

Peerless 4771

[Chapter 4771: Kasaba Red Lotus Temple!](#)

He didn't even look at Han Kun, and seemed to disdain him completely.

Instead, he turned around and looked at Chen Feng, with a three-pointer in his eyes.

Put your hands together in a salute: "This junior, I don't know where you are from? But why do we use the Buddhist technique of reducing demons and eliminating demons?"

Chen Feng seemed instinctive to pay the gift, but then seemed to remember his current identity again.

Quickly put down his hands in embarrassment, a little lost and said: "Master, I don't know what you said."

"I am studying Daoist Kungfu, and I have never had anything to do with Buddhism."

He denied it, and such a posture fell in the eyes of the young monk, and he felt that he wanted to cover it.

His eyes flashed, and he thought he already knew Chen Feng's details.

He smiled slightly, and said in a gentle voice: "Junior brother, if you and I are from the same origin, it's easy to say no matter what."

"If you have any difficulties, you can tell me, if you don't want to say it, I won't force it."

His words seemed to stabilize Chen Feng's mood a little.

Chen Feng's eyes were a little confused, and there was indescribable pain, his hands trembled, and his lips trembled.

The young monk did not urge, but waited quietly beside him.

But Chen Feng looked unbelievable at this time, and seemed to be a little panicked and reluctant to face it.

But in fact, he laughed out loud in his heart!

"Hahaha, it's finally here!"

"My calculations really worked! You finally arrived in time!"

"The big thing is done!"

That's right, all of this was expected by Chen Feng.

In fact, after Chen Feng perceives Han Kun's breath and decides to escape to the site of Moke Dabei Temple, he has already laid out all this! Plan it all!

He chose the location of the decisive battle on the site of the Great Compassionate Temple of Moko.

Then, all the way, first came to Shifang City.

Shifang City is the closest city to Shifang God and Demon Mountain, and its terrain is critical.

At the same time, it is also the most fringe city on the site of Moke Dabei Temple, guarding its western gateway.

In such a place, Chen Feng doesn't believe that Moke Great Compassion Temple, a terrorist force that has been in business for millions of years, will not leave a secret whistle here.

Therefore, he enters it and perceives it carefully.

Visiting those Zen temples is also to sense the reality and the reality.

Sure enough, he felt it.

In that inconspicuous temple, the taciturn, even dull, sweeping monk was the one Chen Feng was looking for.

Moreover, he also brought a surprise to Chen Feng.

This person's Buddha-mindedness and strong Buddha-nature are the strongest one Chen Feng has seen in these years.

And Chen Feng realized in an instant that this person's status is definitely not low!

I'm afraid they are quite famous figures in Moke Dabei Temple.

Perhaps his cultivation realm is not high enough, but his Buddhist realm is definitely extremely high.

In a place like Moko Dabei Temple, sometimes the Buddhadharma realm is as high as the cultivation realm.

This also surprises Chen Feng.

The higher his status, the more help Chen Feng is.

So, there is that scene.

Chen Feng deliberately stimulated his own demons, creating a false impression that his own demons were overwhelmed.

In this case, of course, he can use the Buddha's angry lion roar.

Chen Feng heard what Dongji Qingxu God said clearly before.

This thing was obtained by chance in an ancient ruins when Dongji Qingxu Shenzun traveled around the world.

Although they are all in the line of Buddhism, they are completely different from the Buddhism inheritance in the Xuanhuang world.

Therefore, Chen Feng is very sure that this magical skill is definitely not available in the Moke Great Compassion Temple.

In this way, the people of Moke Great Compassion Temple will be surprised when they perceive it.

Furthermore, there is speculation about his origin.

And Chen Feng not only remembered this second hand, but also more than this link would make them guess.

Even, a number of back-ups were prepared.

What surprised him was that perhaps the grey-robed monk was mysterious enough and didn't wait for Chen Feng to use his second move.

He has already reported the news of Chen Feng!

Moreover, Chen Feng is very convinced of one thing, that is, because of his own suspicion, he has drawn their thinking towards a possible option.

Therefore, when they hear about this, they will definitely go into battle!

So far, everything has been expected by Chen Feng.

Sure enough, the gray-robed monk reported it.

Sure enough, Moke Great Compassion Temple immediately thought of the idea that Chen Feng wanted them to think of!

Sure enough, they sent the strong to come!

Time is just right!

The next step is how to deal with this handsome monk's problem without making mistakes!

Once there was a mistake, Chen Feng was very sure, I was afraid that he would face two terrifying enemies!

However, Chen Feng is certainly not afraid.

He has been perfecting his message since he chose Mo Ke Da Bei Temple.

A while ago, he came to the site of the Great Compassion Temple of Moko and heard countless legends about the Great Compassion Temple of Moko.

The last link of this plan has also taken shape!

After a long time, Chen Feng finally sighed softly: "I am from Kaye Honglian Temple!"

"Why are you from Kayaba Red Lotus Temple?"

Hearing this, the young monk who had been indifferent and incomparably indifferent, trembled all over!

As the entire Xuanhuang Middle Thousand Worlds burst into pieces, it caused an unparalleled shock!

His face turned flushed instantly, and his eyes showed an extremely complex look, which was unbelievable, surprised, regretful, and guilty, but still full of joy!

He stared at Chen Feng, and his words were uncomfortable: "You, are you really from Kaye Honglian Temple?"

Kasaba Red Lotus Temple!

It is a taboo in Moke Great Compassion Temple.

The founder of the Kassapa Honglian Temple, a young genius of the Moko Dabei Temple.

Unparalleled talent, transparent Buddha mind, profound Dharma, and young, he has become the first in the Kassapa Academy.

Later, a great change occurred in the temple.

This Patriarch, who has always been arrogant and conceited, went out of Moko Great Compassion Temple in his anger!

The head of Yijiaye Academy took his disciples away.

A series of Kasaba Red Lotus Temple was created in the extremely far overseas!

Since then, no more contacts.

And this ancestor was also shaken by this incident. A hundred years later, he went crazy and died while practicing!

Although it is said that the ancestor of Kayaba Honglian Temple is the opposite of Moko Dabei Temple.

Even more, a large number of people were taken away from the Moke Dabei Temple, but he was also an eminent monk at the Moke Dabei Temple.

It has very close ties with the first few of the Great Compassionate Temple of Moko, a few gods and monks, and the relationship is also very good.

After all, they are all brothers who grew up together.

Therefore, this kind of incense is endless.

[Chapter 4772: Please be here, help me block him for three days!](#)

Later, after a longer period of time and the contradiction faded, the connection between the Moko Great Compassion Temple and the Kaye Honglian Temple became even more inexhaustible.

He has sent out his disciples many times to study and practice.

Of course, the most important thing is that Kaye Honglian Temple sent people to Moko Dabei Temple to practice and observe.

After all, the strength of Kasaba Hongren Temple is weak.

This incense passion lasts for hundreds of thousands of years.

And this jade-like young monk "Wuji Zen Master", his line, going back up, can be traced back to the brother of the founder of the Kayah Honglian Temple.

The **** monk grew up with the founder of the Kayah Honglian Temple, and loves his brothers.

Later, his junior brother went out of the teacher's door, and he always regretted it.

Before sitting down, what I was thinking of was my little brother.

He even urged his disciples to take care of the Kasaba Honglian Temple more in the future.

Therefore, this vein has always been extremely friendly to Kasaba Honglian Temple and took care of the most.

However, one hundred thousand years ago, a shocking change occurred in the Kasaba Honglian Temple.

Overnight, the entire temple, as well as the huge overseas mountain where it was located, disappeared!

Lost contact with Mo Ke Da Bei Temple completely.

Moko Dabei Temple has sent people to investigate several times, but to no avail.

But always worry about, never forget.

Especially the Wugou Zen Master has been searching for it many times, even if it was in vain, he did not give up!

The young monk was ecstatic: "You turned out to be the junior disciple of Kaye Honglian Temple? My dharma name is "Wuji". I don't know how the junior disciple is called?

"What happened to Kasaba Red Lotus Temple? How are you all these years?"

Chen Feng sighed slightly, and a cassock appeared in his hand.

He slowly put on the robe, as if it weighed ten thousand catties.

This cassock is golden and red and bright.

He got it when he was in the Datianlong Temple on the Longmai Continent.

The level is not high, and there is no strong protective effect, but Chen Feng has always cherished it and kept it.

Because of this thing, there is another chance to enter the space of Buddha's dragon bones!

Chen Feng never entered the space of the Buddha's skeleton.

Because what he thought was very clear, the existence of the Buddha who happened to appear on the Dragon Vein Continent, in fact, its strength level far exceeded the scope of the Dragon Vein Continent.

Even after he stepped into the peak of the Dragon Vein Continent, he was still extremely small when he went to the Buddha-Long space.

I'm afraid, there is no gain.

The number of times that the Buddha Dragon robes of Datianlong Temple have been used three times has been twice.

It is impossible for Chen Feng to waste this last time without being sure.

Therefore, he cherished this thing and kept it, but he was not wasting that opportunity!

But now, there is a chance to use it!

Don't forget, on the robes of the Great Tianlong Temple, there is a breath of Buddha!

What kind of existence is Buddha?

That is a Buddha who has listened to the scriptures for hundreds of thousands of years in front of a very terrifying Buddha seat that is beyond the void of the universe!

Chen Feng didn't know how strong that mighty man was.

But he was absolutely certain that Zhong Qian World could not breed such terrifying powers!

Therefore, the existence of that terrifying power will only exist in the great world, even in higher-level places!

Even if the Buddha dragon is placed in the middle of the thousand time, it is probably a top-level existence.

The Datianlong Temple cassock, which is tainted with the breath of Buddha and dragon, is so precious to these Buddhist monks and powerful existences at a glance!

Zen Master Wugu saw Chen Feng's robe, no doubt in his heart!

In fact, after seeing Chen Feng's angry lion roar, he no longer doubted it.

Suffice to say!

He really couldn't think of any other place that could have such a magical power besides the Kasaba Honglian Temple, which has the same origin as Moko Dabei Temple!

There was a sudden movement in his heart.

"This junior is young, but he has such strength in his early twenties."

"I am more acquainted with this kind of Buddhism, thinking about it, he should be the man who inherited the mantle and bowl from the Kayaba Honglian Temple, at least he is also a vigorous training."

"Maybe, he can know the secret of the disappearance of Kasaba Honglian Temple."

His tears are gonna shed.

Before his master sat down, he was most concerned about this matter!

At this time, Han Kun Yinyin said: "It turns out that you two are still bald little thieves of the same origin."

He roared loudly: "Wujiu is bald, get out of me!"

"Now, this servant is from Lao Tzu."

Chen Feng glanced up.

Obviously, Wugou Zen Master was cultivated by Moko Dabei Temple.

Good strength,

"Han Kun is clearly inferior to Wugou, but he is still confident."

"Could it be..."

Zen Master Wugou looked at Han Kun with a faint voice: "This benefactor, you killed so much earlier, I haven't settled this account with you."

"You still want to arrest my brother from the Red Lotus Temple in Kaye? Haven't you heard that although the Buddha is kind and good-looking, he will also subdue demons and demons!"

Speaking of which, I have already done the roar of demons!

The golden sound waves rolled directly over Han Kun.

The sound waves have terrifying power!

Han Kun yin and evil smiled: "I have been in the world for so many years, do you think this can scare me?"

With a loud roar, he killed Wu Gu directly.

Wu Gu is also fighting.

In an instant, the two fought into a ball.

Chen Feng looked on coldly, but quickly saw the doorway.

He narrowed his gaze, turned and left.

He whispered from the bottom of my heart: "Brother Wugou, please be here, help me block for three days!"

Han Kun was furious upon seeing this.

He has chased Chen Feng three times, how can he run away again now?

With a loud roar, he wanted to chase away.

Wu Gu smiled coldly and shot it with one palm!

In an instant, above the sky, the golden Buddha's hand pressed down, as if to smash Han Kun into pieces!

If this is the shot, I am afraid that Han Kun's entire back will be broken, his strength will be greatly lost, and his body will be seriously injured.

Han Kun gritted his teeth and had to turn around to resist!

But with this empty effort, Chen Feng has disappeared!

When Chen Feng left, Wu Gu was also anxious.

He still has many questions to ask Chen Feng.

But after thinking about it, I have sensed the aura of this junior, and I can't leave after all.

Let's deal with Han Kun first!

Chen Feng is an extremely cautious person, with unsullied strength, even slightly better than Han Kun.

But Chen Feng didn't think Wu Gu would be his opponent.

Wugou has a deep heart and a compassionate disposition.

Han Kun, on the other hand, is Yin Heng cunning, doing everything he can to do whatever it takes.

Wugou seldom goes out of the mountain. Although he has high hopes, his experience is shallow.

Han Kun has been abroad for many years and has much more experience than him.

Therefore, even if the two are equal in strength, Chen Feng estimated that Han Kun must win in the end.

What's more, he still felt a very dangerous aura on Han Kun's body!

This breath is just like how he felt when he faced the human emperor's hand bones!

[Chapter 4773: You are late!](#)

"It is estimated that Han Kun is very likely to have a chasis!"

Taking 10,000 steps back, even if Wu Gu could be Han Kun's opponent, Chen Feng knew one thing very well:

If Han Kun fights for his life and fights for the price of being hit by Wu Gu and seriously injured, he will come to kill himself!

Then Wu Gu couldn't stop him either.

Chen Feng absolutely does not allow this unexpected situation to happen. Turning around and taking a look at Wu Gu who was fighting fiercely, Chen Feng also felt a trace of guilt in his heart.

Chen Feng shook his head, feeling a little guilty in his heart: "I'm sorry, little monk, I lied to you this time to save my life. I have to!"

"When I look back, I will give you the favor."

What's more, Chen Feng knew that Zen Master Wu Gu would definitely want to send himself and him back to Mo Ke Da Bei Temple.

Of course, it is impossible for Chen Feng to follow him back to the Moke Great Compassion Temple.

You must know that the Buddhism practice he carried on his body was the Golden Sutra of the Great Buddha, the Greatest Treasure of Buddhism.

Chen Feng didn't know how high the level of the Golden Sutra of Guan Zizha Bodhisattva was.

But according to what Fairy Yuheng said before, I'm afraid that the kind of uninheritance at the bottom of the pressure box in the powerful sects of Moko Dabei Temple is more inferior to the Golden Book of the Great Bodhisattva.

This kind of existence, if one enters a certain Sanqing sect, or simply does not belong to Buddhism, Taoism and Confucianism.

Then, the possibility of concealing it is quite high.

But if you enter the Moko Dabei Temple, the Moko Dabei Temple is the kind that the Buddhists have practiced for millions of years.

I'm afraid that this thing on Chen Feng's body will be seen at a glance.

At that time, the Golden Sutra of Avalokitesvara Bodhisattva cannot be kept!

I am afraid that misfortune is unpredictable.

After Chen Feng was missing, Han Kun roared again and again: "You bald thief, hurry up and let me go by his mother!"

The monk Wugou said indifferently, "This is my junior brother of the same origin from the Kaye Honglian Temple. How can you allow you to be insulted by the younger generation?"

Chen Feng fled quickly to the southeast, never staying at all, pushing his speed to the strongest.

Without hesitation.

It took three full days to escape.

Three days later, the sky was clear and it was close to noon.

Suddenly, Chen Feng frowned, turned around, and took a breath.

"Finally, are you still chasing it?"

Above the sky in the distance, a bit of red light approached extremely quickly, and soon came close.

It is Han Kun.

Only at this time, he has changed his appearance compared to before.

His clothes were ragged and in tatters, with multiple injuries on his body, and he looked quite embarrassed.

The breath has also dropped a lot.

Even his huge flame beast is much smaller than before.

Obviously, the battle with Wugou was never easy.

Han Kun saw Chen Feng from a distance, and smiled sadly: "Chen Feng, run away, then run away!"

He smiled playfully, as if a cat was playing with a mouse.

"How about you recruiting Wugou over? Isn't it impossible to escape?"

It turned out that Han Kun and Wu Gu fought for three days.

But it is getting more and more disadvantaged, and even more seriously injured and embarrassed.

Fortunately, he was prepared.

Before leaving the gate, he begged his master to give him a treasure.

Therefore, the treasure was used.

Wu Gu was caught off guard, and was directly severely injured by him, unable to intercept.

Only then did Han Kun get away and pursue it with all his strength.

Finally, I caught up with Chen Feng today!

Chen Feng looked at Han Kun and smiled slightly, with a leisurely expression: "Han Kun, you are late!"

"I'm late? What do you mean?"

For some reason, when Han Kun saw the indifferent smile at the corner of Chen Feng's mouth, he trembled severely.

If you say, he didn't take Chen Feng's words into his eyes at all before.

But in those past days, Chen Feng's impression on him was too deep.

Chen Feng's strategy and calculations made him fall into extreme passivity every time, making it difficult to get out.

He shook his head fiercely, and threw all these miscellaneous things behind him, and shouted wildly: "Really? I think who can save you today!"

"The bald thief has been severely injured by me!"

The next moment, his eyes were fierce, and he quickly rotated in the air, surrounded by stars.

Then, the infinite amount of violent violence, madly condensed!

Han Kun let out a wild roar, and slaughtered at Chen Feng!

This time, do your best!

He made a full blow, no longer had his hand, and no longer thought about capturing Chen Feng alive!

He was really scared by Chen Feng.

However, facing his move, Chen Feng not only did not escape.

Instead, he made an action that Han Kun had never expected.

He turned around, but used his back to face Han Kun's offensive.

Han Kun was taken aback for a moment, and then furious!

Chen Feng totally ignored him.

He yelled frantically: "I killed you! You greeted you with your back? Are you crazy?"

But the next moment, his expression changed.

It turned out that on Chen Feng's back, a clear light flashed.

A shroud suddenly appeared on his back.

This shroud seemed to have been a robe once, stained with blood stains, and faintly blue.

It is extremely broken and barely maintained.

But even so, there is still an extremely arrogant and powerful force above it, constantly emerging!

The next moment, with a loud bang, Han Kun's offensive fell directly on Chen Feng's back!

Smashed on the shroud.

What power is the shroud?

That is even the five elders of Yuxu Immortal Gate can resist the offensive. The five elders of Yuxu Immortal Gate, although only the remnant souls are left, have the powerful strength of the Star Soul Martial God Realm!

The shroud can withstand half an hour before it is nearly broken!

Han Kun is just the second floor of the Star Soul Martial God Mirror!

With a loud bang, Han Kun felt like defeat.

The cyan light reclaimed fiercely at first, and then bounced like crazy with a bang.

It directly shattered his offensive, and even enveloped his body!

Han Kun was hit hard in an instant, as if being slapped severely on the chest, wow, a big mouthful of blood spurted out!

Was directly repelled thousands of meters!

In the process of retreating, that force still bombarded his body frantically.

Wreak havoc in his body!

Kaka...

His internal organs have been completely displaced, and he doesn't know how many bones are broken.

Severely injured directly!

And the shroud was already extremely broken.

After enduring his attack, he snapped and disappeared into pieces!

The shroud, at this point, completely disappeared.

When this thing was in the hands of the night watchman, it resisted the attack of the remnant soul of the five elders of Yuxu Immortal Gate, and it could be said that it saved Chen Feng's life.

Now Chen Feng was saved again.

Finally completed his mission, and disappeared like a blossoming butterfly.

Chen Feng took a step back and let go of the few remaining strength.

A smile was drawn at the corner of his mouth, and he looked up at the two big days.

One is in the south and the other is in the north, facing each other far away, but they are all above the sky!

It's just noon!

The three-day period has come!

[Chapter 4774: The value of human hand bones!](#)

At the same time, the March period has come!

At this moment, a cloud of clear light enveloped Chen Feng, as if a beam of light appeared.

Chen Feng's figure, at this moment, also directly faded.

Gradually disappeared into this void.

Han Kun was only relieved at this time, shocked, and roared: "What is this? What is this?"

When Chen Feng left Wumu there to stop him, he felt bad.

After chasing here all the way, Chen Feng's indifferent expression made him extremely irritable and unspeakable in his heart.

When this cyan light beam appeared around Chen Feng, his whole spirit was about to collapse!

All this seems to be beyond the scope of his understanding.

He didn't understand, why is it so difficult to hunt down an ant whose strength is far less than his own?

"What the **** is this? Where are you going? What is your trump card?"

He screamed and killed him, and the offensive fell heavily on the cyan light beam.

But like a mud cow entering the sea, there was no response at all.

A joke, this is the power of the gods, can it be shaken by him?

At this moment, Chen Feng suddenly looked at him and grinned.

Stretching out his right hand, he slowly made a throat cut motion in his throat!

"Han Kun, the embarrassed escape these days, I, Chen Feng, will return it ten times!"

For some reason, Han Kun saw this scene, suddenly cold all over his body.

He shivered cleverly, as if he were in the ice and snow!

He only felt that his heart was sinking down extremely fast, and a great horror was born in his heart instantly.

In the next moment, Chen Feng's figure has completely disappeared!

Then, Chen Feng's head was clouded.

When he opened his eyes again, he appeared in a strange space.

There was a green glow all around, like a barren universe.

And he is on a platform.

Chen Feng knew that he had already come to the periphery of the top of the sky.

His heart was even more grateful: "This Heavenly Dao Master is really powerful! I went to the Xuanhuang Zhongqian World, and he caught me here, and it seemed effortless."

"This is the Xuanhuang Middle Thousand World! It's not the low-end dragon vein continent!"

"Such a powerful and innumerable world, it seems that heaven is dominating, and you can do whatever you want!"

Then, the indifferent voice of the Lord of Heaven suddenly sounded: "Try the fairy Chen Feng, return to the top of the sky!"

Looking at the seemingly endless void above his head, the majestic words of the ruler of the heavens rang in his ears, and he saw patches of green light surrounding him.

A smile suddenly appeared at the corner of Chen Feng's mouth.

Then, the smile turned into a burst of laughter.

Chen Feng was soft and collapsed to the ground.

Haha laughed wildly, full of endless pleasure and joy after the disaster!

The top of the sky at this moment gave him an extremely cordial feeling.

Because of this moment, he felt extremely safe on the top of the sky.

I was in it, surrounded by the blue light, and shrouded in the power of the heavenly Dao.

Then, no one can move oneself!

So what if Han Kun is strong?

He can't kill here!

I am here, as stable as a rock! An Ruo Taishan!

Although he seemed to survive the desperate escape in the previous few months, it was because of Chen Feng's incomparably delicate calculations.

As long as you are a little careless, there will be no more now.

In this, Chen Feng truly felt an emotion called 'belonging' towards this top of the sky.

"I am from here!"

That's right, when Chen Feng was in Xuanhuang Zhongqianjie before, he had been waiting for this moment.

I have been waiting, the opportunity in those three days is now!

It turned out that Chen Feng had been calculating the time for him to return to the top of the sky.

Last time he completed the trial task and became a trial immortal.

After completing three tasks, you will become a fairy in the sky.

After three months, there will be the first mission.

What Chen Feng is waiting for is such an opportunity!

It is to be delayed, the arrival of this node in three months!

Sure enough, as soon as three months came, just when Han Kun's offensive was about to fall, Chen Feng was also dragged into the top of the sky by the dominator of the heavens.

"Han Kun, wait!"

"When I go out from the top of the sky, I will give you a huge surprise!"

"Hunted me for months, and took my life several times. If I hadn't planned very well, I would have died at this moment!"

"How can I not repay such a big grudge?"

The smile on the corner of Chen Feng's mouth gradually became cold, and he slowly straightened his body:

"Furthermore, before I leave, I will hit you hard!"

"This will make my future plans smoother!"

At the next moment, Chen Feng's heart moved.

In an instant, there were several treasures floating around him.

And seeing one of them, Chen Feng sketched a smile at the corner of his mouth.

"Fortunately, fortunately, you can be brought in, so I can rest assured!"

The rules of the top of the sky are not external things, which can be brought into the top of the sky.

On the contrary, only very few, extremely rare and precious things can be brought in.

Others will be placed in a strange space.

When leaving the top of the sky, return it.

Fortunately, none of the treasures in Chen Feng's body could be brought in.

For example, sapphire bodhi branches and so on.

And this time, within three months of going out, he recently got the bones of this man's hand.

Before, he was still playing drums in his heart, wondering if this thing could be brought in.

Seeing that this thing had already come in with me, my heart became much calmer.

"This human emperor's hand bones have an extremely important role in my big plan!"

"Without you, the plan will never succeed."

Suddenly, Chen Feng's heart moved, raising the hand bones of the man's emperor high, and shouting loudly: "Heaven is the master, I want to identify this thing."

I don't know if it was an illusion, Chen Feng saw that when he lifted this man's emperor's hand high.

This emptiness and vast space shook slightly in an instant.

The voice of the Lord of Heaven was silent for a moment.

Then, there was a loud sound: "Unknown strange thing, if you want to know what it is, you need to pay for the chalcedony of heaven, one hundred thousand roots!"

"what?"

Chen Feng was stunned in the same place, his whole person was stupid, as if a jiao thunder struck him, making the crisp outside and tender inside.

One hundred thousand chalcedony?

A hundred thousand chalcedony pieces of heaven!

What is this concept?

Even if it is a terrifying existence like Cthulhu Valley, it can't be regarded as a weak force on the top of the sky.

The sum of their ten years of harvest, I'm afraid it won't reach one hundred thousand chalcedony roots!

One hundred thousand chalcedony roots can directly pull up a force on the top of the sky, even far surpassing the Beidou team!

One hundred thousand chalcedony roots of the heavens can be bought into a master at the level of the dementor, and let him die once!

This is the value of 100,000 chalcedony roots!

[Chapter 4775: Advanced task for twenty people!](#)

The next moment, Chen Feng suddenly trembled all over.

His eyes showed extreme excitement!

The excited face was flushed, the heart was beating wildly, the blood flow accelerated, and he could barely control his emotions, so he wanted to yell!

Just to identify what this hand bone is, you have to pay a full 100,000 chalcedony pieces!

So, if this thing is to be bought, how much will it cost?

one million? Or ten million heavenly chalcedony?

I'm afraid it will not stop!

"Heaven is the ruler!"

The joy in Chen Feng's heart could hardly be restrained, a smile appeared at the corner of his mouth, and then turned into a wild laugh.

My heart surged with ecstasy: "What kind of supreme treasure I got accidentally?"

Chen Feng took a deep breath and calmly waited in this mysterious space.

Didn't wait long.

Suddenly, there was a huge shock.

Then, I heard the voice of the Lord of Heaven.

"Beidou team, the two who participated in the advanced mission."

"Tried the fairy Chen Feng, and tried the fairy beast slave, all arrived."

Chen Feng nodded slowly: "It turned out that it was the two of us who participated in this advanced mission."

This is also normal, and the advanced tasks are assigned according to the power of the Trial Immortal.

The Beidou team, this time only Chen Feng and the Celestial Beast Slave were promoted to the Trial Immortal, and naturally only the two of them participated.

The two of them are not yet qualified to participate in the mission with the official team members such as Fairy Yuheng.

The mission that Fairy Yuheng participated in was a serious reincarnation mission.

Chen Feng felt like a flame was igniting in his heart, full of expectations: "I don't know what the mission this time is?"

"What great benefits will it bring me? What dangers will I face in it?"

Chen Feng has never forgotten the words that he was threatened before leaving the top of the sky last time.

In this mission, I am afraid that there is a great danger

But he has always known that wealth is in danger.

The great danger is accompanied by great opportunities.

In the next moment, Chen Feng saw that there was a mist of blue light falling from the sky.

Then, amidst the azure light, dozens of tracts were separated and scattered to inexplicable places.

Through space, I don't know where to go.

Then, the great and vigorous voice of the Lord of Heaven sounded.

But this time, it was not in Chen Feng's heart, but in this void.

As if to explain something to a group of people.

"This time I participated in the trial of advanced missions, there are a total of 20 people from six forces!"

What I participated in before was a trial mission.

After the trial mission, become a trial immortal.

And now they are participating in advanced quests. After completing three advanced quests, they can become official immortals in the sky.

For example, Fairy Yuheng and the others are all immortals in the sky.

Chen Feng frowned.

This time there are as many as 20 people participating in the mission. It seems that there will be a big fight next!

Suddenly he moved in his heart and looked at the cyan light that diverged from the sky.

These cyan lights, except for those spilled on oneself, are exactly nineteen.

"Presumably, these glaring lights should have been scattered to the other nineteen immortals who participated in this advanced mission."

"Then why, is it separated from me?"

Chen Feng felt something was wrong. Under normal circumstances, he should not be separated from himself, but should be drenched with blue light from the Lord of Heaven and land directly on the various immortals participating in the mission.

Then, he didn't care about it.

The voice of the Lord of Heaven rang out again.

"After three hours, the mission will start."

"Please reach the giant tower of the heavens and ten thousand realms in time. If you fail to enter in time, it will be deemed as a failure of this mission."

"Failure penalty!"

God dominates, spit out cold words: "Erase!"

Obliterate!

shocking!

"There are still three hours of preparation time."

Chen Feng sighed lightly: "In this case, my plan will be greatly affected."

Chen Feng had planned to do a very important thing before this mission started.

But three hours is obviously not enough.

But at this moment.

Suddenly, the magnificent voice of the dominion of heaven rang in Chen Feng's heart.

"Due to the trial of the fairy Chen Feng, he is the son of the Chosen."

"Therefore, the preparation time for this trial mission has been extended from three hours to three days."

"All the immortals participating in this mission will go on for three days."

The sound fell like thunder.

Chen Feng was shocked and immediately stupid, the next moment he tasted it.

Then, there was a burst of ecstasy in my heart.

What he was ecstatic was not just that the time to participate in the mission was pushed back three days, allowing him to do something with ease.

more importantly.....

"It turns out that the status of my chosen son is so high! There are so many benefits!"

"It can be abrupt and delayed for three days!"

"This means that the identity of my chosen son, even if it is the top of the sky, has to be taken seriously!"

"So..."

A few thoughts flashed in Chen Feng's eyes: "Can you do something with this in the future?"

"However, those are all things to follow."

A smile was drawn at the corner of Chen Feng's mouth: "With these three days, what I have always wanted to do before can be done!"

But soon, Chen Feng realized the murderous intent.

If someone else knows the identity of one's chosen son, then I am afraid that there will be endless troubles.

Fortunately, he quickly distinguished it, and these words sounded in his heart.

He suddenly moved in his heart: "It seems that the Lord of Heaven is very careful to protect the identity of my chosen son."

Then, the voice of the Lord of Heaven sounded again: "Something has changed, the task time is postponed to three days later!"

At the same moment, on the top of the firmament, that is inexplicable, like everywhere in the depths of the universe.

There are also nineteen other people, each in a space.

The space they are in is much smaller than Chen Feng's.

Where Chen Feng is, like the vast universe, there is no boundary.

It seems that countless stars can be seen in the distance.

But what they are in is just like a small pale room.

The bluish light sprinkled on the top of the head was just a very thin strand.

The voice of the Lord of Heaven is also mechanical and indifferent, let alone answering their questions.

At the same moment, they all heard the words of the Lord of Heaven: "Something has changed, the task time is postponed to three days later!"

Suddenly they were shocked.

"Something has changed? What happened?"

Some people show their thoughts and their thoughts are deep.

More people are quite happy.

"With these three days to prepare, I have a greater chance of completing this task!"

There was a wild giant with totem patterns all over his body, bloodthirsty and crazy laugh.

"This time it's a task with 20 people participating, I can kill it! Hahaha..."

[Chapter 4776: coincidence!](#)

"What's the use of cultivating painstakingly? Killing people for treasure, strengthening yourself, is the kingly way!"

Some people have cold eyes and are full of scheming.

"The task with twenty people participating, this time I'm afraid it's quite difficult. After I go in, I have to work together and draw calculations. It is bound to be the last laugh."

But there is also a black-clothed boy with his hands on his chest, a face pure like a child, looking only seventeen or eighteen years old.

But those eyes were extremely deep, revealing indescribable thoughts of the city.

It seems to have infinite wisdom shining in it.

He looked up at the sky, as if he had seen something through, and a playful smile appeared at the corner of his mouth.

Chen Feng suddenly moved in his heart and realized something.

Yang Tian shouted: "Heaven is dominating, then with the delay of three days, will the difficulty of this mission also increase?"

The indifferent voice of the Lord of Heaven sounded: "The difficulty of the task, raise one level."

Chen Feng nodded slowly, this was not beyond his expectation.

At the top of the sky, it has always been like this, and one point pays one point in return.

After three more days, the difficulty increased.

"Is it more difficult?"

Chen Feng raised his eyebrows, but a smile appeared at the corner of his mouth.

Not only there is no fear, but the more excited.

"The increase in difficulty is a good thing for me."

"I remember that when I left the top of the firmament, someone threatened me, saying that he would kill me during this mission!"

"If the difficulty of the task itself increases, then the force I can use is stronger!"

"For me, it's more like a fish in water!"

Chen Feng now finally deeply realizes the weight of the four words Son of Heaven.

Presumably, on the top of the sky, the chosen children are extremely rare.

The top of the sky will carefully cultivate him to give him more time to prepare, but it will also increase the difficulty of the task for him.

In this way, more painful and powerful training is obtained, and a real strong person is tempered in the blood and fire!

After a while, the green light around Chen Feng's body suddenly dissipated.

In front of him, a cyan light gate appeared.

One foot stepped in, the next moment, the world revolved.

Chen Feng's eyes lit up, countless flowers rushed toward his face, and a very beautiful scene burst into his eyes.

The hills are undulating, and the palace is dotted among them, which is the blessed land of Beidou.

Chen Feng opened his arms, feeling the power of the stars rushing toward his face, and his body was unspeakably comfortable.

Although Xuan Huang Zhong Qian World also has the power of stars.

But that is a world after all, too big, far inferior to the top of the sky, pure and dense.

There was already a burst of cheering in my ears.

"Brother Chen Feng!"

Chen Feng opened his eyes, a smile appeared at the corner of his mouth.

Tiancun Beast Slave and Mei Wuxia leaped towards him with joy.

The two of them were full of anxiety, and they waited here early. After seeing Chen Feng at this time, they were all extremely happy.

Chen Feng left the Longmai Continent to fight the Nine Star Conferred God War, and they knew exactly how dangerous it was.

When Chen Feng left, there was no more news, and they were worried.

But they also knew that since the three of them belonged to the top of the sky, when the mission arrives in March, as long as Chen Feng is still alive, he will definitely come.

Today, the two of them came here early to wait.

Seeing Chen Feng at this time, my heart almost exploded with joy.

Especially Mei Wuxia, with a soft cry, threw directly into Chen Feng's arms and hugged his waist tightly.

The little face was buried in his chest.

In an instant, Chen Feng felt that his chest was soaked.

Mei Wuxia only felt that the tense string in her heart, once it was loosened, her emotions could hardly be controlled.

She knew she shouldn't cry, but she couldn't help it.

Chen Feng patted her back lightly: "Don't cry, am I back?"

Fairy Yuheng has also rushed over.

Hearing the footsteps behind him, Mei Wuxia seemed a little embarrassed, and quickly broke free from Chen Feng's arms.

But still wiping tears beside.

It's just that smiles are all over his face.

Fairy Yuheng glanced up and down at Chen Feng, then slowly nodded: "Sure enough, he has entered the Zhongqian World, which is completely different from the past."

"Oh?"

Chen Feng smiled and said, "What's the difference?"

Fairy Yuheng smiled and said: "You used to be strong enough, but it feels like you have a trace of twilight."

"Moreover, the eyebrows are more anxious and confused, as if they can't see the way forward."

"In a cage, I have been stuck for a long time."

"Now, it is full of vigor, and the future is full of direction."

Chen Feng laughed: "It's true."

Several people entered the hall and seated separately.

Then, Chen Feng told everyone what happened during this time.

Since breaking through the Nine-Star Conferred God Array, entering the Xuanhuang Zhongqian World.

But when Fairy Yuheng heard the six words Xuanhuang Zhongqianshijie, she was shocked and couldn't help exclaiming.

Mei Wuxia was surprised: "Sister Yuheng, what's wrong?"

Chen Feng saw it, but his heart moved.

Then, the look on his face became very strange.

Excited, gratified, and even more unbelievable.

"No way, sister Yuheng, could it be said that you turned out to be..."

Fairy Yuheng showed a bitter smile on her face, and shook her head repeatedly: "I really can't believe it."

"Chen Feng, you went to my world!"

Everyone was shocked when he said this!

Fairy Yuheng turned out to be a person of a thousand worlds in Xuanhuang!

She turned out to be a native of Xuanhuang in the thousand worlds!

Fairy Yuheng took a deep breath, stretched out his right hand, looked at Chen Feng, smiled and said, "Chen Feng, meet again."

"Xuanhuang in the Thousand Worlds, Eastern Desolate Immortal Territory, Lancangjiang Family, 479th generation prostitute, Jiang Yuheng!"

Chen Feng was taken aback, and then laughed.

Sister Yuheng is really interesting.

He stretched out his big hand and shook her slender, soft, soft squeeze: "No name, no faction, desperate arena, and he was hunted down, Chen Feng!"

The two looked at each other and both laughed.

Fairy Yuheng sighed lightly, looked at Chen Feng, her eyes were closer, only to feel that the relationship between the two was closer.

It seems to be in a different place, meeting old friends from hometown.

It's really a great opportunity.

The Tiancun Beast Slave asked, "Is this very rare?"

"Very rare."

Fairy Yuheng said: "The universe is empty and vast."

"The world under the sky, like the Ganges River, how many?"

"The Great Thousand World is more than three thousand."

"Zhong Qian World, more than tens of millions of billions?"

"The top of the sky is mysterious and unpredictable. It is extremely rare to select strong people from different worlds and come from the same world."

"I entered the top of the sky and met so many people, but I have never met a person who is also in a thousand worlds."

She said solemnly, "Of course, it's also very likely that everyone is in danger on top of the sky, and they won't tell the truth to each other."

[Chapter 4777: I will protect you!](#)

Fairy Yuheng seemed to think of something.

Looking at Chen Feng, he solemnly said: "You must remember that unless you are a life-and-death person, you must never reveal which world you are in."

Chen Feng nodded, awe-inspiringly obedient.

He knew exactly what Fairy Yuheng's words meant.

On this top of the sky, everyone enters alone, and all they can rely on is themselves.

No matter how powerful he is in his world, he can't bring him here.

Not to mention bringing other powerful masters, even if you bring a few treasures, you will most likely be stopped by the Lord of Heaven.

Being able to bring one or two treasures into this place without the sight of the Lord of Heaven is already the limit.

But it's not like that in the world I'm in.

Chen Feng thought, if he knew an enemy from the Xuanhuang Zhongqian World, after the other party knew his true identity, he would return to the Xuanhuang Zhongqian World.

If the other party is noble, he is the son of a big family.

Bring a bunch of strong men over to besiege myself...

Thinking about this situation and situation, you shudder.

If that's the case, how can I live?

Take Han Kun for example, if Han Kun is also a person on top of the sky.

He came to chase himself, and naturally knew his own details, so he couldn't use this trick.

Chen Feng continued.

Upon hearing that Chen Feng had received the inheritance of Yuxu Immortal Sect, even Fairy Yu Heng showed a look of disbelief.

Looking at Chen Feng, he shook his head repeatedly.

"Chen Feng, your encounter is truly amazing."

"Yuxu fairy gate!"

There was infinite admiration in her eyes: "That's the Yuxu fairy gate!"

At this time, Chen Feng had a new understanding of the power of Yuxu Immortal Gate.

Even Fairy Yuheng is so fascinated by Yuxu Fairy Gate, you can imagine how magnificent this Fairy Gate was.

Mei Wuxia said: "Brother Chen, what was the situation when you said you were being hunted?"

Chen Feng smiled bitterly: "Speaking of it, it's also unfortunate..."

After he stepped into this world, he was discovered by a certain power, and then sent to Han Kun to hunt down and kill him.

After hearing this, Fairy Yuheng frowned.

He whispered, "Taiyi Immortal Sect, that's a first-grade immortal sect!"

"First Grade Fairy Gate?"

Chen Feng raised his eyebrows.

He thought that Taiyi Immortal Sect was so powerful, at least it would be a Super Grade Immortal Sect.

Seeing what Chen Feng was thinking, Fairy Yuheng smiled slightly: "Super-grade fairy gate is not so easy to be made."

"Among the sects, there must be at least one strong person in the Pure Sun Realm Fairyland in order to be able to call it a Super Grade Fairy Gate!"

"Chunyang Zhenxian Realm powerhouse!"

Chen Feng was fascinated.

"In fact, Yuxu Immortal Gate was about to enter the ranks of Super Grade Immortal Gate."

Fairy Yuheng looked at Chen Feng: "Your ancestor of the Dongji Qingxu God is the last one who has stepped into the pure and true fairyland in the world of Xuanhuang for nearly a million years!"

Chen Feng's heart jumped fiercely.

Dongji Qingxu god, is so powerful?

The realm of pure sun, what a terrifying realm is that?

Fairy Yuheng smiled bitterly: "The realm of the pure sun is just a rumored saying. I don't know how powerful it is, let alone have seen it."

"The two of us, one of the Star Soul Martial God Mirror, and one who has not yet stepped into the Star Soul Martial God Mirror, but commenting here on the pure-yang true immortal powerhouse is really ridiculous."

She continued: "Taiyi Immortal Sect, although it is not a super-grade immortal."

"However, there is also a top powerhouse at the Supreme Supreme level!"

"I guess, the one who sensed your existence should be the great powerhouse of Taiyixianzong!"

Great Supreme!

Chunyang is a real fairy!

When Chen Feng listened to Fairy Yuheng spit out these names he had never heard before, he only felt unparalleled shock in his heart.

Mei Wuxia trembled: "Great Supreme, what kind of strength is that?"

"Great Supreme?"

Fairy Yuheng said leisurely: "That is, between raising your hands, you can destroy a small thousand world stars!"

"As for destroying you and me, it is even easier, not to mention it!"

These words did not cause any shock to Chen Feng.

The difference in strength is too big, so big that there is no way to make up for it, he has been shocked to numb.

I don't know how many great realms the opponent is higher than himself, which means that at the level of strength, he is completely impossible to compete with the opponent!

Don't even think about it!

But Chen Feng was confident: "In that case..."

He smiled from the bottom of his heart: "Then we have to use another method."

"There are few immortal cultivators, but there are very many cultivating families."

"Xianjia sect is divided into three grades and nine grades. Above the first grade fairy gate, there are super grade fairy gates.

"And the cultivating family, more than a million?"

"It is divided into nine grades and eighty-one grades, the first grade is the highest, the ninth grade is the lowest, the eighty-first grade is the lowest, and the first grade is the highest!"

Mei Wuxia asked curiously, "Which grade is the Lancangjiang family?"

"Our family!"

Fairy Yuheng covered her lips and smiled: "Second-rank, third-rank, it's probably equivalent to the kind in the second-rank immortal gate that can't be lowered!"

Tiancun Beast Slave and Mei Wuxia both had their eyes shining, "That's amazing too!"

Fairy Yuheng chuckled, "That's not as good as the opponent your brother Chen Feng provoked."

Chen Feng smiled bitterly: "Don't laugh at me."

"But you don't have to be depressed."

"You inherited it, but the inheritance of a whole Yuxu fairy gate!"

"Yuxu Fairy Gate was like the sun in the past, you inherited her inheritance, the future is infinite!"

Chen Feng nodded: "However, I don't have the strength to take out that heritage."

Chen Feng felt that he couldn't even open the key now, so how to take out the inheritance?

Fairy Yuheng pondered for a moment, then nodded and said, "Dongji Qingxu Shenzun's thinking is right."

"You are too weak now. If you take out the inheritance and the breath of inheritance cannot be concealed, then you will be like a three-year-old child walking in the downtown with gold, which is extremely dangerous."

"Moreover, with your current strength, you can't even cultivate the inheritance of Yuxu Immortal Gate!"

Chen Feng nodded solemnly.

I am still too weak now!

Weakness is the original sin!

He is desperate for strength now!

"I estimate that you must at least reach a very high level in the Star Soul Martial God Realm before you can unlock the key."

"If you want to take out the inheritance, you can get it later."

Chen Feng smiled: "I know, I can't rush about this matter."

He knew about this long ago, and when he got the key, he was already prepared.

There is already a very complete plan.

Before obtaining this inheritance, how to protect yourself and let yourself spend this time safely.

Fairy Yuheng thought for a moment and frowned, "From now until you have the ability to take out the inheritance, it will take at least ten years!"

"Not enough... In the past ten years, you have been hiding everywhere and being chased by people?"

She took a deep breath, as if she had made a decision.

He whispered: "Chen Feng, after you complete this mission and return to the world of Xuanhuang Zhongqian, I will agree to meet you at a location."

"Go there and meet me."

"My Lancangjiang family can protect you!"

When she said the last few words, she was very solemn.

Chen Feng's heart trembled, and there was an inexplicable touch.

He knew that Fairy Yuheng had so much responsibility and determination to make when he said these words!

[Chapter 4778: Hunt!](#)

The Lancangjiang family wants to protect themselves, which almost means that they are openly enemies with Taiyi Immortal Sect!

What kind of existence is Taiyixianzong?

Yipin Xianmen!

Countless times stronger than her family, she did so, almost to bet on the fate of the family!

Chen Feng was moved in his heart and nodded slowly without saying anything.

But he was determined that he would never hurt Fairy Yuheng.

So far, Chen Feng's matter can be said clearly.

Fairy Yuheng said solemnly: "You two, there are 20 people participating in the advanced mission this time."

"The rules of the top of the sky, the more the number of people, the greater the difficulty, the more dangerous it is."

"But fortunately, there are three days to prepare."

The Tiancun Beast Slave was a little puzzled: "It was three hours originally, but it turned out to be three days. I don't know what happened."

Chen Feng smiled bitterly, but now is not the time to talk.

Let's reveal it later when you have a chance!

Fairy Yuheng glanced at Chen Feng with a smile.

Mei Wuxia has not yet become a trial disciple, so she doesn't need to participate in this advanced mission.

And her next trial mission will not start until nine months later.

Her time is precious, so she won't stay here any longer. After Chen Feng told her to pass her news to those relatives and friends in Longmai Continent, Mei Wuxia left.

Of course, Chen Feng made her bring back a lot of treasures of heaven, spirit and earth, etc.

This is of great benefit to their cultivation.

Then, he was a slave with the Heavenly Remnant Beast, quietly leaving the top of the sky!

There was exactly three days, and there was a major event that had been prepared for a long time, and now it can finally be completed.

A piece of towering cliffs, standing like a spiked sword.

Below the mountain, there was a huge ocean, but now it has turned into a dead silence.

The seawater in the old days turned into a thick black liquid, which seemed thick and thick, but any creature that fell on it would sink into it.

Surrounded by endless darkness.

At this time, in this endless thick black ocean, there are huge white waves undulating.

But if you look closely, it will make people's hearts jump, and they will be shocked to discover what kind of huge waves this is!

It turned out to be a giant bone crocodile after another!

Every giant bone crocodile is dozens of miles long, and the surface of the body is a thick white bone armor.

The head is just a skull and looks terrifying.

These giant bone crocodiles are ancient creatures native to this ocean, and they are also the overlord here.

Here, it is a forbidden land for barren ancient ruins, which has always been inaccessible.

The warriors who came here have all turned into the food in the belly of these ancient Ming beasts.

But at this time, two people suddenly appeared from the cliff.

One of them laughed wildly and swept down in the air.

Killed the giant bone crocodile headed by the largest!

Suddenly, all the giant bone crocodiles were madly killed towards this figure, the offensive was crazy!

But their offensive was directly blown away by this figure.

The figure roared wildly and grabbed the giant bone crocodile king, the giant bone spur on the tail!

This huge bone spur is its biggest feature.

The bone spurs are thousands of meters long, like a towering pillar.

The whole body is white, but it shimmers with a smooth and delicate texture like jade.

Dozens of star pulses surged behind the figure.

In the star veins, the sun rises and the moon sets, and power surges.

Following his roar and a creak, a huge bone spur was pulled out!

The figure flew up with the giant bone spurs hundreds of times the size of him, leaving only the giant bone crocodile king, and let out a shrill roar.

On the cliff, the person left behind was also laughing.

The two disappeared in no time!

A few hours later, a few million miles away, there was another Jedi.

An ancient Ming beast, like a giant black eagle, was chopped off a huge eagle claw in a violent roar!

These two people are naturally Chen Feng and Tiancun Beast slave.

Between these two days, they have been beheading the ancient beasts everywhere in the deserted ruins.

However, they did not indiscriminately kill the innocent.

What they dealt with was only the king of the ancient beasts needed to unlock the secret realm left by Yan Qingyu.

Moreover, it will not hurt its life, just take off a certain part of its body.

At this time, Chen Feng was able to deal with these demon kings easily. .

Two days later, on an endless desert.

The desert, a fiery red color, has countless huge fiery red lines.

From the desert, slowly emerged.

It is as if there is a huge volcano about to erupt underground.

The temperature here has also risen abnormally.

At the end of the line of sight, there was a huge black tower that seemed to connect the sky and the earth!

A look of nostalgia appeared in Chen Feng's eyes: "I'm here again!"

That year, he was hunted down here, thrilling.

After many years, I came here again, but I felt completely different.

Chen Feng sighed lightly.

This is his last stop!

Chen Feng has obtained eight tokens from the king of nine-headed ancient beasts.

Now, only this last one remains.

He wants to obtain the tentacles above the head of the purgatory fire **** ant queen!

As if perceiving the existence of Chen Feng and the Heavenly Remnant Beast Slave, numerous cracks appeared on the ground, and numerous huge purgatory fire **** ants emerged from them.

In an instant, a layer of red was spread on the ground, like a turbulent red ocean.

Naturally, Chen Feng would not put them in his eyes.

In an instant, he came to the black tower.

In the black tower, there is no sound.

It seems that the guy inside did not feel his presence.

But Chen Feng knew that the purgatory fire **** ant queen with extremely powerful mental power had definitely sensed her arrival.

Chen Feng smiled: "Come out, for the sake of the incense in the past."

"I only take the tentacles on your forehead, it won't hurt your life."

In the black tower, there is still silence.

Only those black purgatory fire ants rushed up frantically.

Chen Feng shook his head and sneered: "A toast does not eat fine wine."

With a low growl, star veins emerged behind him, and he blasted out with a fist.

The incomparable power surged crazily, with a thud, hitting the black tower with a punch.

The huge black tower shook violently, and then it could no longer be stabilized.

Countless huge cracks appeared on it, and in an instant, the cracks spread to the entire tower.

With a loud bang, this huge ancient pagoda, standing on top of the desolate ruins of the Vulcan Desert, for tens of thousands of years, collapsed!

Not only that, the power has been spreading downwards, extending to the depths of the earth not knowing how far away from the ground!

Deep underground, like an earthquake, there was a loud noise!

In the next moment, countless sands were sprayed out like a fountain by this punch.

And the purgatory fire ***** ant queen can no longer become invisible.

[Chapter 4779: Please take me away!](#)

Along with the fiery red sand, it was also splashed out.

A behemoth appeared in the void!

This is a purgatory fire ant that has been magnified countless times.

But it is completely different from other black and red purgatory fire ants, and the whole body is pure white.

Guanghua introverted, indescribably delicate and moist.

And its size is extremely large.

It is ten thousand meters long, like a small floating mountain.

He has a huge white belly and a round body.

Its limbs have completely degenerated.

But above his head, there were dozens of pairs of compound eyes, deep and dark, shining with blue light.

And two hundred meters long, flexible, powerful, and extremely keen antennae.

It shows that its physical strength has degraded almost, but its mental strength is extremely huge!

It is the Queen of Purgatory Fire God!

Although it does not seem to be oppressive, it is a bit cute and meaty.

The next moment, the spirit power of the Purgatory Fire God Queen rushed crazily, and an angry voice sounded above the void:

"Who disturbed my sleep?"

The next moment, its dozens of compound eyes all shrank, looking at Chen Feng, showing a look of consternation.

Therefore, it was very impressed with this little ant.

After all, in its life span of tens of thousands of years, too few people disturb its sleep.

At that time, the strength of that person was still so weak!

But now, when it sensed Chen Feng's strength again, it suddenly trembled.

He felt that the power of this ant was so strong that it was unspeakable and terrifying!

Like the abyss and the sea, it's simply not what you can match!

Chen Feng looked at the purgatory fire **** ant queen with the snow-white rather lovely tentacles on her head, and smiled and said, "Below, I want to borrow this thing from you, would you like to use it?"

The Purgatory Vulcan Queen certainly didn't want to.

Moreover, it is also arrogant.

It has always been invincible within a radius of a million miles, and Chen Feng will cut off its tentacles when he comes up!

Where does it do?

There was a crazy roar and a scream immediately.

That mental power slashed the void fiercely, and it turned into a tangible giant knife, slashing towards Chen Feng!

He is also extremely vicious and violent, and he is about to fight when he comes up!

Chen Feng laughed loudly: "Compared with me?"

"Okay, then I will let you know what truly powerful mental power is!"

The next moment, his golden spiritual world opens!

The Buddha's angry lion roar was activated, and a huge golden lion head appeared behind him!

The golden lion head snarled up to the sky, and the extremely powerful mental power collided with the giant sword transformed into the queen's mental power!

With a clear and loud bang, the giant sword transformed into mental power was directly shattered by Shengsheng!

Then, Chen Feng's mental power slammed into the spiritual world of the Purgatory Vulcan Queen.

In an instant, the Purgatory Vulcan Queen felt black in front of her eyes, like the sky and the earth cracked.

As if your own spiritual world is directly broken!

It was severely injured, uttered an extremely sharp scream, countless wounds cracked all over its body, and green juice spurted out.

Screaming again and again, unable to maintain his figure, directly hit the ground!

Chen Feng suddenly felt emotional.

The last time he came by himself, he was still chased and had nowhere to go, and it was even less likely to be the opponent of this queen ant.

Now, it can easily crush him!

Chen Feng's figure flashed and came to the head of the Purgatory Vulcan Queen.

Looking down at her, smiling and saying: "Now, do you want to continue?"

The purgatory Vulcan ant trembled all over, and it took a long time to relax. She raised her head tremblingly and looked at Chen Feng.

His eyes were already full of fear.

It felt that Chen Feng was so powerful that it was unimaginable, and so powerful that he could not contend!

At that moment, it felt like it was really going to die completely!

"Don't dare, don't dare."

Its voice is faint and frightening.

Chen Feng smiled: "I said it earlier, I borrowed your tentacles to use it, not to kill you."

"You and me back then, after all, there was a passion for incense."

The purgatory Vulcan queen nodded repeatedly.

Suddenly he froze in place, his mental power fluctuated, and his body twitched.

Then, with a snap, a huge antenna on the top of its head fell off directly.

There is only one antennae left on the head, which looks quite funny.

This kind of ancient Ming beast is most able to seek advantages and avoid disadvantages.

Seeing invincibility, how can you continue to be tough?

With the tentacles cut off, at least one can survive.

If you continue to fight, you will lose your life!

Chen Feng laughed and said, "A person who knows the current affairs is a brilliant man."

Taking that antennae in his hand, he was about to leave.

At this time, the Purgatory Fire Ants suddenly spoke.

Chen Feng found that when it was not shouting or screaming, its voice was quite soft.

"My lord, are you from a higher world?"

Chen Feng was stunned for a moment when he heard the words, and then slowly nodded: "It should be regarded as it!"

At the next moment, the voice of the ant queen of purgatory **** of fire suddenly became agitated:

"Will the lord agree to my small request?"

It suddenly raised its head and looked at Chen Feng, with expectations and desires in its eyes.

"Can you take me out of here? No matter where you go! As long as you are not here!"

Chen Feng was taken aback, thoughtful.

Looking at her, his eyes deeply uttered two words: "Why?"

In the voice of the purgatory fire **** ant queen, there is a bit of bleak sadness: "I have been here since I was born, and I have spent tens of thousands of years here."

"Even, I can't remember my age!"

"I don't know I will stay here for tens of thousands of years! I don't know what I am living for!"

"What we do every day is only those who continue to eat, continue to practice, and continue to multiply."

"Besides, there is nothing else!"

"More importantly, I don't see any hope!"

"My strength has reached the peak of our ethnic group, it is impossible to go further!"

Its voice rose sharply:

"I am totally tired of such a life! I am also tired of the ancient ruins!"

"Here, it's like a big quagmire, completely trapping me!"

It looked at Chen Feng, full of sorrow: "Please take me away!"

At this moment, Chen Feng's heart trembled fiercely.

At this moment, he saw a familiar expression in the eyes of the Purgatory Fire God Queen Ant!

That seems to be me!

When I was in the Dragon Vessel Continent, when I was sinking and unable to move up!

That anger, that unwillingness, that despair, how similar to it!

Chen Feng hesitated for a moment, and finally nodded slowly: "Okay."

The purgatory fire **** ant queen was extremely happy and laughed happily.

"just."

Chen Feng said slowly: "I can't bring living creatures in. I can't solve this."

"It's ok."

The Purgatory Vulcan Queen screamed excitedly: "I know, I know how to solve it."

Then, its mental power began to shrink and condense.

After waiting for a full hour, suddenly, it let out a sharp scream, and its body collapsed.

When the sky fragment disappeared, only a huge egg remained in place.

A huge, snow-white egg with a diameter of a thousand meters.

In addition, there is also a small purgatory fire **** ant the size of a fist, which is really cute, floating in front of Chen Feng.

The breath on it has been much weaker than before.

The next moment, the Purgatory Vulcan Queen, facing the black Purgatory Vulcan Ant.

All the black purgatory fire **** ants have gathered here, it seems that the entire desert is covered with hundreds of millions and billions.

Its mental power spread out, pointing at the huge egg.

"It is the next purgatory queen of fire god, and I, and you, have nothing to do with you!"

The next moment, with a bang, the huge egg shattered directly.

A huge snow-white figure emerged from it, just like the previous Purgatory Vulcan Queen.

It is the new purgatory queen of fire god.

It looked at the former purgatory fire **** ant with complicated eyes.

But the former purgatory fire **** ant queen fell into Chen Feng's palm.

Continue to shrink.

After a burst of white light changed, in Chen Feng's palm, only a small egg appeared.

The whole body is black, covered with fiery red lines.

Chen Feng took a closer look and found that its vitality at this time seemed to exist as if it did not.

Between the dead and living things.

The new purgatory fire **** ant queen was born, and it has fulfilled the responsibilities and missions that the race has placed on him.

Now, no worries.

Now, it turned into a black-red egg.

In this way, it also means that it is no longer a creature, but can be treated as an unknown strange thing.

Creatures are absolutely unable to enter the top of the sky.

But such an egg, an unknown object, can be brought into it!

Chen Feng cut his finger, and a drop of golden blood dripped into the egg.

So in an instant, an extremely peculiar feeling spread.

Chen Feng felt that he felt deeply concerned about this egg.

In the dark, cause and effect are self-evident.

Chen Feng sighed slightly, knowing that he had successfully recognized the Lord.

Chen Feng carefully put it away, suddenly feeling a little bit more in his heart.

"I don't know that between my thoughts today, I will bring it to the top of the sky, and even into the future of Xuanhuang world."

"What kind of change will it bring? What new destiny will it have?"

Chen Feng no longer thought about it, turned and left.

Behind him, all the black purgatory fire ants suddenly lay on the ground, as if kneeling, their heads deeply buried in the sand.

As if sending their king away.

Between a towering and steep bronze gate, two figures suddenly appeared.

Looking at the huge cliff in front of him and feeling the familiar breath that seemed to remain here, Chen Feng sighed lightly.

"Farewell to years, and today again."

The huge bronze gate is still lofty, with fangs pierced from the surroundings, and the ferociousness and ferocity reveal the ancient wildness.

It is generally the same as the giant bronze fang gate that Chen Feng saw at Daqinglian Temple and the giant bronze fang gate that entered the top of the sky.

The celestial beast slave was shocked: "How come the bronze fangs giant gate here is exactly the same as the one entering the top of the sky?"

Chen Feng shook his head: "I don't know either."

There is a mysterious connection between the two.

Next to the giant bronze fangs gate, there are a total of nine huge depressions of different shapes.

Last time, when Chen Feng came here, it was almost impossible for him to kill the Demon King to enter it.

"but now....."

A smile was drawn at the corner of his mouth and his fingers flicked.

moment. Nine things appeared in the void.

There are huge black iron claws like a hill, huge bone spurs like a huge pillar in the sky... etc., and so on.

It was the characteristic token of the nine-headed ancient beast king that Chen Feng hunted.

Chen Feng slowly raised his head and said softly: "Master, I did it!"

"Now, I will open this secret realm."

With a wave of his hand, the nine tokens flew out in an instant, and each inserted into the corresponding hole on the bronze fangs giant gate.

In the next moment, the tokens of these nine huge ancient underworld beast kings were Qiqi dented downward.

Just like a big hand, pressing them down at the same time!

The next moment, Chen Feng heard loud noises on the giant bronze fangs gate.

Squeaky squeaky, hoarse and ugly, but with a leisurely antiquity.

As the secret of that ancient time, it is about to open to them.

The next moment, there was a loud bang, and the huge bronze fangs opened a gap, enough for people to enter.

As soon as the gap opened, there was a surging and cool force pouring out of it.

It was the power of the stars that Chen Feng couldn't be more familiar with, and the two felt comfortable.

Without any hesitation, Chen Feng stepped into it.

He believed that Master would never harm himself.

His test has been completed, so the next step should be a smooth journey.

Tiancun Beast Slave followed closely.

There are no difficulties, no levels.**novelLusbt.com**

After all, the only reason why Yan Qingyu set up this obstacle is to make Chen Feng have enough strength and qualifications before entering this treasure house secret realm!

The purpose is not to make things difficult for him, but to be afraid that his ability cannot bear the things in the secret realm!

Now that he has this ability.

There is no need for other difficulties.

In the next moment, the two of them fell rapidly and fell away.

The familiar feeling of weightlessness came.

I don't know how long it took, and finally fell on the ground, as if a whole new world appeared before him.

Chen Feng knew that the two of them had entered some secret realm.

The secret realm in front of me, with a radius of about a thousand miles, was actually a huge garden.

Birds and flowers are fragrant, the mountains are undulating, and there are exotic flowers and plants everywhere, and rare birds and animals walk in between.

The air is full of strong star power everywhere.

The concentration of the power of the stars is not inferior to the Blessed Land.

The Tiancun Beast Slave exclaimed: "How much does it cost to maintain such a garden in a barren land like the ancient ruins?"

"The power of the stars inside is so strong, is it possible to drain all the power of the star of the deserted ancient ruins?"

He does not mean that.

Chen Feng's heart suddenly moved, as if thinking of something.

The next moment, he suddenly looked up.

The sight, but suddenly attracted by something.

It was a huge statue!

The statue stands proudly in the very center of the entire secret realm, standing upright, and extremely eye-catching.
