

## Peerless 4751

### [Chapter 4751: Get off the horse](#)

She was still drunk and confused, but Chen Feng clearly saw a scene of sharp light in her eyes.

It seems that the drunkenness is just appearance.

Moreover, Li Qinghan!

After hearing this name, Chen Feng was taken aback.

He was sure of this name, he had never heard of it before.

But when he heard these three words, he could not help but tremble slightly, and naturally a wave of waves occurred!

It is an extremely complex and indescribable emotion.

It seems that although he has never heard of this name, he has known it for a long time.

Moreover, that emotion is very complicated.

There is fear and instinct to kill, but there is a bit of desire!

Infinite doubts surged in Chen Feng's heart: "What is going on?"

"This name, I'm sure, I have never heard of it when I grow up!"

"But why does she call me that?"

"More importantly, why did I give birth to so many waves out of thin air as soon as I heard this name!"

"do you know....."

"You look so alike to him!"

"No, it doesn't look like it, but it feels so alike!"

"That unspeakable feeling, it seems that when I see you, I feel that you will control the world!"

Princess Li Yang said idiotically.

This sentence caused infinite waves in Chen Feng's heart!

"This kind of temperament, how do you feel, it seems to be the temperament of the son of luck? It seems that the luck of heaven and earth is all in one!"

Chen Feng shook his head, and then asked, "What happened to Li Qinghan? Why did the princess ask this question?"

"It's nothing."

Princess Liyang smiled slightly.

However, Chen Feng clearly saw that the moment she laughed, the mood deep in her eyes changed!

That emotion exploded like a volcano in an instant!

It contains endless hatred, endless murderous intent, and even unspeakable madness!

It seemed that she wished she could smash this person into pieces!

When we first met, Chen Feng already saw it.

This is a very hearty and generous girl, with a noble birth and good talent, and she is very much loved.

Chen Feng couldn't imagine such a person, what kind of person he was and what he had done!

Will make her hate to that extent!

When Chen Feng came down from the pavilion, the maid of Tsing Yi was already waiting outside.

She looked at Chen Feng and smiled Yingyingly: "Master Yan, my name is Qinghe. You can call me whenever you have anything in the future."

Chen Feng smiled and nodded.

Qinghe's expression was a bit alienated in the closeness, just right.

Qinghe and Chen Feng left the pavilion, and said loudly: "The lord of the county has said that, give this young man a red-flaming rhinoceros and let him follow us on the same road."

Upon hearing this, the eyes of those aristocratic children looking at Chen Feng became more and more unkind, and they all showed provocative expressions.

But, where would Chen Feng put them in his eyes?

He is a giant dragon tumbling all over the world, and they are just little beasts that have just walked out of their lair.

He wouldn't even look at them directly.

Not only are they inferior to Chen Feng in strength, but a gap in all aspects!

Knowledge, experience, experience, etc... completely crushed!

The most calm and handsome young man smiled and said, "Girl Qinghe can't help but worry about this. I'll find someone to do it."

Qinghe smiled sweetly.

The handsome young man ordered to go down.

After a while, there was a burst of huge roars.

Then, everyone saw that there were several powerful red-armored red-flaming giant rhino cavalry, dragging a giant red-flaming rhinoceros over.

One by one they staggered and staggered.

It turned out that the giant red flame rhinoceros dragged by them was a circle larger than the other red flame rhinoceros.

Moreover, there are even more black patterns on the red body.

While being dragged forward, he made a fierce roar and struggled hard.

The strong men who got it were all embarrassed.

This giant red flame rhinoceros was dragged to Chen Feng.

The handsome young man smiled and said, "Master Yan, this is your mount."

After all, he waved his hand.

Suddenly, the cavalry released their hands.

The red flame giant rhinoceros mount, the strength has reached the six-star monster emperor, that is, the seven-star martial emperor.

It is much stronger than the Red Flame Giant Rhinoceros under everyone's crotch. *ηOveIUsB.CoM*

It is also quite intelligent. After hearing the words of the handsome young man, suddenly, a pair of fierce eyes stared at Chen Feng fiercely, wishing to swallow him.

When the cavalry let go, they immediately roared and rushed over!

The blood basin opened wide, as if the next moment he was about to swallow Chen Feng into his mouth! Chew it to pieces!

Those aristocrats all made a chuckle, an expression looking at Chen Feng's jokes.

In their opinion, this untouchable will die in the next moment.

This is just to give Chen Feng off his horse.

Chen Feng smiled faintly, didn't even raise his hand, just glanced at the giant red flame rhinoceros!

At this moment, there seemed to be stars rising and falling behind Chen Feng, the sun rose and the moon set!

In Chen Feng's waist, the breath of the artifact fragments flashed for a moment.

It seemed to feel the aura of the red flame giant rhinoceros, and it was immediately full of greedy devouring.

The artifact fragments only need a drop of strong enough monster blood to complete the merits!

at this time. He felt the breath of a monster.

But then, this breath faded, it seemed that the level of this red flame giant rhinoceros was too low, the breath was too weak, and it didn't bother to swallow it.

But just now, the murderous intent at that moment had completely enveloped this giant red flame rhinoceros!

This giant red flame giant rhinoceros suddenly shivered wittily all over, and his eyes showed extreme fear!

At that moment, it really felt like it was going to die and was directly swallowed by life!

It looked at Chen Feng's eyes full of fear: "This human being is terrible!"

The next moment, the momentum of his forward pounce was stopped, and he fell out of midair!

Then, walking up to Chen Feng griefily, lying on the ground, shaking his head, there was a whining sound in his throat.

Looking at Chen Feng, his eyes were very pleased.

It seems to be in favor of Chen Feng!

It has been frightened by Chen Feng.

Chen Feng smiled slightly and touched his head: "Is this a good boy..."

Then, he rode up.

The Red Flame Giant Rhinoceros dared to stand up again.

In this scene, the jaws of the shocked everyone fell off.

This red flame giant rhinoceros, whose strength has reached the level of the Seven-Star Martial Emperor, is extremely difficult for anyone to tame it. Chen Feng was so relaxed that he was frightened by a look.

"Could it be that this person is actually unpredictable?"

The handsome young man was taken aback for a moment, then applauded, haha said with a smile: "Brother Yan is really amazing."

"I don't know what school you were born into?"

He was tentatively speaking.

Chen Feng said indifferently: "The people of the mountains and wilds are not enough."

[Chapter 4752: The real Xuan Huang Zhong Qian World!](#)

"Grows in the mountains and forests, so I have dealt with monsters more often since I was young."

When everyone heard it, they suddenly realized.

"It turns out that this untouchable can surrender this monster beast for this reason."

"Let me just say, this red flame giant rhinoceros is so powerful, how can he be blessed by such humble people?"

"This kid took great luck and made him a bargain. He got such a powerful mount for nothing."

"Look, see how to clean him up after a few days!"

"Changning Hou Shizi has the deepest care for the princess, and he is also the most powerful competitor among us. Look, now Yan Changfeng is here, and he is the most unhappy one in his heart."

"If he shoots Yan Changfeng, Yan Changfeng will definitely die!"

Everyone is whispering.

The Changning Hou Shizi in their mouth is naturally that handsome young man.

Just now he set off Chen Feng, he was instructed behind.

Changning Hou Shizi glanced at Chen Feng lightly and ignored it.

At this time, they thought they had figured out Chen Feng's details.

It's just a small person with a little special ability, and it's not worth his attention at all.

With a soft squeak, Chen Feng opened the door and shook his clothes as if he wanted to shake off the smell of alcohol.

Qinghe outside the door, with a clever smile: "His Royal Highness is drunk again?"

Chen Feng nodded, then shook his head helplessly.

When Chen Feng came out, the children of the aristocratic families around them all showed a cold and hateful expression.

Qing He didn't care, just holding on to the railing with Chen Feng, talking with each other.

The team moved forward at great speed, and the huge four-legged cyan earth dragon stepped on the ground, shaking the ground every time.

The speed is extremely fast, but it is extremely smooth.

Standing on it, I can hardly feel the shaking of this pavilion.

The plain had reached its end, and huge mountain peaks appeared in the distance.

These mountains are extremely unique, extremely wide, but very thin.

And near the top of the mountain, there are huge rocks lying across it.

It looked like a huge sword stuck on the ground.

At a glance, there are many forests.

There are three or four thousand seats, each with a height of hundreds of thousands of meters, majestic and magnificent.

At this time, the sun is setting.

The two blood-red big suns have gradually approached, shining from a distance and knocking down everyone.

At this time, it is late autumn and early winter.

A gust of wind swept over the wasteland, and the declining grass undulated, with indescribable sadness.

Qinghe whispered: "The front is Gujianling, and after another three days walk from Gujianling, you will reach Linglong Xianshan!"

Chen Feng nodded slowly: "It's almost Linglong Xianshan, and it's time to leave."

Chen Feng would never go to Linglong Fairy Mountain.

The Cultivation School, although only a middle-level Cultivation School, has many strong ones.

I'm afraid that there is more power to hide and concentrate inside.

I'm afraid I will discover my secret!

Chen Feng looked far away, his eyes long.

In the past few days, he has already learned a lot of news, and he has gradually become clear about his future path from confusion.

In the past few days, Chen Feng followed this team all the way forward.

The lord of Liyang is quite close to Chen Feng, calling him over for a drink from time to time.

However, Chen Feng discovered that the princess had an amazing amount of alcohol and was addicted to alcohol. He had to drink once a day, and he had to be drunk.

She ignored other people, except for Chen Feng's green eyes.

The more so, the more people are dissatisfied with Chen Feng.

Every day, looking at Chen Feng's eyes, they were cold and ferocious, full of killing intent.

But how could Chen Feng take this look?

Simply ignore him.

And these few days, the children of the aristocratic family have been provocative to Chen Feng.

But only Changning Hou Shizi, with a cold expression, just watched quietly what happened here.

In his eyes, there was an indescribable ridicule.

On the contrary, Qinghe has been very close to Chen Feng these days.

Every day the two chat, talk to solve boredom.

And every night when she camped, she would be ordered by the princess to bring food and wine to Chen Feng.

Of course, Chen Feng didn't mean anything to her, but simply because he wanted to find someone to understand the reality of this mysterious world.

Qinghe is just a maid, but she was born in the royal family and is considered well-informed.

The news she got from her mouth was accurate and huge, and it was more useful than inquiring about it by herself.

With Qinghe's description, Chen Feng already has a clear and intuitive understanding of this mysterious and yellow world.

He found that the real situation of this Xuanhuang Middle Thousand World was both the same as and different from what he had previously guessed.

Chen Feng originally thought that the Xuanhuang Zhongqian World was a completely different world from the Dragon Vein Continent.

But now it seems that this Xuanhuang Zhongqian World is more like the Dragon Vein Continent, magnified hundreds of thousands and millions of times!

Now Chen Feng knew that the world of Xuanhuang Zhongqian was not a world that floated high in the sky and was illusory.

In fact, there are both in the Dragon Vein Continent and in the Xuanhuang World.

There are civilians who cannot practice, low-level warriors, Houtian realm warriors, Shenmen mirror warriors, etc...

These things are available in Xuanhuang in a thousand worlds.

Not only there are, but also more than the Dragon Vein Continent.

In fact, if the Dragon Vessel Continent is a 50,000-meter high mountain, then the Xuanhuang Zhongqian World is a 500,000-meter high mountain!

Both peaks are thinner as they go upward, and the foundation becomes larger as they go downward.

But it is possible that the foundation of the Dragon Vein Continent is only a hundred miles away.

And in the world of Xuanhuang, the base of this huge mountain has reached a radius of one million li!

In other words, its base number of martial artists at any level must exceed the Dragon Vein Continent hundreds of millions or even billions of times!

There are hundreds of billions of civilians in the Longmai Continent, so there are hundreds of billions of civilians in the world of Xuanhuang Zhongqian.

Then, there are tens of trillions of acquired martial artists, and hundreds of billions of martial artists in the Divine Gate Realm... Wait!

Go up in turn.

In fact, the world of Xuanhuang Zhongqian can be divided into two parts: ordinary and immortal.

The mundane part is no different from the Dragon Vein Continent where Chen Feng is located.

It's just magnified countless times.

There are countless secular dynasties, families, empires, etc., there are also killing and hegemony, and there are countless grievances.

However, in the eyes of these aloof immortals, they are all like ants fighting.

And when an ordinary martial artist in the world of Xuanhuang Zhongqi, an ordinary person at the bottom, all the way up through the Houtian realm, the gods... and even all the way up, reaching the nine-star Wudi!

Then he is qualified to step into the fairy gate.

And this step is called leaving the ordinary into the immortal.

If you want to escape from the ordinary and become immortal, it's very simple, just worship into a family of immortals, or enter a family of cultivators!

### [Chapter 4753: Framed!](#)

There are many Xuanhuang in the Thousand Worlds, and also in the Dragon Vein Continent.

And what Chen Feng wanted to pursue was the higher part!

The edge of this place belonged to a dynasty called Da Chu.

The Da Chu Dynasty was extremely vast with a radius of tens of thousands of miles, and Chen Feng estimated that its area should not be inferior to that of the Dragon Vessel Mainland.

In Xuan Huang Zhong Qian World, you can become a first-class power!

Xuanhuang is in a thousand worlds, with nineteen forces.

The most inferior is the influential, followed by the eighteenth... the strongest is the first-class power!

First-class forces, such as the Great Chu Dynasty.

Of course, this division of power is limited to the ordinary.

Those immortal families that transcend the mundane are not so divided.

"How is the Xianjia sect divided?"

Chen Feng asked.

Qinghe smiled and said, "In my Eastern Desolate Immortal Territory, there are third-class and nine-ranks in the immortal gate." *NOVELSb.com*

"Inferior grade three, grade nine, grade eight, grade seven, medium grade three, grade six without grade four, upper grade three, grade three, grade two, one grade."

"Nine-Rank is the lowest, first-Rank is the highest!"

"And above the first-class, there are super-class immortals!"

As Qing He spoke, Chen Feng knew even more clearly.

Linglong Xianzong, but an inferior fairy gate.

Don't look at it as inferior, but underneath, there are dozens of huge empires.

Even a powerful family that separates one side.

Jurisdiction, a radius of hundreds of millions of miles!

And all the major events of these dynasties were decided by those immortals of Linglong Xianzong.

Therefore, these imperial dynasties are extremely keen to send their children to the Linglong Immortal Sect to practice.

If one or two people can be famous among them, then the status will be firm.

And if someone can achieve a high position of elders, or even a higher position, they will ascend the chicken and dog to the sky, and it will be impossible!

Like within the Da Chu Dynasty, there were so many open and secret fights this time, and they all wanted to send their aristocratic children to Princess Liyang.

Follow her to Linglong Xianzong.

This was only within the Da Chu Dynasty. Externally, the Da Chu Dynasty and dozens of other imperial dynasties also had great competition.

These people of similar origin are also fighting openly and secretly in Linglong Xianzong.

Of course, Linglong Xianzong is actually quite dependent on these secular empires.

Because, Xuan Huang Zhong Qian World is different from Dragon Vein Continent.

The warriors here, because they have seen a lot since they were young, even if it is about the Xian Family, they can touch it more or less.

Moreover, the Xuanhuang Middle Thousand Worlds are too big, even these immortals themselves can hardly walk everywhere.

They also use these secular dynasties to collect all kinds of treasures for themselves.

Every year, these secular dynasties will offer a large number of various treasures.

For example, this time, when they were escorting Princess Liyang, they also sent the autumn offerings of the Da Chu Dynasty.

Chen Feng smiled and said, "Four seasons, spring, summer, autumn and winter, the gift is hard work."

"Don't dare not be diligent!"

Qinghe smiled bitterly: "If you are not diligent, someone else will have the final say when looking back at the great Chu Dynasty."

Chen Feng pointed to the carts behind him and said, "Why do you want to be like this? Can't it be put in the storage ring?"

"No, these things are treasures of the Xian family, with a strong fairy spirit inside."

"The space ring cannot be displayed at all. Forcibly including it will only blow up the space ring."

Chen Feng suddenly, that was the case.

"There are things that can hold these treasures of the immortal family, but only those immortals have them."

Chen Feng suddenly sighed slightly, and looked at the hanging sword ridge in the distance: "How big is the Xuanhuang Zhongqian World?"

Qinghe was taken aback for a moment, his eyes also a little confused.

"Who knows? Not to mention the Xuanhuang world, no one knows the size of the Eastern Desolate Immortal Territory."

"This question may have to ask those fairies."

"It is said that the Eastern Desolation Immortal Territory is only a corner of the mysterious and yellow middle-thousand world, but it is too big to imagine!"

Soon, night fell, the sun set, and it was time to camp.

The team stopped, leaning against a towering cliff in Gujianling, and settled in the camp.

Those red red flame giant rhino cavalry took out the space ring one after another, releasing one after another gorgeous and huge tents.

Soon, hundreds of tents formed three circles.

In fact, for people of their level, Starry Night is also very easy.

It's just that all of them are accustomed to extravagance, and where can they endure such suffering?

I hurried for five hours a day, and immediately set up camp to enjoy it in the evening.

In the middle is the blue earth dragon.

It was lying on the ground at this time, eyes closed, and its face full of satisfaction.

The few red-flaming giant rhino cavalry lifted up one huge monster beast and threw it into its mouth.

The huge cyan earth dragon closed his eyes, chewed and swallowed, and snored from time to time in his throat.

It seems to be very enjoyable.

The bonfire rises, the fragrance of meat wafts out, and laughter sounds from time to time.

The red red flame giant rhino cavalry shouted and drank, ate large pieces of meat, and laughed loudly.

The children of those aristocratic families are even more impressive, and there are many people waiting next to everyone.

Chen Feng's tent is at the innermost of the three floors, very close to the palace of Princess Liyang.

The giant red flame rhinoceros was lying at the door of the tent. Although it was lazy, its eyes were fierce and alert.

Ever since Chen Feng was scared and feared to be subdued, it has been loyal and patrols around the camp every day to prevent any accidents to Chen Feng.

Suddenly there was a sound of light footsteps outside, but the giant red flame rhinoceros did not respond.

Chen Feng knew who came.

The next moment, the curtain opened and Qinghe walked in.

Qiaoxiaoqianxian, beautiful eyes flowing, but in his hand is carrying a delicate gem food box.

Qinghe giggled, put the gem food box on the small table, and took out the dishes in the same way.

This food box is also a treasure of space. It does not seem to be big, but it contains dozens of dishes.

Soon, this huge table was filled.

There are more than twenty kinds of dishes, which are very fragrant.

This Xuanhuang Zhongqian World's delicious food is far better than the Dragon Vein Continent. It uses very powerful monsters, and it is even more incredible after mastering it.

Chen Feng was about to feast, but Qinghe sat down beside him.

Chen Feng was taken aback.

A few days ago, Qinghe had left after delivering the dishes.

Qinghe smiled suddenly, and a blush flashed across his face: "Master Yan, I'll feed you!"

She looked at Chen Feng with idiotic eyes and a blue anger.

The chopsticks on hand already picked up a piece of meat and handed it to Chen Feng's mouth.

Qinghe's face was flushed at this time, her eyes were silky, she was indescribable under the light.

However, Chen Feng's eyes were faint, not lustful, but a little weird.

Because he knew that he and Qinghe had never reached this point.

Chen Feng said indifferently, "Girl Qinghe, isn't this a bit wrong?"

"What's wrong?"

Qinghe's eyes became extremely strange, she pulled her robe with both hands, and with a sneer, she tore it apart!

Exposed white skin!

Even tore the skirt directly.

Then, he threw directly into Chen Feng's arms.

The nephrite jade is warm and fragrant, and the hot body is close to Chen Feng.

The next moment, a sharp scream sounded: "Master Yan! What are you doing? No!"

In an instant, Qinghe's screams and pleading echoed above the camp.

#### [Chapter 4754: Well acted](#)

"Help, help!"

And just as her voice sounded, several figures rushed over.

The big sword swung, cutting the tent to pieces.

The fire shines, bright as day.

Qing He screamed, as if shyly, she quickly wrapped her dress and curled up there, crying in sorrow.

At this time, her hairpin was in chaos and her clothes were broken.

It's like being assaulted by Chen Feng.

Those who came were several red red flame giant rhino cavalry.

When a few people saw this scene, their complexions suddenly changed, and they all exclaimed: "Hurry up and call all the sirs."

And they were staring at Chen Feng here, for fear that he would run away.

Chen Feng smiled slightly, not looking at them, just drinking and eating meat.

After just a few breaths, many children from the aristocracy gathered around.

Not only them, but almost hundreds of red-flaming giant rhino cavalry all came together to watch the excitement, enclosing the area inside and out.

Changning Hou Shizi, Wuyang Bo Shizi, and others were swarmed and strode forward, their faces were cold and murderous!

A ridiculous expression appeared at the corner of Chen Feng's mouth: "It's pretty fast."

"The bureau you set up is really bad enough!"

Chen Feng had long felt it was wrong.

He had several opportunities to stop it and break it through, but he didn't do it at all. He just sat there, idly watching with cold eyes.

He wanted to see what tricks these clowns did.

Changning Hou Shizi soon came close, staring at Chen Feng, his voice indifferent, but with a bit of murderous intent: "What's the matter?"

Seeing him, Qinghe rushed forward crying as if he saw the mainstay.

"Sir, you have to be my master!"

She turned to look at Chen Feng, her voice trembling: "I am here today by the order of the princess to bring him wine and food."

"It was a kindness, but I didn't expect him to assault me."

"If it weren't for your son, you would arrive in time, today I'm afraid of me..."

She was crying with rain, and Chen Feng almost believed her pitiful energy.

Everyone was in an uproar!

"This Yan Changfeng is so daring that he dares to attack the maid of Lord Princess?"

"How generous the princess is to you, you don't have to be grateful for Dade, you have done such a horrible thing!"

"Girl Qinghe is so meek and kind, you are like this! It's not as good as a beast!"

Everyone yelled.

Uncle Wuyang roared wildly, and even more murderously, forced him towards Chen Feng.

The spear in his hand must be stabled!

"I saw that Yan Changfeng was not a good thing for a long time, and his mind was not right. I will kill you now!"

Changning Hou Shizi suddenly stretched out his hand to block Wuyang Bo Shizi.

He looked at Qinghe with a gentle voice: "Don't worry, Qinghe girl, I will definitely give you an explanation below."

After that, he took a deep breath.

Looking at Chen Feng, the killing intent in his eyes could no longer be hidden, and it came out!

"Yan Changfeng, what else do you have to say!"

Suddenly there was applause. Chen Feng smiled and applauded, and nodded again and again: "The acting is good, the acting is really good, I almost believed it!"

The people around are all looking strange and whispering.

"Changning Hou Shizi's strategy is really poisonous!"

"Yeah, isn't the lord of Liyang County guarding Yan Changfeng? This Yan Changfeng is now assaulting your maid. Let's see what you do!"

"Sir, not to mention that he has no experience, he probably can't see the doorway in it, even if he can see it, he has to punish Yan Changfeng!"

Everyone can understand that this is clearly trying to frame Yan Changfeng.

It's just that no one will speak for him naturally, but they are all waiting to see his jokes.

Changning Hou Shizi's expression remained unchanged, but his eyes became colder and murderous!

"Yan Changfeng, the evidence is solid! Do you dare to sophistry?"

"Today, since you have done something inferior to animals like this, I will kill you for the lord of the county!"

After that, he slowly pushed towards Chen Feng, his eyes triumphant and fierce!

Chen Feng smiled faintly: "Speaking of which, isn't it just to kill me? Are you so sure that you can kill me?"

When the voice fell, the people around were shocked, and then all laughed.

"This Yan Changfeng is stupid, right?"

"Yeah, he's a hilly and untouchable person, and he deserves to be compared with the family of Changning Hou Shizi?"

"The Changning Hou Shizi is extremely talented, and the countless resources of the family are tilted, it is the cultivation of Jiuxing Wudi!"

"What does this pariah compare with the eldest son?"

The corner of Changning Hou Shizi's mouth twitched, revealing a disdainful smile: "Yan Changfeng, kill you, one move is enough!"

There was a cruel and pleasant gleam in his eyes, and after a few days of enduring it, he finally revealed his hideousness!

He was different from Wuyang Bo Shizi and others in their pure disdain and hatred of Chen Feng's identity as a pariah.

He could vaguely feel a threat to himself from Chen Feng.

This is something he absolutely cannot tolerate!

Yan Changfeng must be eradicated!

However, he also did not put Chen Feng in his eyes.

I just felt that if Yan Changfeng followed the princess to enter the Linglong fairy gate, he would be threatened.

As for him now, how is he worthy to compare with himself?

Chen Feng looked plain.

A group of ants are framing a giant elephant, which can only make the giant elephant feel ridiculous.

Changning Hou Shizi let out a low roar, the sword in his hand was unscathed, and he came to Chen Feng!

A murderous intent flashed between Chen Feng's eyebrows: "It's time to end, I have no patience to play with you ants!"

In the next moment, he will shoot!

Kill Changning Hou Shizi directly!

Let them know if they are worthy of being compared with Changning Hou Shizi!

The faces of everyone were gloating and watching good shows and so on.

But the next moment, Chen Feng will shock them all!

At this moment, in the luxurious palace in the distance, a cold voice suddenly came to mind: "Stop!"

The next moment, a figure came across the void, it was Princess Liyang.

She had been sleepy and blurred before, as if she had never sobered up from alcohol.

But at this time, a black costume, shining brightly, just like a soaring phoenix.

His face was cold, full of murderous and majestic.

This power caused everyone to jump in their hearts, with awe on their faces, and bowed their heads in salute.

"I have seen the princess!"

Even Changning Hou Shizi is the same.

The only person standing proudly in the audience was Chen Feng.

Princess Liyang came closer, his eyes swept across here, and frowned coldly: "Qinghe, come on!"

The Qinghe's crying voice sounded again.

Said those words again.

An anger flashed in the eyes of Princess Li Yang.

After all, Qinghe is the person next to him, whoever sees the person around him will be furious!

Her eyes fell on Chen Feng, as cold as ice for a moment.

[Chapter 4755: If you can pick me up, I will spare you not to die!](#)

Chen Feng looked calm, but looked at her quietly.

"He is definitely not like this!"

Princess Liyang shook his head and instantly denied his doubts about Chen Feng!

Somehow, Princess Liyang has an inexplicable kindness to Chen Feng, and he feels like an old friend who has known him for many years.

Even if Chen Feng looks quite similar to his life and death enemy, it has not been able to affect her closeness to Chen Feng!

She looked at Chen Feng, a gentle flash in her eyes, and shook her head slightly.

Chen Feng understood what he meant, and a warm current surged in his heart.

In any case, the little princess who had just met but was quite destined still believed in himself.

Seeing his calm expression, Princess Liyang immediately became more sure of his guess.

Princess Liyang looked around.

Qinghe mourned and wept.

Changning Hou Shizi looked indifferently.

Wuyang Bo Shizi and others gritted their teeth with excitement.

She was born in the imperial family of the Great Zhou Dynasty, and she has never seen how many intrigues along the way.

Although I am too lazy to use my brain and love to drink, he is definitely not a fool!

But before she spoke, Changning Hou Shizi suddenly half-kneeled, and let out a low growl: "My lord, please kill Yan Changfeng!"

Behind him, many family members were taken aback. Then one after another half kneeling on the ground, shouted:

"My lord, please kill Yan Changfeng!"

Then, the hundreds of red-flaming giant rhino cavalry, too, knelt down one after another.

Princess Liyang was immediately stunned, Qing He quietly turned his head, full of pride, and glanced at Chen Feng!

They actually forced the palace directly!

Forcing Princess Liyang to kill Chen Feng!

The sentiment is fierce.

In Chen Feng's eyes, a hint of impatientness finally appeared.

These people have already angered Chen Feng.

"Just they want to kill me?"

Princess Li Yang was taken aback for an instant when he faced this action.

The next moment, anger rose in his eyes.

It's just that he knew that this was not the time when it happened.

Now the sentiment is fierce, everyone wants to kill Yan Changfeng.

And these people are all around her, she can't offend them all.

Princess Liyang took a deep breath, closed his eyes, waved his hand, and said lightly: "Yan Changfeng, you go!"

Chen Feng's intent to kill in his eyes, slowly pressed down.

Originally, Changning Hou Shizi, Qing He and others had calculated him in such a way and wanted to kill him. Chen Feng was already intent on killing him.

But now, he decided to suppress his anger and give Princess Li Yang this face.

Not for them, but for Princess Liyang!

Chen Feng nodded: "Okay, your Royal Highness, don't pass by."

After that, turned around and prepared to go out.

Chen Feng had already spared the lives of Changning Hou Shizi and the others, so he didn't plan to be familiar with them.

However, just as Chen Feng was about to leave, there was a dragon chant!

A long sword shining with purple light lay directly in front of Chen Feng.

Changning Hou Shizi looked down, killing intently: "You untouchable, did I let you go?"

After that, he looked at Princess Liyang and said loudly: "His Royal Highness, Qinghe is the person by your side."

"She was so wronged, but you didn't call the shots for her, it really made me wait for it!"

Princess Liyang stared at him: "What do you want?"

The triumphant color flashed in Changning Hou Shizi's eyes.

What he wanted was the words of Princess Liyang!

Changning Hou Shizi laughed and said loudly, "My lord, you are the one who has the final say."

"If you want to let Yan Changfeng leave, you can!"

"but!"

The long sword in his hand trembled and pointed at Chen Feng, "As long as he can walk a trick under my hands, I will spare him not to die and let him go!"

Hearing this, everyone was in an uproar.

"Master Shi, take it seriously."

"Yes, he guessed that Princess Liyang would favor Yan Changfeng, so what I said before was not his real purpose at all."

"That's right, he used to retreat and forced Princess Li Yang to let Yan Changfeng fight him!"

"As long as Yan Changfeng fights against Changning Hou Shizi, where is his opponent?"

"If you can't do a single trick, he will kill him directly!"

"In this way, the princess has nothing to say!"

Everyone whispered, thinking that as long as Yan Changfeng and Changning Hou Shizi fought, it would be a dead end.

For a moment, Chen Feng's eyes were murderous!

"Shame on your face, right?"

He was going to leave and let them go.

But I didn't expect them to be endless!

"Since you are seeking your own death, then I will fulfill you!"

Chen Feng's eyes were cold and murderous!

Princess Liyang was about to say something, Chen Feng smiled slightly, stood in front of her, and said lightly: "Okay, then I'll take it."

Princess Li Yang was startled, with a look of worry in his eyes.

Chen Feng smiled slightly: "Don't worry, you will be fine."

A thick ridicule flashed in the eyes of Changning Hou Shizi: "The untouchables are the untouchables, the strength is not enough, and the city government is too shallow."

"If you are excited by me, you are hooked!"

Changning Hou Shizi took two steps back, and everyone automatically gave way to a space.

The long sword in his hand pointed at Chen Feng and smiled slightly: "Yan Changfeng, come here and die."

The words are full of arrogance.

He also has arrogant capital, the youngest nine-star Wudi of the Great Zhou Dynasty, and his talent is not lost to Liyang County Lord!

At this time, Uncle Wuyang suddenly spoke, saying loudly: "Master, why do you need to take action on this matter?"

"Yan Changfeng, a mere pariah, you killed him, but dirty your hands!"

He smiled sullenly: "Why don't you let me do it for you?"

Changning Hou Shizi was taken aback for a moment, and then realized.

Naturally, Wuyang Bo Shizi took this opportunity to avenge his selfish desires.

It is also to show strength in front of everyone and save a bit of one's face!

Regarding this matter, Changning Hou Shizi didn't care.

As long as Yan Changfeng is dead, it is enough!

He nodded slowly: "Okay, it's up to you!"

Uncle Wuyang was overjoyed, stood in the court and looked at Chen Feng: "Yan Changfeng, come and die!"

Seeing this scene, everyone was shocked at first.

Then, they all beat their chests and feet, regretting it.

"How could such a good opportunity to show his face be snatched by Wuyang Bo Shizi?"

Someone was unwilling to show weakness, and shouted: "Sir, Wuyang Bo Shi, the strength is not good, I am afraid he will miss! Let me come!"

"Haha, your family practice tends to be defensive, but I am invincible offensive, strong offensive and weak! It is better for me to kill Yan Changfeng!"

They were talking loudly, scrambling to fight Chen Feng.

They all regard Yan Changfeng as a soft persimmon.

Defeating him is a matter of course. If you defeat him, you will be able to indulge in the Changning Hou Shizi, and will be able to show off in front of everyone.

In the eyes of everyone, Changning Hou Shizi's talent is not necessarily worse than that of the princess.

[Chapter 4756: That terrifying big arrow!](#)

After going to Linglong Immortal Sect this time, the chances of contact with immortals have increased, and it is very likely that they will be favored by immortals, and they will also enter the gate wall.

Its future will be even more glorious than Princess Liyang!

Chen Feng looked on coldly.

These aristocratic families all participated in this matter.

"okay."

Changning Hou Shizi waved his hand: "Let Wuyang Bo Shizi come!"

He smiled lowly: "Wu Yang Bo Shi Zi is the weakest among us, but even so, one move is enough to deal with Yan Changfeng!"

Chen Feng shook his head lightly.

It's not enough for him to kill these chickens and dogs together.

He smiled faintly: "Everyone is vying for a while, so let's go together!"

Upon hearing this, the scene fell silent for an instant, and everyone was stunned.

The next moment, a frantic laughter exploded.

"Yan Changfeng was irritated crazy?"

"Haha, it's estimated that seeing my own disaster is approaching, my mind is unconscious, right?"

"He can't beat Wuyang Bo Shi, who is the weakest among us. He still wants us to play together?"

Uncle Wuyang even walked up to Chen Feng, staring at him, mocking his face: "Yan Changfeng, you think you didn't die fast enough, right?"

"Then the young master will do you well, and one move will make you gossip!"

Chen Feng smiled faintly.

In the next moment, he will directly attack and kill all these people.

Suddenly, a stern voice rang out, and the ridicule was directly interrupted.

Everyone only saw that in this night, a blue light exploded, the speed was unimaginable, and it shot out fiercely!

It was directly shot in the body of an aristocratic boy!

The blue streamer actually flew him directly, and with a bang, it was nailed fiercely behind everyone on the cliff!

That family member let out a scream of incomparable sorrow, which spread far away in the darkness.

Everyone was shocked and looked up!

Everyone could see clearly through the bright light of torches in the camp.

That blue glow turned out to be a huge arrow that was five feet long, as thick as a wrist, and like a javelin.

This giant arrow, at this time, penetrated the entire family and nailed it into the rock wall, a full foot deep!

Seeing this scene, everyone was shocked!

"His strength reaches the Eight-Star Emperor Wu, and he ranks in the middle of my class!"

"Yes, his armor is far superior to his strength. It is the treasure of their family for a hundred years!"

"Jiuxing Wudi's offensive in the mid-term and below can be resisted! Among us, it is definitely one of the most defensive treasures!"

"Now I was shot through by an arrow, pierced on both sides, what a master of the sneak attack?"

"Could it be that you have already stepped through the nine-star Wudi to observe the realm of the Martial God?"

Everyone was extremely flustered for an instant.

Suddenly, everyone discovered that the man's screams had completely disappeared.

When everyone looked up, they all shivered cleverly and their scalp numb.

It turned out that at this time, all that was pierced by the big arrow was the thick and sophisticated, powerful armor that contained precious light!

And that elder son had turned into drops of poisonous water, dripping from the gap in the armor.

Everyone is jumping wildly in their hearts!

"This is just one or two breaths, he has been melted into poisonous drips?"

"This big arrow is not only extremely sharp and powerful, it has a terrifying power that is suspected to surpass Jiuxing Wudi, and the poison on it is extremely overbearing!"

"If I were shot, I'm afraid the ending will not be better than him!"

This idea surged in everyone's hearts.

Immediately shivered cleverly.

Princess Liyang shouted sharply, "What are you still doing? Arrange!"

"Yes!"

Everyone wakes up like a dream.

However, they are also well-trained generations. Following the roar of Princess Li Yang, all the red-flaming giant rhino cavalry were all out, and their weapons were unsheathed.

In an instant, a three-tiered array was set up to protect Princess Liyang and these family children on the innermost side!

Changning Hou Shizi glanced at Chen Fengfeng, with an indifferent expression: "I will let you live for a while."

As if it were his reward.

Chen Fengli didn't bother to care about him, just looked into the dark night.

It was this enemy hidden in the dark that made Chen Feng more interested.

He can vaguely feel the strength of the other party, and may not even be weaker than himself.

At this moment, there was a chuckle in the dark night: "Is it useful?"

The next moment, there was another tearing void, and a sharp and sharp whistle sounded.

Everyone was on guard.

But it is useless at all!

There was a big arrow with a breath of death, and it came to the front in an instant.

As if the sound had not arrived, it had already arrived.

With a loud bang, another family member was hit by the arrow.

The big arrow pierced his armor instantly, this time it directly nailed him to the ground!

After that, everyone was horrified to see that he let out a scream, shaking and convulsing all over.

Then, his face turned black, turned into black venom, and penetrated into the ground.

Another family child was shot by an arrow!

This scene even made everyone's back chill!

Then, there was another chuckle and the sound of breaking through the air. This time, a red-flaming giant rhino cavalry was nailed to death!

Then the fourth, fifth...

In a blink of an eye, three children from the family, two red-flaming giant rhino cavalry, were shot directly!

And everyone has no way at all.

Changing Hou Shizi and the others were extremely arrogant just now. At this time, facing this offensive that could cause their own death at any time, they all turned pale and panicked!

Only Princess Li Yang did not panic at this time.

Sternly shouted: "Who is attacking? Sneaky! Get out of me!"

"It's a fair fight, I'll die without complaining!"

The person in the dark night seems to have played enough!

A sneer: "The Great Zhou Dynasty is really a bunch of trash!"

As soon as the voice fell, a ray of red light rose up suddenly.

Then, with a bang, it exploded directly.

In an instant, the bright and hot white light shrouded, illuminating this area for hundreds of miles as bright as day!

The camp of the people of the Great Zhou Dynasty was built with its back on a steep mountain in Hang Bi Ling, with a gentle mound in front of it.

On the outside, there is a rushing river.

At this moment, on the opposite side of the giant river, there are five figures walking in the air.

The five human figures, the monsters under each person are different, but they are all extremely powerful.

The person on the far left is the most conspicuous, and almost everyone's eyes are on him.

Because he is holding a big bow in his hand!

This long bow is about five meters long, as thick as a human thigh, and looks extremely rough without any processing.

[Chapter 4757: Sun-shooter strong!](#)

It's not made of metal or powerful jade.

It looked like a section of dark yellow wood with many thick wood scars on it.

Unspeakable rough and crude!

But in this rough and simple, there is an indescribable meaning of ancient barbarism.

It is like in ancient times, the heart of a 100,000-year-old giant mulberry tree picked by the ancestors was twisted into a giant bow!

And his bowstring is twisted from seven or eight huge beast tendons as thick as a wrist.

Even if the fingers did not touch them, they were still bounced without wind, making noises.

It is thick and gloomy, and as clear as a dragon!

It is not unusual to be able to use this kind of giant bow.

The owner of this bow is a giant four to five meters tall.

His physique is extremely strong, his muscles bulging high and full of explosive power.

He was wearing a short robe of coarse cloth and a short skirt of animal skin, which looked extremely simple.

Such as wild people.

And the most noticeable thing is his forehead!

It actually opened a vertical eye!

He actually has three eyes!

His mount is a black giant eagle with a wingspan of about ten meters, and his body is as hard as iron, shining with a powerful texture.

It can fly extremely far between the two wings.

After seeing him, Princess Li Yang and others advanced with a look of horror, and took a breath.

Trembled: "It turned out to be a member of the Japanese Shooting Clan!"

"The people of the Sun-Shooter tribe have extremely strong talents and bloodlines. They don't need to practice. They can reach the realm of Emperor Wu after they reach adulthood, and they can reach the Emperor Wudi easily!"

"Sun Shooter?"

Chen Feng raised his eyebrows.

This is the first time he has heard of this ethnic group.

Knowing from the crowd, the talent of this race is extremely powerful, and it should have been him who shot and killed several people here.

At this time, Princess Liyang is different from the others.

After her gaze passed over the sun-shooting clan powerhouse.

Suddenly nailed to the face of the person at the center, he shouted sharply: "Situ Guang, is it you?"

"Hahaha, Li Yang, it's rare, you can still recognize me for decades!"

Among the five, the one standing in the most central position was originally annihilated in the shadow of the sun-shooting clan powerhouse.

At this time, it slowly came to the front.

Everyone also saw his face clearly.

Then, they were all shocked!

"It turned out to be Situ Guang? Why did he come?"

"This rebellion is not dead yet. Didn't it mean that he was beheaded and killed by the court army ten years ago?"

"Situ Guang has a \*\*\*\* feud with my Great Zhou Dynasty. He came here today, and this time he absolutely cannot be kind!"

"Back then, the army countered the rebellion. In my major families, there have been people who have been killed and killed a lot! He must hate me!"

Some people even turned pale: "It's over, we are dead today, I'm afraid no one can leave alive!"

Chen Feng's gaze also fell on Na Situ Guang.

This person is a gloomy middle-aged.

He looks quite handsome, but there is a huge scar on his face.

From the left corner of the forehead to the right corner of the mouth, he almost split his entire face.

I don't know how many years the scar has not condensed, and it is still full of flesh and blood. It is unspeakable and terrifying. In some places, bones are even visible!

It turns out that Situ Guang's background is also extremely prominent.

Decades ago, the Emperor of the Great Zhou Dynasty, the guardian of the country, held a high position.

There are even more rumors of colluding with foreign thieves.

Therefore, the monarch was terrified and deceived the king of Nahuo to return to the capital.

Then, he suddenly launched an attack and banished his nine clans.

This Huguo county king of nine families, more than 100,000 people, was killed overnight!

The corpses are everywhere, and the blood is drifting.

The palace of the Huguo County became a ghost in one night.

Only the King of Protecting the Country, with his two sons, desperately fought out of the siege and returned to Northern Xinjiang under the protection of countless guards.

With his great prestige, he immediately seized the military power of the millions of troops in northern Xinjiang.

Then, the army swept south to directly govern the imperial capital.

The royal army is also unwilling to show weakness, and the two sides fought.

In the next few decades, the Great Zhou Dynasty was upset by him.

In its heyday, the territory occupied by the King of the Guardian County reached 30% of the Dazhou's.

Separation of one side made the Great Zhou Dynasty a headache.

As for the children of the aristocratic families present, countless of their fathers, grandparents and brothers have participated in this war.

Many of them died in it.

Until ten years ago, the Emperor of Great Zhou couldn't stand this situation.

I personally went to Linglong Immortal Mountain and invited back my sister, Princess Liyang's aunt who was practicing in the Linglong Immortal Mountain.

Then, a team of elites was assembled.

Suddenly, he entered the core of the Huguo County King's area, and his soldiers approached the city.

The eldest princess of the Great Zhou Dynasty, such immortals, was almost invincible when she intervened in secular struggles.

In one night, all the eighteen masters of the Royal Palace of Huguo County died in battle.

Was easily beheaded by the Royal Princess.

And the army of the Royal Palace of the Guardian County, which had no leader, collapsed directly.

In the chaos, there were countless casualties.

This rebellion has since subsided.

After that, there were no more waves.

As a result, I didn't expect that after ten years, Situ Guang would actually appear here!

Situ Guang turned his eyes strangely and looked at Princess Liyang: "My lord, you have changed from a hairy girl to a big girl in ten years."

He rubbed the scar on his face severely, twitching painfully, and grinning grinningly:

"This scar on my face was cut by your father!"

"At the time, you were right by!"

"More than ten years have passed, I still remember clearly!"

"Back then, your Zhou family, killed my Situ family and annihilated my Nine Clan!"

"Tonight, it's time to take it back!"

"Take it back? It's up to you?" Princess Li Yang sneered.

Situ Guangda laughed: "Yes, just rely on me!"

"I have been wandering for ten years, but I didn't expect it, but I got a great opportunity to join the master Jinhou!"

"What? Real Jinhou?"

Hearing these four words, everyone was shocked!

Jinhou Zhenren is said to be a casual cultivator with no school or school.

But the strength is enough to contend with some cultivating sects, he is an extremely terrifying powerhouse.

With this kind of existence, let alone his action, his random disciples were enough to easily destroy a dynasty like Da Zhou!

Situ Guang had such a chance!

Everyone was terrified.

"After I became a teacher, I couldn't wait to get down the mountain."

"Master is not at ease, he also sent a subordinate to protect the law for me. I didn't expect that as soon as I went down the mountain, I learned that you were going to Linglong Xianzong!"

He giggled, his eyes full of cruelty and viciousness.

"Okay, that's great!"

"Your aunt, that bitch, if it weren't for him, my Huguo County Palace would not have been destroyed so quickly!"

"As an immortal, she actually intervenes in mundane things. She should be killed!"

[Chapter 4758: I'm afraid, you don't have this ability!](#)

"Now there is you \*\*\*\* again, going to Linglong Xianzong, you two are really good for you!"

Situ Guang's voice was full of resentment: "I will clean up you first, and then clean up her!"

Situ Guang's wanton laughter echoed above the void: "Li Yang, I will abolish you first, and then kill them all."

"But don't worry, I won't kill you, I will catch you, and wantonly abuse!"

He smiled obscenely.

Hearing his spiteful words, his mind was as firm as Princess Liyang, and he shivered uncontrollably.

Thinking of her possible miserable fate, she looked pale.

"Uncle Han Hun, shoot through Li Yang's Dantian first!"

"Abolish her cultivation base and nail her to the ground. I want her to beg to die!"

The sun-shooting clan powerhouse Han Hun nodded slowly.

The bow and arrow in his hand slowly raised.

The next moment, the killing will begin.

There was a touch of indifference and disdain in his eyes. These so-called powerhouses of the Great Zhou Dynasty were even more unbearable and weaker than the monster beasts he had hunted down!

Hunting them is extremely easy. *NoVeLusb.cOm*

This kind of hunting, from the time he was five years old to the present, for more than 20 years, he has already mastered his body as if he was in control.

Everyone was pale.

The lord of Liyang, Hou Shizi of Changning, also oozes cold sweat.

All the others were trembling, their faces full of fear, like lambs to be slaughtered.

These pampered family members, who have not even seen a few serious enemies, how can they handle such a tough opponent?

Everyone knows that Princess Liyang is the next goal!

In the next moment, she will be deposed directly!

At this moment, a chuckle came suddenly: "I'm afraid, you don't have this ability!"

Everyone was shocked.

When I looked up, I saw a figure slowly floating in the air, facing Situ Guang and the others on the opposite side.

It turned out to be Yan Changfeng!

That Yan Changfeng, who is nothing but untouchables in their eyes!

Seeing this scene, everyone was stupid.

The opposite Situ Guang and others were also taken aback.

Princess Liyang shouted: "Yan Changfeng, come back! Are you going to die?"

Changning Hou Shizi sneered and said: "This untouchable man really doesn't know the heights of the sky, he dare to die?"

"If you die, die, it's also a fate, it's not worth mentioning!"

Uncle Wuyang said bitterly.

"However, he is not dead in vain, he can also test out a little bit of this cold strength for us."

"This is the only value of this untouchable!"

Everyone ridiculed and laughed.

Situ Guang glanced at Chen Feng in front, his eyes full of contempt and indifference.

Even directly ignored Chen Feng.

Waved his hand: "Uncle Han Hun, if he is looking for death, then he will be fulfilled."

Han Hun nodded and glanced at Chen Feng, as if looking at an ant that had been crushed to death by himself.

In his opinion, this ant is not worth paying attention to.

You can shoot with just one arrow!

However, his assassin's instinct and the hunting habit he had cultivated for a long time made him still use his bow and arrow to concentrate his strongest strength.

Suddenly, a huge and incomparable blue light burst through the sky, tearing the void!

It's almost impossible to react!

Everyone exclaimed.

They obviously felt that they could see the trajectory of this arrow, but this arrow was mysterious and could not be grasped or stopped.

This is the first time they really saw the Hanhun arrow today.

But after seeing it, I feel even more desperate!

This kind of clearly visible and captured, but the feeling that they can't be caught, makes them feel crazy!

Everyone knows what's going on!

This is the suppression of the realm!

The opponent's realm and strength are much stronger than them!

"How can Yan Changfeng catch this arrow?"

After Han Hun shot this arrow, he turned his head to look at other people.

In his opinion, under this arrow, Chen Feng will undoubtedly die.

He didn't even bother to Chen Feng again.

But the next moment, he suddenly heard a huge exclamation.

Exclamations suddenly sounded from both sides, Situ Guang and others, Changning Hou Shizi and others, all of them suddenly exclaimed!

It's full of disbelief!

Hearing this voice, Han Hun's heart jumped: "What happened?"

He quickly turned his head and looked, his eyes twitched fiercely, and his face was full of shock!

It turned out that his arrow, his big arrow that seemed to be able to tear everything apart, stopped at this time.

It was caught between two fingers.

The young man in white just stood there with a faint smile.

Between the fingers, there was the huge arrow that seemed invincible.

Gently and skillfully, effortlessly!

Those people who had been staring at Chen Feng just now saw this scene very clearly:

Facing this arrow, Chen Feng didn't hesitate, just stretched out two fingers.

Clamp it directly!

At this moment, everyone was in a trance.

"Just clamped like this? Just clamped so gently and cleverly? How could it be possible?"

There was a huge disbelief in their hearts first, and then they realized something in the next moment.

Suddenly, his face was shocked!

"Could it be that Yan Changfeng's strength is extremely strong? He is not the country untouchable I was waiting for, but a top powerhouse!"

"Yan Changfeng clamped this arrow so lightly, is his strength stronger than Han Hun?"

Endless shocks and questions surged in their hearts!

Uncle Wuyang muttered to himself: "What's the matter? This is impossible..."

Changning Hou Shizi's expression was dumb, as if he hadn't recovered.

Qing He opened his mouth wide, dumbfounded.

They are still immersed in the tremendous shock of Chen Feng catching this arrow, and they have not recovered!

Situ Guang and others looked extremely embarrassed instantly.

They didn't expect that this white-robed youth, who is not showing the mountains and dew, is so strong!

He stared at Princess Liyang, his eyes flickering: "Could it be that this is a hole card of Princess Liyang? A super master he invited?"

"Could it be that this time it turned out to be a trap?"

He stared at Princess Li Yang, wanting to see some clues from her face.

By the way, Princess Li Yang was also at a loss!

She didn't even know that Yan Changfeng's strength was so strong. She had only thought that she had made love to Yan Changfeng before, so she defended him everywhere.

It was definitely not because she knew what strength Chen Feng had!

Between Yan Changfeng's fingers, he gently rotated the giant arrow, smiled and said, "I said, you are not capable of this!"

Han Hun's expression changed, he knew the power of his attack the most!

The next moment, his face changed and he let out a low growl!

Suddenly, he hit his chest with a fist.

Wow, a mouthful of blood spurted out, directly on the giant big bow!

[Chapter 4759: Get me back!](#)

Seeing this scene, Situ Guang's heart trembled: "Has this point been reached?"

He knew that this was a trick of the cold starry lineage.

Powerful, but huge consumption!

If it's not the critical time, Hanhun will never use it.

Now, he actually needs to use it from the beginning!

The next moment, Han Hun roared wildly, and the bowstring rang!**noVeluSb.com**

Beng Beng Beng...

With loud noises after another, there were seven giant arrows shooting out!

These seven giant arrows were first connected in a line, and then changed to each other, changing different formations one after another in the air.

Suddenly like a wild goose spreading its wings, suddenly side by side, changing a lot, in an instant there is endless treacherousness.

It's not clear at all!

Chen Feng could defend one or two, but he could never defend these seven giant arrows!

After shooting these seven giant arrows, there was a cold cry and another mouthful of blood spurted out.

Fainted.

Obviously expensive!

Everyone didn't dare to blink their eyes, watching this scene fiercely.

Chen Feng smiled slightly: "It's useless!"

Chen Feng had already seen from the side a long time ago. Although Han Hun was extremely powerful, he did not take that last step.

He is still the pinnacle of the Nine Star Martial Emperor, and has not set foot in the Star Soul Martial God Mirror!

Each of his arrows reached the peak level of the Nine Star Martial Emperor.

Therefore, these aristocratic families who were the strongest but were not in the middle of the Nine Star Martial Emperor could not stop them at all.

but. Not including Chen Feng!

And since he stepped into the Eight-Star Martial Emperor Realm, his strength has been comparable to a half-step Martial God Realm powerhouse!

This kind of offensive has no effect on him!

Just as the seven giant arrows were about to reach Chen Feng's body, the formation suddenly changed again.

Among them, three giant arrows went around directly in the air and came behind Chen Feng.

So in an instant, seven giant arrows were densely distributed around Chen Feng's body!

Almost without blind spots, he followed all the vitals of Chen Feng!

Chen Feng couldn't escape at all, and would always be shot by a few of them!

Everyone shouted in exclamation!

"Even if Yan Changfeng is powerful, but these seven giant arrows have no dead ends. They shoot from all directions. It's no wonder that he can stop them!"

These children of the aristocracy had already recovered a little at this time, and there was no more jealousy towards Chen Feng in their hearts!

The sights of Situ Guang and others fell on Chen Feng, and they were extremely nervous.

The success of this blow directly determines the situation today!

There is no way to hide Chen Feng, but a sneer was outlined at the corner of his mouth: "I, why not hide!"

The next moment, he growled in a low voice: "Bring it to me!"

In an instant, seven star veins appeared around Chen Feng's body.

Then, these seven star veins directly affected the seven giant arrows.

In the star veins, the sun rises and the moon sets, and the stars undulate, shining and majestic!

Boom boom boom boom, in the blink of an eye, the seven star veins slammed into those seven big arrows!

As a result, the seven giant arrows were directly shattered in the violent bang!

The seven star veins were unharmed.

Chen Feng smiled slightly and took it back again.

In the blink of an eye, it was as if it had never appeared before.

But everyone can see clearly.

Situ Guang lost his voice and dared not say anything: "Xingmai, you actually have a star vein?"

The other people also have similar expressions.

Hearing everyone's exclamation, Chen Feng raised his eyebrows, and then it became clear.

On the top of the sky, the star veins are something that everyone has, and it doesn't seem so rare.

But don't forget, the top of the sky is full of outstanding people!

In their respective worlds, they are all exceptionally talented.

This also means that for many warriors in the Xuanhuang world, star veins are very precious and powerful!

Few people on the scene have star veins!

At this moment, the children of these aristocratic families finally recovered!

The emotions in their hearts are no longer jealous, but full of fear!

When they feel that Chen Feng is not much better than themselves, they will be jealous.

But when Chen Feng was so strong that he could only look up, and there was no comparability at all, he suddenly lost his jealousy!

Chen Feng's terrifying strength, powerful star veins, everything, they can only look up!

Many people instantly turned pale, and their bodies trembling slightly.

"This Yan Changfeng is so strong?"

"I wanted to fight him just now, and even provoked him that way. Will he hate me for waiting?"

"It's over, Yan Changfeng will definitely clean up us later! We are dead!"

They regretted it to the extreme.

Many people looked at Changning Hou Shizi and Wuyang Bo Shizi with hatred.

"If it weren't for the two of them, we wouldn't have spoken to offend Yan Changfeng just now!"

"Yes, the two of them are to blame!"

Wuyang Bo Shizi seemed to know his situation, trembling all over, like sifting chaff, even more indifferent.

He tried his best to calm down, but his trembling hands betrayed him!

Chen Feng had not even glanced at them at this time, he had already shocked them!

"I'm dead, I'm dead, I offend Yan Changfeng the deepest... He will definitely not spare me."

In an instant, Qing He's face turned pale, and there was a touch of fear and regret in his eyes.

Changning Hou Shizi was dumbfounded, as though he was stupid, but didn't want to believe:  
"Impossible, impossible..."

He was so shocked that he was totally unwilling to accept this fact!

Only Princess Liyang laughed loudly: "Yan Changfeng, I didn't expect you to be such a master!"

Chen Feng smiled: "You can't drink your wine for nothing!"

Han Hun's face suddenly changed, he didn't hesitate, just turned around and fled madly.

The black giant eagle stomping under its feet made a sharp cry, its wings spread out, and it was far away in an instant.

When everyone saw this scene, they were even more upset!

"Han Hun escaped, did he escape?"

Han Hun was born in the shooting sun family.

The sun shooting clan, the whole people are strong, scattered throughout the world in Xuanhuang, a large number of killers and so on.

They have been brutally trained since they were young. Although Han Hun seems to be only middle-aged, he has extremely rich combat experience.

He immediately judged that he was definitely not the opponent of the seemingly gentle young man in front of him!

At the same time, his reaction was extremely keen, turning around and fleeing without stopping for a moment.

Seeing this situation, Situ Guang and the others, who had been scared a long time ago, also fled out.

At this moment, Chen Feng laughed loudly: "Come as you say, leave as you say?"

"What place do you think this is?"

He suddenly yelled: "Get me all back!"

Roar!

Following Chen Feng's roar, in his golden spiritual world, the Buddha's screaming lion roar suddenly activated!

In Chen Feng's golden spiritual world, the huge purple and white heads roared!

[Chapter 4760: I give you this opportunity!](#)

In an instant, endless golden spiritual power spread out.

A phantom of a huge golden lion appeared directly behind Chen Feng!

If the sky is full of sands, it will gather in an instant!

The tangible and qualitative huge golden sound wave blasted out and rolled away, instantly covering the coldness!

With a bang, when the huge roar of Chen Feng came, Han Yun felt that his whole body trembled, and his body was directly frozen.

Can't move!

Not only him, but even the huge goshawk at his feet froze there.

Then, with a bang, the two fell directly to the ground, their bodies stiff.

The other people who fled also stiffened instantly and slammed to the ground!

The first time Chen Feng's Buddha's Angry Lion Roar was used in this mysterious world, it was amazing!

A smile was drawn at the corner of Chen Feng's mouth: "The power of the Buddha's angry lion roar seems to be beyond my imagination."

"This is just a first glimpse of the door, I don't know how strong behind it is!"

Chen Feng felt that his mental power seemed to be exhausted, and even the huge purple-white lion head in the spiritual world had faded a lot.

Chen Feng knows that this can't be used often and consumes a lot of money.

"For at least three days, I cannot use it a second time!"

His figure flashed, and he came to Han Hun and the others, smiling down at them.

Han Hun and the others are already back to normal, and Chen Feng's Buddha's angry lion roar is just a glimpse of the way after all, it can only make them stiff for a moment.

But even for a moment, Chen Feng completely wiped out their hope of survival!

Chen Feng did not have any hesitation or nonsense, dozens of star veins flashed behind him.

The powerful force gushes out, and a punch is to kill the cold!

With this punch, you must directly kill Han Huo!

Han Hun was full of horror, and sternly shouted: "You dare to kill me, I won't spare you the sun shooting clan!"

This is also the first time he has spoken.

The voice was harsh, hoarse and low.

Chen Feng smiled slightly: "Then I will kill them together!"

Han Hun was about to take his life just now, how could Chen Feng spare him?

The next moment, Chen Feng slammed down with a fist.

Han Hun fought back frantically!

But under the suppression of Chen Feng's powerful strength, any of his counterattacks were futile.

He raised his longbow. Smashed at Chen Feng fiercely.

However, he was directly destroyed by Chen Feng's fist, and then this fist was directly printed on his body!

In an instant, Hanhun's whole body trembled violently.

Then, he was smashed and flew out and fell to the ground heavily.

In an instant, everything in the body was destroyed, and the body's breath disappeared!

Has been directly beheaded by Chen Feng!

But in his corpse, there was a little golden light, swaying like a firefly, quietly flying out, and hurried away toward the distance.

I don't know where it went.

Chen Feng's eyes were deep and thoughtful.

Then, he turned his head to look at Situ Guang.

Seeing Chen Feng's gaze, Situ Guang shuddered all over and fell to the ground with a plop.

Repeatedly begged: "Spare my life, there are definitely countless benefits in the next!"

He was really a man who could bend and stretch, and he knelt down and begged for mercy.

But it's normal to think about it. If it weren't for such a person who can bend and stretch, he wouldn't be in the present situation, nor would he be able to live to the present.

"I will not kill you."

Chen Feng looked at Situ Guang with a low voice.

"What? You won't kill me?"

A look of surprise appeared on Situ Guang's face.

Chen Feng said: "I have heard the whole story clearly."

"I don't care what kind of connection you have with the Emperor of the Great Zhou. From my point of view, the matter between the Emperor of the Great Zhou and you should be settled by yourself."

"Today's matter, I just coincided with its meeting."

That's right, Chen Feng didn't bother to care about the mess between them.

You can't just listen and believe everything, Situ Guang and the Dazhou royal family are not very clean.

The grievances between the two are deep, and they cannot be resolved by an outsider, and there is no need to resolve them.

"Then why do you want to shoot today?"

Situ Guang was all stupid, and cried out in silence.

Chen Feng smiled: "First, Han Hun wants to kill me."

"second....."

"The reason why I shot today is not for the great Zhou imperial clan, but..."

He looked at Princess Liyang: "In order not to drink your wine for nothing."

Princess Liyang was taken aback for a moment, and then laughed: "I have invited people to drink so many times, this time the best value!"

The reason is that simple.

Chen Feng will not intervene in the grievances between the Emperor of the Great Zhou Dynasty and Situ Guang, and he will not care about who is right or wrong.

He killed Hanhun just because Hanhun wanted to kill him,

That's it!

Situ Guang stood there stupidly, suddenly wanting to cry.

"I've been planning for so long, I invited the master Han Hun, and that's it, it's all over?"

At this time, Changning Hou Shizi suddenly walked out of the crowd and looked at Chen Feng with a smile and said, "Thank you, Master Yan, for saving me and waiting."

Chen Feng looked at him diagonally.

This Changning Hou Shizi is really thick-skinned, with a big smile on his face.

It seems that the person who was full of disdain and arrogance towards Chen Feng just now was not like him!

Behind him, many children from aristocratic families suddenly realized that they hurriedly clasped their fists and saluted:

"Thank you Master Yan for saving me and waiting."

Chen Feng looked at them, his face crooked.

He understands what tricks these people are playing, but just wants to use this so-called righteous name to put himself on top, so that he can't say anything.

However, how can Chen Feng be able to deal with such tricks?

He looked at everyone with a cold smile: "Save you, think too much!"

Everyone's complexion changed suddenly.

Then, Chen Feng hooked his finger, smiled and said, "Come on, let's go together!"

"what?"

Everyone's expressions changed.

Chen Feng flicked his fingers, and said leisurely: "Didn't you all shouted at me just now?"

"Aren't you scrambling to be my opponent?"

"Now, I give you this opportunity!"

"Let's go together!"

Everyone's face changed drastically!

After seeing Chen Feng's strength, where did they dare to have any offending thoughts?

They all know very well that even if they wait for others to join, it is definitely a dead end!

Everyone stood there, trembling all over and dared not say anything, who would dare to take a step forward?

"how?"

Chen Feng said in a sharp tone: "I said let you go together! Can't you understand human words?"

Each of these children from the aristocracy shivered.

Chen Feng's meaning is obvious!

Just to kill them all!

"come!"

Chen Feng let out a loud roar: "Aren't they very prestigious just now?"

His hand ran across everyone: "Wuyang Bo Shizi, Changning Hou Shizi, didn't you just rush to kill me?"

"Come on! Fight with me!"

With this violent roar, Chen Feng frightened those aristocrats who backed back again and again, their faces pale.
