

## Peerless 4681

### [Chapter 4681: I found you!](#)

"You have no choice. If you don't tell me, you can! I have the means to clean up you."

The next moment, Chen Feng tapped his finger and landed on Chu Shaoyang.

Chu Shaoyang didn't care at first, then he trembled all over.

The next moment, his whole body convulsed violently.

His face showed extreme pain, he gritted his teeth at first, but couldn't hold it after three seconds.

He let out a scream and shouted again and again: "Chen Feng, please, forgive me!"

"I say everything, I say everything...ah!"

Chen Feng smiled lazily, "I beg for mercy? Now you are willing to say it, right?"

"Sorry, I don't want to listen."

Chen Feng smiled coldly, tapped his fingers, and added a bit of strength.

Chu Shaoyang's scream suddenly increased countless times.

Cruel and terrible.

It is really sad for the listener, and tears for the listener.

For a moment, there was silence outside the east gate.

Everyone looked at him and listened to his terrifying screams, their hair was terrified.

Since Chu Shaoyang didn't know how to promote, Chen Feng would naturally not be polite.

Anyway, the two people are deeply feuding, how to deal with Chu Shaoyang, Chen Feng will not have a psychological burden.

Chu Shaoyang's screams lasted for three hours.

Later, his face was pale and his strength was almost exhausted.

That scream was almost impossible to send out.

The whole person is dying.

Everyone was shocked in their hearts: "This Chen Feng, the methods are really cruel!"

At this moment, Chen Feng smiled slightly and walked to him.

Then, the heaven and earth turning over and reincarnation magic power suddenly started.

So instantly, Chu Shaoyang felt a huge blue pupil appeared in front of his eyes.

As the faint light flashed by, his spirit seemed to be torn out, sinking deeply into the faint blue pupils.

At this time, the world overturned in the reincarnation divine art practice space.

Among the three rounds of huge pupils, scenes of pictures flashed out of the dark blue pupils.

Chen Feng searched it carefully.

What he was looking for was the position of the ancient power in Chu Shaoyang's memory.

Almost at the same moment, above the nine heavens, in the endless wind.

A pair of closed eyes suddenly opened.

Those two huge eyes were deep to a few points, like a deep ancient pond, without emotion.

Some are just indifferent, and look down on the world as a dog!

Suddenly, his brow furrowed, as if he had sensed something.

The next moment, a look of surprise suddenly appeared on his face: "What happened to Chu Shaoyang?"

He has always been indifferent, and he won't have any reaction to big things.

At this time, these reactions meant that he was shocked to the extreme in his heart!

As a result, he was a little at a loss for a while.

"Impossible, Chu Shaoyang, I give him the strength of Qixing Wudi."

"He is also a well-known person, and will not provoke those who are beyond his strength!"

"He should have made an appointment with Chen Feng to seize his luck and help me win that treasure!" *novelUSB.com*

"How could something happen to him? How could Chen Feng kill him!"

"Could it be that....."

He suddenly thought of a possibility in his heart, and immediately trembled fiercely.

"Before, when Chen Feng went to the deserted ancient ruins, I once killed him, but failed."

"Could it be that Chen Feng has had an adventure in that world in just a few months? His strength has skyrocketed?"

"Can you easily crush Chu Shaoyang?"

He was really smart, and he immediately guessed the correct answer.

And just when he was thinking about it.

Suddenly, his brows frowned, and his eyes suddenly became extremely cold and stern, like two blade lights, murderous!

It turned out that at this moment, he actually felt a trace of prying!

A trace comes from other people, I don't know how far away, to pry into him!

"Who would dare to spy on the old man? It's impossible to find death!"

His low voice sounded, echoing above the nine heavens.

With infinite majesty, the voice slowly fell, falling below the layer of wind.

Suddenly, on a sky with a radius of thousands of miles, there is a huge cloud of lead condensed, and there are thousands of electric snakes!

There was a thunderstorm, and there was heavy rain!

The heavy rain poured down like a waterfall, instantly turning a radius of a radius into a country of Zee.

This ancient power, just a word of anger fell, unexpectedly has such power!

It is hard to imagine his strength!

At the same time, in Chen Feng Tiandi's reincarnation magic space.

Scenes flashed across the screen.

Suddenly, Chen Feng was shocked if he felt something.

Then, I saw an existence in the picture.

A terrifying existence who stands upright in general and is huge beyond imagination!

He couldn't even see his full face even when he raised his head, so he leaned slantingly in the endless wind.

But at the moment Chen Feng looked up, if that terrifying existence felt something, he suddenly bowed his head!

With the supremely majestic golden eyes, he looked in the direction of Chen Feng!

Angrily shouted: "Who would dare to spy on the old man? It's impossible to find death!"

The voice rolled, coming from the huge dark blue pupils.

Just like the essence, blast on Chen Feng!

As Chen Feng was hit hard, he felt dizzy in his brain and painful all over his body, and his spirit seemed to be torn apart by life!

Chen Feng let out a low roar, the world overturned the reincarnation magical space, shattering like crystals.

With a jerk, he returned to the real world.

Staggered, in the void, retreating a few steps,

Chen Feng vomited blood repeatedly, his figure was shaking, and his face turned pale.

However, a smile was drawn at the corner of his mouth, and his lips were gently pursed: "I found you!"

At this moment, Chen Feng suddenly felt that Chu Shaoyang, who was caught in his hands, trembled violently.

Behind him, there seemed to be a flash of light.

Chen Feng suddenly raised his head and looked into the distance.

In the darkness, a line seemed to spread rapidly towards this side.

One end of this line is above the nine heavens!

The other end was on Chu Shaoyang in his own hands.

Chen Feng raised his eyebrows, and immediately knew what was going on.

An incomparably powerful force, accompanied by a fierce killing intent, spread rapidly from that line towards him!

This feeling is very familiar to him.

I have felt it more than once before.

"Are you going to kill?"

But Chen Feng knew that this time, the killing intent of this ancient might was not directed at him.

He is not going to kill himself!

Because he no longer has this ability!

Chen Feng's current strength is not something he can kill if he wants to.

He was going to kill Chu Shaoyang!

I am afraid that Chu Shaoyang will reveal more of his secrets!

Chen Feng suddenly laughed and looked at the void in the distance: "You want to kill him, don't you?"

"Sorry, now he is in my hands! Whether it is alive or dead, I have the final say!"

After all, Chen Feng raised Chu Shaoyang high.

[Chapter 4682: A grievance is avenged, and the song is crying!](#)

Look at the line that spreads in the void.

"Look up!"

A provocative expression appeared at the corner of his mouth!

At this moment, Chu Shaoyang seemed to realize his destiny.

He turned his head, tears streaming down his head, pleading all over his face, like a dog wagging its tail.

"Chen Feng, don't kill me, don't kill me..."

"I kill you, not for myself, but for those who were killed by you, my relatives and friends are old!"

Chen Feng's voice suddenly rose, and murderous intent came out in his eyes!

He was extremely angry, and his killing intent was surging to the extreme!

"Back then, when you killed them, did you think about today?"

Chen Feng roared wildly and punched out!

The fierce power raged in Chu Shaoyang's body!

Brings his last life!

"what....."

Chu Shaoyang's screams came to an abrupt end!

His head tilted, the light in his eyes dimmed, and his breath was immediately cut off!

Chu Shaoyang, dead!

In the void, there seemed to be an angry roar!

Chen Feng looked up to the sky and roared: "Senior Brother Bai, Ruyan, Yuechun...I have revenge for you!"

Tears fell from the corner of his eyes!

A grievance is avenged, and the song is crying!

So far, one of the sons of luck in the Dragon Vein Continent, once competed with Chen Feng, a generation of heroes!

Just fell!

And at the moment he died, suddenly, from his body, there were countless bright spots floating out.

This dazzling spot of light, every thread, has an unexplainable connection with the Dragon Vein Continent.

Then, all these light spots penetrated into Chen Feng's body.

So in an instant, Chen Feng felt that the power of Qi Yun in his body increased a little.

Moreover, the connection with the Dragon Vein Continent has become much closer.

Chen Feng knew that this was because he killed this son of luck, so all the luck in him was already his!

Chen Feng sighed slightly, and after a while, his emotions calmed down.

At the moment when Chen Feng's luck was flourishing, it strengthened again.

Suddenly, if he felt something, he suddenly turned around and looked at a place in Chaoge Tianzi City.

His eyes traversed through the clouds, through the layers of buildings, through the heavy mountains under the Chaoge Tianzi City.

As if to see a hidden place under Chaoge Tianzi City!

At that moment, Chen Feng clearly felt it, as if the huge heart of a giant beast was beating quietly!

And this behemoth!

It's the entire Dragon Vein Continent!

Chen Feng suddenly thought: "That's..."

He suddenly remembered the news he had received before.

The six sects are coveting a treasure.

This treasure, which involves the luck of the entire Dragon Vein Continent, is a supreme treasure!

It can almost be said that most of the power of the Dragon Vein Continent will be concentrated on this treasure!

"Could it be that what I sensed at this moment is the treasure?"

With the enhancement of Chen Feng's luck, he clearly felt the treasure that involved the luck of the entire Longmai Continent!

But at the same time, Chen Feng felt a bit of extreme danger!

The intensity of this danger suffocated Chen Feng almost instantly!

Chen Feng sighed softly, calmed his emotions, thoughtfully.

After a long time, his eyes fell on everyone.

When encountering Chen Feng's gaze, everyone trembled in their hearts, bowed their heads and dared not look at him!

Full of awe!

Many people stood up and cheered, looking at Chen Feng with joy.

These people are all old friends with Chen Feng.

Chen Feng smiled slightly, and finished packing Chu Shaoyang and Xiahou Yinghao, which didn't mean it was over.

This is just the beginning.

His eyes fell on the three hundred warships, and on Zhao Haochu who was on the huge warship in front.

"Zhao Haochu, today is the time for me to compete."

"You brought so many people here, what do you intend to do?"

Zhao Hao has been in great shock since the beginning.

Then, this shock turned into a panic!

"I offended him like that before, will he..."

Thinking of this idea in his mind, Chen Feng's gaze fell.

Zhao Haochu quickly squeezed a smile on his face, looked at Chen Feng, waved his hands again and again: "Nothing, nothing."

"Below, just passing by, passing by, passing by!"

"Passing by?"

Chen Feng raised his eyebrows, not smiling.

Zhao Haochu nodded again and again: "Master Chen, you really passed by, don't get me wrong."

"There is no other intention in the next, let's go now!"

After that, he waved his hand and gave orders repeatedly.

It was just preparing to take these three hundred floating warships back to the city lord's mansion.

The warships began to move slowly, and Chen Feng smiled coldly: "Did I let you go?"

Zhao Haochu suddenly stiffened, and slowly turned his head, looking at Chen Feng, his face darkened:

"Master Chen, don't deceive people too much!"

Chen Feng smiled slightly: "I want to deceive people too much."

Zhao Haochu's face was gloomy, knowing that today's things are no longer good.

Zhao Haochu shouted wildly: "Chen Feng, do you think you can knead me at will today? I am not without the power to resist!"

Chen Feng smiled softly: "Okay, resist!"

Zhao Haochu shouted: "Bu Xuangui bears the mountain formation!"

Many masters of Chaoge Tianzi City shouted one after another, and the floating warships began to move.

It took a full cup of tea time before setting up a big array.

It is shaped like a giant tortoise, with a yellowish ray of light, straight into the sky.

The yellow light flashed, giving people the feeling that the defense was extremely hard.

Generally speaking, the layout is all about speed.

The faster the formation and formation, the more difficult it is for people to deal with it.

The formation is so slow, it is easy for the enemy to take advantage of it.

Of course, speaking from the other side, the power of such a large formation is extremely powerful!

Zhao Haochu stood proudly on the front ship, looked at Chen Feng, and laughed wildly.

"Chen Feng, you are really too arrogant."

At this time, he was already full of pride, no longer as embarrassed as he was just now: "You are at fault, you shouldn't give me time to set up a big battle!"

"Since I was allowed to set up a big battle, I won't be defeated today!"

"No matter how strong you are, you won't be able to destroy my mysterious tortoise's negative mountain formation!"

Everyone whispered.

"Chen Feng may break this big formation?"

"It's horrible, I heard that this mysterious turtle bears mountain formation, known as the world's first tortoise shell, and claims to be the first defense among all formations in the Dragon Vein Continent."

"I heard that in those days, a certain Marshal of the God of War Palace also used his own power to provoke the Xuangui Nieshan Great Formation in Chaoge Tianzi City!"

"Finally, after fighting for three days and three nights, it still failed to break its tortoise shell..."

The person next to him exclaimed: "The Marshal of the God of War, the weakest is also the strongest Eight-Star Emperor!"

"Yes, even the Eight-Star Emperor Wu has nothing to do with this Xuanwu Great Formation!"

"Chen Feng is a little bit big and shouldn't wait for the formation of the formation."

[Chapter 4683: After January, fight Xiahou Jiuyuan!](#)

Everyone felt that Chen Feng was a little big.

At this time, Chen Feng ignored Zhao Haochu who was yelling above the sky.

Instead, he looked at the people of the nine major forces.

First, he nodded slowly to Bai Ruoxi, then glanced at Transition and others, and suddenly spoke:

"Everyone, this time the Chaoge Tianzi City matter is over, I will go to the God of War Palace myself."

"After January, ask Xiahou Jiuyuan for advice or two."

When everyone heard it, they were all in an uproar.

Although Chen Feng said politely, everyone knew what he meant!

After January, make an appointment with Xiahou Jiuyuan at the God of War Palace!

"Chen Feng is going to the God of War Mansion and singles out Xiahou Jiuyuan!"

"He is too mad, Xiahou Jiuyuan, is recognized as the first person in the nine major forces of the Dragon Vein Continent, and there are countless strong people in the God of War Palace!"

"Chen Feng wants to go by himself, is he an opponent?"

If Chen Feng said this before, it would only be considered arrogant and ridiculous by everyone.

But now, when he said it, everyone was a little skeptical.

Chen Feng has proven himself.

The people of the nine major forces were also shocked.

Chen Feng spoke again: "I hope that, except for the Xuanyuan family."

"Everyone, you can take the treasure of your sect of the town and go to the God of War Palace!"

Upon hearing this, everyone was even more disgusted!

"Chen Feng is trying to grab our treasure of the township!"

"Who does he think he is? Since the rise of the nine powers of myself, no one has ever been able to do this!"

"Chen Feng is too crazy, who does he think he is?"

"He and Xiahou Jiuyuan are strong and who are weak. They haven't distinguished yet! Just thinking about coveting our treasure of the town?"

The faces of the nine major forces are gloomy and extremely ugly.

Chen Feng's move clearly meant to tell them:

"After I have defeated Xiahou Jiuyuan, I will take away the treasure of your township!"

Who can stand it?

Chen Feng smiled and said, "I said this, who agrees? Who opposes?"

Everyone was in an uproar!

Then, Du Kong slowly got up, stared at Chen Feng, and said coldly: "I oppose it from the jungle of ten directions!"

With him taking the lead, the people next to him also got up.

Shangguan Junfa suddenly stood up: "Needless to say, I am opposed to God of War Palace!"

Among the nine major forces, more than half of them opposed it.

Chen Feng didn't get angry, just looked at them and smiled faintly.

After they finished speaking, they applauded gently: "Okay, very good."

Seeing this situation, the people of the nine major powers were the last worry.

There was a sense of confidence and arrogance on his face.

"I thought what Chen Feng could do to us!"

"Yes, we are against it, isn't he also helpless?"

"Hahaha, our nine forces are fighting side by side, what can Chen Feng do to us?"

Du Kong sneered coldly and said, "He may not even be able to pass the level of Zhao Haochu, the Emperor City of Chaoge. He wants to bully us?"

Chen Feng smiled faintly. Suddenly in his figure, he came to the mysterious turtle negative mountain formation!

Then, a punch came out!

When Chen Feng's punch fell, everyone felt the space in front of him, as if it bulged.

Then, it shrank back fiercely.

At this moment, everything seems to be frozen in the world! All seem to be frozen!

Everyone's actions directly condense.

And the next moment, there was a loud noise like earth-shaking, spreading all over the world!

Boom boom boom...

The sound of violent explosion is endless.

A warship was directly blown to pieces, and the second and third...

Amid the successive explosions, the entire three hundred floating warships were blown to pieces!

None of them escaped!

Fragments of the floating warship splashed everywhere, and those warriors were seriously injured by the bombing, screaming screams, and floating in the air.

The blood was mixed with the fragments of the floating warship, and it was like a rain of blood falling in this area of thousands of miles!

Punch!

Just one punch!

Chen Feng smashed these three hundred floating warships to pieces!

It's just that everyone saw this scene, it seems that there is no surprise.

Even the expression is a little numb.

Today, they have been shocked by Chen Feng too many times.

In the eyes of everyone, what kind of miracle Chen Feng has created now does not seem to surprise people.

And the largest warship that Zhao Haochu was on was also at the forefront.

Therefore, the impact was the strongest.

Almost at the moment when Chen Feng's fist fell, that warship bulged!

Then, it exploded.

It turned into a tattered sky and scattered.

Everyone above was severely injured and screamed again and again.

Zhao Hao Chu was the strongest, but he avoided.

He instinctively retreated, avoiding this area.

But one of his faces was stubborn, and the whole person seemed silly.

Avoidance is just physical instinct.

He was stupid.

Everything that happened here was completely beyond his imagination.

After a while, he was awakened by the sound of continuous explosions.

Zhao Haochu trembled all over, his face pale!

His heart is bleeding!

These three hundred floating warships are the essence of the entire Chaoge City Lord's Mansion.

All the masters of the City Lord's Mansion are all inside, and all the family backgrounds are also integrated.

He was still full of confidence, and wanted to rely on these to get a bargain, and even sack Chen Feng.

But unexpectedly, Chen Feng would shatter everything he had with a single punch!

But soon, he didn't care about these floating warships.

Because Chen Feng already looked at him.

But to everyone's expectation, Zhao Haochu did not run.

Instead, with a smile on his face, he looked at Chen Feng and said loudly, "Master Chen is really good, I'm taking it down!"

"Impressed?"

Chen Feng raised his eyebrows: "How to do it?"

Zhao Haochu bends over, his face is full of flattery, doing his best to flatter:

"How does Young Master Chen want to serve? How to serve him?"

"Master Chen asks what he will say next."

"Young Master Chen will give whatever he wants."

Chen Feng laughed.

This Zhao Haochu is a man who knows current affairs.

He does not necessarily have to kill Zhao Haochu, just ask some questions.

This Zhao Haochu is also an obedient person.

He saw the end of Chu Shaoyang and Xiahou Yinghao with his own eyes. He knew very well that he was stronger than Xiahou Yinghao, but definitely not better than Chu Shaoyang.

And his biggest dependence has also disappeared.

In front of Chen Feng, he couldn't beat him, and he couldn't escape.

Struggling is useless at all.

It would be better to use your last value in exchange for a chance to survive.

Chen Feng beckoned, Zhao Haochu quickly came to Chen Feng.

Chen Feng said softly: "I really have a few questions to ask you."

He lowered his voice and said word by word: "What do you have to do with Daqinglian Temple? Where did your ancestors come from? What's the secret?"

[Chapter 4684: After I have finished speaking, who agrees? Who opposes?](#)

An hour later, Zhao Haochu left safely.

Chen Feng did not embarrass him.

Looking at Zhao Haochu's back, Chen Feng thoughtfully.

"It turns out that this Chaoge Emperor City City Lord's Mansion has such a relationship with Daqinglian Temple."

It turned out that Zhao Haochu, and even the ancestors of the City Lord's Mansion of Chaoge Emperor City, were not from the Longmai Continent at all.

It is a visitor from Daqinglian Temple.

However, his ancestor is not the same as the ancestor of Shifang Jungle.

The ancestor of Chaoge Tianzi City was sent by Daqinglian Temple to hunt down the ancestor of the Shifang Jungle Creation School.

It's just that when he broke through time and space and came here, he found that the person he wanted to kill was no longer what he used to be.

The strength is even better than him.

This person is also quite a savvy person, and he simply buried this secret in his heart, as it never happened before.

But here, it created the line of the City Lord's Mansion of Chaoge Emperor City.

Because of this, they have a deep perception of Daqinglian Temple.

When Daqinglian Temple landed on the Dragon Vein Continent, it could be discovered for the first time.

Chen Feng bowed his head and looked at what he was holding.

This is a palm-sized disc, which looks like a jade symbol.

The whole body is a purple, with an incomparably noble and powerful and gorgeous atmosphere, floating out from above!

When Chen Feng looked at this thing, he couldn't help but have a desire to worship!

Moreover, there is a little purple dragon floating in this purple jade plate.

But the fingers are generally long and short, but the purple gas is transpiring, and it feels very noble!

Above it, it is even more revealing the power of infinite air luck, rushing toward the face!

Chen Feng looked at this thing and sighed softly: "Unexpectedly, there will be this unexpected harvest today."

Chen Feng could see at a glance, this thing condensed the power of strong luck to the extreme.

The strength and intensity of the air luck in it can even be said that it is not up or down with oneself.

Even Zhao Haochu couldn't tell the origin of this thing.

Just saying: After his ancestors got this thing, he was invincible and set a foundation.

But Chen Feng could tell at a glance!

Chaoge Tianzi City is the core of the Dragon Vein Continent.

The intensity of luck here is tens of thousands or hundreds of thousands times that of other places!

It can be said that occupying this place has the foundation of the king.

Therefore, the luck here is so strong that it has even been embodied.

It was the purple dragon jade symbol in front of me!

The power of luck inside is so strong that it is unimaginable.

This is also the reason why Zhao Haochu's family can firmly occupy Chaoge Tianzi City.

Chen Feng sighed gently, turned his hands, and put away the thing.

He patted his hands leisurely, as if it wasn't the three-hundred floating warship that had breached Chaoge Tianzi City just now, and the Xuangui Negative Mountain Array that could resist the attack of the Eight-Star Emperor Wu.

Instead, he killed a bug at random.

He looked at the crowd and smiled and said, "Now, who is for? Who is against?"

Extremely quiet, deathly silence!

No one objected!

The arrogant and loudly yelling nine powerful forces just now shivered like little quails shivering in the cold wind.

He didn't dare to say a word, and he shrank his neck for fear that Chen Feng would notice him.

Who dare to object? Who dare to speak? Can't find death?

That blow just now meant that Chen Feng's strength absolutely surpassed Xiahou Jiuyuan!

At least the eight-star Wudi peak!

Everyone's eyes fell on Shangguan Junfa and Du Kong.

The two of them were the happiest in jumping, and all kinds of words were rude to Chen Feng.

As a result, the two of them were there one by one like a gourd, and they couldn't let out a fart.

There was a low laugh from the crowd.

"Du Kong was so arrogant just now, thinking how hard he was?"

"Stubborn ass, just bullying the soft and afraid of the hard."

"Chen Feng wants to crush them to death, like ants."

These words were passed to Shangguan Junfa and Du Kong verbatim.

The two of them were like pig liver, and they wanted to find a place to sew in.

They know that today's face is lost.

No more face to walk on the Dragon Vessel Continent from now on.

Chen Feng looked at the two of them and smiled and said, "One God of War Mansion, one Ten-square jungle."

"Awesome! Very arrogant!"

"I think you seem to be a little dissatisfied? Come on! I'll listen."

Both Shangguan Junfa and Dukong were silent.

Chen Feng's volume suddenly rose: "I will let you talk!"

Suddenly, both of them shivered violently, trembling all over, and almost jumped in fright.

Shangguan Junfa squeezed a smile that was uglier than crying: "My God of War Palace has no objection, no objection."

Dukong also waved his hands again and again: "Old Na has just failed to speak, and I hope Master Chen can atone for his crime."

Chen Feng laughed: "Bullying and fearing hard waste!"

He flicked his sleeves, turned and left, but left a cold sentence:

"After a month, I hope to see all the treasures of the nine major forces in front of me."

"Don't force me to pick it up by myself."

The voice was faint, but it made everyone feel awe-inspiring.

If you wait until Chen Feng comes to pick it up, the consequences will be unpredictable.

An emerald green light across the sky is Chen Feng's Qingluan Ruyi Boat.

And below, behind the Qingluan Ruyi Boat, and in the distance, there is a large blackened area.

If you look closely, you will find that this black and dark cloud is actually composed of countless warriors, wishful boats, floating boats, etc.

At a glance, it is scattered in the surrounding area of thousands of miles.

Some warriors fly with swords and step on their weapons.

Some take a floating warship.

Some are stronger, standing proudly on the wishful boat.

Many others are riding huge monsters...

There are various methods.

There are hundreds of thousands of warriors, scattered in a huge area with a radius of thousands of miles.

From a distance, it looks like a floating cloud.

And their only goal is to follow the emerald green light in front: Qingluan Ruyizhou!

In other words, they have to follow Chen Feng.

Everyone was talking, happily and expectantly.

A joke, Chen Feng is going to single-handedly challenge Xiahou Jiuyuan and the entire God of War Palace!

What a grand occasion is this?

If you miss it, it will be a pity for life.

Everyone wants to take a look at this spectacular scene.

Everyone went all the way to the northwest, and after a day, they arrived at a huge city counted by the Dragon Vein Continent.

Although it is not as good as Chaoge Tianzi City, it is definitely not bad.

There are also many terrorist forces and powerful warriors inside.

The news reached here long ago.

As a result, when Qingluan Ruyizhou passed by and left, the team behind him became a little bigger.

For several days, Qingluan Ruyizhou continued to pass through some prosperous giant cities, with abundant spiritual energy and rich martial arts.

#### [Chapter 4685: Panic six hidden sects](#)

The people behind him are getting bigger and bigger.

Soon, it has changed from a radius of a thousand miles to a huge radius of two to three thousand miles.

The number has reached one million!

According to common sense, they should be unable to keep up with Qingluan Ruyizhou at all.

The reason why Qingluan Ruyizhou is a Ruyizhou is because it can fly in the wind.

The flying speed and flying height are not comparable to those ordinary floating warships.

But now, Qingluan Ruyizhou is hundreds of miles away from them, falling far in front, seeming to be deliberately waiting for them to follow.

The fact is exactly the same, this is exactly where Chen Feng's purpose lies.

He just wants everyone to keep up, just to publicize the matter.

It is to attract the powerful and powerful people in this entire Dragon Vein Continent to the God of War Palace!

Attracted, the battle with Xiahou Jiuyuan came up!

On the Qingluan Ruyi Boat, Chen Feng leans on a railing and looks far away.

Looking at the growing follow-up team, a smile was drawn at the corner of his mouth:

"I made such a big noise, even if you are deaf or blind, you should know what's going on!"

"Now, it's time to react!"

Almost at the same moment!

Chaoge Tianzi City, in the courtyard of a high mansion.

This house is huge and luxurious, and you can see that its owner is extraordinary.

Deep inside the house, at the entrance of a large hall.

An old man in his fifties was standing at the door of the hall, his face on guard, looking out.

If anyone in the mansion saw him, he would definitely recognize him as the owner of this house.

Only at this time, he nodded and bowed, like a slave.

From time to time, his eyes quietly looked into the hall, it was full of awe.

There are dozens of people in the hall.

Most of them are standing on both sides with respectful faces.

In the center of the hall, there is a big table.

At the table, there were eight people sitting.

Every strength is extremely terrifying.

And three of them could be recognized if the Heavenly Remnant Beast Slave were here at this time.

The three old men are Venerable Giant Whale, Venerable Jinpeng and Venerable Giant Mountain.

The three of them had left the Ten Thousand Beast Islands in the Great Northern Ice Ocean in silence and arrived at Chaoze Tianzi City.

At the table of the Eight Immortals, those few people who can sit on an equal footing with the three of them are obviously also powerful and distinguished.

that's the truth.[novelusb.com](http://novelusb.com)

The eight people sitting here are among the six hidden sects, all of whom have reached the strength of the Eight-Star Martial Emperor.

Quietly, eight powerhouses with the strength of the Eight-Star Wudi entered this Chaoze Tianzi City.

If Zhao Haochu knew about this, I was afraid that he would faint with fright.

The eight people all deliberately controlled the breath, trying to compress it to a very small range.

But their terrifying strength, under such compression, kept colliding and reverberating in this small space.

It tore this space to pieces.

In the entire hall, countless space cracks loomed.

Those younger generations had to dodge back and forth, for fear that they would be cut off by the cracks in this space, but they would die too unjustly.

It's funny for a while to be in a hurry.

Among the six hidden sects, each sect has an eight-star martial emperor level powerhouse.

The Ten Thousand Beast Islands alone have three.

Therefore, they deserve to be the strongest of the six hidden sects.

The amount of speech is also full.

Everyone looked a little strange, silent, and the atmosphere was a little frozen.

After a long time, Venerable Giant Whale slowly said, "You know about Chen Feng, right?"

When Chen Feng said these two words, everyone was shocked.

It seems that these two words carry tremendous pressure.

A middle-aged man with a face like the bottom of a pot, who was quite dignified, slowly said: "He has almost suppressed the nine forces with his own power."

"Now, take someone to the God of War Palace to challenge Xiahou Jiuyuan."

Hearing this, a few of those outstanding juniors showed strange colors on their faces.

It is Duanmu Hongyu and others.

Chen Feng had a lot of conflicts with the six hidden sects before.

After the outstanding talents of these six hidden sects gathered here, they talked about Chen Feng daily, and they all ignored them.

And an appointment was made, when Chen Feng would have a good meal.

Or even kill it directly.

They had all sorts of disdain for Chen Feng before, thinking about how to clean up Chen Feng.

In a blink of an eye, he discovered that Chen Feng's strength had reached a level that his ancestors did not necessarily match.

Thinking about it now, I only feel that I am overpowered, and I just laughed.

"I also heard a news."

An old man beside him smiled and said, "Then there is a person beside Chen Feng who can communicate with the monster."

"It looks very much like the strong man at the bottom of your Ten Thousand Beast Islands: the Heavenly Sick Beast Slave."

Upon hearing this, Venerable Jinpeng and Venerable Giant Mountain all looked down.

Venerable Giant Whale has a faint expression: "Sect Master Duanmu, you don't have to ridicule."

"We already know about this."

"That person is indeed a slave of the Heavenly Remnant Beast. We sent him to kill Chen Feng. Unexpectedly, he was recovered by Chen Feng."

"Just, do you think this is good news for our six or six hermits?"

Venerable Giant Whale stared at Sect Master Duanmu: "You don't know how powerful the Heavenly Remnant Beast Slave is."

"Even he was subdued by Chen Feng, and he was willing to play in the front and the back. Are you still laughing?"

Sect Master Duanmu is the Sect Master Xuanwu Zhenzong.

He always blushed, and kept silent, knowing that he had failed.

Venerable Giant Whale coughed slightly, his gaze swept across the crowd with majesty: "Everyone, Chen Feng, now is the life and death enemy of our six hidden sects!"

One of the six hidden sect masters said in a deep voice: "Not necessarily."

"First, Chen Feng is not necessarily Xiahou Jiuyuan's opponent."

"Second, even if he wins Xiahou Jiuyuan, he may not deal with us!"

"Yes, whether Chen Feng can come back alive from this trip or not!"

Everyone agreed.

Many people disagree with the views of Venerable Giant Whale.

"idiot!"

Venerable Giant Whale screamed: "You know nothing! Do you know who Chen Feng is!"

"Chen Feng is the son of Qi Luck in the Longmai Continent, and what are we doing?"

"We are snatching the treasure of luck in the Dragon Vein Continent. This is equivalent to cutting his roots, abolishing his cultivation, and cutting his way!"

"We and Chen Feng have been immortal for a long time!"

Dead!

A dead silence!

Everyone was dumbfounded.

Chen Feng turned out to be the son of Qiyun in the Dragon Vessel Mainland?

And they even knew that Venerable Giant Whale would never lie on this matter.

A kind-eyed old man suddenly said: "Everyone, if Chen Feng was killed by Xiahou Jiuyuan this time, naturally everyone would be happy."

"If he comes back alive, then we really have to make preparations early."

### [Chapter 4686: Once in a million years!](#)

He spoke at this time, not only to adjust the atmosphere, but also to support the Venerable Whale.

The old man continued: "No matter what Chen Feng's purpose is, we must speed up."

"He obviously has some adventures, his strength is strong and he is in full swing."

"This time, if he defeats Xiahou Jiuyuan, then he can rectify the nine powers. Then, if he brings the nine powers to destroy our six hidden sects?"

Venerable Giant Whale smiled coldly, and said, "I'll wait for death then? What else?"

Everyone shivered violently.

The six hidden sects have been retired for many years, and their power is still there, but they have been reduced a lot.

Their previous sense of superiority to the nine major forces was nothing more than that although there were few people on their side, there were many masters.

Especially the ancestors of several Eight-Star Wudi.

But now, another Chen Feng appeared over there.

Chen Feng alone is enough to erase this gap.

If Chen Feng brought the nine great forces to kill the six hidden sects, the consequences would be truly unimaginable!

At this time, everyone just woke up.

After talking for a long time, he finally elected Venerable Whale as the leader, and he obeyed his orders.

The voice of Venerable Giant Whale echoed in the hall: "From now on, all the manpower and all the resources we have accumulated for thousands of years and tens of thousands of years will be used to do that great thing!"

"After forty-nine days, that day will only come once in a million years!"

"That's a big opportunity once in a million years! If you miss this time, you have to wait another million years!"

He gritted his teeth and said fiercely: "After forty-nine days, we must get the treasure!"

His voice trembled, like a dream!

"This treasure is far from what people of our level can get. How lucky I am to wait, I have the opportunity to get it!"

"The horror of this treasure is beyond your imagination!"

"At that time, our six hidden sects will once again dominate the Dragon Vein Continent! The strength of everyone will be able to advance by leaps and bounds!"

In the main hall, the people of the six hidden sects were all very excited and shouted!

Venerable Giant Whale's eyes flashed with almost crazy flames and greedy desires!

"As long as this piece of luck is in hand, let alone one Chen Feng, ten Chen Feng, we can easily crush it!"

"In front of this treasure, he is nothing more than an ant!"

After one month. [nOVELS11.com](http://nOVELS11.com)

On top of the million-meter-high huge mountain, stands a huge city of Xuanhe.

Towering and huge.

Under the mountain, there is a fertile field for thousands of miles.

From the bottom up, it is even more majestic.

Here is the God of War Palace!

Overwhelming the entire Dragon Vein Continent, the nine major forces ranked first, the extremely powerful God of War Palace!

The Mansion of the God of War, in the giant city, has a population of over 100 million, and there are countless powerful people.

At this time, it was in a state of silence.

The east wall of God of War Palace faces the endless fertile fields under the mountain.

And inside the east gate is a huge school field.

Built on the hillside, enough to hold thousands of people!

At the east end of the school field is a towering city wall.

To the west of the school grounds is a solemn palace.

It is the Generalissimo's Mansion!

At this moment, on this huge school field, there is a large black-squeezed area, with more than 100 squares, neatly distributed there.

Each square occupies a large area.

If you take a closer look, you will find, where is this square?

Every square turned out to be a huge army!

Every square is an army of 100,000 people.

All the army, all wearing powerful armor, looks solemn and murderous!

The murderous intent of 100,000 people gathered together and went straight to the sky!

More than one hundred legions, and the murderous aura of more than ten million people gathered together again!

Even the floating clouds in the sky seem to be able to disperse!

These one hundred legions, ten million army, just stand here, without any actions.

That murderous aura, a suffocating aura, is almost too much to suffocate and breathe.

Everyone looked solemn, with anger in the gloom.

Because everyone knows what day is today!

Then Chen Feng, wrapped in the nine forces, dare to provoke the God of War Palace!

Dare to provoke God of War Palace!

This makes everyone angry!

The majesty of the God of War Palace cannot be provoked, and the majesty of the Grand Marshal cannot be provoked!

Anyone who dares to offend has only one consequence: death!

Suddenly, a ray of light appeared above everyone's head.

A majestic old man wearing a gold armor appeared on the high point at the front of the university grounds.

Holding a big flag in his hand, he hunted in the wind.

The banner was bloody, it seemed a bit tattered, but it stood there, full of iron and blood.

It was Xiahou Jiuyuan.

He stood proudly on the high platform, with indifferent eyes, looking down.

No one made a noise.

After that, Xiahou Jiuyuan didn't say any more nonsense, but suddenly raised the iron-blooded banner high!

A low growl: "Kill!"

The following 10 million strong people all screamed: "Kill!"

The killing sound shook the sky, the impact went up, and the clouds in the sky were shaken away!

Xiahou Jiuyuan didn't need to say much.

Where the iron-blooded banner points, the powerhouse of God of War will level everything!

Xiahou Jiuyuan's figure moved forward, and everyone turned around at the same time, and lined up neatly!

The movements of everyone turning around are so uniform.

The iron armor slammed and merged into a huge sound!

Their feet stepped heavily and landed on the ground, as if even the earth could be crushed!

Ten million people, one hundred large army, but they are methodical!

Three hours later, this iron-blooded legion of tens of millions of people had already covered the entire hillside, waiting for it.

Each of them is not weak, and even above the Dragon Vein Continent, they can even be regarded as the middle-class one.

And more importantly, they are well trained and formed a military formation.

This is even more capable of bringing out their strength ten times a hundred times!

Everyone is calm, confident, and calm.

They were full of confidence in themselves against the God of War Palace and the Generalissimo.

For countless years, I don't know how many people want to provoke the God of War Palace, and even some of the horrible powerhouses are about to push the God of War Palace to a desperate situation.

However, the God of War Palace has survived and stood firm!

What fear does Chen Feng have?

In the evening, there was a sudden noise in the distance.

A huge black cloud with a radius of thousands of miles, spreading towards this side.

The emerald green brilliance at the front is particularly dazzling.

Xiahou Jiuyuan stood proudly on the top of the city, looking at the emerald green light, a complex color suddenly flashed in his eyes.

The dark cloud got closer and closer, and then I saw that in this dark cloud, there were endless wishful boats, floating warships, warriors with various weapons on their feet, or warriors riding huge monsters... etc.

At a glance, it is boundless and endless.

[Chapter 4687: Great Array of Killing Gods!](#)

The number has almost reached tens of millions, and each of them is quite strong.

It is also a resounding powerhouse on the Dragon Vein Continent.

Now, they all gather here.

Among them, there were nine powerful forces who followed Chen Feng on a Ruyi Boat.

None of them dare not come!

Countless tyrannical auras rose to the sky, mixed with each other, and the momentum was extremely shocking.

Although they are not weak, they seem to be messy.

Especially when compared with the invincible army that is waiting for you below!

They saw the God of War Palace, and then they saw a large army.

There are a hundred huge legions, ten million strong men in the God of War Palace.

Knife Ge Rulin, the battle armor reflects the sunlight above the sky, and it seems to be able to dazzle Huaren's eyes.

More importantly, the murderous spirit went straight into the sky!

The murderous aura was so strong that it flooded all over the world, making these millions of powerhouses feel suffocated.

Everyone shrank quietly and swallowed.

Some people even stepped back quietly, with a look of horror on their faces.

Although they also have millions of strong people, although the number of people on the opposite side is not much more than them, even though the strength of the 10 million people on the opposite side is not even comparable to them!

But this is a well-trained and ruthless Jagged Legion!

Bring them powerful coercion and fear.

Everyone has no doubt that if millions of people join together on their own side, they will definitely not be the opponent of this ten million iron-blooded legion!

These warriors who had been noisy and noisy suddenly fell silent.

It was a dead silence, silent.

The army of the ten million God of War Mansion below raised its head slightly.

Look at these warriors who are pressing over like dark clouds.

Although the opponent is strong and large in number, they don't care at all.

On the contrary, there was an expression of contempt on his face.

Such a mob, they have already killed how many!

On the foremost Qingluan Ruyi Boat.

Chen Feng lean on the railing and looked forward and let out a sigh of relief.

"The army of the God of War really deserves its reputation!"

"It is conceivable that if they used the powerful formation passed down from the God of War Palace to trap the enemy in it."

"Facing this tens of thousands of warriors who can't retreat or kill like a tide, and can use their power ten times a hundred times, they are not afraid of death!"

"No matter how powerful a person is, he will feel terrified and desperate!"

Then, suddenly if he felt something, he raised his head slightly.

It collided with Xiahou Jiuyuan's eyes.

Chen Feng smiled slightly, calmly.

Qingluan Ruyizhou all the way forward, everyone followed.

Soon, he came to the front of the battlefield.

Opposite Xiahou Jiuyuan who stood on the top of the city.

Being so close to the battlefield, this suffocating atmosphere almost suppressed them even unable to speak.

Many people are even more skeptical.

"Today, Chen Feng used his own strength to challenge Shenfu. Is it possible to win?"

Xiahou Jiuyuan looked at Chen Feng, his eyes flashed, and suddenly raised his voice: "Chen Feng, why are you here?"

Chen Feng smiled slightly, and said every word: "Come to win the dragon vein!"

Hearing this, Xiahou Jiuyuan's eyes suddenly twitched.

Chen Feng's answer did not surprise him.

But when he heard Chen Feng say it personally, he was still unspeakable and angry!

"Dare you challenge me?"

"Dare you provoke me?"

"Do you want to seize the position of the first person in the Dragon Vein Continent?"

But when Chen Feng said this sentence, he had nothing to refute.

Because he knows, or to say, no one knows Chen Feng's current strength better than him!

Xiahou Jiuyuan said lightly: "Since your news came that day, I knew that you had found the way to break through the Martial Emperor Realm, didn't you?"

Chen Feng nodded slowly: "That's right."

Xiahou Rescue showed unabashed jealousy in his eyes.

This road, he has been searching for so many years, but he has never set foot.

And Chen Feng was found at a young age!

The extreme envy and jealousy in his heart is even more killing intent!

He stared at Chen Feng and said word by word: "Chen Feng, since you are so powerful, then I can only ruin you!"

Chen Feng smiled and shook his head: "I don't think you have this ability!"

"No, I have!"

Xiahou Jiuyuan slowly uttered three words, gritted his teeth.

Although I feel that my strength may not be Chen Feng's opponent, Xiahou Jiuyuan is still confident!

"because....."

His eyes drooped slightly: "I have this ten million army!"

He suddenly let out a low growl: "Set up an array!"

Suddenly, all the ten million army roared, and all kinds of light shone.

Everyone is flying.

Almost in an instant, these hundred legions formed a big formation!

This big formation, the whole body was like a wandering dragon, gleaming with blood red light, full of murderous aura.

There is blood-red light gushing out of everyone's body, mixed with murderous and iron-blooded aura!

Connected in twos, connected in fours and fours, connected in a legion, and then the legion and the legion are also connected together!

The huge blood-red dragon kills the formation, flaring its teeth and claws in the air.

Dragon horns, dragon whiskers, dragon body, dragon claws... everything is available.

This blood-red giant dragon killing array is not only in its shape, but is actually swimming in it with extremely terrifying killing intent!

And at the moment when the blood-red dragon was ready to kill!

Chen Feng felt that the strength of everyone inside was condensed together instantly.

The power of this tens of millions of powerful people instantly turned into strength.

After that, it was magnified ten times a hundred times by the formation!

The internal force is tyrannical to the extreme, and it is overwhelmingly depressed!

Even Chen Feng felt a little suffocated.

The powerhouses behind Chen Feng all showed awe.

They felt that just the momentum after the formation of this formation seemed to be enough to crush themselves and others!

"No wonder the God of War Palace is invincible. Who is the adversary in this big formation?"

Xiahou Jiuyuan's figure flashed before he came to the big formation, standing high on the dragon head.

"Chen Feng, have you seen it?"

"This is my God of War Mansion's ten-faced killing \*\*\*\* array! If you want to be an enemy of me, you must pass them first!"

His wild laughter echoed.

"It turns out that this is the Ten-faced Killing God Formation in the God of War Palace?"

"I heard that the Ten-sided Killing God Formation is the largest formation in the God of War Palace and the most complex formation. It requires a whole hundred legions and ten million strong."

"Yes, but as long as this big formation succeeds in condensing, it will have extremely terrifying power."

"I heard that the God of War Palace has been used several times in history, and there has been no failure!"

Chen Feng touched his nose, and said faintly: "It seems that you are not willing to single out with me, but you want me to deal with this big battle."

Xiahou Jiuyuan raised his chin: "Yes, you are not qualified to fight with me now."

#### [Chapter 4688: Beast tide!](#)

Although his strength is not as good as Chen Feng, he is still arrogant.

With this tens of millions in hand, he thinks he has arrogant capital!

The crowd was in an uproar.

"Xiahou Jiuyuan, what \*\*\*\* excuse is this?"

"It's clearly that I don't have confidence in myself and dare not directly challenge. You must first use the crowd tactics to consume Chen Feng!"

Now everyone understood, Xiahou Jiuyuan obviously had no confidence in himself.

I thought I was not Chen Feng's opponent, so I directly used this God of War Mansion to press the ten-sided Killing God array at the bottom of the box!

Chen Feng helplessly spread his hands: "Is there really no discussion?"

When Chen Feng said this, Xiahou Jiuyuan was even more proud.

Think that Chen Feng is completely helpless to himself.

He was even more proud: "No discussion!"

"I will let you know now that Xiahou Jiuyuan has the final say here!"

Chen Feng shook his head, a sneered smile suddenly appeared at the corner of his mouth: "Are you sure?"

He looked to the side.

On Qingluan's wishful boat, beside Chen Feng, stood a beast slave with a remnant of heaven.

Chen Feng nodded slightly, and the Tiancun Beast Slave laughed.

Suddenly, clenched his fists, roared and roared to the sky!

On his body, there are countless beast patterns emerging, like ten thousand beasts galloping, roaring fiercely!

On the top of his head, those countless animal patterns seemed to condense together, turning into a crown!

A horrible aura burst out of him, full of primitive animalism and wildness!

Just like, standing in front of everyone is an ancient beast!

As the roar of the Tiancun Beast Slave spread far away, everyone suddenly felt that the ground seemed to tremble.

Even the air was shaken, as if an earthquake occurred.

Everyone was shocked and looked around.

Then, I felt that the tremor of the earth was coming from far away.

Soon, they saw a black line appearing on the horizon.

The black line became thicker and thicker and rushed toward this side.

And soon, everyone saw where the black line was, it was clearly a dark tide!

A huge black wave!

The wave is getting closer and getting bigger and bigger.

In the end, it seems to be flooded between heaven and earth.

There is only one color between the sky and the earth, this endless black!

The black tide flooded people's sight, with a radius of tens of thousands of miles, all of them!

Everyone was stunned by the shock.

A dead silence! Silent!

They couldn't even make exclamations.

Because, at this time, everyone has seen that this huge black wave with a radius of tens of thousands of miles is actually composed of countless monsters!

It is an endless number of monsters!

These monsters have all kinds and strengths.

Gathering together, it turned into this huge black wave.

Everyone saw that among these monster beasts, there were many powerful ones.

The strength reached the Demon Emperor Realm, everywhere.

Picking out any one has the strength on the side of the Dragon Vein Continent.

Among them, there are several huge figures, with extremely terrifying aura gushing out!

That is a six-star monster emperor, or even a seven-star monster emperor's level of horror!

The monster is advancing extremely fast, but it has already arrived at the bottom of the mountain in less than half an hour, covering a large plain.

They were right under the crowd, but they were confronting the 10 million War God Mansion army on the opposite side!

Everyone's eyes are on these monsters.

Then, these monsters suddenly stopped.

Then, several figures walked out slowly.

There are a total of ten, among them are the great apes that are as high as the mountains, the golden eagles flying in the nine days, and there are also huge violent bears that will break the earthquake with every step...

Each of the few monster beasts that came out had the strength above the six-star monster emperor!

This means that their strength is almost comparable to that of the supreme elder of the nine major forces!

If these ten monsters add up, I'm afraid that Xiahou Jiuyuan won't be at a disadvantage if he singles out Xiahou Jiuyuan!

The ten monster beasts walked out, and the heavenly beast slaves floated out, floating directly above them.

The ten monster beasts suddenly crouched on the ground and let out a low roar.

As they made this action, all the millions of monsters were lying on the ground at the same time!

It seems to be surrendering to the Tianchou Beast Slave!

It seems that the celestial beast slaves are their kings!

Tiancun Beast slave clenched his fists and snarled violently!

Behind him, all monsters roared violently at the same time!

The roar of the beast shook the world, and everyone was moved by it!

Even the terrifying ten-faced killing \*\*\*\* array was shaken by a burst of light!

The celestial beast slave looked at Chen Feng and laughed: "Brother Chen Feng, I am five million beasts, here is my orders!"

"As long as you give an order to beat the God of War Palace for you!"

Chen Feng smiled slightly, amidst the roar of the ten thousand beasts, there was a light cloud:

"Xiahou Jiuyuan, is there any discussion now?"

Everyone saw their eyelids jump wildly, and they thought they were strong enough.

Unexpectedly, when I came to the Mansion of the God of War and saw this tens of millions of army, I knew what is powerful.

But then, after seeing these millions of tyrannical monsters, he knew what really powerful!

At the same time, they looked at the Tiancun Beast Slave next to Chen Feng with all their faces full of fear.

The Tiancun Beast Slave has been following Chen Feng, not showing the mountains or leaking water.

No one took him seriously.

But now they knew that the Celestial Remnant Beast Slave had such terrifying strength!

Xiahou Jiuyuan's face changed drastically.

The calmness of his face disappeared instantly.

It turned out that after leaving the Tianzi City, the Heavenly Canal Beast Slave had quietly disappeared.

He was ordered by Chen Feng to follow a completely different route from Chen Feng.

Chen Feng went to all the prosperous giant cities, where human warriors live.

Attract everyone and take them to the God of War Palace.

But the beast slaves of the Heavenly Remnants went to those deep mountains, the wild jungles.

After he entered these deep mountains, he exuded his tyrannical aura along the way.

He even used the destiny title of the beast king.

In an instant, it attracted countless powerful monsters.

Naturally, these powerful monsters were not all bowing their heads to him, many of them were attracted by his aura and even wanted to swallow him.

But soon, they were all obediently cleaned up by Tiancun Beast Slaves.

Chen Feng is in the light, and the beast slave is in the dark.

Constantly swept across the deep mountains and great mountains, almost swept away those powerful monsters.

The reason why Chen Feng deliberately slowed down, in addition to attracting more powerhouses, is also an important reason, that is, he was waiting for the beast slaves.

Because almost all eyes were attracted by Chen Feng.

Therefore, even the God of War Mansion hadn't even noticed the promise made by the Tiancun Beast Slave.

When Chen Feng first saw Tiancun Beast Slave, he could pull out so many powerful monsters in a hurry.

[Chapter 4689: The Heavenly Emperor Evergreen Lantern is here!](#)

Time passed, and his strength was stronger than that at that time.

The monster beasts that can be tamed are countless times more than before.

Thousand beasts roar, ready to go!

It seems that with Chen Feng's order, these millions of monsters will be able to swarm up, tearing this ten million army to pieces!

Then level the entire God of War Palace!

Everyone understood that even people like the God of War Palace might not be the opponents of these monsters.

They run, they can run away.

But don't want the foundation of God of War Palace.

Xiahou Jiuyuan's eyes flashed: "Chen Feng, the dispute between you and me is a dispute between Terran warriors."

"You have brought so many monsters, isn't it right?"

His words are completely shameless.

He was only allowed to pull 10 million people from here, but Chen Feng was not allowed to send so many monsters!

Chen Feng's voice was faint: "I brought millions of monsters here, not to kill you, nor to besiege you."

"Even, it's not to deal with you, let alone, to beat your God of War Palace!"

Chen Feng's voice was sonorous and powerful, spreading throughout the void, everyone could hear clearly.

"What I did was just to kill fewer people!"

"The more monsters I bring over, and the closer to your strength, the fewer people will die!"

Hearing this, everyone was moved by it.

In an instant, he understood what Chen Feng meant.

Even those strong in God of War Palace looked at Chen Feng with complicated eyes.

In his eyes, the hostility was much less.

Chen Feng pointed to Xiahou Jiuyuan: "This matter has nothing to do with others, it's just between you and me."

He pointed his finger at Xiahou Jiuyuan, then pointed to his chest: "It's just you and me!"

"Or....."

There was a sneer at the corner of his mouth: "Xiahou Jiuyuan, don't you dare to fight with me? But you will only let your hands come down and die?"

Xiahou Jiuyuan's face was extremely embarrassing.

"Chen Feng, you are ruthless!"

Xiahou Jiuyuan nodded Chen Feng, his eyes showed unspeakable viciousness, and there was a bit of anger in it.

If he said that he could order this tens of millions of troops to besiege Chen Feng, he didn't have to worry about anything.

Now, this is absolutely impossible.

Because before, these monsters under Chen Feng did not appear.

And Chen Feng came to deal with him, to deal with the God of War Mansion, it was related to the glory of the God of War Mansion, he let these men besiege Chen Feng, his men will not have any opinions, and no one will have any opinions.

But now, these millions of monsters appeared on Chen Feng's side, and their strength was not weaker than that of the invincible army.

Moreover, Chen Feng has already said that what he wants is Xiahou Jiuyuan to single out, without involving others.

In this case, he still let his hands go down to death.

Then, not only would his subordinates have strange thoughts, but other people in Longmai Continent would spurn him.

In that case, his reputation will be completely stinking!

"It is good!"

Xiahou Jiuyuan nodded solemnly: "I will fight you!"

His eyes flickered and he didn't know what he was thinking.

However, the ten-faced killing \*\*\*\* formation was still behind him and did not disperse.

The next moment, Xiahou Jiuyuan raised his right hand high, and his power burst out.

The eight-star Emperor Wudi breathed up, terrifying!

Under the envelope of such power, it seems that Xiahou Jiuyuan has also restored his confidence.

After all, with such a tyrannical force, he has ruled the Dragon Vessel Continent for a hundred years.

The next moment, he roared wildly, but a short jade axe appeared in his hand, and he slayed hard at Chen Feng.

The jade axe is simple and simple, full of ancient meaning.

It seems to be able to split the world with one axe.

However, Chen Feng let out a long laugh: "Good job!"

Behind him, dozens of star pulses surged out.

Like dozens of Tianhe hanging upside down, countless big stars rise, the sun rises and the moon sets!

The terrifying power instantly poured into Chen Feng's body!

Chen Feng shot out with a punch, and collided with the jade axe that Xiahou Jiuyuan had cut down.

At this moment, everyone finally saw Chen Feng's true strength!

At this moment, Chen Feng used his true power and didn't keep any hands!

With a crisp sound, Xiahou Jiuyuan's jade axe was directly shaken into countless fragments.

Then, Chen Feng's fist hit his heavy golden armor fiercely.

His divine weapon passed down by the axe of the God of War Palace, claimed to be extremely strong in defense, and the golden armor that blocked all attacks was directly blasted into a piece of debris!

Then, Chen Feng's fist was printed on his chest again.

Despite that power, most of it has been removed by the jade axe and the golden armor.

However, it is still not what Xiahou Jiuyuan can bear!

He let out an extremely screaming scream, and was directly beaten away dozens of miles away.

The body slammed heavily on the top of the city, and directly crashed the rock-solid city head!

Dead!

A dead silence!

Everyone is stupid.

Many people did not expect Chen Feng to win.

Even those who knew Chen Feng would win did not expect him to win so quickly!

This is Xiahou Jiuyuan!

Xiahou Jiuyuan who is known as the first person in the Dragon Vessel Continent!

That's it, under Chen Feng's hand, didn't even go through a trick?

Being crushed and decayed, directly crushed by one move?

Chen Feng's strength is too terrifying!

The confidence that Xiahou Jiuyuan had just raised was shattered by Chen Feng!

At this time, he finally realized how big the gap between him and Chen Feng was!

A strong shock and fear flashed in Xiahou Jiuyuan's eyes.

But he didn't panic, obviously there was still hole cards that had not been revealed.

Through this, Xiahou Jiuyuan struggled to get up.

Suddenly the brilliance flashed in his hand, and something like a candlestick appeared.

Full of bold antiquity.

A light like a bean will last forever.

Let people take a look, as if even the line of sight is sucked into it!

This thing is the eternal light of the Emperor of Heaven!

The Heavenly Emperor Evergreen Lantern is here!

A flash of madness flashed in Xiahou Jiuyuan's eyes, that was desperate madness!

He opened his mouth to speak, but Chen Feng's eyes flashed lightly.

"It's now!"

"What I am waiting for is now!"

The next moment, Xiahou Jiuyuan suddenly felt a trance in front of him, there seemed to be nothing else in his eyes, only a round of pupils remained!

A round of huge blue pupils seemed to fill the whole world!

Filled with your own sight!

Heaven and earth reincarnation magic power, activated instantly!

This time, Chen Feng used the heaven and earth to repeat the reincarnation magic, very far away from Xiahou Jiuyuan.

Therefore, the power is greatly reduced.

After all, when the power of heaven and earth's repetitive reincarnation is the greatest, it is when facing each other's eyes directly!

At such a long distance, the power will naturally lose a lot.

Therefore, this world's repeated reincarnation magic can only make Xiahou Jiuyuan a trance!

But, for Chen Feng, this trance is enough!

[Chapter 4690: See the yellow bird again!](#)

Chen Feng's purpose was not to plunder Xiahou Jiuyuan's memory, or to control him, or whatever.

What he did was to stop at this moment!

So, in the eyes of outsiders, Xiahou Jiuyuan didn't know why, and suddenly stopped there, as if he was taken aback!

And he was stunned, it was fatal!

Chen Feng had arrived in front of him in an instant, gently and skillfully, took away the Heavenly Emperor Evergreen Lantern in his hand!

At this time, Xiahou Jiuyuan suddenly came back to his senses.

He looked at Kongruye's right hand, then looked at Chen Feng, everyone was stupid, and he was speechless: "You, you, I..."

Chen Feng smiled slightly and shook the Heavenly Emperor Evergreen Lantern in his hand: "Thank you for the treasure."

That's right, Chen Feng did it for this moment!

He was never an arrogant person, and he treated every opponent with caution.

The reason for being so arrogant and disdainful today, and doing my best as soon as he came up.

In order to make Xiahou Jiuyuan desperate and angry, he quickly angered Xiahou Jiuyuan!

In order to let Xiahou Jiuyuan quickly use the Heavenly Emperor Evergreen Lantern!

The purpose is to quickly use the Heaven and Earth Reincarnation Magic Skill before he uses the Heaven Emperor Evergreen Lantern card!

Take his Heavenly Emperor Evergreen Lantern directly!

Because Chen Feng is not willing to let his plan have any variables!

And the Evergreen Lantern of the Emperor of Heaven is the biggest variable in this plan!

Chen Feng is very sure that Xiahou Jiuyuan is not his opponent!

However, if he used the Heavenly Emperor Evergreen Lantern, it would be hard to say!

The Heavenly Emperor Evergreen Lantern is the only thing that Chen Feng fears!

This treasure is really incredible.

It can almost be said that it completely surpasses the ability of the treasures of the Dragon Vein Continent!

Therefore, Chen Feng must get it the first time.

If not, if Xiahou Jiuyuan's power is fully utilized, there will be endless troubles!

Chen Feng sighed for a long time: "Fortunately, fortunately, the true power of the Heavenly Emperor's Evergreen Lantern, Xiahou Jiuyuan simply can't exert.

"Now, this thing is mine!"

He bowed his head and looked at the eternal green light of the Emperor of Heaven in his hand.

What's strange is that when I started with this thing, I didn't struggle at all, but it was a bit lazy.

It seems that he doesn't care who is in his hands.

Chen Feng felt the breath of the emperor's evergreen lamp, and then moved slightly, then retracted again, not paying attention to him.

This reminded Chen Feng of the artifact fragment.

His heart suddenly moved: "Is it impossible..."

At this time, Xiahou Jiuyuan also recovered.

In an instant, Xiahou Jiuyuan's face rose like pig liver, and the ultimate shame flashed across his face.

Xiahou Jiuyuan looked at Chen Feng gloomily: "Chen Feng, you shame me so much!"

"You think I can't help you at all, right?"

"You think that if you take away the Heavenly Emperor Evergreen Lantern, you can eat me today, right?"

A hideous look flashed across his face: "Chen Feng, the old man has so many cards that are far beyond your imagination!"

After that, he suddenly yelled, "Bring me up!"

At this time, Chen Feng's heart suddenly sank, and an ominous premonition surged.

In the next moment, he saw that in the depths of the God of War Palace, a wishful boat was floating in the air, coming towards this side with extreme speed.

Soon, it was here.

And on the Ruyizhou, there are seven or eight masters standing, each of them is good.

The lowest, also reached the Six-Star Emperor Wu.

Their faces are full of lifelessness, and they don't seem to be alive.

Standing there, with his head down, there was an indescribable weirdness.

With a radius of 100 meters, the Ruyi Boat is extremely huge.

The whole body is a piece of bronze, it looks like it is made of some special metal.

And this wishful boat is not like an ordinary boat, but is shaped like an octagonal square plate.

At the eight corners, a huge bronze pillar with a height of 100 meters was erected.

On top of each huge bronze pillar is a bronze chain with many historic sites.

At the end of the nine bronze chains, there is a huge cage, about seven or eight meters high.

The whole body of the cage is blue, with the hardness of metal and the transparent texture of a gem.

If you look closely, it will make people feel like a heartbeat.

It turned out that in the metal that constituted the cage, there were actually very thin and very thin wires.

It looks like a blood-sucking poisonous insect, but also like a vein.

In this context, there is an endless and powerful force, constantly erupting.

These powers, through the metal that constitutes the cage, spread to the huge chain, to the nine huge pillars, and then to the hull.

The entire Ruyizhou seems to be driven by this force.

Where does the power come from?

Inside the huge cage, there are seven chains.

The same is consistent with the material of the cage.

A woman was tightly trapped by these seven chains.

Four chains tied her hands and feet, and the end of one chain was tied to her neck.

The other two chains pierced deeply into her pipa bone!

There is blood stained there!

With the endless blood stains on her pipa bone, a steady stream of powerful power was drawn out!

On the chain that trapped the woman, on the cage, and even on the nine huge pillars, even on the entire Wishful Boat! ,

There are countless complex runes light up quietly!

The rune light flows, forming a big array.

Obviously, not only is the cage itself extremely strong, the formation on it is also extremely powerful, trapping the people inside.

When everyone saw this scene, they all exclaimed.

"Where did this woman come from, and she was turned into an enemy by the God of War Palace?"

"Yes, not only are there formations to strengthen the big cage, but there are so many six-star Wudi masters guarding!"

"At this time, what did Xiahou Jiuyuan take her out for? To threaten Chen Feng?"

"Does Chen Feng know this woman?"

At this time, Chen Feng did not speak.

He just stared straight at the cage!

In fact, when this wishful boat appeared, when the cage appeared, Chen Feng's eyes were completely attracted by the woman inside!

When Chen Feng saw Ruyizhou, saw the huge cage, and saw the yellow figure in the cage!

In an instant, breathing almost stopped, heart beating wildly, blood flow accelerated!

The expression in his eyes also became blood red!

Then, with a harsh voice, he squeezed a word from his throat: "Sister Yellow Bird!"

"It turned out to be you! Sister Yellow Bird!"

It turned out that the person in this cage was actually a yellow bird!

At the top of Jianmu, the yellow bird who has fought with the snake for many years.

The yellow bird who treats Chen Feng like his own brother, supports him and takes care of him!

At this time, her appearance remained the same.

But his expression was distraught, his breath fainted, and it could even be said to be dying.
