

Peerless 4651

[Chapter 4651: Son of the Chosen!](#)

Chen Feng stared at him, smiled and said, "Do you know why I am asking?"

Snake Seventeen instantly panicked.

Although he forcibly suppressed the panic and made himself calm, he even showed a wry smile: "I don't know what you are talking about."

"No, you know!"

Chen Feng stared at him with sharp eyes like a falcon!

Snake Seventeen lowered his head unnaturally: "I have told you everything I can say."

"fart!"

Chen Feng's voice suddenly rose, and his palm slowly landed on the top of Snake Seventeen's head, saying every word: "Tell me, why the Dementor is so persistent in chasing me?"

"The younger brother of the Immortal Dementor, it is no longer possible to enter the top of the sky again."

"No matter how you hate me, you definitely shouldn't kill me with such an important thing as a price."

Chen Feng looked at Snake Seventeen and said with a smile:

"If the Dementor Immortal had only this pattern, then he wouldn't be able to go to this point."

"and so!"

He stared at Snake Seventeen and asked in a deep voice, "Tell me, what is the reason!"

"That makes you willing to pay such a high price to track me here! You must kill me and then quickly!"

"You've discovered all this, and you really are careful."

Snake Seventeen seemed to give up completely, and didn't want to keep hiding.

He looked at Chen Feng and said word by word: "You do have a special identity."

"What special status?"

An indescribable look appeared in Snake Seventeen's eyes: "You are, the Son of Heaven!"

"What? Son of the Chosen?"

Hearing these four words, Chen Feng's heart was shocked: "What is the Son of the Chosen?"

Snake Seventeen slowly shook his head: "I don't know this, either."

"It's just that, as the name suggests, the Son of the Chosen is the one that the Lord of Heaven has been looking for."

"It is said that the chosen son of this day is the most special and mysterious, extremely rare, and possesses special features."

"Therefore, it is extremely favored by the rulers of heaven."

"Therefore, the Lord of Heaven tends to be more blue-eyed to them."

Chen Feng heard it and suddenly realized something.

He stared at Snake Seventeen and said: "That is to say, because the selected person has some special features, it is useful to the Lord of Heaven."

"That's why it is said that the Lord of Heaven will favor them, right?"

He quickly clarified the relationship.

Snake Seventeen nodded.

After a pause, he continued: "In short, if you have the identity of the Chosen Son."

"So on the top of the sky, it can often be extremely smooth and rapid."

"Of course, the Lord of Heaven's assessment of the Son of the Chosen is also extremely strict. The Son of the Chosen has a very high mortality rate, and they will always receive extremely difficult tasks!"

Chen Feng nodded.

This is how it should be.

He looked at Chen Feng and said, "That day, when the Immortal Dementor went to provoke at Beidou Fudi, he already saw the identity of your chosen person."

"So, after I came back, I started to decorate."

"Make up your mind to behead you."

"His purpose is..."

He looked at Chen Feng with a faint voice: "Let his younger brother take away your body and occupy the identity of the person you have chosen!"

Chen Feng was shocked when he heard this!

My heart shook!

"It turns out that the Dementor Immortal actually made this idea!"

"It turns out that the Dementor Immortal wanted to let his brother's soul lie on him, and to seize the identity of the person of choice!"

What a big hand!

What an amazing arrangement!

That's it!

That's it!

Chen Feng frowned and said, "Isn't the younger brother of the Immortal Dementor dead already?"

"His younger brother is actually dead, but there is still a trace of his soul that is still undesired, and he was saved by the Dementor Celestial with special secret methods.

Snake Seventeen said quietly: "He just waits to kill you, so he will take his brother's soul to you.

Snake Seventeen sighed:

"If there is a child like you who is in the Evil God Valley, it can bring us extremely huge benefits."

"The price paid before is also worth it."

"But it's a pity!"

He laughed miserably: "The bamboo basket is empty!"

"Nothing! Nothing!"

Chen Feng took a deep breath and was silent for a long time.

He needs to digest the news.

Son of the Chosen, what will this identity bring to him?

Chen Feng suddenly thought that when he and the reincarnation jade card were dripping blood to recognize the master, it was a golden reincarnation jade card.

At the beginning, Fairy Yuheng said that he was special.

"Could it be that this is special, is it the identity of my chosen son?"

Chen Feng thought for a long time.

Then he got up, took a deep look at him, and said, "The third question."

The question and answer between Chen Feng and Snake Seventeen lasted almost two days.

Chen Feng asked all the questions in his mind.

Including the situation of Snake Seventeen, some places that need attention on the top of the sky, and even the inner feelings of Cthulhu Valley... etc.

Especially the inside story of Cthulhu Valley, Chen Feng asked in more detail.

He knows one thing very well, I am afraid that for a long period of time, Cthulhu Valley will be his mortal enemy!

They will never give up!

In this case, it is natural to know oneself and the enemy.

A few days later, Shengyang Academy was far visible.

After Chen Feng asked the last question, he stood with his hands behind and looked away.

Snake Seventeen suddenly laughed miserably: "Chen Feng, are you going to kill me?"

Chen Feng turned around and nodded: "You wanted to kill me before, and I have no reason to let you go."

Snake Seventeen laughed miserably, looked into the distance, with a little regret in his eyes!

"Unexpectedly, I Snake Seventeen would actually die in your hands!"

"My talent is high, my methods are ruthless, and my chances are strange!"

"When I came to the top of the sky, I wanted to do a big business. Even Cthulhu Valley was not in my eyes, but I was just used as a springboard!"

"but now!"

His blood-red tongue licked his dry lips, and suddenly let out an angry scream:

"Now, nothing has started, it will end!"

"I should die in your hands!"

There was a bit of crying in his voice!

At this moment, he finally broke down emotionally.

Chen Feng looked at him and shook his head: "Snake Seventeen, you are seeking your own death, and no one can save you."

After all, a palm fell!

Snake Seventeen let out a roar like a beast, and trembled violently.

He fell on the deck and didn't move anymore.

Chen Feng saw that a gleam of green light suddenly gathered on his body.

Then, it was quietly dispersed.

And the jade medal of reincarnation in his arms fell directly, and there was no more vitality on it.

The if there is no connection between the jade card of reincarnation and the seventeen snake, it also disappears directly.

Chen Feng knew that he was completely dead.

[Chapter 4652: Owe nothing](#)

Chen Feng can subdue the crazy tiger, but he knows that he absolutely cannot treat Snake Seventeen like this.

Snake Seventeen is a venomous snake, an unfamiliar snake.

But after the Samsara Jade Card lost its master, Snake Seventeen, a cyan light flashed across the surface.

Then, with a bang, there were countless things shooting out.

There are various things that gush out.

The most of them is the huge amount of spiritual plant essence!

In a blink of an eye, there were hundreds of roots of the essence of the plant, almost covering the entire ship.

Chen Feng knew that this was the harvest of Snake Seventeen from the Xuanming Seven Seas Realm.

In addition to these, there are other things.

Chen Feng took a closer look in his hand, but shook his head, rather disappointed.

These things are nothing more than daily chores, and they must be used by Snake Seventeen daily.

But other than that, there is nothing precious.

Chen Feng knew it after thinking about it.

Snake Seventeen has this temperament, cold and surly, and quite extreme.

Obviously, he would replace all the resources at his hand with his own strength to improve himself.

Not many treasures in his hands, it's normal.

Chen Feng was not too disappointed. The essence of a hundred roots of spiritual planting was already an extremely huge asset for him.

Looking at these things, Chen Feng seemed to see that he already had dozens of new star veins.

He collected the essence of these spiritual plants into his reincarnation jade medal.

Then, he handed the jade card of reincarnation to the Great Sword Emperor next to him.

Smiled and said, "Senior, I have already fulfilled my promise to you."

Chen Feng had previously persuaded the Great Sword Emperor to do a great favor for him, which was to give him a jade card of reincarnation and promise to take him to the top of the sky.

Now Chen Feng has done it.

With a touch of excitement on his face, the Great Emperor Crazy Blade reached out and took the jade card of reincarnation.

His fingers were shaking slightly.

This reincarnation jade card means the qualification to enter the top of the sky!

It means that his long-stop cultivation base can finally break through!

It means that he thinks that he has been turned into a dead bone in the mound, with a hopeless future, and the end of his cultivation road, he has once again embarked on a road of cultivation!

For him, the significance is extremely significant!

The Great Emperor Crazy Blade stretched out his hand and held the jade card of reincarnation in his hand.

The fingers slipped quietly over it, with a solemn expression.

After a while, suddenly, a cloud of green light flashed above the samsara jade card.

A stream of blood dripped from the palm of the hand of Emperor Crazy Blade.

Suddenly, the cyan light enveloped him, and after a long time, it dissipated!

At this time, the Great Sword Emperor was completely different from before.

He closed his eyes, thoughtfully, and seemed to be comprehending, receiving the information from the jade card of reincarnation!

After a long time, he opened his eyes and sighed softly.

Looking at Chen Feng, he just said two words: "Thank you!"

Chen Feng smiled and said, "There is nothing to be thankful for. I owed you so much kindness to the predecessors before, but now it is finally over."

At this time, Chen Feng also felt unspeakably relaxed.

Just now, when the Great Sword Emperor said the word 'thanks a lot'!

Chen Feng suddenly felt that the original heavy heart was collapsed, and in an instant, it seemed that several heartstrings broke directly!

Then, he felt a lot easier in his heart.

As if some pressure was gently swept away.

Chen Feng knew why.

The line of cause and effect between himself and the Great Sword Emperor had been broken.

The Great Emperor Crazy Sword once gave him several treasures, once taught him that the Emperor Sword is too God, and saved his life a few days ago.

But now, the two owe nothing!

Because Chen Feng brought her to the top of the sky!

This kind of grace alone is enough to offset all the past.

The two now do not owe each other.

Chen Feng asked: "How do you get to the top of the sky? Do you want to come with me?"

The Great Emperor Crazy Blade slowly shook his head, and clenched the jade card of reincarnation in his hand: "Just now, the Lord of Heaven has already told me that he has other arrangements for me."

Chen Feng nodded.

He knew that Emperor Crazy Sabre must be the same as himself, for this top of the sky, it is also quite a special existence.

He has not yet entered, he is the peak powerhouse of the Nine Star Martial Emperor, even stronger than the average trial immortal.

Moreover, he has created his own knife technique, and his talent is extremely high!

Presumably, it will not enter like everyone else.

Since Emperor Crazy Blade knew it in his heart, Chen Feng didn't care about it.

Up until this moment, the Great Emperor of Mad Saber was still excited.

Suddenly turned around and looked at Chen Feng: "Chen Feng, you will be on the top of the sky in the future. If you have anything to do, come to me."

"I will do you a favor!"

Chen Feng smiled: "What was owed to me by the predecessor, and what I owed to the predecessor, have not all been written off?"

"Different!"

The Great Emperor Crazy Sword shook his head intently, and said, "You brought me to the top of the sky. It really changed my life and gave me unlimited possibilities in the future."

"This promise has nothing to do with me or the present, only the future!"

Chen Feng laughed, not hypocritical: "Okay, that junior will take it down!"

After that, the Great Emperor Crazy Blade left.

Chen Feng didn't know where he had gone, but he knew, he must have his own way to enter the top of the sky!

The night is as cool as water, lightning flashes and thunder.

The entire Shengyang Academy has fallen into silence, which highlights the exceptional silence here.

Chen Feng slowly ascended the tower.

On the top of the tower, a figure stood alone, cold and thin.

It seems to drift away at any time in the wind.

Looking into the distance at this time.

It is Hua Lengshuang.

As if hearing the movement behind her, Hua Lengshuang spoke slowly with a cold voice:

"When I came to the Xuanming Seven Seas Realm, I'm not young enough to speak."

"It's the first time to see the scenery above the Xuanming Seven Seas Realm."

Chen Feng sighed lightly and walked beside her. The two stood side by side.

"Yes, since you entered this place, you have entered the Valley of Fallen Stars until now."

Hua Lengshuang slowly turned sideways and looked at Chen Feng, a gentle flash in her eyes:

"I remember very clearly that after I entered the Xuanming Seven Seas Realm, I was led into the Valley of Fallen Stars."

"Then fell into the demon, swaying endlessly there, almost losing myself."

"It's just that I will see you soon, Brother Chen Feng!"

She stared at Chen Feng: "I saw you. If it weren't for you, maybe six years ago, I would have fallen into the devil's way, and I can't even remember my past."

"Just the moment I saw you, it made me hold my heart!"

Chen Feng smiled: "Yeah, we also joined forces to kill the enemy."

Thinking of six years ago, both of them were in a dream.

"Then, six years have passed."

Hua Lengshuang sighed lightly, and suddenly looked at Chen Feng, her eyes shining like stars.

"Brother Chen, in fact, I remember those things in the past!"

[Chapter 4653: Gain and reward](#)

"However, I feel very strange, as if it was not something that happened to me, but someone else!"

Chen Feng nodded silently.

"I still remember that when I first entered the Xuanyuan family, I walked with you all the way."

"I still remember what we two said while looking at the sky full of stars..."

Hua Lengshuang said, a gentle smile appeared at the corner of her mouth.

As if thinking of the past.

"If there is a choice, I would rather not go through these."

"I'd rather not get mad, I'd rather still be by your side, as always."

"It's just that I know better..."

She shook her head and sighed: "I can't go back, I can't go back again! It will never be the same again!"

"I have changed after all, and you have also changed!"

Chen Feng nodded silently, feeling a little sad in his heart.

Hua Lengshuang's eyes showed a touch of pain: "Chen Feng, now, I seem to have lost the ability to like someone."

"I can't control myself. In my heart, I like you very much. I like you very much."

"But my devil's heart is cruel and cruel. I am not allowed to love anyone, only myself!"

Chen Feng knew what she meant, and understood this feeling even more.

He gently stretched out his hand, holding Hua Lengshuang's face.

Hua Lengshuang was taken aback for a moment.

Chen Feng smiled, and gently stroked her face with his hand: "Don't give yourself any pressure, and I won't give you any pressure."

"I don't have any requirements of you now."

"The more you suppress your devilish nature, the easier it will be for accidents. Let the flow take its course, understand?"

"Let's go with the flow!"

Hua Lengshuang thoughtfully.

Chen Feng nodded his head: "Don't worry about anything! Don't force all the consequences!"

Hua Lengshuang was silent for a long time, and suddenly smiled brightly: "Chen Feng, I know!"

She stretched her eyes out, her expression indescribably relaxed.

Suddenly, with a stroke of his sleeve, his figure flew away.

Chen Feng smiled: "Where do you want to go?"

Hua Lengshuang's voice was leisurely: "When I was in Yanyang Demon Country, I found a gap leading to a certain demon world."

"It's over here, I'll go shopping over there."

Chen Feng's voice raised: "I am waiting for you at the top of the sky."

He knew that Hua Lengshuang would definitely come to the top of the sky.

Hua Lengshuang giggled: "The top of the sky is so magnificent and magical, how can I not see it?"

"Relax, Chen Feng, it won't be long before I will go to the top of the sky to find you."

Chen Feng nodded: "A word is a deal!"

Hua Lengshuang laughed loudly: "A word is a deal!"

Before the voice was over, it was gone.

A few months later, on a certain day, the sky above Shengyang Academy was suddenly violent and rainy, setting off endless waves.

The thunder is violent, the sea of clouds is surging, and blood-red lightning rages.

If Chen Feng felt a bit, he suddenly got up and looked up at the sky above his head.

Amidst the endless clouds, a crack suddenly appeared, and a burst of green light flashed through it, directly covering Chen Feng.

The voice of the Lord of Heaven quietly sounded: "Chen Feng, the saint of reincarnation, complete the task of trial of death."

"Now, return to the top of the sky!"

At the next moment, Chen Feng's figure slowly faded.

At the same place, Pei Muyu stared blankly, and suddenly shouted: "Brother, don't forget to come back and pick me up."

Chen Feng turned and smiled: "Don't worry."

You can't take Pei Muyu back this time, but Chen Feng will naturally pick her up.

The next moment, Chen Feng's figure disappeared.

However, he did not return to the top of the sky.

The scenery in front of him changed, but Chen Feng saw that he had come into a vast universe.

The stars are shining all around, and where he is, there is a white misty platform.

The stars all around are brilliant, but there is nothing.

It seemed to be alone, in this lonely universe.

For a long time, without any movement, the Lord of Heaven seemed to have forgotten him here.

Chen Feng was not flustered. Fairy Yuheng had said this would happen before.

Instead, he leisurely lay down on the foggy platform, stretched out comfortably, took a breath, and relaxed.

Begin to count the gains of this Xuanming Seven Seas Realm.

"This trip, the first is the improvement of strength."

"When I first entered, I was the pinnacle of the six-star martial emperor, and my realm combat power was equivalent to that of the eight-star martial emperor.

"Now, I am the pinnacle of the Seven-Star Martial Emperor, and I may break through to the Eight-Star Martial Emperor at any time. My true strength is already a pinnacle master comparable to the Nine-Star Martial Emperor."

Chen Feng's strength can be said to be invincible under the half-step Martial God!

"The number of star veins has increased from the original nine to 30 now, and there are at least three hundred more spiritual plant essences."

"It allows me to practice without worries anywhere, without worrying about the concentration of aura."

It turned out that during this period of time Chen Feng's cooperation with Ling Qihai continued.

The Spirit Seven Seas continuously brought the essence of spiritual plant to Chen Feng, and Chen Feng also gave him considerable benefits.

During these three months, Chen Feng was not idle either.

For him, this is a rare practice time.

Xuanming Seven Seas Realm's spiritual energy concentration is not low, and at the same time it has so many spiritual plant essences.

During these three months, Chen Feng practiced almost day and night, and did not dare to relax in the slightest.

After three months passed, the number of star veins in his body had reached thirty.

His realm is only one step away from the Eight-Star Martial Emperor, and he may break through at any time.

"Second, it killed Snake Seventeen and solved the biggest crisis."

"Third, the golden spiritual world has become stable by comprehending that the sword formation is too high."

"Fourth, comprehend the second stage of the repetitive reincarnation of heaven and earth."

"Fifth, I got that drop of blood, that drop of blood that belongs to the Great Demon Yan Yang, but I don't know what it does."

"The sixth and most important point is..."

Chen Feng looked into the distance, his eyes leisurely: "I got the news related to my life experience, and knew the scales and claws of my life experience."

For Chen Feng, this is the most important.

Chen Feng found that his trip really gained a lot.

I don't know how long it took, Chen Feng suddenly felt a grand atmosphere coming.

If he realizes it, he knows that this is the breath of reincarnation of the heavenly path.

The magnificent voice of the reincarnation of the heavens resounded in this space: "Chen Feng, the saint of reincarnation, has entered the world of death trial Xuanming Seven Seas."

"Six months, successfully completed the mission: live!"

"Mission completion level, first class!"

"A reward of two hundred pieces of chalcedony from Heaven."

When Chen Feng heard this, he was immediately happy: "So many?"

He once heard the Yuheng Fairy say that it was like a trial task. Generally speaking, it would only reward a dozen or so pieces of chalcedony.

It's only thirty or forty yuan.

[Chapter 4654: Extra reward for the Chosen Son!](#)

Unexpectedly, he was rewarded a full two hundred pieces of chalcedony.

This is already a very large amount!

The task completion degree, from low to high, is divided into nine levels.

They are inferior, inferior, inferior, and inferior.

And Chen Feng actually got the highest level of 'superior'!

For a newcomer, this is extremely rare.

The voice of the Lord of Heaven has not stopped: "Chen Feng, the saint of reincarnation, will lead the Great Sword Emperor to the top of the sky."

"It has been found out that the Great Sword Emperor, the peak power of Nine Star Martial Emperor, is extremely talented, and is slightly weaker than a figure of the child of world luck."

"The original Taishang Emperor knife, looking at the top of the sky, is also an extremely outstanding talent."

"Chen Feng introduced it to the top of the sky and made great contributions!"

"A reward of three hundred pieces of chalcedony from Heaven!"

A smile appeared at the corner of Chen Feng's mouth: "It's another three hundred chalcedony pieces of heaven."

At this time, Chen Feng already had five hundred pieces of chalcedony from Heaven.

Looking at the top of the sky, it is also a huge sum of money.

Not to mention many trials of immortals, even many heavenly immortals don't have so many.

For example, Fairy Yuheng, Chen Feng estimated that it would be difficult for her to get so many.

These are at least equivalent to the entire wealth of dozens of trial immortals.

But what surprised him was that the voice of the Lord of Heaven was not over yet.

"In addition, given Chen Feng's identity as the son of Tianxuan, this time an extra reward..."

Chen Feng was overjoyed when he heard this.

Through this sentence, he determined two things.

First, the identity of the son of his own choice is indeed true. Snake Seventeen did not lie, and the Dementor did not make a mistake in speculation.

Second, the identity of the Chosen Son really has infinite benefits, at least for now, he has seen the first benefit!

The chosen child can get an extra reward!

Instead of just getting one like others do!

The voice of the Lord of Heaven blasted into Chen Feng's mind: "Reward Chen Feng for entering the second level of the hidden mirror of the heavens, chance, once!"

This sentence instantly caused Chen Feng to tremble all over, his blood flow accelerated, and he almost jumped!

It turned out that the reward given to him by the Lord of Heaven was actually an opportunity to allow Chen Feng to enter the second floor of the giant tower of the Tibetan Scriptures!

Entering the giant tower of the Tibetan Scriptures has always been where Chen Feng's dream lies.

In fact, a large part of the reason why he came to the top of the sky is because of the huge towers of Buddhist scriptures in the heavens.

This top of the sky is known as the miracle that all wishes come true, and 80% of it comes from this huge tower of Buddhist scriptures.

Trial of the giant tower is just a process, a process of completing the task.

Go to the giant towers of the Tibetan Scriptures to exchange treasures, exchange martial arts, and improve yourself. This is the result!

Chen Feng had also heard Fairy Yuheng say before that after passing the trial mission perfectly, there will be a very small possibility that he will get a chance to enter the giant tower of the Tibetan Scriptures.

However, it is only possible to enter the first floor of the giant tower of the Tibetan Scriptures!

And now, this opportunity has been promoted to enter the second level!

Although there is only one layer apart, the gap is huge!

Even with the power of Fairy Yuheng, he was only able to enter the second level now.

He even couldn't enter the third floor.

Most of the first floor of the giant towers of the Tibetan Scriptures are of martial skill level.

In other words, most of its ranks are ninth-grade barren rank.

It is extremely rare to reach the level of supernatural powers, I am afraid that there is not even one percent.

The ninth grade of the Wilderness ranks, it is very remarkable to take it outside.

In the Dragon Vessel Continent, it will even cause a **** competition.

But at the top of the sky, it is not enough to see.

But the second level is all supernatural powers!

All are Shentong!

What kind of concept is this?

It means that all the magical powers, all the treasures, and everything in it, as long as Chen Feng has enough chalcedony, he can have it!

Moreover, without even practicing, you can directly have the ability to turn into yourself!

Chen Feng took a deep breath, satisfied.

The reward of the Lord of Heaven is extremely rich, which makes him very happy.

Chen Feng suddenly moved in his heart and couldn't help laughing.

"The top of the sky is indeed like a sect, and the Lord of Heaven is like that sect, knowing everything, and insight into the supreme existence of everything."

"This school must naturally grow and absorb fresh blood."

"And a talented newcomer like the Great Sword Emperor, who was introduced by me to enhance the strength of this sect, the ruler of heaven is naturally delighted and will reward me."

Thinking about it this way, Chen Feng suddenly felt a lot better.

At the next moment, a green light flashed in front of him.

Then, in the void, there were many chalcedony pieces falling out of it.

Chen Feng collected it, a total of five hundred chalcedony pieces of Heaven.

At the next moment, the voice of heaven dominates.

"Chen Feng, you have a special status, and you will be the ruler of the heaven in the future and serve for the top of the sky."

"Don't live up to my expectations!"

Chen Feng's heart was shocked.

The horror in his heart exceeded everything before!

Yes, just this sentence shocked Chen Feng's heart.

Thrilling waves were set off directly in his heart!

Very simple, because the Lord of Heaven is talking to him.

The Lord of Heaven had a lot to say to Chen Feng, but the key issue was that this time it was not the kind of mechanical indifference, a rigid command.

But like an elder, with flesh and blood and affection, it is like a ardent request in private!

what does this mean?

It means that the ruler of heaven has blushed his eyes!

It means that the Lord of Heaven takes him very seriously!

It took Chen Feng for a long time before he calmed down the surging emotions in his heart. He just whispered to himself: "Sure enough, I am special."

The next moment, the space in front of him collapsed, and a cyan light enveloped Chen Feng.

Chen Feng only felt that the sky was spinning around, and he couldn't control his body.

When he recovered again, he saw a **** light in the distance.

Chen Feng knew that this was the light of the **** bronze fangs door.

It seemed that he might step out of this **** light at any time.

However, a scene that surprised him happened.

He came to this **** light, but found that he could not step out of it a step away.

It was like being sealed in the door.

Chen Feng was taken aback: "What does this mean?"

At this time, what Chen Feng didn't know was.

In the test tower on the top of the sky, there was once again a loud voice.

Originally, since a month ago, after many reincarnation celestial disciples entered the world of trials one after another, there was silence in the huge trial tower.

Most people left one after another.

But today, there is a renewed voice, and countless people are rushing in.

Some of them watched from a distance and took a stance to make a name for themselves.

Some even came directly in front of these giant bronze fangs gates.

[Chapter 4655: Title of Destiny!](#)

Waiting for the reincarnation immortals who participated in the trial mission to come out.

Very simple, today is the day when the world of reincarnation is reopened!

It was the day when many samsara immortals completed the trial task and left the trial world.

The time flow rate of the top of the sky is different from the time flow rate of the trial world.

One month at the top of the sky is equivalent to six months of testing the world, and all tasks for the trial of the immortal will be counted as one month at the top of the sky, regardless of the duration.

There are always tens of thousands of people pouring into the tower of trial 0, and the voices are loud and bustling.

Many people are looking forward to the dozens of giant bronze fangs.

Looking at the huge bronze fangs gleaming in the distance, the faces of many strong men in the sky have a complex look on their faces.

There are longings, expectations, and even more miss.

It seems that I thought of myself and others, who came here in this way.

And time is in a trance, and decades have passed.

There are even many people whispering in groups there.

"This time, I don't know if a few geniuses can emerge to obtain the title of Destiny of Yuehua Grade 1 or higher."

"You still get a Yuehua first grade?"

Someone sneered.

"In the past ten years, only one person has won the title of Fate of the Second Grade of Yuehua, and one person has won the title of Fate of the First Grade of Yuehua."

"How easy is it to get the destiny title of Yuehua Grade 1 or higher?"

The person next to him said, "Yes, the title of Destiny is extremely rare."

"Originally, among the ten trial immortals, only 20% were able to obtain the title of Heaven's Mandate."

"Moreover, most of them are the destiny titles of Star One."

"The destiny title of the second rank of the stars, but one-tenth, the third rank of the stars, it can be said that there is no one in a hundred!"

Everyone nodded one after another: "Yuehua's first-grade destiny title, that would be too difficult."

Someone beside him suddenly smiled.

"It's not true, maybe this year there will be a genius who will be born, and he can even get the title of Destiny above Yuehua Level 3!"

"Hahaha, do you believe this when you say this?"

The person next to him suddenly burst into laughter.

"Yuehua Grade 1 or higher destiny title, that's a genius once seen in a century!"

"If I remember it well, in the past hundred years, only one person has won the title of Destiny of Yuehua Grade 3 or higher!"

The person who spoke before also laughed.

Obviously I don't believe what I just said.

It turns out that all immortals who have successfully experienced the world of trials have a very small chance of getting the title of fate.

The title of Mandate of Heaven, as the name suggests, is a special identity granted to many immortals by the Lord of Heaven.

The title of destiny is divided into three levels: stars, moonlight, and corona.

And each level is divided into three grades.

The first rank of stars is the lowest, and the third rank of corona is the highest.

It is equivalent to a total of nine levels.

The title of destiny is something mysterious and mysterious, illusory and ethereal.

The disciples who were given the title of Mandate of Heaven were not able to get any practical benefits at the time.

However, everyone at the top of the sky knows it.

In the future, they can get endless benefits by relying on this title of destiny!

The title of destiny is not just a title.

It will not play a role now to enhance the strength of the immortal.

However, in the future, in all their tasks and in all the worlds they experience, this destiny title will play a role.

Sometimes, life and death can even be reversed.

As for letting them get greater benefits, it's just commonplace.

The title of destiny will bring all kinds of strange opportunities.

At the top of the sky, many times, you don't look at history or talent, but you look at the title of fate!

The title of Destiny is stronger and higher, the potential is huge, and the future is unlimited.

Therefore, the people on the top of the sky all value the title of destiny extremely.

Of course, this is not something everyone can get.

Only those who are highly talented or perform extremely well and are recognized by the dominion of the heavens can get the title of destiny.

At this time, the powerhouses of the various sects and major forces are also gearing up, preparing to compete for those extremely talented new reincarnation immortals.

And what determines the level of talent and potential of these new reincarnation immortals is their destiny title!

Time goes by.

Suddenly, on one of the ninety-nine ordinary bronze fangs giant gate below.

There was a burst of green light flashing.

Suddenly, many people were excited: "Someone is coming out!"

"I don't know who came out first this year, and what kind of destiny title was awarded by the Lord of Heaven?"

The next moment, there was a loud bang, and a burst of green light burst.

A blue light gushes out from it.

And in this long azure light, a figure walked out with head high.

He was a thin, hard-headed young man, with sword light lingering around his body, full of murderous aura.

He looked left and right, full of ambition, and laughed wildly: "Unexpectedly, Jackie Chan will be the first to come out."

"Does it mean that I will eventually become a dragon among all the new immortals in this year?"

It turned out that the person who came out was Jackie Chan.

Before, there was a conflict with Chen Feng.

Before the words fell, there were several stars shining out of the giant bronze fangs.

These stars swirled around for a while, and finally turned into a ray of light, falling on the top of the final dragon.

The next moment, the light dissipated.

Finally, on top of Chenglong's head, a laurel crown appeared.

Like little stars, condensed together.

The shape is ancient and clumsy, as if the ancient ancestors picked a laurel branch and coiled it.

But it is full of ancient meaning, with a touch of ancient wildness.

Then, on this star laurel crown, there are three stars quietly flashing.

The surrounding stars are dotted around Jackie Chan, which is very strange.

Seeing this scene, the crowd gave out bursts of exclamation!

"The title of Fate of the Third Stage of the Star! Finally Jackie Chan won the title of Fate of the Third Stage of the Star!"

A person with a star-level destiny title will have a star laurel crown above his head.

And the three starlights mean it is the third grade of stars.

Ranked third among a total of nine levels, it is also quite outstanding!

"In the end, Jackie Chan is not weak. Not only can he be the first to come out, but he also won the title of the third rank of the heavenly master to reward the stars."

"Looking at the last ten years, they can be regarded as the top destiny titles."

"His talent is so high, coupled with such a strong title of destiny, I am afraid that the future will be unlimited."

Many people nodded in admiration.

Jackie Chan is indeed a genius!

As he spoke, a huge door with bronze fangs suddenly opened, and a figure flew out of it staggeringly.

[Chapter 4656: Chen Feng won't die inside, right?](#)

He fell directly into the void, panting heavily, covered in blood, unable to stand up.

He has a weak breath and is already seriously injured.

But he was full of ecstasy, laughed, and shouted fortunately: "I have completed, my trial mission is finally completed!"

He was extremely happy.

It turned out that he was struggling to sustain himself in the trial world and was hunted down for half a year.

Finally, when the trial world was over, a life was recovered, and the task was completed by luck.

After looking at this person contemptuously, Jackie Chan disdain to associate with such a person.

Seeing the changes that happened to him, and hearing the discussion from the crowd, Jackie Chan finally became even more satisfied.

He suddenly remembered something, and looked up at the **** bronze fangs giant door above his head.

A violent roar: "Where is Chen Feng? Has that dog come out? Has his mission been completed?"

"What level of destiny is he?"

He mocked with disdain on his face: "He won't just die in the death trial mission, right?"

"Probably yes."

A low laugh came from the side.

A huge door with bronze fangs also opened.

Cen determined to walk out of it.

Above his body, there are two stars lingering around, and then condensing.

The destiny title of the second rank of the stars is also quite good.

The two laughed at each other.

Cen Rui said indifferently: "Then Chen Feng will not do anything to challenge the world of death trial, I am afraid that he will not be able to get out alive!"

In fact, what he said represented the thoughts of many people.

Bronze fangs are constantly opening, and new trials and immortals are constantly coming out.

Some people were devastated, covered in blood, and seriously injured. Obviously, the mission failed and they were lucky enough to get their lives back.

Some people are complacent, starlight lingers around their bodies, and they begin to condense the title of fate.

And there were quite a few people who even had no chance to come out and died directly in the world of trials.

However, none of those who condense the title of destiny can surpass Jackie Chan.

At this time, among the forces here, some people also shouted out loudly: "Once Jackie Chan, how about joining us?"

"Getting started, there are two hundred chalcedony pieces of heaven as a meeting ceremony."

The person next to him disdainfully said: "What is the two hundred chalcedony of heaven?"

They looked towards Jackie Chan: "If you join our sect, we will have another chance to enter the first floor of the giant tower of Tibetan Buddhist scriptures in the heavens."

"This opportunity can be given to you."

"Entering it, you can choose any exercises and supernatural powers, and it will definitely increase your strength!"

There are also several sects and forces nearby, who have spoken out to solicit.

It's just that these forces that speak out to solicit are not so top-notch.

To die is to compete with the Beidou team.

Those big forces are still watching the changes.

Jackie Chan laughed even more triumphantly when he saw someone soliciting himself.

However, Jackie Chan was also quite a shrewd person in the end, and said with a smile: "Thank you all for your love."

"However, I haven't made a decision yet, let's talk about it when the people behind come out!"

He is also up for sale.

If there is no stronger hero in the future, he will be worth more and can get more benefits.

Next, hundreds of people came out one after another.

But among them, only dozens of people can gather the crown of laurels on their heads and obtain the title of fate.

The highest level is the third-rank star's destiny title, besides Jackie Chan, there are two other people!

Everyone looked at the third-tier star crown on the top of Chenglong's head, and their faces were full of unstoppable envy.

More and more people came out, but they didn't see Chen Feng.

Finally Jackie Chan laughed and said: "Then Chen Feng hasn't come out yet. Most of them are dead."

Cen beside him smiled sharply: "It doesn't have to be dead inside."

"It is possible that the destiny title obtained by others is extremely high, and it takes longer to condense!"

Suddenly, everyone laughed and said, "Brother Cen, do you believe this?"

In addition to Jackie Chan, Cen Ruiyi and others, who had previously provoked Chen Feng before, also spoke ruthlessly and provoked loudly.

A few of them all got the title of Mandate of Heaven, and they became more and more disdainful of Chen Feng when they were so proud.

At this time, before the giant bronze fangs gate, the Beidou team was naturally here.

Jin Yuxie, Xie Ying and others are there.

Jin Yuxie frowned: "Then Chen Feng won't really die inside, right? Why hasn't he come out yet?"

"I wasted a piece of order to climb the sky one step at a time."

There was no worry in his eyes, but rather gloating.

Obviously, if Chen Feng died in it, he would be eager!

And compared to Chen Feng, he was obviously more concerned about the step-by-step order.

Fairy Yuheng didn't even bother to care about him, but just glanced at him, and a cold color flashed in his eyes.

It was even more playful, as if waiting for a good show.

As for Jin Yuxie's words, even the evil shadow couldn't pass it, and said lightly: "Brother Jin, Chen Feng is the hope for the future of my Beidou team."

"You are not so good, right?"

Jin Yuxie snorted coldly and stopped talking.

And at this moment, suddenly, not far from the crowd, a **** light flashed above a giant gate with bronze fangs.

A figure flew out of it, but it was Mei Wuxia.

Mei Wuxia was holding a long sword with a dazed expression, pale, with multiple wounds all over her body.

Looks extremely injured.

As soon as she flew out, she shook her body and fell down.

Fairy Yuheng flew over and hugged her in her arms.

Regarding this situation, she was obviously not surprised, so she took out a healing pill and fed it to Mei Wuxia.

Mei Wuxia gasped, and her complexion recovered a little before she could talk about what happened in the trial world.

It turned out that after she entered the world of trials, she would follow the instructions of Fairy Yuheng.

Just want to be able to mix this trial world without dying in it.

As for the completion of the task, forget it.

But it is so, and it is also dangerous.

If it weren't for the Qingyan Divine Sword, I'm afraid it has died many times.

Suspension of life, it is finally considered to be the present.

She looked around: "Did Brother Chen and Tian Can come back?"

Fairy Yuheng shook his head.

At this moment, behind the huge bronze fangs gate, Chen Feng looked at the blood-red light at the gate.

He felt as if his body was sealed, and there was a look of surprise on his face.

The next moment, there was a huge shock in the sky.

Then, there are stars shining brightly, moonlight rising and surging, and big sunlight shining brightly!

In an instant, all kinds of light were extremely brilliant.

Chen Feng almost couldn't open his eyes.

He squinted his eyes and saw that, in the end, all the light in the sky disappeared without a trace.

There is only one big red sun left, and the brilliance flickers and rises!

[Chapter 4657: Seal the title of Mandate of Ten Thousand Years!](#)

It reveals incomparable coercion.

The next moment, the voice of the Lord of Heaven sounded: "Title of Destiny, Condensation!"

Chen Feng raised his eyebrows, and immediately understood what was going on.

"It turns out that I am now condensing my destiny title for me!"

Chen Feng naturally knew about the title of fate.

He once asked Fairy Yuheng, what was the title of fate that day? What's the effect?

Chen Feng's eyes were full of expectation: "I don't know, what kind of destiny title can I get?"

Fairy Yuheng replied in a vague tone, but said: "After you have it, you will know it naturally."

Chen Feng knew that Fairy Yuheng had the title of destiny, and his level was not low.

And at this moment, above the sky, the brilliant crown formed by the sun's radiance is about to fall on Chen Feng's head!

Suddenly, with a snap, it broke directly!

Chen Feng was shocked: "What's going on? Why is it broken again?"

It was a long time before the voice of the Lord of Heaven sounded again.

"Chen Feng, the son of Heaven's Choice, the title of Heaven's Mandate, choose again!"

Chen Feng raised his eyebrows: "The chosen son of heaven is really incredible."

"When I was given the title of Mandate of Heaven, I was unable to solidify because of my identity as the Son of Heaven."

"However, it should be better if it is re-solidified!"

Chen Feng's eyes flashed with excitement.

Because he was convinced that his destiny title was definitely not low.

Then, Chen Feng heard the magnificent voice of the Lord of Heaven.

Loud voice, hollow and indifferent.

"Chen Feng's Destiny Title..."

The word 'ju' has not been spoken yet, and the sound of 'boom' is directly broken.

Then, the voice of the ruler of the heavens sounded again: "Chen Feng's destiny title..."

The word "ju" is still not spoken, and it is directly broken!

Then, the sound rang again, and it broke again!

So, nine times!

Chen Feng's destiny title has been condensed nine times, but it has failed to condense!

At this time, due to these nine times of shattering, the voice of the Lord of Heaven even brought out a bit of weakness.

This shocked Chen Feng even more!

"How strong is my destiny title? How difficult is it to gather together?"

"Unexpectedly, it has failed nine times in a row?"

The titles of other people's destiny are easy to condense.

Even, they just stopped for a moment or two inside the giant bronze fangs, and the destiny title was condensed.

For example, Jackie Chan's destiny title was condensed in just an instant.

Chen Feng has stayed here for half an hour.

Thousands of tens of thousands of moments have passed without success.

After the ninth condensing failure, the voice of the Lord of Heaven finally fell silent.

After a long long time.

Chen Feng suddenly felt that the space inside the giant bronze fangs shook violently.

Originally, there was a green glow around this space.

At this time, with this extremely violent shaking and shaking, it was like an earthquake.

The green light, in some places, was shocked to disperse directly.

In some places, something behind the light was revealed.

Chen Feng saw that it turned out to be gray!

As if black and white are converged, a piece of emptiness is gray.

When Chen Feng saw the gray area, he felt his heart jump fiercely.

Don't even dare to look again!

A sense of fear that the eyes will be swallowed suddenly rises!

"That kind of gray, I don't know what it is, but it is absolutely terrifying!"

Fortunately, this shock did not last long.

Soon, the green light diffused again and returned to its original state.

At this time, above the sky, with the sound of thunder and thunder, a giant tripod appeared!

A blood-red giant tripod!

It is hundreds of meters high and huge as a mountain!

I don't know what it was made of, this giant cauldron is a blood-red color.

Three legs with round belly, round ears, strange shape.

There is an indescribable meaning of ancient clumsy.

It even looks a little clumsy, just like the ancient ancestors took mud and squeezed it.

But it reveals the unspeakable ancient and wild aura.

On the tripod body, there are countless weird patterns, forming a totem.

These patterns are not complicated. On the contrary, they are very simple and unspeakable.

But it reveals an unspeakable brutality!

The simple and brutal patterns are outlined together to form a weird, powerful but magnificent totem!

The strange and magnificent appearing in the same thing at the same time is really amazing.

Coupled with the blood-red cauldron, the ancient ferocious aura rushed forward!

At first glance, the heart beats wildly, the blood flow accelerates, and the heart is uncomfortable.

Then, Chen Feng saw again that there was blood shining through the pattern totem on the blood-red giant cauldron.

Those **** rays of light began to twist and condense in front of it!

In the end, it turned into an ancient seal!

Chen Feng clearly didn't know the word, but he knew how to pronounce it and what it meant!

Ancient Seal: Pro!

The next moment, another blood-red giant cauldron appeared.

Compared with the previous one, the size is similar, and the specifications are slightly different.

The pattern totem above is completely different.

Above the first great cauldron, there was an unspeakable evil, demonic, and fierce air.

And above the second great cauldron, there is only one aura, that is: murderous aura!

Unparalleled, huge murderous!

Seeing this great tripod is like seeing an ancient battlefield with millions of corpses and skulls drifting blood!

Murderous aura rose to the sky, like a sword inserted into the sky, as if to pierce this space!

Then, the red light on it showed through and turned into an ancient seal: soldiers!

Ancient Seal: Soldiers!

Then there is the third blood red giant cauldron!

The pattern totem shines through and turns into an ancient seal: Fight!

Then there is the fourth, fifth...

Almost instantly, a whole nine blood red cauldrons appeared in the sky!

Then, they were transformed into nine characters:

Pro! Bing! Fight! By! all! Array! Column! in! before!

Then, the voice of the Lord of Heaven rang out again!

"The Chosen Son is here!"

"Seal the title of Ten Thousand Years' Destiny, and awaken today!"

"Chen Feng, son of the Chosen, you can choose one of the above nine destiny titles!"

When Chen Feng heard this, his heart shook wildly.

These few words are very simple.

But the information included is extremely rich.

"These destiny titles are all titles that have been sealed for ten thousand years."

If it hadn't been for their own chosen son to appear, they wouldn't even appear.

And the reason for their appearance is because of the awakening of their identity as the chosen son of heaven.

So, does it mean that these titles are specially prepared for the Son of Heaven?

[Chapter 4658: I will go wherever he goes!](#)

At least, there is an extremely deep connection between the two.

Chen Feng sank, and looked at the nine blood-red cauldrons and the nine blood-red characters.

After a long time, he took a light breath and pointed at one of the blood-red giant cauldrons: "I choose this!"

Almost at the same time.

Outside, suddenly, a huge gate with bronze fangs shook violently. *novelusb.com*

The light inside, almost in a bursting posture, poured out.

In an instant, the front of everyone was dyed blood.

Everyone was shocked, and then they all became excited.

Such movement means that the person who comes out is absolutely extraordinary.

"This person may be the strongest person with the title of Destiny today."

Then, a roar of violent beasts came from the giant bronze fangs.

Bloody rays of light were lingering, and a figure slowly floated out of it.

She is tall and she is full of dazzling gold.

Around his body, there are countless giant beasts floating around, ups and downs around him, making bursts of roar.

This movement shocked everyone even more.

After a while, the light and shadow of those giant beasts just brushed, and all returned to his body, turning into the beast patterns on his body.

Those animal patterns gleamed with golden and blood intertwined light, which looked extremely mysterious and vast.

The next moment, above his head, there was a white light shining down suddenly.

Slender and weak, but with indescribable power.

It was a ray of moonlight!

"Yuehua light!"

Someone exclaimed, "Could it be that he condensed the title of Destiny above Yuehua Grade 1?"

"Is it possible? Yuehua's destiny title above the first rank will have Yuehua's light shine!"

Everyone's eyes fell on him, with indescribable expectations.

Then, that Yuehua light slowly condensed, and finally turned into a laurel crown, falling on his head.

This laurel is different from everyone else's.

The shape is like two crooked first quarter moons buckled together.

It is a laurel wreath!

Above the laurel crown, there are two laurel rays flashing!

Suddenly, the crowd burst into exclamation.

"The destiny title of Yuehua Second Stage, who is this person?"

"I have never seen him before, there shouldn't be much reputation before."

Fairy Yuheng and the others were all smiles.

It turns out that this person is a celestial beast slave!

The Tianchou Beast Slave widened his eyes, and in his gaze, the killing intent was extremely strong.

Suddenly let out a roar like a beast, echoing in the huge tower.

Obviously, he has not yet broken free from that trial world.

At this moment, on the Yuehua laurel crown, bursts of Yuehua light penetrated into his body, which made him calm down and his murderous aura was slightly reduced.

Slowly spit out a **** breath, and saw the situation in front of him clearly.

His eyes finally relaxed.

Fairy Yuheng looked at him with interest.

Originally, she had high hopes for the Heavenly Canal Beast Slave, although she valued it.

But before, the strength of the Heaven Canal Beast Slave was really too low, so there was no expectation that the Heaven Canal Beast Slave could complete the trial task.

I just want him to pass the trial world safely, accumulate strength, and wait for the next trial world to come.

As a result, he didn't expect that, looking like this, he not only completed the trial task, but also gained extremely rich in the trial world.

It turned out that at this time the strength of the Tiancun Beast Slave, the body's aura had reached the peak of the Nine Star Martial Emperor!

The real peak of Jiuxing Wudi!

Before entering, his strength was not as good as that of Jackie Chan and Cen Ruiyi and others, but now, it is already beyond them.

In the end, Jackie Chan stared at the Heavenly Canal Beast Slave with a stunned look, with a shocked face.

In the next moment, this shock turned into deep jealousy.

Originally, he was extremely radiant, and was praised by everyone.

But now, as soon as the Celestial Remnant Beast Slave came out, the second-grade Yuehua Destiny title was revealed, and his light was instantly suppressed.

"If there is no accident, this person should be the strongest destiny title this time!"

"That's right, the dignified Yuehua Second-Rank Destiny Title can be regarded as the top batch in the past 30 years."

"Unless a stronger genius is born, he should be the strongest person this year!"

Everyone looked at the Tiancun Beast Slave, with awe-inspiring expressions on their faces.

And those who came to recruit for the major sects and forces were also full of excitement, gearing up, and rushing forward.

"Brother, come to our Xuanyin Peak, and the four hundred heavenly path chalcedony will be offered immediately, and there will be a chance to enter the first floor of the giant tower of the Tibetan scriptures of the heavens."

The person next to him disdainfully said: "What are you?"

He looked at the Heavenly Remnant Beast Slave: "If you come to our Taixu Dao, we are Taixu Dao, and we have another chance to enter the second floor of the Great Tower of Tibetan Scriptures, I can give you!"

A big, sturdy man next to him laughed.

But he stretched out his hand directly.

Suddenly, a touch of golden light condensed in the palm of his hand.

But it was an extremely heavy dark blue shoulder armor, revealing the heavy color of metal.

It shone with shining light and showed an extremely powerful aura.

The position of the shoulder blades also created a huge momentum.

"This is a first-grade treasure, the lion head green golden armor. If you come to our King Kong Sect, this treasure will be yours!"

As soon as he said this, there was a moment of silence.

Everyone looked at the rough man with a look of surprise on his face.

"King Kong Sect, is willing to pay such a high price!"

An old man sighed softly: "King Kong Sect, the road that has always taken is fierce and domineering."

"Moreover, I always like to tame monsters for my own use."

"Today's cruel beast slaves are best for them, and it is reasonable to pay such a high price."

Following the words of the King Kong Sect, everyone else suddenly died down.

The price they paid was still much worse than the first-grade treasure.

First-class treasures are not so rare, they are also quite a few on the top of the sky.

But that is for the veteran powerhouse of the top of the sky.

For people who have just entered the top of the sky, or even those who have entered the top of the sky for less than 30 years, this treasure is extremely rare.

A treasure that is beyond sight!

If you can get one, you can double your combat power!

Even Fairy Yuheng and others couldn't help but show shock after listening.

"The Beidou team can't get these chips!"

Ruo Kuliu and the others showed a look of worry on their faces, looking at the Celestial Remnant Beast Slave, for fear of his heart moving.

Only Fairy Yuheng, with a faint smile on the corner of his mouth, didn't care at all.

Everyone's eyes fell on the Tianchou Beast Slave.

In the face of everyone's solicitation, Tianchou Beast Slave only smiled faintly.

He laughed loudly and said, "Where Brother Chen Feng is going, I will go there!"

When this remark came out, everyone was even more shocked.

[Chapter 4659: Overweight?](#)

"Then who is Chen Feng?"

"Yeah, why haven't I heard of it? It doesn't seem to be a famous person."

Someone slapped his head: "I remember."

"When they entered the trial world before, there was still a storm in this person."

"This person's strength is quite low, but he used one step to reach the sky and entered the **** trial event!"

The person next to him sneered: "With such a low strength, dare to enter the world of **** trials? Isn't this looking for death? Can he come out alive?"

"I think he is mostly dead inside."

Someone sighed: "This day the cruel beast slave is really a good man."

"I have such a strong strength and such a high level of Destiny, but I still need to listen to Chen Feng."

"Oh, what a pity!"

"Then what qualifications does Chen Feng have to have such a good brother!"

In the end, Jackie Chan had indescribable jealousy on his face.

In order to recruit Heavenly Remnant Beast Slaves, it can be said that they have spent their money.

The bargaining chips are much higher than when they were soliciting Jackie Chan.

In the end, Jackie Chan's eyes were even colder.

He was jealous of the Celestial Beast Slave, but knew that he could not provoke the Celestial Beast Slave.

But when I heard the phrase 'I'll go wherever Brother Chen Feng goes' from the Tianchou Beast Slave, he immediately vented all the anger on Chen Feng's head!

"You dog, why do you have a step-to-the-sky order? Why can you enter the world of **** trials?"

"Why do you have such a loyal brother? Why!"

"It's fine if you die in the world of trials, if you get lucky to come out alive! Wait! I will humiliate you severely!"

Tiancun Beast Slave came to Yuheng Fairy and the others.

Fairy Yuheng smiled and said: "Tiancan, congratulations, I didn't expect you to have such a chance."

The Tiancun Beast Slave sighed lightly, and there was also a hint of fortune in his eyes.

"Really luck!"

"The world I entered is very special. Otherwise, let alone what I have achieved today, I am afraid I will die in it."

As soon as he said, everyone knew.

It turned out that the world he entered was a world where monsters were rampant.

In that world, the human martial artist is a blue ray, and the martial arts civilization is extremely weak.

But the power of the monster beast is enormous.

He even had his own cultivation system, established dynasties, empires, and so on.

Very powerful!

This time, the task of the Tianchou Beast Slave was extremely difficult.

But fortunately, this world is a perfect fit for him.

Therefore, relying on one's own ability to train beasts, can you get through the risk.

Jin Yuxie stared at him with a gloomy expression: "Tiancan beast slave, you and Chen Feng were from our Beidou team before."

"Now, it is said that Chen Feng is the only one to look forward to, and you will go wherever he goes?"

"What do you mean? Do you dare to betray our Beidou team?"

The Tiancun Beast slave's eyebrows cold, staring at him solemnly:

"Jin Yuxie, we belong to the Big Dipper team, but you, a member of the Big Dipper team, are all sorts of crowding and suppressing us!"

"Have you ever fulfilled any responsibilities?"

"If we stay, it can only be a reason!"

He pointed to Fairy Yuheng: "It's for Sister Yuheng!"

"We are leaving, but there are countless reasons!"

"What I said is wrong?"

In an instant, Jin Yuxie couldn't say a word that he topped, and said murderously: "You dare to talk to me like this?"

The momentum is pressed forward, and it turns out to be pressing!

Use your own strength to suppress the heavenly beast slaves!

This time, Fairy Yuheng didn't use it.

The two evil shadows rose up, and fiercely bounced Jin Yu's evil aura back.

The two sternly shouted: "Jin Yuxie, are you trying to force the Heavenly Remnant Beast Slave to leave our Beidou team?"

Jin Yuxie gritted his teeth and stopped speaking in angrily.

After a few more people came out, there was no movement from those giant bronze fangs.

At this moment, the ninety-nine bronze fangs giant gates, and the nine **** bronze fangs giant gates above, began to vibrate.

Everyone was refreshed: "The highlight is coming!"

The nine **** bronze fangs giant doors are about to open!

Those real geniuses who used the one-step ascending order to enter it will appear one after another!

In the end, Jackie Chan, Cen Ruiyi and others, these are also considered geniuses.

But they are not considered to be the top one.

The top-notch kind has long been supported by the sect forces, and it is not difficult for them to reach the sky in one step.

They entered the world of **** trials.

At this time, the world of **** trials only opened after the normal world of trials was opened.

With a bang, a **** bronze fangs drama door opened.

A figure emerged from it.

In an instant, the light of Yuehua haunted his body and condensed into a laurel crown.

A ray of Yuehua light flashed, indicating that his destiny title had reached the first Yuehua rank.

The man laughed, his eyes swept across the crowd, full of pride.

Also qualified to be so proud.

Condensing the title of Yuehua First Grade Destiny means that his future has unlimited possibilities.

At the same time, the huge bronze fangs door next to it opened, and the people who appeared inside had condensed the title of Third Stage Star Destiny.

Someone came out one after another

There are people who have not been given any title of destiny, and they look sad.

But many more have got the title of fate.

About half an hour later, about thirty people came out of the giant **** bronze fangs gate.

Hundreds of trial disciples came out of the ninety-nine ordinary bronze fangs below.

But only dozens of people in it got the title of fate.

The highest rank is the second-grade celestial beast slave of Yuehua.

And although the number of people who came out of the nine **** bronze fangs giant gates above was only about dozens, almost half of them had obtained the title of Destiny.

The number of trial disciples who have obtained the title of Mandate of Heaven is comparable to the following ones.

Moreover, the general destiny title is relatively high.

There was even one, just like the Tianchou Beast Slave, who also reached the second rank of Yuehua.

Like Jackie Chan, it can only be regarded as medium among these people.

In the end, Jackie Chan was deeply shocked, and even gritted his teeth secretly and ruthlessly: "My face has been lost a lot by their suppression."

"In a moment, if Chen Feng shows up, he will have to be cleaned up to save some face."

And while waiting for another cup of tea, no one came out of this **** bronze fangs giant gate.

"There should be no one."

"Yes, it seems that the strongest destiny title this year is the cruel beast slave."

In the end, Jackie Chan and Cen Ruiyi laughed disdainfully: "Chen Feng's trash is irrelevant. Do you still want to challenge the **** trial world?"

"Death in it deserves it!"

"Now, we don't need to clean him up, he has no chance to come out alive."

[Chapter 4660: Da Ri Yipin! Chen Feng's destiny title!](#)

Jin Yuxie tweeted: "I wasted my step to the sky."

Tiancun Beast Slave and Mei Wuxia have firm faces: "Big Brother Chen Feng definitely cannot die inside!"

Fairy Yuheng also smiled slightly: "Wait."

They all have confidence in Chen Feng.

Jin Yuxie shouted impatiently: "What are you waiting for?"

"Chen Feng is already dead inside, understand?"

"If you continue to wait here, it's just a waste of time!"

At this moment, there was a clear chuckle suddenly, coming from the **** bronze fangs giant gate:

"Who said I Chen Feng died inside?"

As the voice fell, the **** bronze fangs giant gate suddenly shook violently.

A huge amount of light gushes from it.

When they saw this light, everyone shouted in exclamation.

It turned out that they saw that this light was neither starlight nor moonlight!

It's the brilliant and brilliant sun!

"It turned out to be the bright sun, could it be..."

Someone said in a dreamlike tone.

Having said this, he didn't dare to say any more, and he didn't even believe his guess.

The person next to him said slowly, "Could it be that Chen Feng has reached the first grade of the day, or even higher?"

Among the crowd's incomparably surprised eyes, there was a thud, and among the nine **** bronze fangs giant gates, the middle one opened directly.

A figure floated out of the sky.

Slender, tall and straight, with a long body and a gentle smile on his mouth.

It is Chen Feng!

Seeing him appear, Tianchou Beast Slave and Mei Wuxia immediately let out a burst of cheers!

Fairy Yuheng raised the corner of his mouth: "Chen Feng, I know that this **** trial world is nothing to you."

In the end, Jackie Chan and Cen Ruiyi's eyes widened, with an expression of disbelief on their faces.

They looked at each other, and then, that disbelief turned into a deep horror!

"Chen Feng is not dead?"

"He came out of the world of **** trials, and looking at the posture, it seems that he can still condense a great sun crown!"

"That means that it is at least the destiny title of Dairi Grade 1 or higher!"

"How is it possible? How is this possible?"

In the end, Jackie Chan's heart was full, all about how to retaliate and clean up Chen Feng and how to humiliate Chen Feng.

But now, the reality is like a basin of cold water pouring on his head, making him cold.

"Chen Feng wants to condense the crown of the sun? I was crushed by him? And it was crushed thoroughly!"

Chen Feng raised his head and looked at the big sunlight above his head that was slowly coiling around.

A smile was drawn at the corner of his mouth, and he flicked his fingers.

So in an instant, these big sunlight splashed down and lingered around Chen Feng.

Chen Feng turned into a big sun, with brilliant light!

Everyone who was exposed could not open their eyes!

At this moment, in the entire trial tower, all the glory belongs to Chen Feng!

In the next moment, Chen Feng flicked his fingers.

The great sunlight was broken!

A crown appeared on Chen Feng's head.

Its shape is like a scorching sun, with a blazing sunlight on its surface, slowly passing by.

Everyone was stunned!

The entire trial tower fell into a dead silence for an instant!

Then came bursts of huge exclamations!

"The Great Sun Crown! Chen Feng really condenses the Great Sun Crown!"

"He condensed the title of fate of the first grade of the day!"

"Heaven is the ruler, and no one has won the title of Yuehua Third Grade or higher destiny for a hundred years, right!"

The person next to him exclaimed excitedly: "Yes, in the last hundred years, the only one-month Hua third-grade destiny title was the one who was 97 years ago!"

Someone next to him exclaimed in a dreamlike tone: "The last one, the first-grade destiny title, dates back to the inexperienced genius 270 years ago! Qingxu Taoist!"

"Qingxu Taoist!"

When everyone mentioned the name, they were immediately full of awe: "That is the head of the powerful sect Taixu Dao!"

"It is said that the strength has broken through the Star Soul Martial God Realm, reaching the horrible existence of ancient power level!"

"Yes!"

Everyone looked at Chen Feng, their eyes full of shock.

The person of Taixu Taoist who had spoken before looked at Chen Feng, and his eyes were bright and complicated.

The last one to get the title of Da Ri Grade 1 Destiny was their ancestor of Taixu Dao.

And now he has witnessed the birth of another person who has obtained the title of Da Ri Yipin Destiny!

This had to make a very strange feeling in his heart!

Taixu Dao is a powerful force that can be counted on the top of the sky.

The top of the sky, I don't know how many years it will last.

Some of the sects inside are intertwined and have a history of thousands or even tens of thousands of years.

But this is too imaginary, but it is extremely young, only a few hundred years old.

But it can also be among the powerful sects!

It is because of their master, the Taoist of Purity!

At that time, he was awarded the title of the first-grade destiny of the great day, with the supreme talent, stunning talents, rising against the sky, and leading a sect with his own strength, standing here!

Chen Feng!

Everyone will keep this name in their hearts!

Everyone knows that starting from this day, the name Chen Feng will surely spread all over the top of the sky!

Maybe he is still weak now, but as long as he grows up, he will definitely shock everyone!

"We underestimated Chen Feng before!"

"Yes, it's no wonder that Chen Feng can let the Heavenly Remnant Beast Slaves and others only look forward to his head. There is indeed something unusual!"

Facing everyone's awe-inspiring gaze, Chen Feng sighed softly.

"Is this my destiny title?"

"Da Ri first grade, title of destiny!"

Chen Feng whispered to himself: "If I choose a few other blood-red giant cauldrons? Will the level be higher?"

In Chen Feng's tone, there was also a little dissatisfaction.

It seems that the level of his destiny title is a little low.

If it is heard by others, it will really shock your jaw.

Chen Feng discarded distracting thoughts and swept away.

I saw Fairy Yu Heng who looked at him lightly and smiled.

I saw Tiancan Beast Slave and Mei Wuxia who were joyfully shouting there.

A slight smile appeared at the corner of his mouth, and he let out a sullen breath, suddenly feeling that the top of the sky was also extremely cute.

"The world of **** trials is finally over."

"Some grievances, it's time to end!"

The expression in his eyes suddenly became cold.

After everyone in the huge tower of trial was shocked by Chen Feng's first-grade destiny title, there was endless excitement.

The people of the various major sect forces completely gave up all their reservations and arrogance, and they all rushed forward madly.

In an instant, he rushed to Chen Feng not far away.

They shouted loudly and desperately solicited.
