? How could there be such a strong in a small world?"
"How can there be such a strong man in a mere death trial mission!"
Generally speaking, even if it is a death trial mission, the strongest person who appears is only the Nine Star Martial Emperor level!

[Chapter 4622: Amazing knife light!](#)

Even, can't reach the peak of Nine Star Martial Emperor!

After all, most of the reincarnation immortals who have just entered the top of the sky can't reach the strength of the nine-star martial emperor!

A nine-star Wudi peak is enough for them!

How could a half-step martial arts realm powerhouse appear?

Before Snake Seventeen came in, he had never thought that this would happen!

In an instant, countless thoughts came to my heart.

Thinking of myself thinking that I could accomplish this task easily, but I hit a wall one after another.

First, the natives of Ling Qihai, now there is such a master of half-step Martial God Realm.

This made his heart depressed to the extreme, and his emotions collapsed instantly!

He let out a stern scream: "Do you dare to kill me? Do you dare to kill me!"

"You scumbag, dare to offend me?"

After all, he took out all the hole cards that could be taken out from his samsara jade cards.

But unfortunately, no matter how he was, he was just a trial immortal after all.

Even the immortals in the sky haven't reached it.

No matter how many resources Cthulhu Valley gave him, it could only be limited.

No matter how strong he is to defend himself, it is useless.

After all, if a powerhouse of the level of Fairy Yuheng really wanted to kill him, giving him any magic weapon would not stop him, it would only be a waste.

Therefore, the strongest treasures of his were actually nothing more than the black jade sword that had just launched the three-stroke half-step Martial God Realm offensive.

Now, there is no stronger defense at all!

However, the cards he played played some role after all.

Layer after layer weakened the knife light.

At the moment when the sword light was cut, the black ghost fire on his body was all ignited, enveloping the sword light.

It's another big circle of burning the knife!

But in the end, the remaining blade light fell on him, almost shattering Snake Seventeen's entire body!

Black blood rushed out!

But, after all, it was still not dead.

Snake Seventeen was panting heavily, and black blood kept coming out.

But, after all, it's still not dead!

Three swords fell!

Countless Lingzhi puppets died!

Snake Seventeen was seriously injured and dying!

Ling Qihai was seriously injured and dying!

This person who emits the sword light is so tyrannical!

Before people show up, they have already crushed them all!

The next moment, a figure floated out of the valley of the fallen stars, and instantly came to Chen Feng.

This person has an Eguan Bo belt, a strange shape, a tall stature, and a very domineering.

There is a long knife behind, and the whole person stands there, and it feels like watching the world!

It seems that the whole person is just a shining long knife, and one glance at him seems to be cut!

With his arrival, in the endless sea of red clouds around, the broken sword energy all buzzed softly!

Full of joy, it seems to be worshipping his master!

The person who came is naturally the Great Emperor Crazy Blade!

In the entire Xuanming Seven Seas Realm, there is only one person who can use these three swords, and can cut out these three swords!

The Great Knife!

Chen Feng smiled slightly and looked at Emperor Crazy Blade: "How about it, did I lie?"

"When it's critical, you don't need to make more shots, as long as the final word is settled."

The Great Emperor Crazy Blade snorted coldly and glanced at him: "Just you kid with many tricks."

Seeing the people coming, both Ling Qihai and Snake Seventeen had their pupils contracted sharply!

This kind of momentum, extremely powerful and domineering!

They can see it naturally!

This person is the one who cut out the three swords just now!

Looking at the direction where he appeared again, Ling Qihai seemed to have thought of something, and shouted out: "Could it be that you are the senior in the valley of the fallen stars?"

"It turned out to be you?"

"Chen Feng actually moved you!"

As one of the strongest beings in the Xuanming Seven Seas Realm, he naturally knew something about the secrets in the Valley of Fallen Stars.

The Great Crazy Blade smiled suddenly: "What does it mean that love moved me?"

"Chen Feng and I were old acquaintances."

Upon hearing this, Ling Qihai trembled as if struck by lightning.

Staring at Chen Feng, he shouted, "Here, these are all your games? Are these all your games?"

"So you were prepared!"

"It turns out that you didn't even think about relying on us!"

"original!"

He stared at Chen Feng and yelled like a gaffe: "Is this your trump card?"

"It turns out that we are not your hole card at all! This is your hole card! Are they?"

"You calculated us from the beginning! Didn't you?"

Chen Feng smiled slightly: "The two of us, each other."

Ling Qihai was stupid, staying in place for a long while speechless.

Snake Seventeen was panting, "Unexpectedly, this small world has a master like you."

The Great Emperor Crazy Blade glanced at him lightly, with a bit of disgust in his eyes.

"You must be the one from that place, right? It's really amazing!"

There was a bit of sarcasm in the words.

It turned out that this was Chen Feng's third move and his third hole card!

Chen Feng had known for a long time that the strength of these warriors above the Xuanming Seven Seas Realm was too low to be used at all.

And these Lingzhi above the Xuanming Seven Seas Realm, one by one, are old and cunning, powerful.

It is also a great hidden danger to use, and it is very likely to eat itself back.

Therefore, while using these warriors as the first step and Lingzhi as the second step, he has quietly contacted the Great Sword Emperor.

And persuaded him, let the Great Knife Emperor become his third move, the third move!

When Chen Feng went to find Ling Qihai, it took three days.

But when he returned from Lingqihai and returned to Shengyang Academy, he had to go out for a few more days.

In these extra days, Chen Feng went to the inner valley of the Valley of Fallen Stars to meet the Great Sword Emperor.

In order to reach the inner valley of the Valley of Fallen Stars in time, Chen Feng even paid a considerable price.

Time is pushed back to dozens of days ago.

The valley in the valley where the stars have fallen is a secret place.

The sword is overflowing, murderous!

A figure is sitting cross-legged.

Suddenly, his brows raised, revealing a look of surprise.

"You came?"

"Yes, I am here."

With a burst of hearty laughter, a figure flashed in the void.

It is Chen Feng.

The Great Sword Emperor didn't seem to be surprised by his arrival.

Perhaps, he has experienced so much, and he is not surprised by anything.

However, he glanced across Chen Feng's body, feeling for a moment.

Then, his face was cold and his eyes were cold.

Murderous intent surged in an instant, staring at Chen Feng, saying word by word: "The line of cause and effect between you and me has not been solved."

His voice was as cold as ice: "You, didn't accomplish what I asked for."

At the next moment, a long knife was already hanging on Chen Feng's neck.

Dao Guangsen was extremely cold, and the chill was pressing.

With a powerful force, it seems that Chen Feng can be killed easily.

[Chapter 4623: Give you a great opportunity!](#)

The Great Emperor Crazy Blade stared at Chen Feng and said word by word: "You took my benefits, but you didn't complete what I asked you to do."

"You have!"

He slowly uttered four words: "Pay with your life!"

Chen Feng smiled slightly, but was not flustered.

Because he didn't feel murderous.

This situation was also in his expectation.

To be honest, this is a normal reaction.

Not only did Chen Feng fail to complete the commission of the Great Knife, but this time he wanted the Great Knife to continue to do something for himself!

This sounds like a fantasy.

However, Chen Feng was confident enough to speak of the Great Crazy Blade.

Not only can it resolve this crisis, it may even add an important ally to the future self!

Chen Feng looked at Emperor Crazy Sword, smiled and said, "Emperor Crazy Sword, if you go down with this stab, all the things you paid for before will be gone!"

He smiled and looked at Emperor Crazy Blade: "I am here to give you a great opportunity!"

"This great opportunity I gave you is enough to offset the ten times the benefits you gave me before!"

"what?"

The Great Knife Great was taken aback.

He naturally knew that Chen Feng was not the kind of person who made a false statement, and there was no need to commit a risk and make up a lie to deceive himself.

"What's the chance?"

The Great Emperor Crazy Blade closed the sword and pointed in front of him: "Sit."

Chen Feng was also unrestrained, and sat down directly in front of him.

He smiled and uttered four words: "Top of the sky!"

Of course, before uttering these four words, Chen Feng was also very worried and prepared for every step.

However, when he discovered that these four words could be spoken effortlessly in the face of Emperor Crazy Blade, he was immediately happy.

And he immediately confirmed the guess in his heart before!

The four words "top of the sky", everything on the top of the sky can't be easily revealed to the outside world!

Violators will be directly obliterated by the Lord of Heaven!

But when facing Pei Muyu, it can be said.

And when he faced the Great Sword Emperor, it could also be said.

Chen Feng had several insights in his heart:

"Presumably, this top of the sky is actually trying to attract the best in the world, and put the world in his own pocket."

"So, does it mean that the secret of the top of the sky can be said when facing some people with unique talents and unlimited potential?"

"In other words, when the person I face meets the requirements of the Lord of Heaven and is eligible to enter the top of the sky!"

"In fact, I can tell the secret of the top of the sky!"

"Because I am equivalent to helping the gods to recruit talents."

Chen Feng threw away this distracting thought, and then slowly said: "The top of the sky is an extremely magical place."

He described to Emperor Crazy Blade what he saw in the top of the sky.

The Emperor Crazy Blade didn't care about it at first.

Later, it was solemn.

In the end, his eyes even flashed with excitement!

And the extreme ecstasy!

People like him who pursue martial arts throughout their lives love constantly challenging themselves and improving themselves.

The most feared is being stuck in a certain place.

At this time, when Chen Feng said that there was such a magical existence as the top of the sky, how could he not be excited?

I feel that my future will be infinitely bright in an instant!

The Great Emperor Crazy Sword immediately said sharply: "How can I enter the top of the sky?"

"If you want to enter the top of the sky, one of the most basic conditions is to let the samsara jade card drip blood to recognize the master."

With that, Chen Feng took out the jade card of reincarnation and flew at his fingertips.

"Now, when I come to this Xuanming Seven Seas Realm, I am actually completing one of my death trials mission."

"And there is a strong enemy on the top of the sky, chasing me into here."

The Great Emperor Crazy Sword smiled and said: "I will help you deal with this powerful enemy. After getting his reincarnation jade card, will you have a chance to enter the top of the sky?"

"Yes!"

Chen Feng smiled.

"it is good!"

The Great Emperor Crazy Blade didn't hesitate, and simply said: "If you can help me obtain this samsara jade card and help me get to the top of the sky, the previous thing will be wiped out."

"I still owe you a favor!"

Chen Feng laughed: "Deal!"

In fact, both knew that there was another way.

That is, the Great Sword Emperor could kill Chen Feng and take away his jade card of reincarnation.

But Emperor Crazy Blade didn't say that, let alone do it.

And Chen Feng had already known that he would not do this.

This is also one of the most important reasons why Chen Feng can find him to cooperate!

The Great Knife has a bottom line!

Then, Chen Feng had a close conversation with the Great Sword Emperor for a long time before he left.

Then, there will be today's scene!

The current situation is what Chen Feng wants to see!

He let the Lingqi submarine cards exhausted and besieged the snake seventeen.

Thus forced the snake seventeen to open the hole card.

After the Snake Seventeen opened his trump card, his strength became stronger, killing Ling Qihai.

So as to force Ling Qihai to open the trump card!

His purpose is to make Snake Seventeen and Ling Qihai shed the last drop of blood, exhaust the last hole card, and become no longer dependent on them.

Everything became transparent and presented to him!

Then, at this time, I just shot and harvested everything!

What he wanted to harvest was not only the life of Snake Seventeen, but also the lives of these 500,000 li overlords under Ling Qihai!

How could Chen Feng let go of these spiritual plants?

This is a great wealth of extreme terror!

"Okay, now the overall situation is set."

Chen Feng clapped his hands and suddenly shouted: "Mu Yu, come here."

Pei Muyu was taken aback, and hurriedly came to Chen Feng.

The people in the Xuanming Seven Seas Realm below have already entered a foolish state.

What happened today completely exceeded their cognition.

Chen Feng turned around first and collected the essence of those spiritual plants into the jade card of reincarnation.

There was an unstoppable smile on his mouth.

This is a total of forty spiritual essences!

Not ordinary, but the spirit plant essence of the overlord of 500,000 li!

Such a spiritual plant essence, in each one, is equivalent to possessing the power of eighty-one stars!

This also means that the sum of the power of the stars contained in these forty spiritual plant essences is even more than six or seven times more than the power of the stars of the Big Dipper!

What a horror! *novELusb.cOm*

This even means that if Chen Feng completely refines and absorbs it, his star veins will be a terrifying number!

Moreover, you can absorb practice anytime, anywhere!

It is countless times more convenient than on the top of the sky.

Seeing this scene, Snake Seventeen's eyes seemed to stare out.

These things, in his opinion, originally belonged to him!

This is his treasure!

However, he lowered his head abnormally, and his gaze was a bit unpredictable.

[Chapter 4624: you swear](#)

Shuffled there, without saying a word.

But with his fingers, he put his hands in his arms, tapping on the samsara jade tiles lightly, with a special rhythm.

Ling Qihai let out a bleak laugh: "I have been used, and all the spiritual plants in the Xuanming Seven Seas realm have been used!"

"It's been tricked! It's tricked!"

He was totally devastated.

But suddenly, as if thinking of something, he suddenly raised his head.

Staring at Chen Feng, he yelled, "Chen Feng, you treachery! You are not moral!"

When Chen Feng heard this, he suddenly laughed.

This Ling Qihai had calculated it on himself as before, but now he still has the face to say this?

He tweeted twice, walked up to Ling Qihai, and smiled jokingly: "I really like your shameless appearance!"

"I'm calculating you, and you're also calculating me, but I'm better, you're not as good as others!"

"right?"

Ling Qihai was blocked and speechless.

Chen Feng walked to Ling Qihai, stretched out his hand, and lifted him up.

He patted his face lightly, smiled and said, "But don't worry, I won't kill you."

Chen Feng's action was extremely insulting.

But Ling Qihai couldn't take care of that much anymore. Chen Feng's words immediately made his heart tremble and he saw hope.

"What? You won't kill me?"

Chen Feng's small child is particularly brilliant: "Yes, not only does not kill you."

"Our two previous agreements are still valid."

"What agreement?"

As soon as the Lingqihai dialect was spoken, he suddenly felt: "That agreement?"

Chen Feng nodded.

Ling Qihai took a deep breath, and suddenly understood something: "Chen Feng, you really are smashing the bones and sucking the marrow, not even the last trace of my use value!"

He knew Chen Feng's plan.

The agreement Chen Feng said was of course meant that he used the spirit plant essence of those spirit plant puppets of the Profound Ming Seven Seas Realm in exchange for the agreement of the treasures of the Middle Thousand Worlds.

Now, the two have torn apart their faces.

But Chen Feng also said that the agreement was effective, just because he wanted to use him to obtain those powerful spiritual plant essences.

It can be said that this is to use the last trace of Lingqihai's value.

But, can Ling Qihai not agree?

He found sadly that he could only agree.

You are the overlord of the heavens, but now he has nothing under him.

It is conceivable that soon, he will be swallowed by the other six heaven overlords!

The only way to keep from being swallowed is to cooperate with Chen Feng!

Improve your strength through the treasures of Zhongqian World!

"But well!"

Chen Feng smiled brilliantly: "In order to prevent you from treachery, you have to swear."

Ling Qihai quickly nodded: "I swear, I swear."

For him, swearing is nothing.

It's just a homely meal.

After swearing, he didn't do anything less of treachery.

He even laughed at Chen Feng's innocence secretly.

At this time, Chen Feng smiled and added: "Swear in the name of the Lord of Heaven!"

"Heaven dominates? What is that?"

Ling Qihai was stunned for a moment.

But the voice still calmly said: "Heaven is the ruler, and my soul is here..."

When these words were spoken, he suddenly felt a burst of green light shining by, slamming on his body.

It made him feel like an electric shock, and his whole body twitched violently.

He suddenly felt that his body seemed to be shrouded in coercion.

This coercion watched him, and at this time he swore every word and deed in the oath, if he violated anything, he would be directly burned and crushed into pieces!

This coercion is so huge.

It is countless times stronger than the previous sword light!

He was shocked and exclaimed: "This, what is this?"

"This is the rule of heaven."

Chen Feng smiled slightly: "Okay, let's swear!"

"The Lord of Heaven already knows your vow, if you dare to break it in the future, you will directly..."

Chen Feng slowly pressed down with his right hand: "Dominated by heaven, crushed to pieces!"

Ling Qihai knew that Chen Feng had not lied to himself.

He could feel how terrifying that power was.

He shook his head and pointed at Chen Feng: "You play with me?"

Chen Feng smiled: "Yes, I'm just playing with you."

Ling Qihai laughed sorrowfully, but did not dare to defy anything, and obediently swore an oath.

Chen Feng felt that there was a line of cause and effect between himself and him, quietly connecting.

Obviously, this is the Lord of Heaven upholding justice for their contract.

The Great Emperor Crazy Sabre next to him, his eyes flickered slightly: "Is this the Lord of Heaven?"

"Is this the top of the sky?"

Chen Feng smiled: "Happy cooperation."

Ling Qihai smiled bitterly: "Happy cooperation!"

He knew that in the future, he would be completely controlled by Chen Feng.

Give Chen Feng everything that is valuable in the Xuanming Seven Seas Realm in exchange for a little benefit that leaked from his fingers.

But in fact, for him, this is not a bad thing.

At this moment, suddenly, a cold voice sounded behind everyone: "Are you happy to cooperate?"

"You have to ask, I can't answer!"

Everyone looked back in shock!

I saw that Snake Seventeen had already stood up!

On the surface of his body, the wound has healed.

And his whole body, originally distorted and slender body, has become distorted countless times.

Just as the shadows are elongated as the sun slants west, there is a bit of vain in the sky, unlike real existence.

At this moment, those eyes above his forehead suddenly opened!

The third eye of Snake Seventeen has never been opened!

The eyes on his forehead were opened at this moment!

A thrilling blood red!

The next moment, his eyes suddenly burst open!

Then one after another came out of the black glass-like light and shadow,

Ling Qihai was stupid.

Looking at Snake Seventeen, he lost his voice: "You, aren't you going to die? Why are you still alive?"

"How do you feel? I feel your breath..."

It turned out that everyone clearly felt that although the aura of Snake Seventeen was misty, it became extremely powerful.

Moreover, it is still improving!

Snake Seventeen Jiejie laughed strangely: "This is all you forced me! This is all you forced me!"

"especially you!"

He glared at Chen Feng, and shouted wildly: "This is all you forced me!"

The next moment, with his broken third eye as the source, suddenly there were countless black lights that lit up.

These countless black lights overflowed from his body.

Void and vague, if true and illusory.

After a while, it actually condensed into a huge figure directly in the air. Novelusb.com

This huge figure, about seventy or eighty meters in height, quickly became extremely condensed.

The whole body is pitch black, like an obsidian sculpture.

And his appearance is extremely hideous and evil.

[Chapter 4625: Cthulhu descends! Snake Seventeen's ultimate trump card!](#)

The huge body is quite slender.

He is completely dark and sitting cross-legged. He has three heads. Looking in three directions, his eyes are as gray as a dead fish.

Just like the third eye of Snake Seventeen.

And above his body, there are nine arms raised.

On each arm, a weapon was taken.

That weapon, or golden light shining, or precious light shimmering, reveals an extremely powerful breath.

He sat cross-legged there, as if receiving worship from countless believers!

And the most important thing is not his image, nor his aura.

But the breath he revealed!

That kind of aura, in the midst of extreme evil, but with a bit of indescribable holiness.

It has awe-inspiring power!

It seems that he has countless believers enshrined in him, so that he has his own world under the power of incense!

Chen Feng had never seen this kind of breath in a big demon.

Even the most powerful Yanyang Demon he had ever seen, Chen Feng didn't feel such a breath.

This kind of breath has already made him a completely different creature, raising him to another level!

It can be said that it is beyond the ordinary!

At this moment, the Great Emperor Crazy Sabre next to him took a deep breath, and there was a tremor in his eyes.

He slowly said: "This is a foreign evil god!"

"Exotic Cthulhu?"

Chen Feng raised his eyebrows: "What is a foreign evil god?"

The voice of Emperor Crazy Blade is extremely capable, and his words are concise and concise: "The universe, in the infinite world, has countless powerful existences."

"These powerful beings can become gods if they are enshrined by others and incense by countless believers."

"The upright is the righteous god, and the evil one is the evil god."

"Look at him like this!"

He said lightly: "It should be one of the evil gods in the evil foreign land, and it seems to be the kind that can't be on the stage."

"but!"

The Great Crazy Blade added: "No matter how weak the foreign evil **** is, it is beyond imagination!"

Powerful beyond imagination!

Chen Feng's heart jumped!

This passage can be said from the mouth of the Great Sword Emperor, which shows how strong this foreign evil **** is.

"Unexpectedly, you, a mortal in the Little Thousand World, still have some knowledge."

Snake Seventeen said miserably: "Yes, this is my evil god!"

He straightened up suddenly: "Our Cthulhu Valley has a method."

"It is to cultivate the evil god's art!"

"Everyone, when they first entered the top of the sky, they began to cultivate the evil god."

"In the body, a seed of the Heretic God was planted. The greater the power of this Heretic God, the stronger the strength, so that when it breaks into the Star Soul Martial God Realm and condenses the Star Soul, it will gain more terrifying strength!"

"Even, the Cthulhu and Star Soul can be combined into one! Get the Strongest Star Soul!"

His voice became high-pitched: "And I, the Wizard of Heaven!"

"The Cthulhu that I have induced is the most powerful among all the Cthulhu that disciples have sensed in the history of Cthulhu Valley!"

"The Dementor, once told me that in the future, my evil **** does not know how strong it will be!"

"Even him, feels trembling!"

"Do you know? Do you know the feeling of knowing that you have infinite possibilities in the future?"

He raised his arms and his face was drunk!

Suddenly the tone became gloomy, staring at Chen Feng, his eyes showed immense hatred: "All of this has been ruined by you!"

"To deal with him!"

He pointed to the Great Knife: "I have to release the evil **** that I have not yet condensed and comprehend in advance!"

"I have to choose and merge with him now!"

"Because if I don't do this, I will die!"

"In this way, when I break into the Star Soul Martial God Realm, I can't reach the original height at all!"

He roared loudly:

"Even, it would be nice to be able to reach half of the original!"

"This will directly lead to the fact that I will not be able to go smoothly on the top of the sky in the future, my great prospects!"

He gritted his teeth and roared: "It was all ruined by you! It was all ruined by you!"

He has a general mental breakdown.

Obviously he chased and killed Chen Feng to enter this place, but now he put all the blame on Chen Feng.

"I want to kill you, I want to kill you!"

He didn't seem to say anything else at this time, he just wanted to kill Chen Feng.

The next moment, his third eye suddenly shined brightly.

The **** light passed by, and the phantom of the foreign evil **** turned into a black light, which was directly absorbed by his eye.

And as the alien evil **** phantom was absorbed in, the body of Snake Seventeen instantly grew up.

Black rays of light visible to the naked eye rushed across his body.

Even these powerful black rays overflowed his body.

His whole person was suffering to the extreme, his body was twisted, and he was beating his body constantly.

His body gradually swelled. Although it was extremely painful, he could see that his breath was constantly getting stronger and stronger!

"A good news, a bad news, which one do you want to hear first?"

The Great Sword Emperor suddenly smiled and said.

Chen Feng laughed: "I am always optimistic, so I should listen to the good news first."

The Great Emperor Crazy Blade said: "Fortunately, this alien evil **** is a phantom of the alien evil god."

Chen Feng nodded.

Rightfully so.

This is a Cthulhu, a foreign Cthulhu, not an ordinary existence!*nOVELusB.com*

His body of this foreign evil **** is many times more powerful than the Great Demon of Yan Yang.

Not to mention the Great Knife, it is estimated that even the Destroyer Immortal, or even the entire top of the sky, can't find a few masters that can compare with it.

If this Cthulhu body really descends, then naturally everyone will be dead, and there is no possibility of alive.

However, this foreign evil **** is just a phantom!

The Great Crazy Blade whispered again: "But the bad news is that he, the Evil God phantom, is also extremely powerful."

"How powerful is it?"

Chen Feng asked.

"So powerful, after Snake Seventeen has integrated it..."

Emperor Crazy Blade said solemnly: "I am not an opponent either!"

Before the words fell, Snake Seventeen roared crazy!

At this moment, the black rays of light lingering around Snake Seventeen's body suddenly recovered all of his body.

Then, his body swelled to the extreme.

Then, his body exploded into countless powders.

And in the flying powder, a horror aura rose up.

There was a pitch-black existence on the spot, like an obsidian pendant, with the texture of metal and jade.

It looks warm and moist, but also extremely strong.

His body is about three meters tall, with a human body, slender, but full of explosive power.

He has only one head, but on each side of the neck, he has a huge sarcoma.

[Chapter 4626: Snake Seventeen, you were tricked again!](#)

There seemed to be something creeping slowly inside.

It looks disgusting.

On his side, each has two arms.

Each arm is slowly gripped, as if to hold a weapon.

However, three of his four arms are empty.

Only the upper one on the right, holding a black ghost knife.

Obviously, he was not ready to become this state at all.

Now even the weapons are not complete.

But despite this, his breath at this time is also extremely terrifying, it is a real half-step Martial God realm!

The breath and coercion on his body were extremely terrifying, and the oppressed Chen Feng and others were extremely uncomfortable.

It feels as if even breathing is about to stagnate, and it's unspeakable.

It seems that the whole body will be crushed!

Half-step Martial God Realm!

At this time, Snake Seventeen had reached the half-step Martial God Realm.

Moreover, in the half-step martial arts realm, it is definitely considered top.

Only one step away from the Star Soul Martial God Realm!

It is hard to imagine how terrifying it would be if all the weapons in Snake Seventeen's hands were equipped, and all the heads had grown out?

He closed his eyes, carefully feeling his body, carefully feeling the power in his body at this time!

A touch of intoxication appeared on his face!

"Is this half-step Valkyrie?"

"Is this the powerful half-step Martial God Realm?"

Then, eyes opened!

A piece of blood red!

"Chen Feng, I should have become stronger, all this is caused by you!"

"Die to me!"

He rushed frantically, and the black ghost knife in his hand fell fiercely. novELusB.com

When the knife fell, Chen Feng instantly felt that the sky in front of him seemed to freeze.

The entire sky seemed to be frozen.

Then, far away from the sky, a sword came brilliantly, as if it was about to break this world into pieces!

Everything in this world will naturally shatter into dust!

Chen Feng felt that he could not resist at all, he could only wait to die!

This is the most powerful force he has ever faced, the highest level!

"Is this the power of Half Step Martial God Realm?"

So scary!

Seeing Chen Feng the next moment, he would be directly beheaded by Snake Seventeen.

However, in the face of such a powerful offensive, Chen Feng was extremely calm and indifferent.

Standing there, there was no panic at all.

Just smiled slightly: "Senior, stop him for me."

The Great Emperor Crazy Blade gave him a dissatisfied look, but he still stepped forward, Eguan Bo belt, big sleeves fluttering!

The long knife in his hand was unscathed sharply.

Drew the dazzling light of the sword across the sky, and slashed down towards Snake Seventeen!

The dazzling light of the sword fell from the sky, and the momentum was extremely shocking.

Even Snake Seventeen couldn't help but stared.

This is the Great Knife, he dare not look down, let alone ignore it!

The three blade lights of the Great Emperor Crazy Sword just now had already made a powerful impression in his heart!

As a result, Snake Seventeen had to withdraw the sword, and violently attacked the Great Emperor Crazy Blade.

At this time, Chen Feng felt relaxed around him.

Taking advantage of this opportunity, it is already a quick escape.

He didn't even look behind him, but grabbed Pei Muyu's hand and fled quickly towards the inner valley of the Valley of Falling Stars.

Almost in an instant, I came before the two peaks of the inner valley of the Valley of Falling Stars were clamped!

At this time, the black ghost knife in Snake Seventeen's hand was also smashed with the brilliant light of the Great Sword Emperor!

What seems to be a battle that shocks the world, will break out!

But the next moment, a scene that made Snake Seventeen dumbfounded happened.

His black ghost knife passed the light of the Great Knife Emperor without any hindrance, smashed his long knife, and then crushed his body.

With a loud bang, Emperor Crazy Blade's body shattered like glass.

Then, it turned into nothingness and disappeared directly into the air.

Snake Seventeen was taken aback, and exclaimed, "How is it possible? It's just a ghost?"

"You just came here as a phantom?"

It turned out that Emperor Crazy Blade came here only a phantom of him,

It's not the ontology at all!

The fact is also true.

The Crazy Blade Emperor has been trapped in the Valley of the Fallen Stars for so many years, where can he come out?

What came here was just a shadow of him.

Before that, Chen Feng and the Great Sword Emperor had negotiated.

For this step, Emperor Crazy Blade used a piece of treasure that had been treasured for thousands of years.

Only then did he be as lifelike outside as himself.

The three sword lights were issued by the real Emperor Crazy Blade, while the Emperor Crazy Blade who appeared outside was fake.

It's just that, because of the three brilliant lights of the previous swords and the extreme sheerness, the spirit seven sea and the snake seventeen were shocked, and there was no doubt about his authenticity.

And now, Chen Feng let this phantom come to block Snake Seventeen's mortal sword.

He already took Pei Muyu and fled directly to the entrance of the valley where the stars fell.

Between the two peaks, Chen Feng turned around, looked at Snake Seventeen, and said with a long laugh: "Snake Seventeen, you have been tricked again!"

Chen Feng's eyes were deep.

Just now, through that knife, he also measured the true strength of Snake Seventeen!

Chen Feng took a deep breath: "Next, I will face such an opponent!"

However, there is no tension and fear at all, but my heart is full of infinite excitement!

The blood seems to be burning!

Snake Seventeen was taken aback.

Then, his face swelled like pig liver in an instant, full of shame and anger.

Staring at Chen Feng, he yelled frantically: "I am going to kill you!"

He really felt very suffocated in his heart.

Obviously he is three realms higher than Chen Feng, but on the contrary, since entering this place, he has been restrained.

After Chen Feng's various calculations, he couldn't show his true strength at all!

He was injured several times in a row, and had to waste a few hole cards!

He even took out his ultimate hole card!

You know, none of these hole cards need to be used here in his plan.

All of them will play a great role in his future missions. Without these cards, he will definitely perform extremely poorly in the future missions!

This will affect his position in the Valley of the Evil God, and even his future on the top of the sky will be affected!

More importantly, all the cards were out, and Chen Feng had not been killed yet!

He hated Chen Feng very much in his heart!

"Chen Feng, you must die! You must die!"

He screamed frantically, chasing Chen Feng!

Vow to kill it!

And Chen Feng didn't panic at all.

Even more, he turned around, stretched out his hand, and lightly stroked his neck, making a pose of cutting his throat!

Full of provocation!

Chen Feng did not panic.

Because he still has a fourth hole card, which hasn't been opened yet!

[Chapter 4627: The fourth step plan, start!](#)

Then, leisurely pulling Pei Muyu, his figure gradually disappeared in the void.

Chen Feng has entered the valley of the fallen stars!

Chen Feng's last action made Snake Seventeen almost lose his mind.

He came between the two mountain peaks and clearly felt that there was a passage into the valley of the falling stars.

Go straight to Naigu!

However, Chen Feng has a way to enter, but he doesn't know how to enter.

However, a smug smile appeared at the corner of Snake Seventeen's mouth: "Let you see and see, I am waiting for half a step in the martial arts realm!"

The next moment, the black fire ghost knife in his hand slashed fiercely!

It was cut with a single knife, and it turned out to be deep into the space.

Almost instantly, there were countless huge spatial cracks in the air.

These spatial cracks are deep and mysterious, leading to the unknown.

And he carefully perceives the fluctuations in the space cracks.

The next moment, as another knife fell, his eyes lit up; "This is it!"

It was another double cut.

In an instant, this space crack was directly split into a space channel!

And at the end of the space channel, the shadows were so desolate.

It is the scene inside the valley of the fallen stars.

He doesn't know where the space channel is, or how to enter it, but he is relying on his powerful strength to cut a way for life.

Found the exact location of the space channel!

The next moment, Snake Seventeen laughed wildly and stepped into the space channel!

As for the Ling Qihai and others outside, they didn't care at all.

These people, in his eyes, are like ants.

His current goal is only one, and that is to hunt down Chen Feng!

Kill this confidant.

In the valley of the fallen stars, the scenery remains the same.

Everywhere is a desert-like scene, an endless desolation.

As if above the desolate sky that has existed since ancient times, those two huge black holes are still hanging there, staring coldly at the people below.

A figure flashed past, it was the Great Emperor Crazy Blade.

The Eguan Bo belt has an ancient style.

This is the true ontology of Emperor Crazy Blade.

"Let's go, senior."

Chen Feng smiled.

He is now preparing his fourth step plan.

And before that, he had already practiced with the Great Sword Emperor.

According to the plan of the two, now, the Great Emperor Crazy Blade will take him to escape quickly.

Will go to a certain place.

There, there is a great gift prepared by Chen Feng for Snake Seventeen!

This is Chen Feng's fourth step plan.

After completing this fourth step plan, not only can the snake seventeen be counted to death, but there may be even more unexpected and huge gains.

But at this time, the expression on Emperor Crazy Blade's face was a little strange.

He was a little bit hesitant to say something but stopped, looking at Chen Feng, a little guilty in his eyes.

I want to say something, but it's hard to tell.

Seeing this situation, Chen Feng suddenly moved in his heart and immediately said softly: "Senior, do you want to fight Snake Seventeen?"

The Great Emperor Crazy Blade nodded and looked at Chen Feng with a look of guilt on his face.

"Just, Chen Feng."

"I promised you before, after entering this place, I will take you to escape immediately."

"But now, if I fight him, no matter what, you will be extremely dangerous by your side."

However, there seemed to be war intent burning in his eyes, and he let out a sigh of foul breath.

"The first time I met such a powerful opponent, and I also used a knife!"

"If I don't fight him, I really feel that I will regret it forever!"

Chen Fengchen nodded, he understood the idea of Emperor Crazy Blade.

"Forget it!"

The Great Emperor Crazy Sword shook his head severely, and lifted Chen Feng up: "I will take you away!"

However, Chen Feng had a flash of inspiration in his heart, suddenly smiled, looked at Emperor Crazy Blade, and said, "Senior, it doesn't seem to be necessary."

He smiled low and spoke a few words to Emperor Crazy Blade.

Suddenly, the light in the eyes of the Great Emperor Crazy Blade gradually brightened.

After a while, he laughed and pointed at Chen Feng: "You guy, really smart."

"In such a short period of time, I have come up with such a perfect plan. Then, do as you said!"

Chen Feng nodded solemnly, a bit of excitement flashed in his eyes.

"If this is the case, then maybe it will be more miraculous."

So, next, Emperor Crazy Blade sat cross-legged in place, conditioning his breath.

Adjust your state to the best and prepare for the next battle of life and death!

But Chen Feng was also busy and began to prepare.

When he came last time, Chen Feng killed many demons here.

And the crystal nucleus of these demons was swallowed by the Golden Sutra of the Great Bodhisattva Avalokitesvara.

Now, Chen Feng saw from a distance that some demons appeared in many places.

I think it should be caused by the leak of the Great Demon Yanyang.

The Yanyang Great Demon is immortal, and the demons here are endless.

They seemed to perceive the breath here and approached here.

Seeing this scene, Chen Feng couldn't help but feel a bit of vicissitudes in his heart.

In just a few years, it was as long as a few centuries.

He shook his head without any hesitation.

Kill one of the demons directly.

The evil demon killed by Chen Feng was seven or eight meters tall, standing and walking away, shrouded in a piece of powerful black armor.

The exposed face is like a stone carving.

Named the Giant Armor Stone Demon, Chen Feng had killed many before.

Among the inner valleys in this valley of falling stars, the most are this kind of giant armor stone demon.

Chen Feng took out his magic crystal and drew out the magic blood.

Then, he was sitting cross-legged, his whole body was suddenly red, as if lava was flowing and burning.

In the next moment, Chen Feng had already turned into a chaotic fire demon.

It's just that there is no person in the Xuanming Seven Seas Realm, but he has become like this, what is his purpose?

But the next moment, a shocking scene appeared.

Chen Feng's expression was extremely painful, his whole body was trembling, and he began to force the devil blood out of his body.

As a result, on the surface of the body, the appearance of the Chaos Fire Demon gradually degenerated, and gradually fell back.

And revealing the state of more and more human bodies.

It turned out that Chen Feng was actually trying to force the blood of this chaotic fire demon out of his body.

The process lasted for a full cup of tea, and Chen Feng just yelled!

Suddenly, the black blood of the Chaos Fire Demon shot out.

And Chen Feng was also directly recovering the body, panting heavily, his face pale, and his vitality severely injured.

Like this kind of temporary inducing blood into the body, it would have caused considerable damage to the body.

Now it is forced out again, even more so.

But this is not over yet.

A wry smile appeared at the corner of Chen Feng's mouth: "Next, I have to toss again."

In the next moment, he directly absorbed the blood of the giant armored stone demon that had just been killed.

[Chapter 4628: I have been here, waiting for you for three days!](#)

Since he had already had an experience before, Chen Feng was familiar with the road this time.

After a cup of tea, his white face suddenly became red and black.

The next moment, he stood up abruptly, let out a low growl, and trembled all over.

Chen Feng had disappeared, and there was an extra giant stone demon on the spot.

Pei Muyu stayed around watching.

Chen Feng walked a few steps in place and looked at her with a low voice: "What is the difference between me and other giant stone monsters?"

Pei Muyu knew that this was a critical moment, and did not dare to neglect.

Observed carefully for a while, then closed his eyes, felt it, and said solemnly:

"In terms of breath, there is no difference."

"It's just that the details such as walking and howling are not right."

Chen Feng nodded, carefully watching the other giant armor stone demons.

After a while, he was no different from the other giant stone demons, from appearance to breath.

Chen Feng even slowly walked towards those giant armor stone demons.

Many giant armored stone demons were scattered everywhere, looking at Chen Feng who came by, glanced at him, and ignored them.

Chen Feng's heart was overjoyed: "It's done!"

Even these giant armor stone demons can't distinguish themselves, let alone other people.

Next, Pei Muyu did the same.

She is even easier than Chen Feng.

After all, Pei Muyu had the blood of the demon clan. For her, such things were quite common.

Chen Feng and Pei Muyu turned into two giant-armored stone demons, hiding far away among the many demons.

And at this moment, all of a sudden, the entire valley of the stars trembled violently.

Then, above the sky, a huge gap in space appeared.

A figure raged out from it!

It is Snake Seventeen!

Snake Seventeen came out and saw the scene in the valley where the stars fell, and he couldn't help but sighed slightly.

But in the next moment, he saw Emperor Crazy Blade.

After seeing Emperor Crazy Blade, instinct wanted to laugh.

A little perception. But his expression changed.

It turned out that he also sensed that the Great Sword Emperor in front of him was the real Great Sword Emperor!

It's definitely not the fake before!

He stared at the Great Emperor Crazy Blade, and his eyes were a little cold.

Before he could speak, Emperor Crazy Blade slowly got up, his voice extremely calm: "I'm already here, waiting for you for three days!"

"It turns out that I have spent three days in the empty tunnel at that time?"

Snake's heart tightened in an instant: "Three days, enough time for that little bunny to run far away!"

He looked around.

Sure enough, at the end of the line of sight, I did not see Chen Feng and Pei Muyu!

However, a little bit of Chen Feng's breath was captured.

It was immediately confirmed, Chen Feng was afraid that he had definitely been here.

In other words, he should have appeared here a few days ago, but now he doesn't know where he is going.

Only a little breath left!

"And this mad sword great emperor, he should have stayed to stop me!"

He now only wants to kill Chen Feng, and coldly shouted: "Get out!"

The Great Emperor Crazy Sword smiled slightly, and the knife in his hand slashed across it: "Then you have to ask first, the knife in my hand does not agree!"

Snake Seventeen no longer talked nonsense, with a sneer, the black fire ghost knife, severely cut down!

Half a step, the breath of the **** of war, gushing out overwhelmingly!

There was always a touch of excitement on the face of Emperor Crazy Blade, fighting against such a powerful opponent was a huge improvement for him!

The next moment, the sword in his hand uttered a crisp dragon chant, and he directly greeted him!

It is the peerless sword technique that was once passed to Chen Feng: Supreme Heavenly Sword!

Cut out with a single knife, illusory and inexplicable, as if to penetrate the afterlife and see through the future.

As if cut out with a single knife, there is endless mystery.

At this moment, in the extreme distance, a group of demons looked towards this side.

Watching the battle between Snake Seventeen and Crazy Blade Great.

Among them, there are Chen Feng and Pei Muyu.

When Chen Feng saw this scene, he moved in his heart, staring intently, watching carefully, with great care.

He knew that Emperor Crazy Sword had a good heart, and he did this to practice this sword technique for himself!

Before Chen Feng, after being taught the Supreme Heavenly Emperor Sword, for various reasons, he had not been able to cultivate.

Now, he knew that it was time for him to realize and it was time to practice!

The Supreme Heavenly Emperor's sword cut out, and in an instant, Snake Seventeen felt a trance in front of him.

As if for a moment, there was a sense of vicissitudes of a century.

He felt that his vitality was fading rapidly and he was aging rapidly.

It seems that the whole person will grow old in an instant, turning into withered bones in the mound.

Snake Seventeen's heart jumped: "This man is really powerful. These martial arts are placed on the top of the sky, I'm afraid they are extremely powerful!"

However, he suddenly raised his head and laughed wildly:

"Your moves are very powerful, your martial arts level is extremely high, and your sword technique is even more sophisticated, and you almost have a bit of Zen!"

"But, so what?"

"Under my half-step Martial God realm, under my mighty power, nothing is useful!"

In the next moment, he slashed down!

Two powerful moves collide together!

One is very mysterious, the other is simple and rude!

But on the contrary, the mysterious sword move was directly smashed, and the emperor's figure was shocked, and he was directly smashed and flew out for thousands of meters!

Shaking all over, vomiting blood again and again.

Snake Seventeen was also in a trance, instantly feeling as if he was a few years old, and his mental strength and vitality had been lost a lot.

Although the Great Knife Great was directly injured with this knife, the Snake Seventeen was not easy.

Snake Seventeen was furious, only feeling that everything went so badly!

Howling frantically, slashed again and again, attacking!

Almost instantly, the two of them fought ten knives in a row!

Ten tricks in a row!

The Great Emperor Crazy Blade is a real half-step martial arts master.

However, the same half-step martial goddess, Snake Seventeen is obviously much better than Crazy Sabre!

One is just entering the Half-Step Martial God Realm, and the other is at the peak of the Half Step Martial God Realm, only one step away from the first heaven of the Star Soul Martial God Mirror!

After ten moves, the Great Knife was bloodied, with huge wounds everywhere!

Even, the bone is deeply visible!

The pubic area was severely slashed, almost cut in half directly!

The black ghost fire spreads in all the wounds, like a bone maggot.

After ten strokes, he is already seriously injured!

But Snake Seventeen on the opposite side was not well.

There are also several wounds on his body.

And the whole person is extremely manic, obviously because of the special method of the Supreme Heavenly Sword.

He even felt that his vitality seemed to have been lost for decades.

Although he was covered in blood, Emperor Crazy Blade laughed.

"What about the Half-Step Valkyrie Peak? It's just that!"

In fact, in terms of the magnificence of the sword technique and the lofty artistic conception, he is more than seventeen.

But how can it be as powerful as people!

Snake Seventeen didn't fight against him at all!

[Chapter 4629: In the calculation](#)

It's just using the realm nakedly, oppressing with incomparable power!

But this also shows from the side the power of the martial skill of the Supreme Heavenly Sword!

Enough to allow the Great Sword Emperor to support ten moves, never lost!

Then, Emperor Crazy Blade flew directly towards the Valley of the Fallen Stars, no longer entangled with Snake Seventeen.

His goal has been achieved, there is no need to continue.

Snake Seventeen grinned slyly, and instinctively wanted to chase the Great Sword Emperor away.

But at this time, his heart moved and stopped.

"If I were Chen Feng, would I be so stupid?"

"How could it be possible that the direction where the Great Knife Great escaped was the direction where Chen Feng was hiding?"

"If I were Chen Feng, would I let the Great Sword Emperor do this?"

"Doesn't that lead the wolf into the room?"

Snake Seventeen has been calculated so many times by Chen Feng, and he has already learned well.

Immediately, my mind spun rapidly: "If I were Chen Feng, after I entered here, I would definitely run away frantically."

"Then, leave the Great Sword Emperor to stop me."

"And if Emperor Crazy Blade defeats me, it will be the best."

"If the Great Knife cannot be defeated, let him escape in a certain direction and lead me to chase the Great Knife!"

The more he thought about it, the more excited he became: "Yes, it must be so!"

He immediately looked around.

After a while, his brows raised.

It turned out that he found a breath in the direction leading to the north.

That breath, although faint to be difficult to sense, he clearly felt that this was Chen Feng's breath!

Immediately, Snake Seventeen was extremely proud, haha laughed wildly: "Chen Feng, Chen Feng, didn't you expect it?"

"I am constantly improving too! I am getting smarter now!"

"How can you hide this little trick from me?"

He was so proud that he thought he had seen Chen Feng's trajectory.

At the moment, he didn't care about the Great Sword Emperor who fled to Zhengxi, but chased him in the direction of Zhengbei.

Follow the breath of Chen Feng all the way forward.

As for the demons scattered around here, he naturally saw clearly.

However, these demons were not worth mentioning in his eyes.

Not even ants.

He didn't even bother to kill at all.

Seeing him chasing straight to the north, Chen Feng and Pei Muyu looked at each other, they all saw a little smile in each other's eyes!

Pei Muyu almost laughed out loud.

And when she looked at Chen Feng, her eyes showed the ultimate shock and admiration!

She knows what is going on!

In fact, this so-called northward aura is basically a trap set by Chen Feng.

Chen Feng returned to the Valley of Fallen Stars for the first time and discussed with the Great Sword Emperor.

After he was finished, he left, and the Great Sword Emperor, with a drop of Chen Feng's essence and blood, went all the way north.

Naturally, a lot of Chen Feng's breath was left behind.

For that is the moment!

In other words, as early as dozens of days ago, as early as before all this happened today!

Chen Feng had already anticipated everything that might happen in the near future!

And, specially left behind!

"Brother Chen Feng, that's amazing!"

At this time, only this sentence echoed in Pei Muyu's mind.

Chen Feng's purpose in doing this is to set a tactic.

Chen Feng wanted to make Snake Seventeen first think that the direction in which the Great Dao Emperor had fled was the direction in which Chen Feng fled.

Then let him think about it again. It was a clever feeling that it was definitely not the direction Chen Feng fled to.

Therefore, he will perceive Chen Feng's breath, and then move in the direction of Chen Feng's breath.

And because of the foreshadowing of Emperor Crazy Blade, this deliberately more obvious misleading made Snake Seventeen believe that his thoughts were correct!

This happened to fall into Chen Feng's trap.

Pei Muyu felt extremely sympathetic to Snake Seventeen: "Snake Seventeen, you shouldn't do it forever, you shouldn't provoke Chen Feng."

"I really want to be played to death."

And the reason why Chen Feng wanted to lead Snake Seventeen there, he had a deeper plan!

There, Chen Feng's fourth hole card!

Although, perhaps, he is not so willing to be Chen Feng's trump card!

Chen Feng and Pei Muyu also headed north.

It is to be able to see that above the wasteland, two big demons are moving towards the north, at an unhurried speed.

This scene, in the inner valley of the valley where the stars fell, was normal, no one would care.

Snake Seventeen is impossible to find!

Snake Seventeen pursued all the way north.

Chen Feng and Pei Muyu did not rush and followed behind.

The speed of Snake Seventeen is not extremely fast.

He had just broken into the half-step martial arts mirror, full of confidence, unscrupulous, and did not hide his breath at all.

The more you enter the depths of the Valley of Fallen Stars, the stronger the demons you encounter.

Many demons came after sensing his breath.

These demons were transformed by the devil qi leaked by the Great Demon of the Sun, and they were not the real Great Demon Clan.

Low intelligence, although the strength gap with Snake Seventeen is huge, but it is extremely brave.

Although there was no way to bring much damage to Snake Seventeen, it made him feel very troublesome.

Along the way, a lot of time was lost.

Two days later, Snake Seventeen followed Chen Feng's breath and came all the way to a certain place.

In front of him appeared an extremely tall and huge city wall like a mountain range, and a huge and gloomy tower appeared.

Of course, there is also the entrance to the city gate shining with endless magic and red light!

"Yanyang Devil Country, here it is!"

At this time, Chen Feng, who was far behind Snake Seventeen, showed endless emotion in his eyes, and even more thoughts and concerns.

At the entrance of the Yanyang Demon Kingdom, he watched Hua Lengshuang enter it.

But he was helpless.

He didn't have enough strength at that time, what about him now?

"Hua Lengshuang, you should be in it now, right?"

"Time flies, a few years have passed, how did you live in this Devil Kingdom of the Sun?"

The time flow rate of the inner valley in the valley of the falling stars is the same as the Xuanming Seven Seas Realm.

Six years above Xuanming's Seven Seas Realm, six years have passed here too!

Snake Seventeen was just before arriving at the Flame Sun Demon Kingdom. He looked at the black hole of the city gate and felt the devilish energy flowing from it, and felt the vaguely strong threat inside.

He couldn't help but be moved!

Yanyang Devil Country!

He slowly read these four words!

This Yanyang Devil Nation must be Chen Feng's reliance on it!

"It turns out that Chen Feng's true reliance is neither the warriors of the Xuanming Seven Seas Realm outside, nor the spirit plant puppets, nor even the previous Crazy Sabre Emperor!"

"Instead, in Yanyang Devil Country!"

"It's in the Yanyang Devil Kingdom, a certain horror exists!"

He hesitated in his heart, but the next moment, suddenly brows jumped!

[Chapter 4630: Enter the country of Yanyang Devil!](#)

Because he clearly felt it, from the black hole of the city gate, there was a very obvious breath belonging to Chen Feng.

He was sure: "Sure enough, Chen Feng escaped here!"

He took a deep breath, and the black ghost fire spread out, approaching the wall of the Yanyang Demon Kingdom!

However, as soon as he touched the city wall of the Yanyang Demon Kingdom, a series of magic circle runes lighted up on the city wall.

The magic circle rune, buzzing, slammed out, and bounced the black ghost fire abruptly!

As a result, he can only vaguely feel the aura in the Flame Sun Demon Kingdom, but he can't detect its true situation at all!

However, instead of letting Snake Seventeen know the difficulties and retreat, it aroused the vicious spirit in his heart!

He gave a weird smile: "The Devil of the Sun? Is it amazing?"

"Presumably, it is extremely dangerous inside, and there should be this extremely powerful terrorist presence!"

"But, so what!"

There was a domineering and arrogant look on his face: "I am a person on the top of the sky!"

"The big demon monster outside, how many have I met?"

"What are you guys?"

What he said is not a lie.

Among other things, the race he came from was inextricably linked to the demons.

Even with a little blood of the Demon Race.

It's all right to say that he himself is a member of the demons.

In the next moment, Snake Seventeen slammed directly towards the wall of the Yanyang Demon Kingdom!

Yes, he just killed it!

He didn't walk the city gate honestly, but the black fire ghost knife slashed down, and the black ghost fire covered the sky and the earth!

The black fire ghost knife, slashed towards the tower!

He didn't go through the city gate, instead of cutting out a passage for the Flame Sun Demon Kingdom!

With a loud bang, the Black Fire Ghost Knife fell on it!

The entire city wall trembled violently!

Then, it was another cut!

Another knife!

From a far distance, Chen Feng watched this scene, his eyes flickered.

"Presumably, this Cthulhu Valley's method of raising an evil **** has many drawbacks."

"I can obviously feel that Snake Seventeen has been greatly improved since it merged with the evil **** he raised."

"But I must have changed my mind and nature from before."

"Before he was cold, vicious and arrogant, but he was meticulous, and he was also a man capable of bending and stretching."

"Now, it's completely changed as a person, extremely arrogant."

I don't know how many knives slashed hard!

Finally, with a bang!

The tower of Yanyang Devil Kingdom was blown to pieces!

A huge gap also appeared on the city wall.

Snake Seventeen issued, laughed wildly, and went straight in.

And after waiting for a while, Chen Feng and Pei Muyu quickly came to the crack and stepped in.

After entering the Yanyang Demon Kingdom, there was nothing but ruins.

This Yanyang Demon Country is so huge that it can't see the end at a glance.

As far as the eye can see, it feels like a world.

However, the sky here is still gray and black.

There is no wind, no clouds, just a gray and black color, full of death and silence, and no life.

On the ground, there are also mountains, rivers, mounds, cities, and buildings of various colors.

It's just that the river has dried up, and many of the hills are broken from it.

It seemed to be directly cut off by the supreme tyrannical force when fighting by that mighty power.

Chen Feng and the two came to a ruined city.

It can be seen that this big city was quite prosperous before, with continuous palaces.

But now, it has been reduced to a ruin, with broken walls everywhere.

Moreover, in the Yanyang Demon Country, the number of demons is extremely high.

All kinds of demons are not uncommon.

Chen Feng and the others had moved forward for only half an hour, and they met at least a hundred great monsters along the way.

Between the mountains, the gullies, and the ruins of the city, there are big demons constantly appearing.

However, in their eyes, Chen Feng and Chen Feng were of the same kind, so there was no conflict.

This chase is another three days!

The Yanyang Devil Kingdom was a little beyond imagination.

Finally, when Chen Feng and the two climbed to a huge black mountain again.

The huge mountain is extremely high, passing through the gray clouds of the sky.

But Chen Feng and the two walked all the way through the height of the gray clouds, and suddenly, their front brightened!

Above the huge mountain is a huge plain.

And here, it is a completely different view from below!

The big demons below are everywhere, like endless Asura hell, extremely terrifying. ηoVeIUsb.Com

What appeared in front of them at this time was a completely different scene.

It is like a Taoyuan Valley magnified countless times, even more like a huge garden!

Yes, it is the garden.

There are green shades everywhere, and greenery everywhere.

There are flowers and weeds everywhere, blooming brightly.

The air is fresh, birds and flowers are scented, where is the so-called magic kingdom?

Even more so than the scene in the valley where the stars fell outside, there is no idea how many times there is life!

After coming here, it was like coming to a world of peanut trees flying wildly.

At the end of the grassland, there is a huge shimmering lake.

Near the lake, there is a white tower.

When this scene caught Chen Feng's eyes, it caused Chen Feng to tremble violently.

The whole person was frozen there involuntarily, like petrified.

It turned out that after seeing this scene, he found himself extremely familiar.

This scene seemed to have appeared in his mind during countless midnight dreams.

As if sealed in his deepest and ancient memory of being sealed!

He had never thought of this picture before.

But when this picture appeared in front of him at this time, he was suddenly awakened.

When Pei Muyu saw Chen Feng standing there, she couldn't help feeling a little scared, and whispered, "Big Brother, what's wrong with you?"

When her voice sounded, Chen Feng suddenly recovered.

He shivered fiercely and broke out in a cold sweat.

He was also puzzled and looked at the picturesque beauty in the distance: "Why do I feel that this picture is so familiar?"

"Why is this?"

A huge voice echoed in Chen Feng's heart!

"Why!"

He felt as if he was touching the edge of some secret.

Moreover, I can't wait to uncover this secret!

Chen Feng vaguely felt that after entering the Flame Sun Demon Kingdom this time, he was afraid that there would be a very special harvest!

Chen Feng whispered: "Don't worry, I'm fine."

The two continued to track Snake Seventeen forward.

Soon, he came to the shore of the big lake, beside the White Tower.

In front of him, there have been waves of killings, screams, roars and so on.

Chen Feng saw from a distance, far away, there was a great demon fighting the Seventeen Snake.
