[Chapter 4631: The Great Demon of the Sun! appear!](#)

He is not weak, but he is not an opponent of Snake Seventeen at all.

Being smashed by a snake with seventeen or three swords.

When Snake Seventeen was about to move forward, a terrifying aura suddenly spread out from a distance, and pressed toward this side fiercely!

This terrifying aura is so powerful that Snake Seventeen couldn't help but be moved!

He felt that when this breath was depressed, his breathing seemed to become extremely hot!

It seemed that every breath caused a sharp pain in the chest and lungs.

The blood in the whole body will burn instantly!

The whole person seems to be shrouded in extreme heat!

The temperature in the surrounding void also rose crazily in an instant!

Even this emptiness has become red!

The extreme high temperature makes the surrounding earth slowly ups and downs!

This is the earth is about to be melted by the high temperature!

"This breath!"

Snake Seventeen's heart jumped fiercely: "This, is this the breath of the Star Soul Martial God? I feel that this breath seems stronger than me!"

Chen Feng also had a heartbeat, and his heart was even more excited: "It's finally here!"

At this moment, a panic and regret surged in Snake Seventeen's heart.

"I came here after killing Chen Feng, is it right or wrong?"

"Who would have thought that there is such a terrifying existence hidden here!"

This also means that Snake Seventeen is extremely unstable now.

Suddenly mad, suddenly cowardly.

The breath became stronger and stronger, and a shocking red appeared from that day.

It was like a sudden eruption of a volcano, and the air instantly became ten times hotter than before!

A stream of fire power, like a fire dragon, spread in all directions.

The strength of this fire element was so strong that it showed traces directly in the air, and for a while, the entire line of sight was filled with red.

Countless fire dragons crossed the sky, and it seemed that there was a rain of fire falling!

Chen Feng was shocked: "How powerful is this to achieve such an effect!"

The next moment, a huge figure appeared from the horizon.

Chen Feng finally saw the true face of the Great Demon Yan Yang!

This is a huge existence in red, which is quite similar to the chaotic fire demon that Chen Feng changed before.

It is as high as 10,000 meters, like a huge red volcano.

On the surface of the body, red rays of light flowed, and magma flowed, turning into a thick armor.

His whole body is similar to human beings.

It's just that the two legs are extraordinarily sturdy, like two huge pillars.

At the toes, there are two huge hooves.

On top of his head, there were two huge spiral-shaped horns, and the horns were twisted.

And his face was shrouded in a piece of rolling red magma, not real.

"Is this the Great Demon of the Sun?"

"The master of the Valley of Fallen Stars, the master of the Yanyang Devil Kingdom?"

"It is also the reason why the entire Profound Ming Seven Seas Realm has become like this, the root cause!"

Chen Feng just trembled in his heart.

The body of Pei Muyu next to him trembled violently.

When she faced the Great Demon of the Sun, she was different from Chen Feng and others.

She is a native of Xuanming Seven Seas Realm.

And Xuanming Seven Seas Realm can have everything today, it can be said that it is given by the Great Demon of Yanyang.

For them, the Great Demon of Yanyang is nothing more than a creation god!

The deep roar of Yan Yang Great Demon sounded.

He slowly lowered his head and stared at Snake Seventeen: "Those who trespass into my Flame Sun Demon Kingdom, die!"

The next moment, he held the void in his hand.

In an instant, endless lava surged from his body.

The power of the flame dispersed in the air quickly gathered in his right hand.

Where he held it with his right hand, there was a big red sword with lava rolling on it, full of incredibly hot and terrifying aura.

Then, the Great Demon Yanyang took a step forward without any hesitation!

A sword slashed towards Snake Seventeen!

Slash with a sword, like the heavens and the earth are broken!

Snake Seventeen felt that his whole body was pulled by this Qi machine!

He was extremely shocked: "This is a star soul martial arts realm powerhouse!"

"You have reached the Star Soul Martial God Realm? How could it be possible?"

"Even if there are special powers in this small world of Xuanming Seven Seas Realm, even if there are special powers in the secret realm, they should not reach the Star Soul Martial God Realm!"

"How could there be a strong like you?"

At this moment, Snake Seventeen panicked!

In her cognition, Xuanming Seven Seas Realm should not have such a strong person.

Before, he felt that the Great Sword Emperor was already the strongest above the Xuanming Seven Seas realm.

So after defeating him, he was even more arrogant.

Along the way, rampage.

But I didn't expect that now here, I encountered a star soul martial arts realm powerhouse!

Snake Seventeen's heart jumped fiercely in an instant, and the trace of regret that surged just now strengthened a bit.

And the most important reason that made him regret it was not the strength displayed by this Great Demon of the Sun!

It's his posture!

His posture was extremely arrogant and arrogant, he didn't even have a chance to speak to himself, and he killed him violently.

It shows that he has extremely strong self-confidence!

Snake Seventeen knew that this time he really had a hard stubble!

But what kind of person is Snake Seventeen?

He was also fierce and surly, and after he recovered, his eyes became sullen.

"Dog stuff, kill me if you want? What do you think you are? Do you rule by heaven?"

The next moment, Snake Seventeen roared wildly, and the black ghost fire on his body was burning!

The black fire ghost knife in his hand greeted the lava giant sword fiercely!

In an instant, kill into a ball!

At this time, Chen Feng let out a suffocating breath, and he completely relaxed.

"It's done!"

"Fourth chess piece, the dust falls!"

"The fourth plan is complete!"

See you poorly!

The real purpose of Chen Feng's fourth move finally appeared!

That is, let Snake Seventeen and Yanyang Demon fight!

And his fourth hole card is Yan Yang Demon!

The Yanyang Demon didn't have any nonsense at all, and directly killed Xiang Snake Seventeen.

Do not ask any reason, nor ask any reason.

If you dare to break into my Flame Sun Devil Country, you are dead!

And Chen Feng has long understood his character.

He had already judged what kind of existence this Great Flame Demon was in the discussion with Emperor Crazy Blade and his last personal experience.

That's why Chen Feng was so sure.

When the Seventeen Snake chased him into the Valley of Fallen Stars, the Seventeen Snake was already doomed!

As for the aura belonging to Chen Feng that Snake Seventeen sensed, it was just that Chen Feng asked the Great Sword Emperor to throw a drop of his own blood into the city gate of the Yanyang Devil Kingdom.

He didn't get there at all.

The trap is laid step by step,

Even after Snake Seventeen entered the inner valley of the Valley of Falling Stars, the first words the Great Sword Emperor said to him were actually an extremely important trap.

[Chapter 4632: Step calculator](#)

Just to confuse him!

That sentence, seemingly plain, just ordinary, but it played an extremely important role.

Because this sentence is the beginning of everything that follows.

This sentence is: "I have been waiting for you for three days, why did you come?"

This directly gave Snake Seventeen a psychological hint.

It can even be said that it is psychologically explicit!

This means that Chen Feng has been here for three days!

And he came only three days after Chen Feng entered here.

In this case, Chen Feng knew that if the Great Sword Emperor said it casually, then Snake Seventeen would definitely believe it.

And this phenomenon is indeed normal.

Because in the process of traveling through time and space, it is normal for this to happen.

Obviously the front and back feet entered the space-time tunnel, but it took a few days to get in, or the landing place was tens of thousands of miles and hundreds of thousands of miles apart.

After all, the way of time and space is profound and untouchable.

Therefore, after Snake Seventeen heard this seemingly unintentional sentence, he would definitely believe it.

Then, a subconscious mind can be formed in his mind: Chen Feng has already used these three days to run away.

That's why he didn't doubt all the next things!

This is a prerequisite and a crucial point of Chen Feng's layout.

With a loud bang, the Black Fire Ghost Sword trembled violently.

The black ghost fire was smashed in an instant, and fell in all directions, like countless streams of fire.

And the body of Snake Seventeen was shocked and flew thousands of meters away, slamming heavily into the lake.

The lake water splashed a huge column of water.

The Yanyang Great Demon took a step back and was not injured at all.

Obviously, the Great Demon of the Yanyang steadily prevailed, overwhelming the Seventeen Snake head of the Martial God Realm!

Obviously, he was already a real-world powerhouse of the Star Soul and Martial God level.

The reason for saying this is because of his special race, he is a demon, not a human warrior.

Therefore, it is possible that the Star Soul has not been condensed.

However, his strength is the real strength of this level!

When Chen Feng saw it, he couldn't help being frightened, and said in his heart: "Fortunately, the last time I came here, the Great Sword Emperor rescued him."

"Furthermore, this Great Flame Sun should not be able to leave here, so he didn't chase it out."

"Emperor Crazy Blade can protect me. If not, I'm afraid..."

Chen Feng also finally knew why with the strength of the Great Sword Emperor, he was suppressed by this Great Demon of the Sun for thousands of years.

There is no way to leave this valley of falling stars!

Snake Seventeen fell into the lake, but did not emerge for a while.

Obviously, he couldn't die with this move, he was just planning a counterattack.

The Great Demon Yanyang peeped out his calculations at a glance, sneered, and the giant sword in his hand smashed fiercely.

The infinite flame evaporates the lake water directly.

At this time, Snake Seventeen could no longer hide.

The lava sword fell fiercely, and Snake Seventeen was forced to take another sword, and this time it directly smashed him into the mud at the bottom of the lake.

With a bang, the black mud splashed and the stench was unpleasant.

It was directly smashed out of a big hole with a radius of several kilometers!

Snake Seventeen fell to the ground and struggled several times before standing up.

He vomits blood again and again, even more embarrassed!

Then, Yanyang Great Demon attacked three swords in a row!

Every sword smashed Snake Seventeen into an embarrassing situation, and every sword made Snake Seventeen tremble all over, and his injuries were a bit more serious.

He vomited blood repeatedly, and there were already countless cracks on his obsidian arms, which seemed to be broken at any time.

The internal organs have also been hit hard!

Obviously, Snake Seventeen was completely downwind.

But the Great Demon Yan Yang wanted to kill him so directly, it was not so easy.

After five swords, Snake Seventeen was already seriously injured, and his whole body looked like crazy, and made repeated howls.

For him, the embarrassment of the injury was not so unbearable.

What made him unbearable was a huge humiliation!

He was like a mouse, smashed into the mud at the bottom of the valley by the Great Demon of Yan Yang.

How can he be able to withstand the extremely arrogant?

A hint of madness appeared in Snake Seventeen's eyes, and the light in his eyes flickered: "You are forcing me, are you? You are forcing me so, are you?"

"Well, even if I die, I will bite a piece of meat on you!"

The next moment, when the Great Yanyang Demon was cut down with a single sword.

Snake Seventeen directly greeted him.

Directly at his lava sword greeted him fiercely, black ghost fire spattered everywhere, full of mountains and plains.

But, just when the two are about to collide together.

Suddenly Snake Seventeen's figure flashed, and it disappeared.

In the distance, a spattering black ghost fire suddenly emerged from him.

And this black ghost fire is the closest one among all the ghost fires to the Great Demon of Yan Yang, but hundreds of meters away!

And, facing his eyes!

Right in front of his head!

It turned out that at this moment, Snake Seventeen didn't fight hard, but displayed his own powers and got out from a spattering black ghost fire.

His martial arts are quite similar to Chen Feng's shadowy walks!

When Yan Yang saw this, he didn't care. It seemed that this kind of trick was nothing to him.

Husky sneered: "It's just a trick!"

At the position of his eyes, two bright red lights suddenly lit up.

As the red light lit up, two extremely hot crimson beams shot out from his eyes with a thud.

He attacked Snake Seventeen fiercely!

The offensive is strong, not inferior to his lava sword.

Even more!

Seeing this, he was able to repel Snake Seventeen again, and it was very likely to be seriously injured!

But at this moment, Snake Seventeen is looking directly into the eyes of the Great Demon of the Sun!

And what he wanted was just a chance to look directly into his eyes at this moment!

The next moment, a strange aura suddenly emerged from the body of Snake Seventeen, which was a wave of mental power.

At this moment, Chen Feng suddenly became a little familiar.

"I have felt this kind of breath!"

Then, Chen Feng remembered where he had felt.

At that time, when the Dementor Immortal's magical powers of the sea of blood and **** made everyone feel as if they were in the **** of Shura, it was such a breath!

"Could it be that Snake Seventeen has cultivated..."

Sure enough, Chen Feng's guess was correct.

On the body of Snake Seventeen, red light poured out, and it instantly entered the eyes of the Great Demon Yan Yang!

In an instant, the entire body of the Great Demon Yan Yang was frozen, motionless!

At this time, countless illusions appeared in his mind.

He was struggling desperately in that fantasy world!

Blood sea **** magical power!

It really is the magical power of blood and hell!

Snake Seventeen, actually learned the magical powers of the sea of blood and **** from the Immortal Dementor!

[Chapter 4633: The ultimate move of the Yanyang Demon!](#)

Although Chen Feng could tell, his cultivation realm was far not as high as the Immortal Dementor.

In the **** **** of the dementor, his eyes flashed red, and everyone around him could quietly fall into that spiritual illusion.

It can be described as moisturizing things silently, and at the same time extremely powerful.

Even to a certain extent, it can achieve a breakthrough in the rules and avoid the prying eyes of the ruler of heaven.

Snake Seventeen is not much worse than him.

But, after all, this is the magical power of the sea of blood and hell. Although Snake Seventeen only cultivated a fur, it was only used by the Great Demon of the Sun!

And when he was caught off guard, the Great Demon of the Sun didn't have any precautions at all, he still succeeded all at once!

In an instant, the Great Demon Yan Yang stiffened.

He even kept the posture that he had just cut with the sword.

But that long sword could not fall anyway.

The red cloud in front of his face disappeared, revealing his true expression.

He wore a huge bronze mask on his face, which was a bronze ghost face, which looked unspeakably hideous.

But among the ferocious, it was even more solemn and grand.

This mask almost covered his entire face.

However, his neck, which was like lava, was sloppy, with dozens of huge scars.

It seems that a ravine has been drawn.

Snake Seventeen didn't care about so many, he rushed to the neck of the Great Demon Yan Yang instantly, screaming frantically:

"Aren't you trying to kill me? Are you trying to kill me?"

"See how you kill! I am killing you now!"

While snarling frantically, he severely chopped down the black fire ghost knife in his hand!

A knife fell, and directly on Snake Seventeen's neck, which was as huge as a hill, cut a wound that was hundreds of meters long and tens of meters wide, like a huge gully!

In the wound, black and red demon blood splashed out frantically.

The blood is still in the air, it has turned into lava and spilled!

There is a strong power in the blood!

Snake Seventeen knew that this blood sea and **** magical power would not have a long time to affect the Great Demon of the Sun.

Therefore, I cherish this time extremely.

Roaring wildly, the black fire ghost knife in his hand slashed crazily with a very fast frequency.

However, in a short span of time, he cut dozens of knives!

At this time, even if the body of the Great Yanyang Demon was extremely large, it was more than half of its neck cut by these dozens of knives!

Even the head was shaking eagerly, and the blood was flowing all over the body!

Snake Seventeen laughed triumphantly.

However, at this moment, the Great Demon of Yan Yang suddenly awoke.

Shocked all over, Snake Seventeen was directly shocked and flew out.

The Great Demon Yanyang felt the injury on his body that had reached the level of serious injury, and let out an angry roar: "You are looking for death!"

He didn't put Snake Seventeen in his eyes at all, but he didn't expect that Snake Seventeen would directly clean it up!

This made him rage to the extreme!

The Great Yanyang Demon was completely enraged, and he didn't want to waste any more time.

He waved his hand, but slowly spit out a word: "Dead!"

The next moment, both arms raised, and slowly tore apart, like tearing stars.

And as his hands slowly opened, in the palm of his hand, one after another huge meteorites actually appeared.

In an instant, there were nine giant meteorites looming around it.

Every meteorite is as big as a thousand miles in diameter.

The lava flowing on the surface contains extremely powerful and violent power.

It seems to be able to destroy a world!

These nine red meteorites undulate around his body like stars holding the moon.

Every meteorite contains incomparable violent power.

The next moment, with the heart of the Great Demon Yanyang moved.

A huge meteorite slammed towards Snake Seventeen.

The Snake Seventeen Black Fire Ghost Blade slashed down crazily, but the power of this meteorite was much stronger than the lava sword just now.

The two collided together, and the snake screamed, spouting a mouthful of blood, screaming again and again.

The beaten were extremely embarrassed.

After this huge meteorite offensive, the second meteorite crashed down again.

Then came the third and fourth!

Nine meteorites kept hitting Snake Seventeen crazily, endlessly!

The attack rate is much faster than before!

Every impact was something that Snake Seventeen could not bear at all, far beyond the scope of his current ability!

Snake Seventeen estimated that the power of this impact had at least reached the level of the second heaven of the Star Soul Martial God Realm!

Every impact made Snake Seventeen miserable.

After these nine meteorites hit nine times in a row, Snake Seventeen had no power to fight back!

On the ground, a huge hole was smashed out.

The originally soft silt has been smashed extremely hard.

And in the most central position of the big pit is Snake Seventeen!

He had completely given up resisting, holding his head in his hands and shrank there.

The black ghost fire around the body condenses and recovers quickly, and when it is received outside the body, it reduces its protection range as much as possible to increase its protection.

Snake Seventeen is also very smart in doing this.

Anyway, I put on a posture of a tortoise with its head shrunk and beaten, and the rest is resigned!

Don't say it yet. , When he came this way, he really made his defense a lot stronger.

When those huge meteorites bombarded for the eighteenth time, Snake Seventeen suddenly keenly felt something wrong!

He suddenly felt that the continuous offensive of the Great Demon facing the Sun had stopped for a moment!

It's as if people have been holding back in the water for too long and have to change their breath.

It seems that his power was interrupted for a moment.

Although then returned to normal, Snake Seventeen was out of breath, but Snake Seventeen keenly felt this change!

In an instant, Snake Seventeen was happy: "Could it be that?"

He remained silent and continued to stand in a stalemate with the Great Demon of Yan Yang.

I don't know how long it took, the meteorite of the Great Demon Yanyang fell again!

This is the 21st attack of a meteorite!

Suddenly, Snake Seventeen felt that the power of the Great Demon of the Sun had ceased for another moment.

His body shook in an instant.

The red light of the lava surrounding the surface of the body dimmed a lot in an instant.

Although it returned to normal again, the dimness just now was seen by everyone.

Chen Feng thoughtfully: "Could it be that?"

Snake Seventeen's eyes widened instantly, and the ecstasy in his heart grew deeper and deeper.

When the twenty-sixth attack falls!

With another violent shaking, the red light dissipated in an instant!

At this moment, Snake Seventeen finally confirmed his guess!

He was extremely excited and laughed loudly: "Great Demon Yanyang, you old thing, I was almost fooled by you!"

"It turns out that it is very difficult for you to maintain such strength!"

"It won't last long at all!"

[Chapter 4634: Who is Chen Feng?](#)

"Hahaha, I thought how good you are, it turns out that you are just a dead bone in a mound!"

With his words, the irritating Yan Yang Demon was furious!

He seemed to be very taboo from mentioning this matter, his eyes suddenly cold, and he said word by word: "Kill you, enough!"

As soon as the voice fell, he seemed to have made some determination!

Put your hands together inward!

Then, the nine huge meteorites began to fuse together.

After a while, it becomes one!

This meteorite, on the contrary, shrank drastically, only a dozen meters in size.

But the horrible and violent aura displayed on it seems to be able to destroy everything!

Has a destructive power!

The flame above was red to almost black!

As if forming a black hole, everything around can be sucked in!

The next moment, this meteorite slammed down at Snake Seventeen.

Snake Seventeen's eyes showed extreme horror, hissing loudly, desperately resisting!

But there is no use at all!

This terrifying meteorite destroyed all the defenses of Snake Seventeen!

Then, it hit the snake seventeen hard.

The countless black ghost fires also directly dissipated.

Snake Seventeen was desperate, screaming frantically, waving the black fire ghost knife in his hand, and slashed towards the meteorite!

This is also his last struggle.

With a crisp sound, the black fire ghost knife was directly smashed into two pieces!

The black fire ghost knife is directly broken!

At the break, there were countless black ghost fires, rushing out.

Those black ghost fires directly transformed into a huge black ghost in the air.

The black ghost, the shadows, screamed in the air.

Looking at the black fire ghost knife, it was filled with dismay, and seemed unwilling to leave.

However, the next moment, there was still a boom, and he was torn to pieces.

Chen Feng knows what this is!

This is the spirit of this black fire ghost knife!

As the black fire ghost knife was directly broken, the spirit of the black fire ghost knife was also severely injured and even shattered directly at this time.

Whether it is the black fire ghost knife or the sword spirit in the black fire ghost knife, compared with the Qingyan Divine Sword and the Qingyan Sword Spirit, they are far behind.

But this does not mean that they are weak.

On the contrary, being able to compare with the Qingyan Divine Sword, the weapons used by the ancient powers, and having the qualification for this comparison, can prove its power by itself!

The moment the Black Fire Ghost Sword broke, Chen Feng suddenly felt that a strong aura suddenly passed from his waist.

It is full of greed, excitement, and desire to devour!

Chen Feng's heart suddenly moved.

Because of that breath, he was very familiar.

It is the breath of artifact fragments!

"The fragments of the artifact want to swallow the black fire ghost knife, and the idea of swallowing it is extremely strong!"

At this time, the aura from the artifact fragments was extremely strong and exuberant.

It's like the excitement of a glutton who has been hungry for three or five years, facing a table of delicious food.

I can't wait to even eat the plates and tables!

Snake Seventeen felt a sharp pain!

This black fire ghost knife. Following him for many years is a treasure of his repeated sacrifices for decades.

It can be said that he is in sympathy with him.

But he soon didn't care about the black fire ghost knife, because the meteorite had already hit him severely.

Suddenly, all the treasures on the body of the snake seventeen were smashed!

Then, the flesh and bones shattered, and the stars burst!

With a loud bang, the huge meteorite turned into countless fires and disappeared, burning the surrounding area into ruins.

And in that big hole, the body of Snake Seventeen was also revealed.

Snake Seventeen deserves to be a person on the top of the sky, and he hasn't died until this time.

But he also had only one breath left.

The whole body was almost completely smashed, covered in blood, breathing was weak, pupils dilated, and lingering there panting.

This powerful and powerful maniac finally came to his end!

This offensive caused a deadly offensive to Snake Seventeen.

Let him be seriously injured and dying, no longer able to fight back.

However, it also made Yanyang Great Demon pay a huge price.

His body shook violently, and suddenly the red light on the surface of his body trembled crazily.

In the next moment, all the red light is broken!

And his body also shrank crazily.

In a blink of an eye, it has shrunk from a height of tens of thousands of meters to a height of no more than 100 meters.

This is not the point.

The important point is that his aura has dropped a lot from just now!

He was an out-and-out Star Soul Martial God Realm powerhouse!

And now the breath has fallen all the way to the half-step Martial God realm!

Even half a step in the Martial God Realm could not be maintained.

Snake Seventeen forcibly supported, panting heavily, gritted his teeth and said: "I guess it is correct, you really are forcibly increasing your strength to reach the Star Soul Martial God Realm!"

Now it seems that the time that Yanyang Great Demon can maintain in the Star Soul Martial God Realm is limited.

His usual strength is just a half-step Martial God Realm.

"But I can still kill you."

The voice of the Great Demon Yan Yang calmed down instead.

"In addition..."

He looked at Snake Seventeen and slowly said: "I want to correct a mistake, not to ascend to the Star Soul Martial God Realm, but to recover!"

"Understand?"

"It's recovery!"

He repeated these two words emphatically.

He slowly stood up straight, although his body was much smaller than before, his momentum was not weak at all.

There is also a posture of watching the world.

This kind of breath and posture are far from what he should have in this strength!

"How brilliant was I?"

"I don't know how many times the strength is better than the Star Soul Martial God Realm. What's the difference between the Star Soul Martial God?"

"If it weren't for me now to fall into the peace and restore a mere Star Soul Martial God Mirror, what's the fuss?"

Snake Seventeen saw his posture, and there was an unspeakable regret in his heart.

"Why should I bother to provoke such a monster of unknown origin? Its origin must be extremely good!"

Suddenly he remembered something, he forced himself up and said miserably: "I admit it! This time I lost terribly!"

"But, death, you have to make me understand!"

He gritted his teeth and said, "Chen Feng, where is it?"

"Where did you hide him? Why did you help him?"

"Chen Feng?"

After the Great Yanyang Demon shrank, the mist on his face also disappeared.

The blood-red eyes under his bronze mask were exposed.

A look of doubt appeared in his eyes: "Who is this person? I have never seen it before!"

"What? Have you never seen it?"

Snake Seventeen's complexion changed instantly!

At this time, in this situation, the Great Demon of Yanyang had no reason to lie!

In such a downfall, it is impossible for him to lie to himself!

[Chapter 4635: It's you!](#)

Snake Seventeen was struck by lightning!

In an instant, he was desperate and staying there.

Just murmured: "Impossible, impossible!"

"You can't have seen it! He just escaped here! I just chased him all the way and escaped here!"

He had a vague guess in his heart, but he couldn't believe it.

Because if this guess is true, then he feels that he is finished!

His IQ was completely crushed, and Chen Feng was completely playing around with his applause, and he was playing around at will!

Then his spirit almost broke down!

He didn't want to think deeply!

The Great Yanyang Demon said in a deep voice: "In fact, before you came, in the past few years, no one in my Yanyang Devil Kingdom had come in."

"When an ant comes in, it won't escape my sight!"

"what!"

When Snake Seventeen heard this, the guess in his heart came true instantly!

He knew immediately that his guess was absolutely true!

Snake Seventeen stayed there, and after a while, he laughed miserably!

The sorrowful laugh was getting bigger and bigger, but there was an unstoppable cry in the laugh!

With a nervous breakdown, he shouted loudly: "Chen Feng, I was fooled by you! I was fooled by you again?"

"I knew today, why bother?"

At this moment, a faint chuckle came.

At the same time, a breath rose sharply.

Suddenly, both Snake Seventeen and Yanyang Great Demon were shocked, and they straightened their bodies abruptly, "Who!"

Snake Seventeen's face changed in an instant, and he said in shock: "Chen Feng? Is it you? Chen Feng?"

"Why are you here?"

Snake Seventeen and Yanyang Great Demon were extremely shocked!

However, Snake Seventeen was shocked that he followed Chen Feng's breath all the way into this place.

However, he only felt a rather weak, Ruowu Chen Feng breath.

And this is also the most important reason why he believes that Chen Feng entered this place a few days ago.

But now, there is another Chen Feng aura rising up.

Moreover, it turned out to be behind me!

The horror of the Great Demon Yan Yang was that after he came here, he didn't feel any breath of strangeness except the breath of Snake Seventeen.

But now, it is clearly felt.

"How did they hide? How did they escape my prying eyes?" **Novelusb.com**

The next moment, they saw that not far from the side, there were two demons standing up slowly.

These two demons are the giant armor stone demons with the longest swords in the Valley of Fallen Stars.

Even in this Flame Sun Demon Kingdom, there are many giant stone demon existence.

But the next moment, the two giant-armored stone demons suddenly spread out!

A burst of black air wafted away, and then two figures inside revealed!

It is Chen Feng and Pei Muyu!

Chen Feng looked at Snake Seventeen, and suddenly smiled: "Snake Seventeen, when you are full of confidence and chasing you, be sure to cut me by the sword, have you ever thought about today?"

After Snake Seventeen saw Chen Feng, his face was startled.

Then, it suddenly dawned, as if thinking of something suddenly:

"Chen Feng, it turns out that you have been following me, right?"

In his impression, faintly, it seemed that some evil spirits were always following him.

Among them, it seems that there are two giant stone monsters.

It's just that he didn't care about it all the way.

When I thought about it, I realized that the two giant stone monsters turned out to be Chen Feng and Pei Muyu!

Chen Feng smiled and said, "Yes, did you remember?"

Snake Seventeen was frightened and roared again: "The aura and whereabouts you left along the way, including the aura that has been deep into the Flame Sun Demon Kingdom, are also fake!"

"right?"

As soon as the voice fell, he patted his head fiercely:

"I'm so **** stupid! How can that breath be fake!"

"This breath is the breath of the Great Sword Emperor who took you all the way into here! Right?"

"He took your breath first, left it on purpose, and then went back there!"

"Fight with me, pretending to flee in another direction, it seems to be tempting me to chase that direction!"

"Actually, just to let me discover your breath, and then chase all the way here!"

"In this trap! Right?"

Pei Muyu chuckled, "Snake Seventeen, it seems that you are not as stupid as you thought!"

"Why are you playing around by my elder brother?"

Chen Feng's plans, if you want to say, the one who knows the most is her.

She looked at Chen Feng step by step, clearly much weaker than Snake Seventeen, but played Snake Seventeen wantonly between her palms.

I am very proud of Chen Feng.

Snake Seventeen trembled heavily, and an indescribable shame flashed across his face!

After vomiting a few mouthfuls of blood, the whole person almost died out.

The already extremely weak breath is weaker again,

He yelled frantically, vomiting blood, and it took a long time to calm down a little.

Snake Seventeen grinned again and again: "Chen Feng, it turns out that I chased you into this place, everything was in your expectation, right?"

"So, you deliberately chose this Xuanming Seven Seas Realm, which has a lot to do with you, right?"

Chen Feng smiled slightly: "Yes, who told you Cthulhu Valley to be so arrogant and express your intentions so obvious."

"I can naturally guess that you are going to chase me into the world of death trials, then I naturally want to choose a world that is beneficial to me."

Chen Feng flicked his fingers and calmly said, "It just so happens that I got a treasure before."

"You can let me choose to test the world. Sure enough, I did not live up to my expectations and let me come here."

Snake Seventeen breathed heavily and said intermittently:

"Your first step is to unite the warriors of the Xuanming Seven Seas Realm, making me think that they are your support, right?"

Chen Feng smiled: "Go on!"

Snake Seventeen gasped and continued: "The second step is to let the Lingzhi puppet be your hole card."

"Actually, they are not your hole cards either."

Chen Feng laughed: "Go on."

"And your third step is the Great Sword Emperor!"

"And the fourth step!"

"Yes, the fourth step!"

Snake Seventeen's voice suddenly became high-pitched, and he slapped his hands heavily on the ground: "This is it!"

"It's in the country of Yanyang Devil! It's this Great Demon of Yanyang! Right?"

"Yes!"

Chen Feng laughed loudly, and his heart was extremely happy!

At this point, Chen Feng's plan was finally fully revealed!

"I work step by step, step by step, and the ultimate goal is to bring you here!"

"Not just for him to kill you!"

He pointed to the Great Yan Yang who was silent next to him, and pointed to Snake Seventeen: "It's even more so that you can kill him!"

[Chapter 4636: Young Master, I finally found you!](#)

"Just to make you both lose and lose!"

Snake Seventeen smiled sorrowfully: "You know everything!"

"Chen Feng, you are terrible! You are terrible!"

At this time, endless regret was in his heart!

"Why should I provoke Chen Feng? Why should I be an enemy of him?"

"Although he is far inferior to me in strength, he has played me to death!"

Snake Seventeen suddenly felt dizzy in front of him, angrily attacked his heart, and he vomited several mouthfuls of blood.

Almost swallowed directly.

Chen Feng laughed, "Snake Seventeen, you can't die now."

"It's still useful for me to keep you!"

"I can't die if I want to die!"

Snake Seventeen stared at Chen Feng and roared in despair!

Chen Feng smiled slightly: "Sorry, without my permission, it would be hard for you to die!"

Snake Seventeen laughed again and again.

He was really calculated to the extreme by Chen Feng today!

It can be said to be smashing the bones, and even the last use value was squeezed out by Chen Feng!

Chen Feng is equivalent to using him to kill countless spirit plant puppets and obtain those spirit plant essences.

Using him again, he destroyed everything in Ling Qihai, forcing Ling Qihai to cooperate with Chen Feng for a long time.

It even forced out his hole cards, even his ultimate hole cards!

Forcing him to become a half-step martial god, and then used him to enter the valley of the valley of fallen stars, and fight with the great demon of the sun, causing the great devil of the sun to suffer severe damage!

As a result, all benefits were taken away by Chen Feng.

Chen Feng is here, using everyone!

He used him, the Seven Seas of Spirits, and all the puppets in the Seven Seas Realm of Xuanming. Even the Great Demon of the Sun was counted by him!

All existence, no matter how strong, has become Chen Feng's pawn!

Chen Feng recklessly placed the pieces, put all the power of the pieces off, and then reaped the rewards!

Snake Seventeen looked at Chen Feng at this time, and suddenly felt a sense of extreme fear in his heart!

"Is this person still a human?"

"How deep is his calculation? How deep is the city?"

However, neither Chen Feng nor Snake Seventeen had noticed the emotional change of the Great Demon of the Sun at this time.

It turned out that Chen Feng appeared, the moment the Great Demon of the Sun saw Chen Feng.

His face was full of anger at first, then the anger on his face disappeared, turning into a trace of stunned.

In the next instant, that glimmer of astonishment turned into an incomparable shock!

The whole person shuddered, with a face full of disbelief!

As if he saw something absolutely impossible to exist here!

His trembling and disbelief continued for a while!

Then, it turned into ecstasy in an instant!

The ultimate, unparalleled, intense to the ultimate ecstasy!

He looked at Chen Feng, and he seemed to jump up with joy, his excitement was extreme!

He felt his own magic heart beating wildly, and the lava-like plasma in his body was flowing wildly!

Even his eyes were countless times redder than usual, and his whole body was shaking with excitement!

He looked at Chen Feng, as if looking at some huge treasure!

The whole person was completely overwhelmed by ecstasy!

Suddenly, if Chen Feng felt something, he suddenly raised his head and looked at the Great Demon of Yanyang.

At this moment, the Great Demon Yanyang could no longer conceal the joy in his heart!

He stood there, laughing wildly!

"The sky does not kill me, the sky does not kill me!"

"Hahaha, God, you are not thin to me!"

"Holy Sovereign Lord, bless me, it actually gave me this line of life!"

He laughed wildly, and at the same time let out a roar of excitement!

"I unexpectedly found the Young Master here, I unexpectedly found the Young Master here!"

When Chen Feng heard this, he was taken aback.

He also discovered the strange emotion of the Great Demon Yan Yang just now.

And now, upon hearing these words, he was stunned: "What does this mean? Who is this young master? Is it me?"

But the next moment, Chen Feng's heart suddenly set off a stormy sea!

He knew that his life experience was absolutely extraordinary.

The clues Yan Qingyu left behind also indicate that his so-called life experience before, is very likely to have another inside story.

But Chen Feng could not find Yan Qingyu, nor could he open the clues that Yan Qingyu left behind.

He couldn't find any clues about his life experience!

But at this moment, it seems that the Great Flame Demon in front of him knows some ancient secrets!

He seemed to recognize himself!

"What is my life experience?"

"Where did I come from?"

"Yan Qingyu, what kind of identity is my uncle and my master?"

"How did he and I get to this point?"

Chen Feng had already had infinite questions in his mind.

Now, when he heard that sentence, his heart was overwhelmingly excited, and he was not inferior to the Great Demon of the Sun!

Snake Seventeen and Pei Muyu were also stunned, their eyes fell on Chen Feng!

Here, it seems that only Chen Feng can be called the Young Master!

The next moment, the Great Demon Yanyang stared at Chen Feng and gave out a grin: "Young Master, you can make the old slave look so hard!"

And at the moment when he said the words "Young Master"!

There was a sudden shock in Chen Feng's mind.

The spiritual world shook violently, as if the strongest seal was beginning to quietly collapse.

In the next moment, countless images flashed through Chen Feng's mind.

In his mind, a huge garden appeared as if it could accommodate dozens of worlds!

Unlimited stretches!

The river inside is tens of millions of miles long.

There are countless lakes, oceans, and mountains inside.

There are countless suspended fairy mountains, huge rivers flowing like a sky, and countless sandbar islands inside.

And on a random island, there are tens of thousands of powerful monsters.

The strength of many monsters is not even inferior to that of Snake Seventeen!

Above the sky, there are rainbows across from time to time.

If you look closely, you will discover, where is this rainbow?

This is clearly a god-like existence in golden armor, as high as a mountain.

Driving the huge beast in front of him, dragging the incomparably gorgeous chariots, passing through the air!

All of this is like the fairy heaven in the legend.

Before these scenes were very similar, Chen Feng listened to the human emperor Ziwei Xingyuan depicted by Xuanjin Nine-Headed Jiao!

However, he could clearly feel that even if it was the Royal Purple Star Garden, it seemed to be inferior to the garden in his memory!

At this time, Chen Feng finally knew why he felt that familiar feeling when he first entered here!

Because in that huge garden, there is this place, there is also a huge lake, there is a white tower.

"That white tower, among that white tower, there seems to be a particularly interesting person. I always go there to play."

[Chapter 4637: mysterious! Chen Feng's life experience!](#)

Chen Feng whispered to himself: "It seems that this is my favorite place to play when I was a child."

The Yanyang Demon has been staring at Chen Feng's reaction!

When he saw Chen Feng in a trance, he stared at Chen Feng's eyes firmly!

Then, he saw that in Chen Feng's eyes, there seemed to be countless pictures flashing by!

Like the stars in the sky, the Milky Way is bright!

In that picture, he also saw a scene he was familiar with!

And these pictures are his memories, and even the places he dreams of going back!

At this point, the Great Demon of the Sun had no doubts, haha laughed wildly: "Memory is awakened, Young Master! You really are Young Master!"

This sentence directly awakened Chen Feng from that memory!

In fact, up to now, the memories of Chen Feng's awakening have come to an end.

The memories he can recall are very few.

The memory that came to his mind was only this picture scroll, and only a few fragments.

"Such a picture, such a scene, what does it mean to exist in my spiritual world?"

"This piece of land is so huge that it surpasses the gardens of Renhuang Ziweixingyuan, what is it?"

"Young Master, Young Master, I never thought that I was so lucky that I ran into you here!"

"I ran into you here!"

The more he said, the higher his voice became!

In the end, it has become a huge roar resounding between heaven and earth!

The roar was full of ecstasy.

His sharp and hoarse laughter reverberated in this world!

"Before, when I waited to besiege Yan Qingyu, I was the weakest!"

"Destroyed by the Yan Qingyu Divine Sword, almost all forms and spirits are destroyed, only a drop of essence and blood scattered out, to this Xuanming Seven Seas Realm!"

"And this drop of my blood, before my own soul was awakened, turned into tens of thousands, and spilt it all over the Xuanming Seven Seas Realm."

"In the end, there are very few things I can take back!"

"With my current strength, it is impossible to return to the master's house!"

"Even if I go back, because I was waiting to kill Yan Qingyu and you are unfavorable before, the young master will destroy my mind and die in pain!"

"but now!"

He stared at Chen Feng as if looking at a treasure that couldn't be more big, haha laughing wildly:

"Now, as long as I can bring you back, the young master will be very happy!"

"At that time, not only will I not be punished, but on the contrary!"

He raised his arms and laughed loudly: "It will recreate the golden body for me, and even help me break through the limitation of the increasingly weak bloodline, directly reach the realm of the original ancestor, and cast the six great flame demon golden bodies!"

"Young Master will definitely reward me fiercely!"

He felt so excited that he almost exploded!

The voice falls!

In Chen Feng's eyes, blood was suddenly red, and hatred rose to the sky!

He felt that when the Yanyang Great Demon said these words, when part of his memory was awakened!

I am full of immense hatred for the Great Demon Yanyang, the young master in the mouth of the Great Yanyang Demon, and everything behind them!

Chen Feng didn't know why he hated so much, but he only knew that he hated it to the extreme!

This hatred filled his chest, filled everything about him, and almost caused him to explode!

This is from the deepest part of the spirit, the hatred engraved in the blood!

However, Chen Feng is Chen Feng after all, and still has a trace of calmness.

He bit his tongue fiercely, and a severe pain came. Chen Feng took this opportunity to forcefully suppress the hatred in his heart.

After a long time, the waves in my heart calmed down slightly.

Suddenly, Great Demon Yanyang seemed to have thought of something, his face suddenly changed.

Surprised, he looked around and shouted in a panic: "Yan Qingyu! Did Yan Qingyu come with you?"

Although he has a hideous face now, Chen Feng clearly sees a look of fear in his eyes.

Obviously, when he thinks of Yan Qingyu, there is no more fear in his heart!

"Yan Qingyu? He actually knows Master?"

When Chen Feng heard these three words spit out the mouth of the Great Demon Yan Yang, he couldn't help but shocked.

I immediately understood something!

"Sure enough, Master, it is indeed as I guessed. The origin is by no means simple."

Chen Feng knew that his master was already an extremely mysterious and promising person!

"Furthermore, when you mention Master Yan Qingyu, even the powerful Yan Yang Demon is terrified!"

"So, how strong is Master's strength?"

But then, the Great Demon Yanyang relaxed.

He smiled happily: "Yan Qingyu's aura is so huge that he can't hide it no matter how he hides it! He definitely didn't come here."

He muttered again: "He must not be here!"

Then, just relaxed.

"Let me just say, he was chased by dozens of masters and besieged."

"Although his strength is superb, he still takes you as a drag after all."

He smiled lowly:

"In order to protect you, I have to be restrained and concentrated hundreds of times by an extremely powerful offensive."

"Being surrounded by dozens of super masters, after fighting for ten days and ten nights, he was seriously injured."

"Even though I escaped, I had to pay a great price. I can only say that I managed to escape."

A trace of fierceness appeared on the face of Great Yanyang Demon, completely relieved:

"It is estimated that even if so many years have passed, his injury will not recover much, right?"

Chen Feng was even more shocked when he heard this!

In these words of the Great Demon Yanyang, a lot of information was revealed!

"At that time, Master Yan Qingyu took me all the way to escape?"

"Why run away?"

"Why were you hunted down again?"

"Who am I? Who is the master? Who is the young master? Who is chasing me?"

"Is this Great Flame Sun one of the chasers?"

"Dozens of them can't help the master! The Yanyang Demon, who is close to the Star Soul Martial God, is so afraid of Master!"

"So, how terrifying is the master's strength?"

"But later, why did we reappear in that little ordinary sect of Qian Yuanzong in the Dragon Vein Continent?"

"Master, how could you die in an attack?"

Chen Feng only felt that there was a mess in his mind.

Countless questions came to my heart instantly!

"Why are all this?"

"What's the great secret hidden in it?"

There is no doubt that Chen Feng's heart is shocked, and at the same time unconcealed excitement and excitement surged.

Even more panic and sour.

Because he doesn't know what his life experience is like, and he doesn't know what happened to him in the past!

Chen Fengqiang calmed himself down.

[Chapter 4638: What if you add me?](#)

The next moment, a ray of light flashed in his eyes suddenly!

"I'm afraid, the Great Demon Yan Yang knows a lot about my life experience!"

"This time, my knowledge of my origin is about to fall on the Great Demon Yan Yang!"

Chen Feng smiled lowly: "Chen Feng, this is a good thing!"

"This is an unexpected joy! You have long wanted to deal with the Great Demon of the Sun, but you didn't expect that this Great Demon of the Sun has such a great relationship with you and knows the great inside story!"

Not to mention Chen Feng, even Snake Seventeen and the others were beside him, they were very excited!*novelusb.com*

Looking at Chen Feng, his face was horrified.

"This Chen Feng's background is so big?"

"It turns out that this Great Yanyang Demon, this great Yanyang Demon with a mysterious and terrifying origin, has even hunted down Chen Feng? And he has hunted down Chen Feng with dozens of people!"

"But even if dozens of them were together, they couldn't keep that master named Yan Qingyu?"

He suddenly remembered what Yanyang Magic Cube had said:

"I was almost wiped out by Yan Qingyu with a single sword, my soul was almost broken, and my strength was inexhaustible!"

"Only a drop of blood was scattered here, and then most of the strength was scattered!"

what does this mean?

This means that Yanyang Great Demon's current strength is almost less than one ten thousandth of his peak period!

And now, the Great Demon Yan Yang also has the strength of the Star Soul Martial God Realm!

So, how strong should he be at the top?

I'm afraid it has already far surpassed the Star Soul Martial God Realm!

Snake Seventeen felt that his heart was trembling: "I'm afraid the top powers on the top of the sky, but that's all!"

"And how strong is that master named Yan Qingyu?"

"Chen Feng has such a big background, what kind of background does he come from?"

He suddenly felt that Chen Feng's surroundings were like clouds and mountains, and he couldn't see anything clearly!

I thought I had seen a little, but I didn't expect that there would be countless unknowns behind!

Chen Feng took a deep breath, and his excitement just now calmed down.

His eyes were cold and faint, like a deep pool.

No matter how powerful he was in the past, Chen Feng didn't care about this Great Demon of the Sun.

"No matter how strong it is, the one in front of me now is you who have no strength at all!"

"I only need to deal with the current you!"

However, Chen Feng had already left a few tricks for today's situation!

This situation is not as expected by Chen Feng.

In the plan he envisaged, the Seventeen Snake and the Great Yanyang Demon would die together.

Because, although the realm of Yanyang Great Demon is higher than that of Snake Seventeen, who is Snake Seventeen?

He is a man on the top of the sky!

The people on the top of the sky have countless cards, and they can often leapfrog challenges when facing other natives.

Because they have enough magic weapons, high enough knowledge, and richer combat experience.

Although his own realm is not as good, he is crushed in terms of knowledge and experience.

As a result, he did not expect that the origin of the Great Demon of the Sun would be even more powerful!

Now Snake Seventeen had no threat, but Yanyang Great Demon still had the strength of a half-step Martial God Realm.

This was not in Chen Feng's expectation, but he had long been used to staying aside.

Therefore, do not panic now!

"Young Master, I advise you to stop struggling."

The Yanyang Demon looked down a bit in his eyes: "Although the old slave, I only have less than one ten thousandth of the strength of the peak period, there is no problem to clean up you."

He sneered and forced forward:

"Young Master, go back with me obediently!"

But, at this moment, a long laugh came from a distance!

"Chen Feng is not your opponent, but what if you add me?"

When the voice came, everyone's complexion changed.

Only Chen Feng showed a smile at the corner of his mouth.

The Yanyang Demon and Snake Seventeen were both surprised!

Snake Seventeen lost his voice: "Is it you?"

Before the words fell, a figure came from a distance, fierce, like a knife across the sky!

It is the Great Knife!

The Great Emperor Crazy Blade took a deep look at the Great Demon Yan Yang, and slowly said, "Great Demon Yan Yang, you and I, finally meet!"

The Great Demon of Yanyang also looked at Emperor Crazy Blade: "You and I have been together for a long time."

"You have come to the Valley of the Fallen Stars, and the years are not too short. We have collided many times, but this is indeed the first time we have met."

Snake Seventeen exclaimed: "Great Emperor Crazy Blade, you didn't leave?"

"I know!"

He suddenly said: "Are you always following you? You are always following us. You are already ready to come in and pick up the bargain, right?"

The Great Crazy Blade nodded solemnly and did not speak.

Just looking at the Great Demon of the Sun, the eyes are full of burning meaning!

He had fought against the Great Demon of the Yanyang several times before, but knew that the Great Demon of the Yanyang hadn't tried his best at all, and only fought himself with a clone.

Now, it is finally facing the deity!

In his heart, his fighting spirit is proud!

The Great Yan Yang frowned, "Young Master, you deliberately told Snake Seventeen so much just now to delay time, right?"

Chen Feng smiled: "I didn't see it, you are not stupid!"

That's right, Chen Feng is here now deliberately telling Snake Seventeen this to delay time.

He has to wait for someone to arrive!

Snake Seventeen shook his head, feeling depressed, even more so.

He found that even Chen Feng's words that seemed to solve his confusion were actually using himself.

He has been reduced to a useless person, no longer has any combat effectiveness, he who seems to be worthless, has been used by Chen Feng again!

Taking advantage of his successful delay, he waited for the arrival of Emperor Crazy Blade.

Chen Feng seemed to know what he was thinking, and smiled and glanced at Snake Seventeen: "Snake Seventeen, I did a good job with this waste, right?"

"Even if you are a waste, I can find the value in you."

Snake Seventeen was so angry that he almost vomited blood.

Chen Feng will not leave him any face, and will not let go of any opportunity to hit him.

Because Chen Feng knew that if he didn't have these means, without these cities, without a little bit of luck in advance, without such vertical and horizontal planning, strategizing.

I'm afraid that now, he has already died at the hands of the snake seventeen.

The Great Demon Yan Yang shook his head and looked at Chen Feng: "Young Master, I have to say, although your strength is lower."

"But the mind is really deep enough, with a lot of wisdom, but!"

He slowly shook his head, a cruel and disdainful smile appeared at the corner of his mouth:

"Do you think that with this little bug, you can deal with me?"

"too naive!"

He shook his fingers and said proudly: "I will let you know that in the face of absolute strength, all conspiracies are useless!"

The next moment, his right hand spread out flat.

In the palm of his hand, a huge lava boulder appeared like a huge ruby.

[Chapter 4639: The last hole card!](#)

And the next moment, with a snap, the lava boulder shattered directly.

A black energy leaked out of it, and penetrated into the body of the Great Demon Yan Yang.

In an instant, the flames of Great Demon Yan Yang's breath that was declining and exhausted suddenly stabilized.

Then, it slowly recovered.

His strength and momentum are recovering.

After a while, it stopped.

At this time, his aura had actually returned to the level between half-step Martial God to Star Soul Martial God!

Infinitely close to the Star Soul Valkyrie!

It is a little weaker than before, but definitely much stronger than the Great Emperor of Mad Saber.

Then, he didn't have any nonsense, he just waved the lava sword in his hand, and slew towards the Great Sword Emperor!

Emperor Crazy Blade was full of excitement: "Good for you!"

With the decline of the previous breath, the body of the Great Yanyang Demon has become only ten meters high.

Although it was still quite huge, it was not much higher than Chen Feng.

The sense of oppression is also much smaller.

The lava giant sword in his hand is only seven or eight meters long.

The long sword in his hand was raised, and the Supreme Emperor's sword cut out with the first cut!

This sword is extremely profound, although his current realm strength is far inferior to that of the Yanyang Demon.

However, still relying on the profound mystery of the Supreme Heavenly Emperor Sword, it still unloaded at least 70% of the strength of the lava giant sword of the Great Yan Yang Demon.

Even a slippery body, straight forward along the lava giant sword.

Instead, they attacked the Great Demon of the Sun!

In a twinkling of an eye, as the loud and earth-shaking noise continued to explode, the two had already made three moves!

Within three strokes, the Great Knife Sword hadn't lost the wind!

But after three moves, the situation began to disadvantage him.

After all, his strength, realm, and all aspects are inferior to the Great Demon of the Sun.

The Yanyang Great Demon is also a person with extremely rich combat experience. After being familiar with his sword technique, he can handle it with ease.

After three more moves, it is already the sixth move!

In addition to the Supreme Heavenly Sword, the Crazy Sabre Great Emperor had no other way to deal with the Yanyang Great Demon.

Chen Feng was drunk and obsessed with watching.

He had long wanted to practice the Supreme Heavenly Emperor Sword, but after entering the Xuanming Seven Seas Realm, this desire was always suppressed by him.

When I saw the amazing three knives outside before, Chen Feng felt it in his heart.

I feel like I want to start to comprehend!

That kind of incomparable sword intent, suppressed for a long time, seems to be gushing out!

However, it was blocked by a high wall!

This high wall was made intentionally by him!

The stronger the sword will accumulate and the longer the depression, the stronger it will burst out!

At this time, Chen Feng saw this Supreme Heavenly Sword once again.

I just feel that this sword intent is becoming more powerful and turbulent!

The high wall has not changed, it still stands.

However, the sword intent behind the high wall is already overwhelming, and it cannot be resisted by the high wall at all!

It seems that you can take a fierce photo at any time to break this high wall!

Too God's sword!

Too God's sword!

Chen Feng looked frantically, whispering these five words!

He feels he is about to break through!

The sword intent is raging, almost exploding him!

The Great Demon of the Sun slashed with a sword, and the Great Emperor Crazy Sword performed the same trick again!

But at this time, the Great Demon of the Sun had already prepared.

Above his lava giant sword, a black magical energy suddenly flashed past.

It turned out that he did not hesitate to use the little black magic energy that was left.

As a result, a huge lava waterfall appeared in the sky instantly!

This lava waterfall splashed down, pouring all of the Great Knife Great and his long knife into it, and it solidified in an instant!

It was like trapping him in a lava boulder!

Although the Great Sword Emperor screamed frantically, struggling hard, shattering these lava!

But his knife was also directly broken and could not be used.

As a result, the Great Yanyang Demon's lava giant sword slashed fiercely on the body of Emperor Crazy Blade!

Almost directly cut off the Great Sword Emperor!

In an instant, the body of the Great Knife Great was almost split into two!

Before the blood could gush out, it was directly evaporated by the hot lava!

The skin and flesh made a sound of scoffing, the pain was extremely painful,

The Great Emperor Crazy Blade is not a vegetarian either. He has extremely rich combat experience and aroused his fierce energy in an instant. He gritted his teeth and shouted wildly!

He forced his body to lean on the blade!

Suddenly, the wound got deeper!

And his left hand was tightly holding the blade of the giant sword!

With a long knife in his hand, he raised all his strength and slashed down!

This slash is really powerful!

Even the Great Demon of Yanyang was dragged by this huge force and couldn't help but stagger forward, shaking his body heavily. *Novelusb.COM*

He was shocked and angry, and shouted sharply: "What are you doing?"

The instinct wants to take back the long sword!

And even at the time of this grab, his figure stagnated for a while.

"It's this moment!"

The Great Crazy Blade screamed frantically: "It's now!"

The pupils of the Great Yanyang Demon shrank, and a very bad feeling suddenly surged in his heart!

Because, he saw that the Great Knife Great, who was severely wounded and vomited by himself, not only didn't feel any depression or pain, but he screamed and laughed!

He even looked behind him, with indescribable excitement in his eyes!

Right now!

Behind the Great Demon Yanyang, there was a voice that was as crisp as Fengming Nine Heavens but with a cold and murderous voice: "If so, what about me?"

Chen Feng let out a foul breath, the excitement in his eyes could no longer be suppressed!

"You finally came!"

It turned out that Chen Feng's hole cards were not used up yet!

He even had a hole card, which he had never played!

The next moment, the Great Demon Yan Yang suddenly felt a pain in his back, and an extremely cold force like a poisonous snake pierced into his back fiercely!

This power is cold and strange!

But it is so sharp!

Wherever he went, he suffered to the extreme!

And what shocked him the most was that all his defenses seemed to be completely ineffective against this power!

Because this kind of power seems to have the same origin with me!

The heart of Yanyang Great Demon was instantly bright!

A loud roar: "Little bitch, is it you?"

He suddenly looked back!

As a result, he saw that behind him, a black figure resembling a Mo Yu Orchid was rolling up from it.

Bloom quietly in the air!

It was a woman with white as jade and long hair like ink!

Around her body, the black magic flame leaped, covering the sky and the sun!

Like a black sun!

And between his hands, he held a long and narrow blade.

Long as a snake.

At this moment, this sharp blade pierced into the heart of the Great Demon Yan Yang without any hindrance.

In an instant, endless black magic, madly influx!

Pour all into the body of the Great Demon of the Sun!

Then, a deep booming explosion sounded in Yanyang Great Demon's body!

This burst, the sound was not loud, very deep!

[Chapter 4640: Hua Lengshuang appeared!](#)

Like the roar from the depths of the earth, it contains endless power!

This force was tightly restricted, limited to a range.

Therefore, there was not much movement.

But this is the only way to make its power more condensed and terrifying!

When all the black magic energy was poured into it, when the loud noise rang out, a big hole was directly exploded in the body of the Great Yan Yang!

Endless black magma gushes out!

The Great Yanyang Demon let out an extremely screaming scream like death, and his left fist slammed backwards!

It blasted directly on the woman's body.

The woman who was enveloped by the black devilish gas also let out a muffled grunt, her face was blood-red.

Then, the blood-red color faded, and it became horribly disgusting.

She trembled, her breath crazily lowered!

He vomited several mouthfuls of blood and fell heavily to the ground!

Obviously, this trick was exhausting for her too!

In addition, he was hit by a fatal blow by the Great Yanyang Demon, and even suffered severe injuries, becoming dying, with a weak breath!

No more combat power!

However, her contribution is also worth it!

At the wound, endless black lava spurted out frantically.

His body seemed to be completely destroyed.

His body couldn't support it anymore, and with a bang, he broke directly from it and fell into two pieces.

His breath is also crazily lowered.

From approaching the Star Soul Martial God Realm, falling to the half step Martial God Realm, and then to the peak of the Nine Star Martial Emperor.

Can be maintained at the peak of Jiuxing Wudi!

At this time, Yanyang Great Demon's body was broken, Hua Lengshuang didn't know his life or death, and Crazy Blade Great Emperor was seriously injured and dying!

But, even so, the Great Demon of Yan Yang is not dead!

Its vitality is really tenacious to the extreme!

He was on the ground, with his arms propped up half of his body, staring at the woman surrounded by black demon energy, and screamed: "Why do you do this to me?"

"You don't know, I made you?"

"Because of me! You can exist!"

The black magic energy, transpired, lingering and gorgeous.*novelus8.com*

This woman is naturally Hua Lengshuang.

Her face was even colder and pretty, but she was a little bit more wicked and devilish.

A pair of eyes, black light faintly.

His eyes were cold, full of looking down.

It seems that everything in the world has never been seen by her, and they are all objects that can be killed at will!

She seemed to cherish words like gold, she didn't even want to say more, she just watched the Great Yan Yang spit out five words: "You want to devour me!"

In an instant, the Great Demon of Yan Yang couldn't say a word.

six years ago. When Hua Lengshuang first entered this place, the Great Demon Yanyang already knew.

In fact, the reason why Hua Lengshuang came here was because he controlled it behind the scenes.

The origin of Hua Lengshuang is mysterious and special, and the blood of the Demon Race is extremely powerful, but he does not know it.

The Yanyang Great Demon continuously released strands after strands of demon energy, bringing those with the blood of the demon race, or the people with the demon race inextricably linked to this valley of falling stars.

Hua Lengshuang came here only once.

Then, the Great Demon of the Sun will lead them into the country of the Devil of the Sun.

Even, he is willing to let them improve their strength.

Because these demons will eventually become its food!

In this way, he raised a powerful demons, and then swallowed them to improve himself!

Because Yanyang Great Demon discovered that it was too slow to practice alone.

Therefore, he did not hesitate to spill his own devilish energy into one after another, let these demon races practice, and then swallow them,

And the effect of devouring these low-level demons after practicing is naturally far inferior to those geniuses who originally possessed demons, had deep ties with demons, and practiced at a rapid pace.

For example, Hua Lengshuang.

Therefore, for the existence of Hua Lengshuang, it is happy to see it happen.

But I'm afraid that he never thought of it, before he had swallowed Hua Lengshuang, he was eaten back by Hua Lengshuang!

The Yanyang Demon was speechless.

Hua Lengshuang's eyes flowed, sweeping across everyone's faces.

Between her eyebrows, there was an obscure and icy, with a little darkening meaning.

Like a blooming black jade orchid.

The look in her eyes is carefree and devilish, no matter where she looks, she doesn't have any emotion.

Full of killing intent coldly.

Obviously, the enchantment is deep.

Only occasionally when he glanced over Chen Feng's affairs, did he carry a somewhat obscure tenderness.

The Great Emperor Crazy Blade laughed and said, "Great Demon Yan Yang, you still lose!"

"No, I didn't lose!"

The Yanyang Demon's voice changed!

The next moment, above his body, black magic energy steamed.

On his upper body, molten slurry gushed out, wrapping it up!

After a while, his upper body turned into a lava monster again.

Compared with before, the body is only about four or five meters in height, which is a lot smaller.

And the breath, there is only the peak of Nine Star Wudi.

However, after all, he stabilized his injury and stabilized his realm!

Everyone was horrified.

Chen Feng shook his head repeatedly.

"It's worthy of the ancient power, even if it weakens to this point, the vitality is so tenacious!"

"This can't kill him!"

The Great Demon Yanyang slowly stood up straight.

This time, he did not look at others, but at Chen Feng.

"You are really smart and you have a lot of means!"

"In order to prevent any more problems, young master, please forgive the old slave for having to..."

The Great Demon Yan Yang said insidiously, "Seriously wounded you, abolished the cultivation base, cut off the hands and feet, and only left you a dog!"

"Then take it back and put it in front of the young master!"

He is full of vicious and cruel meanings.

The lava giant sword in his hand slashed at Chen Feng fiercely!

So prestigious, I have done my best!

The Yanyang Great Demon was also a very decisive person, and made such a decision immediately.

After all, this Great Demon of the Sun was extremely terrifying, and existed in general with a mysterious origin.

Even if it was so weak now, he first ran out of cards, and then was attacked by Hua Lengshuang with a sword, destroying 90% of his body's strength.

But he is still the pinnacle of Nine Star Martial Emperor!

At the peak of Nine-Star Wudi, he cut out with a sword!

At this time, Emperor Crazy Blade was seriously injured, Hua Lengshuang was seriously injured!

Only Chen Feng can resist the Great Demon of the Sun!

Only Chen Feng, face it alone!

But at this moment, Chen Feng's eyes flashed suddenly, keenly capturing something!

Chen Feng clearly saw his weakness behind this knife!

With this sword, he looked overbearing and crazy, but Chen Feng clearly saw his weakness!

At the end of his strong crossbow, his successor is weak!

Faced with this brilliant and terrifying knife, Chen Feng suddenly spoke indifferently.

"This must be your last strength!"

"This must be the last cut you can make!"

"I can see it, you, you are close to running out of oil!"
