

Peerless 4691

[Chapter 4691: Real yellow bird](#)

Obviously being tortured extremely painful!

The next moment, Chen Feng suddenly turned around, his eyes flashed with hatred and murder!

"Xiahou Jiuyuan, how dare you treat Sister Huangniao like this?"

"I, Chen Feng, must make you regret coming into this world today!"

Chen Feng's killing intent rose to the sky!

He seldom puts such cruel words, and when he said these words today, he was obviously full of anger! Hate to the extreme!

Huang Niao saved Chen Feng's life, and had a deep relationship with Chen Feng. It is not an exaggeration to say that he is sympathetic to his siblings.

At this moment, Chen Feng saw her in such a miserable state and was imprisoned in this cage with a pipa bone. How could he not be angry?

How not to be full of murderous opportunities?

When Chen Feng said this, the woman in the cage flashed an indescribable touch in her eyes.

However, at this time, she seemed a little unbearable.

Suddenly he shouted: "Chen Feng, you don't need to save me or have any scruples."

"I am not the yellow bird you know!"

"what?"

When Chen Feng heard this, his heart trembled.

However, Xiahou Jiuyuan's expression changed, he turned and stared at the woman fiercely, and said sharply, "Shut up, I!"

"Meeting Chen Feng, are you gutsy? Dare to disobey me!"

Obviously, he didn't want to let Chen Feng know the truth about this matter.

However, Chen Feng knew it after all.

Xiahou Jiuyuan rolled his eyes, and then said: "Yes, she is not a yellow bird."

"Or, to be precise, not the yellow bird you know."

Chen Feng was a very human person, and soon he calmed down the monstrous anger and murder in his heart, and immediately became calm.

Hearing what Xiahou Jiuyuan said at this time, he suddenly realized something was wrong and looked at the yellow bird carefully.

Sure enough, more abnormalities were quickly discovered.

How does the yellow bird in front of Chen Feng compare with the yellow bird Chen Feng had known before?

The appearance is exactly the same, and the breath is exactly the same.

But it feels a little more rusty, not as gentle and kind as the yellow bird before.

On the contrary, there is a little more cold meaning.

Moreover, the aura on her body is also extremely strong.

Even if he was trapped by chains, even if his temperament was frustrated, he was still many times stronger than the yellow bird Chen Feng knew.

Chen Feng looked at her with indescribable doubts in his eyes.

"Sister Yellow Bird, aren't you the one I know?"

"Yes, nor is it."

The woman in the cage gave a low smile: "It's really not me at the top of Jianmu, but just a clone of me left behind."

"My ontology, hundreds of thousands of years ago, had already been captured here by people from the God of War Palace, and imprisoned here!"

She slowly raised her head, eyes full of undisguised killing intent and resentment!

Xiahou Jiuyuan looked indifferent and said nothing.

Chen Feng was silent, waiting for Huang Bird to continue.

She took a rough breath: "Hundreds of thousands of years ago, when the ancestors of the God of War Palace had just risen, there are some things, please ask me."

"I know everything is endless, but I didn't expect that they would avenge revenge and covet everything I know."

"He captured me here and kept imprisoned."

"It's just that I still shoulder the responsibility of guarding the treasure house of natural enemies. This is the responsibility imprinted in my soul, and I must never give up."

"That's why I left a clone to guard the treasure house of the Heavenly Emperor."

She gave a wry smile and raised her eyes to look at Chen Feng: "If I had only one clone with less than one percent of my strength, how could I tolerate the arrogance of Teng Snake?"

Chen Feng suddenly realized.

He has always felt that the yellow bird and the snake are not a level creature at all.

This yellow bird seemed to know a lot, as if it had emerged from a myth.

And Teng Snake was nothing more than a stronger monster.

Although there is a bit of blood of the ancient Teng snake **** beast, it is nothing.

How could the two be deadlocked for so long?

After all, I understand now.

However, Chen Feng still has one doubt, which is also the biggest doubt...

"Why, the God of War Mansion wants the yellow bird to come here? What is the purpose? What do they want?"

It's just that, it's better to ask later.

A sorrowful expression appeared on the yellow bird's face: "The top of Jianmu is my clone."

"I know everything she does."

"She treats you the same as I treat you, but we are not one."

"So, you don't have to desperately save me, and you don't have to be threatened by him!"

Suddenly she showed a decisive look on her face, gritted her teeth and said cruelly: "Chen Feng, you don't care about me!"

"Kill Xiahou Jiuyuan!"

Xiahou Jiuyuan's face was deep.

He did not expect that Yellow Bird would say such a thing.

Since he knew the yellow bird, the yellow bird has always been gentle and weak.

But at this time, he suddenly showed such a tough side.

Chen Feng took a deep breath and stared at the woman in the cage, saying word by word: "At the top of Jianmu is the clone of Sister Huangniao."

"Here is your body."

"I don't care about everything else, I only know one thing!"

"You two are one."

"You have the kindness of life-saving and cultivation to me. You and I are in sympathy with my sister and brother!"

"I will never forget this kindness, Chen Feng!"

"Today, you will definitely be rescued!"

Xiahou Jiuyuan laughed loudly: "Chen Feng, you think so."

"Don't you think the same way? That's why she threatened me with her!"

Chen Feng's voice was cold and mocking.

Xiahou Jiuyuan laughed: "That's what I think, what can you do with me?"

"Chen Feng, if you don't want him to die, you will make an oath that within a hundred years, you will not do anything to my Xiahou Jiuyuan or my God of War Palace!"

"Otherwise, you will be struck by lightning, and you will die by luck!"

He also knew that it was unrealistic to force Chen Feng to commit suicide or something.

But it is still possible to force Chen Feng to swear that he will be safe for a hundred years.

"and then?"

Chen Feng pointed to the yellow bird: "What should she do?"

Xiahou Jiuyuan smiled: "Of course I continue to be imprisoned."

He paused, and then said: "I will imprison her for another hundred years, and after a hundred years, I will naturally return you."

What he meant was that the yellow bird would be tortured for a hundred years!

Chen Feng's face was indifferent, dark and obscure.

For a long time, he slowly raised his head and said faintly: "Leave Sister Yellow Bird, I will spare you a way out."

When Xiahou Jiuyuan heard this, his face suddenly changed: "What, Chen Feng, do you want to do it?"

If he feels something, he immediately retreats a few steps and comes to the Ruyizhou.

Staring at Chen Feng, he said coldly, "Chen Feng, don't act rashly."

"Otherwise, as long as I give an order, this yellow bird will be struck by life and death!"

"If this body dies, the yellow bird clone will also die!"

He raised his right hand high.

[Chapter 4692: Too Shang Zhutian Sword Formation reappeared!](#)

Suddenly, several people on the Ruyi Boat gave a low growl and pressed both hands!

In an instant, on the wishful boat, the light shines.

Before, the formation was only looming, but now it all appeared at once, becoming extremely bright.

The entire cage seemed to have life, and with one twitch, the seven chains inside instantly tightened.

The chain that draws power from the yellow bird's body is also instantly thickened several times!

In an instant, the power in the yellow bird was madly absorbed.

Her face was pale, she let out a muffled grunt, and her face was full of pain.

Obviously, what Xiahou Jiuyuan said was not a false statement.

Since he dared to let the yellow bird appear at this time, he must have enough confidence to let the yellow bird die before Chen Feng does it!

This is also where he has no fear.

"Chen Feng, if you want to attack, there is no chance."

Chen Feng shook his head and said lightly: "Xiahou Jiuyuan, you have lost the last bit of life."

"Besides, to deal with you, why sneak attack?"

"I will tell you plainly, how shall I deal with you, and what are you using to resist?"

He pointed to Xiahou Jiuyuan's left cheek: "I want to hit you on the left cheek."

Xiahou Jiuyuan's face changed, and his figure quickly retreated.

Above the body, there is also a light shining, trying to resist.

But the next moment, with a crisp sound, his left cheek suddenly swelled up.

Five fingerprints emerged.

Xiahou Jiuyuan's head was severely skewed, and a mouthful of blood mixed with a few broken teeth sprayed out.

He covered his face in disbelief, looked up at Chen Feng, his face full of shock.

At this time, Chen Feng was still standing in place.

Just shook his right hand slightly and smiled slightly.

It is as if he has been standing here and never left.

Seeing this scene, everyone's faces were filled with awe.

They didn't even see Chen Feng's movements clearly.

However, everyone knew very clearly that Chen Feng had already slapped Xiahou Jiuyuan in a swift and incomparable slap, and then backed away.

Chen Feng smiled slightly and pointed to Xiahou Jiuyuan: "This time it's the right face."

This time, Xiahou Jiuyuan's defense was even tougher.

But it's useless!

There was another crackling sound, and his right cheek also bulged.

The incident of the yellow bird made Chen Feng lose the last bit of patience, and he was not going to save any face to Xiahou Jiuyuan!

At this time, Xiahou Jiuyuan's spirit was like a breakdown, and his heart was filled with extreme fear, and he became even more angry.

He screamed: "Kill me..."

Before saying the word yellow bird, Chen Feng let out a long smile: "You, can't kill her!"

Just when Xiahou Jiuyuan said the word to kill, the few people on the Ruyizhou had already moved.

There is a light in the hand, which is ready to be launched.

The strength of the cage just now was only urged to 30%, and now they are ready to urge it to 100%!

In an instant, you can dry the whole yellow bird soy sauce.

At this time, Chen Feng showed a sense of solemnity on his face, shouted wildly, and raised his arms: "Come on, go too far!"

In an instant, behind him, an infinite sword intent surged crazily.

Turn into a huge long knife directly in the air!

In general across the world, the brilliance is brilliant, and the power is extremely powerful!

And when this giant sword appeared, the entire void instantly trembled violently.

Around the giant knife, there were countless spatial cracks, spreading more and more.

Forming a huge canyon in the sky, it feels like the entire sky has been shaken away!

After everyone saw this huge long knife, their bodies couldn't help but tremble slightly.

They felt that just seeing this knife, they were almost torn apart!

That extreme coercion and extreme fear suppressed them fiercely!

Everyone is shaking!

But then, they found that it was not that they were trembling, but that this space was void, and the world was trembling!

The sky was shaking, and numerous huge cracks appeared.

The earth cracked and magma gushed.

Even the huge mountain range where the God of War Palace is shook violently!

Countless rocks rolled down from above, and in an instant, large tracts of mountain slopes collapsed, cliffs appeared, and valleys were filled!

A scene of apocalypse!

Chen Feng sighed slightly, seeing this scene, and he understood.

This move he issued surpassed the scope of the strength that the Dragon Vein Continent can withstand!

There must be a quick fight, otherwise, this world will collapse!

And the next moment, as Chen Feng waved his hand, the long knife that stood between the sky and the earth fell fiercely!

In an instant, it turned into a majestic and terrifying sword formation!

This sword formation is extremely fast, but with a flash of light, it is rowing across that wishful boat.

In the next instant, after the sword array passed the Ruyi Boat, it disappeared into the void again.

The huge long sword standing between heaven and earth also disappeared!

In an instant, everyone felt the pressure lightened, and the shaking between the world and the earth stopped!

This world is finally stabilized!

Chen Feng's move appeared extremely fast and disappeared extremely fast, as if it had never appeared before.

But everyone sees it clearly, and will never forget it in this life!

This terrifying knife made everyone feel lingering at this time!

At this moment, the wishful boat, the chains, the cage, and the masters on the wishful boat.

Still standing blankly, without injury.

It was as if the swords had just passed by, and it hadn't caused any influence on them.

Everyone was surprised when they heard a soft pop.

Everyone followed the sound, and saw a small lock on one of the chains, with a snap, quietly broken!**NOVELSb.COM**

Turned into countless stars and light spots disappeared.

And this shattering sound was like opening a prelude.

Boom boom boom...

After the chain was broken, the cage was also shattered! Those huge pillars are also broken!

Then, the entire Ruyizhou and everything on the Ruyizhou shattered and disappeared into countless spots of light!

Disperse with the wind.

In almost an instant, everything on this wishful boat disappeared!

They have been shattered into nothingness by the terrifying knife formation just now!

In place, only the yellow bird was left.

The yellow bird hovered in the void, staring blankly at everything happening around it.

Seeing everything that trapped me, I broke into pieces and my face was filled with unbelievable words!

In the next moment, she recovered.

Suddenly raised the sky, and let out a long cry of excitement and joy: "I'm out of trouble! I'm out of trouble!"

Clear and beautiful.

Then, he trembled and covered his face with his hands.

Tears rolled down between the fingers, big drops!

Everything that trapped the yellow bird at this time disappeared.

She returned to freedom.

Chen Feng shook slightly, and blood surged in his body, almost violently spurting blood again.

[Chapter 4693: The end of Xiahou Jiuyuan](#)

He took a deep breath and forcibly held it back.

This time, he used only one-tenth, or even one-hundredth of the power of the Taishang Zhutian Sword Formation.

But even so, his body was almost unbearable.

After all, it's too high to kill the Heavenly Sword Formation!

Chen Feng now, apart from this too ridiculous Heavenly Swordsman formation, there is nothing that can deal with so many people at the same time.

There is no way to deal with so many people at the same time.

For this, he did not hesitate to pay a great price, but he also killed all these people in an instant.

"Xiahou Jiuyuan, I just said that you can't kill Sister Huangniao."

Chen Feng shook his head, looked at Xiahou Jiuyuan, and said lightly:

"Xiahou Jiuyuan, you might think that you have all sorts of methods, and you have this kind of ability."

"But unfortunately, in my eyes, you are just an ant jumping up and down."

"It's annihilated at will, not worth mentioning!"

At this time, Xiahou Jiuyuan finally showed a touch of despair on his face.

Chen Feng stretched out his hand to lift Xiahou Jiuyuan up high.

This generation of heroes is finally approaching the end.

Seeing the blazing flame in Chen Feng's eyes, the hatred and murderous intent that rose from the sky!

Xiahou Jiuyuan also shuddered involuntarily.

No matter how strong he is, when he is actually facing danger at this time, and even possibly being killed, he also feels indescribable fear.

He looked at Chen Feng and his voice trembled: "Chen Feng, what are you going to do?"

"What am I doing?"

A sneer was outlined at the corner of Chen Feng's mouth: "You are afraid, are you? You are afraid that I will kill you!"

"You are afraid that what I just said will make you regret coming to this world!"

"Then, when you tortured Sister Yellow Bird!"

"When you want to kill me!"

"Have you ever thought about today?"

Xiahou Jiuyuan was silent.

Suddenly, he shouted wildly: "All sergeants in God of War Palace, listen to my orders!"

"Kill Chen Feng, do whatever it takes!"

This time, Chen Feng did not stop him or interrupt him.

Let him speak this sentence.

When this sentence was spoken, the ten million army suddenly became agitated.

The ten-faced killing **** array slowly moved, and began to approach Chen Feng.

However, because the dragons have no leader, they are obviously not very unified.

Therefore, the action is rather slow.

Chen Feng sneered: "Do you really think that I dare not kill?"

He suddenly waved his hand.

Suddenly, the army of millions of monster beasts roared under the leadership of ten powerful monster emperors, and slowly approached the ten-faced killing **** array.

Under this effective threat, the ten-faced killing **** array froze there even more.

Xiahou Jiuyuan's face changed drastically, and he shouted sharply: "Do you dare not listen to my order? The God of War Mansion is so kind to you, are you going to betray me like this?"

Chen Feng shook his head, chuckled, not paying attention.

"You should be here too."

The next moment, a sudden roar came: "Do you think the God of War Mansion is your plaything?"

"Do you think the God of War Palace will shed the last drop of blood for your own selfish desires?"

The voice rolled, full of anger and majesty.

After hearing this voice, many experts in God of War Palace were shocked.

Because of this voice, they are very familiar!

The corner of Chen Feng's mouth hooked slightly.

A figure appeared from the Mansion of the God of War, and instantly came to the front of the Ten-faced Killing God array.

The exclamation sounded one after another!

"General Pu Xingzhou! General Pu Xingzhou unexpectedly?"

"Didn't he be imprisoned by the General Marshal for linking with Chen Feng? How could he appear?"

Xiahou Jiuyuan's complexion changed drastically in an instant, and he let out a low growl: "Pu Xingzhou, you rebellious, you colluded with Chen Feng?"

"Yes, I am rebellious, but I am only the rebellion of you Xiahou Jiuyuan alone! Not the rebellion of the God of War Palace!"

"Because everything I do is to save the God of War Palace!"

Pu Xingzhou said coldly.

He turned around and looked at the many powerhouses in the God of War Mansion: "Everyone, God of War Mansion is the God of War Mansion for all of us, not the God of War Mansion of Xiahou Jiuyuan."

"If Xiahou Jiuyuan was generous and dying for the God of War Mansion, it is incumbent for me to work hard for him!"

"Don't say anything else, I will be the first to serve him in Pu Xingzhou!"

"But now?"

"Xiahou Jiuyuan went against him, and the damaging War God Mansion is about to perish!"

"Is he still worthy of us? Answer me!"

The roar of Pu Xingzhou reverberated between the world.

Xiahou Jiuyuan roared: "Don't listen to him, kill Chen Feng for me."

But compared with Pu Xingzhou's words, it looks extremely pale and weak!

No one moved!

Chen Feng said lightly: "Okay, you don't have to be in vain."

With Pu Xingzhou, now, the overall situation has been decided, those people will no longer fight for Xiahou Jiuyuan.

Chen Feng's goal today is not only to kill Xiahou Jiuyuan.

He wants to conquer the entire God of War Palace, and even integrate the nine forces for his own use.

Therefore, he wants to convince the strong in the God of War Mansion, rather than full of resentment, ready to take revenge at any time.

Chen Feng Tiandi's repetitive reincarnation magic power suddenly started.

The secluded blue pupils flickered, and in an instant, Xiahou Jiuyuan became a little desolate, and there was nowhere.

After a while, he came back to his senses.

It seems unharmed, but I always feel that something is missing, and it feels very uncomfortable.

The fact is indeed the case, Chen Feng has already sucked away his remnant soul.

Xiahou Jiuyuan has dominated the Longmai Continent for many years, and he knows a lot about the secrets of the Longmai Continent.

Even if Chen Feng asked, he wouldn't say, and Chen Feng simply sucked away his remnant soul.

From now on, just look slowly in the heaven and earth repetitive reincarnation magical space.

Then, he raised Xiahou Jiuyuan in his hand and looked at the Yellow Bird's body: "Sister Yellow Bird, are you interested?"

The Yellow Bird's body was startled first, and then his eyes showed bitter hatred.

She opened a mouth, actually spit out a small sapphire gourd from her mouth.

It seems inconspicuous, but it is full of quaint meaning.

The yellow bird smiled coldly: "I don't have any long objects. After they captured me, they wanted to torture me where the treasure was, but they didn't know that my only treasure was in my womb!"

She stared at Xiahou Jiuyuan, and smiled coldly: "Xiahou Jiuyuan, you should really cut my heart!"

Xiahou Jiuyuan trembled, and there was a touch of extreme fear in his eyes.

Before he spoke, Huang Bird stretched out his hand, and Xiahou Jiuyuan immediately disappeared.

At the next moment, Chen Feng clearly heard an extremely miserable cry from the green jade gourd.

One can imagine what he encountered inside.

Chen Feng didn't care about this, he turned around and looked at the people of the nine forces.

Suddenly, the right hand was raised high, and the Heavenly Emperor's Evergreen Lantern gleamed in it.

[Chapter 4694: Six treasures in one, the key is missing!](#)

"Everyone, now the treasure of the God of War Palace is in my hands."

"You guys, have you ever brought the treasures of the various towns?"

The people of the nine major forces have already arrived with Chen Feng.

They were lucky, hoping that Xiahou Jiuyuan could defeat Chen Feng.

But after seeing Chen Feng completely crushing Xiahou Jiuyuan, they had no chance of luck anymore.

At this time, they were all convinced and offered the treasures of various towns.

Following the offering, half an hour later, except for the Xuanyuan Family and the Bahuang Tianmen that had been destroyed.

The other treasures are now in Chen Feng's hands.

In the hands of Chen Feng, the Heavenly Emperor's Evergreen Lantern held high!

The six other treasures hovered around.

These treasures are in all kinds of strangeness.

But the same thing is: the aura is dark and terrifying, revealing the ancient barbaric meaning, extremely powerful!

Moreover, Chen Feng vaguely felt that their breath seemed to be somewhat connected.

It seems to be the same origin.

The next moment, the breath of the Heavenly Emperor's Evergreen Lamp suddenly fluctuated.

There was only one light like a bean, very weak.

But all of a sudden, the light shone brightly and became exceptionally bright.

A burst of blue light spilled out from the Heavenly Emperor's Evergreen Lantern.

The six treasures were covered in an instant.

At the next moment, these six treasures were attracted like magnets and hit together.

Then, they began to penetrate each other, and began to merge with each other.

Everyone was stunned!

"This Liu Jian treasure is actually fusing?"

The people of the nine major forces, seeing this scene, their hearts are bleeding.

Their treasure of town faction just disappeared!

But other people are very much looking forward to it, wondering what the six treasures will look like when combined together!

Chen Feng also raised his eyebrows, his eyes were a little surprised.

He took all the treasures of the town from all the nine major forces together, with the purpose of finding out some secrets about the Dragon Vessel Continent.

As a result, I didn't expect that after meeting, it turned out to start to merge.

Chen Feng is also full of expectations: "After these things are integrated, I don't know what it will be. Will it help my plan?"

The fusion took a full three hours.

Until later, these six treasures have turned into a ball of colorful light.

I can't see exactly what's inside.

Finally, the Heavenly Emperor's Evergreen Lamp trembles violently!

Then, there was a ray of light on it, swaying out, all seeping into this colorful light group.

In the next moment, the light ball was blown up directly!

Among them is a mottled light and shadow, suspended there.

Chen Feng looked at it, and his heart jumped fiercely.

This is actually a key!

The color of bronze, but with a sense of transparency of glass.

It is full of antiquity and the patina is mottled.

I don't know how many years have passed.

It's just that this key is obviously a little incomplete, it feels like only a small part, and most of it is still missing.

Chen Feng raised his eyebrows: "What is this?"

As soon as Chen Feng waved his hand, the key fell into his hand, and there was no resistance.

But when the incomplete bronze key started, Chen Feng trembled all over.

It turned out that he actually felt a breath that seemed to be connected by flesh and blood, pouring in from the key.

Chen Feng's heartstrings instantly beat: "It seems that this thing should have been mine!"

"It seems that this thing has known me for a long time! At this time it finally returned to my hands!"

At this time, the Heavenly Emperor Evergreen Lantern once again returned to that lazy state.

Obviously, for it, it seems that it is not difficult to integrate these six treasures.

Chen Feng trembled slightly, with unspeakable excitement in his heart, as if his heartstrings were quietly disturbed.

"Are you destined to be mine?"

He whispered to himself: "Why is it incomplete?"

"Why is it incomplete, naturally because there are still some things that I haven't gotten."

The yellow bird was beside, and said lightly: "The other half is still in the hands of other people."

Chen Feng instinctively asked: 'Who is in his hands? "

The yellow bird smiled slightly: "The nine major forces were the rise of the Dragon Vessel Continent later."

"I ask you, what are the earliest powerful forces in the Dragon Vein Continent?"

When Chen Feng heard this, his heart suddenly brightened.

One high five. Excitedly said: "Yes!"

"It was not these nine powers who first dominated the Dragon Vein Continent, but the six hidden sects!"

He looked at Yellow Bird and said excitedly: "Sister Yellow Bird, thank you for your reminder!"

"Are the six hidden sects?"

A sneer appeared at the corner of Chen Feng's mouth: "There is another reason to clean up you."

He must deal with the six hidden sects, but it is not time yet.

They are still useful. If they are cleaned up now, it will have a great impact on Chen Feng's plan!

"in fact....."

The yellow bird looked at Chen Feng with a long voice: "Chen Feng, I know, you have a lot of problems."

"Perhaps, I can answer your doubts."

"Yes indeed!"

Chen Feng's heart moved, and he patted his head.

"Chen Feng, you are really stupid, sister Huangniao is here, how many years has he lived? How many secrets do you know about the Dragon Vein Continent?"

"I'm afraid that the six hidden sects and the nine powers together don't know as much as she knows!"

At this time, Chen Feng felt a little more puzzled.

Before, he was curious about the origin of the yellow bird.

And now, when he knew that the yellow bird clone at the top of Jianmu was only a clone of the yellow bird's strength in front of him, he was even more curious.

What is the origin of the yellow bird?

Why is it built on top of that wood?

Who left the Emperor Treasury that day?

Why does she keep guarding there?

At this time, of course, Chen Feng would not believe that the emperor treasure house that day was a legend left by a powerful emperor in ancient times.

Pure nonsense!

The strength of Yellow Bird at its peak had definitely surpassed Jiuxing Wudi and was even stronger than himself now.

Is there any treasure left by Emperor Wu that is worth her to guard?

Chen Feng always felt that the Yellow Bird was surrounded by countless mists.

And Chen Feng has a hunch, what Huang Bird can tell him, I'm afraid it will open a brand new door to himself!

It will bring a huge shock to yourself, the real, ancient secret!

The yellow bird sighed slightly, his eyes suddenly a little distant.

"You let them go, I have something to tell you."

Chen Feng nodded.

Today's matter is almost over now.

Under Chen Feng's order, Pu Xingzhou took the army of God of War Mansion and went back separately.

This time, there was only one Xiahou Jiuyuan who died in such a big battle, and it had nothing to do with the others.

As for the people of the nine powers, Chen Feng is the powerhouse who makes all of them more powerful than the five-star Wudi. After half a month, he must go to the City of Heaven!

[Chapter 4695: Finally learned! The truth about Longmai Continent!](#)

He didn't explain the reason, and no one dared to ask.

Everyone was only committed and obeyed.

And after the people of the nine major forces left, everyone also dispersed.

They are still a little bit confused and unbelievable, only to feel that today's affairs are in a trance, like a dream!

People like this have witnessed it, can it be said that the biggest event happened on the Dragon Vein Continent?

After the confusion and disbelief, there was an unspeakable excitement.

This will be their talk of life in the future!

Tiancun Beast Slave and Mei Wuxia took a deep look at Chen Feng, and they also left quietly without disturbing Chen Feng.

The original endless hustle and bustle disappeared instantly.

Suddenly, the sky and the earth are high, vast and lonely.

In the world, it seems that only Chen Feng and Huang Bird are left.

With a flash of yellow bird's figure, he came to a cliff with a thousand feet.

There are big rocks here, white as jade.

The yellow bird gently walked up and opened his arms as if to embrace the world.

When the wind blows, the goose-yellow clothes are hunting and hunting, soft and unspeakable.

A pair of barefoot, white as jade, gently stepped there.

She squinted her eyes and looked into the distance, as if she was enjoying the freedom that she hadn't gained for tens of thousands of years.

The Yellow Bird's body looked into the distance, his eyes faint, like nostalgia and thought.

I haven't spoken for a long time.

Chen Feng also didn't speak, but stood quietly beside him, watching the clouds and clouds in the distance.

After a long time, the Yellow Bird's body only spoke quietly.

"Do you know how many years I have been in the Dragon Vein Continent?"

Chen Feng shook his head: "I don't know."

Yellow bird stretched out a finger: "It's been more than a million years!"

More than a million years!

What a shocking number this is!

Chen Feng's heart jumped fiercely, "Yellow Bird has lived for so many years?"

"For more than a million years, doesn't she have witnessed countless years of vicissitudes in this Dragon Vein Continent?"

The yellow bird turned his head slightly and appeared in front of Chen Feng with a beautiful profile face, and said slowly: "I have been in the Dragon Vessel Continent since the last time of the Great Tribulation."

"So far, it has been more than a million years."

Chen Feng's heart beat fiercely, blood flow accelerated, and unspeakable excitement and anticipation surged in his heart.

She felt that she was about to touch a big secret.

And this may be a big secret involving the deepest root level of the Dragon Vein Continent!

Chen Feng took a deep breath, calmed himself down, and slowly asked, "What is the great disaster of heaven and earth?"

The yellow bird whispered slightly sarcastically: "This catastrophe of heaven and earth, to be precise, is not a catastrophe of heaven and earth in the true sense."

"It's completely different from the great tribulations of the Great Thousand Worlds."

"This so-called catastrophe is nothing but a catastrophe created!"

She raised her head and looked at Chen Feng, with a strange light shining in her eyes.

"Millions of years ago, the Great Tribulation of Heaven and Earth, and all the connections between the Dragon Vein Continent and other worlds were closed."

"Since then, I was sealed in a closed cage."

"From then on, there will be no fairy spirit spilled from the upper realm!"

"From then on, the warriors of the Dragon Vein Continent have been trapped in this cage, and there is no hope anymore!"

When Huang Bird said these words, Chen Feng held his breath.

After saying this, there was a breath of air in his heart echoing!

Almost breaking through his chest, rushing out!

In Chen Feng's heart, a voice yelled frantically: "That's it, that's it!"

A bright light flashed in Chen Feng's mind, and he finally knew the secret of the Dragon Vessel Continent!

He had similar guesses before.

But now, this idea was confirmed instantly!

Chen Feng gestured with both hands to look like a sphere: "You mean, the Dragon Vein Continent is just sealed in a shell?"

"To be precise, it's like an egg."

The Yellow Bird said lightly: "The Dragon Vein Continent is the egg yolk inside."

"Outside the Dragon Vein Continent, there is egg white, and that egg white is the endless void outside."

"Outside the endless void, there is an extremely strong eggshell!"

"This eggshell is an extremely heavy barrier and a seal!"

"Forcibly, the Dragon Vein Continent was sealed in it! It was darkness!"

Chen Feng stopped breathing and was cold all over!

The blood all over the body seemed to freeze abruptly!

That's it!

That's it!

No wonder no one can break through the Dragon Vessel Continent in these years!

It's no wonder that in the past few years, the aura of the Dragon Vein Continent has become thinner and thinner, and the strength of the martial artist has become lower and lower!*nOVelusB.coM*

With such a barrier there, who can break it?

How can the spirit of the fairy come in?

His eyes suddenly opened up, and he understood everything!

In the next moment, there was an extreme resentment and anger in his heart, suddenly rising!

"why!"

"Why does the Dragon Vein Continent suffer such bad luck!"

"Why do my generation of dragon vein mainland warriors suffer such bad luck!"

"Why!"

Finally, full of anger, all turned into these three characters!

He seemed to know what Chen Feng was thinking, but Huang Bird didn't say much, just raised his eyebrows and looked at him, and said lightly: "Do you know why, this is called the Great Tribulation of Heaven and Earth?"

"This robbery, where is the robbery?"

Chen Feng took a deep breath and calmed down: "I don't know."

The Yellow Bird said faintly: "As the Dragon Vein Continent is completely locked in it, all the powerhouses in the Long Vein Continent whose strength exceeds the realm of the Nine-Star Martial Emperor died almost overnight."

"All the monsters whose talents can make their bodies surpass the realm of the nine-star monster emperor are almost completely wiped out overnight!"

"Even, a big mountain collapsed and a big river dried up!"

"If there is no tree spirit plant, it will die!"

"From that day, the upper limit of the strength of all martial artists in the Dragon Vein Continent has been locked at the peak of Emperor Martial Realm!"

"Their life span is also locked to this number!"

The Yellow Bird looked at Chen Feng with a plain but cruel voice: "Three thousand years!"

"Since then, none of the warriors on the Dragon Vein Continent can live more than three thousand years!"

This sentence made Chen Feng tremble all over.

The ultimate anger flashed in his eyes! Hate! Killing!

He can imagine the despair of those seniors!

Obviously, all of them are amazing talents, and if they are in other worlds, they all have a lot to do.

However, he was born on this dragon vein continent!

For millions of years, the Dragon Vein Continent has been like a pitch-black prison!

No matter how wonderful you are, you can only see no hope in this cage, and you will die in trouble!

The strength cannot be advanced!

Life must not increase!

Live!

Sleepy!

Old dead!

Before he died, he was full of unwillingness, anger, and despair!

Not everyone has their own chance to go to the top of the sky and see the yellow bird!

[Chapter 4696: Xuanhuang in a thousand worlds! Yuxu fairy gate!](#)

Chen Feng felt that his chest was about to explode, and his anger was almost uncontrollable!

He almost squeezed out three words between his teeth: "Why?"

"because....."

The yellow bird looked at Chen Feng and slowly uttered six words: "Xuanhuang in the world!"

Xuanhuang in a thousand worlds!

Chen Feng's heart trembled: "Could it be that this is the Zhongqian World to which the Dragon Vein Continent belongs?"

Below every Zhongqian world, there are starry small thousand worlds.

Xuanhuang in a thousand worlds!

When these six words were uttered, a dreamlike expression appeared on Huang Bird's face.

She whispered softly in a dreamlike tone:

"That is a magnificent, magical, and unimaginable world of cultivating immortals!"

"Incomparably huge, incomparably vast, the size of the Dragon Vein Continent is not even as large as one-billionth of it!"

"In this world, there are powerful gods and demons, shattering the world! There are Jindan cultivators who can pick the stars in their hands! There are sword cultivators who can cut the sun and the moon with one sword!"

When Chen Feng heard this, his heart was throbbing!

It is even more so!

Gods and demons break the world!

The monk picks the stars!

The sword fairy cuts the sun and the moon!

How magnificent!

How powerful!

How can people not, blood is surging!

Chen Feng keenly caught a key word: "The world of cultivating immortals!"

"Yes, it is the world of cultivating immortals."

"The Dragon Vein Continent is very low-level, it's just martial arts."

"At the level of Xuanhuang Zhongqian World, then it is cultivating immortals!"

The yellow bird whispered: "The ultimate martial artist is the Star Soul Martial God, and the Star Soul Martial God is just a starting point for cultivating immortals."

Chen Feng nodded slowly, thoughtfully.

She went on to say: "The sect I was born into is named Yuxu Xianmen."

Yuxu fairy gate!

Chen Feng listened, and his heart moved slightly.

For some reason, when these four words were spoken, he felt a sense of emptiness, ethereal, and ethereal.

More importantly, the indescribable closeness surged in his heart.

Huang Niao glanced at him, his eyes flashed slightly: "You really have a relationship with my Yuxu fairy gate."

She continued: "The Yuxu Immortal Gate is one of the top sects in the Eastern Desolate Immortal Territory."

"Although it is not the most powerful sect, it is the most potential sect."

"At the time, the founder of the school was shocked and brilliant. I don't know what the ancient inheritance was. He became the top genius in the world of Xuanhuang Zhongqian."

"One sword glorifies nineteen continents, and the world is powerful."

"Even, robbed another sect of another family's top cave, and forced that family's sect to flee thousands of miles away!"

"Forcibly created the foundation of Yuxu Immortal Gate!"

"After that, the ancestors of successive generations were upright and stubborn, and they were most uncomfortable with such nasty things."

Chen Feng sighed.

He suddenly guessed the reason for the destruction of the Yuxu Immortal Gate.

"Presumably, you Yuxu Immortal Sect has many enemies, right?"

The Yellow Bird nodded and said softly: "However, this is just a small matter."

"For each family, this kind of thing is quite common, and it is not this that really makes them determined to kill the killer."

Her gaze changed suddenly, with indescribable surprise.

"Later, from my Yuxu fairy gate, a great genius came out."

"This super genius is talented and possesses three innate spiritual roots, and they are all rare and rare in ten thousand years."

"The condensed Star Soul shocked the world, even not losing to the founder of the Patriarch!"

When Chen Feng heard this, his heart was shaken.

This kind of talent can really be regarded as shocking.

The Yellow Bird sighed slightly, and then said:

"Being Xuanhuang in a thousand worlds, I am the first person in a hundred years."

"and so....."

Chen Feng sighed softly: "He has also become the biggest reason why your Yuxu Immortal Gate was attacked and killed by everyone?"

"No, not yet."

Huang Niao shook his head: "These sects have existed for so many years, and they are extremely cautious when it comes to major issues."

"Even the existence of such a genius does not make them truly determined."

"It really made them determined!"

Yellow Bird's body, the expression on her face suddenly became weird at this time, and she pointed at her feet.

"because this!"

"because this?"

Chen Feng was taken aback.

At the feet of the yellow bird, it was just a big rock.

But then, Chen Feng suddenly contracted his pupils and suddenly thought of something.

His pupils shrank, and his eyes showed disbelief.

"Because of this?"

Chen Feng's hand also pointed to Huang Bird's feet.

Huang Niao knew that Chen Feng had understood what he meant.

She smiled and nodded.

Just now, Chen Feng realized it!

At the feet of the yellow bird is the big rock!

Under the big rock, there is a cliff!

Under the cliff is a huge mountain!

Under the huge mountain, there is the fertile field of thousands of miles, the entire dragon vein continent!

This is the world!

"Could it be that the destruction of the Yuxu Immortal Gate was caused by the Dragon Vein Continent?"

The yellow bird looked into the distance: "You should know that there are countless small thousand worlds under each middle thousand world."

"These small thousand worlds are connected to the middle thousand worlds, and some belong to the sect families of various intermediate worlds, etc."

"Some of these small worlds are under the long-term rule of Zhongqian World, while others are newly discovered and conquered by people in Zhongqian World."

"Therefore, finding a small world in the middle thousand worlds and putting it under the rule of one's own family sect is also a very hot business."

"The Dragon Vein Continent is somewhat special."

The yellow bird seemed to be lost in thought:

"That day, outside of Xuanhuang Middle Thousand Worlds, a huge star suddenly appeared, which had never appeared before."

"At that time, the people of Xuanhuang in the thousand worlds were also shocked."

"This is a brand new Little Thousand World."

Chen Feng said, "This is the Dragon Vessel Continent?"

"Yes, it is the Dragon Vein Continent!"

"just like....."

Her gaze was a little blurred: "The Dragon Vein Continent has been wandering in the void of the universe for many years, but it happened to come to the edge of the Xuanhuang Middle Thousand World by chance!"

The yellow bird whispered.

"Thousands of people in Xuanhuang will naturally not let go of such an existence."

"After a brief stun, the top sects of the Xuanhuang Zhongqian World immediately sent ten young talents to the Dragon Vein Continent!"

Chen Feng listened attentively.

"Soon, the results will come out."

The yellow bird's gaze suddenly became weird: "Three days later, the people who went there came back, but only one came back!"

"The first group of strong men who came to the Dragon Vein Continent are all dead!"

"What? All dead?"

Chen Feng shouted out of voice.

He was really surprised.

According to the division, the Dragon Vessel Continent is just a small world!

[Chapter 4697: then](#)

Xuanhuang Zhongqian World is so powerful, their first batch of people sent to the Dragon Vessel Continent came to explore the Dragon Vessel Continent again.

The first batch of people sent to the Longmai Continent were definitely very powerful.

With the strength of this group of people, Dragon Vein Continent should not pose any danger to them.

So why did they all die in buying the mainland?

What kind of danger does the Dragon Vein Continent have?

And if the Dragon Vein Continent is in such a danger, why did he never know?

Even the people on the Dragon Vein Continent didn't know?

Chen Feng suddenly felt that there was a lot of mist in front of him, as if there were still many secrets in the Dragon Vein Continent that had not been solved.

He suddenly moved in his heart, as if he had thought of something, and exclaimed: "The only one who came back, wouldn't it be the supreme genius?"

"Smart, it's him."

"After he came back, he kept silent about what happened on the Dragon Vessel Continent and what secrets he had."

"Just saying, there is great horror there."

"However, there are still secrets circulating. It is said that in this Dragon Vein Continent, there is only this treasure, with great terrifying power."

"If it can be obtained, no one will dare to provoke it, even in Xuanhuang Zhongqian World!"

"This rumor, I don't know where it started, but every family is convinced that they have organized a strong manpower to take this Dragon Vein Continent as their own."

"But the supreme genius of the Yuxu Immortal Clan is the only one who came back alive, knowing the most, and taking the lead."

"So, before each family has recovered, the Yuxu Immortal Gate has already occupied the Dragon Vein Continent."

Chen Feng was taken aback, shook his head and smiled bitterly: "You can start fast enough."

"Xuan Huang Zhong Qian World, grabbing such resources, from the ruthless face."

The yellow bird smiled slightly and said: "For this and other things, the sooner you start, the better."

"And after we occupied the Dragon Vein Continent, many outstanding disciples came here and continued to explore."

Chen Feng nodded: "Longmai Continent, so in the old legend, there was a period of time when immortals appeared in the world."

"Presumably, it should be a disciple of your Yuxu Immortal Sect."

The yellow bird nodded: "Yes, it is not an exaggeration that the disciple of the Yuxu Immortal Clan is called a fairy in the eyes of mortals."

"It's just that the time flow rate of the Longmai Continent is different from our Xuanhuang Zhongqian World."

"One day in the Xuanhuang Thousand Worlds is equivalent to one month in the Dragon Vein Continent."

Chen Feng sighed: "Is this the so-called one day in the sky, one year on the earth?"

Reminiscence appeared on the yellow bird's face.

"Grandpa took my sister and me and came here."

Chen Feng raised his brows: "Who is this again?"

Yellow bird explained.

Only then did Chen Feng know that her grandfather was actually a strong elder of Yuxu Immortal Sect.

In the Yuxu fairy gate, strength can at least be ranked in the top ten.

Seek longevity all your life, cultivate immortality.

All alone, without children.

Later, by chance, when he went to other worlds for adventure, he adopted two spirit beasts in an extremely mysterious secret realm.

But they don't treat them as animals, but as their granddaughters.

The two little spirit birds, the smaller one, is the yellow bird.

The bigger one is named Xiaobai.

It is a very special and powerful crane.

The body is extremely powerful, capable of traversing the void physically, breaking the limits between the worlds, and traveling the universe.

"I heard it was interesting here, don't beg Grandpa to take me to play."

Huang Bird smiled, as if thinking of something happy:

"Unexpectedly, my grandfather's childlike innocence suddenly rose, and he ran to the top of the Jianmu, locked in the treasures he used before stepping into the Star Soul Martial God Realm, daily things, his own martial arts techniques, etc. There."

"Also named it: Treasure House of the Emperor of Heaven."

"A lot of nonsense has been compiled and spread out."

She giggled: "So is Grandpa, even when he is old."

Chen Feng shook his head and smiled bitterly.

He knew how those ancient legends came from.

That is indeed the treasure house of the Emperor of Heaven.

It's just that they were all things used before stepping into the Star Soul Martial God Realm, and for Chen Feng now, they didn't have much value.

"But the good times don't last long..."

Huang Niao continued: "Soon, in the process that the real master head teacher personally took people to explore, he found something remarkable on the Dragon Vein Continent!"

"Something extraordinary?"

Chen Feng's spirit was lifted.

The yellow bird shook his head: "This thing is actually the one I mentioned before, the most precious thing that has been circulated among the people."

"It's just that I don't know what it is."

"It was just a rumor before, but now it is certain that the treasure really exists here."

"As soon as the treasure came out, the real headmaster immediately ordered everyone to leave the Dragon Vein Continent, and no news should be leaked."

She continued: "Originally, only a handful of people, such as the master teacher, knew about this."

"As a result, no one thought that another sect had a spy in my Yuxu Immortal Sect."

"Furthermore, this spy has a very high status. It turned out to be one of the top four guardians of my Yuxu Immortal Sect."

"After he got the news, he spread it out overnight."

She took a deep breath: "So, this finally became the last reason for the major forces to take action."

"All major forces joined forces, and after half a month, they suddenly made a move to besiege my Yuxu fairy gate!"

"The other party has a deep background, but with more enemies and fewer enemies, dozens of times stronger than me!"

"From the beginning, we were not rivals!"

"But even if this is the case, there are still opportunities to escape, and the real master is ready to let me wait to escape into the Dragon Vein Continent."

"As a result, I didn't expect..."

Chen Feng said: "Unexpectedly, that big spy would be in harmony with them, right?"

"Yes!"

The yellow bird was full of hatred and gritted his teeth: "He suddenly made a move at the most critical moment, and the real palm teacher was severely injured."

"He even directly cut the passage to the Dragon Vein Continent!"

"If you want to open it forcibly, you will have to pay a great price. My Yuxu Immortal Gate was in a mess for a while! It was even more desperate!"

"All around are chasing soldiers, but the retreat has been cut off!"

"At this moment, they let me wait to hand over the Dragon Vein Continent!"

"just!"

There was an indescribable icy color on her face: "My Yuxu Immortal Gate, I have never been bent!"

"My cultivator, why don't you want to fight?"

In her eyes, there seemed to be endless blood and fire rising.

"This battle has been fought for ten days and nights!"

"The Yuxu fairy mountain with a radius of one million li has been razed to rubble!"

"The Yuyuan Daze, my favorite to play on weekdays, has become an abyss!"

"Almost all members of my Yuxu Immortal Clan have died in battle, from teaching the real person to sweeping the floor, no one retreats!"

[Chapter 4698: The big formation that trapped the dragon vein continent to death](#)

Chen Feng heard it, and the goose bumps all over his body were all over, shuddering beyond words!

What kind of school is this Yuxu fairy gate!

How strong and determined are their people?

At this moment, no one has retreated! No one escaped!

"At the last moment, we were trapped by them on the golden dome at the core of the sect."

"At this time, the real head teacher has already died in battle."

"And in my Yuxu fairy gate, only the six strongest elders are left!"

"Relying on my grandfather's shelter, my sister and I are still alive!"

The yellow bird was full of miserable expressions: "At this time, it's a dead end."

"Among those sects that besieged my Yuxu Immortal Gate, the one with the highest prestige came out and told us."

"If we honestly hand over the Dragon Vein Continent at this time, we people will die, but they will build the Jiuyou Tomb for us and rebuild the place of reincarnation ascending to heaven!"

"Help me wait and re-enter the cycle!"

Chen Feng was horrified and shocked: "Is there really a way to reenter the cycle?"

Huang Niao shook his head: "My level is too low to reach it."

"But when the elders are chatting, they often talk about it, thinking it should be."

Chen Feng silently wrote it down.

His heart is full of yearning for the mysterious and yellow world.

What a magnificent world this is, with what infinite secrets!

All-encompassing, exhausting my imagination.

"That's where I should go!"

The voice in Chen Feng's heart was stirring!

"Several top power experts in the sect, it is not rare for him to offer the conditions."

"Even after exhausting all the power at the end, the five people joined forces to spur a large taboo array that has been passed down since ancient times."

"The reason why this big formation is taboo is because it hurts others and self."

"The people who set up the big formation will have to pay a very painful price."

Chen Feng whispered: "This great formation must have trapped the Dragon Vein Continent!"

"Yes, these five elders first sealed them!"

"Then, cut off the connection between the Dragon Vein Continent and the Xuanhuang Middle Thousand World, banished it, and entered the endless void."

"Finally, even with all his cultivation, using his body to integrate into this large formation, it also turned into a huge barrier that was extremely thick and impossible to break, and sealed the entire Dragon Vein Continent forcibly. "

"From then on..."

She looked at Chen Feng: "Longmai Continent has lost contact with Xuanhuang Zhongqian World forever."

"Longmai Continent, has been banished!"

"The five elders died, leaving only the three of us, grandpa and sister."

Chen Feng couldn't help but feel moved.

Yuxu Immortal Gate, a crowd of people, really are extremely strong.

"At this time only grandpa is left, but even so, grandpa still has a chance to escape."

"It's just that there is no way to take my sister and me away."

"So Grandpa didn't go by himself, but instead used his last strength to send me to the Dragon Vessel Continent."

"Because he knows that no place is safe, except for this Dragon Vein Continent that has been banished and has lost all contact with the Xuanhuang Zhongqian World!"

"At the beginning, the treasure house of the Heavenly Emperor he left in the Dragon Vessel Continent played a role."

"He took the Heavenly Emperor's Treasury as a beacon of time and space and sent me there."

"My sister, she instilled her last strength into my body, giving me the power to protect myself."

Tears were already rolling in her eyes.

"When I disappeared and came to the Dragon Vein Continent, I looked back."

"They have been overwhelmed by those enemies."

She suddenly looked up to the sky and let out a stern roar: "I hate it!"

"I hate why I don't have the strength. I practice every day and look forward to returning to the world of Xuanhuang Zhongqian and avenging them!"

"But 100,000 years later, I discovered a sad fact."

Chen Feng also thought of something, he took a deep breath and said softly:

"You find that the aura of the Dragon Vessel Continent is too scarce, and the upper limit of power is completely locked."

"So, no matter how you practice, there is no hope, right?"

The yellow bird nodded: "Not only that, I also found that my talent is too low."

"I was born in the yellow bird group, the yellow bird group, originally talented, looking at the mysterious yellow world, they are all considered to be very strong monsters."

"But for some reason, there seem to be layers of seals in my body, so that I can only use my talented bloodline ability to a trivial point!"

A sad smile appeared on her face: "My talent is determined. If I practice for millions of years, I will never be able to avenge them."

Chen Feng said: "So, you start looking for someone."

"Yes, so I changed my method. I want to find the most outstanding genius in the Dragon Vein Continent."

"Help him, guide him, let him go to Xuanhuang Zhongqian World."

"Avenge for me, for my sister, for my grandfather, for my Yuxu fairy gate!"

Chen Feng sighed: "Unfortunately I ran into the God of War Mansion!"

Huang Niao said lightly: "The God of War Palace gave me a slap in the face."

"I treated them wholeheartedly, but they imprisoned me, trying to torture me for good."

"So, I didn't tell them anything at all!"

"They have delayed me a whole half a million years! In these half a million years, I have not seen the sun, nor have I seen any wizards. They have delayed me for half a million years until now!"

She gritted her teeth with hatred!

Suddenly he slapped the gourd on his waist.

Suddenly, Xiahou Jiuyuan's screams in the gourd became more stern.

Then, she suddenly flickered and came to the mountains behind the God of War Palace.

A very tall and majestic stone mountain is covered with huge tombs.

Here is the tomb of the ancestors of the God of War Palace.

The yellow bird smiled coldly and let out a sharp roar, like Fengmao for nine days.

She waved her hands again and again, and her incomparable strength poured out!

Boom boom boom...

Those powerful protective barriers were directly shattered!

Then, these tombs, one by one, were all razed!

But in a moment, it has become a ruin.

The huge and luxurious giant coffin was also directly blasted out, scattered everywhere.

a mess!

The yellow bird panted heavily, and the hatred in his eyes faded slightly.

At this point, she seemed to have just solved her hatred.

Chen Feng suddenly said softly, he obviously felt that Huang Bird's mood was very low.

Chen Feng took a closer look and saw that a black gas flashed across Huang Bird's face.

At that moment, her beautiful face became cold and fierce.

"I couldn't find someone, and I was imprisoned."

The yellow bird murmured to himself, and suddenly slapped his face severely, cursing in a low voice:

"Yellow bird, yellow bird, you are such a waste! Can't do anything!"

"but!"

The yellow bird's eyes lit up suddenly: "Now, I found you!"

[Chapter 4699: The mysterious night watchman of Yuxu Fairy Gate!](#)

In her eyes, there was a volcanic flame erupting: "But I found you!"

She grabbed Chen Feng's hand, her face was full of excitement: "I see hope in you!"

"You are like a mystery, I can't see through it at all."

"But your future is definitely not just in the Dragon Vein Continent, or even Xuan Huang Zhong Qian World!"

Her voice suddenly rose: "Moreover, the most important thing is that the time when you and I meet is exactly the key node of a million years!"

"It happened to be after the Dragon Vein Continent was sealed for a million years!"

"This is destined!"

"I will do everything to let you get rid of the shackles of the Dragon Vein Continent and enter the Xuanhuang Zhongqian World!"

"Chen Feng, you have to promise me too, since you inherited the mantle of the Yuxu Immortal Sect, you have entered the Xuanhuang Middle Thousand World as the line of the Yuxu Immortal Sect!"

"We must take revenge for Yuxu Fairy Gate!"

Chen Feng smiled bitterly.

Sister Huangniao, you really can't negotiate terms.

Spread out all your cards when you come up?

However, let alone, if Chen Feng really entered the world of Xuanhuang Zhongqian, there would be a huge causal relationship with Yuxu Immortal Gate.

Just talk about the yellow bird's affection for him.

Chen Feng is obliged to do her request and will definitely complete it for her!

Chen Feng was thinking about it, so he spoke a little slower.

But Huang Niao thought Chen Feng would not agree.

Her tone suddenly became particularly intense: "Chen Feng, even if you don't want it, there is nothing you can do!"

She chuckled: "Other sects will not let you go, and you will not let go of the remnants of the Yuxu fairy sect!"

"You have the brand of Yuxu Immortal Gate on you, they can feel it!"

At this moment, her eyes suddenly became pitch black.

Suddenly behind him, there was devilish energy.

Even on his face, bare arms and wrists, there were many black magic patterns.

Even for a moment, her goose-yellow robe became pitch black, and it was tumbling in the wind.

Like a blooming black magic flame.

Chen Feng looked at it and was shocked instantly!

Yellow bird is a precursor to demonization!

She is about to be demonized!

Chen Feng couldn't be more familiar with this situation. Chen Feng had seen a similar situation with Hua Lengshuang.

At this time, when Huang Bird faced Chen Feng, he was no longer tender and gentle.

It even brought out a bit fierce and cold.

She stared at Chen Feng with dark eyes.

When Chen Feng saw it, he couldn't help but feel cold.

But Chen Feng did not blame him in anger.

He knew very well that this was not a real yellow bird.

She is on the verge of being demonized.

However, after a brush, the magic energy on the surface of the yellow bird's body, the black magic flame, disappeared without a trace.

It returned to normal again.

He didn't seem to notice the strangeness of himself just now, just staring at Chen Feng closely: "Chen Feng, can you agree?"

"Do you promise me?"

Chen Feng smiled slightly, looked at her, and just said a word: "Tell me, how should I break the shackles of the Longmai Continent?"

The yellow bird was taken aback at first.

Then, he was full of ecstasy.

Chen Feng's words undoubtedly mean that he has agreed!

However, her devilish energy is looming, and her mood swings are very severe now.

Whenever there is excitement, there is danger of enchantment.

"No, I don't want to listen to these vague words!"

Huang Niao stared at Chen Feng: "I want you to make it clear, and tell me clearly every word!"

"You will avenge the Yuxu fairy gate."

Chen Feng patted her on the shoulder. He knew that Huang Bird's mood was very unstable now.

Chen Feng stared at the yellow bird, very solemnly, saying every word:

"Sister Huangniao, I hereby promise you that I, Chen Feng, will do my best to avenge Yuxu Immortal Gate after entering the Xuanhuang Zhongqian World!"

"If Chen Feng can't do it, then..."

Chen Feng was about to say those vows to punish him.

Suddenly, Huang Bird stretched out his hand and covered his mouth.

He looked at Chen Feng, his face was full of relief and smiles: "Chen Feng, needless to say, I believe you!"

Chen Feng sighed softly, but took her hand away, extremely firm:

"If Chen Feng can't do it, I'll be robbed by the sky, go crazy, lose my strength, and die in shattered body!"

This oath is extremely heavy.

And when this vow fell, Chen Feng instantly felt something strange in his body.

It is as if there is a line of cause and effect, from above his body, quietly spreading out, leading to an indescribable place.

This line of cause and effect is faint and vague, imaginary and real.

It seems ethereal, but in reality it is extremely huge.

The whole line of cause and effect is implicated, as if running through one's own future.

It was much larger than the line of cause and effect between himself and the real person Lei Ting and the Great Emperor Crazy Blade.

Chen Feng sighed softly, knowing that if he couldn't do it, then this oath would really be fulfilled.

However, he did not have any comments on this.

The Dragon Vein Continent is the private plane of the Yuxu Immortal Gate.

Huangniao, a member of the Yuxu fairy gate, is a helper and a life-saver for himself.

And he also had to use the Yuxu fairy gate to enter the Xuanhuang Zhongqian World!

If you step into the Xuanhuang Middle Thousand World from this, it is inevitable that you will be imprinted with the extremely solid brand of Yuxu Immortal Sect!

Can't escape, can't take off.

Only face it!

"Then I will avenge this enmity on behalf of the Yuxu Fairy Gate! To repay your kindness to me!"

Chen Feng's heart instantly arrogantly said, "It's just revenge! What's the difficulty?"

Chen Feng is full of confidence, without any fear or timidity.

It's like, who would have thought that Qian Yuanzong's junk boy would stand on the top of the Dragon Vessel Continent today?

Nothing is impossible with him!

"Chen Feng, why are you doing this?"

The yellow bird whispered.

Chen Feng smiled slightly: "Well, sister Huangniao, tell me how to break the shackles of the Dragon Vessel Continent!"

The yellow bird sighed slightly and sat down and looked into the distance.

"When I escaped, Grandpa imprinted a word in my mind with his divine sense."

"If there is someone at the Yuxu Fairy Gate who can help you return to the world of Xuanhuang, if there is someone who has a glimmer of hope, then it must be the night watchman."

"Night watchman?"

Chen Feng raised his eyebrows and said, "Who is this person?"

"He is my Yuxu fairy gate, the most mysterious and the oldest existence!"

"My Yuxu fairy gate, in addition to those strong on the surface, there is actually a super strong, but he is not known to outsiders."

Huang Niao continued: "I heard that this senior, as soon as he appeared from the sect, he existed."

"He is extremely mysterious. Grandpa spoils me very much. I can go to all places in the sect."

"The real person who teaches me has been drawn by me."

"But even so, I have never seen that night watchman!"

[Chapter 4700: Yellow bird! Cut off](#)

"It's just heard that Yuxu Immortal Clan's life and death are critical, and he will only appear when the crisis is at its extreme."

"Before, during the ten days and ten nights of the siege, he never appeared."

Having said this, there was another devilish flash on her face.

The yellow bird suddenly stretched out his right hand.

Chen Feng saw that there was an extra piece of cloth in her hand, about the size of a palm.

This piece of cloth is very old.

There are a few spots of blood on it.

It looked like that, it seemed that after someone was injured, he wiped it a few times with a cloth and then discarded it.

However, Chen Feng saw that at the moment of appearance, there seemed to be infinite golden light in the blood on it!

An extremely vast force diffused out of it, and coercion appeared out of thin air!

Chen Feng couldn't help but take two steps back!

He felt a shock: "What kind of person does the blood on this come from?"

"How powerful is the owner of this bloodstain?"

"Just these few mottled bloodstains that have been dry for many years, can they have such great power?"

The yellow bird said: "This piece of cloth was stuffed into my hand by my grandfather, and it's the only clue I can use to find the night watchman!"

She said bluntly: "Fortunately, I have been feeling hard over the years, and finally I have sensed where the senior night watchman is!"

Chen Feng's heart jumped fiercely.

He has already seen the hope of breaking the Dragon Vessel Continent!

"where is it?"

The yellow bird pointed to the void above his head.

Chen Feng was startled: "Is he just outside of the Dragon Vessel Continent? Above the Nine Heavens Gangfeng?"

"Yes, it's there."

Chen Feng said anxiously: "In other words, he is outside of the Dragon Vessel Continent, but within the barrier that seals the Dragon Vessel Continent, isn't he?"

Huang Niao said: "I don't know where he is. I can only sense it, but I am not sure."

"In this case....."

A question in Chen Feng's mind immediately came out.

The cultivation base that Yellow Bird had cultivated before was so powerful, and she could sense the position of the night watchman, probably on the outer edge of the Dragon Vein Continent.

Then why can't she find it by herself?

After Chen Feng asked this question, Huang Bird shook his head and said with a wry smile:

"Do you think I don't want to?"

"It's just that since the moment I was sent to the Dragon Vein Continent, it is impossible for me to leave the Dragon Vein Continent one step further."

"Because my breath belongs to the aura of a thousand worlds in Xuanhuang."

"As long as I leave the scope of the Dragon Vein Continent, even if there is a large formation isolated, I will immediately be perceived by the people in the Xuanhuang Zhongqian World!"

Chen Feng was horrified: "They are so strong?"

I don't know how far apart, no, it can't even be described by distance.

I don't know how many layers of the universe can you feel it?

Huang Niao sighed and said, "The strength of those ancient powers is not what you can imagine. You can't even think of how powerful they are!"

"And the senior night watchman, his strength is many times higher than I don't know, there is a way to avoid the prying eyes of the great power of the thousand worlds in Xuanhuang."

Huang Niao stretched out his hand and solemnly placed the incomplete blood-stained piece of cloth in Chen Feng's hand.

"You hold this thing in your hand and feel it carefully, and you can sense it."

Chen Feng took a deep breath, closed his eyes, and his strength quietly poured out.

In an instant, on the piece of cloth, inside the mottled blood, there was a breath quietly welling up.

This breath was gloomy and obscure.

It was like the cloud of incense sticks, quietly going upward.

It's getting faint, almost invisible.

But in Chen Feng's induction, it was extremely clear.

Chen Feng felt that this breath went all the way up, piercing the void, piercing the sky, piercing the endless wind, and came to a dark and indescribable place in the endless void.

After a while, Chen Feng suddenly opened his eyes and said softly: "I feel it!"

"Now that you feel it, then my mission is complete."

The yellow bird smiled lightly, took two steps back, and came to the edge of the cliff again.

The yellow bird looked into the distance, and the sound like a dream suddenly sounded.

"This wind, in heaven and earth, this freedom."

"I haven't gotten it for hundreds of thousands of years."

"As soon as I get it, I have to leave. It's really hard to give up."

An ominous premonition surged in Chen Feng's heart, and he exclaimed: "Sister Huangniao, what are you going to do!"

"Silly brother, I want to commit suicide!"

The yellow bird looked at Chen Feng with a gentle face.

Cherry lips lightly opened, but what they said was the cruelest words!

"Tell you this, my mission will be completed!"

The corner of her mouth was slightly hooked, and there was a sad look on her face.

"I was imprisoned in the God of War Palace for hundreds of thousands of years, and I was immersed in pain every day."

"I was tortured by them, and I saw them kill one after another young talents, just to prevent them from surpassing themselves."

'I see all this, but I can't do anything! "

"I hate and angry, and helpless!"

"I blame myself in my heart, if it weren't for me to be fooled by them, it wouldn't be the case!"

"These emotions have been suffering for tens of thousands of years. At this moment, there is only hatred in my heart! Only murder! Only monstrous anger! I wish to destroy everything!"

"Forcibly enduring these emotions and telling you all this is my limit!"

She looked at Chen Feng: "Chen Feng, do you know what this means?"

Chen Feng was silent.

He knew exactly what it meant.

This means that the Yellow Bird will have a slight gap in his mood as long as he is slightly careless in the following.

It is very possible to become a great demon and slaughter the entire world!

When the time comes, I am afraid that the creatures of the Dragon Vein Mainland will be overwhelmed!

"Actually, you saw it just now."

The yellow bird smiled faintly: "I'm on the verge of becoming demon!"

"If I don't kill myself, I will definitely become a great demon, Dragon Vein Continent, who is my opponent?"

"At that time, if the creatures of the Dragon Vein Continent become charcoal, will you do it to me?"

It turned out that she had chosen to stop the Dragon Vein Continent from being overwhelmed!

Chen Feng said anxiously: "Then you don't have to stop yourself, there is always a way."

"No, there is no way."

The yellow bird shook his head sadly, but his voice was extremely decisive.

"I am not a demon, but a demon!"

It turned out that she was not ignorant of her own situation, but just ignored it deliberately.

The yellow bird said lightly: "The heart demon originates from my spirit and soul. Unless my spirit is crushed, it cannot be broken."

"There are countless people in the ancient powers of the Xuanhuang world who are trapped by the inner demon and die."

"Me, how can I solve it?"

The yellow bird body has changed at this time.

From a moment ago, he was full of hostility, dark and vicious, and became docile and kind at any time.

Unspeakable tenderness.
